

Department Open House Draws Crowd

Spearman area residents flocked to the Sunday Open House of the Spearman Volunteer Fire Department held at the County Barn like they do every time the sirens sound--but this time they were welcomed and encouraged to stay around for the demonstrations, exhibitions, and films shown throughout the afternoon from 1:00 to 5:00 P.M. by Fire Chief Chuck Rigdon and his volunteer crew.

Two hundred and fifty excited junior firemen were treated to rides aboard the red fire trucks during the afternoon, waving free balloons, an enjoying thoroughly getting to "play firemen". One hundred couples registered during the Open House hours.

Prizes were awarded in the late afternoon to:

Willie Vela, a Natone Smoke Alarm, given by Earl's TV; Mary Moore of Gruver, a Smoke Alarm by White House Lumber Co.; and a game "Sorry" in the children's division to John Bassett of Spearman.

The mouth-watering cake auction with all of the pastry goodies (supposedly) being baked and decorated by the firemen themselves was a tremendous success with Auctioneer Ed Dear prompting the sale of goodies to the tune of \$600.00 plus to swell the coffers of the Department.

Demonstrations of ladder techniques, extrication, butane fire demonstrations, and salvage covers (to keep the water damage down) were featured during the afternoon along with films on various subjects with Dick Van Dyke the knowledgeable commentator.

Fascinating to many was the hose line operation. Hoses come in 50 ft. lengths which cost \$2.12 a foot plus brass couplings which cost \$18.00 per (just to inform those crowding around at fires the cost of hoses which might be run over in the jam). There are 2,200 feet of hose (or 44 sections of 2 1/2 inch hose) on the Spearman "Big Pumper". Nozzles for this size hose cost a "mere" \$275.00 per and for the 1 1/2 inch hose (of which there are approximately 12 sections on the pumper) cost \$125.00.

Nine of the fourteen Spearman men were present to receive their State Certification from the Texas Volunteer Firefighters Certification Board having satisfied the difficult requirements involved in the Texas Volunteer Firefighters Certification Program. Fire Chief Rigdon likened the volunteer effort to an equilateral triangle as he surveyed the work of the Volunteer Department and presented the Certificates to his crew. The base of the triangle is formed by the people of Spearman, Rigdon noted in his presentation, with the sides (equally responsible) being formed by the firemen's wives and families and the Mayor and the City Commission.

Those who have completed the arduous and difficult course with many hours involved and can now proudly assume the title of Certified Volunteer Firemen of Spearman, Texas, U.S.A. include Chuck Rigdon, Ronnie Antalek, Mark Brand, James H. Brown, James M. Brown, Ronnie Bullard, Vernon P. Graham, Lovell H. Kennard, James H. Riley, Steve R. Slater, Tim L. Woodington, Ramond Gilley, Tommy R. Messer, and Lee Phillips.

Spearman area citizens who were recognized for having completed the Emergency Medical Technicians course and are now certified by the State of Texas as EMTs include Ronnie Antalek, Mark Brand, Steve Slater, Ronnie Bullard, Keith and Denise Hutton, Jerry Morris, Ralph Bynum, John Lynn, and Chuck Rigdon.

Appreciation is expressed by Fire Chief Rigdon and his crew to all of those who attended the Open House and those who worked so hard to make it a big success. Appreciation is likewise expressed by Spearman area residents to these gallant citizens who do so much for others--not only during Fire Prevention Week but every day every year!

Sheriff's Report

Several cases have come up for disposition by the Hansford County Sheriff's Department since last week's report including sentencing of two to the State Prison at Huntsville and the apprehension of a man involved in a 1974 robbery in Gruver.

Tom Martinez was sentenced Friday to 10 years in the State Penitentiary for the murder of Jake Templeton who was shot in the city of Spearman in November 1975. Jimmy Leal was also sentenced

to the State Prison for a period of two years for forgery of a check passed at the Spearman 7-11 Grocery earlier this year.

Mike Leno was given a 5 year probation and fined \$700 for the theft in 1974 of a pickup from the Universal Motors in Gruver. Leno was apprehended two weeks ago in Stratford and returned to the Hansford County Jail for sentencing this past Friday.

Under investigation by the Sheriff's Department and the Spearman Police Department is a Sunday night incident in Spearman involving several Spanish citizens. One of those involved has been lodged in jail and another is a patient at Hansford Hospital following the knifing fray. Names of those involved are being withheld pending further investigation of the altercation.

Buy a broom from the Spearman Lions Club - Make it a clean-sweep at Dalhart.....

Annual Art Show Date Set

The Dahlia Flower Club has scheduled its 7th annual show of arts, crafts, and antiques for November 6 and 7.

The show and silver tea will be held in Hansford Library Saturday, Nov. 6 from 1 p.m. to 5 p.m. and Sunday, November 7 from 1 p.m. to 5 p.m.

This show is a very popular fall event for residents of Spearman and the surrounding area.

This will be an excellent opportunity for artists, craftsmen, antique and other collectors to show their hand work and collections. People of the surrounding area are urged to bring their displays.

Rules for the show are listed as follows:

All rules of the Library concerning the use of the building will be observed. One of these rules is that the Library is to receive 20 percent of the proceeds of any article sold. All sales will be strictly between the buyer and the seller with the Library clerk to collect the 20 percent of the sale.

Every division committee may put restrictions on the number of exhibits by a dealer, depending on the room available.

Each exhibitor is to furnish his or her bridge table or other accessories, and set up his or her exhibit. No charge will be made for showing.

All articles are to be registered by the division entry committee. Make duplicate copies of all articles, one to give the entry committee, and one to keep.

All exhibits must be in place by 11 a.m. Saturday, November 6 and must be

removed by 6 p.m. Sunday November 7. Displays may be set up Friday afternoon from 2 to 6, or Saturday morning from 9 to 11.

The Dahlia Flower Club will not be responsible for any article lost or broken, but extreme care will be used in their handling.

Littlejohn Brings Program To Spearman Noon Lions Club!

Michael Struve Enrolls At Seminary

Michael Struve, a former resident of Spearman, has enrolled in the Master of Divinity Degree program at Ashbury Theological Seminary, Wilmore, Kentucky. He is a 1968 graduate of Texas Tech at Lubbock and is the son of Mr. and Mrs. Arno H. Struve of Abernathy.

Struve is a former city manager here.

Captain Littlejohn of the Spearman Fire Dept. brought the program at the noon Lions Club in Spearman. The program featured Dick Van Dyke, who was featured in a film

Ashbury Theological Seminary, an interdenominational graduate school of theology, offers the Master of Arts in Religion, the Master of Divinity, and the Doctor of Ministry degrees. The 590 students enrolled this semester represent 256 colleges and universities, more than 40 states and the District of Columbia, 13 foreign countries, and 34 church denominations.

"what not to burn!" This was one of the most important films that the Lions Club had viewed this year, and was in conjunction with the Fire Dept. program last Sunday in Spearman. Capt. Littlejohn emphasized that everyone should plan a place of "escape" from their home in case of fire! He urges everyone, with children, to practice a fire drill at home and find a special meeting place after the drill, to count noses and be sure no one is left in the home!

Also featured in the film was several fire prevention mea-

asures; one special feature, was a warning to mothers who might have their cookie jar located over or near the stove! This is very dangerous, as children will crawl on top of the stove after the cookies and catch their clothing on fire. Also, Dick Van Dyke warned everyone that if they caught on fire, be sure and lay down and start rolling! Don't under any condition, panic!

The Lions Club reported donations to CARE, Girls Town, and Water Incorporated, and the Spearman Fire Dept. Lion Pogue, ex-boss

of the Spearman Club, is in charge of the Lions Broom Sale, and urges everyone to start making out their list of needs for the big broom sale coming up one week from Thursday (October 14th) in Spearman.

The broom sale for the Gruver Lions Club will be Wednesday, October 20th!

In other Lions Club news Boss Lion Goodheart informed the news media that the club will meet at a new place next Tuesday, possibly! Complete information will be in the Sunday paper!

Alva Brown To Speak

Alva Brown will be at the First Christian Church Sat., October 9, at 2:30 P.M. speaking to the women.

She will also speak again at the Sunday morning services, Oct. 10, at the 10:55 a.m. service.

Mrs. Brown of Fort Worth is an ordained minister of the Christian Church (Disciples of Christ) in the Southwest, having joined the staff on November 1, 1973. Her portfolio includes CWF, Camp and Conference Committee, Adult Work Committee and is a member of the leader development team. She was serving a two-year term as Texas CWF president at the time she was called to the CCSW staff; also, she was a representative to the International CWF.

