White Deer Holds Region Scoring Lead With 209 Pts.

Friday night, October 28, at 7:30 P. M. you must plan to watch White Deer, Texas and watch the Region I-B scoring champions in action against the Jynxing Lynx from Spearman. It'll be worth your time.

This writer had the privilege of watching the White Deer boys play the Dumas Demons in their season opener. They ran all over Dumas, and the Demons in turn, ran all over Spearman. Har Spearman turned around and played White Deer the third game of the season. The score was about 40 points difference in favor of White Deer.

White Deer runs off the split T formation. That is, the formation is set up with a flanker just ahead of the right half. The quarterback takes the ball and is running wide open before he ever hands off the ball, while on the standard T the quarterback hands off the ball from a standing position in most plays.

White Deer features fast sweeps, mixing in some good passes now and then, but sticking to the ground most of the time. The whole team and their coaches scouted the Spearman-Grum game last Friday and they may decide to do some things to beat the Lynx. Some of them might work.

Your reporter made a special trip to the high school Monday afternoon to see what kind of effect the Grum loss had on the Lynx. Here's what Coach Head Beard, Friday night. The Lynx team on up because of that loss to Grum. I talked with them a long time and showed them what they did in the game. I don't blame any one man for their loss, Monday afternoon I worked the boys out in the gymnasium, giving them extra practice. I didn't take them out to the field and let them scrimmage. The field was damp and it was cold, so I thought we would do a little in the gym on Monday.

With this kind of determination, the Lynx can win from White Deer Friday night, although the odds are against them.

White Deer, although rolling off the highest scores in the region, has the lowest. White Deer to score two and three touchdowns on them. On the other hand, the Lynx has run in district games and has won several times. The Lynx was recorded by Don Light of Panhandle. This was 14 yards. The longest single run was 13 yards. Grum's longest single run was 10 yards. And Wheeler never did run a single run over eight yards against the Lynx.

Groom Wins On More First Downs

The Spearman Lynx, a large homecoming crowd, were feeling mighty low Friday night, as they huddled around the referees, as the final gun sounded, ending the game between the Lynx and the Tiger. They learned straight from the men who kept the official record that Groom had won an important conference game from Spearman by making 12 first downs, 216 yards and 13 touchdowns. This was one of the most thrilling ball games that have ever been played in Spearman. Groom received the opening kick-off, but they were held, and had to kick to Spearman, getting only a 12 yard kick off to the Lynx. The 2nd play from scrimmage, Donny Floyd took the ball and ran 49 yards to pay dirt after stiff arming two tacklers on his way. Donny also stepped back into the kicking slot and kicked a beautiful extra point, right between the goal posts to put the Lynx out in front.

Lions Enjoy Evangelists' Noon Talk

Rev. H. H. Hollowell, evangelist for Midland, Texas, Methodist Church, was guest speaker at the regular meeting of the Lions Club held at the Robinson Cafe Tuesday noon of this week. Rev. Hollowell is doing the preaching at the inspirational revival being held at the local Methodist Church this week. He lived up to advance notice in that he presented a wholesome, inspirational humorous talk at the Tuesday luncheon. His spicy jokes (mostly on preachers) paved the way for a lot of thought provoking comments relative to the record one might make in living a Christian life.

Plans for a district meeting of the Adobe Walls Scout Council were discussed, but it was not definitely decided where the meeting will be held. The meeting is planned for Thurs., Nov. 19. More than 75 members of the scout organization over the district will attend the meeting.

Scouts Will Have Outing Oct 29

Scoutmaster John R. Collard, Jr. notifies the parents and members of the Boy Scout organization in Spearman that the first all day outdoor trip for the fall season will be held this Saturday Oct. 29. All members of the Scout organization and those who can qualify for membership in the Scouts are invited to get in touch with Mr. Collard. Scouts will learn to cook outdoor meals and without a single pot or pan. You will cook your meals on paper—that is, aluminum foil paper. The trip will be exciting and interesting and of much value from the standpoint of outdoor education.

Greyhounds Win From Sunray In Game Last Friday

Brushing aside the last of the six-man football teams of the district, the Graver Greyhounds defeated Sunray at Graver Friday by a score of 46 to 28.
While the team did not know at the time that the game ended Monday of this week, this sixth game of the season was the last until the district play November 11. This due to forfeiture by Morse because of injuries.
The running of Bob Fletcher and Spunky Shrader and blocking J. M. Fox featured the Hoonds triumph over Sunray.

