WASHINGTON, Oct. 31 (AP)—President Truman said today he expects Russia to participate soon in the Far Eastern advisory commission meeting here to consider Japanese control policy.

Laredo Decision Upheld In Court Reviewing Case

AUSTIN, Tex. Oct. 31 (AP)—The court of criminal appeals today affirmed an earlier decision reversing the criminal libel conviction and six-month jail sentence assessed William Prescott Allen, publisher of the Laredo Times.

What the court did was to overrule both the rehearing motion of Allen, who sought dismissal of the case, and of the state which asked that the trial court decision be affirmed.

The question before the appellate court was whether the case was properly submitted to the trial court jury.

In reversing the case last June the appellate court said an article published by Allen attributed to the board of directors of the Laredo Rotary Club a libelous "act" in "hounding" the members of the armed forces for repayment of student loan funds but that the charge was to generally submitted to the jury.

In arguments seeking rehearing by the appellate court three weeks ago Allen's attorneys contended the indictment was defective in that it did not charge libel and that publication of an article, even though ill-advised or in bad taste, did not necessarily constitute libel.

WASHINGTON, Oct. 31 (AP)—A decline of as much as 15 per cent in the net income of farmers in 1946 was forecast today by the agriculture department.

The department said cash receipts from marketings probably would not drop quite that much. The net decline estimate however was based on the theory that some prices farmers pay for what they buy will increase.

A 15 per cent decline in real farm income still would leave it more than double the pre-war average, including the peak years following the first world war, the department said.

In its 1946 outlook-issue of the demand and price situation, the department predicted that total demand for farm products would remain high through the year.

"The curtailment of military purchases of most products will be offset largely, if not entirely, by expanding civilian requirements and increased purchases for relief and export," the department said.

The prices of fruits, vegetables, truck crops, and eggs "may decline somewhat more than those of other farm products," it added. Farm wages, which have risen to almost three times their pre-war level, are likely to remain relatively high although some declines are expected in the second half of 1946, the report said.

Indications are that cash receipts from crops will be about 5 per cent above last year, receipts from livestock and livestock products only slightly higher.

Java May Feel British Might

By RALPH MORTON

BATAVIA, Java., Oct. 31 (AP)—All available British warships and aircraft were reported rushing today to Soerabaya—the Java trouble spot where British Brig. A. W. F. Mallaby was killed while arranging a truce with Indonesian nationalists.

Lt. Gen. Sir Philip Christison, Allied commander in the Netherlands East Indies, notified the nationalists in an ultimatum that further unprovoked native attacks upon British troops would be crushed with overpowering force.

The report of the dispatching of naval and air reinforcements to Soerabaya was circulated by the Netherlands news agency Aneta, which said the planes would be used to evacuate European women and children still held at the big naval base—the scene during the past few days of bitter clashes between British Indian and Indonesian nationalist forces.

President Soekarno of the "Indonesian republic" announced that his cabinet would hold informal talks tonight with Hubertus J. Van Mook, acting governor general of the East Indies, at Christison's residence. The nationalists are seeking freedom from Dutch colonial control of the rich islands.

Christison said Mallaby, commander of the 49th Indian brigade, had been murdered at Soerabaya last night "while arranging details of a cease fire order in the company of Indonesian leaders."

The British general summoned Soekarno, president of the independence-seeking "Indonesian republic," to his headquarters, acquainted him with the facts of Mallaby's death and read his warning. Earlier, asked whether he held Soekarno responsible for the killing, he replied that "these acts were done in the name of the republic set up by himself."

The murder climaxed a three-day battle which apparently had ended when the new attack broke out in Soerabaya. Christison charged that many Indonesians in the attack wore Japanese uniforms, "and there were indications that some, if not all of them, actually were being led and directed by Japanese officers and Germans who were former U-boat captains and crews."

Some authorities here say the solution may be to assign the forces separate zones, possibly giving the Russians, at least, a separate island in the home group. The biggest immediate need is an acceptable compromise on joint control machinery. The United States, Britain and China are reported near agreement with Russia on this.

Nothing has been settled, however, and the next move probably will be by Moscow. Speculation here runs to the idea that a four-power council may be set up at Tokyo with General MacArthur as chairman. He would have the deciding voice in case of disagreement.

Local Shoppers Calm At Shoe Ration End

Big Spring shoppers reacted calmly to the end of shoe rationing, a survey of business houses revealed Wednesday. One store said that there was a mild rush early Wednesday morning and that business was rather brisk most of the morning. In general, however, there was no more than the ordinary amount of shoe business. In one place, women buying shoes blissfully unaware of the end of rationing offered stamps.

70 Per Cent Certain

Shansi Governor Claims Communists Attack City

CHUNGKING, Oct. 31 (AP)—Gen. Yen Hsi-Shan, governor of Shansi province, charged today that 100,000 communist troops are attacking the important rail junction city of Tatung in northern Shansi.

Yen said he was "70 per cent certain" that the communists are being led by Gen. Chu Teh, communist commander in chief.

The Shansi governor claimed he had received reports while visiting here that "unidentified aircraft have been landing behind the communist lines" but he refused to elaborate on the subject.

