Reds Fight In Streets Of Praga

Columns Reach Czecho-Slovak South Frontier

LONDON, Sept. 14 (AP) Massive Russian forces assaulting Warsaw frontally fought today into the streets of Praga, the industrial suburb of the east bank of the Vistula river, the Berlin radio announced.

Far to the south, other Russian troops reached the Czecho-Slovak frontier in the Beskide mountains of the Carpathian range and one report said Cossack patrols were believed to have crossed the border within 50 miles of Kosice, sixth largest city of Czecho-Slovakia with 70,000 population.

Advancing five miles beyond the tumbled Naraw river bastion of Lomsa, still other Russian troops drove to within 15 miles of East Prussia.

Yet another group of Red armies moving swiftly through Romania was acknowledged by Berlin to have stormed through the Szecler corner of Transylvania, territory disputed between Romania and Hungary.

The whole picture of enlivened activity all along the eastern front prompted Moscow reporters to cable that there were indications that Stalin had resumed his all-out offensive toward Germany itself.

Berlin's announcement that Russian troops were fighting in the streets of Praga meant that Marshal Konstantin Rokossovsky's tanks, artillery and infantry finally had gained the ascendancy in an embittered battle of attrition which has raged for many weeks within gunshot of Poland's leading city.

At midnight, the Kremlin announced the capture of 30 settlements northwest of Warsaw, raising the flanking threat to the capital. Rokossovsky was supported in his frontal attack by the First Polish army of Gen. Zymunt Berling, while inside Warsaw, partisans of Gen. Bor were reported still harrying the German occupants.

Armistice Terms For Bulgaria Take Final Shape

WASHINGTON, Sept. 14 (AP) — Armistice terms for Bulgaria are now being put into final shape by the Anglo-American-Soviet European advisory commission, it was reported today. They are expected to be tougher than the terms imposed on Romania, because Bulgaria was slower to turn against Germany.

The 20-point Romanian document, signed in Moscow and made public by the three Allied governments, is considered here to be relatively lenient. The leniency is attributed to the fact that when Romania broke her alliance with Germany Aug. 24 her troops immediately lined up with the Russian forces fighting Germany.

This is regarded as being in line with Allied promises to Nazi satellites that their postwar existence would be made easier to the extent that they aided the Allied cause.

The main provisions of the Romanian armistice: \$300,000,000 worth of reparations in oil, timber, machinery, and the like to be turned over to Russia over a six year period. Agreement that Russia will keep Bessarabia and northern Bucovina which she obtained by a 1940 frontier settlement.

That Romania will return all United Nations property she has taken.

That she will rid herself completely of fascism and fascist-type organizations.

Smashing Raids On Islands Continue

By LEONARD MULLEN, Associated Press War Editor

Smashing American carrier plane raids on the central Philippines which cost the Japanese 200 aircraft Monday, have continued for three successive days, Manila radio reported today.

The Japanese-controlled broadcast claimed that 20 attacking planes were shot down in the first two days. The radio said that on the third day—Wednesday U.S. time—the attacking planes "attempted to raid" Negros and Leyte islands in the central Philippines, Leyte on Luzon island on which Manila is situated, and the fortress town of Zamboanga in the southwest.

A Pacific fleet communique previously announced the opening of this second seabased attack on the Philippines, saying 200 Nipponese planes were destroyed Monday and indicating the strike was continuing.

As the Manila radio told of the continuing blows Chungking announced the last Japanese fortress blocking a union of Allied forces in Burma and China fell before the dogged assaults of Chinese infantrymen.

The fallen stronghold was Tengchung, Japanese headquarters for the southwest China sector of the Burma Road. Three thousand Nipponese made a last man defense of the walled city, holding out for two months in underground pillboxes and fortified temples. With the fall of Tengchung a mountain trail running north of the Burma Road was virtually cleared between the victorious Chinese and other Allied troops in north Burma trying to open a new supply route to China.

The second daring carrier raid on the Philippines, announced yesterday by Adm. Chester W. Nimitz, was the deepest seaborne penetration of Japanese-held territory.

Carrier planes swept over the islands of Cebu, Panay and Negros, in the geographical center of the Philippines and northwest of targets hit on Zamboanga island last Friday.

The strike was carried out Monday (U. S. time) simultaneously with a carrier raid and warship bombardment of the Palaui islands, 600 miles east of the Philippines.

Big land-based bombers continued their destruction of Nipponese air facilities on the southern approaches to the islands—Halmahera and the Celebes.

The first pullman, containing 39 soldiers, split open like a melon. Some passengers were pinned in their seats, others were thrown out along the tracks and some were caught beneath other cars. Most of the soldiers and civilians were asleep at the time of the crash.

Through the wreckage and alongside the tracks lay purple heart decorations and air medals. Baggage of the soldiers and civilians was strewn for a hundred yards.

For several hours after the collision, which occurred at 2:20 a. m. (Central War Time) on a single track three miles northeast of here, there were conflicting reports on the number of dead and injured. The fog lay heavy over the scene and bodies were scattered helter skelter.

Charges have been filed by the Texas Liquor Control board of Big Spring against a woman from Seely county, and a man from Mitchell county for selling whiskey in dry areas. A bond was set for \$250, each.

That sentence, or some close parallel has concluded the reports the civil affairs officer of this armored division—Lt. Col. William E. Dahl, former Fort Worth, Tex., lawyer—has been making over and over again as this rambling outfit broke through town after town in France and Belgium.

It is a particularly significant sentence, for this has been a spearhead division, and it great hunger and sickness had existed anywhere along the line, Dahl

would have been told of it first, and in detail, because of the simple fact that his outfit was there first.

Apart from the spiritual suffering and dread of the German boot, these people seem to have come out of the war generally unscathed.

Fifth Army Units Batter Edges Of The Gothic Line

ROME, Sept. 14 (AP)—The Fifth army was battering the forward edges of the Nazi Gothic line in Italy on a 25-mile front, where enemy resistance was "increasing tremendously" and future gains will be a test of "Allied might against the German will to resist," Allied headquarters said today.

Lt. Gen. Mark Clark's Fifth army, which now includes several British divisions, cracked through German outposts all along the western sector of the front between Pistoia and Lucca.

