Individual Sugar Registration Monday, May 4th

Band Wins Highest Possible Honors, 1 Plus

NO SCHOOL MONDAY, REGISTER FIRST DAY

Spearman schools will be closed Monday, May 4th for Sugar Registration. Please register Monday if it is at all possible. There will be about 30 registrars, which should be enough to take care of everyone very quickly. Register in the hall of the high school building. One person can and should register for a whole family unit. Please have the information called for on the registration blank: Weight, height, age, color of hair and eyes of each individual in your family. Register in the county in which you live. Register between 9 a. m. and 5 p. m. This is the largest registration day that has ever been attempted in the history of the United States. PLEASE cooperate and make it a success.

T. D. SANSING ANNOUNCES FOR RE-ELECTION

T. D. Sansing, county attorney authorized The Reporter this week to announce his candidacy for re-election as County Attorney of Hansford county subject to the action of the Democratic primary, July 25. Sansing said "I have tried to carry out the duties of this office to the best of my ability and have endeavored to be fair and impartial in all matters handled by me." He further stated that he appreciated the courtesies and support heretofore given him by the people of Hansford county and promises if re-elected to try and give the same fair and impartial service as given in the past.

FARMERS URGED TO ATTEND HEARING

A hearing recently announced to be held on May 5th for the purpose of determining if the Hansford County Wind Erosion District wishes to cooperate with the state soil conservation board. The hearing has been postponed until May 12 at 2 p. m. at the court house. All farmers are urged to attend this hearing. The advantages of cooperation with the state board will be explained by members of the board, who will conduct the hearing and local farmers will be asked to express their opinions. Whether or not the state board cooperates with the Hansford District will depend upon the opinions expressed at this hearing. It will cost this county nothing to join the state district and the benefits will be more than worth an trouble you go to to get people to attend this meeting, Judge Barkley said.

SIMEON CALDWELL AND MRS. MARY HANNERS MARRIED
Mrs. Mary Hanners and Simeon Caldwell were united in marriage at Quanah, Texas April 25th. The couple was attended by Mr. and Mrs. M. J. Hanners, brother and sister-in-law of the bride and Mr. and Mrs. Walter Carter. The bride was attired in an ensemble suit of navy blue sheer with white accessories. After the wedding Mr. and Mrs. Caldwell went to Amarillo and stayed until Sunday in the home of his daughter Mrs. Roy King. They returned to Spearman on Sunday. Mrs. Caldwell has made her home here for a number of years. Simeon Caldwell, who has lived in this county most of his life is manager of Consumers Sales Company and Spearman Equity Exchange. They will be at home to their host of friends in Spearman. Dr. and Mrs. F. J. Daily are in San Antonio this week attending dental convention.

JUDGE KING ASKS FOR COMMISSIONER OF PRECT. NO. ONE

Judge C. W. King has authorized The Reporter to carry his announcement for election to the office of Commissioner of Prec. No. 1 of Hansford county subject to the action of the Democratic primary July 25th. Judge King has served this county as county judge and commissioner for a good many years and he feels that he has always lived up to the promises he has made voters. He states that he is fully qualified to handle the office he is seeking and that if elected will devote all of his time to that office. He said that his experience as a commissioner in previous years, as well as other public offices in the past makes him better qualified to serve the voters of Prec. No. 1 who want efficiency and fairness of their commissioner. Mr. King indicated that he would endeavor to see every voter of Prec. 1 before election time, and present his plea for election to this important office.

PARITY PAYMENTS UP 3 1-2 CENTS OVER 1941

A telegram received by County Agent Joe Hutton Wednesday afternoon from B. F. Vance, state AAA head, informed him that Parity Payments for 1942 had been authorized at the revised rate of 13 1-2 cents per bushel. The rate last year was 10c. Parity payment this year will be 13 1-2 cents times the normal average yield times number of acres allowed for wheat. To be eligible for parity payments the farmer must be in compliance.

Spearman's high school band, entered under National judging, won every available prize with an A plus superior rating, last week-end at Amarillo. We have known all year that we had a good band, and a good director (W. I. Byron) and the results of this State-National contest prove beyond doubt that we have something to be proud of and we are proud to be represented by such an excellent musical organization and director. From all over the county congratulations have poured in for our band, they deserve all the praise you can give them.

