## Services

Dr. Gilbert D. Davis Jr.

The First Christian Church wants to invite you to share in worship and study March 7, 8, and 9, with Dr. Gilbert Davis as guest speaker. Services will begin at 7:30 p.m. A fellowship time will follow each service.

We are fortunate to have Dr. Davis coming to share in this revival and renewal time, and we welcome everyone to our services.

The text for Dr. Davis sermons are Friday-The Renewal We Seek; Saturday-Examining Our Religious Experiences; Sunday morning-Spectators At Calvary; Sunday evening-The Basis of Judgement.

Dr. Gilbert D. Davis, Jr., was named Director of Church Relations at Texas Christian University on August 1, 1971. He was the former minister of Kings Highway Christian Church in Shreveport, Louisiana and succeeded the late Dr. Don J. VerDuin in the Church Relations Director position. His office maintains personal contacts with the more than 500 Christian Churches (Disciples of Christ in Texas, Louisiana, and New Mexico).

Dr. Davis was the minister of Kings Highway Christian Church, Shreveport, Louisiana, for nine years. Prior to his Shreveport pastorate, he served churches in Hereford and Galena Park, Texas; Ayden, North Carolina; and Camden, Arkansas.

Dr. Davis is a native of North Carolina. He received the Bachelor of Arts degree from Atlantic Christian College, Wilson, North Carolina. Dr. Davis has a Bachelor of Divinity degree from Brite Divinity School, Texas Christian University. The Honorary degree, Doctor of Divinity, was conferred upon him by Texas Christian University on June 1, 1966.

Dr. Davis has been a member of the Board of Directors of the Juliette Fowler Home of Dallas, Texas. He has served on the Board of State Missionary Societies for the Christian Church (Disciples of Christ) in North Carolina, Texas, and Louisiana. He is a former member of the Board of Unified Promotion as well as a former member and vice president of the Board's Committee on Reference and Counsel.

Dr. Davis is married to the former Hilda Lake, a native of Crockett, Texas. Mrs. Davis is also a graduate of TCU. They have two sons: David, a graduate of TCU and the University of Texas Law School. David is now practicing law in Tulsa, Oklahoma, where he resides with his wife, Cathy; and Mark Brinson Davis, a Communications major graduate of TCU in August, 1979. Mark resides in Dallas, Texas. Dr. and Mrs. Davis reside at 3616 Norfolk, Fort Worth, Texas.

# Vernon Shows Grand Reserve Angus

Tracy Vernon exhibited the Reserve Champion Angus steer at the Houston Livestock Show and Rodeo this past week. Tracy's steer sold through the premium sale weighing 1212 pounds for \$14.00 per pound.

Ron Clark, another Spearman FFA member, placed 10th in the Light weight Maine Anjou class. Ron's steer sold for \$1.25 per pound. Other members showing steers were Clay Reid, Scott Strawn and Shelly Strawn.

In the barrow show, Greg Odegaard showed a 3rd place medium weight spot barrow that sold for \$3.20 per pound. Tracy Vernon exhibited a 6th place light weight Yorkshire that sold for \$1.90 per pound.

Eadie Clemmons showed an 8th place heavy weight Yorkshire that sold for \$1.75 per pound. Scott Davis sold an 8th place middle weight spot barrow for \$1.60 per pound. Dayton Edwards placed 11th with his heavy weight spot that sold for \$1.40 per pound, and Roger Buchanan sold his 12th place middle weight Chester White for \$1.10 per pound.

Other FFA members showing barrows were Andy Francis, Clay Reid, Kermit Mahanay, Brad Guthrie, Van Hamilton, Greg Meisner, Hank Sutterfield, Alvin Byers, Mike Dixon and Ron Clark.

Roger Close exhibited a Suffolk lamb in the lamb show. Halee Reed, Spearman FFA Sweetheart and Texas High School Rodeo Association Queen represented the chapter in presenting ribbons in the Chianina division of the steer show.

Special thanks to Mr. and Mrs. Bill Strawn, Mr. and Mrs. Charles Reid, Mr. and Mrs. Pete Vernon, Mr. and Mrs. Billy Brown, Albert Clark, Roger Odegaard, Kenneth Fremel and Eddy Clemmons, Spearman High School Principal, for helping sponsor the group at the show.

FFA Advisors are Herman Boone and Burt Williams. The 1980 Houston Livestock Show set new records with 1750 steers, 1600 lambs, and 2750 barrows entered in the show. The highlight of the show was the selling of the Grand Champion Steer for \$110,000.00, \$42,000.00 for the Grand Champion Lamb and \$36,000.00 for the Grand Champion Barrow.

HOUSTON--February 28, 1980--In his first year at the show, 15-year-old Blaine Todd of Lamesa walked off with the Grand Champion Angus Steer award at the 1980 Houston Livestock Show and Rodeo. A freshman at Klondike High School, Blaine led his 1172 lb. 4-H project to the win under the direction of his county agent, Hank Kimbriel. The son of Mr. and Mrs. Paul Todd, Blaine is also 4-H Horse Club President and enjoys roping and showing Quarter Horses. "I'm real happy," said Blaine. "I plan on being here next year." This was the steers first time out after winning the Championship in the Angus Division at the Dawson County show at Lamesa. The 18-month-old calf was purchased at the Mike Hartman sale in Lubbock.

Judge for the show, Roger Hunsley, commented that the steer was "a definite top in his class," and chose the steer out of 24 entries in the Heavyweight division.

Taking the Reserve title and also second in the heavyweight division, was Tracy Vernon of Spearman, Tx. son of Mr. and Mrs. Johnny Vernon. Sixteen-year-old Tracy also won the championship at the Amarillo show earlier this year with his 1212 lb. calf. A sophomore at Spearman, the FFA member plans to attend Texas A&M after high school.

Placing first in the Light-weight Division was 17 year old Lynda Henderson of Rotan, with her 17-month-old steer, Gomer. The steer was raised as

a 4-H project under the supervision of Richard Spencer.

In the Middle Weight Division, top honors went to 17-year-old Tony Terry of Roby. Tony raised the steer as a 4-H project. Tony had the first place Angus Heifer at the Houston Show last year.

The Angus champions were selected from 73 entries in the Angus Steer Show. The Junior Market Steer Show has some 1763 entries in total. Steer Show Judge Roger Hunsley, back for his second year at Houston, noted that he is "looking for the steer that is ready for the market now, one that will be a useful product for the consumer."

Hunsley, an animal science professor from Purdue University, is nationally recognized as an expert on both market and breeding cattle. Previously, he has judged several national breed shows, as well as other prominent steer shows.

The Grand Champion Steer of the 1980 Houston Livestock Show will be chosen Friday in the Astrodome and will be sold at the auction on Saturday, March 1. The Houston Show holds the world's record price paid for a Grand Champion Steer, as the 1979 Grand Champion sold for \$70,000. Community support of the young exhibitors who come to Houston is responsible for the success of the Houston Show. The prices paid for the market animals only represents a portion of the commitment of the Houston Show to youth.

