HANSFORD COUNTY  
Lowest average temperature  
in the state of Texas  
THURSDAY JUNE 11, 1953

## County Agent Zack Jagers Resigns Work Here Effective July 1, 1953

CO. AGENT, ZACK JAGGERS

Hansford County's Commissioners Court announced this week that they had accepted the resignation of County Agent Zack Jagers, effective July 1, 1953. Zack informed this newspaper that he had resigned in order to accept a position with West Texas State College at Canyon, Texas. He stated that he had planned for some time to change his profession, and that the opening at West Texas would enable him to follow his plans. His new position will enable him and Mrs. Jagers to complete their work for Master Degrees at college level. Zack Jagers has been with Hansford county for the past nine years, having succeeded Agent Joe Hatton, who resigned to become a farmer and stockman.

His record in this county has been very efficient, and the various programs he has instituted and completed include quite a number of programs of value to Hansford county and Texas. Zack started the Wheat Improvement program for the 4-H club boys in this county, and it has completed 5 successful years during his tenure of office. Hansford has named one King of Texas-Oklahoma during the time the program was in active participation. The Wheat King was Barton Riley. Each year of the five years that Hansford county participated in the program the county contestants placed a state winner. The prizes were trips to Galveston, Houston, Elmd Oklahoma and other places in the state. Jagers accompanied the Hansford winners on these trips and aided in the educational program of interesting the boys in improved varieties and methods of producing wheat.

During the time Zack has been county agent in Hansford county he has arranged and conducted the staging of 4-H Baby Beef shows in the county. The original program was started by County Agent Joe Hatton. The Spearman Lion club has sponsored the Baby Beef show each year it has been held in Hansford county. Jagers was the guiding influence, and did much of the work that carried out the program of staging a Hansford county exhibit at the State Fair of Texas for 5 years during his term of office.

Jagers was also the working and planning influence in staging the Hansford county fair at the Memorial building for 3 years during his term of office. Jagers was perhaps prouder of the program of instituting and continuing the program of certified seed wheat for Hansford county. The county has earned the honors of becoming the largest certified seed wheat county of Texas. This contest was organized and his committee have helped to establish a program of seed wheat certification in 8 other counties of the State of Texas.

Jagers had the privilege and the responsibility of staging the largest 4-H club barbecue and recreation program ever staged in Hansford county. The Hansford county 4-H club have participated every year during his nine years in Hansford county in the District 4-H camp, and on several years members of 4-H clubs have attended the encampment in New Mexico, with Jagers as their sponsor and arranging the program of recreation. Jagers initiated the recent program of education for irrigation farmers and has staged several county meetings at Spear-

## Twenty-Eight Spearman Scouts Enjoy Summer Encampment Held Past Week

Twenty-eight tired and happy boy scouts from the summer camp held at Camp Ki-O-Wah near Canadian, Texas. The scouts left Spearman at 2:00 p. m. Sunday May 31st and arrived at the camp to be assigned to the Sioux camp area at 5:00 p. m. The scouts were supervised by Scoutmaster John R. Collard and Assistant Scoutmaster, Wilson McCallan. They made camp and received their instructions for the week of activities before taps on Sunday evening.

General activities at the camp followed the schedule printed below:

- 7:15 a. m. Reville
- 7:20 a. m. Devotional
- 7:30 a. m. Breakfast
- 8:30 a. m. Camp good turn and clean up
- 9:00 a. m. Advancement and hikes
- 10:20 a. m. Swimming instructions
- 11:00 a. m. General Swimming
- 12:00 noon Lunch
- 1:00 p. m. Free time
- 2:00 p. m. Rifle instructions—Archery range
- 3:00 p. m. Swimming instructions
- 4:00 p. m. Advancement
- 4:30 p. m. General Swimming
- 6:00 p. m. Supper
- 7:45 p. m. Boating
- 8:30 p. m. Camp Fire
- 9:25 p. m. Call to quarters
- 9:45 p. m. Taps

Deviation from this schedule was noted when scouts who desired left their bed at 4:30 a. m. Wednesday morning and went on a "Bird Hike".

Thursday evening the Camp fire was rained out. Friday evening at 8:30 p. m. The Camp Court of Honor was held Saturday morning. The Scouts broke camp, and this was followed by boat and canoe races. The Spearman troop won first place in the boat races, but failed in the canoe races.

Nine Troops were present for the summer camp totaling 150 boys. All but the Spearman and Pampa troops were from the Northern portion of the Adobe Walls district.

The following awards were made to Spearman scouts during the camp:

Charles Traylor advanced to 1st. class scout.  
Howard Stanley Garnett, Wesley Garnett, Jr., and Donnie Mackle advanced to 2nd class scouts.  
Zack B. Fisher, given awards in home repairing and public speaking.  
Larry Kingley given award in home repairs.

