THE SPEARMAN REPORTER, HANSFORD COUNTY, THURSDAY AUGUST 28, 1958

Vol. 50 No. 38

Shrine Circus Scheduled Thurs. Sept 4th

All roads lead to the Big Shrine Circus in Spearman Tuesday September 4th. Advance sales of FREE tickets indicate 5,000 school children of Hansford, Ochiltree and Hutchison Counties will have an opportunity to attend this 39 act entertainment. Late reports show that merchants and Shriners have purchased more than 4500 tickets for free distribution. School will be turned out early so all children can attend the afternoon performance.

More than 4000 adult tickets have been printed and are in the hands of Shrine and Masonic members, all are working for sales of these adult tickets.

Unless unforeseen incidents occur, there will be more people attending the Shrine Circus than ever attended any event in Hansford County before.

The Matinee performance will be held at the football Stadium at 3:00 P. M. Tuesday September 4th. The night performance begins at 8:00 p. m.

BOYS RANCH RODEO TO BE HELD August 30th- Monday September 1st.

Napoleon, a pet Boys Ranch burro, receives instructions on his behavior during the forthcoming Boys Ranch Rodeo from one of the little Ranchers. The famous rodeo will be held over the Labor Day weekend, August 31 and September 1, and promises to be the best yet. A performance will be held each afternoon at 2:30 p. m.

THE STORY OF THE BOYS RANCH RODEO
Labor day week end is the traditional date for the famous Boys Ranch annual rodeo, and this coming August 31 and September 1 will mark the fourteenth consecutive presentation of this event.

Staged entirely by the boys of the Boys ranch, no performers or riders other than the boys are permitted to participate. Specialty acts will be presented between the exciting riding events, but these will be the only "outsiders" in the entire fast moving show.

Boys from five through seventeen will ride in bronc, steer, bull and calf busting events for points and prizes and the title of Best All-Around Cowboy.

The boys have also arranged several specialty acts, one of which includes their well known chuck wagon. Boy Ranchers will handle the clowning and bull-fighting chores as well as the trick riding and roping events.

This year's Boys Ranch rodeo promises to be the best and fastest moving yet, with afternoon performances at 2:30 each day at the Boys Ranch rodeo arena. Admission is \$1.25 for adults and 75c for children.

Famous Disneyland Baby Elephant At Panhandle Furniture Mart.

SEPTEMBER 26 IS DEADLINE FOR FILING SOIL BANK

Texas farmers have until Sept. 26th to file requests with their county agricultural stabilization conservation committee for a maximum rate for their farm under the 1959 conservation reserve plan of soil bank program.

Then, after filing, farmers have until Oct. 17, 1958, to apply for a conservation reserve contract. I. H. Lloyd, who has charge of the soil bank program emphasizes that under present legislation there will be no acreage reserve program in 1959. The man who farmers to become familiar with the conservation reserve.

Hansford county rates are \$12 per acre.

"Minnie" one of the Disneyland baby elephants with the Shrine Circus, prefers the SPRING EASE Mattress for real comfort and perfect relaxation. She will make a personal appearance on Thursday, September 4, at the Panhandle Furniture Mart at 1:00 p. m., and will demonstrate the firmness and durability of the SPRING EASE Mattress, proving that it will satisfy the hardest to please.

The public is invited to witness this unusual demonstration through the courtesy of the management of the local Panhandle Furniture Mart.

DON'T MISS THIS UNUSUAL EXHIBITION.

Visitors in the E. S. Uptergrove home over the weekend were Cloves, Lorene, Judy, and Joe Ed Uptergrove, of Arlington, Colo. Hubert Joyce, Sharron, Mike, and Linda Uptergrove, Stinnett; Roy Lee Betty, Susan, Vatorie, and Lee Ann Uptergrove, Spearman; J. C. Beth and Edward Miller, Borger; Mr. and Mrs. C. F. Bennett, Spearman; Mrs. Mary Howard, Gruver.

NOTICE

There are one hundred and more needy families in Las Vegas, New Mexico that are in dire need of school clothing. These families cannot send their children to school unless they are helped.

You will be going through your children's clothing soon getting prepared for school. Please see if you have any clothing you would like to give to these children in Las Vegas. If you have any that need mending, we will be glad to take them and mend them before we send them.

Last year Joe Gomez, who is in charge of distributing the clothing reported over two hundred children where given clothing. These children would not have attended school, had they not been helped. This year Mr. Gomez has received more calls for help than last year. This clothing is distributed to anyone in need, regardless of religious affiliation.

