

Oil Production Increase Urged By Operators

Want The Allowable Restored To That Granted For Sept.

AUSTIN, Oct. 17 (AP) — Major operators today requested the railroad commission, oil regulatory agency, to increase allowable production in November.

To suggestions from commissioners that crude stocks had increased sharply early in October during the refinery strike operators replied they had picked up some inventories but were now working stocks down and an increased production in November would result in normal stocks.

Generally, the operators wanted November production restored to that authorized for September which would be about 1,996,241 barrels daily, although total purchaser nominations for November were 2,123,177 barrels daily. Nominations normally are in excess of actual demand.

Commission Chairman Olin Culbertson said that although the commission is not concerned primarily with the economics of the industry it did feel that stocks should be reduced to the lowest figure consistent with efficient operation. He expressed puzzlement at the demand for greater November allowables in view of a 1,969,000 barrels increase in storage of Texas crude from Sept. 29 to Oct. 6.

Requests for greater production came from companies including the Gulf Oil Company in the Keystone-Ellenberger field, West Texas; the Magnolia Oil Company in the Fullerton and Slaughter fields, West Texas; Stanolind Oil Purchasing Company in the Wasson and Slaughter fields, West Texas; and the Sinclair and Continental companies in the Hillbred field, North Texas.

McEwen Urges More Speed In Chest Campaign

R. R. McEwen, general chairman, told Lions club members Wednesday that gifts to the Howard County Victory Chest might be considered as "fire prevention" through creation of international good will and sponsorship of welfare agencies at home.

His brief talk followed a regular fire prevention program by H. V. Crocker, fire chief, Assistant Chief A. D. Meador and Fire Marshal F. W. Bettie.

"We are coming along fine in the chest drive," said McEwen, but not fast enough. "Every person who proposes to be a citizen of Howard county ought to do something toward the success of this campaign." Workers turned in \$505 today, bringing to \$5,093 the amount raised thus far.

Bettie, in his address, cited the fact that small hazards are potentially starting points for great fires and cited figures of blazes with up to 40 million dollars to substitute his point.

Crocker analyzed fire hazards in the home, room by room, and sized up as the greatest hazards smoking, children playing with matches, cleaning with gasoline, sleeping with fires going, and misuse of electric appliances. Of 190 fires in Big Spring last year, 189 were preventable, he said.

Union Plans Strike In Protest Against Argentine Government

BUENOS AIRES, Oct. 17 (AP) — Argentina's largest labor organization, the General Confederation of Workers, announced today it had called a general nationwide strike for a 24-hour period beginning at 12:01 a. m., tomorrow.

Spokesmen for the union, which has a membership estimated at 1,500,000 persons, said the strike was called against "any government of oligarchs" and against delivery of the government to the supreme court.

The General Workers Confederation includes among its members the railroad and tramways unions, telephone workers syndicate, commerce employes and construction syndicates, the waiters union, meat industry workers and other affiliated groups.

A spokesman stated that the confederation was demanding the liberation of all political prisoners, although Gen. Eduardo Avalos, in his capacity of minister of the interior, announced Monday that all such prisoners had been freed.

Police used tear gas today in an unsuccessful attempt to disperse approximately 2,000 strikers who demonstrated in the central part of Buenos Aires, urging the election as president of Col. Juan Peron, who was ousted by the army as vice president.

The demonstrators were only

Factions Cross Swords In Java

Fifteen Eurasians Hacked To Death; British Gurkas Swing Into Action Against Rioters

By RALPH MORTON
BATAVIA, Java, Oct. 17 (AP) — Extremists of the Nationalist Youth movement got completely out of hand in many areas of Java tonight, killing and looting in frenzied zeal to show their hatred for Europeans.

Fifteen Eurasians were shot or hacked to pieces at Depok, 20 miles from Batavia, by wild-eyed followers of the Nationalist movement. Homes were destroyed and looted. Religious pictures were ripped from the walls of Christian dwellings.

British Indian Gurkas of the 23rd division have been fighting a pitched battle with about 800 rioters. At one point, 60 Indian infantrymen held off a mob until mid-afternoon, when 300 reinforcements arrived. The British reported finally that the situation was in hand.

The Indonesian national council awaited a reply from the Allied command in the Netherlands East Indies to four Nationalist demands which Mohammed Hatton, vice president of the council, said represented "the only way to bring peace to this troubled land."

(In Amsterdam Dr. H. A. Logemann, minister of overseas territory, said the government was ready to offer Indonesians self government within the Dutch commonwealth and would deal with Indonesian leaders "who merit consideration," but not with Soekarno, president of the "Indonesian republic.")

The national council met yesterday in a bid to present itself as a national government. Soekarno was not present. He was touring western Java to restrain sections of his followers bent on violence.

In his absence Hatton promised the 187 council delegates that there would be a national election within six months and that in the interim Soekarno and his cabinet would be assisted by a working committee of the council in representing the people.

The four-point program submitted to Lt. Gen. A. F. Christison, Allied commander in the Netherlands East Indies, called for removal of all Dutch troops and prevention of the arrival of additional Dutch soldiers, a quiescent role for the Netherlands Indies civil administration, the recognition by an impartial United Nations committee of the Indonesian national council as the de facto government of the country.

Hatton was asked if he expected "to beat the Dutch by force when you have no guns, tanks or planes," and he replied:

"We shall win through peaceful means. That is why President Soekarno is now touring Java to restrain hotheaded sections who use violent methods. But the Dutch aiming tommyguns at us does not help the situation. In fact it pre-emptively. We stand on non-violence."

Arrive For Trials

MRS. BLANCH CUMMINGS, 29, of San Antonio was pronounced dead on arrival at a hospital following a collision between the car in which she was riding and a parked truck here last night.

FIRE FATAL TO ONE

FORT WORTH, Oct. 17 (AP) — Eugene Royster, 85, was burned to death today when fire destroyed his small farm home near here.

Need For Cotton Pickers Grows

Demand for cotton pickers is mounting by leaps and bounds and the surplus created during prolonged bad weather has been more than absorbed.

Two field agents from the extension service are working from the farm labor camp in the northwest quarter of town to place pickers as rapidly as they are available. Last week, when picking was at a standstill although skies cleared the last of the week after two weeks of wet and overcast weather, 16 pickers were placed.

Now a large number of calls are being received at the county agent's office in addition to those through the placement agents.

Gins were beginning to swing back into old time autumn activity, although heavy dews have held pickers out of fields until noon.

Authorize Local Air Field To Separate Own Personnel

SAN ANTONIO, Oct. 17 (AP) — In a move designed to speed up the already accelerated army air forces separation program, now being conducted at 32 AAF separation bases scattered throughout the United States, nine additional stations of the AAF central flying training command will set up machinery for the separation of their own eligible personnel.

This program, the announcement from AAFCTC headquarters at Randolph Field revealed, will include the following stations: Goodfellow Army Air Field, San Antonio, Tex.

C-C Directors Pass On WTCC Ballot Planks

Private Ad Campaign Favored; Fair Plans Are Discussed

Chamber of commerce directors Tuesday evening gave approval to most of the proposed planks in the West Texas Chamber of Commerce referendum ballot.

W. L. Mead was named as the community director to succeed Grover Dunham and G. H. Hayward was re-elected to a similar post, while John D. Mitchell, Odessa, was nominated as district director.

The board passed plank No. 3, which would continue the referendum, stream-lined convention and suggested as a special activity the restoration of some of the color of the old time WTCC conventions.

Sponsorship of a privately financed West Texas advertising campaign was approved. Abolition of wartime bureaus and creation of a veterans opportunities bureau by the WTCC were passed, and the board went on record asking the state railroad commission to study freight rates with view of pressing for equality in commodity rates. The last plank, for special activities, was held open for further action.

The board of directors approved the report of agricultural and livestock committee in combining the three activities, food, chicken and pig show, for one fair to be held Nov. 1, 2 and 3, in the county barn. Directors voted to raise the prize and expense money to \$595 for the three.

Plans were made to observe the Christmas season as in previous years. The merchants' committee was granted request to have the annual treasure hunt on Dec. 6.

The directors approved any necessary expenses which might be made on the W. G. Vollmer dinner Oct. 23. After a letter from the Retail Credit association, the group voted to be in favor of returning the handling of unemployment to the state government.

B. J. McDaniel, city manager, gave a complete summary on the paving situation in Big Spring. He stated that from 30 to 60 days the city will be prepared to talk to groups of people interested in paving of their streets.

Nazi Personnel Files Captured

BERLIN, Oct. 17 (AP) — The Nazi party's master file of personnel records, including membership cards bearing nearly 8,000,000 names has fallen intact into American hands.

The prize is considered one of the most important documentary catches of the war. In addition to the membership cards the file contains approximately 2,000,000 names of persons who applied for party membership but were rejected.

Among the membership cards are those belonging to the Ausland Deutsche organization, under which all Nazi-sponsored foreign groups were bunched. Apparently these Auslanders (outlanders), thousands of whom lived in the United States, were considered as good Nazis as those who lived in Germany.

The Auslanders were particularly numerous in Argentina. A team under Maj. William Browne, former chief of detectives in Portland, Ore., accomplished the job of unearthing the records, which give the first official figures on the number of Nazi party members.

More Troops In Palestine

HAIFA, Oct. 17 (AP) — Additional British troop reinforcements arrived here today aboard the 15,000-ton Dutch liner Volendam and were immediately deployed to camps throughout troubled Palestine.

Exemptions Run Good Race With Poll Tax Payments

Exemptions are running a fairly good race with poll taxes. Records at the county tax collectors office Wednesday showed that 387 poll taxes had been issued since Oct. 1, and during the same period, exemptions totaled 221. Most of these were those formerly classed as "permanents," which, under new laws, must be renewed every year.

BATTLESHIP TEXAS RETURNS HOME—A battle-scarred veteran of the Pacific war, the U.S.S. Texas, knifes her way through the waters of Los Angeles harbor Oct. 15, one of five ships of Admiral William F. Halsey's Third Fleet to put in at Los Angeles. The contingent brought back 9,000 navy men for discharge. (AP Wirephoto).

John L. Lewis Calls Halt To Nation's Coal Strike

JUDGES WHO WILL TRY NAZI WAR CRIMINALS — Sitting together at their first meeting in Berlin are the four judges of the International War Crimes Tribunal who will judge 24 Germans as members of Adolf Hitler's Nazi hierarchy — at Nuernberg on charges of crimes against humanity and world peace. Government Budget Cut Asked; Military Talked

Patterson Urges Merger Of Army And Navy

By MAX HALL
WASHINGTON, Oct. 17 (AP) — Secretary of War Robert P. Patterson today advocated merger of the war and navy departments into a single agency as a step toward maintaining world peace.