The Houston Livestock Show is a charitable organization totally dedicated to youth and to education. The Houston Show is recognized as the nation's largest donor of agricultural scholarships with 334 students attending Texas colleges and universities at a commitment of some \$1.9 million.

Known as the world's largest Livestock Show and Rodeo, the Houston Show is totally committed to the support of youth, with all net Show proceeds going to continue its many outstanding programs for youngsters throughout Texas.

## Reception Planned

A Get Acquainted Reception will be held Sunday, March 9, 1:30 - 3:00 p.m., at Hansford County Library for Miss Josefa "Pinita" Amezcua. "Pinita", a 15 year old foreign exchange student who is residing with Mr. and Mrs. Jim Ivey and family while attending Spearman High School, is a native of Culiacan, Sinaloa, Mexico. She has resided in Spearman since October and has enjoyed living in our community very much. Her parents, Mr. and Mrs. Eduardo Amezcua, recently visited here during one of our snow storms, this was Mrs. Amezcua's first sight of snow.

To further the Education and International Affairs Department, the members of the Twentieth Century Club invites everyone to stop by the Library and visit with Pinita. She will display some items from Mexico for your enjoyment. Refreshments will be served.

## History Book Deadline

Family stories are just one of the many items to be featured in the forthcoming county history book. The planned general history section will relate the county's growth and development from its beginning to the present through written copy and photos accurately describing the changes in agriculture, industry, education and other subjects of historical significance.

TRACY VERNON, right, has good reason for the big smile. He is shown here with his Reserve Grand Champion Angus Steer at the Houston Livestock Show last week. From left to right, Herman Boone, FFA instructor, Mr. and Mrs. Johnny P. Vernon and Mr. and Mrs. Billy Brown.

## Proposed Rate Change For Telephone Co.

Spearman residents will be paying \$9.21 for a one party telephone line as compared to \$7.50 now if the proposed rate hike which has been filed by General Telephone Company of the Southwest with the Public Utility Commission of Texas.

Rates for a one party business line will be \$21.37 compared to the \$17.00 present charge.

According to the telephone company, rates now in effect were established on a city-by-city basis prior to the establishment of the Public Utility Commission in September 1976. As a result, rates vary greatly. This filing seeks to make rates for services uniform.

The filing seeks to equalize local monthly basic service rates by grouping cities by bands based on the number of primary telephones that can be called without a long distance charge,

and to apply charges for all services more nearly relating to the cost of providing those services, according to F.E. Hightower, Vice president, General Telephone Company.

## Enter Race

Roger Odegaard and Bob Boxwell have added their names for election to the Spearman Independent School District Board.

Others who have filed for positions on the school board are Larry Porter, Albert (Butch) Baker, Lloyd McWhirter and Clark Mires, incumbent.

Absentee voting in the school election will be conducted at the school business office at the high school March 17 through April 1.

The election will be held April 5 at the Spearman High School.

POST-TMI TESTS EYE TINY BREAKS IN REACTOR COOLING

small, simulated ruptures in the primary cooling lines of standard light-water nuclear reactors.  
Earlier tests of large breaks in nuclear coolant systems were successfully performed for the DOE last spring by EG&G Idaho in the program called Loss-Of-Fluid-Test (LOFT).  
The first nuclear "Small Break" test is being conducted at DOE's LOFT facility in Idaho and reflects

a post-Three Mile Island emphasis on evaluating systems that are employed when small ruptures causing loss of core fluids occur—as compared to those used when large breaks occur.  
The data being collected will be used to study nuclear power plant accidents in standard, pressurized water (light-water) reactors and to evaluate backup emergency core-cooling systems.  
Highly trained crews man

the LOFT reactor plant continuously and are ultimately responsible for the safe and efficient conduct of all reactor operations.  
To supplement their previous nuclear operating experience, each EG&G reactor-plant operator receives additional practice and specialized training before each nuclear experiment.

## Revival Meeting

Hilton Sutton will be in Revival Meeting at Spearman Union Church starting Sunday Morning March 9 and go through Tuesday night March 11th. The Meeting will be at the Spearman Union Church unless the crowds overflow and then we will meet at the High School Auditorium. This will be a Profitic Seminar on the End Time and the Iran Crises. The Sunday Morning Service will be at 11 o'clock and the night Services will be at 7:30. Pastor Archie Burress and Congregation invite all to come and hear this dynamic speaker.  
Hilton Sutton descended from a line of clergy. The family tree reveals that a Sutton was the Archbishop of Canterbury in the 11th century. This grandfather, George Sutton, was a circuit-riding Methodist holiness preacher in central Texas in the late 1800's and along with his grandmother, Julia, an English teacher, established a number of churches around the state capital, Austin, Texas. He descended from the Sutton family of England, which came to the United States about 1821 for political reasons leaving behind historic Sutton Place, now the international headquarters for the late J. Paul Getty's empire.  
Hilton's father, Hilton Alexander Sutton, a former owner of a finance company before the Depression, became a follower of Jesus Christ at age 40. A year later he accepted a call to the ministry and received his theological training sitting at the feet of his aged father, George. Hilton's father has had a successful ministry, and although only 86 years old, still pastors in Beaumont, Texas. Hilton's mother, "Lottie", as she is affectionately known, is from a Roman Catholic background. She is still a faithful pastor's wife and a great-grandmother.  
Hilton had above-average popularity in high school and college, serving as president of several on-campus organizations and as a member of student councils. He served three years during World War II with the Air Force and is presently a member of the Air Force Association. He pursued an education in music and used his talent for a short while professionally, working on one occasion with the famous violinist, Rubinf. His keen interest in people soon involved him in civic work for which he was given "Key Men" awards and cited as an outstanding vice-president of the Junior Chamber of Commerce.  
The year 1948 saw his full commitment to the Lord, Jesus Christ, and on January 1st, 1950, he accepted a call to enter the ministry as an evangelist. His ministry has been full; serving as an evangelist, pastor, and lecturer has taken him across the United States and to several foreign countries.  
Hilton now serves as Chairman of the Board of Mission To America, a Houston-based missionary outreach for the United States. He spends his time in Crusades, Revelation Seminars, Television, and with his family.  
Hilton is married to JoAnn Goodson of Joplin, Missouri, by way of Arkansas. They have two fine daughters, Terri and Lisa, and two lovely granddaughters by Terri and their son-in-law, Lee Bigelow -- all turned-on Christians!  
Hilton's interest in, and studies of, history and the prophetic scripture over a period of many years equips him to serve in his present capacity. He has authored four books: "WORLD WAR III", "THE BEAST SYSTEM", "HE RESERVES WRATH FOR HIS ENEMIES", AND "PHARAOH IN THE PROMISED LAND". He is considered by many to be our nation's most outstanding lecturer on the "Book of Revelation."

