Betsy Dahl First WAAC of County

WOMEN RECEIVE TRAINING AT MOINES, IOWA

Colonel Marvin B. Durr, Commander of the West Recruiting and Induction Detachment, announced this week that Betsy M. Dahl of Spearman is the first woman to be enlisted in the Women's Army Auxiliary Corps. Dahl has been employed in the office of Sheriff H. L. Banks as office deputy. When she was sworn in last week Miss Dahl said "I want to do my part in helping win this war. I think women of America who are patriotic and do not have dependents should replace men in the service who are needed for combat. I feel that the W.A.A.C. is the best job where we can be of help and I am willing to go where they send me." Dahl is a 1938 graduate of the Gruver High School, Gruver, Texas. Virginia F. Williams inducted Miss Dahl on the KCWO weekly broadcast over the radio last Wednesday. She stated that it was her first experience in radio speaking. The WAAC recruits receive their training at Fort Des Moines, Iowa.

E. CAMPBELL ASSES SHOP TO JOHN BERRY

E. Campbell, announced this week that the Campbell Tailor Shop had been leased by John Berry of Spearman. Berry takes charge of the shop Monday, Nov. 16. Campbell asks that customers who will get excellent cleaning and pressing expertly done. John and his family have lived in Spearman for the past 6 years.

COYOTE HUNTERS REWARDED

Coyote hunters have received a bounty of 6 scalps since this county recently offered a bounty of \$2.50 for each coyote killed in Hansford county. The scalps must be brought to the Commissioners' Court at Spearman before noon each second day of the month. No scalps will be paid on brought in before that date.

Christmas Mail Must Be Early--Avoid Congestion

Train and Mail Congestion, and Crowded Postoffices To Make Early Mailing Needs. The postal department has issued a warning that Christmas mail should be placed in the postoffice 4 weeks in advance of Xmas as well as packages. Due to the heavy demand on the railroads, train service is disrupted. Postal service has suffered due to the fact that thousands of employees have gone into the armed services, and in case of placement, the new man cannot do the mail as rapidly as usual. Postmaster Marvin Chambers uses all who mail packages to in the service and to friends a distance to get their packages mailed about the first of December. Christmas cards must be mailed about the same time.

RELEASE REQUIRED BEFORE YOU CAN ENLIST IN NAVY

3-A Men May Apply For Officers Training

Selective Service registrants desiring to enlist in the Navy, Marine Corps or Coast Guard must first obtain a statement from their local board certifying that they are "not now classified in Class 2-A, 2-B or 3-B, nor entitled to such classification by reason of being a necessary man engaged in dairy, livestock or poultry farm", according to a memorandum issued today by the state director of Selective Service to all local boards. VOC Enlistment.

General J. Watt Page, State Selective Service Director, today urged 3-A registrants, desiring to train for commissions in the U. S. Army, to contact their local boards immediately for instructions and proper application forms.

Headquarters have been notified that there are vacancies for registrants now classified 3-A for training for commissions in the following branches of the service: Anti-Aircraft Artillery, Coast Artillery, Cavalry, Chemical Warfare, Engineer, Infantry, Field Artillery, Ordnance, Signal, Military Police, Tank Destroyer and Armored Force.

Such registrants must be American citizens with at least four years high school. Volunteers under 21 years of age must obtain written consent of parents.

Spearman PTA met Tuesday afternoon in the auditorium.

The program was under the direction of Mrs McLain. The first two numbers were trios from the high school chorus. Rosanne Porter, Nadine Hardin, and Sybil Martin sang "Drifting and Dreaming". Nadine Hardin Sada Ruth Hoskins, and Barbara Jean Dally sang "He Wears A Pair of Silver Wings." They were accompanied by Jean Hill at the piano.

Principal M. W. Graves was the speaker of the afternoon, using the subject "Education, the Bedrock of Democracy."

No awards have yet been made for the membership drive.

The first grade won the attendance award for the meeting.

