THE SPEARMAN REPORTER, SPEARMAN, TEXAS 79081

THURSDAY, JANUARY 27, 1983

Superbowl Dinner

The Christian Youth Fellowship (C.Y.F.) of the church will be serving a Spanish Luncheon on Sunday, January 30, from 12:30 to 2:00 p.m. in the Fellowship Hall of the church. In addition to regular service, there will be "Super Bowl" take-out orders, beginning at 12:30 p.m.

The menu will include Chili Burritos made with pork roast and roast beef, Spanish Rice, Refried Beans, Salad, Dessert

and Tea or Coffee. Cost will be \$4.50 for adults, \$2.50 for children over 6, children under 6 are free.

You may come by or call the church after 12:30 for take-out orders. (Moms want to watch the "Super Bowl" too, so come by and eat with us before the game or take lunch home to eat in front of the T.V.)

Proceeds for this event will be used for projects of the youth group.

Earl Henderson services

Memorial services were held at 2:30 p.m. Tuesday in the Morse School Auditorium for Edwin Earl Henderson, 55, who died Friday in an Amarillo hospital. Rev. Harold Fleming, pastor from Harlington, officiated. Burial was in the Lieb Cemetery by Minton-Chatwell Funeral Directors of Borger.

He was born in Morse and had lived there all his life. He was a farmer and a member of Morse Community Church. He was a member of Morse Lions Club and the Farmers' Union.

He was a veteran of World War II.

Survivors include his wife, Nell, of the home; a son, Alva Earl Henderson of Lubbock; two daughters, Mrs. Patricia Minard of Oklahoma City and Mrs. Carolyn Greene of Eagle River, Alaska; his mother, Mrs. Besse Henderson of Morse; a sister, Mrs. LaVern Parks of Morse; a brother, Deryl Henderson of Springfield, Mo.; and six grandchildren.

The family asks that memorials be made to the Morse Community Building, Morse.

Hospital News

Patients at Hansford Hospital are Ival Phillips, Mary Quattlebaum, Penny Poole, Ben Birdwell, John Lackey and J.W. Pittman.

Dismissed were Lena Jones, Ruth Skinner, Ann Sanders, Manuela Nunez, Abby Reyes, Mickey Schoenhals and Patty Christy.

W-2's due by Feb. 1

Employees who have not received a W-2, Wage and Tax Statement, by February 1 should contact their employer to be sure they have the correct address, the Internal Revenue Service says.

Even if an employee is unable to get a W-2 before the tax filing deadline, the return must be filed by April 15. The IRS reminds taxpayers that they must have a W-2 form from every employer they

worked for during the year. If it is impossible to obtain a W-2 from an employer, the employee should either request a Form 4852, Substitute Wage and Withholding Statement, from the IRS or attach a signed and dated statement explaining the tax computations for the missing wage and tax information to replace the W-2 and file it with the tax return, according to the IRS.

THAT'S AN EASY TWO POINTS—Steve Burke, one of the young experienced Sophomores on the Lynx team, lays the ball easy thru the hoop, as #30, Jay Pack and #20, Scott Dunlap—both Seniors, make sure the ball goes in.

"YOU'VE GOT TO BE MORE AGGRESSIVE, FELLOWS"—Coach Gary Rambo talks to his JV Lynx, Jerry Garcia, Julio Vasquez, Johnny Rodgers, Pat Tucker, Billy Ray Haden, Bob Cook, Mack McLain and Jeff Graves.

Rosie Solis Allsup's Graduate

RECEIVES DIPLOMA—Rosie Solis (left) receives her diploma from Rick Garris, instructor, for successfully completing the Allsup's Assistant Store Manager Training Course. Held at the company's home offices in Clovis, New Mexico, the class is a requirement for all Allsup's assistant managers.

According to Garris, "The training prepares individuals for future advancement by teaching them proper food handling, cooked food procedures, store cleanliness and maintenance as well as public relations. It's designed to produce a more professional employee who can better serve the customer and community." Rosie will return to her store at 305 West Kenneth in Spearman to assume the duties of assistant manager.

The Flag girls for the 1982-83 season of football and basketball for Spearman High School are from left to right standing: Alicia Langston, Freshman; Mary Anne Brinson, Sophomore; Qynn Brown, Junior; Lee Barnes, Sophomore; Teresa Miesner, Junior; and Angela Coombs, Junior.
Back row left to right: Julie Kell, Junior; Sara Avila, Junior; Bambi Burger, Junior; Ann Barnes, Sophomore; Tischa Pearcey, Sophomore.

Citizens urged to lock doors

We do not want to alarm the citizens of Spearman, or the ladies, in particular, that might be home at night alone, but we would like to remind all individuals to always lock and secure all residential entrances, including garage doors.

During the month of December 1982 and the month of January 1983 to date, there have been ten (10) burglaries and two (2) attempted burglaries reported to the Spearman Police Department. This Department would like to take this opportunity to remind the citizens of Spearman that these activities can be curtailed by locking and securing their residences and your vehicles.

If a perpetrator and/or

thief finds an unsecured entrance, his crime can be conducted easily and without resistance, in many instances. By securing your homes and vehicles, you will decrease the accessibility to these individuals that violate a person's privacy and ownership.

Please lock and completely secure your homes and vehicles for your safety and the safety of other citizens of Spearman.

D.J. Alberts Chief of Police INCIDENT REPORTS

On Wednesday, January 19, 1983, an officer was dispatched to a Spearman residence to speak with a subject in reference to what was believed to be an attempted burglary. The officer was advised that

at approximately 3:00 p.m., the subject had returned home after having left at 11:00 a.m., the subject found the back door to the residence open. The subject advised that the back door had been secured at the time of departure. The officer checked the area, finding no evidence of anyone entering through the door. The subject advised the officer that nothing was missing from the residence.

On Thursday, January 20, 1983, while on routine patrol, an officer observed a subject apparently passed out in his vehicle. The officer awakened the subject and removed him from the vehicle. The subject did not appear to be extremely intoxicated, so the officer advised the subject that he

could drive home and the officer would follow him. The subject was later placed in the patrol vehicle and the officer was going to take the subject home, but the subject began arguing about the ride home. The officer placed the subject under arrest at this time and incarcerated him in the Hansford County Jail. The subject was released approximately 4 hours later.

On Sunday, January 23, 1983, at approximately 9:16 a.m., this officer received a telephone call from a Spearman resident advising that there was a domestic disturbance occurring and an officer was needed. An officer was dispatched to the location and a Hansford County Deputy responded for a backup if

needed. The officers talked with both subjects and advised them to be in Municipal Court on Monday, January 24, 1983 as charges had been filed by one of the subjects. Further action is pending the judicial action that will take place Monday in court.

On Saturday, January 22, 1983, at approximately 8:46 a.m. an officer was dispatched to the YMCA in reference to a burglary. The officer arrived and talked with a subject at the YMCA who advised that a locked drawer had been pried open and approximately \$320.00 in quarters had been taken. The Hansford County Sheriff's Office was contacted to assist in the investigation. At this time, the investigation is continuing.

On Sunday, January 23, 1983, at approximately 2:34 a.m. while on routine patrol an officer discovered a door ajar at the YMCA. The manager was notified and arrived to check the building. The building was found to be intact and the door had apparently been left open by people that had used the YMCA earlier in the evening. The building was secured at 2:52 a.m.

ACCIDENT REPORTS

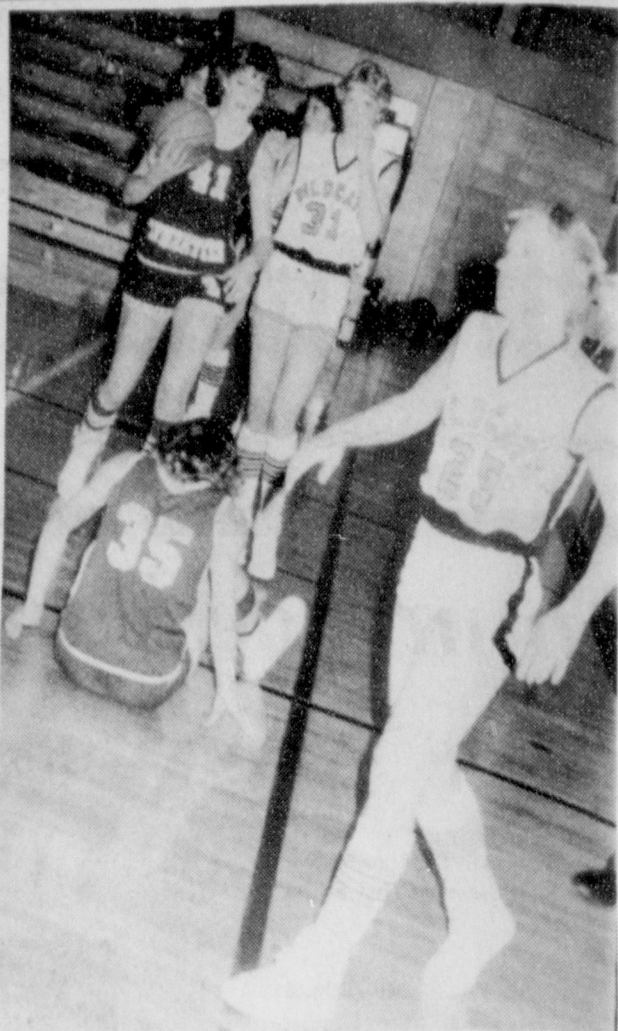

We have had three accidents reported since January 18, 1983. All three accidents were weather related. All accidents were injury free.

Although unemployment means some change for families, it doesn't necessarily mean family disintegration. Many people feel unemployment has a severe negative impact on the individual and results in a family crisis. But this isn't always true. Many families may draw closer together and use the opportunity for a more satisfactory job change or more flexible attitudes toward home/work roles.

Studies of families that have adapted to crisis situations point out several ways to avoid additional stress.

USE OF PERSONAL RESOURCES

Stressful situations are not viewed as unmanageable when families have reserves to draw on, either money put aside for an emergency or possible investment.

