## Orrin J. Brown Death Sentence Sustained

Orrin J. Brown, convicted of the hammer slaying of Leota Murphy, when tried in the 84th District Court of this county, must pay the penalty for his crime to the state by death.

Brown arrested in Chicago, following one of Texas most complicated man-hunts, was tried in Spearman at a called session of District Court convened June 10, 1941.

Following his conviction Brown appealed first to the district court for a new trial. Being denied this appeal he appealed to the Court of Criminal Appeals, where the evidence was reviewed by the court last week and this week. The verdict handed down early Wednesday morning upheld the ruling of Judge Jack Allen's court, and remanded the prisoner back to the District Court.

This means that Brown will be brought before this court for death sentence, probably during the regular term of spring court which opens in Spearman the first Monday in April.

Brown, told of the verdict at the Potter county jail is quoted as saying he expected such a verdict.

In the next issue of the paper will be found the first installment of a story reviewing the entire murder case. Due to the lack of space this story will be given the public in three installments.

The county library at Spearman announced receipt of 107 new books sent the library from the State Traveling Library.

In addition 41 new books have been ordered this month, and some 25 more books will be purchased before the end of the month.

### GRADE TEAMS WIN

The Grade School Basketball Tournament held in the high school gymnasium on Friday and Saturday of last week was a success in every way. Good sportsmanship prevailed during the tournament, and everyone seemed to enjoy the games very much.

In the finals Saturday night, the Spearman girls defeated the Stinnett girls 15 to 9 to take first place honors. Spearman won their way to the finals with a 26 to 12 victory over Gruver; while Stinnett placed themselves in the finals with a 24 to 8 victory over the Spring Creek team.

The boys final game was also a Spearman versus Stinnett affair with Spearman holding a 18 to 8 advantage at the final whistle. Spearman advanced to the finals with wins over Perryton by a score of 15 to 6 and by defeating Gruver in the semi-finals 34 to 22. Stinnett had defeated the Spearman "B" team 24 to 13 and Dumas 28 to 12.

The all-tournament team for boys was Becker and Robertson of Spearman, Hastings of Dumas and Hasbrook of Stinnett.

The all-tournament selections for girls were Tucker and Hester of Spearman, Ruby and Manzano of Stinnett, Dozier of Gruver and McClane of Spring Creek.

### BORGAN PROMOTED TO PRIVATE FIRST CLASS

Kester Lackey, son of Willis B. Lackey, of near Spearman, has just been made Private First Class at the new Air Corps Advanced School, Lubbock.

Private Lackey, who is a graduate of Spearman high school is with the 502nd School Squadron at the flying school. He is an aircraft radio technician.

### ON TRIP TO DENVER

Mrs. C. A. Robertson left on Tuesday of this week for Denver Colorado to visit her new granddaughter, little Dona Jean Robertson, daughter of Mr and Mrs W. C. Robertson. W. C. has been enlisted in the Army and is stationed at an aviation field near Denver. Little Dona Jean was born Feb. 10th.

### IMPORTANT NOTICE

Due to the regulations on trees it will be impossible for the Boy Scouts to continue collecting old papers and magazines. The people of this county who are patriotic enough, are asked to bring the old papers to the Spearman Furniture Store, where they will be forwarded by Matthew Doyel to Amarillo for future shipments. Doyel delivered the first shipment from this county last week amounting to 4,450 lbs.

### SAVE USED STAMPS

To Make Artificial Limbs For War Crippled British Children.

A new process for making artificial legs and arms includes the use of a plastic made from the stamp pulp. The ink dye of the stamps is extracted before the stamps are pulped. This coloring matter is not obtainable from any other English source. It is sold to the British Government, the proceeds being used to provide beds and other necessities for children's hospital wards.

Just tear off part of the envelope containing the stamp. Do not steam or tear the stamp, as the essential properties, including the dyes, will be injured.

So little means so much—Remember Pearl Harbor.

C. A. Gibeon has been appointed chairman of this activity in Spearman, so please send or take your cancelled stamps to him.

### LETTER FROM GERBER

The Reporter received a letter this week from Lieut. J. E. Gerber, temporarily stationed at Fort Sam Houston, San Antonio Texas. Gerber stated that he had been ordered to prepare for foreign service, but that the order had been countermanded, and he did not know what his permanent assignment would be at this time. He is assisting at the Camp Adjutant's office at the present on special duty.

### WAR VICTORY WILL BRING PROSPERITY SAYS HONEST BILL MILLER

While the prospects for earning a reasonable income and perhaps a bit of extra to purchase DEFENSE BONDS, is as good this year as any of the past 9 years when the Reporter has issued the Annual Prosperity Issue of the paper, the editor, Bill Miller has asked all advertisers to emphasize the fact that WAR VICTORY is the only real prosperity we can look for in the future.

But as a matter of fact we have a real opportunity for wheat yield this year. Our moisture record is excellent up to date, and the present weather is just right for wheat growth. We have had perhaps as good a year as any in past history for grazing cattle. The price of wheat and cattle is sure to be good for the year, and all in all we face a rather prosperous future so far as material one year profits is concerned. We all realize that there can be no Prosperity in the future without we get in harness

### LYNX CLOSE GOOD BASKETBALL YEAR

The Lynx ended a very eventful basketball season last week by participating in the District tournament held at Stratford. The Lynx played Hartley in the first game and were victorious 30-22. In their second game they beat Stinnett 22-21. As a rule, at the district tournament, a team must be beaten twice before they are out of the tournament, because of this, the Lynx met Hartley again in the semi-finals, and beat them.