Next meeting is the second Tuesday in December at 3:30.

Mrs Ben Beck, president, presided.

Mr and Mrs Warren McNabb and children, Neal and Nan, recently moved to Winslow, Arizona. Warren is employed by the Santa Fe Railroad as a paint supervisor.

CERTIFICATES NECESSARY

Operators of trucks, buses and taxis must have their certificates of war necessity before applying to the local war price and rationing board for their mileage rations.

The certificate of war necessity, issued by the Office of Defense Transportation, form the basis for our issuance of transport rations to these commercial vehicles. When applicants come to the board they must bring with them these certificates, together with properly executed application for a mileage ration.

Each war necessity certificate states the number of miles the vehicle for which the certificate is issued will be allowed to travel during a 3-month period. The certificate also states the number of gallons of gasoline needed to cover this mileage.

The rationing board will determine the amount of transport rations to be issued for the vehicle on the basis of the mileage allowed in the certificate. In no case is the board permitted to allow more gasoline than is stipulated in the certificate.

The T books will be tailored to the allowable mileage by tearing out coupons.

EXTRA TIRES MUST BE TURNED IN BY NOVEMBER 22

The office of price administration announced all passenger cars will be eligible for recapping services or for replacement tires under the national mileage program effective Nov. 22, but motorists will be limited by quotas to be assigned to rationing boards. The grade of tire allowed in case recapping is impossible will be determined by the amount of mileage allowed applicants in their gas ration books.

Motorists asking more mileage than the basic ration must furnish specific detailed information about their driving requirements on forms issued by OPA and available from Nov. 19-21 at schoolhouses designated as registration sites. If the applicant's mileage is more than 150 miles a month, but less than 470 he will be issued a B book. Mileage of more than 470 miles will warrant a C book. Holders of C books must display stickers on their windshields indicating why they were granted extra gasoline.

The Reporter will publish a complete list of C Ration book holders.

NEW FOUR-H COUNTY PROJECT BEGUN

On the eve of National 4-H Achievement week the Hansford 4-H clubs began a new project, the cherry tree demonstration.

Some 120 4-H members of the county unanimously chose to plant 3 cherry trees of varieties adapted to this county. Early Richmond, English Morrell or Montmorency, this next spring.

Jimmy Rosborough, extension horticulturist, showed the 4H club members how a good cherry tree was grown and gave the pointers on caring for their trees. There were four of the group that have seen a fruit tree bud and knew why it was done. They all had seen budding demonstrations when club meeting was over.

Three demonstrators are going to take care of the cherry seed this winter, plant them in the spring, and all the club members are going to help them bud the seedling cherry trees in August. These demonstrators are Carl Craig Hutchison, Spearman, Wilma Womble, Morse and Ola Florence Dozier, Gruver.

The District Extension agents, Miss Doris Leggett and Mr K. Parr are very interested in what the Hansford club members are doing. They attended the 4H meeting Nov. 4 and talked with the group about their new project. Miss Elizabeth Huffhines, H. D. agent from Ochiltree county was present.

Yes, 4H members are going to make Hansford county the "Cherry Tree County" of the Panhandle.

TAX MONEY COMING IN BETTER THIS YEAR

Hansford residents and non-resident property owners of this county are paying their county-state taxes better this year than in the past ten years, according to Deputy J. B. Cooke.

Hansford county should be in the best financial condition of its history by the first of January.

Mr and Mrs Perry Hawkins have returned home from Amarillo where they were several days with their little daughter, Sue Ellen who was seriously ill in the St. Anthony hospital.

Take License Receipt With You For A Book

Registration for gasoline rationing has been postponed until Nov. 19-21 and actual rationing has been delayed until Dec. 1. The delay was caused by lack of the necessary forms and ration books.

This applies to trucks, taxis and other commercial vehicles as well as to passenger cars and motorcycles.

Registration had been set for Thursday, Friday and Saturday and actual rationing for Nov. 22. The schools were ready to get the job done, and in Hansford County the board was ready.

