4 Pages Today

HANSFORD WHEAT IS CUT 45 PERCENT FOR 1938

Hansford County Is Placed In Tenant Purchase Program

For Purchase Of Farm By Qualified Citizens

Hansford county has been selected by the state to participate in the coming year's tenant purchase program, according to word received here today by Thomas L. Taylor county farm security administration supervisor, from Regional Director L. H. Hauter in Amarillo, Texas. Mr. Taylor said this means that the program will operate in Hall, Hansford, Floyd, Randall and Wheeler counties this year. The funds allocated to this part of Texas for these two counties for the fiscal year ending June 30, 1939, are \$174,500.

Selections of counties are made on the basis of farm population, prevalence of tenancy, types of farming and geographical distribution. Floyd, Randall and Wheeler counties were the first in this part of the state to participate in the program which was inaugurated last year. Ten farms have been bought in these three counties to date.

Under the program, authorized by the Bankhead-Jones Farm Tenant Act, loans will be made to a limited number of qualified farm tenants of Hall, Hansford, Floyd, Randall and Wheeler counties for the purchase of farms. These loans will bear three per cent interest and may be made for a 40-year period.

It is expected that applications for loans will be accepted as soon as the program can be made. Opening date for making applications, Mr. Taylor said, will be announced in the newspapers. However, only tenant farmers residing in the five counties will be eligible to file applications.

Santa Fe Report Wheat Harvest Far Short Of Early Estimate

Weather in North, Central and East Texas early in July was generally hot and dry followed by light to heavy rains which were of benefit to all growing crops, according to report on agricultural conditions by representatives of the Santa Fe System Lines. Only in a few sections is further moisture an immediate need as most crops, with the exception of cotton, have matured.

Harvesting and threshing of wheat and oats virtually has been completed. While a good proportion of oats has been forwarded to elevators, low prices are causing much of the crop to be held at points of production where it will be fed to livestock.

Corn, with the exception of late fields, matured under favorable conditions. Production for the state is estimated at 85,104,000 bushels, compared with 72,480,000 bushels last year. Considerable corn has been cut for fodder and is in the shock.

Due to decrease in the cotton acreage, there has been a marked increase in acreage planted to feed crops which are generally in good condition. Both milo and kafir in the southern areas are ready for harvest.

Ranges are in fairly good condition and stock is ample.

General, Texas wheat yield was disappointing, and with harvest finished, it is evident that total production has fallen under that of last year. The last official estimate was 35,397,000 bushels which is quite a contrast to prospects earlier in the season.

Account of low prices and the recent Federal loan announcement, the wheat movement so far has been rather slow, much of the crop being held on the farm or in local elevators. Many farmers are planning to take advantage of the wheat insurance program for 1939.

Grain sorghums and sudan grass are fully up to normal, and general outlook for a feed crop is very promising.

4-H Club Boys Make Good Records In Wheat Projects

C. Zene Holt and J. R. Keim, Hansford County 4-H Club boys, had the largest 4-H wheat projects in the county this year, and both boys made about the same average yield of wheat per acre. J. R. harvested 1,250 bushels of wheat from 125 acres and Zene harvested 431 bushels from 40 acres.

Ray Mulkin Jr., Gruver club boy, had 10 acres of wheat that averaged 8 bushels per acre in spite of the fact that he was in a portion of the county that was extremely dry. Most of the wheat in his area made only about 3 or four bushels per acre. Ray attributes his better yield to the fact that he used improved Tenmarq wheat to seed his land.

The boys' projects are carried on as demonstrations under the direction of the County Agent and Extension Service of Texas A. and M. college.