## Engagement Announced

Mrs. Harold Shaver of Spearman is announcing the engagement and approaching marriage of her daughter Kelly to Jimmie C. Vernon. Jimmie is the son of Mr. and Mrs. Jimmie R. Vernon, also of Spearman.

The wedding is planned for June 14, in the First United Methodist Church. Following the wedding the couple will make their home in Lubbock.

## Our Heritage of Faith notes from Faith Lutheran Church

This is the season of Lent, a season of preparation for the coming of Easter, as a part of this season it is traditional in the Lutheran Church to have mid-week services. Faith is continuing with this tradition and holding services every Wednesday night at 7:30 during March. The theme for the sermons for these services is "Behold, we are going up to Jerusalem" and they will be studies of the events leading up to the death and resurrection of Jesus. We are looking at these events in a unique way because we are using the Pilgrim Psalms (Psalms 120-134), as the texts for these sermons. These psalms were used by the Hebrews as they went up to Jerusalem for the great feasts and they may have been used by Jesus himself as he went up to Jerusalem to suffer. The title for this Wednesday's sermon will be "Pausing to Remember" and it will be based on Psalms 124, 125. We invite you to join us for these services and for our Sunday morning services which are at 9:30 with Sunday School immediately following the service.

Things are really beginning to happen here at Faith. This Monday, March 3, the men of Faith went up to Liberal for a Dartball match against Grace Lutheran Church and they came home with another victory. Every member of the team played exceptionally well but special credit goes to Willie Reneau for scoring a homerun in the fifth inning of the last game to start the momentum that enabled us to win all three games. Next week we will be going to Hooker to see if we can keep our winning streak going. We are also having a class in the Lutheran confessions every Sunday night at 7:30 and this week we will be looking at the creeds. In addition to this we have just installed new carpet in the sanctuary. Come and join us in all the fun. 1980 has been good to us so far and there are more exciting things to come.

## Seventh-day Adventist News Carla Harper On OSU Dean's List

Dear Friend,  
How are you? I just had to send a note to tell you how much I love and care about you.

I saw you yesterday as you were talking with your friends. I waited all day hoping you would want to talk to me also. As evening drew near I gave you a sunset to close your day and a cool breeze to rest you - and I waited. You never came. Oh, yes, it hurt me - but I still love you because I am your friend.

I saw you fall to sleep last night and longed to touch you so I spilled moonlight upon your pillow and face. Again I waited, wanting to rush down so we could talk. I have so many gifts for you! You awakened late and rushed off to work. My tears were in the rain.

Today you look so sad - so all alone. It makes my heart ache because I understand. My friends let me down and hurt me many times too, but I love you!

Oh! If you would only listen to me! I LOVE YOU! I try to tell you in the blue sky and in the quiet green grass! I whisper it in the leaves on the trees and breathe it in the colors of the flowers. I shout it to you in the mountain streams and give birds love songs to sing! I clothe you with warm sunshine and perfume the air with nature scents. My love for you is deeper than the oceans, and bigger than the biggest want or need in your head! Oh! If you only knew how much I want to walk and talk with you. We could spend eternity together in heaven.

Your Friend,  
JESUS

## PO Offers Discount On Zip Code Directory

This year's National ZIP Code and Post Office Directory will be easier to obtain and a little cheaper to buy, according to the postmaster.

The Postal Service is offering its customers the option of buying the directory at any post office or by direct mail. Two discount plans allow customers to save \$1.50 on a single copy or up to \$10.50 on a case of eight directories, the postmaster explained.

The 1980 ZIP Code and Post Office Directory not only contains ZIP Codes for the United States and territories, but also gives information on various classes of mail, service im-

provement programs, new letter size standards, 3-digit ZIP Code maps and delivery statistics. The new directory also lists new streets, apartment complexes and new and discontinued post offices.

By "trading in" the front cover of any previous year's ZIP Code Directory (USPS Publication 65) or Directory of Post Offices (USPS Publication 26), mailers will receive \$1.50 off the single copy price of \$7.50. There is a limit of one front cover per single copy purchased.

The Postmaster said mailers who buy at a special case price of \$52.50 receive eight director-

ies for the price of seven—a saving of \$7.50.

"By taking advantage of both the trade in discount and the case price, customers can trade in up to seven directory covers for each case purchased, save an additional \$10.50 and pay as low as \$42.00 for a case of eight," the postmaster explained.

Purchase at your post office, or to order the 1980 ZIP Code and Post Office Directory by mail, customers simply send a check or money order plus any trade in covers to St. Louis Postal Data Center, P.O. Box 14872, St. Louis, MO 63138. Checks should be made payable

to U.S. Postal Service. Mailers should specify the number of copies (at \$7.50) or cases of eight (at \$52.50) desired and to deduct \$1.50 per copy for each trade in cover. No handling or service charge will be added to orders placed by mail.

Peggy Winegarner  
Co. Extension Agent

Family savings pose a challenge, but it can be done. During the last decade the average household managed to save about six percent of their disposable income, but during 1979, the level dropped. Many families are not saving at all.

There are tactics that lead to savings success, however, for families who want to save in safe, liquid, regulated ways. Some families have made saving a habit.

They pay themselves first -- a portion of every paycheck goes into savings regardless of other expenses.

Other families need different tactics to force themselves to save. "Coin Play" is one. Coin savers set aside a jar or piggy bank or special drawer. Selected coins -- quarters, dimes -- are diverted into the jars.

Some people empty their pockets at the end of every day and put all change into a jar. Family members may race to see who can fill a jar the fastest. Sometimes labeling a jar, such as "Summer Vacation Money" or "Colored TV Fund" helps the whole family join in the project.

Here's another idea: change a debit to a credit -- or a debt to a savings.

With this method, when a debt is finished, use the now-free money for saving instead of spending. For example, when the refrigerator is paid off, save the amount that had gone for its monthly payment.

"Crash Saving" is another tactic.

Pick a time period during which another is spent that isn't absolutely necessary.

Be sure to set limits to the time -- say two months -- and mark it off on a calendar.

During this time, cut out movies, "eating out," babysitters, sales, beer, cigarettes -- and feel like a hero for the time involved.

You can learn about yourself during this time, and probably you'll save a great deal.

One advantage to this plan is that you may like the new lifestyle and make savings a permanent habit.

Finally, there's the kick-a-habit savings idea.

Save all the money you spend for coffee breaks or cigarettes or desserts or telephone calls, for example.

In general, remember, it is possible to save -- even in inflationary times -- if saving is your goal.

Planning meeting for World Day of Prayer was held Monday, March 3 at 10:00 a.m. at the Assembly of God. Mrs. Muri Pearson presided. Others attending were Mrs. J.C. Vandlingham, Jane Nuckels, Judy Hergert, Jane Meek, Betty Freeman and Beverly Berger. "Responsible Freedom" is theme for World Day of Prayer on Friday, March 7. Church Women United in Spearman will hold a service at the Assembly of God at 9:30 a.m. Parts in the service will be led by women from the Assembly of God, First Christian Church, the Church of the Apostolic Faith, the Union Church, First United Methodist Church, First Presbyterian Church, Faith Lutheran Church, Seventh Day Adventist Church, Church of the Brethren, and Sacred Heart Catholic Church.