All requirements will remain the same.

The rationing board says that all motor vehicle owners must present receipts for auto registration (that is, the buying of license plates) before ration books can be issued. If these receipts have been lost, duplicates can be obtained from the tax-assessor-collector in the county in which the vehicle is registered.

Here in Texas the rationing is to save rubber; in the East it is to save gasoline. Secretary Ickes, the oil coordinator warned yesterday that a cut in the four-gallon weekly ration in the East may be necessary "unless civilian consumption is cut voluntarily to the irreducible minimum. I can see no way in which we can supply enough gasoline to maintain the present value of coupons," Ickes said.

Ickes told the people of the East that all pleasure driving must cease.

So it could be worse for Texas.

All Surplus tires, passenger type, must be turned in by Nov. 22.

Gas registration will be conducted at Spearman, Morse and Gruver in the public schools. Be sure to bring motor vehicle registration card. You are urged to register on the first day of the registration Nov. 19. Only basic A ration books will be issued during this registration. If you feel you are eligible for a supplemental ration, ask your registrar for a supplemental application.

Beginning Monday, Nov. 23, assistants will be in the courtroom of the courthouse to assist in filling out your supplemental applications. After the supplemental applications are filled out present them to the Rationing Board for their consideration.

The Hansford County Gasoline Rationing committee consists of D. W. Hart, chairman, I. P. Baggerly and H. H. Jones.

The tire rationing board will assist the Gasoline Board during their consideration of supplemental rations.

Services were well attended this past week end. We were happy to have in our midst quite a number of visitors from a distance and from Spearman and surrounding communities.

Spearman is our home for the present and we appreciate the privilege of living among fellow Texans and Americans. We have traveled in many states but when the name of Texas is mentioned we could not help but think it was the finest of all states.

Speaking of Americans, we have the privilege of worshipping God according to the dictates of our conscience so let us all avail ourselves of these opportunities to attend church in a free country. Socialism, Communism, Nazism and Fascism cannot take the place of Christ in our hearts or Americanism in the land of the Free and the home of the brave. We are looking for you to be at the Union Church Sunday. The Pastor.

**Ev'rybody Ev'ry Pay Day
6,000,000 Women Enrolled in War Savings Payroll Plan.**

WASHINGTON, D. C.—Women At War Week, opening Nov. 22, during which women will seek to sell the greatest single week's volume of War Bonds and Stamps will serve to put the spotlight on the mighty contribution women generally are making toward financing the war.

Six million women are on War Savings payroll plans. Their monthly deductions total \$70,000,000.

The customers of 300,000 newspaper boys who have sold more than \$50,000,000 in War Bonds and Stamps are mostly women.

Volunteer saleswomen run nearly all the Bond booths in theatres from Maine to California. They also are sparking the War Bond sale in retail stores.

Ralph G. Engelsman, Associate Field Director of the payroll savings section of the War Savings Staff, readily admits that without the support of women the phenomenal record of payroll savings enrollments would not have been achieved. Payroll savings plans are now in operation in 148,000 businesses and factories. Employees of twenty-five thousand of these firms are converting at least 10 percent of gross payrolls into War Bonds every payday.

Associate Field Director Engelsman says that women have contributed directly and indirectly toward this record. When a man devoted 10 or more percent of his pay envelope to War bonds, the woman at home has had a powerful voice in the decision. Her planning, her economies and her cheerfulness play their part in the success of payroll savings.

The Treasury Department is counting upon this woman influence in its current campaign to "top that 10 percent by New Year's." By the first of the year the Treasury hopes to enroll at least 3,000,000 women workers in a payroll savings plan

Record War Bond Sales Is Goal Of Women At War Week Nov. 22

WASHINGTON, D. C.—America's women in the cities and on the farms—in war factories and in their homes—are determined to make Women At War Week the greatest War Bond selling effort since Pearl Harbor.

