SHORT HARVEST PREDICTED FOR 1940

Although greater optimism is being evidenced by Hansford county farmers and land owners, the general survey shows a shortage of crop production around this part of the county.

Despite shrinking outlets, there are certain areas that have survived stinging winds, drouth and hail to reach the average wheat production point in comparison to other acreage yields in this section of the country. Most every section of the trade territory will have some spotted yields that will pay for the cost of production and a small profit. Estimates received so far at the Reporter are to the effect that at least 90 percent of the wheat acreage surviving will be cut this year.

Around Morse and Gruver there is almost no production, however, authorities say that there is still time to bring in some production in the sections where conservation has been used, and even in other sections if care is taken to preserve the land. In the Oslo community the crop outlook is somewhat better.

Some estimates of 20 bushels have been made, and many fields of these favored sections look fine.

All over the county the usual activities before harvest time are underway. Power farming implement and tractor dealers are well stocked to take care of the immediate needs of the county, having bought early in the season. Repair work which takes care of patching up old machinery is underway, and many shops are working on day and night schedules in an effort to place the harvest machinery in position to make this harvest.

According to the general opinion the best wheat all over the county is found east of town and southeast toward Ed Greever's and Van Earl Steed's. Estimates have not been made on these crops, but it is well known that these productions are expected above the average. North of town the wheat will be good if there is more rainfall.

Each year since 1935 farmers have noted the increased yields they secured from wheat planted in summer fallow land. In a normal year almost half of the total rainfall comes during the last part of June, so Hansford county farmers are urged to keep their optimism high for the harvest.

WAKE UP SPEARMAN

Undoubtedly Spearman has the most generous citizenship this writer has ever known. It has been the writers privilege and pleasure to serve on financial committees for many years for a large number of worthy cases. Per capita Spearman people contribute more than any people this writer has ever known. But right NOW we have fallen down on our Red Cross donations.

Perhaps there was never a more worthy cause, and a more pronounced emergency than exists at this time. The enclosed telegram indicates the gravity of the situation, and asks that we double our quota again.

Spearman We Must Respond!

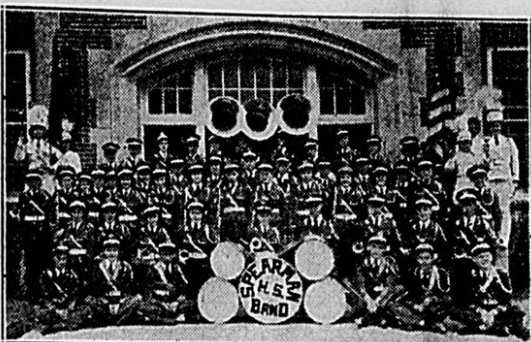

When American Red Cross asked minimum war relief fund ten million dollars, no one could foresee that in two short weeks the greatest tragedy in all history would unfold. Impossible to describe pitiful plight millions refugees in France, sick, wounded, hungry and homeless, they cry for help, will need more than ten million dollars, therefore quotas originally assigned should be regarded only as minimum objectives. Chapters should then go on and where possible double their quotas. In fact only limitation should be the generosity of American people. We should complete this campaign within shortest possible time.

Norman H. Davis.

RED CROSS DONATIONS COMING IN SLOWLY

Donations to the emergency relief fund of the American Red Cross are coming in rather slowly, according to county chairman R. L. McClellan. Mr. McClellan stated that the size of donations were rather small and that if we go over the top in this drive we will have to go to work. Donations this week: Miss Edna Yoder \$5.00

Miss Roach and her mother will visit friends in Oklahoma and Texas. Mrs C. E. Campbell will divide her time here and in Oklahoma City.

IS THE HAND WRITING ON THE WALL?

Friends of Max Boyer, who have become aroused as the result of apparent political maneuvering of so called 11th hour political blitzkriegs, view with a bit of mis-giving the last minute announcement of an Amarillo attorney in the state Senate race. Many of the voters recall that the Amarillo attorney served as District attorney in Potter, Randall and Armstrong counties, after he had received the public support of what has been designated as the "Underwood Lodge". They also recall that upon the retirement of the Amarillo attorney, who at the 11th hour decided to sacrifice his private practice and offer himself as a sure cure for all the ills of our state government, including the salvation of our nation, and the elimination of Chamberlains in the legislature, this self same attorney was an ardent supporter of the son of Uncle Bob Underwood, who now is up for election for the 3rd term as District attorney in Potter, Armstrong and Randall counties.