While the service is led by Church Women United it is open to everyone and not confined to women. Women in this country have been celebrating a national day of prayer since 1887. This year, people in more than 150 countries and islands around the world will gather in prayerful consideration of "Responsible Freedom". Church Women United is the official sponsor of World Day of Prayer in the United States.

Each year, women of a different country are asked to write the World Day of Prayer service based on themes chosen by the International Committee for World Day of Prayer. The Christian women of Thailand have written this year's service calling their sisters and brothers in Christ throughout the world to celebrate the freedom we have in Jesus Christ. They write, "We invite you to join with us in prayer and meditation as we explore together the meaning of freedom for the Christian. Christ has set us free and called us into a covenant relationship in this freedom, we are responsible to relate lovingly to one another, to share with, to serve, and to support one another. Continue to grow in the Holy Spirit; that is, to love Jesus Christ more and to live closer to Him. Because He loves us and is united to us, we are able to covenant with others. To covenant with others means to love, to be concerned, to be responsible." "For freedom Christ has set us free!" (Galatians 5:1).

### Crimes increasing at parks, camp sites

**COLLEGE STATION** -- The ballooning crime rate among campers is so striking that a Texas A&M University park expert warns campers from the city not to leave their street sense at home when venturing into the wilds.

"For some reason, people in a big park seem to think they are completely safe and secure," said Dr. Jim Fletcher, a professor in Texas A&M's Department of Recreation and Parks. "They don't put gear away. They don't lock their cars. It's just as essential to take the same precautions in the woods as they would when they're home in the city," he warned.

Thefts in the state and national park systems have ranged from expensive down sleeping bags to four-wheel drive pickup trucks.

Fletcher suggests campers always lock their cars and secure personal possessions like stoves, clothing and sleeping bags when away from the camping site.

### Spring, 1980

On the 20th the hours of daylight will approximate those of night for the first time since September and spring will begin in the northern hemisphere. It's a season awaited eagerly through the winter by many, perhaps the loveliest exhibition of nature during the year.

Spring means new life, which is evident all around us; it brings Easter (April 6), a symbol of new life, warmer weather, baseball, the approach of holidays, spring fever and taxes.

The inexorable laws of nature continue year after year their inevitable procession, inviting men and women to enjoy the delightful experience, to think about spring's meaning and the fundamental cycle of life, death, and time.

From March 20 until September, six months hence, our days will be longer than nights. They will also be the warmest of the year, at the end of which we'll once again welcome cooler air and brisk days--and be ready again for what nature has in store--in its life cycle.

### Shop At Home

Every resident of this community has a stake in its future, an obligation to join with others in making it a better place in which to live.

In this connection, dollars spent at home have a tendency to recirculate in the community, to be spent and enjoyed by other local citizens. Dollars sent out of the community seldom return.

Likewise, contributions to good causes, deserving unfortunates, charities, youth and educational programs, are best made here at home, where results can be seen and appreciated.

Civic pride and cooperation among citizens of this community can and will make this a better place to live in.

FCC tightens equal employment rules.

### Track Schedule

The 1980 Track Schedule for Spearman Schools has been released.

### Girl Scout

The Girl Scout Troop #42 met Friday, February 29 at the Girl Scout Hut. The girls gave their leader Georgia Galtner a surprise party and presented her with a pair of earrings. The girls planned the party with each girl doing part of the work. Shella Brand brought the cake, Angela Gaither brought the cokes, Mary Ann Evans brought the gift and Becky Hamilton was in charge of the decorations. The leader was very pleased with the honor and enjoyed the party very much. After the party celebration, the girls finished weaving their baskets. Their next meeting will be Friday, March 7 at the Girl Scout Hut.

Few friends come through when the major is on the other side.

### W.I.F.E. Meeting Planned

W.I.F.E. will meet at K-Bob's, Perryton, Saturday, March 8 at 12 noon for a Dutch treat luncheon. June Saylor, state president, will be present to visit with all area members and interested visitors to inform them of state and national W.I.F.E. goals and get their ideas.

A good excuse for not doing something is the way to have nothing to do.

### Entries Being Taken For Wheatheart Cinderella Pageant

The Upsilon Phi Chapter of the Beta Sigma Phi Sorority of Perryton is sponsoring the Wheatheart Cinderella Girl Pageant and has announced that they are now ready to accept entries.

The Cinderella Girl Pageant is a youth-developing and scholarship program offering opportunities for achievement to talented and charming young girls.

The "Cinderella" story is the heart of everyone "who dares to dream" and the Cinderella Girl Pageant offers to make those dreams come true to children, teens and young adults.

Four categories are being sponsored by the Upsilon Phi Chapter this year. These are Cinderella Tot (ages 3 to 6); Miniature Miss (ages 7 to 9); Cinderella Miss (ages 10 to 12); and Cinderella Teen (ages 13 to 17).

Each category will compete in street length party dress (ex-

cluding age group 13 to 17 which will model formal wear instead), and sportswear. The seven to nine, ten to twelve, and thirteen to seventeen age categories will also compete in an additional three minute talent portion. Entry deadline is March 15, 1980.

Spearman residents interested in entering may call Teresa Hargus, 659-2665.

Every citizen complains about the taxes that he has to pay.

**Irish Coffee Indeed**  
A well known district justice was sitting in the lounge of a hotel on a hot day drinking a steaming cup of coffee.

A close friend arrived and said, "Why don't you drink something cooling? Have you ever tried chilled gin and tonic?"

"No," said the justice. "But I've tried a lot of fellows who have."

Perryton Persons interested in entering the contest may pick up entry forms at La Petite or the Leprechaun, or they may call Barbara Hubbard or Stephanie Davis in Perryton at 435-3615 or 435-2872 respectively.

The Cinderella Pageant will be held on April 4th and 5th both Friday and Saturday nights at 7 p.m. at the Perryton High School Auditorium.

### 4-H Leaders

4-H Leaders from all parts of the state will gather at the Texas 4-H Center near Brownwood on March 22 and 23 for their annual forum. Held in connection with the forum each year is the 4-H Volunteer Leaders' Association Business Meetings, including election of officers.

Forum features this year will revolve around the theme "Recreation of the 4-H Spirit." Mr. Tommy Martin and Mr. Carl Jaks, both of San Marcos, will lead three workshop sessions on how adults can help youth in re-creating the 4-H spirit in their clubs and communities. 4-H leader and County Extension Agent teams will conduct four mini-workshops on "How To's" in fund-raising, improving publicity, involving parents, and exchange programs.

"There will be plenty of time for sharing ideas and fun with 4-H leaders from other counties around the state," notes Mrs. Peggy Winegarner, County Extension Agent in Hansford County. "Forum participants are reminded to bring their old or new tacky clothes for the contest between district groups Saturday evening following the forum banquet," she adds. For further information and registration details, interested persons may contact the Hansford County Extension office located in the Courthouse, or phone 659-2030 or 733-2901. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion, or national origin.

