THURSDAY, AUGUST 17, 1967, VOL. 58, NO. 38, SPEARMAN, HANSFORD COUNTY, TEXAS 79081

EVERETT TRACY, who has been with Horizon Oil and Gas Company since it's organization, was honored Monday night by Company owners Curtis Calder, left, and his brother N. Bruce Calder, right. Tracy had been with the Company 10 years August 1.

Maybe it's a woman's world, but it was a Girls Nation recently when pretty young Debra Jon Brock of Spearman, Texas, met Secretary of Health, Education and Welfare, John W. Gardner.

Elected as "HEW Secretary" by Girls Nation, Debra dictates a short memo on her Washington trip to Secretary Gardner. Sponsored by the American Legion Auxiliary, Girls Nation is a youth citizenship training program designed to give high school juniors practical experience in the processes of government.

Miss Brock, daughter of Mr. and Mrs. J. L. Brock of Spearman, has been at Girl's Nation since August 1. Her parents joined her in Washington D. C. for a vacation. Debbie left them Monday Aug. 14 and flew to Austin, Texas where she will preside over the 1967 session of the Texas Youth Conference.

## DEBRA BROCK PRESIDES OVER TEXAS YOUTH

Miss Debra Brock of Spearman, Governor of the 1967 American Legion Bluebonnet Girls' State, will call to order the First General Assembly of the 1967 Texas Youth Conference. The Fifth Annual conference convenes August 17 on the University of Texas campus, hosting outstanding youth from throughout the state. Each year the leaders of state-wide organizations are invited to serve as program participants at the conference.

Training included field sanitation, civil affairs, mine and booby trap familiarization, reconnaissance and ambush patrolling.

Before being assigned to a specific unit, Pvt. Burrell, a heavy-equipment operator, received 50 hours of training with the 4th Replacement Detachment.

## Pvt. Burrell In Vietnam

Army Private Ronny D. Burrell, 18, son of Mr. and Mrs. G. W. Burrell, 805 S. Roland, Spearman, Texas, arrived at Pleiku, Vietnam, base camp of the 4th Infantry Division July 28.

## Service Award Presented To Everett Tracy Monday

## Hospital

Patients now in Hospital: Floy Osborn, Joe Baca, Burl Buchanna, Mary Pettit, Pat Waugh, Debra Chisum, Ma Mae Patton, Roy Nayhew, Opal Harder, E. F. Morgan, Tressie Mays, and Walter Sanders.

Patients dismissed are: Robin Reeves, Jim Hall, Jim Caster, Susan Dixon, Lillie Sloan, Betty Kiser, Burt Brown, Sandra Collier, Patricia McGuffin, Elizabeth Galbraith, Linda Alexander, Maude Matthews, Mary Monroe, Ronald Howerter and Leilila Marrah.

## NEW BABIES

Mr. and Mrs. Bryce Waugh are the parents of a new baby boy, born August 13 at 2 a. m. The baby weighed 6 lbs. 8 1/2 oz., and was named Kile Bryce Waugh.

## Draft Board Can't Fill Sept. Quota

State draft boards will be called upon to furnish 1180 men for the armed forces in September, Colonel Morris S. Schwartz, state Selective Service director, has announced.

This compares with quotas of 1421 for August, 974 for July, 975 for June, 885 for May and 675 for April.

The 1180 men is Texas share of a national call of 25,000 for the army.

The local call for September is 8, as compared to 6 for August. However, according to Mrs. Joyce Shockley, clerk of the local board, only 6 men are available for induction.

"We simply do not have enough available men to fill our quota," she said. "The local board hardly ever delivers as many men as called for," she added.

15 men were called for physicals in August. For September the board has been asked to send 10 for physicals. Seven of these 10 have already been examined once, some twice. Authorities re-call men for examination according to age group. Regardless of classification men who have failed to pass their examination are re-called by age groups only.

The following men will report September 6 for induction: Donald Wagner, Roger Paul, Jerald Boren, Kenneth York, Andy Rhodes and James Crawford.

Those being called for physicals are: James Shearer, Carwin Padgett Jr., John Ellzey, Richard Winters, Wesley Brinkley, Larry Travis, Frederick Adcock, William Gerner, John Wright and James McCoy.

Through September of last year, 51 men had been drafted by the local board, compared to 47 for the same period this year. Quotas are obviously on the increase however.

Everett Tracy was honored Monday night by his employers for "10 years of loyal service".

Mr. Bruce Calder flew here from Dallas and Mr. and Mrs. Curtis Calder and children from New York City drove into Spearman early Monday for the occasion. The brothers presented Mr. Tracy with a sterling silver pitcher engraved: "Everett R. Tracy, 10 years of loyal service, Horizon Oil and Gas Company, August 1, 1967". The award was made at the Spearman office before all employees of Horizon Oil and Gas.

Following the presentation, the Calder brothers made appropriate remarks pertinent to the occasion, and the group adjourned to the Tracy home for dinner.

Horizon Oil and Gas Company is a producer of oil and gas operating throughout the continental United States. The main office is headquartered in Dallas, but all operations are handled out of the Spearman office. This is a partnership company with Curtis Calder as President and his brother N. Bruce Calder as Vice President. Tracy is Production Manager.

After having been associated with the Oil and Gas Industry since 1945, Everett Tracy went to work for Horizon Oil and Gas 10 years ago, just after it's organization. He is their oldest employee. When he went to work as Superintendent, the Company had only four wells. They now operate in excess of 100 wells with a gas production in excess of one billion cubic foot per month!

The Horizon Oil and Gas Spearman office employees eleven people with a total monthly payroll of \$8,000.00.

Tracy also serves as Operations Manager for Baca Gas Gathering System, Inc. This is a separate Corporation of which N. Bruce Calder is President and Curtis Calder is Vice President. This company operates out of the Spearman office and services Colorado.

Outside of being Production Manager for Horizon and Operations Manager for Baca, Mr. Tracy has recently been named President of a newly formed Gas Distributing Company operating in Colorado.

CITY AUTO ACCIDENTS

City Police have worked 3 auto accidents this month. On August 3 one occurred about 4 p. m. in the 300 block on Hancock street between Mary Frances Nollner of 1003 S. Bernice. She was driving a 1967 Plymouth which was involved in the wreck with Betty Monk of 312 S. Haney, driver of a 65 Chevy. Estimated damages \$300.00.

On August 11 Robert Lusk, driver of a 64 Ford Pickup, was involved in an accident with Michael Skinner of 800 S. Townsend, driver of a 64 Chevy. The accident happened on Highway 282 near Hansford Grain. Estimated damage \$225.00.

An accident happened about 3 p. m. August 15 in the 200 block on main street between Terry Delozier, 1108 S. Townsend, driver of a 57 Chevy, and Eloise Renner driving a 67 Olds. Estimated damages about \$400.00.