On the Adriatic sector, British, Canadian and Indian troops broke the stalemate of several days in the Corlano-San Savino area and advanced 1,000 yards against fierce opposition.

Allied forces yesterday had reached the threshold of two main passes through the Gothic line.

Italy-based Allied warplanes teamed with American Eighth air force bombers shuffling from Russia in a devastating attack on German communications and industries in south central Europe yesterday and last night.

While 15th Air Force Liberators and Fortresses left fires in Nazi synthetic oil refineries at Odrzal in upper Silesia and Oswiecim in Poland, Eighth air force Fortresses, flying the second leg of the Britain-Russia-Italy shuttle, blasted the Dolsagor ordnance factory in Hungary, 80 miles northeast of Budapest.

County Bond Quota Set For September

Quota of \$99,800 in E. F. and G. war bonds has been set for September in Howard county and is the same as the August quota. Ira L. Thurman, county war finance chairman, announced Thursday morning.

The county fell short of its August quota and efforts will be made not only to meet the September quota but also to make up the August shortage. Final report has not been received from state headquarters showing the August total and amount of the shortage is not yet known.

The county's residents were urged to buy all the bonds possible and not to fall short on the home front during this crucial month on the European fighting front.

Democrats Seek Party Solidarity

By WILLIAM E. KEYS

DALLAS, Sept. 14 (AP)—Roosevelt democrats, firmly in control of the party's state machinery, set out today on a course they hoped would bring Texas solidly into the Roosevelt-Truman column next November.

Behind them was a victory over anti-fourth term elements within the party, won at a bitter two-day convention, and before them was a possible court battle, the final showdown in a presidential election contest which has boiled since May.

Their convention victory featured uproarious approval of resolutions and reports seeking to purge anti-Roosevelt electors, pledging all party candidates and participants to stick by party standard bearers, praising the Roosevelt administration, and naming a pro-Roosevelt personnel for the party's executive committee.

Secretary of State Sidney Latham said Congressman Wright Patman of Texas, chairman of the committee selecting electors at the September convention, phoned him the pro-Roosevelt delegation would leave Dallas around 10 a. m. and be in Austin early this afternoon to file with him a new set of electors to replace the "anti-Roosevelt democratic" electors nominated at the May convention.

The convention directed that the secretary of state expunge the list of electors filed by the anti-Roosevelt controlled May 23 convention and substitute for it a group of new electors including seven of the original electors who had announced they would vote for Roosevelt and Truman.

Newly nominated democratic electors with the names of those repudiated by the September convention, by congressional districts: (Names of those named at the May convention are in parentheses)

- 1. R. D. Sanders, Sulphur Springs. (Otto Atchley, Texarkana).
- 2. Jim Strong Carthage. (Edward Lee, Tyler).
- 3. G. C. Harris, Greenville. (Olin McWhirter, Greenville).
- 4. George W. Eddy, Dallas. (Mrs. F. R. Carlton, Dallas).
- 5. F. L. Henderson, Bryan. (F. A. Burk, Corsicana).
- 6. W. N. Foster, Conroe. (T. G. Tilford, Nacogdoches).
- 7. Pat N. Fahey, Houston. (John W. Crooker, Houston).
- 8. E. H. Hines, Jr., Wharton. (Ernest A. Boal, Schulenberg).
- 9. Dr. W. L. Crosthwaite, Waco. (John Mann, McGregor).
- 10. H. P. Johnson, Alvarado. (Arch Rowan, Fort Worth).
- 11. W. W. Dowd, Chapman's Ranch. (P. R. Mosser, Alice).
- 12. Mrs. Dallas Scarborough, Abilene. (Fred Brown, Eastland).
- 13. Robert Lee Bobbitt, San Antonio. (John Wheeler, San Antonio).

At-large: H. G. Lucas, Brownwood, and Mrs. Clara Driscoll, Corpus Christi, replacing T. J. Holbrook, Austin, and E. B. Germany, Dallas.

Four Big Spring people had active parts in the Dallas convention. Both H. H. Rutherford and J. B. Pickle were delegates carrying pro-Roosevelt instructions from Howard county, and Pickle was named a member of the convention's committee to canvass and certify election returns.

George Mims was on the credentials committee and Mrs. Pattie Manion was named executive committeewoman from the 39th senatorial district to serve with G. H. Nelson, Lubbock.

Yanks Smash Way Into Beseiged Port Of Brest

By JAMES M. LONG

LONDON, Sept. 14 (AP)—Several more German villages near captured Brest fell to the U.S. First army today while it drove into the dragon-tooth barriers of the Siegfried line and undercut the great Nazi communications center of Aachen.

Names of the villages were not disclosed by supreme headquarters. A Paris broadcast said one was Lammerdorf, four miles southeast of Brest.

The Germans themselves said the Americans were beating forward in a large scale offensive in the whole arc around Aachen from Maastricht in Holland to the German frontier near Eupen in Belgium.

The U.S. Third army of Lt. Gen. George S. Patton broke into the open once more around the French city of Nancy in a gain of at least 30 miles to Charnes on the Moselle river.

The German communique said the Third army had cut all the way to Lunerville, 115 miles farther to the northeast, between Nancy and the Rhine. Nancy was threatened from the rear, as well as frontally.

Some 500 miles behind the front line inside Germany, American troops smashed their way inside the long-beseiged port of Brest. U. S. medium and dive bombers bombed the German garrison defenses for 90 minutes, despite poor weather which limited air activity elsewhere, and pilots reported seeing Americans fighting Nazis in the submarine pen area west of the city.

A security silence blacked out most specific news from the front. It shrouded news of an earlier incursion five miles deep inside Germany northwest of Trier, perhaps the closest town in all the reach. Nor was any announcement from headquarters on Allied progress at two other points where the German boundary had been reached within shelling range of the Siegfried defenses.

It was emphasized, however, that the blackout certainly did not imply any reverses.

Battlefront dispatches said the half-hearted defense by the German army in the outer reaches of the Siegfried line suggested that the enemy command realized it probably would have to fall back at least to the Rhine for a dead stand.

Supreme headquarters recalled that the German army could not hold the Allies inside the Normandy beachhead with a 70-mile battle line and 25 divisions, a defense density of one division to three miles. Now the enemy is holding a front of close to 250 miles and, though that front is fortified, the Germans have no more troops to hold it than the number with which they failed in Normandy. The Germans thus were stretched to one division for every ten miles of front.