In the finals they were defeated by Stratford 43-21.

Daniel and Robertson made the all-district team and were awarded gold basketballs.

Daniel has won four gold basketballs this year. Jacobs and Robertson have been awarded 2.

The Lynx played 30 games this year. Of the games played they won 22 and lost 8.

The Lynx have scored 702 points against their opponents 620 points.

The Lynettes have played 19 games losing 11 of them. They scored 323 points to their opponents 405 points.

### LIONS HEAR NOTED WHEAT SPECIALIST

Frank Dines, president of the Texas Wheat Improvement Association, with headquarters at

Amarillo, was guest speaker at the regular meeting of the Spearman Lions Club held at the Methodist Church Annex Tuesday Feb. 17.

Mr Dines gave a very interesting and instructive talk on the importance of improving the grade of wheat over the nation. The speaker traced the evolution of wheat seed from the first known recognized date of its advent in world history but admitted no one knows just when it was first developed.

He explained the sexology of plant life in general and wheat in particular. The speaker outlined some of the splendid work that has been accomplished in Texas in the way of improving wheat so far as disease resistance, sturdier straw and more protein contents is concerned. He announced that a new departure in wheat improvement was underway, with Grover C. Brillhart and William F. Etling of Hansford county featuring some of the improved seed.

Dines was guest of County Agent Joe Hatton for the program. Hatton was responsible for this program.

Boss Lion J. B. Cooke announced that the Lions Club was backing the Annual Fat Stock Show to be staged in Spearman, March 2nd. Committees were appointed to assist Hatton in holding the show. The president also announced that the club would purchase the show calf winning

### WEATHER

What was heralded in local circles as "One of them Things" in the matter of weather, turned out to be a great deal milder than expected when the regular mid-February blizzard reached Hansford county just about noon Tuesday of this week.

Drifting snow recorded .03 of an inch of moisture and the low temperature recorded was 4 below zero Wednesday morning.

Moderated weather recorded 9 above zero Thursday morning with the high for Thursday afternoon 40 above.

### 7TH ANNUAL FAT STOCK SHOW SCHEDULED FOR MARCH SECOND

It won't be long now until hard work done by Hansford county 4H club boys will be exhibited to the public.

The 7th Annual Fat Stock Show is scheduled to be staged in Spearman Monday March 2nd.

School will be turned out at 3 p. m. on this date and the judging of the show calves and commercial calves, as well as other stock will begin. Next weeks paper will be the annual 4H club Fat Stock Show issue, carrying extra circulation, and featuring each club boy who has had a part in this year's program. A picture of the boys and their calves or sheep or pigs will be carried in the advertisements of the paper.

In the picture above we see the grand champion winner, Billy Joe Thorn with his winning champion "Silver Chief" in the last year show. In the center is Max Clawson holding the reserve champion of the show, "Dinky", and Robert Novak, who won the champion commercial type in the show is holding the winner at the extreme left in the picture.

Joe Womble and C. D. AHines have moved to a military camp in Florida, according to information from Mrs. Jess Womble, mother of Joe Womble. Mrs. Womble visited the lads before their departure from a Texas camp at Crownwood, Texas.

Political Dates Are Announced by County Chairman

Democratic Primaries And General Elections Hold Spotlight For Year
This is election year and indications are that it will be an exciting political season.
A calendar of principal events issued last week by the office of Governor Coke Stevenson is high-lighted by three dates of prime importance to the electorate, namely; the first Democratic primary on July 25, the second

on August 22, and the general election on November 3.
These dates are fixed by statute:
In addition to the three dates above and a half dozen more listed by the governor's office, R. L. McClellan, county chairman has supplied additional dates to form the following complete political calendar.
Feb. 10—Election judges for county appointed by commissioners court.
March 8—Last day for tax assessor-collector to prepare poll lists.
June 1—Last day for candi-

dates for state officers and district offices, in districts containing more than one county, to file requests to have names placed on the ballot.
June 8—Meeting of state executive committee to select site of state convention and certify names of candidates to county chairmen.
June 15—County executive committee meets to determine order of names on ballot and make estimate of election expense.
June 20—Last day for candidates to pay assessments for ballot.
June 22—Primary committee meets to prepare ballot.
June 25-30—Period for filing expense accounts for first primary.
July 5—Absentee voting begins.
July 13-17—Period for filing expense accounts for second primary.
July 22—Last day for voters to appear before county clerk and cast absentee ballots. Last day for presiding judges to obtain list of voters for use in first primary.
July 25—First primary. Polls open 8 a. m. to 7 p. m. County clerk or county chairman wires unofficial returns to secretary of state.