I have any clothing you would like to send please get in contact with one of us. We will come by and pick the clothing up and send them for you.

Mrs. Bob Archer, Mrs. Joe Traylor, Mrs. Eldon Carroll, Mrs. Flavil Ayres, Mrs. Vernon Crooks.

Susannah Wesley Circle
The Susannah Wesley Circle met in the church parlor Wednesday August 20th. There were nine present.

Opening prayer was by Kathryn Griffin.

Marilyn Spoonmore has been selected as the circle's representative for "Spiritual Life".

Devotional was by Wardean Smith, Marilyn Spoonmore gave an enlightening talk on Mental Health.

The circle will not meet again until Sept. 3rd. The General meeting will be held Wednesday Aug. 27th at 3:00 p. m. at the home of Mrs. Waide Griffin.

Pete Mead Promoted
The promotion of L. D. "Pete" Mead to Assistant Superintendent of its Sunray, Texas, compressor station has been announced by Northern Natural Gas Company.

A. L. Vaughan, Superintendent of Compressor Stations for Northern, named Mr. Mead to succeed Claude L. Mitchell, who was promoted to Superintendent of the Florey, Texas, compressor station.

Mr. Mead, formerly Master Mechanic at Andrews, Texas station, joined Northern at South Sioux City, Nebraska, in 1940. He spent 11 years at the Ventura, Iowa plant before being promoted and transferred to Andrews in July of 1956.

Light Saturday Rainfall 0.08
Following the two and ten hundredth inch rainfall recorded Wednesday of last week, a light rain of 0.08 fell Saturday. Wheat Producers are busy this week drilling in their 1959 wheat acreage.

This will be a very short column this week. The rain clouds all pass us by, so the irrigation pumps must run. Every one is getting ready for school to start, so vacation time is over. We do however have two very important items of news, one of them very important to Mrs. Jack Taber. She is a grand mother again.

Bergin are two very happy people. They have a son, David Walter Bergin was born Aug. 20th. He weighed in at 8 lbs. The Bergin's have two little girls, so the boy is extra welcome. Mother and son are home and doing fine. Congratulations!

Another young man also brought a lot of happiness to town. Billy Thomas Blankenship was born August 22nd, and weighed in at 8 lbs. 2 oz. He is the first born of Mr. and Mrs. Blankenship Jr. The Blankenships Sr. are used to being grandparents. But this is a new one for Tom and Polly Jones. Mother and son are home and doing fine. Again, congratulations!

Mrs. Jim Cator will leave in a day or two for Lockney to visit her daughter and son-in-law, Rev. and Mrs. Charles Broadhurst. Mrs. Broadhurst is the former Carolyn Cator. Later we may have some good news from there.

Mr. and Mrs. Floyd Turner were involved in an automobile accident last Friday. It occurred about 13 east of Sunray. Floyd was not injured, but the girls were shook up. Annie is the one most seriously hurt. She sustained

Washington News Letter From Your Congressman Walter Rogers

TO THE PEOPLE OF THE 18th DISTRICT:

BIG GOVERNMENT
There have been complaints for many years about the government in Washington getting too big. Last week, the Congress had a good taste of what happens to

a back injury. She is recovering at home.

Rev. and Mrs. A. G. Purvis are down in southeast Texas. Brother Purvis is preaching in a revival at Luling and Mrs. Purvis is visiting kin folk.

Mr. and Mrs. Al Walters and daughter have returned from a very pleasant vacation in the Black Hills of Dakota. Mr. Walters is the manager of the Shamrock plant six miles west of town. It is a very pretty place. Five other men work under Mr. Walters, and they live in town with their families.

the individual when government becomes too centralized and too concentrated. The House, in effect, denied to and individual, from whom the government had taken real property under condemnation proceedings, the right to recover that property for the same price which he received from the government, even though the government did not use the property for public purposes. As an isolated transaction, this did not register too deeply with many people, but it could have the most serious repercussions if such a policy is continuously followed in the future as it has been in the past few years.