Education is a personal resource because it can help the person realistically look at unemployment and analyze possible strategies for job change/relocations.

Another personal resource is health and emotional well-being. When individuals are healthy, psychological threats that often accompany job loss don't affect them as much. Good health is also useful when looking for a new job.

RESOURCES OF THE FAMILY UNIT

When a family is close and adaptable, a person's response to unemployment is less severe.

Communication within the family unit is valuable. It enables discussion of managing limited resources, employment alternatives and feelings of worth and recognition.

The ability to shift roles is important: flexible attitudes toward job tasks at home and work make role changes easier to accept than structured "who does what" attitudes.

Unemployment often brings families closer as they look for ways to compensate job and financial losses.

USE OF SOCIAL SUPPORTS

Social supports available to unemployed individuals and their families may be found in community services, federal and state assistance, company

or union benefits and neighborhood or group networks. This assistance may be in the form of money, goods, services or self-help programs.

Although job loss is not always related to performance, the unemployed person often feels vulnerable. Social services reduce the severity of this feeling.

Unemployment is part of the current economic situation, and so is the stress placed on the family of an unemployed individual. Families can cope more effectively with adjustments and change to fit the situation when they recognize and use their available resources.

EDUCATIONAL PROGRAMS CONDUCTED BY TEXAS AGRICULTURAL EXTENSION SERVICE SERVE PEOPLE OF ALL AGES REGARDLESS OF SOCIO-ECONOMIC LEVEL, COLOR, SEX, RELIGION OR NATIONAL ORIGIN.

TSTI Spring Registration

AMARILLO--TSTI-Amarillo will hold pre-registration for the Spring Quarter from 8:00 a.m. to 4:30 p.m., February 7-10, at the Resource Center on the Amarillo Campus. At this time you may register for full time day and night classes.

Full-time day classes are being offered in Auto Body Repair, Aircraft Mechanics, Automotive Mechanics, Boot and Shoe Operations, Commercial Art in Advertising, Construction Technology, Cosmetology, Computer Science Technology, Diesel Mechanics Technology, Drafting and Design Technology, Electronic Systems Technology, Mechanical Electrical Technology, Machine Shop Operations, Interior Design Technology, Industrial Instrumentation Technology, Meat Processing and Marketing, Printing Tech-

nology, Saddle and Tack making, Professional Truck Operations, Technical Office Training, Transport Refrigeration Mechanics, and Welding and Fabrication.

Regular registration for the Spring Quarter will be March 1, 1983, from 8:30 a.m. to 4:30 p.m., with classes starting on March 2.

For more information regarding registration contact the Admissions Office at (806) 335-2316, ext. 269.

Funds available for vehicles for elderly and handicapped

The State Department of Highways and Public Transportation is announcing that funds are still available to purchase vehicles and related equipment for the transporting of elderly and/or handicapped citizens.

Approximately \$330,000 of federal funds still remain available under the Section 16b(2) program Fiscal Year 1983 allocation. Fiscal Year 1983 allocations have not been received.

Only private, non-profit agencies are eligible to receive funding. Involvement of minority-oriented organiza-

tions is encouraged. Interested individuals or organizations can obtain information and applications for 16b(2) grant program at the State Department of Highways and Public Transportation District Office. Written inquiries should be directed to:

A.L. McKee
State Department of Highways and Public Transportation
Attn: William Harvey
P.O. Box 2708
Amarillo, Texas 79105
Telephone inquiries can be made by contacting William Harvey, 806-355-5671.

Ground Hog Meal Feb. 2

The ladies of the First United Methodist Church will be serving their annual Ground Hog

meal at the church on Feb. 2 from 11:30 a.m. to 2 p.m. Tickets are \$5 for adults and \$3 for students.

The menu includes pork chops, sausage, gravy, green beans, cabbage slaw, apple sauce, sweet potatoes, hot biscuits, homemade pies, coffee and tea.

This is an annual event for the Methodist ladies which is always enjoyed by the community, but this year they are serving it at noon instead of in the evening as they have in year's past.

Our Heritage of Faith...

LAOTIAN REFUGEE TO SPEAK AT FAITH LUTHERAN
Santy Khammoung of Amarillo will be the guest speaker at Faith Lutheran Church this Sunday morning. Mr. Khammoung is one of many Laotians in Amarillo who are members of Beautiful Savior Lutheran Church there. It is there that Mr. Khammoung serves full time as the lay minister to the Laotians.
On Sunday morning, Mr. Khammoung will use slides to tell of the Laotians, himself, his special ministry and the Lord.
A pot luck meal will follow the worship service at which time Mr. Khammoung will respond to questions we may have.
Visitors are most welcome to participate with us.

Local depot to close

AUSTIN, Texas, Jan. 17--The Railroad Commission has authorized the Atchison, Topeka & Santa Fe Railway Co. to discontinue its agency stations at Follett-Booker-Darrouzett and Spearman.

Santa Fe will serve these areas through a regional freight office in Perryton.

Based on evidence presented at a public hearing, the Commission determined that the change will allow service to shippers in each of the affected

areas via a toll-free telephone call to the Perryton office. The rail company will send employees to inspect damages and to sign shipper bills of lading when requested.

Santa Fe was also authorized to dismantle the depot buildings for each of the affected stations.

Before a rail company is allowed to close one of its agency stations, it must prove to the Commission that the public will not be adversely affected.

Tracie Keetch on honor roll

Forty-nine Panhandle State University students earned a perfect 4.0 grade point average and have been named to the President's Honor Roll by Dr. Thomas L. Palmer. To qualify for listing, a student must carry at least 12 credit hours of university courses, receive a straight A average and have no I's.

There are 1392 students attending classes on the Goodwell, Oklahoma, campus. The

49 listed on the President's Honor Roll represent the top 3% of those attending.

Area students named to the President's Honor Roll include: Tracie Keetch, Spearman; and Kay Merrell, Perryton.

PUBLIC NOTICE

Notice is hereby given that
**NORTH PLAINS ELECTRIC
COOPERATIVE, INC.** (the
"Utility") intends to change its
power cost adjustment rate for
electric utility service effective
February 9, 1983, or as soon as
may be permitted by law. The
proposed power cost adjust-
ment changes the manner in
which wholesale power cost are
to all areas to which the Utility
provides electric utility service.
All classes of customers are
affected by the proposed
change. The proposed power
cost adjustment is not expected
to increase the annual revenues
of the Utility.

Implementation of the pro-
posed change is subject to
approval by the appropriate
regulatory authority. A State-
ment of Intent including the
proposed revision is on file with
the Public Utility Commission of
Texas.

The Statement of Intent is
available for public inspection
at the general office of the
Utility located at Highway 83,
North, Perryton, Texas.

NOTICE OF HEARING BEFORE THE TEXAS WATER COMMISSION OF AN APPLICATION TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS

NO. 4297

Notice is given that
**WILSON McCLELLAN,
ROY L. McCLELLAN,
AND VERA BETH HICKS**
1013 Wilmeth

Spearman, Texas 79081,
applicants, seek a permit pur-
suant to S11.143, Texas Water
Code, and Rules 156.02.05.001
(31 TAC S303.1) et seq. to
divert a total of 240 acre-feet of
state water per annum at a
maximum diversion rate of 2.7
cfs. (1200 gpm) from an existing
12 acre-foot capacity reservoir
on Horse Cree, tributary of Palo
Duro Creek, tributary of the
North Canadian River (which
flows in Oklahoma), Canadian
River Basin, at a point on the
perimeter of the reservoir
located approximately one (1)
mile NW of Spearman, Hans-
ford County, Texas to irrigate
200 acres of land out of 774.47
acres owned by the applicants
in Section 65, Block 4-T, T&NO
RR Co. Survey, Abstract No. 398
and Section 66, Block 4-T,
T&NO RR Co. Survey, Abstract
No. 980. Applicants seek au-
thorization only for the cultiva-
tion of feed for domestic
livestock actually kept on the
property, all being more fully
set out in the application.

Application No. 4297 was
accepted for filing on January 3,
1983, and a hearing thereon will
be held by the Commission in
the Stephen F. Austin State
Office Building at 1700 North
Congress Avenue in Austin,
Texas, on March 1, 1983, at 10
o'clock a.m. Any person who
intends to offer prepared testi-
mony at the public hearing shall
pre-file the testimony with the
Chief Clerk of the Commission
not less than five days prior to
the hearing, and shall serve
copies of prepared testimony on
the applicant, the Executive
Director and Public Interest
Advocate of the Department of
Water Resources and all other
persons who have filed written
protests or written requests not
less than eight days prior to the
hearing. The Commission may
authorize the late filing of
prepared testimony upon a
showing of good cause and
extenuating circumstances. Any
person who desires to receive
prepared testimony shall file a
written protest or a written
request with the Commission
not less than eight days prior to
the hearing.

Those opposing the granting
of this application may appear
at the hearing and/or, not less
than eight days before the
hearing date, may file written
protests with the Commission
and serve copies on the
applicant with proof of service
to be provided to the Commis-
sion. Written protests shall
contain the name and address of
the protestant, an identification
of the pending application, the
basis of protestant's interest,
location of protestant's di-
vision point (s) or property if
applicable and any amendments
or adjustments to the applica-
tion which would result in a
withdrawal of the protest. The
written protest will be noted by
the Commission but will not be
considered as evidence since
the right to cross-examine is
absent. No protestant will be
admitted as a party to the
proceeding unless the protestant
complies with Commission
Rule 155.04.00.001 (31 TAC
S267.1) which requires a justic-
able interest and actual or
representative presence at the
hearing. If any party partici-
pating in the hearing desires a
transcript of the proceedings it
will be done at the request and
expense of the party requesting
the transcript. Due to the
technical nature of the hearing,
it may be advisable for the
protestant to have an expert
witness, such as an engineer,
available at the hearing, per-
sons desiring further infor-
mation in connection with
this application may con-
tact Nancy K. Matchus, 10,

Box 13087, Capitol Station,
Austin, Texas 78711.

