# A MODERN HERO

## Gruver Preacher Makes 865 Mile Trip Each Week

PORT WORTH—The old circuit riding preacher, who some times made 50 or 60 miles a weekend visiting churches, was a stay-at-home compared with some Brite College of the Bible students at Texas Christian University.

Take Frank Reese of Port Worth and Doyle Green of Arkansas Pass, for instance. Both are graduate students in Brite during the week and then travel hundreds of miles to become pastors on Sunday.

Reese makes just 865 miles each weekend to preach in his church at Gruver.

Green does 750 miles round trip weekly to his church post at Crystal City.

During the school year, they'll travel a total of some 55,000 miles. Reese uses the railroad for his jaunts to Gruver in the Panhandle. Green uses his car for the long trip to Crystal City, only 90 miles from Laredo on the Mexican border.

The churches pay for the long hops, along with a salary to keep the commuting ministers in school. The young preachers admit it's a rugged weekly assignment but they like the work that permits them to complete their degrees.

Reese and Green are not alone in their travels by any means. Many other Brite students and several undergraduate ministerial students are making weekly trips. Many travel more than 200 miles one way to their church jobs.

Among them are James Henderson of Four Oaks, N. C. who has a pastorate at Millersview, 220 miles; Jerry Johnson of Oklahoma City who does 210 miles to Dalgemirefield; Stanley Land of Neosho, Mo., who goes 200 miles to Cookeville; Jimmy Livingston of San Angelo who has 200 miles to Menard each Sunday and Tom Shuster of Bertram who has 200 miles to his home town.

"If travel is broadening," the young ministers grin, "we really should be well prepared for our work by graduation time."

Incidentally, in its handsome new quarters in the \$1,200,000 Religion Center on the campus, Brite College has an all-time high enrollment this year. Dean Roy C. Snodgrass expects it to increase sharply in the next few years.

If American boys ever get bogged down in a fight with the Chinese in Indo China that contest will make Korea seem like a picnic.

## President Billy Hill Announces Rodeo To Be Held May 20th

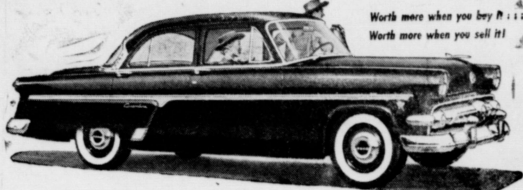

The Panhandle A. and M. All amateurs are invited to attend and participate. Seven different events are on schedule including bareback and saddle horse riding, bull riding, calf roping, barrel racing and others.

with two go-rounds for all. Stock is being furnished by Morris Stephens of Silverton, Texas, and the shows are scheduled to get underway at 8:00 p. m. each evening.

Billy Hill, a freshman at Panhandle A. and M. College, from Norman is President of the P. A. M. C. Rodeo Club.

In war it is not permitted to make two mistakes

## Why fine car buyers are swinging to Ford

Worth more when you buy it  
Worth more when you sell it

### A small price tag buys them one of America's truly fine cars. And here's how:

In the new '34 Ford, you get the same modern type of overhead-valve engine... the same road-lugging ride... the careful interior decorating... the same quality construction... and the same optional power assists you'd expect to find

in cars costing hundreds of dollars more. So why pay more? This is the question smart car buyers are asking themselves. And that is why you'll often find two Fords proudly parked in driveways where there used to be but one costly car.

**Take power:** Only Ford, among all low-priced cars, offers you a "Block V-8" engine. Only Ford, in its field, offers an I-Block Six. And both of these new deep-block engines are the most modern in the industry... with overhead valves, low-friction design, high-turbulence combustion chambers, and deep-block construction.

**Take ride:** Ford's new Ball-Joint Front Suspension is the greatest advance in chassis design in 20 years. Your Ford not only steers easier, but will keep that "new car feel" for longer. And so many points of wear have been eliminated you have only 4 lubrication points in the entire front suspension system.

**Take power assists:** Fordomatic Drive is the only "automatic" in its field to combine the smoothness of a fluid torque converter and the "Go" of an automatic intermediate gear. And you can have Ford Master-Guide Power Steering, Swift Sure Power Brakes, power lifts on all four side windows and a 4-Way Power Seat.

Take a Test Drive... and you'll want to drive it home! **FORD**

A Hydra-Matic GMC pays you back 6 ways

- SURE, GMC's Truck Hydra-Matic Drive costs extra on some light-duty models. But man-how it pays you back!
You save gasoline-because GMC Hydra-Matic cuts the high consumption of fuel in stop-go use.
You save time-because GMC Hydra-Matic's velvet-smooth getaways prolong tire life-by as much as three times in some operations.
You save maintenance-because GMC Hydra-Matic ends all clutch costs-prevents shock-loading damage.
You save time-because at every start! GMC Hydra-Matic ends shifting lags, gets up to road speed quicker.
You save yourself-because GMC Hydra-Matic frees you of all clutching and shifting chores. And being fresher, more alert, you're quicker to avoid hazards that could be costly!
You save at trade-in time-because a Hydra-Matic GMC will rate a higher price than old-type hand-shifted trucks.
Are you a shrewd buyer? Then drop in at our showroom. We'll prove that a Hydra-Matic GMC is your best truck investment.

Get a modern truck!

# Highway Report To Hansford Co.

by the Texas Highway Patrolmen in the Amarillo District during April 1954 (does not include accidents in cities over 2,500 or accidents investigated by other police agencies).