July 28—Last day for presiding judges to report election returns to county judge.
August 1—County executive committee meets and canvasses returns.
Aug. 2—Absentee voting begins for second primary.
Aug. 4—Final day for third expense reports in first primary.
Aug. 8—State executive committee meets in Austin to canvass primary returns and certify to county chairmen names for ballot in run-off primary.
Aug. 10-14—Period for filing expense accounts for second primary.
Aug. 19—Last day for absentee balloting in second primary.
Aug. 22—Second primary open at 8, close at 7 p. m.
Sept. 1—Final date for filing last campaign expense report.
Sept. 8—The law provides for holding state party conventions to declare nominees and adopt platforms on Sept. 1, but due to conflict with another law, which sets a meeting of the state executive committee on Sept. 7 the convention date probably will be Sept. 8.
October 1—Poll tax paying begins.
Nov. 3—General election.
R. L. McClellan stated that a meeting of the county committee will be called about May 1 to organize and fill any existing vacancies.

Experiment With Grape Seeds to Replace Oils

Among substitute items already well advanced on their commercial career are plastic shoe lace tips, the use of which could save 500,000 pounds of metals; wood and plastic hairpins are to replace those made of wire, and may prove more satisfactory.
Tough hickory wood will take the place of high-grade steel in golf club shafts and buttons will be of bone and plastic. Experiments are being made with a substitute for rubber in bowling balls. The growing of soft southern pine for newsprint will be stimulated and hardwood pulp is to be tried out. So far no practicable substitute has been found for chlorine as a bleaching element and soon paper may be expected to take on a yellowish tinge. Refrigerator doors will be made out of hard board which will also be tried out in washing machines as a substitute for scarce or unobtainable metals.
In Germany and Italy the search for substitutes is being carried to extremes. In the latter country, for example, farmers are trying to extract from grape seeds something to take the place of linseed and olive oils. In Europe the search is based on the requirements of life itself while in the United States it is to maintain a standard of living long since abandoned in Nazi-dominated regions.

ON USING WHOLE GRAIN PRODUCTS

Texas families haven't been including whole grain products in their meals are missing valuable vitamins and minerals in their daily diets. If they follow the Texas Food Standard, a simple guide to good nutrition, they'll eat every day some whole grain products, such as oat meal, whole ground corn meal or whole wheat.
Desserts made from whole grain or refined cereals will have much food value if milk, molasses, peanuts or other such nutritious foods are included, says Hazel Phipps, Extension Service specialist in food preparation.
Some of the easiest to make cereal desserts are bread puddings. Practically any kind of bread may be used, along with dried fruit such as raisins, apples, pitted prunes, peaches or apricots.
Having some of the whole ready to use by canning it, will make serving whole wheat easier for the homemaker. This is how wheat was canned at HD Clubs during January.
Clean and wash wheat thoroughly. Rinse several times, soak over night in twice the amount of water as wheat used. Drain off liquid and bring to boil add soaked wheat, boil for five minutes stirring constantly.
Fill No. 1 cans with 9 oz or about 1 cup of wheat. Add 1-2 teaspoon of salt and cover with water in which wheat was boiled. Seal while hot and process no. 1 cans for 30 minutes at 15 pounds pressure.
Fill no. 2 cans with nearly 2 cups add 1 teaspoon of salt, cover with water in which the wheat was boiled. Seal and process for 40 minutes at 15 lbs.
Remove from cooker and place in cold water. Wash cool, clean, dry label and store.
For cereal add a little water, cook 4 or 5 minutes and serve with fruit.
Recipes for various ways of using whole grain are available at your HD Agents office.
Wheat flour comprises only 3 percent of all the flour sold in the United States, notwithstanding that the whole grain contains three times more phospho-

orus, four times as much iron and 8 times as much vitamins. Both have the same number of calories.
SABOTEUR SHOT IN BLOOD-BLAST OF SHOOTING GUN DOES TRUCK
San Antonio—Lt. Ed. secretary to Police Chief Hopkins, pulled the trigger. The victim was the first man slain in this area in outbreak of the war.
Pytel went to his room and found that a 2,500 gallon oil tank had been damaged by the water having run dry on the ground. The men were letting out the water. As he gazed at the scene he saw the unsuspecting man appear and go to the window. Pytel bent on defending himself and county got his shot in the meantime hearing a loud sound coming from the tank. He returned to the tank and fired. There was a slight explosion. Pytel walked over and pecker.—Jap?

Known History of Moscow Dates Back 800 Years

Moscow! That is the city to which Russians have looked most of the time through the centuries. It is the largest of all Russian cities, with a population above 4,000,000.
The known history of Moscow goes back about 800 years. There probably was a village of some sort at the same spot on the Moskva river even longer ago than that, but we do not have clear records of it.
For a time Moscow was the center of an area ruled by a prince. This prince was under the power of the Mongols. The emperor, or khan, of the Mongols was his "overlord."
As the years passed, the princes of Moscow gained more power. A much larger area of land was placed under them, but the khan was still their overlord.
At last the Muscovites (or Russians) rose in revolt against the khan. The struggle was long and hard, but in the end they won their freedom. Their ruler was called a "grand prince" until Ivan IV had himself crowned "czar." He is known in history as "Ivan the Terrible."

'Oyez, Oyez'
Everybody who has ever been in a United States courtroom knows that when the judge ascends the bench the court crier drones: "Oyez, oyez, oyez, the honorable court is now in session."
But not many persons know that the crier says, "Oyez, oyez, oyez," instead of "Harken, harken, harken," because of a visit William the Conqueror made to an English court almost 900 years ago.
William had overrun England, seized the government, and placed himself at its head. Entering a courtroom, he heard the tipstaff call the assemblage to order in English. The king rebuked him, and on the spot decreed that the business of all British courts should be transacted in Norman French, his native tongue.
Afterward, however, the courts went back to English, but to this day, "Oyez, oyez, oyez" still clings to court procedure wherever the English language is spoken.

