

Sugar Ration Dates Named

SALES TO BE BANNED PRIOR TO RATIONING

All sugar sales in the United States will be halted at midnight April 27, for approximately one week, government officials announced Saturday after they had set six days in April and May for the nationwide sugar rationing registration.

J. E. Hamm, acting chief of the office of price administration, reported sugar would be off the market April 28 and would not be available to buyers again until about May 5.

Hamm explained that the ban was ordered as a step preparatory to sale under rationing, which will go into effect as soon as the moratorium on sales ends.

Individual or family consumers will register May 4, 5, 6, and 7 at public elementary schools and the wholesalers, retailers bakers and confectioners and other industrial users will register April 28 and 29 at high schools.

It had not been determined finally whether the weekly individual ration would be a half pound or three-quarters of a pound it was said.

Under the plan, individuals consumers will go to designated schools in their neighborhoods at hours to be fixed locally on any of the May dates.

One member of the family can register the entire household.

HORSES WANTED FOR ARMY DAY PARADE AT AMARILLO, APR. 6

Horsemen of this county are requested to ride in the huge Army Day Parade, Amarillo, Apr. 6. Delbert Dalby, president of the Amarillo Range Riders told a reporter today that stable accommodations would be furnished all riders who bring their horses to the parade. Stables will be at the Tri-State Fair Grounds.

MAY JONES ASKS REELECTION AS COUNTY TREASURER

Mrs May Jones has authorized The Reporter to announce her candidacy for re-election to office of County Treasurer of Hansford county, subject to the Democratic primaries, July 25, 1942.

In making her announcement for re-election, Mrs Jones stated that she has gained considerable experience during the past years she has served as Treasurer and feels that she is fully qualified to serve the people efficiently and carefully in her position.

She believes she has served the people of Hansford county efficiently in the past and rests her appeal for re-election on the record of her past work. Mrs Jones stated "If elected, I will continue to do my very best to serve Hansford county people as they should be served. I solicit the honest consideration of every voter of this county."

DON COOKE

Word from St. Anthony's hospital, Amarillo gave encouraging news about Don Cooke, son of Mr and Mrs J. B. Cooke. It said that Don was well on the road to recovery and would be moved home soon. He was injured last week when he was hit in the head with a horseshoe while playing at school.

SPRING FLIGHT

Public Urged To Sell Scrap Iron

Uncle Sam needs the scrap iron and steel scattered around your farm, ranch, home or place of business—he needs it to help whip the Japs—he needs it now and YOU are the only one that can be sure that he gets it.

"There is not a farm or ranch in this area," points out John Bishop, working on the drive "which does not have from 100 pounds to several tons of scrap iron scattered over its premises. That metal is now needed to make guns, bombs and shells for our sons, husbands and brothers who are fighting for us.

Whether you have one pound

or thousands of pounds of scrap metal, gather it up, load it in a truck, wagon or trailer and bring it in sometimes before April 4, and place it in the proper channel so that it will, in time, be made into destructive bullets or bombs to hurl at the Yellow Peril.

Arrangements have been made with the R. L. McClellan Grain Company of Spearman to buy all scrap material. They are not trying to make any money from the metal, just trying to break even.

Bring all paper to the Spearman Furniture Store.

HISTORY OF HANSFORD 4H CLUBS

With April 5-11 having been designated as National 4H Club Week, the history of boys and girls club work in our county is briefly reviewed:

Three boys' clubs constituted the first regular 4H Clubs in Hansford county, being organized in the fall of 1937 with a total of 39 members enrolled at Spearman, Gruver and Morse, and with presidents of the respective clubs being C. P. Archer, R. D. Tomlinson Jr., and Ben Gillispie.

In 1941 Robert Novak won a number of honors. At the district 4H encampment Robert placed first in the rifle contest, with 140 boys competing. In the fall he was selected as president of the newly formed rifle club, was selected as county livestock champion, and was winner of the county achievement award.

In 1939, demonstrations in the production of vegetables was discussed, with demonstrations in poultry being conducted in 1940, and bedroom improvement in 1941.

The current demonstration is in the production of strawberries. This month 2,000 plants are being set out under the supervision of Marijo Brown, H. D. Agent.

The most popular projects with 4H Club boys include the production of beef—both commercially and on a show calf basis, production of pork, mutton, poultry wheat and feed.

