THE SPEARMAN REPORTER, SPEARMAN, TEXAS 79081

THURSDAY, MARCH 4, 1982

Meeting set 8 p.m., March 13

Dr. Hennessee starts 'Singles' ministry

BOB HENNESSEE

"We are beginning a ministry for single persons in the Hansford County area with a meeting scheduled March 13 for all 'Singles' including those who have not as yet come within the scope of our ministry."

Thus did Dr. Bob Hennessee, First Presbyterian Church minister since August, hit on one of the most needful ministries in the area -- and sure to strike responsive chords in all who lead a personal life alone.

That meeting, set for Saturday, March 13, is scheduled at 8 p.m. in the Hospitality Room of B & B Farm Industries. Dr. Hennessee emphasized it is for ALL singles regardless of church affiliation.

Dr. Hennessee said the move represented no sudden insight on his part but rather was the fruit of many requests and conferences with single persons since the start of his pastoral ministry here.

However, "Singles" are not the only persons praising the 50-year old clergyman's ministry for he has demonstrated unusual capabilities in every facet of his role both as a Presbyterian and one of the clergy of the community.

--And the feeling is mutual for the Rev. Hennessee wants to stay in Spearman. Despite his short tenure on the High Plains, the Panhandle of Texas has no individual singing its praises with more sincerity.

Hospital News

Patients in Hansford Hospital are Keeese Richardson, Virgil Floyd, W. E. Jones, Ann Thom, Vi Hornsby, Gwendred Lackey, George Ford, Wilma Hamilton, Bennie Vaughn, Myrtle Henderson and Weldon

Bill.

Dismissed were Edna Williams, Miriam Longoria, Fern Fulkerson, John Lackey, Avo Tope, Ignacio Rosales, Faye Schmehr, and Braden Delozier.

SRA Tests Given Here

In March the SRA Achievement Series will be administered to all Junior High School Students. The SRA Achievement Series is designed to provide information about student achievement through a battery of subtests in the following areas of Reading, Mathematics, Language Arts, Reference Materials, Social Studies and Science.

The dates are as follows:

- 5th Grade--March 2, 3 & 4
- 6th Grade--March 8, 9 & 10
- 7th Grade--March 16, 17 & 18
- 8th Grade--March 23, 24 & 25

Parents, may I encourage you to make every effort for your child to be in attendance on these dates. It is much easier to take the tests with the group than individually.

Thank you, Mrs. Alford

Men's Slow Pitch

There will be a Men's Class D USSSA Sanctioned Slow Pitch tournament at the W.T.S.U. Softball Field and the Southeast City Field in Canyon on April 3-4. There will be 16 teams with double elimination with consolation.

Entry fee is \$85.00 and entry deadline is 5 p.m. Monday, March 29, 1982.

For information call Brenda Marshall, Box 276 WT, Canyon, Texas 79016, 806-656-2651.

Proceeds from the tournament will benefit the WT Women's Softball Teams.

New Arrivals

Mr. and Mrs. Art Lynch of South Lake are proud to announce the arrival of their daughter, Lauryn Daphne. She was born Saturday Feb. 27 at 5:32 p.m., weighed 8 lbs. 3 oz and measured 21 1/2 inches long.

Maternal grandparents are Mr. and Mrs. Ray Balwiczak of Corona, Calif.

Paternal grandmother is Mrs. Faye Lynch of Spearman.

Massad's Are Quitting Business

Massad's, a ladies wear store in Spearman since June, 1958, is having a quitting business sale beginning March 4.

They have served the people of Spearman and surrounding area with quality merchandise at reasonable prices throughout this time.

Frank and Jennie have operated the store by themselves most of the time, having occasional outside help during Christmas, etc.

Frank has been active in the Spearman community. He is a member of the Chamber of Commerce, and received the Citizen of the Year Award. He was a charter member and helped to establish Little League Ball Club and Ball Park. He is active in the First Christian Church and is a charter member of the Credit

Bureau, and also a member of the Lion's Club.

The Massad's have two daughters, Jenny Lynn, who holds a Bachelor of Music Education Degree and a Master of Arts Degree from West Texas State University. Patricia Ann attended grade school and high school in Spearman, where she was active in band and dramatics. She attended Phillips University in Enid, Okla. and West Texas State University in Canyon. She married James Bayless of Dumas in June, 1968. She and James have three children, Pamela Dee, Julie Anne and Peter Marshall.

This newspaper joins the community in thanking the Massad's for their contribution to Spearman and wish them well in their retirement.

