

PANHANDLE OUTDOOR LIFE

Around the turn of the century there were published statements to the effect that anyone who desired fish on the table could have them anytime, provided they would exert a small amount of effort. This assertion was correct as far as it went. It didn't go far enough. Now in September, 1958, I am coming out with a new statement tiringly different specie of fish. The idea in olden times was to raise German Carp in your own back yard in much the manner as you would feed hogs. The 1958 version will work better than the old idea, together with having channel cat instead of the scorned carp fish.

Here is my idea. Place a certain number of fingerling catfish in an artificial water container, regulate the temperature and the flow of water into the container, and feed the fish to the maximum degree and determine what can be expected from artificial feeding. It wouldn't surprise me if there could be produced 40 pounds of catfish per year in an ordinary windmill tank if it were properly managed and the fish fed at regular intervals. In the Panhandle, the waters, during winter months, are near the freezing point, if not below. Fish are cold-blooded and are more or less dormant in cold water. Therefore, the water should be kept warm by artificial heat. Last October I placed 225 channel cat of fingerling size in a small water hole and have fed them a few hundred pounds of feed at very irregular intervals. The other day I walked around the pot hole and watched the frogs hit the water in front of me. I had not walked halfway around the hole until I noticed a frog attempting to swim across the tank. All of a sudden there was a large swirl, about as big as a dishpan, and the frog disappeared from the surface. Quickly I rigged

up my spinning rig with the only type of lure that I had, an Abba Spinner, and soon caught a channel cat that measured nearly 13 inches in length. In 11 months this fish had grown from fingerling size to nearly a keeper. I have wondered what could have been the size of the fish if I had fed them correctly. Not only that, but I have wondered what would have been the correct feeding procedure. Down state, in my opinion, fishermen harvest what the waters naturally produce. Since we don't have many waters in the Panhandle, it will make a person wonder why we don't assist in fish production procedures. Not many years back I assisted veteran Game Warden P. D. Mosely at the "French" Arlington ranch in the raising of a small, shallow, windmill tank. In one drag of the seine we pulled out a tubful of sunfish, together with three channel cat that weighed from four to ten pounds each. If a water hole about the size of an average living room will produce catfish such as these when the water is not fertilized or managed, it might be phenomenal as to what could be done with a small stock tank under strictly ideal conditions.

Pointing Dogs All last year, with but a few exceptions, my dogs showed not the slightest inclination towards scenting birds in December and January. To date I have had my dogs out twice for an hour or so and had five productive finds on quail on the first occasion and three on the other. There were two covey finds and the others were on single birds. Some of the singles flushed 30 feet in front of the dog. In September, when the weeds are tall and green, it is usually conceded that dogs cannot smell, that they had a good nose, but it couldn't be demonstrated until this year. Now, in September, if dogs over the Panhandle can pick out single quail, they should have very little difficulty in "winding" a covey for as much as a hundred yards and pointing out the birds. This is the first year since 1951 that a bird dog has had a chance to display his wares. If we continue to get a few rains or showers until the first of December, this should be one of the best years of quail hunting in the last twenty years. In fact, P. D. Mosely said yesterday that we have more bobwhite quail now than we have had in the last generation in the Panhandle.

Don't Name It

The country editor wants to put the National Broadcasting Company on the spot. We thoroughly enjoyed the opening Ed Winn melodrama programs which made its debut on the Thursday night NBC TV in our area last. We want a report from NBC relative to viewer reaction to this program. If the reaction is favorable, then we plan to go ahead and serve out the next 25 years as Editor and Publisher of this country newspaper. If the dad blamed Jet Age, selfish greed that seems to be growing in our nation causes the public to sneer at the wholesome entertainment and the superb ability of Edward Wynn. I aim to call for my social security and retire to a South Sea Island. I just ain't agona live in a nation that is going to the dogs, when I don't have to Please report soon NBC. Another item we would like to call to the attention of our readers is the significant facts

about Texas public schools. Here they are: Texas public schools enrolled 1,309,415 students and employed 50,330 teachers in 1948-49. Texas public schools enrolled 1,885,640 students and employed 78,015 teachers in 1957-58. By 1962 Texas will need 93,285 teachers for an anticipated student enrollment of 2,254,000. Since 1952 enrollment has increased annually at the rate of about 80,000 students and will continue at this rate at least for the next six years. Texas now has more than 2,000,000 schoolages (pupils between the ages of 6-17). By 1962 the number of schoolages in Texas public schools will approximate 2,500,000. Growth in student population now requires about 3,500 new teachers each year. Three thousand new classrooms costing approximately \$75,000,000 are needed annually to house the increased student population. The major part of the rapid growth in school population has occurred in 110 of Texas' 254 counties. Thirty-six counties have increased enrollments from 50% to more than 200% during the past ten years. The 36 most rapidly growing counties now enroll one-half mil-