An Idea That Clicked.
As many as 2,000 years ago the Chinese had mixed tooth paste from powder and water. But the first tooth paste to be made in America appeared in jars about 1849. A year later it came out in collapsible tubes. Nobody paid much attention to it then, though. But, some 50 years later, it began to be advertised in a big way.
People liked tooth paste — and they liked the way it was packed. No finger could be dipped into the air-tight tube. It was handy and economical, and it was unbreakable.
So other pastes, creams, jellies, soaps and salves began to be put up in tubes, to be squeezed out a little at a time. Some liquids and powders were deliberately made into paste so they could join the parade. Along came glues, cements, waxes, greases, printer's inks, pastry decorations and many other semi-liquids.

Partridge Cochin
The partridge Cochin was one of the hardest breeds of bantams to produce because good partridge color is hard to get. However, the past few years have brought out many fine birds.
These birds are the result of crossing the buff and black Cochin, then crossing their offspring with the large partridge Cochin fowl. By untiring efforts, they were bred down in size until they were the proper proportions for a bantam.
The partridge Cochin in the male is likened to the black-breasted red games in color but not in type. The male birds are beautiful with their red body, top color and black breast and black tail. Even though they are a little higher off the ground than our other Cochins, they have the true Cochin type in other respects.

Old Man Texas has sharpened his pencil. There's a job to be done.
Uncle Sam has a war to win and it will be paid for by you and me.
Our big job is to meet rapidly increasing federal taxes and buy defense bonds. And added to these are the costs of our local and State governments, including bond issues. The money to pay for them must all come out of the same pocket.
To make the bill fit our pocket, we're going to have to cut out some of the things we can do without. Among these are new bond issues, new State and local taxes and nonessential spending in every branch of government.
Old Man Texas is looking to taxing officials all over the State to be on the alert to effect economies.

**3,000 TEXANS WILL REGISTER**

Approximately 58,000 male residents in Texas will be registered in the 20 and 21-year old age groups on Feb. 16th, General J. H. Pate, State Selective Service Director, announced today. National Selective Service headquarters anticipates a total registration in the Continental United States of about 9,000,000 men between the ages of 20 and 45. General Pate has been advised, and of these about 1,650,000 will be in the 20 and 21-year age group. It is also estimated that around 1,000,000 in the 36 to 44 year old group will be registered in Texas on February 16th, together with some in the 21 to 36-year age group who were unable or for other reasons did not register at the two previous registrations. The age groups to be registered on February 16th include all who have not previously registered and have attained their 20th birthday on Dec. 31, 1941, and who have not reached their 45th birthday on Feb. 16, 1942; that is, all unregistered males, resident in the U. S. who were born between Feb. 17, 1897 and Dec. 31, 1921.

**GOVERNOR REFERS TO BIBLE ON TIRE RATIONING**

Coke R. Stevenson was in doubt today about how far rationing will go, after a reference to Biblical prophecy.

Mark McGee of Fort Worth had just notified the governor that his title has been changed from State Tire Rationing Officer to State Rationing Officer and that he was leaving for Chicago where he expects to be told what else is to be rationed.

The governor opened the Bible on his desk at Isiah, 3rd chapter and began reading at the 18th verse.

"In that day the Lord will take away the bravery of their tinkling ornaments about their feet and their cauls and their round tires like the moon.

"The chains and the bracelets and the mufflers.

"The bonnets and the ornaments of the legs and the headbands and the tablets and the ear rings.

"The rings and the nose jewels.

"The changeable suits of apparel and the mantles and the whimples and the crisping pins.

"The glasses, the fine linen and the hoods and the veils.

"And it shall come to pass that instead of sweet smells there shall be stinks and instead of a girde a rent, and instead of a well-set hair, baldness; and instead of a stomacher, a girdling of sackcloth and burning instead of beauty."

**GROW A FRAME GARDEN**

The quickest and easiest way to become identified actively with the Victory Garden campaign under the Food For Freedom program is to grow a frame garden.

Jennie Camp, specialist in home production planning of the

A. and M. College Extension Service, who offers this pointed advice doesn't stop there, but proceeds to tell you how to make one. Select a protected spot 20 to 40 feet long at the south side of a building, then spread one half to three quarters of a wagon load of well rotted barnyard fertilizer over it. Ten to 25 pounds of 6-12-6 commercial fertilizer also will do. Spade it into the ground about ten inches. If the soil is fairly tight a row of sub-irrigation tiles made of tin cans or concrete laid six or eight inches below ground down the center will provide satisfactory watering. One of the county extension agents will show you how to make it.

The plot should be surrounded by a frame 12 inches high of new or scrap 1x12 lumber. A cover of wall canvas with a broad hem should be tacked at the back of the frame with provisions for fastening it securely across the front and ends. On chill nights a wagon sheet, cotton sacking or blankets should be used for added protection. Then level up the soil and the garden is ok.

Under ordinary conditions 3 to 5 plantings can be made yearly. Rows should be 8 to 16 inches apart, planted the narrow way. Vegetables most common to a

frame garden may be classified as quick maturing, moderately quick and slow. For planting it may be divided into three general divisions: —1. Quick maturing, 30-60 days; Tender greens, black seeded Simpson lettuce, scarlet globe radishes; bermuda onions; from plants or sets; double curled parsley.