Funeral Services For Brother of Marvin Jones Held At Dallas Saturday

HOUSTON, July 28 — Robert Delbert Jones of 3116 Rice Boulevard, Houston, died today in Baltimore, Maryland. Mr. Jones, a well known attorney, was Counsel for The Federal Land Bank of Houston. Prior to coming to Houston, he had been a practicing attorney in Dallas. Born in 1888 in Garland, Texas, he was educated in the public schools of Elm Grove and Valley View, Texas, graduated from Southwestern University at Georgetown and received his legal training at the Law School of the University of Texas. He is survived by his widow, Mrs. Aggie Jones, and a daughter, Miss Joanne Docia Jones of Amarillo, and by several sisters and brothers, including Cong. Marvin Jones of Amarillo. Funeral services will be held at three o'clock Saturday afternoon at the Brewer Funeral Home in Dallas.

Preaching At Church of Christ Sunday

M. W. Graves, pastor of the Church of Christ of Borger, Texas, will preach at the Church of Christ of Spearman at the 11 o'clock hour and the evening services. All are invited to attend.

MONDAY HOTTEST DAY OF SUMMER TODATE

Monday August 1, was the hottest day of the summer to date, according to F. W. Brandt, U. S. Weather observer. The mercury reached 105 degrees.

Revival At Methodist Church Enjoyed Good Attendance For Week

Rev. Leroy Brown, pastor of the Spearman Methodist Church and Rev. Harold G. Scoggins, visiting minister from Dalhart, Texas, stated the attendance and cooperation at the revival meeting being held at the Methodist Church was excellent. Rev. Scoggins is an outstanding speaker, and has presented many thought provoking messages during the past few days. The revival will continue through August 14. The church building is air-conditioned and comfortable. All Christian people are urged to attend and help in the campaign for lost souls.

JULY MOISTURE SHOWS IMPROVEMENT OVER 1937 RECORD

Total July moisture recorded by U. S. Weather observer F. W. Brandt shows 1.26 inches. The record for 1937 was only .35 inch. In many places in Hansford county the rainfall report past the 3 inch mark.

ROY RUSSELL AT ST. LOUIS MARKET FOR OPENING STOCK

Mr. and Mrs. Roy Russell left this week for the Eastern market at St. Louis, Mo., where they will purchase the stock to open a large dry goods store in Spearman. The store will be located in the McLain building between the Spearman Drug and Kiker grocery. Ben Beck who has operated a recreational club in the building is moving to the Old Corner Drug store building this week. Announcement will be carried the next two weeks of the opening of Spearman's new dry goods store.

FOR SALE

440 sheep, all or any part, gate cut. Due to lamb in January from black faced bucks. \$3.50 per head. See Ted Rosenbaum.

BAND CONCERT TO BE HELD FRIDAY AUG. 5

Bandmaster Fred Rattion announces a Band Concert to be held on Main Street for Friday evening August 5th. The concert will begin at 7:30 p. m.

WHAT

What pioneer property suitable for parade purposes does Spearman have?

Clay Thornton of Amarillo wants to know the answer to that question.

"We would like to have old covered wagons, stage coaches, those old high wheel bicycles and other pioneer paraphernalia in the parade. No cars will be allowed unless they are from the earliest motor age.

"Amarillo is getting ready for a big celebration to mark official opening of U. S. Highway 66 and 'Old Southwest Days' together with the pioneer parade will be among the feature attractions. "The big show will be staged each night Butler Field and will show 400 years of history, filled with gripping stories and portrayed by 1,500 actors in colorful costumes on the Southwest's largest stage."

"Throughout the spectacle will be depicted the life of Will Rogers with old plains pals of the cowboy-humorist in the principal roles."

IMPORTANT MEETING HANSFORD COUNTY AG. ASSOCIATION

A very important meeting of the Hansford county agricultural association has been called to be held at the District Court room, Spearman Thursday evening August 11th. The meeting will be a joint meeting of ladies and men, and Miss Pearl Locke, county home demonstration agent urges all ladies to be present. Some of the latest developments of the government agricultural program for 1939 will be discussed at the meeting.

New Baptist Pastor Assumes Duties In Spearman Sunday

Rev. Matthew Doyle, recently called pastor of the Baptist church of Spearman will preach at the morning and evening hour Sunday August 7th. Rev. Doyle's family will move to Spearman next week.

