## Miss Hansford County 1979

Jennifer McLain is crowned Miss Hansford by Kelly Harper

Jennifer McLain was chosen Miss Hansford County 1979 Friday evening at the annual pageant held Friday evening, June 1 at Spearman High School.

The top 5 finalists were Miss McLain, 1st runner up was Candy Thoreson of Gruver, 2nd runner up was Sabre McCoy of Spearman, Leslyn McLain of Gruver was 3rd runner up and Shelly Strawn of Spearman was 4th runner up.

These girls were chosen from a field of sixteen entrants. Others entered were Jane Flowers, Debbie Eller, Deborah Wilson, Stacey Cook, Rona Riley, Deanne Baker, Joann Reed, Melanie Kenney, Valerie Hagerman, Carla Tucker, and Kelley Trout.

The pageant was sponsored by Xi Zeta Upsilon Chapter of Beta Sigma Phi.

Judy Nelson gave the welcome, followed by the contestants as they introduced them-

selves. Laquita Evans was the emcee and Sheryl Meek was the pianist.

Entertainment was by the "Swinging Medics" and Joe Venneman and Mrs. Kim Brock.

Stacey Cook was voted Miss Congeniality by her fellow contestants.

The 1978 Miss Hansford County, Kelly Harper, crowned Jennifer McLain the new Miss Hansford County at the conclusion of the program.

Jennifer is the daughter of Mr. and Mrs. Jim McLain of Spearman.

She was awarded a \$100 gift certificate from Lady Fair. A \$25 gift certificate was given to the 1st runner up, Candy Thoreson, from Massads. Each contestant received \$5 gift certificates from Baker's Dept. Store and JG's.

## Studying Proposed Dam Site

Johnnie Lee, manager of the Palo Duro River Authority, reported Monday that he had heard from the U. S. Corp of Army Engineers and that surveyors and core drillers were on their way here to take samples for the proposed Palo Duro dam. This is primarily for foundation purposes.

The Corp is studying 4 different plans; the cost, benefits and economics of each plan and then will make their decision as to which plan will be feasible.

Guest Speaker

CLYDE RILL

Clyde Rill will be the guest speaker for the Monday, June 11 meeting of the Full Gospel Business Men's Fellowship International which will be held at the Home Demonstration Building, 305 N. Bernice at 7:30 p.m. Rill was born and raised in Tulsa, Okla. where he lived until 1962 when he moved to Arkansas and is now located in the heart of the Ozarks around

Harrison, Ark. The Rill family is at home on a large and rugged acreage near Dogpatch which they have named Spring Valley.

Clyde comes eminently qualified to minister the love of Jesus. Although he earns a living as a contractor and land developer in the Ozarks, Clyde's real vocation is the ministry of the Holy Spirit. Some of you may know Clyde best for his sure gifts of prophecy from the Lord. He has travelled extensively in Europe and the U. S. A. speaking and ministering in home prayer groups and seminars. His wife Francis is also active in this ministry.

Clyde is interested in reaching business men for Jesus Christ and in seeing the Holy Spirit active in everyone's life. He is a field representative for the Full Gospel Business Men's Fellowship International and has served as an officer in the Harrison chapter.

You are invited to come and bring a friend to hear Clyde Rill as he shares his testimony and the reality of God's love for each of us.

A free meal catered by Sutchens in Borger will be served before the meeting. A nursery is provided.

A 4-H Horsemanship Clinic sponsored by the Hansford County Extension Homemakers Council will be held at the Spearman Rodeo Arena June 11 & 12. The clinic will start with registration at 1:00 p.m. on Monday, June 11.

The clinic is being held in order to establish a scholarship fund for Senior 4-H Club members in Hansford County.

Instructors for the clinic will be Billy and Joan Brown of Spearman. Both are noted horsemen having trained, shown, and raised horses. In addition, Billy is the former Texas A&M Livestock Judging Team Coach and has held clinics such as this in the past. Joan, is the former Joan Goris, and was a Horse Program Aide for Texas A&M. As a program aide, Joan traveled the state putting on horsemanship clinics. The instructor for the barrel and pole bending sessions will be Johnnie Jarvis, noted TBRA member, of Stinnett.

Cost of the clinic will be \$20 per person. Special rates for families will be as follows: \$20 per family member for the first two members and \$10 per family member after two.

Indoor facilities are available and stalls for keeping horses overnight are also available. The clinic will consist of discussion, lectures and considerable riding.

For more information contact Layton Barton, County Extension Agent at 659-2136.

## Genetic Foods

The next thing on the program--in the supermarket--may well be more and more "genetic" foods. Just as genetic drugs have saved money for many, genetic foods hold the same promise.

The genetic food concept began in France only three years ago and now is making an impact in the American market. One reason is that food prices have risen so fast, new ways to hold down costs are badly needed.