Before joining CCSW, Mrs. Brown was employed for 18 years by the Tejas Girl Scout Council. Also in Dallas, she

ALVA BROWN was a charter member of Denley Drive Christian Church where she served in almost every capacity.

A graduate of Jarvis Christian College, Mrs. Brown taught school then served for almost three years as director of missionary organization-education for the United Christian Missionary Society/National Christian Missionary Convention in Indianapolis. She has also taken some courses at Brite Divinity School of Texas Christian University.

She has directed both junior camps and CYF conferences in Texas and has been leader for CWF retreats and workshops throughout the Southwest Region.

Current Christian Church activities include member of the Board of Trustees of UCMS, vice-president of ICWF Staff Fellowship, member of the American Camping Association, member of the Board of Jarvis Christian College, member of the group of fraternal visitors to visit with church leaders in Africa in July 1976 (Kenya, South Africa, Zaire and Liberia).

The members of the First Christian Church invite everyone to come and share the love with this woman that has from God.

The 7th and 8th grades cordially invite you to attend their game at Lynx stadium, Thursday afternoon, 5 p. m.

QUEEN PAM RYLANT - Homecoming queen

The Lynx discovered a new group of running backs at homecoming Friday night, and one of them was "Bodey the Body" who raced the Irish in for a TD as the cameras caught the "Body" in action.

New Chrysler-Dodge and Plymouth Cars

Martin's To Be Open Sunday

Eddie Gail Martin, owner of Martin's Steak Garden on S. Hwy. 207, and his employees, Georgia McLeod, Louise Beebe, Barbara Miller, Marie Villarreal, June Spencer, Cathy Cook, Oma Lee Brillhart, Carolyn Back, and Essie Burkhart, announced this week that the restaurant will be open for Sunday dinner, from 11 until 2 beginning October 10.

C. and T. Automotive in Perryton, Texas, is announcing the arrival of the new 1977 cars this week, plus the new ownership of C. and T. Automotive, Chrysler dealer products for the Hansford County area. The new owners are C. D. Firmin and Bill McClure.

The new dealers will feature the very fine automotive service in the area and the only Chrysler dealer near the Spearman-Gruver-Morse area. The staff at C. and T. include: the new owners, C. D. Firmin and Bill McClure, plus James Burris, Vertis Stroud, Shur-

man Beezley, Gene Smith, David Burrus, Sherron Tigrett, Ray Halsey, and Alvin Cowan.

The C. and T. Automotive is located at 209 E. Brillhart and their staff takes this opportunity to welcome everyone in the Hansford County area to drop by and see the beautiful new 1977 Chrysler-Dodge-Plymouth cars and pickups! This newspaper takes this opportunity to congratulate the new owners and wish them the very best of luck as new owners and dealers for Chrysler products in the area.

Engagement Announced

Mr. and Mrs. Wallace D. Berner of Spearman announce the engagement of their daughter, Denise Kay, to David Allen Kellum of Silverton, Texas. Mr. and Mrs. Allen N. Kellum, of Silverton, are parents of the prospective groom.

The bride-elect graduated from Spearman High School in 1975 and is attending West Texas State University. Her fiancé graduated from Silverton High School in 1972, and will be a May, 1977 graduate of WTSU.

The couple plans to be married November 26, 1976, in the Apostolic Faith Church, Spearman, Texas.

FIGHTING INFLATION

NUCLEAR POWER HELPS BALANCE MANY BUDGETS

Can a nuclear power plant help balance your budget? Or, to put the question a bit closer to your pocketbook, can a nuclear power plant help lower the price of peas at your neighborhood supermarket?

Nuclear power is the cheapest way to generate electricity, and if a supermarket gets its electricity in this way it will mean lower electric bills for them, a saving that they can then pass on to you!

REMEMBERING... By BILL BROOKS

GOATS

The Coopers, who lived down the road from us, raised goats. They had a sizable herd from which they got milk and meat and a small income from selling some of the animals at market.

They had one goat named "Yancy" and he was sorta special to them. He had become an orphan soon after birth and the Cooper youngsters had raised him on a baby bottle. He was more like a pet than a farm animal and could often be seen playing with the dogs and cats. He had been trained to pull a small cart, if encouraged with a carrot in front of his nose. He was the

first one to greet company and did so by planting both front hooves on the side of their car, peering inside as if to ask, "What did you bring me?"

Yancy was not without his faults however and it was best you didn't take your eye off him when he was near because he was apt to practice his butting at any time. Most people liked him well enough except for one neighbor lady. She didn't like goats — period! She said they had the face and features of the devil as well as his temperament and they smelled bad and shouldn't be turned out around humans. She would shake her finger

at poor Yancy anytime he got close to her.

As she went into the outhouse one time the goat (I'm sure he knew what he was doing) planted his body down in front of the door, refusing to get up when she was ready to come out. She pushed and threw her weight against the door but he wouldn't budge. After an eternity he got up and ambled off with what seemed like a satisfied grin on his face. You might say he "got her goat."

His appetite was especially good and he liked the tender shrubs and flowers around the house. He would eat paper and even

chew on old sticks but, contrary to what we had heard about goats, he wouldn't eat tin cans. We tried to feed him one but he just held it in his mouth and walked around looking at us.

Whenever Yancy found the screen door ajar he would poke his nose in, open it and make himself at home. He was sometimes found asleep on the sofa. His fateful day came when he ventured into

the house while supper was being fixed. Mrs. Cooper had left the kitchen for awhile and he set about sampling all the preparations. She came back to find him standing atop the cabinet, eating from a bowl of black-eyed peas. Mrs. Cooper laid down the law, saying he would be promptly sold, given away, or shot and she wasn't particular which.

It didn't seem right to sell

him so they gave him to a neighbor close by who raised sheep. He would become a "Judas" goat, or one who leads the sheep to slaughter. Yancy was finally earning his keep.

In Chicago, for example, 30 per cent of the electricity is generated by nuclear power. In the Boston area, that figure climbs to more than 30 per cent!

Greetings To All Cattle Producers

Last Friday October 1st 1395 Cattle and Calves were sold thru the Guymon Cattle Auction. The selling began at 10 A.M. (C.D.T.) and was completed at 3:40 P.M. Buyers and Sellers were in attendance from several States.

The next sale will be Friday, October 8th. We are now taking advanced consignments for every Friday in Oct. For consigning Cattle of any number (large or small) contact Wayne Roberts of Elkhart, Kansas or Bill Blackmore or Cliff Augustine at the Guymon Office.

T-Shirts Make Top Fashion News

COLLEGE STATION -- The T-shirt-formerly known as child's play clothes--now emerges as the fashion basic for all family members. Beverly Rhoades, a clothing specialist, says.

'Styles vary from traditional casual or sporty shirts to dressy looks in soft, shiny, clinging fabrics. And some have even 'grown' into dresses,' she added.

Miss Rhoades is with the Texas Agricultural Extension Service. The Texas A&M University System.

She said that necklines may be round, square, boat, bateau or jeweled. Sleeves are short, capped, semi-capped or long and loose.

Color and interest are added with stripes, ruffles, embroidery, sequins and rhinestones, wild picture patterns, and top stitching which looks like misplaced seam finishes.

Designer logos add a high fashion look, or wearers can create a personal touch with iron-on logos, prints or phrases, she said.

'Today's T-shirts still have some 'old fashioned' features. They are usually machine washable and dryable and often made of cotton or cotton

blends to be cool, comfortable, soft, and absorbent.

'When buying T-shirts, check for quality fabric and workmanship. Shirts will be more durable when the fabric is closely knit and the shoulder seams are reinforced, and ribbing (if applied) is stitched securely.'

Since measurements and fabric stretch may vary greatly within sizes, try T-shirts on to assure proper fit. Be sure neck openings provide adequate stretch so that stitches do not pop when putting the shirt on, the specialist reminded.

She suggested consumers also check for shrinkage information, particularly if the fabric is cotton or cotton blends, and wash according to care label instructions for correct water temperature, wash cycle and bleach and drying information. If the label recommends laying the shirt flat to dry, be sure to do so, patting the shirt into shape. Machine drying may cause shrinkage and color loss.

Using hot water, too high drying temperatures and inappropriate bleaching techniques can cause shrinkage and color loss.

If machine dried, remove T-shirts promptly to prevent wrinkling and possible shrinkage from overdrying, she said.

