

# Wilbanks Calls All To Dance Aug. 15 To Benefit Girlstown

## Claudine To Receive Award

By AD MIHM  
Women's Editor

J.D. Wilbanks of Spearman, popular caller at square dances, will be calling loud and clear at 8 p.m. Aug. 15 at the Girlstown Benefit Square Dance sponsored by Happy Hashers and Boots and Calico Square Dance Clubs of Borger.

J.D.'s enthusiasm comes from his desire to help the home for girls that has become his current interest, and from his appreciation to the administration of Girlstown for naming the pavilion on the campus, where the dance will be held, for him and for his friend, Bill Farnum of Dumas, who built the open-sided shelter for Girlstown. They provided material and labor to change a bare slab of concrete into a pavilion 33' wide, 103' long, and 17' high.

With Caller Wilbanks at the dance will be his wife, Rubyjo, who shares his interest in helping girls to grow in grace, responsibility, and knowledge at the home three miles east of Borger. Mrs. Wilbanks is

encouraging all square dancers of the Panhandle to come to the dance, noting that admission is \$4 a couple, with all proceeds to be donated to the home. Canned goods and personal items valued at \$4 will also admit a couple.

"The floor at the pavilion is ideal for dancing," J.D. said, explaining that Girlstown had the slab of concrete poured, and that he and Bill put up the ten poles to hold the roof. He said that the girls use the pavilion for playing tennis and volleyball, for skating, and bike riding, and that it provides auxiliary seating space for the serving of Girlstown Annual Barbecue in September.

J.D. also reported that the Panhandle Square Dance Association, which he and Rubyjo served as president couple in 1969 and 1978, and for which J.D. has edited a monthly bulletin for 11 years, has had benefit dances for Girlstown for the past four years, but that this is the first time a dance will be held on the campus.

"Square dancing is friendship set to music," J.D. said,

quoting the motto of the PSDA and pointing out that friendship of the people of the area is needed by Girlstown, where homeless girls are given care, guidance, and a happy home.

J.D. and Rubyjo learned about Girlstown through the benefit dances and went to visit there, when the home's board invited them to a Christmas party on the campus.

"Once you get acquainted," Rubyjo said, "the place and the people there grow on you." She and J.D. have high praise for Superintendent Robert Wilson, and for his wife, Dorothy whom they term "two of a certain kind of persons who give a love to persons in need".

Now J.D. claims Girlstown as his "pet project". He furnished material for new cabinets in the kitchen and in the office building, and for new pantries, and enlisted the aid of his friend, Cecil Jones of Amarillo, to build them.

He and Rubyjo started a monthly get-together with the residents, who have named J.D. "Resident Wilbanks," since he has spent a great deal

of time working on the campus. J.D. and Rubyjo take the girls to dinner once each month, to celebrate birthdays during that period.

"The girls choose the place they want to go to," J.D. said, "so we take them to food places in Borger of Pampa."

The couple has also opened their ranch home four miles from Spearman to the girls, who appreciate being in the house where J.D. was born and grew up, set on land homesteaded by his father. They learned that Rubyjo, although born in Dallas, grew up at a home six miles from the Wilbanks' ranch.

Rubyjo and J.D. have also treated the girls to outstanding events away from their home, including the annual celebration at Spearman.

Then, when they learned that Yolanda Rangel had attained the age when Girlstown could no longer help her, they offered their strong hands of friendship. They discovered that Yolanda was a lovely girl, worthy of their help.

"She's really a joy," Rubyjo

said. "She truly wants an education."

So the Wilbanks made it possible for Yolanda to attend Frank Phillips College, and now visit her while she is employed at TG&Y. They and Bob Stephens of Borger have befriended the young lady.

"Yolanda calls us 'Mom' and 'Dad'," Rubyjo said.

J.D. explained that he and Rubyjo have no children, but they have found joy in helping five nieces and nephews, and adding Yolanda to the group of youth they love, giving greater meaning to their lives.

They have helped Yolanda by buying her a car. But their largest contribution to her welfare was the work they have done to keep the young lady, who was born in Mexico, in the United States.

When Yolanda was 18, they registered her as an alien, and then began the procedure to secure citizenship for her.

J.D. traveled to Whiteface, since Yolanda's records at Girlstown in Borger were burned in the fire there. After making other trips to Lubbock, he is confident that things are now in motion to

permit Yolanda to stay in this country.

J.D. Wilbanks has leased his land and is retired from ranching. A licensed pilot, he and Rubyjo have often flown to square dances in this area in the past, and J.D. is now flying a friend's plane, in exchange for instruction in running a steam engine.

For J.D. is a licensed steam engineer in Texas, Oklahoma, and Kansas. One of his prized possessions is a steam engine, the only one in this area. He is a member of the Golden Spread Antique Machinery Association, and its treasurer. He and Rubyjo will attend the association's show Sept. 19-20, 11 miles east of Perryton. He is a member of the Oklahoma Thrashers Association. He and Rubyjo attended that group's three day meeting early in July.

"I just call for one square dance club now," J.D. said, noting he is the most experienced caller in the area.

"I'm not the oldest," he said, "but I have been doing it for the most years."

It's a full, busy life for the Spearman couple. J.D.

restores old furniture, and he does silversmithing. He is also facile at doing needlepoint, having made a beautiful handbag for Rubyjo.

Mrs. Wilbanks does needlepoint, but music is the joy of her life.

She is a pianist, a charter member of the Spearman Music Club, a patroness of Borger Music Club, and a past president of the First District, Texas Federation of Music Clubs. She is the area representative for the Santa Fe Opera.

The couple recently bought a condominium in Santa Fe, to be sure of a place to stay during opera season.

Both outgoing persons, J.D. and Rubyjo Wilbanks are wonderful conversationalists, especially if you get them started on Girlstown, square dancing, antique machinery, and any of their many interests.

But they are not just talkers. They are doers, a couple with large hearts who share what they have with others, and are loved and respected by all who know them.

Claudine Clark of Spearman will be presented an award by the Vocational Homemaking Teachers Association of Texas at the association's Annual Awards Banquet in the Grand Ballroom of the Dallas Hilton Hotel, Wednesday, July 29. The award is in recognition of her service to the teaching profession.

Mrs. Clark, a teacher in the Spearman High School, will also participate in a three-and-one-half-day State Inservice Conference for the professional development of vocational home economics teachers.

The conference, arranged and planned by the homemaking education division of the Texas Education Agency, will be highlighted by 25 special-skills of home economists. National business authorities and educators will present sessions on the use of the computer in the classroom and the home, creative teaching, curriculum development, classroom motivation, consumer education, the food service industry, education for parenthood, and programs for older Americans. Special emphasis is given by professionals in the field on the training and motivation of the disadvantaged and handicapped. All sessions will provide an opportunity for home-making educators to integrate new knowledge and instructional techniques into classroom discourse.

VHTAT President Dianne Porter Davis of San Antonio states that more than 2,800 teachers are expected to attend the conference.

## Rotary District Governor To Visit

Rotary District Governor John R. Seay will attend Spearman Rotary Club's assembly Sunday evening, August 2, at 6 p.m. at the First State Bank hospitality room. Following the assembly a covered dish dinner will be held at John R. Collard, Jr.'s home. Rotary Annes and guests are invited to attend.

