## Lynx go to River Road Friday

The Lynx will open their district football race at River Road, in Amarillo Friday night. They will be facing an improving band of Wildcats, but the Lynx are suddenly becoming a "fine" football team, and are prepared to defend the district 1-AA championship that they have either won or tied for for the past six or seven years! Never has a group of Lynx worked so hard as this group has this week! They are determined to win this opening conference game, and if they do, they will be facing the biggest game of the year next week when they entertain the Rangers from Perryton! Remember the games here today, as the Lynx future teams are in action here!

BODEY, the "Body" makes a fine run against Guymon here Friday night!

## J.W. Buchanan Announces Candidacy

J. W. BUCHANAN

A longtime leader in the development of the North Panhandle area, J.W. "Buck" Buchanan of Dumas, has announced he'll be a candidate for state representative, 64th District. Buchanan, who previously served two terms in the state legislature (1959-61), will file on the Democratic ticket. Buchanan who aided in the development of irrigated agriculture in the Texas Panhandle is retiring as general manager of the North Plains Underground Water Conservation District after 25 years of service. He will leave the post in April, 1980. A prime mover in

creation and organization of the district he has served as its only manager since its beginning in 1955. He was granted leave from the post to serve the two legislative terms.

"My past experience as a farmer, rancher, chamber of commerce manager and manager of the water district has proven to me that decisions made in Austin are of extreme importance to the future of our area," Buchanan said. "I will be able to devote full time to being a state representative, and as such will do all within my power to assure the continued growth of this great area." He listed adequate future supplemental water, solution to the energy problem, municipal and industrial growth and freedom from governmental interference as priority matters which he will strive to achieve.

During his previous service in the State Legislature, Buchanan was chairman of the Conservation and Reclamation Committee and chairman of the Sub-Committee on Appropriations. He was instrumental in establishment of the North Plains Research Farm at Etter. Since leaving the legislature he has served on the water task forces of three governors: Daniel, Smith and Briscoe.

Among the many awards acknowledging Buchanan's leadership are: the Fort Worth Press Award for "Water Man of the Year," (1963); "Man of the Year Award" in Dumas, (1967);

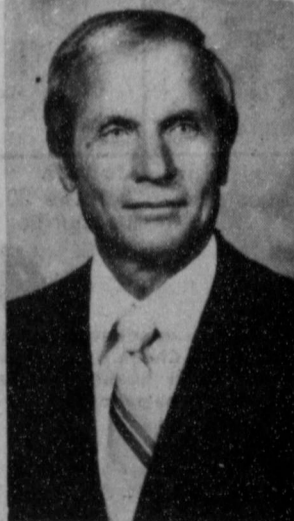

State awards from 4-H Clubs, (1963 and 1973); Texas County Agents Award, (1974); Texas Water Conservation Award, (1977); "Good Neighbor Award" of the Amarillo Chamber of Commerce, (1977); and Water, Inc., Award, (1967 and 1978).

One of the founders of Water, Inc., Buchanan served that organization as a director since 1967 and was twice elected as its president. He also served as president and chairman of the board of the statewide Texas Water Conservation Association. Other service includes chairman of the water committee of the West Texas Chamber of Commerce, member of the resolutions committee of the National Water Resources Association, chairman of the Food and Fiber Committee of the Water Resources Congress, and is a past president of the Dumas Chamber of Commerce.

Buchanan is a native of the North Panhandle. He and his wife Millie have two children, John W. Buchanan, Jr. and Judy Dickson. They have one granddaughter. Buchanan is a Mason, a member of the Methodist Church and Lions International.

GO LYNX... keep that district record alive! Beat River Road in Amarillo Friday nite!

## Glen Harris Announces Candidacy

Glen Harris of Gruver is announcing his candidacy for representative of District 64 in the 1981-82 Texas State Legislature, subject to the Democratic Primary Election in May 1980. The district includes the counties of Dallam, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Roberts, and Sherman.

Harris said in his announcement "having been reared and educated in this area, I believe that I can effectively represent the people of this district. My thinking and philosophy are conservative and my experience ranges from petroleum company employee to agriculture and owning and operating a retail business.

Harris was born June 15, 1929 on a grain and livestock farm near Gruver, Texas, and presently lives on and operates the family farm.

He is the son of pioneers, Ben and Beulah Harris. Ben Harris moved to Hansford County in 1905 with his parents. Beulah Shapley Harris family moved to Hansford County in 1903.

He and his wife Faye have two sons, two daughters and four grandchildren.

After graduating from Gruver High School he attended Wayland College in Plainview.

He has been employed by the Tom Giffin Cattle Ranch, Phillips Petroleum Company, a member of the U. S. Air Force, and has been engaged in irrigation and cattle farming since 1958.

He is a member and Music Director of First Baptist Church, Spearman; Past President of Oklahoma-Texas-Kansas Angus Association, he was a member of the board of directors of the Malpi Angus Breeders Association, 1963-75; member of the board of directors of Hansford County Farm Bureau, 1960-1972; member, Aircraft Owners and Pilots Association; and has served on various community boards and committees.

## Sales Tax Rebate Received

The City of Spearman received its rebate from the one-percent local option sales tax for October in the amount of \$3,682.96. This payment compared with \$3,886.49 for the same month last year.

Total payments for 1979 to date have been \$89,389.63, compared with \$88,308.09 for the same period last year, up 1%.

## Firefighters Open House Big Success

PAST FIREFIGHTER James Riley was presented a belt buckle in the shape of a fire truck for his 20 years of service to the organization at the Open House for the Volunteer Firefighters held Saturday.

It was a good day for the Spearman Volunteer Firefighters and their open house this past Saturday.

Cacy McGill. They both received smoke detectors.

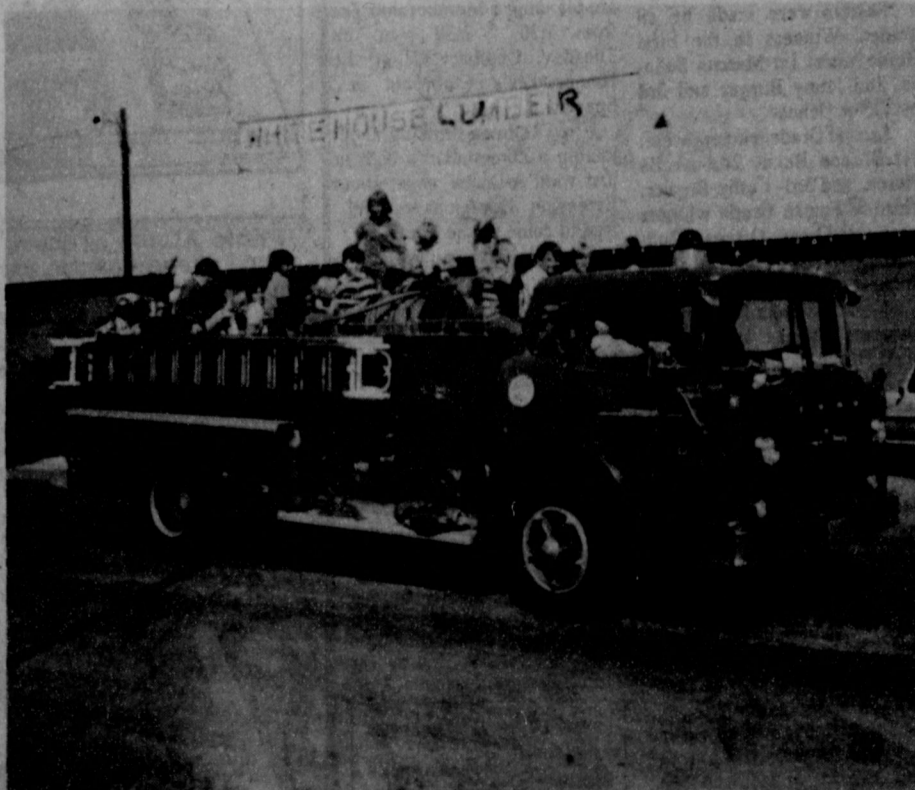

All those who did not attend this open house missed a real good time. There were plenty of balloons, candy, and rides for the kiddos and entertainment for the adults.

