HANSFORD COUNTY CELEBRATION MAY 8-9

BUY DEFENSE BONDS AND STAMPS

THIRTY-FIFTH YEAR.—NO. 17.

V for Victory

HANSFORD COUNTY, SPEARMAN, TEXAS, THURSDAY, APRIL 10, 1942.

TO HELL WITH THE JAPS

\$2.00 PER YEAR

Men 45-64 Must Register

Non-Military Men Possible Among Registrants of April 27
Register in Spearman at the house from 7 till 9 o'clock. B. Hicks will be the chief registrar.
Register at the Gruver Lib. at Gruver 7a. m. to 9 p. m. Fleck, chief registrar.
You were born on or after Feb. 18, 1897 and on or before Feb. 16, 1897 you must register.
The fighting men have been called and the fourth registration will be held on April 27. It will call for men 45 years and over.
The third registration in February took men up to 44 years, now all men up to 65 years are registered.
However, it is unlikely that men in the 45-64 age bracket will be called for military service.
Men 15 and 19 years of age are not called to register on April 27, but it is expected that they will be set soon for the registration of this group.
The first registration of men over 65 on October 16, 1940 when 21 to 35 were enrolled. The second registration was held on April 1941, which included men 45 to 64 since the first registration. The third registration was last Feb. 16, 1942, when all men 20 to 44 years of age had not registered.
It is anticipated that in the registration, men will be called for defense jobs rather than for military purposes.

Murder Suspect Captured Wed.

FREEMAN BARKLEY NEW ACA SECY.

Freeman Barkley, who has served as a clerk in the local post office the past 5 years resigned this week to accept a position with the Hansford County Agricultural Conservation Association. In short he will replace Wesley Garnett as secretary of that organization.
Joe Hatton, county agent said "We are very happy to have Freeman as our new secretary and know that he will make us a very capable employee."
Marvin Chambers, post master said "I am sorry to lose Freeman but the department could not match the salary offered by the ACA. This vacancy has not been filled and until I hear from the Postmaster General, nothing will be done. Arnold Richardson, aviation cadet on furlough, will help with the work here until something definite is worked out."

A suspect in the Monday morning slaying of A. L. Brake, near Panhandle, Texas is in jail at Holbrook, Arizona. A charge of murder has been filed against James O'Donald.
Brake was found murdered about ten miles north of Panhandle on the Borger highway with six bullet holes in his head at 9 a. m. Monday morning. He was on his way to Perryton to take his family back to Salinas, California where he was employed in war work. He is survived by his wife and 3 children.
Local law enforcement officers aided Carson officials in the man-hunt.
O'Donald is about 19 years old and lives at Blackwell, Oklahoma. He signed waiver of extradition to Texas, although denying any knowledge of the slaying of Brake.

PARENTS URGED TO COOPERATE WITH IMMUNIZATION PROG.
The following letter has been sent to all parents:
"May 1st has been proclaimed 'National Health Day' by Pres. Franklin Roosevelt. The County Health Committee and local Red Cross Chapter are planning an immunization program against Diphtheria and Smallpox, during the first week in May. You may get your child immunized for a very nominal cost. It is not necessary for the child to be in school in order to get the above mentioned service.
"Too, at that time we are planning the Summer-Round-up for the children who are going to start to school next year. We urge you to bring them in at that time.
"Dr. Gbner and Dr. Gower will help with the vaccinations. Dr. Dally, Dr. Gower and Dr. Gbner will conduct the pre-school children examinations.
"Please let me know how many children you want immunized.
J. E. Gunn, superintendent"

LIONS MET 'ET SWET TUESDAY

Roy Jones, Lion club secretary acted as Boss Lion Tuesday noon in the absence of the proxy and the first three vice-presidents.
There was no program since several meetings had been called off trying to get the 4H Club Barbecue over. Discussion centered around "How To Give A Barbecue after postponement 3 successive times."
Lion Turner Shirley tried to eat all the food on his side of the table, with Lion Prof. Crutchfield running him a close second.
The writer also enjoys the very delicious food the Methodist ladies are "spreading" this year.

NEED CARS FOR BAND CONTEST TRIP

Bandmaster Byron needs volunteers to furnish cars for the coming Band Contest at Amarillo April 23-24. This is strictly an educational trip and since we cannot use school buses we must call on private cars for transportation.
Call 67 and volunteer your car.
Mrs. Guy Stewart underwent an appendectomy Monday of this week at the North West Hospital, Amarillo.

MADE 75 PERCENT OF LIVING AT HOME

"They didn't have the opportunity to fight at Pearl Harbor or in the battle of Bataan, they did their bit right here in this county just like each of us can do in 1942. Here they are those blue ribbon families who cooperated in 1941, in the 75 percent live at home program sponsored by Farm Security Administration.
Mr and Mrs J. M. Ayres
Mr and Mrs Gilbert J. Brandvik
Mr and Mrs Alson J. Chase
Mr and Mrs Fred J. Cooper
Mr and Mrs R. Fullbright
Mr and Mrs W. C. Groves
Mrs Edith M. Murphy
Mr and Mrs E. W. McJunkin
Mr and Mrs E. T. Read
Mr and Mrs Jesse A. Riley
Mr and Mrs Marvin Smith
Mr and Mrs Jack Taylor
Mr and Mrs Ned Turner
Mr and Mrs Anson Ward
Mr and Mrs Allen Pierce
Mr and Mrs W. A. Van Cleave
And here are those having produced 60 percent of their living at home. They received red ribbons:
Miss Iva French
Mr and Mrs John E. Kenney
Mr and Mrs L. Morrison
Mr and Mrs W. C. Spearman
Hats off to your neighbor and mine, and may we all cooperate in such a production program in 1942. Folks, it is even more important than carrying a gun for a soldier can long endure any thing but hunger."