Urging prompt action on the controversial plan, he told the senate military committee the subordinate branches should be ground, sea and air.

WASHINGTON, Oct. 17 (AP) — Another white-hot postwar problem fell on congress today — the problem of what kind of armed forces America needs in the years ahead.

The senate military committee began hearings on the much-argued proposal to merge the army and navy. Army chiefs are expected to say "do it." The navy next week is expected to say "don't."

At the same time President Truman was reported almost ready to ask for a law requiring military training for young men in peacetime. A bitter fight is sure to be waged over this in congress.

Thus, military policy became a No. 1 issue at a time when congress was already neck-deep in tax policy and atomic energy policy.

Some of the top-notch scientists who developed the atomic bomb appeared before members of the senate military and commerce committees to discuss the future of American scientific research.

Tomorrow, four scientists will appear before the house military committee on President Truman's bill for the control of atomic force. The committee decided to reopen its hearings against the wishes of chairman, Andrew May (D-Ky.).

Shick Reminds Duck Stamps Are Needed

News that shotgun shells may be plentiful come duck hunting time prompted Postmaster Nat Shick Wednesday to remind nimrod that duck stamps are a requisite to gunning away at the plump-breasted fowl.

These stamps, selling at the traditional \$1, are now available at the postoffice, said Shick. The season runs from Nov. 2 to Jan. 20, 1946.

No Damage Reported

A short in wiring caused the B & B Grocery to catch fire at 6:30 a. m. Wednesday firemen said. No damage was done.

Another fire was reported in the servant's quarters at 1508 Nolan but was extinguished before firemen hung up the telephone.

Move To Reduce Income Taxes Gains Support

WASHINGTON, Oct. 17 (AP) — The National Association of Manufacturers joined the United States Chamber of Commerce today in recommending a 20 per cent cut in individual income taxes next year.

The chamber estimated the cut might range up to 25 per cent.

The manufacturers group forecast the reductions in recommended would save individual and corporate taxpayers \$8,000,000,000 next year and result in a balanced budget by 1948.

In testimony before the senate finance committee, both organizations urged repeal of the excess profits tax, the capital stock tax and the declared value excess profits tax on corporations, and reduction of excise taxes next July 1 to their pre-war level.

H. E. Humphreys, Jr., chairman of NAM taxation committee, asked that the combined normal and surtax rate on corporations be cut from 40 per cent to 32 per cent, twice the reduction contemplated in the house bill.

Ellsworth C. Alvord, Chamber of Commerce spokesman, recommended as great a reduction in those levies "as revenue requirements will permit."

Humphreys declared the \$5-350,000,000 relief proposed under the house-approved tax reduction bill was "too little and too late" to meet the requirements of speedy reconversion.

Stamps Reminds Duck Stamps Are Needed

News that shotgun shells may be plentiful come duck hunting time prompted Postmaster Nat Shick Wednesday to remind nimrod that duck stamps are a requisite to gunning away at the plump-breasted fowl.

These stamps, selling at the traditional \$1, are now available at the postoffice, said Shick. The season runs from Nov. 2 to Jan. 20, 1946.

No Damage Reported

A short in wiring caused the B & B Grocery to catch fire at 6:30 a. m. Wednesday firemen said. No damage was done.

Another fire was reported in the servant's quarters at 1508 Nolan but was extinguished before firemen hung up the telephone.

Unit's Chairman Warns Against Over-Optimism

WASHINGTON, Oct. 17 (AP) — President Truman will appear before congress next Tuesday to deliver a message of peacetime universal training.

The president will address a joint session at 11:30 a. m. (CST). Speaker Rayburn told reporters after a White House conference on the administration's legislative program.

WASHINGTON, Oct. 17 (AP) — Cancellation of \$52,453,535.278 in government spending authorized for the current fiscal year was recommended today by the house appropriation committee.

A direct result of the war's end, the legislation which the committee sent to the house for consideration tomorrow provides for:

Cancellation of \$48,264,441.439 in direct appropriations already made for the year ending next June 30.

Wiping out \$4,187,903.339 in contractual authority for the same period. If used, this would have required additional appropriations of that amount.

Recovery of \$1,190,500 in funds of corporations created by the coordinator of inter-American affairs.

While the committee made no reference in its written report to the possible effect that huge savings would have on taxes, Chairman Cannon (D-Mo) cautioned against any over-optimism on the part of taxpayers.

"This means that there will be just that much less deficit spending for the current year and the national debt increase will be slowed down a little," Cannon said in an interview.

"I see no prospects for substantial tax reductions as a result of this legislation."

As applied to the various agencies, the proposed cuts were:

Military establishment \$30,903,090,564.

Naval establishment \$17,662,163,961.

Miscellaneous executive agencies \$3,887,090,253.

Previous cancellations already approved by congress bring the total to \$56,810,654,278 of an estimated original available spending of \$170,000,000,000 for the fiscal year.

However, the committee pointed out, approximately \$80,000,000,000 of this year's original total already has been spent or obligated.

The biggest cut in the army's funds was \$12,166,313,000 for the air corps. On August 23 of this year, the committee said, the army air corps had 62,045 planes, with plans to dispose of 44,222 while acquiring 1,238 new ships.

Decision Effects 216,000 Miners Of The Country

By The Associated Press
John L. Lewis announced today he had called off the six-state soft coal strike, which had accounted for nearly half of the nation's total of 450,000 idle because of strikes.

Lewis, president of the United Mine Workers, said he had called off the strike, effective Monday, "in the public interest."

Return of the approximately 216,000 miners now inactive would lower the national total of idle from today, 450,000 to approximately 234,000 workers in other industries, notably steel, forced into idleness because of fuel shortages, presumably will be called back upon the miners' return.

Other front-ranking labor controversies of the more than 135 separate disputes across the country were the longshoremen's strike at New York's sprawling harbor; the prolonged controversy in Hollywood movie studios, with recent outbreaks of violence and sitdown picketing, a new technique in strike procedure, and the walkout of some 61,000 AFL lumber workers in the Pacific Northwest.

In the Pittsburgh and Chicago steel mill centers, operations were the lowest in several years. Carnegie-Illinois Steel Corporation has furloughed thousands of workers and a spokesman said that unless the coal supply is increased soon at least 25,000 of the company's 36,000 employees in the Chicago and Gary, Ind., districts will be laid off. Most of the other steel mills reported similar conditions.

The mine foremen are organized in UMW's "District 50," a division which includes many workers who are not miners. Lewis' directive for a return to work was addressed to "the officers and members of all local unions in all districts affected by the present stoppage," and thus went to the foremen as well as the actual coal miners who left the pits when the supervisory personnel suspended work in their drive for recognition.

The sudden move by Lewis came while the bituminous operators were conferring separately in an effort to come to an agreement on some proposals to reopen the conferences with Schwelmbach to end the strikes.

Lewis telegram said all mines now idle will resume production Monday. He added that any attempt by the companies toward disciplining the strikers would be followed by filing of 30-day notices of a strike vote with the National Labor Relations Board.

Navy's Discharge Score Is Sliced Three Points

WASHINGTON, Oct. 17 (AP) — The navy has marked down discharge scores for most of its personnel, with a goal of releasing more than 1,100,000 officers and men by New Year's. Previously the service had expected to send home only about 830,000 by Christmas.

Announcing cuts effective November 1 for all but a few classifications, the navy last night also promised further reductions in point scores in December and January. The formula by which the scores are computed was left unchanged.

For most enlisted men the point score total was cut from 44 to 41. Further reductions to 39 on December 1 and to 38 on January 1 were promised.

Other groups affected by the change which steps up the navy's discharge program by two months are:

Male officers, other than doctores—Point totals reduced from 49 to 48. Effective December 1 the score needed will be 44, and January 1, 43.

Wave Officers—Point total cut from 35 to 32 November 1; to 30 December 1; to 20 January 1.

Medical Officers — Previously announced reduction from 60 to 53 points will become effective November 1. Further cut to 51 forecast for January 1.

The navy estimates 3,300 doctors will be released by New Year's.

Aviators—Navy expects to announce plan before November 1 for speeding releases. No change now in 44 total for fliers above rank of ensign and 36 for ensigns.

Yeomen and Storekeepers—No reduction for present.

Petition For Junior College Trustships Is Circulated

Petitions are being circulated for names of trustees for the proposed Howard County Junior college.

On the petition are R. T. Piner, P. W. Malone, Mrs. J. E. Brigham, L. H. Thomas, A. J. Stallings, Leroy Echols and Otis Grafa. Thomas is from the old Hiway community, Stallings from Lomax, Echols from Coahoma and the others are from Big Spring.

two per cent of the qualified voters of the proposed district—which coincides with the Howard county line.

This is viewed as the last step before the commissioners court may call an election on the college proposal. Thus voters would ballot on two counts: 1) the creation of a county-wide junior college district, the authority to levy a tax not to exceed 20 cents, and bonds up to \$200,000, and 2) the election of a board of trustees.

Social Calendar Of Events For Week

WEDNESDAY
NATIONAL SECRETARIES ASSOCIATION will meet at 7 p. m. at the USO.

THURSDAY
SOUTH WARD PTA study group will meet in the home of Mrs. W. E. Wright at 510 Washington at 1:30 p. m.
EAST WARD PTA meets at 3:30 p. m. at the school.
CREDIT WOMEN'S CLUB will have lunch at noon at the First Methodist church.
MERRY WIVES BRIDGE CLUB will meet at 7:30 p. m. with Mrs. C. E. Johnson.
KIWANI QUEENS meet at 12 at the Settles for lunch.
G.I.A. LADIES will meet in the W.O.W. hall at 3 p. m.

FRIDAY
MARY MARTHA CLASS of the Wesley Methodist church meets at 7:30 p. m. at the church.
TRAINMEN LADIES will meet at the S.W.O.W. hall, with a covered dish luncheon at 1 p. m.
FRIENDSHIP CLUB meets with Mrs. Herbert Johnson at 1:30 p. m. with Mrs. G. L. James as hostess.
HOMEMAKERS CLASS of the First Baptist Church will meet at the church at noon for a covered dish luncheon, followed by sewing for the needy.

SATURDAY
HYPERION CLUB meets Saturday with Mrs. J. G. Carner at 520 Hillside at 3 p. m.

Activities at the USO

WEDNESDAY
8:30—Home decoration.

THURSDAY
6:15—Hospital visiting hour.
9:00—Bingo; phone call home.

FRIDAY
8:30—General activities.

SATURDAY
8:00—General activities.

