

PROCLAMATION

"DO SOMETHING SPECIAL FOR YOUR HEART SUNDAY"

NOVEMBER 5, 1978

TO THE CITIZENS OF SPEARMAN, TEXAS:

WHEREAS, it is of the utmost importance that the City of Spearman encourage activities which are worthwhile and beneficial; and

WHEREAS, the success of this endeavor would benefit an organization which is engaged in the betterment of human life; and

WHEREAS, the efforts of the American Heart Association would be beneficial by the participation of each and every citizen;

NOW THEREFORE I, C. Ralph Blodgett, Mayor of the City of Spearman, by virtue of the authority vested in me, do hereby proclaim Sunday November 5, 1978 as

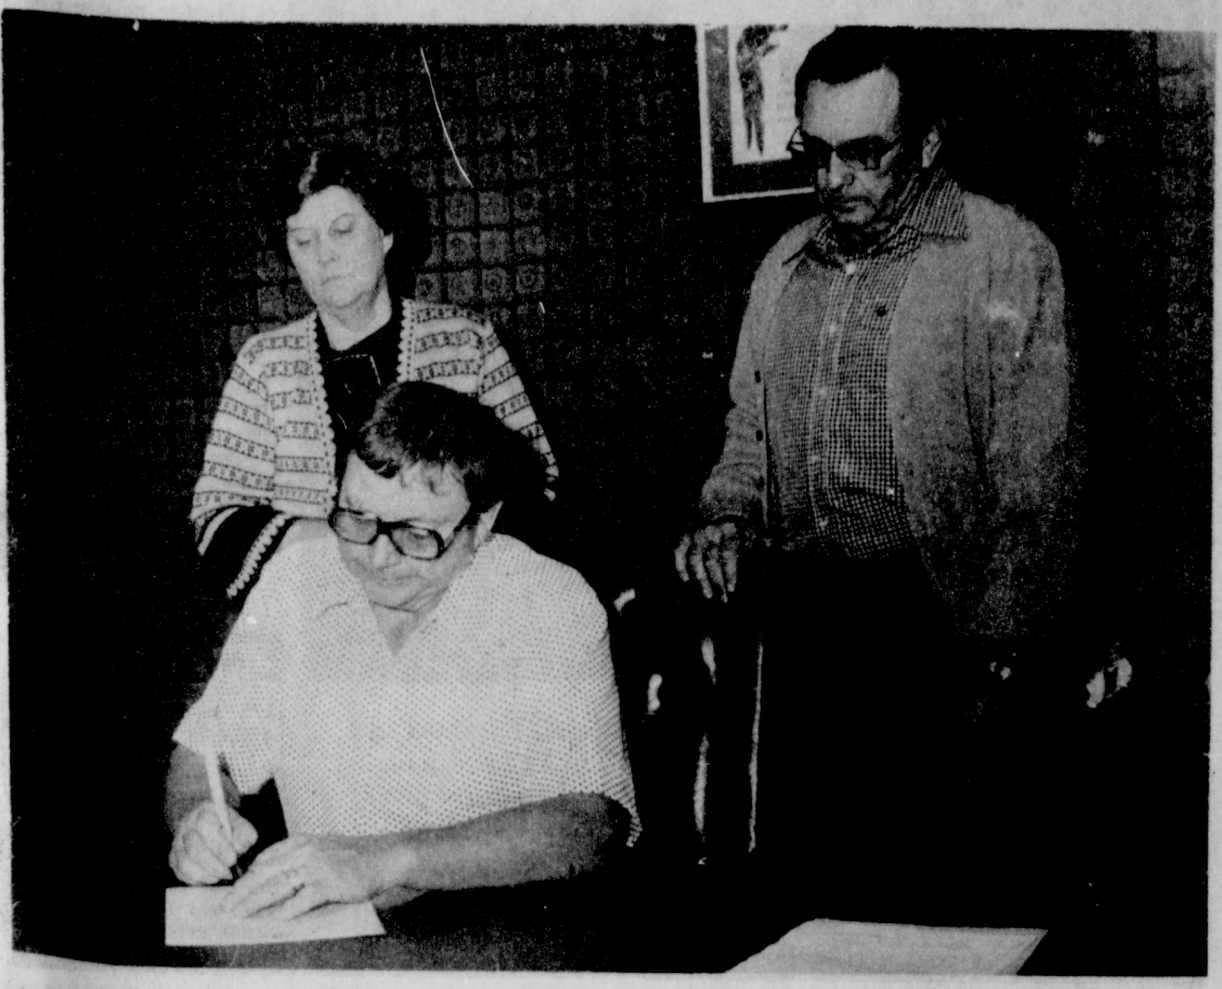

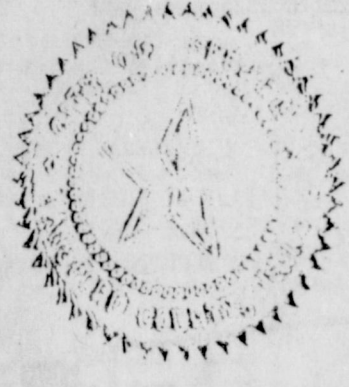

"DO SOMETHING SPECIAL FOR YOUR HEART SUNDAY"

for the City of Spearman, Texas, and do encourage all citizens to participate.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed, the great seal of the City of Spearman, Texas.

DONE in City Hall this eleventh day of July, nineteen hundred and seventy-eight.

*C. Ralph Blodgett*  
C. Ralph Blodgett  
Mayor

MAYOR RALPH BLODGETT, Mrs. Garner, and Lloyd Buzzard are pictured above as the Mayor signs the Heart Proclamation. Mayor Blodgett may have a secret entry in the big "Turkey Walk" coming up during Heart Month, and Lloyd Buzzard is already a 1 to 10 odds on winner in the big "WALK!" Mrs. Garner may enter Ed in the big event!

## "Turkey Walk" plans finalized

American Heart Association volunteers met Tuesday, Oct. 3 in the home of Mr. and Mrs. Lloyd Buzzard.

Mrs. Betty Music, Regional Director for the American Heart Association, was at the meeting to answer questions and help with the planning for the "Turkey Walk". She is from Amarillo.

The route for the "Turkey Walk" will be starting at the mall and going to Main Street and down main to the courthouse passing on the south side to Bernice, down Bernice, to 11th and down 11th to Roland, down Roland to 7th and back to the mall.

Mrs. Lloyd Buzzard will have checkpoints or pit stops in the following locations #1, Cates Car Wash, this will be 4 tenths of a mile; #2, depot parking lot, 8 tenths of a mile; #3 Court-house parking lot, exactly 1

mile; #4, Jack Carrol's driveway at 619 S. Bernice, 1.5 miles; #5, Lutheran Church parking lot, 1.8 miles; #6 Pittman and Shieldknight Building at 11th & Roland, 2.3 miles; #7, back at the mall for 2.8 miles.

The check points will not be needed for everyone but will be there, so that if you feel the need to stop and not continue someone will be available to take you back to the mall. They will also have drinks available.

The committee has decided to have several categories in the "Turkey Walk" and the first will be bicycles, running, jogging, walking and even some of the little folks on riding toys, accompanied by an adult.

There will be a swag-wagon for anyone that wants to be picked up.

Each person entering should secure their own sponsor and collect their donations. The donations should be made to the American Heart Association, and are to be turned in no later than Tues. Nov. 7.

Mrs. Maylynn Schubert will be home on Sunday, Monday and Tuesday to accept these contributions from the participants.

Each person receiving \$50.00 or more in donations will receive a turkey.

The committee received word that Stephanie Brock, the fantastic young woman who won the Berger marathon by jogging 13 miles, will be jogging for the Heart Association.

Remember you set your pace and distance, but you are urged by all means to come out and have a good time, Nov. 5 at 2 p.m.

Sparks training camp-Mozelle has secured a new stonewatch and Aubie has set a new record, 3 seconds from the sofa to the dining room table. Watch out Lloyd.

At the Buzzard training camp, Lloyd approached the Windoms to sponsor him. The dollar being what it's worth today and inflation like it is Sonny decided to enter Mona Beth in the Turkey Walk, so they can see if they're getting their money's worth.

Lloyd has increased his jogging to 4 1/2 miles because it sure was hard being compared to a Tortoise last week.

## FCA Door To Door For Stinson

The Fellowship of Christian Athletes of Spearman High School will be making a door to door canvas of Spearman taking donations for the Bruce Stinson fund on Sunday, Oct. 15, from 2 to 4 p.m.

Bruce, a high school student here, was injured several weeks ago in an accident and is hospitalized in Dallas Burn Center.

Mrs. Jack Brown and her son, Bobby Brown, from Mangum, Oklahoma were in Spearman recently visiting Mrs. Brown's mother, Mrs. W.L. Thompson.

## Class of '63

The Spearman Class of 1963 will have its 15th reunion October 20th and 21st, 1978. The class will be recognized Friday night, October 20th at the Lynx River Road Football Contest.

Saturday, October 21st there will be a reception for the class, their families and any interested guests at the Home Demonstration Building from 3:00 till 5:00 p.m. At 7:00 p.m. the class members may attend a dinner at Martin's Steak Garden. Those wishing further information may contact Mrs. Perry Dixon at (806)659-3024.

VOLUME 69, NO. 48

THE SPEARMAN REPORTER, SPEARMAN, TEXAS 79081

THURSDAY, OCTOBER 12, 1978

## Purple Pride meets Orange Crush

It will be "Tony the Tiger" at Guyton Friday night, as the Lynx prepare for the best team on their schedule to date. That is right, the Guyton Tigers will be the best team that the Lynx have played this year. In fact the Tigers are enjoying an upset victory last Friday night over the Perryton Rangers, as they beat the Rangers 10 to 6 in an exciting game.

In a talk with Coach Smith, he notified us that his Lynx will be ready to go Friday night, but will still have a few injured players. About the only thing we know about Guyton, is they don't have to pass. It will be interesting to see what happens to the Lynx defense, against one of the finest runners in the area. Guyton boasts an all-state candidate in their No. 20, and several other good backs to go

with him. Fans will get to see a Lynx team that has rested for a week, and this defiantly will get many of their injured players back in shape. The game Friday night will start at 8 p.m., and Guyton has a marvelous sports complex at the fair grounds.

The 7th and 8th grade Lynx, who played such outstanding games at home last Thursday, journey to Dalhart Thursday, with the 7th grade game beginning at 5 p.m.

I am anxiously awaiting the Thursday games in Spearman this week, as we will get to see the 9th grade and Lynx B team play Dalhart at the Lynx stadium Thursday afternoon. It looks like the biggest week-end of the year for all 5 of our football teams.

by Archie Burress.

## Harvest Scene

A little over five years ago, we came to Spearman, Texas from Bentonville, Ark. Our Church there was only 4 miles from Bella Vista Village which was a retirement and tourist center. We had people to attend our church from this lovely community. On our visitation to this area in the Fall of the year, we would see lovely new homes with a shock of corn & Some Pumpkins out in front many of these folks were from Illinois, & Ohio where they had been used to corn as one of their main crops and it seemed that they enjoyed fixing up their places to remind them of their homes they had left back north. The tour was lovely for each home had different ideas displayed. It was like taking a tour and

looking at the Christmas tree Lights & Decorations at Christmas time. But it was a tour of Fall Harvest Scenes. If Many Around Spearman would put up Displays, it would be very beautiful. People could drive around and see the different Scenes on Display. The local television might even show it

over the Channel 6 for the Shutins and besides this Chanel 7 T.V. might even come for a second look at Spearman. A \$50.00 Prize for first Place, \$30.00 for second & \$15.00 for third might be offered by a committee or one of our civic Clubs to inspire participation in the Fall Harvest Scene Contest.

If you enjoy things like this Do Drive by 21 So. Endicott, and look at our Scare Crow, Shock of Corn, Bales of Wheat straw & Our yellow orange Pumpkins.

Rita Underwood is working on Aubie Sparks, and says he will be ready for the Turkey Walk in November.

## Markets

Wheat	\$3.01
Milo	3.60
Corn	2.30
Soybeans	5.96

## Halloween Carnival

The annual Spearman High Student Council Halloween Carnival will be held this year on Saturday evening, Oct. 28 at the County Barn, from 6 to 12.

Booths will be \$15 this year, and any organization wishing to have a booth, should contact the student council at 2585.

This is always a fun time for everyone and also a good time for organizations to have a money making project.

Rule Change: Alva Garner says Oklahoma Turkeys can enter the walk!

## Hospital News

Patients in Hansford Hospital Ruby Heath, Willie Brackett, Ken Wilmeth and Bob Cruse.

Dismissed were Lydia Rodriguez and daughter, Florence Wheeler, Mae Floyd, Donna Malkucha and Mattie Layton.

Mr. and Mrs. J.T. Hitt and Mrs. Ava Hitt of Bentonville, Ark. visited friends and relatives in Spearman Monday. They were enroute to Colorado deer hunting.