Howell Ray Phelps, given a award in swimming.  
The following scouts passed, and will receive awards in swimming as soon as they have advanced to 1st. class scouts: Zack B. Fisher, Bobbie Cooper and Jimmie McLean.  
Scouts attending the summer camp from Spearman included: Jack Baker, Stephen Cates, Bobby Cooper, Leslie Dial, Don Dilley, Zack B. Fisher, Howard Stanley Garnett, Wesley Garnett, Jr., Bennie George, Bob Meek, Danny Kingley, Larry Kingley, Freddie Hawkins, Neal Jamieson, Donnie Mackle, Bob Hartman, Douglas Moore, Richard Mott, Jimmie McLean, Jerry Parish, J. Lee Rothardt, Perry Sheets, David Stavlo, Charles Traylor, Jimmy Turner, Johnnie Turner, Lavall Turner, Howell Ray Phelps.

## Father Of Mrs. O. L. Bryant Died June 2nd

Funeral Rites were held at the first Baptist church in Overton, Texas, Thursday June 4th for J. M. Shaw, father of Mrs. O. L. Bryant. Rev. O. L. Bryant, son-in-law of the deceased and pastor of the First Baptist church of Spearman conducted the Memorial Service.

## Funeral Rites Held For Mother Of Mrs. E. Vanderburg

Funeral Rites were held at the First Baptist church in Overton, Texas, Thursday June 4th for Mrs. E. C. Collins, mother of Mrs. E. Vanderburg. Rev. J. M. Shaw, pastor of the Methodist church of Pampa, officiating.

## Willie Mattis who suffered a back injury several weeks ago is under treatment in Amarillo where he will likely remain for a couple weeks.

Mr. and Mrs. Belbert Trew and baby son of McClain Texas were admitted for emergency treatment after their car skidded on the muddy shoulder of the Perryton Highway Saturday afternoon. Their injuries were not serious but were, no doubt, painful. They were released the same day.

Mr. W. A. Simmons, Grandfather of Mrs. J. D. Wilbanks of Spearman, was admitted June 8, for medical treatment. He is doing fine at present.

Description of a Nurse (Taken from American Journal of Nursing)

A nurse is a girl— with pep in her step hope in her heart, and kindness for the sick. She has—  
the faithfulness of a collier, the patience of a fisherman, the power of a diesel, and the stamina of a race horse.  
A nurse likes— clean linen, the look of health, shining hair, patient doctors, and hot water.  
She hates— alarm clock, new shoes, interruptions, and the ravages of disease.  
She hopes for— health for her patients, ease of pain, a clean uniform, every day, and nice vacations.  
Nurses are people— People who are nurses— let's be proud of the name and live up to it!  
—Madeline Ryan, R. N.

## Tornado Warning Joe Traylor Ford Company Join Alerts Spearman Organization In 50th Anniversary

Hansford county received some good moisture, hail, and a tornado warning in Spearman last Thursday evening. The moisture continued to a rather small area of the county, mostly North and West of Spearman, with smaller amounts South and East. Spearman reported the heaviest amount with 2.15, and Graver reported over an inch, with about four inches of hail on the ground amount to have caused damage to trees, gardens, and etc.

The whole town of Spearman vacated like a covey of quail, when a large black cloud, the same cloud that afforded Graver so much hail came in from the west, preceded by twisting rain low ring white puffy clouds. In fact, the tornado warning whistle was sounded, and then cars began literally pouring out of Spearman, and only storm cellars were left to capacity, and even those who pay no attention to the clouds, were having a spot, just in case a tornado really hit.

Some damage was done by hail, to what little crops are left in the county, and up to as much as 4 inches of rain was reported between Spearman and Graver, with an inch a few miles west of Spearman, and only a half inch South of Spearman. The main portion of the moisture was spotted however, and although the farmers have already planted maize, three fourths of the county still needs rain to even consider planting corn. The weather bureau drawing near for the deadline on planting for a maize crop. It is hoped that the moisture will be broken, but continued high temperature and high wind prevailed over the past week.

## Spearman Wins From Guymon In Opening Game

Spearman officially opened the home league season of summer baseball with a 5 to 2 win from Guymon when the teams played at the Spearman park Sunday June 7th.

The Sunday game was well played by two evenly matched teams, despite the fact that virtually made it impossible to judge when the teams were pitched. Many passes were issued by both pitchers, and an error on the Spearman players were out in the third inning gave our home team a two score run. An overthrow to third base gave the home team a lead when the game could have ended 1 to 2 in favor of Spearman.

Both pitchers allowed 7 hits, and both teams were charged with 3 errors. It just happened that the Guymon errors were more costly than the Spearman misplays.

B. Horner, the Indian pitcher from the Camp Northwest of Spearman went the entire route for Spearman, ending the game with one fan-out in the bottom of the eighth inning. Guymon started with a pitcher, and made a change in the top bracket of the seventh inning. Wren was catcher for Guymon, and Dew Grady, strander of Graver was catcher for Spearman.