Ron Antalek, Chief, presented 20 yr. past member, James Riley, a belt buckle for recognition.

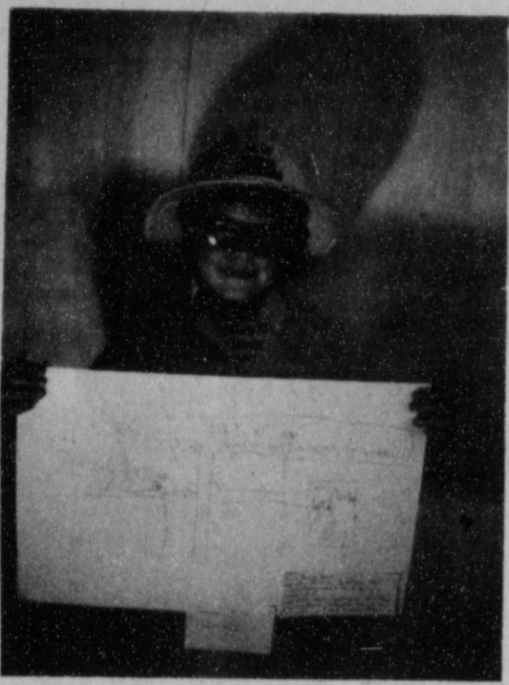

We'd like to thank the Firefighters for their help in serving refreshments and a special thanks for all the fine folks that helped make our open house the success it was. Spearman Vol. Firefighters

Approximately sixty-five men and women plus their children turned out to hear talks on fire and smoke detectors, view films on fire rescue, and enjoy a ride on "Big Red."

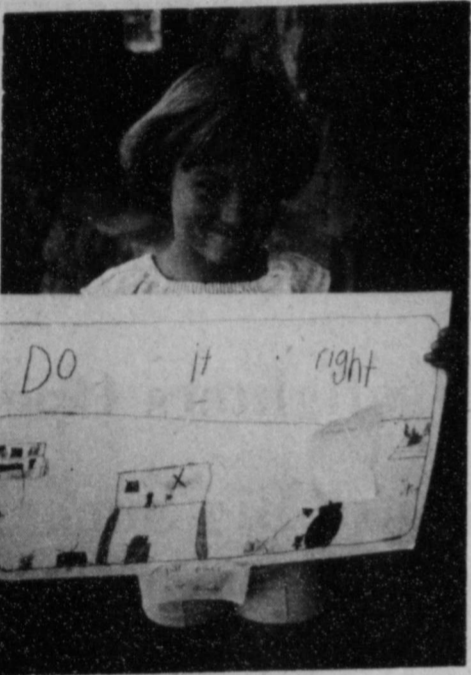

The winner of our door prize was Tiffany Isham. She received a smoke detector. Our grand prize poster winner was Barry Beck, who received a real firefighter's helmet plus a detector. The 1st place winner for 1st grade poster was Cindy Melton. The 1st place winner for the 2nd grade poster was

Social Committee for the Nov. 12th meeting will be Mr. and Mrs. Raul Salinas, Mr. and Mrs. Alfonso Martinez, Mr. and Mrs. Jim Collinsworth and Loretta Loflin.

The meeting was adjourned and delicious refreshments were served by Mr. and Mrs. Jimmy Blan, Mr. and Mrs. Juan Ochoa, Mr. and Mrs. Euzabio Ortiz and Margaret Thompson.

Update your skills as a homemaker in today's fast-paced world with knowhow from an Extension Homemakers Club.

Extension Homemakers Clubs are open to the public in all parts of Hansford County.

At monthly meetings—in informal-learning activities—members learn inflationfighting ideas, home repair, interior decoration, cooking and nutrition.

Also, they study sewing, child care, inter-personal relations, and energysaving tactics for the home.

Members gain a new skill at each meeting through a demonstration, lecture, workshop or tour in the various family-related subjects.

Any interested person is invited to come as a guest to the Extension Homemakers Club meeting, or contact the Hansford County Extension Office at 659-2030 or 733-2901 for more information or assistance in organizing a new group.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion or national origin.

The Extension Homemakers are planning a Membership Tea from 1:30 - 2:30 p.m. on Tuesday, October 30, at the Homemaker's Clubroom in Spearman.

If you've been thinking about joining a homemaker's club or just want to know more about Extension Homemakers feel free to come to the Tea.

Exhibits, door prizes and a fashion program will give you an idea of the way clubs function as well as the opportunity to meet new friends or renew old acquaintances.

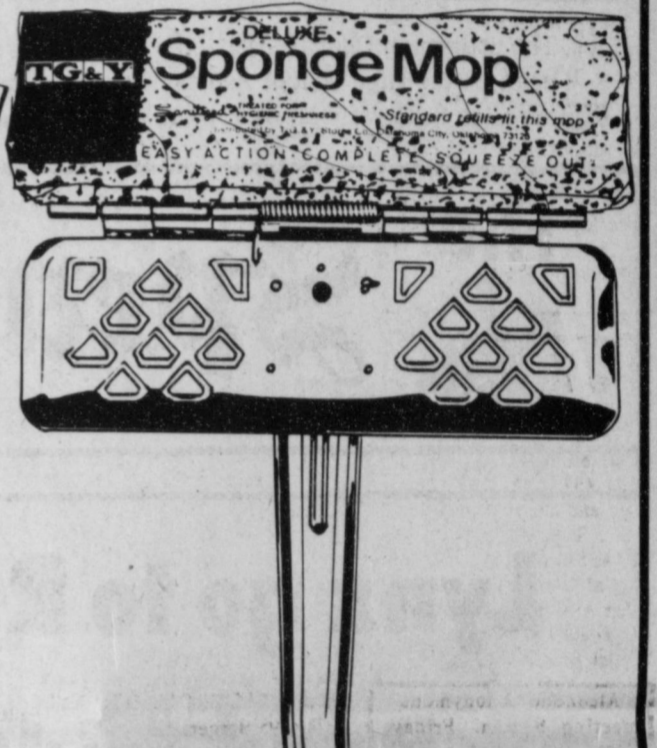

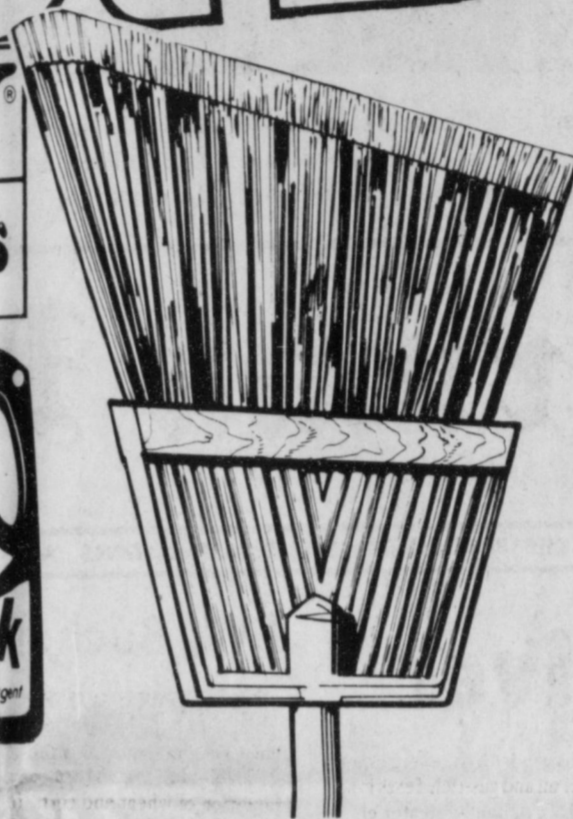

Motorcycle drivers who use CB radios may be tempted to drill tiny holes into their helmets for miniature speakers. For safety's sake, don't! Those holes tend to spread, reducing the protection that your helmet affords you. If you wear your helmet every time you ride, you're heading in the right direction.