2. Moderately quick, 60-80 d. King of Denmark spinach, lucullus Swiss chard; dwarf horticult-

tural beans; Alaska english peas. No. 3. Slow maturing, 80-90 days; Crosby's Egyptian beets; Nantes cabbots; Wong Bok Chinese cabbage; sweet Spanish use seed, onions.

Where the frame garden is of sufficient size onions, cabbage, tomato or pepper seed may be planted, and when plants are of sufficient size, in January or February they may be transplanted in the open garden.

**I NEED YOUR HELP**

**ALL ORDERS FOR MACHINERY AND TRACTOR PARTS SHOULD BE PLACED BY NOVEMBER 28TH**

Any delay in ordering parts for your farm machinery might prove disastrous. Implement dealers cannot replenish their present stock of parts unless they have Your Order. Your cooperation with the government in this emergency is urgently requested. Uncle Sam needs all the steel and iron available for defense weapons but is still trying to take care of farm repair needs. Place your parts order at once.

**DON'T TAKE A CHANCE AND WAIT—YOU MAY BE OUT OF LUCK.**

The only way in which repair and parts needs can be determined is thru your cooperation. Estimate the needs on all your farm machinery for the year and order them now if you want any assurance of uninterrupted farm work.

**YOU CAN GET GOVERNMENT LOANS FOR PARTS AND REPAIRS**

Your local bank can serve you by making loans for needed repairs. The farm credit administration Emergency crop loan association and the production credit association are ready to loan you money for farm repairs.

CAMERA CLUB

On Feb. 5th the General Science Class organized a Camera Club in which the members are learning to develop and print their own pictures. They will soon be taught how to enlarge pictures. The dark room is in the science laboratory.

The officers elected are President Clarence Kern; vice president Clarence Kern; vice pres. Jean Hill; secretary and reporter, Patsy Dacus.

SOUR NOTES

Pat Hutton
The band has its nose to the grindstone preparing for the contest and preparing programs for several trips in the near future. The band had a program scheduled at Gruber the last part of this week, but it has been postponed.

Dicky Kiker and Margie Gerber are each going to play a flute solo at the contest this year. Solo work is good training in as much as it helps students to gain confidence.

Margie Gerber, flute, and Dickie Kiker, flute, and Marjorie Russell, oboe, are entering a trio at the contest.

More new music has been ordered. We are more than anxious for it to come in since some of the pieces are "Elmer's Tune," "Chatanoga Cho Cho" and "Sugar Blues."

SENIOR NEWS

Zola Mae Sheets
The principal thing of interest for the senior class just now is the senior play. The copies of the play Double Exposure, have arrived, and a tentative date, April 14 has been set.

Double Exposure is a comedy farce using 12 characters, six boys and six girls. There are a number of good character parts, which offer the students opportunities for individual work.

The dialogue is somewhat evenly distributed among the 12 characters; thus the entire play does not hinge on the work of one or two but gives a wider range of responsibility and co-operation.

After an extra long week-end the senior English classes are back again working on the modern American and English authors. Mrs. C. well seems to be doing her best to keep the seniors up to date. One of the special interests in the senior English classes is a radio play. A group of students is dramatizing a short story and planning to present it in assembly some time soon.

Don't forget the play, Double Exposure, that is coming up in a few weeks.

JUNIOR NEWS

Bobby Morton

No news is good news as the old saying goes, at least that's the way the Junior class feels about it. We have a very energetic class sometimes and then sometimes our group is not so active. There seems to be a lull just now.

A number of our students have been ill during the past week. Dorothy Daniel has been out with the mumps. Ella Mae Hull has been absent a week, but we are glad to have her back with us. At the time of this writing Elinor Faye Womble is still in the hospital in Shattuck. We hope she will be back at school soon.

FRESHMAN NEWS

Floydean Crawford.

An extra day off last week-end brought the Freshmen class back to school in high spirits Tuesday morning. Some of them are still thinking over the happy moments of last Friday. It was Valentine day you know.

In Home Ec., Winifred and Velma Ruth are having a hard time with their pins. Every morning you can hear them making comments on how the pins stick. Our dresses are coming along very nicely. I think we will have them finished soon.

ASSEMBLY PROGRAM

Marjorie Russell

Most people think that Friday the 13th is an unlucky day, but it wasn't for our school. We had assembly which we all look forward too. Mr Gunn read us a very interesting article, What Can The Average Citizen Do In This Time Of Crisis?

I imagine there is plenty everyone could do that would surely help our country. After the interesting talk we had two films. The first one was Candidates Class and then Heart of an Empire. These films are very educational if everyone will sit up and take notice.

After the films Miss Deakin told us that the City Library had \$150,000 to buy new books. If anyone wants any certain book to read, the Library will order it.

After announcements were made we went to our third period classes.

SNOOPER

Marjorie Russell

D. R. how do you like for these strange girls to take you up on everything?

It makes it very nice since you've had the mumps, doesn't it, Marcus.
Jerry seemed to have had an awfully good time at Stratford, could it be the place you stayed or the strange girl.

Pat, how do you enjoy church on Sunday night.
George B. fairly rates with these senior boys. Especially one, Nadine, how do you like these tall, dark and handsome guys?