## Model A, and the V-8, the name of Ford has been woven into the fabric of American progress.

Three out of every four American families own an automobile. Nearly every one of the 290,000 doctors in the United States drives a car. There are 23,000 motor ambulances and 63,450 hospitals that in 1950, with a bed capacity that has been tripled.

An estimated 9,400,000 persons are employed in industries allied with highway transportation. More than 500,000 are directly employed in the manufacturing of motor vehicles and automotive parts and another 1,900,000 are engaged in selling and servicing automotive vehicles.

Such figures are underscored in the light of the average citizen's daily routine, in which highway transportation is constantly involved—the children ride to school, the worker drives to his job, the groceries are delivered by truck.

Henry Ford's impact on society was recently described by someone named Peter F. Drucker, who said Ford had symbolized a real "Industrial Revolution." "Ford succeeded in showing that industrial production can be production for the masses—instead of production for the benefit of monopolists or barons. Indeed, he showed that the most profitable production is production for the masses." Drucker said.

"He proved that industrial production could give the workers increasing purchasing power and that industrial products could live on a middle-class standard; that was the meaning of his revolutionary \$5 minimum wage."

Five years later, Ford set a minimum of \$8 a day. In 1926, he established the five-day week 10 years before the Federal wage-hour law was enacted. Ford was the first with a 37-day minimum wage, instituted in 1925. And 20 years later, Ford Motor Company paved the way in the industry with company pension plans for all of its employees.

In the quickening strides of 20th century industrial development it was inevitable that Ford should become interested in aviation.

The forerunner of today's heavy air transport was the famous Ford tri-motor airplane. The first regularly scheduled airline in America was established with these sturdy crafts at Ford Airport in Dearborn. Very light in the city limits, but an estimated half to three fourths of an inch fell North West of Spearman. A nice quarter inch shower was recorded in Old Hansford, and perhaps a half to three fourths inch further Northwest on the Matthews, Wilbanks and Sanders pasture land.

FREE PARKING **Cut Rate** SPEARMAN Grocery Market

Far removed from the days of Henry Ford's first conveyor, mechanical arms now move six-cylinder overhead-valve engines into position for assemblers at Ford Motor Company's engine plant at Cleveland. Such refinements as this "Ford first" emphasize an emphasis on the development of mass production. "Craftsmanship with the drudgery taken out of it."

If all vehicles built by Ford Motor Company were placed end to end, they would stretch 110,953 miles—approximately half-way to the moon. A good bit of that distance had been covered by Jan. 18, 1937, when Edsel Ford, then president of the company, posed with the 25,000,000th Ford passenger car—a V-8. Henry Ford is seated in his first car, built in 1896.

The Model T was born Oct. 1, 1908, and when the last of more than 15,000,000 was produced 19 years later it had become the most famous car in history. Henry Ford's specifications were simple: the T was easy to operate and repair, low priced and durable.

Ford Motor Company engineers and design stylists, such as this expert clay model team, work on the theory that to stand still in the auto industry is to move backwards. Today's research results in the finer cars America will drive tomorrow.

History was made as the flywheel magnet, first manufactured part to be built on a moving assembly line, passed by workmen at Ford Motor Company's Highland Park, Mich., plant in the spring of 1913. Time required to assemble magnets was reduced from 20 to five minutes; the principle was applied to all Model T assembly operations and mass production was born.

### 50th Anniversary

We join the thousands of Independent Ford Dealers of this Nation in inviting the public

TO VISIT OUR SALES ROOMS

and review with us the HISTORICAL record of the Ford Motor Company during the past 50 years of HONEST production and Merchandising of the Nationally Famous Ford Products.

We can honestly say that there has never been a parallel to the Ford Motor Company organization in the March of Transportation progress.

FORD MOTOR COMPANY blazed the trail for SERVICE of Motor Vehicles. Ford Motor Company has ever kept the cost within the reach of the average citizen, and we feel that the 50th anniversary of this organization is virtually the 50th anniversary of Motor Car Transportation.

In its first week of operation, in 1903, Ford Motor Company's payroll totaled \$85.23. By 1953, the company's payrolls had skyrocketed 2,000,000 times—to more than \$17,000,000 weekly. And the number of employees had increased by more than 168,000.

Henry Ford's farm background led him to experiment with the "auto plow" in 1905. By 1917, he was mass producing tractors.

During its first two years, Ford Motor Company assembled approximately 3,500 cars in this rented building on Detroit's Mack Avenue. Ford's 19 U. S. assembly plants, 50 years later, built almost twice the number of autos each working day.

This strange car helped set the automobile industry free. Henry Ford built it in 1907 from early French patents and used it in winning the famous Selden patent suit. Ford alone among early auto makers fought Selden's monopolistic grip on the infant industry.