SADLER SHOW DRAWS RECORD CROWD

Coming to Spearman for the first time the Harley Sadler dramatic tent show enjoyed a capacity crowd at the Wednesday evening performance. Excellent talent presented a comedy drama and exceptionally good novelty vaudeville acts helped entertain the large attendance of citizens. The program tonight will feature the famous book "Trail of the Lonesome Pine."

This is the feature production of the Sadler company.

Sadler, perhaps one of the last of the truly talented dramatic producers who makes money with a tent show organization, is limiting his schedule to West Texas this season. For the first time in his 15 years of show productions Sadler is playing towns as small as Spearman.

Virgil Floyd Accepts Position With W. L. Russell Store

Virgil Floyd, former popular groceryman of Spearman who has been living at Maple, Texas has accepted a position with the W. L. Russell store in Spearman. The Floyd family have moved back to Spearman.

MATRECIA LANE TAYLOR BORN THURSDAY JULY 28

Little Matrecia Lane Taylor, seven and a half pound daughter of Mr. and Mrs. Tommie Taylor was born at their home Thursday July 28.

Miss Vera Beth McClellan was in Lubbock Saturday.

COMING ATTRACTIONS ELLIS THEATRE, PERRYTON, TEX.

Aug. 4-5, Lewis Stone, Mickey Rooney, and Judy Garland in "Love Finds Andy Hardy."

July 6—"Boo!"—The Soul-searing Story of the White Tiger of the Sakai.

Sunday—July 7-8—"The Texan" with Joan Bennett, Randolph Scott, May Robson, also "March of Time."

July 9-10 Dennis O'Keefe, Ann Morris, Lewis Stone in "The Chaser."

July 11-12—Don Ameche, Arleen Whelan, Lyle Talbot, Binnie Barnes in "Gateway."

Hansford County Entered In West Texas Soil Conservation Contest For Jan. 1938-1939

Hansford county has entered the West Texas Soil and moisture conservation contest, covering the West Texas area.

Three prizes, 1st \$500, 2nd \$300 and 3rd \$200 are offered counties winning in this contest. The money received is earmarked and will be devoted to the development of junior agriculture work. Thus a double objective is accomplished.

The rules governing the contest may be obtained from any county agent, or from the West Texas Chamber of Commerce in Abilene.

Specifications

Terracing on crop land or pastures, pasture riding, contour furrowing, subsoiling or chiseling pasture land, and any other practice, shall be of such quality that it would meet the AAA or the SCS specifications. Each item above except No. 1, refers only to accomplishments during the period January 1, 1938 to December 31, 1938.

No one can lose in entering this contest. Whether or not a county gets into the prize winning class, if the farmers have entered heartily into the program, they have profited with each acre terraced, contoured, or with the adoption of other approved soil building projects. All of Texas is bound to profit by this movement in West Texas to speed up the soil conservation program.

The following committee has been appointed to help Hansford county gain the 1st prize in the West Texas contest.

A. F. Barkley, chairman; Joe Hatton, secretary; J. R. Colard, Emil Knutson, C. A. Gibner, C. W. King, C. H. Winder, John Venneman, Ray Gamersfelder, J. M. Ayres, and Tom Etter.

Home Demonstration Agent Reports Fine Progress In New Work

Miss Pearl Locke, Hansford county demonstration agent will meet with Mrs. V. H. Ogle of the Kimball community August 5th at 2:30 o'clock to organize the women's demonstration club. All women of the Community are invited.

The meeting of women at Mrs. Clinton Wilson's Tuesday afternoon showed great interest. The women went away saying that they would have to drop part of their quilting club work in order to attend Home Demonstration Club work, because they felt that the Demonstration work would mean much more to their home and family.

Miss Locke's talk on sandwiches:

Kinds of Bread: White, graham, rye, raisin, whole wheat, brown, nut, oatmeal, raisin and nut.

Bread should be one day old. Butter should be creamed that it may be easily and smoothly spread.