THIS PEACH TREE in the back yard at the J. L. Byran home, 910 S. Haney, is just an example of the many in Spearman this year simply loaded with fruit. Late freezes usually destroy the fruit crop here, but apparently didn't hurt the m this time. Many trees have had to be supported to keep limbs from breaking under the heavy burden of fruit. The fruit from this tree is very large; many of the peaches won't fit into a tea cup.

## Students Will Register Here August 24,25

Elementary pupils, grades one through 4, and Junior High pupils, grades 5 through 8, will register for school as per the following schedule:

In the primary school, first graders will register from 9 a. m. until noon on Thursday Aug. 24. All new students (new in the district) will register for the primary grades from 1 p. m. until 3 p. m. the same day.

Second, third and fourth grade students will register from 9 a. m. until noon on Friday August 25.

All students who are new here this year and will be in grades 5 through 8, will register from 1-3 p. m. Thursday August 24 in the Junior High 25.

Cafeteria tickets for all students will be available at the school cafeteria during registration.

The first day of school, Aug. 28, school buses will make their regular routes. Classes begin 8:25 a. m. and dismiss at 3:35 p. m.

High School Principal Kenneth McKay has set the date of August 24 for high school students to report for pre-school briefing.

Seniors will report at 8 A. M., Juniors at 10 A. M., Sophomores will report at 1:00 P. M., and Freshman at 3:00 P. M.

All students will report to the high school auditorium.

Any new high school students who plan to attend school here this term will report for enrollment August 14-18 between the hours of 9 A. M. and 3 P. M.

## Wedding Invitation

Mr. and Mrs. A. R. Witcher wish to invite their friends to the marriage of their daughter, Mae Bell, to Mr. J. Robert Pendleton, on Saturday the nineteenth of August at four o'clock in the afternoon at the First Baptist Church in Spearman.

Mr. and Mrs. Granville Boyd visited with Mr. and Mrs. Bill Boyd of McLean, and Mr. and Mrs. R. N. McMahan of Amarillo over the week-end.

Mr and Mrs Willis Sheets returned last week end from a weeks vacation in Colorado Springs. They stayed in the mountain cabin as guests of Mr and Mrs Charlie Bunnell.

## BAND HORNS ARE SELLING

All Band parents or students wishing to sell a musical instrument should contact Mr. Porter about the instrument, make, type and condition.

With the beginning program starting with the opening of school now is the best time to sell that instrument if it is in good playing condition. All prospective buyers should show Mr. Porter the instrument before buying.

Running a classified ad in the newspaper would help sell your instrument.

## Horse Creek Horse Dead

County Police officials investigated an accident which occurred about 10 P. M. Tuesday night near the horse Creek bridge.

Raymond Tindell, driver of a 1962 Chevrolet car, was just approaching the bridge when a Horse ran out in front of his auto. Tindell couldn't avoid hitting the animal head-on. The dead horse had not been claimed as of Wednesday. Police report damages to the automobile approximately \$400.00. No one in the auto was injured.

## Nan Sheets To Graduate Friday Night

Abilene, Tex. --Abilene Christian College will award 132 bachelor's degrees in the 1967 summer commencement exercises scheduled for Friday, August 18. Of the graduating class, 97 are from Texas.

R. V. Hardegree, president, of Amco-Bell Corp., Temple, will deliver the commencement address in the College Church of Christ at 8 p. m. A member of the Abilene Christian's Advisory Board, he is also a regional chairman for the school's National Development Council.

Degrees to be awarded include the bachelor of arts, bachelor of science, bachelor of science in education, bachelor of music education, and bachelor of science in home economics.

The commencement will bring the total number of degrees awarded by Abilene Christian to 554 for the year. Barbara Nan Sheets, daughter of Mr. and Mrs. Olin Sheets of 211 S. Bernice, Spearman, will receive her BS degree in Home Economics, Minor in Bible.

## Short, Cool Summer Here

While most areas of the State and Nation have been sweltering from high August temperatures, this area has been enjoying cool days and 'chilly' nights.

Only two days out of the entire summer has the thermometer reached the 100 degree mark: July 10 the high was 100 and on July 11 it was 101.

This summer will probably pass as the coolest on record.

For the past few years we have felt sorta lonesome here on main street what with the shuffling of businesses from one store building to another leaving first here a vacancy... there a vacancy.

The first to shuffle their store location was Jim Neely (from the middle block) and Gordon's Drug from the corner. They moved into the new building down the block and left two empty ones. The fabric shop filled the empty Drug building soon. The old Jim Neely Bldg. is still empty. Next to move was Chambers, who moved to the West end of Main street (I say it's west... some will say it's north) leaving THIS store empty. Then Slim Cates bought the Chambers location and moved into it, leaving the store on the north side empty! When Mae's Hobby Shop closed, that building wasn't empty long before Ward's order store occupied it. A few months ago it closed!

Now the empty store buildings on the north side of main are soon to be filled again! We Mainstreeters welcome! Gordon Cummings Refrigeration and Heating company will occupy the building where Ward's order store was located. Gordon is doing some work there this week and will be moved soon. He has been located with Anthony Electric in the shopping center for the past several years.

Mrs. Robert Janzen, Gift Box owner, is soon to move into the building formerly occupied by Slim Cates. Betty wanted to enlarge her gift shop and tried to rent the building next to her for this purpose but was notified by the owner of the building (a Mr. Patterson of Amarillo) that he must in fact ask her to move for he had signed a 6 year lease with another firm for both her building and the one next to her. She plans to be moved by the first of Sept, but must stay put until she can complete some eight bridal shower set-ups, all scheduled for the last two weeks in August. Betty will handle many new lines of giftware... including the coveted Fostoria glass ware... when she gets into her new and larger location. She says she will "fill up the entire store."

We haven't been able to find out who... or what... will move into Mr. Patterson's two buildings but have heard it rumored that maybe T&Y plans to enlarge. We will "see" in the future, and hope they are filled soon!

I stopped in Mrs. Blackburn's Flower Shop Monday and she has (finally) made a most fabulous "find". There on the new counter stands an old, old Cash Register, all solid brass, scrolled and fancy as all get-out! It is mounted with marble sides. It just gleams, brightens up the whole place. She found it in San Antonio while visiting her son. Afterwards she noticed that the largest purchase she could ring up was \$1.90. Who cares... with a valuable and beautiful piece such as this, one would be glad to stand there 30 minutes and punch the dollar sign!