What Judges Said
Prof. D. O. Willey, sight reading judge: "I have never heard but one class C band as good as the Spearman band, national or any other contest, and that band was the Mexia, Texas band of 3 years ago."

Mr. Pittman, concert judge: "I want to especially compliment your drum section and a nice well controlled, balanced, in tune band."
Col. Irons, concert judge: "This is a very beautiful band, playing good and smooth and well in tune. I am sure the Spearman School District and townspeople as well, are proud to be represented by an organization of this caliber."

M. E. Carey, concert judge: "It is indeed a pleasure to see so many people (we have 70) yet play softly and correctly, this is by far the BEST C Band I have heard today, more careful attention has been paid to more details and interpretation phrasing, intonation, etc. than is usually the case. Congratulations on a very fine piece of work. If they are kept under your excellent guidance, this band 'Without Question' will be OUTSTANDING IN THE NATION as a class C band." (In our opinion, our band is already the outstanding class C band in the nation). 45 bands entered the contest at Amarillo. Only 2 of them asked

for National Judging, Spearman and Plainview. "National Rating" defined: "The United States is divided into 8 sections and this section includes parts of New Mexico, Oklahoma and all of Texas. Last year the National contest was held at Waco, Texas. A band must win first in the State contest to play at a national contest. This year due to tire shortage, a band was allowed to enter either State or National Judging. Our band chose to enter the National contest and they were judged accordingly. Amarillo was host to the largest contest in the state this year.

Thanks
Band students, and director wish to thank the people of this county for their fine cooperation and to say it like director Byron "Without the Best cooperation in the world we would not have the fine band that we have today."

What We Won
Nothing much, just . . . MARCHING: Scored 98 out of a possible 100 points. Judges said that Spearman had the best marching band at contest.

Arrangements have been completed with the school superintendents of the county for consumers registration to be held May 4-5-6-7, between the hours of 9 a. m. and 5 p. m. Registration in Spearman will take place in the halls of the high school building. Registration will also be held in the public schools at Morse, Gruver, Oslo Hitchland, and New Hope. Since the schools at Oslo and New Hope have already closed their year's work, registration will be held there only one day, Monday. Anyone in those communities failing to register on Monday, May 4th, will have to go to one of the other registration places to make their applications. Consumers are urgently requested by the Rationing Board to register on Monday, May 4, as it is believed that registration throughout the county can be completed within the one day with very few exceptions. When registration is over on May 7th, anyone who failed to register will have to wait two weeks before applying to his local rationing board (NOT the school) for a War Rationing Book.

Residents of the county must register in the county of their residence. This will apply to those residents of Ochiltree and Hutchinson counties whose children come to Spearman to school. Although their children do come here to school, they must register at the nearest school in their own county. Here follows a sample copy of the application to be made upon registration: Local Board No. 1. County Hansford, State, Texas. Application made at name of school, or other address. Date Block One No. 1. Name, address and description of person to whom the book is to be issued: Last name, First name, middle name, street no. or P. O. box No. Street of RFD City or Town, County State, Height, Weight, Color of Eyes, Hair, Age, Sex (male) (female).

2. (a) If the person named above is a member of a family unit, state the following: (1) Number of persons in family unit, including the persons named above. (2) The person named above is my self, father, mother, husband, wife, son, daughter, exception. (3) Total amount of white and brown sugar in any form which is owned by the family unit or its members: lbs. (b) If the person named above is not a member of a family unit, state the total amount of white and brown sugar in any form which is owned by the person named above lbs. 3. Number of War Ration stamps to be removed from War Ration Book ONE (upon the basis of above) if none write none. Fm.R-301. Who is entitled to have an application filed? Every person living in the United States, except: 1. Members of the Armed Services who regularly receive rations in kind. 2. Persons confined to public and private institutions. How ever a temporary resident may file an application or have one filed for him or her by a member of the family. A family unit is a group of two or more persons living together in the same household including persons temporarily absent who are related by blood, marriage or adoption. Who is the correct person to apply? 1. Persons of any age who are not a part of any family unit. A parent, guardian or responsible adults must apply for such persons under 18 years of age who are not self-supporting and may apply for invalids who are not members of family units and not confined to institutions. 2. Persons who are applying for every member of a family unit must be 18 or over or married persons if under 18. Illustrations: 1. A person who is not a member of a family unit, if he is temporarily away from home a-r-r-r-r registration may apply for his war ration book wherever he may be. Thus a traveling sales-