FURLOUGH EXTENDED 30 DAYS

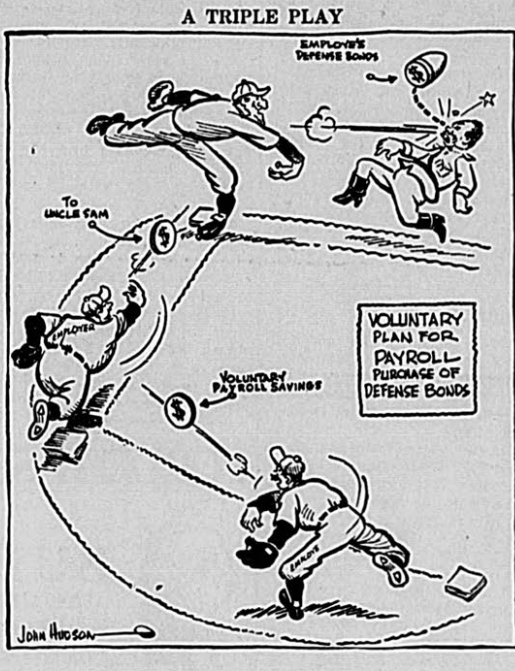

P. D. Brockus and Arnold Richardson, flying cadets, on furlough, have been granted another 30 days leave. The flying schools have been so crowded that it is impossible for the local boys to get in.

AT WAR

"The other day the army hauled an old country boy thru Amarillo. They were taking him to the Leavenworth federal pen. He was just a youngster, but the guy had gone to sleep while on sentry duty. And they socked him 5 years behind bars. I'm not saying this isn't right. It must be necessary, of course. But certainly his crime isn't as bad and as deliberate as an act of treason. Or as bad as irresponsible government leaders accusing loyal citizens of treason, in times like these." Old Task, 4-16-42.

KEEPS THE FAITH — Gen. Douglas MacArthur, Commander of United Nations Armies in the Southwest Pacific, is regarded as the outstanding military leader of anti-Axis forces.

April Showers 1.66

Hansford county's bumper wheat crop received an artistic final touch in rain, snow and sleet during the past 10 days. Beginning April 6th this area received 1.18 inches of diversified moisture. Old timers say they experienced something new when sleet fell for a 24-hour period without stopping.
Rainfall this week amounted to .48 inch beginning Sunday morning at 10 a. m. with April showers lasting into Monday, April 13th.
No livestock damage was reported, and farmers think that the cold sleet was an aid in killing insects that had started their work on crops.
Jake Jacobs, West Texas State visited home folk during the Easter holidays.
Mr and Mrs Thurman Gholston and son Mike; and Mr and Mrs Gobble, of Amarillo, visited Sunday in the home of Mr and Mrs Gene Richardson and daughter Mary Frances.
Attend Funeral of Relative
Mr and Mrs A. L. Schnell and daughters Arlene, Betty Jean and Kyalene, attended the funeral of a cousin, George Schnell, Sunday afternoon at Okeene, Ok.

Burned To Death Brother-In-Law

Tom McLarty, brother-in-law of Miss Todd, teacher in the local schools, was burned to death in a truck accident near Conway early Wednesday morning.
McLarty was a brother of Mrs. Duke Carradine formerly of this city who now lives in Perryton.

WALLIN URGES 100 PERCENT VOTE MAY 2ND

Uncle Sam already has his hands full and should not have to worry about a problem farmers can decide for themselves, F. R. Wallin, chairman of the Hansford county AAA committee pointed out today.
Solution of the problem is marketing quotas which will be decided at community ballot boxes, Saturday, May 2, when wheat farmers vote in a national referendum.
"We must produce the feed and feed it will take to help whip international gangsterism instead of spending time, labor and money raising crops we do not need," the chairman said in explaining that a 2-year supply of wheat is in sight and the United Nations are in desperate need of meat, milk, vegetables, eggs, fats and oils.
"Just as there must be no more business as usual, there must be no more farming as usual. Wheat is no exception and we must fit it into our war program," he continued.
Wheat marketing quotas, which divide a limited market equally among all wheat producers, give farmers opportunity to continue as masters of their own wheat production and reserves.
Also at stake in the referendum is the 85-percent of parity loan program which is one of the principal reasons for present fair prices of wheat, with abnormal supplies, wheat quotas are essential to maintenance of fair prices.
"We've done a good job of producing wheat, we have adequate reserves, and we're getting a fair price. Wheat marketing quotas is just another method we have of keeping our business house in order."

One Sailor to Another

Nickels and dimes from tiny tots as well as large contributions are swelling the Texas Navy Relief Society fund toward its \$210,000 quota. Three-year-old Ellen Wagner, whose father serves with the navy on foreign shores, gave her contribution to Yeoman Bill Slaughter at headquarters.
Mrs S. B. Hale Jr and daughter are in Throckmorton, Texas this week.

BARBECUE—LATEST DATE APRIL 21

Maybe the fourth try will be successful. The Spearman Lions Club has been trying since April 7th to honor our fine 4H Clubs and band. The April 7th feed was put off until April 10 and from the 10th to the 14th and from the 14th to APRIL 21 AT THE DOC JONES RANCH.
Doc Jones has re-painted all signs and is ready. If you still haven't purchased your ticket call The Reporter and I will bring one to you.