This is Ford Motor Company's River Rouge plant. Located in Dearborn, Mich., it is the largest single industrial unit in the world. Performing all auto fabricating and assembly operations, the huge industrial center can transform raw materials into a finished car in 28 hours. The Rouge, at which production was started in 1918, employs more than 60,000.

Mrs. Miller Hostess To Jonquil Club Members of the Jonquil Club met in the home of Mrs. Billy Miller last Friday. The hostess presided over the regular business session.

The lesson on "Favorite and Unusual Annuals" was very well presented by Mrs. Carl Archer. She gave a short talk on the most widely used annuals, then went on to present those that are seldom ever planted.

Mrs. Bob Skinner gave the program on "Modern Arrangements." She followed her program up by demonstrating her subject. She arranged Gladioli, blossoms and ferns in a large shallow bowl. Among these she placed ceramic birds. This was very interesting and enjoyed by all.

Five outstanding arrangements were exhibited. Mrs. Miller's grouping of blue larkspur in a milk-glass bowl won first. Mrs. Rue Sanders won the specimen vase with a dark red Dahlia.

Refreshments were served to Mesdames. Rue Sanders, Carl Archer, Ralph Blodgett, Gustav Kirk, Richard Kilgore, L. L. Anthony, Tom Sutton, Pete Wheeler, Jack McWhirter, Bob Skinner, the hostess, and one guest, Mrs. Leo Steinkoenig of Borger.

Gruver W. S. C. S. Holds Officers Training School On Thursday evening the Hansford County Club met in the home of Valene Henderson for a buffet supper and the final meeting of the club year.

After a lovely meal Barbara Bort, President called the meeting to order for the business session, with the main business of the evening being the electing of new officers for the coming year. Those elected were Jeanette Thoreson President, Patsy Clark, Vice-President, Peggy Bort Secretary and Nella Beth Thoreson Treasurer. New names were submitted for invitation to membership and voted on by the group.

After the close of the business meeting a social hour and table d'hôte were enjoyed by Barbara Bort, Jackie Thoreson, All Brotherton, Jeanette Walker, Nella Beth Thoreson, Patsy Clark, Peggy Bort, Carolyn Cator, Jeanette Thoreson, Valene Henderson and coadjutors, Mrs. Claude Watkins.

Mrs. G. H. Etting Gessie and Mrs. and Mrs. Alfred Henderson and Rita Gall.

Valene Henderson Hostess To Harmony Club On Tuesday, June 2, the newly elected officers of the Harmony Club met in the home of Mrs. Tom Dozier for a covered dish luncheon followed by a school of instruction.

Immediately after the luncheon the devotional for the afternoon was given by Mrs. Rex Laney who gave a discussion on the scripture text 11 Timothy 2:15. Mrs. M. F. Barkley, president, talked to the group on the topic "What the Pastor Expects of the W. S. C. S."

Mrs. Tom Dozier, District Secretary of Promotion, conducted a question and answer discussion during which the duties of each officer in the society were thoroughly studied. During the discussion Mrs. Herbert McClellan did a chalk drawing of the church illustrating the high points of the duties mentioned.

In attendance were Mesdames: W. L. Porterfield, Herbert McKelly Garrett, Welborn Sharp, Duke McClellan, William Shapley, Curtis Lowe, Rex Langley, Ted McClellan, J. W. Eddleman, Ernest Sluder, M. F. Barkley, C. H. Winder, Gene Cluck, Claude Watkins, and the hostess, Mrs. Tom Dozier.

Lions See icture Of Celebration Tuesday John Bishop was program leader for the regular meeting of the Lion Club held Tuesday noon at the H. D. Club rooms. Bishop presented a very interesting color picture of the recent Spearman Celebration parade and rodeo.

Both doctors were tied up in a knot, and the delivery room at the Hansford county hospital was not large enough to take care of business when the 8 lb. 12 ounce daughter of Mr. and Mrs. Virgil Matthews and the

Caldwell Family Have Reunion The Verne Caldwell family returned for the summer from Wisconsin. The Caldwell spent the winter there. After their return home they had a family reunion. There were 4 of the

7 pound 4 ounce son of Mr. and Mrs. Bob Schnell were born within 15 minutes of each other. Fact is that the surgical room at the hospital was in addition to the regular delivery room, and it was a race with Mrs. Virgil Matthews becoming a mother just 15 minutes after the son of Mrs. Bob Schnell.

At noon Wednesday Bob Schnell said the baby had not been named to date, and he was considering a name contest. We were unable to locate the Virgil Matthews of the L. W. Matthews. Maybe we can give our readers the names of the two new citizens in next weeks Reporter.

Mrs. Red Beeson went to Amarillo Sunday to visit Mrs. Albert Mackie. Mrs. E. D. Clement has been a patient in the Shaddock hospital this past week and is expected home before too long.

Gruver W. S. C. S. Installs Officers For Coming Year On Thursday, June 4, the Gruver W. S. C. S. met at the church for the annual installation of officers and pledge service. The installation ceremony was held in the chapel with the pastor, W. L. Porterfield, acting as installing officer. As a part of the service each officer gave a brief summary of her duties for the coming year.