A large number of 4H boys have made outstanding records during the past four years. In 1938, C. P. Archer was declared County Livestock Champion, State Gold Star boy and Santa Fe Contest winner. By virtue of winning this contest he was awarded an all-expense trip to the 4H Club Congress in Chicago.

In 1939, Henry Horn was the

County Livestock Champion and State Gold Star boy. Henry had as his projects the feeding of show calves, commercial calves, and the production of wheat and feed.

In 1940 Dean Church was the County Livestock Champion and Gold Star boy, his projects consisting of show and commercial beef calves.

In 1941 Robert Novak won a number of honors. At the district 4H encampment Robert placed first in the rifle contest, with 140 boys competing. In the fall he was selected as president of the newly formed rifle club, was selected as county livestock champion, and was winner of the county achievement award.

CEMETERY ASS'N. SEEKS DONATIONS

In order to keep up the work of improving the Hansford Cemetery, more money is needed. If you have not helped this worthy cause and would like to, send your check to Mrs Dave Hester, treasurer or Mrs Alvino Richardson secretary of the organization.

With the coming of spring the association plans an extensive improvement program and of course money will be needed to carry out a successful program. Donations of work will also be accepted.

4H - Band Barbecue April 7

Hansford county will celebrate sponsoring the barbecue, with C. A. Gibner, Marion Glover, Gene Richardson, Bruce Sheets, W. I. Byron and Joe Hatton doing the cooking.

The program will consist of a band concert by the Spearman High School band (they will be guests of the Lion Club), talks by President J. B. Cooke, and Home Demonstration Agent Marijo Brown and County Agent Joe Hatton.

TIRE BOARD WARNS CERTIFICATE HOLDERS AGAINST MIS-USE

Two New Passenger Cars Rationed

Warning was issued this week by the Hansford county rationing board that several people who have received new tires are not complying with the law governing their use. "There may not be any fine against the mis-use of tires issued," said W. L. Meek "but when these people request any further help, they will be turned down", he concluded. Surely it is an unpatriotic thing to do to use a car for your pleasure if you swore that

you would use your tires only for the condition provided for in your purchase certificate.

I know of a man who had a farm implement tire certificate and tried to get a local dealer to sell him a passenger car tire instead of an implement tire. This man is guilty of treason.

Petition Urges Ban on Strikes

Keeping pace with other sections of the country where a vast majority of the patriotic citizens believe that something should be done about the existing strike situation and 40-hour week, Spearman Lions Club and Chamber of Commerce, and 500 signers went on record Tuesday to abolish these evils from the nation.

Following recommendations by various citizens of Hansford county the following resolution was approved:

Whereas, the citizens of Spearman and Hansford county, Texas realize the importance of an anti-strike bill, and realize that we must unite our every effort to win the war, and

Whereas, it is the expressed desire of everyone to lend aid in every possible way to the common cause of defeating the enemy as quickly as completely and as lasting as can and must be done, and

Whereas, we have confidence in our national leaders and in their patriotism and desire to protect our country and supply our armed forces with all necessary supplies, equipment and fighting machines, and in such spirit of confidence and national unity we feel that we see dangerous existing conditions that should be corrected or guarded against and feel that we have the right to call such to the attention of our leaders.

Now, Therefore, Be It Resolved by the Spearman Lions Club, Chamber of Commerce and Hansford county citizens that a copy of this resolution be furnished to our Texas senators and our Texas delegation of congress-

men, as follows:

1. We have confidence in your leadership and in your desire to do your part in the common cause. We also feel that we have the democratic right of requesting what we want and presenting our desires.

2. We see great danger in the 40-hour week law, and think it should be suspended during the war. Unscrupulous employers will use it as an excuse to slow down production in order to avoid overtime pay and make greater profits. Employees should be required to work at least 56 hours per week at regular pay. If regular pay is not a fair wage, then let it be increased for each work day and cut out overtime and double time pay. Honest labor is not at fault. It wants to work but is not permitted to work. Labor racketeers are a menace to labor as well as to the nation. Overtime and double time tend to slow down production. Increase production costs and actually result in a hardship on those who want to work.

3. Hansford county citizens have shed their life blood on the field of battle. Their mothers, their fathers, their wives, their sisters and their brothers with bleeding hearts proudly dedicate this sacrifice to the cause of freedom. But such dedication is marred by the constant report of strikes in essential defense industries.