A. Number of persons killed were 41.

B. Number of persons injured were 41.

C. Estimated property damage was \$57,485.00

2. Location of accidents during April, 1954.

A. State and Federal Highways, 63. B. Farm to Market Roads, 30. C. County roads, 8. D. Small Towns (under 2,500 population), 0.

3. Principal Violations as Causative Factors:

A. Speeding, driving while drinking, failure to grant right of way, Wrong side of road - not in passing, following too closely. In March the principal violations causing accidents were:

1. Speeding, 2. Driving while Drinking, 3. Wrong side-not passing, 4. Careless or reckless driving, 5. Failure to grant right of way.

4. Comparisons:

A. Same month last year (April 1953): 6 killed; 53 injured; \$58,400.00 property damage. B. Last month (March 1954): 2 killed; 53 injured; \$61,529.00 property damage. C. This year (first 3 months): 11 killed; 199 injured; \$278,654.00 property damage.

Patrol Activity for April 1954

In carrying out their basic duties, the 28 Patrolmen of the Amarillo District No. 5, composed of 26 Hansford Counties, performed the following activities during the month of April 1954:

1. Number of accidents investigated, 80. 2. Total number of traffic arrests, 412. 3. Males arrested, 223. b. DVI arrests 35.

3. Total number of warnings for Hazardous Violations, 1295.

4. Hours worked: Day 2319; Night, 2319. 5. Miles traveled, 68,852.

# Lions Hold Last Meeting Until September

R. Paul Smith, pastor of the Church of Christ at Spearman, made a talk to the Lion members at the regular meeting of the club held Tuesday noon at the H. D. Club room.

Smith, who is Chairman of the Youth Summer Program, sponsored by the Lion club, made a report of the plans a progress that has been made for the summer program. The speaker reported 161 boys and girls enrolled for the summer program. From a questionnaire given the boys and girls in the grades of Spearman school, softball, hard ball, swimming and reading were selected as favorite subjects for summer recreation. Smith indicated that sponsors had been secured for 8 ball teams, and the arrangements had been made for all children who enrolled in the program to enjoy free swimming two hours for two days a week. The days taught are for Monday and Thursday of each week, with the boys entitled to the use of the pool for an hour in the morning and the girls entitled to the exclusive use of the pool in the morning of the same day. Present plans call for organized football, basketball and hard ball teams. Six playing diamonds have been made available for practice and play. Sponsors have been secured for the teams, and each team will be presented with sweat shirts and caps symbolic of respective teams. The Lions will sponsor one team, with Jim Neely, Alvin Ellsworth and Bill Miller responsible for supervision and training of the team.

Smith reported quite a bit of interest in the reading program and stated that this feature must be worked out at the coming Friday night meeting to be held at the County Agents office.

Boss Lion Oscar Donnell announced the following appointments for the coming Lion Year: Attendance committee, Alvin Ellsworth; Constitution and by-law committee, Ed Hutton; Finance committee, Woodrow Ginner; Lion information committee, Oscar Donnell; publicity committee, Rev. Paul Smith; membership committee, J. D. Floyd and R. Y. Jones; convention committee, Troy Sloan; program committee, Wilson Buchanan; citizenship committee, Rev. J. B. Stewart; boys and girls committee, Joe Traylor; civic improvement committee, Ed Mandy; community betterment committee, R. O. L. Bryant; education committee, Johnnie Lee; health and welfare committee, Dr. R. L. Kleeberger; safety committee, J. B. Cooke; night conservation and clean-up committee, Dr. R. L. Kleeberger; greeter, Rev. Paul Smith; agricultural committee, George Stewart.

# Spring Luncheon For Twentieth Century Club

Mrs. H. P. Cates, Pete Fisher, Clarence Bonner and Dana Hubbard served as hostesses to the Twentieth Century Club, for their annual Spring luncheon held last week in the dining room of the Steak House. Decorations were lovely Spring cut flowers.

Mrs. Mona & Reva McLain played violin and accordion selections by the district, the piano by Mrs. J. L. Brock.

Mrs. Don Knox, guest vocalist, sang "Oh pray for peace" with Mrs. Tom Sutton, as accompanist.

A short business meeting was presided over by the president Mrs. Joseph Blodgett. Reports on the projects sponsored by this club this year, included: the Tea for the Girl Scouts, donations to the American Relief project, the Cancer drive, Library Fund, Tuberculosis bond, penny art and music fund, and the annual spring luncheon accompanied at the piano by Mrs. J. L. Brock.

The past presidents pin was presented to the retiring president, Mrs. Fred Daily Secretary, Mrs. Olin Sheets, Year Book Chairman, Mrs. George Buzard, parliamentarian, Mrs. Ralph Blodgett historian.

The past presidents pin was presented to the retiring president, Mrs. Fisher. Thirty-four honorary members, Mrs. Paul Roach of Texhoma, Oklahoma.

# Methodist Men Enjoy Supper

The First Methodist Vacation Church School will begin May 24 and continue through June 4. The church school will be in session from 9:00 a. m. until 11:00 each week Monday through Friday for two weeks.

The study for the Juniors will be "Prize Ye The Lord" by the Elder. The leaders are: Leaders: Tom Etter, Willie Seitz, J. B. Stewart, L. L. Anthony, Jane Meek and Elma Gunn.

The study for the Primary class will be "Our Daily Bread" by Lula Boyle Baird. The leaders in this group are, Mesdames Dan Knox, John Trindell, George Collard, Charles Brock, Lewis Lloyd, and Miss Georgia Buzard.

The kindergarten class, ages 4 years until they enter school, will study "Let's Go Out Of Doors" by Jamie Lou Milton. Leaders in this group are Mesdames Gertrude Archer, H. R. Armstrong, Fendorf Schubert, Del Taylor and Richard Shedd.