Methodist Plan Missionary Conference

The First United Methodist Church will have a Missionary Conference this weekend, March 6-7, beginning Saturday morning with a breakfast for the whole church at 7 A.M.

The guest missionaries to be featured at the Conference are Elwood and Doris Bartlett. They will meet with the youth at noon on Saturday and present a slide program on their work at the 'all church' covered dish supper, Saturday evening at 6:30 P.M.

The children and youth classes will be visited by the Bartletts on Sunday morning and Elwood will bring the morning message at the 11 o'clock worship hour.

The consecration of Faith Promises will conclude the morning worship hour. The goal for this coming year for this special missionary program has been set at \$20,000.

The past year this program assisted five missionaries, 10 mission projects and one special scholarship for ministerial training.

Doris and Elwood Bartlett have served with distinction the cause of Christ in Zaire, Africa, for the past 41 years. They have just recently retired from the mission field and are at home in Canon City, Colorado.

Everyone is cordially invited to attend any or all of the Missionary Conference.

Calico Cowbelle News

Calico Cowbells representing Lipscomb, Hansford and Ochiltree counties met for a noon luncheon recently at K-Bobs in Perryton to install the officers for 1982. Using a fitting ceremony depicting the value of a cow bell, Peggy Duke installed Anna Lee Barton, Booker, as President; Marki Laughlin, Higgins, 1st Vice-President in charge of publicity and promotion; Lois Hoover, Follett, 2nd Vice-President in charge of education; Ruth Morris, Gruver, 3rd Vice-President in charge of membership and Genevieve Tevis, Perryton, secretary-treasurer.

A lengthy discussion on the club's participation in the National Beef Cook-Off followed the reading of the minutes and the treasurer's report. Volunteers from the Calico CowBells will serve as greeters at the San Antonio airport as the 50 contestants for the cook-off arrive for the gala September cook-off.

A report was given on the beef industry commercials to be aired on national TV and the visually stunning advertisements planned for consumer magazines.

The next meeting will be a salad luncheon at 12:30 p.m. on Thursday, March 17, at Lois Hoover's home south of Follett. All ladies interested in the beef industry are urged to attend.

Kathy Bussard, Lipscomb, is planning a Beef for Father's Day campaign.

Twelve members in attendance were Colleen Yeary, Perryton; Lana Yeary, Perryton; Janice Stabel, Booker, Lois Hoover, Follett, Jan Duke Perryton, Ruth Morris, Gruver; Genevieve Tevis, Perryton; Janet Tregellas, Booker; Carmen Johnson, Perryton; Peggy Duke, Booker; Anna Lee Barton, Booker and Marki Laughlin, Higgins.

DORIS & ELWOOD BARTLETT

Treasure In 2002

Travel with us into the future to the year 2002. Events which happened this year have become memories. Look, there's your child or your grandchild--perhaps, it's a great-grandchild turning the pages of a book, handsome but old. One story is especially appealing to the reader. Look over their shoulders, learn what has their interest. It's your story--your family history.

This glimpse in the future can come true. Hansford's family history book will not be complete unless it includes a biographical account of each and every family. You have a second chance to be included in Hansford's Volume II. Remember that you are doing it for them.

It's not too late! However the time is now. We are closing the family story section on March 16. We are finishing

the work on the stories that we now have and after the 16th of March they will be sent to the publisher. Members of the book committee will be upstairs at the Hansford County Library building on March 15 and March 16 to help you finish the stories that you are working on. Please, let us help you. We want your family to be included.

On March 15 and 16 upstairs at Hansford County Library we will be accepting the pictures that you want included in the stories that you have already submitted.

Want to order a book at pre-publication prices, \$46.20 a book? We will be taking your book orders on those days.

We will be beginning work on the Memorial and Tribute Sections of the book immediately.

Call us if you need help this week.

FU membership fetes Wisians

Farmers Union members staged a surprise party Saturday night, Feb. 20, honoring Elroy and Mable Wisian for service to the organization locally "beyond the call of duty."

The Wisians operate the Farmers Union insurance office in the Mall.

"The insurance office is a specialized service supplying specific needs to Farmers Union members," Burton Schubert, local FU leader noted. "That is all Mable and Elroy are obligated to do, but . . .

"They have endeared themselves to our membership and a large segment of the people of this area by their active interest in other phases of agriculture that is the Farmers Union program -- and our everyday way of life."

Shubert said the party was a classic example of this:

"Mable heard there was going to be a party but, naturally, didn't know it was a surprise for her and Elroy and she insisted on being allowed to help prepare for it in some way."