man who is not a member of a family unit may apply at any place he may be at the time of registration. 2. A person who is a member of a family unit, and who is temporarily away from his home during registration, should not apply for ration book, separately the person applying for the other members of his family unit should also apply for him. For example, a salesman is away from his home for a week or 2 he should be considered as a member of his family unit in spite of the fact that at the time of registration he is not at home. 3. If a person 18 years of age or over has left home to attend college, he should apply for and get his own book in the town where he is residing during the school year. His father or mother must not apply for him as a member of their family unit. 4. On the other hand, if a person under 18 years of age has left home to attend school or college and is not a member of a family unit his parent or guardian must file an application for him. 5. A person is entitled to a war rationing book in spite of the fact that he may eat all of his meals at a restaurant, boarding house or similar place, and has no present intention of buying any sugar. The war ration book may later be used for some other product which may have to be rationed and at that time he may need the book for that product. A consumer who arranges to eat 12 or more meals per week in an establishment registered as an institutional user must surrender his war book to the owner or manager of the establishment. The book shall be returned to the consumer when he ceases to eat 12 or more meals per week at that place. 6. Within 10 days after the death of a consumer the person having possession of the War ration book of the deceased shall surrender it to the board for cancellation. 7. When a consumer to whom a war book has been issued becomes confined to an institution for a period likely to exceed ten days, he shall surrender his war book to the head of the institution. On his discharge from the institution the war book shall be returned to him. 8. If a consumer is inducted into the armed services of the nation, or leaves the United States for a period of more than 30 days, he shall surrender his war book to the board. 9. A consumer born after the period provided for consumer registration may be registered by his parent or other person having custody of him with the board with which such parent or person is registered. At the time of registration each person is permitted to have TWO pounds of sugar for which NO Stamps will be removed. For the next four pounds on hand for each person stamps will be removed at the rate of 1 stamp for each pound. In other words, if any person has more than 6 pounds of sugar on hand (resolving all fractional lbs in favor of applicant), he or she will file application but will not receive a war ration book at the time of registration. In the case of family units, multiply by 2, permitted lbs per person, the number of persons in the unit. Subtract this amount from the total pounds of sugar on hand. The balance represents the Excess sugar, for which the stamps must be removed at the rate of 1 stamp per lb. The removal of these stamps must be prorated as evenly as possible among the total number of books issued to the members of the unit. For Example (a) 15 pounds of sugar on hand, three persons in unit, x 2 pounds permitted would equal 6 pounds, total family allowance 6 pounds, 15 pounds on hand minus 6 pounds which would leave 9 pounds "excess". In this case it will be necessary to remove stamps representing "excess" from the 3 books. Therefore each book will have three stamps removed. (b) 20 pounds of sugar on hand, 3 persons in unit, family

HOW WE CAN HELP OUR COUNTRY

—Floyd Crawford
 All over the United States, boys and girls are thinking about ways in which to help our country. We can help as much as the adults if we want to. Perhaps the first thing we would think about is buying war bonds and stamps. They help very, very much, but if we didn't help save old papers and tin cans and such they would not go very far. When everybody saves old scrap metal and things, it amounts to almost as much as buying war bonds and stamps. Other ways in which we can help our country is to contribute money or clothing to the Red Cross or China Relief as often as we can. We can knit and make things for the soldiers. Also we can keep quiet about how the government is run. If we happen to be near anyone that is talking about the government, or where tanks are, or when ships are leaving, we should politely tell them we do not want to hear it. There is always someone listening that is not supposed to be in sight. Now, as never before, we need to be on guard as to what we say and do, as it is all for the good of our country.