Seay will also speak at the regular Rotary meeting Monday at Cattlemen's Restaurant.

John R. Seay, a member of Midland Rotary Club, is married to Rotary Ann Charlotte. His classification in Rotary is Petroleum Oil Producer-Oil & Gas. John was born August 19, 1930. He has five children (one youngster still living at home) and two grandchildren. John and his family are affiliated with Grace Presbyterian Church in Midland, Texas. John's hobbies and sport interests are flying, golf, tennis, and jogging. His present occupation is Independent Oil Producer active in petroleum exploration and development.

Born in Wichita Falls, Texas raised in Ft. Worth Masonic home until age 13, John has been in the business world since he was fourteen and had a fleet of 60 bicycles for rental and sale. He graduated from Cristoval High School and began to work in the oil field in Big Lake, Texas. Seay served two years in U.S. Army Artillery. Having 32

years in the Petroleum Industry, John has educated himself by working in electric logging, oil well service, and oil well perforating. This experience led him to being sole proprietor of a pipe and equipment brokerage company, which resulted in his becoming an independent oil operator in 1968.

In the past Seay has served as President of the Midland Division of the American Heart Association. He served three years on the Board of Directors to High Sky Girls Ranch during which he fulfilled such appointments as Chairman of the Crystal Ball and Vice-Chairman of the Board of Directors.

Seay's Rotary experience dates back to 1974 and his first year found him learning his way around in the Rotary world while his second year he became bulletin editor for the Midland Rotary Club eventually becoming a director and President of that club. He has served as District Club Service Chairman, District Visiting Rotarian Chairman, and Governor's Special Representative before being nominated to serve Rotary as District Governor in 1981-82. Seay recalls the highlight of his Rotary Career came when he was presented the Paul Harris Fellowship Award by the Midland Rotary Club in a show of their appreciation for his service to their club.

JOHN R. SEAY

## Post season tourney here

The Men's Post Season Softball Tournament is scheduled for Monday, Tuesday, Thursday and Friday, August 3, 4, 6 and 7 at the Babe Ruth baseball field and the field east of the YMCA. Games are scheduled for 8 and 9 o'clock each evening, with games at 7:30, 8:30 and 9:30 on Friday. The championship game will be played at the Babe Ruth field at 9:30 p.m. Friday, August 7.

Matchups for the first round of the double elimination tournament is as follows: Monday, August 3 at 8:00 p.m. at the Babe Ruth field will find Hi Plains Auto vs John Deere and at the field East of the YMCA Crawford Implement vs Spearman Super Service. At 9:00 p.m. Union Church will compete with Ago of Spearman at the Babe Ruth Field and Tico against Spearman Auto Parts east of the YMCA. North Plains

International drew the bye for the first round and will play its first game at 9:00 p.m. on August 4 at the Babe Ruth field against the winner of the Tico and Spearman Auto game.

### WOMEN END REGULAR SEASON ON AUGUST 3

The final games for the Women's Softball League will be played at the Little League field on Monday, August 3. The final matchups will be at 7:00 A&L Printing vs Junior Lusby Cats and at 8:30 p.m. First State Bank Red Hots vs Busters Aerial Dusters.

### ROTARY GOVERNOR JOHN R. SEAY VISITS LOCAL CLUB

John R. Seay, Rotary District Governor, will visit the Spearman Rotary Club on Sunday and Monday, August 2 and 3, 1981. Rotary tradition dictates an annual visit by the District Governor to each club during

his one year term. The visit will include a Club Assembly on Sunday, August 2 at the hospitality room of the First State Bank, beginning at 6:00 p.m. Prior to this meeting the Governor will have met with Robert Elliott and Jack McWhirter local club president and secretary.

The club assembly will be a sharing time between the Governor and club members. Each Committee Chairman will report goals and objectives for the 1981-82 fiscal year, with brief comments from the Governor.

Immediately following the Club Assembly Rotarians and their wives will have fellowship with the Governor and his wife at a pot luck picnic supper at the home of John R. Collard.

## CCC Offers Corn For Sale

Farmers and other interested persons will be eligible to purchase corn from the Commodity Credit Corporation starting July 27.

Dennis Nelson, Chairperson of the Agricultural Stabilization and Conservation Committee, said the CCC will offer corn for unrestricted use sale at market prices, but not less than the formula price which is 115 percent of the county loan rate for corn where stored plus 54 cents per bushel carrying charges.

"The minimum quantity that will be considered for acceptance is 1,000 bushels," Nelson said.

According to Nelson offers will be received and sales will be made on a first come, first served basis.

Interested persons should contact the county ASCS office as soon as possible for further details. The office is located at 711 W. 7th St., in Spearman, Texas. The telephone number is (806) 659-3036.

## 25th Anniversary

August 7, 1981, should be a historic day for farmers, ranchers, soil and water conservation district directors, and all of us who depend upon agricultural products for our food and clothing.

The date will be the silver anniversary of the Great Plains Conservation Program, Charles Brillhart, Chairman of the Hansford Soil & Water Conservation District said this week.

"Just 25 years ago, on August 7, 1956, President Eisenhower signed into law the bill authorizing the program," Brillhart said. "It is available to producers in the ten Great Plains states--stretching through the Nation's breadbasket from North Dakota to Texas."

GPCP helps farmers and ranchers solve problems of wind and water erosion, drought, and other resource-related problems with technical and financial aid based on conservation plans tailored to each farm or ranch. The first Great Plains contract in the local Hansford Soil

and Water Conservation District was signed by Elmo Dahl. The land is still owned by Elmo Dahl who continues to add conservation practices under the program. 144 contracts protecting 130,395 acres have been signed in Hansford County.

"Grass seeding, terraces, grassed waterways, livestock water facilities, cross-fences, and livestock grazing programs are among GPCP practices on which a landowner can receive technical and cost-sharing assistance," Brillhart said.

The conservation practices in GPCP plan are scheduled to be applied over 3 to 10 years. The U.S. Department of Agriculture has assigned leadership of the program to the Soil Conservation Service.

"All problems aren't solved in the Great Plains," Brillhart said. "But since the program has been in operation, wind erosion has not caused the tragic damage," Brillhart said. "While the disaster didn't happen in 1980, the drought

and the resulting threat shows that we can never let our guard down when it comes to protecting our natural resources."

## Jones Appointed

Governor Bill Clements on July 20, 1981, announced appointments which included Marvin L. Jones of Spearman to the State Property Tax Board for a six-year term extending to March 1, 1987.

Jones, 61, is a farmer and specializes in appraising and taxing of agricultural land.

## Date Change

According to Hansford Hospital Administrator Mark Hardin, opening date for Hansford Clinic has been changed to August 3.

Two new doctors, already

## Immunization

A clinic offering vaccines that give protection against several childhood diseases is scheduled for Aug. 3 from 10-12 at the Spearman Elementary School, 511 S. Townsend.

Protection is against polio, diphtheria, lock jaw, whooping cough, measles, rubella, and mumps.

There will be no charge.