Library System Grant

Eighteen libraries in the 25 counties served by the Texas Panhandle Library System have qualified for system membership in the year that began September 1. The system will receive a grant of \$183,354 to carry out programs to improve library service in the area.

Ten regional systems have been organized under provisions of the Texas Library Systems Act that is administered by the Texas State Library. Funds are available to the systems to carry out cooperative activities to improve library service to users of system member libraries. Like other systems, the Texas Panhandle Library System is developing service programs particularly suited to the library needs of its region. These include providing consultant services to libraries in the area, circulation of a film collection purchased for use by all libraries in the area, a books-by-mail program for residents of counties without library service, and assisting libraries in disseminating information about services.

Wheeler Public Library is a new member of the system this year. Amarillo Public Library serves as the Major Resource Center. Lovett Memorial Library in Pampa is an area library. Community libraries are Hutchinson County Library in Borger, Hemphill County Library in Canadian, Canyon Public Library, Rhoades Memorial Library in Dimmitt, Killgore Memorial Library in Dumas, Friona Public Library, Deaf Smith County Library in Hereford, Lovett Memorial Library in McLean, Carson County Public Library in Panhandle, Perry Memorial Library in Perryton, Shamrock Public Library, Hansford County Library in Spearman, Sherman County Public Library in Stratford, and Swisher County Library in Tulla. The High Plains Bookmobile which operates out of Muleshoe and serves a four-county area is a unique member of the state system.

Members of the Advisory Council, a six-person group elected by representatives of each library in the system, are Mrs. Jean Wilkerson, Borger; Steve Messenger, Friona; Mrs. B. L. Morgan, Amarillo; Grace Scott, Tulla; Mrs. Ralph Headlee, Perryton; and Mrs. F. Forrest Ferrell, Panhandle. Composed of interested citizens, this council advises in the development of the system program.

BUNNY MARTIN
World's YO-YO Champion

Bunny Martin Featured Youth Leader

Bunny Martin, outstanding entertainer, magician, juggler, and World Champion Yo Yo specialist, will be the featured Week-end Youth leader, October 22-24 at First Baptist Church.

A Youth Rally featuring Mr. Martin, will be held on Saturday evening. Martin is an outstanding youth speaker. He is popular at F.C.A. Summer Camps and Texas Super Summer '75. The youth of First Baptist Church will be host to the youth of the community on these two evenings.

Researchers Continue Cancer Research

Who will get cancer this year? Obviously, there is no definite answer to such a question, but you may well be surprised at how much researchers do know about those likely to get various forms of the disease.

McClellan says, "There are 27 breast cancer detection demonstration projects around the country, and a campaign to get every American woman over 20 to have a Pap test by the end of 1976 is drawing to a close after considerable success."

About 222,000 Americans are being saved from cancer each year, and another 111,000 could be added to their ranks if everyone heeded the early warning signals of cancer and went to their doctor for prompt and effective treatment," says Mrs. Elmo McClellan, Jr., chairman of the American Cancer Society's educational and fund-raising Crusade.

Adult Basic Education Classes Set

She pointed out that researchers have established that heavy smoking can cause lung cancer and over-exposure to the sun can lead to skin cancer.

The Spearman Independent School District is sponsoring Adult Basic Education classes. The classes are designed for adults who have not finished high school.

"For example, the two-pack-a-day smoker who started the habit in his teens is 20 times more likely to get lung cancer than non-smokers when he reaches the late 50 or early 60 age," Mrs. McClellan says.

The classes will be offered in instruction to achieve a certificate of high school equivalency. Instruction will also be given in reading, writing, English and arithmetic.

Breast cancer is the major cancer threat to women, and the risk is greatest for those over 40 who are childless or who had their first child after the age of 30. Women with a family history of breast cancer among their maternal relatives also are more prone to the disease.

There will be no charge of any kind for the courses. Anyone interested should attend a general meeting and registration at: Spearman High School, Room 118, 7:00 p.m., October 18, 1976.

Cervical cancer occurs more frequently among low-income women who have not had a Pap test and who have a history of early sexual intercourse with many partners. The other kind of uterine cancer, affecting the endometrium--or body of the womb--occurs mainly in women between 50 to 64 who are overweight, have high blood pressure, and a history of diabetes. Abnormal bleeding is a key warning signal.

Where Does The Money Go

What can high-risk people do? Smokers can stop smoking, sunbathers can use sunscreens and avoid the midday sun, and women should have regular Pap tests to reduce the risk of uterine cancer. Above all, have regular medical checkups, and if a signal appears, see your doctor.

Have you ever wondered where the money goes that the Girl Scouts receive from their annual cookie sales? All of this money goes to the local Council. Last year's proceeds have been used to purchase 8 roundup tents with floors, and two shiny new canoes.

Alli Girl Scouts in Spearman may use this new equipment. There will be a mini-training in use of the canoes during this calendar year.

So remember, when you buy Girl Scout cookies, you are not only getting good cookies but are helping to provide the needs of the local Girl Scout organization.

Hightower Urges Action On Wheat Loan Level

(Washington, D.C.) -- Congressman Jack Hightower tonight sent a telegram to President Ford urging that he take favorable action on a letter he and 17 other congressmen sent to him three weeks ago requesting assistance for the nation's wheat producers.

Hightower drafted the telegram this evening and in less than two hours obtained signatures of Senators John Tower and Lloyd Bentsen and 27 members of the House, including 19 Democrats and 8 Republicans.

The Congressman told the President that the White House Congressional Liaison Office had responded to his letter by saying that his request would be called to the personal attention of the President and his agricultural policy advisers and that it would be carefully considered.

"The time for consideration has expired," Hightower said tonight, "and we must have an immediate remedy for the continuing drastic decline in wheat prices."

In the telegram Hightower said that Thursday's wheat market was \$2.53 a bushel, "far below the cost of production, 40 percent below prices of a year ago and only three cents above the loan level recommended in the Emergency Farm Bill you vetoed last year."

Hightower said that farm-

ers, grain elevator operators and bankers had been calling his office with increasing frequency expressing only one thought--that the situation was desperate.

"Desperate situations require immediate action, Mr. President," Hightower wrote, "and you can provide it."

He urged the President to instruct Secretary Butz to adjust the loan level to at least \$2.50 to enable farmers to finance next year's crops and assure lower food costs to the nation's consumers.

UMW MEETS

The Susannah Wesley Circle of the U.M.W. met Wednesday, September 29th at the First United Methodist Church.

Chairman, Mrs. Monty Blackman presided over the meeting.

The devotional was given by Mrs. Clark Mires.

Mrs. Bert sheppard continued the study on "The Profits".

A report was given on the retreat to be held October 8 & 9 at Ceta Canyon.

Refreshments were served by Mrs. Mires to guests, Mrs. Dee Allen and Mrs. Gayle Brown and to members, Mesdames: Stan Hudson, Monty Blackman, Bob Collier, Dick Countiss, Perry Dixon, Jim Eakin, Kent Guthrie, Tom

Latta, Ray Martin, Bob Pearson, Bert Sheppard, and Gary Woolley.

Next meeting will be October 6th at the church

The Mary Martha Circle of the U.M.W. met Wednesday, September 29th in the parlor of the First United Methodist Church.

Mrs. J. B. Buchanan presided over the meeting.

Mrs. R. E. Lee gave the devotional taken from Deuteronomy 30:19 & 20 entitled "Oh God, Our Help In Ages Past".

Mrs. Bert Sheppard continued the study on the book of Hosea.

Delicious refreshments were served by Mrs. Lee to members, Mesdames: Russell Townsend, Carl Reed, P. A. Lyon, Bert Sheppard, Claude Smith, Roy Jones, T. D. Sansing, J. B. Buchanan, Bruce Sheets, Freeman Barkley, and Fendorf Schubert.

Next meeting will be October 6th at the church.

Girl Scout News

Junior Troop #76 met Monday, October 4th in the Girl Scout House.

The following girls received their My Flag Badges, which they earned last year: Beckey Evans, LaTonia Phelps, Penny Cummings, and Teri Thomas.

The girls discussed things they wanted to do this year. Refreshments were served

by Leader, Mrs. Kyle King to members, Lelia Goodman, Penny Cummings, Beckey Evans, Teri Thomas, and LaTonia Phelps.

Next meeting will be October 11th at the Girl Scout House. Meeting time is from 3:45 till 5:00 P.M.

Sunday Series Set By Symphony

A new Sunday Concert Series by the Amarillo Symphony begins Sunday, October 10, at 3:00 p.m. in the Civic Center Auditorium, Amarillo, Texas.