## CARD OF THANKS

To our wonderful and many friends, we thank you for the food, flowers, memorials and all words of sympathy during the loss of our loved one.

A special thanks to Dr. Manese, the nurses at Hansford Hospital and the ambulance attendants, Peggy Carroll, Earl Goodheart and Ed Williamson. The Family of Bill Giles, Cricket, Billy, Monette and Callie

I would like to take this opportunity to thank everyone for the prayers, cards, flowers, gifts, visits and calls I received while I was in the hospital. I would especially like to say Thank You to Dr. Manese for the wonderful care. We are certainly lucky to have Dr. Manese and his family in Spearman. Also, I would like to thank the hospital staff for the wonderful care I received. Everyone was so sweet to me when I had my accident. Sorry I missed the ride with Vicci and Edd but I didn't know you were called, also Kay I hope you got to see the rest of "Rocky." We have a wonderful group of people in Spearman to care for you when you need help. Also thank you for the food that was brought to us when I came home. I can never really thank everyone enough for all that has been done for me and my family. Also I would like to say Thank You to my wonderful family. May God Bless each of you.

## Texans warned of water shortage

**COLLEGE STATION** — While the rest of the country struggles with the energy shortage, oil and gas-rich Texas is facing a potentially greater crisis: lack of water.

"We are simply drawing on our underground water supply faster than it is being replenished," warned Dr. Jack Runkles, director of the Texas Water Resources Institute at Texas A&M University.

"If the state continues to grow at its current pace, we may in fact have to consider bringing in water supplies from outside and that would be very, very expensive," he said.

Runkles predicted by the year 2,000, Texans will be consuming 24 billion gallons of water a day, up from an estimated 15 billion gallons a day currently.

## US-USSR Grain Supply Agreement

WASHINGTON--The U. S. Department of Agriculture today issued the following statement:

"Officials of the United States and the Soviet Union met here today for the eighth session of regular semiannual consultations under the current US-USSR grain supply agreement. The agreement covers trade in wheat and corn for the period Oct. 1, 1976, through Sept. 30, 1981.

"Based upon supply availability in the United States and anticipated Soviet import requirements, it was agreed that the supply level for U. S. wheat and corn could be up to 25 million tons for the current year of the grain supply agreement between the two countries without the necessity for further consultations.

"Under terms of the agreement, now in its fourth year, the Soviet Union buys at least 6 million tons-half wheat, half corn-of U. S. grain in each of the five years of the agreement. The agreement also requires that purchases above 8 million tons must be preceded by agreement between the two countries on an increased supply level for the year concerned.

"Under Secretary of Agriculture Dale E. Hathaway headed the U. S. delegation at today's consultation. The delegation from Moscow was led by Boris S. Gordeev, Soviet deputy minister of foreign trade.

"At today's session, Soviet officials confirmed that their purchases for the fourth year already total about 8 million tons, and that more purchases are anticipated. It was indicated that the year's total volume would probably be as high or higher than that of the past two years, which were about 14.6 million tons in 1977-78 and about 15.7 million tons in 1978-79.

"Although purchases that go above the minimum 6 million ton level may consist of any proportion of wheat and corn, it was indicated that corn would again likely represent a substantially larger portion.

"Hathaway said that the new agreed supply level of 25 million tons takes into account current U. S. supplies and export availabilities as well as anticipated USSR import requirements for the 1979-80 season.

"He said the new supply level does not imply a particular USSR purchase plan at this time, since the actual volume of purchases will depend upon progress of shipments, possible logistical constraints, market conditions, any adverse weather developments that may affect shipping, and other factors.

## Prussic Acid Poisoning In Livestock

Frost will be hitting Hansford County before long, and this could lead to prussic acid poisoning in livestock grazing certain pasture grasses and forages, points out Layton Barton, County Agent with the Texas Agricultural Extension Service, Texas A&M University System.

Although many plans contain the toxic material that causes poisoning, those causing the highest mortality in livestock when grazed after they have been frozen and wilted are Johnson and Sudan grasses and sorghum or hybrids of these.

The most dangerous time as far as the grazing of these plants is concerned is following frost when the plant material begins to wilt, emphasizes Barton. Livestock should not be allowed access to the wilted material until it has dried completely. This usually takes three or four days of good sunlight. New plant growth usually becomes nontoxic and can be grazed within 10 days to two weeks following a rain.

As far as prussic acid poisoning is concerned, the poison acts rapidly and can kill animals within minutes. In most acute cases, animals become affected within 10-15 minutes after eating toxic material and can die in two to three minutes. Symptoms may include a brief period of stimulation followed by depression and paralysis. Signs of colic may be present. Stupor (loss of sensibility), difficult breathing and frequent convulsions may result. Death is caused by suffocation since oxygen remains in the blood and is not exchanged to the tissues. This also causes the blood to appear bright red.

To prevent prussic acid poisoning in livestock, Barton outlines these steps:

1. Allow plant material affected by frost to dry thoroughly before grazing. This may require a week or more of good sunlight.
2. Feed animals hay or a

"Hathaway also indicated that the new supply level and the anticipated increase in shipments to the USSR this season, are expected to have little or no significant impact on the general level of grain prices, since world markets have already recognized a probable rise in world trade and USSR imports from all origins in the year ahead.

"Even if the volume of fourth year trade were to reach the full amount of the newly-agreed supply level, supplies on hand will be adequate to meet other anticipated domestic and export requirements, and maintain sufficient carryover into the 1980-81 season, Hathaway said.

"It was agreed that the two sides would remain in close contact during the interim prior to the next regular session of semi-annual consultations next spring, and that additional consultations would be arranged during the interim if at any time this appeared necessary."

supplement before turning them in on plants that may contain prussic acid. Animals that are not hungry will not be affected as seriously by toxic material since their intake will be limited.

3. Remove all animals from the pasture if one in the herd show any signs of poisoning.

4. Call a veterinarian immediately if an animal appears to be poisoned. An antidote to treat affected animals is highly efficient if given early. This product is available from veterinarians.

5. Have suspect plant material checked by the Texas Veterinary Medical Diagnostic Laboratories at College Station or Amarillo. Local Veterinarians will be happy to submit samples for you.

# Vaccine Available To Help Prevent Pneumococcal Pneumonia

**ABOUT PNEUMOCOCCAL PNEUMONIA:**  
Pneumonia is an inflammation of the lungs caused by bacteria, viruses, or the inhalation of irritating substances. Pneumococcal pneumonia is by far the most common kind of bacterial pneumonia, striking as estimated 200,000 to one million Americans each year.

Pneumococcal pneumonia sometimes occurs in otherwise healthy people, but more often it hits those who are older or who have chronic ailments.

The symptoms of the disease may begin very suddenly or take a few days to develop. They can become quite severe and may include a shaking chill, high fever, cough, and stabbing chest pains that are particularly bad when the person breathes in or coughs. When these symptoms appear, it is urgently important to get medical attention without delay.

After pneumococcal pneumonia strikes, it often can be treated successfully with antibiotics, which must be given promptly when the sickness begins. But some people—particularly those who are older or whose ability to fight disease is weakened by illness—do not respond well to treatment and face a long period of recuperation and a greater risk of death. Pneumococcal pneumonia accounts for 13,000 to 66,000 deaths annually. Therefore, people at high risk should consider asking their doctor about the vaccine.

**VACCINATION CAN HELP PROTECT YOU:**  
A vaccine is now available to help protect people in the high risk groups against pneumococcal pneumonia. It is effective in more than 90 percent of those who receive it, protecting them against 14 of the most common

or serious types of pneumococcal pneumonia which account for 80 percent of all pneumococcal pneumonia in the United States. It is not effective after the disease strikes. It is not a cure or treatment; it is a means of prevention.