With the records showing 5,328 strikes from July, 1940, thru November, 1941, with a loss of 26 million man-days; 330 strikes begun in December, 1941, and January, 1942, with a loss of 890,000 man days; 35,350 man days lost in February and over 20,000 man-days in March lost because of strikes, these Civic Clubs and citizens of Hansford county are wondering if their national leaders are not entirely too lenient with this kind of situation.

We all feel that No Labor Strike is Justified or Should be Permitted During This War. Not a man-day should be lost in getting supplies and tanks and planes and guns and ammunition to our fighting MacArthur's. Action is the watch-word. Work or Fight must be the final decree. If a man wants double time, let him get it on the drill ground with a rifle in his hands. If a company wants to hold back vital information that will help our fighting men, let them go to concentration camps. If a company is charging our government unfair prices for war implements let the Congress of our country set up a certain profit for each company.

4. No special interest of Any Kind has any right to request or expect any special profit or benefit from this war or any activity in connection with it. Let's adjourn politics, do away with war profits, cut out strikes, suspend the 40-hour week, lock up labor racketeers, produce war material every hour of every day, send our boys something to fight with and Win This War. We hold that anything short of that is now Treason.

Sincerely, J. B. Cooke, president Spearman Lions Club. R. L. McClellan, president Spearman Chamber of Commerce.

DEAD MAN FOUND IN GRUVER SUNDAY

John T. Vaughn, about 69, was found dead Sunday morning at his home in Gruver.

A brother, Mont Vaughn of Gruver found him when he went to visit him. He was in bed and had died from heart attack.

He was a carpenter and painter and had lived in Gruver for several years. He was a bachelor.

John Thomas Vaughn was born in Missouri Sept. 18, 1873. He would have been 69 on his next birthday. He came to this country about 1913. His mother and father were pioneers of Kingman County, Kansas. He was one of a family of 12.

Funeral services were held at the Livingston Chapel and burial in the Walnut Hill Cemetery, Kingman, Kansas.

ORDER NUMBERS READY SOON

A complete list of registrants will be printed in The Reporter as soon as the local board has time to give each registrant his order number. According to F. W. Brandt, this information will be available within the next ten days.

80 TREES PLANTED AT CEMETERY

Mrs Jess Womble, who has worked very hard in the drive to beautify the Hansford Cemetery, stated today that about 80 trees will be planted at the grounds. Chinese Elm, Ash, Honey Locust, and Evergreens will be planted.

Walks and drives have already been laid out and plans call for general upkeep of the grounds from now on. Recently a large water storage tank was installed.

Let it be the high privilege of this great and free people to establish a republic where rural pride is equal to civic pride.—Dr Seaman A. Knapp, 1903.

MEMBERS PREPARE FOR BAND BARBECUE

Members of the Spearman Club meeting Tuesday noon at the Methodist church annex, to sponsor the annual 4-H and Band Barbecue.

The barbecue will be held at Doc Jones ranch west of Spearman, Tuesday, April 7th. Tickets will be 50c per person.

Due to the fact that our band will go to Amarillo April 24-25, the club voted not to send them to the Amarillo Army Day Celebration, April 6. Since private must be used to transport the band to the State Contest, members thought it would be unadvisable to ask for transportation for the band.

Secretary Roy Jones stated an announcement would be made at the Barbecue as to where the Zone meeting will be held.

Slim Windom from Pampa was a visitor and Leon Charalmer, mgr. of the White Star Lbr Co., was introduced as a new member.

ELECTION

TUESDAY, APRIL 7TH C. Womble, R. L. McClellan, H. L. Heard Official Ballot

Two hundred citizens of Hansford county, who signed their names to a petition requested the Mayor E. C. Womble, Commissioners H. L. Heard and R. L. McClellan to again appear on the ballot for re-election to the city for the next office.

On press time Thursday, additional names had been added to the list.

The city election will be held on Tuesday, April 7th at the City Hall.

Every citizen of Spearman is asked to vote in the Tuesday election.

THREE NAMES FILED SCHOOL ELECTION TUESDAY, APRIL 4TH

Names of George Buzzard, Bennett and Dr. F. J. have been filed for a re-election to the Spearman Independent School District. The election will be held at the school, on April 4th.