Irvin, didn't you know that you were supposed to go after the girl instead of making her come for you?

Richard B., hadn't you better be a little more careful where you fall?
Mona, why the sudden change? Some of these girls surely think he's cute, Dorothy H. You had better keep an eye on them.

Why does Perryton come over so often? Maybe we could get a little information from the Jones sisters.

H. L. seems to be stepping out with the blondes.
Charlene, what senior boy were you courting Wednesday night?

Bobby certainly was popular Wednesday night. Where were you hiding?

F.H.T. NEWS

Shirley Moses

On Wednesday, Feb. 11, the F.H.T. girls gave a Valentine Party. It started nicely with approximately 77 students. When they arrived they were given date books, these told them what to do and when. The program was planned to represent the days of the week. For Monday everyone went to the gym to get acquainted, here they got different partners for every day.

Tuesday was the Theatre Party in the auditorium. This was a pantomime, and the Lamp Went Out, read by Pat Hutton and the characters were Mildred McKay, Robbie Jo Graves, Bud-die Brockus and Jerry Jacobs.

Wednesday was the style show held in the Gym. The party was divided into 7 groups and each group was to dress the person in old newspapers to represent some character. These were H. L. Meers, A Lone Star Ranger, Sada Ruth Hoskins, Robin Hood Jack McKay, Scarlet O'Hara, Mildred McKay, Little Red Rid-ling Hood; Willis Sheets, Sear-gent York; and Jack Tice, Hula Hula Dancer, and Jack rather caused a riot with his grass skirt.

Thursday was the Game Tour-nament. Everyone went to the Study Hall and played 'Bingo. Friday was the Library. This consisted of questions and answers and a general Quiz. It ended with the Soda on Saturday. The refreshments were heart-shaped cookies and ice cream sodas. With such an ending, how could anything but a good time have been had by all.

SECOND GRADE

The second grade accom-panied by Mrs Dally and Mrs Beck went to the Bakery and Post Of-vice on Friday afternoon. The pupils enjoyed seeing the sponge mixed, the oven, the baking pans the cake mixer, and the bread sliced and wrapped. It was a very interesting and instructive visit.

At the post office each pupil bought one or more Defense Stamps.
After returning to school the boys and girls had aplesant surprise from their room mothers Mrs Buzzard and Mrs Dally. Jaunita Faus has moved to Amarillo.
Donna Woodriddle is back in school after being ill for a week.

SIXTH GRADE NEWS

We had our Valentine Party Friday. We enjoyed it very much e Ware sorry that Edward Nabours has been absent from school. We all enjoyed the tour-nament Friday and Saturday. Several pupils from the sixth grade played in the tournament. The girls were Lois Buzzard, Claire Jo Hicks, Mary Frances Schroder, Gwendolyn Davis, Bonita Smith, Eula Marie Meers and Pearl Burke. The boys were

Don Smith, S. B. Sheets, Mike Berry, Donald Allen, Glen Mac-kie, Harold Lathom, Dick Beck, Kenneth Mahaffey, Pat Moore and Gene Kern.

FIRST GRADE NEWS

We were glad to have Elaine, Carol, Barbara V., Jerry Beth, and Arlo from the second grade tell us stories about Abraham Lincoln and Robert E. Lee.

Valentine Day in the first grade is another one of those days that will not be forgotten soon. Each child had a turn at being mail carrier and everyone received several nice but in-expensive Valentines. Our room mothers added to our enjoy-ment by giving each child a large chocolate heart with his name on it. These and valentine boxes of candy were arranged on the sand table and the children enjoyed hunting for their names. We were happy to have several vis-itors at our party. They stayed for chapel.

Pupils from all the grades have been adding to our collec-tion of used stamps.

SEVENTH GRADE NEWS

The Seventh Grade enjoyed a Valentine box on Friday after-noon. Each member of the class received a number of pretty but inexpensive Valentines and enjoyed eating cookies in the form of Valentine hearts while they received their Valentines.

We all enjoyed the basketball tournament very much and are proud of the members of our class who played. We are espe-cially proud of June Tucker, Doris Hester, Ray Robertson and Pat Becker for making the all-tournament team.

During the tourney the 7th grade sponsored a lunch room in the Home Ec Lab. The object being to raise enough money to pay for our diplomas and the expenses of our educational trip which the 7th grade enjoyed last year. The proceeds were enough to cover all these expenses and we appreciate the donation of food and the work of all pupils and parents who helped us to make this possible.

GRADE ASSEMBLY

The Grade Department held a short assembly on Friday after-noon. Two first grade pupils, Billy Joanne Greever and Carolyn Cator gave short Valentine read-ings, and we enjoyed seeing a film showing the camp life and training of the U. S. Marines. Mr Graves announced the tourna-ment results and presented the members of the teams. A large number of parents were present for the program.

New Army Meal Ticket Good News for Restaurant Owners

What may prove a boon to restaurant owners is the Army's new practice of issuing meal tickets instead of cash to soldiers for the purchase of meals while traveling.

The tickets (one of which is reproduced below) are slightly larger than a currency note, are white and must be filled out by the issuing officer.

For a meal, he fills in a few blanks and mails the ticket to the finance officer at the post from which the soldier traveled.

