

## Pioneers honored

MRS. JESSIE TOMPKINS was honored Sunday at the 37th Annual Hutchinson County Pioneer's meeting as being the oldest woman present. Mrs. Tompkins is a young 92 years old.

The couple married the longest who were present at the Hutchinson County Pioneer's Meeting Sunday in Stinnett were Mr. and Mrs. C.E. Lieb. They have been married 63 years.

## RED POWER SHOWDOWN DAYS

North Plains International will host a special "Red Power Showdown Days" field demonstration, featuring International Harvester's improved Series 86 tractors, at the James Breland Farm, Gruver, Texas, from 2:00 to 6:00 on Thursday, August 24.

Along with the demonstration, the local dealer will hold a sweepstakes drawing. Participating farmers will be eligible for a national drawing, with a top-of-the-line 1586, 160 pto horsepower, two-wheel drive tractor as the grand prize.

Complete details about the Red Power Showdown Days sweepstakes may be obtained from the local dealer.

Including all Series 86 models over 100 pto hp, the field day will be "one of the biggest IH promotions ever," according to the dealer. He noted that farmers will have the opportunity to test drive IH's 986, 1086, 1486, 1586 and Hydro 186. Also the new 4786 4 Wheel Drive (350 HP) will be available.

"They will be able to try out the new park-lock transmission and heavy-duty power shift TA, which makes shifting easier," the dealer continued. Also, farmers will be able to judge for themselves just how quiet the Control Center is.

The dealer said the Control Center, a departure from the add-on cab of the past, is an integral part of the Series 86 models located forward of the conventional design. This permits maximum visibility and improved riding quality.

With resilient rubber isolators and other sound-deadening techniques, the Control Center has an officially-tested 78.5 dba sound rating on the 1586. That rating is one of the lowest in the industry.

"We also will discuss the new

and exclusive tractor warranty for the 86 line," the dealer said, "which guarantees tractors for two full years or 1500 hours of operation, whichever occurs first."

Other features to be highlighted are the wet power disk brakes designed for maximum heat dissipation and extended service life, wet differential lock that overcomes one-wheel spin-out, and increased fuel efficiency and easy service accessibility.

"We believe we have the best tractor line available. And we hope our farmers take advantage of our Red Power Showdown Days to see what we're talking about," the dealer concluded.

## Police Report

Chief Steve Wisniewski reports that they have had some minor accidents this week, plus a family disturbance, and an accidental shooting.

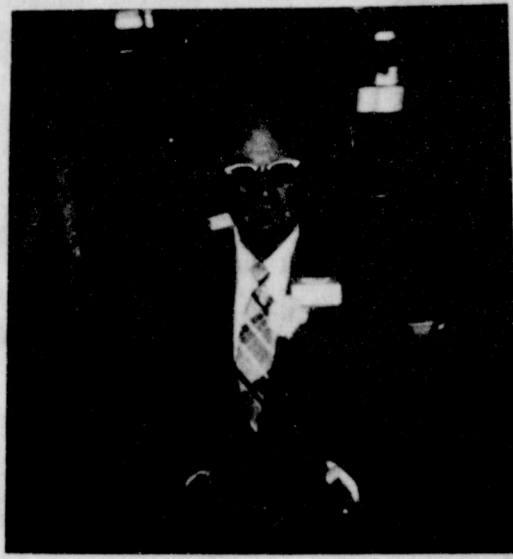

On August 18th, Cheryl Lewis of Spearman, and Vickie Montgomery of Wellington, Texas were involved in an accident. Minor damage was received by the Lewis car, when the Montgomery car backed out from the post office area.

A family disturbance occurred August 20th, at 706 Steele drive. No charges were filed.

Mrs. Pruitt of 402 East Kenneth reported that her car was hit on August 16th. Whoever hit the car did not report the accident.

Gary Wysong was accidentally shot in the right foot August 20th. Gary was checking a 22 caliber rifle to see if it was loaded, when the accident occurred.

Supt. James Cunningham, informed the paper, that the B-teams will start their scrimmage at 5:30 p. m., Thursday at Dumas. The varsity teams will follow with a full-time scrimmage. Last year, when these two met for scrimmage, the leather did pop, and both teams profited from the work-out. Plan to go to Dumas Thursday nite, and watch the Lynx and Demons in this scrimmage. You will enjoy every minute of it.

Mr. T.I. Harbour was the oldest man present at the 37th Annual Hutchinson County Pioneer's meeting Sunday in Stinnett. He is 95 years old.

Heading up the Lynx coaching staff this year, are left to right, kneeling; Jim Hester, Terry Crocker, Herb Hager, and James Collinsworth. Standing, left to right; Larry Morris, Ken Friemel, Preston Smith head coach and athletic director, and Bill Hamilton.

# The Spearman Reporter

VOLUME 70, NO. 40

THE SPEARMAN REPORTER, SPEARMAN, TEXAS 79081

THURSDAY, AUGUST 24, 1978

## School starts Monday August 28

School bells are scheduled to ring Monday, August 28 as Spearman school students start the 1978-79 school years.

All elementary students, grades kindergarten thru 4 will register Friday, Aug. 25 from 8:30 to 10:30 a.m. according to Allen Alford, elementary school principal.

Junior high students are to register at 8:20 a.m. Monday, Aug. 28. There will be a general assembly in the junior high auditorium, according to junior high principal G.W. Robinson. Classes will be run on a short period on the first day, will dismiss at 2:30 p.m. and buses will run at that time.

Orientation and pre-registration for all high school students will be Friday, Aug. 25 at 10 a.m. All students should be present for the opening day of school on August 28 at 8:20 a.m.

Any new students to the district should register Thursday, Aug. 24, unless they have registered previously. New students must have their immunization record before they can be enrolled.

## Hansford County 4-H Fair

Come one, come all to the Hansford County 4-H Fair, Saturday, August 26 at the Spearman County Barn.

A Dog Show will be held in the back of the Barn at 9:30 a.m. 4-H Youth will have their dogs dressed and ready to perform!

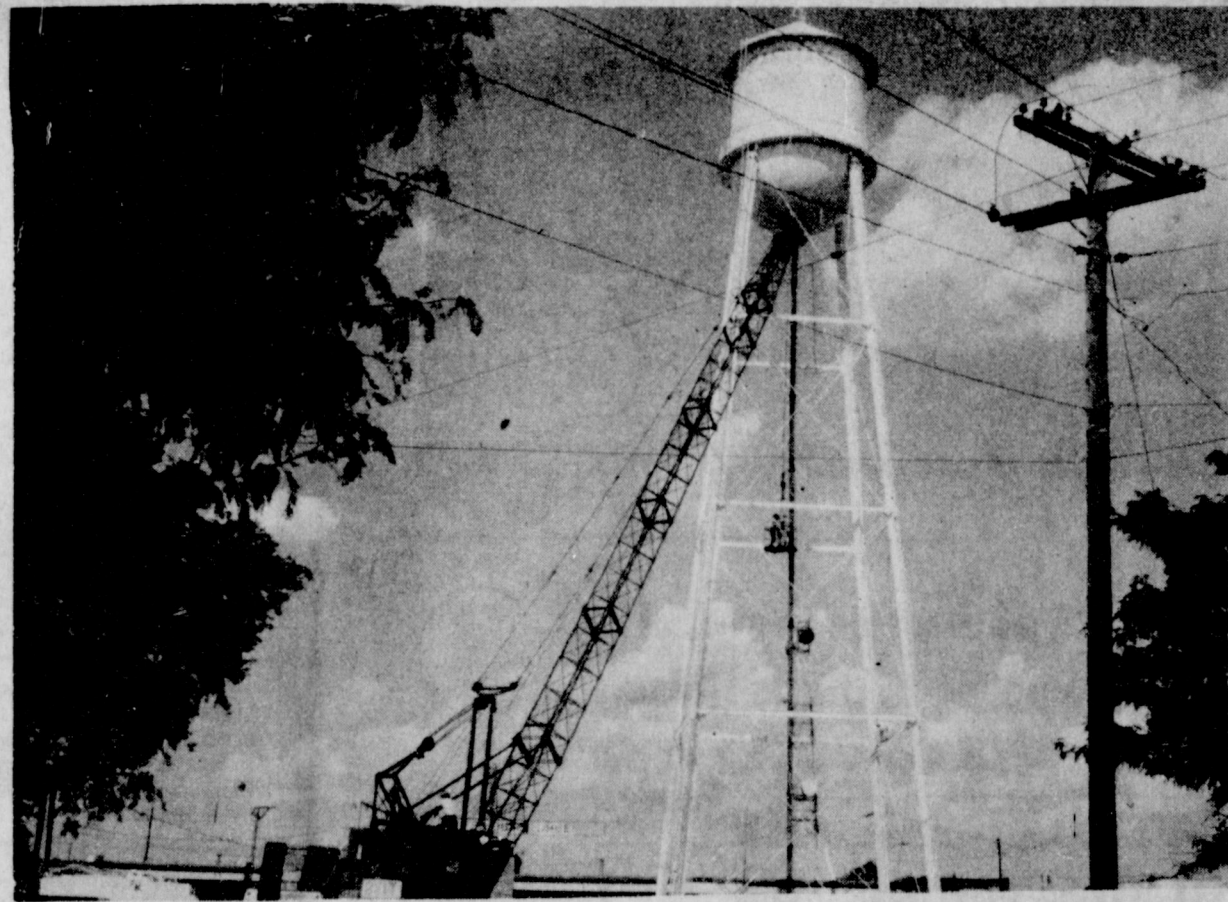

Following the Dog Show, on the east side of the show barn, 4-H youth will demonstrate their skills with bicycles and motor bikes in the Wheels A' Go-Go contest.

A variety of exhibits will be open for public viewing from 11:30 a.m.-1:00 p.m. in the meeting room in front of the show barn. You will see a number of baked goods, arts & crafts, clothing, textiles, garden and farm products, rabbits and poultry!

The 4-H Council will have a concession stand with refreshments for all!

4-H and youth activities sponsored by the Texas Agricultural Extension Service are open to all regardless of socioeconomic level, race, color, sex, religion

## Repairs Underway On Water Tower

Repair began early this week on the Spearman water tower near the city hall. The stand pipe was damaged by freezing as a result of the hard winter

and aging of the tower. A large crane is now in operation, and the stand pipe is being rewrapped and repaired.

Local sidewalk superintend-

ents are enjoying watching the mammoth crane as it lifts men and equipment to make the needed repairs.

Spearman has an excellent

water system and this will insure an even better supply when the repairs are finished.

## CONSUMER CORNER

There's good news for people concerned about making meat meals for their families, and making ends meet at the same time.

Many concerned elected officials are working on ways to make that a little easier.

These legislators are opposing the Food and Drug Administration's (FDA) recently announced intention of severely restricting the use of certain antibiotics in animal feeds.