DELTA KAPPA GAMMA HONORS PIONEER TEACHER

One of the projects of the Delta Kappa Gamma society for the year has been to honor pioneer women teachers. Gamma Theta Chapter, which includes Hansford, Ochiltree and Hutchinson counties chose Mrs Fannie Archer Whittenberg, who taught the first school in Hutchinson county.
Dolls or Figurines were made to represent her as she was at that time, and at a tea given in her honor Saturday. One of the dolls was presented to the Whittenberg family. One was placed on display in the Hutchinson Library in Borger and one will be taken to the Delta Kappa Gamma State Convention where it will be displayed with similar figurines honoring pioneer women teachers over the state.
Members attending from this locality were Mrs R. E. Lee, Mrs J. B. Caldwell, Mrs C. E. Campbell and Miss Ethel Deakin.
Guests from Spearman were Mrs Virde P. Wheeler, and Mrs Claude Sheets. Mrs Sheets, a sister of Mrs Whittenberg attended the first school in Hutchinson county taught by her sister.

NEW MINISTER AT FIRST CHRISTIAN CHURCH

Rev. M. E. Hutson, above, has accepted a call as pastor of the First Christian Church here in Spearman. Rev Hutson comes to Spearman from Clarendon, Texas.
He comes to the local church highly recommended by the State Secretary of Christian churches. Received his college training in Phillips University, Enid, Oklahoma. One Sunday each month, Bro Hutson will preach at the Stinnett Christian church.
During the summer months he will be employed week days by the Community Public Service Co. in the ice department.
Mrs Hutson and daughter, Janice Ann who are now visiting Mrs Hutson's mother in Hill City Kansas will arrive the last of this week to their new home in Spearman.
Rev Hutson states that he has had experience in band work, Boy Scout Master and offers his service in any way to the town of Spearman. "We like Spearman and want to make it our home, so we are interested in building of our town and community, call on us if we can help," he concluded.

RATIONING BOARD ISSUES TIRE-TUBE CERTIFICATES

Tire and tube certificates issued from April 8-15:
H. L. Wilbanks, 1 passenger car tire.
Retreads
H. J. Vernon, 4 truck tires; E. C. Greene, 2 truck tires; and J. C. Cluck, 2 truck tires.
Truck Tractor and Bus
J. C. Cluck 2 tires, 2 tubes; Frank Novak, 1 tire; Wm. F. D. Etling, 1 tire, 1 tube; Arthur G. Coots, 2 tires, 2 tubes; R. W. Morton, 2 tires, 2 tubes, obsolete; G. J. Brandvick 2 tires, 2 tubes; Henry Davis, 1 tire, 1 tube; and Joe L. Novak, 2 tires obsolete.
This office can see no possibility in the near future of supplying new tires for farm passenger cars due to the very large number of vehicles involved. However, such vehicles, if applicant does not have a truck and must use a passenger car for transportation of produce and supplies, are eligible for recapping under List B. Due to low annual mileages and slow speed farm cars are especially well suited to recapping.
The regulations provide very clearly that no tires are to be released for the purpose of any change-over on farm tractor from steel wheels to rubber.
In cases where steel wheels are available and can be put back into service, certificates for tires should be denied.

BTU TRAINING SCHOOL

Each afternoon after school a Baptist Training—Union school is being conducted by Rev N. M. Doyel and teachers. Intermediates and Junior ages are invited to attend.

INJURED IN EXPLOSION

Mrs D. D. Moore was seriously injured Wednesday of this week when the kitchen stove exploded as she attempted to light the oven. The accident happened at 11:30 a. m. Her face and neck received severe burns.

CONSUMERS ADD NEW EQUIPMENT

Keeping in line with their policy of having the best equipment possible Consumers Sales Company this week added a new "Weaver Twin Post Lift" to their already modern grease department. Simeon Caldwell also told a reporter that they have plenty of seat covers and would like to sell them.

SPEARMAN BOYS NAMED CORPORALS AT CANYON

Canyon—Harold Crooks and Dennis Kern of Spearman, freshman and sophomore at West Texas State, Canyon, have been named corporals of the local company by Lt. Reeves Donnell, instructor in military drill.
Crooks and Kern are two of the many boys enrolled in this defense course offered by the college and are receiving full college credit.

NOTICE

It is necessary under present conditions and in order to maintain a schedule in publication, to establish the following deadlines:
Society—Wednesday before 5 p. m.
Advertising 5 p. m. Wednesday.
Legal advertising 3 p. m. on Wednesday.
Classified—9 a. m. Thursday.
Front page news 5 p. m. on Wednesday.
Correspondents, 5 p. m. on Tuesday.

COMMITTEE SUSS 1942-43 PROGRAM

Triple A committeemen of our county met last week to consider a number of matters in connection with the Farm Plan. Information regarding \$41 wheat loans had just received from the State office of the Triple A.
Local committee was instructed that all 1941 wheat and loans will become due 30, and if not paid on or that date, title to the wheat will pass to the Commodity Corporation and none will go to a pool as was the case in previous years.
It was announced that, in case wheat are made this all farm storage loan rates contain 7 cents per bushel storage. In other words the wheat will be paid in advance at the making of the loan on all stored grain as was done in the case of barley loans last year.

It is being done in order to relieve the storing of grain on the railroads operators as much pressure possible during the rush of the wheat. It is expected that a large amount of storage space will be certain all over the wheat belt if present crop conditions materialize.
The committee also went on as favoring the scrap metal and urged all farmers cooperate in "scrapping the

COMING ATTRACTIONS ELLIS THEATRE PERRYTON, TEXAS

- 14-17 "Sleepytime Gal" Judy Canova and Tom E.
- 18 "Canal Zone" with Morris and John Hubbard

CAMERA CLUB

—Patsy Dacus
 Flash—Jeanne Hill was given a new camera for her birthday last week and has been wagging it around ever since. Monday she developed a roll of films which turned out very well. Barbara gave her a roll of film for her birthday and got the wrong size so she had to take them back and get some more. Jeanne had to promise to take a picture of Barbara and her cats in order to get the film. Jeanne has been taking pictures of everything from chickens to Howard Dean.
 Red Peters has set up his own dark room and is developing his pictures at home. Some more members are planning to do likewise.