Mrs. Woodrow Ginner is in charge of the refreshments each day. Miss Judy Meek will be secretary. Miss Sue Archer and Kay Chambers will be in charge of the nursery.

On the last day, June 4th, from 9:00 to 11:30 a. m., parents and friends are invited to attend a sharing program. Each child who has attended eight days or more will receive a certificate at this time.

Mr. and Mrs. Appleton of Brady, Texas are visiting their daughter, Mrs. G. R. Spiller, Dr. Spiller came in Wednesday from Thermopolis, Wyo., to visit for a few days.

Mr. and Mrs. Dick Allison have been in Oregon visiting his brother, Mr. and Mrs. Kenneth Allison. The went via train.

Mr. and Mrs. James Hodges and family of Tulsa visited a few days with her parents, the Fred Hoskins the past week.

Mrs. Beagle Cramer of Berger called on friends Thursday morning. Larry Overton of Amarillo attended the graduation exercises Tuesday night to see Wendie V. Mickle, and she will make their home in Albuquerque, N. M.

Mrs. Lewis Harbour returned to her home in Deer Lodge, Montana, this week, she has been visiting here, and attending to business for the past several weeks.

Mrs. Buster Cator and daughter, Mrs. Don McLain were visiting relatives in Spearman on Monday. Mrs. McLain is from Amarillo.

Mr. and Mrs. Carl Hutchison attended the wedding of their daughter, on May 13 in Albuquerque. Veta Brock was used to Wendie V. Mickle, and they will make their home in Albuquerque, N. M.

Forty men of the Methodist church enjoyed a Fellowship supper Friday night May 13 out on the Walter Wilmetts Ranch.

The entire meal was cooked on a camp fire. Joe and Dick made the biscuits and Wilson Buchanan and Virgil Mathews and Pete Fisher cooked the rest of the chuck wagon menu. All had a good time.

MRS. J. B. STEWART LUNCHEON LEADER

Mrs. J. B. Stewart gave the devotional at the Tuesday luncheon. She brought out the highlights of the blessings in both giving and receiving.

All women are cordially invited to attend these fellowships in the dining room of the steak house.

# Stetline H. D. Club

The meeting was called to order by the president, Mrs. Roscoe Howard. Minutes of the last meeting were read by the secretary, Mrs. Gordon Stedje.

The lesson "Arrangement of Large Kitchen Equipment" was given by Miss June Gibbs, Home Demonstration Agent.

Refreshments were served to the members.

The next meeting will be May 24.

# Mrs. H. P. Cates Jonquil Hostess

Ten members of the Jonquil Flower Club met in regular session Friday May 14 in the home of Mrs. H. P. Cates.

Those present enjoyed the lesson on Gladness given by Mrs. Richard Holton, Mrs. Jack McWhirter gave the demonstration arrangement.

Mrs. Rue Sanders won the specimen vote with an Iris, and Mrs. Holton won the arrangement vote with a lovely grouping of Peony buds with Iris, placed in a crystal pitcher.

Mrs. James Hodges of Tulsa was guest at the club. Members present were Mrs. Rue Sanders, Richard Kilgore, Robert Harbour, Jack McWhirter, Tom Sutton, Richard Holton, Pete Fisher, Carl Archer and the hostess Mrs. Cates.

# Blodgett News

Mr. and Mrs. John Kenney and J. M. visited at the home of Mr. and Mrs. A. S. Conrade in Dumas Sunday.

Mrs. Deta Blodgett was shopping in Amarillo and visiting her sister Mrs. Ruth Gonne on Wed. Mr. and Mrs. Lonnie Kenney and children visited in the home of Mr. and Mrs. John Kenney Wednesday evening.

Mearl Beck has a new irrigation well.

Miss Claudine Jackson spent the week-end visiting her parents Mr. and Mrs. Claudine Jackson.

# Marriage Announced

Mr. and Mrs. Carl Hill announce the recent marriage of their daughter, Ellen Carroll to Bob Ratliff, son of Mr. and Mrs. W. B. Ratliff of Canyon, Texas.

The couple will make their home in El Paso, where Ellen is stationed with the Armed Forces at Ft. Bliss.

# Swimming Pool Will Open On Sun, May 30

Sam Watson, who will manage the swimming pool this year in Spearman, announces that the pool will be opened Sunday May 30.

Life guards this year will be Larry Reed. Prices for swims this year will be the same as last year. Grade school season tickets will be \$12.00, high school students \$18.00. Price per swim will be 25c and 50c.

The pool will be open from 2 till 5 p. m. and 7 till 9 p. m. except Sunday, the time will be from 2 to 6 p. m.

# Rural Life Sun. Will Be Observed

Rural Life will be observed at the First Christian church in Spearman Sunday, May 29.

"America needs strong rural churches" is the theme of rural life Sunday, to be observed this year in churches of discipled Christ across the nation.

On this special day attention of the churches will be centered on the evangelistic challenge which rural society presents the church today.

Dale W. Medaris, national director of town and country churches for Disciples of Christ points out that the town and country church must grid itself for the task of evangelism. It is to reach rural people effectively with the gospel of Jesus Christ. America needs strong rural church congregations in a day of frustration and indifference.

C. N. VAN DYKE, Minister

# BHC VS. Peanuts

College Station, May - Benzene hexachloride (BHC) in limited amounts can safely be used on peanuts to be followed by a crop of peanuts.

Heavy BHC applications often times causes a musty off-flavor in peanuts and peanut butter.

