Oil And Gas Wells Pumping \$13.3 Million Into County

More than \$13.3 million a year of economic stimulation for Hansford County flows its oil and gas wells each year, an annual study by Texas Mid-Continent Oil & Gas Association showed today.

As one of the 206 producing counties in Texas, Hansford County's economy is sensitive to fluctuations in the oil industry generally, commented W. A. Landreth, Fort Worth, Association president. "Long range, the demand for oil looks strong and current production rates continue to provide Texas a major source of its income. On the other hand, Texas operators are beset by competition from other oil producing areas, government ceilings on natural gas prices, heavy tax payments, and a price for crude oil that is insufficient to encourage the amount of exploratory drilling that is needed to find future reserves."

Based on latest U.S. Bureau of Mines production figures Hansford County in 1965 produced 1.9 million barrels of crude oil, valued at \$5.6 million and 59.6 billion cubic feet of natural gas valued at \$7.7 million, and ranks 79th among Texas counties in production.

In addition, plants which process natural gas for liquids such as natural gasoline, butane and propane in 1965 produced more than 177.4 million gallons of liquid valued at \$8.5 million.

A major distribution of income from sales of oil and gas went to county landowners in royalty payments totaling more than \$1.7 million.

In 1966, a year that saw drilling in Texas fall to its lowest level since 1947, oil and gas operators drilled 36 wells in Hansford County. Of these 8 were wildcats seeking new fields.

The Association estimated that operators in the county spent more than \$2.0 million in drilling last year, of which \$1.1 million was lost in dry holes.

Sharing heavily in the county's production each year is the State Treasury, which received \$797,823 in production taxes in 1965 paid by the producers and royalty owners. Crude oil production paid \$257,899 and natural gas production, \$539,924.

Texas Employment Commission figures for 1966 show that some 179 workers directly employed in oil and gas operations accounted for a payroll in excess of \$1.4 million.

Additional value is given oil and gas from the operation of processing plants. The Oil and Gas Journal lists 3 natural gasoline plants in the county with a capacity of 680,0 million cubic feet per day.

Presbyterian Services Announced

Rev. Lewis Koerselman, pastor of the First United Presbyterian Church, announces a time change for the worship service at the church for Sunday July 2nd. The service will be at 9:00 A. M., a change for this Sunday only. The Sacrament of the Lord's Supper will be administered at the church this Sunday, June 25th at the eleven o'clock service.

SS Benefits Over \$32,000 For Residents

\$32,070 a month in social security benefits were being paid to residents of Hansford County at the close of 1966. This is an increase of 3,192 over the previous year according to Virgil J. Holloway, officer-in-charge of the Pampa social security office. While the majority of these payments went to older persons, Holloway pointed out that substantial payments were also made to young widows, children and disabled workers.

Nearly every young family in Hansford County has survivors protection under social security that can be worth \$75,000 or more, and equally valuable insurance in case they become disabled. "The average worker," Holloway said, "can expect to collect more than the value of his own social security contribution just in benefits payable to him and his family in retirement. If he should die or become disabled before retirement, his family stands to collect for more than the contribution he has paid."

Monthly payments to the family of a worker who dies leaving two or more children can range from \$66 to \$368 a month, depending on the worker's average earnings under social security. Benefits to a mother and children continue until the youngest child becomes 18. Further, if a child is disabled or a full-time student his benefits may be continued beyond age 18.

Holloway recommended that all persons having a question about social security contact the Pampa social security office located in the Hughes Building, 400 W. Kingsmill or phone MOhawk 4-3381.

Citizens Urged To Greet Foreign Students Sat. With Friendly American Welcome

Spearman citizens are urged to participate in a "Red Carpet Welcome" at 4:30 p.m. Saturday, July 1, when the chartered bus carrying 42 foreign exchange students arrives in this city.

The bus is due at 4:30 at the west parking lot at the Junior High School. Officials hope for a huge crowd on hand to extend the hand of friendship to these students who will visit Spearman for 3 days.

American Field Service officials along with the Mayor and Chamber of Commerce officials will greet the boys and girls.

Sunday at 1 P.M., a covered dish luncheon in the High School cafeteria will commence a program featuring students. The public is urged to bring a dinner and participate in the meal. Drinks will be furnished.

Mayor D. E. Hackley will welcome these students, who will in turn give responses. Entertainment by a Western Band has been planned.

If time permits, each student will speak at this afternoon program Sunday, July 2. Following the program students will adjourn to various homes in Spearman which have been opened to them overnight. They will leave Spearman July 3.

These foreign exchange students were invited to stop in Spearman for this special program. They are on a tour of the USA before returning to their homes, 19 foreign countries.

Students on the tour include: Australia-Mr. Peter R. Brockhoff, Miss Heather M. Dickson, Miss Anne M. Johnson, Austria-Mr. Werner E. Hansford SCD Helps Select Top District

Hansford Soil & Water Conservation District has entered the 21st annual Goodyear competition to select the nation's top 53 conservation districts, according to Willard McCloy, Chairman; Route 3, Sunray, Texas.

Activities of the district will be weighed against the performance of other districts in the state in determining the outstanding district in the annual event sponsored by The Goodyear Tire & Rubber Company of Akron, Ohio.

Key agricultural leaders will serve as judges and will select the state winner. Soil conservation effects from January 1, 1967, through December 31, 1967, will be considered.

Grand awards for the 53 districts selected nationally will be an expense paid, work-study trip to Arizona in December, 1968, for one member of the district governing body and the outstanding farmer-cooperator in each winning district. The 106 men selected will be guests at Goodyear Farms, a 14,000 acre general farm operation near Phoenix.

Little League Honors Umpire

The Little League teams, officials and fans honored one of their finest members Tuesday night. Umpire, Woodie Beck, who has been associated with the Little League for 18 years, was presented a polaroid camera and gold trophy for his many years of service to baseball.

In the first game of a double-header Tuesday night, the losing team coach had agreed to protest the game, and call umpire Beck to the mound. Sure enough, after the first game, an extra-tough thriller for Beck to call, coach Ed Dear protested the game, and called Woodie out to the mound. The game was tough enough, a 9-8 thriller with the Dodgers beating the Astros, and this was almost too much for Ump Beck; and he couldn't imagine what he had done wrong. Sure enough, when everyone gathered around him and presented him with the trophy and presents, it was nearly too much for the 18 year veteran.

Sheriff J. B. Cooke went to Hawthorn, Nevada last week and returned a Mr. Jack Langham who was charged with removal of mortgaged property and placed in jail. The prisoner was indicted and is awaiting trial. The transient cook had worked in cafes here in Spearman.

Joe Russell was fined \$100 and court costs Monday for illegal sale of beer. Sheriff Cooke and officers are investigating the theft of an irrigation motor from the Oslo community last week. The Chevrolet Engine was taken from the Burton Olsen well.

Republican Picture Of A Democrat

Seldon Hale, son of Mr. and Mrs. Burch Hale of Gruver, is responsible for the REPORTER having the picture of Debra Brock and the First Lady for this issue.

Seldon, who was in Austin taking his Bar Exam at the time the Girls State festivities were closing, is a personal friend to the photographer who took this picture. He gave it to Seldon who in turn sent it to the Brock family with these notations: "I know you all are staunch Democrats, but I'm sure you won't mind receiving this picture from a staunch Republican."

4-H Dress Revue Scheduled For 2:30 July 3rd

The Hansford County 4-H Dress Revue will be held at 2:30 p.m. Monday, July 3, 1967 in the Morse School Auditorium. All interested persons are invited to attend the revue, which will be an exhibit of clothing project garments of the 4-H members in the county who are learning to sew.

Awards for the garment judging will be presented following the revue.

