

The Spearman Reporter

THE SPEARMAN REPORTER, Hansford County, Thursday, May 12, 1955

Approx. one-half inch moisture in Spearman on Wed. The rain was heavier to East of Spearman, lighter to West.

Opening Of Beautiful Co Station Is Saturday

Opening of the new station on Saturday, May 14, at 10 o'clock a. m. will be a grand opening of an electric line. The public is invited to attend.

dent Freck

Frederick Gruber, county supervisor of the Farmers Home Administration, was notified by the State office that his office was authorized to resume acceptance of applications for assistance in procuring feed grain under emergency feed program in these counties on the North Plains. Applications may be accepted until midnight June 15. These will be acted upon by the committee not later than June 16. The total amount of feed for which an applicant may qualify will be the feed required to carry his livestock through June 30, taking into consideration feed on hand and amount approved on his last application, as well as any to be harvested during period.

Drouth Feed Program Resumed

Arthur R. Turner, County Supervisor of the Farmers Home Administration, was notified by the State office that his office was authorized to resume acceptance of applications for assistance in procuring feed grain under emergency feed program in these counties on the North Plains. Applications may be accepted until midnight June 15. These will be acted upon by the committee not later than June 16. The total amount of feed for which an applicant may qualify will be the feed required to carry his livestock through June 30, taking into consideration feed on hand and amount approved on his last application, as well as any to be harvested during period.

Slick Nollers Says No Freeze This Year!

Slick Noller, outstanding wheat farmer and cow-man from Spearman, and irrigation farmer, informed the newspaper Monday of this week that there will not be a late freeze to damage this wheat this year, and we heartily agreed with him. It looks like, sure enough, we have missed the freeze damage of the last two years. If it doesn't freeze this year, it will give this wheat a much better chance of production, despite the drouth, blight, and hot winds.

Well, we hope Slick Noller is right. And the odds are in his favor. In fact, it is almost a cinch that it won't freeze after the middle of May! But it has as late as the 20th of May!

Mrs. Earl Riley, accompanied by Mrs. Lois Pearson, spent the Mothers Day week end in Denton with Mrs. Riley's daughter Anne. They spent Monday in Dallas.

Twentieth Century Club Celebrates 28th Luncheon

Spearman Twentieth Century Club enjoyed their annual Spring Luncheon Thursday, May 5th, at 1 o'clock p. m. in the fellowship hall of the First Methodist Church.

Hostesses for the arrangement of the luncheon and program were Mesdames: George Buzzard, Raymond Kirk and J. H. Buchanan.

Mrs. Pete Fisher, club president, presided over the luncheon and introduced the program and special guests: Song—"God Bless America" by Club members, accompanied by guest pianist Mrs. Robert Schnell. Invocation—Mrs. George Buzzard, Solo—"It's No Secret" by Mrs. Wanda Leifer in memory of Mrs. Grace Hale, accompanied by Mrs. Schnell.

The Luncheon tables were covered with white cloths and decorated with white and pink carnation centerpieces in which were centered colorful miniature maypoles carrying out the spring-time motif.

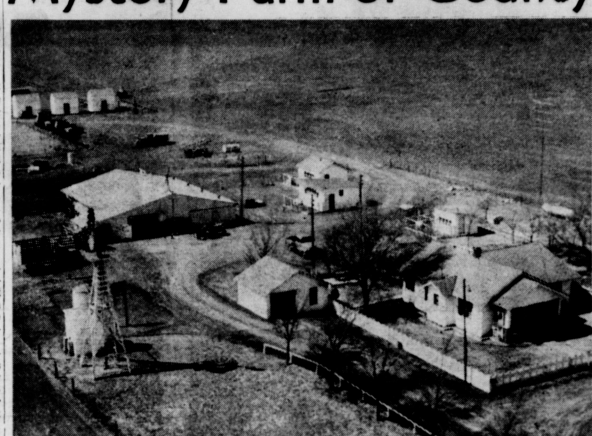

Mrs. Fisher made an interesting talk and called for reports from each committee. Some very good reports of the different activities of the Club the past year were given. The retiring president at this time presented Mrs. Dwight Hutchison the new president for 1955 and 56. Mrs. Hutchison expressed her appreciation of the honor of serving the Club for the coming year. She introduced the new officers and chairman for the new year asking for their cooperation in making this an outstanding year in club work.