That can be done with plain, uncolored labels, no advertising budget and larger containers reducing the per-ounce price. Jewel, in the Chicago vicinity, was the first U.S. chain to move in this direction and recently Pathmark, A & P, Waldbaum's, Bi-Lo, Pantry Pride, and Harris-Teeter were among other grocery chains following suit. Some chains have approached the genetic concept by offering large containers with their own store brand.

Genetic foods have no brand name. The containers might include the words "standard quality" or "slightly lower quality," etc. Boosters of the concept claim customers can often save thirty to forty percent buying genetic foods. Thus the practice is certain to spread--though for special quality, special meals or among some foods, brand names will almost surely continue to mean much, and remain in demand.

And those name food products which have rightly earned their reputations are probably in no competitive danger from genetic competition.

She made her film debut in "Tall Story" for her godfather, Joshua Logan. Critical acclaim in two New York stage appearances led to her being cast in Edward Dmytryk's "Walk on the Wild Side," which she followed with leading roles in George Cukor's "The Chapman Report" and George Roy Hill's "In the Cool of the Day."

While living in France with her first husband Roger Vadim, she became more and more aware of the severity of social problems and injustices in the United States. Her contacts with returning veterans exposed her to the effects of the Vietnam War upon those who were forced to take part in it. From this point on in her career, she began combining her art with a strong sense of social commitment.

In addition to Dern, Fonda stars with Jon Voight in the United Artists release which opens... at the... Theatre, "Coming Home" was produced by Jerome Hellman, directed by Hal Ashby from the screenplay by Waldo Salt and Robert C. Jones. The story was written by Nancy Dowd.

## TREES FOR TWO

Family trees for both the bride and groom are among the special features in Keepsake Wedding Albums from Hallmark Cards. The albums also have sections for engagement announcements, shower and wedding invitations and honeymoon souvenirs. There's a special section to record gifts and to note if thank-yous have been sent. And, of course, there's ample space for wedding-day pictures. Hallmark designed the book so that the bride and groom would have an "instant memory bank" of all the events leading up to their wedding as well as photos of the wedding day itself.

**History Book Deadline Is July 18**

The Hansford County Historical Commission received word from Lubbock Friday concerning the Hansford County History Book. We are to extend to the Hansford County Residents and former residents a third and final deadline. This is an option we could not turn down since our response so far has been so positive! We have received over 280 family stories, eight Memorial Pages, several one-half pages, and several one-fourth pages. We have business space for those who are interested. The publisher, Craftsman Printer's in Lubbock, in association with the Taylor Publishing Company in Dallas is very pleased with our progress. But we are still looking forward to your story. Fifteen or twenty years from now when those little third graders are about twenty-two and looking at the local History Book they are going to feel strange if their family is not represented. The years put a new prospective on various out-looks. It is our obligation to provide a historical reference for future generations. So let's get busy folks! The time is ripe and a 'wastin' fast. The new deadline is JULY 18, 1979 for the family stories.

## Openings In Important Notice

The All-Star Coaches Girls' Basketball Camps at Panhandle State University has filled the June 10-15 camp and can accept no further applicants. The second camp, June 17-22, has openings and interested students should apply as soon as possible.

The camps are designed for girls who will be in the 6th grade next year through high school. For applications or further information contact Jack Begley, Camp Director, Panhandle State University, Goodwell, OK 73939.

We are very pleased to announce that Coach Willis Friesen, Girls' Basketball Coach at Perryton, Texas, will be one of the coaches at the Girls' Basketball Camp, June 17-22, at Panhandle State University.

Coach Friesen is currently head girls' coach at Perryton High School. He started the girls' basketball program three years ago competing at only the junior high level and last year was the first year to compete in High School competition. He had outstanding records at both Hardesty, Oklahoma, and Waukonis, Oklahoma, prior to moving to Perryton, Texas. His team at Hardesty and Waukonis made the state playoffs. Players at both schools were selected on the all-state teams.

While coaching at Hardesty, Coach Friesen was twice chosen Coach of the Year by the Liberal Southwest Daily Times and once by the Guymon Daily Herald. He was chosen twice to coach the Conference All-Stars at Waukonis.

New maximum minimum size standards for envelopes, cards and other pieces of mail will become effective July 15, 1979.

The maximum standard applies to oversized and odd-shaped pieces and affects only first-class mail weighing one ounce or less and single-piece third-class mail weighing two ounces or less. Such mail in excess of 6-1/8 inches high or 11-1/4 inches long or 1/4 inch in thickness is considered non-standard mail and will be charged an extra seven (7) cents over the regular postage for handling. The surcharge will also be imposed on mail whose length is less than 1.3 times or more than 2.5 times its height.

The minimum standard applies to all classes of mail and all types of service. Envelopes, cards and other pieces of mail which are less than 1/4 inch thick and measure less than 3-1/2 inches high or 5 inches long will not be accepted for mailing or will be returned to the sender if placed in the mail stream. Flimsy cards of less than seven-thousandths (.007) of an inch thick will also be prohibited. For comparison, an official postal card has a thickness of nine-thousandths (.009) of an inch.