Bennett and Dr. F. J. are serving terms as members of the school board. George Buzzard has given his name to citizens for two previous terms.

Community Dinner

A community dinner sponsored by the Gruver Cemetery Ass'n. will be held at the Community Center Friday night at 8:30 p. m. at Gruver churches and are co-operating in this community effort.

There will be no charge for the dinner and everyone is invited to attend. A free-will offering will be taken to assist the cemetery association in its work. It will also be a patriotic celebration and an effort to interest our citizens in a more useful part in the conduct of the war effort.

DON WANTED TO CAN JAPS

Can you help? When you can place to keep it at home, take it to The Reporter, we will box fixed to hold many cans of tinfoil and will turn it over to proper authorities. Gower was the first to do this.

Old tooth paste containers, shaving containers, to name a few.

FHT GIRLS ATTEND DISTRICT MEET

Saturday, March 28, 1942, 14 FHT girls and their sponsor, Miss Hughes, attended a District FHT meeting at Perryton. At 10 a. m. they attended general assembly over which the Perryton FHT presided.

A Quiz program was conducted during the morning service. Miss Zola Mae Sheets represented Spearman and won first prize.

At noon a Pan American Luncheon was served in the cafeteria. Decorations, food, and the program carried out the Pan American theme.

Our part on the afternoon program was "Defense Foods". This consisted of four short talks by Mona Burleson "Buying Food For Victory"; "Sugar Rationing" by Betty Hester; "Conservation of Fats and Oils" by Shirley Moses and "Victory Gardens" by Dorothy Daniel.

Following the afternoon program the Perryton girls served a lovely tea to visitors.

Schools represented were Berger, Phillips, Stinnett, Gruver, Spearman, and Perryton. About 125 girls attended the district meet. The 1943 district meet will be held at Phillips.

JUNIOR NEWS

Dickie Kiker
 Just about 7 more weeks of school. With the Junior-Senior Banquet, the Band contest and several other small things mixed with the annual spring fever, the Juniors are going quite mad. A definite scheme for the banquet has not definitely been decided. "Hamlet" in English seems to be progressing rapidly, everyone thinks, that is, all but Mrs Caldwell.

A lot of the Juniors are still out with the mumps, measles, etc. Thadine Deck is out with the mumps. Pearl Robertson and Ella Mae Hull are back in school after combating the flu.

The third year Home Ec class will entertain the school board Tuesday evening the 7th of April.

SOUR NOTES

Pat Hutton
 A better band left the school house Saturday than the one that went in. Prof. Wiley really gave us the works. Seriously though, we really learned a lot. Many of the intricate and difficult parts of the overtures were worked out. Prof. Wiley said that our band was one of the best class C bands he had heard this year. We still need a lot of work on our two overtures and the march to smooth out the rough spots. To refresh your memory, the required overture we are going to play is "Two Admirals" and our chosen overture is "Americana Overture". Our warm up march is the "Marine's March".

Prof. Glen Traux, director of the Perryton band was here Saturday.

Before long, we will have another distinguished gentleman in the musical world, Mr Charles Eskridge, director of the Lubbock High School band, to give us his interpretation and instruction of the contest pieces.

Please remember the band will need transportation to the con-

test at Amarillo April 23-24. If you can take a car get in touch with Prof. Byron.

SENIORS

With all of the excitement over, we have settled down for a whole week of studying before 6 weeks exams which are coming up next week. It's only 7 weeks until school is out.

Mary Lee Dacus is back in school again after being out a week with tonsillitis.

The Civics class which is composed of mostly seniors, had a skating party Tuesday night.

FRESHMAN NEWS

On our General Math test last week, there were better grades than we expected. There were a number of hundreds made and other grades ranging from zero on up.

In English we have almost finished our workbooks. When we get them finished, we will spend all our time in English on dramas, poetry and book reports.

Next Tuesday the Freshman Home Ec girls will model their dresses they have spent so long in making. One or two of the girls may not have their dresses finished, but they will model them anyway.

SNOOPER

Onetia certainly rates with some certain boy. What technique did you use?
 Mildred surely has a way with some certain Juniors.
 Frank, did you have important business Saturday night?
 Lora Ann, do you always do all of the dirty work.
 Margie, wasn't he as boring as you thought he would be Sunday?
 Nadine, is he really the answer to a maiden's prayer?
 J. D. what business would you have before the skating party.
 Rosemary, how do you like these college guys?
 Betty Lou E., could that have been you in that Hudson Saturday night?
 H. L., what little red-headed girl were you flirting with Saturday at the skating rink?