For several years now, the Saturday evening concerts have been sold out and in order to meet the needs of Panhandle music lovers, a second concert has been added. Conductor, Thomas Conlin, states that the Sunday concerts will be less formal than the Saturday evening performances. Designed for the family, the Sunday afternoon concert will be more instructional with Conlin adding comments from the po-

dium about the composers and their music.

The Sunday concerts have been scheduled at 3:00 p.m. in order to make them available to music lovers from all over the Texas Panhandle.

You might be interested in watching Channel 10 (KFDA-TV) at noon on October 18. Ron Slover will be interviewing the president of Symphony Guild, Mrs. Lynn Harlowe, and her Symphony Ball Chairman.

For further information or tickets call Mrs. Dick Countiss, 659-2429; or Mrs. Tom Etter, 659-2651.

Home-canned tomatoes that float in the jar are caused by overripe tomatoes, being packed too loosely or being processed too long. To prevent floating, harvest tomatoes that are firm-ripe, pack tightly, but do not mash, and process according to tested instructions, advises Frances Reasonover, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Area Doctors Hear Malpractice Insurance Diagnosis

Area doctors got a diagnosis of the malpractice insurance crisis Saturday, Oct. 2, from the Texas Medical Association president. He said the crisis makes medical care less available and more expensive to patients.

The crisis has affected the doctor supply, said TMA President L. S. Thompson, Jr., M.D., of Dallas. The staggering cost of malpractice insurance has forced some doctors into early retirement. Others are considering moving to states where legislative reforms have helped the situation. Young doctors find it increasingly difficult to start Texas practices.

Thompson showed a film and spoke on the subject at the Panhandle District Medical Society meeting in Amarillo. The Society is composed of a 41-county area. The crisis also has hurt many towns, especially smaller ones, because doctors have had to cut back services. Three out of four family doctors in a statewide TMA survey said they have had to stop providing some services because of the threat of a lawsuit. Some doctors have quit delivering babies or doing surgery in order to bring down their malpractice insurance costs. This insurance is a doctor's only protection against financial ruin in the current situation. Texas malpractice suits have quadrupled

in the last five years. Legislation is the key to solving the problem, Dr. Thompson said. He reviewed some tentative actions of the state's malpractice insurance study commission. The governor appointed the group to recommend legislation to the 1977 Texas legislature. Dr. Thompson will be available for interviews before noon

on Saturday, Oct. 2, and in the afternoon from about 1:30 p.m. to 3 p.m. The meeting will be in Amarillo's Hilton Inn. For more information on Saturday, contact Mrs. Carlie Umphres, the Society's secretary, in Room 183 of the Hilton Inn (phone: 373-3071). Nationally recognized cancer authorities also will be at the meeting.

Monthly Report On Food & Farm Prices

AUSTIN—A monthly report on consumer food and basic farm prices in Texas will be initiated this month by the Texas Department of Agriculture. Agriculture Commissioner John C. White announced today.

The survey will cover 20 commonly-purchased food items and their relation to production costs, based on reports taken in 67 stores in 12 cities, White reported.

"Numerous studies of food prices are made by various organizations on the national level but, because of their general scope, do not accurately reflect the price situation in Texas," White said.

how they affect consumer budgets," the Commissioner commented.

"This data also will inform consumers what factors are affecting food prices and provide a better understanding of the farmer's role," he said.

White pointed out that the latest United States Department of Agriculture statistics show that the American farmer is receiving an average of only 40 cents out of each consumer's dollar spent on food.

The monthly survey will be taken in supermarkets in Houston, Dallas, San Antonio, Fort Worth, El Paso, Austin, Corpus Christi, Lubbock, Abilene, Laredo, Tyler and Pharr.

"By inaugurating this program on the state level, we will enable Texas consumers to anticipate market trends and

Enforcement Program Collects Taxes

AUSTIN—Comptroller Bob Bullock said Thursday that audit detections and field collections by the enforcement officers of his Amarillo district office provided a return of \$22,32 for every dollar invested in the office during the state fiscal year that just ended.

"It's as clear as icewater," said Bullock, "that the enforcement program of the Comptroller's Office is an investment that pays big dividends for the people of this state."

The Amarillo office audit detections and field collections totaled \$5,974,827 during fiscal 1976, which ended August 31, while the state invested \$267,706 to operate the office during the year, the Comptroller said.

The Amarillo office, headed by Bill Teague, is located in Suite 101, 1309 W. 8th Avenue, telephone 372-8156, and is open from 7:30 a.m. to 5:30 p.m.

The Amarillo office serves Potter, Armstrong, Briscoe, Carson, Castro, Childress, Collingsworth, Dallam, Deaf Smith, Conley, Gray, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Randall, Roberts, Sherman, Swisher and Wheeler Counties.

The Queen and her attendants; left to right, Pam Largent, Robin Denham, Pam Rylant, the Queen, Carla Harper and Patti Short. This group of lovelies, was crowned at the Homecoming festivities in Spearman, Friday nite.

Development Planned

The Panhandle's hopes for developing Alibates National Monument into a first-rate educational and tourist attraction may be realized next year, officials of the Amarillo Board of Convention and Visitors Activities announced today.

"It appears that construction of a visitors center and museum for Alibates could be under way sometime in 1977," BCVA member Travis Aaron said.

Aaron is chairman of a BCVA committee that has worked for more than a year and a half to mobilize public support for the Alibates project.

"Thousands of Panhandle citizens backed the BCVA's campaign for action on Alibates," Aaron said, "and because of that support, the federal government is now giving the national monument the attention it deserves."

Alibates National Monument, located on the south shore of Lake Meredith, was created in 1965 to preserve one of the oldest archeological sites in North America—a cluster of prehistoric flint quarries dating from the Ice Ages. Since its creation, however, the monument has been largely off-limits to the public because proper facilities did not exist to protect and explain the site.

Because of several recent events, plans for making Alibates more accessible to the public have advanced significantly, Aaron said.

The developments he reported are as follows: --National Park Service planning teams have visited the national monument and reacted favorably to proposals from the BCVA and other interested organizations for building facilities. --The Park Service has given the Alibates project a considerably higher priority than it had in previous years. --The Park Service is seeking a \$115,000 budget from Congress for designing a museum and visitors center at Alibates and for planning museum displays. --A route has been chosen for a new, paved road to the proposed visitors center. At the BCVA's suggestion, Potter County officials agreed in September 1975 to construct such a road when the federal government begins construction of the visitors center. --The BCVA is arranging a meeting in September of governmental agencies and private landowners to consider enlarging the monument grounds.

George Lokey, BCVA chairman, said public response to the BCVA's campaign for development of the national monument was a major factor in focusing government attention on Alibates.

"BCVA members made dozens of speaking appearances before business and civic groups, and thousands of people throughout the Panhandle signed cards to their congressmen, endorsing our call for action," Lokey said. "That kind of enthusiasm for Alibates tipped the scales in our favor."

Lokey said Panhandle citizens also expressed their sup-

port of the Alibates project at public hearings conducted by the Park Service earlier this year.

"When Park Service officials discovered that the people of this area were solidly behind development of Alibates, they decided that planning could proceed without further environmental impact studies," Lokey commented.

"That decision alone probably avoided two more years of delay."

Lokey and Aaron said that the BCVA is now working to get approval of the Park Service request for funds to plan buildings and displays. The BCVA has contacted both senators from Texas and the congressmen from the Panhandle and South Plains to urge their support of the \$115,000 planning budget.

"When that budget is approved, we'll be well on the way to having the kind of national monument the Panhandle has wanted for so long," Lokey said. "If properly developed, Alibates will be an important asset to the multi-million dollar tourism industry that is flourishing in the Panhandle. And it will also be good for our regional pride. We have the only national monument in Texas, and we'd like for our visitors and local residents alike to be able to see it."

Museum Hours Listed

The Stationmaster's House Museum at 30 S. Townsend is open from 2 to 5 p.m., Tuesday through Saturday.

Ladies who have volunteered to work one afternoon each month are Mmes. Claude Newell, Burton Schubert, Floy Largent, W. V. Hull, J. L. Pierce, George Buzzard, Wayne Hutchison, G. I. Brown, Harold Shaver, Terry Curtis, N. W. Cayton, John Allen, T. M. Allen, N. F. Renner, J. D. Wilbanks, Freeman Barkley, Ed Freeman, Irwin Delk, Fendorf Schubert, P. A. Lyon, R. S. Weckesser, John Schubert, and Ray Robertson.