Mrs. Paul Smith lead the Club Collect in closing the luncheon. Members registering were mesdames: Ralph Blodgett, Fred Holt, Dwight Hutchison, Diana Hubbard, Nolan Holt, Marvin Jones, J. R. Keim, G. R. Killgore, Wayne Hutchison, Raymond Kirk, J. Renner, Roy L. McClellan, O. C. Holt, Joe Traylor, Paul Smith, Ralph McLaughlin, Deta Blodgett, George Buzzard, J. H. Buchanan, R. V. Converse, R. C. Fisher, W. N. Gandy, D. B. Keim, Rex Sanders, J. D. Wilbanks, H. C. Brillhart, Woodville Jarvis, E. C. Womble, P. A. Lyon, T. D. Samsing, Olin Sheets, H. P. Cates, R. W. Harbour. Honorary members present were Mrs. W. J. Miller and Mrs. Paul Roach of Texhoma, Okla. Guests were Mrs. Robert Schnell and Mrs. Wanda Leifer, and Mrs. Austin Cotter of Anadarko.

Mr. and Mrs. Garland Head and son of Dumas visited relatives and friends here over the Mother's Day week end.

Marvin L. Hart, Gruber, was promoted recently to Captain in the Air Force ROTC program at the University of Oklahoma. He is the son of Mr. and Mrs. J. M. Hart of Gruber.

Mystery Farm of County

This is the third of a series of 52 Mystery Farm home pictures which will appear in the Reporter each week. The pictures and the contest is sponsored by a group of 10 aggressive local businessmen whose names appear on the page advertisement in this issue of the Reporter, together with messages from the merchants.

Be sure you register your identification guess with the Reporter, since we will give away a years subscription to the paper to one of those who correctly identify owner or operator of this Mystery farm.

Gruver And Spearman Grade School Bands Both Make Superior Ratings In Area Contest

The area Interscholastic League Music Area for Grade School music programs was held at Gruber on May 5, 1955. Division ratings were given. Division I—Superior, the best conceivable performance; Division II—Excellent, an unusual performance but has minor defects; Division III—Good, but not outstanding; Division IV—Fair; Division V—Below average.

The Spearman Grade School Choral group entered the contest and made an Excellent rating.

Band ratings were as follows:
Spearman I I
Gruber I I
Sunray II II
Stratford III II

Gruver's pre-Band instrument group also made a I rating.

Solo rating for Gruber was as follows:
Dale Knight I, Vivian Van Hart II, Tommy Hill II, Ronnie Wright III, Judy Brown III, Sherman Ayers I, Gary Evans I, Anthony Holland II, Margaret II, Glenda Chuck II, Curtis Harris II, Catherine Miller II, Roger Vernon II, Kathryn Peady II.

Solo ratings for Spearman and New Hope were as follows:
Burton Schubert I, John Chain I, Bobby Wither I, Steve Mathews I, Eddie Spiller II, Jerry Johnson I, Sharon Craig I, Sheryl Driscoll I, Eddie Marshall II, Kay Myers II, Danny Smith I, Jimmy Johnson II.

Twirling ratings were as follows:
Leslie Beener I, Janet Wade I, Barbara Charon I, Janis Hart II, Patty Van Buren II, Sharon Harvey II.

Gruver Student To Graduate From McMurry College 23

ABLENE, (Sp.) — Nita Smith, daughter of Mr. and Mrs. O. A. Smith of Gruber, will graduate from McMurry College May 23 in the school's 31st annual commencement exercises.

Miss Smith will receive the bachelor of arts degree with a major in religion and a minor in English.

At McMurry, she is a member of Volunteers, Kappa Phi women's social club, and Christian Foundation. She has served as president of the social club, representative of the social club council, and secretary of the social club council.