HELPING CHOP MEAT PRICES are legislators who oppose banning antibiotics for animals.

According to government estimates, the proposed ban would cost agricultural producers more than \$700 million per year in increased production costs at a time when net farm income is projected at the lowest level since the depression.

Cost to consumers, according to the U.S. Department of Agriculture, could run in excess of \$2 billion in higher meat prices. Because the antibiotics help animals stay healthier, and so grow faster and bigger, eliminating them would mean more feed would be required to bring animals to market weight, fewer animals would be available for marketing, the meat supply would be reduced and prices would rise.

To find out where your legislators stand on this issue, you can write them at the House of Representatives, Washington, D.C. 20515, and at the Senate, Washington, D.C. 20510.

## To Visit Here

Mrs. John Hill, wife of Attorney General John Hill, who is the Democratic candidate for Governor of Texas in the November election, will be in Spearman Friday, August 25 at 1:30 p.m. in the Carl Archer home, 304 S. Endicott to visit with people in the area.

A cordial invitation is issued to all interested persons to come by and meet and visit with Mrs. Hill.

## In Custody

Hansford County Sheriff R.L. McFarlin reports that it has been rather quiet in the county over the past weekend; he does report having Jose Olivarez, 31 year old man from Waka in custody, however. Jose is back in custody on probation violation. He assaulted two deputies approximately 1 year ago.

Sheriff McFarlin reported that a jury trial will be held in Spearman, Aug. 30 on a charge of venue from Dumas. Judge Metcalf will preside at the jury trial.

Spearman was 96 degrees Tuesday, for one of the hottest spots in Texas!

or national origin.

Don't miss the second annual Hansford County 4-H Fair, Saturday, August 26 at the Spearman County Show barn!

## Muscular Dystrophy Dance-A-Thon Planned

The Spearman Explorer Post #502 will be holding a 24 hour Dance-A-Thon to benefit the Jerry Lewis Muscular Dystrophy Telethon Saturday, Aug. 26, beginning at 6 p.m. and lasting until 6 p.m. Sunday evening.

The Dance-A-Thon will be held in the old Beedy Furniture building at Plains Shopping Center.

Anyone interested in participating should contact Jennifer Umphress, 3039; Cindy Arnold, 2356; Troy Thompson, 3458; or Ronnie Burke, 2529.

Contestants will need to get as many sponsors as they can,

the more sponsors the more money will be raised. The Dance-A-Thon will be open to all ages although anyone under 18 will need to have a release form signed by their parents or guardian. These release forms and sponsorship forms may be picked up from the persons named above.

All donations from sponsors are tax deductible.

All contestants need to be at the building by 5:30 p.m. Saturday.

Follow the Lynx to Dumas Thursday nite!

## Markets

WHEAT	\$2.82
MILO	\$3.55
CORN	\$2.35

## UNDERGOES SURGERY

Jed Meisner, Lynx all state tackle, who signed with a California football team this year, underwent surgery for injuries received in a car wreck. As soon as Jed reported to California the team doctor sent him to a specialist at Bakersfield, California, and they put him in the hospital and put a steel plate in his arm. He is out now, and doing fine. He should be able to play football next year.

Kenneth Irwin, Gruver will head up the Hansford County Cattle For Arthritis Foundation campaign.

## Arthritis Foundation Sets Annual Cattle Roundup

The Panhandle Division of the Arthritis Foundation is staging its third annual Cattle Roundup.

Farmers, ranchers, and feedlot managers in the 26 counties of the Panhandle are being asked to donate cattle to be auctioned off at the Amarillo Livestock Auction beginning at 1:00 P.M. on Monday, August 28.

The Arthritis Foundation reports that farmers, ranchers, and agricultural workers are hit hardest by this number one crippler. In fact, one in every eight of the people involved in agriculture is a victim of arthritis.

The cause and cure of this hard hitting disease is still unknown, but it is suspected that exposure to the elements can trigger arthritis.

It is also thought that hard physical labor is a possible cause.

Added to the pain and suffering is the financial burden that occurs when the farmer or rancher can no longer work, due to arthritis.

There is hope, however, if the victim will seek help from a qualified rheumatologist.

The magic number for this year's roundup is 100. The

Arthritis Foundation's goal of 100 head of donated cattle underscores the fact that there are more than 100 kinds of arthritis.

Panhandle Division Director, Vivian Madewell said for more information about the auction and arthritis, contact the Arthritis Foundation, Panhandle Division, at 804 South Bryan, phone 374-2922, or write P. O. Box 3096, Amarillo, Texas 79106.

Kenneth Irwin of Gruver, will be the head of the cattle roundup in Hansford County.

## Graduate Extension Classes Offered

The College of Education of Oklahoma State University will offer three graduate extension classes on the campus of Panhandle State University during the 1978 fall semester. All of the classes carry three hours graduate credit.

The course, "History of Education," will meet from 4:45 to 7:10 p.m. on Mondays in Room 127 Hamilton Hall. Dr. Norland Strawn will be the professor. "Introduction to Reading Problems" will meet from 7:20 to 9:50 p.m. on Mondays in Room 109 Hamilton Hall. This course

will be taught by Dr. David Driskill and a course in "principles of Counseling Psychology," will meet from 7:20 to 9:50 p.m. on Mondays in Room 210 Hamilton Hall. This course will be taught by Dr. Linda Alberty.

The last day that a student may enroll is MONDAY, SEPTEMBER 11, 1978. For further information, please contact Dr. Royal H. Bowers, Dean of Instruction, Panhandle State University, Goodwell, Oklahoma, 73939, area code 405-349-2611, extension 226.

## WTSU Registration

WTSU-West Texas State University students will register for fall semester classes Sept. 1 and 2 in the WTSU Activities Center.

Freshmen and seniors will enroll Friday morning according to the alphabetical order listed in the WTSU fall schedule of classes. Sophomores, juniors, and graduate students register that afternoon and Saturday morning.

Evening only students and late arrivals begin enrolling Saturday at mid-morning, with regular registration ending at 1:20 p.m. Students may then late register until noon, Sept. 9, at the WTSU Registrar's Office in the WTSU Administration Bldg.

Classes begin Sept. 5, following a University student holiday for Labor Day. Final examinations are scheduled for Dec. 18 to 21.

West Texas State University is also offering off-campus classes in Amarillo, Pampa, Dumas, Canadian, Perryton, and Lubbock.

Students taking on-campus and off-campus classes must register on campus during regular registration Sept. 1 and 2, or during late registration until noon, Sept. 9.

To register, a student must present a WTSU identification card, or Social Security card to secure an ID card, at the time of registration.

West Texas State's residence halls open Aug. 29. Beginning freshmen who did not participate in WTSU summer orientation program should meet in the Activities Center ballroom Aug. 30 from 1:30 to 4:30 p.m.

Transfer students should meet the following day, Aug. 31, from 8:30 to 10 a.m. at the same location.

For more information, telephone the WTSU Registrar's office at (806) 656-3331.

## Etter Research Day Planned

Amarillo, Texas-Learning how to grow a profitable crop with a minimum of water is what goes on at the North Plains Research Field at Etter. Farmers and anyone interested in water conservation are invited to tour this research on Tuesday, September 5 at 1:30 p.m. The invitation comes from Dr. G.B. Thompson, Director of Research at the Texas A&M Center at Amarillo.

Dr. John Shipley and Cecil Regier who operate the Texas Agricultural Experiment Station research field, say the crops look good and there are several experiments underway that will help make farming more profitable for North Plains farmers.

The main crops under study are corn, sorghum and soybeans. "Producing the most crop the least water is our objective," Shipley said.

Over 100 commercial corn and grain sorghum hybrids are being evaluated with ample irrigation. In addition, Dr. Jess Collier, Corn Breeder from College Station, is evaluating several hundred corn inbred lines and experimental hybrids.

A limited water study on corn involves three skip row patterns, three seeding rates and irrigation levels varying from 4 to 12 inches. The researchers also said there was a similar study being conducted with sorghum.

Most farmers can not water their entire acreage at the best time, and could use information about utilizing water to better advantage.

Shipley planted several hybrids from early, medium, medium late and full season maturities on May 23. He wanted the hybrids to come into boot and heading at staggered intervals throughout the summer. One irrigation was applied at boot and another at sorghum heading. Information from this type of experiment will enable one well to furnish water at the optimum times for a large acreage. The experiment will also determine which sorghum hybrids produce best with two irrigations. Usually hybrid evaluation experiments are watered four or more times according to the researchers.

The tour will be rounded out with a stop at soybean research. Participants will see Clark-63 planted at three seeding rates on 40-inch rows that are receiving from one to five seasonal irrigations. The researchers figure that one of these combinations will allow growers to produce a profitable crop of soybeans with limited water.

"We have trailers for our tour people will be able to get off at every stop and take a close look at our research," Shipley said.

Linda Ronstadt turns a radio sponsored rock concert into a gala event in this moment from "FM."

## Baby Animal Show Tri-State Fair

One of the highlights of the Amarillo Tri State Fair each year is the Baby Animal Show. This year's display may be viewed during the entire week of the fair, September 18-23.

Exhibits in the Show include baby animals of all types that are 30 days young or less. Horses, cows, lambs, sheep, goats, rabbits, chickens and other birds will be among the species to be displayed.

Prize money totaling \$130 will be awarded to exhibitors of the most attractive and best baby animals in the show.

Superintendents of this event are Ernie Houdashell, John

Burrow and Jim Allison, all of Amarillo.

For additional information about the Baby Animal Show, contact the offices of the Tri State Fair.

## Hospital News

Patients in Fansford Hospital are Minnie Jones, Lometa Sparks, Harold Howerter, Cheryl Blankenship and son, Gary Wysong, Ruby Lieb, and Mary Lou DeArmond.

Dismissed were Charles Arnold, Dessie Jackson, Mary Hermsillo, Teresa Villines and Edna Hays. Jason Villines was transferred.

