of the advertisements in the paper are becoming warlike. The local merchants realize that merchandise is more and more difficult to secure and they are getting their customers to come get the choice merchandise while the getting is good. The writer likes this fair and way of dealing with customers. A fact that we are all go have to do without some things we are accustomed to have, no one seems to be which is another proof democracy will live on for ever.

week merchants of Spearman emphasizing the fact that the man in the car and goes to work. The man in the car and goes to work. The man in the car and goes to work.

WILL ORGANIZE ADULT RIFLE CLUB FRIDAY NIGHT

Men from 21 years up, are invited to attend an organization meeting of the Spearman Rifle Club at the district court room, Friday evening, 7:30 Jan. 23.

Temporary plans call for the renting of the old fruit stand, next to the Ooley Hotel, to be used as a rifle range.

Army requirements will be followed in all matches. County Agent Hatton has volunteered to help organize this club.

MOTHER OF MRS SHIRLEY DIES AT PETERSBURG, TEX.

Mrs T. R. Shirley received a message at 10 a. m. Wednesday, Jan. 21 telling of the death of her mother, Mrs J. W. McDaniel of Petersburg, Texas. Mrs McDaniel, who had been in poor health for the last few years was 80 years old at the time of her death. She is survived by her husband, J. W. McDaniel and 5 children. Mrs Shirley left immediately after receipt of the death message. Funeral arrangements had not been completed.

WATCH YOUR CAR!

Ed Greever, R. D. Tomlinson, and R. E. Harbour, Spearman Equity directors, were having a little meeting the other day and got in a nearby car to be more comfortable. W. A. Schubert also got in the car. The directors discussed things pro and con and started to get down to real business and decided that Mr Schubert would not be interested in the proceedings so they asked him if they could take him some place in the car. Mr Schubert, already having wasted an hour with the honored group, asked them if they would like to ride with him. They said no we will just stay here. Mr Schubert then asked them if it was alright to use his car to go get his wife who had been waiting down town. The honored directors asked one another if this was not their car, they all denied and with slightly red faces let Mr Schubert have his car.

THANKS A MILLION

This country editor is well fed and happy this week due to the generosity of Arthur Coots and Virgil Wilbanks. Arthur sent in spare ribs and sausage, and Virgil furnished a hog backbone. Virgil has a nice country home over in Moore county where he operates 4 sections of wheat land. He is one farmer who has all the city conveniences, even to gas right in his home. His appliances include a gas range, gas circulator and electrolux refrigerator.

here, but it will take time to train our men. It is nearly criminal to send troops to compete with veterans without a fairly thorough knowledge of military tactics. There was entirely too much of this kind of action in the last world war.

Let this writer urge all Hansford farmers to check their farm for scrap metal. Lee McClellan will pay the highest market price for this metal—and your government needs it bad.

Again this writer would urge all farmers to check their machinery and register the parts they need for repairs. You have a real task before you—and the task will be much easier if you have your machinery in good order.

Several local farmers are talking of the labor shortage right now. We wonder what the situation will be during harvest. The men will just have to work harder and longer—and maybe, some of the ladies will have to take a short turn at driving tractors and doing some of the work on farms.

Every day more and more of the young men are leaving for the Army or for defense work. This week Curley Parson left the Russell store to take a position with an air craft factory at Wichita Falls. And the big call for help has not been sounded in Texas yet. We understand that when the bomber assembly plant near Fort Worth is opened for business, it will take some 3,000 men.

WE CANNOT TOLERATE POLITICS AS USUAL

In one or two quite logical places in the Eugene Worley Representative district, we have heard of mummering about our Patriotic Texas official. This writer did not go down the line with Eugene Worley when he was elected. The writer believes he made a mistake in one vote he has registered in Washington. But he has made it all up by volunteering for service, giving up a job that paid him nearly \$900.00 per month.

The fact of the matter is that we have quite satisfactory representation in Washington thru the office of our representative. It is true that Gene has not been able to get a big bomber plant for Amarillo, but we believe he has done all that anyone could do toward that end. He has worked for Amarillo just as hard as he has worked for any section of the district.