Shapes

Bread should be cut thin, for school use it should not be over one-fourth of an inch thick, and for a luncheon it should be one-eighth of an inch when used in fancy shapes. Make slices of uniform thickness, remove crusts and save these crusts for bread crumbs in puddings and other such dishes. Should fancy shapes be desired, there can be an economy in use of either butter or filling if bread is cut into those shapes before spreading.

Care of Sandwiches
Sandwiches should be wrapped in a damp cloth or paraffin paper until ready to use.

Service of Sandwiches
Should sandwiches be served at a luncheon or a party, pile neatly on a dolly either in a plate or in a basket, using for parsley, celery tips.

See No. 4 on

1939 WHEAT ACREAGE MUST BE CUT AT SEEDING TIME

Hansford county's reduction acreage for the 1939 wheat crop will amount to approximately 45 per cent of the total acreage, according to information received by County Agent Joe Hatton Wednesday evening. Individual farms may be more or less than the county appropriation, since the new 1939 program calls for all regulations to apply to the farm as an individual unit.

While the figure of 45 per cent given County Agent Joe Hatton by the state officials represents the approximate county cut, reduction will be carried out on individual farm units. One farmer may face a 47 per cent acreage reduction while his neighbor is asked to cut only 42 per cent seeded acreage. The basic cut will be determined by analysis of the number of acres planted to wheat during the 10 years.

County Agent Hatton Thursday morning that farmers who have summer followed the plan of their land will be allowed to plant rye or barley on this fall, and can gain pasture well as protect the land from blowing. He was of the opinion that at least part of the allotment acres planted to rye or barley could be harvested.

An increased subsidy will be paid all farmers who complied in the 1938 program and REMAIN in the 1939 government program. If the information gained by Congressman Marvin Jones on occasion of his recent visit to Spearman, is correctly interpreted, the subsidy will increase wheat allotment check about thirds the amount originally expected.

Farmers who expect to cut the 1938 premium in the fall of the subsidy, must adhere strictly to the 1939 wheat program. Cut in acreage this year will be at seeding time.

This writer suggests this one idea. The drastic cut in acreage may not be just the thing you want at this time, but this year's experience should convince you that it is much better to raise half your acreage in wheat at \$1.00 a bushel than all your wheat at 50c per bushel.

Miss Grace Hand of Cleburne Texas is visiting her sister, Mrs. Leroy Brown.

Mr. and Mrs. Gene Richardson and Mrs. Lynn Gard of Amarillo left Sunday morning for a fishing trip to Bayfield, Colo.

TREES ARE BIG HELP TO DROUGHT STRICKEN PLAINS

AMARILLO — The approximate 150,000 trees and shrubs planted in the Soil Conservation demonstration areas in the Texas Panhandle this year are showing a high percentage of survival, reports H. D. Petheram, forester for the Service.

However, it is pointed out, the tree sites should be cultivated, especially at this season of the year, in order to keep down weed growth which will rob the plantings of moisture.

Since moisture is the limiting factor for successful tree growth in the semi-arid Southern Great Plains, the forester points out that sites for field wind break and homestead plantings should be located where additional water can be provided. Run-off water from fields and roads, diverted to the sites and then held there by means of small terraces, soaks the soil to encourage vigorous tree growth.

Species best adapted to climatic conditions in this region are the Chinese elm, red cedar, thornless locust, Osage orange, black walnut and others.

Where proper care has been given, many trees have a growth of from 30 to 40 inches in three

"Old Southwest Days" Feature Attraction

Pals of the late Will Rogers during the cowboy's days on the plains, pioneers and historians, some of whom are shown in this picture, met recently in Amarillo to hear a review of "Old Southwest Days," a feature attraction of the celebration, Aug. 15-16-17, to mark completion of U. S. Highway 66.

"The show will be historically correct," said John McCarty, chairman of the large committee, which includes Mrs. L. A. Knight of Plainview, whose husband gave Will Rogers his first job as a boy.

The spectacle, with 1,500 persons taking part, special lighting effects, one of the largest choruses, brilliant costumes, will be staged each night at Butler Field in Amarillo.

Spearman received a personal invitation to attend "Old Southwest Days," a spectacle to be staged three nights, Aug. 15-16-17, at Butler Field in Amarillo.