American maintained a steady, swift advance across the wide reaches of the flatlands area of Vesoul, which includes the valleys of the Doubs, Ognon and Saone.

Forward elements stabbed as far north as Subry-les-Faverney, 13 miles from Vesoul, in a seven-mile overnight jump.

Coast Braces For Hurricane

WILMINGTON, N. C., Sept. 14

—A great Atlantic hurricane, described as one of the most dangerous in recent years, veered northward today after menacing the North Carolina coast, and roared past Cape Hatteras.

Gales swept the coastal area, exceeding 60 miles per hour at Morehead City near the big U. S. marine corps base at Cherry Point. Developments were obscured by lack of communications.

The weather bureau 9 a. m. advisory said center of the storm was somewhere in the vicinity of Cape Hatteras, and forecast it would continue northeastward at about 25 miles per hour, possibly with increasing forward speed.

Winds of full hurricane force were expected today from Hatteras to the Virginia Capes, reaching an excess of 60 miles an hour along the coast and 75 miles per hour off shore.

Air Freight Becomes Actuality Today

DALLAS, Sept. 14 (AP) — Air freight as a commercially feasible method of transporting regular shipments of merchandise and commodities, including perishables, became an actuality today when American Airlines instituted its new air freight service.

"Civilian Life Is Normal - - Morale Is High"

By WILLIAM SMITH WHITE (Substituting for Hal Boyle)

WITH AMERICAN ARMORED FORCES IN BELGIUM, Sept. 7 (Delayed) (AP)—"Civilian life is normal in every respect and morale is high."

That sentence, or some close parallel has concluded the reports the civil affairs officer of this armored division—Lt. Col. William E. Dahl, former Fort Worth, Tex., lawyer—has been making over and over again as this rambling outfit broke through town after town in France and Belgium.

It is a particularly significant sentence, for this has been a spearhead division, and it great hunger and sickness had existed anywhere along the line, Dahl

would have been told of it first, and in detail, because of the simple fact that his outfit was there first.

Apart from the spiritual suffering and dread of the German boot, these people seem to have come out of the war generally unscathed.

From what I saw in France in the British, Canadian and American sectors, I believe the people have been eating at least as well and probably better than generally in England where I have spent a year, although this does not pretend to be an expert or exhaustive study, but only the objective impressions of one reporter.

I believe that of all the western

Allies the English have put up with things longer with less complaining than anyone else.

After a really hellish bombing night in London an Englishman would remark to you quietly that last night had been "a bit of a do."

In France, and particularly in Paris, a civilian would go into transports of horror in describing some bombing he had suffered.

I have seen more civilian bombing damage—with all its parallel effect in civilian loss of life—in any one of several five-square block areas in London than I saw in the whole of Paris.

The farther you get from England in this campaign the more you come to admire the unobtrusive, uncomplaining ordinary English people—people who have suffered and suffered again, but who take it as it comes.

You have recollections such as these: English girls of 19 and 20 working in the chill of February at pulling ship cables with bare hands so rough and reddened that sometimes they bled.

The barber back in London who had been three times bombed out and now carried on in a little hole in the wall under a sign which read: "In case of an alert, we go on working. In case of a direct hit we are closed."

### PIN-WORMS GO! New Treatment Gets Real Results

Anyone who has ever had Pin-Worms knows how tormenting and embarrassing this affliction can be, and how hard it is to eliminate the tiny crawling creatures once they get a foothold inside the body. Millions of people—rich and poor, children and grown-ups—have suffered in silence with this pest. Old-fashioned worm "cures" usually don't work on Pin-Worms. Today, thanks to an important scientific discovery (a remarkable drug known as gentian violet), a new and highly effective treatment has been hailed by doctors. This drug is the vital element in P-W. The new Pin-Worm tablets developed by the laboratory of Dr. D. Jayne & Son, America's leading specialists in worm medicines. P-W makes it easy to deal with Pin-Worms. The small, convenient P-W tablets act in a special way to destroy the creatures. Don't take chances with Pin-Worms! Just ask your druggist for P-W, and be sure to follow the directions. P-W means Pin-Worm relief!

**SEEKS ALLOTMENT**  
**WASHINGTON, Sept. 14 (AP)**—An immediate additional allotment of 1,000 passenger tires and 1,000 small truck tires for the Lubbock and Panhandle areas of Texas was sought today by Rep. Mahon (D-Tex.) in a conference with OPA officials. The tires are needed in the moving of bumper cotton and grain crops, said Mahon.

Mrs. S. R. Nobles and Mrs. Mrs. Robert Hill presided at the register. Others in the house party were Mrs. Royce Satterwhite, Mrs. Albert Smith and Mrs. Harold Parks.

The serving table was covered with a lace cloth over blue. The centerpiece was of gladioli. A silver coffee service was used.

Those attending or sending contributions were Mrs. W. B. Graddy, Mrs. Bill Ragsdale, Mrs. C. M. Weaver, Mrs. Arnold Marshall, Mrs. Wendell Leatherwood, Mrs. M. S. Beale, Mrs. Jake Bishop, Mrs. Martin Dehlinger, Mrs. Paul Dehlinger, Mrs. T. M. Lawson, Mrs. L. E. Maddox, Mrs. Lewis Murdock, Mrs. John Davis, Mrs. Ralph Toler, Ms. J. C. **Mexico Flood Waters Menace New Areas**  
MEXICO CITY, Sept. 13 (AP)—Flood waters on a rampage in many parts of Mexico for a week menaced new areas today, includ-

ing Tampico, on the northern gulf coast, where the Rio Panuco overflowed. Communications by rail, highway and plane to Tampico were interrupted. Low suburban areas were inundated.

Flood waters also reached the Mexico City, where hundreds were reported homeless, and spread to new parts of Jalisco in Western Mexico. Elsewhere they were reported subsiding. The death toll is estimated at

100, principally at Parral, north Mexico mining town, and in Jalisco. Wall tiles of a highly decorative character were made as early as the 12th century in Persia.

**STRANGE SIGHT**  
PERRY, Okla. — Henry Gengler looked twice to make sure it was a bull's head and not a rooster's sticking up over the roof of the barn. Then he investigated.