Women in your 40's

Do these symptoms Betray your Age?

Do you—like so many women between the ages of 35 and 45—suffer from hot flashes, nervous tension, irritability, are a bit blue at times—due to the functional "middle-age" period peculiar to women?

Then start at once—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. This great medicine eases aches. Taken regularly—it helps build up resistance against such "middle-age" distress. For almost a century—thousands upon thousands of women have reported benefits. Also grand stomachic tonic. Follow label directions.

New Credit President

FORT WORTH, Oct. 17 (AP)—New president of the Associated Retail Credit Men of Texas is W. C. Goodman of Dallas, who was elected to the office yesterday at the closing of a two-day convention here by the group.

Morris King of Fort Worth was named first vice president and Fred R. Medlen of Corpus Christi, second vice president.

The manufacture of poplin fabric is of French origin and was brought to England by the Huguenots.

ROUGHING IT . . . This is one of Gene Tierney's favorite slacks—yellow silk linen, with a stylized Chinese dragon embroidered on shoulder of jacket.

Howard County H. D. Club Members Hear Mrs. Johnson Discuss Family Life

Mrs. Eloise Johnson, extension service specialist on family life, was guest speaker at the meeting of the Howard County Home Demonstration club Tuesday at the First Methodist church.

Mrs. Johnson told HD members that the greatest challenge to be faced today is happier family life. She continued that all phases of work should include every member, and pointed out that the men in the family should be included in plans in order to receive their cooperation.

To enlarge the program and interest younger women in the work, Mrs. Johnson advised that the program should be planned to include what they would like and might need.

"Each club member should adopt as a sister, a woman who has never been a club woman," the specialist declared. "These young women can add as well as get good from the work."

In giving the essentials of good family life, Mrs. Johnson said that democratic principles should be taught. Health in the home is of basic importance, the specialist emphasized, and the home is strengthened by healthful living.

Mrs. Johnson outlined a practicable plan for solving problems which may confront the homemaker. The plan involved: Get the problem out where it can be seen, think of the cause, set up goals, explore reasons for problems, decide what to do, discover how to do it, check plans to see if they will accomplish a goal, and finally, follow up plans.

Mrs. Ruby Wortham, district president, spoke to a group on the county budget and advised them to study their budget and attend all hearings pertaining to it. She urged that members take more interest, and to express their views on problems which may arise.

County agents present for the meeting were Miss Fern Hodge, Martin county HD agent; Miss Margaret Christie, Howard county agent; Graham Hard of Mitchell county, and Mrs. Mattie B. Messick, Midland county HD agent. Others attending were Mrs. W. H. Ward of the Fairview club, Mrs. J. D. Leonard of the Overton club, Mrs. O. L. Simpson of Mitchell county, Mrs. Alvin Lay of Coahoma, Mrs. Wood and Alice Lay.

Matrons, Patrons Dinner Honorees At Annual Affair

Past Matrons and Past Patrons were honored at a banquet Tuesday evening in the Masonic Temple by the Order of the Eastern Star.

The Eastern Star colors of blue, yellow, white, green and red were carried out in the floral arrangements, candles and nut cups. The T-shaped tables were centered with bowls of multicolored flowers in which lighted tapers were placed. Favors were miniature gavels.

Mrs. Nina Curry acted as toastmistress. The invocation was led by Mrs. Agnes V. Young, with responses by the group. Mrs. Ruth Pittman, conductress, gave the welcome to the Past Matrons and Patrons, and the response was given by Mrs. Brownie Dunning.

Mrs. Bonnie Allen, Associate Matron, offered a toast to the oldest and grandest Past Matron, Mrs. Agnes V. Young, and to the youngest Past Matron and Patron, Mrs. Gladys Dalmont and Henry Williamson. Mrs. Young and Mrs. Dalmont were presented with corsages and a boutonniere was given to Williamson.

More than 100 persons attended the dinner.

Rebekahs Pay Respects To Charter Member

The organization charter of the local chapter of the Rebekah lodge was draped at the Tuesday meeting as a token of respect to the late Mrs. Susie Henderson.

Mrs. Henderson was a charter member of the chapter which was organized in 1922.

Twenty-four members were present at the meeting. The team was asked to be present at the next meeting for the initiation of new members. Guests from Knott and Lamesa will be present.

Central Ward PTA Carnival To Provide Varied Entertainment

Everything from cakewalks to hotdogs will be available to the public when the Central Ward PTA carnival begins Thursday at 7 p. m.

The affair will be held in the high school gymnasium, and the public was urged to be present.

Chili, Coney Islands, pie and coffee will be on sale at the refreshment stands, and there will be soft drinks stands, and candy and pop corn. Entertainment will feature bingo, darts, fortune telling and other carnival concessions.

New Members Added

Thirteen new members were added to the chamber of commerce roll recently.

They are Earl Phillips Service Station, Waffle Shop, Herman Greer, C. L. Rowden, J. C. Webb, Balch Shoe Shop, George Grimes, V. V. Young, H. P. Steck, Deluxe Cleaners, Margaret L. Christie, Cason Ice Cream Parlor and the Big Spring Mattress Company.

Mrs. Smith Directs Group

Mrs. H. W. Smith will be in charge of the South Ward Parent Teachers association study group when it meets Thursday in the home of Mrs. W. E. Wright at 510 Washington. The meeting will begin at 1:30 p. m.

SONGSMITH SUCCEMBBS

BEVERLY HILLS, Calif., Oct. 17 (AP)—Jimmie Monaco, 60, composer of many popular tunes, died at his home of a heart ailment yesterday.

His songs included "You Made Me Love You," "Madam Lazonga," "Pocketful of Dreams," "Mr. Dream Man," and "Only Forever."

Toothpick No Longer Outlawed In Social Etiquette, Unit Told

OKLAHOMA CITY, Oct. 17 (AP) The toothpick, long a sinner in social etiquette, now can be fondled without getting that down in the mouth feeling.

That is the opinion of Dr. Edward L. Ball, Cincinnati, O., presented in an address at the Oklahoma Dental Society convention here.

Toothpick ticklers are few in this country because the practice is frowned upon but in Europe and South America, Ball pointed out, the instrument comes into its own at the finest of parties.

No table setting is complete without this aid to dental hygiene, which is used discreetly, he said.

"If everybody who went into the army had learned to use a toothpick when he couldn't use a toothbrush we wouldn't have so many cases of trench mouth and gingivitis (inflammation of the gums)," Dr. Ball said.

"We know that patients who use toothpicks regularly have clean mouths," Dr. Ball continued.

The correct manner for using the toothpick, it seems, is to cover the mouth with a napkin, while going to work on cavity-causing particles of food.

However Ball did not point out whether a hammer lock grip or a tea cup hold is the proper procedure.

Mrs. Sanders Heads Ruth Bible Class

Mrs. Garland Sanders was named president of the Ruth class of the East Fourth Street Baptist church, when it met Tuesday evening in the home of Mrs. Leonard Telford.

Other officers elected at the short business meeting were Mrs. M. F. Ray, membership vice-president; Mrs. J. W. Croan, fellowship vice-president; Mrs. J. Lesley Roberts, stewardship vice-president; and Mrs. Telford, secretary.

Present for the meeting were Mrs. Sanders, Mrs. Croan, Mrs. Roberts, Mrs. Alton Allen, Mrs. D. W. Rankin, Mrs. Ray, Mrs. Otto Couch and the hostess.

Homemakers Have Social, Business Meeting Monday

The Homemakers class of the First Christian church met Monday in the home of Mrs. C. M. Shaw for a social hour. Mrs. M. C. Lawrence was co-hostess.

The meeting was opened with a prayer by Mrs. Dan E. Smith. At a short business meeting it was decided that the class will have a rummage sale Saturday, and anyone having rummage was asked to call Mrs. George W. Hall.

Present at the meeting were Mrs. G. W. Dabney, Mrs. J. D. Benson, Mrs. C. A. Murdock, George Hall, Mrs. J. G. Coldiron, Mrs. Smith, Mrs. Glass Glenn, Mrs. R. A. Elder, Mrs. R. J. Michael, Mrs. A. M. Runyan and Mrs. Harry Lees.

Navy Recruiter Here Thursday

Seven West Texas youths have taken advantage of the opportunities offered by the navy, by signing through the local recruiting office the first half of October, according to CPO J. L. Sturges.

It is reminded by the navy recruiters that 17-year-old youths, and men 18-30 years of age are still being accepted for regular navy and naval reserve, with emphasis on 17-30 year-old men for the regular year enlistment of four years or longer duration. Men who choose the reserve branch may sign for a minimum of two years, or the duration of the national emergency plus six months.

L. N. Brashears, assistant recruiter, will be in Big Spring Thursday morning, Midland Thursday afternoon, and Odessa Friday morning, to assist interested men with enlistments. Offices in each of the towns are in the postoffice building.

TEXAN SELECTED

SHREVEPORT, La., Oct. 17 (AP) Marvin C. Turner of Austin, Tex., will head the southwest section of the American Water Works association for the ensuing year. He was chosen yesterday at the 34th annual conference here.

Early Yule Interest Apparent In State

By JACK RUTLEDGE
Associated Press Staff
Christmas is still two months away but you wouldn't know it by reading the newspaper and magazines.
It'll be the first peacetime Christmas since Pearl Harbor and people are so excited over prospects of the happiest Yuletide in five years that such things as Halloween and Thanksgiving are in danger of being bypassed.
You don't read much about Halloween, although it's just around the corner. You don't read anything about Thanksgiving, which is next month.
But Christmas!
In El Paso, they're already working on Christmas lighting. A special committee has been named to work up decorative schemes. Homes and lawns and city parks are going to be dressed up. The chamber of commerce alone is donating \$3,500 worth of lights and decorations to spruce up the city.
Over in Longview they're giving page one space to the annual Christmas Seal drive. It starts in

November.
Advertisements already are emphasizing Christmas gifts. Lay-away plans, particularly, are emphasized. And, of course, gifts for the men still abound.
The spirit is definitely contagious. What will the gifts be like this year?
Well, a Dallas merchant says we'll get just enough to make everybody mad. In other words, merchants are getting token shipments—just a handful of the things they order. And customers, snorting that the war is over, can't understand.
It will probably be the most expensive Christmas in years, too. Prices are climbing.
The picture for women: There will be a few Nylons; brushes with nylon bristles.