**RE-VACCINATION AGAINST PNEUMOCOCCAL PNEUMONIA SHOULD NOT BE GIVEN UNTIL AT LEAST THREE YEARS HAVE PASSED:**  
The exact duration of protection after vaccination is unknown.

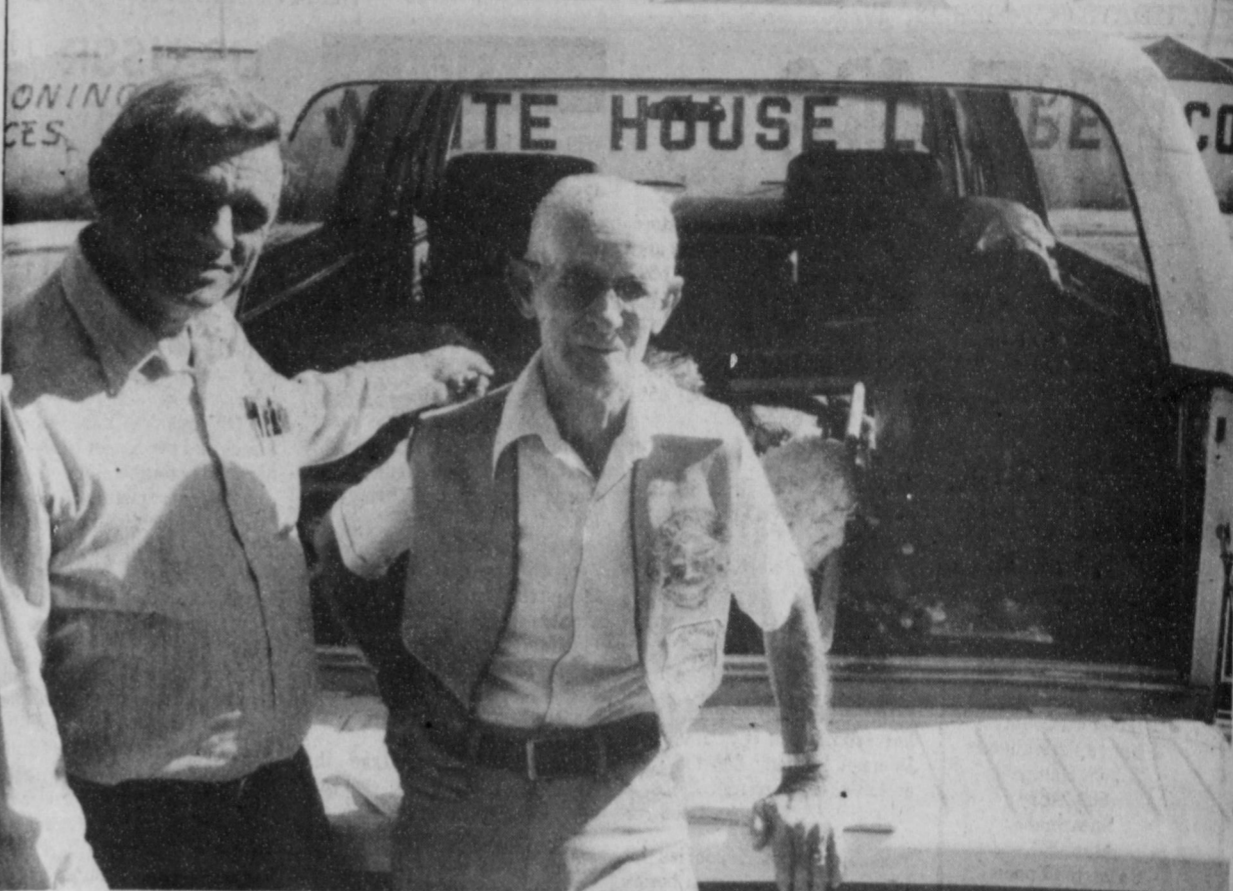

**OTHER THINGS TO BE CONSIDERED:**  
The area where the injection is given may be red and sore for a day or two following vaccination, and this is sometimes accompanied by some swelling. A low-grade fever (below 100.9° F) occurs occasionally and usually lasts no more than one day. Although rare, fever over 102° F has been reported. A characteristic of vaccination in general is that a small number of people have severe allergic reactions. These serious reactions have been rare with pneumococcal pneumonia vaccine.

The vaccine should not be given to people who are allergic to any of its components, to pregnant women, or to children under two years of age. Special care must be taken when the vaccine is given to people with serious heart or lung disorders or to those who have had pneumococcal pneumonia or other pneumococcal infections within the last three years. The decision to vaccinate must be based on your doctor's assessment of your condition.

**FLU VACCINE DOES NOT PROVIDE PROTECTION AGAINST PNEUMOCOCCAL PNEUMONIA:**  
If your doctor has recommended that you be vaccinated against flu, he may consider you to be among those for whom vaccination against pneumococcal pneumonia is recommended.

**IF YOU ARE OVER 50 YEARS OLD (AND PARTICULARLY IF YOU ARE OVER 65); OR IF YOU HAVE A LONG-TERM CONDITION SUCH AS HEART DISEASE, KIDNEY FAILURE, LUNG DISEASE, OR DIABETES; OR IF YOU ARE CONVALESCING FROM A SERIOUS ILLNESS; THEN VACCINATION AGAINST PNEUMOCOCCAL PNEUMONIA MAY OFFER IMPORTANT, EVEN LIFE-SAVING, PROTECTION FOR YOU.**

**ARE YOU A CANDIDATE FOR VACCINATION?**  
**ASK YOUR DOCTOR.**

## Tucker To Chair Usher Committee

Buck Tucker is the chairman of the Usher committee for the Fruitcake Review featuring assorted local nuts in two evenings of good clean fun and frolic for the whole family. The Chamber of Commerce and Y.M.C.A. are jointly sponsoring the Fruitcake Review on Friday, November 30 and Saturday, December 1 at 7:30 p.m. in the Spearman High School auditorium.

Mr. Tucker said that he planned to use his sons and some of their high school friends as ushers both nights. If there is anyone with a burning desire to be an usher for the "Fruitcake Review" they should call Buck Tucker at 3103.

People who will serve as walking ads with the ads on their T-shirts, costumes and sandwich boards will also serve as ushers. During the intermission they will mingle among the people.

The Chamber of Commerce share of the proceeds from the Fruitcake Review will go toward a four-color brochure for Spearman. These are very costly and cannot be purchased from the regular Chamber budget.

The YMCA, as co-sponsor of the Fruitcake Review, plans to use its portion of the proceeds to purchase additional needs in the YMCA Youth Center and for athletic equipment for youth

athletics and recreational supplies.

Joy McCormack of McCormack's Scratch Pad is the chairperson for the Fruitcake Review. Mary Lou Wysong, executive secretary of the Chamber of Commerce, is her co-chairperson. People who would like to help in any capacity with the Fruitcake Review are encouraged to call either the chairperson of a particular area of service or the general chairperson Joy McCormack at 3837 or Mary Lou Wysong at 3330.

Finance chairman is Bill Pittman (3731). Program Co-Chairpersons are Bobbie Novak (3350 or 3384) and Dana Schnell (2503). Ticket co-chairpersons are Robert Elliott (2336) and Robert Queener (2344 or 3903). Publicity chairperson is Frances Loftin (3340). Patron co-chairpersons are Ralph Blodgett (2551) and Nancy McIntyre. Talent chairperson is Mary Brock (2514 or 2363) and her co-chairpersons are Judy Nelson (3424 or 3608) and Glenda Guthrie (3424 or 2655). Extra Revenue co-chairpersons are Jim McLain (3724) and Tim Woodington (3792). Costume chairperson is Cynthia Floyd (2100). Scenery and Props chairperson is Teresa Hargis (2665). Make-up chairperson is Frances Scroggs (2695).