SEVENTH GRADE

We are all very proud of the members of the 7th grade who are members of the band which won such high honors last week at Amarillo. The following 7th grade pupils participated: Joy Close, Don Cooke, Billy Jack Glover, Reda Jo Kiker, Kay Kizlar, Wilson McClellan, Jimmy Shieldknight, Gene Sparks and Ray Robertson. In solo work Gene Sparks won a first place rating in saxophone Billy Jack Glover a 2nd in cornet solo and Joy Close a first in twirling.

Other numbers in our class could not attend because of the mumps.

We also feel rather "chesty" over the compliments paid our class by Mr. Cliff, deputy state supt., who visited our class on Monday. Mr. Cliff gave the class a test of spelling words, questions, and riddles and said our class did much better than some

larger groups he had visited including some high school classes where he had given the same tests.

We have a new pupil in our class, Charles James, from Seminole, Texas.

SEVENTH GRADE BANQUET

Plans are being made to serve the Seventh Grade Banquet in the Home Economics room, on the night of May 6. This is one of the high-lights of the year so far as members of the 7th grade class are concerned. The girls are all a-flutter over their evening gowns, and the boys are full of excitement also. One boy even inquired "Do we have to have dates?"

The parents of seventh grade pupils and teachers in both high school and elementary grades are always invited to this annual affair.

THIRD GRADE NEWS

The following pupils were on the Honor Rolls last six weeks: —A—Dwayne Stewart, Betty Beck, Mona Beth Hester, Patsy Howell, Joan Mackie, Dorothy Meers, Mary Beth Newcomb, Peggy Pierce, Mary Ruth Pool, Tynelle Sansing, Doris Scroggs, Joyce Scroggs, Joan Garringer.

—B—Dan Hicus, Donald Floyd, Doyle Jackson, Joel Lee Lackey, John Patterson, Doris Birdwell, Frances Crawford, Laveta Crawford, Syble Dillow, Rena Fullbright, Lula Faye Gill, Rena Kirkman, Carmen Martin, Annie Ruth McCarty, Betty Lue Wallis, Frankie White, Joy Blandford, and Bobbie Price. We have \$685.00 in stamps and bonds.

SECOND GRADE

The school inspector visited our room. We have two new pupils Dale and Walter James from Seminole, Texas. We have one set of twins Hazel and Helen Sanders and everyone says they are hard to tell apart.

Jean Johnston re-entered our school making the second Johnstons to nin the second grade.

SENIOR AVERAGE GRADES

Some rather unusual ties in grades were found when the seniors averaged their grades.

1st Zola Mae Sheets, 94.3; Jan Nabours, 93; Mona Burleson and Mary Lee Dacus 91.6; Jo Nell Riggs 91.1; Geneva Mackie and Jerry Jacobs, 89.8; Velma Dillow and Viola Jones, 89.3; Leona Shedeck, 89.2.

JUNIOR NEWS

—Dickie Kiker
 All the juniors have been going at full speed all this week. Friday, May 1st is the object of all this activity. Aside from the actuality of the junior-senior banquet there is a slight hum among everyone, especially the girls, as to just what color and etc. dress to wear. But then more than one boy has been overheard discussing his new

suit. There has been some pondering on the parts of Miss Hughes and room mothers as to the menu. It seems most of the boys are hungry for fried chicken. The honor roll will have to wait until next week.

EXCHANGE

 "What did Churchill say to FDR as they were parting?"
 "Goodbye and many tanks."

Dig! Dig!

The guide had been answering the fussy woman's questions for half an hour and his patience was exhausted.
 "How were these caves formed?" she asked.
 "I wasn't alive then, Madam, but the story goes that a Scotchman dropped a sixpence down a rabbit hole."

Teacher: Jack, why are you late this morning?
 Jack: Every step I took, I slipped back two.
 Teacher: At that rate you wouldn't be here now.
 Jack: Oh, I turned around and walked the other way.
 (Could Jack's name be Kelly)

SNOOPER

Jimmy L., the student conductor from Levelland surely is a swell guy, isn't he?
 Pat, Jewel, and Nadine surely go for these out-of-town boys.
 Benny, what do you mean by Boom-too-de-dum-boom?
 Boys, how do you like the Spur sponsors or is it the girls?
 What's this about Elmer Kelly and Patton Springs.
 These pipes are really hard on the girls.