JUNIOR NEWS

—Dickie Klker
 With six weeks tests and all this week, everyone seems much too busy to do anything exciting.
 Most of the Juniors are looking forward to the latter part of this week for an unusually good reason. The themes on Hamlet will be finished in English. Shakespeare little dreamed he would make these poor Juniors of 42 fairly hop around.
 The Junior-Senior banquet this year will be based on a Navy scheme. The banquet will be held on the deck of a ship. To further enhance these blondes, blue lighting effect will be used.

More than one junior has been trying to figure out how to make a strong enough bannister to support a gang plank. There will be a lot of loud banging of hammers in the vicinity of the gym the next few weeks before May 1st.

SOUR NOTES

—Pat Hutton
 The band is going on a long-promised trip to Gruver Friday afternoon to play a chapel program.
 Mr Byron went to Phillips on Wednesday and to Perryton a week ago Wednesday to help those bands on their contest selections. He is going to the band festival at Enid Saturday.

The Junior Band is increasing rapidly. Some of the newest members are Caroline and Tynelle Sansing, P. K. Bannister, Patsy Howell, and Mona Beth Hughes. If any parents plan to buy their children band instruments in the fall, they should buy them now because after May 31st no more band instruments will be sold.
 The band is grateful to Mrs. Meers who has consented to accompany soloists at the contest.
 We also wish to thank Mrs. H. L. Heard, Mr and Mrs W. M. Glover, George Buzzard, Mrs. J. E. Gerber for use of cars to Amarillo, Medlin School bus, the Spearman School bus, and drivers Leland Close and Everett Vanderburg.

EXCHANGE

—Rosanne Porter
 Mr Kerns: Well, son, what did you learn in school today?
 Clarence: I learned to say Yes Sir, No Sir, Yes Mam and No Mam.
 Mr Kerns: You did, eh?
 Clarence: Yeah.
 In A Pinch
 Grace: My poor unkie. He plays the accordin every night and cries like a baby.
 George: Why does he cry?
 Does he play sad music?
 Grace: No, the accordin keeps pinching his stomach.
 Suicide
 Mr Crutchfield: During an experiment. Now I'll take this hydrochloric acid—
 Voice: That's a good idea.

—Zola Mae Sheets
 We took our six weeks exams Tuesday. These are the last ones we will take since next six weeks will be our last one and we will take only our finals.
 We are sorry to have Kenneth Killian out of school because of illness. He is in the Shattuck hospital recovering from an appendicitis operation. While he was at it Kenneth just had his tonsils removed. We hope to have him back with us before long.
 Mona Burleson has also been out of school the past two weeks with the mumps. She is feeling better now and expects to be back in school soon.
 It seems that we're all taking turns being ill; however, I think almost everybody has had his turn so perhaps we will all be ready to graduate in five more weeks. We hope so at any rate.

Men Wanted

Two girls were discussing men "Which would you most desire in your husband-brains, wealth, or appearance?"
 "Appearance" replied Alpha, "and the sooner the better."
 Berlin is said to have remarked that the stripes on our flag make it look like a peppermint stick. Maybe so, but they can't lick it!

SNOOPER

What certain junior needs to mark the calendar instead of depending on her memory.
 Evidently there's more here than at Borger to attract two certain girls.
 Dickie seems to be just a child yet. What about this?
 Nadine is going around with a smile on her face and a ring on her finger.
 Lou Ella seems to attract a certain boy from Gruver.
 Leona, are you ashamed of him or is it a secret.
 Jewel doesn't like her new name so well. Why so, Jewell.
 Mildred you better keep an eye on him next Saturday nite.
 What's this dangerous thing Buck is planning to do to the one who dares to step out with her beau.

SOPHOMORE CLASS

—Joyce Jones
 The Sophomore class is on its last lap of the school year, and in looking over the activities for 1941-1942 feels that this has been a successful year and that the sophs have done their part in making it so. We have had our share of good grades and also of students that have taken part in activities out of the class. We have a good sophomore representation in band, several of our boys making the football and basketball teams, and two girls who lettered in basketball.

presentation in band, several of our boys making the football and basketball teams, and two girls who lettered in basketball.

SENIORS

—Zola Mae Sheets

FOR DEFENSE

BUY UNITED STATES SAVINGS BONDS AND STAMPS

ON SALE AT YOUR POST OFFICE OR BANK

AMERICA ON GUARD!

Above is a reproduction of the Treasury Department's Defense Savings Poster, showing an exact duplication of the original "Minute Man" statue by famed sculptor Daniel Chester French. Defense Bonds and Stamps, on sale at your bank or post office, are a vital part of America's defense preparations.

SEVENTH GRADE NEWS

We are all glad to have Don Cooke back in school again after his rather serious illness. We are missing several other members of our class who are absent because of mumps.
 The class enjoyed the opportunity of visiting court one day last week to hear Judge Allen pronounce sentence upon Orrin J. Brown. We all felt that the time spent in visiting the court room was as well spent as an hour in the classroom, and will be a lesson long remembered.
 As the close of the school year approaches the seventh grade pupils are looking forward to the class activities such as their banquet, educational trip, and commencement exercises.
 Volley ball seems to claim the spotlight in physical education classes lately, and several matches have been played.

FIRST GRADE

Mrs DeArmond was our visitor last week.
 Laura Jean and Don are back in school after having the mumps. Ted and O. J. have not recovered enough to return.
 Our nature study for this month will be about birds found near here. We are making bird posters.