Immediately following the installation pledge cards were signed by members in attendance and turned over to Mrs. Ted McClellan, Treasurer. Refreshments were served in the parlor and a social hour was enjoyed by the pastor and mesdames: Ernest Sluder, J. W. Eddleman, Lawrence Brotherton, Dave McClellan, Will Harris, Ted McClellan, Curtis Lowe, C. H. Winder, Kelly Garrett, L. J. Cator, A. R. Bort, Welborn Sharp, Frank Fleck, Willard Shapley.

Heavy Traffic At Hospital Both doctors were tied up in a knot, and the delivery room at the Hansford county hospital was not large enough to take care of business when the 8 lb. 12 ounce daughter of Mr. and Mrs. Virgil Matthews and the

**NOTICE TO THE PUBLIC:** Any erroneous reflection upon the reputation or standing of any individual, firm or corporation that may appear in the columns of The Spearman Reporter will be corrected when called to the attention of the management.

from Denver to be with her and take care of her.

Mr. and Mrs. Carl Lyles are in Arizona on vacation. They will visit their daughter and son-in-law in Phoenix.

Mr. and Mrs. R. L. McClellan, Sr. of Spearman, and Uncle Joe and Lawrence Gruver spent last Sunday with Mr. and Mrs. Dave McClellan. The occasion being Dave's birthday and the R. L. McClellan's wedding anniversary.

Mrs. Mattie Layton is on her vacation from the Post Office. She is in Chicago visiting her daughter and family. During her absence Mrs. Robt. Strayton is helping out in the P. O.

We regret to inform you that Mrs. Tillie Poston's mother has passed away. She has been ill for a long time, and Julia has commuted back and forth between her and California. She will be buried at the old home in Shawnee Okla.

Charles W. Broadhurst, son of Mr. and Mrs. Walter Broadhurst collapsed from the heat Monday afternoon while working on the new Baptist church. He is feeling a lot better, but is still groggy.

Mr. and Mrs. Jack Thomas and Lonnie Thomas were called to Odessa yesterday where Lonnie's daughter Bessie underwent a serious operation. Word has

not yet been received as to her condition.

Grandma Ford, mother of George Ford has been ill in a sanitarium for some time, is back at home again.

Mr. and Mrs. Carl Wasler and Children of Amarillo spent Sunday night and Monday with Mr. and Mrs. Bill Chandler. Mrs. Chandler is the former Gloria Hughes. They spent a pleasant day dressing Gloria's chickens to put in the locker. Nice way to spend the day, we don't think.

Mrs. Willie Mathis, accompanied by Mrs. Clarence Mitchell went to Amarillo Monday. Mrs. Mathis reports her husband was doing very well.

Margaret Kirk left Thursday for Fortales, New Mexico, to attend a writer's conference at Eastern New Mexico University.

Mrs. Sybil Allison of Saver, Oklahoma spent the week-end with her family, the J. R. Allison.

Miss Nadine Sparks drives daily to Borger where she attends morning classes at Frank Phillips College.

Wanda Lomax is recuperating at home after a weeks illness.

Mrs. Albert Mackie is a patient at Northwest Hospital. The latest report are that she is doing fine.

Mr. and Mrs. Jack Caro went

to Amarillo to see Mrs. Mackie and other relatives.

Patty, Sue, and William Sparks of Amarillo came over Sunday to visit relations. William remained for a longer visit with their Aunts and Uncles.

Mrs. Guy Jones and Marylena and Mrs. Eula Randall and Jean Ann Drove to Oklahoma City, Saturday. Mrs. Jones and daughter visited with Mrs. Gertrude O'Leary, a former teacher who

taught Mrs. Jones at Enid when she was in grade school. They returned by bus and Mrs. Randall and daughter remained in the city where they plan to live.

Mr. and Mrs. H. B. Emback of Phoenix, Arizona visited with her mother, Mrs. R. E. Meek last week.

Mr. and Mrs. Virgil Schwab and Donna Deise of Los Angeles,

California were guests of her sister, Mrs. Beulah Berger this week.

Mrs. Rhoda Overton had just started rolling up a permanent on Miss Carolyn Sanning when the tornado warning sounded. They talked over the situation. Then with customer and supplies she led the way to the storm cellar and had all the curl up when they knew the storm had passed over.

Twenty people crashed the shelter party; but they didn't stop the Permanent.

**This 'N That**

The young man is named Gregory Kenneth and weighed six pounds 15 ounces and arrived May 31st. He is the grandson of Mr. and Mrs. Guy Cooper, who were on hand to welcome him.

At this time of the year we welcome our college boys and girls home for the summer. But this year we also said goodbye to some who went to school. Ginger Cator and Elizabeth Holt are in Summer School at Texas University, and Richard Catter is in summer school in Baylor.