Mrs. Franklin D. Roosevelt sounded the keynote for the Treasury Department's Women At War Week, Nov. 22 to 28, with an appeal to women to save "little things" to provide money for War Bonds.

"We women want to work hard, we want to be a part of this strenuous period because unless we are, we will not be able to face the men when they return and claim our share of the future responsibility for building a peaceful world," the First Lady declared.

The overall direction of Women At War Week rests with the Women's Section of the War Savings Staff under the leadership of Miss Harriet Elliott, Associate Field Director, and Mrs. Henry Morgenthau, Jr., Chief of the Special Activities Unit.

From coast to coast women in every community have made plans for torchlight parades, fashion shows, teas, rallies, store window displays, Stamp and Bond booths, pageants, civic sings, balls and mardi gras. In each locality administration of the one week drive rests with the local War Savings Committee which has worked out activities adapted to their areas.

Mrs. Morgenthau, in a special message for Women At War Week, declared that the spirit of America's pioneer women lives today more strongly than ever.

"The average American woman began to rise to new heights on Sunday, Dec. 7, 1941," Mrs. Morgenthau said. "This winter the average American woman will be spending less in order to save more to invest in War Bonds and Stamps. She will not, please God, ever have to fire a gun or fly a bomber. But she will, please God, always do everything she can to help buy anything—and the best of everything—that fires or flies or floats in this terrible war."

During Women At War Week volunteer War Bond saleswomen will wear an armband similar to the one being attached to the sleeve of Mrs. Henry Morgenthau, Jr., by Miss Harriet Elliott.

WOMEN AT WAR—Overalls, wrenches and drills replace fineries as these war workers in an Army Arsenal march to tank repair shops. Note the determination on their faces. These women are typical of hundreds of thousands who are working in war factories and investing part of their earnings in War Bonds.

Mildred, do these zippers often break in English class.

Margaret H. I'll bet Gruver sure gets lonesome without you.

Betty Lou, do you often go to sleep on the way home from parties.

Jean Cates, did you find it quite warm that Friday night?

Katherine W. how are the 3 little sisters getting along?

Caylor, what's this I hear about a certain toast you made?

Billy Joe why don't you make up your mind whether you like her or not.

Pat, did you sprain your ankle very badly?

Barbara Jean, what's this I hear about you falling in the hall? Shame, shame.

What's this we hear about Mammy Yokum week?

BUFFET SUPPER

The second year Homemaking class entertained with a buffet supper, Tuesday evening in the Homemaking Department.

Red, white and blue decorations were used. The buffet table was centered with a red, white and blue drum; around which were red and blue stars, two tall red candles and two toy cannons made of peppermint candy and pin cushions. Each individual table was centered with a candle on a red, white and blue base. Place cards were made with small American flags, gum drops and name cards.

After the supper, a short musical program was given by the girls in the class.

Guests included Mrs. W. M.

Glover, Mrs. Geo. Buzzard, Mrs. F. J. Dally, Mrs. J. E. Gunn, Mrs. J. B. Caldwell, Miss Garmon, Miss Deakin, Joyce Mathis, Floyd Dean Crawford, the 2nd year class and advisor Miss Hughes.

SOUR NOTES
The Spearman band lost an exceptionally good director and a swell friend when W. I. Byron joined Uncle Sam's fighting forces last Saturday. This was Mr. Byron's second year in Spearman and it was under his direction that the band won such high honors at the contest last year.

Mr. Byron took the band on 2 trips before he left. We went to Gruver last Wednesday and Perryton Friday afternoon to play for chapel programs. When the band returned to Spearman Friday afternoon, we played a short concert down town. It was at this concert that Mr. Byron turned the band over to Mr. Misner, our new director.

The band is very fortunate in getting Mr. Misner to continue Mr. Byron's work. Mr. Misner is a graduate of Oklahoma U. with a degree in instrumental education. He plays the violin and the cornet and will solemnly tell you that his 7 weeks old son, Jerry Brian, is also very talented on the violin. Mr. Misner formerly directed bands at Stannett and

Canadian. When asked what he thought of our band he said "I think Spearman has one of the finest bands in the Panhandle, and we are going to keep it that way."