The 1,000-pound animal had broken out of its pen and onto the roof of the basement barn, he found. Then it climbed to the top, slid down the other side and jumped 16 feet, breaking several ribs — and knocking itself out.

## 'Sturdy' Sweets That Travel Well Suggested For Soldier's Christmas

Confronted with the problem of sending Christmas gifts which will travel well and at the same time please service men overseas, many Big Spring residents may wish to choose durable cookies—shown to be a favorite by research among service men and women.

A crisp, delicate sugar cookie, will arrive at its destination a mass of crumbs, Charlotte Adams, Associated Press food editor, has pointed out in presenting a collection of recipes for the kind of cookie "that will still be a cookie when it gets overseas."

**USO WILL WRAP**

Such cookies — which the Big Spring USO will package for mailing at any time between the mailing dates of Sept. 15 and Oct. 15 — may be arranged gaily and colorfully by wrapping three or four to a small package to be placed together in the larger mailing package. Or they may be arranged decoratively between cardboard walls.

An eye should be kept on weight, since no Christmas package overseas may weigh more than five pounds. They must be packaged in boxes not more than 15 inches long nor more than 36 inches in length and girth combined.

**Rocks Or Hermits**

3-4 cup fortified margarine  
1-2 cups light brown sugar  
3 well beaten eggs  
1 teaspoon soda  
2 cups flour  
1-4 teaspoon salt  
1-2 teaspoon powdered cloves  
1-2 teaspoon powdered mace  
1 cup chopped nuts  
1 cup raisins  
Cream margarine, add sugar

**ON THE SQUARE:** Toffies, recipe for which is given at the left, pack well when cut away. At top are shown gaily wrapped small packages of cookies, which will give the soldier's package the Christmas appearance.

1-2 teaspoon baking powder  
1-4 teaspoon salt  
1-2 cup chopped nuts  
1 teaspoon vanilla  
Melt margarine and chocolate over low heat. Set aside to cool while eggs are beaten well and sugar added to them gradually. Add the cooled chocolate mixture and blend. Sift together the dry ingredients and add. Add nuts and vanilla. Pour into greased and paper-lined 9 inch square pan. Bake at 350 degrees about 35 minutes. Cut into squares while still warm. Makes about 1 dozen large squares.

**Scotch Toffies**

2 cups rolled oats (quick or regular, uncooked)  
1-3 cup fortified margarine, melted  
1-2 cup brown sugar  
1-4 cup dark corn syrup or honey  
1-2 teaspoon salt  
1-2 teaspoons vanilla  
1 cup semi-sweet chocolate, bits  
1-4 cup chopped nuts  
Pour melted margarine over the rolled oats. Mix thoroughly. Add remaining ingredients and mix well. Pack down firmly into a well-greased oblong baking pan (about 7 x 11 inches.) Bake at 350 degrees about 25 minutes, until mixture is a rich brown color. At this stage it will be bubbling. Remove from oven. Cool slightly in the pan, then remove and cut into squares. If toffies harden before all are cut, reheat slightly and the cutting will again be easy. Makes about 1 dozen large squares.

**Chocolate Brownies**

1-3 cup fortified margarine  
2 squares unsweetened chocolate  
1 cup sugar  
2 eggs, well beaten  
2-3 cup flour

### Texas Ranches To Be Source Of Livestock Purchases In Future

HOUSTON, Sept. 13 (AP) — Texas ranches will be a principal source for livestock purchases by South American countries in years to come, particularly for placement in semi-tropical regions, in the opinion of Dr. Gustavo Rivas-Larrazolo, head veterinarian, and Martin De Moya, chief animal husbandryman, of the department of Agriculture of Venezuela, who are here on a tour of the principal livestock producing states.

More than 1000 head of choice livestock have been purchased by the two officials in Texas for shipment to Venezuela. Blooded bulls from Texas, they said, will be used for placement on agricultural experiment stations and ranches under a program of development of all natural resources directed by the Venezuelan government under Gen. Islas Medina Angarita's administration.

The officials said Dr. Angel

Biagini, minister of agriculture, declared that under his department the Venezuelan government has the largest program of importing choice livestock ever undertaken by Venezuela. He said the present importation includes 1800 head of cattle, sheep, swine, jacks, and jennies, and the two visiting officials are in charge of the selection and purchase of the animals.

### New Arrest Is Made In Plot On Hitler's Life

LONDON, Sept. 13 (AP) — The German radio announced tonight the arrest of a Gen. Lindemann, accused in the July 20 alleged plot on Hitler's life.

The broadcast said the "general" — on whose head a reward of 800,000 marks had been posted — was caught in the house "of a half-Jew civil engineer" in Berlin.

Previous German broadcasts had named "General of Artillery, Fritz Lindemann," accused of deserting to the Russians, as a participant in the anti-Hitler plot.

T-Sgt. Ocie D. Jackson, son of Mrs. Attie Jackson of Gail, is a crew chief with the Twelfth Air Force B-25 bombardment group which participated in the D-Day all-out support of the invasion of Normandy. In civilian life, Sgt. Jackson was a stock farmer at Gail.

Pvt. Elmer A. King, with the 688 Q.M. Rm. troop somewhere in India, writes to say he still thinks of home and would appreciate folks visiting his relatives since he can't be home. Elmer is the son of Mr. and Mrs. N. F. King, 208 Benton, and his wife, Mrs. Louella King, and sister, also reside here.

Ira L. Mauldin, F-1c (EM) of Big Spring has arrived at Shoemaker, Calif. to await assignment after spending a few days here on delayed orders and with his family and parents of Gladola, N. M. He also visited his parents-in-law, Mr. and Mrs. L. S. Johnson, 1000 Sycamore, and his aunt, Mrs. J. S. Winslow, 602 Abrams. F-1c Mauldin went from San Diego boot camp to the University of Kansas to take electrician's mate training, which he completed Aug. 25 with the second best grade in his section. His parents, who formerly lived in Martin county, have four other sons in the armed forces: Sgt. Cecil E. Mauldin, 200th CA, a prisoner of Japan following capture of the Philippines; Pfc. Travis W. Mauldin, Southwest Pacific; Pvt. Joe A. Mauldin, Ft. Meade, Md.; and Pvt. Ralph T. Mauldin, Camp Hood, Texas.