## CARD OF THANKS

At times words fail us all but we would like to try to tell all of you how much you have helped to make our grief a little easier to bear during the last year. It has been such a long, difficult year because at times David suffered so much and there was nothing we could do.  
We have been fortunate to have had so many friends who brought in food, sent flowers and offered to help in any way so we could spend more time with David.  
There are so many who have contributed to the David McMullan Cancer Fund and we can't even thank you personally because we don't know the names of those who contributed.  
During the last three weeks of David's life while he was here in Hansford Hospital he had never have more tender loving care. The nurses worked their schedule around David and took care of him at his Convenience instead of theirs. We found Dr. Yang to be a highly intelligent and compassionate doctor.  
Thank those of you who Contributed Memorials to charities in David's name. We all appreciated that and I'm sure he would too.  
We covet your prayers during the difficult times to come.  
Thank you so much, Jack, Glenna, Jay & Kerry McMullan

## Writer says one group does not speak for all

To The Editor:  
I would like to say that I was raised in the so-called "Mexican-American Life" and know what it is like. I came from a poor-type family, but my parents dug their feet in and tried to better themselves economically. The method they used was hard work and determination, not by sitting back and getting handouts or stealing to gain wealth.  
Yes, it was tough but we made it. So, consequently all six of us children now have at least a high school diploma or in one case a G.E.D. (which is the equivalent of a high school diploma).  
I am not against the Brown Berets or LULAC, (League of United Latin American Citizens), but I would like to also say that I do not agree with the way that these two groups are handling themselves in their efforts by protesting for something that we are all born with from the very first breath of air we took years ago, on our birth date, "FREEDOM". No one is trying to hold anyone or any group back from advancing in our complex world. The only thing that is holding anyone back is our own "self". Everyone should just stop and think of what they have made of their lives. Now, look at yourself. Who is the reason for being where you are or what you are?  
But, the reason for this letter is some of the past events I have been reading about in our news concerning Mexican-

Americans. The leaders of the Brown Berets and LULAC say that they are speaking for and in behalf of all Mexican-Americans. I for one am not involved in any of these groups nor do I plan to, so therefore I am angered when bunched up like cattle.  
This also is in reference to the article on page one of the Plainview Daily Herald - Wednesday, Aug. 9, 1978. The article quotes, "Two Hale County residents, acting on behalf of all Mexican-American residents of the county, have filed suit against..." I for one have not filed any suit against anyone, nor have I given anyone the right to file in my behalf.  
I do not even have any gripe against the way our city officials are handling our civic affairs. I am also quite capable of surviving today's world without someone trying to represent me without my knowledge of it. At least, our city officials are elected. Our time to be heard is when we exercise our right to vote.  
It really angers me to hear some people trying to represent a complete race only for the betterment of that single race. Hypocrites is what I call those who are involved. Hypocrites because they are trying to correct a wrong with a wrong. Trying to establish one race over the other is not the proper way to succeed in a cause such as this. The only way for anything to come from it is to work and communicate TOGETHER. I believe our officials are

doing a fine job in trying to better our entire community. It might seem slow in some concepts but they are putting their effort forward in an attempt to make this community better for everyone's sake.  
On other instances, I have noticed on many occasions some Mexican-Americans change to Spanish in their conversation as soon as an Anglo person comes near. Are you afraid to be heard and understood? If you have something to say, be understood at the same time. If you are claiming injustice in some cases, speak where you can be understood. I am not aware of a lot of instances where people have claimed any injustice but I, for one, have no claim against anyone for trying to take some of my freedom and rights away.  
As for the accusations on mistreatment by law-enforcement officers on Mexican-Americans, in all these protests no one ever brought up the fact that these people were violating the law in one way or the other. But everyone should recall that in every case these individuals were in violation of the law. Now, think if these individuals had escaped and caused you or someone you knew some kind of harm.  
These law enforcement officers are being paid to protect our lives and everything that is ours. As for any mistreatment, I am just glad that these criminals could not cause harm to anyone else. In the case of the Dallas boy (12-year-old Santos Rodriguez who was killed while in police custody) that is special and I do not know much about that case. Anyway, these people should have known better than to commit a crime. Again the blame can be pinned on their families because if these persons would have been disciplined enough to know the difference between right and wrong, nothing would have ever happened. We are to blame again. You are what you make of yourself.  
Like, I said before I am not against any special group or anyone. But, for God's sake, the first thing to do is to evaluate your own self. There is no need for any protest, suits, or any other legal matters. We were ALL born free, and by God's will we will all die free because this is what the United States of America stands for.  
Louis Rubalcado  
2502-B W. 10th

**THE ARMY RESERVE PART OF WHAT YOU EARN IS PRIDE.**

**SPORTS SHORTS**  
In 1933, Arch Ward, sports editor of the Chicago Tribune, conceived the idea for a baseball All-Star Game. Although baseball owners resisted the idea initially, the first All-Star Game was played in Chicago's Comiskey Park that July.  
Today the All-Star Game is one of baseball's most popular events. In what has become the nation's largest non-political election, the fans will again elect the starting lineups for this year's game to be played in San Diego on July 11.  
The voting, underwritten by the Gillette Company's Safety Razor Division, runs until July 2. Ballots are free at retail stores featuring a Gillette All-Star display and at major and minor league ballparks.

A wristwatch was considered effeminate prior to World War I, but this bias was overcome when the timepiece showed it practicality.

From early Roman days, June has been believed to be the best time for marriages.

# New motel

Official groundbreaking for the Nursanickel Motel, will be held Tuesday, the fifth day of September, at 10:00 a.m. in Spearman, Texas. The motel location will be on Texas Highway 207 just north of Martin's Steak Garden. Mr. Cleo Coffey Jr. of Dalhart, Texas is the owner and Hallmark Builders of Amarillo is the contractor. The motel will have 30 units with an attached office-apartment and a swimming pool. Mr. Coffey built his first Nursanickel Motel in Dalhart in 1977. The Spearman High School Band, under the direction of

Larry Prather, will play for the festivities. Master of Ceremonies will be Mr. J.L. Brock, the invocation will be given by Rev. Russell Pogue, pastor of the First Baptist Church. Mayor C. Ralph Blodgett; Jim McLain, President of the Chamber of Commerce; L.L. Anthony, President of the Spearman Industrial Plan, Inc.; and C.A. Gibner, President of the First State Bank will be among the dignitaries on the program. This motel is made possible by the stockholders of Spearman Industrial Plan, Inc.

## YOUR LIFE INSURANCE

Prepared by the American Society of Chartered Life Underwriters, the national society of life insurance professionals who have earned the C.L.U. designation by meeting high educational, ethical and experience requirements.

Q. My cousin tells me that a good rule of thumb to use if you want to figure out the amount of life insurance should carry is that it should be a minimum of four to five times my annual income. Is this about right?

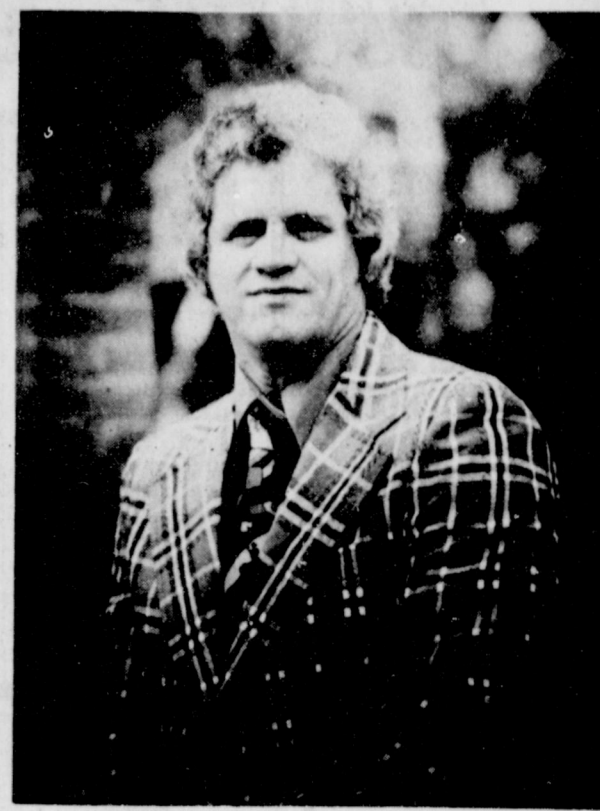

A. It's a good base to start from but it's not always right for everyone. You have to take into consideration other sources of income your family will have if you die, savings, employee benefit, Social Security, real estate investments and so on. A person with several dependents will need more. Also, your circumstances don't stand still. Bridegrooms eventually become fathers. Children grow up. In short, as your responsibilities change, so do your needs for life insurance.

The first vice president of the United States to resign from office was John C. Calhoun in 1832.

"Little minds are wounded by the smallest things." La Rochefoucauld

## Evangelistic Meetings Set

CHARLES ROGERS

Charles Rogers, President of Evangelism In Action, is an ordained Southern Baptist with a Charismatic Ministry. He has pastored churches in Texas, evangelized throughout the United States, and taken 40 missionary jounies overseas. Presently, he leads a team of ministers and laymen from America and Europe to the West Coast of Africa to celebrate Jesus' birthday each December. Last December alone, over 66,000 Africans attended the celebration. Of this number, 13,080 received Christ as Saviour, 23,292 were healed and 14,397 were baptized in the Holy Spirit. Here is a story that reads like a chapter from the Book of Acts, i.e., 5,000 people saved in one service, 9,000

people healed in one service, 10,250 people baptized in the Holy Spirit in one single service, 10,250 people baptized in the Holy Spirit in one single service. In his words, "The Book of Acts is still being written." Charles Rogers will be ministering and teaching the Word of God at Believer's Cottage, 2.7 miles west of Spearman on Highway 15. Meetings will be held Thursday, Aug. 24, and Friday Aug. 25, at 1:30 and 7:30 p.m. A luncheon will be held at 1:00 p.m. - Sat. Aug. 26 at Martin's Steak Garden. The evening meeting Saturday will be in Believer's Cottage at 7:30 p.m. Everyone welcome.

### IF I SHOULD DIE

Death! That inevitable and inescapable fate -- or is it? "I heard the doctors say that I was dead ... that's when I began to feel as though I was tumbling, tumbling through a long, dark tunnel that was bringing me closer to a distant light. Suddenly ..."

Case Paraphrase, **Life After Life**  
Dr. Raymond A. Moody, Jr. M.D.

America is talking about death, but more importantly, Life after Death. The subject that once was discussed only in whispers is now the center of conversation at office parties, bridge clubs and student gatherings. The newsstands and daily papers are filled with stories on the subject and television talk-shows are devoting entire evenings to its discussion.

E.C.R.F.'s Newest film, "IF I SHOULD DIE" explores this age old topic and much more. This dramatic film examines these life after death experiences and asks:

Are they real or simply hallucinations of a dying brain? Why are these encounters suppositive and NON-JUDGEMENTAL? Are they revealing that the Hell talked about in the Bible was really a myth or a remnant of primitive religion? "IF I SHOULD DIE" brings together some of the world's most respected Christian doctors, theologians and psychologists to investigate this subject and how it relates to histories most consistent textbook on death and dying -- THE BIBLE. This 46 minute film reveals how no one is immune to the sting of death -- its grief or sorrow; yet, through personal testimonies the film shares a living hope for man -- to face not only death itself but also the loss of loved ones.

**IF I SHOULD DIE!!** isn't it time??  
Time: 7:00 P.M.  
Place: First Assembly of God August 27

The Spearman Lions Club float, was one of the best in the Wheatheart parade this year. Thanks to Warren Proctor, and the local club!

