One night, "Dainty Brenda Lee" saw her 'Steady Daddy" dancing to "Skitch's Boogie" "Down Among The Sheltering Palms" with "San Antonio Rose" who was wearing "Buttons and Bows"

The next day, when "Dainty Brenda Lee" saw her "Steady Daddy", she said (and we quote) "My Darling, My Darling" "What Did You Do To Me". Is ours just "A faded Summer Love?"

Our hero replied, "My Own True Love," what is this "Cornbelt Symphony?" Surely "You Were Only Fooling"

# Take care of your clothes Electrically

E VER stop to think of what a beating your clothes take when hanging on the line on a windy spring day?

That whipping wind tosses them, pulls them, twists them, detracting every minute from their future usefulness to you.

That can be easily avoided through the use of a scientifically designed labor saving home clothes dryer. In this economical machine, gentle puffs of warm air remove the moisture from your wash, leaving it toast dry. You'll avoid, too, the trouble of bundling up to go out to "hang up clothes" and resulting colds and sniffles.

Put an electrical clothes dryer on your list of electrical needs ... you'll like it.

Your appliance dealer will gladly give you a demonstration of the efficiency of the new automatic clothes dryers. See him soon.