Debra Brock and Cloetta Fullbright

Stephanie Shaver, daughter of Mr. and Mrs. Harold Shaver, spent last week in Amarillo in the home of Gale Webb.

Girls' State Governor escorts Mrs. Lyndon B. Johnson, during her visit to the convention at Austin last week. In the background is Cloetta Fullbright, Lt. Gov. Debra was named as a representative to GIRLS NATION to be held in Washington, D. C. late in July.

GIRL'S NATION IS NEXT FOR DEBRA BROCK

The newspaper tried to get Debra Brock and Cloetta Fullbright to name the highlight of their Girl's State experiences, and they list some of them below.

However, we believe one of Debra's would be the private conference she enjoyed with First Lady, Mrs. L. B. Johnson. Perhaps the greatest, however, was when she was named as a delegate to GIRLS NATION to be held July 30-August 6. She had not hoped to attend Nation since Governors are never appointed to do so. Out of the 402 girls present, two were selected to represent Texas at the Nation, Washington, D.C. Both Debra and Miss Sue Oliver of Port Naches, Texas were members of the Nationalist Party... which is another first... first time two girls of the same party have been selected to attend Girls Nation.

At Girl's State, Cloetta was a Federalist Party member and Debra was a Nationalist. Their personal comments about their experiences follow: "Girls State is a mythical 51st State organized and administered for citizenship training purposes. It is in fact "A Laboratory of Government."

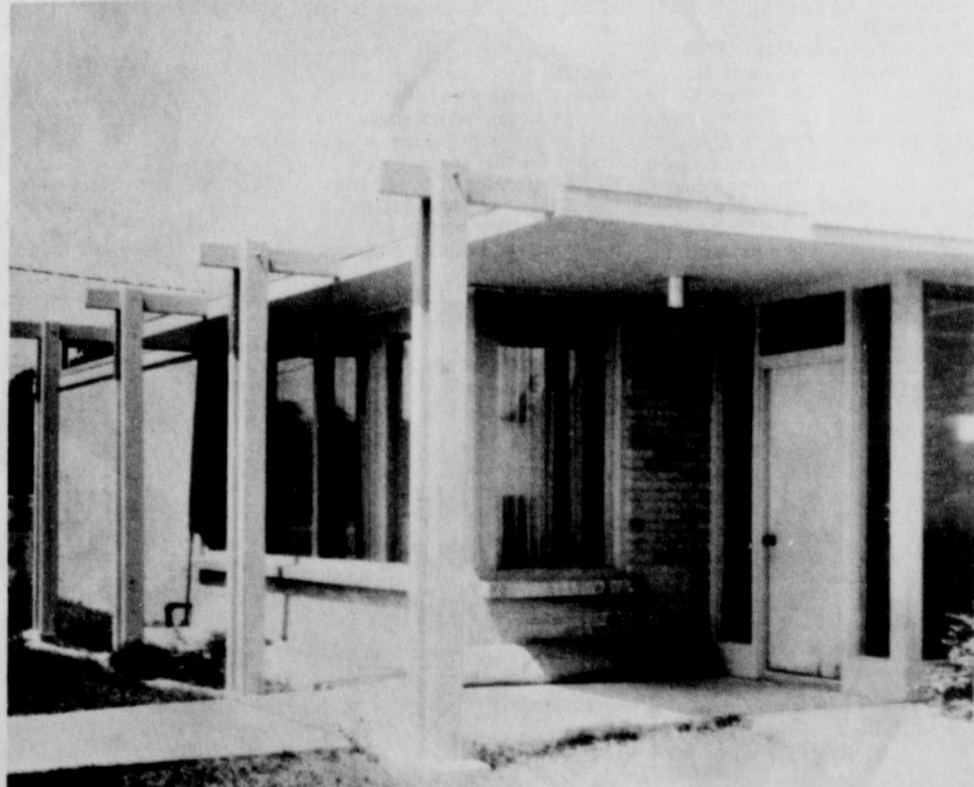

The entire program is nonpartisan. Problems are considered without reference to any existing political party and are free from propaganda. The political parties in Girls State are purely mythical. The sale purpose is to enable the citizens to grasp the meaning of some of the responsibilities, which they will be called upon to assume when they become an adult. It is the belief of the American Legion Auxiliary that from active individual participation in governmental affairs of a mythical State will come a broader understanding of the responsibilities of citizenship in a democracy and a deeper appreciation for its great privileges."

The excitement began the moment we discovered we were delegates to Girls State. But upon arrival, we found ourselves totally unprepared for the flurry of activity that awaited us. We were greeted by a host of singing Jr. Counselors, and immediately were taken to the main office where we received our name tags and deposited our money in the bank. From that moment, we were on our own and were very, very busy! We found that if we contributed nothing to Girls State, we would receive nothing. With the help of such renown speakers as Jack Cox, Margaret B. Smith, Marilyn Van Derbur, Don Pratt, Robert W. Calvert, Mr. and Mrs. Jack Flynt, LADY BIRD JOHNSON, and our dedicated staff, we shaped Girls State in the mold of our aspirations and ideals.

Billy Giles Leads Astros To Big Upset Win Over Jets 4-3

Pictured above is Coach Don Denham, and pitcher Schell of the Jets; and Billy Giles, with his coach, Ed Dear of the Astros. The Astros defeated the Jets 4-3 Tuesday night, in a thriller. Billy Giles was the individual star of the game as he blasted a stand-up double, stole third base, and raced in for the winning run. Schell, of the jets has one of the most outstanding little league pitching records in history, and Coach Denham is very proud of him.

OPEN HOUSE AT THIS CHILDREN'S CENTER will be held July 1st from 2 to 6 p. m. The new day care center has been beautifully decorated inside with sleeping rooms for boys and girls, toy rooms, complete kitchen facilities. The fenced yard has many items of playground equipment. Mr. and Mrs. Roy Bulls are owners. Mrs. Faye Dawson is director.

Let Me See ... by Sybil

I got the biggest chuckle out of Chalmers Forter's boys giving him a bottle of "color back" for Father's Day. I've wondered which one of the three thought of such a gift.... or if they were prodded in their purchase by Billy. For some reason the few gray hairs Chalmers is acquiring really bothers Billy. They are the same age and Billy sure doesn't like to think about "Chalmers getting old." The boys will hear Chalmers and Billy talking over school days and say, "Daddy did that happen back in the olden times?"

My hair color hasn't bothered me much...but my pictures have. When Billy starts out to make a picture, he loads his camera and always takes a "practice" shot of me just to be sure the flash is working. Vancil never fails to develop it and bring it to me. "To see myself as others see me" has bothered me much lately until I read in a story about Twiggy that everyone photographs to look larger than you really are!

This helped my feelings somewhat. I did wonder what it did for Twiggy...that new beanie model who is much advertised of late.

And speaking of advertising. If you don't think it pays... just visit any beauty shop in any city and see how busy operators are making every girl a blond (so they'll have more fun.) Read an article in NEWSWEEK magazine about the copywriter Shirley Polykoff. She is the girl who came up with all the advertising slogans directly responsible for the booming new industry which sells hair-color preparation to women. She is the advertising executive for Clairol, the company which has 55 percent of the \$200 million annual market. According to the article, Miss Polykoff's slogans: "Is it true blonds have more fun?" "If I've only one life to lead, let me live it as a blonde!" "The closer he gets, the better you look"....etc...has been the success of the Clairol advertising campaigns. All these clever "thoughts" have paid off for

her. She earns \$100,000 a year. Her first idea came to her as she was out walking trying to figure out a real sales pitch for women who still associated their hair color with peroxide blondes. The first provocative slogan was "Does she or doesn't she"....Back at her advertising agency, all the men decided they just could not use this slogan because it was too "risque" for a major campaign. She took a poll of all the women employees and not one of them thought so! She said then she knew "we had it made for we could count on all the men to read the ads for sheer shock value". Back when these ads first started only 7 percent of the women colored their hair. It is estimated that at least half do now.