The Museum has a gift shop which has for sale many handmade articles donated by ladies of the Hansford County Home Demonstration Clubs and other ladies of the community.

For a limited time, the gift shop will give a plant to anyone donating a dollar to the Museum.

Come by 30 S. Townsend, view the museum displays, and pick up a nice gift for someone from the gift shop and get a plant for a dollar donation.

A lot of Americans don't realize it, but nuclear power is with us today. Right now there are 55 nuclear reactors operating across the United States and another 75 operating around the world!

Lokey said Panhandle citizens also expressed their sup-

Close Urges Support Of Water Conservation Amendments

PERRYTON—State representative G. R. (Bob) Close of Perryton said this week that residents of the Panhandle and South Plains must band together and support the two constitutional amendments on water conservation in the November 2 general election or face a delay which could be disastrous to this area.

Close, a member of the House Natural Resources Committee, was in Amarillo Tuesday for the public hearing by the Texas Water Development Board regarding the two constitutional amendments.

Amendment No. 1 would authorize the issuance of an

additional \$400 million in Texas Water Development Bonds by the Texas Water Development Board. Amendment No. 2 would authorize the issuance of an additional \$100 million in Texas Water Development Bonds for water quality enhancement purposes.

"There is organized opposition to both of these amendments," Close said. "The opponents maintain that this is money that will be wasted because it merely provides help for the South Plains and Panhandle areas. One statewide opposition group flatly states that when South Plains water runs out, residents can move somewhere else."

"This is shortsighted and unrealistic because the High Plains area is vital to Texas agriculture. This area produces two-thirds of the state's cotton, over half of the grain sorghum and three-fourths of the state's wheat. The High Plains area is one of the major cattle feeding areas in the world. If the need of food is indeed the major world problem we now face, then it makes sense to include water to produce food and fiber on the High Plains in our new revised Texas Water Plan."

Close also pointed out recent developments where federal standards under the Clean Water Act indicate that a number of High Plains towns and cities fail to meet the new requirements.

The state will have to help make funds available for cities with this problem and it is likely that much of the \$100 million under Amendment No. 2 will have to be used for water quality enhancement purposes, the Perryton representative pointed out.

Grooters-Holton Vows Read

Miss Mollie Marie Grooters and Stephen Wayne Holton were united in marriage in a double ring ceremony at 7 p.m. Sept. 25 in Phillips United Methodist Church.

The Rev. Jack Ellzey, pastor, read the service for the daughter of Mr. and Mrs. Emerson M. Grooters, 11 S. Johnston, Phillips, and for the son of Mr. and Mrs. R. B. Holton, Spearman.

Mrs. Mike Webb, Phillips, was organist. David Lewis, Lubbock, was vocalist.

The bride wore a formal gown of candelight crystalline satin fashioned with a Victorian cape scalloped in re-embroidered Chantilly lace. The slightly gathered skirt, also scalloped with re-embroidered Chantilly lace, cascaded into a

full chapel length train.

Her chapel length veil of illusion, edged in lace, was attached to a Camelot coil of re-embroidered lace. She carried a cascade bouquet of talisman roses, bronze pom-pom mums, and baby's breath, with natural greenery.

Miss Janet Bredewater, New Braunfels, was maid of honor. Mrs. Richard Januta, Lubbock, sister of the bride, was matron of honor. Other attendants were Miss Dixie Manuel, Houston; Mrs. Mike Johnson, Phillips; Mrs. Bobby Laughry, Amarillo; Mrs. Larry Sherman, Lubbock; and Miss Jamie Wortham, Odessa.

The attendants were dressed identically in terra-cotta knit gowns designed with draped tunics. Each carried a bouquet of talisman roses and tangerine carnations tied with streamers of brown ribbon.

Mr. and Mrs. John Grooters, Pampa, brother and sister-in-law of the bride, were candlelighters.

Jerry Holton, Spearman, was best man for his brother. Groomsman were Kenneth Blendon, Irving; Ben Wallace and Nick Costas, both of Dallas; P. A. Lyon, III, Spearman; Barry Sell, Lubbock; and Gary Geistweidt, San Antonio. Ushers were Richard Booth, Spearman; and Joe Golding, Wichita Falls.

Assisting at the reception in fellowship hall of the church were Miss Sharon McIlroy, Lubbock; Mrs. Vernon Barnes, Stillwater, Okla.; Mrs. Steve Bailey, Dallas; Mrs. Tim Peden, Midland; Mrs. Danny Snider, Borger.

The couple will live in Spearman, where Mr. Holton is currently employed at the H and H Water Well Service.

Arts & Crafts Guild News

The Arts & Crafts Guild met Friday, October 1st in the home of Mrs. Deta Blodgett with her granddaughter, Mrs. Marilyn Cline, acting as hostess in her absence.

Delicious refreshments were served by Mrs. Cline to members, Mesdames: Nolan Holt, Garrett Allen, W. L. Russell, Bruce Sheets, Guy Fuller, Joe Traylor, Clay Gibner, Pope Gibner, Ned Turner, and F. J. Hoskins.

Next meeting will be October 8th in the home of Mrs. F. J. Daily.

Union Church Missionary Meet

The Union Church Missionary Ladies met Tuesday, September 28th at the Union Church.

President, Mrs. Bernard Barnes presided over the meeting.

The opening prayer was led by Mrs. Harold Bowen.

The Bible Study was conducted by Mrs. George Collard entitled "Study About Prayer and The Need of Prayer".

The group packed five boxes of clothes to send to their

Indian missionary, Sister Sauter.

The meeting was closed with prayer by Mrs. Archie Burress.

Those present were Mesdames: Bernard Barnes, J. T. Pond, George Collard, Harold Bowen, Janice Riley, Virgil Floyd, Wanda Burke, J. W. Pipkin, John Schubert, Leo Taylor, Robert Graves, Myrtle Fullbright, Jesse Francis, Lena Beeson, Chip Martin, and Archie Burress.

Next meeting will be October 12th at the church.

HD Club News

The Holt Home Demonstration Club met Tuesday, September 28th in the home of Mrs. Doyle Jackson.

President, Mrs. Jon Jarvis presided over the meeting.

Minutes of the previous meeting were read and approved.

Mrs. Jackson gave the program on how to make a doorstop pen. She passed out patterns and directions for the doorstop pen.

The first meeting in October, October 12th, there will be a program on Festive Foods at 9:30 A.M. in the Southwestern Public Service Building in Borger.

Refreshments were served by Mrs. Jackson to members, Mesdames: Raymond Kirk, Jon Jarvis, Monty Harbour, O. C. Holt, Britt Jarvis, Wallace Berner, W. C. Jackson, Marvin Jones, Phil Jenkins, Verlin Beck, and Fred Holt.

Next business meeting will be October 19th in the home of Mrs. W. C. Jackson.

The Spearman Home Demonstration Club met Friday, September 24th in the home of Mrs. Frank Davis.

Mrs. A. D. Reed presided over the meeting.

Mrs. Frank Davis gave the devotional taken from "One Who Cares" by Helen Steiner Rice.

Roll Call was answered by Mesdames: Richard Shedeck, W. H. Tarbox, B. J. Garnett, Viola Hutton, and A. D. Reed.

It was decided the officers

for 1975-1976 will serve one more year.

Mrs. Ed Hutton gave the program on Arthritis.

Next meeting will be October 8th.

Bridge Club

The Blue Monday Bridge Club met Monday, October 4th in the home of Mrs. Gwenfred Lackey.

High score was won by Mrs. Vi Whitson and second high was won by Mrs. Blanche Tabor.

Delicious refreshments were served by Mrs. Lackey to guests, Mrs. Agatha Rafferty and Mrs. Blanche Tabor, both of Gruver and Mrs. Vi Whitson of Spearman, and to members, Mesdames: Vester Hill, Major Lackey, Bill Gandy, Willie Seitz and Pope Gibner.

Next meeting will be October 18th in the home of Mrs. Sam Graves.

Our Heritage of Faith... notes from Faith Lutheran Church

Our intern couple have been out of town this past week due to the death of Harvey's grandmother. We extend our sympathy to them.

The Luther League meeting was scheduled to be held last Sunday was postponed. It will be held this Sunday afternoon at 2 pm. We hope all of our youth are present as there are important business items to be taken care of.