Last week end Billy was gone and I really made hay-while-it-rained! I canned peach butter from peaches Orville and Martha Latham gave me (half bushel) canned plum jam from plums Mrs. Womble brought me from the river... ate corn from ears Nikki Cotter gave me... and sliced and sugared the big luscious peaches Mr. and Mrs. J. L. Bryan gave me... cucumbers Cricket gave me. Now all I crave is some Rocky Ford melons... and I look forward to some of these cousin Elvin Martin will bring back with him. Mrs. W. A. Schubert said she would pick me some of her apples. To top all this off, when Billy and his mother returned from Pilot Point she brought me a beautiful quilt Aunt Bessie gave me... made about 100 years ago... and a picture by one of the Old Masters in an old, old antique picture frame which is out of this world!

Oh me! Never had it so good This week end I am looking forward to seeing "Texas" with the Lathams. Billy might go too!

**Social Customs Is Roll Call**

The Hansford Home Demonstration Club met Monday, August 14 in the HD room with Mrs. Hartley Simmons as hostess.

Mrs. Daniel Sheets presided over the business meeting. The members selected the nominating committee for the coming year, which will choose the slate of officers to be elected by the club.

Roll call was answered with "a social custom I should use more often."

The program, "As Others See You", was presented by Mrs. Hartley Simmons.

Present were mesdames; Daniel Sheets, L. W. Rosenbaum, Herb Howe, Virgil Floyd, Gordon Parrish and the hostess Mrs. Hartley Simmons.

The next meeting will be, August 28. The program will be: Estate Planning.

Mr. and Mrs. W. W. Weaver recently had as guests in their home, Mrs. Weaver's brother and wife. Mr. and Mrs. Paul Edgmon and daughter Virginia of Lamesa. Mrs. Weaver went home with them to stay a few days. Last week-end, their son John Weaver and his family were here with them over the weekend, on their way to Colorado on vacation.

**Special Guest In Helms Home**

James Appling, from South Texas Children's Home in Beeville, Texas, was a guest recently, in the home of Mr. and Mrs. J. D. Helms. Jimmy is eleven years old and has vacationed the past two summers with the Helms family, who are sponsors for him in the home in Beeville. Jimmy entered the home in March, 1966.

While here, Jimmy enjoyed many outings with Mr. and Mrs. Helms and their boys. They took him to see the Pampa rodeo and it was only the second one he had attended. He went on an R. A. Camp out with Brent Helms which was held in Amarillo and lasted 4 days. Mrs. Helms and Brent took him with them to Glorieta for WMU week.

Donna said he was a very helpful little boy and most of all he enjoyed helping her cook in the kitchen. Jimmy spent three weeks with them, starting July 17. For a going away gift the family presented him with a camera.

The South Texas Children's Home is a Baptist sponsored home and now has 160 children in it. The home had its beginning in 1956.

**Helpful Hints From Me To Thee . . .**  
By Vivian Warminski  
Hansford Co. Home Demonstration Agent

What's new to wear: Disposable dresses... leather dresses... vinyl bikinis... garments of "Chameleon cloth" that can be given a second set of colors when the owner gets tired of the first set.

Just as exciting are the new things being done to those long time favorites, cotton and wool, says Vivian Warminski, County Home Demonstration Agent.

A new process for treating wool, called "Wurlan," is used by industry to make woven and knit wool garments that can be machine washed without shrinking or matting. There is also a new process for tanning leather making it possible to launder leather garments without affecting their softness and beauty and opens up many new possibilities for the use of leather in wearing apparel.

Now under development are light-weight wool-cotton blends that resist shrinkage and wrinkles and hold a crease. They are wash-and-wear and, in tests, shirts laundered and tumble-dried more than a dozen times looked as smoothly pressed as when new.

Careful planning is the key to stretching your clothing dollar this fall. Take a good look at your present wardrobe. Repair and clean all items that need it and discard garments that are never worn.

Make a list of the activities you will be taking part in this fall. See if you have proper clothing to meet these needs, and, if not, make a list describing the necessary garments.

You will probably not be able to buy all of them at the same time, but the list will help develop a clothing plan. Allow a certain amount for each purchase. Decide which garments you need immediately and which you can buy later. Divide your money so you have enough to meet your needs.

Take advantage of sales. If trying to match a purchase with a garment you already have, wear that garment or take it with you to the store. Don't allow yourself to get into the predicament where you will need to buy something else to go with the new article you just bought.

Other things to check in the store are quality, fit and care

needed. More money may be invested in such long-term items as shoes, handbags, basic dresses, suits and coats while fad clothing and infrequently worn garments can be less expensive and of lower quality.

**HELPFUL HINTS:**  
**KEEP COOL WITH OUTDOOR COOKING**—Summer evenings find more and more families taking to the outdoors for meal preparation. This is the convenience of aluminum foil, it is now possible to cook the entire meal on the grill. Vegetable favorites wrapped in aluminum foil and placed directly on the coals, include roasting ears, sweet or Irish potatoes, tomatoes and onion or hobo packs, consisting of any frozen or canned vegetables.

**ART ON EXHIBIT**  
Mrs. Nelda Sheets' art is on display until August 25 in the La Guna Gloria Gallery in Austin, Texas.

Art work on display there is the exhibit of District winners in the Texas Fine Art contest held last April.

Mr. and Mrs. Walter Wood and family recently spent 3 days camping and fishing in Cimmaron Canyon and Red River.

the legislature, in providing for creation of hospital districts, does not have to require that the districts assume full responsibility for community mental health and retardation centers and services. It would permit cities and counties to levy taxes and issue bonds for such services. Subdivisions within existing districts would be authorized to do so unless statutes creating the districts expressly prohibit.

not allow political subdivisions within the boundary of a hospital district to levy taxes for medical and hospital service. Under that ruling, cities and counties located in such districts were restricted from participating in establishment of community health centers. Therefore, only hospital districts could establish such centers, a key part of the mental health program.

historical sites. This would more than triple present state park acreage and open a variety of new facilities for outdoor recreation.

Only opposition to the amendment to date has been based on the \$1 a car park-entry fee, initially proposed by Connally to finance the vast program; and scattered complaints that facilities included in the governor's master plan do not adequately serve some areas of the state.

He is expected to spearhead an intensive fall campaign—supported by parks, recreational and outdoor groups—to put over the bond issue.

The veterans land amendment would add another \$200,000,000 to state bonds previously authorized and through which 35,300 veterans have purchased farm and ranch properties at low interest rates spread over a 40-year pay period.

This amendment would raise the amount which could be borrowed under the program from \$7,500 to \$10,000. The program was initiated in 1949. Additional bonds were approved by voters in 1951 and 1956. Amendments to enlarge the bond authorization were rejected at elections in 1963 and 1965. Opposition came mainly from Dallas and Houston.

Proponents emphasize that, while thousands of veterans have benefitted from the program, it has cost the state no money and actually has turned a profit of \$2,500,000 a year while providing an expanded land market.