NO FIFTH COLUMN ACTIVITIES

Sheriff H. L. Wilbanks and County Attorney T. D. Sansing rounded up a group of people purporting to be members of a religious sect, who became insistent on distributing tracts and printed literature. Investigation failed to reveal any activities that would classify in the fifth column group.

VAN ZANDT ASKS FOR COUNTY AND DIST. CLERK OFFICE

Foster Van Zandt, has authorized the Spearman Reporter to carry his announcement for the office of County and District Clerk of Hansford county, subject to the action of the Democratic primary to be held July 27.

Mr Van Zandt is an experienced accountant, having served a number of years in the account department of the Southern Pacific and the Rock Island Railroad offices. He believes he is physically able to handle the work he is seeking, and believes his past training will qualify him for this important position. Van Zandt served in the world war, and has been active in the American Legion during the years since the war.

Mr Van Zandt ran for this office 2 years ago, but did not make an active campaign at that time. He states that he plans to make an active campaign, and will endeavor to see each and every voter in Hansford county. Mr Van Zandt has never served in a public office, and aside from his campaign 2 years ago has never asked for a public office.

Due to service in the U. S. Army, Mr Van Zandt has suffered ill health. He is however physically able to supervise the work he asks the voters to give him, he states.

Bennett, and William Etling, spent the first two days of this week attending a compliance school held at the Herring Hotel at Amarillo. Urge Sign-up For Cattle Inspection

County Agent Hatton is urging a 100 percent sign up of owners of dairy cattle in the sign-up to have the dairy cattle tested for Bangs disease.

It has been discovered that cattle with Bangs disease are ready carriers of undulant fever, an incurable disease. Dr. Porter, state veterinarian, is in the county supervising the tests. Dr Porter stated that most of the counties where he had worked have signed up 100 percent for testing dairy cattle.

JAYS WIN FROM MORSE TEAM

The battling Blue Jays of Spearman are slowly but surely battling their way to fame in this district. Past score cards show their progressive advancement as being slow but definite in the matter of games won.

Last Sunday afternoon they defeated the Morse team in a tight but exciting game, the score being 15-12

Census Report Shows Loss In County

According to the preliminary census report for 1940 the total population of Hansford county is 2,782. This shows a decided loss, since the report in 1930 gave the county a total of 3,548.

The number of farms in the county decreased from 470 at the peak in 1935, and 430 at the time of census report in 1930 to a total of 333 at the present.

CONSUMERS SALES CO ANNUAL MEETING HELD MONDAY

Improved conditions in Hansford county were reflected by the report of Auditor J. G. Sahi who gave officers and directors of the Consumers Sales Co the annual report of that organization at the meeting held Monday June 3. According to the report given the meeting the sales of the organization during the last fiscal year amounted to approximately \$125,000.00. The report showed that \$10,000 in patronage dividends had been paid during the year. The local organization began paying patronage dividends in 1935, after the profits of the organization had liquidated the entire expense of a large investment. The records show that more than \$40,000 in dividends have been paid customer-stockholders during the time dividends have been paid. Also according to the report made Monday, each year sees additional improvements made at the local organization. This year \$3300. was taken from the profits of the organization to make improvements in the form of new building and equipment.

Following the report, officers and directors were elected to serve the coming year. L. W. Rosenbaum remains president, Homer Allen, vice-pres; Major Lackey, secy-treas. J. L. Edwards director, and one new director W. R. Greever was elected.

CONVERSE WILL NOT WITHDRAW FROM CONGRESS RACE

J. H. Buchanan, campaign manager for R. V. Converse, candidate for congress from the 18th district, stated yesterday that the forcing of Marvin Jones into the congressional race was one of the rawest political deals ever pulled in the Panhandle of Texas and would, without a doubt bring in its wake many far reaching consequences, one of which, would prove very hurtful to the business interest of Amarillo.

All the other ten candidates, stated Mr Buchanan, have a large circle of friends who believe their candidate had a good chance for the run-off and possibly win in the second primary. Also all of them entered the race after they had the assurance of Mr Jones that he was retiring. All have spent considerable money and some as much as \$1,000. Now to have Mr Jones brought into the race by a bunch of political highbinders is enough to sour the voters on Amarillo for the rest of their lives.