## Look Out For— Labor Demands Upon Employers

By JAMES MARLOW  
WASHINGTON, Sept. 14 (AP)— Watch for it: Labor demands upon employers for a guarantee of annual wages or annual employment. The War Labor Board shortly will decide upon demands of the CIO Steelworkers—and other unions—for a guaranteed annual wage.

The steelworkers ask for a 52 weeks' guarantee, probably won't get it, may get something less. If they lose, they'll ask again. If they win, other unions will pile in with demands. Steelworkers say: With a guaranteed wage, workers feel freer to spend their money. This creates purchasing power, particularly in the critical period ahead: The changeover from war to peace. Large purchasing power means large peacetime production. And that means widespread employment.

They say this, too: A guarantee to steelworkers will be a precedent to other industries to give their workers a guarantee, thus keeping employment steady. A number of firms give such guarantees now. Mostly they do not produce durable goods, like autos, refrigerators, steel. There are two main kinds of guarantees: The yearly employment plan, assuring regular work; and the annual wage, under which hours worked per week may vary but the weekly paycheck remains the same. Supporters of the plans say employers get these benefits:

**SIX CREWMEN KILLED**  
WALLA WALLA, Wash., Sept. 13 (AP)—Col. David Wade, commanding officer of the Walla Walla army air base, announced today the names of six crew members killed in the crash of a B-24 bomber near here last night. The dead included: 2nd Lt. Gano L. Hobgood, copilot, wife, Mrs. Elizabeth A. Hobgood, 604 Carolina, Amarillo.

## Yarborough To Fill Newly Created Job

AUSTIN, Sept. 14 (AP)— The newly created job of "Director of Safety Education" in the state department of education will be filled by Cecil Yarborough, former head of the inter-cultural division of the education department. R. B. Reaper of Houston, president of the Texas Safety association, said that after long planning by the association, the education department and other state agencies, it was decided to establish this department in the hope of reducing accidents among school children. The Texas Safety association will underwrite the expense for this office, until convening of the legislature in January when it is hoped funds will be provided to carry on the work.

## Casualties Reach Total Of 389,125

WASHINGTON, Sept. 14 (AP)— Officially announced casualties among the United States fighting forces have reached a total of 389,125. Secretary of War Stimson said today that army casualties for all theaters through August 29 based on reports to next of kin, total 327,616, an increase of 21,821 from the total given a week ago. The latest navy casualty list reports 61,509, an increase of 1,545. The army casualties, with comparable figures for a week ago, follow: killed 62,357 and 57,677; wounded 172,042 and 156,933; prisoners 48,181 and 45,218; missing 45,036 and 45,967 (a reduction arising out of transfer to other categories). Of the navy total, 24,450 were killed, an increase of 524 over the previous week; 23,064 wounded, an increase of 1,170; 9,529 missing, a decrease of 149; 4,466 prisoners, unchanged from the previous week.

# Section A Takes Game From Group II Officers

A three run outbreak by Section A enabled them to win an extraordinary game at the city park Wednesday night from the Group II officers by a 7-4 score.

The A's, softball champions of the Big Spring Bombarrier school, had been held to four hits over the seven inning route by Lt. Dick Bradbeer, the officers pitching ace. He had set down six A's on strikes and appeared to be working easily during the regulation seven innings.

With the score tied at four all at the start of the eighth, the A's started to solve Lt. Bradbeer's delivery. A shortfielder, Frank Timko, started the inning with a base hit. Second baseman Joe Smelstor, also singled, and pitcher Flinn Dunham filled the bases with another single.

Manager John Millard then drove a double to left scoring Timko and Smelstor, and Dunham held up at third. After centerfielder Bill Ramsey popped into the infield for the first out, catcher Sherman "Bull" Durham grounded to short to score Dunham with the third run of the inning.

Dunham then retired the officers in order to clinch the game for the A's.

The Officers threatened to sew up the game in their half of the seventh inning. With two out Lt. William Shasteen, left fielder, thrilled the large crowd with a triple to left, but pitcher Bradbeer ended the threat by striking out.

Over-anxious to knock off the champions, the Officers committed five costly errors. The officers had been the only team on the field to participate in the Houston softball tournament. Despite the fact they were eliminated in the first round, they arranged this post-season game to test the Section A champions.

Each team scored one run in the opening inning and retaliated with three runs each in the fourth. The game scheduled for tonight has been cancelled, it was announced.

## Texas Picked As 1944 Champions

FORT WORTH, Sept. 14 (AP)—The University of Texas is going to win the 1944 Southwest conference football championship to make it three in a row in the opinion of sports writers and radio commentators.

Eighty per cent of the votes went to Coach Dana Bible's boys in the eleventh annual poll, taken by J. Willard Ridings of Texas Christian University news service.

Of 96 writers and commentators who ventured to predict how the six Southwest teams will finish, only one put Texas lower than third. A few nominated them for third place, but most of the 20 per cent who did not place them first put them No. 2.

Consensus predictions, giving a value of one point for a first-place ranking, two for second place, and so on, place the six teams in the following order at the end of the season:

- Texas 121
- Rice 261
- A. & M. 366
- T. C. U. 375
- S. M. U. 426
- Ark. 462

## Norman Zoomers May Be Tops This Season

NORMAN, Okla., Sept. 14 (AP)—The Norman Navy Zoomers, with Lt. Len Eshmont, former Fordham gridiron flash, as the top-drawer star, may be a great football team before the season ends, Lt. Comdr. John Gregg, head coach at the naval station admits, but he doesn't believe in one-man football teams.

Nevertheless, Eshmont, who sparked the Del Monte, Calif., Navy pre-flighters last year, and was rated the best service back on the west coast, is slated to deal a lot of misery to the defense in the Zoomers' three games with college teams and four more with service eleven's. University of Oklahoma will be first to test the Navy team's strength at Norman Sept. 30. Arkansas and Oklahoma A. & M. also are on the schedule for road games. Will Rogers Field, Amarillo and Lubbock Army Air Fields are the service team, opposition.

Coach Gregg has Clint Herron, quarterback who led the win over Oklahoma A. & M. last fall; Bob Blaine, former Nevada U. guard; Fred Mason, a tackle who played with Tulsa U.; Fullback Bob Goble, Southwestern (Texas) Tech veteran and others with college experience to build the lineup.

Large-scale venereal disease control was initiated for the first time during World War I.