General Patrick Jay Hurley, U. S. Army retired, will deliver McMurry's commencement address at 10 a. m. Monday, May 23. The baccalaureate sermon will be delivered Sunday, May 22, at 8 p. m. by the Rev. Jordan Grooms, pastor of the First Methodist Church of Big Spring.

McMurray will confer honorary laymen at the commencement ceremonies.

To receive the honorary doctor of laws degree are Carl Hatch of Albuquerque, N. M., formerly a U. S. senator and now a federal district judge; and O. H. Finckelstein, Dalhart, businessman and rancher.

The four ministers who will receive the honorary doctor of divinity degree from McMurry are the Rev. Wayne Reynolds of Ballinger; the Rev. Howard H. Holloway, San Antonio; the Rev. J. E. Shewbert, Lubbock; and the Rev. Earl Nowlin, Carlsbad, N. M.

Lions Make 179.00 Tuesday

The Spearman Lions Club wishes to thank the entire town for their cooperation in buying the brooms, floor mats, etc., Tuesday.

Approximately \$800.00 was taken in, with the local Youth Program retaining \$179.00, and the blind workers who made the goods receiving the balance of the money. This was a very worthwhile project, and the Youth Program will be greatly benefited from the work of the Lions Club.

Walter Wilmeth In Hospital

Walter Wilmeth, well known cattleman from Spearman, is in the Perryton Hospital, suffering from a heart condition. Walter was very low on Wednesday, and the family was called in at 3 p.

L. W. Mathews Estate Ranch Home Is Second Mystery Home In Series Of Paper

The well known ranch home of the late L. W. Mathews was the picture printed as the Mystery Farm of Hansford county in last week's newspaper. Some fifteen people have identified the farm up to today Monday of this week. Tuesday noon we will close this weeks contest and select one of the subscribers to be given a years subscription to the newspaper.

The late L. W. Mathews was another of the North Plains pioneer ranchers and farmers. Mr. Mathews was born in Young county, Texas near Graham, Texas. He moved to Hutchinson county to engage in the cattle business in 1901. He lived in the area some

five miles east of Morse until about 1923, when he moved to Spearman.

He met the late Mrs. L. W. Mathews before he moved to Spearman, and was married in 1901. Mr. Mathews built the house that appears in the Mystery picture back in 1931. He and Mrs. Mathews did not live there but about 2 years, having moved to Spearman and the lovely ranch home has been for the use of employees who have worked for Mr. Mathews and the Mathews Estate. At the present time Mr. and Mrs. J. D. Beeson and family live at the ranch home. Mr. Mathews made all of the improvements over a period of years from 1929 until about 1939. The ranch home ranks high in the area as a home of comfort and efficiency. The Estate comprises of 14 section of land, with about 1200 acres

in cultivation and the rest in grass land. At the present time there are about 400 steers located on the ranch.

Virgil Mathews and Orville Mathews, both are following in the footsteps of their father in farming and ranching in this area. Mr. and Mrs. Virgil Mathews live in their beautiful home in Spearman and Mr. and Mrs. Orville Mathews and family live in their lovely home West of Gruver.

Two other members of the original Mathews pioneer family are Mrs. Nova Foote of Floydada, Texas and Mrs. Evelyn Guthrie of Dumas, Texas.

Mrs. Mathews preceded her husband in death, having died in early 1947. Mr. Mathews died at an Amarillo hospital Sept. 3, 1964. Mr. Mathews married Mrs. Maude Smith, May 5, 1948, and is

 The National Petroleum Information Council, which is the national organization of the oil industry, has recently conducted a survey of the oil industry. The survey disclosed that the prices of oil and oil products are being kept artificially high by the oil industry. The survey also disclosed that the oil industry is engaged in a campaign to prevent the government from taking any action to regulate the oil industry. The survey also disclosed that the oil industry is engaged in a campaign to prevent the government from taking any action to regulate the oil industry. The survey also disclosed that the oil industry is engaged in a campaign to prevent the government from taking any action to regulate the oil industry.