The government has the right, regardless of the Constitution or statutory law, to take your property for public purposes. This right, however, is supposedly controlled by provisions in the Constitution and statutes limiting this right on the part of the government only to those cases where the property is needed for

public use and where the owner receives just compensation. The particular matter before the House of Representatives last week concerned an airport site which was selected by the Department of Commerce. A number of the landowners, mostly families holding only a few acres, were called upon to get off the land because the government needed it for public purpose, to wit, an airport. Some sixty-odd landowners, reconciled to the fact that they had no defense against such a proceeding, settled with the government and moved off the land, giving up their homes which had been occupied by some of them for many, many years. This was in the early 1950's. The government acquired only a part of the land included in the original project, because it was soon determined that someone had made a mistake and that the chosen site would not be satisfactory. The government, however, continued to hold the several parcels of land it had acquired for some seven years, although some of the former owners had tried to get it back. This land was finally declared surplus by the government and turned over to another agency to be sold to the highest bidder. The former owners came in and asked that they be allowed to repurchase the land at the price which had been forced upon them when they were forced to sell the land and move off. The government agency simply told them that they would not consider the matter, but that the land had to be appraised and sold at whatever its value might be at the present time, either by negotiated sale or by public auction. This government agency would have carried out its threat had not a bill been introduced that stopped them from doing this. This action, however, only served to delay the matter for a few months.

The bill was up for debate last week, and the House amended it so that the government agency is required to sell the land at present prevailing prices. The former owners, although having first opportunity to buy, are denied the right to repurchase at the price they received. The government, in effect has said to the people, who are kicked off their land involuntarily, that even though the government does not use the land for public purposes, the individual is nothing more than a cog in a wheel of the state; that compassion or emotion has no place in the operation of a government, and that the rights of individuals have become absorbed in satisfying the whims and demands of big government advocates and bureaucrats. The fact that the man who lost the land had to pay income taxes on what he received from the federal government is not taken into consideration. The fact that it costs a man quite a bit of money to move is not taken into consideration.

The fact that money is re-established a home in the locality is not taken into consideration. The individual and the family which he was raised before him for many years is cast aside and the mother of the family is raised on a small plot of land, the emotional feeling must have, are held in the House in the details of the bill, which are being considered. The bill is always necessary. Congress must furnish a statement of earnings in the present year if employed, a copy of his last year's tax return, and a copy of the social security record of the individual. The bill is always necessary. Congress must furnish a statement of earnings in the present year if employed, a copy of his last year's tax return, and a copy of the social security record of the individual. Definition of a Boy

Between the innocence of babyhood and the manhood we find a delightful creature called a boy. He comes in assorted sizes, weights and colors, but all the same creed: To enjoy every second of every day, every hour of every day, and to protest with noise (or weapon) when their last minute is finished and the packs them off to bed at night.

Boys are found everywhere—on top of, underneath, of, climbing on, swinging from, running around, or just Mothers love them, adults ignore them and Heaven forbid them. A boy is a Truth with dirt on his face, a cut on his finger, Wisdom with bubblegum in his hair, and Hope of the future with a frog in his pocket.

When you are busy, a boy is an inconceivable, some intruding jangle of noise. When you want him a good impression, his brain turns to jelly.

A boy is a composite—he has the appetite of a pig, the digestion of a sword swallower, the energy of a atomic bomb, the curiosity of a cat, the lungs of a the imagination of a Paul Bunyon, the shyness of a enthusiasm of a firecracker, and when he makes has five thumbs on each hand.

He likes ice cream, knives, saws, Christmas, the boy across the street, woods, water (in its natural large animals, Dad trains, Saturday mornings, and He is not much for Sunday School, company, books, pictures, music lessons, neckties, barbers, girls, adults or bedtime.

Nobody else is so early to rise, or so late to body else can get so much fun out of trees, dog Nobody else can cram into one pocket a rusty eaten apple, 3 feet of string, an empty Bill Durand gumdrops, 6 cents, a slingshot, a chunk of compartment.

He is made up of the following ingredients: Noise, imagination, curiosity and hunger. He is a cute little from down the street, that spoiled Imp next door, or depending on who you are. He is something to be clothed, happy and out of trouble. He is something — he's tomorrow. He's the future we are working part of the world's most important generation. Our must win the peace, his generation must keep the generation will determine whether it was worth one of the most important people in history. So, influences his life is also mighty important person.

A boy is a magical creature—you can lock him in your workshop, but you can't lock him out of your can get him out of your study, but you can't get your mind. Might as well give up—he is your captor, your boss, and master—a freckled-faced, pint jailor, your boss, and master—a freckled-faced, pint chasing bundle of noise. But when you come home with only the shattered pieces of your hopes and can mend them like new with two magic words — "DAD!"

Security

The fact that money is re-established a home locality is not taken into consideration. The relationship of the individual and the community is the basis of these benefits...