Advertising does pay. And especially ads with good looking women and provocative slogans....What Miss Polykoff probably don't know is how many MEN she has influenced to color their hair!

It's a fact there is a barber-shop here in town which does a land-office business in putting a dressing on the men's hair which, after a few applications....changes the hair back to its natural color! It is a white, creamy hair dressing....not a dye. It works too. One man came by so I could see for myself how his graying locks had been changed back to their original color!

So, like I say, I was getting a real laugh out of Chalmers' fathers day gift. Did his boys really think he was looking old, or was it just a joke?

In walks Billy yesterday with a bottle of white, creamy hair dressing. While I am reading the label to see what this stuff really is, I am thinking: (what hair will he want this for, his hair is still black all over) when he says, "try this, my barber says it really works." I could kill him! Better yet, I could kill his barber! My problem is I NEVER HAD all ONE COLOR hair. It has always been a dukes-mixture, so how in the world will this stuff know what my natural color used to be? I don't intend to try it anyway!

When I come up one of these days looking just a little bit different....only my hair-dresser will know for sure!

Besides...to become a blonde just to have more fun runs up a terrific bill at the beauty shop. I could suggest to Billy a way to save a LOT of money...he could go on a starvation diet until he looks like Twiggy!

David McClellan, son of Mr. and Mrs. R. L. McClellan, is now in Houston doing some special work in the Laboratory at M. D. Anderson Hospital. David is studying Virology and working with the virus which causes cancer in rats. He was nominated for this special work by the Director of Scientific Research at the University of Texas. His course of Study will end about August 2.

Submit Winning Essays

The Town and Country Home Demonstration club for the past five years has sponsored an expense-paid trip for two county youngsters to attend 4-H camp. Interested 4-H boys and girls write essays on "What I Have Learned Through 4-H." This year's winners are Rita Simmons, daughter of Mr. and Mrs. L. C. Simmons of Spearman, and Barbara Davis, daughter of Mr. and Mrs. C. A. Davis Jr. of Gruver.

The girls will leave July 12 for County 4-H camp which is held this year in New Mexico. Their essays are printed below:

"What I Have Learned in 4-H" by Barbara Davis

"I haven't been in 4-H very long but I have learned a lot. I've learned to sew, which is most important to learn to do. When a person learns to sew she can sew for the family. I have learned to cook. My mother taught me to cook some but I learned mostly from 4-H. At home my mother couldn't make yeast rolls, but I learned in 4-H.

"I have learned to care for cattle which I would have never learned. My father owns cattle and it's nice to know I've learned how much to feed them and when.

"I've learned about soil conservation to save soil. Soil would be wasted if it wasn't for 4-H.

"I have learned about far away places, how they eat, what they eat and how they

dress and travel and many more interesting things about foreign places and people."

"What I Have Learned" By Rita Simmons

"During my one year of 4-H I have learned many things and in this essay I will try to tell all I can. I think the main and most important thing is that I have learned how to get along with others and to be a better citizen all around. I have also learned how to care for my hair and to fix it different ways, to take care of my skin and the make-up to use, to take care of my clothes and the styles which are most appropriate for me.

"I've learned to cook and how to serve meals for my family and others and how to be a good hostess. I have also learned to sew such things as clothes, aprons, purses, etc. I have learned how to recognize different types of fabric.

"I have learned how to decorate a room, (paint, curtains, furniture, etc.) I have learned many new hobbies to do in my spare time. I have learned ways of taking care of my time and to use it wisely. I have also learned to be conservative.

"I have learned how to care for and be with small children, how to share and be polite to others. I have learned good manners and how to set a table.

"4-H as a whole has helped me to live a better life and to be a better person."

CITY ACCIDENTS

Two accidents within the City of Spearman occurred a few minutes apart around 9:30 Tuesday morning.

The first one, in the 300 block of South Hiway 15 involved a 62 Rambler driven by Doris Old of Perryton and a 67 Dodge pickup driven by Bob Nobles, Dames, \$400.00.

The second accident occurred at 7th and hiway 15 involved a 67 Plymouth driven by Ellen Hatcock of Perryton and a 55 Int, pickup driven by Virgil Reynolds. Damages \$90.00. No injuries.

PEOPLES GAS CO. ENTERTAIN ALL AREA COUPLES

Peoples Natural Gas Company hosted an area meeting in Amarillo June 21 and 22 for all local representatives and wives.

Mrs. Dean Truit was hostess to a dinner for wives Monday night in the Gold Tree room. Those attending were: Messdames: Chuck Ashbill, Bob Callan and Dutch Snellman of Amarillo, Harold Autry of Cleburne and Donald Tanner of Spearman.

Tuesday evening, couples were entertained at dinner at Tascosa Country Club.

Butch Hale, Mrs. Ben Maize, and Preach Loftin.

The elderly gentlemen said he had performed at least 150 surgeries and delivered almost as many babies during his practice here in Spearman many years ago.

HOLIDAY JULY 4th

The Spearman Post office will be closed Tuesday, July 4th, in observance of Independence Day. No deliveries will be made on city or rural routes.

Mr. and Mrs. Bill Reeves attended the three day summer conference last week at A & M College. Their daughters, Kathy, Carol and Robin spent two weeks visiting their grandparents in Berkumett and Seymour Texas.

Lisa Douglas Honored On 5th Birthday

Mrs. Bill Douglas honored her daughter Lisa with a party June 20 to celebrate her fifth birthday.

Guests arrived at 3 p. m. and began the party with a party game before watching Lisa open her gifts. After eating refreshments of decorated birthday cake, ice cream, and punch, the guests played outdoors. Miniature American flags were given as favors along with balloons.

Attending were Brad and Chad Guthrie, Shelly and Scott Strawn, Kevin Russell, Rhonda Riley, Julie, Lisa and Donna Douglas.

Mr. and Mrs. Shaver, Stephanie, Lee and Kelly, accompanied by Robert Archer spent Sunday at Lake Meredith boating and skiing.

Dr. J. P. Powell Visited Here

Dr. J. P. Powell passed through Spearman Tuesday morning and, as always, stopped to visit at the REPORTER office. He did not know W. J. Miller, late editor, had passed away.

Dr. Powell had his medical office in Spearman back in the early 1920's. Up until 2 years ago he maintained offices at Dalhart where he had practiced medicine for the past 24 years.

He said his wife passed away January 16. Since that time he has commuted between Dalhart and Vici, Okla. where he visits the Rest Home. He said he contributed \$15,000, to build the home and reserved the right to go there and stay for a few days at a time.

Dr. Powell, who is 89 years old, asked about Bruce Sheets,

Wedding Shower For Bride - To - Be

Miss Mae Bell Witcher, bride elect of Robert Pendleton, was honored with a bridal shower at the Home Demonstration Clubroom Saturday afternoon, June 24.

Miss Witcher was presented a corsage of yellow rosebuds highlighted with a miniature bride and groom. Mrs. A. R. Witcher and Mrs. Walter M. Pendleton were each presented corsages of white mums. Mrs. Sallie Mason, grandmother of the groom was also presented with a white mum corsage.

A color scheme of yellow and white was further carried out in the table decorations and refreshments. The table was laid with a white cutwork cloth over arrangement of white daisies. The yellow candles and crystal punch bowl completed the setting. Cookies, punch, nuts and mints were served.