Round-Up Thrift Stamp
 A recent issue of one of our magazines, reveals some startling facts about the Bible. It is still the most published book in the world. It has been translated into 144 different languages for the people of all 149 countries and 9 groups of Pacific Islands. These are thrilling facts, and provide an impressive monument to the divinity of God's Holy Word. It is, however, rather difficult to understand how this could be at the same time such a small percent of the people of the world really appreciate the message of that wonderful book. It could be that we have drifted into a dangerous lethargy that is quite prevalent in all of the real issues of life are concerned. Everywhere and more of our homes are being destroyed in the divorce world. The divorce rate is ever increasing. Our magazines are guilty of communism. "isms" are being thrust to the fore. These things happen, there is a

 petroleum in-
 conducted a sur-
 said, in effect, "Come
 an embarrassing ques-
 survey disclosed that the
 had some rather
 questions to ask a
 and the oil in-
 But far from trying to
 or ignore this fact, a
 of the local Oil
 Information Committee
 had upon this newspaper
 five of the most frequent
 questions before it,
 volunteered the facts the
 wants.
 of the questions turned
 the survey concerned the
 a petroleum: aren't all
 brands of gasoline the
 don't various companies
 suspiciously similar prices
 isn't the oil
 really a sort of mono-
 nopoly?
 are the answers that
 volunteers:
 are the answers that
 IC volunteers:
 great brands of gasoline
 in composition and manu-

ature and therefore in perfor-
 mance. There are scores of dif-
 ferent formulas, each adapted to
 a certain range of engine charac-
 teristics, geographical or climatic
 requirements, or special consumer
 needs. If all were the same, it
 would be impossible for each
 driver to get good performance,
 as he now can, from his own make
 and model of engine, anywhere
 under any conditions, in any
 weather.
 The individual dealer's gasoline
 prices tend to level off where
 margin of profit and volume of
 sales strike the most favorable
 balance. This sensitive adjustment
 makes the prices of competing
 brands "suspiciously similar" in
 any given area, with small but
 distant differences. The U. S.
 Consumer Price Index shows, in-
 cidentally, that gasoline has risen
 only 7.3 per cent (without taxes)
 since 1925, against the average
 commodity price increase of 53.1
 per cent.
 Monopoly? There are some 42-
 000 competitive oil companies in
 this country, plus some 190,000
 independent concerns in the busi-
 ness of operating the nation's
 200,000 service stations.
 Another of the questions is
 "Will atomic energy put oil out
 of business?" The industry doesn't
 think so, pointing out that "power
 needs are growing at such a
 rate that atomic energy will be
 a welcome supplement to other
 energy sources for countless

years to come." W. L. Davidson
 of the Atomic Energy Commis-
 sion doesn't think so either. The
 oil industry's answer quotes him
 to the effect that "coal, petro-
 leum, natural gas and atomic
 energy will continue to main-
 tain or improve their roles for
 themselves in supplying the future
 energy needs of this power-hun-
 gry planet."
 The fifth point on which the
 public wanted facts was "about
 the stories that the oil indus-
 try bought up and suppressed a
 patent on a 100-mile-per gallon
 carburetor." The OIC says that
 no such carburetor has ever been
 patented, or "even stood up to
 intensive investigation." The in-
 dustry group submits that pa-
 tents can't be kept secret any-
 way, since the U. S. Patent Of-

lice will supply anyone with
 copies of any patent ever issued.
 More interesting than the ques-
 tions or their answers is the
 fact that the petroleum industry
 invited the public to ask them,
 and volunteered the answers. The
 Oil industry, one of the biggest
 businesses in the world, is a
 product of individual initiative
 and of free enterprise, and it
 is up to the American people
 to keep it this way.