# Steers Open Season With Weight And Experience Disadvantages

For the first time in many seasons, the Big Spring high school football team will go into an opening game with a weight and experience disadvantage when they meet the Colorado City Wolves here Friday at 8:30 p. m. at Steer stadium.

If husky I. B. (Toor) Bryan, 215-pound tackle, starts, the Big Spring line will average 185 pounds, and that includes Leo Rusk, 195-pound guard. Ir Bryan does not start, the disadvantage would be nine pounds per man for Big Spring, for the Colorado City line averages 165 pounds.

In the backfield, the picture is just as bad, for Big Spring averages 146 with the heaviest combination, whereas the Wolves will average 156 pounds. On a team basis, Big Spring will average 152 pounds without Bryan and 158 with him in the line-up, and Colorado City will average 162 pounds.

Not only will the Steers be bucking weight, when they go up against the Soc Walker and Koon trained Wolves, but they are giving considerable in experience. Eleven of the Wolves are lettermen, and two of them are two-year lettermen. This compares with five for the Steers.

Particularly troublesome to Big Spring may be such stalwarts in the Colorado line-up as Ocie Lambeth, back, who gave the Steers trouble all evening here last year.

Bodine, a two year back, Tiller, back, and Fortier, 175 pounds and Bolding, 178 pounds, on ends.

If Big Spring finds Colorado City too much to handle in the opener, it won't be because of over-confidence, for Coach John Dibrell has been warning them all week that they are up against some tough competition.

There won't be any holding back as far as the Steers are concerned, because Dibrell admits "we'll have to use everything in the book. Some things may look pretty ragged, but we're going to try a little bit of everything."

# Clubs Analyze Fate Of St. Louis Cards

By JACK HAND Associated Press Sports Writer

route in the opener and Max Lanier suffering his fifth successive defeat in the second.

American League world series stock gained a few points today as the four idle contenders, with nothing else to do but wait for the schedule and sunshine to catch up with them, analyzed the fate of the St. Louis Cardinals who had lost their first season series since 1940 and dropped 11 of their last 15 games.

Rip Sewell and Xavier Rescigno took credit for the Pitt wins despite two Cardinal homers by Johnny Hopp and one each by Ray Sanders and Ken O'Dea. Johnny Barrett and Babe Dahlgren hit for the circuit for the Pirates.

Pittsburgh became the first club in four years to beat the Cards over a season's play when they saw a 2-1 another doubleheader last night, 7-3 and 10-5, for a 12-10 edge in games. The red birds haven't beaten the Pirates in their last 10 meetings, a tie being their best effort.

Rainy weather in Philadelphia robbed the American league of its only scheduled action, pushing back until tonight an Owl tilt between the leading Yankees and the Athletics. Once again, idle Detroit, a half game back, had a chance to move in front by .008 if New York should lose.

Frankie Frisch has had the Pirates rolling in high gear at a .763 clip since Aug. 9 and at the .600 season mark for the first time as the Cards dipped below .700.

Chicago clung to fourth place in the National by downing Cincinnati, 3-2, in the second game of a doubleheader on Frank Seccory's three-run homer after Harry Gumbert had turned them back in the opener, 4-1. Philadelphia at New York and Boston at Brooklyn doubleheaders were rained out.

## Lobos To Do OK With Several Touchdowns

ALBUQUERQUE, N. M., Sept. 14 (AP)—Coach Willis Barnes concedes that if his New Mexico Lobos hold the big army air base gridders from Amarillo, Tex., "To a couple or three touchdowns they'll be doing all right" in the season's opener here Saturday night.

## SPORTS ROUNDUP

By HUGH FULLERTON, JR. NEW YORK, Sept. 14 (AP)—After watching the gobs at Great Lakes go through their training drills, Paul Brown, who used to live football 26 hours a day, said: "Football is just incidental." . . . That's quite right, but to preserve an old custom, here goes the first try at picking the winners: Iowa Seahawks over Michigan (we don't believe those Seahawk bear stories after seeing the war—not football—veterans on their roster) . . . Great Lakes over Fort Sheridan (easy) . . . Indiana over Fort Knox (guess) . . . Tufts over Harvard (Tufts is "normal") . . . Second Air Force over Idaho, southern branch (the Superbombers likely will take all branches, the trunk and the roots).

## Youthful One-Armed Fan Staunch Supporter Of One-Armed Player

MEMPHIS, Sept. 14 (AP)—"Hit me a home run," begged three-year-old Nelson Gary, Jr., just before his ball playing hero, one-armed Pete Gray, took the field for Memphis in the Southern association playoff last night.

"I'll do my best, fellow," promised the lean Pennsylvanian.

And Pete didn't disappoint his little one-armed worshipper from Los Angeles.

He didn't get the homer, but he lashed out five hits—a triple, double and three singles—to lead his mates to a 7 to 6 12-inning triumph over Nashville. It was a big night for Gary—but a bigger night for young Gary, parked behind the dugout in his miniature Memphis uniform and with Mom and Pop flanking him. Every time Gray went to the bat racks, the childish voice of tiny Nelson was at his ear, pleading for a blow from the left arm of the slender outfielder.

And every time Gary banged the ball, Gary—his right sleeve empty and flapping—jumped and yelled until he almost fell out from sheer exhaustion.

Young Gary lost his arm in an accident a year ago. His father, a baseball fan, wanted to give him an objective in life. He told him of the prowess of Pete Gray, who also had only a left arm.

Gray became Nelson's idol. When he asked to see Gray in action, the Commercial Appeal started a fund. It was quickly over-subscribed and Nelson made the 1,800-mile trip. He'll never forget it.

## Redskin Boss Thinks Point-After-Touchdown Should Be Scratched

WASHINGTON, Sept. 14 (AP)—George Preston Marshall, boss of the Washington Redskins, believes the professional footballers should do away with the point-after-touchdown try.

"It's an after-ellmax," Marshall said today. "The crowd gets a great thrill out of seeing a running or passing play that results in a score. The place kick try for one point is a let-down."

"Originally," Marshall continued, "the point after touchdown was established by the colleges to abolish the games. It served the purpose there. But in recent years among the best college teams and the pros that extra point has been made so regularly that it's become automatic."