## ATENCION, ATENCION!

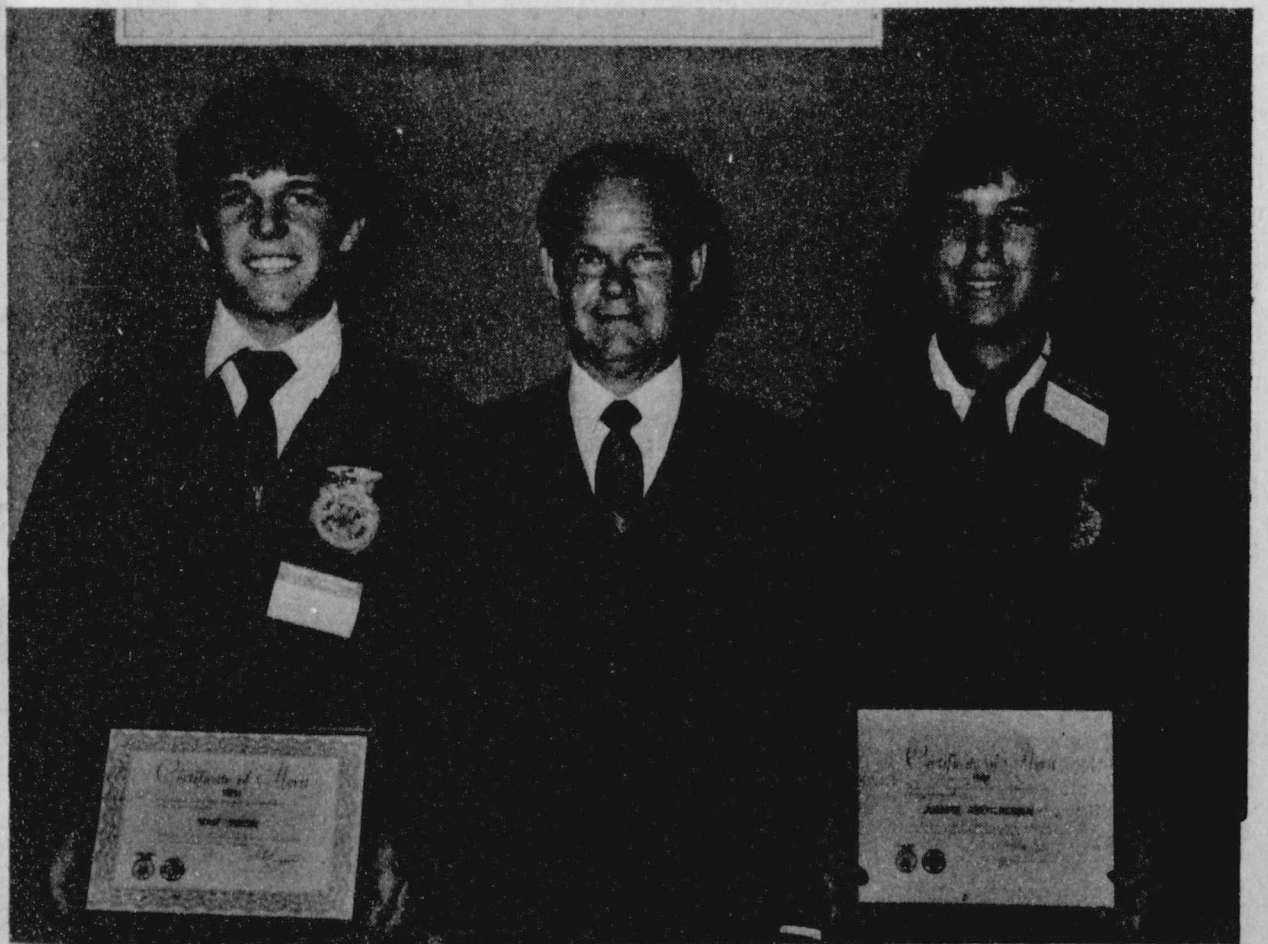

El dia 3 de Agosto va ver una clinica de vacunas para Polio, Difteria (Diphtheria), Maldearco (Lock Jaw), Tos Ferina (Whooping Cough), Sarampion (Measles), Rubella y la Chansa (Mumps).

La clinica va ser de las 10 de la manana hasta las 12 de la tarde en la escuela Elementaria-511 S. Townsend-Spearman.

Esta clinica es gratis al publico en general.

admitted to the staff of the hospital, will begin their practice of medicine in the community on that date.

They are Dr. Chris Gunaekera and Dr. Dave Muthali.

Santa Fe Railway gave 17 scholarships and achievement awards totaling \$3,750 to Texas FFA youths at their annual convention July 16 in Dallas. Larry L. Anderson, center, Santa Fe

district sales manager at Dallas, presents achievement awards to Mike Dixon, left, Spearman, and Juanita Abercrombie, Lubbock.

# Garnett Receives Promotion

HOWARD G. GARNETT

SILVER SPRING, MARYLAND, July 17, 1981--Robert C. Gromley, President of Vitro Laboratories Division, has announced the promotion of Howard G. Garnett to Department Head of the new Undersea Warfare Systems Department. Prior to this promotion he was Assistant Department Head, Systems Technology, since December 1980. As Department Head of Undersea Warfare Systems, Garnett becomes a senior manager within Vitro Laboratories management structure, directing the functions of 230 employees.

Garnett's department is responsible for providing technical and logistic support services to the Navy. Some of the technical services include design, engineering analysis, computer programming for scientific and management applications, analysis of combat systems, and management of Undersea Warfare System Programs for submarine, air and surface ship applications. The department is based in Silverdale, Wash., with offices in San Diego, Calif., Ohau, Hawaii, and other satellite locations.

Prior to his present assignment at Silverdale, Garnett was responsible for assessment of foreign navy undersea warfare research and development, and project manager of the TRIDENT Facility Engineering Study, the Underwater Mobile Target Study, and the CAPTOR Design Review Study.

Earlier Garnett had spent 28 years in the U.S. Navy as a naval ordnance engineer with a specialty in naval undersea warfare. He was commanding officer of the U.S. Naval Torpedo Station in Keyport, Wash. prior to his Navy retirement and also served as Director, Undersea Warfare Systems, Naval Ordnance Systems Command. He served as a Torpedo Officer during World War II and retired as a Captain, U.S. Navy, in 1972 prior to joining Vitro.

Garnett holds an Industrial Engineering degree from Oklahoma State University. He continued his advanced studies in mathematics at Northwestern University and in business administration at the University of Virginia. During his Navy career Garnett attended the following service schools: Submarine, PT, nuclear weapons, advanced torpedo, guided

missiles, and industrial management.

Garnett is on the executive board of the Undersea Warfare Systems Division of the American Defense Preparedness Association (ADPA) and also serves as secretary for the Naval Undersea Warfare Museum Foundation. For four years he served as Program Chairman for the Undersea Warfare Systems Division, ADPA.

Born and reared in Texas, Garnett is a graduate of Spearman High School, Spearman, Texas. He is the son of Mrs. B.J. Garnett of that city. He currently makes his home in Poulosbo, Wash., where he enjoys fishing and golfing. He and his wife, Sarah, have a married daughter and one granddaughter.

Vitro Laboratories Division is in its thirty-third year of service as a leader in systems engineering and systems integration for major government programs. Headquartered in Silver Spring, Md., Vitro Laboratories is a division of Automation Industries, Inc., a wholly-owned subsidiary of GK Technologies, Incorporated.

## RECIPE

By Sarah Anne Sheridan

Slaw is a complement to a meal and often the key to a successful meal. Cabbage is relatively cheap and retains its crispness if properly prepared. Use home cooked or prepared dressings--oil is not recommended. Here are a few basic rules and hints for cabbage combinations.