There are exceptions to the minimum size standards. The standards do not apply to objects such as hotel keys, identification cards and tags. Items thicker than 1/4 inch such as film mailers are not subject to the minimum standards, but may be subject to the non-standard requirements depending on the class and weight of the piece of mail.

For additional information, please call at the post office.

# Floppy Finish Takes Top Of Texas Feature Stakes

Happy Floppy Finish Fans - Owners Mr. & Mrs. Pat Patterson, Trainer Janice Hammond, Jockey Fred Watson, and Trainer Lonnie Barber.

LA MESA PARK, N.M. - Trainer Janice Hammond's star pupil Floppy Finish finished on top of a field of ten two-year olds to capture the rich Top Of Texas Stakes here Sunday, May 27, and reward her owner, Pat Patterson of Spearman, Texas,

the top prize of \$29,360 of the estimated \$73,400 purse. Floppy Finish who had the best qualifying time of 17.97 was a heavy favorite to win the rich stakes of the 11th feature race. The filly, ridden by Jockey Fred Watson broke from the

gate ahead of the pack and maintained the lead to the wire, checking in 1 1/4 lengths to earn a clean-cut victory. The two year old posted her second La Mesa win and the third victory of the year in four outings. Floppy Finish, with closing

odds 4/5 left never a doubt as to her running ability as she sprinted the 350 yard dash. The time was posted at 1.90.0. The filly paid her backers \$3.60, \$3.60, and \$3.00. The one-four quinnella returned \$56.00. All the speedsters qualified

for the stakes in last week's La Mesa trial heats and all are foals of Angel's Jet Rail. Owned by Jerry and Dean Sparks of Gruver, Texas, Angel's Jet Rail is the leading sire of Easy Jet and the leading sire of winners at La Mesa Park in 1978, Angel's Jet Rail is standing at Panhandle Training Center.

Wonder Missy with Elbert Minchey aboard broke fast with the winner but was unable to overcome the fast pace set by Floppy Finish and had to settle for second place. The Bill Stevens trained filly had qualified fourth in the previous trial runs but was far from being a favorite, with closing odds 35-1. Wonder Missy, owned by the Harmon Livestock Company in Amarillo, Texas, paid \$21.40 to place and \$8.80 to show. Wonder Missy also added \$11,010 to her owners bank roll.

Snazzys Angel with Richard Gamez up checked in third. The filly, also trained by Janice Hammond, qualified fourth in the heats. She paid \$10.00 to her backers to show. Snazzys Angel is owned by Scarlett Jackson of Spearman, Texas, and she rewarded her owner \$8,808 for coming in third. The Top-of-Texas Futurity was featured in a program about horse racing on Saturday, June 2, at 12:30 p.m. on Channel 4. The camera went behind the scenes to show viewers that part of horse racing the common spectator seldom knows about. Interviews were conducted with owner Jerry Sparks and Panhandle Training Center Trainer Lonnie Barber. Jerry Sparks summarized, "This (Top-of-Texas Futurity) has really paid off for all involved. It has worked well for those who bred mares to Angel's Jet Rail, and it has worked well for Dean and I."

## Father's Day

The 17th is Father's Day--when old Dad traditionally gets a day of thanks. Though an increasing number of wives work these days, and Dad often isn't the sole breadwinner, any dog deserves his day, once a year.

American fathers are, also, unique, for better or worse. On the one hand, they have accepted--in many cases--theories about making all decisions family affairs. Modernists think this is democratic and beneficial; critics believe it's abdication of the father's responsibility as an authority, which has contributed to a breakdown of discipline, and to juvenile crime.

Whatever one's view on that, fathers are worth having. Children who enjoy the blessing of loving, well-providing fathers, of character and standing, begin life with a major advantage. The 17th is the day to remember that.

The wags would equate fathers who are good providers with the quip that money isn't everything, but it keeps one in touch with his children! In remembering old Dad on the 17th, the giving, on this day, is in the other direction.

If you lose interest in life, you're dying.

If all the arguments, debates and set speeches in the world were put in a pile and burned, there would be much blaze but very little loss.

## SMILES

**Innocent Party**  
"You mustn't pull the cat's tail." a mother warned her small son. "I'm only holding it, Mom." the youngster replied seriously.  
"The cat is pulling."

**Promptly!**  
Young Bride: "Now, dear, what'll I get if I cook a dinner like that for you every day this year?"  
Hubby: "My life insurance."

**Endurance**  
He--Do you think kissing is unhealthy?  
She--I really don't know. I've never been . . .  
He--What's never been kissed?  
She--No. I've never been ill after it.

**Scarcely**  
Stranger--Say, I need help. Do you have a criminal lawyer in this town?  
Native--Wal, we're pretty sure we have, but we can't prove it.

**Nasty**  
A business college displayed a poster offering "A Short Course in Accounting for Women."  
It has now been withdrawn. Someone wrote across it, in a bold, unmistakable masculine hand, "There is no accounting for women."