Peanuts following a cotton crop dusted with 42 to 168 pounds of three percent gamma BHC per acre carries no off-flavor, studies by the USDA show. The dust was prepared from 36 percent gamma BHC. Soil samples taken before the peanuts were planted and again at harvest were analyzed and were practically free of BHC residues.

Previous studies had revealed larger residues and definite off-flavors when heavier applications were made on a preceding cotton crop.

Specialists who made the tests explain the difference this way: Higher gamma content BHC is less likely to cause the off-flavor because smaller amounts are needed. Older formulations contained about 12 percent gamma isomer.

If a peanut crop is to follow cotton, BHC of higher gamma content is a worthwhile investment, investigators say.

FOR SALE - 240 U. S. propane tank. Best made. Priced for \$200.00. J. R. Collard Estate, Spearman, Texas. No. 24 31 c

And then there was a time when people were glad to have a job.

# First Christian Face Lifting

The First Christian Church in Spearman had a work day last Thursday, and completely re-worked the landscape and painted all its woodwork, and washed windows of the church building.

The landscaping consisted of mowing the grass, and raking the grounds. Joe Dan Urey was the straw boss on the job, assisted by Ray Phelps, Guy Fuller, Lloyd Bernard, Warren Jeffries, Jimmie Heister and Jack Vermon.

Your writer here at the paper thinks these people did such a good job, possibly all other of the churches in our city will follow the example.

# Joe Mack Hill Joins Warm Springs

Joe Mack Hill, son of Mr. and Mrs. Vester Hill, of Spearman, left for Warm Springs, Ga., Tuesday of last week and returned Friday. He was given a complete check-up at the Warm Springs "sanatorium," and Vester says that he passed the check-up 100 per cent in good shape!

# First Christian Church

Sunday school services will be held at 9:45 a. m., 11:0 a. m. Morning worship at 11:0 a. m. Message: "A Rural Path For Today"

Youth meeting at 6:30 p. m. followed by the evening services. Song service and message at 8:00 p. m. Message: "The Intentional Will of God."

It is our plan to think with you for the next five Sunday evening services on the central thought of "The Will of God."

In His will is our peace. C. N. Van Dyke, Minister

The politician should leave their politics outside the church

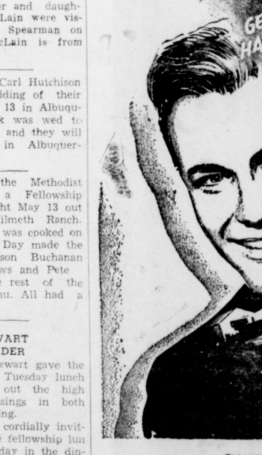

# Knox Pipkin Has Windshield Pulverized!

Knox Pipkin, who farms East of Spearman, knows what it's like to have your windshield come through with, when it comes to having their windows cracked on their car suddenly break into a million pieces.

Knox came out from church on Sunday morning, and the back window on his car was going to snap, crackle, pop! And it literally cracked into a thousand pieces.

The same situation has happened on the West Coast, and many thought that the Atom bombs were indirectly responsible for the break breaks in the windows, but Knox wouldn't make any definite statement as to what happened to the window.

We predict that current 'who is a liar' hearing in Washington will end in a draw.

**For Frazier Oil Well**  
 Rated As 600  
 Barrel Well

According to information from W. L. Russell of Spearman the Frazier oil well North west of Gruver is rated as a 600 barrel oil well. This information, Mr. Russell stated, comes from a daily newspaper at Guyton. Our own information picked up on the streets at Gruver is to the effect that the Frazier well was a flowing oil well, but no one seemed to know the rating. We do not believe the report of 600 barrels is authentic, but do believe the Frazier well will prove a good oil well.

**Memorial Day**  
 At Lieb To Be  
 -May 30th

Memorial day will be observed on the 30th day of May at the Lieb Cemetery this year as always is on this date. There will be a basket lunch around twelve forty five then a program will follow soon after lunch. Those wishing to attend church services will have time to get there for lunch. The program committee consists of Mesdames: Iris Bentley, Lila Richardson, Harmon Fulton, Jim Sutherland and Sid Board. They are arranging a good program and invite all who are interested to attend.

**Hansford Is**  
 On Wind  
 Erosion List

Honorable J. C. Lee  
 County Judge  
 Hansford County  
 Spearman, Texas  
 Dear Judge Lee:  
 I have today recommended to the Secretary of Agriculture that your county be included in the Emergency Wind Erosion Control Program which has now been authorized.

The President has set aside 10 million dollars from his disaster fund for this purpose, and an initial allocation of \$2,322,000.00 has been made to Texas. The program will be administered by the Agricultural Stabilization and Conservation Committee, and the local representatives of that committee will be able to supply you with details. The plan contemplates payment of a designated amount per acre for approved wind erosion control practices. This is a phase of the drought relief program which was recommended to the President at a recent conference on the subject. I sincerely hope it will be helpful to the people of your county.

With all good wishes, I am  
 Most Sincerely Yours  
 ALLAN SHIVERS

Mr. and Mrs. Woodrow Gilmer spent the past week end fishing at Possum Kingdom. They had a little luck—and brought back sunburns.

**Mrs. Bryan Hostess**  
 To Dahlia Club

Members of the Dahlia Flower Club met Monday May 17th in the home of Mrs. J. L. Bryan. A very interesting lesson was given by Mrs. J. L. Lackey on African Violets.

Mrs. H. M. Shedeck gave a paper on "Are You A Safe Driver?" The club will meet with Mrs. E. R. Hester June 7 at nine o'clock for a coffee, and a tour of several yards.