He said the attacking forces were using more than 40 field guns and 15 to 20 tanks. "The

House Attempts To Curtail PAC, Penalize Unions

Say Amendment Will Force CIO Unit To Retire

By WILLIAM F. ARBOGAST

WASHINGTON, Oct. 31 A double-barreled attempt to curtail activities of CIO's Political Action Committee and penalize unions which violate contracts shaped up in the house today.

Some members said amendment of the Smith-Connally war labor disputes act proposed by the house military committee would minimize effective PAC action in next year's congressional elections, if not put it out of business.

The military committee started out to repeal the act's provisions for strike votes under federal supervision after 30 days notice, and government seizure of vital plants tied up by labor disputes.

Before it got through it also had approved yesterday, by a closed-session vote reported at 15 to 9, amendments which would:

(1) Ban contributions by national banks, corporations or labor organizations to any political convention, primary or general election involving a president, vice-president or members of congress, and soliciting, spending, contributing or assessing funds from members "or subordinate affiliates."

(2) Prohibit strikes by unions having no-strike contracts with employers. The penalty would be loss of collective bargaining rights for one year, liability for damages in a civil action, and automatic release of the employer from further compliance with the contract.

The bill may reach the house in two weeks. The amendments were offered by Rep. A. J. Clegg, house republican whip, who told reporters they were aimed "at irresponsible unions and not at those who live up to their contracts."

Idle Youths

Signs Of Unrest Growing In Yank Occupied Germany

By Lynn Heinzerling. FRANKFORT, Oct. 31 (AP)—Groups of idle German youths and returning German soldiers are showing dangerous signs of increasing unrest in the American Occupation zone in Germany and are being watched closely for any indication of organized resistance, the American Military Government said today.

Most of the unrest, the government said in its monthly report, is the result of resentment against displaced persons, who were described as the chief source of lawlessness in the American zone.

The German populace, the report said, is becoming increasingly bitter because of thefts of food and property by displaced persons. While there has been some improvement in dealing with this lawlessness, "cases of murder and organized looting have occurred at an unpleasant rate."

Resentment over deprivations already has led to some trouble, the report disclosed. In Bremen, 20 German youths 16 to 23 years were arrested before they could carry out a planned attack against displaced persons.

Cheap Out-of-State Licenses Finable

AUSTIN, Oct. 31—Texans operating automobiles with cut-rate out-of-state licenses are liable to have to explain it to a judge. The Department of Public Safety announced it will begin an intensive check-up to halt the practice, for example, of living in Texas and operating your car with a \$3 Louisiana license. This is far below the graduated Texas rate.

Texas has reciprocal agreements with other states under which bona fide violators may operate cars without taking out new permits. But for persons who move here permanently, the law says they must obtain Texas plates. There is an 120-day leeway in enforcement of this provision.

Little Prairie Dog To Be Exterminated

SAN ANTONIO, Oct. 31 (AP)—The cute and quaint little prairie dog—regarded by stockmen as a prime nuisance—may soon be exterminated in Texas.

The rodent control division of the federal fish and wildlife service reported today that when necessary labor and supervisory help get back on the job from the armed forces, "we can look forward to a complete clean-up on prairie dogs."

Despite the absence of such help, farmers and ranchers have continued carrying on their own private warfare against the rodents, said the quarterly report of the service.

Declines To Set Increase Per Cent However

By HAROLD W. WARD

WASHINGTON, Oct. 31 (AP)—President Truman, who last night advocated reasonable wage increases without major price changes, declined today to suggest a percentage by which he thought wages should be boosted.

He told a news conference that the amount of increases would have to be determined in each individual case.

That is why it has to be done by collective bargaining, the president told reporters who questioned him about his radio address last night in which he laid down his postwar wage-price policy. It calls for two things:

A. Approval of reasonable wage increases to avoid deflation and unemployment.

B. To hold-the-line attitude on prices, with increases to be allowed only where necessary.

The president told labor last night it can't have the same take-home pay it got during the war. There will have to be a drop, he said, and he warned workers against making too great demands upon employers.

But he said industry generally could stand some pay increases out of profits.

To those employers wanting higher prices before giving workers more pay for shorter hours—to make up for loss in wartime earnings—Mr. Truman said price increases might be entertained in six months.

And industries essential to conversion could ask price increases now if they must have them to pay better wages to recruit necessary manpower.

In a vigorous broadcast appeal for industrial peace and prosperity, Mr. Truman said labor needs higher pay rates with the change-over from a 48 to 40-hour work week, and industry can afford to go part way in making up this loss.

But he also amended his August 18 order relating controls on wage increases to add three classes of pay boosts for which compensating price increases could be approved by the stabilization administrator.

These were: 1. Cases where the percentage increase in average straight time hourly earnings since January 1941 did not equal the percentage increase in the cost of living between January 1941 and September 1945.

Instances where increases were necessary to correct inequities in wage rates among plants in the same industry or locality, with due regard to normal competitive relationships.

3. Situations in which increases were necessary to insure full production in an industry designated by the stabilization administrator as essential to reconversion, and in which existing wage rates are inadequate to attract needed manpower.

Labor, Capital Study Proposals

By The Associated Press

The nation's postwar labor troubles, which threaten to expand to key industries if approved strike votes scheduled are carried out, kept about 261,000 persons away from their jobs today as labor and management studied President Truman's appeal for industrial peace and prosperity.