Money is only as important as you make it, after meeting the necessities.

More U.S. children are spoiled, and handicapped, by a lack of discipline than by discipline.

# Jane Fonda, Jon Voight, Bruce Dern Star in Love Story, 'Coming Home'

(Advance Production Feature)

"Coming Home" represents a blend of some of the most viable talents in 1970's cinema. A collaborative effort in the truest sense of the term, "Coming Home" is a product not only of director Hal Ashby, but also producer Jerome Hellman, screenwriters Waldo Salt and Robert C. Jones, and star Jane Fonda, who developed the original story with colleague Nancy Dowd and associate producer Bruce Gilbert. The film is released by United Artists, a Transamerica Company, and it will open on 6-6 thru 6-12 the Holiday Drive-In.

Still CH-6  
On leave from the Marines, Bruce Dern enjoys the Hong Kong sights with his wife, played by Jane Fonda in "Coming Home," which will open 6-6 thru 6-12 at the Holiday Drive-In Theatre through release by United Artists, a Transamerica company.

In the tradition of such well-remembered classics as "The Best Years of Our Lives" and "Grand Illusion," "Coming Home" is a war story without a single battle scene. It is a love story as well. Set in Los Angeles in 1968, the film stars Jane Fonda as Sally Hyde, an officer's wife who volunteers for work in a Veteran's Hospital while her husband (Bruce Dern) is fighting in Vietnam. Jon Voight is an embittered Vietnam vet whose love for Fonda helps him to regain a new sense of value in his life.

"Coming Home" is a film that sprang from the collective foresight of its creators. The germ of its idea began at the end of an evening's discussion of the film between Jane Fonda and her long-time friend and colleague Bruce Gilbert.

Both Fonda and Gilbert had become aware of the situation of the Vietnam veteran due to their association with the anti-Vietnam movement. Through their contact with the enormous number of veterans in the nation, their interest in the wounded survivors of the War came into play.

They moved ahead with the project, engaging the as yet untried scenarist Nancy Dowd (who last year won critical acclaim for her original screenplay of "Slapshot") to work with them in bringing the story to life. They emerged well over a year later with a long, unwieldy, yet to them, eminently workable screenplay.

Waldo Salt, the noted screenwriter who had won an Oscar for "Midnight Cowboy" was approached to write the next draft. Salt agreed enthusiastically to the project, and suggested Jerome Hellman as producer. Hellman was well known to Fonda and Gilbert as a producer of unquestionable quality, and he in turn suggested Hal Ashby as director.

"Hal Ashby was clearly the prime choice as director for 'Coming Home,'" says Hellman. "Stylistically and in terms of quality, his work is terrific."

**MORE ON SACCHARIN**  
A congressional moratorium on banning saccharin has expired but supporters of the artificial sweetener presented proposals to re-impose it for 18 months to as long as three years. This means saccharin will continue to be available in diet sodas, foods and as a tabletop sweetener.

## WASHINGTON NOTES

**APPROVE PRICE SUPPORTS**  
The House Agriculture Committee has approved legislation that would rise the floor on cotton price supports by slightly more than 2 cents a pound through 1981.

**ON NEW BUDGET**  
The House approved by a narrow margin a new budget containing more money for education. The budget, a preliminary target for the new fiscal year starting Oct. 1, calls for cutting the federal deficit \$23 billion.

**NEW TRANSPORT RULES**  
The Nuclear Regulatory Commission has quickly adopted a new regulation to limit transportation of radioactive fuel through urban areas and require precautions against hijackings or sabotage.

**TURKISH AID**  
The Senate has voted to grant Turkey \$50 million in emergency military aid after hearing a bipartisan band of senators portray the Turkish economy as near collapse.

**AMBASSADOR TO IRAN**  
The Senate Foreign Relations Committee has approved Walter Cutler as U.S. Ambassador to Iran with a warning Congress would not remain passive if minorities--including Jews--were threatened.

Federal officials say H-Bomb declassification costly.  
Federal Reserve Chairman: guidelines are working.

**OLD COMMUNITY FOUND**  
Archaeologists looking for traces of 18th century Virginia plantation life have uncovered the remains of a "lost community" more than 100 years older along the James River east of Jamestown, Ivor Noel Hume, director of archeology for the Colonial Williamsburg Foundation, said.

**DECONTROL COSTLY**  
The Congressional Budget Office has estimated that President Carter's plan to phase out controls on crude oil prices would cost the average American family \$135 a year in 1982--when all controls would be off.

**WASPS RECOGNIZED**  
It took 34 years before the Defense Department acknowledged officially that it had 1,076 women pilots during World War II. From 1942 to 1944, the women ferried military planes around the United States, towed targets for gunners at training centers, and taught recruits how to fly.

**WELFARE REVISION**  
President Carter has sent to Congress a welfare revision proposal which he said would add \$5.7 billion to the cost of welfare by 1982 and which the president's aides said has a chance of passage.