A salad should fit into meals for flavor, color, texture and food value.

Salads should be simple, attractive, easy to eat, fresh and crisp with the right dressing.

In-season ingredients are budget-wise. Save your exotic, expensive creations for special occasions.

### Cabbage Combinations

1. Cabbage, onion, tomatoes, green pepper.
2. Red cabbage, white cabbage, green pepper, onions.
3. Cabbage, carrot, peanuts.
4. Cabbage, cucumber, radish.
5. Cabbage, celery, turnip.
6. Cabbage, apple, raisins.
7. Cabbage, pepper, cottage cheese.

MAINTENANCE PERSON  
REGULAR FULL TIME EMPLOYEE

Northern Natural Gas Company will take applications on Wednesday, July 29, 1981, between the hours of 9 A.M. and 3:00 P.M. for regular full time maintenance person. Apply at the Sunray Office, 3 miles south of Sunray, Texas. Typical job duties are: facility clean up, assisting with overhauls of large internal combustion gas compressor engine, maintenance of vessels and towers, all phases of pipeline repair, and some rotating shift work relieving regular operating crew during vacations or illness, etc. Pre-employment test will be given for the maintenance person job on Saturday, August 1, 1981 at 9:00 A.M. at the Sunray, Texas Office for all persons that have completed an application. Northern Natural Gas Company is a major diversified energy company offering an attractive salary, and has an excellent benefit program. Equal opportunity employer.

**N** Northern Natural Gas Company

Does the color of a cloud really mean anything or is it just the condition or reflection of light in the sky at the time? Is it true that the darker the cloud, the more dangerous the storm?

Since water particles that make up clouds really have no color, the darkness often exhibited by a rain or storm cloud actually results if there is a lack of light reflection inside the cloud--and not any color of the cloud particles themselves.

A dark cloud is likely to have greater moisture content and greater potential for rain, wind and electricity (lightning). In the summer, dark clouds which reach down almost to the earth are often the squall line front of a thunderstorm and highly dangerous for aircraft and all those they pass above.

These clouds usually feature a downdraft, and contain lightning--though the greatest lightning danger from a thunderhead comes during the second half of the storm, not the first.

## SMILES

He's A Meany

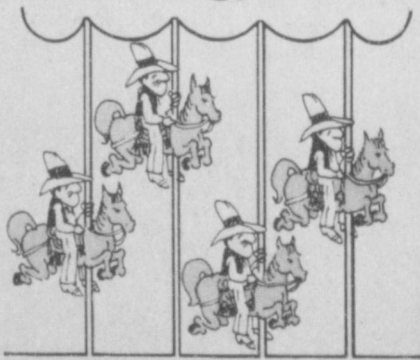

Jones was exceptionally cheerful. All day long he had been whistling and humming at his work, until at last, Brown asked him what was the matter.

"Well, you see," explained Jones, "my wife has lost her diamond engagement ring."

"Well, what's there to be so cheerful about in that?" asked Brown.

"I'm waiting for her to tell me. I found it in my trousers pocket."

## Caught in the Ups and Downs Of Energy Bills?

Trying to budget electric payments is not easy, especially with increased summer cooling bills. And unexpectedly high bills might cause you to postpone that necessary purchase. But with the Average Billing Plan, your payments are "averaged" over the past twelve months, so you know what kind of electric bill to expect, Summer, Fall, Winter or Spring.

### Here's how it works:

<b>FIRST MONTH</b>			
MOST RECENT 12 MONTHS - 12 MONTHS ACTUAL USE	AVERAGE BILLING AMOUNT	15% OF ACCUMULATED DIFFERENCE*	AVERAGE BILLING AMOUNT
<b>BACK MONTH THEREAFTER</b>			
MOST RECENT 12 MONTHS - 12 MONTHS ACTUAL USE	AVERAGE BILLING AMOUNT	15% OF ACCUMULATED DIFFERENCE*	AVERAGE BILLING AMOUNT

\*NOTE: If you have less than 12 months history at your present address, the "average" will be based on the number of months available.

### Annual Dortch Reunion Held

The annual Dortch family reunion was hosted by Mr. and Mrs. Desmond Kelly at their home in Morse, Texas, on Sunday, July 26, 1981.

Those present were Mr. and Mrs. Hubert Richards; Kelly Tyler; Helen and Paula Dortch; and Larry Kelly all of Amarillo. Others attending were Ray Kelly of New York City, N.Y.; Norma Thomas, Ark.; Traci Crawford, Gruver; Mr. and Mrs. Randy Kirk, Tom, of Spearman; Steve Dortch, Canyon; Mr. and Mrs. Ted Bouldin, Kimberly; and Stacy Kelly of Dumas.

Those from Morse were Mr. and Mrs. Desmond Kelly; Mr. and Mrs. Tom Dortch; Mrs. Mack Dortch; Mr. and Mrs. Joe Reiswig; Mr. and Mrs. Travis Reiswig, Shelby; and Mr. and Mrs. Gary Urban and Brandy. From Stratford were Mrs. Freda Dortch and Eunice Buster.

The oldest member of the Dortch family was Mrs. Mack Dortch age 82 and the youngest was her great-grandson, Shelby Joe Reiswig age 3 months.

A total of 32 were present and plans for next year's reunion were made.

### Troop 551 Camp

Boy Scout Troop 551 has just returned from a week of camping at Camp M.K. Brown near Mebeetie. There were eight troops from Texas, Oklahoma, and Kansas.

Troop 551 walked away with the awards presented for the week's activities.

The Blue Ribbon Award was given to the Troop for the BEST Overall Constructed Patrol Flag made at Camp. The Flag was made out of natural resources found in the Camp.

The Flag taken to camp was made by the Senior Patrol leaders and won the Red Ribbon Award.

Each camp ground was inspected daily by the commissioner staff and was rated on good housekeeping and sanitation. Troop 551 received the highest rating and was awarded the Gilwell Park Ribbon.

The Troop was quite proud at the Friday night ceremony when they were also awarded the highest award a troop can earn at Camp—the Baden-Powell Troop Award given for Troop Spirit, participation, advancements, camp projects, attendance, and staff evaluation.

Greg Farr, Senior Patrol Leader, was presented an award for Outstanding Boy for the Order of the Arrow weekend which he had attended May 30th.

Scout Master Dwight Sumner and Assistant Wayne Cummings served on staff and were in charge of the Rifle Range for the two weeks of Camp. Cummings for the week of the 12th-18th and Sumner for the 19th-24th.

Assistant Scout Master Jim Beeson worked with the Troop for the week for the weeks activities.

The Scouts brought home a total of 22 Merit Badges for a very successful week.

Those attending were Dwight Sumner, Wayne Cummings, Jim Beeson, Greg Farr, Jeff Vanlandingham, Nick Wirsdorfer, Donnie Hamilton, Allen Beeson and Kevin Nelson.

### Arts and Crafts Guild Meets

The Arts & Craft Guild met Friday, July 24 in the home of Mrs. Garrett Allen.

After an afternoon of china painting, Mrs. Allen served refreshments to Mmes. Guy Fuller, F.J. Daily, Deta Blodgett, Fred Hoskins and Joe Trayler.

The next meeting will be Friday, July 31 in the home of Mrs. Guy Fuller.