Many labor leaders hailed the address as "a light of hope" for workers. Industry spokesmen generally withheld immediate comment while congressional reaction was divided mostly along party lines.

The president's address came a few hours after the house military committee had recommended abolition of government strike vote procedure and urged that unions be penalized for violating no-strike contracts.

Strike votes have been asked or approved in the automobile, steel, electrical and packing industries, with wages the major issue. The CIO Union Automobile Workers asked a 30 per cent increase in wages for the automotive industry, affecting about a half million workers.

The CIO Steel Workers also have petitioned for a strike vote after rejection of demands for \$2 a day pay raises for some 600,000 employees in mills. A CIO union also has authorized filing a strike vote petition which would affect 102,000 employees of Westinghouse Electric Corp., plants in 25 cities.

Yesterday the CIO Packinghouse Workers Union asked for a strike vote among 200,000 production workers seeking a 25 cents an hour wage hike. A majority of the current labor disputes are over wages.

In the San Francisco Bay area today, the strike of some 10,000 AFL and CIO machinists for the second day kept idle about 40,000 other workers in 200 industrial plants. An AFL spokesman expressed hope for a "break" in the stoppage today as federal conciliators met with management and labor in an effort to end the walk-out.

MANILA UNDERTAKER TAKES STAND IN YAMASHITA WAR CRIME TRIAL

MANILA, Oct. 31 (AP)—Mariano Del Rosario, Manila city undertaker, took the stand against Lt. Gen. Tomoyuki Yamashita today and testified that victims of the erstwhile "Tiger of Malaya" troops during their orgy of blood last February mounted to the thousands.

Other witnesses already had told in incident after incident how the Japanese troops, when it was certain they could no longer hold the city, had run wild, slaughtering men, women and children alike. From February 3 to the end of March, Del Rosario testified, he and his burial crews collected and buried more than 8,000 victims, some of them badly mutilated.

The defense questioned Del Rosario's figures and asked for proof of the number buried and the witness strongly asserted his records were correct. The largest incident of the day's presentation of six cases of atrocity was the massacre of St. Paul's college on Feb. 9, where nearly 1,000 civilians were wounded or killed.

Luisa Borohana, 30-year-old Spanish girl, testified how "the Japanese forced us all into the dining hall, where all the windows were closed. "I noticed huge black balls hanging from the center of the ceiling. I thought they were blackout lights. "Then the Japanese brought in candy and drinks and placed them in the center of the room. When the people rushed up to the center there were great explosions from the black balls, killing and wounding many." Then, she said, Japanese opened the doors and began firing and throwing grenades among the panic-stricken survivors. Through the repetition of similar instances of bestial brutality in the trial without precedent—Yamashita is charged with responsibility for crimes he never committed and denies having ordered—the prosecution hopes to establish that the acts of the Japanese followed a set pattern in such numbers that the commander should have known of the acts—and did nothing to stop them.

Jap Labor Plans To Use Politics In Advancement

TOKYO, Oct. 31 (AP)—Japanese labor reactivated under American occupation policy, currently has united and plans to use politics as a vehicle of advancement.

On the occupation front, American counter-espionage officers jailed a dozen Nazis, including a number of Gestapo members and aides of Josef Meisinger, "Butcher of Warsaw," and impounded more than half a million dollars worth of bullion and securities. Most of the arrests were made in resort areas where Eighth army intelligence officers had been watching the Nazis' activities for some time.

Meisinger himself was arrested weeks ago. Four of his aides, including his secretary, were among those seized. Others jailed included Wilhelm Seidle, self-styled "Nazi No. 1" in the United States before the war and reputed member of Hitler's SS Corps; Charles Schmidt Juchelm, former San Francisco policeman reported to have been a U. S. army sergeant before he renounced his citizenship, and Count Gottfried Duerchheim, director in Japan of Goebbels' propaganda organization.

Allied headquarters ordered the screening of Japan's 400,000 teachers in 39,000 schools and dismissal of all militarists and ultra-nationalists from the faculties. The directive said the move was designed to eliminate from the educational system influences "which in the past have contributed to defeat and war-built suffering and privation" of the Japanese people. Headquarters also ordered that teachers antagonistic to the objectives and policies of the occupation be removed and barred from holding educational positions in the future.

Bomber Crashes

JACKSON, Tenn., Oct. 31 (AP)—Second Lt. Robert C. Steppich of New Braunfels, Texas, and Robert Kenner of Atlanta, Ga., escaped possible death last night. The two army airmen bailed out uninjured while their B-25 bomber crashed two miles north of here after the automatic pilot had been set.

Enroute from Brooks Field, Texas, the plane ran out of gas while over Jackson after bucking strong winds.

Girl Scouts Observe Juliette Low's Birthday

On October 27 all over the United States Girl Scouts are observing the birthday anniversary of their founder, Juliette Low.

The idea of Girl Scouting was conceived by Miss Low when she went on a vacation tour to England in 1912. While there she traveled on to Scotland to visit Lord and Lady Baden-Powell. Lord Baden-Powell was chief of guides in England and the methods used and plans followed so interested Miss Low that when she returned to the United States she immediately set about establishing of a similar organization which she called Girl Scouts.