School To Close At 2:30 Friday

Superintendent Hartman of the Spearman schools announced this week that school would be turned out at 2:30 P.M. Friday so that the school buses can deliver their school members to their homes and return back to school to pick up the high school band and the foot ball team. Hartman said there were only two buses available for the band and team and that the pep squad would have to arrange to make the trip in private cars. Hartman suggested that local people who plan to make the trip try to pick up some of the students who want to go and do not have ways. Many local people have indicated that they will attend the game and they are urged to check with some of their school friends and take them on the trip.

Schools Plan To Feature Show For Hallowe'en

The annual Hallowe'en carnival at the Spearman High School will not be held this year, according to an announcement by Superintendent Hartman. Mr. Hartman stated that preparation for the carnival and cleaning up after the carnival was held would interrupt two days of school and the schedule to

date will not allow for any interruption of classes. Hartman said if the event had happened on a weekend it would have been possible to stage the annual carnival, but coming on Monday it would be impossible to hold the social event. Hartman said plans for entertainment of the school children for the Hallowe'en season include two picture shows to be held at the school auditorium Monday evening. Thus, the children will have planned entertainment without interruption of class schedules. The shows will be over by 11:00 P.M. so grade school children can come home early.

Mrs. Pearl Reed and son, Larry, visited in Dallas last week-end visiting the state fair and visiting in the home of Mrs. Reed's daughter, Mr. and Mrs. Jack Berry. Mrs. Reed and Larry attended the S.M.U.-Kentucky football game. Larry reported a good game, but Mrs. Reed was of the opinion that the exhibits at the fair were more interesting.

Girl Scout Week

In almost every town and hamlet of the United States from October 26 to November 1, the trim, neat green uniform of the Girl Scouts will be in evidence as members of the organization, a million and a quarter strong, mark the annual observance of Girl Scout Week. In 1,600 troops, which include 52,000 troops, the girls and their adult leaders will celebrate the week with special events every day, stressing the lessons of democracy and friendship which are the heritage of Girl Scouting.

Scout week centers around October 31, anniversary of the birth of Mrs. Juliette Gordon Low, founder of Girl Scouting in the United States, and is observed traditionally by devoting each day of the week to a major phase of Scout activities and ideals. Rallies and demonstrations will be staged by councils and troops and new emphasis will be placed on the Scout motto: "Be Prepared."

Expansion is being retarded, leaders point out, by a lack of volunteer adult leaders. Thousands of girls are anxious to become scouts but organization of additional troops requires sponsors, meeting places and volunteer leaders.

will try to help others at all times and to obey the Girl Scout laws," has been a guide to an ever-increasing number of girls.
Opening the weeks activities, Girl Scout Sunday will be noted. Girls and their leaders in a uniform will attend church services in a body.

Homemaking, which since the foundation of scouting has been the keystone of the program, will be stressed in Monday's activities. Tuesday is Citizenship Day in cognizance of the fact that promotion of good citizenship always has been a basic purpose of the organization. One of the tenets of scouting is that "a good scout is one who is a better citizen because of her scout training."

Wednesday has been designated as Health and Safety Day, emphasizing another major part of the scout program. "A healthy scout who knows how to avoid accidents is a better citizen," the manual proclaims.

In line with the organization's effort to promote understanding throughout the world, International Friendship day will be observed Thursday.
As the finale of the week, Saturday will be devoted to the outdoors. The extensive program of scouting is designed to teach a girl how to enjoy the great outdoors and how to live simply without sacrificing comfort.

Among the notable achievements of girl scouting in recent years has been its extension into an increasingly large number of rural areas. The scout program is devoting added attention to the girls from small towns and the farming communities.
In addition to gaining proficiency badges in camping, the home and community, Girl Scouts now may win honors for proficiency in agriculture. A number of proficiency badges in agriculture have been announced.

With advancement of international friendship and peace as one of the organization's major objectives, considerable attention has been given to a regeneration of rural areas. The scout program is devoting added attention to the girls from small towns and the farming communities.