### Ex-Student Association

Judy Martin, secretary of the Ex-Student Association, is asking that those persons who were in charge of sending out letters for their class for the July all school reunion to contact her and give her the names and addresses so that a directory can be compiled.

Judy's address is 716 Gibner Drive, Spearman, Texas, 79081.

### Texhoma Sets Barn Dance

The Texhoma Calico Square's will have their annual barn dance Saturday night, Aug. 1, 1981 at 8 p.m. at the Texas County Barn on Hiway 95 North.

Murray Beasley of Texhoma, Okla. will be the caller. Cold watermelon will be served after the dance.

Square dancers from the Spearman area are cordially invited to attend.

### Pre-Registration Underway

AMARILLO--Pre-registration for the fall quarter is now underway at TSTI-Amarillo.

New and returning students may pre-register Monday thru Friday, 8:30 to 4 pm, at the Admissions Office in the Resource Center. Cut-off date for pre-registration is August 7th, with regular registration dates set for September 8th and 9th from 8:30 to 4 pm.

This fall, TSTI-Amarillo will offer two new programs, Transport Refrigeration Mechanics and Computer Science Technology, bringing the total number of program offerings to 21.

In addition to Machine Shop Operations, which began in the summer quarter, the 18 remaining programs offered at TSTI are: Auto Body Repair, Aircraft Mechanics, Automotive Mechanics Technology, Boot and Shoe Operations, Commercial Art in Advertising, Construction Technology, Cosmetology, Drafting and Design Technology, Diesel Mechanics Technology, Electronic Systems Technology, Interior Design Technology, Industrial Maintenance Technology, Meat Processing and Marketing, Professional Truck Operations, Printing Technology, Saddle and Tack Making, Technical Office Training, and Welding and Fabrication.

### Our Heritage of Faith... notes from Faith Lutheran Church

Faith Lutheran Church welcomes you to feast on the Bread of Life. Sunday School is at 9:45 a.m. Worship begins at 10:45 a.m. The sermon theme is: Farming the Gospel. The text is Matthew 13:1-9 and 18-23 which describes in farming language three bad ways to farm the gospel and one good way.

A quote for the day: "Wanted: Pew Fillers. Apply Sunday 10:45 a.m."--Rev. John Lindsey, Medford, Mass.

A hearty welcome awaits each visitor.  
Bruno Baskamp, Pastor

### BEEF-a-thon For MS August 2

The BEEF-a-thon Television Auction for Multiple Sclerosis will be held on Sunday, August 2 on Channel 10. Generous merchants of the Panhandle area donate a large variety of merchandise for the auction and the MS Panhandle Chapter sincerely hope they will con-

tinue to support the MS research and patient care.

The event is aimed at raising funds not only for MS research, but also to provide patient care for the hundreds of MS patients in the Panhandle served by the Panhandle Chapter of the National Multiple Sclerosis Society.

### Allsup's MD

Allsup's Convenience Stores, Inc., participants in the Jerry Lewis Muscular Dystrophy Telethon, will conduct pre-telethon activities during the month of August, according to Kurt Verlei, Director of Public Relations. The Company will display collection canisters in all 207 Allsup's Convenience Stores throughout New Mexico, Texas, and Oklahoma. "This is a very important part of fund raising prior to the telethon," said Verlei. "The Association receives no tax supported grants

nor does it seek or receive fees from patients or their families." Verlei added, "Their programs are funded almost entirely by private contributors and corporations and, of course, through the Labor Day Telethon."

The Muscular Dystrophy Association is currently seeking causes and cures for 40 crippling neuromuscular related disorders. Free diagnostic services, therapeutic and rehabilitative follow-up care are pro-

vided by Muscular Dystrophy Association's 230 clinics at no cost to any individual suffering from one of the diseases covered by the Muscular Dystrophy Association.

Allsup's will also be conducting the Allsup's Doorbell Brigade. Area youngsters are encouraged, on August 29 and 30, 1981, to visit their local Allsup's store and pick up a collection packet. After collecting donations for Jerry's kids and returning them to the store, Allsup's will give them a free fountain drink of their choice. Verlei said, "We thank our customers in advance for their generosity and look forward to working with area youngsters in the fight against Muscular Dystrophy."

The pound cake got its name from the pound of butter it was supposed to contain.

### Stop Smoking Clinics

PRPC--Three Panhandle cities will be the focal point for smoking cessation programs in August. The programs are sponsored by the Panhandle Regional Planning Commission's Panhandle Health Systems Agency (PHSA) and local political officials.

The first two sessions will be offered in Shamrock and Wellington during the week of August 10. Citizens in that area who want to "kick the habit" can attend orientation sessions in both cities August 3rd. The Shamrock course is being sponsored by the chamber of commerce, while the Wellington series is being sponsored, for the second time, by Collingsworth County Judge Bob Watson.

Wellington-area residents were introduced to the program in February when 18 people quit smoking during the five days of one-hour lectures. Many of those people had smoked more than 30 years and averaged two packs a day. The Wellington orientation in August will be at

8:00 p.m., August 3rd, in the county courthouse. Shamrock's orientation will be at 5:30 p.m., the same day in the Shamrock Public Library.

August will be the first time residents of Panhandle will get a look at the program which was originated by the nonprofit American Health Foundation. The Panhandle orientation will be at 8:00 p.m., Tuesday, August 11th in the Carson County Courthouse. The five one-hour sessions will be held in the same locale the following Monday through Friday. County Judge Clarence Williams is co-sponsor of the effort in cooperation with the PHSA.

Since the course was first offered in January, over 150 Golden Spread citizens have quit smoking. It has been conducted in Amarillo, Wellington, Dimmitt, Canyon, Borger and Lubbock. The AHF program is a major outreach activity of the Health Systems Agency's Health Promotion Task Force headed by Dan Loving, a Dumas dentist.

# In-service workshop

Vocational Agriculture Teachers, some 1600 strong, will gather in San Antonio, August 4, 1981 for the Annual In-Service Education Workshop and Meeting sponsored by the Vocational Agriculture Education Department of the Texas Education Agency, Austin, Texas, under the direction of G.G. Scroggins, State Director, Vocational Agriculture Education.

Attending the In-Service Education Workshop from Spearman, Texas, will be the following Vocational Agriculture teacher: Herman Boone.

The First General Session will begin at 9:00 a.m. on Wednesday, August 5th in the San Antonio Convention Center. Mayor Henry G. Cisneros will welcome the teachers to San Antonio. Also appearing on the program will be Bryan Crouch, Member of the State Board of Education from Poteet and Dr. Alton O. Bowen, Former Commissioner of Education from Austin. The keynote speaker

will be Michael Broome, Tomorrow's American Foundation, Charlotte, North Carolina.

On Wednesday, August 5th at 7:30 p.m. the Association will sponsor the Annual Awards program to present tenure pins to the membership and other awards to Legislators, School Administrators, individual teacher awards and to individuals who have contributed to the progress of Agriculture Education and the activities of the Future Farmers of America.

On Wednesday and Thursday the teachers will take part in Area Meetings and Fifteen (15) In-Service Education Workshops. These workshops are conducted on the following topics: Selecting, Fitting, Showing of Broilers and Turkeys, Teaching Meats and Meat Processing, Training FFA Leadership Teams, Organizing and Promoting Local FFA Sales and Shows, Maintenance and Use of Shop Equipment, Behavioral Management for Motivating

Students, Maintaining and Improving Adult Education, Reproductive Diseases of Beef Cattle and Grading Beef Cattle and Hogs.