Jameson Faces Ft. Worth Vet

FORT WORTH, Oct. 17 (P) — The second round of match play in the Texas women's open golf tournament begins today with all but two of the favorites still in the running.
A pair of upsets yesterday eliminated Mrs. Frank Goldthwaite, Fort Worth veteran, and Miss Jean Hopkins, nationally known player from Cleveland.
Mrs. Jo Anne Barr Tracy of Dallas downed Mrs. Goldthwaite two up and Mrs. George Noble, Jr., also of Dallas, won a 3 and 1 decision from Miss Hopkins.
The match drawing top interest today will be between Miss Polly Riley, young Fort Worth veteran, and Miss Betty Jameson, former national champion from San Antonio.
The tourney favorite and medalist, Mrs. Babe Didrikson Zaharias, Los Angeles, will meet Miss Margaret Gunther of Memphis.
Other pairings in the championship flight include Mrs. H. T. Willford, San Antonio, and Mrs. H. R. Behrens, Brownwood; and Mrs. Guy Laroe, Terrell.

Longhorns Hit Road For Month After Friday

Friday evening's appearance with the Midland Bulldogs will mark the last home appearance of the Big Spring football Steers until they face the Sweetwater Mustangs in the local orchard in the final bout of the season on Nov. 22nd.
After the Midland test—and John Dibrell and his lads hope to put on so creditable a performance the after-effects will set pleasantly with their supporters—the Longhorns hit the road for Fort Worth and an Oct. 27th outing with the North Side Steers, a major power of other years in Central Texas football circles.
The Big Springers will take a holiday after that expedition. They are not booked to return to competition until Nov. 9th when they'll play their traditional "Armistice Day" game with the San Angelo Bobcats. Since the holiday falls on a Sunday this year, officials of the two schools agreed to buck competition and play on Friday.
Abilene's unpredictable Eagles will form the opposition of the homelings on Nov. 16th.
Elsewhere in District Three this weekend, Lamesa advances on the Concho to see what can be done about boxing the ears off the San Angelo Bobcats. Without George Graham, the Cats haven't been able to start clicking this year.
Biggest bout in West Texas will be unraveled at Odessa when a capacity crowd of 6,000 patrons is due to look on as the resident Broncs tie into the mighty Amarillo Sandies, recent conquerors of the San Angelo team.
Both elevens are unbeaten and untied.

Two Camp Hood Teams To Tangle
CAMP HOOD, Oct. 17 (P) — Two Camp Hood football teams plowed through their opposition last weekend to maintain an undefeated, unscathed record thus far this season.
The Fourth Army Maroons defeated Ellington Field 6-0 for their third straight victory.
The Camp Hood Doughboys, making their first appearance of the season, downed John Tarleton College 20-0.
Friday night the Doughboys and the Fourth Army Maroons play each other at Gatesville.

Negro Boys Start Fire
FORT WORTH, Oct. 17 (P) — Two negro boys, age 9 and 10, were to report to the county juvenile officer here today after they admitted to police last night they had lighted matches and pushed them through a crack in a boarded-up window of a warehouse.
Fire at the warehouse caused damage of more than \$25,000. The three story brick building was destroyed by the flames, along with 100,000 boxes stored there.

HERMAN RELEASED
NEW YORK, Oct. 17 (P) — Babe Herman, brought back to the big show by Brooklyn last season, was handed his pink slip by the Dodgers at the end of the campaign, it was learned today.
Herman appeared in 37 games exclusively as a pinch hitter and made nine hits in 34 official times at bat for a .265 average. He drove in nine runs.

50-Year-Old Dispute Over Land Referred To President Truman

WASHINGTON, Oct. 17 (P) — President Truman has been requested to settle the 50-year-old dispute between the United States and Mexico over ownership of the Chamizal tract of land at El Paso.
Rep. R. Ewing Thomason (D-Tex.), representing the El Paso district, asked the president that the state department be called upon to resume discussions with the Mexican government so that the title may be settled.
The tract includes 83 blocks adjacent to the International bridge which crosses the Rio Grande at El Paso into Juarez, Mexico. Thomason said the estimated value of the property is \$3,000,000.
Mexico contends that the area was formerly a part of that country but was cut off by a shift in the course of the international river some 50 years ago.
In Mexico City yesterday, Alfonso Alfores M., a member of the senate foreign relations committee, said Mexico always has abided by international arbitration decisions and other American nations should do likewise.
In the case of Chamizal, Flores said the disputed territory was awarded Mexico by a Canadian arbitrator.

New Oil Discoveries On Gulf Indicated

HOUSTON, Oct. 17 (P) — Two new oil discoveries were indicated today on the Texas Gulf coast with a third setting casing for a production attempt.
Butcher-Arthur Inc., No. 1 N. R. Dodson, C. W. M. Logan survey, wildcat test about one mile north-west of Navarro's No. 1 Foster Lumber company in the Cold Springs area of San Jacinto county, was reported to have logged sand in the Cockfield and set casing.
Quintana Petroleum corporation's No. 1 W. A. Shofner estate wildcat test in the B. Rodriguez survey, about five miles northeast of Port Lavaca in Calhoun county, was conducting a series of drill stem tests after coring sand and showing oil and gas at about 3,715-20 feet.

SEPARATIONS UPPED
TEMPLE, Oct. 17 (P) — Two hundred officers and men are being discharged daily at Camp Hood, near here, Col. B. F. Delamater Jr., camp commander, said yesterday. Over 4,000 officers and men have been discharged at the camp's separation center since its activation a month ago.

GIRL NAMED ADJUTANT
WACO, Oct. 17 (P) — Miss Lois Murphy, a former WAVE, has been elected adjutant of the American Legion post number 440 here.

Commander Of 'Lost Battalion' Is Home

AMARILLO, Oct. 17 (P) — Col. Blucher S. Tharp, commander of the 131st field artillery second battalion, Texas' lost battalion, has come back to Amarillo.
Getting back to physical normalcy quickly after 43 months in Japanese prisons, Colonel Tharp immediately went to work following his return yesterday, checking his records to clear up the fate of all the personnel in the outfit. He also announced the appointment of Lt. Col. Winthrop H. Rogers of Wichita Falls as liaison officer to work out a permanent organization of lost battalion members.

Col Tharp accepted the invitation of the city of Wichita Falls to be a guest of honor at a celebration Oct. 28-29 formally marking the homecoming of the battalion.
The colonel expressed approval of Wichita Falls' plans to honor the lost battalion in a ceremony which would also pay tribute to the war dead and salute all service men and women from the Wichita Falls section.

Oil Purchaser Nominations Before Railroad Commission

AUSTIN, Oct. 17 (P) — Before the railroad commission today were purchaser nominations for 2,123,177 barrels of oil daily next month.
The nominations compared with a bureau of mines estimate of 1,990,000 barrels daily to meet November demand and estimated current production of 1,775,000 barrels a day.
Testimony at the statewide production hearing at which purchaser nominations were announced will bear importantly on the November production schedule which the commission will write.

POSTHUMOUS AWARDS

SHREVEPORT, La., Oct. 17 (P) — Decorations were presented posthumously to relatives of men killed in action over continental Europe at retreat ceremonies at Barksdale Field yesterday.
The Air Medal and two oak leaf clusters were presented to Mrs. Sadie E. Kressenberg (1124 Texas avenue) Texarkana, Tex., for her son, First Lt. John K. Kressenberg.

State To Receive Bids On Hospital Property Lease November 20

AUSTIN, Oct. 17 (P) — The state will receive bids Nov. 20 on mineral lease of 280 acres of land on the property of the San Antonio State Hospital.
The lease contract will require that a well must be started within four months after the sale date. A minimum bonus of \$2 per acre, \$1 per acre rental and a one-eighth royalty are stipulated. The well may not be closer than 1,200 feet from any building on the property and must not otherwise interfere with hospital facilities.
Some mineral production is now had not far from the hospital.

property. Production has been obtained on the property of the Wichita Falls State Hospital.

Central Intelligence Agency Advocated By Omar Bradley

DALLAS, Oct. 17 (AP) — One centralized agency of international intelligence for America was advocated yesterday by Gen. Omar N. Bradley, administrator of veterans affairs.

Women do you suffer SIMPLE ANEMIA Due to Loss of Blood-Iron?

You girls who suffer from simple anemia or who lose so much during monthly periods you feel tired, weak, "draped out"—this may be due to low blood-iron—so try Lydia E. Pinkham's TABLETS at once. Pinkham's Tablets are one of the very best home ways to help build up red blood to give more strength and energy—in such cases. Pinkham's Tablets are one of the greatest blood-iron tonics you can buy! Follow label directions.

Bradley, here for conferences with Veterans Administration officials of Texas, said he also favored a combined department of defense to supplant the present controls of sea, land and air power. Bradley stressed that the view was only personal.

As for veterans affairs, Bradley said that his bureau would be decentralized to bring administration facilities to veterans. Thirteen regional offices, one of them in Dallas, will be established soon, the general said.

Cotton was known to the Babylonians as *sindhu* and to the Greeks as *sindon*.

American Educators On Nazi 'Blacklist'

KRACOW, Poland, Oct. 13 (Delayed) (AP)—On the "blacklist" of SS intelligence experts were approximately 100 American educators, writers, diplomats and scientists marked for arrest and liquidation for helping the Poles.

The list, disclosed today, included Dr. Ludwik Nighting, specialist in the school of medicine, University of Texas.

Disarming Japs
CHUNGKING, Oct. 16 (AP)—The Chinese high command announced today that Chinese troops landed at Hainan Island Monday and were disarming Japanese troops.

Last European POWs To Quit U.S. By Early '46

By RAYMOND J. PETERSON AP Newsfeatures

WASHINGTON, Oct. 17 — All enemy prisoners of war, their work rapidly nearing an end in the United States, are expected to be returned to Europe by next spring, providing a major source of labor for reconstruction of the battered continent.

The office of the provost marshal general of the Army says the number of enemy prisoners of war in the United States as of Sept. 12, 1945, was 362,170 Germans and 49,784 Italians. (There were also 5,080 Japanese).

This does not include approximately 12,500 prisoners who have been shipped back to Europe since V-E day.

The provost marshal general's office expected 18,000 additional POWs to be returned to Europe during September, including 49 Italian service units comprising 229 officers and 8,400 enlisted personnel.

Major Gen. Archer L. Lerch, provost marshal general, said the prisoners of war in this country are working at present but the need for such labor is decreasing.

The release of men from the

Army, cutbacks in government contracts for war materials and layoffs of workers during reconversion of war industries have freed thousands of Americans to replace prisoners of war in certain industries.

In the South, the POWs picked cotton, citrus and other fruits, cut sugar cane, harvested peanuts, rice and tobacco and cut pulpwood.

In the West they harvested sugar beets, corn and grain, picked and packed fruits and vegetables, while in the North and East they cut pulp and chemical wood, harvested and packed fruits and vegetables.