Annual Hallowe'en Carnival Held At Waka School

Fun for everyone is expected come Friday night October 28, when the Parent Teachers Association at Waka schools sponsored the annual Hallowe'en Carnival to be held in the school in Waka. The affair is expected to begin promptly at 7:30 p. m. and everyone is invited.

As you enter the door admission will be charged by your feet. That is to say, the longer your feet, the more it will cost you. A door prize will be given to the family with the most number of inches measured off by your feet. Bingo tables will be going, with merchants of Spearman contributing merchandise for prizes.

Among other amusements for the evening will be treasure chests, fishing ponds, snow throws, and an electric blanket will be given away.

A Carnival Queen will be crowned also, with selections of beautiful girls from the Waka school as contestants. Food will be served, as well as all kind of home made candy.

Mrs. Studer of Canadian visited over the weekend here with her daughter, Mrs. Ralph Blodgett.

Mrs. Jess Womble returned the past weekend from a visit with relatives in Shamrock.

Graver School Without Heat A Few Days

Due to misalignment of the boiler at the Graver school, the school was out of commission for several days last week and Monday. Superintendent McGee has dismissed school Monday week because of the boiler. The school office that it would be safe to operate on automatic burner so that there could be no building of danger in the boiler. One box of oil was mis-shipped, discovered until the boiler had been removed.

United Council of Women To Meet

The United Council of Women will meet Monday 11:00 A.M. in the Church. A covered dinner will be served at noon. This will be the first of the series of luncheons. The theme of the day will be "Peace is Possible." The church women's business in building community, so plan to enjoy a day of Christian fellowship. We will pack a basket for some less fortunate ourselves. This year's theme is "Peace for Peace." Goods of value are precious to those who are poor, but yard goods, or prints are not "real" luxuries. They are necessities, quilt pieces, new tape and many such luxuries greatly appreciated.

Can't you visualize a woman in Europe, sewing materials with can help. Good for all.

May this great fellowship, may one, not by a flag, Cross of Christ.

Brushes Made of Reeds

The introduction of liquid paints in ancient Egypt brought the need for brushes. In the British museum today there are specimens of tools used by the Egyptian craftsmen, including three brushes which seem to have been made of reeds or the fibrous stems of palm leaves. These reeds, according to historians, were soaked in water and split into minute fragments which formed a brush more or less fine.

"Miss Bowles"

"Love Me, Love My Dog," isn't a modern saying, as it is generally believed, but the name of a picture by the famous classic artist, Sir Joshua Reynolds. According to child-art books, the picture, commonly called "Miss A. Bowles," shows a wide-eyed, little girl hugging a sad-eyed mongrel dog. The famous English painter was born July 16, 1723.

Theory of Evolution

A new theory of systematic evolution refutes the assumption by some scientists that a type of animal, such as the dinosaur, was wiped out suddenly by an earth- quake, volcano, glacier, or other catastrophic event. The history of life which can be read from the rocks shows that any type now extinct declined gradually without marked influence from its environment.

Egg Eaters

Not all people insist upon absolutely fresh eggs. Some Borneo natives prefer those about ready to hatch. Eskimos gather duck eggs in the Arctic each spring, eat their fill, and then bury the rest for future reference. In China duck eggs, pickled in brine mixed with a red, oily clay, are popular.

Paint Manufacture

Manufacturing paints and finishes these days mean a great deal more than grinding up pigment and mixing it with oil. A tremendous amount of modern know-how regarding ingredients and formulas is involved. A single large factory today may stock more than 600 different materials.

British Agriculture

British agriculture is one of the most highly mechanized in the world. Britain has one tractor to every 67 acres of arable land, the United States one to every 150, and Canada one to every 200. As in the United States, there is an average of more than one tractor to every two farmers.

Ted McClellan Inspects John Deere Plant

Precision engineering, scientific quality control, and modern production methods that would do credit to the finest factories in the world are used in the manufacture of John Deere farm implements, according to Ted McClellan of Graver Motor Co. of this county, who returned Oct. 23 from a five-day tour of John Deere plants in western Illinois and eastern Iowa. These controls and methods not only contribute to the outstanding quality of the John Deere farm implements, said Mr. McClellan, but are to a large degree responsible for the fact that John Deere products have not increased in cost as much as most other lines of "hard" goods since the war.