The Jones sisters have found something interesting in Amarillo. What cute Gruber boy did Jewel fall for?
 How does Peter V. like orange sherbert?

H. L., it's a good thing your mouth is big so you can win a little money, isn't it?
 Pat, it's too bad that it's so far to Levelland, isn't it?

Robbie Jo, why go to bed so early when there are exciting things to do?

What was so mysterious about an ex-senior up to Margies house Betty, did you really know them or were you just trying to get acquainted.

Oland, you didn't know you could attract the women's attention did you?

FRESHMAN NEWS

This week all of the freshmen are bak in school and classes have started on their regular routine again.

There were quite a number of Freshmen gone Thursday and Friday. They were taking part in the band contest at Amarillo.

In Home Ec the freshmen girls are working in the laboratory. We have had a few cooking lessons and are doing very nice

work. We expect to serve at the 7th grade banquet, May 6th. In English we have studied the drama, Julius Caesar. We have finished it and are making book reports on it. This drama is the hardest thing we have studied this year. We are also studying poetry. There are certain days when we say poetry, so we can get our required lines before school is out.

SENIORS

—Mary Lee Dacus
 We seniors received our invitations to the Junior-Senior banquet this week. We are looking forward to May 1st with much joy, for that is the big night of the banquet.

No class copy pictures yet. Will we get them?
 Kenneth Killian who has had appendicitis operation has not returned to school yet. We hear that he is coming to school soon.

FIFTH GRADE

Those who were out of town over the week-end were Lela Mae Close visiting in Amarillo, Lila Jane Knutson visiting in Shamrock, and Mary Lou Davis, visiting in Borger.

A very interesting thing we have in our room this week is a blooming cactus plant sent over by Mrs. Caldwell.

We have \$527.30 in War Saving Stamps and Bonds.

GRADE ASSEMBLY

On Friday afternoon the Grade Department had a program consisting of songs by the third and fourth grades, a dance by Dorothy Meers, and two films "The Earth's Rocky Crust and a safety film, "We Drivers."

Following the assembly program we went to the high school gym to see the grade school girls volley ball team play a group of high school girls. We enjoyed the games very much and are proud of the showing our grade school girls made against the high school players.

Our Future Is At Stake

Vote Saturday, May 2nd

NO ONE LIVING IN THIS COUNTY CAN MINIMIZE THE IMPORTANCE OF CASTING A FAVORABLE BALLOT FOR THE MARKETING QUOTAS SATURDAY, MAY SECOND.

The future of not only the wheat farmers, but of all other activities in Hansford county is at Stake. Without a loan on wheat the economist tell us Wheat will drop to 30c per bushel. Under the terms of present laws wheat farmers will be able to borrow 85 percent of Parity on this year's crop. This would more than double the income of the county since wheat is now bringing about \$1.00 per bushel. With wheat marketed at 30c it is doubtful if anyone in the county would get Cost of Production out of the crop. It would be a calamity for wheat farmers to sell their wheat for less than 60c.

We know the Panhandle eligible voters are in favor of the Wheat Marketing Quota, it is his duty to vote and not allow anything to keep him from the ballot box on Saturday, May 2nd.

Your Electrical Appliances and the War

BY JUNE 1, the manufacture of virtually all electrical appliances will have ceased for the duration. This action was taken by the War Production Board to conserve vital metals and to speed the conversion of the appliance industry to war production. Appliance manufacturers are cooperating wholeheartedly as their contribution to the all-out drive for victory.

How will the cease-production edict affect you? What can you do to assure a continuation of the necessary functions that electricity performs in your home? Here are some timely suggestions:

- 1 If you have appliances that are in good condition, keep them that way by giving them proper care and attention. Continue to use them for essential purposes, but avoid wasteful and unnecessary use that causes needless wear.
- 2 If some of your appliances need repairs, have them attended to now by a competent serviceman. Often a small part or a minor adjustment will make an old appliance as good as new.
- 3 If other appliances have outlived their usefulness and cannot be repaired, replace them now with best-quality new ones that will give you trouble-free service for the duration. We still have a stock of new appliances to meet essential needs and we will endeavor to take care of the requirements of our customers as long as our limited supply lasts.