Social Security Office, according to Mr. John R. Sanderson, Manager, Amarillo District Office. When a person files an application for retirement or family insurance, some records must be furnished to establish his rights to the payments, Sanderson said. The proofs most often needed are proof of age, proof of marriage, and evidence of the amount of earnings in the preceding year.

By joining with other workers in the social security insurance program and paying social security taxes, all workers share the risk and receive a greater measure of personal and family protection at less cost, Sanderson declared.

Social Security Benefits

One of the factors which bolsters the economy of this county is the receipt of \$8,126.00 by 166 Social Security Beneficiaries. This much each month is being paid to qualified residents of the county, according to figures released by the Social Security Administration, Amarillo, Texas, today.

Tips For Managing Turkeys On Range Given

While there is a trend toward growing commercial turkeys in confinement, a large proportion of Texas turkeys are grown on range, according to Ben Wormeli, extension poultry husbandman. The two biggest considerations when using range for turkey production are plenty of shade and clean premises, says Wormeli.

Old Timers Reunion To Be Held

The Annual Old Timers Picnic will be held at Guyton in the Texas County Fain building, Labor Day, Sept. 1, 1958. Anyone who has been in the Southwest 25 years or longer is eligible there are no dues or membership fees.

Panhandle Outdoor Life

Varmint callers and predator hunters can only oil up their rifles and tune up the calls this time of the year regardless of the amount of coyotes, cats and foxes in the Panhandle during this part of the year. Weeds and vegetation are so high and thick and the food so plentiful that predators won't come to a call, and if they did the hunter could not see them through the tall grass and weeds. However, there should be a large crop of cats and coyotes, and predator hunting this fall is expected to be better than it has been the last few winters.

CLIFF SWALLOWS

Each summer from the top part of Texas south at least to Austin there are scores of Cliff Swallows that nest under most highway bridges. All four of the concrete bridges that span the Canadian River have furnished nesting sites for this summer visitor. The May issue of the TEXAS GAME AND FISH MAGAZINE has a very interesting article about the habits, etc., of the swallows that frequent Texas. The feature was written by Edgar Kincaid and illustrated with photos by E. P. Haddon.

According to "Architects in Adobe," the title, "A swallow could be defined as a flying insect trap." Foster E. Beal of the United States Department of Agriculture has reported that 375 March to September had eaten beetles (113 species), cotton boll weevils (667 individuals in 35 stomachs), chinch bugs, ants, bees, grasshoppers, mosquitos, dragonflies, may flies, lace-winged flies, and just plain flies.

"So dependent are Cliff Swallows on flying insects that they must disappear before cold grounds kill most of the bugs. Various kinds of swallows often become extraordinarily conspicuous in late summer and early fall. Thousands of individuals may congregate on telephone wires and in reedy marshes. Then they vanish. Many people used to think these swallows dropped down into the mud to sleep all winter. (More than 60 years ago U. S. Army Surgeon Elliott Coues compiled a list of 175 books and articles that had been written on Cliff Swallows fly to South America.)

With two other long-winged species, the Barn Swallow and the Nighthawk (Bulbat), the Cliff Swallow shares the distinction of being the greatest traveler among

United States land birds. Some individuals go 7,000 miles from Alaska to the temperate regions of Argentina. "When cold winds usher in the Southern Hemisphere autumn, the visitors start on their return journey through the tropics and back towards North America. Why don't the little birds settle down in the Torrid Zone, where bugs fly abundantly all year? How do they navigate over thousands of miles of woodland, pasture, field, stream, and city without guidance? Science still has not answered these questions satisfactorily."

Lions Thwarted in Try at Wild Sheep Supper

A "hot wire" from a six-volt battery was enough to change the mind of a sheep-hungry mountain lion at the Black Gap Wildlife Management Area in Brewster County, reports E. A. Walker, Director of Wildlife Restoration.

Bushland, Tex., Man Reports—

"Made \$15 an acre grazing wheat—cut a 40-bu. crop"

Bill D. Wood, who farms 640 acres, says: "My records show the dollar profit in applying Phillips 66 Agricultural Ammonia pre-plant to wheat land. On my irrigated wheat, I paid for my seed and fertilizer and made \$15 net an acre grazing it, when I used Phillips 66 Ammonia. The next year, I cut a 40-bushel wheat crop."