Charles W. Duncan, Energy Secretary:  
"An excise tax on gasoline would be preferable to a rationing plan."

Lyle E. Gramley, economic adviser:  
"It is now unlikely that a recession will begin in the first quarter of this year."

Marv Hendrickson is the beautiful, vivacious, attractive brunette who comes up with most of the great ideas for crafts at the Thursday Arts and Crafts Day at the Golden Spread Center. People come and have fun creating all kinds of clever and beautiful creations to sell at the annual bazaar in connection with Hansford Days. People can work from 10:00 a.m. to 5:00 p.m. There is always a break at noon for a delicious, bounteous, calorie-filled meal.

World Day of Prayer will be observed in a service conducted by Church Women United on Friday, March 7 at 9:30 a.m. at the Assembly of God. Men can go, too.

An afternoon of table games will occupy many people on Friday, March 7, from 2:00 to 5:00 p.m. at the Golden Spread Center.

Progressive Pitch will interest many on Monday, March 11 from 2:00 to 5:00 p.m. The Golden Spread Center Board will meet on Monday, March 11 at 5:00 p.m.

All those with March birthdays will be honored with a birthday party with birthday cake and birthday games on Tuesday, March 11 at 6:30 p.m.

Rosa Lee Butt will be driving the Golden Spread Center's van-bus on Wednesday, March 12, picking up the sixty plus bunch to take them shopping, on errands, and to meet appointments from 9:00 a.m. to noon. People needing transportation should call the Golden Spread Center (3521) on Tuesday and get your name on the list.

It is good to have Edna Hays back on the telephone with her loving cheerfulness each day after he bout with high blood pressure and trip to the hospital.

Golden Spread Center is located at 14 S. Haney and is open Monday through Friday, from 9:00 a.m. to 5:00 p.m. Pearl Pierce is the full-time director who is a good listener and a wise counselor. She is knowledgeable in all programs for the aging. The Center is for everyone who is fifty-five years of age or older without discrimination as to sex, color, race, ethnic background, national origin, religion, church membership, denominational preference, political party, or handicap.

Robert Russell, Director, Administration's anti-inflation agency:  
"It is beginning to appear that the underlying rate of inflation is beginning to explode."

## Style Show Planned

The Spearman Study Club will sponsor a spring style show on Sunday, March 9, 1979, at 2:00 P.M. in the High School Auditorium. Fashions for this show will be furnished by local merchants, including Kids Stuff, J.G.'s, Bakers Department Store, The Bunkhouse, Massads, Cates Men & Boys Wear, Lady Fair, Sports Talley,

Reeds Family Shoes, Hickerson Jewelers and Sacks Third Ave. There will be entertainment and refreshments. Tickets for the show are \$2.50 per person and can be purchased from any member of the Spearman Study Club and also may be purchased at the door. We invite everyone to come out and see all of the latest fashions for spring for the whole family.

## Super Skate To Benefit Retarded Citizens

Area roller skaters will soon have an opportunity to compete for prizes and raise money for a good cause.

A Super Skate, sponsored by the Texas Association for Retarded Citizens, will be held March 22 at the Rollarena roller rink, 121 North Amerst, in Perryton.

The association provides services for the 360,000 retarded children and adults in Texas. Money raised by the association through donations and fund raisers supports programs such

as residential care, vocational training, nursing care and community living facilities for the state's retarded citizens.

Participants will secure pledges for each mile skated during the event. Prizes including an AM/FM 8 track stereo, a 10 speed bike, roller skates and t-shirts will be awarded to skaters turning in the most pledges for the association.

Pledge forms and details about the Super Skates may be obtained at the participating skating rinks.

## Ancient grain could decrease modern food shortages

COLLEGE STATION — A 2,000 year-old staple of the Inca empire described by Texas A&M University scientists as an "almost ideal food protein" could provide an ancient answer to modern food shortages.

The grain, quinoa (key-no-ah), is a cereal with a protein rating of about 16 percent, compared to a skimpy 6 percent in most American wheat products. This makes quinoa far superior to most cereal grains.

Quinoa is only under experimental testing in the United States at Texas A&M test plots, but researchers agree quinoa could be adapted to American high technology agricultural production methods, particularly in the dry Texas High Plains.

## The Secret Test

A major television network's claim that Israel exploded a nuclear bomb off the coast of South Africa probably clears up the 1979 mystery which erupted when Washington, in effect, accused South Africa of joining the nuclear club.

There evidently was a nuclear test, and it was in that area of the world. But it was an Israeli bomb, not a South African bomb. What will the Carter Administration's response be? Or-did any in the Carter Administration know the facts when a finger was pointed at South Africa?

The possession of nuclear weapons by Israel is no major surprise. There have been reports for years Israel has such weapons--produced from uranium stolen from the United States in part.

Israel is unlikely to use such weapons in an aggressive way. They provide Israel, however, with added security. Potential enemies now know Israel can devastate an aggressor, if it comes to a last stand.

This news could act as a stimulus for peace in the Middle East, if Washington applies pressure evenly, on both Arabs and Israelis, to reach a compromise accord on a Palestinian homeland and other issues. Surely no one wants a nuclear war--in the next Middle East confrontation.

Israel can now afford to be magnanimous, more conciliatory. None of her Arab neighbors possess nuclear weapons. India does, and Pakistan is developing them. The world's great powers should apply pressure to both sides, therefore, to see that a general peace agreement in the Mideast is reached before resort is made to such weapons--which would adversely affect the life of all people on earth.

## March's Message

There's something about March days which moves even cynical newsmen.

Whether it's the new life and green of another year, the first southern winds, the longer days, the different shading of sun's light or baseball, or even the first lightweight dresses on cute things--March stirs nostalgia of other springs.

March ushers in springtime flowers and showers; it's a forerunner of summer, school holidays and vacations--and now is a good time to plan 1980's holiday.

## Beverly Garland Big Television Star In 'Roller Boogie'

One of the busiest actresses in the entertainment world, Beverly Garland has appeared in virtually every major dramatic television show produced, including "The Fugitive," "Eleventh Hour," "Gunsmoke," "The Millionaire," "Rawhide," "The Nurses," and "The Bing Crosby Show."

Beverly is currently starred in "Roller Boogie," an Irwin Yablans Production for release by United Artists, a Transamerica Company. The picture is currently at the Lyric Theatre.

Beverly is considered "lucky" by producers, having appeared in the pilot programs of a total of 16 television shows, all of which were sold as regular series.

She also won acclaim for an outstanding performance in a David Wolper Movie of the Week, "The Unwed Father." One of Beverly's favorite motion picture productions was a starring role in "Where the Red Fern Grows," which was filmed entirely on location in Tahlequah, Oklahoma.