**Rotation Grazing . . .
 Makes Good Pasture**
 COLLEGE STATION — Rotation
 grazing is essential to good pas-
 ture management.
 "Cattle feeding continuously on
 a pasture can trample a lot of

good grazing into the ground,"
 E. M. Trew, extension pasture
 specialist, says. "Grazing effi-
 ciency studies show that often on-
 ly 30 percent of the grazing
 produced is eaten by livestock."
 Pasture rotation "livestock"
 the grazing and forces livestock
 to remove all the growth from
 a small area in a short time. Un-
 der rotation, plants may be grazed
 when most palatable and are
 given opportunity for regrowth
 and rest between grazings.
 Since rotation grazing calls
 for cross fencing, the use of in-
 expensive, portable electric
 fences is recommended.
 Many stockman who practice
 rotation will have more grass
 from now until about July 1
 than they can use, Trew says. If

the supply outstrips demand, bale
 or ensile the excess for feed
 insurance.
 Mowing is important to pro-
 per pasture management for two
 reasons: to control weeds and to
 revert plants into new growth.
 Mowing during the growing sea-
 son keeps plants in a vegetative,
 nutritious condition.
 Other investments of time and
 labor which go into improved
 pastures are wasted, however, un-
 less there is ample fertility in
 the soil. A soil test tells the
 right kind and amounts of fer-
 tilizer you need.
 Animals grazing lush, fast grow-
 ing pasture will need some dry
 hay, Trew adds. Many stockman
 meet this requirement by mov-
 ing several strips across their

pasture. This way, cattle pick
 up the dry grass as needed.
**Dehydrated Sewage
 Sludge poor feed
 For Steer Fattening**
 COLLEGE STATION — Dehy-
 drated sewage sludge is not a
 satisfactory source of protein in
 steer fattening rations, tests in-
 dicate.
 Steers fed finely ground dehy-
 drated sewage sludge made aver-
 age daily gains of only 1.89
 pounds each compared with 2.3
 pounds of gain for steers on
 a concentrate mixture common-
 ly used to fatten cattle during
 a recent 92-day test at Texas
 A. & M. College.
 Animals on the basic ration

consumed 18 percent more con-
 centrate daily and gained 26
 percent more weight. They also
 required 15 percent less dry feed
 per 100 pounds of sewage sludge,
 similar group fed sewage sludge.
 Dehydrated sewage has been
 reported to contain 30 percent
 crude protein or its equivalent
 in nitrogenous compounds.
 The sludge was substituted in
 the ration for cottonseed meal
 on an equal protein basis. Cotton-
 seed meal, ground sorghum grain
 and whole oats comprised the
 basic ration during the experi-
 ment.
 Texas produces nearly half of
 the oil output of the United
 States, and has 56.8 percent of
 the nation's known oil reserves.

son, and that reason should be
 the concern of every one of us
 who is taking so much for grant-
 ed. The alarming thing is the
 fact that these conditions exist
 in spite of the fact that the one
 book that contains all of the an-
 swers is the most published of
 all books.
 Perhaps we respect the Bible as
 we often do our homes, our
 children, our companions and all
 of the other real and important
 things of this life; we take them
 for granted, we want to enjoy
 their blessings without paying
 the price. A house, furniture and
 people with plenty of food and
 money does not make a home.
 A Bible in every home, little
 read and less heeded, will not
 make a Christian life. A strong
 profession of Christ and a vigor-
 ous pursuit of the moral laws
 is not enough; these must be
 accompanied with the realization
 that every fact, command and
 promise of the Word of God
 is meaningful, and that the
 "must" is as meaningful as the
 "may." "Blessing!" This we need
 to learn.

SPEARMAN, TEXAS

W. E. Hacker - 314 S. Townsend

YOU NAME IT
The Texas agriculture department reports that this year's wheat harvest will be the poorest since 1925. Old timers, it is worse than it was in the 30's according to the record. Only 11,000,000 bushels of wheat will be produced this year.

Dr. Trogon, chemist, Mathison Chemical Company; Robert Thurmond Extension Irrigation Specialist, College Station, Texas; Jack Barton Extension Soils Spec. College Station; Ben Spears, Extension Agronomist, College Station, were guests of Bill Goldston at a Farm Fertility day in Spearman Wednesday.

Scattered, intermittent rain be-

gan falling about 4:00 a. m. Wednesday in Spearman. See weather report for total moisture.