Hightower, Kubiak speak at FU Convention

AUSTIN, TX--Agriculture Commissioner Jim Hightower and former state representative Dan Kubiak, candidate for Congress in the 6th Congressional District, spoke to an enthusiastic crowd of some 500 farmers and ranchers during the opening session of the 79th Texas Farmers Union Convention in Austin, Thursday night.

"We can't have an economic recovery until we have a farm recovery," Jim Hightower, Texas' newly-elected Commissioner of Agriculture told a meeting of the state's largest farm organization.

Issuing a sharp attack on the economic policies of the Reagan Administration, Hightower said, "We're in a period when family farmers are innovative, productive, efficient--and going broke."

"When it costs \$6.31 to produce a bushel of wheat that sells for \$3.35, what else do you need to know?" he asked rhetorically. "Even U.S. Secretary of Agriculture John Block can figure that."

The Reagan Administration's "payment-in-kind" plan came in for a special dose of Hightower's scorn. "They're gonna give us grain," he told the 500 farmers and family members. "Well, when Chrysler was in trouble, did they offer them more cars?"

Hightower said that he explained the program to reporters who asked him his opinion of the plan by saying, "What if you were to be paid in newspapers?"

A better plan, Hightower argued would be a paid diversion program, "to get rid of the surplus" commodities glutting the nation's storage

bins and forcing down prices. He called for higher loan rates and target prices paid by the government. "We need a farmer program, not a farm program," he said.

Hightower vowed that his agency would be aiding the state's farmers with water, transportation, energy and marketing programs. "We're gonna be active in a way you haven't seen a Commissioner of Agriculture be in a long, long time," he declared. "We've got a long row to hoe, but we're going to win a battle or two."

The response to Hightower's speech was generally favorable. "I think he hit the nail on the head," said Jimmy Shadden, an Erath County man who farms over 5,000 acres of farm and ranch land in the Hill Country and the South Plains.

Dan Kubiak of Rockdale followed the Commissioner with a campaign-style speech seeking the support of the assembled Texas Farmers Union members. "You know," said Kubiak, "I've been fighting that terrible pest the boll weevil since I was a little boy growing up on our family farm on the banks of the Brazos. Now I'm fighting the enemy of the working man and woman--Phil Gramm the infamous boll weevil."

Kubiak assured the delegates that if elected he would continue to fight for the family farmer and rancher in Washington.

Dance Club elects offices

During the January 8th business meeting of the Rainbows & Rangers Square Dance Club of Spearman, officers for 1983 were elected. They are: President-Joe and Wanda Archer, Vice-President-Scott and Jackie Barkley from Gruver, Secretary-Treasurer-Johnny and Virginia White, and Social Chairman-Charles and Hazel Shieldknight.

At the January 22 dance, over 4 squares had a good time dancing to the calling of Fred Shieldknight, Rick Riggins, and a guest, Ray Halsey from

Farmworth. Guests were Bob and Peggy Furguson, Howard and Verna Barkley from Gruver and Ray and Mabel Halsey, Delbert and Louise Timmons, and Benny and Joyce Byers and daughter, Becky, from the Ochiltree County Square Dance Club.

Refreshments were served by Jody and Sharon Archer, Phillip Archer and Scott and Jackie Barkley.

Lessons for new dancers are being offered each Tuesday night at the YMCA building at 7:30. All are invited.

Books available thru Interlibrary Loan

It would cost over \$5,000,000 to purchase one copy of each of the 200,000 books published each year in the United States. It would also cost a significant amount to build structures to house them.

Because of these factors, libraries have to be very selective about the materials they purchase for their collections. Most libraries purchase only a small fraction of the books published annually.

What happens when you want to read a book that isn't owned by your local public library?

1. You might decide to do without the book. This option will be an irritation, the severity of which depends on how much you really want to read that book.
2. You might buy the book...assuming it is still in print and you can locate a copy of it. The average hardback book cost \$25.48 in 1981, the most current year for which this kind of information is available. If you want to read very many books your library doesn't own, this will soon become quite expensive.
3. A third option is to ask your librarian to try to get the book for you from another library on interlibrary loan. Interlibrary loan is a federally funded service administered through the Texas State Library in Austin and is free of charge to users of Texas public, college and special libraries. In addition to books you can get copies of magazine articles, government publications and answers to almost any question.

The Amarillo Public Library serves as interlibrary loan's Major Resource Center for the Texas Panhandle. Other libraries in the top twenty-five counties call the interlibrary loan staff in the Amarillo library with their requests. If Amarillo Public owns the needed item, staff members mail it to the requesting library.

For items not owned by the Amarillo library, staff members turn to a computerized data base connectin over 2,000 libraries. Each of these libraries has put its card catalog information into the data base

and most have agreed to loan their materials to other libraries. This means that over nine million titles are available for loan through your local library.

The interlibrary loan staff not only identifies what libraries own a particular book, but they can also "call up" an interlibrary loan "work form" on the computer screen and request that the book be loaned to your library. Library staff at the other library check to see if the requested book is on the shelf; if so, it is mailed to the library where you made your request. When the book arrives, your librarian will contact you and you can come and check out the book. When you are finished, just bring the book back and the librarian will mail it back to its home library.

Future plans of the Harrington Library Consortium, four Amarillo area libraries which are beginning to use a computer to help cut down on paperwork and to share their resources, call for making interlibrary loan even more efficient. At some future time all Panhandle libraries may be linked electronically through computer terminals to a shared data base. Your librarian will be able to see which library in this area owns a book, whether it is on the shelf and request that it be sent...all by "pushing a button."

Until that time, folks using interlibrary loan need to keep the following in mind:

1. Although it is impossible to say how long it will take for you to get

a book on interlibrary loan, the average time is about two weeks. If you have a deadline, let your librarian know and it will be specially treated as a "rush" request.

2. Have as much information about the book on hand as possible. Author, title, approximately when it was written, where you heard of it and anything else that will help identify and locate the item you want will be helpful.
3. Not every request can be filled. The vast majority

can and are...but there are some things that just can't be found and some things that libraries just won't loan. (But it never hurts to try!)

Terri Jolly, the interlibrary loan librarian at the Amarillo Public Library, says she thinks more people could enrich their lives by taking advantage of the service. "Not every library can own every book," she says. "But every Texas citizen has the opportunity to read almost any book in any library in the country."

Windbreak trees available

The Hansford Soil & Water Conservation District is taking orders for windbreak trees at the present time and will accept orders up until March 1, 1983. All interested persons may come by the Soil Conservation Service Office in the Pittman-Shieldknight Building and sign an order form.

CORRECTION

In the story on page 1 in Sunday's paper concerning deposits in county banks, the total deposits should have been \$77,170,000.00 instead of the \$87,170,000.00 stated.

We regret this error.

Registration For Kindergarten Begins

The Spearman Elementary School is starting the 1983-84 kindergarten students list. It is important that next year's students be known now in order that they may be given information on the immunizations and other planning which is necessary.

If you have a child or know of any child whose birthdate was prior to September 1, 1978, and who will be 5 years old before or as of Sept. 1, 1983, please complete the form and return it to the Spearman Elementary School, 511 S. Townsend. This should be done before January 20, 1983.

Spearman Music Club

The Spearman Music Club, a member of the State and National Federation of Music Clubs, met on Tuesday, January 18, 1983 at the First Christian Church.

The business meeting was brought to order by Altha Townsend, club president, and began with everyone repeating the club collect. It was reported that the club sent in their check to the National Headquarters for the Founders Day Observance Fund which reflected 100% participation of the members. The plans for the Valentines program with the husbands on February 15th were also discussed.

The study for the evening was on Stephen Foster. Dana Schnell read a little history of this well known American composer. The club chorus with Janie Kunselman accompanying, sang "Gentle Lene Clare" and "De Camp-town Races." Fran Glass accompanied by Janie Kunselman sang "Beautiful Dreamer." Then LaDean Dorsey joined Fran and Janie and they sang "Oh, Susanna."

Refreshments of hot punch, coffee and cake were served by LaDean Dorsey.

Members present were: Myrna Biggers, Charlene Bryan, LaDean Dorsey, Fran Glass, Janie Kunselman, Celia Krug, Jan Morgan, Dana Schnell, Altha Townsend and guest, Debbi Stenulson.

The next meeting will be at the Hansford Manor at 5:15 p.m. on February 1, 1983. Plans are to sing some songs

for the residents and then have a short business meeting in the old dining hall afterward.

Life would be more pleasant if pay days came more often than collection days.

The effort to secure selfish advantages explains much of what is termed "politics."

The best way to get ahead in life is to stop talking about it and do something about it.

The lazy man never works, the average man always works, and the brainy man gets the dough.

Character building is almost like the weather; everyone talks about it but very few do anything about it.

The Christian Youth Fellowship will have a Spanish Luncheon on Sunday, January 30, from 12:30 to 2:00 p.m. in the Fellowship Hall of the church. There will be "Super Bowl" take-out orders, beginning at 12:30 p.m. The cost will be \$4.50 for Adults, \$2.50 for children over 6, children under 6 are free. You can call or come by for the take-out orders. Menu includes Chili Burritos, pork roast, roast beef, Spanish Rice, Refried Beans, Salad, Dessert, Tea or Coffee.

Near Disaster...

City employee Ronnie Bullard is pictured above as he catches gasoline which was escaping from a car on Main Street Monday evening. Some 20 gallons of gas leaked in to the gutter, and mixed with melting snow

threatened to burn a large portion of Spearman if ignited. City workers sanded down the gutters and prevented a very dangerous situation on Main Street.

BIBLE VERSE

"A new commandment give I unto you, That ye love one another; as I

have loved you, that ye also love one another."

1. Who gave the above commandment?
2. To whom was he speaking?
3. Upon what occasion?
4. Where may this commandment be found?

Answers to Bible Verse

1. Jesus Christ.
2. To his disciples.
3. Upon the occasion of the Last Supper, after Judas had left the Upper Room.
4. John 13:34.