### 8th Graders Play Dalhart

Dalhart and Spearman are great teams, and have always been rivalries. Both teams have a great coaching staff as well as players. And Thursday night, both teams showed how great they were by being tied 0-0 in the first half of football!

In the second half, it was a different story. Dalhart scored three times in the second half and won 20-0. It sounds like a whipping, don't it? But it wasn't because a whipping consists of a 21 points to nothing, and Dalhart only got 20 points to nothing; they only missed by one point to make it a whipping!

Spearman Lynx 8th, keep up the GREAT work and good luck! YALL DON'T FORGET... LYNX 8TH WE'RE BEHIND YOU ALL THE WAY!!!

WTSU-Kristi Gressett, a West Texas State University senior from Spearman was recently appointed to the 1979-80 Leadership Board.

Purpose of the Leadership Board, as cited by the bylaws, is to plan one conference each semester which promotes leadership skills and introduces the leaders of campus organizations to common problems, goals and successes.

In addition, this year's board is planning the first All-University Honors Banquet and Ball which will recognize individuals honored by their various departments.

"Appointment to the Leadership Board is one of the highest honors that can be conferred upon a student at WTSU," said Jim Holston, director of student activities and board sponsor.

The board usually is composed of 10 members selected by the president of the Student Senate and approved by the senate. There are presently seven members on this year's board which is made up almost entirely of WTSU seniors.

Two leadership conferences are planned this year. For fall, the theme is "Get Things

GERALD HEINRICH

Rotary Club News

"Gasohol is one means by which we can say, 'Go to hell' to the OPEC nations," said Gerald L. Heinrich at a meeting of the Spearman Rotary Club Monday noon in the garden room of the Cattleman's Restaurant. Gasohol is ninety per cent unleaded gas and ten per cent anhydrous alcohol. Henry Ford started experimenting with it back in 1903 but gas and oil were cheap at the time and so it didn't go over. Hitler used gasohol in World War II. Gasohol has been around for one hundred years. We are more and more being

controlled by the OPEC countries. They control the price of gasoline. Gasohol will help to solve that problem.

For every pound of alcohol produced, you are producing another pound of protein for high content food stuff for starving nations. The gasohol process removes the starch no one wants and converts it into alcohol. Gasohol in Texas can be sold cheaper than gasoline. There is no federal or state tax on gasohol. Gasohol increases mileage, cars run better, octane is higher than unleaded gas. Gasohol needs no highly priced additives.

The federal government is sponsoring farmers to lay out lands. This same land could

used to produce gasohol. This would eliminate payments to OPEC nations.

Gasohol is not a cure-all and will not take care of the shortage of gasoline but it can be used to improve the situation.

General Motors and Ford are now manufacturing cars for Brazil that run on alcohol alone.

In our situation in this country today we have to have something to supplement gasoline.

Locally there are no federal or state funds available to build a gasohol plant. But we live in an ideal place to produce here because we have all the natural resources necessary. There is a fantastic market for the protein. It is great to be taken to feedlots for food for cattle. There is a fifty per cent gain in cattle fed on slops from an alcohol.

There are three products: (1) alcohol, (2) high protein food stuff, and (3) carbon dioxide—all marketable.

There are ten states who are now selling gasohol. There is a successful market. There is no pollution from gasohol. It works better than gasoline in all cars. It will take no modification of cars to burn it. There is a five per cent improvement in fuel economy.

Ronald Hoover and David McClellan were inducted as new members into the Spearman Rotary Club.

Visiting Rotarian was Gilbert Mize of Perryton and guests were Earl Wirsdorfer of Tacoma, Washington, and Gerald L. Heinrich of Spearman.

Members present were Jim Benson, Eschol Blankenship, J.L. Brock, Kim Brock, Roy Bulls, Durane Castleberry, John R. Collard, Jr., Robert Elliott, Pete Fisher, Ed Freeman, Ed Garner, Ron Hoover, John Hutchison, Edwin Limbocker, Junior Lusby, David McClellan, Jack McWhirter, Bruce Palmer, Michael Schnell, Jim Shirley, Lenis Simpson, Gary Sims, Jerry Taylor, Don Wirsdorfer, and Tim Woodington.

Members absent were Archie Burress, Kerry Henton, Jim McLain, Jim Murry, Frank Oglesby, and Vance Snider.

Next week's speaker is Zay Gilbreath of Caprock Industries who will speak on "The Feedlot Industry in an Area".

Rotary board will meet in Tuesday, October 30 at 7:30 p.m. at John R. Collard, Jr.'s office.

Walk-A-Thon Planned

It is that time of year again when the C.A.'s (youth) of First Assembly of God will be hitting the road, walking in behalf of missions. That's Oct. 27.

The Speed-The-Light program is an arm of the youth of the Assemblies of God in all churches across the U.S. All the money collected is used for the benefit of Assemblies of God missionaries, to provide them with cars, boats, bikes, public address systems, and many other items that they might need to help spread the gospel. In order for the previous named items to be acquired the money must be in account with the District of whom help is asked, so across the U.S.A. C.A. group are trying to raise money so missionaries can spread the gospel.

The C.A.'s of First Assembly of God want to thank each person who helped them to raise nine hundred dollars last year on their WALK-A-THON. This year they are hoping to raise one-thousand dollars or more. They will be walking around the city beginning at the church going to Industrial Ave., then south to the road behind the High School, then east to Highway 760, then north to the road north of the airport then south again to Industrial. Some are going to try and make this trip a number of times. If you would like to help by being a sponsor please call 659-2295, or 659-2835.

COLLEGE STATION — As the number of joggers hitting the track increases daily, a Texas A&M University expert assures that jogging doesn't have to hurt to be helpful.

"If you can't carry on a conversation while jogging, you are doing it too hard — slow down," says Dr. George Jessup, assistant professor of health and physical education.

Jessup, an authority on exercising to improve the cardiovascular system, advises the novice jogger to start slowly, running only until the body begins to feel tired. The purpose is to get the heart rate up, which can be accomplished with moderate exercise, he emphasizes.

MAYOR BRINGS LIONS PROGRAM

Mayor Ralph Blodgett brought the program at the noon Lions club here Tuesday. The Mayor discussed the trip of the local

"boosters" to Northern Natural Gas in Omaha, Neb. Also, the Mayor touched on the new sales tax which will replace Ad Valorem taxes (property taxes) if the city wishes to do this, in the future!

In other business at the Lions Club Tues., Lion Curly Hall and Billy Miller reported that they journeyed to Goodwill to the Panhandle Homecoming with the Lions Float Saturday. The queen

who rode in the parade on the Lions float was from Nobles, Okla; her attendantes included the daughter of a former Spearmanite, Lori Ann Dodson (Berry) and several other Oklahoma dolls.

## Bob Crosby's Band To Perform

Borger will hear the sound of the "big bands" at 8 p.m. Oct. 22 in the auditorium of Borger High School, when the Tri-City Community Concert Association presents Bob Crosby and the Bobcats.

Bing Crosby's brother, a veteran entertainer, will bring the Dixieland Swing sound here. He will also present his own son, Chris Crosby, who has become well known as a singer, on stage, recordings, television and films.

Bob Crosby has been associated with music making for the past four decades, at first singing with the Dorsey Brothers' Orchestra and then forming a jazz band of his own.

The names and faces of the Bobcats have changed over the years but Bob Crosby has always managed to keep a nucleus of his original group to do the familiar tunes when requested, along with all types of new and old dance music.

Chris Crosby is one of the five children of Bob and June Kuhn Crosby. The family lives in LaJolla, Calif.

Chris has appeared on television, in films, and on the stage.

BOB CROSBY and the Bobcats, a "big band", will perform at 8 p.m. Oct. 22 in the Borger High School Auditorium, as the first of the season's concerts of the Tri-City Community Concert Association. Admission is by membership card only.

### Stocker Cattle Meeting Set

Hansford County Producers who will be running stocker cattle this year will have an excellent opportunity to hear the latest developments in stocker cattle says Layton Barton, Hansford County Extension Agent.