Miss Diana Parsons registered guests and Miss Barbara Wilde, Miss Nelda Vanderburg, and Mrs. Larry Beck presided at the punch bowl and reception table. Mrs. Harry Mason, sister of the bride, assisted the honoree with her gifts. Hostesses for the courtesy

were Meses. Wesley Garnett, and Lynne, John Wilde and Barbara, R. E. Bradford and Sue, Viola Hutton, Ernest Wilmethe and Nancy, E. Vanderburg and Nelda, Granville Boyd and Donna, A. D. Parsons and Diana, J. D. Helms, Alan Ricketts and Gloria, and Ray Devers.

Out of town guests included Mrs. Harry Mason of Enid, Oklahoma, Mrs. Fredrick Mason and Mrs. Sallie Mason of Texas, Oklahoma, and Mrs. Walter M. Pendleton of Amarillo, Texas.

Family Picnic Planned For Thurs. July 6

The Gladiola Flower Club met June 15 at 9:30 in the home of Mrs. Marcus Larson. President Betty Jean Davis called the meeting to order by asking for roll call which was answered with a new food product on the market.

Members discussed their next meeting which will be a family picnic at the swimming pool park on July 6. During the business, Dorothy Buzzard won honors for her arrangement of red hollyhock. The program was given by Dorothy Hauer on "Antique Wall Plaques You Can Make." She gave all the stages to follow in making these plaques.

Attending were Mesdames Hugh Banks, John Brown, Lloyd Buzzard, Irvin Davis, Ed Hanner, Bill Jackson, Walter Spoonemore, Bill Turner, Leland Wood and new members Mrs. Darce Foshee and Mrs. Randle Nichols and the hostess.

Cris Lobo Returns To Her Home In Brazil

Quiet, Dignified Cris Lobo left Spearman Tuesday for Amarillo where she will join a group of other foreign exchange students for a bus tour of the USA. The tour will end in New York City July 23. The next day she will catch the plane for her home in Salto, Brazil.

Cris, who has made her home in Spearman the past year with Mr. and Mrs. John Wilde, chose to leave her friends in Spearman in a quiet manner. She said, "I didn't want a going-away party for it would be so hard to say good bye and I would like to keep the memory of the people like they are... Not crying," Cris added, "It

was so hard for me to leave my home in Brazil to come to America, and now that I've had my home in Spearman the past year and learned to love so many people, it's like leaving home again. It is sad for me to say good-bye."

Miss Lobo said she had not been disappointed nor sorry with her year's schooling in Spearman and that she would love to do it again. She said her education had been improved here and she enjoyed most the various departments in school such as the drama and speech departments. In Brazil she would have to attend a special school for these. The school activities clubs, etc. here is something they do not enjoy in Brazil.

She said the way of life here is very different than in her country. Homes have more modern facilities, such as air conditioners... everyone drives big cars. In Brazil most people walk or drive the small cars. She loved Spearman because of its size. This gave her the opportunity to meet more people.

Next March Cris will enter college in Brazil where she will study languages. Later she will be an English teacher.

Mr. and Mrs. Jerry Ralls, Jana and Joni are home now after a week's vacation in Colorado. A few of the places they visited were Lake San Isabel, Colorado Springs and Denver.

Retreat Held At Lake Fryer

On June 23, ten girls of the First Baptist Church and their sponsors Mrs. Toye Renfro, Mrs. R. L. Uptergrove and Mrs. Don Denham, went to the G. A. retreat at Lake Fryer. This was an associational retreat held at the Lake from 10 a.m. until 4 p.m. Ninety-five girls attended bringing sack lunches for their mid-day meal.

A sing-a-long opened the retreat followed by a welcome given by Mrs. Troy Nolan who is the Associational W. M. U. president of Canadian.

Miss Mildred Crabtree, a missionary to Nigeria, spoke to the girls on witnessing for Christ in Nigeria.

After the noon hour, the meeting was opened again with individual prayers. Joan Green, director of youth activities at the First Baptist Church in Perryton spoke to the girls on "Our Witness Through Summer Missions." After the girls divided in three groups for seminars, Miss Crabtree spoke again to close the retreat.

SANSINGS TO VISIT WITH GRANDCHILDREN

Mr. and Mrs. T. D. Sansing will be leaving this week end for Corpus Christi for a visit with their daughter, Tynell; Mr. and Mrs. David Jordan. The Jordans have a new son, named Michael Bryan. He was born June 24. This makes two boys and two girls for them. Mrs. Sansing said they were really looking forward to a visit with their grandchildren. They have lived in Corpus a year now and haven't visited them there yet.

Wedding Dress Revue Featured Models Worn For 1915 Weddings

THIS PICTURE was made June 6, 1915 when Mr. and Mrs. Lee McClellan were married at the Wilson farm which is north of where Gruver is now. Vera Beatrice Wilson made her lovely wedding dress. She wore it again on their 50th anniversary celebrated in 1965. Her granddaughter, Becky McClellan, modeled her dress at the revue Saturday night. The gown is of creme-colored crepe-backed satin and silk. The sleeveless, bolero jacket is of satin edged with tulle pouffing. The bodice and sleeves of the gown itself are of openwork silk lace embroidered with silk, and the short, slightly gathered sleeves are tucked at the bottom and fastened with a single pouf of tulle. It is shirred from the waist to the hips and the flared skirt is accented with three tiered tucks. The waist is further complimented by a band of tulle pouffing. Becky also modeled the slip the bride wore under the gown. Made from Irish linen, it has a scalloped hem edged in lace and delicately but lavishly embroidered.

Christian Women Fellowship of First Christian Church presented their style show of wedding dresses, new and old, last Saturday evening, June 24, in the church sanctuary.

Mrs. Orville Brummett narrated the dress review as it was presented in the form of a wedding. Solists for the occasion were Ed Hawk and Mrs. Dick Countiss with Mrs. K. D. Clark, organist.

It was a candlelight service with candles down the center aisle, in the windows, and tapers and spirals at the altar which was decorated in greenery. The dresses were taken from three different eras with statistics of the wedding and family given as each model came down the aisle. When they reached the front, a description of the dress was also given.

Maid of Honor was Debra Brock and groomsmen were Larry Campbell and Gary Ellsworth. Flower girls were Connie Vernon, Brenda Boyd and Cristy West with ring bearer Kevin Russell. Special music was played for each period. Reverend Schelle gave popular readings from well known wedding rites.

The oldest dresses shown were those of Mrs. Lee McClellan, modeled by her granddaughter and Mrs. Dan Ferry's which was displayed. Both were from the year 1915. The newest dress a current fashion was that of Mrs. Wesley Brinkley modeled by herself. Mrs. A. D. Reed's dress a 1933 was modeled by her daughter. Ladies of the church modeled some dresses while some wore their own. Twenty-three dresses were modeled in all. Three going away outfits were modeled, provided by Chambers, Massads and Neely's.

A reception followed in the Fellowship Hall. The table was in pink and white. Cake and pink punch was served.

General chairmen for the style show were Mrs. Tommy Russell and Mrs. J. L. Brock.

A gift was presented to the District Deputy President Agnes Adams. Attending were fourteen members and four guests.

Mackie - Reynolds Bridge Winner

The Pon Ludas Bridge Club met June 20 in the home of Mr. and Mrs. Pat Cates. Winners for the evening were Mrs. Glenn Mackie for high, and Cecil Reynolds. Attending were Messers and Mesdames Cecil Reynolds, George Warren, Frank Yancey, Jack Gilbert, Bill Hutton, Mrs. Glen Mackie and host couple.

Four-year old Rhonda Riley, daughter of Mr. and Mrs. Barton Riley, was a model for the Pioneer Missions program presented by WMU ladies. She stands beside an old fashioned baby cradle.

Three year old Donna Douglas, daughter of Mr. and Mrs. Bill Douglas, models an old fashioned dress before a hand made antique quilt for the "Pioneer Missions" program at the First Baptist Church.