more students than they had ten years ago. The 254 Hale-Aikin County Committees reported a current shortage of 3,373 classrooms and a need for 20,657 additional classrooms during the next five years. Texas today has 1,685 school districts; in 1948-49 it had 4,474 districts. Hale-Aikin reports indicate that 4,343 teachers are needed NOW to relieve over-crowded classrooms. Texas NOW needs 3,349 teachers as replacements for those temporarily employed.—Hale-Aikin County Reports.

The demand for teachers for the next five years will approximate \$3,857, an average of 10,771 per year. Teachers leave the profession at the rate of 4,500 per year. Better salaries is the most important single factor in retention of teachers—so say 153 Hale-Aikin County Committees.

County Hale-Aikin Committees have recommended a state schedule with a \$4,000 minimum salary and a \$6,500 maximum salary for teachers. Hale-Aikin Committees from 224 counties approved "years of experience" and "college degree held" as the base for salary schedules. More than 96% of Texas teachers hold B. A. degrees or better. More than 30,000 of the 78,000 teachers hold M. A. degrees. Almost half (35,000) of the teachers in Texas public schools have taught 13 or more years. More than 12,000 teachers have taught 36 years or more. Texas ranks 25th among the 48 states in average salary paid teachers. The beginning minimum salary for a teacher with a degree in Texas is 3,204. The maximum salary provided by the State schedule is \$4,833 for a teacher with a Master's degree and 28 or more years of service. Texas spent \$255 per child in average daily attendance in 1956-57, which ranked 32nd among the 48 states. The national average spent for public school education in 1956-57 was \$295 per pupil. Local school districts bear the

Commissioners Court Enroute To Dallas, Tex.

Hansford County's Commissioners' court plus the presiding Commissioner, George leave October 3 for Dallas where they will attend a meeting of Commissioners County Judges of this state. More than 1250 are expected to attend the meeting and the court will get a pre-view of proposed legislation that is coming up at the next session of the state legislature. Many years an attempt has been made to deprive counties of their own funds. The Lateral road fund has mean a loss of \$1,000,000 for Hansford county. Incidentally the state is in Dallas at the time of the inter-sectional football game. They are, as smart as they are, they will study reservations for the game.

meeting of the Home Agent Club on Monday, October 21, 1958 at 7:30 p. m. in the Club Room. The meeting will be held, followed by a meal. The Club members will be invited to attend Club on one of the above dates. Second Club meeting of the month will be two weeks from above dates. Program will be flower arrangement, and the leaders are preparing a most interesting demonstration.

HOUSEHOLD HINT
 Keep labels with washing instructions from garments that need special care and label with a description of garment and file or tack on bulleting board near washer.

Ever have a busy day and need a quick dessert that is tasty? Clip this one for your recipe file, as I am sure it will please the family. Mrs. B. J. Garnett, another good cook of Hansford County gives us her Lazy Daisy Cake recipe, a favorite of hers.

LAZY DAISY CAKE
 2 Eggs, well beaten
 1 cup sugar
 1 teaspoon vanilla
 1 cup cake flour
 1 cup baking powder
 1/2 cup milk
 1 Tablespoon butter
 Beat eggs, add sugar, small amount at a time, beating after each addition. Add vanilla. Sift flour and baking powder together and add. Scald milk with butter and add. Pour into greased 8" x 8" x 2" square pan and bake at 350 temperature.

ICING
 9 Tablespoons brown sugar
 4 Tablespoons melted butter

president, Judy Bayless; Secretary, Wilma Craig; Reporter, Linda Willoughby; Song Leader, Frances Chesser; Game Leader, Amy Cator. Mrs. Ted McClellan and Mrs. Ward Nolder are Gruver's capable leaders.

HOME DEMONSTRATION CLUB MEETINGS

ICING
 9 Tablespoons brown sugar
 4 Tablespoons melted butter

2 Tablespoons Cream
 1/2 cup coconut
 Mix together and spread over cake when it is done. Put under broiler and brown lightly. Serve from the pan when cool.