### Nursing Home

The Medical Services Committee of the Spearman Chamber of Commerce will hold a special meeting Thursday, August 24th at 8:00 p.m. in the Golden Spread Center Building, 14 South Haney, concerning a nursing home for Hansford County.

Orvil Brummett, Chairman of the Medical Services Committee has invited Mr. B. A. Hyatt, Senior Vice President of Service Ministries, Management Services Consultation Associates out of Lubbock, Texas, to meet with this committee and interested persons, to lend guidance in providing a nursing home for Hansford County.

You are encouraged to attend this important meeting.

Experts think that this is the best time of the year to buy a new or used car. Try one of your local dealers; check their ads in this paper!

### BUDGET HEARING

Hansford County Commissioners Court will have a hearing on the 1979 Budget in their regular meeting room, Spearman, Texas on September 11, 1978 at 10:00 A.M.

You have the privilege of expressing written or oral comments at this meeting. A copy of the proposed budget may be obtained at the County Judge's office, Spearman, Texas.

The following is a summary of the entire Budget; and proposed use of the Revenue Sharing Fund:

#### PROPOSED SUMMARY OF RECEIPTS AND DISBURSEMENTS

### NOTICE BEFORE PROPOSED USE HEARING

Hearing on Proposed Use of Revenue Sharing

The City of Spearman, Texas will hold a public hearing at City Hall on August 30, 1978 at 3:00 P.M. for the purpose of obtaining written and oral comment from the public on the proposed use of revenue sharing funds in the upcoming budget for the Fiscal Year 1978-1979.

All interested citizens' groups, senior citizens and senior citizen organizations are encouraged to attend the hearing. Persons attending the hearing shall have the right to provide written and oral comments and suggestions regarding possible uses of revenue sharing funds.

Following is important planning information for the Proposed Use

Hearing:

Amount of unappropriated revenue sharing funds in the local trust fund	\$ 1,439.09
Amount of revenue sharing funds expected to be received during the upcoming fiscal year	\$ 20,543.00

MR. & MRS. L. K. GARRETT

### Garrett's To Celebrate 60th Anniversary

On August 31, 1978, Mr. and Mrs. L. K. Garrett of Gruver will celebrate their 60th wedding anniversary. Their friends and relatives have planned a reception in their honor on Sunday, August 27, in the Fellowship Hall of the United Methodist Church of Gruver from 2:00 to 5:00 in the afternoon.

Mr. Garrett is the son of the late Mr. and Mrs. J. R. Garrett of Pittsburg, Texas. Mrs. Garrett is the former Jim Kate Bunt. She is the daughter of the late Mr. and Mrs. C. H. Bunt also of Pittsburg. Kelly and Jim Kate grew up on adjoining farms near Pittsburg. After dating for 2½ years they were married on August 31, 1918, by the late Rev. Lon Morris. On the way to the parsonage for the wedding their rented Model T Ford turned over on the slick road, upsetting the couple and resulting in a sprained thumb and a little dirt. With some help they righted the car and were on their way to begin their life together. This was only the start of an adventure that has continued the last 60 years!

They spent their honeymoon in Oil City, Louisiana, where Kelly got a job in the oil fields. They returned to Pittsburg for the Christmas holidays with the intention of returning to work in Oil City. At this time, Mr. Bunt offered the young couple a horse, land, and tools to start farming. With the horse and buggy he already owned and his knowledge of farming from being raised on the farm, Kelly accepted his father-in-law's gracious proposition. Mr. Bunt also arranged with a friend of his to sell Kelly and Jim Kate some furniture (on credit, of course).

They set up housekeeping on \$45.00 worth of furniture. A bank loan, also arranged by Mr. Bunt, provided enough to make their first crop. They broke even and paid off their debts that first year, but the next year was not as good, resulting in a \$300.00 debt. But that year had its good points, too. Their only child - a wonderful 8½ pound baby boy - was born on July 6, 1920. Having trouble deciding on a name for their son, after two months they finally decided

on Haskell when the State wrote to ask them for his name. The next year they returned to the oil fields to enter the barber business. They worked in Homer, Louisiana; Haynesville, Louisiana; Smackover, Arkansas; MacNeil, Arkansas; Akron, Ohio; Durant, Oklahoma; Dallas, Texas; and finally Amarillo where they lived for four years. In 1929, Frank Gruver persuaded them to move to Gruver.

They finally settled in the best little town in Texas on January 1, 1930 - almost 49 years ago - where Kelly continued barbering. There followed some good years and some lean years. On August 21, 1932, their son Haskell died after several years of heart ailment. Haskell had quite a reputation for a 12-year old. He was a good artist and an honor student for five terms before his death.

That year Jim Kate became a beauty operator and entered the business with Kelly. They continued working together until 1944 when Kelly quit barbering to return to farming and

cattle ranching. In 1947 Jim Kate sold the shop and began to help out with the farming.

In 1958 they moved from their home on Richardson Street to their present home that they had built for them at 302 Broadway. They retired from farming in 1964.

Since that time they have divided their time between Gruver and Pittsburg where they spend several months each year pursuing one of their favorite pastimes - fishing.

In addition to being known locally for their Christian testimony and active church involvement, Jim Kate has maintained quite a reputation as a good cook.

Mr. and Mrs. Garrett are thankful to many friends they have had over the years. They are especially grateful to William and Pauline Harris, who gave them the golden opportunity to get set up in farming in Gruver, providing them with security for their remaining years.

Their advice to newlyweds is to stick with it through thick and thin and to be willing to give if you want to get.

### PCA Director Conference Set

Directors of Amarillo Production Credit Association join PCA officials throughout Texas August 25 in Lubbock for the Production Credit Associations' director conference.

Amarillo PCA director participants include Gaston Wells, chairman, Dumas; George B. Doshier, vice chairman, Vega; Wesley H. Garnett, Spearman; Billy Chesnut, Dalhart; and Howard K. Fuqua, Amarillo. James Van Pelt, PCA president, will accompany the group.

Van Pelt said the conference emphasizes credit policy and management of the Production Credit System of Texas and will bring directors up-to-date on services provided to PCAs by the Federal Intermediate Credit Bank of Houston, source of most PCA loan funds.

A special feature of this year's conference will be "PCAs Meet the Press." The

media forum will present a panel of agricultural editors and broadcasters to discuss some of agriculture's major problems and their solutions.

The panel will include Del Detering, southwest editor, Progressive Farmer; Jim Allison, farm editor, KGNC Radio; Roddy Peoples, "Voice of Southwest Agriculture," KGKL Radio; and Jim Stewart, farm and ranch director, KDAV Radio.

Amarillo PCA has farmer-rancher members in Armstrong, Carson, Dallam, Deaf Smith, Hansford, Hartley, Hutchinson, Moore, Oldham, Potter, Randall and Sherman counties and loans outstanding of more than \$31.8 million.

### WTSU Off Campus Class

WTSU-Reading for the Secondary Teacher will be taught in Dumas by Dr. Anita Kent, assistant professor of education at West Texas State University.

Individuals taking off-campus classes such as Reading for Secondary Teachers may register during the first class period. Others enrolling in both on-campus and off-campus classes enroll Sept. 1 and 2 in the WTSU Activities Center.

Fees can be paid at the time of registration.

The class will meet on Tuesdays from 7-9:40 p.m. in Room 118 of Dumas High School. The semester will begin Sept. 5 and end Dec. 21.

The course is open to graduates and undergraduates.

According to Dr. Kent, anyone involved in teaching or in school administration needs to be "aware of what the secondary teachers and the reading teachers are able to do."

"The class is based on the premise that every teacher is a reading teacher despite the content of the subject they teach," she says.

In an eighth grade class for example, Dr. Kent estimates there are eight different reading levels among the children.

"Secondary teachers frequently choose books for contents without considering the

student's ability to read," she says.

"Teachers need to look at a book and be able to use a formula to determine the level of the reading. The contents of an eighth grade book maybe at a tenth grade level," Dr. Kent says.

Students are bored with a book written at a lower level than they are accustomed to reading. They are frustrated with a book written at a higher level.

"Reading is more than a decoding process. It is a thinking process," she says. "So, we will get into more than reading. We will examine the strategies used to approach reading."

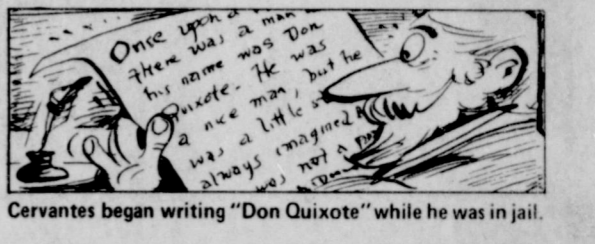

When the staff of QSKY Radio barricades the studio doors, there's only one way in and out. That's Michael Brandon swinging from the rope, getting a helpful hand from fellow deejays Cleavon Little, Martin Mull, Cassie Yates and Roberta Wallach (l. to r.).

You are cordially invited to a wedding shower honoring Mrs. Tommy Barber (nee Pam Dry) August 25, 1978, 7 to 9 p.m. Union Church Annex

MR. & MRS. JERRY TOPE

### Dicken-Tope ceremony held

Linda Lucille Dicken and Jerry Dean Tope exchanged wedding vows Sunday, July 30, 1978, in the Dove Creek Seventh-day Adventist Church. Pastor Bill Peeke officiated at the 7 p.m. candlelight ceremony.

The bride, given in marriage by her father, wore a floor length empire waisted gown of re-embroidered chantilly lace over satin. The sweetheart neckline was trimmed with a double ruffle of lace and gown was enhanced with cape sleeves. A bandeau cap of chantilly lace and seed pearls held the bridal illusion veil trimmed with lace. She carried a bouquet of yellow mums and lavender daisies.

The bride's sister, Janelle Dicken, was her maid of honor. Carol Heinrich of Enid, Oklahoma, cousin of the bride, and Karen Goodman of Spearman, Texas, sisters of the groom, were bridesmaids. They wore identical gowns of voile, lavender for the maid of honor and yellow for the bridesmaids. The gowns were fashioned with high fitted bodices, wide scooped necklines with ruffled circlelets, A-line skirts and cape sleeves. They carried parasols to match their frocks and wore wrist bouquets of lavender and white daisies.

LaDonna Dicken was flower girl and Pete Mauk was Bible boy. Ricky Reger of Spearman, Texas, was best man. Jimmy Tope of Spearman, brother of the groom, and Jordan Dicken of Dove Creek, cousin of the

bride, were groomsmen. Ushers were Ricky Shanholtzer of Van Nuys, California, and Ed Dicken of Dove Creek. They also served as candlelighters along with Denver Dicken of Berrier Springs, Michigan. Traditional wedding music was by Del Jean Dicken. Soloist was Janelle Dicken. Mike Thomas of Corrales, New Mexico, and Jan Dicken sang a duet accompanied by the organ and guitar.