Opposition has adopted the argument that it is not the function of the state government to engage in the loan business and that veterans have had plenty of time to participate. Some also contend that "cheap money" invites purchases of land not needed and which will not be put to productive use.

Amendment #2 specifies that

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article IX of the Constitution of the State of Texas be amended by adding a new Section 13 thereto to read as follows:

"Section 13. Notwithstanding any other section of this article, the Legislature in providing for the creation, establishment, maintenance, and operation of a hospital district, shall not be required to provide that such district shall assume full responsibility for the establishment, maintenance, support, or operation of mental health services or mental retardation services including the operation of any community mental health centers, community mental retardation centers or community mental health and mental retardation centers which may exist or be thereafter established within the boundaries of such district, nor shall the Legislature be required to provide that such district shall assume full responsibility of public health department units and clinics and related public health activities or services, and the Legislature shall not be required to restrict the power of any municipality or political subdivision to levy taxes or issue bonds or other obligations or to expend public moneys for the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities or services or the operation of such community mental health or mental retardation centers within the boundaries of the hospital districts; and unless a statute creating a hospital district shall expressly prohibit participation by any entity

other than the hospital district in the establishment, maintenance, or support of mental health services, mental retardation services, public health units or clinics or related public health activities within or partly within the boundaries of any hospital district, any municipality or any other political subdivision or state-supported entity within the hospital district may participate in the establishment, maintenance, and support of mental health services, mental retardation services, public health units and clinics and related public health activities and may levy taxes, issue bonds or other obligations, and expend public moneys for such purposes as provided by law."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."

"AGAINST the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."

## PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-e, as follows:

"Section 49-e. The Parks and Wildlife Department, or its successor vested with the powers, duties, and authority which deals with the operation, maintenance, and improvement of State Parks, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000). The bonds authorized herein shall be called "Texas Park Development Bonds," shall be executed in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half percent (4½%) interest per annum; they may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein.

"All moneys received from the sale of said bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law.

"Such fund shall be used by said Parks and Wildlife De-

partment, or its said successor, under such provisions as the Legislature may prescribe by general law, for the purposes of acquiring lands from the United States, or any governmental agency thereof, from any governmental agency of the State of Texas, or from any person, firm, or corporation, for State Park sites and for developing said sites as State Parks.

"While any of the bonds authorized by this provision, or any interest on any such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the interest and sinking fund at the close of the prior fiscal year, which includes any receipts derived during the prior fiscal year by said Parks and Wildlife Department, or its said successor, from admission charges to State Parks, as the Legislature may prescribe by general law.

"The Legislature may provide for the investment of moneys available in the Texas Park Development Fund and the interest and sinking fund established for the payment of bonds issued by said Parks and Wildlife Department, or its said successor. Income from such investment shall be used for the purposes prescribed by the Legislature.

"From the moneys received by said Parks and Wildlife Department, or its said successor, from the sale of the bonds issued hereunder, there shall be deposited in the interest and sinking fund for the bonds authorized by this section sufficient moneys to pay the interest to become due during the State fiscal year in which the bonds were issued. After

all bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys received from admission charges to State Parks shall be deposited to the State Parks Fund, or any successor fund which may be established by the Legislature as a depository for Park revenue earned by said Parks and Wildlife Department, or its said successor.

"All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory nature."

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on November 11, 1967, at which election each ballot shall have printed thereon, the following words:

"FOR the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

"AGAINST the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

Eight of the 20 amendments are of interest mainly to special groups (eg: legislators or state employees). Eight others would provide local governments with new powers or duties. Only four of the group directly affect most Texans.

Amendments to be voted on this year will appear on the ballot in this order:

• No. 1, House Joint Resolution 3, to permit counties to put all tax money in a single general fund rather than dividing income in specified amounts among separate funds for earmarked purposes as is now required.

• No. 2, HJR 37, allowing cities and other governmental units within hospital districts to levy taxes for participation in mental health and mental retardation community centers.

• No. 3, HJR 17, reviving the veterans land program and authorizing a total of \$400,000,000 in bonds to finance continued purchase of farm and ranch land by veterans, including those who have served in Southeast Asia during present hostilities.

• No. 4, HJR 6, authorizing counties to pay medical, doctor and hospital bills of county law enforcement officers injured in line of duty.

• No. 5, HJR 12, authorizing a \$75,000,000 state revenue bond issue for the development of state parks and recreational areas. Bonds are expected to be financed by a small admission

• No. 6, HJR 27, permitting state officers and employees to hold non-elective positions under the state or U.S. governments where there is no conflict of interest and where the state might benefit.

That's all for '67. Top interest in these amendments doubtless will center on the park bond proposal and the veterans land amendment.

Hospital mental health and mental retardation groups will emphasize the importance of Amendment #2 to the new community center approach of treating mental patients close to home.

Calling the 1967 election for Veterans Day and a Saturday, undoubtedly, was to assure a large voter turn-out for the land fund amendment. A substantial campaign to urge its passage already is taking form.

Gov. John Connally is the principal backer of the parks bond issue. Last December he unveiled a 10-year plan for acquiring and developing 150,960 acres of recreational lands and

**Draft Board Questions Are Being Asked**

Editor's note: Below are questions now being asked at draft boards. The answers are by Col. Morris S. Schwartz, State Selective Service Director, 702 Colorado St., Austin, Texas 78701. He will welcome your questions.

**Q--For the purpose of college student deferments, is a junior college considered an institution of higher learning?**  
A--Yes, if its credits are acceptable toward granting of a baccalaureate degree by a college, university, or similar institution.  
**Q--How long can a person be deferred as an undergraduate college student?**  
A--He can be deferred in Class II-S until he completes the requirements for his baccalaureate degree (if completed within the normal and specified time), until he fails to pursue satisfactorily a full time course of instruction, or until he reaches age 24, which ever occurs first.

**Q--Will men who become fathers after the new Selective Service law become effective (June 30, 1967) be deferred in Class III-A?**  
A--Every case will have to be considered on an individual basis.

**Q--Does the new law make any change on fathers?**  
A--Yes. Any man classified in Class II-S (college student) after June 30, 1967, can not, under the law, be classified in Class III-A as a father.

**Q--Can the college student who received a Class II-S deferment after June 30, 1967, receive a Class III-A deferment for dependency in any manner?**  
A--Only on the basis of hardship to dependents, and the burden will be on him to prove hardship in the individual case.

## Washington Report

From Congressmen **BOB PRICE 10TH DISTRICT, TEXAS**

1022 LONGWORTH OFFICE BUILDING, WASHINGTON, D. C. • 225-5726

I had the honor, along with other freshman Republican Congressmen, of being a guest of President Eisenhower at his Gettysburg farm last week.