Mrs. Charles Catter has been very ill for the last week or more and is still confined to her home although she is a little better. Her daughter Charlene came in

the particulars, now we have.

Mr. and Mrs. Don Fletcher are happy these days, and so is Gary and all. Don and Margaret have welcomed their first born, a son. The young man weighed in at seven and one half pounds and is named Don Andrew Fletcher. Congratulations to all concerned.

We told you last week that Mr. and Mrs. Darward Bell had a new son, but we did not have

well we had some nice rain, although we also had some not so nice hail. We are sorry for those who got caught in the hail. It sure put a crimp in parts of our garden. But the rain was so good, that we can't feel too badly about the hail. We wonder how many of us took time out to thank God for the good moisture. Certainly all of us should have. How we should thank God, that so far these terrible tornadoes have missed our part of the country.

In a recent column we made a mistake, in fact we probably made several in every column. But we do not always know how to correct them. But here is one we can. We accused Mr. and Mrs. Art Daniels of being the parents of a new daughter, it should have read a new son.

**Two Men After Our Own Heart**

P. A. Lyon Sr. and P. A. Lyon Jr. are citizens who deserve praise for setting an excellent example. While everyone else are wearing out crying towels, and worrying about the future these two citizens have contracted to have their building completely redecorated and modernized. Plans call for lowering the ceiling, installing floor covering and re-plastering glass windows with glass brick.

At present the office is located at the rear of the building in two small office rooms.

Asked how he had the nerve to spend so much money, P. A. Lyon, Sr. said that when he was

making money to improve his property he did not have time to move out and let the workmen in—and now that he had plenty of time he planned the improvement and HOPED he would be able to pay for it.

Mr. and Mrs. Aubrey Sparks made a trip to Amarillo Friday.

Mr. and Mrs. Bud Beeson and Jimmy visited in Amarillo two days last week.

Mrs. Willie Mathis, accompanied by Mrs. Clarence Mitchell went to Amarillo Monday. Mrs. Mathis reports her husband was doing very well.

Margaret Kirk left Thursday for Fortales, New Mexico, to attend a writer's conference at Eastern New Mexico University.

Mrs. Sybil Allison of Saver, Oklahoma spent the week-end with her family, the J. R. Allison.

**GIVE YOUR SEEDS A BETTER START WITH BIGROW**

*Guaranteed Seed Stimulant*

Faster Emergence • Deeper Roots • Earlier Maturity

Make this test

Bigrow Seed Stimulant is a specially prepared formula containing NITROGEN, PHOSPHORUS, POTASH, MANGANESE, BORON, IRON, ZINC, COPPER and other plant nutrients.

It is an economical method of introducing into the seed sufficient growth elements to carry the seed through the initial stages of early growth until the root system extends sufficiently to draw on general soil supplies or until spraying becomes practicable.

1. It will give the young seedling a much faster growth rate.
2. You will be assured of a better stand.
3. A greater yield to be secured.
4. A stronger root system will develop.
5. A crop of higher quality can be expected.
6. The chances of seed decay and rotting of the roots are greatly reduced.
7. When used with pasture crops a strong and quickly developed root system will prevent grazing animals from pulling up young plants. THIS IS PARTICULARLY IMPORTANT TO GROWERS OF WINTER WHEAT.
8. Plants from treated seeds are more resistant to insects such as Green Bugs.
9. Earlier maturity of crop.

### Ted's Tips On Baseball

The tremendous drive of the Amarillo Sandies Baseballers which fell just one notch short of the state title is something to be proud about. Coach Sam Pechia did a marvelous job with material which was surely no better than he had last year. Those victories over highly favored Austin and Tyler won with late inning rallies will be long remembered. The Sandies made a real fight of the final tie-up too, losing by 4 to 1 to Politechnic of Fort Worth.

Just as important as the fine showing of the boys however was the doubtful publicity given the Panhandle City by allowing the team to go into the state playoff with uniforms that were six years old and virtually in tatters. This is nothing short of disgusting when one considers that football equipment is always replenished and kept in top shape. If one of the baseball boys is signed by a big league scout and we have a strong feeling that a couple of Sandies rate such attention, at least he can aspire to having a new uniform when the old one is obviously worn out. Down with spring football practice and more power to the new emphasis on baseball in Texas high schools!

One of the big thrills of following major leagues is in watching the effect of important trades. Since the trading deadline is always June 15th, there may be some more but not more exciting than the one just completed by the Cubs and Pirates involving Ralph Kiner the Pirate home run artist. This deal sent six players and about \$1,000,000 (exact amount not made public) to Pittsburgh in exchange for Kiner and three veterans near the end of the road and looks like another great stroke for Branch Rickey, the master trader.