FIRST GRADE NEWS

Mrs Hill and Mrs Bob Crawford were our visitors last week. We feel that we rate equally with the second and fifth grades since twins enrolled in our class last week. They are Mardelle and Janelle Winkler from Young County.

JUNIOR BAND IN ASSEMBLY PROGRAM

Last Friday afternoon the Junior Band presented a program which was enjoyed by the entire school and a number of parents who were visitors. In addition to the numbers by the band, the Fifth grade class led the assembly in singing a number of patriotic numbers.

FIFTH GRADE NEWS

Some pupils in our room are making cotton plantations, Indian villages, Eskimo villages, and Holland villages and farms for the school exhibit at the end of the year. We are also making spelling books.

We have \$508.40 in Defense Stamps and Bonds.

SEVENTH GRADE

One of the members of our class, Don Cooke, has been very ill in the St. Anthony's hospital at Amarillo. We are glad to hear that he is greatly improved at this time and that he will be back home within the next two or three days.

Kathleen Adair, another member of our class, is still unable to return to school. She visited school one day last week and may be able to return soon.

SPEARMAN HD CLUB

Members of the Spearman H. D. Club met at 3 p. m. March 27 in the home of Mrs A. F. Barkley. After a brief business session Mr Carl Crutchfield, assisted by members of his General Science Class gave a very interesting and instructive lesson on First Aid.

We are studying Nutrition and Food to build stronger bodies to help in defense and most all of us plan to plant a "Victory Garden".

Lovely refreshments were served to Mesdames W. L. Meek,

TRACTOR ROUGH ON FARM HANDS

Rue and Rex Sanders are nursing broken arms, due to a very stubborn tractor they tried to crank. Rock McLeod also is suffering a dislocated shoulder from trying to start the same tractor. Rex Sanders Sr., may send the tractor to the Japs to help break up their morale.

R. V. Converse Says:

Now comes the cut-worm to challenge a bumper crop in many sections of the country, some localities are reporting serious damage from this pest, we still have the green-bug south of us which may prove a hazard but with all of this we are in an excellent condition to make the bumper in many sections of the county.

We can expect many more items to be placed on the ration list very soon as we are getting all set for war and that means war in earnest. Hitler seems to be moving large forces to the east with a view to attack on the Russians south for a drive toward the rich oil field. Japan seems to be preparing to drive into Russia, and with the drive into India well started it seems that we are to have fights and more fights. The news indicates that there will be something started from Alaska before long.

There is a growing sentiment that Hitler will not be able to smash Russia as they have received vast supplies of tanks and planes from the United States. With these supplies, Russia is on almost an equal footing with the Germans. Our Army will probably not be in any large land operation before 1943 but in the meantime our Navy will be as busy as a dog with fleas.

Yours, R. V. C.

SNAPDRAGON FLOWER CLUB

On March 23, the Snapdragon Flower Club met in the home of Mrs R. W. Morton.

NATIONAL 4H WEEK

APRIL 5-11
 Natinal 4-H Club Week (Apr. 5-11) has a special significance for Texans. The great organization had its official beginning in this state.

The 75,000 Texas 4H Club boys and girls, the 1,500,000 members in the United States, and the 4H members in the democracies of the world might well have the cotton boll weevil as their emblem instead of the 4-leaf clover.

It was the boll weevil that brought Dr Seaman A. Knapp to Texas and led him to develop the demonstration idea, upon which the Extension Service operates, and thus brought 4H Club work into being on its present scale.

The boll weevil was first found in the United States near Brownsville, Texas. That was in 1892.

By 1904 it had extended its range to the more important cotton producing sections of the state and to parts of Louisiana.

As the weevil advanced, ruin and panic followed, and it seemed that the whole cotton industry and the South would be destroyed. Appeals for aid were sent to the U. S. Department of Agriculture, and Dr Knapp was sent to Texas to study the situation. His idea was to beat the weevil by crop rotation and diversification; and to teach these measures by the demonstration method—by doing rather than telling.