The invitation from Carl Hinton, as national president of the Will Rogers Highway Association, included personally when Will Rogers was a boy.

the Texas Panhandle and into Oklahoma.

"Old Southwest Days" will be the feature attraction of the celebration to mark completion of the Will Rogers route, first all-paved highway between the Great Lakes and the Pacific Coast.

"It will be a show for the whole family, interesting and instructive," said Mr. Bennett. "Within an hour and a half historical highlights of 400 years and color pictures of Will Rogers will be shown. There are more than 100 scenes to learn

the late Will Rogers will be in the east to depict one of the episodes, "The Last Round Up." In fact the whole community of Canadian will be represented in this one episode. Other communities are furnishing large groups and are rehearsing regularly.

"Another feature of the celebration will be a pioneer parade each afternoon and if Spearman has any entries the other side of the horse and buggy days Clay Hinton, general chairman of the

IMPLEMENTS FOR YOUR SPRING FARMING

With the warm weather you begin to think of Spring Farming operations and we want to here assure you that we have the necessary repairs or new equipment that you may need to put in those spring crops. We also call your attention that we have a full line of gardening tools for your selection in planning and planting your spring garden.

IT'S IN THE NAVY NOW—

That genuine best of all lubricants and most economical gasoline. Check your government statistics—you will find that Sinclair products are used in the Navy air service of our government, largely to an exclusion of other products. IT HAS TO BE Good to satisfy Uncle Sam. Drive in at either of the two local service stations and fill-up with Sinclair gas and oil.

SPRING REMODELING

To re-arrange your home for the coming spring and summer season let us figure with you on all your furnishings. We have received some new furniture etc., and will be glad to serve you.

GROCERIES, FRUITS VEGETABLES, DRY GOODS—

Day in and day out you can secure real value at our store. We buy only the best the market affords, selling at prices that will net us a reasonable profit.

HANSFORD LODGE NO. 1040

Regular Communications Second Monday of each Month at 7:30.

PHILLIPS 66

The best is the cheapest even if it cost more. But Phillips 66 cost no more than ordinary petroleum products. Buy Phillips Products.

CHANGE TO SUMMER GRADE OIL

Now is the time to change to Summer grades of oil. Also let us wash and grease and recondition your car for the hot weather.

INSURANCE! INSURANCE!

We will welcome an opportunity to consult with you regarding your insurance requirements. And are prepared to furnish you contracts in the very best of companies. DO NOT BE FOOLED by hi-powered salesmanship.

LOOK WHAT WE OFFER

A full line of Chevrolet Cars and Trucks, genuine Chevrolet repair parts, Delco Radios for city or farm homes. Gates Tires and Tubes and many other standard lines of merchandise, seat covers, auto accessories and supplies. And it will cost you nothing to come in and look at them.

BARGAINS

We strive to offer you the best quality food products at the most reasonable price that we can afford. We stock the freshest vegetables and dairy products and assure you of the most courteous service at all times.

WHERE DO FRECKLES GO WHEN OTHINE IS USED?

It's Amazing to Many For nearly 10 years Othine has been "chasing freckles" and lightening sun-tanned skin. Where do the freckles and tan go? They mildly flake away with the nightly use of this dainty cream. Satisfy yourself, as thousands do each year. The use of Othine will be refunded.

HOLT NEWS

Mr. and Mrs. Aln Reed are now visiting here. Depend on your own Farmer-Owned business for your feed and seed needs.

FOR SALE: Good quality threshed Milo Maize. Price in truck lots 68 cents per hundred F.O.B. bin 3 1-2 miles south west of Conlen, Texas. 18 miles north east of Dalhart.

J. W. Dawson, 1122 Oak Ave. Dalhart, Texas.

YOU DO NOT—

Have to pool your order with that of your neighbor and buy perhaps more oil than you need, in order to get attractive prices. Your own farmer owned organization buys in large quantity and sell at attractive prices and you can come get your supplies when needed. You do not have to be a stockholder to get the very best prices. The price quotations at the Consumer Sales Co. is the same to everyone.