West Texas State University played host to several teachers in the Spearman school system Saturday evening. Max Sherman and his fine group hosted a chili supper, before the North Texas, W. T. game. Attending from Spearman were Mr. and Mrs. Allen Alford and son, Claude Newell, and Billy Miller with the local newspaper. A great time was had by all. Remember the W. T. homecoming is this Saturday,

## Hansford Golf Club Tourney, October 22!

The Hansford Golf Club will sponsor a membership only tournament, Sunday, October 22nd. Entry fee will be \$10.00, the time 1:30 p.m. The tournament will be a "men only" tournament will feature one of the best tournaments of the year for the Hansford Golf Club, according

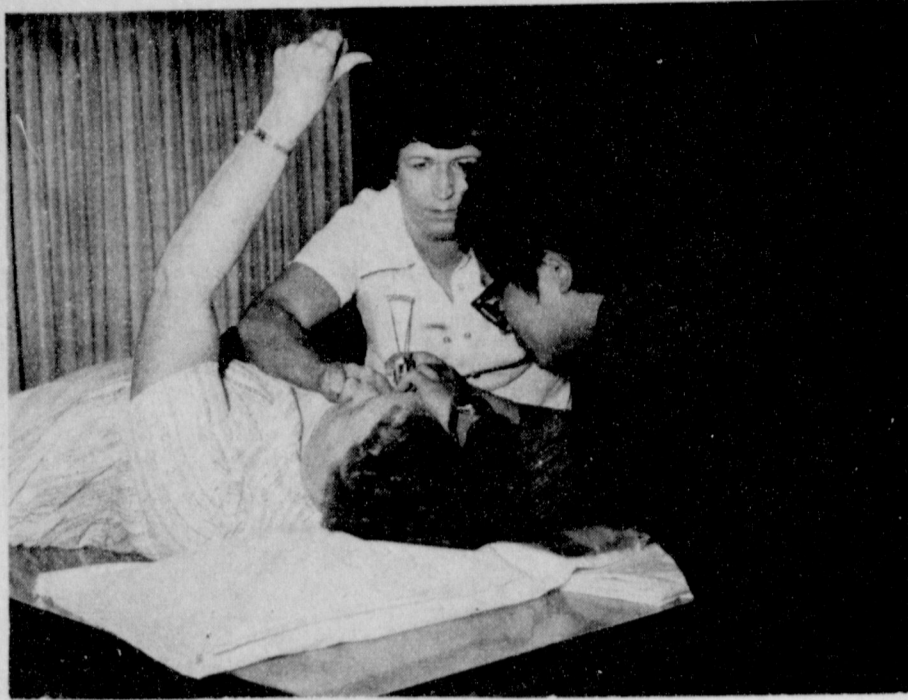

to club manager Tiny Gressett. Full handicap will be used, and one flight will be played. Prizes will vary, probably eight or ten prizes for the tournament.

The course will be open to all players, even though they are not entered in the tournament.

For further details, call Hansford Golf Club, 659-2233.

Will scratch golfers beat the duffers? The sports dept. at the Reporter-Statesman is predicting a tight race, with Kenneth Irwin of Graver picked to the country's No. 1 golfer!

Dr. Yang and Nurse Eller are pictured above "making action" a the local Glaucoma Clinic, sponsored by the Lions Club. Some 130 patients were checked, and approximately 10percent of them were referred to other doctors for further Claucoma checks.

**HUNTING SAFETY**

When selecting a hunting partner, choose one by the same measures you would rate yourself.

Hunting equipment is a very personal thing and should not be loaned to friends. One should never be embarrassed by refusing to lend his equipment to someone who feels there is no need to buy his own, as long as he has a friend with well-kept gear.

Before venturing forth into the wooded areas, check with local authorities as to the color prescribed for hunters. Many officials are recommending Blaze Orange or a bright color contrasting with the terrain.

Never, never, mix shells while hunting. Be especially aware of this when guns of different gauge are being used in the hunting party.

The first co-educational college was Oberlin in Ohio which awarded a degree to a woman in 1841.

The beautiful new Optima Dam has been completed, and in services held at the dam last week, the gates were closed. This is one of the finest projects in the state, and is typical of the dams needed to secure water for this thirsty area. Judge Johnie Lee is now with the Palo Duro authority, and reports good progress on the Palo Duro dam. In a few short years, we will be making a similar picture as the gates close on the Palo Duro river dam. The dam is located about 40 miles North of Spearman, and will furnish recreation and water for the entire area.

**Family Safety - Around The Clock**

There's no place like home. It is the heart and soul of family life.

And there's no place like home, either, when it comes to accidents. Though we think of it as a refuge, more people get hurt in or around home than anywhere else. Nearly 30,000 men, women and children perish each year in home accidents, accounting for an accidental death toll exceeded only by traffic.

In addition, untold millions suffer minor, but painful, home injuries that are measurable only by counting the billions of band-aids and gallons and tons of medicaments we use to remedy them.

The most likely victims of fatal home accidents are those under five years of age and those 65 and older. They account for seven out of ten of the deaths while making up only a fifth of the population. Falls are the leading cause of

accidental death among elderly people. Fire is a significant foe of both young and old, as is suffocation for infants.

Small children and elderly people need extra protection because they usually can't cope as well with hazardous situations. Also a bigger percentage of accidents to the aged result in serious injury or death.

But plenty of home accidents occur to school-age children, teens, young adults and those in middle age. About three out of four disabling home injuries involve persons five to 65.

Accidents in and around the house can be prevented. Good management practices will assist in eliminating or minimizing household safety hazards. Fewer hazards mean fewer chances for accidents. Good management also results in a more attractive, more livable home, and in

extra time to spend with family, or with hobbies or community activities.

**Practice Good Management for Safety Around the Clock**

- Get sufficient rest
- Make periodic home safety checks
- Arrange furniture for unobstructed movement about house
- Make home pleasant to reduce accident-producing tension
- Establish good family eating habits
- Recognize and remove hazards
- Teach family safe practices
- Select and use right equipment for job
- Provide ample storage space
- Plan flexible work schedule to avoid rush and fatigue
- Take good care of household appliances and equipment
- Learn first aid and what to do in case of fire

**Proper Training Reduces Firearm Accidents**

Being able to recognize unsafe practices, correct unsafe conditions and handle guns properly at all times, will decrease accidents. When handling and demonstrating, treat every gun as if loaded. Keep the muzzle in a safe direction. Remove the clip if it has one. Open action and leave it open.

When cleaning, the same rules apply. Keep others away if possible. Lubricate properly, though not too much!

Store guns out of reach, unloaded and uncocked. Lock them up whenever possible. Keep and store ammunition away from firearms—Out of Sight!

When shooting at home, know the potential of your gun and what it can do.

Make sure of an adequate backstop. Keep firing line and shooting area restricted, children away.

When practicing with an empty gun—be sure it is actually empty—even with an empty gun aim at a safe backstop.

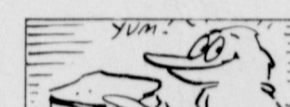

When transporting firearms, break them down whenever possible. Keep the gun in its case or wrapped securely. Carry ammunition separately. Always carry guns—unloaded.

When you witness unsafe gun handling and practice, correct the situation. Explain and demonstrate—The right Way.

Only through proper education and training can the number of firearm accidents be reduced.

The world's oldest living things are bristlecone pines in California, estimated to be 4,600 years old.

**NIGHT JOGGERS—TAKE IT EASY**

Energetic people, donning sweat suits and tennis shoes to trot off those extra inches need to be careful. Do your body a favor in more than one way.

Drivers are not watching for you. Joggers are shadows in the night unless headlights illuminate their form.

To make yourself more visible, wear light colored or white clothing or use reflective tape affixed in an "X" shape on your chest and back. Also, whenever possible, jog in a well-lit area near home.

**WATCH FOR TURKEY TROTTERS!**

If you are driving at night, and see a big "orange" blob, on the streets, you will know that it is Lloyd Buzzard, in his training togs. Lloyd is wearing bright orange, at night, so that you can see him jogging. He is known as the "orange slush!"

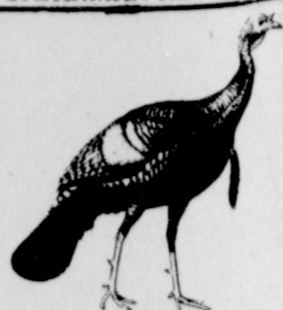

**WATCH OUR FOR AUBIE AT NIGHT!**

Aubie Sparks will be wearing silver at night, as he is rumored to be training after 12 p. m. Aubie is known as the silver "STREAK" and is a 1 to 99 favorite to win the turkey walk for the heart fund!

Don't Miss The Circus Oct. 23.

## CARD OF THANKS

On behalf of the Spearman Lion's Club, we would like to take this means to thank certain individuals for their contribution to the success of our recent Glaucoma Screening Program. We would first like to express our deep appreciation to Rev. Frank Oglesby for the use of the Methodist Church Fellowship Hall. We owe a debt of gratitude to Orville Brummett of the Spearman Drug and Jim Evans of Gordon's Drug for the furnishing of the medical supplies needed for the screening program.

To the following nurses who took time out to help us and who contributed so much to the smooth functioning of the Glaucoma screening, we can only say "Thank You." Linda Winegarner, R.N., Edith Womble, L.V.N., Margaret Eller, R.N., Delores Guthrie, L.V.N.

We would also like to acknowledge the fine job of handling the publicity for the Glaucoma Screening which was executed by the Spearman Reporter, The Hansford Plainsman, The Gruver Statesman and last but by no means least, K.R.D.F.-F.M. Radio 98. All did a first class job of promoting our Glaucoma Screening program. We are particularly indebted to Dr. Yang who so graciously gave of his time and skill to help us with our program. To him a big "THANK YOU."

Finally, we would like to express our "Thanks" and appreciation to our Lionesses for their invaluable help with the inevitable clerical work and records.

We would also like to say "Thank You" to all of you who came by to see us during the Glaucoma Screening Program. We were happy to be of service. Dick Elbert, President, Spearman Lion's Club, R.L. Kleiberger, M.D. Chairman, Sight Conservation Committee, Glaucoma Screening Program.

## Wildlife Group Offers Grants For Research

The National Wildlife Federation has set a deadline of December 31, 1978, for applications from graduate students for its 1979-80 Environmental Conservation Fellowships.

To be eligible applicants must be citizens of the United States, Canada or Mexico who are pursuing degrees in a college or university graduate program or law school. They must be principally engaged in research, rather than course work, in fields related to wildlife, natural resources management, or the protection of environmental quality. The grants range up to \$4,000.

In addition to the NWF fellowships, which have been awarded for the past 21 years, the Federation has since 1971 also awarded joint fellowships with the American Petroleum Institute for studies involving petroleum and the conservation of resources.

For information, including a list of priority topics, and application forms write the Executive Vice President, National Wildlife Federation, 1412 16th Street, N.W., Washington, D.C. 20036.

The first bank run by women was founded in 1974 in New York City. Called the First Women's Bank and Trust Company, it has a woman president.

# BILL CLEMENTS WILL CUT TAXES AND GOVERNMENT SPENDING

Texas was built by men with the vision to look ahead and the grit to get things done. Bill Clements is the man to keep this tradition alive for the future of Texas.

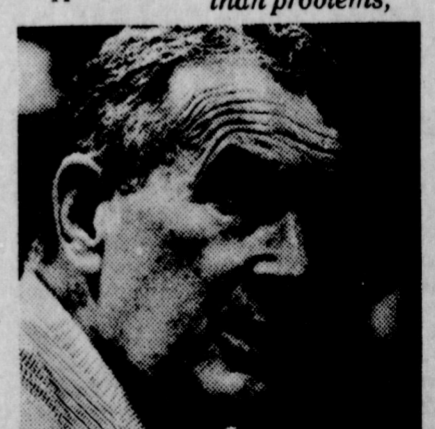

Bill Clements will bring a strong, fresh and tough approach to our government in Austin. He is a businessman, not a politician.

Bill Clements started with nothing and built a successful, worldwide company with hard work and the skill to manage men and money. And now Bill Clements wants to preserve the future of our state and he wants the working people of Texas to have the same opportunities he had.

With his proposed "Taxpayers' Bill of Rights," Bill Clements is committed to protecting Texans from excessive taxation and runaway government spending. He is pledged to cutting taxes and returning that money directly to the taxpayers.

As former Chairman of the Southern Methodist University Board of Governors, Bill Clements knows how to make education in Texas the best in the Nation. He's for discipline in the classroom and "back to basics" quality education.

As the son and grandson of farmers, Bill Clements knows the frustrations that an indifferent government can cause people who make their living off the land. He will use the strength of the State Government to fight burdensome Federal restrictions.

"I believe that Texas has always had more promise than problems,

but the balance is more delicate each year. We need to get to work now."

# BILL CLEMENTS A GREAT GOVERNOR FOR TEXAS

Paid political advertisement by the Bill Clements for Governor Campaign Committee, Tom B. Rhodes, Treasurer, 1901 N. Akard, Dallas, Texas.

## European Corn Borer Research

The European Borer, found recently in 15 Texas Panhandle counties, is no more of a threat to corn crops than the Southwestern Corn Borer, which farmers have battled successfully for years.

That view is held by research entomologists who have studied both pests over the years.