General Eisenhower had some very sound advice about some of the nation's problems and particularly about the war in Viet-Nam, a subject on which he would certainly be an expert.

Our former President believes it is high time that Congress takes a better look at the Viet-Nam war and decides whether it is a war or not and what, if any, additional authority President Johnson may need to bring this bloody, frustrating and constantly expanding conflict to an honorable end.

General Eisenhower believes that when a nation applies force, as we have in Viet-Nam then the force should be overwhelming. This nation has the capability of applying such force and should have done so two years ago rather than allowing the Communists to counter each move we have made by infiltrating more troops into South Viet-Nam.

We have allowed them through the sanctuaries of their ports in North Viet-Nam to keep their ground forces supplied with all the essentials of warfare including the newest and most modern weapons. We have also allowed them to build up a deadly and effective concentration of anti-aircraft defenses around their military bases, airfields, Russian-built missile sites and other strategic points.

It is a sad commentary, as far as I am concerned, to learn from the department of Defense, that free world shipping, principally British, to North Viet-Nam during the first six months of this year has almost doubled over that carried during the previous six months. This seems utterly ridiculous in view of U. S. cooperation with Great Britain in her embargo against Rhodesia.

Of 28 free world ships arriving in North-Viet-Nam during the first 5 months of this year, 23 flew the British flag and of 74 last year, 50 were British.

We now have a cargo ban on ships trading with Cuba and I fail to understand why we should not maintain a blacklist against ships aiding a Communist regime that is daily killing more and more American boys.

Saigon through which the bulk of U. S. supplies reach our forces in South Viet-Nam is no sanctuary as far as the Communists are concerned. Those waters have been mined and American merchant seamen killed. Yet we balk at using the economic weapons available to us to stop free world trade with North-viet-Nam.

As long as Americans are fighting and dying in Viet-Nam, no nation of the free world should be permitted to send supplies to their killers.

The Congress has for too long allowed the Executive Branch to chip away at its rightful areas of authority set aside under the Constitutional separation of powers of the three branches -- legislative, executive and judicial.

Under the guise of Presidential emergency powers, mandates contained in Congressional legislation have been ignored. The Secretary of Defense has refused to build the B-70 strategic bomber or to use funds appropriated for the Nike X antiballistic system.

The same controversy has occurred over Congressional urging of an all-nuclear powered Navy but the recently launched super-carrier Kennedy is conventionally powered and according to Naval experts, obsolete even before it is commissioned.

The President ruled the last Congress under its 2-1 Democratic majority with an iron hand and railroaded his Great Society programs through with ease.

But the new Congress, while still 3-2 Democratic, is beginning to conduct itself as a separate branch of the government, and to reassert its rights.

Both House and Senate Committees are now questioning the growing authority of the President at the expense of Congressional power. The status of our involvement in Viet-Nam and the future course of action should now be thoroughly investigated by Congress.

When a nation fights a war, it must take risks but this Administration has been unwilling to take the risks to win. I believe it is past time that Congress assert its rights to declare war or do whatever is necessary to win.

Among the recent visitors in Bob Prices' Washington office were Mrs. Ted McClellan and Kay of Gruver.

## CYF Enjoyed Camp-out In Mountains

Members of the CYF of the First Christian Church and their sponsors left Friday afternoon for a weekend in the mountains. They returned Sunday afternoon. The group stayed in the Claude Schell cabin in Ute Park.

Mr. and Mrs. Orville Brummett are sponsors for the group and wait with them. There was a devotional service each morning with games and picnics in the afternoons. After the devotional Saturday, the group went to Red River for the day. The devotional Sunday included a Communion Service. That afternoon was spent climbing mountains and playing ball games.

Those attending were; Mr. and Mrs. Orville Brummett and Terrell, Bobby and Linda Smith, Carolyn and Ronald Schell, Vickie Mickler, Larry Campbell, Gary Ellsworth, Brenton Haworth, Ronnie and Janice Gilbert, Tony Hester, Pat Massad, Bonnie Vernon, Glenda Yancey, Gwen Hanners and Francis Whitson.

Mrs. Bobby Hohertz and children were in Big Springs, Tex. for the past two weeks visiting with Bobby's parents, Mr. and Mrs. Albert Hohertz. While they were gone Mrs. Hohertz visited old classmates in Midland.

Mrs. Marjorie Curtis of Denver was here last week visiting her parents, Mr. and Mrs. Frank Davis, A. J. flew her down and returned for her Saturday.

## Quicksand Is Program Topic

The Dahlia Flower Club met Monday morning Aug. 14 in the home of Mrs. Irvin Delk. Mrs. Bob Bailey presided over the business meeting.

Mrs. Deta Blodgett won the first place with an arrangement of white daisies and pink asters in a milk glass container. She also won for the best specimen, it being a pink rose in a crystal vase.

The program was presented by Mrs. Harold Shaver on "What We Should Know About Quicksand," and a quiz on "Family Safety". Roll call was answered with flowers of the Bible.

Refreshments were served to mesdames: Garrett Allen, Deta Blodgett, Jimmy Davis, Irvin Delk, Ervin Hester, Virgil Floyd, Earl Riley, Harold Shaver, James Walker, Lula Womble, and Bob Bailey.

Next meeting of the club will be August 28th with Mrs. Virgil Floyd, in her home.

## Spearman Club Plans Bazaar

The Spearman Home Demonstration Club met Friday August 11th in the HD Club room with Mrs. Byron Kenney acting as hostess.

Mrs. B. J. Gamett presided over the business session. Plans were made for their October bazaar and Mrs. A. D. Reed reported on the Hansford County H D picnic.

The program was presented by Miss Rebecca Hutchison on, "As Others See Us", a discussion on personality and good grooming.

The next meeting of the Spearman Club will be with Mrs. Carl Hughes, August 24th in her home.

Members attending were; Mrs. A. D. Reed, Mrs. Lula Deck, Mrs. B. J. Gamett, Mrs. Frank Davis, Mrs. W. A. Schubert, Mrs. Joe Smith, Mrs. W. H. Tarbox, Mrs. Claude Jackson, the hostess, Mrs. Byron Kenney and one guest, Miss Rebecca Hutchison.

Mrs. Leroy Melsenheimer and two daughters of Kingman, Kansas are visiting her sister, Mr. and Mrs. A. F. Holland this week.

Mr. and Mrs. A. F. Holland and boys returned Friday from a 2 weeks vacation in Powderly Ky. visiting his mother and other relatives.