Voters generally had become reconciled to the retirement of Jones and were selecting new men to back in the race. Many of them are incensed and its doubtful, when they learn all the scheming that has been going on, if they will endorse it by voting for Marvin.

One of the results will be that the people will lose confidence and stop trading in Amarillo, and the merchants there will soon feel the effects of this. Perhaps this is not right but many will not stop to consider that most, if not all the merchants are not guilty and perhaps knew SEE NO. 6 PAGE 2

CONFUSION HITS CONGRESS RACE

Marvin Jones' decision to be a candidate for reelection to congress from the 18th Texas District "at least for the present" is not going to satisfy a lot of voters. Neither is it going to satisfy some of the 12 other candidates in the race, including those who had said that they would withdraw if Mr Jones were to decide to run again.

Even the candidates most loyal to Congressman Jones and his backers have reason to pause before jumping out of the race, now that they have gone through the routine of filing and have started campaigning.

Mr Jones' statement clearly indicates that his decision to having his name filed was not his own. His assertion that "I feel that I should agree to remain" was made on the understanding that the 25-name petition already had been filed.

The 11th hour statement from the 13th candidate, seeking his 13th term, threw the other 12 men into confusion. Some of them had visions of hundreds of dollars, already spent, disappearing in thin air.

When the voters thoroughly realize that Mr Jones' name had not been filed until some time after issuance of his statement saying "I understand that my name has been filed," and not filed until some time after the Amarillo Globe-News so exuberantly announced Mr Jones' decision, those same voters are going to do some serious thinking before casting their vote—IF Mr Jones still is in the race when voting time comes.

A lot of the voters are going to agree with some of the candidates who feel today that the 11th hour decision is a subterfuge to reduce the field.

Some of the voters are going to agree with the opinion that a special election to select Mr Jones successor would be more advantageous in putting in a representative of the "chosen."

The situation today is that Mr Jones is a candidate. Under his assertion that he will "remain at least for the present", none can be certain of how long he will remain a candidate, or how long he will keep his post even if reelected.

As one candidate expressed it, it's getting so that no one can depend on political developments what with the jumping in and out of Ernest O. Thompson, and with Mr Jones' definite statement of a few weeks ago that he would not be in the race this year.

Another view that the 11th hour filing is not cricket is going to affect the voters. All of these beliefs and expressions, combined with voter-discovery that the filing was engineered by members of the Underwood lodge will mean that a vigorous campaign by Mr Jones will be necessary to prove that he wholeheartedly wants the two-year congressional job instead of a life-time place on the federal bench.

Those who must be satisfied not only are the 12 other can-

didates; they also include friends and relatives of those other candidates and even many of Mr Jones' unselfish friends. Regardless of who will be the next congressman, district politics is going to crowd the war for interest until a clearer understanding can be had of what the last-minute developments mean. —Amarillo Times.

R. V. Converse Says:

Wilkie and Taft are being pushed to the front as possible nominees on the Republican ticket. Wilkie being a utility executive, appears to be rapidly becoming a favorite.

Opposition in the democratic ranks as to a third term is rapidly diminishing and the sentiment is gaining that Roosevelt will be a candidate. Some democrats still remember that Theodore Roosevelt was very popular, but his third term balloon proved to be a flat tire; they fear FDR for a third term might prove disastrous for the boys who are in.

The Germans have succeeded in routing the British and French from Belgium, and are expected to make a tremendous drive in a new direction to commence with very little delay. This and other items in the news indicate that Hitler is rapidly becoming intoxicated with power and is likely to be surprised if some of his new ventures are not successful.

The Congressional race of the 18th congressional district is developing into an interesting muddle. The chances are that every candidate that has filed, of which there seem to be 13 will make the race for the finish. Each hopes to be the successful contender.

There seems to be a great deal of concern in official quarters over the farmers condition if war should cease suddenly in Europe. It occurs to the writer that if a group of politicians were not so interested in keeping farm prices down, the farmer might be placed in a position where he could take care of himself.

WITH DUE APOLOGIES TO ALL CONCERNED

Mr Will J. Miller, The Spearman Reporter, Spearman, Texas. Dear Mr Miller:

My attention has been called to your 'Dear Virginia' piece on politics. You made some inaccurate statements, and I feel that it would not be fair to let them go uncontested.

Mr Howe did not depart for Washington on Sunday. He departed on Saturday. He did not make the trip via plane but by train.

With kindest regards and the hope that you drop in to see us anytime you can summons the courage to visit so wicked a spot.