The bride is a daughter of Mr. and Mrs. Max Dicken of Dove Creek. The groom, son of Mrs. Avo Tope of Spearman, Texas, is a student at Southwestern Adventist College, Keene, Texas.

Out of town guests were Mrs. Avo Tope, Jimmy Tope, Mrs. Karen Goodman, Mrs. Sharon Mauk, Pete Mauk, Mr. and Mrs. Ricky Reger, all of Spearman; Mrs. Ben Bill Jr., Chandra and Konrad, of Augusta, Georgia; Mr. and Mrs. Ben Bill of Escondido, California; Mr. and Mrs. Sol Bill of Hitchcock, Oklahoma; Carol Heinrich, Twila Heinrich of Enid, Oklahoma; LaDonna Dicken and Denver Dicken of Berrier Springs, Michigan; Mrs. Rosa Denich, El Reno, Oklahoma; Mrs. Richard Shanholtzer and Ricky of Van Nuys, California; Dr. and Mrs. Cal Thomas, Ron and Mike, of Corrales, New Mexico; Mr. and Mrs. Robert Baggott of Brighton; Mr. and Mrs. Owen Owens, Mr. and Mrs. Paul Bandy, Matthew, Robin and Lysa, all of Cortez.

### Eta Alpha Chapter Meets

Eta Alpha Chapter of Delta Kappa Gamma met Saturday, August 19 at 11:30 a.m. in the Home Demonstration Building for a salad luncheon and orientation meeting.

Hostesses were Mrs. James Love, Mrs. Florence Hance, Mrs. C.R. Burrus, Mrs. Joe Champion, Mrs. Carlie Knight, Mrs. E.N. Flathers, and Mrs. Boyce Scott.

Mrs. James Love was the presiding officer.

Mrs. Florence Hance report-

ed on the State Convention held in Abilene.

The 1978-79 proposed programs were presented and committee meetings were held.

The next meeting will be the Area XI Workshop Sept. 16 in Plainview.

Members attending from Spearman were Mrs. Don Clark, Mrs. Dick Hudson and Mrs. W.W. Weaver. Zaby Belle Walker of Phi Chapter at Canyon was a special guest.

### Rebekah Lodge Meets

On August 17, 1978 the Rebekah Lodge had an ice cream and cake social at the Swimming Pool Park with members and guest attending.

They served home made ice cream and cake to members: Inex Holland, Margaret Eller, Bernice and Howard Goodrich, Dorothy and Elmer Longley, Mae Shaull, Thelma Kenny, Mona and Cecil Slater, Ellen Babbs, J.C. Hickerson, Rose Cummings, Ruth Caro, Juanita Boxford, Evelyn Kingsley, Bill Goodrich, Mr. and Mrs. Steven Slater and Children, Mr. and Mrs. Grace Patton, Eddie Babbs, Monette Giles, Gordon Cummings, Mr. and Mrs. A.D. Sparks, Richard Kingsley, Eldon Ferrel, and Faye Klutts.

The Spearman Spinners Square Dance club had a dance last Thursday with Toots Richardson as the caller. Toots is the only lady caller.

At the dance there were six squares formed. There were several guest from area towns. The next dance will be September 7, 1978 with Paul Lopez as the caller.

At the dance last Thursday refreshments were served by club members.

Mrs. Lucy Mundy, a former longtime Spearman resident is spending a few days visiting friends in Spearman this week.

You are cordially invited to a wedding shower honoring

### Saving Bond Sales Noted

July sales of Series E and H United States Savings Bonds in Hansford County were reported today by County Bond Chairman 6 A. Gibner. Sales for the seventh-month period totaled \$51,919.00 for 58 of the 1978 sales goal of \$90,000.00.

Texas sales during the month amounted to \$24,238,097, while sales for the first seven months of 1978 total \$181,170,687 with 59 of the yearly sales goal of 306.6 million achieved.

The bristlecone pines growing in California's White Mountains are estimated to be more than 4,600 years old, making them the oldest living trees in the world.

MR. & MRS. TOMMY BARBER

### Dry-Barber Vows Exchanged

Pamela Jo Dry and Tommy Scott Barber were united in marriage in a double ring ceremony at 2:00 P.M., August 12, in the Spearman Union Church.

Rev. Archie Burress performed the ceremony before an altar decorated with three candles set in greenery on a yellow scarf.

Beautiful organ music was provided by Nellie Sluder of Gruver.

Parents of the couple are Mr. and Mrs. Floyd Dry and Mr. and Mrs. Irven Barber, all of Spearman.

The bride, given in marriage by her mother and father, wore a formal gown of chantilly lace over bridal taffeta with a jewel-

ed petal V-neckline and empire bodice. The bishop sleeves had wide cuffs and were enclosed with self fabric buttons. The A-line skirt featured lace overlaid motifs and a wide lace border around the chapel length train. Seed pearls were featured on the neckline, cuffs, and lace border of the gown.

Her dress was accented by the bridal hat featuring a wide chiffon bow in back. She carried a bouquet, featuring her chosen colors, of yellow and white daisies entwined in baby's breath with yellow lace.

The bride's sister, Sandra Dee, served as bridesmaid. Her floor length dress was yellow chiffon, sleeveless with a ruffle

around the shoulder and bottom of the skirt.

Benny Rodriguez, of Tulia, served as best man. Ushers were Danny Dry, brother of the bride and Danny Dear.

Mrs. Dry chose a dusty rose, street length dress with a full skirt, for her daughter's wedding.

Mrs. Barber wore a pale yellow, street length dress. Both mothers wore corsages of yellow daisies and baby's breath.

The wedding guests were registered at a table laid with a yellow cloth and white net accented with a yellow candle with a white daisy ring and a yellow feathered pen. Karen Barber, sister of the groom, registered the guests in the bride's wedding book.

At the reception, the serving cloth overlaid with an antique lace cloth. The three-tiered heart shaped cake was accented with small yellow daisies and was adorned with a "child" bride and groom under the traditional arch decorated with tiny yellow daisies. Mrs. Freda Bentley and Aloha Marie Bentley, aunt and cousin of the bride, baked and decorated the lovely cake.

Serving at the table were Cassie Baker and Aloha Marie Bentley.

Out of town guests included: Mrs. Lola Barber, grandmother of the groom, San Jon, New Mexico; Mr. and Mrs. R.J. Bennett, Logan, New Mexico, grandparents of the groom; Mrs. Marvin Hoadely, Reba Hoadely, and Belinda Rameriz, Logan, New Mexico; Mr. and

Mrs. Kenneth Williamson and Eunabeth Williamson, Amarillo; Mr. and Mrs. Drew Cantwell and Mr. and Mrs. Aubra Bentley, Canadian; Mr. and Mrs. Utah Bentley, Aloha Marie Bentley, and Carroll Wayne Bentley, Stinnett. The couple are at home at 405 S. Hazelwood. The groom is employed by Consumer's Sales Company.

### Presbyterian Church News

Presbyterian Men will have their monthly prayer breakfast today, Thursday, August 24 at 6:30 a.m. Pastor Ed Freeman will lead the devotions.

Betty Freeman is one of four delegates from Palo Duro Union Presbytery to a training session of Synod's Hunger Resource Committee at Ft. Worth August 24-26.

Full Leadership School and Area Meeting will be held at First Presbyterian Church in Amarillo on Saturday, August 26 from 8:30 a.m. to 3:45 p.m.

There is a Sunday Church School class for you every Sunday at 9:45 a.m. with an interesting, well prepared Bible lesson.

"If Anyone Wishes to Be a Follower of Mine" will be the subject of Pastor Ed Freeman's sermon at the service for the public worship of God on Sunday, August 27 at 11:00 a.m.

You will find a warm, Christian welcome awaiting you at any service or activity of the First Presbyterian Church.

MR. & MRS. RICKY WEAVER

### Grandson Of Local Couple Wed

Chris Martinez became the bride of Ricky Weaver in a 10 a.m. ceremony on August 5th in the sanctuary of the First Baptist Church in Grapevine, Texas. Bro. George Clarihew, pastor, officiated at the double ring rites.

Parents of the couple are Mr. and Mrs. Jack Martinez of Grapevine and Mr. and Mrs. Robert T. Weaver of Colleyville. Ricky is the grandson of Mr. and Mrs. W. W. Weaver of Spearman and Mrs. H. B. McMullen of Lamesa.

The bride, given in marriage by her cousin Gilbert Diaz, wore a gown of crystalized organza sheer fashioned with princess lines ending in a chapel train. The bottom of the skirt was accented with a wide ruffle edged in antique lace. The top of the gown featured a short cape of antique lace with a Queen Anne's neckline. The long tapered sleeves ended in a wrist length ruffle edged in lace. All of the lace was applied with pearls. Her veil of silk illusion was attached to a Juliet cap also applied with pearls. For something old and borrowed the bride carried a lace handkerchief belonging to a friend. Something new was her wedding gown, and something blue was her garter. She had a penny in her shoe.

Maid of honor was Miss Susan Eudaly. Bridesmaids were Miss Kimie Weaver, sister of the groom, and Miss Kristina Beard. The flower girl was Miss Karen Whitaker. The attendants were attired in identical formal gowns of peach colored embossed quina. The scoop necklines were accented by circular ruffles and a chiffon cummerbund and sash at the empire waistline completed the design. The bridal gown and attendants gowns were designed and made by the groom's mother.

George Hazlehurst served as best man. Kerry Ezell and Orlando Martinez, brother of the bride, served as ushers. Wesley Payne was the ring bearer. The male attendants wore ginger colored tuxedos with peach shirts. The groom wore a white tuxedo.

"The Lord's Prayer" and "Whither Thou Goest." She was accompanied by her sister, Mrs. Faith Daley. Mr. Kenneth Surley furnished the organ music for the ceremony.

At the end of the ceremony Rev. Clarihew presented the couple to the congregation as Mr. and Mrs. Ricky Weaver. At this time the couple lighted a unity candle.

As she entered, the bride presented her mother with a red rose and after the ceremony she presented a red rose to the mother of the groom.

Mr. and Mrs. Weaver and their parents received guests in the fellowship hall following the service. The bride's table featured a three-tiered wedding cake-each tier separated by pillars, and peach sherbert punch. The groom's table held a chocolate cake, coffee, and a portrait of the bride.

Members of the house party were Vicki McClellan, Jennie Powell, Holly Hardy, Mrs. Chambers, Mrs. Ezell and Miss Wingate.

Guests attended from Dallas; Hurst; Austin; West Point, New York; Odessa; Wichita Falls; Houston; Denver City; Lamesa; Lubbock; Spearman; and Arlington.

After a wedding trip to the Texas coast the couple will be at home in Austin where they will both attend the University of Texas in the Fall.