So anxious was she to get the girls organized and the plans she had made into operation that she had her first troop meeting the day she landed. The first meeting was held in Savannah, Ga., and 12 girls attended.

Miss Low's first interest was in

the establishing of troops and re-arranging the ideas of the English Guides to fit the situation in the United States. Later, however, she succeeded in establishing national headquarters which were first in Washington, D. C., and later moved to New York City. As a result more than 1,000,000 girls are now registered in Girl Scouting in the United States.

Before the war the Juliet Low Fund was established which provided for the sending of Girl Scouts from the United States to a chalet in Adeloben, Switzerland, where they met with girls from all over the world. The coming of war brought the Swiss meetings to an end, but Girl Scouts from the Latin-American countries continued to come to the United States for similar meetings.

In 1944 the fund was changed to the Juliette Low World Friendship Fund and the pennies which were contributed by girls from all troops in the United States and used for sending powdered milk to Russia, assisting Madame Chiang Kai-shek's Girl Guides, and participating in other war activities.

Now that the war is over a world association meeting has been planned for November 6, at Geneva, Switzerland. Representatives from the United States will attend, along with representatives from 39 other countries who have similar organizations.

The money for the fund will be collected in Big Spring at a rally Saturday afternoon in the high school gym, beginning at 4:30. At that time all troops will contribute their pennies when a program is presented on world friendship. Mrs. Larson Lloyd is rally chairman.

Thursday Mrs. Ruth Rutherford's senior troop will present a radio program as a part of Girl Scout week activities. The program will be given at 4:30 p. m. over radio station KBST.

USS TEXAS MAY BE STATE SHRINE

WASHINGTON, Oct. 31 (AP)—The valiant battleship USS Texas has been offered to the state of Texas for use as a shrine.

The navy department said yesterday that Secretary of the Navy Forrestal had made the offer in a letter to Gov. Coke Stevenson. Forrestal, noting the important role the 33-year-old ship had played in two world wars, explained that it was to be retired from service.

Rep. Thomas (D-Tex) said several navy officials had approved his proposal that the battleship be sailed up the Houston ship channel and be given a permanent haven on the San Jacinto battlegrounds.

Colleges To Get \$100 For Each Vet Student

WASHINGTON, Oct. 31 (AP)—The government has succeeded in solving a problem faced by Texas State Colleges by paying the State Institutions \$100 for each veteran enrolled, Sen. Tom Connally (D-Texas) announced.

Connally announced yesterday the State Finance Subcommittee agreed to an amendment to the C. I. Bill of Rights which gives the veterans administration ample authority to draw up a contract with schools fully to compensate for the per capita cost of educating a student.

City Tax Rolls So Far Behind 1945

For the first six months of the fiscal year, the city tax roll shows receipts \$2,620.72 behind collections for 1944. Thus far collections are tabulated at \$11,332.72.

A decrease of \$1,498.34 for city taxes for September, 1945, from September, 1944, was revealed in the report.

Delinquent taxes were under last year's by \$1,309.93 and interest, penalties and cost were behind \$703.91.

Masquerade Dance Set For Service Club

A Hallowe'en costumed dance will be held at the Big Spring Bombardier school tonight at the service club for cadets and enlisted men.

Music will be furnished by the post orchestra, and special numbers will be given at intermission time. Prizes will be awarded for the best costumes. The dance will begin at 9 p. m. and last until 12. Transportation will leave the USO at 8:45 p. m.

BRIDGE A LA WEBSTER CARTOON

OMAHA, Neb., Oct. 31 (AP)—The bridge game at the J. W. Martin home was an engrossing one.

It was so interesting, Martin told police, that none of the players heard the burglar who broke into his house and took four purses which contained \$17 and ration books. The burglar gained entrance by climbing through a window.

Mrs. J. R. Monroe of East Chicago, Ind., is visiting her sisters, Mrs. J. A. Davidson, Mrs. M. E. Broughton and Mrs. C. E. Anderson. She will be here about two weeks.

Hallowe'en Social Fetes Children

Complete with apple bobbing and similar Hallowe'en games, the children of the St. Thomas Catholic parish were entertained Tuesday evening with a party.

The hall was decorated with Hallowe'en cats, witches and pumpkins by Mrs. Eunice Goolsby and the Junior Study club.

Prizes were awarded to Patsy McNallen, Paul Jenkins, Barbara Dehlinger and Jack Gilbert. Frank Morgan won the bean guessing contest for the adults.

Those attending were Mr. and Mrs. Frank Morgan and Frankie Mae; Mrs. Burl McNallen, Patsy Lou, Bobbie, Tommy, David; Mr. and Mrs. L. D. Gilbert, Jackie, Billie, Bobbie, Jimmy and Ray Eilen; Mr. and Mrs. Martin Dehlinger and Barbara; Mrs. J. D. McWhirter, Jeff and Mike.

Rowdiest Spooks, Goblins Since War Out Witching

By JACK RUTLEDGE Associated Press Staff The younger generation of Texas, aided and abetted by quite a few adults who plan to ditch their inhibitions in the dark, probably will make tonight the rowdiest Halloween since way back yondre. You might as well get ready. The police are.

and hats and masks will predominate. And speaking of masks, Chief of Detectives Will Fritz of Dallas reminds grown-ups that the state law prohibits the wearing of masks by adults at any time—Halloween or no Halloween. The law was passed following an epidemic of Halloween holdups in years gone by.