The Second and last General Session will begin at 8:00 a.m. on Friday, August 7. Appearing on the program will be Alton Lee, Executive Director, The Advisory Council for Technical-Vocational Education in Texas. Eleanor Mikulin, Consultant, Texas Education Agency, Austin will discuss "The Less Restricted Environment." Gary Briers, Project Consultant, Agricultural Education Department, Texas A&M University, College Station, will discuss "Identification and Analysis of Emerging Occupations in Agriculture."

A membership meeting for the VATAT will be held on Thursday, August 6 from 7:00-8:30 p.m. in the San Antonio Convention Center in Banquet Hall One. Jay Lee Marek,

Association President, will conduct the meeting. On Friday the teachers will meet in area meetings and plan their in-service Education meeting for the 1981-82 school year.

Activities and entertainment are also planned throughout the four-day meeting for the wives who will be attending the meeting.

## Pampa Slowpitch

Pampa August Men's Slowpitch Open has been set for August 14, 15 and 16. There will be a 28 team maximum, with \$90 entry fee.

## Harrington To Begin Patient Services

After four and a half years of planning, fund-raising, construction, and recruiting an outstanding staff, the Don & Sybil Harrington Cancer Center expects to begin patient services by the end of this month.

All equipment has been received and set in place, said Jim King, director of operations for the center.

Dr. Leroy Humphries, the center's biomedical physicist, said two linear accelerators for cancer treatment by radiation are being tested and calibrated.

Dr. Phillip Periman, medical director, said staff and physician recruiting is nearing completion.

Volunteer workers from Hereford and nearby towns are at work to raise \$125,000 toward the purchase and installation of a computer system which will link the cancer center to hospitals throughout the area.

The \$8 million structure for the diagnostic and treatment facility is an ambulatory care center, with hospitalized patients treated at one of Amarillo's hospitals.

The clinic staff will include surgeons, chemotherapists (or medical oncologists—specialists in medical therapy for cancer patients), radiation therapists, and others. Each patient will have the benefit of all the specialties of as many as the individualized treatment plans call for.

The new cancer center sits adjacent to High Plains Baptist Hospital, Northwest Texas Hospital, and Texas Tech University Health Sciences Center and will be connected to all three by all-weather passageways. Location of the cancer center next to the Amarillo campus of Tech's medical school will make

it possible for the two to be affiliated in the development of a cancer research program.

Services will be provided to citizens in the Texas Panhandle and portions of the neighboring states of Oklahoma, New Mexico, Kansas, and Colorado. The estimated population to be served is between 530,000 and 625,000.

The cancer center includes facilities for radiation therapy, with both an 18 megavolt and a 6 megavolt lineal accelerator; necessary support facilities; a special diagnostic laboratory; four treatment rooms and 16 examination rooms; and facilities for cancer education, social services, administration, pharmacy, staff cafeteria, and office space.

The center also houses the Panhandle Regional Tumor Clinic and Registry and offices for the local American Cancer Society.

Plans for the center began in December 1977 after a year of study. Originally, the study was to find and implement a plan to improve radiation therapy in Amarillo, but it grew into a blueprint for a comprehensive care center.

The Harrington Foundation pledged three million dollars for the center, and the Amarillo Area Foundation gave 3.7 acres of land for the construction site and provided \$60,000 for interim financing.

Subsequently, the Harrington Foundation made two more grants of a million dollars each, bringing the total from the foundation to five million dollars. Another \$4 million was raised through pledges and gifts from business firms and individuals throughout the area.

## Dog Owners Help Jerry's Kids

It's often been said that dogs are man's best friend. This same slogan can now be applied to dog owners in the fight against Muscular Dystrophy.

For each coupon redeemed on Top Choice or Puppy Choice, the Gaines people will donate five cents to the Muscular Dystrophy Association, which will culminate its fund drive with the annual 24-hour Jerry Lewis MDA Telethon on August 30-31. Coupons will be appearing on the packages of all the brand's flavors and in newspapers nationally.

"We're proud to join in such a worthy cause," declared Top Choice product manager, Mitch Ring. "The MDA campaign coincides with our new packaging which tells consumers that all our products are made with real beef. So while we're helping Jerry and his kids, we're also helping dog owners keep their pets happy by giving them real beef every day."

The two Gaines dog foods have joined with a number of other General Foods Corporation brands pledged to support the fund drive. The goal for all the company's products this year is one million dollars.

## Gospel of Jesus Christ Through Christian Drama

GOSPEL OF JESUS CHRIST  
Portrayed through Christian Drama

July 31st through August 2nd the "End Time Harvesters", a group of dynamic young people from Christ For the Nations Institute in Dallas, Texas will be portraying the good news of Jesus Christ through Christian Drama. The group will be appearing at the South Plains Shopping Center Saturday morning, August 1st, from 10:00-11:30 A.M. There will also be an area-wide Youth Rally

at the Union Church that same evening starting at 7:00 P.M. August 2nd, the End-Time Harvesters will be ministering in both the Sunday morning and Sunday evening services at Union Church. Kerry Abernathy of Gruver is in this group. Everyone is welcome to come and join this great time of worship and praise. A nursery will be provided.

## Farm Bureau Speaks Out On Med-Fly

WACO--The Texas Farm Bureau has asked the federal government to strengthen the quarantine on fruits and vegetables from the Mediterranean fruit fly-infested quarantine area of northern California.

"The spray area should be expanded to include a one-and-a-half mile buffer zone around all areas in which medflies have been found," TFB President Carrol Chaloupka said in a telegram to President Reagan.

The Texas farm leader also told the President: "We are in complete agreement with your decision to deny the request of California Governor Jerry Brown Jr. to declare fruit fly-infested areas a federal disaster area."

"We believe that the California governor has contributed to the spread of the fruit fly. We feel his actions have jeopardized an important part of the nation's food supply. In our opinion, he and the misguided so-called environmentalists of his state have permitted the spread of the infestation through their inaction."

"Governor Brown was told by competent authorities a year ago that the then small outbreak could be eliminated through three simple steps: stripping of trees and ground spraying, introducing sterile flies, and most important, permitting aerial spraying of the common garden pesticide, malathion.

This is how we quickly and successfully rid the Rio Grande Valley of Texas of the dreaded pest in 1967.

"Yet, the Governor refused to use the safe aerial spraying, electing instead to mobilize an army of workers on the ground in a futile, \$23 million effort to eliminate the pest. According to officials of the American Farm Bureau Federation, the medfly could have been eradicated in 1980 with an effective spray program at a cost of only \$128,000."

Fruit fly infestation spreads in California.

Britain allows strong riot measures.

## Hospital news

Patients at Hansford Hospital are Oneta Stuart, Margarita Hernandez and daughter, Gwenfred Lackey, Sonny Nollner, Willie Harris, Anson Ward, and Charles Asbill.

Dismissed from Hansford Hospital were Sage Griffin, David Nix, John Bishop, Karrie Henton, Lily Cox, Dirk Umphress and Alta Morris.

## ON MASS TRANSIT

Transportation Secretary Drew Lewis rescinded rules recently requiring recipients of federal mass transit funds to build wheelchair lifts into all new buses and to install them on existing rapid rail systems.