Our church women will have their monthly meeting on Wednesday, October 13 at the Parish Hall. Mrs. Dorothy Tackitt is the hostess for the evening with the study being led by Mrs. Delphine Kopke. Our ladies are reminded that November is the month of Thank offering.

The men begin the dart ball season with Oslo on Monday evening, October 18 here at Faith. Oslo will be the guests for the games. We hope for a good turnout of our men not only for an evening of competition with Oslo, but for the fun and fellowship that is involved in the night together.

Faith Church was well represented at the Panhandle Conference Convention held in Amarillo on September 25. It was also a joyous occasion as thru the use of matching funds with The American Lutheran Church, the remaining debt on the church was paid. We are very happy to have reached this milestone in the life of the Faith congregation.

There are many ways in which you can spend your Sundays. All of them may have some merit. If however there is no attempt to give recognition that God is alive & we are responsible for Him, then we are very foolish. An opportunity for a full religious life is given to you by Faith. Specifically with worship at 9:30 & Sunday School for all ages at 10:30 each Sunday. Other activities are also available to enrich your life with God and man. We invite you to make use of them.

Clinic Donations Being Received

Donations are being received at the Gruver State Bank for the Gruver Clinic. The money will be used to help get the clinic opened and in operation within approximately a month's time.

The Hansford County Hospital District wishes to thank all of those who have contributed to this worthy cause.

Hansford Unit ACS Meets

In a called meeting members of the Hansford Unit of the American Cancer Society met Thursday in the Deliberation Room of the Courthouse in Spearman with president Judge Johnny Lee presiding.

Members heard reports from various committee heads including that of the Spearman Service Chairman Mrs. N. F. Renner who reported only one service case being processed so far this period. The request, a colostomy case, was being processed and needed materials received. Mrs. Comfort Winders, Gruver Service Chairman, reported no requests.

Under a new Service policy, transportation will no longer be available for cancer patients to hospital and clinic areas due to the misuse of such a service. However, Judge Lee pointed out that, although we in Hansford County had never required this service, if such an occasion should occur, transportation could be procured through Manpower.

Mrs. Elmo McClellan, Jr., of Gruver, Education Chairman for the Unit, reported that Hansford County ranked second in the District in the field of education which involves every facet of education, films, brochures, lectures, etc. This

is, indeed, an accomplishment for the Hansford Unit.

Freeman Barkley, Treasurer, reported that through the Bike-a-ton and the 1976 Crusade, a total of \$9,733.21 had been turned in to date along with Memorials in the amount of 3,326.00, making a grand total of \$13,059.21 for the Hansford Unit of the American Cancer Society. The Golden

Hansford Unit of American Cancer Society at Thursday Meeting in Judge Johnny Lee's office from the left, Dr. R. L. Kleeberger, Medical Chairman; Mrs. N. F. Renner, Service Chairman, Spearman; Judge Johnny Lee, president; Mrs. Elmo McClellan, Jr., Educational Chairman; Mrs. Ted McClellan, vice president; Mrs. Comfort Winders, Gruver Service Chairman. Not pictured Mrs. W. L. Maupin, Publicity Chairman.

Achievement Award will be presented to the Hansford Unit in the near future for the efforts put forth during the 1976 Crusade which was under the direction of Mrs. James Stedje, Gruver, Crusade Chairman.

Those attending the Thursday meeting included Judge Lee, Mrs. N. F. Renner, Dr. R. L. Kleeberger and Freeman

Barkley. Spearman: Mrs. Comfort Winders, Mrs. Ted McClellan, Mrs. Bill Maupin, and Mrs. Elmo McClellan, Jr., Gruver.

Following the meeting, pecan pie, cheesecake, cakes and coffee were served. The next meeting of the Hansford Unit of the American Cancer Society will be held at 7:00 P.M., Thursday, November 18 in Gruver.

Rotary Club News

The Spearman Rotary Club met, October 4th at Martin's Steak Garden.

President, Junior Lusby presided over the meeting.

Charles Littlejohn gave the program entitled "Don't Burn", which included a film on simple methods of fire prevention and discussion.

The club welcomed Gary Sims into the club.

The membership drive has resulted in eight new members since August. It appears Peyton Gibner may be buying a meal for the club in the future.

Guests present at the meeting included Skinny Hender-

son of Dumas, Joe Sutphen of Borger, Henry Herring, Ken Schneider, Ronnie Antalek and Charles Littlejohn, all of Spearman.

Members present were Carrie Marie Berry, Junior Lusby, John R. Collard, Jr., Ed Garner, Don Wirsdorfer, Jack McWhirter, Don Hergert, Pete Fisher, John Hutchison, Kerry Henton, E. J. Copeland, Mark Neff, Peyton Gibner, Archie Burress, Elzey Vanderburg, Larry Murphy, Coy Palmer, Eddie Limbocker, Mack McCormack, John Lynn, Jim Brown, Jim McLain, Ed Freeman, Bob Elliott, Gary Sims, Tim Woodington, and Gene Cudd.

Next meeting will be October 11th at Martin's Steak Garden.

Energy conservation begins at home... an Energy Checked Efficiency Home!

About one-third of all electricity used in the United States is consumed in the home. If you're considering a new home for your family, look for the Energy Checked Efficiency Home sign. This sign is your assurance that the home has been built with special energy saving features in mind. Features such as proper insulation, weatherstripping around doors and windows, the right size heating and air conditioning units, hot water system, attic ventilation... and much more. The Energy Checked Efficiency Home sign tells you that a home has been constructed to save energy... and that means it can save you money. For more information on Energy Checked Efficiency Homes, call the friendly folks at Community Public Service Company.

'77 Farm Bill

COLLEGE STATION--"If farmers expect to influence 1977 food policy issues, it is time for them to begin planning, organizing and acting."

The reason for this is that the position of many political decisionmakers will be molded in the upcoming election, notes Dr. Ronald D. Knutson, economist in agricultural policy and marketing for the Texas Agricultural Extension Service.

"In the matter of food policy, producers can no longer be passive. At last count there were 26 agencies involved in decisions affecting food policy," points out the economist.

After the election, time for acting on new farm legislation will be short. "The impact of alternative agricultural and food policies is already being analyzed, and bills will soon be drafted. Ability to influence begins with an understanding of the issues," contends Knutson.

"The overriding issue is the degree of government involvement in agriculture," he emphasizes. "The Democrats favor increased government involvement on a variety of fronts while the Republicans favor a 'free market' or less government involvement."

"In the upcoming elections, most changes in farm policy will likely occur if the Democrats win," contends the Texas A&M University System specialist. "Democrats traditionally have been more willing to involve government in agriculture and have the image of being producer oriented. But if labor and consumer activists play a major role in electing a Democratic President, traditional producer orientation may be neutralized, lost or forgotten. Food reserves, higher target prices, consolidated and subsidized disaster programs, and expanded food aid are integral parts of this program of increased government involvement."

If the Republicans are elected, producers can expect a continuation of present freer market programs. "There is a desire to maintain a minimum of government restriction on production and prices. Price stability is not an objective of the free market approach. Instead prices are free to move in response to both domestic and international forces. However, when prices become 'too high' or supplies 'too short', government has become involved by means of export controls or price controls," notes Knutson.

As far as specific issues are concerned, the economist lists these--grain reserves, target prices and loan rates, commodity programs, disaster payments, acreage allotments and food aid.

Advocates of grain reserves argue that these will increase price stability, reduce risk, reduce the need to impose export embargoes, and increase consumer assurance of an adequate and dependable food supply. On the other hand, free market advocates say that reserves will distort market signals, depress farm prices, and discourage importing countries from holding reserves. They also contend that reserves are subject to government manipulation and are costly to manage and hold. Knutson notes that each of the positions has merit. There is no easy answer.

To many producers, the level of target prices and loan rates is the major farm policy issue. Both target prices and loan rates can be used by government as a partial incentive to either stimulate or reduce production according to market needs. Currently target prices and loan rates are well below production costs. Some producers would like to see more protection from falling prices.

Although few farm commodity programs still exist--peanuts are of prime interest in Texas--there is a general trend toward general farm programs that apply to all commodities, explains the economist. Most commodity programs that control production are in trouble, yet there is little debate over the need to retain standby set-aside authority.

Regarding disaster payments, two programs currently cover production disasters due to weather--the Federal Crop Insurance Corporation program and the Commodity Credit Corporation. The FCIC is voluntary and self-financing and is available for more than 20 crops although not all areas of the country. On the other hand, the CCC program covers

only five crops--upland cotton, wheat, corn, sorghum and barley--and provides disaster protection only to producers with acreage allotments. CCC payments come from the federal treasury. There is concern about federal costs and duplication between the two programs, with some discussion toward a producer-government insurance cost sharing program.