Texas Tech Raiders Taking Lumps But Walt Schlunkman Rolling On

LUBBOCK, Oct. 31 (AP)—Each play is a tough one for Walt Schlunkman - and vice versa.

His arm goes dead, his right shoulder is numb - but the mighty man of Texas Tech rolls on. From the wreckage of football hopes he emerges as one of the great backs of the country.

Opposing teams do not go out to stop Texas Tech - they concentrate on stopping Walt Schlunkman.

Tech has won only two games out of six this season but no team has been able to run over the Red Raiders with Schlunkman in there.

Here's his record against the toughest competition the Southwest has to offer - Texas, Texas A. and M., Baylor, Tulsa, West Texas State, Southwestern: 535 yards running with the ball (and he has carried 79 times), three intercepted passes for 49 yards, four kick-off returns for 119 yards.

CONSTIPATION Is the cause of MUCH SUFFERING

Constipation may cause no symptoms for a long time, but unless corrected will finally impair the health. Symptoms associated with advancing constipation are loss of appetite, heavily coated tongue, tired feeling and mental depression. Headache, dizziness, anemia, and skin disturbances such as acne, are commonly experienced. In severe cases, neuralgia and joint pains occur. Indigestion, with gas formation and colic, and piles and fissures frequently add to the discomforts of severe chronic cases.

No matter how many other medicines you may have tried for constipation, we urge you to try B-L PREPARATION, with the understanding that B-L PREPARATION must bring you satisfactory results or your money back. Caution: Use only as directed.

Reserves Prep For Friday Go With Odessa

The Big Spring high school varsity footballers, who are supposed to be taking it easy this week, and the "B" squad—knuckling down for their Friday night test with the Odessa second stringers—had at it Tuesday afternoon in as savage a scrimmage as Steer stadium has been party to in many a moon.

Hugh Cochran, Gerald Harris, et al, came out on the long end of a 26-6 score but for a while it looked as if the wrong troops were manning the front line positions for Coach John Dibrell.

For the better part of two periods, the bench-warmers fought the regulars on even terms and even had the better of it until the first-stringers buckled down to their task.

George Worrell gave the Dogies six points early in the second inning when he split right tackle for one yard.

Cochran came right back to gather in the kickoff and gallop 80 yards for a touch. It was a beautiful play. The mercury-heeled halfback played the sidelines perfectly on the excursion.

The Steers went ahead immediately thereafter when Bobo Hardy booted the ball squarely between the uprights.

That was all for the first half but the regs began anew at resumption of hostilities.

Once in possession, the first-stringers drove down inside the reserves' five-yard stripe only to fold up when Paul Shaffer pounced on a fumble. Shaffer dropped back to kick away. His effort went for nil. The herd line surged through to block the boot and Tommy Clinkseals pounced on the leather for another touch.

In the fourth stanza, Horace Rankin flipped a neat overhead to Hardy and Bobo walked into the end zones for a third Steer score. The play covered 50 yards. Robin Miller added the extra point with a kick from placement and the difference widened to 20-6.

Time was running out on them but the varsities were not through. B. B. Lees fell to gambling with serials in an attempt to put the Dogies back in the ball game. Rankin spotted one falling to earth in his zone and took possession, maneuvering all the way down to the enemy ten before he was hauled down. From that point Miller loped over for the six-pointer.

Enos Puckett and Bill Casey were out of action for the regulars. Puckett suited out but did not play while Casey was reported to be having his nose re-adjusted. He got banged around in the North Side game.

"The Clinker"—Tommy Clinkseals—had a field day in the varsity wall. Donald Williams showed possibilities for the bench-warmers as a wing along with angular Jim Thomas, who snagged several passes.

In the "B's" secondary, Worrell and Donald Webb worked creditably.

Safely past Lubbock, the Lakeview (colored) school football Lions tie into the Odessa Black Broncs at Steer Stadium Thursday night at 8 o'clock.

Frank Miller, who is charged with the responsibility of coaching the Lions, arranging for their games, accumulating the necessary ament, feeding his troops—in short, every thing but teaching them geography—tried coaxing the Lubbockans back for a return go but the Hubbers evidently had had enough. They retreated to their roost and refused to negotiate.

The Big Springers will go after their fifth victory in six starts when they take the field against the Odessa eleven, and will be ready to shoot the works. Miller says his charges are in great shape for the test.

His ace back, big Claude Tucker, is prepared to go 60 minutes. Tucker apparently is just as good as he wants to be. The 190-pound triple threat will have plenty of help from Edward J. Wrightsil, Junior Crockett and Claude Polard in the secondary and such standouts as Harry Dooley and Pete Jones up front.

Ducats for the classic—priced at 50 cents each—have been placed on sale at Westernman Drug Store, J & L Drugs, Collins Brothers Drug, Hester's Sports Shop and the Cotton Club.

Joe McCarthy Scotcher Rumors Of Retirement

NEW YORK, Oct. 31 (AP)—Joe McCarthy isn't ready to step out of baseball yet and is looking forward to the next spring training season as one of his most interesting adventures.