Now that the United States is at war, more and more of these meal tickets will be used. Restaurant operators who wish to share in the task of feeding the soldiers will acquaint themselves with the new meal tickets and be prepared to honor them.

UNITED STATES ARMY MEAL TICKET 687401. Includes fields for location (Fort Churchill, Alabama), date (February 4, 1942), and amount (\$2.10). Includes a 'NOT NEGOTIABLE' stamp and a signature of Pvt. John Doe.

Modern Betsy Ross, Artist in Needlecraft, Makes All Army Flags

Betsy Ross, 1942

The year 1942 marks the 165th anniversary of the adoption of the Stars and Stripes, today a battle-flag proudly carried by American armed forces in every continent on the globe.

In January, 1777, the American people, elated by General Washington's recent victories at Trenton and Princeton, were seeking an emblem for the new nation.

Today the modern Betsy Ross still sews in Philadelphia—any one of hundreds of women skilled in needlecraft.

Story of Betsy Ross

Betsy Ross was born January 1, 1752, and died January 30, 1832, but it was not until a third of a century after her death that the legend of her handiwork in the making of the first flag became generally known.

The modern Betsy Ross take keen pride in their work. Many have reached the highest perfection in the art of embroidery, in designing and the blending of colors.

Embroidering Quartermaster's Banner

Thousands of people who are thrilled by the sight of glorious banners fashioned from their delicate stitches, they are rewarded by the knowledge that the flags they have wrought are today the signals of liberty and freedom afar amid the fogs of Iceland and in the battlesmoke of the Philippines.

The most stirring sight at the Quartermaster Depot is the making of the flag. After thorough inspection of the cloth to insure that it comes up to rigid specifications, the bunting is marked and cut with an electrically driven cutting machine into strips of two lengths for making the flag.

Each blue bunting field is carefully marked for its stars, and the stars are stitched on with a special machine that produces a zig zag stitch. Other operations complete the making of the flag of the United States.

The manufacture of silk colors and standards is a specialized art at the Philadelphia Quartermaster Depot. The stripes and field are cut by hand but the stars are made of solid embroidered silk on a Swiss hand embroidering ma-

chine. The blue fields are placed in frames on a machine provided with many needles and these turn out a stitch resembling hand embroidery, both sides alike.

Regimental Standards

Regimental colors and standards, with their coats-of-arms and mottoes, each distinctive unto its own military unit, are embroidered by hand. As many as 30 different shades of silk thread are used in embroidering each flag.

Proudest moment of the Philadelphia flag makers is when they receive an order for the colors carried as a symbol representing the Commander-in-Chief of the Army and Navy of the United States—the President. This color has a blue background in the center of which is embroidered the seal of the President.

THE FLAG OF THE UNITED STATES OF AMERICA—HOW TO RESPECT AND DISPLAY IT

- 1—When flags of states or cities or pennants of societies are flown on the same halyard with the flag of the United States of America, the latter should always be at the peak. When flown from adjacent staffs the flag of the United States should be hoisted first and lowered last. 2—When displayed with another flag against a wall from crossed staffs, the flag of the United States should be on the right (the flag's own right), and its staff should be in front of the staff of the other flag. 3—When used on a speaker's platform, whether indoors or out, the flag should never be reduced to the role of a mere decoration by being tied into knots or draped over the stand. For this purpose bunting should be used. The flag, if displayed, should be either on a staff or secured to the wall or back curtain behind the speaker with the union to the flag's right. 4—When flags of two or more nations are displayed together they should be flown from separate staffs of the same height and the flags should be of approximately equal size. 5—When the flag is displayed in a manner other than by being flown from a staff, it should be displayed flat, whether indoors or out. When displayed either horizontally or vertically against a wall, the union should be uppermost and to the flag's own right, that is, to the observer's left. 6—Whenever a number of flags of states or cities or pennants of societies are to be arranged in a group and displayed from staffs with the flag of the United States the latter should be placed at the center of that group and on a staff slightly higher than any of the others. 7—When the flag is displayed in the body of the church, it should be from a staff placed in the position of honor at the congregation's right as they face the clergyman. The service flag, the state flag or other flag should be at the left of the congregation. If in the chancel or on the platform, the flag of the United States should be placed on the clergyman's right as he faces the congregation and the other flags at his left. 8—When the flag is displayed from a staff projecting horizontally or at an angle from the window sill, balcony or front of a building, the union of the flag should go to the peak of the staff (unless the flag is to be displayed at half-staff). 9—Whenever the flag of the United States is carried in a procession in company with other flags, it should occupy a position in front of the center of the line of flags or on the right of the marching line.

ORDER YOUR REPAIR PARTS AND REPLACEMENTS FOR POWER FARMING EQUIPMENT NOW The government is urging that all Wheat farmers enlist in the cooperative movement of ordering their repairs immediately. Any delay in ordering parts for power farming equipment may mean that it will be impossible for us to fill your order. It is a known fact that we must all patch up our machinery and make one or two more harvest seasons. In other words your cooperation with the GOVERNMENT at this time is next to MANDATORY. The only way in which parts and repairs can be determined is thru your cooperation. WE URGE THAT YOU ESTIMATE THE NEEDS ON ALL YOUR POWER FARMING EQUIPMENT, and bring in the list NOW. YOU CAN GET GOVERNMENT LOANS FOR MAKING REPAIRS AND REPLACING WORN PARTS OF YOUR POWER FARMING MACHINERY. Your local bank can serve you by making loans for needed repairs. The Farm Credit Administration, Emergency Crop Loan Association and Production Credit Association are ready to loan you money for power farming equipment repairs. ACT TODAY — DO NOT DELAY

SPEARMAN HARDWARE —International Harvester Co Power Farming Equipment— We make repairs and recondition any make of Power Farming equipment. We can secure repair parts for other makes of machinery also our regular line of IHC machinery.