Looking at WASHINGTON

BY EDWARD H. SIMS

Reagan Trails

The latest Gallup Poll indicates either John Glenn of Ohio or Walter Mondale of Minnesota would defeat President Reagan in a national election today.

That Glenn leads Mondale is surprising in view of the former vice-president's campaigning for over a year. The margin, it's true, is slim. Senator Glenn received 54 percent support to 39 for the president and Mondale received 52 percent support to 40 for Mr. Reagan.

The net result of this poll is to capapult Glenn into the favorite's role in next year's election. However, the popular favorite doesn't always have the same measure of support among delegates. Mondale, it's said, may well have more prospective delegate support at the moment.

What this means for Mr. Reagan is that he must get the economy moving again if he is to regain the popular support he enjoyed for most of his term. And most political pros feel that means the nation must be showing solid recovery by the end of this year.

Puerto Rican Independence?

Recent bombings in New York City by a fanatical Puerto Rican organization seeking independence for that island remind Americans of this emotional aspiration.

The United States really has little reason or justification for retaining sovereignty over these Puerto Rican people. Independence would be the logical answer to the problem.

But having administered the island and its people

for almost a century, officials in Washington are not sure which way to turn. The Reagan Administration takes the view the people of Puerto Rico should decide.

Since a huge, disproportionate share of food stamps and other federal aid programs now go to Puerto Rico, in an idealistic and generous policy set by Congress, the majority would never likely vote to give up this gravy train. Hordes there live better than they ever hoped to until U.S. aid began to flow to the island, as if it were a state.

Over-population, of course, is a cause of much of the problem, and will likely continue to be because of the policy of the long-dominant church there against birth control pills. How, then, can the problem be solved?

Nationalists want their country to be free. But so heavy is the flow of U.S. dollars to these very poor people, in various aid forms, the majority is, in effect, bought off, and won't likely vote for independence. Generous aid, then, has probably produced a permanent dependency.

Commissioners set holidays

Hansford County Judge R.L. McClellan gavelled the regular meeting of the commissioners court to order Monday morning in the face of a crowded agenda that kept the court in session until the close of courthouse business that afternoon.

Many of the action items were held over for the next session either because of need for further study or lack of time to do justice to all facets of some projects.

Chief of the holdover items was the treasurer's quarterly report. There may be a budget revision before this can be completed. This will not be a reach for more money but rather to meet requirements of classification in the budget.

Another holdover item will be a contract with some firm for the collection of delinquent taxes. This is an annual business item but commissioners wanted to consult with some firms and some other taxing entities before a decision in this matter.

These delayed items do not mean commissioners did no work. They approved wage scale adjustments in the sheriff's department, a not unusual action when a new employee or employees are added.

The panel approved deputization of all qualified deputies in the county-district clerk's office.

Another action item was the designation of holidays for courthouse employees for the current year.

April 3 will mark Easter observance with employees getting a holiday the Friday before Easter Sunday. Memorial Day will be observed May 30. July 4 is a fixed date while Labor Day will be Sept. 5. Veterans Day will be the traditional Nov. 11. Nov. 24 and 25 will be the official Thanksgiving holidays.

For Christmas, courthouse employees will be given Dec. 26, the Monday following the Christmas weekend and New Year's, by sequence, will be the same way with Jan. 2, 1984, added to the weekend.

Following such routine items as the monthly treasurer's report and approval of bills for payment, the agenda turned to what might be termed inspection and analysis.

Discussed were the building's telephone system in the light of changes made by law effective Jan. 1, 1983 as well as the passage of time in the use of the present system. No decision was made until a comprehensive look at systems available and their costs can be made.

The possibility of the cooling and heating systems requiring extensive repair and modification or even replacement was discussed. Here again, this item was a part of the members of the court's tour of the building to view the total picture.

A part of this was in the Home Demonstration office where some repairs and possible remodeling are needed along with more adequate lighting.

A part of all this repair-remodeling discussion was the condition of the county barn, what might be done and the best way to go about it.

While the full corps of commissioners did yoeman's work, there was enough continuing business to give them another full agenda when they convene for the regular commissioners court session Feb. 14.

All meetings are open to the public and Judge McClellan and the commissioners welcome any citizen interest in the conduct of county business.

715 W 7th Spearman, Texas

Lynxettes 'Unplug' Perryton's Power

LYNXETTE POWER!—Cindy Young, No. 35, powers her way thru the Perryton Defense. Cindy held No. 42, Stacey Blasingame very well in the game. Cindy out-powered ALL the Rangerettes in this attempt for two points.

The Spearman Lynxettes, coached by Ralph Newton, played an excellent game. They are getting back to their kind of basketball, fast-moving action, rebounding, inside shooting as well as outside shooting. The Lynxettes do miss Susan Davis', #33, outside shooting. Susan is one of Coach Newton's great outside shooters. As a matter of fact, whenever Lea Ann Gibner, has a cold night from the outside, Coach Newton knows that Susan can take over, whenever Susan has a cold night, he knows that Lea Ann is around. Most of the time, the Lady Lynx get their points from the outside when Susan and Lea Ann are both red-hot. Whenever Susan comes back from the injury, the Lynxettes will already be ready to go after the title they know belongs at Spearman High School, first of all the District Title. They knew that they had to get passed the Perryton Rangerettes,

and in front of an almost sold-out crowd at Lynx Varsity Gym, in their Homecoming game, the Lynxettes completely "unplugged the Rangerettes Power" from the inside. They held Miss Stacey Blasingame to a season low of under 6 points. Cindy Young was to guard Miss Blasingame, and Cindy did an excellent job. The final score was Lynxettes, 55, and the Rangerettes 43.

The members of the Lady Lynx squad are Seniors, Lea Ann Gibner, Susan Davis, Jean Davis, Jan Davis, Janet Reed, Cindy Young, Lana Paul, Juniors Andrea Mires, Kelli Crawford, Nita Baker, Denise Brewer, Robbie Heinrich and Sophomore Tiki Jackson. All of these girls have different kinds of talent, once they put their talent together, their full-court press is working, their new kinds of Defenses work, their outside shooters are red-hot, as well as their inside shooters, they are

hard to defeat as the Rangerettes from Perryton found out. The Lynxettes started off very well, still with the absence of Susan Davis, #33, a Senior playmaker, the Lynxettes did an excellent job. Cindy Young, Senior #35, was to guard Stacey Blasingame—the 6'1 Rangerette Post. Cindy is 5'8 herself. Well, Cindy did an excellent job guarding against Miss Blasingame. As a matter of fact, Miss Blasingame was stopped with 2 points for the first 3 quarters!! Cindy was really doing a job under the boards. The Rangerettes fell behind by 10 in the first quarter, 15 to 5, and never did go ahead of the Lynxettes, who were in the driver's seat all the way. The Rangerettes played a fine game, don't get me wrong, but the Lynxettes were better. They had their outside shooter, Lea Ann Gibner, #25, having another excellent night, with the absence of Susan, Lea Ann helped the

Lynxettes with her outside shooting. By the way, the inside shooters, especially Janet Reed, was having an excellent night. She was playing a great game on Offense as well as Defense. The Lynxettes outscored the Rangerettes once again, 18 to 17. The score at intermission was 33 to 22.

Coach Newton was telling his Lynxettes not to slow down, keep up the full-court press, keep up the excellent Defense, keep up the outside as well as the inside shooting, because the Rangerettes can make a big come back, they are known for that. While

Coach Newton was telling his Lynxettes to keep up the great work, the Rangerette Coach was telling his Rangerettes to get as many Offensive rebounds and start outscoring the Lynxettes.

Well as the third quarter started, the Rangerettes really didn't have a good Offensive quarter, but they did have a fine Defensive quarter stopping the Lynxettes with 6 points, while scoring 9 points of their own. The Lynxettes were ahead 39 to 31. The Rangerettes seemed to be making a come back, as Coach Newton probably figured. Well, just as the Rangerettes

were settling back for their come back, the Lynxettes' Lea Ann Gibner and Janet Reed started scoring even more, while Cindy Young stopped Miss Blasingame. The only Rangerette that could not be stopped was Miss Leccera Schickedanz who had a total of 19 points, the high for both teams. The final score was 55 to 43. Lea Ann had 17 points and Janet had 14. By the way, Lea Ann Gibner was crowned 1983 Basketball Homecoming Queen, while Darren Goodheart became 1983 Basketball Homecoming King.

The Lynxettes will play the

Dalhart Wolverines tonight—Tuesday, January 25. If the Lynxettes win, their season record will be 18-3, and District record will be 3-1. Then on Tuesday, February 1, the Lynxettes will be playing in the "Game of the Year", a rematch with the Canadian Wildkittens. **NOTE FROM SPORTS DESK:** The Wildkittens defeated the Lynxettes by 16 points. The Lynxettes didn't have Susan Davis with them, they will have her for the rematch against Canadian, the Lynxettes will also have a new Defense, a better full-court pressure, and so forth. All I have to say, is that game is going to be the best game of

the year in District, anyways. If you miss this game, well, I'd say, it would be like missing the Superbowl, the World Series, the NBA Championship game, the Rose Bowl, the Cotton Bowl, the NCAA Title Game. This will be one of the best, if not the best games of the year!! The Lynxettes will be playing at home, and this time the table will turn in favor of the Lynxettes, because the home crowd usually has a lot to do with a win!! Don't y'all miss the game of the year against the Canadian Wildkittens on Tuesday, February 1, it will be played at the Lynx Varsity Gym beginning at about 6:00 or 6:30.

Lynx 'Scare' Rangers

ANOTHER TWO FOR BUDDY!—Buddy Pool, No. 24, arches the ball well and scores two more points for the Lynx, as No. 30, Jay Pack makes sure the ball goes in.