The meeting will be held Thursday, October 25 at 7:30 p.m. at the Extension Homemakers Clubroom in Spearman.

Dr. John McNeill, Area Beef Cattle Specialist, will present a program on the latest research on stocker cattle and management techniques. In addition, a film on stocker cattle health and treatment, prepared by Dr. Gene Cope, Florida Extension Veterinarian, will be shown.

Producers will also have a chance to see various stocker cattle budgets, prepared by Dr. Ray Sammons, Area Economist.

Producers will be able to see the key variables in making a stocker cattle program a profit or a loss, says Barton. For example, for every one-tenth of a pound change in the rate of gain per day, a producers profit or loss will be affected by \$12.90 per head.

All stocker-cattle producers are encouraged and invited to attend this information meeting.

Educational activities conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin.

# Close gives approval to all 3 amendments

## Absentee vote to open

Absentee voting opens Wednesday and runs through November 2, for the special election of proposed constitutional amendments. Election date is November 6, and three amendments are to be noted on.

Proposition No. 1 in the ballot (H.J.R. 108) was sponsored by Perryton's Bob Close, who was asked to sponsor the amendment by the County Clerks Association of the State of Texas. The amendment would require the Secretary of State to appoint a convenient number of Notaries Public for the state, which would change the present practice of appointing Notaries Public by county. It would also increase the Notary Public term from its present two year limit to a term of four years.

Rep. Close stated that "passage of this amendment would in effect eliminate the middle man, the County Clerk, in the filing procedure for Notary Public. To file for Public one would go directly to the Secretary of State, thereby cutting red tape and paperwork in half. Also, by serving for a term of four years the renewal of the Notary Public's bond would cost half as much. A Notary Public appoint-

ed under this proposed amendment would have a stamp reading Notary Public, State of Texas, rather than Notary Public, Ochiltree County."

Proposition No. 2 on the ballot (H.J.R.) would allow for legislative review of the process of rulemaking by the more than 200 agencies in the executive department, all of whom now act independently of such review. Rep. Close said, "As it is now, the unchecked and massive executive department is making rules on the State level that compare with the well-publicized rules and guidelines set forth by O.S.H.A. on the Federal level. We feel that the proposed legislative review would eliminate much of the unnecessary red tape and many of the ridiculous guidelines now coming from many of the executive department agencies."

Proposition No. 3 on the ballot (S.J.R. 13) would authorize the legislature to provide for the guarantee of farm and ranch loans by the sale of general obligation bonds of the state of Texas. The amendment would allow the legislature to issue and sell bonds called "Farm and Ranch Loan Security

Bonds" of the state of Texas not to exceed \$10 million. All money from bond sales would be deposited in a separate fund with the State Treasurer and administered by the commissioner of agriculture.

These funds would be used to guarantee loans sued for the purchase of farm and ranch real estate, and for advancing to the borrower a percentage of the principal and interest due. The commissioner of agriculture would be required to charge at least 6 percent interest on such loans.

To qualify for these guaranteed loans, one must be a Texas resident and have a net worth of less than \$100,000. "The intent of this amendment is to promote the small family farm," Close said. "Unless you are born into a farm, it is practically impossible to get into farming these days," said Close, "and we hope this amendment would alleviate some of the problems the small farmer faces in today's unsteady economy."

## Kids, Horses--A Natural Combination in 4-H

Kids and horses just seem to be a natural combination, and in 4-H the two can spend a lot of time together, says Layton Barton, County Agent with the Texas Agricultural Extension Service, Texas A&M University System.

Caring for a horse is more than just a hobby for young people 9-19 in the national 4-H horse program. It helps them become responsible adults, contends Barton. These girls and boys typically spend three to four hours a day during summer

and vacation periods and one to two hours a day during the school year caring for their animals.

Since the horse's total welfare usually depends on its owner, 4-H members learn-by-doing about feeding, shelter, health care, equipment, safety, training and riding, points out Barton. Many demonstrate their skills by participating in fairs, horse shows and rodeos, or in judging contests.

4-H horse projects and activi-

ties are supervised by the Extension Service and are supported by the American Quarter Horse Association and the National 4-H Council. Six young horsemen can earn \$1,000 scholarships and expense-paid trips to the National 4-H Congress in Chicago each year.

More information on the 4-H Horse program is available from the County Extension office, adds Barton.

## Arts & Crafts Guild News

The Arts and Craft Guild met Friday, October 12 at the Cattlemen's with Mrs. Bill Gandy as hostess. Those attending were: Mmes. Garrett Allen, Ned Turner, Fred Hoskins, C. A. Gibner, Pope Gibner, Bill Russell, Bruce Sheets, Nolan Holt, F. J. Daily, and Joe Trayler.

The next meeting will be Friday, October 19 in the home of Mrs. C. A. Gibner.

## Golden Spread Center News

Arts and Crafts are the central focus at the Golden Spread Center on Thursday, October 18 from 10:00 a.m. to 5:00 p.m. There will be a break at noon for a covered dish luncheon.

The Golden Spread Center van-bus will be taking a trip to Amarillo on Friday, October 25 at 10:00 a.m. to go shopping at Western Plaza. The van-bus only holds fifteen and those who get to go are on a first come, first served basis.

While back in Spearman at the Golden Spread Center on Friday, October 19, there will be table games from 2:00 to 5:00 p.m.

There will be an evening of table games on Tuesday, October 23 at 6:30 p.m.

Vickie Bullard will be driving the van-bus on Wednesday, October 24 to take the sixty plus bunch shopping, on errands, and to appointments from 9:00 a.m. to 12:00 noon. People needing transportation should call the Golden Spread Center (3521) on Tuesday and get their names on the list.

The twelve who took the foliage tour to New Mexico cannot stop talking about how much fun they had, the beautiful foliage and scenery and the "hot" food.

Frances Loftin is heading the sustaining membership drive through the month of October. Business may become sustaining members by a contribution of \$50 or more. Individuals may become sustaining members by a gift of \$25. Participating memberships for those fifty-five years of age or older are \$5 a year. Others who are working with Frances on this drive are Wanda Brown, Alva Garner, and Dorothy Lusby.

Now that the remodeling has been completed, if you haven't seen it lately, you ought to come down and see how nice it is.

Golden Spread Center is for all people who are fifty-five years of age or older without discrimination as to sex, race, national origin, ethnic background, religion, denominational preference, political party, or handicap. The Center is open Monday through Friday from 8:30 a.m. to 5:00 p.m. There is an abundance and variety of reading material. There is a color TV, a piano, a pool table, and a variety of table games. There is always someone there to strike up a conversation with or to participate in some table games. Pearl Pierce and Edna Hays are on staff every day.

## Extension Clubs

The Spearman Home Extension Club met Friday, October 12 in the home of Altha Groves with President, Mrs. B. J. Garnett, calling the meeting to order by having the members repeat the THDA prayer. The devotional was given by Altha Groves which was the reading of a poem from "Streams in the Desert." Roll call was answered by "Home Remedies" and the treasurer's report was given by Mrs. A. D. Reed. The minutes of the meeting were read by the secretary Bertha Tarbox.

A slate of new officers for 1980 was presented to the club and voted on. Elected were: President--Mrs. B. J. Garnett; Vice President--Mrs. W. V. Hull; Treasurer--Mrs. A. D. Reed; Secretary--Mrs. W. H. Tarbox and Council Delegate--Mrs. Ed Hutton.

The program was given by Mrs. Benny Byers on her recent trip to the THDA State Convention where she attended several workshops. She gave a very interesting talk sharing with the ladies her experiences. Included in her talk was the fact that 688 ladies attended the convention.

Delicious refreshments were served by the hostess Altha Groves to Mmes. B. J. Garnett, W. V. Hull, Ed Hutton, Richard Shedeck, A. D. Reed, and W. H. Tarbox.