To us the fact that the men on the other side of the fence representing the Cubs was Wild Mathews meant much. Back in 1946 Wild and Rickey's chief lieutenant as head of the Brooklyn Dodgers fair system. One balmy spring morning in the Ft. Worth ball park we closed a deal with Branch Rickey Jr. (better known as "The Twig") which would bring us \$2,500 in payment of \$500 monthly to run the Class D club in the brand new K-O-M league at Miami, Oklahoma. The consideration for this cash was a contract giving Brooklyn choice of any four of our players at end of the season. Consequently one night during the playoff at Iola, Kansas, Wild turned up to make his selection. To make a long story short, Wild's choice

were all pitchers and only one ball the following season. More of them even played in organized over, he missed two men who played several seasons in higher classifications, one being Oscar Engel who played in the WTNM at Pampa in 1948.

So you may know that we got quite a chuckle out of Wild's statement after the long conference with Rickey—"I'm bleeding at every pore. I did not want to part with Ward." Fact is that it is very possible Ward will be hitting more homers than Kiner a year hence. After all Kiner's production has been steadily declining from his peak of 54 in 1949 and his batting mark of .241 last year means that he failed many times in the pinch. Ward only two years old in the majors has real promise. Keep your eye on him. Rickey's wrong guesses are far and few between.

Buy Dr. Caldwell's 30¢ size today. Money back if not satisfied. Mail bottle to Box 260, New York 10, N. Y.

AMERICA'S NEW RAILROAD

A 50-yard dash with a potato on a spoon! An exciting bit of Americana—but it's not the

## World's Greatest Potato Race

That's the 2200-mile dash on the Santa Fe with 1,350,000,000 potatoes

Sombody east said, "Pass the potatoes!" Out in California, the fertile San Joaquin Valley heard them. And look what happened. Santa Fe started moving 14,000 to 15,000 carloads of potatoes to hungry markets all over the Midwest and East, 35,000 to 40,000 pounds to a carload. As high as 550 carloads per day at peak of harvest. That's more than 1,350,000,000 potatoes. And that's a lot of spuds. Bag 'em. Load 'em. Roll 'em. And hustle. Sombody east said, "Pass the potatoes!" From America's largest fleet of refrigerator cars owned by an individual railroad, these yellow

Santa Fe "referees" are dispatched to the "Potato Capital of the West." There the cars are cleaned, checked, loaded, switched. And iced fast (a car minute, if you please). These potatoes can't wait! In servicing the cars as they speed east, new icing docks at Bakersfield and Needles, Calif., Belen, N. Mex., Waynoka, Okla., and Kansas City work the clock around. Electronically-controlled "hump" yards speed the switching. SANTA FE PRECISION—SANTA FE SPEED On-time delivery calls for full-time precision to keep these schedules "on the advertised." After the potatoes come the wheat... citrus fruits... grapes... melons... and green vegetables all year long—flooding east from Santa Fe country to you. Everything from avocados to zucchini. It costs Santa Fe millions of dollars to serve you so—and provide you with Super Chiefs, too! But we're proud to say they are earned dollars. Not one penny comes from the taxes you pay.

SANTA FE SYSTEM LINES

PROGRESS THAT PAYS ITS OWN WAY

CARICATURES BY HUT HUTSON COPYRIGHT H. H. HUTSON

**Jim Eddleman  
Is Neighbor  
On The Job**

**Dependable Service  
AMPLE STORAGE  
FIELD SEED INCLUDING MAIZE, HEGARI**

Your Long Established, well managed and effi-  
ciently staffed

**KIMBELL MILLING ELEVATOR**

Ready to serve you at this season or at any time  
of the year.

This business concern has ever worked for the  
progress and advancement of Gruver and Hansford  
county.

**JIM EDDLEMAN, Manager**

If the city of Gruver made a  
habit of selecting the MOST  
USEFUL CITIZEN each year,  
and publicly acknowledged the  
work done by that citizen, we  
dare to say that Your Neighbor  
on the Job this week, who is  
no other than Jim Eddleman,  
would have earned that honor  
for the past two years.

Mr. Eddleman, who is Man-  
ager of the Kimbell Milling Com-  
pany, is a Long Tall, grinning  
piece of humanity that seems  
able to take on all the work  
that can be piled on his broad  
shoulder and still find time to  
handle his regular business  
which is virtually a three man  
job.

Jim is owner and manager of  
the Eddleman Feed Store and  
also owner and Manager of the  
Texaco Wholesale Oil Organiza-  
tion of Gruver. Yet with this  
three fold duties, he has found  
time during the past two years  
to head the Chamber of Com-  
merce as President, serve as Sec-  
retary-Treasurer of the Masonic  
Lodge, and teach the Wesley  
Bible Class at the Gruver Meth-  
odist Church.

Eddleman does not slight any  
of his chores. His Sunday School  
class is outstanding—his lodge  
work is excellent, and the Cham-  
ber of Commerce has made out-  
standing progress under his lead-  
ership—in fact he did such a  
good job as President for the  
first year he served the mem-  
bership drafted him in for a  
second term.