The first demonstration was set up near Terrell on the farm of W. C. Porter, who planted cotton under Dr Knapp's supervision. In a short time field agents were used to demonstrate in other sections of Texas. Meanwhile in 1889 a county school superintendent named William B. Otwell began distributing seed corn to farm boys in Macoupin County, Illinois. This corn club idea soon spread to other mid-western states. Dr Knapp saw that if farm boys were to grow other crops besides corn, and take into consideration efficiency in production, it would hasten his better farming program. The first boys' club was organized by a county agent T. M. Marks in Jack County, Texas in 1908.

In 1910 the first girls' club a tomato canning group, was organized in Aiken County, South Carolina.

O. H. Benson, was given credit for the "head, hand, and heart" part of the 4H club slogan. Later O. B. Martin also a national club leader added a fourth H for health.

Martin served as director of the Texas A. and M. College Extension Service until his death in 1933.

The present director, H. H. Williamson, served as state club agent from 1912 to 1920. Under his guidance, Texas 4H Club members began to include livestock, gardening, food preservation and other projects in their demonstrations.

Word received from Honest Bill Miller today stated that he was stationed at Fort Snelling, 710 MP, Bat. St. Paul, Minn.

MR AND MRS FRANK DAVIS

Mr and Mrs Frank Davis, Mr and Mrs Allen Pierce, Mrs F. Maize and Miss Brown spent Wednesday, March 25 at the Woodward Experiment Station, getting replacements for the plantings in this county. Plans were also made for a field trip to the station May 21. Clubs, other than home demonstration clubs would find it beneficial to plan to go that day to study the various shrubs and trees.

THDA District Meeting

Texas Home Demonstration Association district 1 meeting will be in Amarillo, May 14. Voting delegates from this county will be voted on April 3. Be sure your club has a date for election that day.

Milk Beverages

Milk tops the list of needed for a good daily diet. They are given in the Food Standard. That is a guide to sound nutrition in time or peace time. Every person needs a quart of milk a day and many older people that much. Adults should have at least a pint a day to keep their milk "straight" try milk beverages. Chocolate Mix or shake thoroughly with an egg beater until 1 cup of milk, 1 tablespoon chocolate syrup. Serve hot. Honey milk use 1 tablespoon of honey to 1 cup of milk. 2 tablespoons of orange or lemon juice. Serve very cold.

Victory Demonstrators

Organizations that want to take part in the Victory demonstration program should select a demonstrator and send the card to the H. D. Agent's office as soon as possible to get on the mailing list.

Sugar Situation

Experts predict more fruit will be canned and dried this year than ever before. Drying requires no sugar. Canning requires only 1-25th as much sugar as preserving. From the nutritional standpoint canning is even more important. It saves flavor, color and vitamins of the fruit. Much of the food value is lost when

Mr and Mrs Ed Hooper visited in the Sim home last week.

Knox Pipkin, Quida, Betty, Elma and J. W. motored to Pampa Tuesday for dinner with the T. S. Bunting family. They brought back 700 baby chicks.

Gilman Flowers and George Pipkin motored to Amarillo with a load of hogs for market.

Maxine Kenney spent Thursday night with Thadene and Nadene Deck.

Olin Branham ate Sunday dinner with Lonnie Ray Kenney, also Woodrow Beck shared in their Sunday dinner.

Lonnie Ray Kenney, Woodrow Beds, and Olin Branham attended the show in Spearman Sunday night. Edd Beck and family enjoyed the show Wednesday night in Spearman.

Dinner guests in the Pipkin home Sunday were Mr and Mrs Orville Fullbright and daughter

Arlene, and Silvia Martin. In the afternoon Mrs John King and Mrs Chillian Igu were callers in that home.

Ed Uptergrove and family visited in the John Sim home Sunday afternoon.

Mr Sims is always a busy man, he takes the lead in this community hustling around. He has his garden made but he gave Mrs Sims the job of keeping the chickens out. They just fly over the fence to see if anything has sprouted yet. Mrs Sims is training one of their dogs to go after the chickens.

Shoppers in Perryton last Saturday were Mrs Leland Close, Mrs Marion Close, Dennis Reed and family. Mrs Dan Nitschke and daughters Bertha May, Katherine and Marylee.

The writer and Sam are a foot as the pickup is in the shop for repairs. So the Sam Nitschke family took the writer and Sam to Perryton Saturday. They are thoughtful neighbors.