Sincerely, Lewis T. Nordyke. Globe-News, Amarillo.

REPLY Lewis Nordyke, Globe-News

Amarillo, Texas. Dear Mr Nordyke:

I am truly sorry that I made such a glaring inaccurate statement in the article referred to by your letter. I made the statement from memory as I had read it in an Amarillo paper.

I sincerely hope that the days delay in Mr Howe's departure, and his mode of travel will not hamper him in any way on the mission he was reported to have undertaken.

I note with a great deal of satisfaction, that you did not question his mission, so I am assuming that my memory served me right and that Mr Howe together with a fellow townsman Hon. Tom Cotton did go to Washington at the request of our great friend Carl Hinton to secure or to attempt to secure for Amarillo a big army camp or airport. Personally I have no objection for such action, and wish you and your group of friends well in the undertaking.

At the same time I would favor a concentration of military defense right at the doors of Borger, rather than 65 miles away. I believe there will be enough military camps to go around so that Childress, Pampa, Memphis, Borger and even Canyon can have a finger in the pie—and I would respectfully suggest that you inform the powers that be, not to be so selfish. Let them call n others from the Panhandle besides the people who have been going to Washington for so many things for the benefit of Amarillo. In other words, Lewis, give the average citizen a break. Let them know what is going on, and toss a few crumbs to them while you are eating the bread.

I'll be seeing you sometime. Take me around to some of them wicked night spots...I'm just dying to get a real thrill. BILL.

COUNTY ATTORNEY WARNS PEOPLE

Because of the stir that has been created over the United States about possible fifth column activities, it seems that certain fanatical and radical persons and organizations are taking advantage of the situation to gain a lot of free publicity. Already these people and organizations have been at work in Spearman and Hansford county. Individually and in groups, entrance may be sought to your home by every known and conceivable method. Once entrance is gained, the usual method is to fill your living room with literature, play recorded speeches and take up a lot of your time talking and arguing about their cause or belief.

Though this literature and recordings and their acts may not be in any way seditious or unpatriotic, and though well within the purview of certain rights guaranteed by the Constitution, usually it has to do with things that are contrary to the average American's way of thinking, and such American does not care to be bothered in this way, particularly under present international conditions.

If you, as a housewife, do not wish to be burdened by these people and organizations, it is advisable that you refuse en-

trance to your home to any stranger, or strangers, he or she or they, as the case may be, until the purpose for which entrance is sought is made well known to you. If such purpose is a good one, then you will be told what it is. If it is not, certainly no right exists to ask for such entrance.

If entrance to your home should be allowed by you, and the person or persons admitted act in a questionable manner or offer you questionable literature then you should promptly call the Sheriff's office or the county attorney in order that a thorough investigation may be made.

As already stated, these people and organizations are seeking notoriety at public expense and probably the best way to handle them is by ignoring them, at least until they commit some seditious or unpatriotic act. This can be done in a most effective way by not permitting them entrance to your home.

T. D. SANSING, County Attorney.

nothing of the deals that were
being cooked up to further the
designs of a political ring.

Mr Converse, will in no wise
withdraw, further stated Mr
Buchanan. There are several
reasons for this. First his friends
are backing him loyally and say
the entrance of Marvin Jones,
under such circumstances, will
in no wise change them: Second
should Mr Jones be elected and
then resign, the latter seems most
likely, he will then be in line
for the special election. Third:
Somebody will beat Marvin Jones

and in my opinion he has the
best chance at the present time.
Under these circumstances he
would be foolish to withdraw.

The facts seem to be that it
has come to a show down as to
whom is dominating the Pan-
handle congressional district.
The voters, who made it what it
is, or a small group of selfish,
designing politicians, who put
self interest far above the inter-
ests of those of the people and
seem to think that the district is
maintained solely for their bene-
fit. They have stuck their necks
out, asking for a fight and I for
one, am ready to accomodate
them!

Truly hers was a great life that strengthened, and on a bed of suffering for months. Yet with the same attitude that was characteristic of her life she was thoughtful, and appreciative of the tender care bestowed upon her. She calmly met her funeral as tho' she was going on a journey. Though we will miss her council, her sunny disposition, her cordial welcome with the poet, may we say "You are ours just as we are. You are only just away." You are simply present. In a great eternal day you are ours more than ever. You are dearer than before. You'll be watching at the funeral. To say Welcome home ever more!