"Roller Boogie" was directed by Mark L. Lester, with Irwin Yablans as executive producer and Joseph Wolf as associate producer. The screenplay by Barry Schneider is from a story by Irwin Yablans. "Roller Boogie" is a Compass International Picture. The musical numbers are staged by David Winters.

## plant 'em both

This hybrid's record for consistency has made it one of the most popular hybrids on the High Plains. In 77 comparisons over the last four years against competitive hybrids, 3184 has shown an average yield of 183.7 bu./A. with a yield advantage of 14.3 bu./A. over competitors. Bred with outstanding drought tolerance, 3184 can adjust ear size and kernel depth to match growing conditions. And strong stalks keep 3184 standing straight for speedy harvest. It's just what High Plains farmers need in a dependable, high-yielding corn hybrid. And its maturity makes it a good companion for 3183.

Push this one for highest yields! In 43 comparisons on the High Plains in 1979, this hybrid averaged 192.1 bu./A. A sampling of yields from 1979 includes 216 bu./A. for Sheldon Rapp at Hooker, Oklahoma . . . 210.4 bu./A. for Larry Kamp of Muleshoe . . . and 196.7 bu./A. for Doyle Underwood at Dimmitt, Texas. 3183 has demonstrated very good standability and ear retention in this area. Excellent drought tolerance helps 3183 maintain outstanding consistency year after year. And it has been especially impressive on gray soils. Plant 3183 along with 3184. Spread genetic risks and get top performance, too.

### Betty Womble Sings For Music Club

Betty Womble of Morse showed a lot of charisma, good showmanship and revealed a beautiful, well-trained voice as she presented a program, "A Blend: Old and New Standards" to the Spearman Music Club and their guests Tuesday evening, February 26, at the First Christian Church.

Business for the Club was conducted by Betty Freeman, vice-president. Miriam Mercer gave the story of the hymn-of-the-month, "Joyful, Joyful, We Adore Thee", which was quite appropriate after the XIII Winter Olympic Games. This was sung by the Club Chorus.

The theme for the meeting was "A Time for the Parade of American Music". This was interpreted beautifully and entertainingly by Betty Womble, accompanied by Mrs. Virginia Yows.

Numbers included in Mrs. Womble's program were "Let's Hear It for Me" from "Funny Lady", three numbers by George Gershwin: "You Needed Me" made popular by Anne Murray, "More Than You Know" and "Somebody Loves Me"; "The Way We Were" from the movie of the same name, "Tomorrow" from "Annie", and "Over the Rainbow" made popular by Judy Garland. For encores Mrs. Womble sang "Second Hand Rose" and "The Best Things in Life Are Free".

Hostesses were Charlotte Angel and Miriam Mercer.

Those present included guests Betty Womble, Virginia Yows, Robbie Reid and Rhema Dell Harris of Morse and Margie Schoonals of Spearman. Members present were Charlotte Angle, Betty Freeman, Janie Kunselman, Miriam Mercer, Rosemarie Rivera, Anne Sanders, Rubyjo Wilbanks, and Jackie Womble.

### The Red Cross

During March, the American Red Cross makes its annual appeal to the American people for funds to serve the nation and its citizens in time of emergency.

Everyone is familiar with the work of the Red Cross during war with the armed services. Everyone is familiar with the assistance it renders whenever disaster strikes. Emergency medical and nursing care is provided to victims and, in many instances, financial assistance is a vital part of the relief extended to unfortunate people.

In connection with the annual appeal for funds, we should not overlook the important contribution made by volunteer workers, serving in communities from coast to coast. These individuals give hours of work without compensation and help to make possible the extensive assistance the Red Cross provides.

### Karl Johnson Named "Distinguished Student"

COLLEGE STATION -- Karl E. Johnson of Spearman has earned "Distinguished Student" ranking at Texas A&M University.

The undergraduate honor is awarded to students who excel academically at Texas A&M, the state's land-grant and sea-grant institution responsible for providing not only excellence in academic programs but extension and research in agriculture, engineering and other practical needs throughout the state.

Recipients of the Distinguished Student honor must earn at

least a 3.25 grade point ratio, out of a possible 4.0, during the most recent grading period.

Johnson is a senior agriculture economics major.

## Pamphlets Available For Taxpayers

AUSTIN—Kenneth E. Graeber, executive director of the State Property Tax Board (SPTB), today announced a statewide program to make citizens more aware of their rights, remedies and responsibilities as taxpayers.

"This public education program is the most comprehensive effort of its kind in the state's history. It will involve the State Property Tax Board, local tax assessors throughout Texas, and the newspaper and broadcast industries," Graeber noted.

The state property tax official said the program consists of two elements. The first involves distribution of a comprehensive 12-page pamphlet titled "Taxpayers' Rights, Remedies and Responsibilities."

"The pamphlet discusses a broad range of tax-related matters, and will help Texans become much more knowledgeable on how the property tax system operates," the SPTB executive director said.

Taxpayers may obtain a free copy by contacting county, city or school tax offices in their area.

"The second element of the program consists of efforts by the news media to inform all Texans of tax rendition deadlines, and the procedures and requirements to apply for homestead exemptions and productivity values.

"Local tax assessors will also be cooperating in this part of the taxpayer education program," Graeber noted.

According to Graeber, the

program is being conducted in March to enable Texans to apply for all tax relief to which they may be entitled before local tax rendition deadlines.

"To qualify for most homestead exemptions and productivity valuation for agricultural land, applications must be made to each jurisdiction before the rendition period ends. Most of the state's local taxing units have rendition deadlines of April 1 or April 30, and failure to make timely application causes loss of the tax relief until the next tax year," Graeber added.

He noted that when the new State Property Tax Code is fully implemented in 1982, all jurisdictions will have a rendition deadline of April 1.

SPTB officials said these categories of homestead exemp-

tions are available:

--General Homestead. Those persons qualifying for a residence homestead are entitled to a \$5,000 exemption off the market value of the homestead for school tax purposes. An additional \$3,000 county homestead exemption from assessed value is available against the portion of the county tax rate for farm-to-market roads or flood control.

--Persons 65 or Older. Elderly citizens are entitled to an additional \$10,000 exemption off the market value of their residence homestead for school taxes. And, while an elderly citizen's property may increase in value through the years, the school taxes owed in any one year cannot be greater than the amount owed in 1979 or in the first year the property owner qualified for the exemption, whichever is greater. An annual

application to the school tax office is required.

By local option, school districts, cities and counties may offer additional exemptions to elderly homeowners of not less than \$3,000.

--Disability Exemption. Citizens who are disabled and qualify for the residence homestead exemption are entitled to an additional exemption of \$10,000 off the market value of their residence homestead. This exemption applies to school taxes only, and a property owner may not receive both the disability exemption and \$10,000 exemption for the elderly.

School districts, cities and counties may offer an additional local option disability exemption of not less than \$3,000.

--Disabled Veteran or Qualifying Survivor. Certain disabled veterans or their survivors may be entitled to an exemption ranging from \$1,500 to \$3,000, depending on the percentage of service-connected disability.