This uncalled for discussion of whether or not his office is 'vacant' is politics as usual. We haven't time for such tactics. And there is no doubt in the mind of this writer that our Gene will be reelected by the finest people of the world who admire his guts for entering the armed service, just as he pledged he would if he ever voted for war.

BETTER HOMES CLUB

The Better Homes Demonstration Club met in the home of Mrs R. V. Converse Tuesday afternoon Jan. 20. The lesson was on "Knitting for Defense". Mrs A. F. Barkley of the Spearman Club gave instructions on knitting.

Mr and Mrs Frank Novak and family were Sunday guests of Mr and Mrs John Douglas.

GIRLS 4H COUNCIL

The 4H girls, their sponsors and Miss Brown met at the Court House on January 17 and organized a 4H council. The clubs decided on having council meetings five times a year. 3 4H clubs were represented they were: Morse, Gruver and Spearman. The officers elected for the following year are: Chairman, Wilma Womble, Morse; Vice Chairman, Ola Florence Dozier, Gruver; Secretary, Kathleen Kenney, Spearman; Treasurer, Joan Hoskins, Spearman and Reporter Margaret Hull, Spearman. We were very glad to have with us an outstanding 4H worker, Dorothy Shedeck. We were glad to have with us our sponsors, Mrs Hull, Mrs Garnett, Mrs Davis, Mrs Dozier, Mrs Womble and Mrs Hayes.

Funeral Services Held For Brother of Supt. Elma Gunn, at Hedley

Funeral services were held at the Baptist Church of Hedley, Texas, Saturday, Jan. 17, at 2:30 p. m. for Lon F. Gunn, a brother of our Supt. Elma Gunn, of Spearman. The services were conducted by Rev Hughes, pastor of the Baptist church of McLean, Texas. Interment was in the Hedley cemetery.

Lon F. Gunn was killed in a car and train accident, which occurred near Olathe, Kansas, Wednesday, January 14. Supt. and Mrs Gunn and Mrs J. I. Gunn of Spearman left for Hedley, Thursday as soon as the message of his death came.

The deceased is survived by his wife, Mrs Lon F. Gunn, 3 daughters, Mrs Hershall McCarty, Gloria Jean and Laveta Jo Gunn one son, Rodney Dale Gunn all of McLean, Texas. His mother, Mrs J. I. Gunn, his brother Elma Gunn of Spearman, one sister, Mrs John Swinney of Clarendon, Texas and a brother Henry Gunn of Hedley, Texas.

Deputy Cooke Suggests Car Owners Protect Car-Truck Tires

Deputy Sheriff J. B. Cooke, suggested this week the Reporter carry a story suggesting that all car and truck owners take the following precautions to aid in identifying car and truck tires if stolen. First copy the serial number of the tires and keep available at all time. Second make an inconspicuous mark of some kind on the tire that will serve to help identify. In case of car tires he suggested that owners take a small punch and make identifying marks on the wheel, stating that tire thieves will likely steal car wheels with the tires. Cooke says that officers all over Texas will stop any truck or car carrying used car tires and require identification. Thus if tires are stolen, one must positively identify the tire to gain back its possession.

WOMEN CAN HELP

The American Woman today has many opportunities for patriotic service.

One of the most important ways to sustain the morale of the men and the family by refraining from over excited panicky decisions or too much talk about what's going to happen. No matter how bad the impending future seems to be—without bobbin pens, garters, rubber gloves, silk hose, silk underwear, cars, thousands of other necessities, the ladies must rally their forces and turn on the charm, for if ever charm, pep, and lipstick were banners of courage, they are in their element now. Morale is generally defined as being that state of mind which sustains courage, and endurance during especially difficult times, and is best evidenced in quiet, collected thinking and acting, so just remember that women can help by cutting down on grocery and tailor deliveries, by carrying unwrapped purchases, by buying food in large quantities, rather than 2 or 3 times a day, by seeing through the farce of propaganda as is found even in the best magazines, newspapers, and movies, by making out a weekly shopping list and adhering to it, by doing their visiting over the telephone.

Women can help by saving postage stamps, silk stockings, papers, tin-foil, boxes, aluminum, magazines, old clothes and rags.