The next meeting will be Friday, October 26 in the home of Mrs. A. D. Reed.

## CYO Holds Meeting

Dolores Vela held a meeting on Sunday the 7th at 6:30 p.m. It opened with an opening prayer given by Dolores Vela. The meeting was then called to order by Ray Ortega the President. Roll call was called by Michelle Augustine the Secretary. Minutes were also read & approved. We then talked about old business which was get together with other churches, which will be set off until Nov. New business is to get together with Perryton CYO & have a Halloween party on Oct. 28, 1979 at 7:30 p.m. in Perryton. All CYO members must wear costumes including the sponsors.

We talked about money raising projects. Next Sunday at 11:30 a.m. Oct. 14, 1979 we will have a can drive. Anybody who has aluminum cans that they don't want if you would please give them to the CYO members of the Catholic Church it would be appreciated. On Oct. 21, 1979, at 2:30 p.m. we will have a coke bottle drive. Anyone who has coke bottles that they don't want if you will please give them to CYO members it would really help. We are also thinking of having a dance but we're not really sure.

Posters for the can & bottle drive will be drawn by Greg Farr, Julie Farr, & Michelle Augustine. The meeting was then adjourned. Closing prayer was given by Mr. Bill Theile, a one of the sponsors. Devotional was given by Dorothy Theile inside of the church. Next time we meet refreshments will be brought by Ray Ortega. Opening prayer will be said by Frank Lozano, closing prayer will be said by Felipe Lozano, & Devotional will be said by Farr.

Members that were at this meeting were Bernarda Vela, Ciria Vela, Dolores Vela, Julie Farr, Greg Farr, Gregg Theile, Dorothy Theile, Frank Lozano, Felipe Lozano, Ray Ortega, & Michelle Augustine. Sponsors are Mr. and Mrs. Bob Farr, Mr. Bill Theile, & Father Raymond Crosier.

## Dalhart Overpowers 7th Graders

The Dalhart Wolves looked like GIANTS compared to our Lynx who looked like midgets. Although, the Wolves were ahead, our Lynx still kept on fighting! In the first quarter the Wolves were ahead 22-0, and it looked like a Dalhart whipping, but if you do remember last week the Roughriders were ahead by twenty points in the first half, and our Lynx came back to tie!

In the second half of football, the Wolves got a couple of touchdowns and made the score 34-0. The Lynx still didn't give up; they made sure that Dalhart didn't get the two points after the touchdowns, so they were still fighting. Well, the Lynx were back in their side of the field and with time running out, the Lynx had to get a score up on the board; so the QB, Mark Pearson, threw to RB Cole Ivey, who ran it all the way for a touchdown! The Lynx made the two extra points and made the score 34-8, but Dalhart wasn't done yet, they put another touchdown on the board and made the score 40-8. The Lynx didn't let Dalhart get the extra points.

I'll bet that the folks from Dalhart are saying that the Lynx got whipped. But everyone from Spearman know that our Lynx weren't whipped. A whipping is when the score is 21-0 or whatever-0, and the score was 40-8, so our boys didn't get whipped, they just lost. I believe that people are saying that the Spearman Lynx 7th are bad, not so, it's just that Dalhart was a little bit better!

I always say: KEEP UP THE GOOD WORK BOYS! WE CAN GET THEM NEXT TIME!! YA'LL DON'T FORGET.... LYNX 7th, WE'RE BEHIND YOU ALL THE WAY!!!

The Ambassadors trip to Omaha was very successful. Northern Natural Gas Co. were very gracious hosts and were very pleased to have representatives from Spearman visiting their facilities. The ambassadors making the trip were L.E. Thomas, Chairman; Ral Blodgett, Ben Woodington, J.L. Brock, Len Simpson, Jim Shirley, Gerald Heinrich and Mary Lou Wysong. Mr. & Mrs. Condee Ellison, District Manager of the Spearman plant for Northern were also in Omaha along with Jack Taylor, Director of Administration from Liberal Kansas. It was a very educational and enjoyable trip. The ambassadors do not use Chamber funds for their activities.

The Chamber of Commerce dollar buys many things, but most of all it purchases what no other dollar can - the unity,

cooperation, and combined efforts of unselfish men and women devoted to the task of making their community a better one. It is this type of citizen who shoulders the burdens of work of a Chamber of Commerce, and yet it is not a burden, it is a privilege, an honor and a public service.

Ground breaking for the new Kaleidoscope Fabric Shop, which will be managed by Sherri McWhirter, was held Tuesday, October 9, at 10:30 a.m. Mr. & Mrs. Jack McWhirter and Mr. and Mrs. Lloyd McWhirter are building in the new Golden Spread Shopping Area and will be located next door to the Sports Talley. We will all be looking forward to the opening of the Kaleidoscope.

Shown above are Barbara Hicks, Education Director of the National Livestock and Meat Board, speaker for the Monday, Oct. 15 Calico CowBelles brunch held at the Fellowship Hall of First United Methodist Church. Also shown is Anna Lee Barton, president of Texas CowBelles.

The Calico CowBelles brunch, shown above, featured beef in every dish. The brunch was held in the Fellowship Hall of the First United Methodist Church, and featured Barbara Hicks, Education Director of the National Livestock and Meat Board, as speaker.

traveled group than Calico, and to prove it, here are some of the 'Calico Travels'; four members to State Board of Directors in January, three members to National Convention in Kansas City, five members to Houston in March, three members to Denver Mid-Year, and five members to Clayton for the Five State Round-up. This is plus all the travel that a state officer is required to do!

We are at the present time getting ready for the high light of the year, our membership drive! As a very special guest this year, our membership chairman has contacted Barbara Hicks, Education Director of the National Livestock and Meat Board, as speaker for our two membership functions. These are real attention getters, because the buffet features Beef in every dish, all recipes from the National CowBelles Beef Cook-Book. Everything from appetizers to bread and dessert has some beef as an ingredient. Local members furnish the covered dishes for the meals, one at Spearman, an eleven o'clock brunch and one at Higgins, at seven in the evening. Since our local covers such a distance, it seemed to be a good idea to have two, although it is a terrific amount of work. The eight banks in our local donated money to pay expenses for the membership drive. We cannot say enough for our local banks and businesses for all the help they provide the CowBelles, and we try to give them proper recognition on every occasion.

Our new officers for 1980 are a young, enthusiastic, and invoved group with lots of new ideas and plans on more effectively involving the whole membership, and we're looking forward to an even more exciting year next year!

Respectfully submitted,  
President, 1979  
Peggy Duke

being associated with good health, after so many negative reports by the national news media. We set up a booth with all the nutrition education brochures and posters and gave samples of the bi-products gum and marshmallows to the school children going through, (to their delight).

We were pleased to have our membership vote to give \$200 to the Texas CowBelle Scholarship Fund this year. In September, one of our members gave us a very enjoyable report on her tour of Australia and New Zealand and the differences in the Cattle business and culture of these countries and ours. You'll never find a more

Homemakers, giving them a classroom presentation of 'Beef, Your Stake in Basic Nutrition.'

Having the Texas Beef For Father's Day State Chairman in our local was a special boost to our local chairman, and we all worked very hard on in-store promotion, and almost all of our stores had a special table of Beef literature, and plenty of colorful posters.

It was a privilege to be asked to take part in the Hansford County Health Fair on Oct. 3 at Spearman. We enjoyed

our industry, and urged us to support them in their letter writing to Washington.

Our group is very oriented to Beef Education and believe that the schools are an obvious place to start. We voted to donate \$50 to each school Homemaking class for buying Beef for classroom cooking, the donation totaling \$350. To help promote the Beef Certificates, the money was given in amounts of ten \$5.00 certificates. We felt this would serve a two-fold purpose, teaching also the use of Texas CowBelles Beef Certificates. We also donated film strips and educational handouts to the same classes, plus a copy of the National Beef Cook-Off recipe books.