Very little oil news this week. We heard that the Tomlinson and Harvey wells were good ones, but it seems that the final release will not be available for some time.

One of the largest court crowds in Spearman history attended the trials this week. The city was jam packed, Monday thru Wednesday.

The water and sewer expansion is terrific in the city. Still a lot of pipe to lay, for this fast growing city.

The Morse seniors are looking for work, to help them make their senior trip. You people in Morse call on them, and help them earn some money for their senior trip.

Judge Johnnie Lee, says school transfers must be in by June 1st. Parents, see Judge Lee for your application, if you live in Hansford County.

Typewriters for the Graduate! Spearman Reporter.

THIS and THAT
Around Gruver

Clean up week begins May 19th and runs through the 20th. R. A. McMillan is general chairman, assisted by Gordon Gross, Skeezie Riley and Buddy Gruver. A ladies committee headed by Mrs. J. C. Harris, will survey the town and report on conditions they find. We hope that everyone will take part in this campaign. Let us make our city beautiful as well as clean.

Mr. and Mrs. Blackie Dalton are very happy over the arrival of a new son. Mrs. Dalton is the former Monta Jo Ayres. Congratulations to all concerned.

Mrs. Skeezie Riley is still very ill. At the present she is in Fort Worth taking treatments. Her parents Mr. and Mrs. Fred Hodges, Skeezie and the children went down to visit her over the week-end.

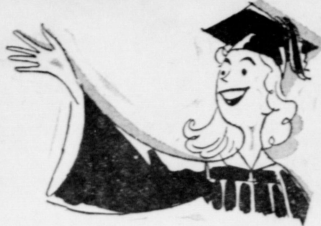

J. C. Harris is back at home and looking and feeling just fine. However, he is not allowed to work as yet. That of course is pretty tough.

Mrs. Cecil Holt has returned from an extended trip East. She left her at Easter with Mrs. Coy Holt, and they visited with Coy Miles. Mrs. Holt then flew to New Jersey and spent several weeks with Rosemary, Jack and the children. She also visited Washington D. C. She says that spring has really arrived in New Jersey and that the flowers are beautiful.

Mr. and Mrs. E. K. Snider are in Sun Valley enjoying the BMA all star convention. Mr. Snider is the BMA insurance representative for this territory, and is well known here.

IN MEMORY OF GLENA,
WHO LEFT US FIVE
YEARS AGO MAY 9.
Oh how we miss you Glenda
Dear
Since God called you home to
rest.
Although our hearts still yearn
for you
God always knows the best.
You were so dear and good to
us
Your heart so kind and true.
And in our hearts there will al-
ways be
A picture, dear, of you.
We have missed you dear, as
years go by
It can never be the same.
In life we loved you darling.
In death we do the same.
So sleep in peace dear Glena
Your work on earth is o're.
Your loved ones all will meet you
On that bright and shining
shore.
Sadly missed by Mom, daddy,
Styler and brothers.

Class Prohecy
In this year of 1975, the reu-
nion banquet for our class is
about to start. The reunion is
being held in the magnificent
building which was dedicated in
1969 to the Athletes of Spear-
man High by a former class-
mate, Joy Miller, who is here

with us tonight. She is a famous
Wall Street Tycoon who got her
start when she bought out Mil-
ler's High Life Industries and
changed its products to the "JOY"
beer of the nation.
The opening speech tonight
will be given by the President
of the United States - not
"Stonewall" Jackson, but our own
"Brickwall" Jackson, who was
known as Pat in the good old
old days. His secretary, Sherry
Cates, wrote the speech for him.
She is here tonight to present
him as he talks. Since Sherry
has been working so hard, she
plans to retire after the ban-
quet and go on a lifelong vaca-
tion.

At the far end of the banquet
hall, we see Judy Martin, for-
merly Judy Meek, entering with
her husband, Ray. It seems they
didn't bring their five boys with
them. The couple hopes to see
their sons become the first bas-
ketball team composed entirely
of five brothers.