Other successful Southwestern farmers use Phillips 66 ammonia to give them higher grain yields... and more profitable grazing. The 82% nitrogen in Phillips 66 Agricultural Ammonia gives young wheat a fast start, supplies plenty of lush, protein-rich forage that puts on more beef at less cost per pound.

Many of these farmers plow down Phillips 66 ammonia in the fall on maize land. They know that the 82% nitrogen helps decompose crop residue, to provide extra soil food and make the soil more productive. Remember, Phillips 66 ammonia gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

August Is Rattlesnake Month!

If you live near the breaks, or near any rocks or hilly country, you probably already know that August is "mad-dog" month, and August has been fighting them all month. Mrs. Cotter stepped out of her back door last week, a rattler lay as big as a rattler as you ever saw. Mrs. Cotter killed the rattler, after quite a battle, and the big fellow had 10 rattlers on him. Billy Miller reported that the biggest rattler he ever saw, was killed in Mrs. Lowell's water lot this week. This big rattler, also with 10 rattles on him, was hung in some small netted chicken wire. The cattle had apparently attacked the snake, and had killed him. Miller thought that Mrs. Lowell had killed the snake, but she knew nothing about the big fellow. He was only 30 to 40 feet from her back door when the cattle killed him. Two more snakes were reported killed in this same area this week.

Everyone is urged to take extreme care to watch for these rattlers. Children are especially warned to stay out of the heavy underbrush in the country this month.

Jim Melton Honor Guest

Zack B. Fisher entertained in honor of his guest, Jim Melton, Sunday night with a watermelon supper on the patio.

Jim, a Senior in Palo Duro high school and a Member of the Palo Duro Dean football team has been in Spearman two weeks and returned Tuesday to begin football practice.

Those present to enjoy the watermelon were: Mary Louise Buchanan of White Deer, Susan Sheets, Mary Francis Vernon, Mickey Davis, Anna Tedford, Anita Holt, Carolyn Colard, Anita Vandenburg, Jane Griffin, Doug Moore, Jim McLain, Bob Meek, Jackie Vandenberg, Mike Holt, Bill Barkley, Wesley Garnett, Howard Garnett, Laddie Cluck, Tommie White, the honor guest, and Zack B. Fisher.

Bridal Shower For Francis Sturgeon

A bridal shower was given in honor of Miss Francis Sturgeon in the Home Demonstration Room on August 21. Hostesses were Mrs. Wayne Bryan and Mrs. Bertha Gatlin. Miss Sturgeon is the daughter of Mrs. and Mr. Don Wilcox and the bride-elect of James Scroggs.

The sting nematode, one of the more damaging nematodes in the Southeastern States, was found recently in Texas corn fields, reports Don C. Norton, assistant professor, Texas Agricultural Experiment Station.

Texas Highway Report

I. Rural accidents investigated by Texas Highway Patrolmen in the Amarillo District during July, 1958. (Does not include accidents in cities over 2,500 population or accidents investigated by other agencies.)

- A. Number of Persons Killed 17.
- B. Number of Persons Injured 106.
- C. Estimated Property Damage \$147,297.00
- II. Location of accidents during July, 1958
 - A. State and Federal Highways 116.
 - B. Farm to Market Roads 17.
 - C. County Roads 29.
 - D. Small Towns (under 2,500 population) 4.
- III. Principal Violations as Causative Factors in July Accidents
 - A. Speeding
 - B. Driving While Intoxicated.
 - C. Improper Turning.
 - D. Improper Passing.
- In June The Principal Violations Causing Accidents Were:
 - A. Speeding
 - B. Driving While Intoxicated
 - C. Improper Passing
 - D. Failure To Grant Right of Way
- E. Miscellaneous Violations
 - A. 1967 Calendar Year 113 Killed, 1048 Injured; \$1,325,886.00 Property Damage
 - B. Last Month (June, 1958) 10 Killed; 78 Injured; 130,227.00 Property Damage
 - C. Same Month Last Year (July 1957) 14 Killed, 83 Injured; 136,034.00 Property Damage
 - D. First Seven Months, 1958, 84 Killed; 438 Injured; 762,425.00 Property Damage

In carrying out their basic duties of traffic law enforcement the 34 Patrolmen of the Amarillo District No. 5-B, composed of 31 counties, performed the following activities during the month of July, 1958.

- 1. Number of Traffic Accidents Investigated 186.
- 2. Total Number of Traffic Arrests 1247.
 - (a). Speeding Arrests 809.
 - (b). D. W. I. Arrests 35.
- 3. Total Number of Warnings for Hazardous Violations 3832.
- Total Number of Safety Responsibility Police Demand Orders Served 64.
- 5. Hours Worked; Day Hours 4628; Night Hours 2803.
- 6. Miles Travelled. 113,919.