As far as acreage allotments are concerned, producers currently receive target price deficiency payments or disaster payments only on allotted

acres. One proposal would eliminate allotments by making all current production eligible for support loans, target price deficiency payments, and disaster payments.

Food aid is perhaps one of the most controversial issues, points out the economist. Key areas of food aid programs are food stamps, school lunch programs and P.L. 480, the Food for Peace program.

"The food stamp issue could be influenced greatly by how serious Washington is about welfare reform. There is the possibility that the school lunch program could change from a commodity to a cash program. With regard to P.L.

480, the commercial market has taken precedent over our willingness to give food aid. The question here is at what level will we continue to give food aid and to whom."

Knutson indicates the possibility that the current farm program may be extended for a year to allow more time for the new Congress to develop specifics of a new program. Yet he urges all producers to study the issues and the candidates seeking election so that they can have a voice in agricultural and food policies in the years ahead.

CWF BAZAAR

4-H's National Week Celebration

The 250 4-H members in Hansford County will be among 5.6 million across the United States celebrating National 4-H Week Oct. 3-9. A number of special activities are planned in relation to this national observance, which has as its 1976 theme, "4-H--Room to Grow".

This year's National 4-H Week is designed to challenge youth to examine their personal growth and development in 4-H and, at the same time, to broaden their interests and concern for others, points out

Jim Kuykendall. They are also encouraged to set goals and to respond enthusiastically to new opportunities.

4-H continues to be a highly flexible program and continues to expand and adapt to the changing needs and interests of young people. Project areas continue to expand, providing youth with many "learning by doing" experiences that will help them grow into productive, contributing members of society. 4-H helps youth learn skills to cope with real-life

situations today as well as to prepare for the years ahead, emphasizes Kuykendall. "Hats off!" to all 4-H members, their parents, volunteer leaders and businesses for making the 4-H program what it is today--a dynamic, action-oriented program for action-oriented youth.

Stumpf's Host Pinochle Club

The Pinochle Club met Saturday, October 2nd in the home of Mrs. Harry Stumpf. A fried chicken dinner was enjoyed by guests, Mr. and

Mrs. Wesley Brinkley, and by members, Mr. and Mrs. Fendorf Schubert, Mr. and Mrs. Granville Boyd, Mr. and Mrs. Gordon Cummings, Mr. and Mrs. Warren Proctor and hosts, Mr. and Mrs. Harry Stumpf.

Next meeting will be November 13th in the home of Mr. and Mrs. Warren Proctor.

Do you have problems finding closet room for your clothes...do you spend unnecessary time finding your favorite garment...then do you have to press it because it was crushed in the crowded closet?

Then you can't delay a 'closet face lift' any longer. Begin by separating the wardrobe into categories--seasonable wearables, out-of-season wearables, unwearables with updating or repairing possi-

lities, and not salvageables. Give the not salvageables to a favorite charity or anyone who could use them. Usually if a garment hasn't been worn for a season, it won't be next season either, so it's best to discard or update it.

Store garments with updating possibilities along with the sewing supplies for another day's project.

Out-of-season wearables should be cleaned, repaired and then stored out of the way in the back of the closet, in a little-used closet or in other available places where protected from dirt, lint and light. Arrange reasonable wear-

ables in a manner most logical and convenient for available space and personal use. Many prefer grouping garments by type--such as pants, dresses or shirts, or by activity, such as dressy garments, active sportswear or work clothes.

Closet aids such as padded hangers, tie racks or shoe bags help preserve garment shape and condition and make effective use of closet space.

Use available wall and door space to maximum advantage with hooks, peg boards, racks, extra shelves and storage boxes.

Remember, a little time and effort periodically spent in

managing the closet pays off in added convenience, ease in dressing and in preserving the life of the wardrobe.

County Agent News

A morning seminar, a complimentary barbecue and an afternoon tour of Olton Feedyards, Inc. where the Hydrasieve cattle dip recycling system will be demonstrated, according to Dr. John M. Sweeten, agricultural engineer for the Texas Agricultural Extension Service, College Station.

"Feedlot managers, yard

foremen, veterinarians, entomologists and suppliers will be interested in attending this unique event," says Sweeten, who is coordinating the field day. "We will discuss water pollution controls, state and federal requirements for cattle dipping vat management and cattle economics."

Sweeten says the Hydrasieve system which will be highlighted during the afternoon tour proved successful in reducing pesticide cost and disposal requirements in an Extension result demonstration supported by the Texas Cattle Feeders Association.

Speakers for the one-day event, besides Sweeten, are

Dr. James C. Christy, scabbies epidemiologist with APHIS-USDA, Amarillo; Dr. Gene C. Cope, area veterinarian, Texas Agricultural Extension Service, Amarillo; Dr. Richard P. McDonald, executive assistant, Texas Cattle Feeders Association, Amarillo, and Dr. Wayne Rose, manager of chemical research, Cutter Animal Health Laboratories, Division of Bayvet Corporation, Shawnee, Kansas.

Also, Dr. James B. Young, staff veterinarian with the Texas Animal Health Commission, Austin; and Ms. Peggy Test, engineering technician, Texas Water Quality

Board, Amarillo.

The field day is sponsored by the Texas Agriculture Extension Service, Texas A&M University, in cooperation with Texas Cattle Feeders Association.

Window shopping is not all lost time. Consumers with a plan of what they need and when they want to buy will be able to make good use of time spent browsing.

Fall is a good time to take inventory of upcoming needs. Think ahead to the purchases that will be necessary. Clothing, appliances, holiday gifts, home furnishings and other expected items can be planned for now.

When you browse, remember that most of our purchases are compromises. It is not often that all the features we want are wrapped up in one item without at least one undesirable feature. So the smart shopper keeps a mental or written checklist of the qualities he especially wants to look for. This clarifies in his mind which features he cannot compromise, so he can be sure to get the item that best satisfies his needs.

With a plan in mind, the consumer can use his window shopping time and energy for comparison shopping and sales watching. That way, consumers can turn what may sometimes be aimless browsing into an efficient shopping technique.

Consumers shopping for small appliances will see some big improvements--and some new versions--along with old favorites back again this fall.

Predictions from manufacturers indicate that 'ethnic appliances' such as crepe pans and woks, will be big sellers.

New on the market will be a small deep fat fryer with capacity to cook one or two servings at a time. This appliance will be marketed as a companion for the popular burger cooker. For singles or youngsters, these two appliances can solve meal problems quickly.

Some burger cookers will come as two-burger models; others will have a reversible surface to double as a small griddle for eggs or sandwiches. Some cookers will provide for hot dogs as well as hamburgers.

One new appliance to look for will be a portable indoor grill that duplicates outdoor charcoal flavor. A built-in power exhaust system can be vented through a window or used with a regular vent on the kitchen range.

New toaster-oven combinations will feature broiling capabilities not recommended in many older models, and some new ones are even self-cleaning and can be pre-set for starting and stopping.

New with slow cookers will be a model that supplies a base to be used as a grill (two pancake size). The same appliance then can be used to grill, bake, roast, stew and serve.

With all these new features on the market, consumers need to be even more alert to comparison shopping. Manufacturers will compete with prices, guarantees and extras. Compare several brands in different stores before purchasing.

WATER UNDERGROUND

Few people realize that they can save themselves money by going underground.

In many areas across the country there's abundant water underground, and many people are discovering they can tap this natural resource by drilling their own wells.

One man found that his savings would total \$520.70 a year if he used his own well instead of depending on water district supplies. The figure includes electricity for running the pump, pump maintenance, and depreciation.

According to Durward Humes, executive secretary of the Ground Water Council, "If underground water is abundant in your area, as it is in most, and if you have a good working well, you're usually many dollars ahead if you use your own well. The same economics favor suburban and small town wells."

For free information on how to select a water system, write Ground Water Council, Box P, 221 N. La Salle St., Chicago, Illinois 60601.

Hansford County 4-H Club officers and organizational leaders prepare for National 4-H Week in an all day workshop at the Gruver County Barn Saturday.

4-H'ers Have Workshop

4-H Club officers and Organizational Leaders in Hansford County met with County Extension Agent, Jim Kuykendall and Peggy Marrs, Saturday, October 2, in the Gruver County Barn for an all day workshop to train officers and prepare for National 4-H Week.