This exemption may be applied against the value of any property owned on January 1 of the year in which the application is made. The disabled veteran must be a Texas resident and complete an annual application at local tax offices. Only one property may receive the exemption, and VA or armed forces documents verifying disability are required.

State Property Tax Board officials said agricultural productivity values, mentioned earlier, may reduce the tax liability of qualified farmers and ranchers. Details on what types of land may be taxed on productivity rather than market value are available in local tax offices, or in the "Remedies" pamphlet.

## Foreign Wheat Markets Pushed

The Executive Committee of U.S. WHEAT ASSOCIATES met in Washington, D.C. this week, the first such meeting of the producer market development organization since it was formed a month ago with the merger of Great Plains Wheat, Inc. and Western Wheat Associates. Leo Witkowski of Hereford, participated in the Executive Committee meeting as chairman of the Texas Wheat Producers Board, a supporting member of the U.S. WHEAT. According to Witkowski, the primary purpose of the Executive Committee meeting was to review the progress in consolidating the two former organizations and to provide initial policy direction to the combined staffs.

"The Executive Committee approved a tentative staffing pattern for U.S. WHEAT ASSOCIATES, subject to the approval of the President/Chief Executive Officer, a position expected to be filled in late March," Witkowski stated. The Committee also gave preliminary approval to the proposed budget for the new organization for the 1980-81 fiscal year beginning in July reflecting an increased level of market development efforts by producers. The budget will be reviewed and adopted by the full Board of Directors at the next scheduled meeting to be held March 24-26 in Washington, D.C.

In a meeting with Secretary of Agriculture Bergland, the farmer-board members reaffirmed U.S. WHEAT'S strong commitment to the development of expanded export markets for wheat and other agricultural commodities. They also expressed concern that, despite verbal commitments by administration officials toward greater emphasis on exports, especially in light of the embargo of grain shipments to the Soviet Union, very little concrete action has been taken by government to strengthen the market development programs.

The Texas Wheat leader stated, "U.S. WHEAT urged Secretary Bergland and the National Association of Wheat Growers, to actively seek improvements in the available marketing tools so necessary for the expansion of U.S. grain board. Among the issues being supported by U.S. WHEAT are an increase in both the level of funding and the flexibility for PL 480 and Commodity Credit Corporation (CCC) export financing programs, as well as an increase in government financial support for export market development activities to match the increasing investment from the wheat producers."

Witkowski stated that U.S. WHEAT ASSOCIATES also reaffirmed its commitment to carry forward its petition initiated by Great Plains Wheat with the support of Western Wheat Associates, against the European Communities' export subsidy program. The validity of the wheat farmers legal complaint against the European Community was earlier accepted by the U.S. Government and action must be taken on the complaint by the end of July.

According to Witkowski, the Executive Committee concluded with the call for the rapid expansion of the U.S. WHEAT information program to provide the U.S. wheat farmer and foreign customers with timely information on the wheat situation and the outlook for world trade. This would begin with the employment of a "Director of Information" to coordinate and expand on the work previously carried out by the two merged organizations.

U.S. WHEAT ASSOCIATES is the consolidation of WWA and GPW, a foreign market development organization supported by wheat producers through their respective state wheat boards and commissions in Colorado, Kansas, Idaho, Minnesota, Montana, Nebraska, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Washington and Wyoming. In addition to the central office in Washington, D.C. U.S. WHEAT maintains foreign regional offices to promote markets for wheat in Africa, Asia, Europe, Latin America, and the Middle East.

Texas producers support foreign market development programs of U.S. WHEAT through the Texas Wheat Producers Board by a 1/2 cent per bushel self-assessment on their production delivered to country elevators. Since such work was initiated by the Board in 1971, the value of wheat in Texas has increased from \$70 million to \$552 million.

## Texas Farmers Asked About Transportation Issues

PLAINVIEW, TEXAS -- Texas grain farmers have a unique opportunity to be heard on grain transportation issues through a poll announced recently by Pioneer Hi-Bred International, Inc. Polling will continue until about March 20th.

The "Pioneer Poll on Grain Transportation" is being conducted in 16 major agricultural states. According to Jim Lindsey, president of the company's Southwestern Division, the poll is designed to gather farmers' opinions on the current grain transportation situation.

"The purpose of this poll is to find out exactly how serious our current transportation problems are," Lindsey said. "We want to know how these problems are affecting farmers in various regions of the country and what farmers think should be done."

Lindsey said poll results will be publicized and shown to key decision-makers to give them a better understanding of farmers' views. He encouraged farmers to make a special effort to see their Pioneer seed dealer for a poll form.

"Pioneer dealers are responsible for distribution and gathering of completed questionnaires," Lindsey said. "We wanted to give everyone the opportunity to express their opinion and felt that the best way to do so was to distribute poll forms through our dealer sales force. We are encouraging each dealer to work for maximum distribution and return in his area. And we certainly hope that farmers give their maximum support to this effort."

Estimates are that this poll, available to all farmers, will yield as many as 75,000 completed questionnaires, possibly more.

"Polling this extensive is unusual," Lindsey said, "but so are the growing problems of grain transport facing farmers in many areas."

"This is one of the most effective ways I can think of for farmers to reach those who can

help solve transportation problems -- shippers, carriers, lawmakers, government agencies. And you can be assured that these people will listen when they're hearing the opinions of 75,000 or more farmers."

Prepared by Jefferson Davis Associates, a Cedar Rapids, Iowa, research firm and Yankelevich, Skelly and White, Inc., New York, the questionnaire asks farmers to respond to more than 50 statements on grain transportation issues. Subject areas include rural roads and bridges, railroads, barge lines as well as rates and regulations affecting grain carriers. Every questionnaire will be electronically scanned to provide the total result. Findings of this poll should provide the most complete picture yet of the current relationship of transportation and the American farmer, according to Lindsey.

"The best way to make farmer opinions count is to make them heard," Lindsey concluded. "With the growing importance of crop exports to Texas farmers, we all have a big stake in an efficient system of grain transport. We must have all forms collected by March 31, but I'd like to encourage farmers to make every effort to express their opinions immediately."

In addition to polling Texas farmers, Pioneer will distribute questionnaires in Colorado, Indiana, Illinois, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, New Mexico, North Dakota, Ohio, Oklahoma, South Dakota and Wisconsin.

## Job prospects look encouraging for Aggie graduates

COLLEGE STATION -- Nearly 95 percent of the eligible spring graduates at Texas A&M University have jobs lined up before leaving the university and a large percentage will command top dollars despite predictions of recession and increased unemployment, university officials report.

Of the 2,700 potential graduates, most will have degrees in engineering, agriculture and science -- all highly prized by employers.

Salaries for Texas A&M students have in recent years been above average in all fields, especially engineering, said Ron Winn, associate director of the university's placement office. Petroleum engineering topped the latest list at \$2,007; chemical engineers averaged \$1,788 and other engineering disciplines ranged from \$1,745 to \$1,483, based on figures voluntarily reported to the university by its 1979 fall graduates.