### NEW YEAR-ROUND PROGRAM TO STOP ANAPLASMOSIS

This is the season when the entire cattle industry must be on the alert for one of its most difficult disease problems—*anaplasmosis*. Now reported in 39 states, *anaplasmosis* has in a few years moved out of its traditional problem area—the southern states—onto farms and into feedlots across the nation. Modern transportation and the trend to purchase southern calves for feedlots has extended the problem to many *anaplasmosis*-free areas farther north. Today *anaplasmosis* represents a \$0 million dollar total annual loss of livestock producers nationwide.

Now that summer is near, the blood sucking insects such as flies, mosquitoes, and ticks, will soon be at work transmitting the parasite from carrier animals to susceptible cattle. But even producers can pass the disease along mechanically—using castrating knives and dehorning saws.

Here are some tips for cattlemen based on successful tests in southern states where research has been conducted on the disease for many years. This information will help you to stop *anaplasmosis* before it strikes:

1. Be sure to sterilize all instruments used in castrating, dehorning or other work with animals.

2. Control ticks, flies, and mosquitoes. Clean up mosquito breeding places, using malathion insecticide for effective control. The new Malathion low volume concentrate is now registered for use in the control of flies and mosquitoes around feedlots, holding pens, and similar areas. The low volume rate of 6 to 8 fluid ounces of insecticide makes insect control both effective and economical.

3. The entire feeding program should be designed to prevent *anaplasmosis*. Research has shown that only feeds that contain the broad-spectrum antibiotic, Aureomycin, can prevent and even eradicate *anaplasmosis*. Aureomycin is absorbed and circulated throughout the bloodstream to fight the *anaplasmosis* organism that lives there. Feeds with Aureomycin should be fed during the warm months to prevent infection; and the antibiotic should also be used in the winter feeding program to eliminate the carrier state and reduce the source of infection.

Mrs. Everett Tracy and son Richard left Tuesday for Liberal, Mo., to visit her mother Mrs. Charlotte D. McDowell for a few days. They will return home Friday.

Brenda Robertson came home Saturday after visiting relatives in Las Animas, Colorado. While there she spent several days at their cabin in Del Norte, Colorado.

## Krazy-Daze Date Is Set

The Retail Merchant's committee of the Spearman Chamber of Commerce met Aug. 4 with chairman Nelson Bell presiding. The committee set Saturday September 16 as the date for this year's Krazy - Daze promotion. Formal plans for this annual affair will be worked out more thoroughly and announced later. The committee also discussed some basic plans for the 1967 Christmas program.

## Jaycees Making Final Plans for Celebration

Last minute details are being made by the Perryton Jaycees as the town moves into celebration week, with a slow start earlier in the week and building toward a big Saturday climax.

The agenda is varied, ranging from carnival rides to beauty contestants, from dancing to barbecue, from a teen dance party to an old timers reunion.

First on the week's schedule is the carnival, and for the first three days this is the only official part of the celebration, with the Rhodes carnival opening nightly at 6 p. m.

A square dance has been scheduled with Vaughn Parrish of Boulder, Colo., as caller, on Thursday night, beginning at 8 p. m. on the city tennis courts in Central Park.

Dances are planned Friday and Saturday nights at the Veterans Memorial Building, with music by the Country Cut-Ups, starting at 9 p. m.

The big day—Saturday—begins at 9 a. m., at least for the visitors, with old timer reunion registration and opening of sidewalk bazaars and displays.

A much earlier time will be observed by many of the Jaycees who will be rolling out of bed in the wee hours to make last minute preparations, blocking off Main Street and getting other chores taken care of.

"Texas Myths and Legends" is the theme of the celebration parade this year, with the floats, riders and other features to roll up Main Street beginning at 10 a. m.

Street entertainment will be presented, beginning at 11 a. m., and this will be followed by a big barbecue meal at 12 noon.

Registered old timers will be served free on the courthouse lawn, while other visitors will be eating at the county fairgrounds.

The Jaycees will be working all Friday night preparing the big feed, which will cost \$1 per

plate. Most people are expected to have tickets for the feed presented to them by merchants. The old timers will be entertained by a fiddlers contest at 1 p. m., with cash prize of \$325 due.

At the rodeo arena at 2 p. m., the Jaycees have booked 20 top ropers, including four national and world champions, for a steer roping.

Teenagers will dance from 2:30 to 5:30 p. m. at the Veterans Memorial Building, with music by Buddy and the Bums, and the Valesquez Brothers.

Wheatheart of the Nation revue will be seen beginning at 7:30 p. m. at the Perryton high school auditorium, with beauties from Oklahoma, Texas, Kansas, Colorado and Nebraska competing.

There should be plenty of excitement this week, and resident and visitor alike are invited to join in the fun.

## In Children— Obesity Is Health Risk

That plump, healthy, happy youngster may grow up to be a fat, unhealthy, unhappy older child, and later into a fat adult who is prey to all of the physical ailments that are a part of obesity.

Faulty eating habits started in early childhood often are the cause

of overweight adults in later life, says Today's Health, the magazine of the American Medical Association.

All too many mothers, with the best of intentions, nag their

youngster lose weight—

- Weigh once a week and keep track of the weight. Use the same scale and wear approximately the same clothing.
- It isn't necessary to cut out all desserts and snacks, as long as their calorie count is included in the daily total. Fresh fruits are good for snacks.
- Keep a supply of raw carrots, radishes, celery sticks and pickles for more snacking. Tomato juice or clear bouillon can serve for drinks.
- Cut out rich salad dressings; instead use vinegar and lemon juice.
- Trim fat from meat, take it easy on the butter, substitute skim milk for whole milk. But be sure to get sufficient Vitamin A from fruits and vegetables.

The parent is not the one to decide whether the child should lose weight, how he should lose it, or whether he should continue to remain "pleasingly plump," says Today's Health. The doctor should be consulted.

If it fits your doctor's counsel, here are some tips to help your

serve the meals naturally and as a matter of course. Avoid nagging the child about his diet. It will only make him rebellious and more inclined to snack on the side.

# Wake Up America!

The following address was given by R. W. J. Guy Smith, Grand Senior Warden of the Most Worshipful Grand Lodge of Texas, on May 27, 1967 before a meeting of all of the District Deputy Grand Masters, meeting in Fort Worth at the Masonic Home and School.

## WAKE UP AMERICA!

Things are happening throughout our land which greatly disturb me—things which I feel must also be of real concern to every citizen. On every hand there are signs that the moral strength of our nation is decreasing alarmingly. The principles upon which our country was founded are being eroded slowly but surely. We are substituting materialistic values for spiritual ones—the old moral standards of what is right and what's wrong are being discarded and, in their stead, we are establishing codes of ethics that, if followed can only render us impotent as a people and as a nation.

When I selected "Wake Up, America" as the title of my talk, there were fresh in my mind the riots that took place in Watts, California and at Miami, Florida. However, these riots, unlike the ones which took place in Los Angeles, in Chicago, in Springfield, Massachusetts, did not have racial overtones. What they all had in common, however, was a disregard—yes, even a hate—for law and order. All of them were grim, unhappy examples of the present moral climate in our nation.