Pioneer Mission Theme Carried Out By Petite Young Models

A special program, entitled "Pioneer Missions, U.S.A." was presented by the ladies of W.M.U. during the regular church services June 21 at the First Baptist Church. Introducing the title of the program were Miss Rhonda Riley and Miss Donna Douglas, attired in old fashioned dresses. Pioneer furniture and other appointments provided the setting as the ladies, costumed in bonnets and long dresses, told of new churches being established in the northern part of our country. Participating in the program were Miss Rhonda Riley, Miss Donna Douglas, Mrs. Betty Uptergrove, Mrs. Joy Ralls, Mrs. Alma Bradford, Mrs. Mary Boyd, Mrs. Doris Wilde, Mrs. Barbara Regier, Mrs. Pat Denham, Mrs. June Day, Mrs. Dorothy Woolley, Mrs. Pat Gates, Mrs. Francis Kilgore, Mrs. Evelyn Hiller, Miss Jolinda Lee, Miss Jennifer Hester of Texline, Miss Valorie Uptergrove, Miss Janna Ralls, and Miss Joanie Ralls. The program planning committee consisted of Mesdames

Wanda Widener, Sue Renfro, Donna Burks and Donna Helms.

Lady Fair Shop Sold

An advertisement in this newspaper announces that Mrs. Kay Nollner has sold the Lady Fair dress shop to Mrs. Howard (Loyce) Keyser. Mrs. Keyser assumed management of the shop last week. Mr. Keyser also owns the Cinderella Beauty Salon, which is located in the Plains shopping center, and will continue her beautician work by taking customers three days a week. The new owner attended the winter market show a few weeks ago with Mrs. Nollner and stated that she would continue to stock the same brands of merchandise. Mrs. Nollner has moved to Dallas where she is attending Merchandising school.

Shieldknight Reappointed

Reappointment of Jim Shieldknight, Excel Chev-Olds, Spearman, as Area Director of the Texas Automobile Dealers Association was announced in Austin today by H. C. Pittman, Executive Vice President of TADA. In accepting this appointment Shieldknight stated, "I am proud to represent my fellow franchised dealers in this area. Our major program this year will be to work with state officials in implementing the Texas Traffic Safety Act passed this year by our Texas Legislature, and to promote a high standard of integrity and assist the automobile dealers in better serving the public by making driving safer, more convenient and more economical." Shieldknight will serve as an Area Director until the next TADA convention in Dallas in May 1968.

Guests in the home of Mrs. Ethel Black for a few days - last week was her son, Mr. and Mrs. Ardel Black of Sheppard Field, Wichita Falls, Texas.

HOW YOUR CITY SERVES YOU ...