Mesdames present included: J. D. Hester, J. F. Lackey, E. C. Womble, O. L. Williams, H. W. Bagley, Garrett Allen, Deta Blodgett, H. H. Crooks, I. P. Baggerly, H. M. Shedeck, Fred Hoskins, A. F. Loftin and Mrs. Mannings.

**V. A. INSURANCE OFFICE WILL MOVE TO DENVER**  
 The Insurance activities of the Veterans Administration District Office in Dallas, Texas, are being transferred to the Veterans Administration District Office located in Denver Colorado. This change will affect all veterans of Hansford county who now hold their national service life insurance, in that their future premiums will be mailed the new address which is: Veterans Administration District Office, Denver Federal Building, Denver, Colorado. For further information on this change, please contact A. L. Wilson, Jr., Veterans County Service Officer, Courthouse, Spearman.

**COMMUNITY PUBLIC SERVICE**

## Report From Sen. Johnson

With the recent fall of Dien Bien Phu, the position of France and the Viet Namese in the Tonkin Delta became increasingly perilous. It is perhaps true that Dien Bien Phu had become somewhat over-inflated as a symbol of resistance to communists aggression in northwestern Indo-China. But it is also true that the Viet Minh can now concentrate on challenging Franco-Viet Namese control in Hanoi and in Hainan.

North Viet Nam military headquarters are located in Hanoi. Hainan is the vital seaport through which pass American supplies. As this is written, I recently have attended another conference between leaders of Congress and Secretary of State Dulles. I cannot discuss detail

of the conference, but I will say no one there pretended the outlook is anything but bleak. A very grave threat exists to Indo-China—to the entire Tonkin Delta—even to all Asia. The communists aggressors may be expected to press forward. The conclusion cannot be escaped that American foreign policy has suffered a stunning reversal. The bitter truth is that we have been caught bluffing by our enemies. Our friends and allies are also

headed. We stand in danger of being left naked and alone in a hostile world. These are the hard facts. We must face up to their implications. MONTH OF PRAYER This month of May has been designated as "Come To Church" month. Many Texas community service clubs and business organizations have arranged for daily prayer services during the month. We need Divine aid as perhaps never before in our national history. We must seek it earnestly and prayerfully.

WATER BILL: During the 1953 session of Congress, I introduced in the Senate a bill providing for cooperative Federal-local action in attacking the problem of upstream water control. Congressman Bob Poase of Texas introduced an identical bill in the House.

The legislation has passed the House, and a special sub-committee of the Senate Agricultural Committee. I made a statement before the committee urging favorable action. This is a soil and water conservation measure of the utmost importance. It would set up policies and standards for joint action by the Federal government, the states, local governments, the states, local governments, mental units and landowners. Cost of projects would be shared between participants.

SAVE OUR WATER: Great dams have been built in Texas. They serve a vital purpose. But they are only part of the answer to our water supply and flood prevention problems.

USE OF SEA WATER: One of these days and it may come sooner than we think we are going to have to make sea water fit for use by industrial, agricultural, and municipal consumers. Three years ago, Congress passed a law authorizing the appropriation of two million dollars over a five-year period to carry out a research program into low cost turning sea water into usable water. Who can tell us when the research will be completed? Experiment and research are easy. It is the application of the different and small things that are awaited. Cook says growing and the plants on. It was from Hu- the Florida

**While Eggs Are Low Priced Save Them By Freezing**  
COLLEGE STATION, May— With eggs lower in price now, housewives can save money by freezing them. Frozen eggs will keep in good condition from 9 to 12 months. Eggs are broken out of the shell for freezing. Yolk and white may be frozen separately, or whole eggs can be

stirred to make a uniform mixture. Foods and nutrition specialists of the Texas Agricultural Extension Service say frozen eggs in quantities to be used at one time.  
Stir whole eggs with a fork enough to make a uniform mixture. Do not beat. Strain through a sieve. To one cup of whole eggs, add one half tablespoon of ONE of these—sugar, corn syrup, or one half teaspoon of salt according to the kind of recipe

in which the eggs will be used. Yolks frozen alone should be stirred with a fork and strained through a sieve. Add to a cup of egg yolk ONE of these—1 tablespoon sugar, 1 tablespoon corn syrup, one-half teaspoon salt.  
Strain egg whites through a sieve and freeze without stirring or adding anything.  
The trays used for freezing ice cubes make convenient containers for freezing in small amounts. The trays should be lined with Cellophane. Frozen eggs may then be stored from the dividers and stored in the freezer.

Thaw at room temperature, in cold running water or in refrigerator. Mix contents of package thoroughly before using. Use thawed eggs within 24 hours. Do not refreeze.  
For further information on extension agent for Bulletin B-175—Frozen Foods, or write to the Agricultural Information Office, College Station, Texas.

entitled "Soul and Body" emphasizes that man's life is in and of God and is not confined in the body.  
Selection from the Bible will include these from Psalms and II Corinthians: "O God, thou art my God; early will I seek thee: my soul thirsteth for thee, my flesh longeth for thee in a dry and thirsty land, where no water is; to see thy power and thy glory; so as I have seen thee in the sanctuary" (Ps. 63: 1, 2). "For we know that if our earthly house of this tabernacle were dissolved, we have a building of God, and house not made with hands, eternal in the heavens" (I Cor. 5:1).