Mrs. Weaver is a 1978 graduate of Grapevine High School and will major in Music at UT. Rick is a 1975 graduate of Grapevine High School. He received his B. S. degree in

accounting from SMU in December, 1976 and is currently in law school at UT.

Mr. and Mrs. Robert Weaver hosted the rehearsal dinner at the Grapevine Steakhouse in Grapevine.

### Consumer Food News

**COLLEGE STATION** -- Best buys at Texas grocery markets this week include eggs, bananas, several fresh vegetables and some items on "special."

Also, dairy products are a bargain, considering their nutritive value, says Mrs. Gwendolyn Clyatt, a consumer marketing information specialist.

Mrs. Clyatt is with the Texas Agricultural Extension Service, The Texas A&M University System.

This week's price-quality trends include the following:

**POULTRY**--Egg supplies are plentiful with medium size likely the best buy. Whole and split fryers are features this week in some markets.

**FRESH FRUIT**--Bananas are among the least expensive fruits. Cantaloupes and watermelons have moderate prices. Compare prices closely on peaches, plums, pears, grapes and nectarines--as prices vary.

**FRESH VEGETABLES**--Best values include okra, carrots, cucumbers, dry yellow onions, soft-shell squash, corn and potatoes.

**GROCERY MARKET AISLES**--

Look for "specials" on canned pork and beans and

corn. Also, peanut butter and macaroni.

**FROZEN FOODS**--Features include orange juice, strawberries, pot pies and a variety of vegetables.

**DAIRY**--Best bargains are cheese slices and cottage cheese.

**BEEF**--Forequarter cuts offer good values. "Special" prices appear on chuck cuts and round steak. Also, sirloin and rib steak, ground beef and liver may have attractive prices.

For a budget-wise beef barbecue, buy chuck and round steak. First score each steak on both sides in a diamond pattern, 1/8-inch deep. Then marinate them in the refrigerator four hours or overnight. Marinades are usually a mixture of an acidic substance, such as vinegar, lemon, lime or tomato juice--plus cooking oil and herbs or spices.

### College List Is Planned

Every year about this time we like to have the names of young people leaving our community for various colleges to further their education.

Please call the office, 659-3434, or our society reporter, Linda Cummings, at 3944, and give the names and colleges your young people are attending.

A complete list will be printed at a later date.

We are interested in all college students, not just freshmen leaving home for the first time.

MR. & MRS. O. G. COLLINS

### Former Residents Celebrate 50th Anniversary

Mr. and Mrs. O. G. Collins of Altus, Okla. recently celebrated their golden wedding anniversary by renewing their vows in a ceremony at the First Baptist Church of Altus.

At the reception, a memory table held such memorabilia as Mrs. Collins' wedding dress, the couple's announcements and marriage certificate, pictures and gifts they received when they were married.

Guests attending totaled 150, some of whom came from Washington, D.C., and differ-

ent cities in Texas. Miss Altha Groves and Mrs. Mildred Chamberlain of Spearman attended.

Mr. Collins was manager of Community Public Service here from 1930-35, and from Spearman they moved to Clifton.

The Collins moved to Altus in 1945 when Collins became the owner of Collins Auto Supply. He is now retired.

Mrs. Collins, the former Velma D. Adams, has been a third grade teacher at Roosevelt Elementary, Altus, for 11 years.

# IT'S YOUR HEALTH

answers to your questions from the Texas Department of Health

The following information is brought to you by the Texas Department of Health.

**QUESTION:** I am a new parent, and I would like to know what shots my baby needs?

**ANSWER:** All children need five basic immunizations: DTP

(Diphtheria, Tetanus and Pertussis), Polio, Measles, Mumps, and Rubella. The suggested schedule for infant immunizations up to two years is as follows: Under a year of age, three doses of Polio vaccine should be administered two months apart, with a

booster six to 12 months later. A final booster should be given at age four to six. If the series is begun at the age of one year, two doses should be administered two months apart. A booster will be needed six to 12 months later. DTP may be used as

either a basic or booster immunization through the age of six years. At two months, the child should be given three doses at one or two month intervals.

Single-antigen Measles vaccine should be given to infants as young as six months of age if they have been exposed to natural Measles prior to the recommended dose at age 15 months. Children who receive Measles vaccine before age 12 months should be revaccinated with the live Measles vaccine at age 15 months. Mumps and Rubella vaccine may be administered along with the Measles vaccine at age 15 months. More information about the vaccine schedule can be obtained from a local Health Department or the Texas Department of Health.

**QUESTION:** What are the immunization requirements for children going to day care centers?

**ANSWER:** The requirements are more age specific. If a child is under two months of age, there is no requirement. At two to four months, a child needs to have one dose of DTP and one dose of Polio vaccine. At four to six months a child needs two shots of Polio and three shots of DTP. At 18 months to five years, a child should have three Polio, three DTP, one dose of Measles, and one dose of Rubella vaccine.

**QUESTION:** What immunizations do children need to enter school?

**ANSWER:** Children are required to have three oral Polio doses, one of which should be administered after the fourth birthday. They also need three doses of DTP vaccine, one coming after the fourth birthday. Children will also need one shot of Measles vaccine unless they have had Measles in their medical history. In addition, children need one shot of Rubella vaccine. School-age children are not required to have Mumps vaccination, but it is recommended for children through the age of seven.

**QUESTION:** When do children need booster shots?

**ANSWER:** After the age of four, children need to have boosters. Subsequent boosters will come about 10 years later. Adults should have Tetanus boosters about every 10 years.

**QUESTION:** Are there grounds for exceptions from these regulations?

**ANSWER:** Children may be exempt from the vaccine requirement for various medical and religious reasons. Such cases are infrequent.

**QUESTION:** Are there any current problems with immunizable diseases in Texas?

**ANSWER:** Last year, Texas had an outbreak of Measles and Rubella. This year there are more cases than there should be because children are not fully immunized. Polio is always a threat and can only be prevented by immunization. Tetanus also is increasing within the State.

Today's authority on immunization is Dr. Jerome H. Greenberg, Deputy Commissioner for Preventable Diseases. For further information contact your local or regional health department or write to him in care of: The Texas Department of Health, 1100 W. 49th St., Austin, Tx. 78756.

## "Car Smash It" Planned

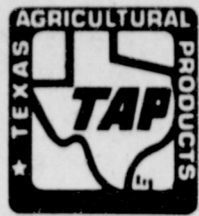

Missionaries spreading the Gospel is a vital part of God's Program. You can help supply these Missionaries with necessary tools by participating on August 26 in a "CAR SMASH IT!" This is being sponsored by Assembly of God Youth on the High Plains Shopping Center Parking Lot from 3-8 p.m. Come vent your frustrations!

Only one variety of mushroom is grown commercially in the U.S. It can range from dark brown to pure white. Differences are negligible, but the darker ones are firmer, better for skewering, less easily bruised and—some believe—more flavorful.

Ronnie Burke, with KRDF, will bring the play-by-play, along with Dwayne Smith this year.

# Texas Food and Fiber

Texas Department of Agriculture  
Reagan V. Brown, Commissioner

## QUALIFIED YOUNG FARMERS

have a tremendously hard time raising the large amounts of capital needed to get started in business, and for this reason, Agriculture Commissioner Reagan V. Brown has advocated a state-backed program to ease the task.

Brown, speaking to the state Future Farmers of America convention in San Antonio, stated that such a plan would bolster Texas' sagging farm population.

"The program could be handled by existing lending institutions on a long-term

basis with low interest rates," he said. "Such a plan would give our young farmers an opportunity to purchase land and equipment which they otherwise might not be able to afford."

Brown added that he will travel soon to Minnesota to examine a similar program instituted in that state.

"There is a saying that farmers believe in the eight-hour workday—eight hours before lunch and eight in the afternoon," Brown said. "In spite of this, there are a lot of young people who would like to farm, but

can't because of the expense. "This is contributing to the exodus from our farms," he stated. "If these young people are not encouraged to remain, family farming as we know it faces extinction."

**FAMED HEART SURGEON** Dr. Michael DeBaKey has publicly refuted many of the "cholesterol scare stories" presently making the rounds, notes Agriculture Commissioner Reagan V. Brown.

"Dr. DeBaKey has gone on record in a national publication as saying that cholesterol in eggs does not increase the risk of heart attack if enjoyed in moderate amounts," he said.

"This only confirms what poultry people have known for years," Brown added.

**ATTENTION-FARMERS & RANCHERS**  
The Texhoma Livestock Comm. Co., Inc. will hold its 32nd annual feeder calf & yearling sale on Sept. 14th, 1978. We always have a very good buyer attendance for this auction. We will sell mixed cattle starting at 10:00 AM C.D.T. until 1:00 PM. Starting at 1:00 PM, we will start on our load lots and sell any jackpot cattle we have left after the load lots. We are taking consignments for this sale, as well as every Thursday auction. To consign cattle call for Lloyd Goodner or Raymond Choate at the TEXHOMA LIVESTOCK COMM. CO., INC., PHONE 405-423-7511 or 423-7512, P.O. Box 70, Texhoma, Okla. 73949

We will also have a special calf & yearling sale Oct. 12th, 1978. We are expecting a good number of native calves on this sale from our trade area.

# 1978 Sales Tax Up 21% Over 1977

State Comptroller Bob Bullock Tuesday said Texas Cities netted a record \$236.4 million in sales tax revenues during the 1978 fiscal year, a 14.8 percent increase over the previous budget year.

Bullock said his office mailed checks August 15, totaling \$20.1 million to 903 cities as their August share of the local option, one percent sales tax.

The current state budget year ends August 31.

The City of Spearman received \$4,543.60 compared to \$3,744.51 for the same period last year.

1978 payments to date are \$67,584.81 compared to \$55,775.36 a year ago, showing an increase of 21 percent.

The City of Gruver received a check for \$567.69 compared to \$973.12 for the same period last year.

1978 payment to the City of Gruver totaled \$11,586.88, down 10 from last year's figures of \$12,979.53.

The City of Houston recorded the biggest percentage increase in sales tax collections among the state's larger cities, with revenues up 18 percent for the year.

Houston's total for the year was \$49.3 million. Dallas recorded a 9 percent increase for the year with collections of \$27.7 million. San Antonio received \$13.6 million, a 10 percent hike, and revenues for Fort Worth totaled \$9.8 million up 13 percent.

going places, in comfort and safety without using up a lot of expensive gasoline. They're going by motorcycle.

Motorcycles come in a wide variety of styles these days, including comfortable street cycles that can travel the roads to work, school or shopping during the week, and then take you off to the woods and trails on week-

**TAKING TO THE ROAD** on a motorcycle can take a load off your budget.

ends, almost as if you're getting two bikes for the price of one.

You can see these bikes and many others at Suzuki. From low-cost play bikes up through the new GS1000E, one of the best handling motorcycles available, there are so many different models that most people can find just what they need, at a very good price.