Anelia King is the pianist at the Lake View school for the coming two weeks.

I sure hated it Sunday because that "get around" the man loaned Sam won't "get around" as we were invited to the King home for Sunday dinner. I nearly died thinking of the good food I was missing.

Mrs Doff Daniel was a shopper in Perryton Saturday also Mrs Plummer of the booster station.

Dave Lambert has just about got his windmill pumping water again.

Mr and Mrs Hollis Gossett and daughters and Leona Emmick shopped in Perryton Saturday and were guests in the John King home Sunday. Little Dora Lee is a clever little girl, the other day Mrs Gossett told Leona Emmick that she had better say her prayers and as quick as a flash little Dora Lee bowed her head closed her eyes and said "God Bless America, amen".

WAKE UP AMERICA—IT'S LATE!

"Too little and too late." . . .

The nation needs to awaken to the full gravity of the peril that confronts it.

It needs to understand that it is possible for the United Nations to lose this war.

Only when fully aware of the existing perils will the United States do its utmost. Pray God that awareness will not come too late.

Production Director Nelson appeals for vastly increased industrial output on a 24-hour, 7-day basis—168 hours a week.

Can we get it? Not until we quit thinking in terms of less work for more money.

Not while there is greater concern about overtime pay than overtime production.

Not while capital is allowed to make big profits.

Not while government bureaus created to meet a depression emergency that is ended—continue to grab for themselves money needed for armaments.

Not while an army of federal press agents clamor to promote and perpetuate activities that have no present need or value.

Not while Congressmen try to put over useless canals and river schemes and take up the time of defense officials clamoring for factories and contracts as if war were a great gravy train.

Not while NYA and CCC keep asking for funds to pamper men who ought to be in the armed forces or the war plants.

Not while STRIKES hamper war production, despite a solemn promise that they would stop.

Not while double time is demanded for Sunday work.

Not while criminal gangs control employment and allocation of men to work in war plants.

Not while fifth columnists are pampered and enemy aliens move freely in defense areas.

We will not get maximum production until we realize our awful peril and get over the gimmes of recent years.

"GIMME . . ."

—Gimme shorter hours, gimme higher wages, gimme bigger profits, gimme more overtime, gimme less work, gimme more pensions, gimme greater crop benefits, gimme more appropriations, gimme plants for my district, gimme fees and dues to work for my country, gimme \$30 every Thursday, gimme tires, gimme ham 'n' eggs, gimme . . .

France had the gimmes—until the Germans were close to Paris. Then everybody went to work—too late.

France has no gimmes today—except gimme food for my baby, gimme a place to lay my head, gimme death.

FOR RENT: 1,020 acres wheat land to farmer and stockman. with good machinery. See Dr Powell, Dalhart, Texas.

NOTICE

AMARILLOANS GIVE LARGE RESIDENCE TO WEST TEXAS STATE

Mr and Mrs Allen Early of Amarillo, long-time residents, have given their large residence at 2101 Harrison to West Texas State College to be used for educational purposes. The structure cost more than \$100,000 when it was erected in 1927.

The Early building is exceptionally suited to the purpose for which it has been given. It has a full basement. Large dining rooms and a large kitchen. The second floor has bedrooms and a sleeping room which can be made into a classroom. On the third story is an auditorium and stage large enough to accommodate 150 persons.

The building is of steel and brick construction.

About "once in a blue moon" you add a quart.

Authorities insist: CHANGE OIL FOR SPRING. And you can insist on this oil that outlasted five other big quality brands by far. Not one came nearer than 58% of its mileage!

DOWN where the desert slew gold-hunters —down where 100° heat is "cool"—down in Death Valley six cars streaked. All were alike . . . all ran till wrecked. All started with 5-quart fills of oil—locked in. All conditions were alike—certified. Five cars—five boasted brands of oil—went as dead as the cattle skulls in the sands, while the other oil still had quarts to go!

That's all against hollowing out your engine till it eats too much oil, and may demand replacements that are getting scarcer. But another big thing is to keep the oil itself in shape. And Conoco Nth oil—at a popular price—comes to you with Thialkene inhibitor . . . the modern synthetic developed to check or inhibit effects that would otherwise degenerate your oil.