Marse Joe came out of a three-hour huddle with President Larry MacPhail yesterday to announce that the New York Yankees will have two conditioning camps at St. Petersburg and Bradenton for the first time in history.

"I hope to manage the Yanks for the next 10 years if my health holds out," commented McCarthy, who must make a flock of decisions before February.

Duck Hunting Legal Friday

WASHINGTON, Oct. 31 (AP)—Fine weather in Canada has delayed the annual southward flight of ducks and geese, the Fish and Wildlife Service reported today.

That may be bad news for hunters in the northern and intermediate zones, but it is good for the ducks, service officials indicated. There was an unusually heavy kill last season.

Under no circumstances will the season be extended in any zone because of the delayed flight, said Frederick C. Lincoln, service biologist.

Duck season begins in Texas Friday at daybreak and, from all reports, the quality is good and the quantity ample.

Bag limit this year is ten a day, including not more than one wood duck; possession is two day's legal bag limit.

For geese and brant, the limit is four blue and snow geese, singly or in aggregate.

Every nimrod 16 years of age or more is required to buy a duck stamp if he pursues the savory fowl. Priced at \$1, the tax certificate can be purchased at the U. S. postoffice building or some of the local sporting goods houses.

Deer season in this section will be launched Nov. 16 and continues through the remainder of the year. West of the Pecos the season runs from Nov. 19 through Nov. 24.

It becomes illegal to stalk dove after today.

Amount of fines paid on September assessment totaled \$1,557.50, police reports indicate. Persons arrested laid out \$1,031.50 in jail.

Two persons paid fines of \$100 for drunkenness and 107 persons were fined \$15 each. Other drunks were released to military police, juvenile officer, and some paid larger fines.

Ten speeding fines were paid and a \$50 fine for drunkenness and reckless driving was paid.

A \$50 fine for petty theft was assessed. Other petty theft cases were turned over to the juvenile officer.

Two soldiers were picked up for mashing and released to MPs. One man was released to federal authorities for possession and sale of marijuana during September.

There were 925 local calls sent and received on the police radio, 250 messages sent to other police radio stations and 45 received from other police radio stations.

FRESH PAINT JOB, NOT A BURGLARY

MINNEAPOLIS, Oct. 31 (AP)—Police roused Hilmar Guntzel from his bed to tell him that his plumbing establishment had been burglarized.

Vacant Grain Elevator Blazes

CHICAGO, Oct. 31 (AP)—An abandoned grain elevator on the Chicago river burned like a torch last night and flames shooting several hundred feet into the air cast a red glow on the sky which was visible for some 30 miles.

The flames roared through the nearly block long, eight story wood and brick structure, creating a heat so intense that firemen at first were unable to approach closer than a half block.

Extra and special alarms brought 65 pieces of fire apparatus and a fireboat to the scene. More than 300 policemen kept thousands of persons several blocks away while the fire was at its height.

Damage to the elevator, which was built in 1872 and had a capacity of 750,000 bushels of grain, was estimated by Fire Marshal Michael Corrigan at about \$125,000. Origin of the fire was not determined.

Livingston And Crew Complete Well Survey

Penn Livingston and a crew of three men from the United States Geological Survey at Austin, are leaving today after completing a survey with geophysics instrument.

The men have been here 10 days working on the O'Barr and Edmondson wells. The instrument which was borrowed from Arizona for three weeks, logs the water and red bed.

June Date Set To Transfer Military Control Of Germany

WASHINGTON, Oct. 31 (AP)—President Truman today set next June 1 as a goal for transferring German government from military to civilian hands.

The president did so in expressing his approval of a letter from General Dwight D. Eisenhower advocating such a course through agreement with the other three powers participating in the occupation of Germany.

Eisenhower, commanding general of American occupation forces recommended—and the president agreed—that military occupation, as distinguished from military occupation should be continued as long as it is necessary.

Eleven Boy Scouts Given Camp Awards At Board Of Review

Eleven Boy Scouts of Troop 2 were given camping awards at a Board of Review held in the high school building Tuesday night. They are B. B. Lees, Amos Jones, Earl Rush, Athol Atkins, Harold Berry, Reed Collins, Jimmy Ray Smith, Manuel Mays, Laual Mays, Donnie Reeves and Jackie Barron.

This review is held for boys whose troops do not have their own Board of Review, preceding the Court of Honor scheduled for Nov. 6.

Second class rank was given to Tommie Porter, troop 5; first class to Charles Rainwater, troop 2; Kenneth Curry, troop 5 and Johnnie Hamrick, troop 6; star rank, Bob Tom Coffey, troop 5; life rank, Jimmy Clark, troop 5; Gold Palm, Charles Seydler, troop 5.

Awards of merit badges were given to Dan Fairchild, troop 15, life savings; Charles Rainwater, troop 2, swimming; Bobby Joe Blum, troop 2, swimming; Bob Tom Coffey, troop 5, firemanship.

Robinson Not A Major Leaguer, Says Feller

SAN FRANCISCO, Oct. 31 (AP)—"Rapid Robert" Feller, the fireball ace hurler of the Cleveland Indians, doesn't believe Jackie Robinson, negro star signed by Montreal, will ever make the grade in the big leagues.

Feller, who has pitched against Robinson, put him in the "Good Field, No Hit" category.