Calico members have presented programs to Homemaking classes, including the FHA at Perryton and the Booker school

Calico CowBelles, from the Texas Panhandle's Northeastern top three counties (Lipscomb, Hansford, and Ochiltree), are finishing up a very busy 1979 for the BEEF Industry. We have approximately 100 members, with many of them being very active in the organization.

We started the year with a special feeling of pride because we had one member serving the President of Texas CowBelles, one serving as Corresponding Secretary of the State, and one as Beef For Father's Day State Chairman.

One of the priorities of our local is encouraging the support of the Berger Girlstown. We attended the local Junior Livestock Shows and Sales and through our activities and urgings, animals and several hundred dollars were donated.

In March, we sponsored our annual Beef Dinner, invited our husbands and friends, and special speakers presented an Estate and Tax program.

April found us going to all the school in our local and treating the fourth grade students to a field trip for Beef education. The schools are very enthusiastic about this day and cooperate fully with busses and sponsors to assist. The annual affair features a tour of a local ranch, feed yard, a packing house, and a meat market, plus a Beef lunch and films and snacks. This is the favorite project of all our members, and we never lack help for this day. We consider this day our local observance of National Ag Day.

Texas Cattle Feeders provided a speaker for our May meeting, and he gave us an update on Legislation affecting

# the BIG CHECK here

## means little checks here.

When you see the Energy Checked sign you can be sure the home has been inspected from top to bottom for energy efficiency. Since heating water makes up 20% of a home's energy use, the water heating system must meet certain specifications to qualify as Energy Checked. Water heaters must be located within 20 feet of kitchen and utility areas. The farther the water heater is from points of use, the more hot water can cool before being used. Also, Energy Checked water heaters feature a heat trap, and are always non-circulating systems. High heating efficiency and thick tank insulation are other Energy Checked features. If you want to start writing smaller checks for utility bills, make sure your home is Energy Checked, the next time you build, buy or remodel.

## Homecoming Revue

On behalf of the Spearman High School Faculty, Student body, and cheerleaders, we would like to welcome you the 1979 Homecoming game. At this time we are going to introduce our 1979 Homecoming queen and her attendants.

Our freshman attendant is Lori Diffie. Lori is the 14 year old daughter of Mr. and Mrs. Tommie White. Lori attends the First Baptist Church, and participates in Basketball and track. She is a member of FHA, FCA, and student council. Lori is

escorted by seniors Dayton Edwards and Frank Lozano. Her flowers are presented to her by Freshman Cheerleader Lea Ann Gibner and her escort Junior Avila.

Our sophomore attendant is Mary Ann Martin. Mary Ann is the 15 year old daughter of Mr. and Mrs. Ray Martin. As a sophomore she is active in FCA, FHA, basketball and is a varsity cheerleader. She is also a member of the First United Methodist Church. Mary Ann is escorted by Ray Ortega and

Chris Bodey. Her flowers are presented to her by sophomore cheerleader Johnnie Eaton and her escort Angel Rodriguez. Our Junior attendant is Angela Lesly. Angela is the 16 year old daughter of Mr. and Mrs. Bobby Lesly. Angela is a member of FHA, FCA, choir, student council, and is a basketball manager.

Angela is escorted by seniors Karl Smith and Kyle Beedy. Her flowers are presented to her by junior cheerleaders Stacey Cook and Eadie Clemmons,

and their escort Dean Schaffer. Our Senior attendant is Kindra Ivey. Kindra is the 17 year old daughter of Mr. and Mrs. Jim Ivey. During her high school years she participated in track 2 years, basketball 2 years, Tennis 1 year, and cheerleading 2 years. She is also a member of FHA. The year she is serving as President of the Spanish Club, and vice President of the Student Council. She attends the Catholic Church. Kindra is escorted by seniors Kelly Mahanay and

Brent Ware. Her flowers are presented to her by Senior cheerleader Jane Flowers and her escort Andy Francis.

Our 1979 Homecoming Queen is Halee Reed. Halee is the 17 year old daughter of Mr. and Mrs. A.D. Reed Jr. Halee was the secretary of her Junior class and she is also secretary of the Senior class this year. She was also chosen Junior class favorite last year. Halee has been very active in the Tri-State High School Rodeo Assn., The Texas High School Rodeo Assn. and The National Hi School Rodeo Assn. She served as secretary of Spearman High School Rodeo Club her Freshman & Sophomore year and President her junior year. She received the Spearman High School Rodeo Award in 1978 and 1979. She has just recently been chosen as FFA sweetheart. Halee is escorted by senior Doug Hohertz and our 1979 Homecoming King Greg Hazelwood. At this time the King Greg Hazelwood will present Halee with her crown and bestow the traditional kiss. Halee's flowers are presented to her by senior cheerleader Valerie Hagerman.

The cars tonight are furnished by Hergert, Pontiac, Buick, GMC. The cars are driven by Jamie Butler, Randy Stafford, and Pat Morris.

### Robin Denham Is Buffalo Belle

If you were in attendance at West State University's Homecoming activities, and saw the spirit organizations, the Herdmen and Buffalo Belles who might have got a glimpse of Spearman's Robin Denham who is a Buffalo Belle.

Robin, the daughter of Mr. and Mrs. Don Denham, is a freshman elementary education major at WTSU.

## Bike-A-Thon Raises \$3700

\$3700 was raised for St. Jude Children's Research Hospital Sept. 22 as local bikers pedaled in the Spearman Wheels for Life Bike-a-thon.

"The ride was a great success and showed that Spearman understands the importance of research being done at St. Jude Hospital," Bike-a-thon Chairman Verna Strawn said in announcing the ride's results. "Everyone who participated did a wonderful job."

The money raised from the ride will help continue the research into childhood cancer

and other catastrophic diseases," Verna said. "Children here and everywhere will be helped by this successful Bike-a-thon and the progress being made at St. Jude Hospital."

Carrie Ann Guthrie was top fund raiser with \$359. She wins a bicycle donated by B & B Sales for this achievement.

Thanks, Carrie Ann, for a good effort.

Prizes were donated by B & B Sales, Spearman Drug, Gordon's Drug, Anthony Electric, Hickerson Jewelers & Xi Zeta Upsilon.

**Baptists Plan High Attendance Day**

Many of the 4,300 Southern Baptist churches and missions in Texas will attempt to involve a record number of people in their Bible studies October 28 on Sunday School High Attendance Day.

The day is an annual statewide and national observance in the Southern Baptist Convention. "Great Day in the Morning" is the theme of the 1979 observance in Texas Baptist churches.

The goal for High Attendance Day in Texas is 679,000, compared to an average statewide Baptist Sunday School attendance of 518,000. Last year 643,021 attended Sunday School in Texas Baptist Churches on High Attendance Day.

Baptist churches throughout

Texas are preparing for High Attendance Day by personally inviting residents and newcomers to Sunday School and worship services on October 28. Some churches sponsor community events related to High Attendance Day.

**Start Planning Next Year's Pasture**

Beef and forage producers in Hansford County should begin planning now for next year's pastures, says Layton Barton, County Agent with the Texas Agricultural Extension Service, Texas A&M University System.

The first step is to decide on the amount of forage needed. These questions should be asked: (1) what are my long-term

objectives, and (2) what are my plans for pasture acreage 5, 10 or 15 years from now?

Remember that 1979 generally was a good year for pastures. Hay supplies have been replenished and cattle numbers are down. All these factors influence how much forage is needed in 1980, points out Barton.

The second step is to decide on specific practices to produce the amount and quality of forage desired. Fertilizer can improve forage quality and can increase forage production three to four times the level without fertilization. But management practices need to be increased when fertilizer is

applied. Weed control can increase forage production several fold. Generally, a pound of grass can be grown where a pound of weeds would have grown. With today's prices for fuel, equipment and labor, chemical weed control is one of the best investments for pasture improvement, contends Barton.

Another factor to consider is harvesting hay from excess forage in spring. This can effectively improve forage production and use, adds Barton.