**ON GUIDELINES**  
Federal Reserve Chairman G. William Miller said that President Carter's voluntary wage-price guidelines are showing results in the fight against inflation. But it will require six or seven years to win the war, he added.

# New Bridge Costs Only A Fraction Of Statewide Litter Pickup Bill

Litter is costing more every year. It is costing more money. It also is costing more lives.

The State Department of Highways and Public Transportation spent more than \$7 million last year on litter pick up. Preliminary figures indicate that the costs will be even greater this year.

This money could much better be used on safety projects such as replacing some of the obsolete bridges in the state, according to the department's engineer-director, Luther DeBerry.

"For instance we just contracted to replace a 44-year-old bridge near Amarillo for a little less than \$748,000," DeBerry said. "This is only about 10 per cent of what we spent on litter pick up last year."

The Canadian River Bridge near Amarillo comes down in a puff of exploding smoke. The obsolete bridge will be replaced by a safe, modern bridge at a cost that represents only 10 per cent of what the State Department of Highways and Public Transportation spent on picking up litter last year.

lanes on a 38-foot wide roadway.

"We are replacing these bridges as fast as our funding allows," DeBerry said. "We would be very happy if we could use more of our litter pick up money towards safety projects like the Canadian River Bridge."

However, DeBerry says that the department cannot just quit picking up the litter.

"With over a million acres of right of way, we have more neighbors than anyone else in the state," DeBerry said. "And these neighbors are quick to let us know when our 'yard' gets messy."

There also is a safety aspect to collecting the litter. Broken bottles, nail-spiked boards and other such objects cause blowouts and present a direct safety threat on the fast-paced highways. Also, vehicles tend to swerve to avoid sacks, bags and boxes on the highway and this swerving action can cause accidents.

"As long as the litter is there, we have to pick it up," DeBerry said. "The only chance we would have of using any of that money for more effective safety projects would be if there were less litter to be picked up."

# Bort Agency In New Location

Bort Agency Inc will open their doors this week in their new location - in the Cattle Development Corporation Building - at 510 Main Street in Gruver. Even though this is a new location for the Bort Agency, the customer will find upon making a visit, that the Bort Agency is the same friendly and dependable agency it has always been.

Mr. A. R. Bort first began his insurance business in Gruver, March 1, 1929, and has continued without interruption through the years to offer Gruver and the surrounding community reliable and personable service. Mr. Bort offered his insurance services through an office maintained in his home for many years. However, this arrangement was changed in the late forties at which time the A. R. Bort Agency began to service its

customers out of offices located in the Gruver State Bank.

Therefore, with these past 50 years of insurance experience behind the A. R. Bort Agency, it is making this most recent move. Mr. Mike Babbs, as part owner and General Manager of Bort Agency, Inc., is the man chosen to continue this fine heritage of insurance service to the community of Gruver. How better can the insurance needs of our community be met than to combine a respected and dependable insurance agency with these many years of experience with one as young, aggressive and dependable as Mike Babbs.

Bort Agency Inc. wants to thank the community for its business through the years, and with the opening of our new offices, pledge to you our continued concern for and support of the community.

## June, 1979

A ship at sea--and a bride in June--  
Ivy and bittersweet in Fall--  
But the bride is the loveliest of all!  
-Anne Mary Lawler.

Although it seems hard to believe, the arrival of June brings us almost to the half-way point of 1979. By the end of the month, a fiscal year will have been completed, and 1979 will be in its second half.

June brings with it summer, commencements, weddings, school vacations and beautiful weather, and is thus, perhaps, the most welcome of all the months. In this month the days are longer than during any other month of the year; there is more daylight and less darkness.

The Allies landed in France on June 6th, 1944, in World War II, which proved to be the beginning of the end of the war.

Father's Day falls in June (the 17th), as does the birthday of the first and only President of the Confederacy, Jefferson Davis, on the 3rd.

# Peggy's Pointers

Peggy Winegarner  
Co. Extension Agent (H.E.)

Sew with silks to create fashions for summer. Silks come in a variety of fabrications from the beginner's best-bet, broadcloth, to delicate transparent chiffon, to the lustrous crepe de chine, to slightly nubby, sporty-looking noli.

Silk linen comes in weights from light handkerchief to heavy suiting. Many silks combined with other natural or man-made fibers produce lower-priced, washable blends.

**BUYING SILKS**  
When buying silk fabric, check the stability of the fabric. It should resist slipping and twisting. Check the drape of the fabric. It should fall naturally when hung.

Silk should have a dry "hand" (feel dry when touched). This makes it easy to work with and signifies the fabric has a rich body.

**CUTTING**  
In cutting silk, follow the pattern guide. Always use sharp, long-blade shears. If using nubby or coarse/crisp silks, such as tussah, cut pieces singly. The folded fabric may stick to itself and not lay flat.