To Reorganize

Salvation Army Boy Scout troop will meet for reorganization at 7 p. m. Thursday in the Dora Roberts citadel.

CUNNINGHAM AND PHILIPS ROUND OUT QUARTER CENTURY IN BUSINESS

Thursday will be another birthday for Cunningham & Philips, one of the longest established businesses in Big Spring.

The day will mark the beginning of 26 years in business here, for it was on Nov. 1, 1919 that Shine Philips and the late C. W. Cunningham took over that drug store from B. Reagan.

Until Mr. Cunningham's sudden death several years ago, they operated the concern jointly. Since that time Philips has carried on.

He takes pride in the fact that of all the competitors the concern has in Big Spring, only two are operated by individuals who did not at one time work for Cunningham and Philips.

In fact, Philips can point to about a dozen men who now are operating their own drug stores who got their training in C.&P. stores.

In the 25 years of business here, C.&P. has operated as many as five stores, four at one time. Currently, there are two stores, the parent store at 217 Main and the other in the Petroleum building. Although a busy man, Philips has found time to write a book, "Big Spring—the Biography of a Casual Prairie Town," a book that has sold over 30,000 copies and has been circulated over the face of the globe.

Emphasis Upon "I" Hunting Grounds For Blues, Elliott Says At Service

Undue emphasis upon "I" is a perfect hunting ground for the blues, Dr. William M. Elliott told a large morning crowd at the union services at the First Methodist church under the sponsorship of the Big Spring Pastors association.

Dr. Elliott spoke of the experiences of Elijah sitting under the juniper tree, hoping he would die for "I, even I, alone am left."

September Water Increase Over '44

Water metered during September amounted to 61,669,400 gallons, showing an increase of 28,361,000 over September of 1944, the city financial report indicates. The September total is a decrease of 5,095,700 gallons under August.

Water and sewer billed to customers in September amounted to \$17,861.25, a decrease of \$504.79 under August.

General fund receipts in September amounted to \$26,284.48 with \$1,360.58 being transferred from other funds. Delinquent tax collections amounted to \$790.10 for September.

Disbursements from the Interest and Sinking Fund included \$4,000 bonds retired; \$460 interest paid; and \$10, commission.

The city's bonded indebtedness now stands at \$1,156,600 and the Interest and Sinking Fund had a cash balance of \$17,943.89 at the end of September.

Chilean President In Mexico City

MEXICO CITY, Oct. 31 (AP)—President Avila Camacho and members of his cabinet plan to greet Juan Antonio Rios, President of Chile, who is scheduled to arrive by here by plane Friday from Los Angeles.

The South American Chief Executive will be honored with military reviews, receptions and a banquet.

O'Brien To Speak

"Why the Churches Are in Favor of the Junior College" will be the topic of a radio talk by Rev. P. D. O'Brien from 7 until 7:15 p. m. today. The program will be broadcast over KBST.

To Attend Meet

Tracy Smith, C. R. McClenny, C. E. Johnson and B. J. McDaniel are planning to leave Sunday to attend a meeting of the League of Texas Municipalities in Austin Nov. 5, 6 and 7.

Evacuation Speeds

BATAVIA, OCT. 31 (AP)—Allied authorities announced today plans to speed up the evacuation of liberated Dutch war prisoners and civilian internees from the Netherlands East Indies. Within the next few weeks 2,650 will depart for Australia and 3,850 more will leave directly for Holland.

O'Brien Speaks At Lion Luncheon

Using the words of Paul, the Rev. Dick O'Brien, First Baptist pastor, today advised Lions "to do thyself no harm."

A man's worst enemy is himself, he declared, adding that it was necessary to maintain a balanced program of work, play and rest for physical well being. Mental selection also is important, he thought, for "mental garbage" should not be harbored. In the moral realm, men can easily do themselves harm by unwholesome attitudes, he said.

Betty Bob Diltz sang, Helen Duley accompanying. Jack Smith reported on the club's sponsorship of the "Cover Girl" revue.

TODAY'S VICTORY LOAN STATEMENT

WASHINGTON, Oct. 31 (AP)—Today's Victory Loan statement:

"Our country will not be complete until every fighting man is safely home. To accomplish this, we must support our government and buy Victory Bonds to the utmost limits of our ability."—Admiral C. W. Nimitz, Commander-in-Chief, U. S. Pacific Fleet.

Hitler Not Annoyed

FRANKFURT, Oct. 31 (AP)—Adolph Hitler, although one of the highest paid men in Nazi Germany, never paid an income tax because he argued that "The head of the nation should not be annoyed by such requirements." The American Military Government said today.

Finally, the perfect panacea for several periods of depression, according to Dr. Elliott, is to undertake a fresh task in sacrificial service. He urged his listeners to "let God take the strain," for "God's program does not rest on the shoulders of a single individual." If one remembers this after trying experiences, he can turn with renewed vigor to new responsibilities.

Dr. Elliott speaks at 6:45 p. m. over KBST and at the evening services at 7:30 p. m. His final messages will be at 10 a. m. Thursday, 6:45 p. m. and the concluding service at the First Methodist church at 7:30 p. m. Thursday.

To Hold Elections

ROME, Oct. 31 (AP)—The Italian council of ministers decided today to hold general elections for a constitutional convention not later than next April and to initiate local elections before the end of the current year.