In addition to this work, which was mostly on a contract basis between the government and private agencies, prisoners also worked for the Army at bases and camps.

Although paid at the prevailing wage level for civilian workers doing the same type of labor, the prisoners working on private contracts receive only 80 cents a day. They are paid in coupons redeemable for goods at camp canteens.

The remaining money earned by the prisoners is paid to the Army and deposited in the treasury.

Through 1944, \$22,000,000 was deposited with the treasury. The total of such deposits was \$38,000,000 up to June 1, 1945.

In addition, the Army estimated it saved \$152,000,000 in wages by using POW help in camps.

Prisoners are housed in 150 camps located on Army bases, and at 300 branch camps set up wherever the prisoners are working.

The POWs housed at bases live in compounds, usually an unused section of the camp's barracks. However the branch camps vary from tents to abandoned schools or buildings in the vicinity of their work.

When they are ready to be shipped home, the POWs are moved into a staging area near their port of embarkation. Then they are loaded, in most cases, aboard Army transports headed

for Europe to bring Americans home.

Together with other prisoners taken after the capitulation of Germany, the POWs will be assigned to various types of reconstruction work in Europe by the manpower division of the Allied control council.

The provost marshal's office said that with increased shipping, lessened needs for POW labor in the United States, and better facilities in the European theater to handle them, the return of all POWs in the United States will be materially stepped up so as to have them all returned by spring.

CONSTIPATION

Is the cause of MUCH SUFFERING

Constipation may cause no symptoms for a long time, but unless corrected will finally impair the health. Symptoms associated with advancing constipation are loss of appetite, heavily coated tongue, tired feeling and mental depression. Headache, dizziness, anemia, and skin disturbances such as acne, are commonly experienced. In severe cases, neuralgia and joint pains occur. Indigestion, with gas formation and colic, and piles and fissures frequently add to the discomforts of severe chronic cases.

No matter how many other medicines you may have tried for constipation, we urge you to try B-L PREPARATION, with the understanding that B-L PREPARATION must bring you satisfactory results or your money back. Caution: Use only as directed.

All-American Football League Continues To Raid Nat'l Ranks Looking Em Over

Warren Amling, Ohio St. Guard, Named 'Lineman Of The Week' By The Experts

NEW YORK, Oct. 17 (AP)—Warren Amling, a hard working member of Ohio State's crack forward wall, has won recognition as the outstanding lineman of the week.

The 21-year-old, 198-pound guard from Pana, Ill., drew the plaudits of newspapermen, players and coaches for his superior play in Ohio State's 12-0 conquest of Wisconsin Saturday.

Amling played 59 minutes of the rugged Wisconsin tussle and Wisconsin coach Harry Stuhldreher remarked that Amling "was a great player," while Amling's own mentor, shy, soft-spoken Carroll Widows, said "he is the finest lineman I've seen all season."

Two other guards attracted the notice of eagle-eyed spotters digging up information on the unsung heroes of the front walls. John Cloutaux, playing his first varsity game for Baylor, got more chances with the ball against Arkansas than a guard usually gets in a year. He intercepted three passes that helped Baylor upset the Razorbacks 23-13. Ernest "Bear" Knotts, of Duke, spent most of his time in Wake Forest's backfield.

The complete list of linemen nominated this week were:

East:
Ends—Leon Bramlet, Navy; Paul Walker, Yale; Bob Sponagule, Penn.

Tackles—George Savitsky, Penn.

Guards—Jim Carrington, Navy; Ed Virshup, Temple.

Centers—Neil Zundel, Princeton; Dick Scott, Navy; Frank Sniadak, Columbia.

Midwest:
Ends—Don Sailors, Nebraska; Aubrey McCall, Oklahoma.

Tackles—Tom Hughes, Purdue.

Guards—Warren Amling, Ohio State.

Centers—Harold Watts, Michigan.

South and Southeast:
Ends—M. T. Burreas, Mississippi State.

Guards—Ernest "Bear" Knotts, Duke.

Southwest:
Ends—Hubert Bechtel, Texas; Gene Wilson, Southern Methodist.

Guards—John Cloutaux, Baylor; Grant Darnell, Texas Aggies.

Far West:
Ends—Jim Callahan, Southern California.

Tackles—Jack Dieringer, Nevada.

Guards—Marion Iterson, UCLA.

Busher Injured, Out For Year

INGLEWOOD, Calif., Oct. 17 (AP)—Busher has lost all chance of finishing the year as the turf's third highest money winner of all time.

The great three-year-old filly rapped her left foreleg in a seven-furlong workout yesterday. Trainer George Odom said veterinarians found Busher had wrenched an outside branch of the suspensory ligament.

Busher, which has earned \$334,035 for her 15 wins in 20 starts, will pass up the \$75,000 Gold Cup at Hollywood Park Saturday and probably will be idle until next spring.

"Jeepers—won't you settle for anything less than perfection?"

WELL, MAYBE we don't require every one of our employees to have a 10-inch chest expansion... but we are mighty particular about their other qualifications!

We believe that the character of our employees, and the service they give, ought to match the superb character of the beer we distribute—famous Pabst Blue Ribbon! Despite wartime difficulties, we're doing our best to see that your favorite retailer always has a supply of this truly great beer... but if you can't find Pabst, the blended beer, every time again, won't you?

Eshmont, Hirsch, Dove And Hall Sian To Play

MADISON, Wis., Oct. 17 (AP)—Harry Stuhldreher, University of Wisconsin football coach, declared today that a Chicago report to the effect that Marine Lt. Elroy (Crazy Legs) Hirsch, former star halfback of the Badgers, had signed to play professional football was "not true."

In Chicago last night, John Keeshin, owner of the Chicago franchise in the All American conference, professional circuit organized last winter, announced that he had signed Hirsch, Capt. George Franck and Lt. Robert Dove.

CHICAGO, Oct. 17 (AP)—The All-America conference, embryonic professional football league to begin operation in 1946, is going into the rosters of the long-standing National Football league for players, and apparently there's nothing the established league can do about it.

There's no agreement between the two leagues to prohibit such "raiding." Either can outbid the other for players, under present circumstances.

Two franchise holders of the new league, at Chicago and San Francisco, yesterday announced signing of three players each. All six are servicemen, among them three who had competed in the National grid circuit.

Technically, the three are bound to old contracts. Legally, nothing can stop them from playing where they wish, despite a National Football league rule that suspends a player under contract for five years if he "jumps" the league.

The Chicago franchise holder, John L. Keeshin, announced he had signed Capt. George Franck of the marines, an all-America halfback at Minnesota in 1940 and a former New York Giant player; Lt. Robert Dove of the marines, once a Notre Dame star, and Lt. Elroy Hirsch of the marines, erstwhile Wisconsin and Michigan star who had been offered a contract by the Cleveland Rams.

Assistant Coach Jim Lawson of the San Francisco club, said Len

Game Agency To Talk Van Horn Preserve

AUSTIN, Oct. 17 (AP)—The game, fish and oyster commission meets here Monday to consider a heavy agenda of accumulated business, including plans for a big game restoration project in East Texas.

The commission also will be asked to approve plans for acquisition of an additional eight sections of land near Van Horn to complete a game preserve for big horn sheep. The commission has acquired five sections from the school land board, and the additional property is privately-owned.

The big horn sheep restoration project was authorized by the 49th legislature.

Howard Dodgen, executive secretary of the commission, said that details in connection with the establishment of a school for game wardens at Texas A. and M. and revision of the fishing rules for Lake Texhoma would also be important matters coming up for

Rodeos Had Much To Do With Bear Grid Success

WACO, Oct. 17 (AP)—The bronco riders and bulldoggers of the rodeo trail can claim an interest in Baylor University's success in Southwest conference football.

Baylor is probably the only college in the world producing a rodeo each year for the benefit of its athletic fund. For ten seasons this has been done and the record of the Golden Bears on the grid this year shows it's paying off.

The Bears were out of football in 1943 and 1944 but the money was piling up. Now there are more schoolboy stars roaming the Baylor campus than any other school in the conference.

Bochey Koch, all-America guard at Baylor in the thirties, later a coach at the school and now an assistant coach at Texas A. & M., who has scouted Baylor, Texas Christian and Oklahoma this year, said after watching the Bears beat Arkansas 23-13 last week:

"I know Baylor lost to T. C. U. but it was a better team than the T. C. U. team I saw play, better than Arkansas and better than Oklahoma. It was the best Baylor team on ground plays that I have ever seen."

The statistics bear out Koch's observations. Baylor has rolled up 1,171 yards in four games; is the leading ground team in the conference with 814 yards. It also has the best defensive record, allowing the opposition only 105 yards per game.

Eshmont, former Fordham star and a New York Giant player; Parker Hall of Mississippi and the Cleveland Rams, and Hank Norberg of Stanford all had signed contracts.

The National Football league had little to say about the situation—an indication of "raiding" on the part of rival leagues.

"We know nothing about this," George Strickler, head of the league's publicity staff said, "but I expect we will find out something shortly when the boys come into the commissioner's office as a number have in recent weeks wondering what they're going to do now. It seems that monthly checks they were getting from teams in the unchristian All-America conference while they were in service have stopped now that they are discharged.

"They are available to play football, are anxious to collect on their contracts and have no place to go to work. Unfortunately the National Football league has not been in a position to help these boys under contract to another league. We have been too busy with our own championship campaign."

Onions have been cultivated from time immemorial; they are represented on Egyptian monuments.

Hank Iba Has Oklahoma Aggie Cagers At Work

STILLWATER, Okla., Oct. 17 (AP)—Football's talk around Oklahoma A. & M. College now but a peek into the gym discloses the Aggie basketball squad already hard at work.

The Aggies have the national collegiate basketball title to protect. Also Coach Hank Iba called practice a month sooner than usual to give a movie company a chance to make a short on Cowboy drills.

A quick glance at the 40-man squad is enough to make you feel you are in the land of the giants. And the boys show remarkable ability.

Three starters are back from last season, the most prominent being seven-foot Bob Kurland. Then there's Blake Williams, 6-1, and Weidon Kern, 5-10. There are more lettermen as J. L. Parks, an even six feet; Doyle Johnson, 6-2 and Joe Halbert, 6-7.

So far, Iba has three service-men back who lettered in previous years. Included are Lou Steinmeir, six foot, six-inch center of 1942; Sam Aubrey, 6-4½, and Bill Crowe, 6-4.

With all but one of those nine six feet or better, Iba will floor one of the tallest teams in the nation and all will be lettermen.

However, they're just the beginning.

Out of others, Iba believes at least nine have definite possibilities.