The first three days of Mr. McClellan's tour were spent in Moline and East Moline, Ill., where five of the sixteen John Deere manufacturing plants are located. In Moline, Ted saw the John Deere Plow Works, established more than 120 years ago and "home" of world-famous John Deere disk tillers and John Deere Truss-Frame moldboard plows; the John Deere Wagon Works, where rubber-tired wagons, best seed boxes, stalk cutters and top dusters are made, and the John Deere Planter Works, largest corn planter factory in the world, which—among other im-

plements—produces corn planters with 60 acre daily capacity. In Moline Ted also saw the John Deere testing and research laboratories, where highly-trained specialists are employed in never-ending search for new ways to improve John Deere implements.

In East Moline, Mr. McClellan visited the John Deere Harvester Works and John Deere Spreader Works. The Harvester Works, with 55 acres under one roof and more than 3,000 employees, manufactures large and small combines, mowers, threshers and other implements. The Spreader Works makes manure spreaders and loaders, cotton harvesters, hammer and roughage mills, corn shellers and grain elevators.

During the last two days of his tour, Ted visited the two huge John Deere tractor factories at Dubuque and Waterloo, Ia., which employ about 9,000 persons. At these factories he saw production of the various general purpose, standard tread, crawler type and diesel tractors which comprise the extensive John Deere tractor line. He was particularly impressed by seeing John Deere tractors "coming to life" and being driven away under their own power at the ends of the modern assembly lines.

Several other John Deere dealers from this general area made the trip with Ted. Besides the factory tour, they met with representatives from John Deere Inc., Des Moines, Ia., Ottumwa, Ia., and Horton, Wis., in order to secure a well rounded picture of John Deere plans for the coming year and also were guests at several luncheons and dinners attended by key personnel of Deere and Co. and various John Deere factories.

XMAS. Pageant

CANYON, TEXAS -- The Christ story beginning with Abraham and concluding with the birth of Christ will be presented each evening in Palo Duro Canyon State Park, December 15, 17, 19, 20, 21, 22 and 23.

The mammoth pageant, using more than 800 Panhandle people, is the largest spectacle ever attempted by Geller Productions, producers of indoor and outdoor pageants. The event is sponsored and endorsed by the Amarillo Ministerial Alliance.

Staged in eight scenes, the story will be portrayed on the rim of Palo Duro Canyon, between El Coronado Lodge and the State Park gate.

The vast and sweeping canyon will be a cathedral-like backdrop for this event which has been titled "The Beginning of Glory -- The Christ Story."

The production and story originated by John L. McCarty, Southwestern Public Relations Counsel, will be for the first time presented in outdoor pageant form. The background Bible stories, leading to the coming of Christ. Most such stories, including the famous Passion Play, deal almost exclusively with the life of Christ.

The show will begin promptly at 7 o'clock each evening, and will present a thirty-minute musical and song prelude. The eight scenes in pantomime and with narration are: "Abraham, the Friend of God," "Story of Moses, a Lawgiver," "David, the Shepherd King," "Solomon, the Wise and Foolish," "Through Elijah God is Praised Again," "Foretelling the Messiah," and "Jesus is Born in Bethlehem."

Rev. Galen Onstad, Rector of St. Andrews Episcopal Church, and President of the Amarillo Ministerial Alliance, heads a committee of five outstanding ministers in charge of approving the pageant scenes and publishing the event.

diff. vs. MARGARET SCHULTZ McWHORTER, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: A suit for divorce upon the grounds, first, that the defendant was guilty of ill and cruel treatment toward plaintiff and second, that he has rendered their living together insupportable and, next, that the defendant voluntarily left plaintiff's bed and board for a space of three years with the intention of abandoning this plaintiff.

WHEREFORE, plaintiff prays that he be granted a divorce from the defendant.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

WHEAT KINGS

Crowned at the Tri-State Fair at Amarillo on October 6th, the "Texas F.F.A. Wheat King of 1949" is John Block of Kress, and the "Texas 4-H Wheat King of 1949" is Gale Hunter of Booker in Ochiltree County. Pictured above with their trophies, King John received \$100 from the Amarillo Grain Exchange plus a trophy and an all-expense trip to Houston to study the marketing and processing of wheat to be provided by the Texas-Oklahoma Wheat Improvement Program; King Gale received \$100 from the Amarillo Grain Exchange plus \$100, a trophy, and a trip from the improvement organization. One hundred dollars, the best F.F.A. long time record to be used for a college scholarship was awarded to Leo Erwin of Canyon.