"Given an equal infestation of the European Corn Borer and the Southwestern, the Southwestern is more damaging to crops," said Dr. John Campbell, a research entomologist with Pioneer Hi-Bred International, Inc., the world's largest agrigenetics organization. "Since the same chemical applications can be used to control both insects, and since Texas farmers already keep a sharp eye out for the Southwestern borer, additional crop damage should be minimal."

Pioneer's research team has studied the European Corn Borer for 25 years, aiming toward developing hybrids strong enough to tolerate that insect as well as others. Dr. Campbell and Pioneer consultant Ferd Dicke have conducted research extensively in Des Moines, Iowa, which is in the heart of the nation's Midwest corn belt.

The Midwest has been plagued by the European Corn Borer for many years, but when infestation of crops in Moore County in the Panhandle was reported recently, it was the first indication of the insect in Texas since mid-1960s.

A subsequent investigation by the Texas Department of Agriculture in 30 Panhandle counties revealed the European Corn Borer has already reached crops in 15 counties, including Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Hutchinson, Roberts, Oldham, Potter, Carson, Gray, Deaf Smith and Randall along with the first known location in Moore County.

Because of the way it feeds on corn plants, the European Corn Borer is potentially less dangerous than the Southwestern variety, according to Dr. Campbell. The European is normally found throughout the stalk of the plant, while the Southwestern concentrates on the lower part of the plant near the base. Both insect cause some ear dropping and stalk breakage, but in the case of the European Corn Borer the breakage is usually above the ear and the corn is still harvestable.

The European borer also chews leaves, but while that action may inhibit plant function it is generally not severe enough to kill the plant.

The best way to deal with the European Corn Borer is to try to control it chemically, Dr. Campbell said. "Any farmer accustomed to some degree of insect control should be able to control the European Corn Borer," he said.

"One way to avoid extensive damage is to plant as early as possible so the corn may mature before the second generation of European Corn Borers, the most dangerous, has a chance to do much damage," Dr. Campbell said. The damaging effects can also be reduced by planting faster maturing hybrids.

"Planting early and using chemicals to control the insects are the most successful ways of avoiding crop damage," he said. "You never get 100 percent control over an insect, but you try to minimize your losses. The farmer has to get back more than what it costs him to fight the insects."

Panhandle farmers should not be afraid to plant corn because of the threat of possible European Corn Borer infestation. The insect also feeds on other hosts, including beans, peppers, grain sorghum and certain weeds, so the Panhandle would still have to fight recurrent infestation even if the insect could be eradicated from the corn crops.

The severity of infestation varies from year to year, depending on the weather and other conditions. "It seems like the first year or two after the insect infest an area are the worst," Dr. Campbell said. He added that hot temperatures, such as the conditions in the Panhandle last June, promote large populations of European Corn Borers just as they aid Southwestern Corn Borers.

TDA officials are currently discussing the possibility of a quarantine with Panhandle grain dealers, feedlot operators, mill operators and agents of the Texas Extension Service. A public hearing on the issue has been scheduled for Wednesday, October 11th at 10:00 a.m. at

the Agricultural Research Center in Amarillo.

"I couldn't advocate a quarantine as an effective means to combat the spread of the insect on the High Plains of Texas, since the greatest danger of spread in that area is from moth flight," Dicke, a former research entomologist with the United States Department of Agriculture, said. Transmission of the European Corn Borer to other parts of Texas when corn is shipped out of the area could be reduced by a quarantine.

If the 15 affected Panhandle counties, which primarily provide corn for feedlots, were quarantined, crops would have to either be fumigated or screened before they were shipped out of the country. Sifting the corn through one-half inch mesh screens would eliminate most of the inch-long borers. The corn could still be shipped, but it could be quite expensive to fulfill the requirements of the quarantine.

As part of its total research program, Pioneer Hi-Bred International, Inc., has bred hybrids for stronger stalks to prevent diseases and insects from destroying plants. Potential parent lines are grown in nurseries and purposely infested with insects such as the European Corn Borer to test their strength. Weak hybrids are eliminated. The stronger hybrids are used to furnish seeds for the sturdiest plants possible in the farm industry.

### UT Austin gets Gutenberg Bible

AUSTIN, Texas (Spl.) — A copy of one of the first books ever printed by movable type has been acquired by The University of Texas, largely through efforts of the Chancellor's Council.

Printed in Mainz, Germany, in the 15th Century, it is a Gutenberg Bible, which is considered a primary landmark of civilization. Scholars revere the work not only because printing was revolutionized all of education but also because the Gutenberg is regarded as the finest example of printing ever produced.

The two-volume set is one of only five complete Gutenberg Bibles in the U.S. The others are at Harvard, Yale, Library of Congress, and Pierpont Morgan Library in New York.

### Jordan to teach

AUSTIN, Texas (Spl.) — When U.S. Representative Barbara Jordan of Texas retires from her Congressional seat in January 1979, she will occupy a new professorship at The University of Texas.

She will be the first appointee to the Lyndon B. Johnson Public Service Professorship, a post designed for a person who has had a distinguished career in public service. The faculty position is in UT's School of Public Affairs.

Ms. Jordan's courses will be in the area of intergovernmental relations and ethics in public affairs.

### Alumni honored

AUSTIN, Texas (Spl.) — Four graduates of The University of Texas have been selected by the UT Extension's Association to receive 1978 Distinguished Alumnus Awards.

Joining the 77 previous UT Austin honorees (who include Lady Bird Johnson and Walter Cronkite) are: Dr. John R. Hubbard, president of the University of Southern California; Krait W. Eidman of Houston, senior partner in the law firm of Fulbright & Jaworski; Jack Blanton of Houston, president of Scurlock Oil Company, and Mrs. Perry R. Bass, Fort Worth civic and arts leader, and an officer of the Sid W. Richardson and Bass Foundations.

### Drilling first well of its kind

AUSTIN, Texas (Spl.) — The University of Texas is coordinating a project that has drilled the world's first well into overpressured hot waters which are trapped deep in sedimentary layers of the Texas Gulf Coast.

The idea behind the project

is to determine whether the pressure and heat contained in the geopressed-geothermal zones can be tapped to power turbines and, in turn, generate electricity.

Another possible energy bonus of the test well in Brazoria County: UT researchers believe large quantities of methane gas, now dissolved in the hot waters, can be recovered.

### 'Charley Z' cited

AUSTIN, Texas (Spl.) — A University of Texas professor known as "Charley Z" has received the American Accounting Association's Outstanding Accounting Educator Award for 1978.

He is Dr. Charles T. Zlatkovich, a specialist in accounting theory and practice, who holds the endowed C. Aubrey Smith Professorship in the UT Accounting Department.

The AAA cited him as "an ideal career model to all generations of accounting faculty," emphasizing his ex-

emplary interaction with students. Dr. Zlatkovich is a former president of the AAA.

### Rural responders

AUSTIN, Texas (Spl.) — Before an ambulance can reach the scene of a medical emergency in a rural area, a nearby person with special training can often save a life until professional help arrives.

In 1978-79, The University of Texas will offer six courses to train 240 Travis County residents in how to respond to dire emergencies such as heart stoppage or severe bleeding, when every second counts.

Those completing the 42-hour course will be designated as Emergency Care Attendants. Dr. Demetri Vacalis of the UT Physical and Health Education Department devised the course in cooperation with the Travis County Emergency Medical Service.

Chief Ronnie Antalec, foreground-supervises a painter "at work" during the clean-up at city hall held by the local firemen last week, in preparation for their openhouse held last Sunday. We have the best fire dept. in the world!

### Safety—A Good Constant Companion to Wilderness Camping

Outdoor recreation offers a change of pace, helps keep us in good physical shape, and opens new vistas. Wilderness camping can combine all three benefits—if safety is a constant companion.

Proper preparation is a must, and it begins at home. Tackling a wilderness trip requires physical fitness. If you're out of shape, expect an aching, tired body that will diminish both your camping pleasure and chances for survival if something goes wrong.

**Map it out**—Carefully plan your route by marking it on a map; then stick to the route. A good map will show you the kind of terrain to expect. Compass and map-reading skills are mandatory for wilderness travel. A copy of your route, including departure and arrival times, should be given to a responsible per-

son. Actual wilderness experience is best gained by taking several trips with a seasoned veteran. A beginner can learn the basics, though, from the many library books on the subject or by taking a wilderness camping or survival course.

**Danger**—Wilderness camping can be risky. Knowing first aid and carrying an adequate kit is a must. By applying the proper techniques, you can usually deal with an injury until help arrives. If you become lost, don't panic.

Be especially aware of hypothermia, the number one killer of outdoorsmen. Hypothermia is the lowering of the body's temperature to sub-normal levels. It strikes most often in wet, windy weather, when temperatures are in the relatively mild 30 to 50 de-

#### NOTICE TO BIDDERS

THE CITY OF SPEARMAN, TEXAS WILL ACCEPT SEALED BIDS FOR THE FOLLOWING ITEMS:

1. POLICE CAR
2. COMPUTER LEASE

THESE BIDS WILL BE RECEIVED BY THE CITY MANAGER AT CITY HALL, SPEARMAN, TEXAS UNTIL TUESDAY, OCTOBER 24, 1978 AT 8:00 P.M. AND THEN PUBLICLY OPENED AND READ.

#### UT police honored

AUSTIN, Texas (Spl.) — The only college police force in the state to be cited at the 1978 Texas Crime Prevention Conference was that of The University of Texas at Austin. UT Austin's Crime Prevention Unit was judged the third most outstanding unit of its kind, behind those of El Paso and Odessa.

The UT unit has helped keep campus crime significantly below the national average through a wide range of programs such as slide shows on personal security ("Lady Take Warning"), an escort service for students traversing the campus alone at night, crime-alerting posters in dormitories and crime-prevention workshops.

#### Memory strategies

AUSTIN, Texas (Spl.) — A University of Texas psychologist says repetition is not an effective way to learn.

Dr. Robert K. Young, an advocate of memory prompting strategies as an aid to learning, says persons who use imagery when learning to associate two words do 60 per cent better than those who learn by rote memorization. The more bizarre your images are, he says, the easier they are to recall.

Dr. Young notes, for example, that his daughter was having trouble memorizing the capitals of states until he told her to make up a little story about each. Now she remembers Oregon with the imagery of "I smoked a Salem cigarette on the Oregon Trail."

## TOWER TALKS

by U.S. Senator for Texas

### JOHN TOWER

#### Natural Gas: No Solution At All

What price would you be willing to pay for an assured supply of energy?

Or a winter free of dire warnings about insufficient heat for the home and fuel for the factory?

What price would you consider justified for the knowledge your family would be warm and your job secure?

Questions of energy supply are of less immediate concern to most Texans because energy here is plentiful. Texans pay a high price for their natural gas, electricity, and other energy forms, but most of us take for granted an assured supply.

But ask these questions of people in the Ohio River Valley or in other midwestern states who suffered through last winter's cold, worsened by crippling natural gas shortages. The answer from most would likely be: we will pay more if it will assure supply.

Supply and price were precisely the issues involved in the summer-long tug-of-war in Congress over a compromise version of the President's natural gas plan.

In that tug-of-war, we all lost.

By approving the conference committee report on natural gas, the Senate proved it still does not understand the nature of this country's natural gas problem. It is one of supply—first and foremost.

Price means nothing without supply. Assure the supply, and the price will stabilize through marketplace mechanisms. It's that simple.

Any natural gas solution, if it is to work, must point this country in the direction of increased development incentives to increase supplies. Unfortunately, the Senate passed a plan pointing us in the direction of higher prices, with no real assurance of more supply.

In fact, passage of this measure could very likely mean paying more for less, particularly in Texas.

Though a deregulation measure in theoretical terms, it virtually assures that the regulation responsible for present shortages will continue. And for the first time, ensnaring federal regulation will work its injustices on Texas intrastate gas producers. The bill's administrative requirements alone were sufficient justification for its defeat. Establishing 17 or more different pricing categories for wells, with the need then for hundreds or thousands of new federal bureaucrats to administer a well-by-well pricing approval process, the compromise measure promises a regulatory burden of staggering dimensions.

The state and federal agencies responsible for administering the new measure, if it is finally signed into law, will be in an uncomfortable position: between a rock and a hard place.

The Texas agency responsible terms the compromise bill a "devastating administrative burden." The federal regulators will be expected to make the law work with minimal delays. But at the same time, they will be under great pressure to insure that not one cubic foot of gas from any of the 11-12,000 new wells drilled yearly receives a price greater than the law permits. It will be a thankless job and a costly one, for which government and industry—and ultimately the consumer—will pick up the tab.

But for all the cost, the compromise gas measure insisted upon by the Administration likely will do little, if anything, to increase overall gas supplies. And that was the real test of its worth.

### Firemen & Wives Attend Convention

Saturday, Oct. 7. Several of the members of the Spearman Vol. Fire department and their wives attended a Fire Fighters Convention in Dalhart.

The wives of the Dalhart Fire Department served as hostesses to the ladies attending. They served a salad luncheon at 1:00 in their fire department meeting room. The merchants of Dalhart gave nice door prizes to those attending.

At 3:00 the pumper races began with the women's teams. Stratford came in first with the Women's pumper races. After the pumper races with the men and women, came the water polo and the women played this, too. Spearman's mens team won a second place trophy at the

water polo. This team was Ronnie Bullard and Ed Williamson and they were coached by Ronnie Antalek.