All but one use the six-foot measure and have shown great ability in high school.

Most publicized is a 6-foot, 10½-inch center from Fayette, Ala., who is being heralded as Kurland's successor. He is James Moore.

Then there's Jack Meredith, 6-5½, from Claremore, Okla.; Wayne Botes, six feet, Ollie Helderle, 6-4, Joe Pitts, 5-10, Charles Darr, 6-3, all of Oklahoma City; Paul Geyman, 6-1, Eldorado, Tex.; Joe Bradley, 6-2, Cowden, Okla., and Don Stum, Adlington, Okla.

Iba isn't ready to make any predictions about the coming season, but whoever seeks the Aggies' championship trophy is going to have a tough tussle.

BOB KURLAND Higher Than The Rim

Ithaca Ace Best Passer In East, Says Caldwell

With ANGUS LECESTER Interest in the football game between the Lakeview (colored) Lions of Big Spring and Abilene didn't keep a few of the local dyed-in-the-wool baseball fans from grouping together and discussing the possibility of a professional league operating in this part of the world next spring.

And, having all agreed that the possibility was more than that and more nearly bordered on a probability, the gathering to a man began to introduce suggestions for Big Spring's advent into such an organization.

Included in the little tete-a-tete were such good and noble citizens as Bob Cook, the mayor and as such the No. 1 baseball fan of our fair town; Harold P. Steck, the ex-soldier who was instrumental in helping the city land a franchise in the old WT-NM league in the late 30's; Logan "Mileaway" Baker, a disciple to the philosophy that baseball is as much a part of the American way of life as bread and butter; Royce Satterwhite, who rarely missed a game when the Barons were active; Virgil Smith, who can cut a mean head of hair and talk a good game at the same time, plus others of the sporting gentry.

All were harmonious in the belief that the game could pay its freight here, for the simple reason that the next few years are going to be great, paying years in the field of sport and Big Spring had, as Baker put it, "always been a good baseball town."

The honorable mayor, who always dug deeply to insure the solvency of the baseball ventures here in other years, said he would subscribe to any drive that would bring a franchise to the city.

Furthermore, the righteous burgomeister went so far as to say he could proffer some recommendation as to the location of such a plant, in event a campaign materialized and capital was created for such an institution.

Bob's suggestion was to erect the stadium squarely between the Steer football stadium and the Rodeo grounds in the Highland Park section of town. "Easy to get to," said the mayor.

Practically the entire gathering agreed that the directors of the old Big Spring club had acted unwisely when they put up their park on West Fourth street, that that ballfield's location was the principal reason the organization ultimately experienced financial troubles.

All in all, the session, informal as it was, proved an entertaining social. More of the same might engender enough enthusiasm to break the ice laid caused by the war and federated hardships.

As a professional sport, baseball drew something like 22,000,000 paid admissions in 14 leagues, including the two majors, this season. That total was exclusive of the playoff (i.e., the world series and its more than 300,000 attendance).

The AA Coast league played to 2,919,470 paid admissions, an increase of more than half a million over the '43 season. The American Association, International League and Southern Association all went over the million mark in patronage.

The Ohio State league, which in 1938 wasn't considered as good a circuit as the WT-NM league, attracted 266,704 admissions.

The game's appeal is universal. Wilkes-Barre, in a ball, doubled its 1943 attendance. Albany, also in a competition, had a turnstile click of 123,891. New Orleans of the Southern Association drew no less than 231,000 paying customers. Montreal played to capacity crowds all year.

Norfolk of the Piedmont league had 152,433 looking on. The St. Louis Cardinals attracted the second largest attendance (594,208) in the history of the team. Only 1928 was a bigger year in the Red Birds' books.

Baltimore's "take" was 273,501 customers, even though four Sundays were lost at home because of unfavorable weather.

All those figures are due to be bettered in '46.

NTAC After Second Win Over Tarleton

STEPHENVILLE, Oct. 17 (AP)—John Tarleton College and North Texas Agricultural College will have their Thanksgiving football early.

Traditionally their game had been on Turkey Day until the war came. Last year they played Nov. 10 and this season they meet Oct. 19.

The game is scheduled at Arlington and after the game silver taps will be sounded by buglers from both schools with the traditional silver bugle being awarded to the winner. The bugle now is in possession of NTAC which won last year 12-0.

With an open date this weekend, the first troop carrier command football team of Bergstrom Field knocked off practice until today when it started preparation for its next game October 28 against the AAF Personnel Distribution Command eleven at Louisville, Ky.

Tucker Rejoins Lions As Eleven Preps For Invasion Of Angelo

Big Claude Tucker returned to the football camp of the Lakeview (colored) school Lions Tuesday afternoon and his presence raised the confidence of Coach Frank Miller and his charges several pegs.

The 190-pound star has been missing from action for two weeks but he's in shape to operate now and the San Angelo Black Sheep Herders, Thursday opponents of the Lions, had just as well prepare for trouble.

Tucker was the proverbial ball of fire against Midland in the opening game of the season, using his tonnage to blast the Bulldogs line to smithereens.

He will provide good company in the Big Spring secondary for speedy Edward J. Wrightsil and Junior Crockett.

Miller, who is recovering from the flu, revealed that Harry Dooley, ace end, would be in top shape for the invasion of the Concho country. Dooley was handicapped by a sore leg in last week's bout with Abilene but managed to play most of the game.

Lions fans have been invited to a pep rally, which will be staged at Walter Green's residence tonight at 8 o'clock.

National Open June 13 To 15

NEW YORK, Oct. 17 (AP)—The U. S. Golf association has announced sites and dates for the national amateur, open and public links championships in 1946 and declares that if England decides to resume international amateur competition the Walker Cup matches will be played at Southampton, N. Y., Aug. 30 and 31.

The open, last won by Craig Wood of Mamaroneck, N. Y., will be played over the Canterbury course at Cleveland June 13 to 15. The amateurs will compete over one of the two Baltusrol layouts at Springfield, N. J., Sept. 9 to 14, in an effort to dethrone Marvin (Bud) Ward of Spokane, Wash.

The public links tourney will be held at the Welshshire club in Denver, July 22 to 27. William J. Welch, Jr., of Spokane, Wash., and formerly of Houston, Tex., is the present public links king.

Now Try This 3 For 1 Value In Aspirin

You'll get nearly 3 tablets for only 1¢ when you buy the large 100 tablet bottle of St. Joseph Aspirin for 35¢. Big family favorite! No aspirin does more for you no matter what you pay. Always get St. Joseph Aspirin.

What A Difference! There's just no comparison between the old stage coach and a modern bus... or between the usual safety razor blade and the new Pal Hollow Ground. This different, modern blade shaves with just a "feather touch" because it is flexible in the razor... follows facial contours without "bearing down". For quicker, cooler shaves and longer-lasting blades, pick up a pack of Pals today!

A Problem To Be Solved With The News

By J. M. ROBERTS, JR.
AP Foreign Affairs Analyst

Indonesian references to "non-violence," similar to those which have accompanied India's sporadic outbreaks in her long search for liberation from western domination, serve to remind that the present situation in Java is not some new post-war manifestation, but rather a continuation of a movement which has become indigenous to southeast Asia.

Throughout Burma, Malaya and the Indies, long before the war, there was a growing restlessness and sometimes openly hostile attitude toward the British, French and Dutch administrators of a rich western Pacific area where men produced, for a few cents a day, tremendous wealth which went to swell western standards of living.

Instead of establishing educational and health centers by means of which native populations might prepare themselves for self-government, the ruling powers permitted continuation right up to World War II of a system reminiscent of the earliest days of imperial expansion. Even with the growth of some feeling of moral responsibility after World War I, little had been done to raise the position of the various Malayan peoples.

When the new war broke, the British and French found the situation disastrous. While we had little evidence one way or another from Java at the time, it is reasonable to assume that Indonesian leaders there, having formed a considerable underground liberation movement long before the war, were not too sorry, in the beginning, to see the Japanese oust their Dutch masters.

It is easily believable that the Japanese, except for the ineptness which characterized their entire war effort, might have mobilized all southeast Asia and at least parts of China and India on their side. Instead they substituted open and forceful theft for suave cultivation, and their chance was gone.

But the fact that the Japanese missed the boat does not mean that the situation is any different. There are from 150 to 200 million people of Malay-Indonesian extraction in the area. They have become an active part of a tremendous movement, stretching from Libya to the Southwest Pacific, by which Moslem, Hindu and Pacific peoples alike are determined to shake off western domination.

In dealing with the European countries the Malaysians, including the Indonesians, have before them the example of the Philippines, where in 50 years their relatives have progressed from island primitiveness to self government. The 150 million are not likely to be satisfied with anything less. Even persuading them to accept the enlightened tutelage necessary before independence may prove extremely difficult in their present state of mind.

Washington—Indian Budget In For Scalping

By JACK STINNETT
WASHINGTON—It's considered very likely here that the Office of Indian Affairs is in for a scalping when its 1946 budget comes up for consideration by Congress. The reason is an odd one.

The office hasn't been lacking in critics, but they never were numerous enough to slow its steady expansion. That probably is all changed now and just because the discussion of raising Congressional salaries has come so much to the fore.

When the Congressional salary bug started biting on Capitol Hill and in a several other places where reorganization of Congress is considered vital to the progress of government, some one dug up the Indian Bureau, as it used to be called, as the "horrible example" of what has happened to our government.

This first scrounger out of vicious comparisons (no one remembers now who mentioned it first) pointed out that the combined salaries of Congress are \$5,350,000 (counting in the four delegates and resident commissioner) a year; while the Indian Office, if it gets all it asks for, will have around \$32,000,000 to keep itself next year.

Of course, this is just playing with figures because Congress costs the people considerably more than the salaries of its members. Still, the fact that one little bureau stuck away in the Department of Interior says it needs six times as much as the total wage of Congress is enough to raise eyebrows all over the place.

Some one, carrying the comparison a little further, found that

the Indian Office has more than 7,000 employees; is asking for about 300 more; and all of this to minister to something like 400,000 Indians.

No one knows exactly how many Indians there are in the United States. Intermarriages and the wide range of economic status make it practically impossible to tabulate them accurately. This means, say the figure tossers, that there is approximately one employe in the office for each 55 Indians in the country; while each member of the House of Representatives has to minister to 300,000 or so persons and most of the Senators number their constituents in millions.

Observers say that Congressmen, a little nettled over the fact that they can't take the bit in their teeth and hike their wages, for fear of public opinion, are all set to buck the Indian Office into the dust when it tries to climb into the saddle for a ride toward more money and more employes.