That was Conoco Nth motor oil, which can refill your crankcase today with the Nth degree of mileage and engine endurance. Changing from weakened Winter leftovers to Conoco Nth gives your engine OIL-PLATING for Spring. And OIL-PLATING is closely fastened all over inner engine parts as if "magnetized" against all draining back down to the crankcase. Bonded in place—even on straight-up surfaces—even overnight—OIL-PLATING can cut down the raw rubbing of precious parts during starting and running.

The science of it is a long story, but the mileage is a thousand times longer, and Death Valley proved it. So can you by changing today for Spring, at Your Mileage Merchant's Conoco station. Continental Oil Company

OSLO NEWS

Morning Worship at Oslo Lutheran Church next Sunday, April 3rd. Easter Sunday, will begin at 11:30 a. m. Sermon Theme "The Empty Tomb, A Symbol of Victory." Luke 24:1-9. The Sunday School will begin at 10:30 a. m. The confirmation class will meet at the parsonage at 10 a. m. on Saturday. The Good Friday Services with Communion will begin at 8:30 p. m. Sermon Theme "A Garden As Well As a Cross."

H. C. Hjortholm, pastor.

Oslo News
Mrs Robert Alexander entertained the Oslo Ladies Aid on Thursday afternoon of last week. The program topic "The Ninety Five Theses" was presented by Mrs Gordon Stedje and Mrs H. C. Hjortholm. A delicious lunch was served by the hostess after the program. The work to be prepared by each member of the Aid for the Bazaar next Fall was distributed by the sewing committee. From the appearance of the material given out there should be many pretty things for sale at the Bazaar.

The Oslo Luther League met at the parsonage last Sunday evening. The topic which was discussed was "Three Questions Answered." Speakers were Marvin Olson, Leona Knutson and Mrs Jack Christofferson. After the program a lunch was served. This was followed by a social hour.

Mr and Mrs Gordon Stedje visited relatives near Sunray last Sunday.

Mr and Mrs Jack Christofferson called at the Clara Stedje home last Sunday afternoon.

One by one, the boys in Oslo are leaving for the Army, Navy and Air forces. Thursday of last week Joel Stavio and Gunder Stavio left. Joel joined the Navy and Gunder answered the call to the Army. On Friday of this week Lenard Hill expects to go to the Army. We are proud of them and all who have responded to our country's need in these perilous times. We cannot go into the direct service should strive to make ourselves worthy of the sacrifices they are making. We are glad that we hear no grumbling about small inconveniences here in Oslo. We realize that the work here must be done.

Mr and Mrs Helmer Carlson and their daughter, Patsy, called at the Emil Knutson home on Sunday afternoon.

Emil Knutson drove out to his ranch in New Mexico on Monday. Jodie Knutson who is employed by Emil, also drove out a little later.

Mr and Mrs Sam Martin from Dallas, Texas were dinner guests of Mr and Mrs Gordon Stedje last Monday.

FIGHTING FORCES WIN!

Our armed forces are fighting and dying 24 hours a day, 7 days a week. They have the determination and the indomitable courage it takes to win this war.

We cannot and we must not let these valiant efforts go unsupported.

They ask nothing of us except for us to keep them supplied with the vital equipment necessary to assure victory over the enemy.

And yet there is a definite lag in war production throughout the country due to the Neglect of SENATORS and REPRESENTATIVES to enact legislation that will not only outlaw strikes for the duration of the war, but also eliminate the 40-hour week which are barriers to ultimate victory.

Thousands of our men have given their lives in the service of our country and thousands upon thousands more are destined to give their lives, yet not a single man has received extra compensation in either time and a half or double time.

Our fighting men know no holidays nor do they ask for double time for fighting on holidays or time and a half for over 40-hours per week.

Every citizen should join in deluging our Congressional delegation with thousands and thousands of pledges so that there can be no mistake about our attitude of desiring American production possibilities to become realities.

Mail This Pledge Now To: Senator W. Lee O'Daniel, Senator Tom Connally and Congressman Eugene Worley, Martin Dies, Sam Rayburn, Lyndon Johnson and others, Washington, D. C.

—My Pledge To Help Win The War—

I solemnly pledge that I will refuse to vote for the re-election of any United States Senator or Representative who does not consistently vote for a law outlawing all strikes in every industry connected with Defense and who does not vote to abolish the limitation of 40 hours a week labor in defense industries for the duration of the war.