Marshall believes the pro owners, faced with competition by the Pacific Coast circuit and the contemplated post-war all-American conference, will abolish the point after touchdown.

From July, 1943 to December, 1943, new cases of syphilis dropped from 290,000 to 245,000.

### Number Of Arrests Decline In August

Number of arrests during the month of August declined sharply to 53, a summary of department activities reported by Chief A. G. Mitchell shows.

Drunkenness led the list as usual, but there were only 21 of these cases. There were nine venereal disease cases, four for gaming and two each for burglary, car theft, aggravated assault, affray and theft of gas coupons. Twelve traffic tickets were issued during the month and six active cases remained on file.

Ninety-eight local calls to cars were handled by the police radio, 35 messages were received and five sent. Two patrol cars accounted for slightly more than 4,000 miles of travel.

The report of Fire Marshall F. W. Bettle showed 16 alarms during the month, involving buildings with insured values of \$4,500 and insured contents of \$3,000. No losses, however, were settled during the month. Cigarettes and defective wiring accounted for three fires each while grease on stove, children playing with matches, and stove explosions were responsible for two each. Other causes were hot motor, leaking gasoline, set brakes and unknown.

The secret of silk worm culture was brought to Europe about 522 A. D. by two Nestorian monks who smuggled out of China a quantity of silk worm eggs concealed in the hollows of their pilgrim staffs.

### CAN'T KEEP GRANDMA IN HER CHAIR

She's as lively as a youngster— Now her backache is better. Many suffer relief from backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are nature's chief way of filtering the excess acids and waste out of the blood. They help most people pass about 2 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with a burning or stinging sensation always mean something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 60 years. They give happy relief and will help the 15 million of kidney troubles that poison our waste from your blood. Get Doan's Pills!

### Grad Has Unusual Experience Over Enemy Territory

As bombardier in a Flying Fortress, Lt. Dean W. Tate of Newberg, Ore., was on his fourteenth mission over Germany one day last February. A graduate of the Big Spring Bombardier School class 43-7, Lt. Tate had already received the Air Medal with two clusters.

At 25,000 feet over Germany, the plane received a direct hit and caught fire. When the pilot dropped to 15,000 feet, Lt. Tate bailed out and for 15 long minutes dropped through space with his parachute. When a German fighter plane circled him within 500 feet of the ground he figured things were about to start popping, but nothing happened and the enemy plane flew on.

Shortly afterward, the lieutenant's parents were informed that he was missing in action. Six weeks passed and nothing was heard from him until one day his parents received a cablegram. "Dear Folks: Having a good time. Am well. See you soon. Address APO. Love, Dean Tate."

Back in the States now, Lt. Tate is attending instructors' school at Midland, and what happened during those six weeks is still a military secret.

**Rise in Industrial Development Foreseen**

AUSTIN, Sept. 14.—A sharp rise in Texas industrial development immediately after the war was predicted here yesterday by C. E. Belk, state director of the War Manpower Commission.

"Prior to 1940," said Belk, "one of the limiting factors in attracting industry to Texas was the lack of skilled labor. We now have a supply of 400,000 trained workers."

Also, said Belk, many small operators have gained considerable experience through war orders. Technical knowledge, gained by some 18,000 war plants over the nation will soon be available to Texas industrialists.

**Postwar Highway Bill Rewritten**

WASHINGTON, Sept. 14 (AP)—The senate reads committee today rewrote the postwar highway bill to slash proposed federal contributions by more than a half billion dollars and require states to match government payments on a 50-50 basis.

Seeking to win over economy-minded senators the committee revised the bill to:

1. Reduce federal contributions to the road system from \$650,000,000 to \$450,000,000 annually for three postwar years.
2. Require the states to put up matching funds on a dollar-for-dollar basis rather than 40 per cent provided in the original bill.

The federal contributions would be fixed at \$200,000,000 for the old federal-aid highway system, \$125,000,000 for farm-to-market roads and \$125,000,000 for urban highways.

**Martin-Howard Soil Conservation District News**

Monty Hamlin, rancher of the northern part of Howard County, has completed construction of a 2500 yard stock tank. Jim Hodnett and R. T. Shafer, stockmen of the Vincent community, have had three stock tanks constructed on their places this week. Hodnett built a 2000 yard tank and Shafer constructed a 2500 yard tank and a 3000 yard tank. All of these men are cooperators of the district and believe in and are working toward the best possible means of holding the water on the range by maintaining a good cover of desirable grasses and by distributing stock watering places so that cattle will not be required to travel over a mile for water.

C. R. Donaldson, in charge of the Big Spring office of the Soil Conservation Service, requests that farmers who anticipate a need for contour lines or terrace lines this fall or winter season to list their requirements with the district supervisors, R. L. Warren of Big Spring and E. T. O'Daniel of Coahoma, the county agent, or the SCS office in the Postoffice building at Big Spring. Lines will be surveyed in the order in which applications are made.

Tuesday, three miles of terrace lines on 50 acres of land were surveyed for E. T. O'Daniel of Coahoma by T. R. Morris and E. G. Moore of the Soil Conservation Service. Mr. O'Daniel, chairman of the board of supervisors of the Martin-Howard Soil Conservation District, plans to build the terraces with a whirlwind terracer. After completing the terraces he will see them to wheat. O'Daniel has terraced three hundred and thirty-two acres of his cultivated land in the last three years.

Some small grain for winter pasture has been planted in the past few days.

**Frank Deason Safe**

L. A. Deason of San Antonio received a cable from his son, Lt. Frank Deason of the army air corps, saying "am well and safe, and will be home in about a month." Lt. Deason had been missing in action since April, and the cable yesterday was the first word they had received from him in five months.

He was co-pilot on a B-24. Lt. Deason is the grandson of Mr. and Mrs. E. L. Deason of 410 Aylford street, and a 1939 graduate of the Big Spring high school.

**Red Cross Aid To Soldiers Discussed**

Red Cross as it affects the service man was discussed at length at the regular monthly meeting of the executive committee Tuesday evening.

Detail explanations of how Red Cross can be of help to returning veterans were made at the meeting so that committee members could be informed on the subject.

Mrs. Wiley Curry, prisoner of war chairman for the Howard-Glasscock counties chapter, gave an informative talk on prisoner of war work and Red Cross' part in it. Reports were heard from the various service chairmen.