A SERIES FEATURING THE CITY OF SPEARMAN

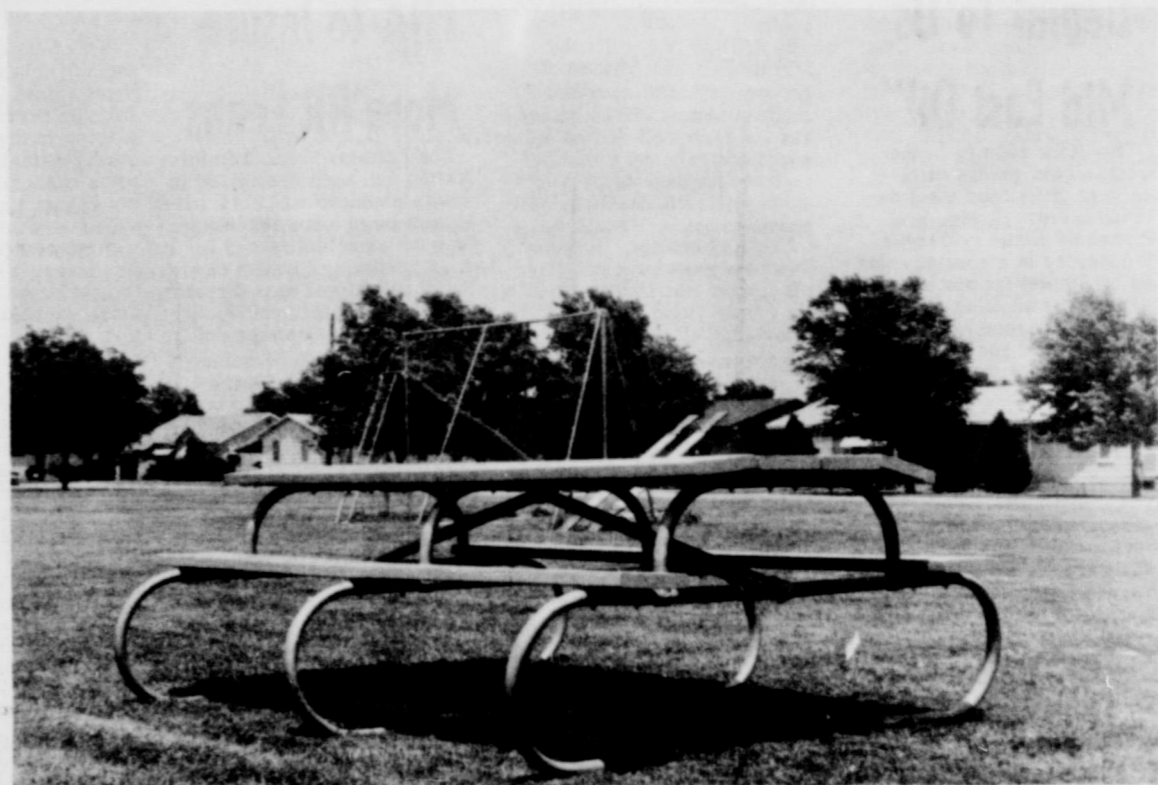

CITY PARKS

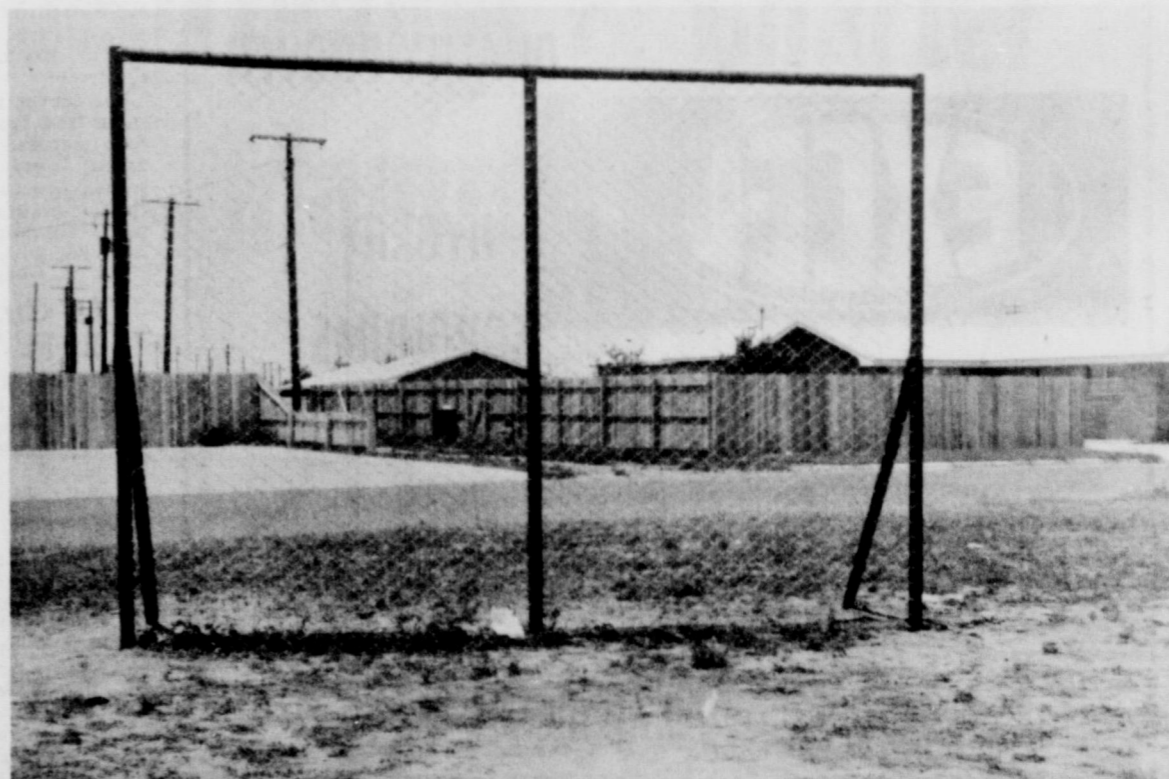

SWIMMING POOL PARK area between Brandt and Hazelwood on 10th street. The city developed this plot and various people helped to landscape it. It has 4 benches, 2 picnic tables, 1 slide, 2 seesaws, 1 picnic grill and 4 swings. The park board has ordered two more picnic table for the east side. Watering is done from faucets. Board members pictured here are Mrs. Brad Beedy, chairman, Mrs. Ray Robertson and Mrs. George Rook.

WOMBLE PARK, oldest City Park. The 150 x 330 foot park located on Haney street, was donated by the late Mr. and Mrs. Edgar Womble. The beautiful shady area has 1 slide, 4 swings, 1 drinking fountain, 3 picnic tables, 5 benches, 2 hand swings and 1 picnic grill. Watering is done from faucets.

ESKA PARK, two blocks long, located between 9th and 11th on Archer street. Donated by Mr. and Mrs. Marion Glover, former residents, in memory of their daughter. This park has trees on the north and south and more will be planted by the Park Board soon. The park has two picnic tables, two picnic grills, 8 swings, 1 slide, 4 seesaws. The south end has a sprinkler system for watering. The north end is watered from faucets.

NEWEST CITY PARK, located just north of the High School, was donated by Blodgett and Linn. Pictured above is the unseeded one-third which has been given as a little League practice field. The other two-thirds is partly seeded to grass and the Board has seed for the rest of it. The board will plant trees soon. They have ordered 300 feet of 2 inch portable sprinkler pipe which will be used here.

CITY PARKS

Four Spearman Parks are pictured here. Actually there is a fifth: the Jaycee Park located out by the Little League ball field. Jaycees recently deeded this back to the City and it is one which Park Board members are making plans for.

City Park Board members are: Mrs. Brad Beedy, Mrs. James Lair, Mrs. George Rook, Mrs. Ray Robertson, Mrs. Dick Countiss and Mrs. Robert Adamson. They, by request of the City, are working on a long-range plan for city parks. They have recently ordered 3 new drinking fountains, 300 ft. sprinkler pipe and 2 picnic tables. More playground equipment is part of their plans also. Caretakers for all the parks are Mr. Curtis Langston and Mr. Jimmy Fowler.

Equipment in storage to be installed includes 1 double slide, 2 seesaws, 1 merry-go-round and 3 swings. Baker and Taylor Drilling Co. built the back stop for the Blodgett and Linn park where the Little League practices. More of these could be available if some lots were available for practice fields.

"We Welcome Denial To Us Mid East Oil"

"No other country in the world would permit displacement of its most vital defense industry," Rep. Bob Price told House colleagues Wednesday in a special order on oil import legislation. Price and 26 other Congressmen introduced bills last week to write the present Mandatory Oil Import Program into law.

"We may yet rue day," Price warned, "that we unnecessarily and yet deliberately permitted our country to become a net oil importer."

Price pointed out that the Soviet Union imports no oil while the U.S. brings in 2.5 million barrels which, together with tanker charges and added to foreign military oil purchases, add up to a \$1.8 billion a year dollar drain.

The Texas Panhandle Congressman said, "We should welcome the denial to us of Middle East oil which we fortunately do not need."

As a "country on wheels" and with the greatest military machine on earth, Price said the U. S. has a stake as no other nation in preventing dependence on oil beyond its control.

By drilling 560 wells the Middle East and African oil producing countries added 70 million barrels of new reserves for each well drilled compared with 80,000 barrels of reserves for each of 38,000 wells drilled in the U.S. last year.

"This illustrates," Price said "why we must have effective oil import restrictions...since we cannot hope to offset this almost unbelievable economic advantage by 'competition' it can only be softened by reasonable and realistic limitations on oil imports."

Even though by Middle East standards we are "oil poor" compared with huge reserves there, Price said he was going to "stick by our oil industry because it is the best we have, and so far it has been good enough."

Price said U.S. oil security could be guaranteed only by legislative action and accused Administrators of the oil import program of "frittering away" security by use of the oil import program, "to solve... social, economic, foreign policy, and 'environment'

problems not related in any way to our security."

FHA To Insure More RR Loans

The Farmers Home Administration has been authorized to insure an additional \$148 million of rural loans according to word received by Mr. L. J. Cappleman, Farmers Home Administration Texas Director.

This action, announced in Washington by Secretary of Agriculture Orville Freeman will enable USDA's Farmers Home Administration to commit an additional \$30 million in Farm Ownership loans and \$118 million in Rural Housing loans to low and moderate income families.

Previous allocations of funds for Farm Ownership loans were exhausted in February. There are some 20,000 applications and unfunded loan dockets currently being held by the Farmers Home Administration.

Funds for Rural Housing loans to low and moderate income families were exhausted in April. The Farmers Home Administration is now holding some 42,000 applications and

unfunded loan dockets for Rural Housing loans.

Both the funds for Farm Ownership and Rural Housing loans are being made available immediately.

Farm Ownership loans are made to buy land, construct or repair buildings, improve land and refinance debts. They are repayable over 40 years and bear 5 percent interest.

Rural Housing loans are made to farmers and other rural residents in open country and small communities with populations of not more than 5,500. Loans are made to construct and repair needed homes and essential farm buildings, purchase home or buy sites on which to build homes. The maximum term is 33 years. The interest rate on loans to families with low and moderate incomes is 5 percent.

Farmers Home Administration services are made available through more than 1,600 county offices serving the 3,000 rural counties in the United States, Puerto Rico, and the Virgin Islands.

The county office for Ochiltree, Hansford Lipscomb & Hutchinson counties is located at 408 South Amherst in the Good Office Building, Perryton Texas. The county supervisor is Robert J. Holloway. Office hours are from 8:00 to 5:00 every week day. Mr. Holloway will be glad to discuss the Farmers Home Administration loan programs with interested individuals.

SHORT GLIMPSES OF THE SHOW "TEXAS"

Part of each day during the month's rehearsal period (8 hours a day) is spent on conditioning exercises, because playing in the canyon demands good physical condition. For some changes and entrances, actors may go a quarter of a mile.

In the cement on one of the side stages is the footprint of the pet deer who came to eat lunch each day with the workmen who were building the theatre.

A barbeque meal is served each evening before the performance and the fragrance of bread baking on the grounds greet the patrons as they arrive.

The average distance driven last year to see the show according to a questionnaire filled out at several performances was 380 miles.

The Palo Duro Canyon State Park is the largest state park in Texas.

The theatre was built by the people of the panhandle assisted by the State of Texas helping through the State Park and Wildlife Department. To build the theatre and produce the "TEXAS" show, the neighbors of the park raised over a half a million dollars.

In the canyon walls are seen formations created 2 1/2 million years ago.

On three of the Tuesdays when "TEXAS" does not play, the Amarillo Symphony will give concerts in the theatre: July 18, July 25, and August 1.