Mechanized Dairy Operations If It Will Pay

Costs of dairy farming now favor the mechanization of chore work, but operators planning to mechanize should carefully balance estimate cost against expected net returns, says A. M. Meekma, extension dairy husbandman. Technological improvements have made mechanized dairy farming possible, but not every dairy farm can be profitably equipped with machines, says Meekma. A dairyman planning to mechanize should carefully compare the savings in labor costs he expects to make through mechanization with the added costs of new labor-saving equipment.

Dairy farming has lagged far behind crop farming in mechanization, but has recently been closing the gap, points out the husbandman. One of the major stumbling blocks has been, and still is, the volume of business done by the individual dairyman. Few dairymen have had big enough enterprises to afford the investment and fixed costs that accompany a high degree of mechanization. Farm buildings also have stood in the way of mechanizing dairy farming. Designed originally for non-mechanical operation, they are often outdated, and remodeling may only partly make them adaptable to mechanical handling of materials and milk.

Save watermelon rinds to make delicious preserves or pickles. For directions ask your local home demonstration agent for a copy of extension bulletin, "Sweets For The Family Table."

Miss Nancy Behne spent last week visiting her parents, Mr. and Mrs. Buck Behne and Verlin.

Bankers predict business upturn for rest of 1958.

The Nation's first forest conservation postage stamp goes on sale October 27 at Tucson, Arizona during the annual meeting of the American Forestry Association. The issue was designed by the Post Office Department to commemorate the 100th anniversary of the birth of Theodore Roosevelt, one of this country's earliest forest conservationists, and to salute the many private and public agencies whose cooperation has helped make possible the progress in forest conservation.

First-day mailings will be cancelled with the above die featuring the Smokey Bear and the Keep America Green forest fire prevention programs.

BRIEFS VERY BRIEF

The newest, easiest, cheapest and most effective way to control Johnsongrass in row crops is to spot treat with oils or dalapon, according to Fred Elliot, extension cotton work specialist.

Twenty-four outstanding 4-H club boys and girls, representing the 12 Texas Extension Service districts, have been named recipients of the State Fair Award of Honor for 1958.

State 4-H club leaders were selected for consideration in general. Costs of dairy mechanization favor the operator who works, but operators who mechanize should carefully balance estimate cost against expected net returns, says A. M. Meekma, extension dairy husbandman.

Guaranteed to Save More Milo Than Any Other Guard with spring wire attachments

- Saves up to 5 or more bushels per acre; pays for itself quickly
- Harvests thin stands, broken stems, small in rowed or drilled fields
- Catches thrown-out heads; stops drop losses; protects heads from cutter bar
- Improves auger or reel action; lengthens life
- Won't clog with weeds nor catch on ground
- New rocket point goes through grain faster
- Sturdy construction—7/16 steel rod and gauge spring wire tines
- Can be installed easily in just 15 minutes, in combine
- Can also be used to harvest downed sorghum and other small grain

Among the leading low-priced three ...

CHEVY COSTS LESS IN ALL THESE POPULAR MODELS!*

Whatever model you've got in mind, you'll find Chevrolet fills the bill beautifully—at a price that can't be beat! Every one of these Chevy V8 sedans, hardtops and wagons costs less than any comparable model in the leading low-priced three. Yet no other car near the price is so new, so roomy, so right for you in every way!

There's nothing like one of these Chevis to give you a fast case of new-car fever. But, low-priced as they are, you're likely to find yourself sold on one before you've considered the cost.

That's because Chevrolet is the only honest-to-goodness new car in its field—new to look at, with a beautiful new Body by Fisher; new to ride in, with two completely new suspension systems; new to drive, with a wider-than-ever selection of engines and a solid, road-nug Safety-Girder frame.

With these plus many more fresh, fine advantages, it's all the more surprising to learn that all the V8-powered Chevis shown here—plus six even lower priced 6's—cost less than any comparable models in the leading low-priced three. Talk it over with your Chevrolet dealer.

ONCE UPON A TIME—Billy Burke, famous clown with the 1958 Shrine Circus, prepares a group of children for the new spectacular opening pageant, "Once Upon a Time." This lavishly costumed production features Cinderella's \$5000 golden pumpkin coach and other Mother Goose characters in the most elaborate production to be seen with any circus. The annual Shrine Circus will be here in Spearman at the FOOTBALL STADIUM under sponsorship of Hansford Shrine Club. There will be performances at 3:00 P. M., and 8:15 P. M., THURSDAY, SEPT. 4th.