After the games were over the Fire fighters and their wives enjoyed a banquet and the trophies were given out during the banquet. Hereford received a check for having the most present, and Crosbyton received a check for the town having come the furthest.

After the banquet there was a dance.

Some of the towns represented were: Hale Center, Dumas, Dimmitt, Stratford, Shamrock, Gruber, Canadian, and Frona. Those attending from Spearman were Ronnie And Bev Antalek, Ed and Kim Williamson, and Ronnie and Vicky Bullard.

### Sacred Heart Women's Guild Meets

The Sacred Heart Altar Society of Spearman met Oct. 5th in the Parish Hall for their monthly meeting.

Plans for the Annual Mexican dinner were finalized. This year there will be a General Store along with the dinner. There will be hand made items along with home made baked goods. Tickets are being sold in advance at \$3.50 for adults and \$2.00 for children, 6-12, children under 6 yrs. of age are free. Tickets will also be sold at the door. There will be a drawing for a \$100.00 certificate to Cut-rate Grocery Store. Chances on the groceries are \$1.00 each or \$5.00 for 6 chances these are also being sold in advance. You do not have to be present to win. Plans are being made for the children to have a breaking of a Pinata at 2:30. The dinner will be served from 11:30 to 3:30.

Now the ladies will have their annual thanksgiving bake sale but this year there will be a raffle of a hand made afagan. The drawing will be held during the Bake Sale. All proceeds from the money making projects are to go into a building fund to add CCD Class rooms to the Parish Hall. A census is now underway to establish a more accurate account of the

membership in the parish. Devotions to the Blessed Mother were led by Rev. Ft. Ray Crocker. October being the month set aside to honor Mary and the Rosary.

Father closed the devotions with this thought, "If you know Mary you will never lose the love of her son, Jesus."

The meeting adjourned and refreshments were served.

The next meeting will be Nov. 2 at 7:30.

### Girl Scout News

The Girl Scout Troop #42 met Friday October in the Brownie Hut. The girls made a coin box for the Halloween Carnival in Guymon, Oklahoma. They discussed the next badge they would be working on. Refreshments were served by Mary Ann Evans to Angelia Gaither, Sheila Brand and the leader Mrs. Bill Gaither.

The second grade Brownies met yesterday at the brownie hut. Twelve girls attended the meeting. After the refreshments which were served by Melissa Bullard. The girls cut out jack-o-lanterns and black cats and then decorated the brownie hut for halloween.

The next meeting will be next Monday, Oct. 16, at 3 p.m.

All second grade girls are invited to join the brownies. The leader is Jaime Flores, and her assistants are Hester Crawford, Millie Lesley and Vicky Bullard.

### HD Club News

The Holt Home Demonstration Club met Tuesday October 3 in the home of Mrs. Myra Berner.

Roll call was answered by "My Favorite Fabric". Plans made to have Halloween Carnival and potluck dinner on October 27 at 7:00 p.m. Mrs. Georgia Holt gave the program on decorative carvings.

Members present were: Mmes.: Lois Moore, Wren Holt, Ruth Ann Jones, Marie Harbour, Ruth Lackey, Louise Holt, Susan McCloy, Sue Holt, Grace Kirk, Trish Cook, Mary Jo Jackson, Georgia Holt, and the hostess Myra Berner.

The Town and Country Home Demonstration Club room met Oct. 3 in the home of Mrs. Linda Close. Mrs. Cindy Holton gave the program on "The Five 'c's' of Crisis". The members discussed the ways and means and the cancer clinic.

They elected new officers: President-Connie Steger, Vice President-Lynna Renner, Secretary-Delinda McLaughlin, Treasurer-Cindy Holton.

The raffles were won by Mmes. Linda Close, Lynna Renner, and Janie Kunselman.

The next meeting will be Oct. 7 in the home of Mrs. Lisa Pipkin with Mrs. Janet Slaughter as co-hostess. The program will be given by extension agent, Peggy Winegarner.

Those present were Mmes.: Janie Henton, Janet Slaughter, Cindy Holton, Lynna Renner, Janie Kunselman, Myrna Biggers, Lisa Pipkin, Linda Close, Connie Steger, Delinda McLaughlin, Dana Sue Baker, and Joan Brown.

### Jamie's Jabber Band News

The band is leaning a new song for their half time show next Friday night. As you all know this week is open, the band took advantage of this opening and have been polishing up on their show. Marching contest is coming up real soon, like in about two weeks. The contest will be held in Canyon on the WT football field. The band will be marching right behind Tula! We've got a winning team, now we need your support for a winning band! Mr. Prather, Mr. Newsome, and band members have worked hard, Give them your support!

The band has been selling acrylic impressions during the week, support has been about average. The band has another item to sell coming up real soon. They will be selling sausage and cheese. They plan on having this sale just before Thanksgiving. We hope to make more

money on the coming up project!

The Lynx team is on the move! This week we play Guymon's Tigers. The game starts at 8:00 at their football stadium. Now I have heard a rumor pertaining to the fact that Guymon has stated that they are going to plow the Spearman Lynx into the turf. Now I know that no team the Tigers can't plow our Fighting Lynx into the ground. (at least not without a good fight!) I know that our guys are good and everyone else around here knows that they are good, but I guess that we're going to have to prove how good we are to the Guymon Tiger's this Friday night! You be sure and show up Friday night so that you can see just exactly what our guys plan to do against the Tigers! GOOD LUCK, BOYS!! SHOW THE TIGERS WHAT THE LYNX TEAM IS MADE OF...SUPER STUFF!!!!

The cheerleaders have really worked hard during the open week. They have adorned the halls with all sorts of fighting spirit signs! They are: We've got the fever, Go-Go! Get 'em-Get 'em, Boogie on Down, Shoot for the Sky! Big, Bad Lynx, Gag Guymon, Superstar!, Lynx are Dynamite! Terrorize the Tigers, Purple Power, Really Hot! Go!! Angry Purple, Lynx are ready, bust 'em, get a tiger, Lynx feel alright, We're big, We're Bad, We're Boss! Down Guymon, Zip Zip Zippy, Go to it Lynx, Ruff, #1, bananas... The cheerleaders say: GET A TIGER!!!

Anyone who wants a Halloween booth please notify the Student Council. The Carnival is to be held at the County Barn Oct. 28, from 6 p.m. to 12 a.m.

The Sigma Sigma Delta is at it again, they have elected new officers. President is Kelly Davis, Kelly is a senior and has participated in speech for four years. Vice President is Paul Welch, Paul is also a senior and he has participated in speech for about four years also. Secretary is Sherry Johnson, Sherry is a senior, and has participated in speech two years. Reporter is Rhonda Morrison who is a senior and has participated in Speech for four years.

The speech club has held one officers meeting and has planned a tournament to be held at good 'ole Spearman High. The tournament will be all small schools. It is to be held November 4th. This is the first tournament to be held in Spearman in 5 yrs.

GOOD LUCK TO SPEECH CLUB MEMBERS AND MRS. BOOTH.

### Girl Scout Leaders Meet

Mrs. Bill Gaither attended a leaders training session for the Girl Scouts in Perryton recently. A film was shown on Girl Scout activities. Some demonstrations were given on special activities for working with the girls. There were about seven leaders attending.

### HD Club News

The Serendipity Home Demonstration Club met September 21 in the club room for a luncheon with Mrs. Kay Loomis as hostess. Roll call was answered to "If I Had A Hobby". The minutes from the previous meeting were read and approved.

Members discussed the baby sitter situation and decided to wait until a later date to do anything.

A nominating committee was appointed by the president. The nominating committee consists of: Linda Brown, Linda Winegarner and Gayle Smith.

A representative for the Yearbook Committee meeting to be held Oct. 10 was selected. A request for a donation from the Leukemia Foundation was requested. They voted to donate to this organization. The Breast and Lung Cancer clinic were discussed. There was talk given on the tour of the Solar Energy House in Gruver.

The program was given by the agent, Peggy Winegarner, on "Fiber Arts." She demonstrated several different pillows.

Members present were Mmes.: Linda Brown, Kathy Gafford, Kay Loomis, Gayle Smith, Mary Baker, and Linda Winegarner and agent Peggy Winegarner.

### Eastern Star Meeting Held

Spearman Chapter #721 held a regular meeting in the Masonic Hall Monday October 2nd, Worthy Matron Mary Arnold, & Don Hendricks Worthy Patron presided over the meeting.

A short recess was called in order to prepare for the Initiation of Mona Slater, Myrna & Cecil Biggers. We are so glad to have them in our Chapter.

The regular correspondence was read.

The sick people reported on were Lou Howerter who is home from the Hospital, & Charles Scott who is in the Shattuck Hospital.

A report was given on the members of the Chapter that helped with "The Meals on Wheels."

The Chapter was draped for Pearl Reed.

Chapter closed & everyone retired to the Dining Room for a salad supper.

### Can the insulation in your home pass the "R" factor test?

Costly heating and cooling energy loss can result from poor insulation. Properly insulating ceilings, floors and walls can make your home more energy efficient and save you money on heating and cooling bills.

The "R" factor is an accurate means of measuring the effectiveness of a particular type of insulation. The "R" stands for resistance to winter heat loss and summer heat gain. One type of insulation may be thinner than another, but if they have the same "R" factor, they will perform the same. The "R" factor requirements will vary according to climate. You should have the insulation in your home checked for the correct "R" rating today. If you are not sure about the recommended "R" factor for this area, or for other information on wise energy management, call Community Public Service Company. Our representatives will be happy to visit with you personally and answer any question you may have on using energy more efficiently.

# Lung & Colon Cancer Seminar Set

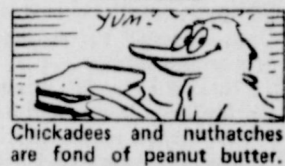

An important message to all men and women will be offered at a special seminar on Lung and Colon Cancer slated for 7:30 p.m. Tuesday, October 17th at the Home Demonstration Clubroom in Spearman.

Dr. Mario Manese, local medical professional, will be on hand to lead a question-answer discussion on Lung and Colon Cancer. Films will be viewed, and pamphlets distributed.

This program is sponsored by the Family Living Committee and is open to all people throughout Hansford County regardless of race, color, sex, religion, socio-economic level or national origin.

The death rate among men and women has been rising steadily in the last few years primarily due to lung cancer. Cancer of the colon-rectum ties lung cancer for the greatest number of new cases estimated for 1978.

Avail yourself of this very valuable meeting on Lung and Colon Cancer to be conducted at 7:30 p.m. Tuesday, October 17th at the Home Demonstration Clubroom in Spearman.

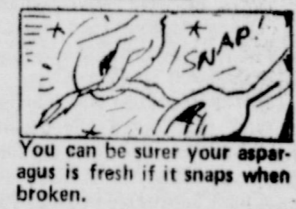

Chickadees and nuthatches are fond of peanut butter.

## Letter To The Editor

Dear Editor:

I enjoyed using the Drive by Drop box at the Post Office. These two Drop Boxes are located in the Alley beside the Post Office. I was there this morning when the Post Master came out and emptied the Out of town box and it was full of mail so I know a lot of other people use it too. After dropping the letters in the box then comes the trip through that rough alley. Is there some way to get that alley graded or the chunk holes fixed & filled or if Dreams could come true, it would be nice to have a Seal coat put on it or even better a Hot mix would be lovely.

If you know how to pull any strings, I sure which you would pull them for a Smooth Alley by the Post Office. Thank you, Sincerely, Rev. Archie Burgess.

You can be sure your asparagus is fresh if it snaps when broken.

## Hey! Hey! Hey!

Roger Woods will be in Gospel Concert At First Assembly of God, on Oct. 15, at 7:00 P.M.

Everyone is welcome.

RAY MAY ENTER "You can call me Ray, or Jay, or Clay, but don't call me Johnson"! That is what Ray Ingle informed the media this week, as he and Clay, not Ray, are planning to enter the Turkey Walk! Actually, they are training on 'light' milk and some juices to plan a dark-horse entry in the big Turkey Walk.

## Tickets Available For Raffle

The Spearman volunteer fire department now have their raffle tickets available for their "Little House Out Back". The tickets are \$3.00 from any of the members. This unique gift will conserve water and electricity. It is constructed of cured oak with a one piece slanted roof, the advantage of this style over the pointed two piece roof is that it gives wasps only four corners in which to build their nests instead of six. The house is 80" high, 39" wide and weighs approximately 700 lbs. Some of the features include: wall to wall carpeting, clear lucite seat embedded with bar-

bed wire, reprint of the 1908 Sears roebuck catalog, lighting rod, fan, fly swatter, personalized name plate, security latch for privacy, sony TV (Battery Operated), CB Radio to keep in touch with good buddies and the home base, spittoon, clock kerosene stove, seat belt in case of hurricane, ash tray, smoke detector, pocket knife, and whittling stick, burgular alarm, calendar, thermometer, fire extinguisher, and a famer's almanac. The drawing for the "Little House Out Back" will be held January 1. You do not need to be present to win. Proceeds will go to the equipment fund.