## 400 Teachers Expected To Attend Conference

WTSU--More than 400 Texas Panhandle teachers are expected to attend the 29th Annual Texas Association for the Improvement of Reading conference hosted by West Texas State University on Tuesday and Wednesday, Aug. 4 and 5.

The annual conference will feature two guest speakers. The two-day conference will open with registration on Aug. 4 at 8 a.m. in the WTSU Activities Center.

Myrtle Richardson, state TAIR president from Orange, will preside over the first general session followed by "Remedial or Reluctant? So What?" presented by Dr. Thomas Sherman, of Eastern New Mexico University at Portales.

Sherman has taught in public schools for 13 years and served as a reading specialist.

Lunch on Tuesday will feature an address by Patricia S. Koppman, who has taught in the San Diego Unified School District since 1963. She will

discuss "What Parents and Teachers Can Do at Home and at School." Lunch is \$3.75 in the East Dining Hall.

Koppman will speak again during the afternoon session on "Holistic Approach to Teaching Reading: What Happened to the Team?"

Monday evening activities will include a barbecue in Palo Duro Canyon State Park and a visit to "Texas," the summer musical drama.

"How to Read for Fun in '81" will begin the Wednesday morning general session following registration at 8 a.m. Koppman will present the discussion and will speak again during the afternoon session. The afternoon address will be "Reading Without Chaos."

Koppman is a member of the board of directors of the International Reading Association and has co-authored a third-grade level reading book and a booklet for parents. She also is editor and advisor-consultant with "Scholastic" magazine.

At 11 a.m. each morning, participants will choose interest areas for group discussion from among "Practical Activities for Secondary Reading Students," presented by Jan Kennedy and Nancy Moreland of Amarillo College; "Who's Afraid of the Big Bad Computer," Jim Ingram of Amarillo College;

"Test Anxiety," Kay Goodier, Amarillo College; "Light Their Fuse with the News," Dr. Louise Murphy, WTSU assistant professor of education; and "Early Bird Masters the Skill," Bonnie Gaston of Hale Center.

"Teaching Reading to the Gifted" also will be among the available interest areas.

During the two days, publishers will exhibit reading materials for teachers to preview and Jon Birdsong, a Canyon artist, will display his art work in the Activities Center Ballroom.

Participants will pay \$8 and WTSU students will be charged \$5. Preregistration may be completed by sending the regi-

stration fee to Dr. Helion Wilbur, WTSU associate professor of education who is conference coordinator.

Campus residence hall accommodations may be made with the dean of student affairs office.

State TAIR officers include president, Myrtle Richardson, Orange; first vice president, Dr. Beverly Young, Stephen F. Austin State University; second vice president, Eleanor Dugger, Austin Independent School District; and secretary-treasurer, Evelyn Sechler, West Orange, Cove ISD.

Iris Dortch of the Dumas School District, is area vice president.

**When You're Ready To Invest \$100,000. Call Us First.**

**We'll Pay 19.716%\***

When you're ready to invest \$100,000, call us. Tell us what you think your money is worth. We're confident we can offer the high rate your \$100,000 deserves with a Large Certificate of Deposit.

Look at the chart of dates and rates. By compounding your interest daily, we can give you a very attractive annual yield. Maybe the highest in the region.

We realize you don't ordinarily expect to see offers like this from a bank. But it's this kind of willingness to respond that makes us one of the strongest and fastest growing banks in the Texas-Oklahoma area.

If this offer sounds good, see John Cluck, our President, or Larry Orman, Senior Vice President. Or call (806) 435-3676 and ask for our Money Market Advisor. We'll talk by phone, or we can come to visit you. We think we're the only bankers around who will give you what your money is worth.

Term	Rate	Annual**
30 days	18.00%	19.716%
90 days	17.50%	19.119%
120 days	17.50%	19.119%
180 days	17.50%	19.119%
1 year	15.50%	16.761%

\* Minimum deposit \$100,000. Limited offer. Rates subject to change without notice.  
\*\* Annual yield based on daily compounding. As required by law, all certificates are subject to substantial interest penalty for early withdrawal. All deposits are insured to \$100,000.

# A&L - Cats Ready For Showdown

Well, there two exciting games played once again in the Women's Softball League. The first game had the No. 2 team--A&L Printing--against the First State Bank Red Hots. The Red Hots did a fine job against the No. 2 team in the League by losing by 3 or 2 points. It was a well-fought game that went to the wire.

Both Defenses had their weak points and their strong points show out in the game. But eventually, A&L Printing won the game in the final inning. The game began at 7:00 or near that time with a time-limit of one hour and fifteen minutes.

The second game was a real "doozie". The game was between the No. 1 team in the League, the Jr. Lusby Cats, going up against the Speartex Bottoms Up. The Bottoms Up are a team well put together, they really get it together near the end of the game, as they did in the final inning of the game. The Cats had a perfect Defense but then a few Bottoms Up players, Terri Dueberry, Criselda Vela and Glee Ren, figured a weakness in the heart of the Cat Defense--of course, they will work on that weakness and get ready for the "Championship game"--and that is when the Bottoms Up got their two runs.

The first inning consisted of teamwork from both sides and after one inning, the Cats were ahead by a score of 3-0. Bottoms Up did a fine job defending against players like Valerie Hagerman, Shelly Lackey, Donna Yarbrough and JoDell Tigrett, but the Cats still managed to get 4 runs in the 2nd inning, making the score after 2 innings of play, the Cats 7 and Bottoms Up 0. Not one team in any sport likes to have that "egg" on their side of the scoreboard, and the Bottoms Up had plenty of hits, but could not get one woman to cross the

Homeplate. The third inning was a terrific offensive inning for the Cats and they managed to get 6 more runs--the score after 3 was Cats, 13 Bottoms Up, 0. We shouldn't just give credit to the Offense of the Cats, look at their Defense. Shelly Lackey is a GREAT 3rd Base-person. She gets the ball in one motion and in that same motion she whips the ball to first for an out at first.

The fourth inning was the BEST Defensive inning for the Bottoms Up to this point anyway. They stopped the Cats cold, the Cats came back and did the same thing to the Bottoms Up--making sure that they didn't score. In the Fifth inning, the Cats managed, somehow, to get 1 point and made the score 14-0. Now, don't get me wrong, the Cats are the BEST team, so far, and Bottoms Up just stopped them completely in one inning, and then let them get one run in the following inning. As I told y'all, Bottoms Up come back in the last innings, they had already stopped them twice in two consecutive innings. Bottoms Up still could not get across to get that "egg" off their side of the scoreboard. The teams were playing by the time-limit, so there was enough time for one more full inning. The Cats brought in three runs and put their score up to 17. Now, Bottoms Up knew that this was their last chance to get the "egg" off their side of the scoreboard. The first batter struck out for the Bottoms Up. It looked like it would end that way, but a few women didn't give up. Terri Dueberry put the ball squarely in the hole that her and her teammate had been plotting to put the ball at. Terri made it to 1st Base. The next batter was Criselda Vela--she was the other teammate that had plotted with Terri. Criselda put the ball in the same hole, both runners were safe--one at

2nd base the other at 1st base. The next batter was Ciria Vela--she can hit the ball pretty good. She hit the ball and Criselda and Terri took off and were safe at 2nd and 3rd Base. Still on the field, Terri and Criselda were planning to go all the way no matter what the out come would be. The batter was Glee Ren. As soon as the ball was hit, Terri and Criselda took off like "jackrabbits running from an Eagle"! Terri touched or I should say crossed, homeplate to take the "egg" off the scoreboard and Criselda was not going to stop, she ran from 2nd to 3rd to home. What a way to run! Terri and Criselda had made a plan and stuck by it and made it!! Bottoms Up brought in two runs before the last out was made. By the way, when Terri and Criselda crossed homeplate, everyone was cheering especially, Terri and Criselda--like the saying goes, "Where there is a will, there is a way!"