BACK AGAIN—Laurence Cross, noted clown who leads the Shrine Circus zany in their laugh-provoking maniacs, has promised an all new comedy program for the 1958 circus. The comic output is not limited this year to the clowns, however, for many of the gymnasts and acrobats have placed a definite accent on comedy in their amazing exhibitions. The annual Shrine Show will appear here in the FOOTBALL STADIUM on SEPT. 4th and features all new, lavishly produced Spectaculars.

Are You A Christian

In a little tract published by the Tract Club of America Donald Hoke asks, "Are you a Christian?" and then replies with the uncertain answer so often given—"Well, I hope so,—I'm trying to be—In my poor way I'm doing the best I—"

Then he asks "Are you married?" and answers: "Well, I hope so—I'm trying to be —In my poor, weak way I'm doing the best—Wait A Minute! You bet I'm married, and I've got the swellest wife and the cutest little girl you ever saw!"

He adds—"of course you know if you're married. You were there and you've got a You don't have to TRY to be or HOPE that you are, or do the best you can—you wife and possibly children as evidence. KNOW you're married!"

Even more important, you should know whether you're a Christian or not. You don't have to depend on your feelings to tell you that you're a Christian, and that you have eternal life. If you fulfill the conditions of the contract, if you trust the Lord Jesus Christ as your Savior, you may KNOW on the authority of God's Word that you are saved—"He that believeth on the Son HATH everlasting life; and he that believeth not the Son shall not see life; but the wrath of God abideth on him" (John 3:36)

Without being presumptuous or feeling that we have a corner on the truth; but by simply believing and preaching the WORD OF GOD, Baptist are proclaiming a POSITIVE message of Hope and Salvation for this troubled generation.

The First Baptist Church of Spearman stands not as a court to judge or condemn, but as a shelter in time of storm, as a warm fellowship of redeemed sinners (saints) longing to share the good news of salvation to all. We invite you to share in the study of God's Word through Bible classes, worship with us on Sunday, call on the pastor or members in time of need or trouble. We are here to serve. The only hope of salvation by our members is through a personal commitment to a PERSONAL SAVIOR. A personal commitment to Jesus Christ (just as real as that between husband and wife) is the only WAY OF SALVATION—"I am the way, the truth and the life; no man cometh unto the Father but by me" (John 14:6). Just as there is a complete commitment in marriage to another PERSON there is a complete commitment to the PERSON Jesus Christ in becoming a Christian.

In the light of these truths will you personally ask yourself, "Am I a Christian?"

O. L. BRYANT, Pastor

News in Hansford

Soil Conservation District

According to Elzey Vanderburg local ASC office manager, interested persons may now sign up for the 1959 Conservation Reserve Program. This is the long-term program that assists farmers and ranchers in planting permanent grass on their cropland and guarantees annual rental payments on the land. The average annual payment in Hansford County for 1959 contracts is \$12.00 per acre. If you have any land which is better suited for grass than for farming this is an excellent opportunity to get good grass established. Or if you have some good cropland that for one reason or another you wish to take out of production, the Conservation Reserve may be your answer.

The Hansford Soil Conservation District now has soils maps of the entire county that you are welcome to use in selecting land to be placed in the Conservation Reserve Program. The local SCS personnel will be glad to assist you in selecting the kinds of grass best suited for planting on your land.

Water Follies At Big Fair This Year

Presenting a completely new principal attraction, featuring Water Follies of 1958, this year's Tri-State Fair at Amarillo, September 22nd through September 27th, is preparing to entertain record-breaking crowds at the Golden Spread's greatest annual event.

The internationally-famous Follies, directed by a triumphant stand at the World's Fair in Brussels, Belgium, will be a unique and highly entertaining change of attraction for residents of the Tri-State region.

In addition to scores of the nation's prettiest girls, including worldchampion swimmers and divers, the Follies presents crowd-pleasing stage acts by singing and dancing stars and comedians. The two-hour show is lavishly costumed, augmented by fairyland-like lightning effects and splendid orchestration, directed by William Clancy, former leading director for RKO Music Hall, New York City.

The nine performances of Water Follies will be presented in Fair Park Coliseum. There will be three matinee performances—Monday, Friday and Saturday—and performances each night of the Fair, Monday through Saturday.