Key to the Scriptures" by Mary Baker Eddy: "Man is the expression of Soul. The Indians caught some glimpse of the underlying reality, when they called a certain beautiful lake the smile of the Great Spirit." Separated from man, who expresses Soul, Spirit would be a nonentity; man, divorced from Spirit, would lose his entity. But there is, there can be, no such division, for man is coexistent with God" (p. 477). "As there is no corporeality in the mirrored man, which is but a reflection, so man, like all things real, is no tin a mortal body" (p. 305). "facts God, his divine Principle,

All electrical or other equipment used to make life more comfortable during the summer months should get a first class checking before being put back in service. Could save a lot of trouble and perhaps an accident later.  
Haste makes waste is a good description of what usually happens when the operator of farm machinery or motorized equipment becomes careless. The Texas Farm and Ranch Safety Committee says it's all right to hurry if the safety guard is always up. To be safe, the operator must always be in complete control of the equipment he operates.

superiority... Cook says... growing and... the plants... on it was... from Hu... the Florida

Collection and disposal of sanitary refuse and garbage, and the way to eliminate unsightly, disease-breeding open dumps are being shown to municipal and civic group officials from 235 Texas communities by county health units in a series of eleven demonstrations sponsored by the Texas State Department of Health starting May 17 and continuing through June 11. Amarillo is one of the leaders in solving this problem. It uses the sanitary landfill method of disposal and at the same time adds recreational area to its Thompson Park, above.

**Let's Give a Party!**  
by Nancy Life  
Just for Fun

Get off to a flying start. That's the first rule for any successful party—making sure it begins when the first guests arrive.  
If the late-arrivals walk in and find everybody engaged in polite conversation, your guests may never develop the party spirit.  
A game or puzzle is the best device for putting a party on the move. Almost any simple game will do... as long as it's the kind that late-arrivals can join in easily. But remember, its purpose is to establish a party mood.  
As soon as all the guests have assembled, bring on the main course of entertainment. This may be dancing... conversation (if the group is adult and lively)... or another game. A party game usually requires the participation of all guests. For most groups, it will be your best bet.

You'll find lists of appropriate party games at your public library. Or see a copy of the new party-giver's handbook called "Just For Fun."  
"Just For Fun" contains easy-to-follow instructions for over 70 games and contests for groups of all ages and sizes. It also features informative sections on invitations, table settings... plus a handy holiday calendar in case you decide to build your party around a theme.  
For your copy, send 25 cents in coin with your name and address to "Just For Fun," Party-Time Publishers, 107 Ash St., Akron 8, Ohio.  
One word of caution regarding party games: There are all kinds. Some require mental agility, others, muscular co-ordination. Be sure to make your selection with one eye on the guest list.

Phillips 66 presents the first All-Weather Motor Oil which has proved it meets the most exacting standard ever established for automobile lubrication... Mil-0-2104, Supplement 1 level.

The toughest standard ever set up for automobile lubrication is the Mil-0-2104 Supplement 1 test. New TROP-ARTIC is the first all-weather motor oil to meet the requirements of this test. It is an oil which will serve you winter and summer... an oil so good it can double the life of an automobile engine!  
Compared to ordinary motor oils, new TROP-ARTIC reduces ring wear 40% or more. It cuts oil consumption 15% to 45%. It keeps pistons and bearings cleaner... longer-lasting. It saves you money by increasing gasoline mileage. This has been demonstrated in tests representing over 150,000 miles of driving.  
TROP-ARTIC is truly an all-weather oil... S.A.E. 10W through S.A.E. 30. Therefore it flows instantly for easy starting at sub-zero temperatures, and yet it retains the film strength necessary to prevent engine wear under high temperature driving conditions. It isn't just heavy duty. It's double duty.  
Any car, in any climate, at any time of the year will perform better with Phillips 66 TROP-ARTIC. It is a worthy companion product to Phillips 66 FLITE-FUEL, the new high performance gasoline recently introduced by Phillips. It pays to stop at the station where you see the Phillips 66 Shield.

# Johnnie Lee Went Into Office As The Youngest Judge In Texas

Johnnie was a home boy that had returned from the war where he had served his country and come back home, not asking any special favors of the people. He was willing to take up the duties and the responsibilities of life as any other citizen. All he wanted was a chance to prove his ability and willingness to serve his country. He went into the County Judge's office realizing it was a new adventure, without the experience that was needed to cope with all the problems that would arise in the office that the decision would rest entirely upon his shoulders for a final decision. He was willing to work, and to listen to wise council of those that could help him. He realized the Judge's office belongs to the people, and they elected him to do his very best to make this office a success for the good of all the people. Johnnie has made a lasting impression on both friends and strangers. He gives the same courteous consideration to those that come and need help from the County as to those that need their advice on problems that for the best interest of the County. Those that go into his office for a social or a friendly chat, receive the same courteous smiles as if he had come into your place of business and telling he was making another race, they almost unanimously agree with me, that Johnnie has filled the office to the best of his ability and his service has been entirely satisfactory.

I am not taking the advantage of our County Judge to pour perfume or flattery on one of the youngest County Judges in Texas, for the fine work he has done. The people know what I am saying is true of our friend who realizes he is a public servant, and he is not only willing to do his very best to please the people by doing the right thing, but he does all in his power to do it. We all rejoice with any young man that goes into a public office realizing it is a new adventure, but with faith and courage, to believe he can and will succeed with the help of the people. The success of any man that is serving the public depends entirely upon the cooperation of the people. Johnnie is the chairman

of the Commissioners Court, has worked harmoniously with them. He has kept peace and harmony in the county by recognizing the right of the people, and not a favored few. I have gone into Johnnie's office and asked him about some business deals, he assures me that the office has invested in him the power to use his own judgment about what he wanted to do about buying things for the Court House or the lawn. But he wanted to bring it before the Commissioners Court in other words, he has always showed a co-operative spirit in working with those that have a right to know and do what they think is best for the interest of all concerned. The spirit has kept Johnnie without an opponent for this office. He is as grateful to the people for their loyal support as the people are for his faith, service and co-