Billie Cain of Big Spring, a student at John Tarleton for the past term, is due to resume studies at Stephenville on Sept. 25, having been assigned to Gough Hall.

**Wm. J. Jackson Succumbs Here**

William James Jackson, 75, of Coahoma died Wednesday at 10:25 p. m. at a local hospital.

Mr. Jackson had lived in Coahoma for 18 years where he was engaged in the mercantile business and served as justice of the peace and tax collector.

Funeral services will be conducted at 3:30 p. m. Friday at the First Baptist church of Coahoma with Rev. Ben Howze, officiating, assisted by Rev. L. S. Rives of Ahliene.

Survivors include his widow, Mrs. Stella Jackson; two sons, Henry Jackson of Hamlin and J. M. Jackson of Rotan; two daughters, Mrs. C. F. Bond of Wolf City and Mrs. E. D. Benhan of Enterprise, Kansas; eight grandchildren; two great-grandchildren.

Pallbearers include R. B. Hood, Myron Fairchild, Alfred Collins, Leroy Echols, Lesly Adams, Eugene O'Daniels, George McGregory and Keith Burkhead.

Arrangements are being made by the Eberly-Curry funeral home.

**Overseas Officials Must Stay 3 Years**

LONDON, Sept. 14 (AP)—Officials being considered for posts in the British section of the Allied commission to administer Germany after the war are being informed they must agree to stay at least three years.

Under the plan outlined by many here, Berlin would be the seat of the commission, representing the United States, Britain and the Soviet Union. Each country would have a controlling sphere—the Russians the eastern section, Britain the northwest and the United States the southwest.

All trade and production would be under the control of the commission. Hitler's "people's court" and other Nazi instruments would be wiped out immediately and a new judicial system set up.

The Allies are expected to maintain close supervision over schools. It is possible that British teachers may be installed in some institutions.

**Head To Be Added To Campaign With Demo, GOP Speeches**

By The Associated Press

Republican talk of the Quebec conference as President Roosevelt's "second campaign trip" and democratic charges that the opposition is playing politics with the war added heat today to a presidential campaign soon to be further enlivened by major speeches from both candidates.

Rep. Dirksen (R-Ill.) said in a Chicago address that Mr. Roosevelt's first campaign trip was his visit to Hawaii and that his second was to the current Quebec conferences with Prime Minister Churchill.

The playing - politics - with - war accusation came in a house speech by Rep. O'Toole (D-Ny) on recent assertions by Republicans that responsibility for the Pearl Harbor disaster rested with Washington officials.

Governor Dewey, after also blasting at "ignorantly conceived" OPA regulations on rationed beef, traveled on west. He is to make one of the trip's major addresses at Seattle Monday night.

President Roosevelt's first avowed political speech is to be from Washington the following Saturday night. To his schedule has now been added a second one, set for October 5 and planned by party leaders to be heard by radio audiences in more than 125,000 voting areas.

**Rio Grande River Rising Rapidly**

MEXICO CITY, Sept. 14 (AP)—Dispatches to the secretary of defense from the northern frontier region reported that the Rio Grande was rising rapidly and that defense works on the Mexican side of the river were threatened with destruction.

Orders were given to keep the federal authorities in touch by radio with the frontier situation. The dispatches did not state at what point on the frontier the greatest danger from the rise of the river existed.

The town of San Pedro, Coahuila, 40 miles northeast of Torreon and fourth in importance of the rich cotton-growing Laguna region, was inundated. Six villages of the Laguna region were also inundated.

Train service was renewed from Torreon to Ciudad Juarez and Parral.

Trains from Laredo to this capital were requiring 24 hours more than the ordinary time to make the run, owing to damage from foundations along the line from San Luis Potosi to Monterrey, which obliged them to go via Tampico.

Air communications were renewed throughout the republic.

Telephone and telegraph lines were being actively repaired throughout the north and center of the country.

**Allied Craft Down At Least 347 Planes**

LONDON, Sept. 14 (AP)—Allied aircraft operating from British bases alone have destroyed at least 347 enemy planes the last six days, a survey of official reports disclosed today.

In the same period, Allied losses have totaled 105 fighters and 225 heavy bombers—including U. S. Flying Fortresses and Liberators and RAF Halifaxes and Lancasters.

The survey includes figures from the RAF and the U. S. Eighth and Ninth air forces but not from the second tactical air force, whose planes have been making dawn to dark sorties almost daily in support of Allied ground troops.

**Bodies Still Not Located By Divers**

FORT WORTH, Sept. 14 (AP)—Divers today still had not located the bodies of two marine corps fliers from the marine air station at Eagle Mountain Lake near here who crashed with their plane in to near-by Bridgeport yesterday.

The two, pilot and gunner, are presumed to be dead, the air station announced, but their names have not been made public.

**Boeing President Taken By Death**

WICHITA, Kas., Sept. 14 (AP)—Philip G. Johnson, 50-year-old president of the Boeing Aircraft company of Seattle, Wash., died shortly after noon today at St. Francis hospital.

Johnson suffered a stroke Tuesday night.

One of the most prominent men in the aircraft industry he had been in charge of the vast Flying Fortress and Superfortress construction programs.

**COMMUNIST LEADER KILLED**

**Construction Work On Roads Finished**

Construction work on highways in all four precincts of Howard County was completed Saturday, with the exception of one mile south of Forsan to tie into the present oil field pavement.

Five miles was constructed of new pavement, while the remaining 18 miles was for seal-coating. The contractor will return Tuesday or Wednesday to complete the job, making 21 miles of pavement that has undergone repair.

**Prisoners Will Be Moved To New Camp**

DALLAS, Sept. 14 (AP)—Part of the men from prisoner of war camp No. 2 at Lufkin will be moved to Milam as soon as a camp there is completed, the Eighth Service Command announced today.

The men having individual contracts to work in the lumber industry will remain at Camp No. 2. The others will be sent to Milam. There is no order at this time for closing Camp No. 2. The Eighth Service command said.

**HEARING RESET**

DALLAS, Sept. 14 (AP)—Federal Judge William H. Atwell has reset for next Wednesday hearing on an application of the Humble Oil & Refining company for a temporary injunction to prohibit the government from seizing its Ingleside refinery near Corpus Christi to enforce a War Labor Board order. The hearing had been set for today.