Jim started his career in Gru-  
ver as teacher of Social Science  
and Coach for the Athletic events  
of the school. This was back in  
position for a 6 month term,  
1944. Jim only stayed with this  
since he had determined to ab-  
andon his profession as a teach-  
er, and enter the field of busi-  
ness. He accepted the position as  
Manager of the Milling Company  
at the close of the school year  
in 1948, and started in to make  
a record in the business world.  
His hard work and attention  
to business has earned him an  
enviable record in the new field.  
Soon after he had become man-  
ager of the Milling and elevator  
organization he established the  
Eddleman Feed organization, and  
some 3 years ago he purchased  
the Texaco Wholesale organiza-  
tion from Aubrey Peddy of Gru-  
ver.

From the beginning Jim has  
been a very active and aggres-  
sive citizen in the civic work  
of Gruver and Hansford county.  
He helped with the annual Gruver  
Spring celebration and Rodent  
each year he has lived in Gru-  
ver. He was very active in help-  
ing to prepare the steps neces-  
sary to formulate a Masonic or-  
ganization at Gruver, and served  
on various committees when the  
new Masonic organization sollec-  
ited funds and built the outstand-  
ing Temple that houses their  
home and the Post Office at  
Gruver.

Jim has been a very active  
christian gentleman and has ever  
been willing and anxious to aid  
his local pastor at the Metho-  
dist church in Gruver in the  
church work. He did yeoman  
service in the campaign that re-  
sulted in the Methodist organiza-  
tion at Gruver building one of  
the most attractive and comfort-  
able homes in the Panhandle  
of Texas.

Jim is a graduate of TCU,  
Fort Worth, Texas, and while  
attending school he met and fell  
in love with Geneva Hightower,  
who at the time was completing  
her education at North Texas  
Teachers College in Denton. Miss  
Hightower made her home at  
Millsap, Texas. Later when Jim  
had made sufficient progress to  
feel sure of being able to take  
care of a family, he married  
Miss Hightower. The Eddlemans  
have two children, Janet, 14  
years of age and Wesley, 8  
years years of age.

Jim says his hobby—if he has  
one is woodwork. He maintains a  
comfortable shop at his home  
and if he ever finds any spare  
time (which he sure has not  
the past two years) he builds  
something useful in his wood-  
work shop.

The Kimbell Milling company  
was originally the Chapman  
Milling Company organization in  
Gruver. It was owned out of  
Sherman, Texas. In 1930 The  
Kimbell organization purchased  
the property at Gruver, and have  
maintained a program of progress  
and excellent service at their  
place of business until they  
enjoy a very enviable reputation  
in Hansford County and adjoining  
area. Many changes have  
been made in recent years and  
the equipment and service has  
been brought up to a high stand-  
ard. The company changed their  
entire system of operation from  
natural gas to electricity, and the  
very latest of efficient machinery  
has been installed. The organiza-  
tion has a storage capacity of  
100,000 bushels of small grain.  
The organization has maintains  
the usual services of a county  
elevator and has maintained a  
program of prompt and efficient  
service to their customers dur-  
ing the years they have operated  
in Gruver.

Program For First Baptist V. B. S. Friday Evening June 12

Due to the consecrated and untiring efforts of the teachers, and the enthusiastic interest shown by the pupils the Vacation Bible School of the First Baptist Church is proving a great success.

Mrs. Latham, Patrick Cates Wed Tuesday

In a single ring ceremony, read before the altar at the First Methodist Church, Mrs. Virginia

Latham became the bride of Patrick Cates at 9:30 a. m. Tuesday. J. B. Stewart read the nuptial vows, which united the families of Mrs. J. H. Buchanan, and Mr. and Mrs. C. P. Cates of Ada, Oklahoma.

Delphinium Flower Club Meets

Mrs. Yester Hill was hostess to the Delphinium Flower Club on June 1st. Mrs. C. W. Smith won the vote for the best specimen. Mrs. Pope Gibner gave an interesting and informative lesson on "Year Round Iris Care".

Gibner, P. A. Lyon, Jane Meek Ray Phelps, C. W. Smith, G. R. Spiller, and the hostess Mrs. Hill.

Vera Campbell arrived here Saturday for a two-week vacation in this vicinity. She is visiting the Hoskins family, and relatives near by.

The Holt Home Demonstration Club

The Holt Home Demonstration Club met Friday afternoon, June 5th, at the home of Mrs. B. C. Holt.

Mrs. Phil Jenkins, the president, opened the meeting by leading the group in the club's prayer. Mrs. Raymond Kirk gave a report of the county council.

Gruver Music Club

The Gruver Music Club concluded its years activities with a party in the home of Mr. and Mrs. S. E. Cluck, Thursday evening, May 15th.

O. E. S. Installation

In a stated Meeting on Monday evening, new officers were installed by Gruver Chapter 927, Order of the Eastern Star.