FIFTH GRADE

We are glad to have Billy June Reid back in school with us.
 We are sorry that Ruth Tarbox and Shirley Sparks have the mumps and can't be with us.
 Several have been out of our room on account of bad weather.
 We have been enjoying our art work very much.

LONG MAY IT WAVE!

Save good lard. Hot weather causes lard stored in big containers such as 5 or 10 gallon vats to become rancid. The solution is to pack the lard tight in small containers so full they will be air tight when sealed. For example, lard may be stored in syrup buckets, and the friction lids may be completely sealed with paraffin or sealing wax. No larger than gallon buckets are recommended and No. 3 cans or quart jars are even better; lard packed in jars should be kept in a dark place. Since lard containers do not have to be processed in pressure cookers it is possible to re-sterilize tin containers for this purpose. In fact, it is safer to put lard in used tin than fruit, vegetables, meats and any other produce which must be well processed to keep. Families who have on hand large quantities of oil or beer cans may use these as lard containers if they are of a size which can be sealed with their home-owned equipment. Their salvage can be valuable to the family, since oil or beer cans cannot be used for preserving food which must be processed.

Families Adjust To War:

Keeping families healthy and happy so they can do their share of work which must be done by civilians is one way to help win the war. Plan for good times for the family. Try to find ways of having fun without spending any great amount of money or using up precious automobile tires. Even though transportation must be drastically reduced, families should not give up all community gatherings. Meetings of organizations of farm men, women and children have meant so much in broadening horizons, in providing recreation, and in promoting better family living. They should not be discontinued. Here are some other tips: Keep the radio and phonograph in repair. Don't buy new models unless it is absolutely necessary. Encourage children to mend their toys and sports equipment. Do not sacrifice education of children, for the post-war world will need trained people, able to adapt to new conditions. Provide newspapers and periodicals for the family and save time for reading and news broadcasts. Remember well-informed citizens are the bulwark of a democracy.

New Bulletin—Hot off the press

is a new leaflet on "Whole Grain Products" written by Hazel Phipps, specialist in food preparation for the A. and M. College Extension Service. She says grains are abundant and economical for Texas produces 4 of the 7 cereals most commonly used in the world. These are wheat, rice, oats, and corn. The Texas Food Standard, guide to a good daily diet prepared by the Texas State Nutrition Committee recommends at least one serving of whole grain products for each person every day. That is because whole grain contains vitamins and mineral essential to a good diet. The bulletin is composed of recipes some of which are whole wheat yeast bread, oatmeal cookies, cornmeal muffins and brown rice pudding.

H. D. Council—In spite of the rainy weather 20 were present at our meeting Monday. Miss Martin, Sherman county H. D. agent and Mrs Kenan, club woman brought their H. D. Council mill and demonstrated grinding wheat for flour and cereal. Miss Wheeler FSA supervisor visited council and modeled a coverall suitable for garden work.

R. V. Converse

Since we have received April showers and snow look forward to our bumper until some disaster comes which may miss us this year we need the crop to win the

The pressure for all

preparation is gradually being down on the small business and it is going to be the small merchant to his stocks. This will mean to many small town merchants there is a tendency to loans to small merchants, few months ago were able to cure all the loans necessary discount bills, the man who a good risk yesterday may himself out today as this happening over night. The small merchant will be forced to accept credit from sale houses and in a short time the wholesaler will be forced to collect and this will mean to many small merchants. On the other hand a liberal of credit is being extended farmers and stock men becoming extended for the ducting of food for war, a good sign and the consumer farmer will be able to get on his back loans and cash himself if he does not to long into the post-war period. Everything points to war and a hard one but expect the enemy to be as soon as reverses come strike in earnest. German not fight if the fighting is done on German soil, soon as Hitler's armies are en back into Germany will stop as far as they are concerned. Japan is another item it is a little to early just what they will do against bombers commencing over Tokyo. It will be the stock men to observe closely and not be caught by a burdensome load of stock the enemy sues for peace.

There are various groups

ing on plans for the counter the shooting is over predictions come true for a complete change of mode of living and doing, it is hard to look to future and see just what conditions will be, as far as we are concerned there is proposed a plan to limit operations to just the amount a farmer can handle out hired labor, this will help many of the farmers or rent surplus land making room for many farmers who have been off the land who will be ed to absorb the surplus inery with government money. There may be in this plan, but in any case are to have a complete plan after the war is over.

There is one thing about

war that we can feel and that is when things bad they can not get it they will of necessity be the better, as in this there is no place where long be maintained a condition, we either progress retrograde.

NOTICE

Morning services both School and preaching have been changed back to at the BAPTIST Church members please take notice an hour earlier than in the past few weeks.

Now Is The Time

TO CHANGE OILS AND GREASES IN TRANSMISSION, CRANK-CASE and DIFFERENTIAL.

You Should Do Everything you can to protect and save your present car—and proper lubrication will do more to protect it than any other one thing. Come in and let us change oils and greases in your car for Spring driving.

- KEEP 'EM CLEAN
- KEEP 'EM TIGHT and
- KEEP 'EM OILED

These are 3 laws that must be observed in running any kind of machinery—if you neglect anyone of these laws your machinery suffers, whether it be your car, wrist watch or battleship.

You can keep 'em tight if you keep 'em Oiled and Clean.
 Take Our Friendly Advice—Don't let it start rattling to pieces.

WHEEL BALANCE SERVICE

We have a new "BEAR" Wheel Balancer. Have us check your wheels now. When balanced by this machine you will get many more miles of wear from your tires. Conserve your tires.

WEAVER TWIN POST LIFT

We are installing a brand new Weaver Twin Post Lift for our already Modern GREASING Department. We have also added new greasing equipment. Better let us change your car over for Spring.