To be exceedingly smart and clever, and also keep from worrying gardens can be planted soon, for home grown fresh vegetables when prices go soaring.

HOWARD STANLEY GARNETT

FREE SHOW MONDAY, JAN. 26 COURTESY Mathews & Crawford

Two full length natural color movies, packed with human interest, drama, and action, are coming to Spearman on Monday, January 26th.

Sponsors of the program, Mathews and Crawford Implement Co., announce that a free lunch will be served to all farmers and their family, at their place of business at the noon hour.

The two films "In Our Own American Way" and "Thunderheads Over the Pacific" were produced by Minneapolis-Moline Power Implement Company, and will be sponsored by Mathews & Crawford, local dealers for this pioneer implement firm.

"In Our Own American Way" shows in natural color such points of historical interest as Plymouth Rock, the Alamo, and Lincoln's New Salem; such natural wonders as the Grand Canyon, Old Faithful Geyser, and Carlsbad Caverns; and our beautiful national parks, forests and waterfalls. It shows our nation gearing for defense, shows how our boys in the army and navy live and how they are being trained. It shows also the part being played by agriculture in defense and by modern MM tractors and machines in producing more at lower cost and with fewer hands.

"Thunderheads Over the Pacific" is an interesting and exciting travelogue of the Far East most of its scenes having been made in China, Singapore, the Dutch East Indies, and Australia. It provides an excellent insight into the life and manners of the people of these countries, together with many exclusive scenes, among them the Dutch East Indies army, the great fortress of Singapore and others.

Both films are entirely in natural color Kodachrome. Both have musical and full sound background to add to their entertainment and interest. Both recommend themselves to every farm family in this vicinity.

CAR STAMPS AVAILABLE

Postmaster Marvin Chambers has just about sold the first shipment of 200 car stamps, which are required to be placed on cars on or before Feb. 1st. The stamps cost \$2.09 and are good until July 1st, when the annual stamp costing \$5.00 will be placed on all cars. Chambers expects a new shipment of stamps this week, and does not anticipate any shortage.

SAVE YOUR TIRES FOR EMERGENCIES

Spearman merchants, realizing that the ban on new tire sales will put a stop to much out-of-town buying, this week pledged themselves to an all-out effort to take care of the consumer needs in the Spearman territory during the present emergency.

For many years the home-town merchant has urged customers to do all their buying at home; and now, with the government preaching tire conservation, he has a real argument to back up his plea. At the same time, merchants are planning to work harder than ever before to give customers the very best service possible right here in Spearman.

Reporter advertisers this week are stressing the tire saving theme, pointing out that the money saved by eliminating unnecessary trips can now be used in the purchase of Defense Bonds and Stamps to hurry the day of Victory.

In line with the general stress on conservation of all resources, and knowing that car as well as tire sales are going to be strictly limited, garage and service station operators are urging customers to take extra care of the old car, pointing out that frequent servicing will not only make the car run better, but it will also eliminate necessity for purchase of parts, which may be hard to get in the future.

In general Spearman business men take the view that the present emergency gives a great opportunity to the small-town, but they realize also that the new opportunity brings greater responsibilities and they intend to continue giving the best service possible at the lowest possible cost.

Announce Marriage

Mr and Mrs G. C. Newcomb are announcing the marriage of their daughter, Marcella to Mr Roland Helzer of Los Angeles, Calif. The wedding took place on January 11 at the parsonage of the First Christian Church, Yuma, Arizona. They will make their home in Los Angeles.

Mrs Bill Rutherford and children were Perryton visitors Tuesday.

Mr and Mrs Joy Hergert of Perryton and Mrs M. Hanners were Sunday dinner guests of Mr and Mrs Dub Hanners and son.

Simeon Caldwell visited his daughter Mrs Roy King and family of Amarillo Monday.

Bill and Joe Pozoureck of Yukon, Okla. were looking after their farming interests here for a few days this week.