If the aviation industry has anything to say about it, one colorful war of flying that followed World War I will be missing this peace time. That is the barnstormers who flew all over the country and thrilled huge crowds at everything from county fairs to the big metropolitan air shows with sky feats of derring-do.

The reason is simply that the barnstormers, being good showmen, did everything they could to convince their audiences that flying was a dangerous business, to be indulged in only by daredevils.

With The AEF: Japanese Troops In Bali Have Lived Easy Life

By HAL BOYLE

"DEN PASAR, Bali (AP)—"The past paradise," as the tourist folders used to describe Bali, is an earthly heaven for Japanese troops having one last gambol in this isolated East Indian sanctuary.

The less than 3,000 Japanese here have lived the proverbial life of Riley for many months in this corner of the Netherlands East Indies where no serious native unrest has arisen.

From all external evidence, Bali apparently accepted the Japanese rule as lackadaisically as it did the European, the Balinese just not giving a darn who runs them.

After spending a few days among this simple native people, one has the uneasy feeling that in their barefooted way they may have developed a system that in many senses is superior to that of the Occident. There is an almost irresistible impulse to drop the white man's burden, don a loin cloth and join the little brown people in the sun.

The only thing that kept me from joining was the knowledge that my figure was a bit too plump for public display and that I sun burn easily; but for anyone who would like to end his days whittling monkey figures out of lemon wood, or perhaps betting on a few cock-fights, this is the best ad-

dress.

Except for a couple of bombing raids against Japanese planes based there, no echo of the war ever penetrated Bali's calm.

Hopelessly stranded and with nothing to do but wait for the finish, the Japanese here relaxed in comfortable billets and ate a rich diet of meats, fruits and vegetables which they will recall longingly in future years when they are back in their bleak homeland.

The several Japanese attempts to recruit Balinese for the army resulted in a force of about 1,000 men, who were drilled regularly but never saw any action.

Despite the lazy way of life, the Japanese commander stoutly insisted that the Balinese would make good soldiers, saying, "their discipline was as good as that of Japanese troops and I believe they'd fight as well."

The few Europeans on Bali doubt this very much, one of them remarking, "the only thing these people ever fight over is a love affair, and usually the weather is too hot even for that."

"They aren't political-minded and the outside world does not touch their lives. Most of them wouldn't have fought for Japan's co-prosperity sphere any more than for the Monroe Doctrine, which they have never heard of."

Clear The Atmosphere

To date congress has not yet acted upon the Bulwinkle bill which would clear the regulation atmosphere for rail carriers.

During the past year we have seen how one branch of the government (justice department) can initiate action against the carriers for operating under the instructions of another (the Interstate Commerce Commission).

In the final analysis, the Bulwinkle bill would remove this paradox. There is none who would argue that railroads should not be subject to regulation as a common carrier, but it doesn't make sense that they should be placed in the position of complying with the regulations of one agency and then face action from another for having complied with the first. A consistent, practical policy, it seems to us, would be desirable in the national interest.

All of which is a long way of saying that the stories coming out of Java today cannot be read as applying to an isolated situation. We have the word of Gen. Carlos P. Romulo, resident commissioner of the Philippines to the United States, writing in Collier's, that:

"Essentially the problem of the Pacific represents the race problem of the world. Ignore it, sidestep it, neglect it, and the next war will be a race war."

most of the rest of aviation, is now out to convince the nation of just the opposite. Thus, the "air shows" and exhibitions from now on will emphasize the safety of flying and the ease with which any one can take to the skyways.

Hollywood—

Cave-Dweller Powell Cornered

By BOB THOMAS

HOLLYWOOD—Well, friends, I have interviewed movie stars in showers, swimming pools, restaurants, beauty parlors, tennis courts, bars and dressing rooms. And now in a cave.

The star was Dick Powell and he was working, not living, in the cave. The housing situation in Los Angeles is bad, but not that bad. The cave is situated up a canyon in the Hollywood hills, a couple of minutes' drive from Hollywood and Vine. I'm told it was created by a rock quarry.

The cavern was big enough to hold all the equipment necessary to film a scene. I watched Eddie Dmytry direct Dick through an emotional scene for "Cornered" which required 15 takes. Before each take Dick had his face sprayed with a liquid to simulate perspiration and then worked himself up to the emotional level of the scene.

As soon as it was over, he was the same old Dick Powell. We sat down in the tunnel for a chat. "What's this scene all about?" I asked.

"We're doing retakes today," he explained. "You see, there's a part in the picture where I do what I call 'throwing a fit.' I actually go off my nut because of grief. When we finished the picture we decided there wasn't enough leading up to the fit, so we're taking these scenes to lay the groundwork."

"That's quite a long way from Forty Second Street," I suggested. "Isn't it, though? And I'm really happy about it too."

"Are you giving up singing entirely?"

"Let's say that it's given me up. After all, when a guy gets to be 40 he's pretty old. He finds the other boys are singing a lot better

than he is. And better than when he was 20, too."

The new, non-singing Dick Powell dates from the wonderful murder yarn, "Murder, My Sweet," in which he played the tough private dick, Philip Marlowe. He plays another rugged role in "Cornered" and weekly on his radio show, "Rogues' Gallery." Dick said he intends to continue in such roles.

"As a matter of fact," he remarked, "I would like to play a real rat. I think it is a good idea, as long as I am changing my type of roles, to go to the extreme, and then bounce back to the less extreme parts."

"I think after the war there's bound to be an era of lawlessness and there have to be pictures about it. The producer who decries the Dillingier picture probably has three gangster scripts in preparation. They may not be like the gangster pictures of the thirties, because the crime may be

Texas Today—

Army Tactics Ire Atom Scientists

By DREW PEARSON

WASHINGTON—The backstage dispute raging over the future of the atomic bomb is one of the hottest and most important ever to hit Washington. Many of President Truman's advisers are split over it, while most of the scientists who worked on the bomb are boiling mad over the May-Johnson bill which the army is attempting to rush through congress.

While they aren't advertising the fact, neither Congressman May of Kentucky nor Senator Ed Johnson of Colorado had a chance to study the bill they are sponsoring before they introduced it. However, Maj. Gen. Leslie Groves, the army officer in charge of the atomic bomb, is adamant that the bill be passed immediately. Some hint he is afraid of discussion.

Meanwhile, atomic scientists say that Groves was the hardest man they had to convince regarding the importance of the atom when the idea was in the initial stages of discussion. If it had not been for the determination of the late President Roosevelt, scientists say that the army would have ditched the project.

can produce the bomb on the basis of information which the war department already has disclosed. "It is unrealistic," say the Oak Ridge, Tenn., scientists, "that nations will renounce the use of the atomic bomb in war. The only major weapon which has been announced is poison gas, doubtless due to its comparative ineffectiveness."

"We believe there is only one way open to us. Every attempt must be made immediately to arrange for the control of this weapon by a world authority. This means an effective international control of the production of the vital materials, and of their use by all countries. Only the world authority may manufacture atomic weapons, and by the fact that they alone are in possession of these weapons, enforce international law and peace."

Senate Absenteeism
Senators are getting sensitive jibes at senate absenteeism and excessive globe-trotting have hit home. The new seating chart of the senate, distributed to help gallery visitors spot where senators are seated, now contains this special explanation:

"Senators not present in the senate chamber may be found at committee meetings, in their offices transacting legislative business, or at the various executive departments on official business."

Snappy Truman
Senators are getting sensitive jibes at senate absenteeism and excessive globe-trotting have hit home. The new seating chart of the senate, distributed to help gallery visitors spot where senators are seated, now contains this special explanation:

"Senators not present in the senate chamber may be found at committee meetings, in their offices transacting legislative business, or at the various executive departments on official business."

It's always difficult to advise a president of the United States, but friends of Harry S. Truman are hoping he will get away from his habit of making snap decisions. This includes even some cabinet members who benefit from his quick decisions.

Newspapermen who attend White House conferences, long have commented privately on Truman's tendency to shoot out an answer. He comes out with statements which neither Roosevelt, Coolidge, nor Hoover would have made without careful consideration.

Cabinet members find the same is true in private conferences. They are delighted to get such quick decisions, but sometimes wonder whether it is a good idea to omit consultation with other interested departments. The snarled-up Pacific island bases, which Truman gave to the navy without consulting the army, state, or interior departments are cases in point.

The quick decision regarding the atomic-bomb bill is another. Insiders say Truman never saw the bill which the army sent to congress.

Note—Most memorable world-shaking result of White House snap statements was when Warren Harding, replying to a press question, said that under the Pacific security pact Japan would not be able to build bases on her own main islands. Charles Evans Hughes, then secretary of state, had to deny this and sign a special protocol to unsnarl the Harding error. After that, and up until the Roosevelt regime, questions were handed to the president in writing.

New Dies Committee
The house committee on un-American activities is getting more and more like its predecessor—the Dies committee. With freedom of the press something to be reserved only for those who support the committee, its members have started to investigate the radio scripts of four liberal New York radio commentators—Cecil Brown, Johannes Steel, Sidney Walton, and William Gailmore. . . . When someone informed the committee last month that Mr. Sam Karp, a Connecticut filling-station operator, and brother-in-law of Molotov, was financially interested in the Bridgeport, Conn., Herald, Karp was immediately called down for questioning. He denied owning any part of the paper.

Later committee members and chief counsel Ernie Adamson admitted they had never even seen a copy of the Herald. . . . Not even after spending an afternoon discussing the paper had they taken the trouble to look at a copy of it.

Stepped-Up Air Mail Service To Be Asked

WASHINGTON, Oct. 17 (AP)—A group of congressmen from the southeastern states will ask Postmaster General Robert Hannegan to recommend one-day airmail service to Washington and New York for small communities of Arkansas, Louisiana, Mississippi and East Texas.
Rep. Brooks (D-La) said Hannegan will be asked to recommend the service to the Civil Aeronautics Board at its hearing on the Mississippi valley area Nov. 5 in New Orleans.
Airports would not be required for the service, Brooks said, because planes could simply fly low over an open field near the town, dropping airmail sacks and picking up outgoing mail by hook.

Grecian Cabinet Crisis Lessens

ATHENS, Oct. 17 (AP)—Archbishop Damaskinos, the regent, took over the government of Greece today as provisional premier, ending a prolonged cabinet crisis which he said he could not permit to continue.

News of his move caused a sensation throughout Greece. It was the first time in Greek history that a clergyman had headed the government.

Immediately after Damaskinos' induction all the members of the cabinet of former premier Petros Voulgaris except Voulgaris himself and Undersecretary Lambri-nopolous were sworn into office.

The Voulgaris government resigned last week. Damaskinos took over the reins of government after five previous attempts to form a cabinet had failed.