Holdup Victim Awakes

Garbed in His Undies
CINCINNATI.—Julian Gray reported to police the theft of his overcoat and the suit he had been wearing. Three Negroes stopped him, he said. One of them hit him. A man saw him ducking in and out of alleys, as he attempted to continue toward his home, and lent him a pair of trousers, Gray said.

War and D. Cupid Speed Courtship

Young Lovers' Problem Is Solved by Draft Board.

NEW YORK.—He was a young medical student and she was a secretary. They were in love and eager to marry. Common sense told them they should wait until he had finished his schooling.

That was three years ago. Last June John finished medical school. His internship was still ahead of him—long hours, meager pay. But the selective service act had been passed and the country was preparing for war.

He went to his draft board and put the problem before them. They told him to marry. And so John and Frances were married. He began his internship and she continued working, paying the rent for their two-room apartment out of her salary.

Then the country went to war. Now John and Frances are facing an even more important problem. Shall they have a baby although it means John won't be there when the baby arrives? What if John doesn't come back? Who is going to take care of the baby? How much family life can they contemplate? Shall they be satisfied with what they have or shall they carry on as if nothing were going to happen?

This is just one of the many problems confronting young people as 1942 approaches.

"The whole cycle of getting acquainted, falling in love, getting married, is a matter of weeks now instead of months or years as it was during the depression," Evelyn Mills Duvall, director of the Association for Family Living of Chicago, said.

Briton's Paralysis Ends,

Thanks to German Bomb

WINGHAM, ENGLAND.—Paralyzed and bedridden for 10 years, William Albert Bowden, 54, is up and about again, and once more looking for a job—thanks to a bomb. Bowden became paralyzed after a long illness. Then, for the rest of his 10 years' martyrdom, it was only in fine weather that he could sit in a bathchair outside his home or be wheeled about the village.

Then came the blitz. As Bowden lay in bed, the house was shaken by a bomb which exploded near-by. And all of a sudden, he felt what he described as a "tap" down his spine, and in a moment he was bathed in perspiration.

"I did not say anything about it to my wife," he said, "but the next afternoon I had another experience of this tapping at my spine."

"It became more frequent and finally felt like pins and needles in my back."

"Then came the most wonderful moment of all—I could feel movement in my legs."

"In 10 days I was able to use my feet and legs again."

She Threads Root Hairs

With Microscope Help

AUSTIN, TEXAS.—Finer than any thread and any needle's eye ever handled by woman are the root hairs and capillary needles used by Prof. Hilda Rosene.

She has just done a threading job at the University of Texas that will place her name in scientific records for all time. The threads are the fine white hairs seen on some roots.

They are so slender that in masses they appear like bits of mist. She has separated them individually and threaded them separately into capillary glass tubes that are so small the work has to be done under a microscope.

The tubes contain water. Her experiment proves that the business of these root hairs is to absorb water. For 250 years the scientific world had assumed that the hairs were for water absorption but no one ever proved it before, probably because the job was too difficult.

Additionally, this proof promises to be the first step in some new, important scientific experiments in the electrical properties of these root hairs. Without her threading technique the experiments could not be done.

Dead in This War Fewer

By Millions Than in Last

NEW YORK.—Military losses in the present war have been much less than those in the corresponding period of the last war, according to a report by statisticians of the Metropolitan Life Insurance company.

From the beginning of the present war to the end of 1941, deaths in the armed forces of all the belligerent nations probably reached at least 1,500,000 to 1,750,000 and may exceed 2,000,000, according to the statisticians, as compared with 5,000,000 men killed in the corresponding period between July, 1914, and the end of 1918.

Fight Against Cancer

Gaining, Doctors Say

That many types of cancer can be cured if properly diagnosed in early stages was the optimistic note struck by obstetricians and gynecologists at the opening sessions of the Pacific Coast Society of Obstetrics and Gynecology in Pasadena, Calif.

More optimistic approach was revealed by Dr. Frank W. Lynch, for 25 years professor of obstetrics and gynecology at the University of California in Berkeley, when he stated that cures during the past decade have doubled from 22 to 44 per cent despite the fact that 25 per cent of cancer sufferers have neglected warning signals until too late for anything but palliative treatment.

He said no definite relationship with heredity in humans can be established definitely, yet there are undoubted cancer families in which many cases of the disease will occur inside three generations.

On the other hand, he stated, there have been cures where cancer occurred in one generation and there was no recurrence.

The university doctor pointed out that next to heart disease, cancer is the second ranking killer disease in the United States.

Dr. Lynch also made note of the fact that the present generation of laymen is cancer-minded and that in the past many deaths have been attributed to cancer when some other disease was the cause of death.

U. S. Card Player Survey

Reveals Popular Games

There is ample evidence to show that Uncle Sam is the best card player in the world today and sits down more often than anybody else to enjoy an evening at the card table.

Not long ago the Association of American Playing Card Manufacturers decided to find out just how much of a card player Uncle Sam is. They sent a corps of fact finders to 24 cities—big ones, medium-sized ones and small ones. These investigators rang doorbells of thousands of homes—mansions, prosperous homes, just ordinary dwellings and "dumps."

They asked people in these houses if they played cards. And if they did, what their favorite games are. Among other things these wandering statisticians discovered that 83 per cent of American families play cards—77 different and distinct games ranging all the way from Auction Bridge to Old Maid.

Good Coffee

Making a cup of good coffee is really an art, but a simple art in which anyone can become proficient.

It is only necessary to select a brand of coffee which has proved that it can be depended on for uniformity of quality year after year then devote the same careful attention to the brewing of that coffee as is given to the preparation of other articles of food that are brought to the table.