Scouts To Meet

GOOD FISHIN' BUT DIDN'T GET A FISH

SAN DIEGO, Calif., Oct. 31 (AP)—The fish may not have been biting but Hack Field feels he made a "good catch."

While fishing for albacore near St. Nicholas Island, he "landed" a marine's wallet containing \$53 and identification card.

Field contacted the marine base at San Diego and located the marine, Platoon Sgt. Joe B. Marshall, 32, Butte, Mont., who said he lost the wallet while aboard the transport Crockett which docked Oct. 9 from Guam.

Cub Pack 13 To Meet In High School Gym

D. M. McKinney, Cubmaster, has called a meeting of pack No. 13 for 7:15 p. m. Friday at the high school gymnasium.

It is the first joint meeting of the half dozen dens, he said, and therefore he is anxious to have a good representation of Cubs parents and den mothers.

Importance Of War Trials

With The News

By J. M. ROBERTS, JR. AP Foreign Affairs Analyst - Holland, faced by a serious threat to her wealth in Indonesia, is caught between the devil and the deep blue sea in her efforts to rehabilitate an economy almost completely disrupted by war.

There is the danger that the public in general will fail to properly appraise the importance of war criminal trials. Interest already is waning, although it may increase to a degree as some of the big-name defendants are brought to the bar of international justice.

IT ISN'T ALL DULL WORK BEING AN OFFICER OF THE LAW IN TEXAS

By JACK RUTLEDGE Associated Press Staff

A quick glance at the police blotter:

A woman was brought into a Dallas court for discharging firearms in the city limits. The judge asked her what she was shooting at. "Oh," she said casually, "I was just shooting at a friend."

Urging one's wife homeward by sticking her with a penknife is illegal in Brownwood.

Brownwood police arrested one man who had done that. They said before he got his wife home she'd received three or four stab wounds. He was fined \$35.

Traffic Officer J. P. Coughlin of Dallas figures maybe something should be done to make police uniforms more conspicuous or impressive.

He was directing traffic and blowing his whistle when a woman dashed up and tapped him on the shoulder.

"Tell me, young man," she said breathlessly, "where can I find a policeman?"

Now and then the police get an assist. Like the time Hugh Sawyer of the Dallas chamber of commerce was entering a store.

A man brushed past him, a woman's purse in his hand. Sawyer gave chase, caught the thief, recovered the purse. But the man got away.

But Mrs. W. L. Dollar of Denison grimly has decided she'll help herself from now on.

She had been shopping and had an armload of packages. She laid her purse on the fender of a car while she placed the packages in her own.

When she turned to pick up her purse, the other car had driven away. From now on, says Mrs. Dollar—

Cranberry skins yield a wax called ursolic acid that may come back to dining tables as an emulsifying agent in mayonnaise, or to dressing tables in cosmetics.

Your Cost Of Living Dependent On Truman's Radio Talk

By JAMES MARLOW

WASHINGTON, Oct. 30 (AP) — Your cost of living — and other things — tied into what President Truman says at 10 o'clock tonight when he broadcasts about wage increases and prices.

He's trying to keep prices from rising.

Right after the Japanese surrender he stated his administration's policy on wages and prices when he said:

A boss could raise a worker's salary as high as he wished if he didn't use that as a reason for raising the prices of goods which the worker made.

This policy has run straight in-

to a stone wall.

Labor — deprived of the overtime pay made in the war years and forced to take lower-paying jobs — has been demanding wage increases.

Business has balked. Many businessmen say they cannot grant pay increases without getting permission from the government to raise prices on goods.

1. Business is able to raise wages without raising prices.

2. Or, business will be allowed to raise prices generally if it increases wages.

No. 2 would breach the policy of

Lt. Settles On Way To Be Discharged

First Lt. J. B. Settles, son of Mrs. Rowan Settles, 1100 Gregg street, was expected to arrive here yesterday enroute to Ft. Sam Houston to receive his discharge. He spent 23 months overseas with the 12th Air Force and Headquarters of the Mediterranean theater of operations.

He has flown a wide range of planes including the P-38 Lightning, the P-39 Airacobra, P-47 Thunderbolt, P-51 Mustang, P-61 Black Widow and the C-47 cargo aircraft.

More recently, Lt. Settles was base operations officer for the Greenville Army Air Field, Greenville, Miss., which is one of the larger storage aircraft projects of the Air Technical Service Command. Prior to entering service Lt. Settles was employed by the Cosden refinery in Big Spring.

His wife will remain here with his mother while he is at Ft. Sam Houston.

Month's Water Supply Pumped From Lakes

Water consumption average for each day in October was around 1,000,000 gallons, city officials say. The majority of the water supply was pumped from the lakes, supplemented with 16 days on Section 17 and six days on the park section.

Section 33 is gaining back its strength after being idle since Sept. 24. Before Section 33 became idle, water level was lower than it has ever been.

Giles In Ft. Worth

FORT WORTH, Oct. 31 (AP) — Bascom Giles of Austin, grand master of the grand lodge of Texas, spoke before members of the 64th Masonic district here last night.

He told the group that the Texas Masonic grand lodge membership is larger than it has ever been in the history of grand jurisdiction.