The canyon lies twenty-five miles from the intersection of four interstate highways in Amarillo, Texas over fine paved roads. Due to daylight saving time, curtain will be at 8:55 p.m. For more information, write Box 268, Canyon, Texas.

Lt. Crawford At Ft. Wolters

FORT WOLTERS, TEX -- (June 15) First Lieutenant Michael E. Crawford, son of Mr. and Mrs. Cecil Crawford, 521 S. Endicott, Spearman, has joined the staff of the U.S. Army Primary Helicopter School.

Lieutenant Crawford came to Fort Wolters from Vietnam where he served from May 1966 to May 1967. He wears the Distinguished Flying Cross and the Air Medal.

Lieutenant Crawford is a 1966 graduate of Spearman High School. He graduated from West Texas State University in 1964, with a bachelor of arts degree in geology.

Lieutenant Crawford, his wife, Rita, and their son Shaun live at 1200 N. W. 3rd Ave., Mineral Wells, Tex.

ON HONOR ROLL

Mae Bell Witcher was listed on the Dean's Honor Roll for the spring semester at Texas Tech at Lubbock. She had a grade point average of 3.19.

Mae Bell is the daughter of Mr. and Mrs. A. R. Witcher.

Mrs. Vera Mae Hays and children spent the past week at Tres Retos, N. M. They visited Taos while there.

"TEXAS," with a cast of 50, is a drama of American history intertwined with native folk-songs and dances going back to the 1880's. The story is challenge, humor, pathos, and excitement, reliving an unforgettable era in history. Become acquainted with the pioneers, their surge west, their hardships and rewards, and their love of the land. Hear old tunes and new; see cowboys, Indians, horses, wagons and western characters in authentic settings; and marvel at the perfect acoustics, stereo sound and dramatic lighting in the amphitheatre with a 600 foot Canyon wall for a backdrop in this spectacular setting under the stars.

61,000 people attended this amphitheatre in the summer of 1966.

TEXAS A MUSICAL DRAMA • BY PAUL GREEN

June 30, opening night for the 1967 Season of the Paul Green musical-drama TEXAS will be a gala affair. The \$8.50 fee for the evening will include a barbeque dinner, membership in the Texas Panhandle Heritage Foundation, special entertainment during dinner, background music from the stereophonic system in the theatre, fireworks and of course, of most importance, the first performance of the 1967 "TEXAS" production.

The barbeque is to be a new feature in the theatre this summer. There was a trial run for the members of the board and their families Tuesday night in the theatre. The menu included delicious barbeque, potato salad, beans, pickles, onions, jelly and

butter with individual small loaves of home-baked available in profusion. The same menu will be served before each performance in the theatre and will be introduced to the public for the first time at the gala opening.

George Ritter, an associate professor of government at WTSU is the chef. The manager of the theatre, Raymond Rallard, discovered by accident that Mr. Ritter had had many years of experience in barbequing as he was growing up and found on sampling his cooking that he is a master in the field.

The director of "TEXAS", William A. Moore, says that the 1967 production of "TEXAS" will be of special interest to those who have seen it before. About half the cast is new and Mr. Green made several changes in the script to make some scenes move more swiftly. Mr. Moore also recommends that people try to sit in various places in the theatre when they are able to come several times. Every seat is good, and since the angle of the bluff is not parallel with the front of the stage, every different location appears to present a different show.

A Membership plus \$3.50 for the barbeque admits a person to the gala. For those who are not members yet, admission is \$8.50. Starting time is 8:55 PM.

The hour has been changed from last year to 8:55 pm because of Daylight Saving Time and gives patrons more time to explore the Canyon at its most spectacular hour.

A Spearman man, Bill Devers, son of Mr. and Mrs. Ray Devers, is a member of the cast again this year. Bill plays one of the Cowboys who work on Uncle Henry's Ranch.

The Republican Women of Hansford County met Thursday morning, June 18 in the home of Mrs. Eleanor Reed at 409 S. Barkley. Ten members were present.

The meeting was conducted by Mrs. Ila Jo Hart, Vice president, who led a discussion on the recent redistricting of our Congressional Districts.

Plans were made for sponsoring the "Time for Fun" party in August.

The next meeting will be held in the home of Mrs. Velma Sanders at 704 S. Barkley on July 13.

Daniel Harder Trains With USN

Seaman Recruit Daniel E. Harder, USN, son of Mr. and Mrs. Tona Harder of 215 S. Dressen, Spearman, is undergoing nine weeks of basic training at the Naval Training Center at San Diego, Calif.

He is receiving instructions in Naval customs, courtesies and organization, ordnance and gunnery, seamanship, damage control, first aid, swimming and survival, shipboard drills and sentry duty.

A program of physical fitness, military drill and inspections keeps the recruits mentally and physically alert during their training.

His Navy Classification tests will determine whether he will be assigned to a school, shore station or ship after his graduation.

**Miss Christine Ann Cornish
Bride Of William Koerselman**

POST, TEX. (SPECIAL)--Miss Christine Ann Cornish and Walter William Koerselman were married at 8 o'clock in the evening, Thursday, June 22 at the First Presbyterian Church, Post, with the bridegroom's father, the Rev. Lewis Koerselman Sr., of the Spearman First Presbyterian Church, officiating at the double ring ceremony.

A tiered arrangement of white anemones, daisies, snapdragons and baby's breath was centered on the communion table. Votive candles in wrought iron holders were placed at either side. The chancel rail held candles entwined with gypsophelia, baby breath and ivy.

Parents of the couple are Mr. and Mrs. James E. Cornish of Post and the Rev. and Mrs. Koerselman.

Given in marriage by her father, the bride wore a gown of antique ivory Swiss organza and Alencon lace, designed with a scoop neckline and kabuchi sleeves of lace. The moulded empire bodice was accented with lace appliques and the skirt featured a chapel train. A veil of ivory silk illusion extended beyond the length of the train and fell from a cluster of organza and pearlized buds and

leaves. Her bouquet was a nosegay of gardenias, stephanotis and ivy.

Maid of honor was the bride's sister, Miss Susan Cornish, and Mrs. Ben Bullock of Jamestown, Colo., was matron of Honor. Bridesmaids were Misses Lin Alyn Cox of Post and Mary Franks of Houston. They wore formal-length dresses of pink linen, designed with scoop necklines and elbow-length sleeves. The waists were accented with applegreen bands of linen. Their headpieces were pink multi-looped bows and they carried colonial nosegays of white stock, gypsophelia and pink roses.

The Rev. Lewis Koerselman Jr., of Kansas City, Mo., served as his brother's best man. Groomsmen and ushers were Charles Bigelow and Jerry Schmidt of San Antonio, and Laird Loomis of Columbus, Neb.

Traditional wedding music was played by Mrs. Wilma Olson, organist.

The reception was held in the home of the bride's parents. A white floor-length cloth covered the serving table which was centered with a bouquet of pink marguerite daisies in a silver bowl.

Mrs. David McCampbell of Radcliff, Ky., served the wedding cake and Mrs. Louis Koerselman Jr., poured. Silver appointments were used.

Following a trip, the couple is at home in San Antonio where they will live until Mr. Koerselman reports for Army service in September.

The couple graduated from Trinity University in San Antonio this spring. Mrs. Koerselman received a BS degree in Special education for the deaf and Mr. Koerselman received a BS degree in economics.

The bridegroom was commissioned a second lieutenant in the Army reserve when he graduated from the University. He was a member of Chi Delta Tau and the bride was an officer and member of her social club, Chi Beta Epsilon. Both were varsity cheerleaders.

Dahlia Club

The Dahlia Flower Club met June 19 at 3:30 p.m. in the home of Mrs. Harold Shaver.

The meeting was called to order by president, Mrs. Bob Baley. After the minutes were read and approved, the club voted to sponsor a rummage sale to benefit the girl scouts to be held. It will be held in the fall.