A SHARE IN AMERICA
UNITED STATES DEFENSE SAVINGS BONDS & STAMPS

A BOND OF UNITY.—The handclasp of sincerity and partnership is used by artist John C. Atherton, of Bridgefield, Conn., to depict the close cooperation of the American people and their Government in financing the Defense Program through the sale of Defense Savings Bonds and Stamps. This poster was awarded first prize at the Museum of Modern Art exhibit in New York out of a large number of submitted drawings, and is being used on posters by business firms in advertising, and in numerous other forms to promote the sale of Defense Bonds and Stamps.

McDOWELL MUSIC CLUB

The McDowell Music Club met with Wilma Mahaffey Monday night. We were asked to donate some kind of musical instrument to the soldiers in camp for their recreation. We decided to send records and we are very glad to do our part for the amusement

of the men in camp. Jean Hill read an interesting article on cornetists, and a flute solo was played by Dickie Kiker. After the program refreshments of ice cream and cake were served to Nadine Hardin, Dickie Kiker, Rita Roach, Winnie Hoskins, Barbara Jean Daily, Jean Hill, Pat

You Too, Can Do Your Part For VICTORY

SAVE TIRES — TIME — MONEY BY—

Trading In Spearman

And Put The Savings To Work For the form of Defense Bonds and Stamps

You will find large stocks, courteous service, and Fair Prices in Spearman Stores. These people are working for the same goals of Victory and Democracy which you LOVE so WELL. Give them FIRST CHANCE.

1. TRADE IN SPEARMAN

This Will Save Tires—and as months pass you will need your tires in unforeseen emergencies, such as Death or Illness of a loved one . . . or even for a visit or vacation.

Trading In Spearman Will Save Gasoline and Oil, commodities which are absolutely essential to Victory!

You Will Also Save Your Automobile . . . which after all, can't be replaced and which you may have to use for many, many years.

Furthermore, You Will Save Money with which you can buy Defense Bonds and Defense Stamps.

TO TRAVEL 100 MILES COSTS Approximately:

6 Gallons of gasoline at 21c	\$1.26
One-tenth oil change at 1,000 miles	.18
Tire depreciation on 25,000 mile basis	.40
Lunch or Sandwich per person	.35
Automobile depreciation	1.00
(Figured on 50,000 mile basis)	
TOTAL COST	\$3.19

This does not take into consideration the possibility of accidents, which are always happening. NOR DOES IT include your time, which if worth nothing to you, could profitably be put into Red Cross work, knitting, sale of Defense Stamps, etc.

Although the above prices are a fair average, many of these items CANNOT be Replaced at all.

2. Keep your tires properly inflated—this will add greatly to their life and service.

3. Drive as little as possible, observe a 35 to 40 mile speed rate, adding to the life of your Automobile, your Tires—and to your own safety through prevention of accidents.

4. Avoid Quick Starts and sudden stops, which naturally result in tire wear and in depreciation of your car.

5. Keep your car in good running order. Have it checked regularly. A small repair in time will save depreciation and money.

6. If You Must Go out of town to buy use the train or bus. It's cheaper. It saves money and it saves your car for emergency needs.

7. Save old papers and magazines. The Boy Scouts will be glad to call for them regularly.

8. Tell the storekeeper "Never mind wrapping it" and you will be helping conserve paper, twine and time.

9. Help the Delivery man by telling him to make your delivery when he's coming your way.

WALK Whenever possible, But remember you can make more than 100 trips from your home to Spearman with the same depreciation on your car and tires that is required for one single trip of only 50 miles.

LOOKING THROUGH AN EXCHANGE
—Margie Gerber

I suppose it is common knowledge that the Spearman School belongs to the Panhandle High School Press Association. Our membership costs us one dollar a year, and through this Association we receive papers from other schools. Now we couldn't go on forever calling these papers "those things we get" so someone got a bright idea and called them "exchanges". Somehow the name stuck, and here we are studying one we received a few days ago from the Quail High School.

On the first place this exchange is known as "The Quail Echo" and is published every other Thursday by the Journalism class of Quail High School. Now this paper has all the usual things that are included in the staff for a high school paper. There is an editor, assistant editor, business manager, sports editor, society editor, typists and reporters, who, if they are like the usual run of high school reporters, wander blissfully thru the week until about a half hour before the deadline, then rush madly about hunting a bit of paper and some news to put on it while there is the latest bit of gossip going in the corner, not loud enough to be understood, just loud enough to be heard.