When cutting soft, slippery, lightweight silk, pin to lightweight paper for more stability.

**NOTIONS**  
On fine silk fabrics, use a toothed tracing wheel without carbon paper.

Also, use chalk or white carbon paper rather than wax--the grease will stain the fabric. Tailor tacks can always be used.

Select a natural cotton 60's thread or cotton 50's for heavier fabric. Silk thread is acceptable for basting but not for final stitching--it is too strong. Always use a weaker thread than the fabric for final stitching so that in case of stress the thread breaks instead of fabric tearing.

Use fine silk pins to prevent pin hole markings. **MACHINE ADJUSTMENTS**

Use size 11 sharp needle for fine fabric and size 13 for heavier weights.

To avoid puckering, machine tension should be loose and well-balanced. The presser foot pressure should be light.

Use 10-12 stitches per inch for fine silks and 8-10 stitches for heavier silks.

**SEAM FINISHES**  
Seam finish will depend on the amount of tailoring and fabric weight.

Sheer silks, such as chiffons and georgettes, because of the fabric's transparency, should have enclosed seams such as French or flat-felled. These are used on straight or slightly curved seams only.

On heavier, unlined silks, use bound seams or a Hong Kong finish.

For lightweight silks, press seam open with one-fourth inch of the raw seam edge turned under and stitched.

A plain seam with pinked edges or hand or machine overcasting can be used on firmly woven silks.

**INTERFACINGS**  
Interfacings are very important for the shape of the garment. Always try to use a natural fiber. Do not use fusible interfacing on fine sheer silks.

Use interfacings that are lighter in weight than the outside garment. Always remember to use quality interfacings for quality fabrics.

**PRESSING**  
When pressing silks, use a clean steam iron with plenty of steam.

The temperature setting should correspond to the component fiber with the lowest heat tolerance.

Use a press cloth to prevent shine.

**Energy Checked makes hidden improvements show up as utility savings**

Adequate insulation in floors, ceilings and walls is just one of the energy saving features of the Energy Checked Home. Insulation retards the flow of heat... helps keep heat out during the summer, and keep heat in during the winter. Because climates vary, it is important to match the R-value of insulation to the R-value requirement of the area. And whether batting, loose fill or foam insulation is used, as long as the R-value is the same, each type will insulate equally well. Insulation can help slow the loss of both winter heated and summer cooled air in your home, resulting in big savings on your utility bills. To be sure you get the most for your energy dollar, look for the Energy Checked sign the next time you build, buy, or remodel.

# Wheat Producers Redeem 14.4 Million Bushels From Reserve

Washington--Farmers redeemed 14.4 million bushels of wheat from farmer-owned reserve in the first week following announcement that the trigger price had been reached, Ray Fitzgerald, Executive Vice President of the Commodity Credit Corporation (CCC), said today. The wheat redeemed accounts for 3.5 percent of the 412-million-bushel reserve.

"These figures indicate that farmers are using the reserve as it was intended--as an orderly marketing tool," Fitzgerald said. "It appears most of the redemptions are occurring in areas where market prices are more attractive. Obviously there is no panic in the wheat market."

Greatest redemption activity occurred in the southwestern states, Great Lake states and the Pacific northwest. Producers in four states--Oklahoma, Texas, New Mexico, and Kansas--accounted for 11.3 million bushels of the total redeemed.

Wheat in the farmer-owned reserve was released for redemption May 16. Farmers

may sell their reserve wheat after repaying their CCC price support loans. However, release of the reserve does not require farmers to redeem or sell their grain at this time.

Fitzgerald said that storage payments will continue at least until June 29 for all producers who keep their wheat in the reserve.

On June 29 the CCC will review the market situation to determine if the release should stay in effect. If it does, storage payments will continue in those states where the average price is under the release level, Fitzgerald said.

There are any number of people who will do great things if they can do them without exertion.

When men measure their worth by the number of dollars they amass, they are unaware of their real value.

## County Receives Reimbursement For Registration

State Comptroller Bob Bullock reports that Texas counties will share more than \$365,407 in state funds under a law designed to encourage voter registration and accurate registration lists.

Bullock said the Texas Election Code directs the Comptroller's Ad Valorem Division to make payments to counties for reimbursement of voter registration activities.

The law provides local reimbursement of 40 cents for each new registered voter and 40 cents for each cancellation made to update lists.

Hansford County Tax Assessor-Collector received \$105.60 from the state in May for this reimbursement.

# UIL Participation Reaches Record High

The current energy shortage apparently does not apply to Texas high school students involved in University Interscholastic League activities.

Participation in the athletic, literary and academic, and music programs reached record highs in 1978-79, reinforcing the long-standing contention that one of two graduating seniors in Texas has taken part in a UIL activity during his high school career.

"Certainly, the UIL has had its problems the past year, with the numerous court cases and occasional one-sided press coverage," said Dr. Bailey Marshall, League director. "But I

would be remiss to emphasize the negative and overlook the positive aspects of our programs.