The situation is getting worse, and yet too many Americans are still emulating Rip Van Winkle. Unless we can find a way to wake them up, there might be no stopping the downward course of America.

Even though some of us recognize that our nation is headed in the wrong direction, we are living in a dream world waiting for someone else to do what is necessary to get America back on the right road again. Seemingly, we don't want to become involved or else we justify our lack of action by saying, "It Can't Happen Here," or "That's just teenagers letting off steam," or "Times are changing, you've got to expect things like that."

or "it's the government's problem—I'm not going to worry about it."

Yes, those statements, and many more like them, can be heard every day from the man next door, from the fellow who works with you in the office, from county, state and national politicians, from pulpits, from reporters, from editors, from college professors, from friends and relatives—from just about every level of society.

Somewhat, somehow, an epidemic of sleeping sickness has struck our nation. Upon those who have been fortunate enough to thus escape the disease rests the responsibility of finding a solution before it is late. If we are to turn the tide, each one of us must shut out and over again to all we will listen -- "It can happen here!" In fact, in Los Angeles it happened right before our eyes, thanks to television.

Like Sodom and Gomorrah—like Rome—America is rotting from within. Immorality is flourishing and pre-marital sex is being condoned even from the pulpits; juvenile delinquency is on the rise and disregard for law and order has been given a cloak of respectability; pornography is accepted and even preferred in our literature, in our movies and in our stage shows; our Courts continue to find technicalities whereby vicious criminals, known to be guilty, are turned loose to prey again and again on society.

Listen, Brethren, we are going to have to wake up before it is too late—we are going to have to effect some drastic changes in our present way of life—changes in our behavior patterns, changes in our thought processes, changes in our moral values.

Jenkin Lloyd Jones, the distinguished editor of the Tulsa Tribune, made a statement which should give every person in this room cause for alarm. Speaking of the Communists, he said and I quote: "However much the leaders of the communist conspiracy may lie to their subjects about our motives, about our conditions of prosperity, about our policies and aims, one thing they themselves believe implicitly—and that is that America is in an advanced state of moral decline."

If these people, who are our mortal enemies, really believe this—and they do— isn't it about time for us to start doing something about it? I believe that America's enemies are making tremendous inroads here on the home front and that our nation literally stands today at the crossroads -- one road leads upward to self-discipline while the other road is all downhill and its ultimate destination is the city of decay. I believe that we must decide now which road we are going to travel and that decision will be determined by how strong or how weak we Americans, collectively speaking, really are.

But, "What Can I Do?" Is the question that people invariably ask me and therefore, I would like to make a few specific suggestions for personal action. In so doing I ask that you keep in mind these words by Edward Hale, a former Chaplain of the U. S. Senate. He said: "I am only one, but I am one. I can't do everything, but I can do something. And what I can do, that I ought to do. And what I ought to do, by the grace of God, I shall do."

One of the very first things we all can do is to make the most of every opportunity that presents itself to help bring self-discipline and decency back into style. If you have youngsters—take the time to try to develop in them a sense of personal responsibility, an the need for constant devotion to religious principles and of the necessity for fostering a deep and abiding pride in and love of country.

Next, you can bring all the pressure at your command to plug up the loopholes in our laws that enable punks to go scot-free, not just once but time after time. Let's demand that criminals be treated as criminals—that the hands of our police in bringing criminals to justice not be tied down by unworkable and unreasonable requirements such as the mallory rule. Insist that the juvenile courts and parole boards carefully review the past records of criminals before releasing them to again prey on society. We must adopt a realistic attitude toward these critical problems. We have tried the lenient approach and it has failed.

Just as important, let's support our law enforcement officers. It is up to all law abiding people to help improve the policeman's public image by giving to him full and complete support and cooperation. Let's demand of our law enforcement

officers the highest quality and efficiency of performance, while demanding for them the public respect which they so rightly deserve.

Let's stop going to see filthy movies and dirty stage shows. Let's not buy pornographic magazines or books and urge those who sell them in our neighborhoods to stop making them available to our young people. Let's write letters of objection to advertisers that resort to the use of suggestive or dirty material in their advertisements. Let's start setting the right kind of example through our everyday lives. Let's get prayer and a trust in and reverence for a supreme being back into our national life.

The blows are being well-timed—the poison is being administered in small doses—we are weakening before the relentless determination of the ever-present minority of evil people whose goal in life is to drag others down to their level.

Let's look carefully at the national student association (N.S.A.). These are youngsters who have been received scholarships and grants—they are enjoying more individual freedom than any other students in history—and this is their expression of appreciation for all that has been done for them.

And now moving to an equally disturbing situation, let's insist that our churches and our ministers devote their time to our spiritual problems and not just to those problems connected with civil rights. Tell your minister that it is just as sinful to advocate civil strife as it is to deny the right. Dr. Kenneth McFarland, noted educator, author, world traveler and one of America's finest public speakers recently said in this connection and I quote:

"Important as the civil rights issue is, it is by no means our only problem. Let's get our parading preachers back into their pulpits—when national church organizations begin advocating the violation of law and even approve the use of church funds to pay the fines of such violators, it is time you found out where your church stands. I want the churches to lead people to God—not to jail, not to the court house, not to the state house, not to the board of education offices, not to the housing construction project." Unquote.

I am confident that all of you can think of many more things you can personally do to turn the tide in favor of self-discipline and decency. I am hopeful that each one of you

will do something. The time for lip service is past—the time for action is now.

Remember this -- as the old hymn says: "God moves in a Mysterious Way, his wonders do perform." Perhaps through you he will point the way where-by we can.....

## WAKE UP, AMERICA!

### Constitution Vs. Caligula

Historians tell us that Caligula, the evil Roman emperor, used a sly trick to enforce his despotic rule. He posted his laws on pillars, so high up that the people could never be sure what they were.

But if the lawmakers of today should try to copy Caligula, they would run head-on into the "due process" clause of the Constitution. Under this clause, no person may be punished under a law that he cannot reasonably understand.

Take the case of a motorist who was cited for speeding. According to the local traffic ordinance, the speed limit applied to all "built up" areas of the community.

But a court threw out the charge, on the ground that the ordinance

was too vague to be understood. The court said a neighborhood that seemed "built up" to a visiting farmer might seem quite different to his city cousin.

The mischief in a vague law lies not only in leaving the people unsure of their responsibilities but also in allowing too much leeway in its enforcement. Thus, a law on the improper influencing of juries was held unconstitutional because there was too much scope in the word "influence." The court said: "A newspaper article, a bribe, a gesture, a smile, a lifting of the eyebrows—all can be caught in its broad net."