The Spearman Lynx played an excellent game against the tough Perryton Rangers. These two clubs had met before in a Tournament, with the Rangers winning by 20 points. The Lynx, coached by F.G. Crofford, were prepared for the Rangers. As a matter of

fact, the Lynx almost pulled the upset of the year. The final score was 53 to 45, but the game was a lot closer than the final score indicates. Ask any Ranger or Lynx fan. Yes sir, the game was something else in the final quarter, the

Rangers were ahead by 3 points in the final quarter before Clint Allred and Damon Palmer teamed up and pulled the Rangers ahead by 8 points, by which they won. It was a real close and exciting game.

The members of the Lynx

are Seniors Darren Goodheart, 1983 Homecoming King; Jay Pack, Jan Hartsell, Mike Caldwell, Scott Dunlap; Juniors Buddy Pool, Byron Sutterfield, Sophomores Mark Pearson, Ross Donahue and Steve Burke. The Lynx played an excellent game. The Lynx were down by only 2 points after the first quarter, 10 to 8. They were playing a fine game. With Jay Pack and Ross Donahue shooting well from the outside, Buddy Pool and Scott Dunlap doing a fine job in the inside and Darren Goodheart, as playmaker of the bunch, doing a great job passing to the open man. The Rangers then went up ahead by outscoring the Lynx 12 to 7. The score at the half was 22 to 15.

The Lynx knew what they had to do, stop #11 and #31, Clint Allred and Damon Palmer, both were having a fine night. The Rangers found out that the Lynx were more improved then when they played the first time.

The Lynx came out scoring from the outside as well as from the inside. They outscored the Rangers 16 to 14 in the 3rd, and found themselves behind by only 5, 36 to 31. In the fourth and final quarter,

the fans, the Gym was "plum-full", saw how the Lynx managed to get behind by only 3, but then they had to foul in order to keep getting the ball back without letting the Rangers stall. Well, the Rangers took the opportunity to shoot the freethrows that was really what won the game for them. The final score was 53 to 45.

The Lynx played an excellent job, their season record is 10 and 11 and their District mark is 2-2. The Lynx will face the Dalhart Wolves—defending Champs—at Lynx Varsity Gym tonight, Tuesday—January 25. If the Lynx win, they will have pulled the upset of the year, have a District mark of 3-2 and be tied for 2nd place, but if they don't, the Lynx still have another shot at the Rangers, the Wolves, the Roughriders, the Wildcats of Canadian and River Road. They are still in the hunt for that title, and who knows the Lynx might just be the team to beat for the Title. On Friday, January 28, the Lynx will take on the Boys Ranch Roughriders, who defeated the Lynx in the first District game. This will be a good rematch, and the Lynx plan on bringing home the victory.

"What'd folks plant around here this year?"
"They planted a lot of XL-73 and XL-72aa."

"Which did better... the XL-73 or the XL-72aa?"

"To tell you the truth, Herb, it was kind of a toss-up. Both are consistent, high-yielding numbers. Can't beat that XL-73 for top grain quality."

"Will you plant them again next year?"

"I sure will. The way they yield and stand up to the weather, I can't afford not to."

"What will you back 'em up with?"

"I really like the way T1230 looks. I think I'll go with it."

"How do you think that mix will work out?"

"Should work out great. First of all, it'll let me spread the risk. And then too, plantin' several different maturities will sure take some of the pressure off at harvest time. Anyway, each of these numbers comes with a darn good track record."

"How good?"

"Tell you what, Herb, you guys keep supplying my dealer with hybrids like these, and he won't hear any complaints from me."

Herb Brown, Corn Product Manager for DEKALB-PFIZER GENETICS, talks with local corn grower about top-yielding hybrids.

3100 Sycamore Road • DeKalb, IL 60115

"DEKALB" is a registered brand name. Numbers designate hybrids. As a condition of sale, please note statement of limited warranty and remedy on DEKALB-PFIZER GENETICS orders and tags.

8th Lynxettes 'Devour' Perryton

The 8th Lynxettes played an outstanding game against the Perryton 8th grade girls. The 8th Lynxettes just practically murdered the 8th Raiderettes. It was an excellent game, and Coach John Roller was pleased.

The members of the 8th Lynxettes include Michele Savage, Carrie Ann Guthrie, Cayla Eaton, Leticia Vela, Kerri Ann Holt, Donda Pool, Jennifer Yarbrough, Stacie Swan, Shari Vernon, Tammy Nollner, Tammy Shields, Charlotte Brandt, Pam Stumpf, Kristi Wright, Cindy Medley, Kelli McWhirter, Rocio Rosales, Denise Rojas, Jennifer Sintas, Vicci Elbert,

Sandi McLeod, Neta Burger, Diane Sorgi, Julie Latta, Ronda Matthews, Lynette Dunaway, Jana Pittman, April Abston, Stephanie Baxter, Liz Sumner, Tammy Goodson, Diana Arjona, Ronda Gibson, Jan Allen, Jill McLain, Crista Urban and Melissa McLain. All these girls have talent, all 37 of them. They are still undefeated in District play, with a record of 6-0, and their season record is 11-2.

The 8th Lynxettes will be hosting the Dalhart 8th grade Bubbles beginning at about 5:30 or 6:00 p.m. Try and make it to the Lynx Little Gym and cheer on the 8th Lynxettes to another well deserved victory.

7th Lynx lose to Perryton

The 7th grade Lynx played a fine game against Perryton, but lost the game 39 to 16. It was a tough game for the 7th Lynx.

The members of the 7th Lynx are Justin Ooley, Alan Beeson, Brett Davis, Kevin Nelson, Timmy Woolley, Carl Urban, Jesse Herndon, Tony

Herndon, Will Black, Steve Moore, Junior Ochoa, Chris Lopez and Norman Scroggs. Timmy Woolley was the high point player with 9 points.

The 7th Lynx will now be traveling to Dalhart on Monday, January 31, beginning at 5 p.m. The game will be played at Dalhart.

7th Lynxettes play well against Perryton

The 7th grade Lynxettes, coached by Richard Trantham, played the best game they have played all season. They lost by 4 points, but they played very, very well.

The members of the 7th Lynxettes include Mary Lou Baker, Michelle Sandoval, Beverly Ruiz, Kari Schneider, Michelle Sumner, Lynette Williams, Wanda Wagner, Stacey Nitscke, Kim Jenkins, Tina Bredden, Dean Turner, Gina Bartz, Sherri Sexton, Paige Pittman, Earla Spencer, Connie Woolley, Angula Sintas, Julie Godfrey, Shannon Graves, Sara Blackburn, Lori Eaton, Adrian Dennis and Cindy Dowdy. These girls

have plenty of talent and are very good ball handlers. It was a tough loss, but they played an excellent game.

The 7th Lynxettes will be hosting the Dalhart girls in a very big game at the Lynx Little Gym. So don't y'all miss this game.

9th Lynxettes

The Freshman Lynxettes, coached by Richard Trantham, played a great game and won their game against Perryton by 1 point. This made the Freshman Lynxettes have only one loss in District and that was against the River Road team. The 9th Lynxettes actually snuck right by Perryton. This win made the Freshman Lynxettes win their 3rd game against Perryton.

The members of the Freshman Lynxettes squad are Carlee Dixon, Julie Jones, Carol Taylor, Dana Irlbeck, Shelly Dunnahoo, Traci White, Mary Anne Evans, Linda

8th Lynx 'Sneak By' Perryton in OT

The 8th Lynx played a tremendous game, including Mike Pearson. The guys played against Perryton and completely blasted them out of the gym. It was an overtime game, with the 8th Lynx winning the game at the Lynx Little Gym by the score of 33 to 29.

It was an excellent game, played very well. The members of the 8th Lynx are Allen

Evans, Alicia Langston, Kim Younger and Nancy Queen. These Freshman Lynxettes have had a very fine season. They will entertain the Freshman Dalhart girls beginning at 7:00 or 7:30 p.m.

Mires, Mike Pearson, Mark Garnett, Scott Taylor, Jesse Lozano, Dusty Hill, Ray Saldivar, Daniel De La Rosa, Wade Burgess, J.W. Hardy, Monte Beck, Trevor English and Allen Gardner. Mike was the high-point man with 15 points. The 8th Lynx played a great game, they are coached by Ken Rutherford, while the 7th Lynx are coached by Dan Shaver.

The 8th Lynx will be facing the Dalhart guys at Dalhart on Monday, January 31, beginning at 6:00 or 6:30 p.m. Make plans to go to Dalhart in order to cheer on the fellows to victory.

PELICULAS MEXICANAS

'La Seduccion'

La Pelicula Mexicana para este Domingo, el 30 de Enero, se llama "La Seduccion". Esta Pelicula es mas para los adultos, los que tienen 30 para arriba, los jovenes y chiquitos no lo deben de ver, pero si quieren llevar a sus niños, o su familia para una Pelicula que va estar muy buena, llevenlos para que miren la Pelicula Americana, "Sacred Ground". Esa Pelicula es buena para toda la familia.

Los actores y actrices que van a salir en "La Seduccion" son Katy Jurado, Gonzalo Vega, Virginia Alariste y Noe Murayama.

La oficina del Triato Lirico de Spearman se abre en los Domingos para las Peliculas Mexicanas a la 1:30 para que compren sus tickets. La pelicula despues se comienza a las 2 de la tarde en punto. La Oficina se abre a las 7 de la noche para las Peliculas Americanas. Despues la Pelicula Americana se comienza a las 7:30 de la noche.

Los Adultos-los que tienen 12 a 100 años-pagan \$3.50 cada quien, los jovenes-los que tienen 6 hasta 11 años-pagan \$2.50 cada quien, y los chiquititos-los que tienen 1 mes hasta los que tienen 5 años-pagan nada. Esto es lo que pagan cuando van para las Peliculas Mexicanas en los Domingos, y para las Peliculas Americanas, todos los Jueves, Viernes, Sabados y Domingos para las Peliculas Americanas. Si van a ver una Pelicula Americana en los Lunes y Martes, todos-desde los que tienen 6 años hasta los que tienen 100, nomas pagan \$2.00 cada quien. El Triato Lirico de Spearman esta sierado todos los Miercoles, porque los trabajadores y los patrones tambien les gusta tener un dia de descanso.