Spading the soil deeply during the fall is also good as it will expose many insects to be eaten by birds. Other insects will be tilled deep enough into the soil to prevent their emergence in your garden next spring. Just think of the time and money you'll be saving yourself for insect and disease control next growing season.

The death rate among men and women has been rising steadily in the last few years primarily due to lung cancer. Cancer of the colon-rectum ties lung cancer for the greatest number of new cases estimated for 1978.

Dr. Mario Manese is scheduled to be guest speaker on the topics of Lung and Colon Cancer Tuesday, October 17 at 7:30 p.m. in the Spearman Home Demonstration Clubroom. Films will be shown, and pamphlets distributed.

This program is sponsored by the Family Living Committee and is open to all people throughout Hansford County regardless of race, color, sex, religion, or national origin. Please make the effort to attend and bring a friend!

## CWF Meeting

The C.W.F. of the Christian Church met October 4 in the Church parlor. The meeting was opened with prayer by Betty Jean Davis. Beth Phelps, president, presided over the business meeting. The minutes of the previous meeting were read and approved. The treasury report was given.

Betty Jean Davis reported on the Senior Citizens Meeting held October 3. There were sixty members attending.

Margaret Evans reported that Gwen Smith and Betty Jean Davis would be in charge of the baked goods for the bazaar. Ruth Bryan, Janie and Jean West will be in charge of crafts. Faye Wirsdorfer and Betty Jean Davis showed pictures and talked on their trip to the National Quadrennial at Purdue.

Margaret Evans continued the study on Will, Matthew 24:14-27.

Refreshments were served by Penny Ralston to members present. Mmes.: Estelle Jackson, Betty Jean Davis, Lorene Kun-

selman, Jean West, Janie Kunselman, Margaret Evans, Beth Phelps, Bobbie Novak, Faye Wirsdorfer, Stephanie Box, Janie Henton and Candy Boxwell.

The first co-educational college was Oberlin in Ohio which awarded a degree to a woman in 1841.

## It's Courting Males Who 'Dress' to Please,

Among humans, it is the female who is noted for primping and preening to attract a mate.

But in the world of wildlife, the situation is often reversed, according to National Wildlife magazine. There, the current (October-November) issue of the magazine reports, it is usually the male who puts on a spectacular show during courtship.

The show may consist of anything from a display of feathers - which the peacock spreads to impress an admiring hen - to a loud noise or a change of body color. And it sometimes includes the use of weapons, such as spurs or antlers, to fight off other suitors, says the bimonthly publication of the National Wildlife Federation.

Along with the peacock, the male grouse and turkey use their feathers to catch the attention of prospective mates. The grouse raises a ruff of glossy feathers around his neck. The wild turkey, in addition to showing his feathers, sports a "beard" - a tuft of hair-like feathers that sprout from his chest.

The turkey gobbler and the male pheasant wear sharp spurs on their legs to fight rivals during their breeding seasons. Similarly, the bull moose, the bull elk, and buck deer grow antlers to fend off competition. When the mating season is over the antlers drop off.

Lizards and fish are among the creatures who change colors or even the configuration of their bodies to lure mates, says National Wildlife. Some male lizards inflate brightly colored "fans" at their throats. Some species of salmon acquire hooked jaws and humped backs as the spawning season approaches.

Many species resort to mating calls or other sounds, but among the strangest amorous noisemakers is the cricket, who produces his summer evening's "song" by rubbing parts of his wings together. Male woodcocks use special wing feathers to make twittering sounds, while prairie chickens and some grouse hoot loudly by suddenly releasing air from inflatable sacs on the sides of their necks.

A man might think that kind of noise is for the birds, but for those fowl it works better than man's so-called wolf whistle.

With many species, the magazine reports, mating occurs only after the male suitor instinctively performs a series of courtship rituals. Painted turtles stroke the female's cheeks with the elongated claws of their forefeet. The male fiddler crab waves an enlarged claw in the face of his chosen mate - not a subtle gesture among those crustaceans whose "fiddle" claw comprises nearly half of their body weight.

Some males must work faster than others. Since adult moths live only a few days, the male is equipped with a broad, feathery antenna that helps him zero-in on the "perfume" of a female, sometimes miles away.

Modern science has slowed the march of one destructive species, the gypsy moth, according to National Wildlife, by synthesizing the female's scent and releasing it where there are no females. This confuses the males and thwarts their efforts to mate - a mean trick on the moths but a boon to mankind.

"Time is the greatest innovator." Francis Bacon

## CARQUEST AUTO PARTS STORES

**FREE GATES COOLING SYSTEM MANUAL WITH PURCHASE OF ANY GATES PRODUCT.**

### GATES COOLING SYSTEM PARTS

Tailored for your car, Gates belts and hoses are designed to last longer, give you more for your money. Replace now, and change to a Gates winter-stat to keep your car warm all winter.

### DELCO FREEDOM 50 BATTERIES

Nationwide 50 Month Limited Warranty\* Install a Delco Freedom 50 and you can virtually forget it. With power sealed-in, it needs no water, and rarely needs cleaning, checking or servicing.

### MAINTENANCE FREE

Free replacement for 90 days. Price exchange based on use & suggested list. Free of charge. Proof of purchase required. Applies to defective batteries in non-commercial use.

FOR MOST CARS **46.99**

### BOOSTER CABLES

12-ft. service grade non-tangling copper-clad cables, heavy duty clamps.

**5.88**

Mrs. and Mrs. Richard Tracy of Waco are the parents of a baby girl born Oct. 4 at Hillcrest Hospital in Waco. She has been named Amy Kathryn and weighed 8 lbs. 14 oz. and was 20 1/2 inches long at birth.

Maternal grandparents are Mr. and Mrs. Charles Brillhart and paternal grandparents are Mr. and Mrs. Everett Tracy, all of Spearman.

Great-grandparents are Mrs. Hazel Jackson of Spearman, Mr. and Mrs. Frank Tracy of Mulberry, Kansas and Mrs. Charlotte McDowell of Arma, Kansas.

Mr. and Mrs. Mike Schick of Morse announce the birth of their son, Markus Ahren, born at 8:11 a.m. Sept. 28 at Northwest Texas Hospital in Amarillo. He weighed 8 lbs. 12 1/2 oz.

Grandparents are Mr. and Mrs. Frank Muston of Rockdale and Mr. and Mrs. Walter Schick of Morse. Great-grandmothers are Mrs. Nora Catchings of Thorndale and Mrs. Fred Schick of Shattuck, Okla.

Americans on the average spend 22.3 cents of every dollar on food, alcohol and tobacco.

## Peggy's Pointers

The first program is our series on Cancer was most interesting and informative. For those of you who did not attend, I'd like to share a few startling tidbits.

According to the American Cancer Society, 70,000 women have breast cancer and of these, 31,000 will die. One out of every fifteen babies born this year will contract breast cancer.

ACS says that you are in a high risk group if your mother, grandmother, or sister had breast cancer.

Modern techniques such as mammography and thermography may detect breast cancer before lumps appear. However, self-breast examination remains the best means of early detection.

Two minutes once a month is good life insurance. Pamphlets on the very technique of self-breast examination are still available for your taking in the County Extension office.

Fall weather is here and isn't it beautiful? If you find yourself with lots of energy and the urge to be outdoors, head for the garden. Perhaps you thought you were through with gardening, but insects may not be!

Garden insects need food and shelter to survive freezing temperatures. Don't give them a place to spend the winter in your garden.

When a garden plant stops producing, spade it into the soil or take it to the compost pile.

### Mayor Joins Committee For Clements

Mayor C. Ralph Blodgett of Spearman today announced that he has joined the Mayors for Clements Statewide Steering Committee, a non-partisan group of Democrats, Independents and Republicans supporting Bill Clements in his campaign to be the next Governor of Texas.

Mayor Blodgett joined mayors from more than 20 other communities across Texas in forming the committee to actively support Clements' campaign.

Mayor Jerry Hodge of Amarillo, who will co-chair the committee with Mayor Ernest Angelo of Midland, announced the formation of the group and said:

"As Mayors from all parts of Texas we feel this governor's race is of paramount importance to the communities of Texas because so much of what is done in Austin directly affects our economies, our budgets and our taxes."

Mayor Hodge went on to say, "Texas needs leadership that leads with purpose, reason and direction. Our Mayors for Clements committee strongly believes that what happens in Texas in the next four years will set the direction of our state for the rest of the century. Texas can continue and further the prosperity of our state has always known or it can go the way of the many over-taxed and over-regulated states in the Northeast."

"We feel that the choice in the governor's race this year is dramatically clear. A look at each candidate's record illustrates that."

"For all of his adult life Bill Clements has been a free enterpriser--a proven, successful businessman. His outstanding management and leadership abilities were recognized when he was appointed to manage one of the most unwieldy bureaucracies in Washington, the Department of Defense. His work there--praised by Democrats and Republicans alike--proves that he is qualified and capable of managing our state government in Austin."

"His opponent's record shows a totally different philosophy toward government. This is clearly shown by the 300 percent increase in the size of his staff and the 600 percent increase in his budget during his six years as attorney general. He even requested an additional 2.5 million dollars that the Texas Legislature refused to give him. This is not responsible management of the taxpayers' dollars and we don't believe we can expect him to do any better with the rest of state government."

"If overall state spending had increased as fast, Texas would have had to enact both a corporate and a personal income tax to pay the bills. More government spending leads to more taxation and inflation--a vicious cycle which ultimately will destroy our healthy business climate, a climate that now is attracting more and more new industry and jobs to our Texas communities."

The first 25 mayors on the committee include: Jerry Hodge, Amarillo; Ernest Angelo, Midland; George Arrington, Canadian; Bob M. Nall, Tyler; Othal Brand, McAllen; Jerry McClure, Borger; Gene Cummings, Fort Stockton; John Carlson, Wharton; Bob Youker, Harlingen; John Colquitt, Dalhart; Paul Daniels, Liberty; Tom Dunn, Waxahachie; and Jim Hoffpauir, Lampasas.

Also included are R.D. Wilkerson, Pampa; Leslie Clayton, Brenham; Giles McCrary, Post; Homer Bower, Rockdale; J.D. Harper, Goldthwaite; Ben Pate, Plains; Mike Salin, Dumas; Johnny Love, Morton; Howard M. Segro, Glen Rose; Bob Clark, Seminole; C. Ralph Blodgett, Spearman; and, J.P. "Pat" Ragsdale, Eldorado.

### Annual Mexican Dinner Planned

The Women of the Sacred Heart Church will be having a Mexican Dinner October 22 in the Parish Hall from 11:30 to 3:30. Tickets can be purchased in advance from any of the ladies or at the door. Prices will remain as last year, \$3.50 for adults and \$2.00 for children from ages of 12 to 6. Children under 6 are admitted free.

The menu will consist of enchiladas, beans, spanish rice, salad, sopapillas, honey and tostados, hot sauce, dessert, tea or coffee.

This year there will be a fancy work booth with items to be sold which have been by the ladies of the parish. There will also be

tickets available on a beautiful afan made by Mrs. N.F. Renner which will be drawn for in November.

For all of the little people they will have a pinata at 2:30 which should be fun to watch, so come and enjoy the Mexican food, fancy works, and pinata at the Little Mexican Fiesta October 22.

### Interested In Pigeons?

Roy Gene Boyd and Ted Scroggs both of Spearman are in a pigeon racing club in Perryton. Roy Gene Boyd has been involved with racing pigeons for about two years and Ted Scroggs about a year. They both raise pigeons in their back yards, and race with club members and other clubs. The pigeons are sent off to another town and they are timed on their return.

Right now they are in the process of a race from Oklahoma which is about 186 miles from Spearman. Ted Scroggs entered 15 birds and so far ten of them have come home. Roy Gene Boyd entered four birds and all four have returned home.

In the first race for this year Ted won first, second and third in the club race as well as in the combined. He will be receiving a trophy for the first places.

They will be having five more races during the series, one more from Oklahoma, two from Henrietta, and two from Dallas. They race every other Saturday.

Ted and Roy Gene would like to get a pigeon racing club started in Spearman. Anyone that would be interested in racing or raising pigeons should get in touch with either Ted Scroggs or Roy Gene Boyd.

### Fire Prevention Week

Fire Prevention Week, observed October 8-14 this year, always includes the date of October 9, which is the anniversary of the great Chicago fire of 1871.

Chicago's conflagration helped convince the nation that standard and legislation were needed to protect lives and property from further disasters caused by fire. In the Chicago tragedy, 250 persons were killed and 17,430 buildings were destroyed at the cost of \$168 million. Beginning 1911 as Fire Prevention Day, the October 9 anniversary has been observed as Fire Prevention Week in the United States and Canada since 1922.

Make a date with Edith..Exit drills in the home...Work out a family emergency escape plan, then join your neighbors in a community "Rehearsal" of home escape plans at Edith Time, Wednesday evening October 11...Mid way during Fire Prevention Week...Learn not to burn.

### Area Cattle Firm Designated As National Delegate

Palo Acre Farms, an area cattle producing firm operated by Robert Dahl at Gruver, Tex. has been designated an elected delegate to the annual meeting and convention of the American Shorthorn Association (ASA) in Louisville, Ky., November 10-14, during the North American International Livestock Exposition.