operation with the people. I cannot tell the people anything about Johnnie Lee, for the people know more about him than I do. I can watch a ball game, and tell them the batter has knocked a home-run by the reaction of the crowd. The reaction of the voters in Hansford County is evidence that they are more than pleased. Johnnie realizes the better equipped he is, the more efficient service he can render to the public. He avails himself to every opportunity to grasp everything that will help him in his office. He has won the love, respect, and the confidence of the people by showing them he was ready and willing to take any help council that he could get, to help him be more efficient in the responsibility of the office to the people, for the protection and administration of his duty and Johnnie told me that he barely escaped with his life, on the battlefield. He was carrying a fragment of a shrapnel shell in his leg and it made him so tired that he could not stand on it too long at a time. He never

said one word against the enemy that fired the gun. I could see that he was so thankful that he was spared and permitted to come back after he had borne the deprived life patiently in a foreign land, away from home, and friends. The soldier boy that can serve his life and come back home in his own country with the same gratitude and give the same unselfish service to them that he did to his government. I know that Johnnie has given the best and his all to being the best job possible for him to be.

It also tends to keep grasses in a tender, growing condition, and making them more palatable and nutritious to grazing animals. Mowing should start when the most prominent weeds commence to bloom before they have a chance to produce a seed crop. E. M. Trew, extension specialist, who stresses the importance of regular mowing in pasture management.

Eastern bitterweeds, a common pest in bermudagrass pastures, need early and repeated mowings to prevent them from making seed. So the mower high for the first clipping and then lower for subsequent mowings. Trew recommends:

## Bright New Ideal SPICY RELISH ... to serve

Serve these hot Spicy Relishes with your next fried chicken. They look gay... interesting... give a dressed-up air to the chicken platter... yet they are almost absurdly easy to make. You'll have fun serving them to your guests... and to the family. The rolls are the hard part. They are found at any bakery. The relish is made from a friendly, easy-to-use product you probably have in your shelf this minute—canned apple sauce. Canned apple sauce is used because it has just the proper body and flavor required for this relish.

## WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Probably next to mother-in-law jokes, the most frequent stories are built around the lady and the home builder, in which the lady from day to day so changes the plans the builder is always complaining.

And it is that Congressmen James Van Dant states largely because of imports of cheap fuel oil from Venezuela.

C. W. Harner and D. C. U. S. coal production has dropped from 145 million tons in 1947 to 91 million tons in 1953. Coal industry employment has dropped from 209,000 to 168,000 in the same period and the trend continues.

U. S. is doing sound for residual oils produced in these nations by U. S. oil corporations. But Venezuela, whose residual oil is wrecking an entire American industry recently imposed a tariff duty on U. S. aluminum products up to 320 percent.

On question of conjugal Communism. Today U. S. troops stationed all over the world; thousands died in three years in Korea. U. S. Vice President states if French pull out of Indo-China, U. S. troops move in.

Yet in classic warfare, there are two grand points of strategy. One is to destroy enemy ability to produce; the other is to maintain a naval blockade. Yet Harold Stassen, in charge of the U. S. giveaway programs tells Congress trade with Russia should be increased. This means Russia could get things she needs.

When dairy support prices

were lowered, government support prices on over one-third of a billion dollars worth of government owned cheese also came down about a nickel a pound.

But a long advance notice was given of this drop in prices, so cheesemakers unloaded millions of pounds to the government at the old support price, and at a lower price. Thus a profit of almost a nickel per pound was made without cheese leaving producers warehouse.

It was announced this plan was followed in horse milk price paid farmers would not be immediate by cut by top cheese makers. But with three farms contributing most of the U. S. supply, milk price went cut long before date cheese subsidy cut went into effect. We can see pretty naive in Washington, too, if they

Also among government surpluses are large stocks of livestock, vital in painting. Recently the government sold 84 million pounds to European farms for 7 cents per pound.

This might be called an example of what free world trade means to the U. S., except for one little fly in the ointment.

The oil sold by the government for 2 cents per pound cost more than twice that amount. So U. S. taxpayers lost about 511 million pounds to European farms for 7 cents per pound.

Obviously the answer is there is no plan. It is also obvious if government is going to avoid bankrupting every American, destroying every independent U. S. business, every American home, a sound business plan must be adopted soon and adhered to.

CHECK YOUR CAR — CHECK ACCIDENTS — MAY IS SAFETY MONTH

only record one larger fish—a three and a half pound channel cat. We did have plenty of good eating fish, but not any that we could brag about.

Our grandson Stevie fished with the country editor for days of the vacation. He will tell you that we baited out the lines, fished on in and caught a fish as big as (here he will spread out his arms full length.) Can't understand how he became such a good fisherman in so short a time. Surely he must have been associating with Bruce and Bill to learn it ain't worth to exaggerate about your fish catch.

—And we regret to report that the three best fishermen of our city have again returned empty handed from a four day struggle to catch fish. Bruce Sheets and Bill Hutton, Eugene Richardson et al, returned from a lake near Stillwater, Oklahoma, grumbling about the poor catch. Sheets captured a small bass during 4 days of working—Hutton registered two fish and Richardson caught a five pound bass.

If you want to enjoy Rodeo at its best, join with the folk from this area in attending the night rodeo at Gruver next week, May 28th and 29th. The boys have a program of six rodeo events each evening featuring calf roping, bare back riding, ribbon roping, saddle bronc riding, bull riding and bull dogging. On Saturday afternoon beginning at 2:00 p. m. May 29th, plans call for an afternoon performance to feature high school calf roping and girls barrel races.