True, it may not always be practical to make the rules so plain that there is no room for doubt. Perfect clarity is not required. For example:

An accused hit-run driver claimed that the statute under which he was arrested was too vague to be constitutional.

"It requires the giving of 'reasonable' assistance to an injured person," he said. "But what does 'reasonable' mean? Opinions may differ a great deal on that point."

However, the court upheld the statute and found the defendant guilty as charged. The court said the legislature could not be expected to spell out a specific treatment for every possible injury.

In other words, the Constitution allows vagueness that cannot reasonably be avoided—but forbids vagueness that leaves the public unfairly in the dark.

"The posting of criminal laws high on a semantic wall beyond the vision of the people," said one court, "cannot be given judicial sanction."

BILLY PAT UNDERWOOD, pictured above on his 3rd birthday. His mother, Mrs. Pat Underwood, entertained several of his little friends with a party August 8th at their home, 1010 S. Bemice. Party favors, dolls for the girls and French Harps for the boys, were distributed before the group enjoyed birthday

cake and punch. The cake was a big chocolate one, with three candles. Those enjoying the birthday party included; Mark, Bobby and Kimberly Hamilton, Kim, Pam, Kelly and Nicky Rylant; Steven and Teresa Findell; Yvonda Scroggs, Lance Simpson, Machele Doty, Machele Graham, Ed and Ted Whitefield, Wendy and Andy Cordle.

**Operation Shop Early Underway**

As reported in the February issue of Manager's Memo, "Operation Shop Early" - through which American Red Cross chapters provided gifts for GIs in Vietnam last Christmas - was one of the most successful ventures of its kind in many years. Because these gifts, packed with such thoughtful care by many chapters, helped so many boys and men over their Christmas loneliness, we will undertake it again. This project, to be known as Program 59 or "Red Cross Shop Early-Vietnam 1967," will require even greater chapter participation this year. Because of the increased number of military personnel in Vietnam, the area quota of 160,000 filled ditty bags represents a 33% increase over last year's need.

The Hansford County chapter has volunteered to make and fill 400 bags under this program. There are displays in local grocery and drug stores which will give all an opportunity to participate.

One filled gift bag will be given to each able-bodied United States serviceman in Vietnam at Christmas time. Shipments of these bags will be made September 15th, 1967. Contents-Each gift bag should contain a variety of small items such as the following. (It is permissible to include items bearing commercial names.) All items should be new.

1. Ballpoint pens
2. Paperbacks Books (adventure, mystery, western, science, fiction, crossword puzzles, etc.)
3. Plastic soap case
4. Plastic Toothbrush holder
5. Plastic Cigarette case
6. Small package writing paper with self-seal envelope.
7. Small address book
8. Terry cloth washcloth (other than white or light color)
9. Nail clippers
10. Comb
11. Pocket games (small enough to put in pocket,

- Such as can be placed in plastic bags or containers, i.e. small decks of playing cards, chess, checkers, etc. Pinochle very popular.)
12. Mailing-size voice tapes (reel of 3" tapes-150" length)
13. Small tins of nuts and candies-vacuum packed.
14. Windproof type cigarette lighters.
15. Small plastic snapshot holders.
16. "Wipe and Shine" -packet shoe polish (Note: No liquids, glass containers, combustibles, food, or any item that would melt or deteriorate in heat should be included. No medicaments of any kind, including foot powder.

Should you or your organization wish to contribute you may call Mrs. Bud King at 659-3107 or Mrs. Bernard Barnes, 659-2432. Your cash donations will be appreciated and such should be made to the Hansford County Red Cross Chapter, Woodrow Gibner First State Bank.

School days are almost here again for millions of American youngsters.

With the approach of the fall term, the American Medical Association reminds parents once again that there are health and safety considerations that are important in preparing the small fry for another nine months of studies.

The A.M.A. recommends a thorough health examination for 5- and 6-year-olds who are starting school for the first time.

Mr. and Mrs. Frank Tracy of Mulberry Kansas visited last week in the home of their son, Mr. and Mrs. Everett Tracy and Richard. On Saturday Mrs. Tracy's brother and son, Mr. Hal McDowell and Mac of Novato, Calif, came. They visited until Sunday.

MRS. ELAINE CESSNUN

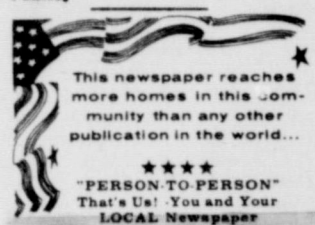

Mrs. Bill (Elaine) Cessnun was among twelve vocational nurses to graduate in commencement exercises Friday August 4 at First Presbyterian Church in Pampa.

The nurses were graduates of Highland General Hospital School of Vocational Nursing. Mrs. Cessnun, daughter of Mr. and Mrs. C. E. Blackburn of Spearman, graduated with honors. She was second highest in her class, with a grade score of 94.6. Jean Booth was highest with 95.4.

This fulfills a life-long ambition for Mrs. Cessnun. She has always desired to be a Nurse and while living in Spearman, Dalhart and Wheeler, she worked in the Hospitals. Not until she moved to Wheeler did she have the opportunity to enroll for LVN Training. She commuted daily to Pampa during her 12 month training.

The ceremony Friday night was a Florence Nightengale Lamp service, conducted by Mrs. Imogene Murrell, LVN. Students carried a single long stemmed white carnation. Instructor, Mrs. Elizabeth Houdashell gave the nurses their pins.

Mr. and Mrs. Cessnun and three children now live in Elkhart, Kansas where he is employed by the Helium Plant.

**Golf Pro Resigns**

Andy Anderson, Pro at Hansford Golf Course, submitted his resignation to the Board of Directors last Friday. His last day at the local golf club will be August 27th.

August 28 Anderson will take over duties at his new post, the Perryton Country Club. Andy stated that he had enjoyed his job at the Spearman Club, and that he had not planned to leave. However Perryton offered him the job, which includes a large pay raise, when their pro Richard Hale resigned to take over the Floydada country club.

Anderson has been Pro at the local golf club since April, 1966. He has done a real good job in caring for the course and has kept it in top-notch shape.

Anderson had planned two tournaments: a Pro-Am on August 25, and an Open tournament for the 27. He will go ahead with plans for these two tournaments.

Tee-off times for both the Pro-Am and the Open will be any time after 7 A.M. Entry fee for the Pro-Am is \$5 for amateurs and \$11 for Pros. Entry fee is the same for the Open on August 27. Merchandise prizes will be awarded winners.

Golf club board members have not had a chance to meet, as yet, and talk over plans for the hiring of someone to replace Anderson. Bobby Hohertz is President of the club.