For coffee rich in flavor, as well as strength, one heaping tablespoon (or two level tablespoons) of coffee is recommended for each six-ounce cup (teacup size or three-fourths standard measuring cup) of water.

Mineral Losses

Avoid losses of minerals in preparing and cooking foods; refrain from scalding, parboiling and blanching. Don't soak vegetables in cold salted water to make them crisp. Don't peel or scrape vegetables. Long-cooking methods will deprive your vegetables of more minerals than by using shorter ones. The mineral losses are decreased when foods are baked, steamed or cooked in double boilers. The greatest mineral losses occur when foods are boiled and the more water used the greater the loss; as much as 10 to 40 per cent is lost in calcium and phosphorus and 20 to 50 per cent of iron when foods are boiled.

Origin of Fertilizer

The Pilgrims discovered the Indian secret of placing two fish and a handful of wood ashes in every seed hill. To the Indians, this was "good medicine." To the corn, it was nitrogen, phosphoric acid, potash and lime. When these essential plant foods were added to the soil, crops thrived and there was food for the long New England winter.

The use of this crude fertilizer marked the beginning of the American fertilizer industry. Today, millions of tons of low-cost, high-grade fertilizers protect America's abundant production of food, fodder and fiber . . . provide every American with extra reason for thanksgiving.

Phenylpropylamine

Want a lift? The development of a streamlined benzedrine that, eaten in the form of a tablet, gives a "lift" without affecting the heart or alimentary tract to the extent that the drug previously did, was announced recently by Dr. Gordon A. Alles, Caltech research associate and lecturer at the University of California medical school.

Administered only with the advice of physicians, the tablets are reported to have been extremely successful in treating narcolepsy (people who fall asleep at the most embarrassing moments).

LAKE VIEW TATTLER

Kenneth Killian, our neighbor boy has been feeling under the weather for several days. Thursday about seven p. m. the Sims motored with him to Spearman to a doctor there they learned he had appendicitis and hurried with him to Shattuck where he was operated on for appendicitis. Friday morning the doctors also removed his tonsils. Mrs Ed Utergrove, Kenneth's aunt accompanied them and is staying there with Kenneth. A sister and brother in law from Oklahoma are also staying in Shattuck a few days to be near Kenneth. The Sims report he stood the operation fine.

Saturday afternoon Sam and I were stalled on the highway. Sam wanted to catch a ride into Perryton for a mechanic. We saw a car coming at a high rate of speed but slowed down as Sam signaled for a stop. They had recognized Sam, as it was Mr Jacobs and daughter of Spearman hurrying Mrs Jacobs to Shattuck to a doctor.

Mrs Clarence Clement is in the chicken business in a big way as her chickens are six weeks old and she has 500 that will soon be large enough to eat. Mrs W. M. Deck and daughters were shopping in Perryton and Spearman Saturday afternoon. Nadene and Thadene were really dolling their selves up for the graduating program of the Spearman schools.

Delbert Jettion of Briscoe, Oklahoma visited Bill Brown the last of the week.

W. M. Deck visited with Sam Powell Friday afternoon. Pete Weurmske of Faarnsworth and Bishop of Waka chatted with Powell Friday.

Gilman Flowers has all his cows bawling and groaning since he and his helpers Hollis Gossett, George Pipkin and others helped him dehorn and brand this week.

Little Gayle Gossett spent last Saturday with her little friend Frances Flowers.

Mr and Mrs Bill Tandy and Mr and Mrs Fred Turner and children of the Notly community were shoppers in Perryton Saturday afternoon.

Mrs Ralph Blodgett and son Ralph Jr. were a good looking mother and son shopping around in Perryton Saturday afternoon.

Mrs Hollis Gossett and daughter Dora Lee and Leona Emmick

attended the club program at the high school in Perryton on Saturday.

Elma and J. W. Pipkin called in the S. J. Powell home Saturday afternoon for Elma's piano and voice lesson they found the teacher gone, shame, shame on the teacher to play hookey.

Mr and Mrs Sam Nitsche and sons Luther and Bobby shopped in Perryton Saturday afternoon. Don't look surprised if you see the Missus all dyked out in a new dress.

Mrs Ruth Nitsche and daughters Bertha Mae, Katherine and Marylee shopped around in Perryton Saturday afternoon. Mary Lee enjoys riding in the grocers baskets.

Mr and Mrs Sims shopped in Spearman Saturday afternoon.

Oh My, Oh Me. Last week we planned to butcher Sally, the hog, and eat good old fat bacon and ham, back bones, spare ribs and everything in the pork line. I guess Sally was thinking to for on going to the hog shed we learned Sally had adopted a family of 5 pigs and there seemed to be contentment in the hog shed as the five pigs chewed on pork. Sorry. My mistake.

OSLO NEWS

Morning worship at Oslo Lutheran Church next Sunday, Apr. 19. 2nd Sunday after Easter will begin at 11:30 a. m. Sermon theme "The Master Motive of Christin Service." John 21: 15-25.

The Sunday School will begin at 10:30 a. m.

The confirmation class will meet at the parsonage at 10 a. m. on Saturday.

H. C. Hjortholm, pastor

OSLO NEWS

The return of winter weather and snow last week was, luckily not severe enough to do any damage to live stock or wheat. In fact, the moisture, although not very great, did some good and with the rain which fell last Sunday makes the moisture situation here very good. In accordance with the request with the request of some of our readers who live far away, we will try to publish the weekly rainfall as recorded by the official gauge at the Stedje place. Last week's rainfall was .50 inch.

Among the Easter Sunday guests at the Oscar Dahl home were Mr Dahl's parents, Mr and

FOR SALE: 7 room modern newly decorated home. Has floor furnace, 100 foot lot, beautiful lawn and trees. See Mrs C. E. Campbell ph. 108.