It has always been our policy to help our customers make the best and most economical use of their electrical service and we plan to continue this policy to the fullest extent possible. We invite you to consult us or any electrical dealer regarding your appliance maintenance and repair problems. We'll help you in every way we can. We suggest that you try to make your present appliances last for the duration, but if you need new equipment, we urge you to buy now while stocks are available and you can purchase on present favorable terms. Waiting may entail disappointment.

H. C. Hjortholm, pastor

OSLO NEWS

The grass is green. The trees are leafing out and the wheat is growing by leaps and bounds in Oslo these days. Last week we had 2.3 inches of moisture. The farmers are looking for an early harvest. The big worry is where to secure the manpower for the task. The rainfall was not heavy in Oslo last week as in the surrounding territory. We hope that the hail at Gruver did not do too much damage. We may expect the hail here, too, but we hope that we may escape having much of it. The rainfall for the week, Mon. Apr. 20 to Mon. Apr. 27 was .93 inch.

The Luther League of the Oslo Church met at the church last Sunday evening. Last Sunday being International Luther League Day, the topic was The Meaning of International Luther League Day. The speakers were Joe Walker and Doris Dahl. The ceremony of the Lighting of the Luther League Emblem was carried out by Louise Knutson. Mrs Hjortholm sang the song "Living for Jesus". Louise Knutson accompanied her. After the business session a social hour, during which lunch was served, was enjoyed by those present. Miss Marie Stedje spent the week-end at her home here in Oslo last week. Her brother, James, took her back to Borger on Sunday afternoon. Men from 45 to 64 registered Monday. Pastor Hjortholm served on the registration board at this place. Lenard Hill, who was recently inducted into the Army, is stationed at Sheppard Field, Wichita Falls, Texas and is attending a school for mechanics at that place. Mr and Mrs Lawrence Hill called at the Lars Hill home on Saturday afternoon. Pastor and Mrs Hjortholm called at the John O. Dahl home on Wednesday evening of last week.

AMARILLO JUNIOR COLLEGE PLAYED CONCERT

Visitors and the student body were entertained Tuesday afternoon at 8:30 with a concert featuring the Amarillo Junior College band. Mrs Virde P. R. V. Converse Says:

It is reported that the Laval government of France is pledged to fight the free-French in Africa, which gives us something more to add to the headache we already have. The free-French are fighting for us. It will be too bad if we have to fight the French people in Vichy in order to help free the good people of that nation. If Vichy is for Hitler they will have to take their medicine like that yellow cur will one of these days.

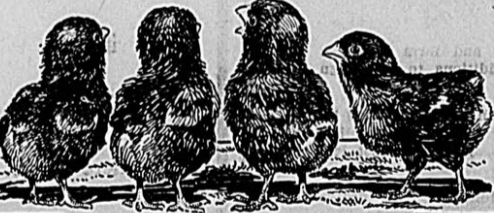

Our air force have begun to drop a few bombs on the Japs so the little boys at home will realize what they have asked for. It is one thing to send an Army thousands of miles away to fight and quite another to have the war fought on your own doorstep.

There is very little being said about politics these days but we can expect the silence to be broken soon and then we will hear all about the things that the administration is doing and a great deal more about the things they should do which of course avaleth nothing. Yours, R. V. C.

HATS OFF TO J. B. HIX and BOB

'They did it again'... Sheriff H. L. Wilbanks and Deputy sheriff J. B. Cooke of Hansford county were directly responsible for the quick arrest of Jack Hardin, confessed slayer of A. L. Brake, who was found murdered April 13 north of Panhandle.

Our information came to us from District Attorney Bill McConnell who was in Spearman Wednesday of this week. McConnell said 'We were having court in Spearman April 13th when I received a phone call telling of the finding of a murdered man near Panhandle. I just mentioned this fact to Hix and J. B. as I started for the scene of the crime.'