NICHOLAS II

He Ruled One Sixth of the World—and Was Shot in a Dirty Cellar.

One of the richest men that Europe ever knew, and one of the most famous men in all the world, was worth, when he died, 50 million dollars in land, 10 million dollars in diamonds, pearls and rubies, and possessed an income of a million dollars a month or 24 dollars a second.

Yet, a little after midnight, on July 16, 1918, he and his family were herded into a dirty cellar, full of cobwebs and shot. The story of the "terrible" is one of the most dramatic in the annals of history.

This man was Nicholas II, the last Czar of Russia—the man who, for almost a quarter of a century, ruled with an iron hand over 1-6 of all the land on earth.

In 1917, after almost three years of futile slaughter, his armies revolted and refused to fight any longer, and so, a few minutes before midnight, on March 14, 1917, a committee of generals met the Czar of Russia in the drawing room of his private train and told him he would have to renounce his power and give up his throne.

He was so shocked that he swayed from side to side and turned deathly pale. The committee was afraid that he would actually faint and fall to the floor.

He went to his bed, but he found it impossible to sleep. So he got up and spent the rest of the night reading one of Shakespeare's great plays, Julius Caesar.

The next morning, promptly at 11:15 he signed his abdication with an ordinary lead pencil and said, "Thank God, I can now do what I have always wanted to do. I can go to my home in Crimea and raise flowers."

The Czar and his family spent the last months of their lives in rooms of an old house on the outskirts of a town at the foot of the Ural Mountains. Held there as prisoners by the revolutionists, they were forced to eat sugar, no coffee, no cream, no salt and no butter. They had nothing to eat except a coarse black bread and a thick vegetable soup twice a day.

Shortly after midnight on the evening of July 16, 1918, the captain of the guards awakened the Czar and his family and told them that rioting had broken out in the town and that they must dress quickly and go down to the cellar and wait there until automobiles came to take them to a place of safety.

Presently the soldiers rushed down into the cellar and shouted: "Your friends have tried to save you but they didn't succeed and we are going to kill you!"

Quickly a soldier fired point blank at the Czar and shot him through the heart. The instant he fell, the soldiers began shooting at the women; but the soldiers were so excited that their shots went wild and they fired again

and again, while the helpless women ran back and forth, screaming and hiding behind one another and trying to shield themselves with feather pillows.

But the guards succeeded not only in shooting the women, but they stabbed them with bayonets. The soldiers then cut the royal bodies into pieces, soaked them in gasoline, burned them, and threw the charred remains down into the pit of an old iron mine.

A few days later the soldiers poked about in the ashes where the bodies had been burned and found many precious stones, for the Empress and her daughters had hidden diamonds and rubies in the hems of their dresses.

The Czar was very fond of reading Shakespeare and he must have read these words often: "They that stand high have many winds to shake them; and if they fall, they dash themselves to pieces."

Mr. and Mrs. Bruce Sheets are vacationing in Lake City, Colo.

BLODGETT NEWS

Mr. and Mrs. Olin Williams and children left Wednesday morning for a weeks visit at Springer, N. Mexico with Mrs. Olin Williams sister and family.

W. M. Deck went to Amarillo Thursday morning on business.

Ralph Blodgett was a guest of the Rainbow girls of Spearman Wednesday night at a picnic at the City Park at Perryton.

Behind The Scenes

New York — Business — The great unpredictability of business is being demonstrated once again. Customarily July and August are slow months. Plants in some industries, notably auto manufacturing, shut down for retooling. Factory schedules in other lines are curtailed as workers go on vacation. Not so this year. For an increase in industrial activity the first three weeks of July is noted by the Federal Reserve Board. America's plate glass industry in June, the Board said, nearly doubled its production over May. Iron ore output registered a similar gain. Production of textile mills and anthracite coal mines jumped about 12 per cent. Railroads had the best earnings for any month this year.