"More students were involved in UIL activities this past year than ever before and this participation by students on a fair and equal basis has been and remains our ultimate goal: This is the reason the UIL exists," he added.

Across the board, participation by schools remained stable, with the exception of girls' basketball, which increased by 55 schools. Football, girls' volleyball, boys' basketball, swimming and track and field remained on a per-school participation basis near their 1977-78 marks.

Individual participation, however, continued its upward surge, with more than 42,000 playing football, 30,000 and 23,000 in boys' and girls' track respectively, and 23,000 and 19,000 in boys' and girls' basketball respectively.

Elsewhere, participation in boys' baseball neared the 16,000 mark, while more than 20,000 took part in boys' and girls' tennis. Approximately 8,000 participated in boys' golf and 4,000 in girls' golf.

Swimming figures reached 3,500 for the boys' and 2,500 for the girls', while cross country boys' and girls' totals sped near the 600 plus mark.

In the UIL music program, some 71,000 took part in choral competition while 40,000 participated in the solo and ensemble contest, and a whopping 215,000 joined bands and orchestras in UIL contests.

Participation in the UIL literary and academic contests was equally as impressive:

**SPEECH:** Debate, 5,000; Informative speaking, 17,500; Persuasive speaking, 15,000; Poetry interpretation, 17,500; Prose reading, 15,000; Oral reading, 18,000.

**OTHERS:** One-act play, 20,000; Journalism, 24,000; Number sense, 55,000; Picture memory, 25,000; Science, 22,500; Slide Rule, 20,000; Shorthand, 15,000; Typewriting, 16,000; Reading, 12,500; Spelling, 80,000.

"The University Interscholastic League embraces more than a half-million participants and anytime you're working with a program having the scope this one has, you must operate under a system of uniformly enforced rules and regulations," Dr. Marshall said. "The school administrators and educators of Texas have voted for and support rules governing inter-school competition. To abandon these rules would be detrimental to the educational benefits of the overall program."

"It is wise to keep in mind that Texas school people, with the support and counsel of their local patrons, have built the UIL into the most outstanding organization of its kind."

# Grain Sorghum Producers Election Set

Grain sorghum producers in a 29-county area of the Texas High Plains will elect four members to the Texas Grain Sorghum Producers Board on Sept. 15.

Terms of four current board members expire at that time. They are E. C. Witten of Edmondson; A. W. Anthony, Jr., of Friona; John Gilbreath, Hart; and Don Nelson of Tulia. All incumbents are eligible for reelection to the 6-year, non-salaried position as long as they are bona fide grain sorghum producers.

Any person in the 29-county TGSPB area who produces grain sorghum and is subject to the board assessment is eligible to vote, including owners of farms and their tenants and sharecroppers. Any person eligible to vote is also eligible to make nominations for director.

Qualified persons wishing to have their name placed in nomination for membership on the board may do so by application to the organization, signed by himself and 10 others who are also eligible to vote.

All nominations must be filed by Aug. 15, at the TGSPB office, 1708-A 15th, Lubbock, Texas 79401 to allow time for adding their name to the ballot. Forms are available at that office.

Ballots will be mailed to voters and must be returned to the TGSPB office by Sept. 15.

Any person qualified to vote who does not receive a ballot by Sept. 2, may obtain one at his local County Agent's office.

Counties involved are Armstrong, Bailey, Briscoe, Carson, Castro, Cochran, Crosby, Dallam, Dawson, Deaf Smith, Floyd, Gaines, Hale, Hansford, Hartley, Hockley, Hutchinson, Lamb, Lubbock, Lynn, Moore, Oldham, Parmer, Potter, Randall, Sherman, Swisher, Terry and Yoakum.

## Finding way to serve meant hardship for Leatherman's

Columbia Bound: Gary & Ruth Leatherman have been assigned as houseparents by the Wycliffe Bible Translators. They will be going to Columbia, arriving sometime in July to work from 1-5 years.

Ruth and Gary Leatherman of Decatur are seeing a giant jigsaw puzzle put together: their lives. They are unafraid, however, because the one fitting the pieces also calmed the storm on a Galilean sea long ago, they believe.

The Leathermans have recently been selected by the Wycliffe Bible Translators as houseparents for children whose parents serve in the jungles of Columbia. They will be leaving July 1 to stay from 1-5 years.

They met while students at West Texas State University. Ruth's parents pastor a church at Purdon and she had felt a strong call for missionary work.

She said she "tried to call" Gary to missions, but he would have no part of it. After a time she said no more about it. In Jan. 1978, Gary felt the call for serving the Lord in Foreign Missionary work.

Both love working with children, said Mrs. Leatherman. He has served for a time as youth director at an Amarillo church and she enjoyed bing with children and young people.

While attending Dallas Baptist College, the Leathermans heard a speaker from Wycliffe Bible Translators discuss, "If your God is So Great, Why Doesn't He Speak My Language?" She and Gary looked

at each other and felt immediately this was for them.