CORRECTION:
 In the September 18 issue of the Spearman Reporter, Mrs. Butler's recipe for Peanut Butter Cookies was printed, and the Soda was omitted. Add 1 teaspoon Soda and sift with dry ingredients.

In the September 23 issue of the Spearman Reporter, the directions for mixing were printed wrong on the Recipe of the Week, which was Gingerbread, by Mrs. Joe Traylor. The mixing directions should read as follows: Cream shortening and sugar. Add beaten egg, molasses, then dry ingredients which have been sifted together, etc. Before you forget, and your check your recipes now and make these corrections.

County Council Met Tuesday
 The Hansford County H. D. Council was called to order at 2:00 p. m. Tuesday September 23, by the Chairman, Mrs. M. O. McQuire at the club room.

The Homemakers Creed was read in unison for the opening exercise. Roll call was answered by 12 members.

Officers for the coming year are Mrs. M. O. McQuire, Chairman; Mrs. Daniel Sheets, Vice Chairman; Mrs. John Sell, Jr., Secretary; and Mrs. Alton Ellsworth, Treasurer.

The annual meeting will be held October 20th, instead of the 28th due to the absence of the Agent, who will be in attendance at State Extension Conference on this date. Plans for the annual meeting include a covered dish luncheon at noon with the business meeting following after the lunch. The recreation committee is making plans for recreation. The president of each club will give their yearly report. Council officers will have some good re-

ports to give and the standing committee will report. The clubs will present their high score members and the "Woman of the year" will be recognized and presented a gift. All H. D. women are invited to attend this meeting. Bring a covered dish and come around 11:00 a. m. Mark this date on your calendar and in your mind, October 20th.

Mrs. James Sparks reported on the Yearbook committee meeting and the plans for the new books.

There will be a trained leaders meeting October 22, 2:00 p. m. at the club room, for the second meeting in November, on the meat dish demonstration. Each club is asked to have 2 members at this meeting. The Agent, Miss Fain will be in charge.

Members present were: Mesdames. M. O. McQuire, Bert Sheppard, Johnny Gaither, Daniel Sheets, Mach Dortch, J. T. McWhirter, Howard Huffman, Alton Sparks, H. H. Chavalier, Flavil Ellsworth, B. J. Garnett, James Ayers, and Miss Fain.

Gruver Harmony Club Met
 The Gruver Harmony Club met on September 23, at Texie Barkleys home. Those present were Jo Arthur, Texie Barkley, Betty Kirk, Judy Blakenship, Lu Ann Cator, Carolyn Cooper, Janice Cooper, Janice Etling, Sandra George, Mona Hale, Rita Handuson, Deloris Larid, Judy McClellan, Sue McClellan, Kathryn Peddy, Mary Kay Wells and Kay Winger.

We opened our meeting with the Jr. hymn and Jr. Pledge.

Ronnie Riley, Jerry Thurman, Roger Vernon, Curtis Harris and Doyle Sturman entertained our club with their band. Ronnie Riley, Jerry Thurman and Roger Vernon played the guitars. Curtis Harris played the bass fiddle and Doyle Sturman played the drums. Their first number was "Carolina Moon" with Ronnie Riley on the vocal. Next Roger sang "My

True Love". Their third number was "You Cheated". For the last number Ronnie, Jerry and Roger sang "Blue Blue Day". It was all very nice.

Later Sue McClellan led the group in a discussion on "Is Rock and Roll here to Stay?"

Carolyn Cooper then gave her opinion on who would be the top singers in 1959. She thought Pat Boone and Perry Como would be on top.

We then had a business meeting. We discussed going to Wellington for the District meeting on Oct. 25. We voted to admit four new members to the club. They are Patra Shidly, Sherry Shapley, Judy Walters, and Donna Sue Cluck.

Next we discussed the installation service and decided to have it on Oct. 7, 1958 at 7:30 P. M. at the Baptist Church. We closed the meeting with the Jr. collect.

Charlie and Oscar On Fishing Trip
 Charlie Hall and Oscar Donnell returned home early Monday morning from a 4 day fishing jaunt to the happy fishing grounds in Rio Grande Canyon 17 miles South of Taous, N. M. The boys shoveled out some large trout during a one day journey to the Grande Canyon, but were physically unable to climb back into the Canyon the next day. They settled for smaller fish caught in the Honda River Canyon near Taos. They were accompanied on their trip by Charlie's father who makes his home at Taos. They allowed that if it had not rained so much, they would have been able to bring back a real fishing story.