As a voting delegate, Dahl will be involved in policy decisions formulated at the meeting including important proposed bylaw and constitutional changes for this national beef breed organization. Fifty-nine delegates were elected by the nearly 3,000 members of the Association to represent 26 Districts across this country and Canada, according to Dr. L. Eugene Byers, Loudonville, Ohio, the national president of ASA.

Also elected to serve on the delegation representing Texas Shorthorn and Polled Shorthorn breeders at the meeting were Dan Tillman, Weatherford, chairman; and Odis A. Lowe, Rockwall.

The National Shorthorn Ladies, women's auxiliary of the American Shorthorn Association will be having their annual meeting the same dates as well. Tours, luncheons and a variety of other activities are scheduled for this national meeting, asid Doris Settrerdahl, national Lasseie president from Alpa. Ill.

The meeting will also host the crowning of the National Shorthorn Lassie Queen. Eighteen young ladies will be traveling to Louisville as the Texas Shorthorn Lassie Queen to vie for the national crown how won by Kathy Payne of Ohio. The contestants will be busy with interviews, luncheons, shopping tours and a host of scheduled entertainment at well as well as participation in the

livestock showring activities, according to Clarice Megard of Sherman, S.D., chairman of the event.

C.D. Swaffar, ASA executive secretary, said that other activities during the Kentucky event will include simjnar on Records of Performance, the Sire Evaluation Program and Public Relations/Media/Advertising. The world Shorthorn Council will also meet, according to Swaffar, to finalize plans for the World Shorthorn Conference to be held in Calgary, Sask., Can., in 1980.

The meetings and other activities are all being held in conjunction with the National Shorthorn Show and Sale. Top Shorthorn and Polled Shorthorn herds from across the country are expeted in record numbers to compete for top honors at the North American International Livestock Exposition, Swaffar concluded.

### Paul Smith In Concert

First Christian Church will be presenting Paul Smith in Concert Octobr 14-15, at 8:00 p.m. in the Sanctuary of the Church.

Paul Smith, a unique talent brings to stage a contemporary combination of praise, worship, and commitment. An accomplished vocalist and pianist, his music ranges from rock to opera.

In 1976 he graduated from Baylor University in Waco, Texas. Paul has performed in roles such as Don Jose in Bizet's "Carmen" as well as Herod in "Jesus Christ Superstar," "Godspell," and Bernstein's "MASS." As a member of the vocal group "Spirit of Love", has recorded for Word

Records Inc. Today he is on his own and is bringing wide acclaim as an up and coming Christian performer.

Born and reared in the small town of Breckerridge, Texas Paul Smith's earliest memories of performing are of standing on the piano bench at the age of four and leading the singing for the Bethany Baptist Church Sunday School.

Along with singing in the church, Paul joined the Breckenridge Civic Boys Choir in the first grade and during the next twelve years he won many awards.

Although Paul was frequently performing in Breckenridge and had learned to play the piano and guitar, his first love as sports. Ironically enough, it was sports that took Paul to Baylor University in Waco, Texas instead of his music.

At Baylor, sports took a backseat to music. Paul discovered a new enthusiasm for singing when he received his first formal voice training. His tremendous talent was quickly recognized and during his sophomore year he was chosen for the lead in the university's production of Carmen.

Paul's many college achievements, including winning the 1974 Regional Metropolitan Opera Audions, led him to summer jobs with the nationally recognized Six Flags Over Texas shows, to roles in light and rock opera in Wichita, Kansas and as lead in a Dallas, Texas production of Jesus Christ Superstar. In 1975, Paul won the Christian Artists Solo Competition in Estes Park, Colorado. All of this led to offers to audition for Broadway shows... offers that Paul turned down to return to Baylor to finish his education and also-A Worth Symphony's production of Bernsteins Mass.

It was during this period that Paul became disillusioned with the direction his music and his life as a performer were taking. Having been influenced by a circle of close Christian friends while at Baylor, and his own religious convictions, Paul

found himself wanting to give through his music his love of God and a spirit of fellowship in Christ.

This is what Paul Smith's music today is all about. Paul's music can be described as ranging all the way from classical rock to pop-rock but always with the message of Christ as its purpose. Paul's first album entitled, "Child of the Father," will soon be released by Eagle Wing Records.

Paul and his wife, Denis, live in Waco, Texas.

### T-BONE ASSOCIATION TO MEET THURSDAY

The Southwestern T-Bone Association will meet on Thursday, October 12, 1978, at the Big Texas Steak Ranch. The ATTITUDE ADJUSTMENT HOUR will begin at 6:30 p.m. with dinner at 7:30 p.m. Tickets are \$10.00 each.

Dr. Ted Montgomery, Animal Science Department at West Texas State University, will present the awards of the High Plains Fed Beef Carcass Show to be held at Iowa Beef Processors on October 10-11-12, 1978.

Dr. Tom Carr, Assistant Professor of Animal Science at the University of Illinois, will discuss the results and placing in the carcass show.

This will be the first meeting for Lin Cope, the new Agri-Business Manager for the Amarillo Chamber of Commerce. Lin is a native of Claude and a graduate of West Texas State University.

Reservations for the meeting can be made through the Amarillo Chamber of Commerce.

Don't miss the fun at the Circus, Oct. 23.

The Circus is coming. Oct. 23.

### Greg Stork Winner in IH Drawing

CHICAGO--Area farmer Greg Stork of RR # 3, Sunray was one of eight select U.S. farmers named a winner in International Harvester's national "Red Power Showdown Days" sweepstakes drawing. Stork won a Cadet 81 lawn tractor, featuring an 8 horsepower engine, electric start and 36-inch rotary mower.

Show, Taylorville, Ill., September 27. Grand prize winner, a farmer from Rembert, South Carolina, won a 1586 tractor, the most powerful of the company's Series 86 two-wheel drive models, featuring 161.5 pto horsepower. Other finalists won two 484 utility tractors and four Cadet 81 tractors.

Local IH dealer Ray Oglesby of Oglesby Equipment, Dumas, was present at the drawing. Representing International

Harvester at the drawing was Stanley F. Lancaster, vice president-general manager of the Agricultural Equipment Group, North American Operations. Nationally-known radio and television farm broadcaster Orion Samuelson emceed the event.

Stork was one of thousands of farmers from across the nation who signed up for the grand prize by attending a local IH dealer "Red Power Showdown Days" demonstration during the months of July and August.

Regional drawings were then held to narrow the field to the eight finalists. Finalists also received an all-expense paid trip to the Farm Progress Show.

A major reason for the dealer demonstrations, said the local dealer, was to introduce area farmers to the many new features of the Series 86 line. Such features include a new torque amplifier, safety start switch, better positioning of controls and other Control Center additions.

high adventure at Philmont Scout Ranch, a trip to Washington, D.C. and many other outdoor, service and social activities which the council provides and supports.

The Adobe Walls Council is depending upon fund drives in Spearman and neighboring towns to raise necessary operating expenses that ensure a

quality program and opportunities for youth in Scouting.

Spearman currently supports a Cub Scout Pack, two Scout troops and a High Adventure Explorer post.

Anyone interested in assisting with or contributing to this year's campaign may contact Harry Stump at 659-3109. Contributions are tax-deductible.

### Sales Tax On Utility Bills To Stop On October 1

The state's four per cent sales tax on utility bills for residential customers will be dropped after Oct. 1, but an overlap for billing periods beginning during the month of September will cause the tax to appear on all bills received during October and on some received in November.

Fred Foy, supervisor of statistics and state taxes for west Texas Utilities Co., said the instructions issued by the State Comptroller are specific on how the recently approved tax exemptions are to be applied.

"A lot of people apparently think that October bills will not include the tax," Foy said, "but this is not the case."

"The law states that the exemptions shall apply to each regular monthly billing period beginning on or after Oct. 1, beginning on or after Oct. 1, beginning on or after Oct. 1, beginning on or after Oct. 1, the four per cent sales tax will be applied to the total bill."

Citing an example, Foy said that if a meter is read on Sept. 29, that particular customer will be taxed on the bill he received in October and also on the bill he receives in November, since his November bill is for service for Sept. 30-Oct. 29.

The tax exemption was enacted during the special session of the Legislature this summer and applies to residential use of electricity and natural gas. Residential use is defined as "a family dwelling, a multi-family

apartment, a housing complex, or building or portions of a building occupied as home or residence."

The Legislature provided a local option on the one per cent city sales tax on utilities, but most of the towns in the West Texas Utilities service area have indicated they will continue the tax. Foy said that so far, Junction is the only WTU town which has announced it would abolish the tax.

"Our company will continue to collect the tax for the cities that wish to keep it," Foy said.

Techsans.

In a 418-page volume, "The Red Raiders: Texas Tech Football," Ralph L. Sellmeyer, professor at Texas Tech, and James E. Davidson, director of Lake Highlands High School publications, Richardson, Texas report in detail the development of the football program. Davidson is a former student assistant in the Texas Tech Sports Information Office.

Stories are included on all of Texas Tech's coaches: E.Y. Freeland, the first Tech grid mentor; Grady Higginbotham, who stayed only one year; Pete Cawthon, the colorful, famed friend of Knute Rockne; Dell Morgan, who eased Tech through the World War II years; DeWitt Weaver, who helped

Tech into the Southwest Conference, JT King, whose goal for the Raiders was SWC contention; the sometimes bombastic Jim Carlen; the youthful Steve Sloan; and his promising successor, Rex Dockery. There is an account of every game of the more than 500 Tech has played since 1925, plus statistics of Tech teams and players.

The book, published by Strode Publishers, Inc., Huntsville, Ala., is just off the press and going into commercial distribution.

Sellmeyer teaches journalism in the Department of Mass Communications and has followed the Red Raiders for 18 years. Davidson has been a fan of the team since the 1950s.

### HIGHTOWER WASHINGTON HIGHLIGHTS

from Congressman Jack Hightower

(Washington, D.C.)--Congressman Jack Hightower met today with Vice President Walter Mondale along with three other Congressmen and a Senator from the corn belt states.

The early morning meeting with the Vice President was to present the need for a significant cropland set aside for the 1979 feed grains program to be announced soon by the White House.

"The nation is looking at a record corn crop for the third year in a row with this year's harvest estimated to produce 6.8 billion bushels - more than 427 million bushels over last year's crop. The estimated carry-over for the coming year is 1.5 billion bushels," Hightower explained.

Hightower also pushed for increases in the loan and target levels. "If the program does not

have some financial incentives we will have another year of 40 percent of the farmers in the program," Hightower continued.

"If the Administration will commit to an attractive program with a realistic set aside, the actual budget expenditures will be kept to a minimal. If they do not, we are going to see as many corn farmers go broke this year as we saw wheat and cattle people go under over the past three years."

In the meeting with Mondale and Hightower were Congressmen Berkeley Bedell and Tom Harkin of Iowa, Congressman Floyd Fithian of Indiana and Senator Dick Clark of Iowa.

The Vice President promised to convey their recommendations when the program is considered on the White House level in the next few weeks.

### Scout Finance Drive To Kickoff

The Adobe Walls Council, Boy Scouts of America, will kick off its annual sustaining membership campaign on Tuesday, Oct. 17 with a dinner at Martin's Steak Garden in Spearman.

The dinner will begin at 7:30 p.m.

The fund drive's purpose is to raise money to support the budget and activities of the Adobe Walls Council, which is

responsible for the continuation of Scouting in Spearman and surrounding area of the eastern Texas Panhandle and Oklahoma Panhandle.

Chairmen for this year's drive

are Harry Stump and Roy Bulls of Spearman.

During the past year, Spearman youth involved in Scouting programs have experienced

the tax exemption was enacted during the special session of the Legislature this summer and applies to residential use of electricity and natural gas. Residential use is defined as "a family dwelling, a multi-family

### Church Youth Plan Walk-A-Thon

The youth of First Assembly of God church is having their annual Walk-A-Thon on Oct. 28th. They will try to walk from Spearman to Gruver this year.

The purpose of the Walk-A-Thon is to raise money for their Speed-The-Light missions program. All monies go to purchase equipment used on the missions field.

The youth would like to thank everyone that sponsored a walker last year and urge you to sponsor again this year. Call 2295 if you can sponsor a walker.

### Texas Tech Football Documented

LUBBOCK--The 53-year history and tradition of Texas Tech football have been fully documented by text and photograph for the first time.

Beginning with the first game against McMurry College in 1925 to the Tangerine Bowl against Florida State in 1977, the history of the Red Raiders and their predecessors, the Matadors, is chronicled by two Texas

### Mother-in-Law's Day: October 22

The fourth Sunday in October, the 22nd this year, is the newest holiday on the calendar - Mother-in-Law's Day.

Contrary to all the bad jokes, millions of people love and admire their mothers-in-law. FTD florists point out that these much-abused ladies deserve a day of their own for more reasons than one. They are, among other things, unpaid babysitters, sounding boards for family complaints, and the source of interest-free loans.

TV star "Lonesome George" Gobel, for the second year in a row, is the national Mother-in-Law's Day chairman. He's always felt kindly towards mothers-in-law, perhaps because his own mother-in-law, Mrs. Lucy Humecke, has lived with him and his famous wife, Alice, for some 28 years.