They will also help with the library fund which will be their main project for the year with the girl scouts as their second project.

The program was presented by Mrs. J. W. Walker entitled "Inspirational Verse."

A red gladiola specimen was on display in a green vase, brought by Mrs. Irvin Hester.

Answering the roll with a "favorite hat" were Mesdames Garrett Allen, Bob Baley, Jimmy Davis, Irvin Dell, Virgil Floyd, Irvin Hester, Harold Shaver, H. M. Shedeck, Olin Sheets and J. W. Walker.

LOCAL CPA TO MEETING

HOMEMAKING NOTES

Conjure up a picture of an outdoor barbecue grill with glowing red coals. Add a thick juicy steak, or tempting pork chops - maybe chicken, turkey or roast, even shish kebabs. The choice is yours, but the eating is bound to be delectable.

Outdoor barbecuing has fast become an American favorite. There's nothing quite like the delicious charcoal flavor. It's generally a cooking job the man of the household takes over.

With the advent of warm weather, it's quite appropriate that June is designated National Barbecue Month. For it's the perfect time of the year for outdoor cookery.

Meat preparation for the grill can be either elaborate or simple - depending on personal preference. For instance, about all that is necessary for delicious steaks are salt, pepper and maybe butter. If you prefer, though you can marinate the meat to add special taste and tenderness.

When barbecuing pork, the important thing is to make sure the meat is done clear through. Pork should have no trace of pink when it is ready to eat.

Chicken usually is at its tender best when plenty of cooking time is allowed. Keep the pieces well above the fire for best flavor and tenderness.

Don't overlook fish in outdoor barbecue enjoyment. This type of cooking gives fish a flavor that can't be equalled. Just about all kinds of fish can be prepared in this way.

Beef may be your first choice for outdoor cookery this summer - mainly because it's unusually plentiful now.

Steak is one of the most popular beef items. When broiling steaks, you'll find it's only necessary to turn them once. Broil until brown on first side, turn and continue cooking the other side. Use tongs to turn steaks without piercing it. Jabbing a steak with a fork causes an undue loss in juices.

If it's red, the steak's rare; pink is medium, and brown is well done.

Meat should be carved against the grain to give uniform slices for attractive service. Also, slicing across the grain or fibers makes the meat easier to eat.

Because of its natural tenderness, lamb makes an ideal meat for cooking outside. Rolled leg or shoulder roasts, spareribs, shanks, kebabs, loin, or shoulder chops riblets and lamburgers are favorites for the grill or rotisserie.

For cooking, use low to moderate temperatures for the best results. Coals should glow not flame, when they

are right for cooking, and every coal should have a cover of gray ash.

Cooking time for meats will vary according to the kind of meat, size and shape or the cut, and the temperature of the meat when cooking begins. Of course the cooking temperature and doneness also affect length of cooking time.

The cooking time for steaks, chops, patties, and other grilled meats varies from a total of 10 to 12 minutes for frankfurters to 15 to 20 minutes per side for a 2 - inch medium rare beef steak. Spareribs may take 1 to 1 1/2 hours, and a large boneless rib roast 3 1/2 - 5 hours. When cooking large roasts on a rotisserie a meat thermometer is the most accurate guide to doneness.

Lots of other foods besides meats can be most successfully cooked on a grill or campfire.

LAST NOTE: One type of driver always gives you the right of way at an intersection. He's the one feeling guilty about what he did at the last intersection.

Mrs. Jim Evans Bridge Hostess

Mrs. Jim Evans served dinner to her ladies bridge club Monday evening, June 19 in her home.

Winning were Ellie Douglas with high score and Norma Jean Mackie with second high. Judy Nelson won the prize for low score.

Attending were Nelva White, Felma Evans, Mary Jane DeArmond, Norma Jean Mackie, Ellie Douglas, guests Verna Strawn and Judy Nelson and the hostess.

TAX MAN SAM SEZ:

If you were a June Bride--or a December Bride--during the tax year (it makes no difference what time of the year you get married) you may need to check on the type of income tax return that you file with your new husband. If your father provided principal support for you during the year that you get married and would be entitled to claim you as a dependent, you can help dear old Dad on his taxes. However, you must file a separate return from your husband. You can split the community income, but if you file a joint return your dad can't claim you.

HANSFORD COUNTY SOIL CONSERVATION tour group viewing range seeded area seeded in Dead Litter Cover on the Johnny Veneman place.

When land is to be seeded to range grasses there is a great need of cover on the land to prevent wind and water erosion while the young grass is being established. There is two systems of providing this cover. One is the establishing of a dead litter cover of sorghum the preceding year. Floyd Buzzard, John Dahl, Robert Skinner, J. C. Harris and Orville Matthews have all drilled range grasses in a dead litter cover this year.

Anyone interested in planting grass next year should drill close spaced in some type of sorghums, preferable a forage sorghum on land now. He should keep it mowed this fall so it won't go to seed. It is best to leave about a ten inch stubble height on ground for erosion protection. Then grass can be planted in the undisturbed stubble next spring. Lynn Davis is drilling cover now for range seeding next year.

The other way to provide cover is to use existing cover as in old fields or rangeland which are grown up in low producing grasses. Buddy Murrell and Ellis Pittman are both drilling grass in this type cover. This is done by running a one way or sweep over the old grassland to kill the low producing grass. Mowing is done so the litter remains on the surface. If you are interested in converting some cropland to grass or re-seeding an area that now has sorry grass in your rangeland come by the local Soil Conservation Service Office in Spearman.

THE LAST NOTE: If the average man saves for the next 20 years at the rate he has been saving for the past 6 months, he'll be able to retire at age 60 and owe \$100,000.

Ed Mundy spent the week in Clayton, N. M. where he attended the 40th year high school class reunion. Twelve members of his class were present, some he hadn't seen in 40 years! Mrs. Mundy was not able to attend with him. She is attending WTSU this summer where she is taking some special English courses. She will finish in 3 weeks.

BURNING WHEAT STUBBLE

Burning the wheat stubble will not completely eliminate this disease since it is in the soil. Incorporation of crop residue in the soil is an effective means of preventing carry-over of disease-causing organisms. It is necessary to bury the material deeply. Again I will stress not to burn your wheat stubble in hopes of getting rid of this disease.

Death Claims Bill Gould

Funeral services for Wilber E. (Bill) Gould, 66, are pending with Boxwell Bros. Funeral Home. Mr. Gould, who lived in the Spearman area for 20 years, passed away about 2:40 Wednesday morning at his home on Dillon street. His son Marcus had summoned an ambulance when he realized his father was ill, but Mr. Gould passed away before help arrived. He was owner of the Club Cafe in Spearman for several years. Failing health the past three years had caused him to retire from active work. Survivors include his wife, Alice, of Lathrop, Calif., a daughter, Mrs. Richard Smith of Spearman and 5 sons: Wilbur of Houston, Charles of Humble, Norman of Mantica, Calif., Donald of Stockton, Calif. and Marcus of Nellis AFB, Nevada. Three brothers, two sisters and 17 grandchildren also. He was receded in death by a foster son, Tommy, a few months ago.

40 Percent Of Grain Is Cut

With wheat harvest estimated at only 40 percent complete, combines have been halted again this week due to heavy rains. Some fields received as much as an inch and one-half Monday and Tuesday of this week. Spearman has recorded an official 4.02 inches of rainfall since the harvest season began. This compares in no way with heavier rains on the fields. Yields have been running anywhere from 16 bushels to 65 bushels on the grain cut so far. Estimates still are set for a 25-30 bushel average. June rainfall follows:

Date	Rain
June 4	.23
June 6	.06
June 7	.78
June 15	.40
June 16	1.15
June 17	.35