Other prize winners in the F.F.A. contest included: 2nd, Otis Brown of Crosbyton, 3rd, Dale Smith of Claude; and 4th, Dick Doyle of Claude. In the 4-H contest, 2nd, was won by Edwin Weatherford of Teshoma; 3rd, by his brother, Jim Weatherford; 4th, by Marion J. Frankel of Gruver. The second prize winners in each class received trophies and \$50 cash from the Amarillo Grain Exchange. All of these boys and their vocational teachers or county agents will be given a total of 16 free educational trips to Houston and Galveston to study the marketing and processing of wheat at the expense of the Texas-Oklahoma Wheat Improvement Program.

Comancho was the variety exhibited by the top 8 boys in the 4-H division while Westar was the variety winning for the top 3 boys in the F.F.A. contest. All samples were graded first for the grain characteristics and the top 3 samples in each division were then milled and baked in Kansas City by the Dot Technical Laboratories. The final awards gave 25% for the grain grading, 15% for the milling, and 16% for the baking characteristics. Total prizes awarded in the Texas wheat improvement contests were over \$2,300 including prizes to 26th place in some of the junior and adult contests provided by the Tri-State Fair.

Medlin HD Club Has An All Day Meeting

By Mrs. Jack Whitson "Two accomplishments in one day" was the motto of the Medlin Home Demonstration Club as they met for an all day meeting Friday, October 21 in the home of Mrs. Frank Allen with Mrs. Mabelle Parr, R.E.A. Home Economist of Perryton and Miss Mabel Hampton, Home Service Director of Conalco and Appliances of Amarillo, Texas. Mrs. Parr gave an interesting demonstration and prepared a tasty luncheon in the electric roaster. The entire meal was cooked in the roaster. After the meal a complete ironing demonstration on all different types of garments with the Bendix Automatic Ironer was given by Miss Hampton. Each of these specialists were brought here through the efforts of our Home Demonstration Agent Miss June Gibbs, who also added much interest to each demonstration.

After this work was completed the regular meeting was held. Mrs. A. J. Curtis presided and she gave an excellent detailed report of the state meeting which she recently attended in Mineral Wells. Plans were made to make quilts for Boys Ranch at the second meeting in November with Mrs. Joe Entzakin, Miss Parr is also going to give a demonstration in lighting and fixtures. The next meeting will be Nov. 4 with Mrs. Lawrence Dossert and there will be a demonstration on "Indoor and Outdoor Meals," to be given by Miss June Gibbs.

Those attending the meeting were Mesdames Virgil Hill, John Trindle, Joe Entzakin, Allen Pierce, A. J. Curtis, Jack Whitson, Johnnie Close, Clara Burke and the Misses June Gibbs, Mabelle Parr, and Mabel Hampton besides the hostess, Mrs. Frank Davis.

Dar Bill:

I guess that you have more nerve than most editors. Don't think that many editors would take a chance on going hunting with a bunch of fellows who knew him. That would be giving them a chance to even a bunch of old scores. (Bill, are you sure that you told that you were an editor.) Still wonder why some one didn't take you for a bear. I have been telling you that no one ever reads your papers for weeks and last week I told you that I would give a \$10 centpiece to the person who gets the first Drexel bedroom suite and Mrs. Winder from Gruver has been the only person that has mentioned it. She has some Drexel furniture and is just as sold as I am, but if you don't want Drexel, we have a new suite in that is made right here in Texas by the Westwood Corp. who are known as the makers of distinctive Western furniture. So, if you are the kind of person who likes Western style, we have the San Antone by Westwood and every piece is open stock, too! Drexel does not make Western style furniture and, William, I still say that when you beat the kind of furniture made by Drexel, you can beat old age. This cold weather makes a person think of Christmas and when you stop to think about it, there are only about 50 shopping days until Christmas left. Bill, if you are thinking of getting the better half anything made of metal, it might not be a bad idea to start looking now, the strikes might last. Still have lots of flowers here and, Bill, it might be cold outside, but if you need flowers, it is always Spring at the Flower Shop. The Hired Man at Boxwell's