By the way, there was lots of action at the Bottoms Up Left Field. Most of the Cats went that way, but one person--Bertha Dias--made SPECTACULAR CATCHES! I could not believe some of them myself.

The final score was 17 - 2, but believe me, Bottoms Up didn't give up when they were 13 points behind, they played their hearts out. That was the final game for the Speartex Grain Bottoms Up, in the Regular Season. Be very certain that they will be in the Spearman Tournament that has been planned for the weekend of August 14. There will be more about this tournament in the weekly papers--the Spearman Reporter, Hansford Plainsman, and the Gruver Stateman--so be watching.

The players for the Bottoms Up team included Criselda and Ciria Vela, Tammy Garcia, Terri Dueberry, Sharla Diffie, Glee

Ren, Mary Bonham, Berta Dias, Martha Rosales, Ramona Garcia, Olivia Renteria, Leona Fay, and Carol Hall. The Coach for the team is Tim Fay. I got all of the names of the Speartex Bottoms Up, mainly because this was their last game. I shall get the names of all the other team-players and coaches this next week.

We congratulate the Bottoms Up Players and Coach for doing a FABULOUS job in the regular season--after all most of the players were new players, and beating the No. 2 team--A&L Printing--should give them a lot to be happy about.

At presstime I did not have any information about the Spearman Tournament except that it should be the weekend of the 14th of August.

Next week, will be the final Monday of play for the Women, in the regular season. The first game will be the "Championship game" beginning at 7:00 p.m. between the A&L Printing team and the Jr. Lusby Cats. This should be the best game played all year, if all the members of both teams show up. Go on out to the field east of the Y and watch the game, cheer on your team. The game will be played this coming Monday, August 3. The 2nd game will consist of the First State Bank Red Hots going against Busters Dusters--this should decide the 3rd place winner and the 4th Place winner. In my opinion, if the A&L Printing team beats the Cats, which will be the first loss for the Cats, leaving the First Place teams tied, A&L should be the Champions because they were the only team to beat the Cats, if this happens then Bottoms Up should be declared the 3rd Place team, because they were the only team to beat A&L Printing. So go on out and cheer on your team. By the way, the second game should begin at 8:30 or close to that time.

**TV COMMENTARY**

By Benie Christensen

ADVERTISERS who want to take their commercials off commercial TV stations, or at least reduce the volume, are looking at cable TV. A proposal has been made that cable outlets provide advertisers five minutes at the end of each hour.

THIS is strongly opposed by those who want to keep cable TV commercial-free. Many viewers would also object. But the pressure is building.

ALSO, big advertisers are looking to other TV station groupings and cable groupings, like Metromedia, Teleprompter, Warner-Amex, etc. The feeling in the ad world is that the three commercial networks will not add to their commercial sales time from here on out—the biggest of all sponsors having withdrawn from most commercial programs already.

VIDEO discs and cassettes are also being viewed as a source of advertising. NBC has renewed its football telecasting contract with the Rose Bowl, in

Pasadena, California, through 1986. It first telecast the Rose Bowl game in 1952 and aired it in color first in 1955. The telecast next January 1 will begin at 4:30 p.m.

CBS will telecast the comeback appearance of Jane Wyman, formerly Mrs. Ronald Reagan, this fall in a new series called, **The Vintage Years**. The advance talk about the series, which is scheduled to follow Dallas is that it is expected to be a big hit.

BASEBALL'S All-Star game may never be telecast in 1981. Originally scheduled for July 13, it will be difficult to reinstate everything and get it organized again unless the baseball strike is ended by the time you read this. NBC was to have telecast the annual classic, and stands to lose a pile.

NBC is also still third in the ratings game and the recent shakeup in RCA and NBC top management signals the intention of the network to improve its rank in the ratings.

**Local Team Wins 3rd**

This past weekend in Perryton, there was a "coed" Softball tournament. There was one Spearman team that entered. There were 6 guys and 6 gals playing—Eugene Yarbrough, Leon Hagerman, Mike Bodey, Charles Elliott, Tommy Barber, and Ronnie Williams for the fellows; and for the gals, it was Donna Yarbrough, Valerie Hagerman, Shelly Lackey, Kathy Beck, Pam Barber and Betty Bridgeman. Donna Yarbrough told me that they had had fun. She said

that it was a Round Robin Tournament and they played on Friday—9:00, Saturday—1:00, 2:00, 5:00, 8:00 and 11:00; and on Sunday they played at 12:00, then at 2:00, 3:00 and 4:00. If they had won the last game, they would have had a chance to try for 1st Place. Those days were long and hot! And if they had the Most Valuable Player Trophy would have gone to Mike Bodey for his play, well they didn't win but still brought home the 3rd Place Trophy. Congratulations to this fine group of players.

**VATICAN IN RED**

VATICAN CITY—The Vatican, running deep in the red with a \$25 million annual deficit, is urging local churches around the world to share the cost of running the Roman Catholic Church's central administration. The Vatican did not announce its cumulative deficit, and there is no way to estimate it because 1979 was the first year the Vatican made such budget revelations.

**Telephone Co. Offers Service**

Warm sunny weather may encourage backyard gardeners to pick up their shovels and head outdoors.

Unfortunately, increased outdoor digging brings about more chances telephone cables will be damaged accidentally.

"Depending on how you look at it, this is either the best or the worst time of the year for cutting our cables," said George Hudson, General Telephone's Perryton District manager.

Mr. Hudson estimates someone cuts a telephone cable every day in his district. Most cuts are unintentional, he said, and are made by subcontractors, backyard gardeners and fence companies.

During the spring and summer, this number increases dramatically because good weather inspires more people to work in the yard.

"It is possible an average of 47 telephones lose service every time a cable is cut," Mr. Hudson said. "Over a one-year period, if only one cable is cut occasionally, many customers in a single community are affected."

Mr. Hudson said not all cables are completely severed. Some are nicked or partially cut, which still causes service problems for some customers.

To avoid interruptions of service, General Telephone offers a free service to anyone planning projects which require trenching or digging.

By calling the number listed for this service customers or contractors can request the location of the cable in areas where these projects are planned.

According to Mr. Hudson, a General Telephone employee will be at the site within a few hours to flag the paths of buried cable.

"A cable cut can be serious business," Mr. Hudson said. "Not only is it aggravating for our customers but it also poses a safety problem when people

cannot place phone calls to emergency services."

There is no charge for the cable locating service but the cost of repairing cut cable is extremely high and, eventually, these costs are passed along to the customer.

"Cable cuts can be avoided," Mr. Hudson said, "by conscientious contractors and customers calling our cable locating service before digging. It is quick and simple and may save time, money and aggravation."