La Pelicula Americana para la semana el 27 de Enero hasta el dia primero de Febrero, la vista "Sacred Ground". Esta pelicula es para toda la familia. Ustedes vallan en Lunes, el 31 de Enero, o el primer dia de Febrero y nomas pagan \$2.00 cada quien, y pueden ver una de las mas buenas Peliculas del ano. Esta Pelicula es muy buena. Se trata de indios y vaqueros.

La Pelicula Mexicana para el Domingo que viene-el 6 de Febrero. Iva ser "Lamenme Mike", pero lo cambiaron para la Pelicula "Y Hacemos De Tocho Morocho". Por eso la Pelicula Mexicana para el Domingo que viene-el 6 de Febrero-se llama "Y Hacemos De Tocho Morocho". Si quieren saber si esta Pelicula es buena para la familia o no, prendan sus radios a KRDF-FM en Spearman a las 5 de la tarde y pongan muy buen atencion, porque el Senor y la Senora Juan y Maria Antonia Avila les van a decir de que se trata la Pelicula del Domingo que viene. Ellos explican muy bien de que se trata la Pelicula.

St. Anthony's Plans Hospice

In a meeting in Austin, Texas, today the members of the Texas Health Facilities Commission gave approval to St. Anthony's Hospital for the construction of a 20-bed hospice.

The facility is designed to provide a full range of inpatient and outpatient services to meet the needs of the terminally ill and their families. There is presently no hospice program in Texas offering inpatient services.

The inpatient facility is projected to cost about \$4 million. A fund raising campaign for construction is scheduled to begin on April 4 and is expected to raise \$3 million. The remainder of the cost will be financed through hospital revenues over a three-year period.

Dr. Winfred Moore, Chairman of St. Anthony's Hospital Hospice Steering Committee stated that approval of the

CON would permit the Steering Committee to finalize their campaign plans. Moore indicated that the campaign will officially begin April 4, and that prior to the kick-off there will be an educational campaign for the public including use of a locally produced film about St. Anthony's Hospice.

The hospice concept, which began in the late 19th century in Ireland, involves maintaining a patient's quality of life when death is inevitable. The St. Anthony's program, which began in 1980 with the efforts of Sister Olivia Prendergast through the Life Enrichment Department, includes home health care; the 20-bed acute inpatient unit; social, emotional and spiritual support for the patients and their families and bereavement follow-up.

There will be three areas within the building for families to be together, according to Evelyn K. Smith, Ph.D.,

director of planning for St. Anthony's Hospital. "We have found that the family is reluctant to be far from the patient who is terminally ill," said Dr. Smith. "In our design we have made provisions for space to allow the family to be together for special activities, such as cooking a meal. There is also a larger room designed for group activities. It can be used as a family gathering place or as a resting place."

The hospice concept focuses on the quality of life when quantity of life is no longer a consideration. The emphasis of treatment is shifted from curative to palliative procedures. Pain control becomes an integral part of the care.

"It takes a very special type of person to work with the terminally ill patients," Smith continued. "All hospital staff and physicians have been trained to cure. When they see a patient dying that cannot be

cured they often feel that they have in some way failed."

"Our hospice staff has been carefully selected and extensively trained. Terminal patients require not only bathing and feeding, but an extra measure of concern. Patients facing death need to be spared the sense of abandonment that often comes in a regular hospital setting."

The new hospice building is designed so that each private room opens onto a courtyard. This keeps the patient in touch with the world and provides a more home-like atmosphere. Family members and even pets are allowed to visit the patient without the restrictions that apply in a hospital setting.

Plans call for the hospice to be connected to St. Anthony's Hospital by an enclosed walkway. Access to the hospital will allow the patients to receive radiation or chemotherapy or diagnostic studies. The hospice building will be relatively free of medical equipment, which sometimes becomes frightening to the

patient. Construction of the facility will be conducted in three stages beginning with the renovation of the hospital's School or Nursing Building. Ground breaking for the new building is expected early this summer.

Good Advice!

"Women-Aware" theme for awards luncheon

WTSU-"Women-Aware" has been chosen as the theme for the Eighth Annual Texas Panhandle Distinguished Service Awards Luncheon hosted by West Texas State University.

Women from throughout the Texas Panhandle area will be honored for their contributions to education, medicine, business, civic service and professional areas on Saturday, April 16, at the WTSU East Dining Hall.

Nominations of women who are 18 years of age and older and who are residents of one of the top 32 counties in the Panhandle, must be received by the WTSU Returning Student Program office before March 25. Nominees do not have to be former students or graduates of WTSU.

Serving as honorary chairpersons for the 1983 luncheon are Bea Pickens of Amarillo and Dr. Sue Park of Canyon.

Other members of the planning committee are members of the Area Advisory Council of the WTSU Returning Student Program and members of the WTSU faculty and staff.

Area Advisory Council members are Claudia Stuart, Caroline Chamblin, and Charlotte Quackenbush, all of Amarillo; Paula Britt of

Wheeler; Ruth Magee, McLean; Poppy Hulsey, Tulia; Nancy Josseland, Hereford; and Ruth Cross and Joan Van Doren, both of Canyon.

Also serving on the planning committee are Sandra Meek, WTSU dean of student affairs; Sylvia McTague, counselor with the University Counseling and Testing Center; Dr. Mary Gill, associate professor of modern languages; Ronnie Hutcherson, instructor in the School of Business; Mary Hill, assistant professor of physical education; Lila Vars, director of development; Mona Williams Statser, University Information Service director; Peggy Yeager, Returning Student Program Secretary; and Jackie McAlpin, associate registrar; and Jane Kerr, director of the Returning Student Program.

Tickets to the Texas Panhandle Distinguished Service Awards luncheon are \$10 each and may be obtained from the WTSU Returning Student Program before April 11.

Themes of previous luncheons have been "Bicentennial Luncheon," "The Expanding World of Women," "Individual Women...Together," "The Volunteer: A Valuable Voice," "A New Decade--Enter Women of the '80s," "All For the Family" and "One Touch Touching All."

Tech Ag Economist says PIK program has real potential

LUBBOCK--With petroleum prices declining and the Federal payment-in-kind program (PIK), the outlook for farmers looks brighter than it has in years, an agricultural economist says. But the PIK outlook for agribusiness is discouraging.

Dr. Rex P. Kennedy, of the Texas Tech University Department of Agricultural Economics, said the PIK program has real potential in helping farmers by reducing commodity stockpiles.

"Along with the Acreage Reduction Program the PIK program could take 50 percent of the U.S. acres out of production," Kennedy said. "Under the circumstances, this program appears to be most promising. The only other option would be to let the agricultural industry go through the ringers."

With 4 percent of the agricultural industry employed in direct production, the remaining 96 percent who work for gins, seed, fertilizer and implement companies are going to be stung by the PIK.

"But the agribusiness industry is close enough to the problem to realize something had to be done. Agriculture could not continue to produce at these devastatingly low prices," Kennedy said.

The PIK program, paying farmers in stored commodities for taking land out of production, will affect producers of cotton, rice, grain sorghum, wheat and corn.

Under the current Acreage Reduction Program, farmers of these crops must reduce acreage by 15 percent, or up to 25 percent depending on the crop, to be eligible for government loan programs.

The PIK program offers farmers the option of taking out an additional 10-30 percent of their base acres, or 100 percent on a bid basis, for commodity payment of 80 percent of the price of the lost crop.

"In 1983 we are not going to see the farmer's commodity prices increasing by a great deal," Kennedy said, citing crop surpluses from previous years. "But the PIK program should have a real impact on surpluses this year. The year when things start turning around could be 1984. Farmer's prices should noticeably improve by the latter part of the decade."

The PIK program is a viable alternative to government price supports, Kennedy said. Price supports are impossible today due to the large federal deficit.

Farmers, Kennedy said, will have better luck than the

government in marketing their PIK crops. Prices the government must command for stockpiled commodities need, by law, be more than previous prices. This law discourages the competition of government stockpiles with the farmer's present commodities.

"This PIK program has particular appeal to the government because it requires no additional cash outlays and reduces stockpiles and cost involved in storage," Kennedy said. "By staggering a percentage of stockpiles released to farmers at times when a particular crop is generally harvested, the government is reducing the potential of gluts

on the market." Loans, by which the government has been attempting to shore up farmers over the past few years, have not worked. Approximately 4-5 percent of the U.S. farmers went out of business in 1982, Kennedy said.

Robert Ortner, chief economist, Commerce Department: "If consumer spending continues to recover in 1983, production should be following soon to rebuild the inventories."

Results of Rep.

Buchanan's Survey

On December 28, 1982, my legislative office mailed out a survey containing some of the important issues to be considered during the 68th Legislative Session. These were mailed to all of the registered voters in my 88th Legislative District.

We had a very good response to the survey and would like to thank everyone who took the time to answer and return the form. There were several suggestions made by the people in regard to the questions we asked which will be helpful to me because this gives me a basis to go on when these matters are presented to the House for consideration.