One of the best ways to remember your mother-in-law is with flowers and a note that says "thanks" for all she's done for you and your spouse. You also might want to nominate her in the Mother-in-Law of the Year contest being sponsored by

"HELLO DOLLY" was so super-cali-fragilistic-ve just cannot describe it in our limited vocabule!

### SCRUBBING-WHO NEEDS IT?

Kitchens are, it's true, the heart of the home. They're also the center of a great many time-consuming, repetitive tasks we could do without!

Consider the skillet. Why should messy, gritty pans require our attention three times a day? Ridiculous--especially now, when such excellent non-stick pans as those made by T-Fal are available. These handsome, durable French imports feature a unique mechanical bond of 100 per cent pure PTFE. With the tough, super-slick surface "locked in," food simply can't stick--and you never have to scrub. Take away all that drudgery, and you'll discover the heart of the home can be a far more heart-warming place to be!

Check into those leftovers. In cleaning the refrigerator, do you have to throw away a lot of forgotten leftovers? If so, start planning to use the foods as soon as they happen. Or, scale down buying and cooking.

recipes. Their serving portions just might be larger than necessary. Gather all leftover pieces and chunks of cheese in a jar, then plan a fondue supper for Saturday or Sunday night. Serve with chunks of bread, apples, pears or grapes (more

leftovers!). It doesn't need to be a party, just a family supper. Whatever pieces of cheese you haven't used in fondue can be grated, placed in a jar and used for topping soups, casseroles or seasoning vegetables.

Instead of serving a meal with leftovers the following day, package whole meals for the freezer. Serve them when you're too busy to cook or will be away from home. Take advantage of sales if you have freezer and storage space. Specials on cheese,

butter and ice cream are well worth it, even when you have to freezer-wrap them. Save time and energy on long-cooking foods by making double, one for the table, one for the freezer. These include chili, stews and soup or soup stock.

ments over a range of tax-free bonds and change these investments as often as the managers who run them think desirable in order to provide the highest rate of return or to reduce risks.

By Mrs. Dan Gerber  
At seven or eight months, many babies are ready for Junior Baby Foods. These varieties have slightly more texture than the beginning strained ones. They encourage baby to chew and are a transition to regular table foods. And, they are larger jars to keep up with a growing child's increased appetite and need for food. Most of your baby's favorite strained foods are available in the junior line. I would suggest you try these first. Later, try Toddler Meals - casserole combinations that cater to the maturing tastes of older babies and toddlers.

"He that lends, gives."  
George Herbert

### family finances

#### TAX SHELTERED INCOME

Are you interested in tax-free income? There's a new type of investment available that may be for you...

Mutual funds can now invest in municipal bonds and pass the interest obtained from these bonds through to shareholders free of federal tax.

If your income is \$20,000 a year, a tax-exempt rate of 5 1/2 percent is equivalent to a taxable rate of around 7 1/2 percent. At the \$30,000 income level, a tax-exempt rate of 5 1/2 percent is equivalent to a taxable rate of 8 percent. The higher your income, the higher the potential tax-free return.

You can make a good investment that will help you save on taxes at the same time. The municipal bond funds pool the money of many investors, spread their invest-

"Fish and guests in three days are stale."  
John Lyly

Vinnie Ream Hoxie was the first woman to sculpt a statue for the Capitol building in Washington. Paid \$10,000 after Lincoln's assassination, she said the only complaint she ever got was that Lincoln looked better in her statue than in real life.

"Friendship is not to be bought at a fair."  
Thomas Fuller

#### There's good news for lovers of fish

AUSTIN, Texas (Spl.) - The University of Texas has good news for fish lovers. Researchers at UT's Marine Science Institute laboratory at Port Aransas have been able to spawn red snapper in captivity for the first time.

If the spawning continues to be successful, it would make it possible to raise thousands of red snapper fingerlings for release along the Texas Gulf Coast, where the species has been severely overfished in recent years.

By Jack House, The Director  
Teacher's Scotch Information Centre

**The Royal Mile**

The most famous thoroughfare in Scotland is called the Royal Mile. It's in Edinburgh, the capital, and it runs down a hill from Edinburgh Castle on its rock to the Palace of Holyroodhouse, one of the two homes of Queen Elizabeth II in Scotland.

It has been rumored that the "TurkeyWalk" in November, will make the "Gumball" race look like a turtle walk!

British royalty has been traversing it for centuries. It consists of five palaces: Out of Holyroodhouse you come to the Canongate, then the High Street, the Lawnmarket, Castlehill and finally the Castle Esplanade, where the famous Edinburgh Military Tattoo is held during the International Arts Festival.

Teacher's Scotch Information Centre points out that the Royal Mile passes many historical spots, including John Knox's House, St. Giles' Cathedral, Parliament House (where the last Scottish Parliament was held in 1707), and even the home of Deacon Brodie, who was Robert Louis Stevenson's model for Dr. Jekyll and Mr. Hyde.

## Judy Nelson bring program on Anita Bryant at Lions Club!

### CAN HOMOSEXUALS TEACH IN SCHOOLS?

Judy Nelson, local business-woman was the program at the Lions Club Tuesday, and she reviewed the Anita Bryant Story. As all of you know, Anita Bryant stood up, against a ruling in Dade County, to give homosexuals the same freedoms that the rest of us enjoy. The topic reviewed at the Tuesday noon Lions Club, was "can homosexuals teach in our school systems? To make a long story, short a referendum was held in Dade County, Florida, the home of Anita Bryant, and by popular vote, the homosexuals were defeated and not allowed to teach. But, the vote count, does stagger the imagination. Out of some 275,000 votes, almost 90,000 voted for the homosexuals to teach. There are some 20,000,000 known homosexuals in the U. S. There could be more. It is estimated that 1 in 10, are homosexuals. If that is the case, if you live in a community of 4,000 (like ours) there are some 400 homosexuals and of course this is even more un-believable.

Possibly the most emphatic stand against the homosexual, is that the bible clearly says

what a homosexual is, and what lies in the future for the homo.

Doctors do not know the answer for this problem, psychiatrists do not know the answer, and in fact, except for people like Anita Bryant who have stood up for what she and the bible teaches, today homosexuals would be teaching in Florida (Dade County).

Judy received a standing ovation for her book review, and the Lions Club thanked her for standing up for what she thought was right for our school systems.

A day on the planet Uranus lasts only 11 Earth-hours.

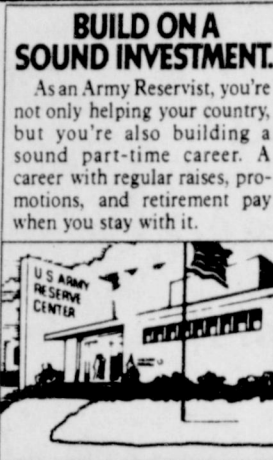

The giraffe has a maximum life span of 30 years—approximately the same as the Neanderthal man during the early Stone Age.

December 1st, at the National Finals Rodeo, you could win this new Ford Lariat Pickup—in your Ford Dealer's big Rodeo Sweepstakes. Win the Lariat or—a 4-day trip for two, via Frontier Airlines, to romantic Mexico. Nothing to buy, no obligation. Just stop in and drop your name in the hat. Entries close November 25; so come in for a close look at the new Fords for '79, and sign up in the Rodeo Sweepstakes at your participating Ford Dealer. Do it now!

Pinto  
A new look inside and out for '79.

The all-new Ford LTD for '79—a new American Road Car.

A whole new breed of Mustang for '79.

'79 Thunderbird—a whole new way to fly.

Fairmont—the most successful new car ever introduced in America. \*Based on first year sales of new car nameplates.

- OFFICIAL SWEEPSTAKES RULES**
- To enter the Sweepstakes: on an official entry blank, or on a 3 x 5" piece of paper, print your name, address, and phone number. Deposit your entry at any participating Ford dealership by the close of business November 25, 1978.
  - The prizes: Two prizes will be awarded. First prize will be a 1979 Ford Lariat pickup truck. Second prize will be a four-day, three-night trip including accommodations, for two persons to Mazatlan, Mexico, via Frontier Airlines. All other trip expenses are the responsibility of the winner. Payment of any Federal, state and local taxes imposed on the winner are the responsibility of the winner. Prizes are non-transferable and non-refundable. No substitutions will be allowed.
  - Determination of winners: Winners will be determined by random drawing from among entries submitted. Your chances of winning depend on the total number of entries. The winners will be notified as soon as possible following the drawing, and not later than 30 days following the close of the Sweepstakes on November 25, 1978. All entries become the property of the sponsoring organization and none will be returned. By entering the Sweepstakes, entrant agrees to the use of his name and likeness for advertising and promotion purposes without compensation.
  - Eligibility: Sweepstakes open to licensed drivers only. Sweepstakes not open to employees and immediate families of Ford Motor Company, Ford dealerships, their advertising agencies, or the judging organization. Sweepstakes void where prohibited or restricted by law or regulation.

# NEW FALL TELEVISION LINEUP—TV FIRE AND SHOCK HAZARDS

The U.S. Consumer Product Safety Commission estimates that there may be 10,000 television fires each year and some of these result in serious injuries and deaths. Cases of electrical shock are not uncommon.

1. Electrical problems within the TV set.
2. Covering the ventilation openings by putting the TV set too close to the wall, radiator, or piece of furniture—Excessive heat can build up within the TV cabinet and start a fire.
3. Electrical shock—Shocks can occur when people contact TV parts which carry hazardous voltages. Another frequent problem is spilling liquids (such as water) into the TV cabinet. This can cause a short circuit and start a fire.

Safety Commission offers the following suggestions for the purchase, use, and maintenance of TV sets:

**Purchase**  
The "instant-on" feature has been suspected of causing some TV fires. If you do not desire this feature, don't buy a TV set with "instant-on," or buy one which has an "instant-on defeat switch," which can be switched to the off position.

Many TV-related fire incidents have involved portable color TVs with plastic cabinets.

**Use**  
Follow all operating instructions that may be furnished with your TV. Always turn the TV off if necessary to leave the room for more than a short period of time. Never leave a TV on when leaving the use. Unplug the TV from the wall outlet and disconnect the aerial antenna lead-in wires from the TV set when you leave vacation. This will prevent possible TV fire hazard which may develop due to lightning storms and electrical

powerline surges. However, it is not recommended to routinely unplug the TV from the wall outlet after each viewing session because this can cause the stranded wires within the cord to break and develop a fire hazard, or you could be seriously shocked if the plug is carelessly removed or inserted into the wall outlet.

Warn children never to drop or push objects into the TV cabinet because they could contact a part carrying hazardous voltage and receive an electrical shock.

Don't cover the ventilation openings in the TV with cloth or papers, or by placing the set close to a wall or piece of furniture; this can cause the heat inside the TV cabinet to build up and cause a fire. Don't put containers of water or other liquids on the TV cabinet because these can spill and cause short circuits which can create fire and shock hazards.

Never clean the face of the picture tube while the TV is on because excess liquid may drain inside causing a fire or shock hazard.

stant-on" your set does not have a defeat switch, you should use a wall outlet which can regulate current to the TV. Be sure to turn the wall switch on before turning the TV on, and turn the TV off before turning the wall switch off.  
Never expose the set to rain or water. If the TV becomes damp or wet, pull the plug and have it inspected by a service technician before further use. Rain or excessive moisture—even as a result of extended exposure on a back porch—may cause electrical shorts which can result in fire or shock hazards.

**Maintenance**

If abnormally loud or continuous snapping or popping noises are made by the TV set, unplug the TV and consult your dealer or service technician.

Have your service technician verify that replacement parts have the same safety characteristics as the original parts.

If your TV power cord has been subjected to numerous flexings because of plugging into and unplugging from the

wall outlet, have the cord checked by a service technician for possible replacement. If a fire does start—

- Pull the plug immediately to disconnect the electrical circuit.
- Go to a neighbor's house and call the fire department.
- John Reneau, Lynx football star has removed the cast from his leg, and may be able to play some this year.

## Health Views

Every year, literally thousands of health problems which are prevalent in students of grade and high school level are first recognized by their teachers. Likewise, coaches and physical education instructors watch for and often detect health irregularities which might interfere with a child's physical performance and learning ability.

## POINTERS ON PETS

### IT'S PUPPY-GIVING TIME

If you're thinking about giving someone in your family a puppy, remember that a tail-wagging bundle of love is really a present for the whole family.

That's why an especially good time to give a new puppy is when children have time to help train it and give it extra attention and love. Some families make puppy training a goal to complete by the end of the summer. With the season's warm weather, this goal is usually easy to meet—and especially enjoyable!

According to the Pet Food Institute the training, love and care a puppy receives the first few weeks in a new home strongly influences his personality. A puppy needs special attention and love during this period so he'll grow into a happy, well-mannered family pet.

Teach your children how to lift a new puppy so it feels secure. (One hand under the pup's hind quarters and the other supporting the chest.) Caution family members to play gently with the new puppy and not shout if it does something wrong. Stress that a sharp "no" or "ba-a-dog" is the best way to scold a puppy. Encourage praising the pup when he obeys and is good.

Puppy ownership and training is easier for everyone with a "how-to" booklet on puppy care. Chew toys, food and water bowls and a dog bed are training accessories to consider purchasing because they'll help get the new family member off to the right start.