Guess some of our friends are disgusted with this writer. I can't say we picked up some notes or news items that were left out of the paper because of the fact the country editor mis-placed the notes.

Our notes (found this week) reveal the fact that our good friend Aubrey Pedy had returned from a visit with his father, at Orange, Texas. The senior Mr. Pedy is 70 years old. Recently he suffered a heart attack, and Aubrey rushed to his bedside. We report that Mr. Pedy (senior) was much improved, but was to remain in the hospital a few weeks.

Another note in our pocket revealed that the home of Mrs. W. F. C. Eiling was struck by lightning some 8 or 10 days ago. At the time Mrs. Eiling was at Amarillo. There was very little damage—mostly to a chimney of the house.

**SENATOR JOHNSON**  
**ONE BASIC ISSUE: More and more it becomes glaringly apparent that the age in which we live poses one basic question, and one only.**

That question is whether free, representative government of the kind of government we have in the United States—can survive. Every other issue, whatever its nature, is secondary. The manner in which this is-

sue is settled will determine whether our young men must go again to war—whether our children will have a future of freedom or a future of slavery—whether we, as a Nation, are in the twilight of our destiny or at the threshold of a better tomorrow.

**NO MEETING PLACE:** There is no common ground for a meeting of minds between the adherents of communism and those who believe in the American system of freedom in government, freedom of enterprise, and individual freedom.

Communism stands for slavery. Americanism stands for liberty. Communist believe in an all-powerful state. Americans believe in the importance of the individual.

On all counts, the conflict between communism and Americanism is fundamental in nature. Recognition of that fact is, it seems to me, the beginning of wisdom in dealing with the menace of communism.

**A STRONG AMERICA:** The American policy toward communism should be—must be—based firmly upon our strengths, not waveringly upon our weaknesses.

Our strengths are many. They include an industrial capacity that is the envy of the world. They include a people who are bold, vigorous, and skilled in modern technology. They include a civilization which has the potential ability to lead the world to peace and freedom.

**AN IDEA, AN IDEAL:** These are indeed great points of strength. There is one other still greater.

That is the idea of liberty. The idea of liberty—the ideal of freedom—has a powerful appeal to the hearts of mankind. Surely, as a people we can make that appeal more compelling to all the world than the false promises of communism.

I have faith that we can.

**EVER VIGILANT:** We must never cease to be alert to the threat of the communist ideology to all that we have come to consider typically American.

We must steadfastly refuse to coddle communists at home. We must strongly oppose the courting of communists abroad.

We must guard and protect the secrets of our atomic weapons in order that they may serve as a deterrent to aggression.

**POWER OF PEACE:** Theme of the observance of Armed Forces Day on Saturday, May 15, will be "The Power of Peace."

The world's hope for peace lies in the power of our armed forces and the strength of our trust in Divine Guidance. We must neglect neither.

**PRAYER:** Every day's session of the Senate is opened with a prayer. Only rarely is this prayer offered by a layman. But when Fred M. Lange of Dallas, dis-

tinguished welfare worker, vice president and executive director of the Dallas Community Chest, was in Washington recently, he was invited to offer the opening prayer.

This is the text of Mr. Lange's moving prayer:

"O God, our Father, in these times of stress, when many minds are perplexed and many hearts are faint, we turn, in simple trust, to Thee, our strength and our Redeemer.

"We ask Thee for wisdom, that we may seek Thy will; for courage, that we may do it; and for faith, that we may walk with calm assurance.

"Guide the thoughts and purposes of these chosen leaders of our people, O Lord, that they may, above all else, say and do what is pleasing in Thy sight. And help us all to be true to our American heritage and faithful servants of the living God.

"In the name of Christ, our Saviour. Amen."

**WIND EROSION:** The senate passed an amendment to H. R. 8541, supplemental appropriation bill, providing \$15,000,000 to make payments to farmers who carry out emergency wind control measures under the 1954 agricultural conservation program.

I spoke in the Senate in favor of the amendment and voted for it.

A number of Texas counties have suffered severely from wind erosion. This damage is an immediate tragedy to the people living on the affected land. From a longrange viewpoint, it could easily become an immense tragedy for the United States.

**BETTER HIGHWAYS:** Texas will

**Twice As Much Grass From Mowed Pastures**  
 College Station, May — Mowing helps eliminate weeds, 24,000 lbs. bushes and vines from pastures and favor their replacement by desirable grasses.

It also tends to keep grasses in a tender, growing condition, making them more palatable and nutritious to grazing animals.

Mowing should start when the most prominent weeds commence to bloom—before they have a chance to produce a seed crop says E. M. Trew, extension pasture specialist, who stresses the importance of regular mowing in pasture management.

Eastern bitterweeds, a common pest in bermudagrass pastures, need early and repeated mowings to prevent them from making seed. Set the mower high for the first clipping and then lower for subsequent mowings, Trew recommends.

Fall blooming weeds are weakened by earlier mowings, but fall cuttings are added insurance against production of seed. Mowing alone, however, does not build a good pasture, Trew notes. The soil must be sufficiently fertile to make good yields from grasses and or legumes either growing naturally or from seedlings. He recommends pasture fertilization.

In studies by the Angleton Agricultural Experiment Station, bermudagrass when mowed produced twice the forage and four times as much protein and phosphorus as did unmowed bermudagrass. Tall growing bunch grasses often are injured by mowing. The low growing grasses tend to form a sod, and respond best to mowing.