But we seem to be getting a little off the subject. To proceed with the paper, we find a very interesting article on Democracy which I might add is very appropriate at the time. We find an article concerning a county teachers meet, a report on the doings of the FFA and FHT, a basketball schedule, a sports review of two games, an article on the doings of the teachers, and a very promising report on the Red Cross drive. The paper was well organized and prepared. Of course, having a class reserved especially for journalism and two weeks to prepare each edition, students should be able to put out an interesting paper. Exchange papers such as this one, properly studied, would help our own Lynx staff immensely.

SOUR NOTES

Contest time is drawing near! We began working on some of the contest pieces last week. Two of the numbers we are concentrating on are Two Admirals and Overture Americana. Another piece we are soon to begin practicing is Student Prince.

There is so much enthusiasm over the new pieces that many of the band students spend their study halls practicing. There is a certain group of these students who invariably begin to swing it. Our band likes all music, from popular to overtures.

Surprise! Surprise! The long expected bassoon is finally arrived. It is an extremely complicated looking instrument. Robbie Jo Graves, who formerly played the clarinet, is going to play the bassoon.

Phillips band will be here on March 3rd to play in chapel.

propriate at the time. We find an article concerning a county teachers meet, a report on the doings of the FFA and FHT, a basketball schedule, a sports review of two games, an article on the doings of the teachers, and a very promising report on the Red Cross drive. The paper was well organized and prepared. Of course, having a class reserved especially for journalism and two weeks to prepare each edition, students should be able to put out an interesting paper. Exchange papers such as this one, properly studied, would help our own Lynx staff immensely.

SENIORS

The first semester has come and gone. We are starting our second and last semester which is likely to be rather full, with our senior play, banquet, graduation, and all the rest that's coming up. We are looking forward to having one grand time. We have taken all of our tests, but as yet we haven't heard what the outcome of all of them are. Here's hoping they are good because we want to start this

FRESHMEN

We have taken our exams and are waiting for the results. If they keep me in suspense any longer, I don't know what I will do. Last Friday we took all our exams, and this week-end everybody was supposed to rest easy. I do not think anyone did though.

Last week the Freshmen played Grade School in basketball. We beat them five to ten. This week we are going to play them on Tuesday and Friday. Here's hoping we beat them again. The Freshmen are very proud of Rosanne Porter because she gets to go with the team to play basketball. She gets to play often, and she is our star player when we play grade school.

LYNX BASKETBALL

The Spearman Lynx beat the Gruver team, boys, 22-11. Gruver will get another game with the Lynx tonight, Jan. 22 at Spearman.

The Lynx football team got the awards for their splendid football team, Friday during chapel. 16 of the boys were given jackets. The jacket is purple, also reversible, and have a white letter with purple football and stripes. Two of the boys have 3 stripes.

Assembly was held in the study hall, where Mr. Byron gave out the jackets and made a speech, which was good. The boys gave Coach Washington a jacket with Coach written on the letter.

All the boys who received the jackets like them fine and there have been many favorable remarks about them.

The Lynx go to the Stratford Tournament Saturday. We hope to bring home another first place trophy.

JUNIOR NEWS

First semester is over at last, tests and all, and everyone seems a little more relaxed, all but a few who seem to be just a little worried about whether they passed the first semester or not.

The new semester now starts and more than a few juniors have been heard to remark that it might clear the atmosphere at home if they studied just a little more. After all it isn't long until most of these juniors will be wearing that rather lost or possibly "fish-out-of-water" look that the seniors seem to wear with a rather dignified air.

The juniors have already begun thinking and talking about the junior-senior banquet. Was there something mentioned about studying? Well!

The juniors are sorry to know that Eleanor Faye Womble is ill. They will be glad when she is able to return to school.