The Wycliffe Translators spokesman told them the qualifications. They had to attend a 10-week language training school at Norman, Okla., at their own expense, and Gary would have to have a trade other than farming. Columbia's government is not receptive to "religious workers" and to get into the country, a trade must be listed. Since much is forest, farming would not be acceptable.

Although the money for the school was more than they had, they started getting ready. They were confident a way would be provided. They saved money but had only about a fourth of the amount and it was only one week until time to enroll.

Gary received a call from his sister-in-law. They exchanged formalities then she said, "Would you like to talk to Ruth's brother? Gary said he would, but wondered what the call was all about. Finally he said "We have got some money we want you have." For the Leathermans it was an answer to prayer.

They received one-half the amount from Ruth's brother they sold their second car for the remaining money and drove to Norman.

"That was the most frustrating 10 weeks I've ever spend," said Mrs. Leatherman. After a while neither of the two had any hope of passing the strenuous language course. "We made good C's," said Mrs. Leatherman, "but you had to have B's to qualify."

They were crestfallen. They felt they had failed, not only for themselves, but for the people who supported them.

On the last week of the school, they went dejectedly into the administrator's office. "You're not qualified to be translators," he said. They already knew that. But he continued, "House parents for translators' children are desperately needed."

The pieces of the puzzle began to fit—their love of children, her a nursing degree, his service as youth director. They were overjoyed.

Leatherman came to Decatur in September and got a job with Terry Western to learn carpentry. Mrs. Leatherman went to work in Decatur Community Hospital and nine months later they were assigned to Columbia.

In the time remaining, they will visit their parents. They will go into their home churches to find sponsors for their time in Columbia; Wycliffe Bible Translators does not pay its workers.

They will be stationed in Loma Linda, Columbia, located eight hours south of Bogota, the capital. The couple plan to take a year's supply of clothes, although there is a Sears store in Bogota, said Mrs. Leatherman. They will have motorcycles for transportation. Leatherman said he had not ridden one before, although his wife had "a little." They will face a nine-month rainy season and average rainfall of 140 inches.

Ruth Leatherman proudly displays a small metal art picture showing doctors and

nurses gathered around operating table. "Dr. (John) Valcik made his for me," she smiled happily. "He said this was me," and she pointed to one of the nurses. "Everyone has been so nice to us here," she said.

Jon Voight portrays Luke Martin, a disabled war veteran who finds love and a renewed sense of value in his life. "Coming Home," a United Artists release, is now playing at the 6-6 thru-Holiday Theatre. 6-12

### BRUCE DERN STARS IN 'COMING HOME'

Bruce Dern has emerged triumphantly in recent years from a career that seemed doomed to villains, maniacs and bit parts. The past year alone has seen him with leading roles as the Black September terrorist in "Black Sunday," the star of Claude Chabrol's "The Twist" and, of course, Captain Robert Hyde in "Coming Home," the current release playing at the Holiday.

Dern was born in Chicago in 1937. His great uncle was the distinguished American poet Archibald MacLeish; his father a prominent attorney and his grandfather a Governor of Utah and later Secretary of War under Franklin Delano Roosevelt. Dern originally intended to become an athlete or a journalist, then rejected both in favor of acting.

He became a student of Lee Strasberg and was soon landing roles on Broadway. His film debut came in 1960 in Elia Kazan's "Wild River," which he followed with over 100 character roles in films and television. Among the more memorable of the films in which he

appeared were "Will Penny," "The Cowboys," "They Shoot Horses, Don't They?" Alfred Hitchcock's "Family Plot" and Jack Nicholson's "Drive, He Said," for which he won the New York Film Critics Best Supporting Actor Award. Nicholson has since declared that Dern is his only rival on film.

Other recent films include "The Great Gatsby," Michael Ritchie's "Smile" (a UA release) and "Silent Running." Dern currently lives in Malibu, California where he is able to keep himself in shape by running ten miles daily.

"Coming Home," in which Dern shares stellar roles with Jane Fonda and Jon Voight, is a United Artists release. Jerome Hellman produced and Hal Ashby directed the Nancy Dowd story. Waldo Salt and Robert C. Jones penned the script.

### Carradine as Musician

Robert Carradine, youngest member of the famous acting family, was chosen for a featured role as a promising young musician who returns devastated from the war in "Coming Home," which is now playing at the Theatre.

Starring in the United Artists release are Jane Fonda, Jon Voight and Bruce Dern. The film was produced by Jerome Hellman, with Hal Ashby directing. Waldo Salt and Robert C. Jones furnished the script based on Nancy Dowd's story.

Despite some first impressions, the Marine Corps is not all boot camp. After the first 11 weeks of hard work, there's a brand new life and a whole new career.

The Marine Corps does things nobody else does. Marines guard every United States embassy around the world and every major naval installation and key ship in the Fleet. It's part of a tradition that the Marines have held for over 200 years.