Seen frequently on television
these days is the famous pianist
Billy Turner, who has taken Lib-
erace's place. He advanced to his
position by his great feat of
playing the Minute Waltz in two
and a half minutes flat. He will
pull a sneaky tonight by playing
it for us in one and a half
minutes sharp. Billy lives with
his family in a two-story house
in Hansford Hills—a suburb
west of Spearman.

Georgia Holt and her husband
Pat, are reminiscing with old
friends by the punch bowl. This
happy married couple now have
lots of spare time due to the
fact that they have put their
twelve children in complete
charge of their ranch.

A noted lawyer, the former
Sheila Sparks, is seen at a table
in the corner. She is making a
wonderful name for herself at
the bar. Her husband stayed
home tonight to care for their
eight children, as their governess,
Judy Davis, sneaked away from
her little charges in order to
attend the banquet. Judy is a
busy woman these days, as she
alternates between governess for
Sheila and librarian at A. C. C.

In our midst is the noted lady
Jet ace, Helen Taylor, who set a
new record the other day when
she flew non-stop four times
around the world in her custom-
made Z-195 Jet. In the near
future, she plans to attempt the
same trip while flying with her
plane upside down and backwards.

Burl Buchanan, millionaire ir-
rigation farmer, is also with us
tonight. His black hat which he
wore in his school days is get-
ting beat-up, but he still wears
it. His Model A still serves the
purpose for he drives it to the
field every day. Burl plans to
buy a new Model A when he
makes his second million. He
says he's afraid to invest now
since he has a lack of funds.

Marvo Clinic, is married to a fa-
mous surgeon. She and her hus-
band have a full and happy life.
She has a house with twenty-four
rooms and a child for each room.
With us is Johnny Campbell,
who has long had his eye on the
governor's mansion. He is hot-
rod salesman for the Cadillac
agency in Spearman, and every
two years he takes time out to
run in the gubernatorial election
as old C. C. "Cyclone" Campbell.

The former Betty Whitson, the
first Secretary of Cooking to ap-
pear in the Cabinet, flew down
from Washington D. C. to be with
us tonight. She is accompanied
by her husband who she met
when she went on a 4-H trip to
Chicago back in 1954. They are
a very happy and successful cou-
ple.
We regret to say that one

Class Will

I. Burl Buchanan, do hereby will
my big hat to Jimmy Fickling.

I. Judy Davis, do hereby will
my ability to write letters to
Beverly Morse.

I. Sherry Cates, do hereby will
my ability to play basket-
ball to Bobby Nolmer.

I. Georgia Holt, do hereby will
my millions to Vance Col-
lier, since he has no money.

Spearman Reporter.

LEONA BENDER, popular radio star of KJTS says, "Every woman
knows light Karo is best for cooking... and on the table..."

it's Karo for me, the best-tasting
waffle syrup of 'em all"
Yes, indeed... biscuits go like hot cakes when
you pour on plenty of delicious Karo waffle
syrup. There's nothing like it for good eating.
Satisfyin' flavor. So rich it stands right up on
top of biscuits (keeps 'em light and fluffy).
Keep Karo on your table morning, noon and
night... it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts

Blessed of the Lord be His land... for the precious fruits brought forth by
the sun and for... precious things of the earth and the fullness thereof. Duat.
3:13, 14, 16.

Soil Stewardship Sunday To
Be Observed May 15th In
Local Churches Of County!

All churches of Hansford county are asked to observe the Sunday of May 15th
as Soil Stewardship Sunday. Your newspaper will present some well prepared articles
on the coming special Sunday.

There are two reasons why I (2) There is a very close con-
nection between the condition
of the soil and the condition
of our community. Most of
the families of our congrega-
tion live on the farm. Most of
us are actively engaged in
tilling the soil. Most of you are
dependent upon farming in whole
or in part for your living...
ing and challenging facts were
revealed. The good land churches
had a larger average mem-
bership (158 to 111). The good land
churches had more services each
year (34-28) The good land
churches raised more money per
capita per year (\$22 to \$15).
L. M. Allison, Pastor
Presby Memorial A. R.
Presbyterian Church