SAMPLING FROM SPEECH CLASS
—Shirley Moses

In these times when people are dodging and failing to dodge bombs, and great master pieces of architecture are being blasted to smithereens, and the homes and possessions of thousands are being destroyed, it is heartening to know that civilization still lives. Today the world is full of painful things. The hopes and dreams of yesterday have today become a mere will-o-the-wisp. In the face of this will we be able to keep up our courage? Is all hope for human happiness and improvement merely self deception? I am sure the answer to these questions is not to be found in despair. You can help bring about a better world in which to live. Everyone can do something toward creating kindly feelings rather than prejudices, reasonableness rather than hysteria, happiness rather than misery. You can help make your community a better place in which to live. Every parent who teaches his children to become useful citizens is doing his part toward this aim.

Our country is composed of ordinary men and women as well as of eminent statesmen. Now as never before in the history of the world has the individual thought of every human being been so necessary and important. The whole world needs something better than what the present offers. We must set our minds against injustice, prejudice, and cruelty in order to bring this about.

A few years ago we fought a war that we believed would end

all wars, a war to keep the world safe for Democracy. But somehow, it did not turn out that way. From under our very noses grew forces of fascism whose power could not be denied. We fought a war to keep the world safe for Democracy, but from that war came dictator intent on ruling the world. We yield to no one in our dislike for Hitler, or in hope to see him somehow, kicked up some convenient blind alley for good. Today civilization, which is a composite of social, governmental, economic, and spiritual forces, is as much out of control as a runaway horse. Science has developed forces, the use of which mankind has been unable to control. Above the skills of science must stand the enlightened souls of men, the masters of these powers, not the slave.

We believe that with all its faults Democracy is the best form of government the world has ever known. Only by rightful thinking, peaceful living, and human understanding and action can we ever hope to keep our Democracy.

We are glad to have Bill Jo Sparks return to school after an absence of several days due to sickness.

We have completed the study of Civics during the first semester, and are now taking up the study of United States Geography. Our first unit is about the geography of Texas. We expect to learn many new facts about our own state of Texas during the first six weeks of the new semester.

GRADE SCHOOL BASKETBALL

On Tuesday night of last week the grade school boys went to Perryton to play basketball with their grade school team. Spearman had defeated Perryton earlier in the season by a lopsided score, but this time the going was much harder. In fact the Perryton boys were leading with only a minute to play when Hershel Jones dropped one in the bucket to give Spearman a one point lead. The game ended shortly after with the score 13 to 12 in Spearman's favor.

About 20 boys made the trip and enjoyed staying to see the Perryton Rangers and Letors Pirates play in the main attraction of the evening. The boys appreciated having Mr. Gunn, Mr. Lee and Mrs. Nabours to go along and take a load of players.

SPEARMAN MUSIC CLUB
"Hymnology" was the subject for discussion when members of the Spearman Music Club met in the home of Mrs F. J. Dally, on Tuesday, Jan. 20th. A paper on the Hymnology of the Pennsylv-

ania Dutch German's was presented by Mrs R. L. McClellan and the lives of several of the early American hymn composers was discussed by Mrs R. E. Lee. The musical numbers of the program were Rocked In The Cradle of the Deep with Mrs Dally at the piano accompanying her daughter Barbara Jean on the violin, and the vocal solo, Voice in the Wilderness by Mrs John Berry. The roll call was a favorite hymn.

Members present were Mesdames J. B. Caldwell, J. F. Cator H. N. Powell, John Berry, J. E. Gunn, R. L. McClellan, Robt. Douglas, C. E. Campbell, R. E. Lee, H. P. Bailey, Miss Helen Richardson and the hostess Mrs F. J. Dally.

OSLO NEWS

Morning Worship at Oslo Lutheran Church next Sunday, Jan. 25. Third Sunday after Epiphany will begin at 11 a. m. Sermon Theme: Jesus Encourages His Disciples to Minister as He Ministered to the Samaritan Women. John 4:27-42.

Sunday School will begin at 10 a. m. The confirmation class will meet at the parsonage on Saturday at 9:30 a. m. The Lu-

ther League will meet Sunday evening at 8 o'clock at the home of Mrs Johanna TeBeest. H. C. Hjortholm, pastor OSLO NEWS

The volunteers who will watch for and report airplanes whenever called upon by the army to do so met at the Oslo Church on Wednesday evening of last week to organize this service. All arrangements necessary for a 24 hour watch on every day of the week during any period of alert was easily provided. This speaks well for the loyalty of those who live here and their willingness to serve the government whenever and wherever they can.