CHRISTIAN SCIENCE SERVICES "Soul" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, Feb. 15, 1942. The Golden Text is: "Lo, this is our God; we have waited for him, and he will save us: this is the Lord; we have waited for him, we will be glad and rejoice in his salvation" (Isiah 25:9).

FOR VICTORY BUY UNITED STATES WAR BONDS AND STAMPS Among the citations which appear in the Lesson-Sermon is the following from the Bible: "And I will set my tabernacle among you; and my soul shall not abhor you. And I will walk among you and will be your God, and ye shall be my people." Lev. 26:11, 12). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Soul must be incorporated to be Spirit, for Spirit is not finite. Only by losing the false sense of Soul can we gain the eternal unfolding of Life as immortality brought to light" (page 335).

The next meeting will be in the home of Mrs Shebeck.

**SON OF MR AND MRS JOHNNIE CLOSE IS REAL SHOW BABY**

In case you have not seen the son of Mr and Mrs Johnnie Close, born in October of last year, it will be worth your time just to drive out and visit the family and see the baby. The son weighed 10 pounds at birth and has always been one of the finest babies in this county. At a little more than 3 months old the child weighed 20 pounds, can sit alone, and honestly he sits up with a military carriage, his back as straight as a shingle. He weighs as much as a six month-old child, but the weight is not unproportioned.

**DELTA KAPPA GAMMA**

Mrs J. B. Caldwell, Mrs R. E. Lee, Mrs Sid Clark and Miss Ethel Deakin attended a Delta Kappa Gamma luncheon at the club rooms in Borger last Saturday. Mrs Lee took part on the program discussing Music as a means of enriching the lives of teachers. A surprise number on the program was a brief review of the book "Lady Sourdough" written by Frances Ella Fits and reviewed by Mrs J. M. Ribble of Borger.

If you should happen to see Helen Kenney with her face broader than usual don't think she is gaining weight she is entertaining the mumps.

Mr and Mrs Sam Nitschke and sons attended the Defense program at the Blodgett school on Wednesday night.

John Sims read the announcement of the Defense program wrong and was all set to attend Thursday night when he learned of his mistake.

Mrs W. Y. Williams and Verna Kenney shopped in Spearman last week-end and visited in the A. D. Reed home Tuesday.

Knox Pipkin and son George are helping Woods King pour cement for their new home.

Mr and Mrs Sam Nitschke and Luther and Bobby spent last Sunday with Mrs Nitschke, Mr and Mrs Billy Kellen of near Canadian, Mr and Mrs J. A. Kellen were also there. In the eve they motored to Johnny Kellen's to visit with David Kellen's wife who is visiting there. Her husband is in Kentucky in an Army hospital ill with pneumonia.

When Mr and Mrs Arthur Swink entertained in honor of their Mother, Mrs W. E. Deer,

Sunday evening the dining room was brightly lighted and the lovely birthday cake graced the long dining table that almost squeaked with the load of eatables. Many reminiscences of the childhood were discussed during the evening by the following children and their families. Mrs W. E. Deer, the mother; N. Deer, A. Deer, and family of Farnsworth, John Powell and family of Farnsworth, Mr and Mrs Nedura Dickerson and family of Trinidad, Colorado, Mr and Mrs Albert Myatt and family of Dalhart and a niece from Hereford and the hosts Mr and Mrs Arthur Swink. Genevieve Olson, Aneti and Willis King called in the S. J. Powell home Monday after school. Sheriff Jas G. Rumasy of Miami was a dinner guest of the Hollis Gossett's Monday.

Guests in the S. J. Powell home Sunday afternoon were Mrs W. M. Deck and daughters, Nadene and Thadene, Kathleen Kenney, Bertha Mae and Katherine Itcske, these girls with Leona Emmick sang several songs, Bertha and Katherine also played the piano while Leona took a little time out for breathing.

I've been confused, but amused, since turning the old tick-tock up an hour. Even the hens are fussing and scold when I gather the eggs. One long legged black Lanshang deliberately placed himself between me and a nest, stepped on my toe flopped his wings and scolded me something awful, then as I tried to get the eggs the hen fluffed her feathers and pecked my hand. As I left the house the rooster cleared his throat and about two hundred began to cac-cae-a cac-kle as if to say "We are still producing on the same old sche-sche-sche-dule.

The Gossetts attended church at McMillon Sunday. Rev Fisher of the Perryton Methodist had charge of the service.

Rev Jacob Regier's mother passed away at her home in Perryton Sunday night. All of this community extends their heartfelt sympathy to the family.

Mr and Mrs Ed Hooper called in the John Sim's home Wednesday. Mr and Mrs Dan Nitschke shopped in Spearman Monday. Little Marylee Nitschke is a charming little miss as she sweetly smiles to welcome visitors, she has little dimples playing hide and seek in her cheeks and almost closes her eyes when she smiles.