## Physical education classes adjust to today's students

COLLEGE STATION -- The old-fashioned gym class led by a whistle-toting, military style PE teacher is disappearing from the schoolyards and gyms.

Physical education classes now are being designed for individual activity and structured to help youngsters learn lifelong skills, say physical education experts at Texas A&M University.

With the rising incidence of heart disease and other ailments, schools are realizing they have a responsibility to help children maintain healthy bodies through adulthood by teaching a variety of physical skills, notes Dr. Charles Shea.

On the elementary level, there is less emphasis on competition, he adds. Instead teachers work on motor skills, encouraging children to learn the best way to do a movement or a series of movements. In high school students are being taught things relevant to their world now and later in life, including outdoor recreation activities, ballet, tennis and equestrian skills.

Charlotte Jackson is shown here with some of the jewelry she will be modeling in the Spring Style Show Sunday afternoon. Frosty Hickerson of Hickerson Jewelers helps make the selection.

## The Alamo

On the sixth of March, 1836, Mexican General Santa Anna committed an error which made almost certain the independence of Texas. Texans had proclaimed a revolution (with an eye on later admission to the United States) and Mexican soldiers were seeking to put down the insurrection. The Mexican Government had a good legal case.

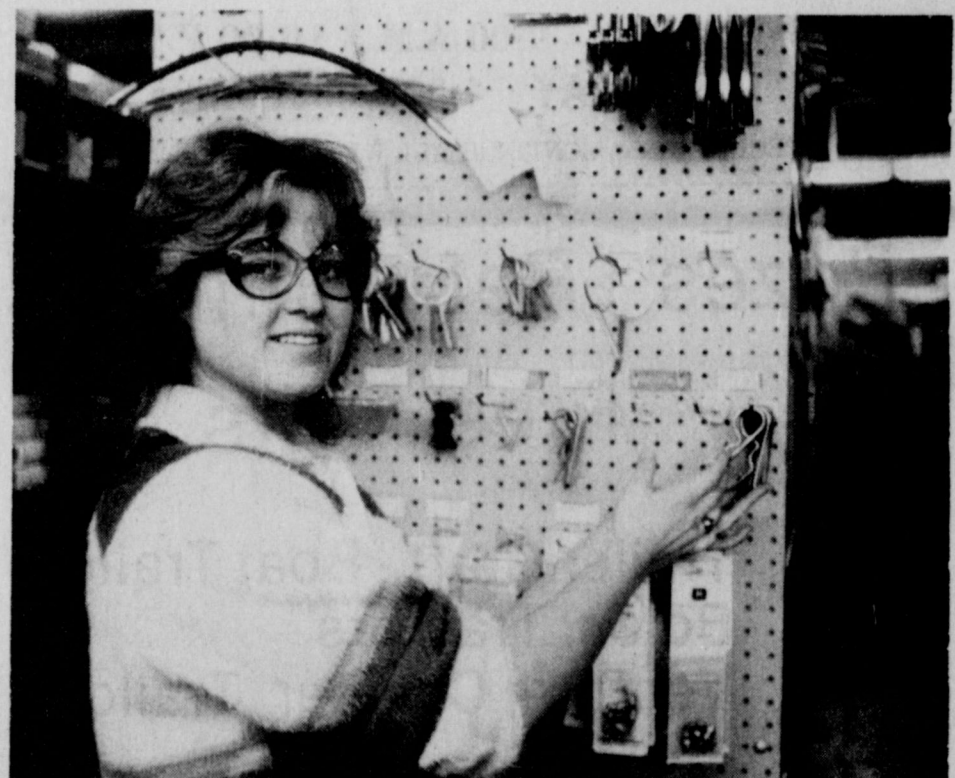

General Santa Anna arrived before the Texas-manned mission, which had been converted into a fort, with several thousand troops ten days before he assaulted it. During this time he bombarded the Texans but failed to breach the fort's walls. During this time,

also, thirty-two volunteers arrived to bolster the defenses.

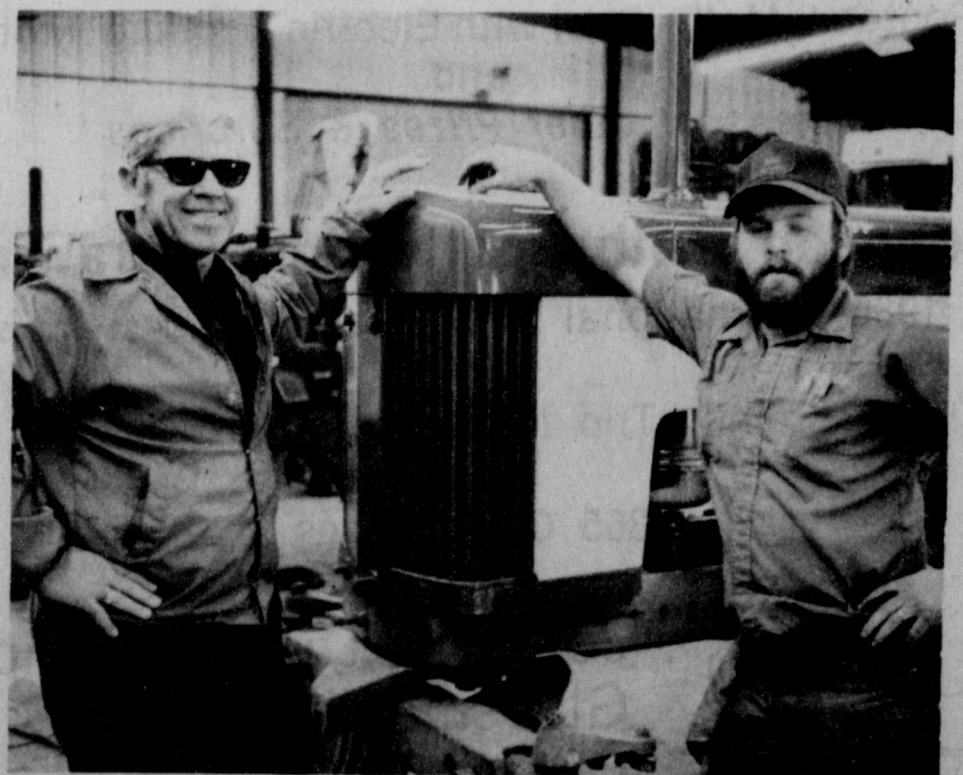

On the 6th the Mexicans attacked in overwhelming force. The Texans and other U.S. defenders turned them back. The Mexicans attacked again and were repulsed a second time. But Santa Anna persisted and his third wave of attackers overran the fort. Only five defenders were taken alive, one of them being David Crockett. Santa Anna ordered them executed.

The cold-blooded and brutal order infuriated Texans and U.S. residents everywhere and six weeks later a revenge-minded force of Texans and others met Santa Anna in the battle of San Jacinto, sweeping his forces from the field to the cry of, "Remember the Alamo," and winning independence for Texas.