Joe Raney from Albuquerque New Mexico, spent the past week end visiting his mother, Mrs. O. C. Raney and other relatives.

Cadillac

PROUDLY PRESENTS FOR 1959 A DRAMATIC NEW REALM OF

Motoring Majesty

A single glance tells you, beyond any question, that these are the newest and most magnificent Cadillac cars ever created. Dazzling in their beauty, enchanting in their grace and elegance, and inspiring in their Fleetwood luxury and appointments—they introduce a new realm of motoring majesty. ¶ And a single journey at the wheel will reveal another unquestionable fact—that these are the finest performing Cadillacs ever produced. With a spectacular new engine, with a more responsive Hydra-Matic drive, and with improved qualities of ride and handling, they provide a totally new sense of mastery over time and distance. ¶ This brilliant new Cadillac beauty and performance are offered in thirteen individual body styles. To see and drive any of them is to recognize a new dimension in automotive quality and goodness. Why not do both—soon? Your Cadillac dealer invites you to visit his showroom at your earliest opportunity.

By appointment to the world's most discriminating motorists!

Cadillac's noblest advancement in styling and engineering!

LOVE

Love is the strongest emotion in the world. It is the thing that brings right relationship between humanity. Love lets peace reign supremely. The reverse of love is hate. Love molds together but hate tears apart. When love wanes, nations go to war, churches fall apart, individuals become enemies and Christ becomes oblivious to the human mind. Statistics show that only 1 per-cent of all the populace of the world cause all the wars that are fought. That means that love decreases and hate increases and breaks into the point of violence.

The Bible teaches that love is the end of the law, the summary of the commandments, the bond of perfection, the theme of the Bible and the very nature of God. God is love. The nature of a thing is the source or the essence of its life. This thought acclaims that if we have God we have His nature which is love.

Our founding fore-fathers came to this great country because of a love in their hearts to worship God in freedom. May we ever hold high this banner of love which they put aloft in days gone by.

The very climax of the scriptures portrays the greatest love that mortal man has ever known which is found in John 3:16 . . . God so loved the world that He gave His own son to save a lost world. No greater price could have been paid for man's redemption and no greater love could have met those demands.

The Lord gives us the real formula for peace which was given Moses on the Mount, in the highest level conference ever held in Ex. chapter 20, of which the summation is love.

Entertained With Party Tuesday

Mrs. J. L. Brock, P. T. A. Room Representative, entertained Mrs. Richardson and her room mothers Tuesday September 23 in her home. Get acquainted games were played and when the evening was over everyone knew everyone's first and last names. In a business session, chairmen were selected for the school parties. The hostess presented Mrs. Richardson with a pink rose bud corsage.
Mrs. Willis Sheets gave a talk on Parent-Teacher Association. Refreshments were served to: Harriet Shurtlett, Coleen Shedek, Marie Dorch, Mary Jo Ockwind, Mikie Richardson, Nella Sheets, Nell Burke, Jeanne Gaither, Genevieve Hollinsworth, Melva Cox, Leatrice Mills, LaVern Baker and the hostess Mary Brock.

Surprise Party For Mrs. Miller

Mrs. Bertha Miller was surprised with a party on her birthday Monday night at 8:00 p. m. in the St. Oak House, dining room. She is the mother of C. C. Miller, manager of the Cafe.
After the big surprise was over Mrs. Miller opened her gifts and cake and ice cream was served to: Allen, Earline Palmer, Ira and Mr. Reynolds, Mr. and Mrs. Homer Thelma Tindell, Mr. C. C. Miller, and the lovely honoree, Mrs. Bertha Miller, 84 years old.

Martha Koch Becomes The Bride Of Larry Cline

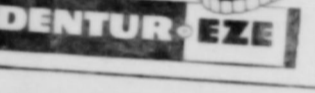

In a double ring ceremony, Miss Martha Nell Koch and Larry Lee Cline were united in marriage in the Christ Lutheran Church of Amarillo, Texas, on September 21, 1958, at 3:30 P. M. Rev. Johnson officiated.
Miss Koch is the daughter of Mr. and Mrs. Fred M. Koch of Follett, Texas.
Mr. Cline is the son of Mr. and