During the crisis the populists refused to participate in any government which included representatives of the left wing, who are demanding postponement of the elections Jan. 30.

Livestock

FORT WORTH, Oct. 17 (AP)—(USDA)—Cattle 4,700; calves 3,700; slow steady to weaker; medium and low good beef steers and yearlings 12.00-14.00; cutter and common grades 7.50-11.50; medium and good beef cows 8.50-11.50; common 7.50-8.25; cutters 6.75-7.50; canners 5.00-6.50; few beef bulls 10.00-50; good and choice fat calves 11.50-13.00; common and medium 8.25-11.00; good and choice stockers and feeders 12.00-13.00; common and medium 9.00-11.50.

Hogs 25; active, steady; good and choice 140 lbs up 14.65; sows 13.90.

Sheep 4,000; slaughter ewes strong to 25 higher than Monday; medium grade 11.00; medium grade yearlings 10.00; common and medium slaughter ewes 5.00-50.

Civil Appeals Zoning Decision Is Reversed By Supreme Court

AUSTIN, Oct. 17 (AP)—The city of San Angelo was upheld today by the supreme court in the city's zoning dispute with the Boehm Bakery.

The court sustained a trial court judgment favorable to the city, reversing the finding of the court of civil appeals for the bakery.

"The point should not be overlooked that the respondents (Boehm Bakery) were seeking a permit to extend a nonconforming use contrary to the general terms of the zoning ordinance," said Associate Justice J. E. Hickman.

"To establish the illegality of the board's order denying them such permit would require a very clear showing of abuse of discretion, and this record does not meet that test."

The bakery had sought and been denied a permit to build an extension to its establishment. When the city passed its zoning ordinance in 1940, the long-established bakery found itself within the residential zone.

More Nipponese Granted Amnesty By The Emperor

TOKYO, Oct. 17 (AP)—Emperor Hirohito, whose future has been a burning topic of speculation ever since the American occupation, granted amnesty today to nearly 1,000,000 Japanese as an openly avowed move to unite Nippon "in meeting a great change in history."

Domei agency noted that one effect of the rescript, honoring the day when the first rice crop is offered to the gods, would be to enable as many people as possible to take part in the coming elections.

"We, in meeting a great change in history, are indeed concerned to conquer the difficulties of the times with the country united as one and will trust in the cooperation and assistance of all the people," said the rescript. "Therefore, we have ordered our officials to carry out an amnesty. All our officials and people embody our will."

The rescript, unprecedented in scope, pardoned 320,000 Japanese, reduced the sentence of 37,000 and ordered restoration of civil rights to 600,000.

The emperor's appeal for unity was made at a time when Japanese communists, celebrating the release of some of their leaders from prison on orders of General MacArthur, were working openly for an end to imperialism.

MacArthur's headquarters announced today that investigating parties of Americans have found fortunes in diamonds, platinum, gold and silver cached by Japanese admirals and generals in a table under a rock.

In another announcement, headquarters reversed a previous decision which would have established quotas of news correspondents in Japan, the Philippines and Korea. The lifting of the quotas, which had been announced last Friday, followed protests by the press in the United States and by the correspondents club in Tokyo.

Billy Conn Refuses To Sign For Bout With Joe Louis

NEW YORK, Oct. 17 (AP)—Billy Conn, outstanding challenger for Joe Louis' heavyweight title, today refused to sign a contract for a bout with Louis next June.

Conn and his manager, Johnny Ray, objected to a clause in the contract stipulating that Conn could not engage in tuneup bouts or exhibitions without the permission of promoter Mike Jacobs.

Ray said that he wanted Conn to have three preliminary fights. He added that he wanted his lawyers to read the contract before signing to see if there were any other undesirable features.

More Than 12,000 Vets Arrive Today

By The Associated Press

More than 12,000 veterans from Europe and the Pacific are scheduled to arrive in the United States today aboard 19 troop-carriers and a group of warships docking at east and west coast ports.

Advance units of the Third fleet, including the aircraft carriers Enterprise, Monterey and Bataan, are due in New York harbor, bringing back nearly 3,500 Pacific veterans, including former prisoners of war.

Four troop-carriers with more than 6,000 servicemen also are due at New York, one ship with 32 men at Boston and another ship with about 150 at Newport News, Va.

At San Francisco, about 2,500 troops from the Pacific are scheduled to arrive aboard 13 vessels.

Ships and army units arriving: At New York—(aboard Norway Victory) 1,965 troops, undesignated units. (Aboard Marine Wolf) 2,829 troops, undesignated units. (Aboard Levi Woodbury) 730 miscellaneous personnel. (Aboard William Rawle) 554 miscellaneous army personnel. (Aboard various warships of the Third fleet nearly 3,500 Pacific veterans, undesignated units.)

At Newport News—(aboard F. J. Luckenbach) 152 miscellaneous personnel.

At San Francisco—about 2,500 passengers are due aboard the following ships: William C. Miller, Charles G. Walcott, Core, Jeremiah Black, J. M. Auman, John Shaffroth, Moses G. Farmer, Oscar Underwood, W. B. Cobb, Bingham, John M. Harlan, North Field and Stepas Darius.

Unusual Accident Kills 25 Cattle

Around 25 head of cattle were burned to death in an unusual mishap at 5 a. m. today at the east end of the Texas & Pacific Railway yard.

Earl Bell, chief yard clerk, said as the freight engines were being changed, the steam cock of one of the engines broke off. The faulty engine was even hit by a car load of cattle and the loose steam scalded the animals to death.

'Disturbing Element' In Crime Quiz, Say Police Interrogators

PONTIAC, Mich., Oct. 17 (AP)—An attractive, 38-year-old secretary was at liberty today while police detained her former employer for further questioning in an effort to solve the brutal Lover's Lane murder of his wife, Mrs. Lydia Thompson, 46, of Detroit.

Louis V. Thompson, 46, wealthy Detroit automobile dealer and his ex-employee, Mrs. Helen M. Budnik of Detroit, voluntarily underwent lie detector tests at state police headquarters in East Lansing Tuesday as authorities checked their statements on the slaying.

Both had been in custody since Monday but no charge was placed against either.

Sheriff Edward K. Thomas and State Police Captain Harold Mulbar agreed Mrs. Budnik told an air-tight story during her 75-minute lie detector quiz, and she was released.

Captain Mulbar said there were "disturbing elements" during Thompson's two-and-a-half hour quiz.

"These disturbing factors were no admission of criminal offense however, but in some instances seemed to show he hasn't told the officers everything," Captain Mulbar declared.

A new angle was injected into the case late yesterday when Highland Park Police Chief John A. Hoffman said he was investigating a report that Mrs. Thompson had thrown acid into the face of an unidentified woman in a bar there three months ago.

Hoffman said his informant reported that the Thompsons and the unknown woman were seated at a table when Mrs. Thompson arose and threw the acid at her.

Irma Grese Admits Lashing Prisoners

LUENEBURG, Oct. 17 (AP)—In a voice charged with defiance, blonde 22-year-old Irma Grese admitted under cross examination today that she lashed prisoners at the Oswiecim concentration camp with a cellphone-braided whip and clubbed them with a walking stick.

She said she scourged the prisoners in spite of camp orders against such methods of handling them.

The hard-visaged young SS guard denied under questioning by Prosecutor Col. T. M. Backhouse that she amused herself by sending women to work at a sand pit outside the wire, where they would be shot by guards on the alert for escape attempts.

Extremely nervous under the barbed cross examination, she constantly locked and unlocked her fingers, or tugged at the sleeve of her SS tunic.

She also denied she had set trained dogs on the prisoners.

Later Backhouse accused her of habitually kicking and beating the women prisoners, and of enjoying the practice. The defendant almost rose from her seat and shouted: "And I say you are badly informed about me and it's a big lie."

IRON LUNGS—Responding to an appeal from the Belgian government, the National Foundation of Infantile Paralysis forwarded by air transport two mechanical respirators badly needed in combating a widespread epidemic of poliomyelitis in Belgium.

Children Found
JERSEY CITY, N. J., Oct. 17 (AP)—Two children, asleep in their father's automobile when it was stolen early today, were found safe by police an hour later abandoned in another parked car after an extensive dragnet had been thrown about the city.

The children were three-year-old Edward Winkler, Jr., and his sister, Clara Louise, six.

Police said they located the stolen car in the downtown section and arrested a youth who said that, when he found the sleeping children in the automobile, he placed them in another automobile he found parked several blocks away.

BAG IS TAKEN
A brown leather bag containing silver and linens was allegedly stolen from the front porch of an Ellis Homes apartment Tuesday afternoon. Police were called for investigation.

Bevie Purser Death Victim

Bevie Allen Purser, 49, died at a local hospital at 7 a. m. Wednesday after a two day illness. An heart involvement was said responsible for his death.

He entered a hospital two days ago.

Purser moved with his parents to Howard county originally in 1900. At one time he operated a furniture company in Stanton but for most of his adult life he was associated with Big Spring business concerns. During World War I he served in the navy. Purser was born in Lee county on Dec. 24, 1896.

Rites are pending word from relatives and Eberley-Curry Funeral home is in charge of arrangements.

Survivors include his wife, Mrs. Irene Purser; a son, T/Sgt. W. E. Purser II, who had left Tuesday for Amarillo to be discharged; a daughter, Nora Allene Purser; his father, W. R. Purser; a sister, Mrs. V. E. Jones; and a brother, J. D. Purser. Other relatives who are expected here for services include Mr. and Mrs. A. B. Winslow, Big Spring; his parents-in-law, George Winslow, Stanton; Mrs. Ed Reagan, Berkeley, Calif.; James Winslow, Hobbs, N. M.; Belton Winslow, who is in service; Guy Winslow, Sacramento, Calif.; Mrs. Bill Myers, Lampasas; Bertha Winslow, Mrs. Bob Husson and Mrs. Ed Nabensack, Big Spring.

Lightning Strike Thrice?
YES NO

Even if it scores a knockout first crack, lightning can still jolt the same spot more! It often does. Another accurate weather fact is that you'll step up your aging car's chances this Winter by OIL-PLATING the engine's insides. You want Conoco Nth motor oil for this protective OIL-PLATING.

Conoco Nth oil's great wear-fighting method is this: it employs the magnet-like action of its added ingredient to make metal and lubricant join up! This creates OIL-PLATED surfaces—no longer all bare to frictional wear and corrosion. Hence there's less cause for carbon—sludge—breakdown. And surfaces kept OIL-PLATED even at a standstill are ready for quick safe Winter starts. Your engine and battery both say, "Conoco Nth for Winter—today!"