Many people have found that getting around on a motorcycle is not only a great deal of fun, it's also a great deal.

The first printing press in the colonies was established at Cambridge, Mass. in 1638.

## YOUR GARDEN

**How To Prune Roses**  
When it comes to roses, less is more. The less you leave after pruning, the more, bigger and better roses you'll probably get.

**IMPROVE YOUR ROSES** with proper pruning.

Make all pruning cuts just above an out-facing bud in order to let new shoots grow away from the center of the bush and minimize crowding. Cut back dead stems to the point where they meet healthy ones, and cut back any part of a stem that is diseased. Cut weak stems to allow nourishment to reach vigorous wood. When two stems cross, cut back the weaker to a growth bud below the point where they cross. That allows air and light to penetrate.

Weak varieties and thin shoots should be cut back harder than vigorous varieties and straight shoots. Prune tree roses harder than bushes and hybrid teas harder than grandifloras and floribundas. Prune at least once a year.

Good advice like this is available in a new, 672-page excellently illustrated gardening book. It's the Reader's Digest Illustrated Guide to Gardening, written in an easy-to-read style with easy-to-follow instructions, suggestions and diagrams.

It could help make your garden more like a bed of roses.

## REPORT TO CONSUMERS

Experts at the Electric Power Research Institute are trying to help avoid severe energy shortage. One way

is by turning coal into a liquid fuel. They are working on a pilot plant capable of processing 250 tons of coal a day. Successful completion of the programs will help bring coal liquefaction to commercial readiness, and appreciable amounts of coal-derived liquid fuels may be on the market in the 1990s.

The liquefaction process produces low-sulfur fuel that can be used by utilities in both boilers and turbines. Liquid fuels can be stored for use during peak and intermittent electricity-generating periods and save expensive in-

stallation of pollution control equipment.

The oldest state Constitution is that of Massachusetts, which was adopted in 1780.

Some American Indians used to believe that an eclipse meant the sun was being extinguished, so they tried to rekindle it by shooting fire-arrows into the sky.

# Lynx open season with scrimmage at Dumas!

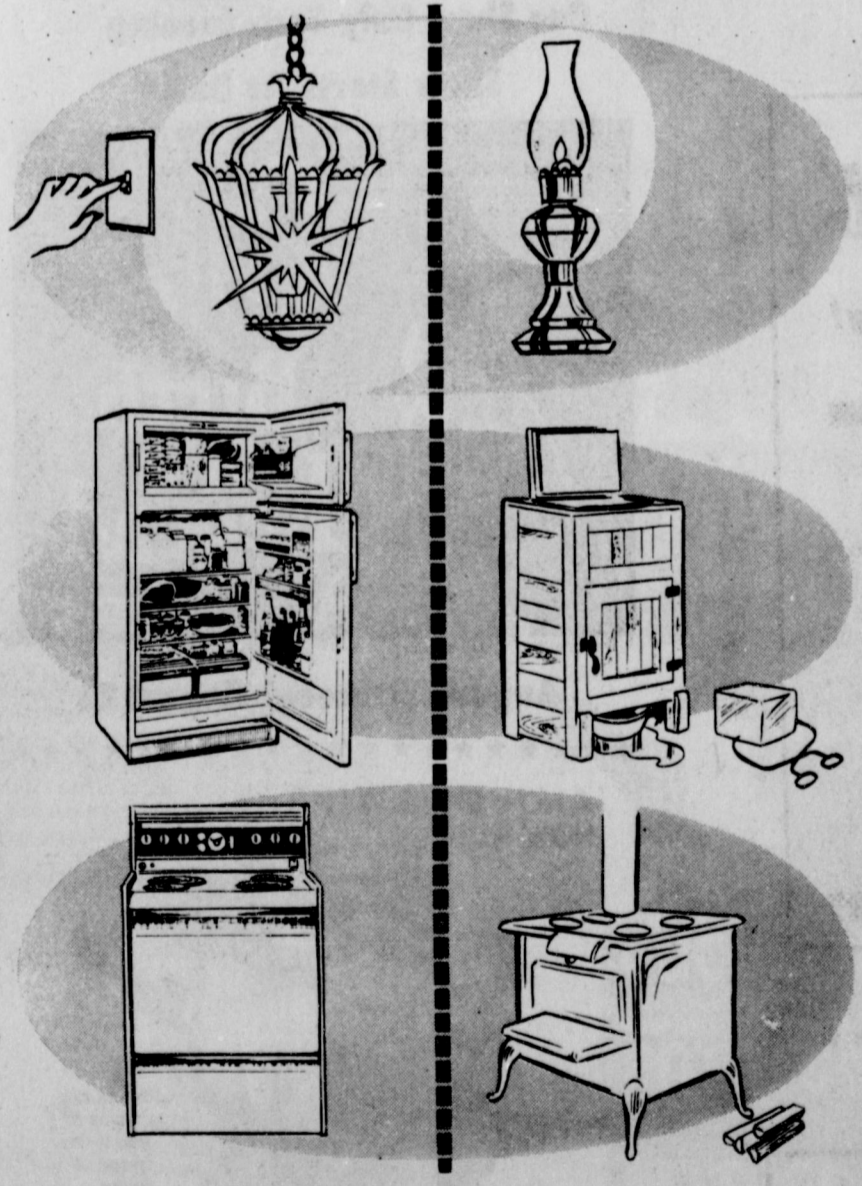

Spearman's defending 1-AA Champion Lynx will open their season, with an un-official scrimmage at Dumas, next Thursday night, August 24th. Coach Don Barton and his Demons are rated in the top 10 in AAA and the Lynx should have their work cut out for them. In the other pre-season scrimmage this year, the Lynx will travel to Sunray, Friday September 1st, for a scrimmage. Sunray is rated as one of the top teams in District 1-A this year!

At the picture taking session Friday morning, the Lynx looked more mature than last year, and they are plenty big enough to be tough. And, remember, most of these kids have been on the team at least one year, and many of them have been doing battle for two or three years. They look sharp! Football fever has hit Spearman, and there is no denying it. The Lynx look good this year!

Many people have asked us for Kaki Coates mail address. Kaki was burned August 3rd, and is in the Shrine Burn Institute now. If you would like to drop Kaki a get well card, here is her address;  
KAKI COATES

# Greyhound Gridiron Go-Round

Gruver Greyhound Head Coach Rick Nix at the far right lines up his coaching staff for the Greyhound's 1978 season including, from the left, Coaches Dave Karlin, Mike Viles, Don Prater, and Rick Smith.

The 1978 Gruver Greyhounds are looking down the tube to a great season with new Head Mentor Rick Nix, seasoned leader of Panhandle football whose experiences dates from the time he was a stand-out for the Palo Duro Dons, being mighty pleased with the 41 players who turned out for the first workout. Coach Nix is not unfamiliar with District I-A and the competition therein for he was Head Football Coach at Booker for four years prior to a one year tenure at Sorocco Independent School in El Paso where he was on the High School faculty.

Coach Nix noted that thirteen lettermen reported in including Tri-Captains Jeff Tout, Mark Fairbanks, and Ronnie Trammell as well as Chris Dorman, Rick Hadley, Gary Gilbreath, Mike Barber, Barry Barkley, Darin Winger, Larry Lackey, Wayne Davis, Randy Karlin,

and Clifton Peddy. Five are Seniors this year, Jeff Tout, Mark Fairbanks, Ronnie Trammell, Rick Hadley and Roy Don Washburn.

Looking good at the beginning of the two a-day practice in shorts, Coach Nix and his staff Dave Karlin, Mike Viles, Don Prater, and Rick Smith are concentrating the workouts on the technical aspects of the game. They commented that the players reported in good physical condition—a factor in gaining topnotch billing in the District.

The players and coaching staff alike are looking forward to putting on pads for practice beginning Friday, August 18th. Greyhound boosters are welcome to come down to the field and watch the practices and particularly are encouraged to make plans for the first 1978 scrimmage against Hooker at 6:00 P.M., Friday, August 25th.

## AUTHENTICITY IS THE KEYNOTE OF "FM"

Station QSKY, the fictional radio station of Universal's "FM," was so realistically and authentically constructed on one of the studio's sound stages that it could have gone on the air at any time if it had been connected to a transmitter and licensed by the FCC.

The QSKY set—where most of the action takes place in the comedy-drama about a contemporary radio station and its disc jockeys—consisted of two completely-equipped broadcast studios, a music library, a program director's office, lobby, corridors and even a full-sized washroom.

"All the equipment on the set was hooked-up and fully operational for broadcast," according to art director Larry Paul, who planned and supervised the construction of QSKY with the assistance of set decorator Peggy Cummings.

To design the set, Paul not only drew upon his own experience, but utilized the expertise of "FM" technical advisors Samantha Bellamy and Bonnie Simmons, as well. Ms. Bellamy is program director of the highly-rated Los Angeles station, KMET; Ms. Simmons is music director of San Francisco's popular KSAN.

Additional input was received from "FM" screenplay writer Ezra Sacks, who had experience working at station KMET for several years.

In his pre-Hollywood days, Paul had practical experience in radio station building. As a young Chicago-based architect, he had assisted in the initial design of station WLS in that city.

When director Alonzo asked him to include "a great deal of glass" in his design for the "FM" set, Paul recalled that WLS used glass very effectively for both decoration and sound. "A double layer of glass with a vacuum between the layers is perfect soundproofing," Paul noted. "I also set the glass windows of QSKY on swivel mounts so that the glare and reflections that might interfere with the cameras could be fully controlled by the director and cinematographer."

He recalled that the many deejays and radio executives who stopped by to watch the filming made complimentary remarks about the set and said that they felt right at home there.

Paul said that all of the authentic equipment used—the controls, tape decks and turntables—were either loaned to the "FM" production company by manufacturers or rented from suppliers. Also rented were the many pieces of valuable antique radio station furniture and old-time radio mementos used to decorate the QSKY lobby and the office of the program manager.

## Touring in Texas

# Lubbock ranch museum tells what pioneer life was like

By Gordon M. Quarnstrom  
World News Features

LUBBOCK—Here in Lubbock is one of America's most intriguing museums. And outdoors, too. It's the Ranching Heritage Center of Texas Tech University.

Because the homes and other structures of Texas' ranching legacy have been disappearing, due to neglect, old age and replacement, university officials and far-sighted Lubbock residents in 1967 began collecting and restoring ranching pioneer homes, headquarters buildings, barns, windmills, a schoolhouse and other remnants of a colorful age when cowboys and cattle were paramount in Texas.

The result at the Ranching Heritage Center is stunning.

The Center, which opens April 1 to remain open until late fall, shows a modern age how much courage and determination it took the Texans of a past century to develop ranches and farms, and to build a culture which endures to this day.