Washington — U. S. business men are applauding a decision of the Federal Export-Import Bank to aid American exporters to gain a larger share of the Latin American market which England, Germany, Italy and Japan have so actively cultivated. One pending deal is the sale of 1,000 railroad cars and 26 locomotives to Brazil with the bank handling the credit arrangements. More trade with Latin America is expected to benefit southern port cities such as Savannah, Miami, Mobile, New Orleans and Galveston. Miami, strategically located as the natural aerial gateway between the Americas, has prospects of becoming a major commercial city. Already it leads all American cities in air express shipments. A few weeks ago a federal loan-grant of \$4,000,000 received by Miami enabled work to begin on enlargement of its harbor facilities in anticipation of long-term growth in Pan American trade.

Grain News—The sun never sets on the English flag so widely scattered in the British realm. And it is probably equally true that there is no season of the year when somewhere in the world men aren't busy harvesting

wheat. To the far flung nature of this farming enterprise can be partly blamed a drop of about five cents in wheat prices the last two weeks. Traders, viewing reports from many countries, place the 1938 world crop at about one billion bushels in excess of normal world consumption. The U. S. alone may have an export surplus of 375,000,000 bushels. The winter wheat harvest in North America is nearing completion, and much progress has been made in Europe. The southern hemisphere will not harvest this year crop until late fall, and harvesting will continue in Argentina all winter.

Things to watch for—A table lamp which provides indirect light in a rectangular pattern to conform to desk or table area—A liquid measuring device that puts the cork back in the bottle after delivering an exact ounce of liquid: it fits any bottle and pours 16 measured drinks a minute—A fireplace that heats without smoking—gives a cheery glow for as long as 12 hours and can be used to heat several rooms at once—coal is held in a basket grate and is ignited by a special kindler—Transparent cigarette paper, made of tobacco cellulose, stronger than ordinary paper and making less ash.

August Sales — Stores from Maine to California will launch August sales this week. With the temperature near the 90s women shoppers are taking advantage of low summer prices to buy winter furs. Clothing, furniture and housewares are also being offered at clearance prices. To the housewife, buying in the slack season means saving money. To the merchant, it means clearing his shelves and getting ready for the perennial autumn pick-up. Country wide reports from retailers indicate that a good volume of business is going to be done this month.

Headlines in New York—Paint rates hold at good levels—U. S. imports increased in first half—Largest margin since 1921—Auto makers facing car shortage—Record crop of lambs predicted this year.

ELECTRIC COOKERY

is Clean

No Soot • No Smoke • No Grime

Take a tip on kitchen cleanliness from electric range owners. They'll tell you that it's much easier to keep your kitchen spic and span when you cook electrically. There's a reason: No soot, no smoke, no greasy film or dirt from electricity. Walls, curtains, the range itself—all stay

bright and new-looking much longer.

Save cleaning time and redecorating expense from now on. And enjoy kitchen coolness, more leisure time, better cooking results and the many other advantages of electric cookery. It costs less to cook electrically today than ever before.

CHEVROLET

In every way **CHEVROLET** is the **NATION'S FIRST-CHOICE CAR**

1st CHOICE OF ECONOMY BUYERS
Because Chevrolet's famous 85-h.p. High-Compression Valve-in-Head Engine—85 h.p. in all models—uses less gas, uses less oil, and requires less upkeep.

1st CHOICE OF PERFORMANCE BUYERS
Because Chevrolet gives outstanding acceleration, power, and all-round performance, in addition to outstanding all-round economy.

1st CHOICE OF COMFORT BUYERS
Because Chevrolet's big, roomy interior—Genuine Knee-Action*—and Fisher No Draft Ventilation all combine to give "the world's finest ride."

1st CHOICE OF SAFETY BUYERS
Because Chevrolet's Perfected Hydraulic Brakes give smoother, quicker, straight-line stops, while Chevrolet's All-Silent, All-Steel Body forms a fortress of safety for passengers.

1st CHOICE OF FEATURE-WISE BUYERS
Because people know that Chevrolet is the only car offering all these modern features at Chevrolet's low prices and with Chevrolet's low operating costs.