BLODGETT NEWS

Mr and Mrs L. W. Austin and little grand daughter of Lubbock, Texas visited in the Blodgett home Tuesday morning. They were looking over their wheat prospects.

Ralph Blodgett who is employed at Pryor, Oklahoma visited home folks over the week-end.

Miss Elnora Close spent the week end with Kathleen Kenney.

Mrs L. P. Brown and daughter Mrs Irene Close visited in the Blodgett home Wednesday afternoon.

Mrs Ada Wildhagon shopped in Spearman Thursday her mother, Mrs J. F. Sims visited Mrs J. M. Blodgett.

Everett Clement is chisling his wheat land in the Blodgett community this week.

Mrs E. S. F. Brainard has been up to Johns Creek ranch and farm this week.

Mrs Deta Blodgett visited Mrs A. D. Reed Friday.

Mearl Beck was an Amarillo visitor one day last week.

Mr and Mrs J. Kenney, J. M. and Kathleen attended the show in Spearman Sunday. They visited Mr and Mrs Jess Riley on their return home.

Rock McLeod and J. M. Kenney helped Rex Sanders move cattle on wheat pasture.

Mr and Mrs Earl Church attended the Baptist church services Sunday.

Deta Blodgett and Ralph were shopping in Perryton Saturday.

Mrs John Kenney called on Mrs Moore Friday at the R. E. Lee farm.

Those enjoying an Easter picnic and outing Sunday at Lake Fryer were: Edd Beck, Harrell Beck, Verlin Beck, Mrs Verna Kenney, Helen Lonnie, Earl, Byron and Maxine Kenney and Nadene and Thadene Deck.

Mrs Deta Blodgett attended the Easter services at the Baptist church Sunday.

Mrs Marion Close visited in the John Kenney and L. P. Brown homes Monday.

Mr and Mrs Claud Jackson are the proud parents of a fine baby boy born last week.

BID A BIT

Mr and Mrs J. E. Gunn were hostesses to members of the Bid a Bit Bridge Club for a dinner-bridge Thurs. April 9th.

Mrs Bill Hutton and R. E. Lee won high scores.

Mrs Jesse Davis was a guest.

Present Mr and Mrs Bill Hutton, Joe Hatton, W. L. Russell, R. E. Lee, Mr W. I. Byron and hostesses.

The April 23 meeting will be in the home of Mr and Mrs Bill Hutton.

Lewis Stringer, former employee of the First State Bank, now serving in the Coast Artillery, is stationed at Camp Roberts, California.

Mrs John Dahl, Mr and Mrs Pete Dahl and family, Mr and Mrs R. TeBeest and family, Mr and Mrs Frank Lierman and James Dahl.

Mrs George Lewis, formerly Selma Hill, is visiting with her step-mother's sister, Mrs Price at Los Angeles, California for the present. While there she will be near her husband as he is in the Navy and at present is stationed near San Deigo.

Marcella Olsen, who is taking nurse's training at St. Anthony Hospital in Amarillo, spent a few days at the home of her parents Mr and Mrs Gus Olsen last week.

The Oslo School completed its work for the year last Friday. Mrs Hodges, the teacher, will now join her husband whom she married last December at their home in Canyon. The pupils and the teacher enjoyed a welner roast at the schoolhouse on Tuesday of last week. A few of the pupils were hindered by illness from attending, but those who did attend had a good time.

Pastor Hjortholm did not attempt to drive over the road from Gruver to Oslo last Sunday night when he returned from Chickasha, but stayed in Spearman and drove home on Monday morning. Even then the roads were heavy in some places and cars had difficulty in getting thru. The region around Chickasha also had good rains. These were double welcome there since they not only provided moisture but drove away the insects which have been damaging the crops. We hope that these pests will not migrate northward into our county.

Clarence Johnson and Billy took a load of hogs to Amarillo last Monday. We hope the price was as good then as it has been for some time.

Mr and Mrs Clarence Johnson and Amelia were Sunday dinner guests at the Billy Johnson home last Sunday.

FOR SALE

FOR SALE: Drip gasoline 10c per gallon. Tax paid. 4 cents exemption. Quick delivered from overhead storage tanks. Bring your barrels. Chas C. Beck Jr. 15 miles northwest of Spearman.

The Snapdragon Flower Club met April 13 with Mrs Baggerly.

House was called to order by president Mrs Hardin. The lesson on "Hyacinths" was given by Mrs Earl Riley. Lovely refreshments were served to the following, Mesdames Southerland, King, Hardin, McNabb, Jones, W. A. Ellsworth, Riley and the hostess.

The next meeting will be April 20 in the home of Mrs C. W. King. Mrs McNabb will be the leader of the lesson.

BLUE MONDAY CLUB

Mrs R. E. Lee was hostess to the Blue Monday Bridge Club at her home last Monday.

Mrs F. J. Dally won high.

Present, Mesdames F. J. Dally, H. L. Heard, Roy Russell, Bill Gandy, Vester Hill, Dave Hester Hall Jones and the hostess Mrs R. E. Lee.

ODD, ISN'T IT?

Odd, isn't it
How the birds can fly
And why trees are green in the summer
And when winter comes they die.
We wonder why the night is dark
And why the sky is blue
And why the days are hot and cold
And the flowers are wet with dew.
We wonder why the sun comes up
And goes down at a certain time

And why some men are very rich
While others don't have a dime.
We can't understand why the moon is white
And why the sun is red
Or why we get up with the dawn
And at night we go to bed
You can sit for years and wonder
But nothing seems to fit
But God planned it to be this way
Yet it's odd, isn't it?
—By W. J. Black Jr.

Earl Riley is seriously ill
his home in Spearman.

FRAGRANCE IN A NEW FORM