You learn how West Texas homesteaders used native materials to build small homes and thus prove their claims. An example is the sotol house, made in part from the stalk of the sotol plant which does well in dry, arid country. You see the one-room Bairfield schoolhouse, which dates to the 1890s, a house built by German immigrants in the 1850s, a cowboys' line house where shelter was sought and rest came on a crude bed.

There are 25 structures in the exhibit adjacent to the university's main campus. Admission is \$1 for adults, 50 cents for children over 5. The Center is open from 10 to 5 Tuesdays through Saturday, and from 1 to 5 p.m. on Sunday. Hostesses in traditional garb explain each structure and show the authentic furnishings which have been so carefully collected.

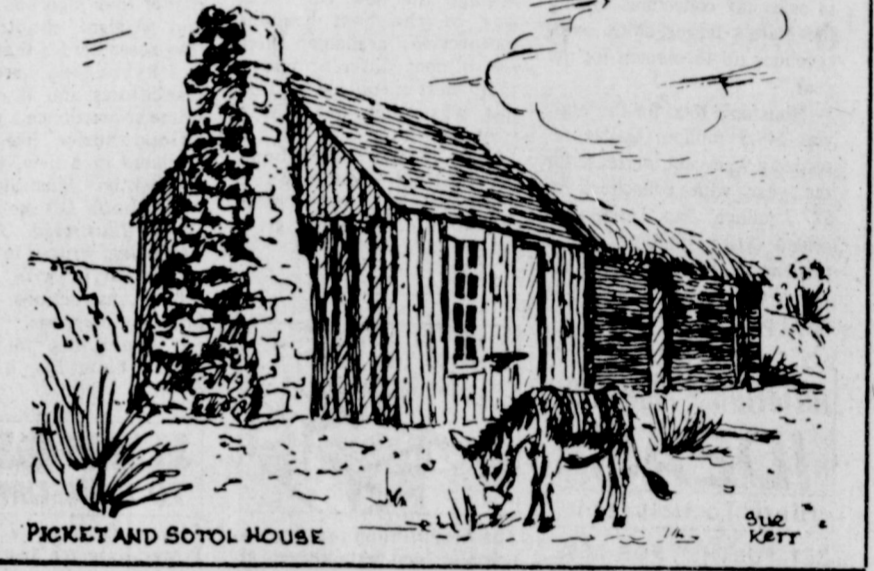

Cogdell's General Store at the entry building is a joy in itself, offering so many antique and antique-style gifts you are compelled to

buy for family, friends and yourself.

Lubbock is an interesting, clean, growing city on the sprawling South Plains. It is proud of a spirit that led it to construct a magnificent Civic Center in a deteriorating area following a tornado several years ago.

It is proud, too, that only a short drive from the modern Center is an archeological dig that is unique. A dirt-moving project on a city water project uncovered traces of early man. How early? Perhaps a million years Texas Tech coordinates a closely supervised search for primitive arrow points and other remains of those who lived in West Texas millennia ago. The dig may be viewed on Saturdays, when guides explain the work and findings.

Data on travel in the Lubbock area is available on request to Dept. GW, Texas Tourist Development Agency, Box 12008, Austin, 78711.

## Choir To Participate In Festival

The Spearman High School Chorale has been invited to participate in the Honor Choir Festival held at Mary Moody Hall in Canyon on Saturday, September 30.

Jim Woodward from Oklahoma Baptist University. The Spearman High School Choir was given this honor for attaining the sweepstakes award at UIL contest and outstanding choir in sightreading

at the Sea Arama Contest in Galveston.

Any choir member or those interested in joining choir, need to come to the High School auditorium to see Mr. Angel and to get fitted for uniforms.

## Cattle Numbers Continue Decline

COLLEGE STATION --- Cattle-men across the nation are continuing to reduce their herds, but some signs point toward a buildup by next year.

Dr. Edward Uvacek, Jr., livestock marketing specialist with the Texas Agricultural Extension Service, notes that recently reported lower cattle numbers mean producers are still in the liquidation phase of the cattle cycle.

Total cattle and calf inventories on July 1 were 7 percent below a year ago while beef cows were down 9 percent. The specialist says beef cow replacement heifers were also down sharply, but nine states reported an increase in such heifers and one had no change from last year.

"This, in itself, might be signaling a somewhat different

attitude among cattlemen and may point toward a buildup by next year," contends Uvacek. "Thus it appears cattle production is ending the old cycle which began in 1967. If this prediction is correct, cattle numbers should increase during the next few years.

"This new buildup, however, may be extremely rapid and somewhat shortened," believes the marketing specialist. "I look for another peak in numbers by 1985 or 1986."

Uvacek says the calving rate is still extremely low. The 1978 calf crop is estimated to be 4 percent smaller and come from 7 percent fewer beef cows. Of course, this calf crop number is only a preliminary figure and will be finalized at the end of the year.

Feeder cattle and calves available for feedlots in the second half of this year are also down compared with a year ago. The specialist points out that while the feedlot demand probably won't continue at its present rate, these reduced supplies should still keep feeder prices favorable.

In the course of research undertaken by producer Rand Holston, co-producer Robert Larson and screenplay writer Ezra Sacks, to insure the authenticity of Universal's "FM," the following facts about the history of disc jockeys and radio were uncovered:

Back in 1957, Time Magazine disclosed that there were some 5,000 deejays broadcasting. Today, in the course of the last two decades when rock music and the recording industry in general have become major forces in the nation's cultural life, the number of deejays has sextupled!

### Grasshopper Invasion Keeps TDA Jumping

AUSTIN—Several Texas Department of Agriculture inspectors were up to their eyebrows in grasshoppers last month as they helped rid nearly 300,000 acres of Panhandle rangeland of the voracious critters.

They were among the 16 TDA and U.S. Department of Agriculture personnel who started fighting the pests on July 5 and did not stop until July 19.

By the time they had finished, around 99 per cent of the insects which had infested range in Ochiltree, Hansford, Sherman and Lipscomb counties were dead.

"The program saved millions of dollars," said Agriculture Commissioner Reagan V. Brown. "Without it the grasshoppers would

have eaten all the grass, and the ranchers would have had to sell their cattle or buy feed."

Land in the four counties was hosting 40 to 50 grasshoppers per square yard. Only eight per square yard were necessary for the land to become eligible under a cost sharing program, TDA, the USDA and the ranchers who participated each paid 36 cents an acre.

Usually the grasshopper hatch is held down by rains that rot the eggs and parasites that eat them. A long dry spell, however, permitted an unusually high hatch which has been eating its way across parts of Texas, Colorado, Kansas, Nebraska and Wyoming all summer.

### Prices, Weather Cut Cattle Herd By 1.6 Million

AUSTIN—Economics and the weather have combined to cut the Texas cattle herd by over 1.5 million head since last summer, Agriculture Commissioner Reagan V. Brown has reported.

The Texas Crop and Livestock Reporting Service has indicated in the second of two annual cattle counts that there are 15 million head of cattle and calves in the state, compared with 16.6 million at this time last year.

"Texas cattlemen have been reducing their herds to more profitable levels for the past few years as the latest cattle cycle winds down," Brown said. "However, drought has made expensive supplemental feeding necessary, and many producers are just not able to hold back as many animals as they would like for breeding

**A TEXAS TRADEMARK**—With 15 million head on hand July 1, Texas is still the nation's cattle king, even though herds have declined by over 1.5 million head since last summer. Producers have been reducing their stock as part of the latest cattle cycle, but drought has hastened the process, according to Agriculture Commissioner Reagan V. Brown.

Because of the reduced number of cows available for breeding, the 1978 calf crop is expected to be the smallest since 1971, Brown added. This year's calf crop is estimated at 5,350,000 head, a six-per-cent drop from last year, and could work to keep beef supplies down in coming years.

Brown pointed out that nationwide, the cattle herd is down by seven per cent from a year earlier. Because Texas is the leading cattle producing state, trends here are strongly reflected throughout the country.

MR. & MRS. SAM JANZEN

### Janzen's To Celebrate 50th Anniversary

The children of Mr. and Mrs. Sam Janzen will honor them on their golden wedding anniversary with a reception Sunday, August 27th at their home 10 miles N. of Waka, from 3 to 6 p.m. All friends and relatives are cordially invited.

Irene Belle Scroggs, daughter of Mr. and Mrs. James C. Scroggs and Sam Janzen were married at her parents home 12 miles N. of Waka on Aug. 29, 1928. They lived in several homes in the same general area

and moved to their present home in 1955 which was the same site to Mr. Janzen's parents, Mr. and Mrs. Herman Janzen.

Children of the couple hosting the event are Mr. and Mrs. Earnest Janzen of Denver, Colo.; Mr. and Mrs. Joe Rose (the former Robert Janzen, Melbourne, Fla.); Mr. and Mrs. Robert Janzen, Spearman; Mr. and Mrs. Gail Janzen and Mr. and Mrs. Ray Reid (the former Avis Janzen, of Perryton.

### Free & Reduced Price Eligibility Income Scale

#### FREE AND REDUCED PRICE GUIDELINES FOR CHILD NUTRITION PROGRAM

Children from families whose income is at or below levels shown on the attached scale are eligible for free or reduced price meals. If children are eligible for free meals, they are also eligible for a free carton of milk extra, if served at a time other than the lunch hour. The reduced price for lunch is 20 cents. If your income is greater than those shown, but you have unusually high medical bills or shelter costs in excess of 30% of your income, or special education expense due to the mental or physical condition of a child, or disaster or casualty losses, your children still may be eligible.

The school children of parents or guardians who become unemployed are eligible for free or reduced price meals and milk during the period of unemployment, provided that the loss of income causes the family income during the period of unemployment to be at or below the levels shown on the attached scale.

In certain cases, foster children are also eligible for these benefits. If you have foster children living with you and you wish to apply for such meals and milk for them, please notify us or indicate it on the application.

All children are treated the same, regardless of ability to pay. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, or national origin.

Applications for free and reduced price meals may be made anytime during the school year and forms are available in the school offices.

#### FREE AND REDUCED PRICE ELIGIBILITY INCOME SCALE

Family Size	Family Annual Income	
	Free Meals	Reduced-Price Meals
1	\$0 - 3,350	\$3,350 - 6,530
2	0 - 4,400	4,400 - 8,580
3	0 - 5,450	5,450 - 10,630
4	0 - 6,490	6,490 - 12,660

#### YOUR TAX BILL MAY NOT GO AS HIGH

Public Education, this bill can be harmful in other ways. It would cause public school parents to be taxed twice: once to subsidize public schools and again through tax bonuses granted to private school parents. In addition, these credits would cost the U.S. Treasury a minimum of \$2.5 billion per year in lost revenues.

People who oppose this plan point out that using tax money to support private schools would tend to reduce the availability of federal funds for such projects as public school education, pollution control, road maintenance and service to our senior citizens.