Tillie Poston left on Tuesday of last week for Lubbock to re-enter the army after a short release.

Pastor and Mrs Hjortholm were supper guests at the A Paulson home in Guymon on Thursday of last week. They called at the home of Mrs Clara Stedje on Sunday evening.

The other day we heard some one say that in past years the people here in Oslo would gather each Sunday at some place or other for a social time. It was remarked that everyone enjoyed these gatherings. Perhaps now that it is so important to conserve the rubber on the car tires we should make an attempt to recapture this spirit of fellowship which to a great extent was disrupted by the quicker transportation provided by the car. In this way, what seemed to be a hardship can be turned into a positive good.

Supper guests at the parsonage on Tuesday were Mr and Mrs C. Johnson and Amella, Mr Johnson's mother, Mrs Lewis Johnson from Guymon and Mr and Mrs Jack Christofferson.

MORSE HD CLUB

Morse Home Demonstration Club met Thursday, Jan. 15 at the home of Mrs Anna Coffee. After a brief business session the club voted to save papers and scrap metal and to sew for the Red Cross for Defense.

Miss Brown gave a very interesting demonstration on canning whole wheat. The club is very happy to have Mrs W. A. Gillispie as a new member. Members present were Mesdames J. H. Davis, Henry Davis, Allen Pierce, D. M. Womble, R. B. Hayes, W. A. Gillispie, Miss Marijo Brown and the hostess.

Arrangements of walks and drives and planning a garden for National Defense will be our next demonstration, Thursday, Feb. 5th at the home of Mrs W. A. Gillispie. This will be an all-day meeting. Bring a covered dish and everyone is welcome.

"The Lake View Tattler"

Sunday school and the services conducted by Rev Fisher of Perryton were well attended at the McMillan school Sunday.

A revival is now in progress at the Blodgett school house conducted by Rev Jacob Reiger and wife with other helpers this meeting will continue the rest of this week and perhaps longer several are attending and all are invited. The services are interesting. The Pipkins killed hogs last Saturday, and Sunday was home coming for all the children. Sure a good time to go whew! Back bones and ribs, sausage and everything good.

I asked Mrs J. E. Green who lived in the little new stucco house on the south side of the highway in the west part of Farnsworth. Imagine my surprise when she answered that is my new wash house. I could hardly believe my ears. It is a pretty house 12x14 with double windows, red shingled roof, a fire place styled chimney and has a picket fence around the yard, a fancy lattice roof over the gate and a portio with vines in the yard. I also learned that there are built-in cabinets, the walls are papered an electric washer, and iron and everything so new and modern that no more blue Mondays are Mrs Green's.

Bertha and Katherine Nitchske attended church at Blodgett Friday night. Leona Emmick spent the week end at home with the Powell's. Mrs Sam Nitchske visited in the Sam Powell home Monday. Mr and Mrs Fred Wildhagon are visiting from Fort Worth the Sim family. Mrs Wildhagon is a daughter of the Sim's. Atlas Flowers called in the Ed Hooper home Tuesday morning. Mr and Mrs Dennis Reed shop-

ped in Spearman Saturday.

Sunday dinner guests of Mrs Dennis Reed were her brother and family of Spearman. Thursday night Margaret spent the night with her grandmother in Spearman.

Saturday night Mrs Reed and daughter attended church at the Blodgett school. Don't be surprised if the Reed's start using a handsome team of horses for their transportation.

Dinner guests in the Hollis Gossett home last Sunday were Mr and Mrs F. S. Wade, Mr and Mrs Earl Wade and families.

Mrs Gossett and Dora Lee attended the Red Cross nursing course at McMillan Thursday. They installed a new butane gas range.

Miss Rosa Barnes who has been visiting around here and there for some time returned

home from south Texas Sunday.

Callers in the Cliff McGarrough home last week were Mr and Mrs Gossett and Dave Lambert.

Clyde Hooper visited in the Powell home Tuesday morning. George Pipkin and Rev Reed and family visited in the Gossett home Saturday morning.