The results of the surveys which have been answered are listed below:

1. Do you favor reducing our over-populated prisons by the use of Minimum security jails for nonviolent offenders? 3,625 voted YES, 830 voted NO.
2. Do you favor the repeal of the state's "blue laws" which prohibit selling certain items on Saturday and Sunday? 3,178 voted YES, 1,409 voted NO.
3. Do you think that drivers convicted of DWI should receive a mandatory jail sentence for their first offense? 2,596 voted YES, 1,911 voted NO.
4. For repeat offenders of DWI, do you think that prior convictions should be admissible in court? 4,201 voted YES, 436 voted NO.
5. Do you favor the use of "breathalyzer" tests for persons suspected of drunk driving? 3,723 voted YES, 777 voted NO.
6. Would you favor eliminating insanity as a defense in criminal prosecutions? 4,046 voted YES, 455 voted NO.
7. Do you favor enlarging the Public Utility Commission from three appointed members to 6 elected commissioners? 2,898 voted YES, 1,146 voted NO.
8. Do you think that the number of election days should be reduced by consolidating elections to one of four days set by the legislature? 3,152 voted YES, 1,103 voted NO.
9. Do you think that the primary elections (held in May) and the general elections (held in November) should be closer together? 3,330 voted YES, 1,206 voted NO.
10. Do you favor legislation requiring "truth-in-campaigning" by candidates of political office? 4,442 voted YES, 202 voted NO.
11. Do you believe that a driver's education course should be required for minors to get special hardship licenses? 4,144 voted YES, 545 voted NO.
12. Do you think that the 55 MPH speed limit should be repealed? 2,496 voted YES, 2,058 voted NO.
13. Should the trucking industry be deregulated? 2,362 voted YES, 1,847 voted NO.
14. Do you favor an increase in the gasoline or sales tax for highway construction and maintenance should additional funding be necessary? 1,924 voted YES, 2,447 voted NO.
15. Do you favor pari-mutuel betting on a local option basis? 2,144 voted YES, 2,230 voted NO.
16. Would you support an assessment on current water users to provide for future water needs? 2,158 voted YES, 1,048 voted NO.
17. Do you favor stricter regulations for the containment and disposal of salt-water produced with oil and gas? 3,345 voted YES and 918 voted NO.
18. In order to attract quality young people to the teaching profession, would you favor a system of economic incentives? 2,900 voted YES, 1,371 voted NO.
19. Do you favor a change in the constitution that would allow you to borrow money and put a second lien on your house for any purpose? 1,289 voted YES, 2,954 voted NO.
20. Do you think that bilingual education should be continued beyond the 3rd grade? 812 voted YES, 3,594 voted NO.

Senator Bill Sarpalius Reports

EMERGENCY MEDICAL SERVICE

AUSTIN -- The efficiency of an emergency medical service (EMS) ambulance can mean the difference between life and death for you and your loved ones. We are lucky to have in the Panhandle some of the most advanced emergency treatment systems in the state. We feel that this fact is due to the general dedication and excellence of the people providing the service and not due to proper regulation and supervision by the state.

There are areas in Texas where this life saving service is second rate. We feel that EMS should be more closely regulated to protect the ones being aided. This service is too crucial to be allowed to ever become substandard in any area of our state.

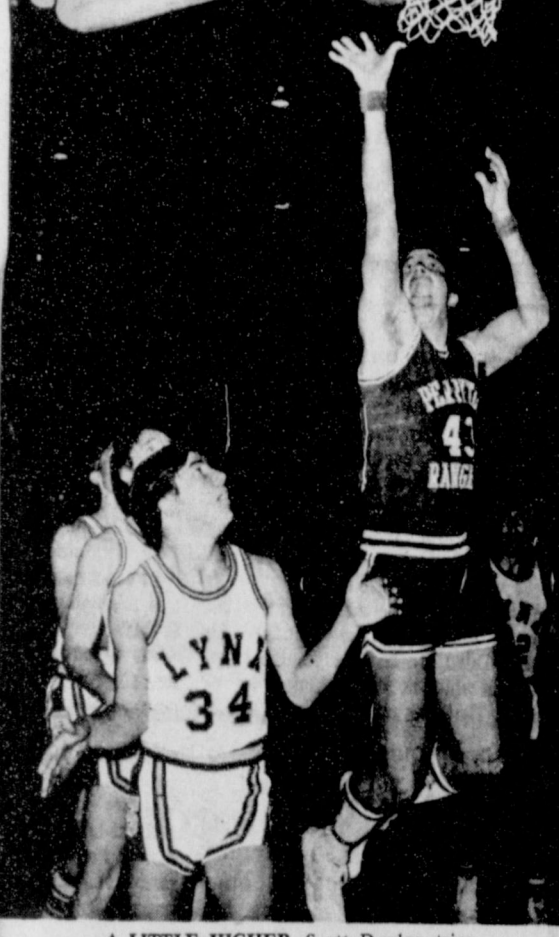

One big change that we wish to see enacted is in the area of training for the ambulance operators. Currently, to become a licensed ambulance operator, one needs only have eight hours training in first aid. This level was established forty years ago to correspond with the medical technology of the day. We feel that today's medical technology is advanced to the point where only eight hours training is grossly inadequate. Therefore, we recommend the upgrading of staffing standards over a five year period. These new standards would be set by the EMS division of the Texas Health Department.

As you know there are many fine people in our

area that volunteer their time to provide EMS. Unfortunately, many of these people do not possess all the training needed. It is felt by some that the higher standards we are suggesting will serve to eliminate EMS in many rural areas where highly qualified personnel cannot be found. To alleviate this problem, we are recommending the Health Department be required to go to rural areas periodically to conduct training programs. These will upgrade the qualifications of the people involved. Additionally, if a local EMS absolutely cannot raise its quality to that level recommended, we would allow them to apply for a variance from these standards. In this way, no EMS units will be shut down by this law, only improved.

We are also recommending other improvements to Texas' EMS laws. These include the provision for two people in an ambulance, establishing penalties for people who claim to be paramedics but are not, and providing for limited immunity from civil liability for local governments.

We feel all these measures are sorely needed to improve the vital EMS provided in Texas. As always, we would like to hear your opinions on this or any subject that we can assist you in. Please write Senator Bill Sarpalius, Texas Senate, P. O. Box 12068, Austin, Texas, 78711 or call (512) 475-3222.

JG's 300 Main Spearman, TX

FU Says PIK May Help In 18 Months

AUSTIN, TX--Individual farmers and ranchers should sharpen their pencils and calculate what advantages there may be in participating in the Reagan Administration's "Payment-in-Kind" program, for which the farmer sign-up begins next week, George W. Stone, president of National Farmers Union, said here today.

Speaking at the annual convention of the Texas Farmers Union, being held at the Austin Marriott Hotel, Stone observed that "each farmer will have to make his own decision about what makes sense in his operation, but this ought to be considered in the light of the desirability of reducing stocks for which there is no immediate market."

The Farmers Union official said that if there is heavy participation by wheat, feed

grains, cotton, and rice producers, "it could result in some appreciable price increases by mid-1984."

"The tragedy is that price help is needed right now and the new program admittedly will not do that," Stone explained. "If Congress and the executive branch do nothing now about low prices, some farmers will have difficulty getting refinanced for the 1983 crop year and others may not be around for the 1984 season."

Stone noted that because of the lateness of the program and the fact that not enough farmers have sufficient understanding of it, participation may be rather spotty.

He recollected that a "Payment-in-Kind" approach had been tried before, as part of a special agricultural conservation program for feed grains in the years 1961 through 1965.

"At that time, farmers were given the option of taking their

diversion payment in cash or in kind," he continued. "Most farmers chose to take the cash payments and only a handful of farmers took the in-kind option."

Stone commented that a cash payment program would have been much more effective, would have assured more participation, and would have been much simpler to understand and to administer.

"The problem is that the program is motivated more by reducing government farm program outlays than by achieving a substantial price improvement for farmers," he added.

"Congress ought to legislate at least a 10 percent increase in the already-announced CCC loan levels for 1983 in order to offset the price damage which will occur in forcing vast quantities of surplus products into an already demoralized market," he concluded.

Avoid Errors on Tax Return

The Internal Revenue Service offers the following time-tested approach to avoiding errors on your federal income tax return.

First:
--Do you have all your necessary records and forms easily accessible?
--Do you have plenty of time? (Rushing leads to errors).

--Have you received a Wage and Tax Statement (W-2 form) from each employer you worked for during the past year?
--Do you anticipate any questions or problems? Are you puzzled about any particular law changes? If so, check your instructions. Also, check with IRS--they may have a free publication that will answer your questions.

Next, before you mail your return, double-check the following:
--Are all W-2 forms attached?
--Are all supporting schedules attached to your Form 1040?
--Is the arithmetic correct?
--If you rounded off numbers, did you round consistently?
--Did you use the correct tax table, and did you follow the line across to the correct figure?
--Is the return signed and dated (by both spouses if a joint return)?
--Did you use the peel-off label and, if so, is the information correct?
--Is there a stamp on the pre-addressed, coded envelope?
--Did you make a copy of the return for your own records?

Texas Book Month planned

One hundred thousand books by Texans or about Texas by Texas libraries is the goal of Texas Book Month in March set by Wales Madden, III, Amarillo businessman and chairman of Texas Book Month.

Madden's appointment as chairman of the drive was made by Wayne C. Sellers, Palestine Carnegie Library Trustee and chairman of Books for Texans, an organization formed by leaders in statewide library organizations.

Madden will be joined as vice chairman by John F. Sammons, Jr., mayor of Temple.

"Texas has nationally known publishing houses and thousands of published authors, many of whom have won international acclaim. In addition, there are Texas authors who have earned distinction in their fields, but whose works are not widely known."

"From history and philosophy to prose and poetry, the books placed on library shelves will cover the full spectrum of learning and literary craftsmanship," Madden said to explain the need for Texas Book Month.

"While many Texas authors have not yet earned fame of a Walter Prescott Webb, J. Frank Dobie, Katherine Anne Porter or Fred Gipson, their works deserve recognition and appreciation," Madden added.

The chairman said a vigorous campaign will be conducted through the ten public library systems in Texas and through city and county civic groups.

During the month Texans will be urged to make gifts, either of money or of Texas books to libraries. Selection of the books can be made from a list prepared under the direction of Dr. Dorman Winfrey, Texas state librarian.

Lists will be available in public libraries.

"We hope, also, to help libraries acquire histories of Texas counties and cities and biographies of Texas citizens not now widely known," Madden added.

The chairman is a native of Amarillo and a graduate of the University of Texas. He is self-employed, is a member of the board of directors of the Texas Lyceum Association, Inc., a member of the board of the College of Business Administration Century Club at Texas and is a member of the citizen's budget committee of the Amarillo United Way. His wife is the former Susan Hamilton and they are parents of one son.