All those present, participated in role playing situations which are a part of conducting regular meetings. During the workshop, posters were made to publicize National 4-H Week.

Officers and current members of the Hansford County 4-H Council include: Todd Williams - Chairman, Darla Armes - 1st Vice-Chairman, Halee Reed - 2nd Vice-Chairman, Julie Farr - Secretary, Brenda Dahl - Treasurer, Shelly Logsdon, Larry Lackey, Quentin Hart, Ty Williams, Andy Francis, Hadley Reed, Van Hamilton, Wesley Wood, Cole Ivey, and Cherral Washburn.

Officers of the Spearman

Community 4-H Club are Halee Reed - President, Hadley Reed - Vice President, Andy Francis - Secretary-Treasurer, and Julie Farr - Council Delegate.

The Spearman 4-H Horse Club Officers are Andy Francis - President, Halee Reed - Vice President, Hadley Reed - Secretary-Treasurer, and Brenda Dahl - Council Delegate.

Officers for the Gruver 4-H Community Club include Todd Williams - President, Ty Williams - Vice President, Shelly Logsdon - Secretary-Treasurer, and Brenda Dahl - Council Delegate.

Gruver 4-H Horse Club Officers are: Quentin Hart - President, Darla Armes - Vice President, Cherral Washburn - Secretary-Treasurer, and Todd Williams - Council Delegate.

Officers for the Hansford County 4-H Rodeo Club are: Quentin Hart - President, Darla Armes - Vice President, Todd Williams - Secretary-Treasurer, Wesley Wood - Reporter and Cole Ivey - Council Delegate.

Oklahoma Symphony Orchestra To Perform

The Oklahoma Symphony Orchestra, formerly the Oklahoma City Symphony, is going to have three performances in the Hughes-Strong Auditorium on October 27 at Panhandle State University.

The programs will include two youth concerts for the school students of the area. The first youth concert will be at 12:30 p.m. and the second will be at 1:35 p.m. The admission for the youth concerts is 50 cents. The adult concert will be at 8 p.m. and the admission is \$2.50 at the door or \$2.00 for tickets bought in advance.

This performance will be the fourth appearance of the group in the Panhandle, all of which have been on the PSU campus. The orchestra is conducted by Ainslee Cox, who is formerly of Gruver, TX.

Area businesses helping to

sponsor the Oklahoma Symphony Orchestra are: Carter Construction, Guymon; Swift Fresh Meats Co., Guymon;

First National Bank, Texhoma; Guymon Daily Herald, Guymon; Radio Station KGYN, Guymon; First State Bank, Stratford, TX; First State Bank, Boise City; First State Bank, Elkhart, KS.

In addition to the above are First State Bank, Guymon; City National Bank and Trust Co., Guymon; Perkins Petroleum, Guymon; First National Bank, Hooker; Brier and Hale Music Co., Liberal, KS; Stanfield Printing Co., Guymon; Gruver State Bank, Gruver, TX; First State Bank, Spearman, TX.

Also helping sponsor this project are the Oklahoma Arts and Humanities Council and the National Endowment for the Arts.

'76 America's 200th - '76 Hansford County's 100th

The score is 45,000 to 600...yes the three Hansford county newspapers print approximately 45,000 words per week about Hansford folks... All other newspapers in the Golden Spread combined print about 600 words per week about Hansford folks... We are proud of the score, 45,000 to 600... but most of all we are proud of our advertisers who make all of this possible, and those who call on us for their printing and office supplies....

Thanks, from all of us

Sherman To Be Speaker

Dr. Mitchell Jones, President of the Panhandle Planned Parenthood Association has announced that Senator Max Sherman will be the guest speaker at the Association's Sixth Annual Meeting, which will be held October 12, 1976, at 12:00 noon, at the Amarillo Country Club.

Senator Sherman helped organize the Panhandle Planned Parenthood Association and has actively participated in the Planned Parenthood program since 1968. Senator Sherman is a native of Phillips, Texas. He is a graduate of Baylor University and holds a law degree from the University of Texas. He is very active in church work in Amarillo, as is Mrs. Sherman, who is the church organist. In addition to the Senator's many official duties and committee assignments, he finds time to be active in Kiwanis and Jaycees having been honored by receiving the "Young Man of the Year" Award.

Early Fire Warning Can Save Lives

COLLEGE STATION --National Fire Prevention Week is designated each year to emphasize precautions which can be taken to prevent injuries and loss of life and property from fire. This year Fire Prevention Week is Oct. 3-9, and homeowners are encouraged to consider installing an early warning system as a fire safety measure.

warning system can be a life saver, emphasizes Nelson. Although many different types of heat and smoke detectors are available at varying costs, one or two strategically placed, single-station smoke detectors can do the job. Estimates show that if homes were equipped with an early-warning fire detection device, between 40 and 50 percent of the people killed in home fires might be saved.

contained units that can run on batteries or can be plugged into existing electrical systems. The cost averages \$50 per unit. Two types of effective smoke detectors are listed with the U.S. Consumer Product Safety Commission: ion-chamber detectors and photoelectric detectors.

and understand the extent of the guarantee and who will honor it. "The location of fire detectors in the home is extremely important," emphasizes the specialist. "A single station unit smoke detector installed outside the bedroom area on the ceiling or wall will provide basic protection for the average home. If the dwelling is a two-story building with bedrooms on both floors, two units are recommended--one outside each bedroom area. Ceiling mounted units have proven superior to some wall mounted units in equipment tests because smoke more readily enters the detection chamber. Nelson reminds homeowners that even though fire has been detected early, it can still endanger lives if the home cannot be evacuated quickly. Although the first choice might be to walk out the front door, this is not always possible. Therefore, careful consideration should be given to alternate methods of escape.

Find Out about 4-H

4-H enables parents and their children to form a partnership that can result in many worthwhile experiences, says Jim Kuykendall, county agent for the Texas Agricultural Extension Service. 4-H is a program for youth between the ages of 9 and 19 and is administered by the Texas Agricultural Extension Service of the Texas A&M University System. Through 4-H, parents get involved with their youngsters by helping them with one or more of over 100 projects. By getting involved with the projects, parents help their youngsters learn the basic skills and information and help them to fulfill an obligation. The "partners" then build on these successes in areas of project work, leadership, community service and many other character-building experiences, points out Kuykendall.

sons and daughters in 4-H work, parents can overcome the problems commonly referred to today as the "communication gap" or "generation gap". 4-H projects serve as a beginning to start the parent-youth partnership, and the relationship can grow through mutual understanding and trust between parent and child, notes Kuykendall. Parents and 4-H'ers learn to share the joys of winning and the disappointment of losing and to jointly work out solutions to problems as they arise. Contact the county Extension office to learn more about the 4-H program and how it can develop close family ties through working partnerships. National 4-H Week is coming up Oct. 3-9 and 4-H'ers will be busy promoting their organization and telling about their programs. This is a good time to find out more about 4-H, adds Kuykendall.

United Presbyterian Church News

Lay Renewal Prayer Group meets Thursday, October 7, at 8:00 p.m. at the home of Mr. and Mrs. E. J. Copeland. There is a Sunday Church School class for every age group every Sunday at the First Presbyterian Church at 9:45 a.m. "Ruffled Feathers" will be the subject of Pastor Ed Freeman's children's sermon and "True Greatness" is the subject of his adult sermon at the service for the public worship of God on Sunday, October 10, at 11:00 a.m. Area I Fall Meeting of Women of Palo Duro Union Presbytery is on Tuesday, October 12, with registration beginning at 9:30 a.m. at St. Luke Presbyterian Church in Amarillo. The program will start at 10:00 a.m. and will end not later than 1:30 p.m. The program will include a talk by the Rev. Paul Young.

general Presbytery, Palo Duro Union Presbytery, on "Denominational Objectives and Mission Interpretation for 1977". There will be a nursery. The Women of the First Presbyterian Church will meet on Wednesday, October 13, at 9:30 a.m. with Helen Eitter as hostess. Myrt Bohananon has the program. Sherry Burnett has devotions. Il John will be the subject of the Bible Study on Wednesday, October 13, at 8:00 p.m. **Items Needed For Patients** The Spearman Study Club, in conjunction with a state project of the Texas Federated Women's Clubs, will be collecting used wigs and gowns and pajamas (both men's and women's) for M. D. Anderson Hospital. The wigs need not be styled, but must be clean. The deadline for collection is Oct. 16 and the collection places are Chamber of Commerce Office, Lil' Lynx Shoppe and Cinderella Beauty Shop.