Hix and J. B. remembered that our constable Mr Crawford had reported questioning a young man early in the dark hours of April 15 who told Crawford that he had been stuck and got the mail man to push him out. This clue fitted in with the hour of the murder and they immediately got into their car and headed for Panhandle with this information. They told the Sheriff of Carson county about this clue and went on into Amarillo and interviewed the mail carrier and got a perfect description of the then hunted man. Carson county officials with this positive information had little trouble in having the murderer apprehended in Holbrook, Arizona the night of April 15th.

Congratulations Bob Crawford Hix Wilbanks and J. B. Cooke.

Mr and Mrs Shotwell of Perryton spent Saturday night and Sunday with their daughter Mrs Chester Hughes and family.

Morris Barton an employee of Bill McClellan visited with home folks at Wellington over the week-end.

Mr and Mrs Don Shockley, and Joe Don, and Mrs M. H. Boyd and Sally Dawn of Perryton who have been visiting their parents Mr and Mrs Edd Wilbanks are leaving to join their husbands at Port Arthur, Texas where they will make their home.

Miss Ruth Buchanan is vacationing in Oklahoma City this week.

250 ENJOY BARBECUE

'It's always fair weather, when good folk get together.'—And 250 people of Hansford county know that the above statement is correct when they were present Tuesday night at the 4-H and Band Barbecue held on the Jones ranch.

'The best barbecue, beans and apricots we have ever had', was the sentiment of the crowd.

The following were responsible for the eats: Cooks, C. A. Gibner Gene Richardson, Bruce Sheets, Joe Hatton, J. B. Cooke, and John Bishop.

Apricots, John Bishop, P. A. Lyon and W. B. Hicks.

Beans, Marion Glover and Miss Hughes.

The band presented a 30 minute concert before the eating started and 4H Club boys, girls and sponsors presented a short program.

School officials, Joe Hatton and Marijo Brown wish to thank members of the Lions club for the barbecue and also for their splendid cooperation given their various organizations.

Two Hundred and fifty of us wish to thank Aunt Bena Jones, Gwenfred Lackey and Mr and Mrs Doc Jones for letting us have the barbecue on their land.

Below you will find a list of all people that ate to much: Fred Hoskins, A. F. Barkley, Carl Clift, who is the state deputy superintendent and 247 others.

WARNING

The government, as well as the railroads, is warning coal operators, coal dealers and consumers that movement of war materials will begin to reach a high peak by late summer and that a very critical car shortage is without a doubt to develop by that time and there will not be sufficient cars for coal loading to meet the demand. They are urging all coal consumers to put in their entire winter supply of coal between now and July first. We already have a number of orders from customers and would like to Have YOURS Within the next Few Days.

What You Can Build

UNDER THE NEW GOVERNMENT BUILDING ORDER

Repairs And Maintenance

There are NO RESTRICTIONS on Repairs and Maintenance.

'REPAIRS' means the restoring to sound working condition of any building structure after wear or damage, but without changing the design.

'MAINTENANCE' means the upkeep of a building; structure; or project in sound working condition, without any change in design of structure.

THUS, anyone may do any repair or maintenance they desire on any existing building structures. This includes homes, farm or ranch buildings; store buildings; factories; theatres; warehouses; schools or other public buildings, etc. It includes all fencing, walks, outbuildings and appurtenances to such buildings or projects.

New Construction

'NEW CONSTRUCTION' includes, not only homes; ranch and farm buildings and improvements; commercial structures, etc., but also additions to or design changes in any existing structures of any type.

FOR FARMERS and RANCHERS—Any farmer or rancher can make additions to, or build new, any individual building, structure, project or improvement (other than his home) costing less than \$1,000. Each individual project must cost less than \$1000 in any 12 month period.

FOR HOME OWNERS—Construction of a new home or additions and design changes in existing homes must cost less than \$500 in any 12 month period. This applies to farm, ranch and city homes. (Remember Painting, roof replacement, etc no limit).

FOR BUSINESS CONCERNS—Any industrial, commercial, or recreational business institution can add to, or build any structure costing less than \$5,000 in any 12 month period.—BUT REMEMBER REPAIRS AND MAINTENANCE ARE UNLIMITED!

IN CASE OF FIRE, Flood, Storm, act of God or Public Enemy since December 31, 1491. Building or Structure can be COMPLETELY replaced. This applies to both CITY AND RURAL HOMES.