Having enjoyed continuous growth each year since its inception, this year's fair, in the opinion of President Delbert Dalby, has every indication of greatly surpassing all others in attendance, varied entertainment for all ages, concessions, exhibits, and entries in livestock and all other major departments.

"The Golden Spread," said Dalby, "is approaching the finest harvest season it has experienced in many years, the region's population is increasing daily, and we have arranged a program for fair enthusiasts that will mark the beginning of a new era for entertainment."

Numerous free attractions have been booked for each day and night throughout the Fair. These include an exact full-size model of the U. S. Navy's earth satellite, the 57 foot Regulus II, latest surface-to-surface missile now ready for use aboard submarines and cruisers, a three dimensional cutaway model of the first nuclear powered submarine, USS Nautilus, and various other nuclear power propelled and radio guided missiles—all presented by the U. S. Navy; a mammoth exhibit of wild-life and marine life native to the Lone Star State, sponsored by the Texas Game and Fish Commission, square dancing exhibitions, concerts by the Amarillo Air Force Base Band, and others.

A cutting horse contest, approved by the National Cutting Horse Association, and an approved Quarter Horse Show, are expected to add materially to the interest of Golden Spread folk in this year's fair.

There will be no increase in prices to the fairgrounds, to the feature attraction in Fair Park Coliseum or any of the shows and rides on the two gigantic midways.

FIRST IN VALUE! It's no secret that Oldsmobile is going great—first in sales nationally in the medium price class! Style and luxury... size and sizzle... they all add up to the big word of the year, Oldsmobile!

LASTING VALUE! And that's only the beginning! The popularity of Olds for '58 means it's a cinch to command a big return on your dollars when you're ready to trade. Remember, your investment holds when you go over to Olds—you're smart to ride the Rocket!

Grown-up will have to buy their tickets, and most every Shriner and Mason in Hansford and Ochiltree counties will have adult tickets to sell or give-away.

This is really a big affair, and the profits (if any) will be used for helping clothe underprivileged children in THIS AREA.

Just in case no one else asks you to buy an adult ticket, just phone the Country Editor or John R. Collard, Jr. Either one of us will come a-runing with one or more tickets. You will want to go with your children... so be sure you have your tickets before next Thursday September 4.

The country editor is interested in knowing how our cattlemen can pay up to 40¢ a pound for light steers and then sell them for 22 cents a pound when they are fat from grazing on wheat and the fine grass of our area. Course we know there will be a lot of poundage gain—but the spread between the price of light steers and fat steers is a lot—and we bet some of you cattlemen do not have to pay big income taxes this year. UNLESS the price of fat steers goes up to at least 35¢ a pound—and heaven forbid—as all we big most waters would likely have to pay a dollar and a quarter a pound for our steaks.

Danger Spots on the Farm!

Here are 21 ways to get hurt. Can you find them?

A. ACCIDENTS FROM ORDINARY FARM WORK claim as many as 3,600 lives in U.S. annually. Find six possible accidents above.

B. NEVER A THOUGHT OF DANGER at the old swimming hole, yet four safety rules are broken in photo below. Public non-motor vehicle accidents take lives of 900 farm residents annually.

C. MOTHER'S IN DANGER too. Each year about 3,100 fatal accidents happen in farm homes. Six serious accidents could be avoided in photo above.

D. MODERN FARM MACHINERY is designed for safe and efficient operation. Use it that way! Ask your farm equipment dealer for a free copy of "Tips for Safe Tractor Operation," a Farm Equipment Institute booklet just off the press. Find the five ways to get hurt in the photo above and check your answers to this safety quiz with the approved findings on Page 90.

COMMUNITY PUBLIC SERVICE POWER

Cook better... Live better... Electrically!

WHILE SHE READS THE NEWS... YOU CAN BET...

She reads the Ads

According to the U. S. Bureau of Advertising, ADVERTISING ranks first with women, over all other newspaper content, for interest and readership! Women actually read ads in preference to anything else in the newspaper. (For that matter, ads rank third with men for readership!) And reading the newspaper is a favorite habit with American women.

So, if you have a product to sell—display it in an ad in your local newspaper. If it's for the home, write it to the housewife's point of view. For, more than anyone else, she'll read it. And, more than anyone else, she's the one who does the buying for the family!

Mrs. Housewife is your NUMBER 1 Prospective Customer... and she LIKES to read newspaper ads.