Sammons is serving his second term as mayor of Temple. He is the third generation of his family to serve on the Temple City Commission. He attended Temple Junior College and The University of Texas.

Sammons and his wife, Marilyn, have three sons.

February, 1983

*The Trees Stand Wistful in the Square,
Wearing a Half-Expectant Air.*

-Anne Lawler.

The name February derives from the Latin "Februare," meaning to purify, and from church custom and superstitions toward this end. In the United States it contains the birthday anniversaries of the father of this country, George Washington (the 22nd), and Abraham Lincoln (the 12th).

Candlemas, a purification feast, is observed by Roman, Anglican and Greek churches, and others, on the 2nd. Many in this country know it as Ground Hog Day. The Territory of Illinois was established on the 3rd, in 1809. Roger Williams, a famous defender of freedom of religion, arrived in Boston (from England) on the 5th in 1631.

Boy Scout Day, commemorating its American chartering, is the 8th, dating from 1910. William Henry Harrison, 9th U.S. president, was born in Charles County, Virginia, on the 9th in 1773. Thomas Edison was born at Milan, Ohio, on the 11th in 1847.

Abraham Lincoln was born in Harden County, Kentucky, on the 12th in 1809, his ancestors having first settled in Hingham, Massachusetts (from Norwich, England).

He lived later in Indiana and (at 21) moved to Illinois. James Oglethorpe landed at Savannah on the 12th in 1733 and founded Georgia.

St. Valentine's Day falls on the 14th, as does Arizona Admission Day--dating from 1912 when Arizona became a state.

TG&Y key elements in retail researched daily

Continuity, discipline, the very best, and the bottom line--profit--all are key elements in retail and are researched daily at Royal Avenue in Oklahoma City, Oklahoma.

An outgrowth of T. G. & Y.'s National Headquarters in Oklahoma City, Oklahoma, the department is headed by Vice President, A.W. Collins, and Senior Director, Bruce Dunn. The department recently located to an office of their own in October 1981. The building on Royal Avenue is actually 35,000 square feet but houses a 60,000 square-foot store on wheels inside.

According to Dunn, "Every department has their own Christmas, and it is our responsibility to pinpoint that time, review the department, and make sure the merchandise is presented in the most profitable, appealing, and easy to shop way."

A staff of 40, approximately 25 T. G. & Y. and 25 AIM for the best Stores' department programs per year. The merchandising laboratory constantly monitors POS return information, product turns, and square-foot product production, a manual technique that was pioneered about two years ago. Today the department is on line with a company computer and mans four terminals daily.

Specially-designed counters on wheels allow the layout staff of ten to tailor a 35,000 square foot warehouse/laboratory to a 60,000 square-foot store. Every search team calculates projected sales for every SKU. His track record has run better than averaged projected sales figures. A new process to be gradually implemented in T. G. & Y. stores similar to one found in AIM for the best Stores was developed at the Royal Avenue location and will allow the company to be a step ahead in the future merchandising field.

The process which is unique to T. G. & Y. and another milestone for 1982 is projected to position the correct merchandise and the right quantities, in the right place, at the right time.

T. G. & Y. Stores, Co. is headquartered in Oklahoma City, Oklahoma. The company operates over 900 stores in 28 states.

Do you know what sidereal time is?

Sidereal time, of which we hear little, is an accurate measurement of time. It's the measurement of time derived from observation of the meridian transits of the stars and differs slightly from solar time.

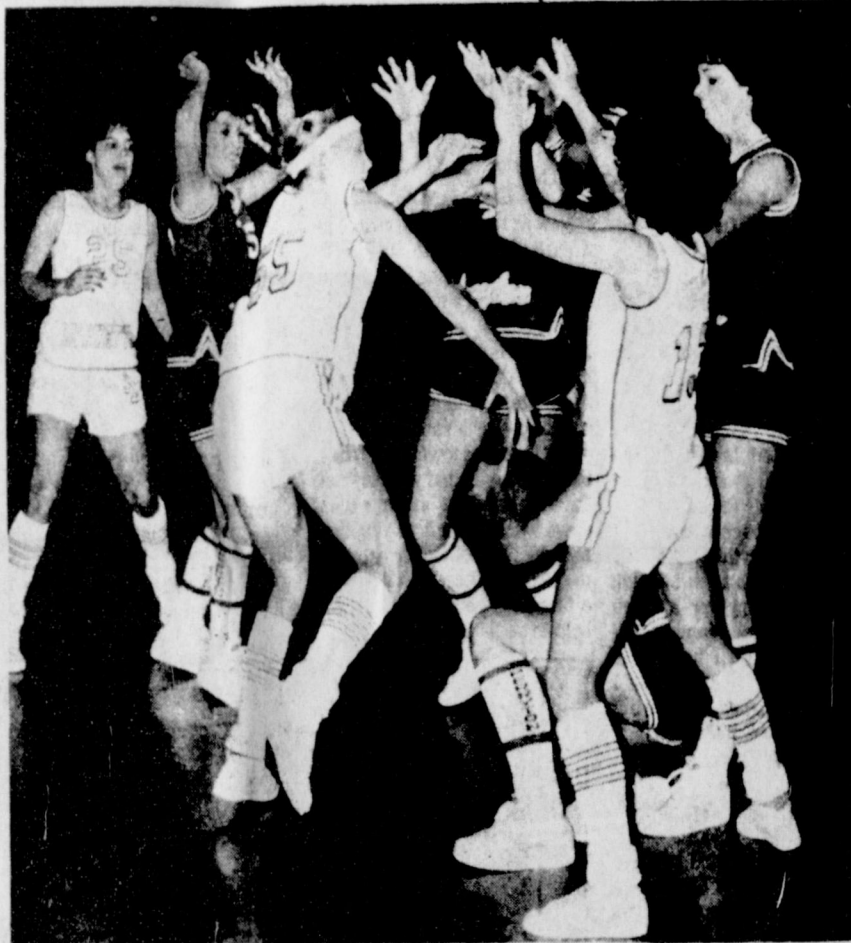

The mean sidereal day, for example is only 23 hours, 56 minutes and 4.09 seconds. The time required for the earth to make one complete revolution around the sun is the sidereal year.

The sidereal year is 365 days, 6 hours, 9 minutes and 9.5 seconds. Every fourth year, as the reader knows, the extra hours--over and above the 365 days, are combined into an added day--in Leap Year. But the effect of this small time divergence has no noticeable bearing on our weather.

Bigger Figures
It's getting so that school children will soon need calculators to do simple arithmetic.

Atomic Reaction?
"What caused the explosion at your house?"
"Powder on my coat sleeve."

LYNXETTE WAR DANCE--It seems that the Rangerettes found out just what the Lynxettes Special War Dance stood for, with #13, Jan Davis, #55, Lana Paul and #25, Lea Ann Gibner leading with the War Dance of the Lynxettes. The Lynxettes won by 12 points.

WHO'S GOT THE BALL?--#55, Lana Paul, Lynxette Senior, tries to grab the rebound, as does #22 of the Perryton squad,

while #13, Jan Davis, Lynxette Senior, and Janet Reed, Lynxette Senior, get set for the outcome of the rebound.

ABOUT YOUR HOME

By April Rhodes

In some parts of the country, it's time to start your vegetable plants inside. Fill individual egg carton cups with soil and plant three or four seeds. Later transfer plants to individual cups to put in the garden when weather permits.

Add an egg white to cream and chill. It will whip better and add volume as well.

Remember someone on Valentine's Day with a card who has been through some sad or rough times recently.

CarQuestions & Answers The Flat Tire

A flat tire can happen to anyone, and always at the most inopportune time. If you are one of the unfortunate ones, don't panic--the situation can be quickly remedied.

When such a problem occurs, the CARQUEST Corporation recommends that you employ the following steps in fixing that flat.

Step one, you must get the car stopped and off the road in a safe manner. When a flat occurs, remove your foot from the accelerator immediately, allow the car to slow, then cautiously pull as far off the road as possible. NEVER use your brakes since that could cause you to lose control of your vehicle.

Step two, once safely off the road, turn the car's ignition off, set the parking brake and turn the emergency flashers on.

Step three, unlock your trunk and examine the spare tire. If the tire is low on air or in poor condition, forget about going any further. You need professional help so call a tow truck. If you have a newer model car with an inflatable spare tire, remove and inflate according to the direction printed on the aerosol air can attached to the spare.

Step four, remove the jack and tire tools and get the manufacturer's owners manual out. Read the section on tire changing before proceeding any further.

Step five, remove the hub cap using the flat-edged end of the jack handle and set hub cap aside with inside up "dish fashion". Next loosen all lug nuts with the wrench end of the jack handle, but do not remove. That comes later.

Step six, assemble the jack according to directions in the owners manual and place under the car at the jack point (shown in owners manual) closest to the flat tire. Raise the car slowly using full steady downward motions with the jack handle until the flat tire is clear of the ground.

Step seven, visually check the jack to make sure the jack is still straight under the car and the car is stable. If okay, remove lug nuts and place in hub cap, then pull wheel off and set aside. Lift the spare tire into place and with one hand holding the tire securely in place, replace all lug nuts "finger tight".

Step eight, reverse the "up-down" lever on the jack and lower car slowly again using full steady motions of the jack handle.

Step nine, use the wrench end of the jack handle to tighten the lug nuts securely, then remove jack from under car. Next, replace hub cap making sure valve stem appears through the hole in the hub cap.

Step ten, carefully reenter the flow of traffic on the road. Remember that with the newer self-inflated spare tires, you can only drive a few miles without damaging the spare. So stop as soon as possible at a service center and have the flat tire repaired or replaced.

Night Time Winner for Outdoor Safety and Convenience

The Nite-Liter gives you the extra light you need to work or play after sundown. Extra light helps you see what you're doing and increased visibility helps reduce the chance of accidents. The Nite-Liter is mounted on a tail pole on your property giving you up to a 100 yard diameter of light. And the mercury vapor unit turns itself on at dusk and off at dawn automatically too. Call our office today and get the Nite-Liter working for you.