Scholar: Yes sir. Because it don't want to be roasted too much on one side.

Gone With The Wind
The talkative workman, was holding forth to an admiring audience in the village store He was explaining that even in his job, which people might think dull at times, these was sometimes quite a lot of excitement.

Why, I can remember once when a gas explosion tore up a main street where I was working.

And what did you do?
Ah, replied the workman, I tore up a side street.

JUNIOR NEWS
The Junior class selected their Senior rings Thursday. In the ring is a black tahiti stone which changes colors in the light. On the sides are two initials and the year. They come with or without the stone.

We are going to order them now as soon as everybody gets their money in.

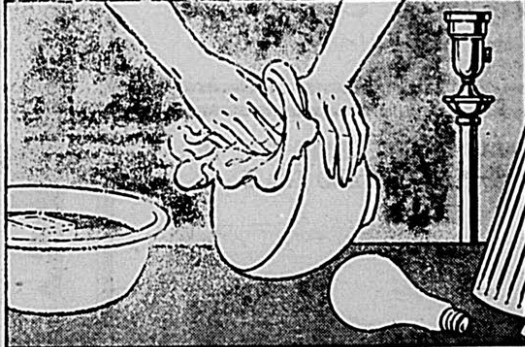

Betty Nabours has moved to Temple instead of Pampa.

SOPHOMORE NEWS
Everyone, especially the boys, is looking forward to Sadie Hawkins' week, which is to be all this week. Maybe some of them will be disappointed.

MAKING THE MOST OF YOUR LIGHTING

(No. 1 of a Series)

Keep Equipment Clean

You're paying for light you're not getting when dust and dirt accumulate on lighting equipment. "Before and after" tests show that simply by cleaning bulbs, shades and reflector bowls you can increase light output as much as 30% to 50%. Lamp shades should be dusted, brushed or dry cleaned. Wipe bulbs off frequently with a damp cloth. Reflector bowls, enclosing globes and other lighting glassware may be removed and washed in warm, soapy water. Always dry all lighting equipment thoroughly and do not allow moisture to get into sockets or connections.

If you need new lamps see our stock of I. E. S. Better Sight Lamps. Especially designed for safe seeing, they provide an abundance of both direct and indirect light without glare. Ask for a free trial. See what a difference good light makes!

To Our Friends and Patrons

Because of the war, the buying of groceries and meats is very limited. We are trying our dead-level best to please our patrons in buying groceries to supply them, but find that when several dozen articles are ordered that only half of them are delivered and we are also rationed as to what we buy wholesale.

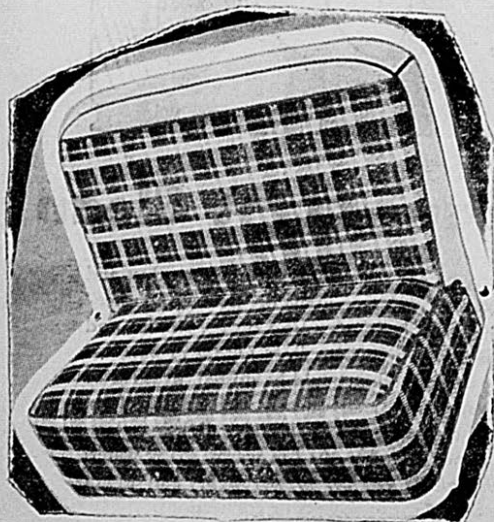

We are going to do our best to serve you in Staple and Fancy Groceries and Meats and ask that you continue to visit us and buy as you have before. It is not our fault that we do not have what you want and the amount you wish to buy, but due to the fact that we have a war to win, and we must win it or we will all have to live on a great deal less than our present allowance, we are forced to serve you as best we can.

Yours to win this war.