Puppies should be fed only commercially prepared dog foods on a regular

### LUSBY MAY ENTER RACE

It has been rumored that "LIGHTFOOT LUSBY" may enter the Turkey Walk coming up in Spearman. Lightfoot Lusby holds the record for walking away from work details!

With good feeding, training and regular check-ups at the veterinarian a new puppy will bring years of enjoyment and fun to your family. Encourage your children to be responsible pet owners. Take them along when you make that first trip to the vet. Explain why all puppies must be vaccinated and licensed. Stress the importance of always exercising the puppy on a leash or in a fenced-in backyard. (You might mention the dog's safety and the beautiful flower garden across the street as reasons!)

A new pup can be a very special Easter, graduation, birthday or anniversary present—it is the one gift that stays to help celebrate all the family's special days for years to come.

"There are three faithful friends — an old wife, an old dog, and ready money."

# Annual Art Show Scheduled

The Dahlia Flower Club has scheduled its 8th annual show of arts, crafts, and antiques for November 4 and 5. The show and silver tea will be held in Hansford Library Saturday, Nov. 4th from 1 p.m. to 5 p.m. and Sunday, Nov. 5th from 1 p.m. to 5 p.m.

This will be an excellent opportunity for artists, craftsmen, antique and other collectors to show their hand work and collections. People of the surrounding area are urged to bring their displays.

Rules for the show are listed as follows:  
All rules of the Library concerning the use of the building will be observed. One of these rules is that the Library is to receive 10% of the proceeds of any article sold. All sales will be strictly between the buyer and the seller with the library clerk to collect the 10% of the sale. Every division committee may put restrictions on the number of exhibits by a dealer, depending on the room available.

Each exhibitor is to furnish his or her bridge table or other accessories, and set up his or her exhibit. No charge will be made for showing.

All articles are to be registered by the division entry committee. Make duplicate copies of all articles, one to give the entry committee, and one to keep.

All exhibits must be in place by 11 a.m. Saturday, Nov. 4 and must be removed by 6 p.m., Sunday, Nov. 5. Displays may be set up Friday afternoon from 2 to 6, or Saturday morning from 9 to 11.

The Dahlia Flower Club will not be responsible for any article lost or broken, but extreme care will be used in their handling.

Hollie Riley is president of the club.

ART SHOW  
Nov. 4 & 5  
Hansford Library

## Library Board Meeting

The Library Board met in regular session October 9 at 3:30 at the Library. The minutes from the previous meeting were read and approved. The treasurer report was given.

The librarian reported a total of 1,746 books checked out in the month of Sept.; 1,371 adult books and 375 childrens books. There were nine new cards issued and 37 books processed in September.

Seventy-two boys and girls attended the Tuesday morning story hour in September. The library would like everyone to know that the 16 mm. project is available to be checked out.

Members attending the meeting were: Mr. James Cunningham, Mr. J.L. Brock, Mrs. P.A. Lyon, Mrs. Mary Alice Gibner, Mrs. R.E. Lee, Mrs. J.R. Stump, Mrs. Larry Murphy, Mrs. C.R. Kilgore, and the librarian Mrs. Terry Curtis.

## Stinson Funds

The Spearman Fellowship of Christian Athletes are taking up donations for Bruce Stinson, who was critically burned this past week. Donations are being taken because the expenses in the Dallas Burn Center are so great. The Claude Sheets family are donating a side of beef, which the FCA will process and deliver; for donations of \$3.50 or more, your name will be put into a hat; a name will be drawn and announced on October 20 at the football game against River Road. Members of the Fellowship of Christian Athletes will be going around taking up donations. We would appreciate your kindness!!

Don't Miss The Circus  
Oct. 23

## Fire-Ettes To Sponsor Portraits

The Spearman Fire-Ettes are sponsoring Majestic Studios to come to the fire station on November 4 to take family portraits. The portraits are 11x14 full color pictures on a beautiful decopage. The cost for the picture is \$6.95. The photographer will take four poses. Other photographs will be available at a low price. They will make wonderful Christmas gifts.

The Fire-Ettes are now selling certificates for the family portrait, so hurry now and make your appointment for your setting. Members of the Fire-Ettes are Vicky Bullard 659-3319 or 659-3363, Kim Williamson 659-3843, Jo Dell Tigrett 659-2868, Glenda Baker 659-3402, Kathy Slater 659-2844, and Sherry Brand 659-2784.

## Georgia Holt Attends Water, Board Meet

LUBBOCK-The directors of Water, Inc., here today selected Lubbock as the site of the organization's 12th Annual Membership Meeting in 1979. Attending the board meeting was Mrs. Georgia Holt, a Water, Inc., director from Spearman.

Water, Inc., directors also appointed committees to plan the meeting activities and to nominate individuals for director-at-large positions.

Named to the annual meeting committee were Russell Bean, Frank Gray, Clem Boverie, A.C. Verner, Jim Ed Walker, Terry Stark and Wayne Board, all of Lubbock.

Assigned to the nominating committee were Hoyt Pattison of Clovis, Bruce Rigler of Plainview, Bob Clark of Seminole, Felix Ryals of White Deer, E.H. Aderton of Amarillo, Russell Bean of Lubbock and Joe D. Unfred of New Home.

Remember the Art Show  
Nov. 4 & 5.

## Our Heritage of Faith

notes from Faith Lutheran Church

In Luke 5 we are told a story of four men who had a friend that was paralyzed. They were aware of the healing power that Jesus had. Because of their love and concern for this friend they tried to bring him to Jesus. The problem was that Jesus was in a house and it was too crowded to get near him. But these four friends were very concerned about this paralyzed man. They climbed to the roof of the house and let the man down through a hole which they made. Not only were they concerned for their friend, they were also persistent.

This is a lesson that adults need to learn from children. Children are very persistent in asking for things which they want, that is not so much the case with adults. We adults

have learned to be reserved and controlled. We do not want to look too concerned or persistent about anything. That might make us look childish.

Rather than scolding the ways of children, Jesus lifts them up as examples. The persistence or trust of a child is something we should strive for. We need to persist in prayer for the things we need. We need to be persistent in our witness to the Truth of Jesus. We need to trust God in his actions as faithful children.

Faith will worship together at 9:30 a.m. Sunday. The Christian Education hour is at 10:30. Anyone is invited to come. The Women's Bible study will be at 7:30 p.m., Oct. 11th. Church council 8:00 p.m. on the 12th.

## Fire Dept. Open House

The Spearman Fire Department held its Open House Sunday at the Fire Station and they had a pretty good turnout. The children were taken for rides on the big red firetruck.

The Fire-Ettes were kept busy filling the balloons with helium and serving cakes, cookies, doughnuts, brownies, coffee and cokes to all those present. They also gave away free suckers and coloring books to the kids and brochures to the adults.

Johnny Antalek, 5 year old son of Mr. and Mrs. Ronnie Antalek gave a demonstration on how to "Stop, Drop, and Roll". A demonstration on air packs was given by Ronnie Bullard and Ronnie Antalek. Films were shown at intervals throughout the open house.

Drawings were held for two door prizes. The smoke detectors were won by Sue Antalek, of Gruver and Cleavene Elliot of Spearman. Sunday was the first day of Fire Prevention Week Oct. 8-14th.

## Circus To Be Here Oct. 23

It's the Jungle Wonders circus and it features the world's largest traveling zoo. This circus is being sponsored by the Spearman Fire-Ettes. It will be here October 23rd, at the vacant lot across from the courthouse. Advance tickets are available now from any members of the Fire-Ettes, from several of the business, or at the Spearman Cable office. Tickets are \$1.00 for children thru age 12, and adult tickets are \$2.00 if bought in advance. The gate prices will be double. A parade has been planned down main street, and also they hope to get a clown to visit the schools. Be sure and get your tickets early, ticket sales will end at 10:00 a.m. October 23rd.

## Center Plans Finance Drive

Golden Spread Center funds are getting at a low ebb because of all the expenses connected with the remodeling projects that are going on at the Center. Frances Loftin, finance chair person, announced today that there will be a Sustaining Membership Drive beginning on Monday, October 16. Other members of the finance committee are Bob Boxwell and Lenis Simpson.

Every business in Spearman will be contacted by members of the finance committee. Sustaining memberships for a business are \$50. Sustaining memberships for an individual are \$25.

## Presbyterian Church News

There is a Sunday Church School class for everyone every Sunday at 9:45 a.m. with a friendly teacher with an interesting Bible lesson designed to meet your spiritual needs.

"A Clever Trap-and a Penetrating Answer" will be the subject of Pastor Edward D. Freeman's sermon at the service for the public worship of God on Sunday, October 15 at 11:00 a.m.

Palo Duro Union Presbyterian will begin with a 5:30 p.m. dinner meeting on Sunday, October 15. Louis Greer, a missionary, will speak at the dinner. Presbyterian will continue until 3:30 p.m. on Monday, October 16.

Presbyterian Women's Association will meet on Wednesday, October 18 at 9:30 a.m. Patty Spoonemore will be the hostess. Martha Batton will lead the Bible lesson, "All Things New". Devotions will be led by Mary Cornelius.

Ordering and caring are two sides of the same coin. Once order has been affirmed, Christian caring can embrace a larger community. The First Presbyterian Church is an orderly, caring community. Why not try it out?

If by any chance, one of the members of the finance committee should miss someone, the money may be sent to the Golden Spread Center, Box 817, Spearman, Texas 79081. Any person is eligible to become a sustaining member. This is one way that a person can assure a good program for all senior citizens in the Spearman area.

Golden Spread Center is a building located at Haney and Keneth. It is also a comprehensive, caring program for all people, age 55 or older, without discrimination as to sex, race, religion, national origin, ethnic background, or political affiliation.

## Rotary Club

Dr. Mario Manese gave a classification talk on himself and his profession at the Spearman Rotary Club Monday noon at Martin's Steak Garden. He grew up in the Philippine Islands, where he did his undergraduate and medical work at the University of Santa Tomas. He came to the United States in 1971 and worked one year in pathology and five years of residency in general surgery at Staten Island hospital in New York.

Steve Baker, new associate pastor in youth work at First Baptist Church in Spearman, was a guest of Gary Sims.

Members present were Carrie Marie Berry, J.L. Brock, Roy Bulls, Archie Burress, John R. Collard, Jr., Robert Elliott, Pete Fisher, Ed Freeman, Ed Garner, Kerry Henton, John Hutchison, Junior Lusby, Jack McWhirter, Mario Manese, Jim McLain, Larry Murphy, Frank Oglesby, Lenis Simpson, Gary Sims, Vance Snider, Jerry Taylor, Don Wirsdorfer, Steve Wiensnienski, and Chung Yang.

Members absent were Eschol Blankenship, Kim Brock, E.J. Copeland, Edwin Limbocker, Coy Palmer, Jim Shirley, and Tim Woodington. Jim McLain won the traveling dollar.

## Dahlia Flower Club Met

The Dahlia Flower Club met Oct. 9 in the home of Myrna Biggers.

The president, Hollie Riely, presided. Minutes were read and approved and the treasurer's report was given.

Members discussed the 9th annual Arts & Craft Show which will be held Nov. 4 & 5 at the Hansford Library. Set up time will be at 2 p.m. Friday, Nov. 3 and from 9 to 11 Saturday, Nov. 4. Canned goods will be a part of the show this year. Each member is to ring one item for door prize at the show.

Members decided to each give \$3 to Girlstown this year instead of exchanging gifts at the Christmas party.

Martha Batton installed the following officers: president, Nelle Evans, vice president, Ora Sanders, treasurer, Annie Allen, secretary, Louise Archer; parliamentarian, Deta Blodgett.

Mabel Edwards won first with arrangement of roses.

Cleo Denman won first with her pansy specimen.

Attending were Mmes.: Annie Allen, Louise Archer, Martha Batton, Sammie Bishop, Cleo Denman, Mabel Edwards, Nelle Evans, Mae Floyd, Sada Hoskins, Hazel Loftin, Alma Remy, Hollie Riely, Margaret Shedeck, Cora Smith, Jewel Turner, Ruth Mary Whitson, Ora Sanders and Linda Jarvis.

The next meeting will be Oct. 23 at 3 p.m. in the home of Alma Remy.

## Hesters Have Children Home

Guests in the home of Mr. and Mrs. Jimmy Hester last weekend were their children, Mr. and Mrs. Tony Hester and Heather of Lubbock, Mr. and Mrs. Larry Plank, Bryan and Amy of Stillwater, Okla., and Mr. and Mrs. David Hester of Amarillo. The children came to help Jimmy celebrate his birthday. Danny Womble was a Saturday evening dinner guest.

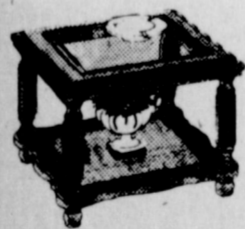

# ★ BEEDY'S BACKDOOR SALE ★

In order to make room for new merchandise arriving daily, we have moved to the back of our store the items shown below along with many not listed. These are extremely good bargains and we intend to sell them all. For your convenience, you may come in the back door or the front, whichever you prefer. Also remember every day is sale day at Beedy's as all of our furniture is discounted from manufacturer's retail price.