The affair was in the Burton Shubert home and some 40 people were served from a beautifully decorated cake. It was frosted in white with the Farmers Union emblem in red on the top and "Mable" and "Elroy" in red on the sides of the pastry.

The couple were presented a polished hardwood plaque with an engraved inlay noting their special efforts and the high esteem in which they are held by the Farmers Union membership.

Present also was Gilbert Box, district director for Farmers Union Insurance.

During the interview concerning the party, the Wisians said they had not felt they were doing anything extra but rather just enjoying a way of life with a lot of nice people because it seemed so pleasant and natural since moving to Spearman.

In spite of all the ads, we haven't found a way to lose ten pounds painlessly.

Chamber of Commerce new telephone number is 659-5555.

Mr. and Mrs. Burton Schubert, left, are shown presenting a plaque of appreciation to Mr. and Mrs. Elroy Wisian.

Our Heritage of Faith...

Greetings of joy and peace from Faith Lutheran Church at 11th and Bernice in Spearman.

Rho Rho Meets

President Karen Schnell called the 444th meeting of Rho Rho to order in the home of Candy Boxwell.

Minutes of the previous meeting were read and approved. The treasurer's report was given by Gayle Smith.

The following Committee Reports were given:

Program: Dixie Smith reported that the next meeting would be held on March 11, 1982, with Mary Ann Wilmeth acting as hostess and Karen Blodgett in charge of the program.

Membership: Stephanie Brock reported that two pledge training meetings had been held.

Social: Linda Sanders reported that the Easter Egg Hunt would be in early April, and we

may have a Spring Fling Dance also to be held sometime in April.

It was decided that Rho Rho would nominate Judy Nelson for the West Texas State University Award to Women for Distinguished Service.

Gina Davis presented the program on "Enrichment".

Most people overvalue compliments and undervalue constructive criticism.

Progress will come to an end when children agree with the views of their parents.

World Day Of Prayer

World Day of Prayer, an international celebration sponsored in the United States by Church Women United, will be held March 5, 1982, at the Church of the Brethren at Waka at 9:30 for Fellowship and 10:00 for the program. This annual service unites millions of people in prayer services occurring on six continents during a 24-hour period.

This year's theme is "The People of God: Gathered for Worship, Scattered for Service." The text was prepared by women of the Republic of Ireland and of Northern Ireland. They worked ecumenically at a Christian renewal center near the border of the two Irish states.

World Day of Prayer provides women in the United States with an occasion to participate in a nationwide offering which goes into Inter-continental Grants, the process by which Church Women United carries out its stewardship through grants to a wide variety of programs.

Involved in World Day of Prayer events in Waka are: Faith Lutheran Church, Assembly of God Church, Church of the Brethren, Catholic Church, First Christian Church, Union Church, First Presbyterian Church, First United Methodist Church and Apostolic Faith Church. Nursery is provided.

Arts and Craft Guild Meets

The Arts & Crafts Guild met Friday, Feb. 26 in the home of Sada Hoskins.

Delicious refreshments were served by Mrs. Hoskins to members, Deta Blodgett, Jewel Turner, Blanche Fuller, Athalie Traylor, Georgia Holt and Margaret Gibner.

Next meeting will be March 5 with Blanche Fuller as hostess.

Artist Of The Month

IVA SUTTON ELLIOTT

Iva Sutton Elliott began painting in 1964 under the instruction of Dord Fitz. She has also studied under Dr. Caballero, Irene Bradford, Jon Birdsong and Ben Konis. Her work has been exhibited in libraries, art shows and entered in fairs in the area. She was honored in 1980 by the Panhandle Telephone Cooperative, Inc. by having her painting "Wild Turkey" fea-

tured on the cover of its telephone directory.

Iva and husband, Cecil, are natives of the Hardesty area where they farm and ranch. They celebrated their 50th wedding anniversary in February.

Iva is postmistress at Adams, Oklahoma, and now divides her activities between the two communities.

Girl Scouts-- Going & Growing

It's only fitting that in celebration of Girl Scouting's 70th Anniversary a special effort be made to show appreciation for those who keep Girl Scouts - "Going and Growing".

The religious community has always been supportive of the goals of Girl Scouting by sponsoring troops, sharing resources and encouraging girls and adults to be active members.

WILL YOU STILL BE WORKING LIKE YOU ARE TODAY WHEN YOU'RE 80 YEARS OLD?

If you farm, work in the oil field, if you're self-employed, or if you work for someone else, you may not have a choice!

You see, for years we've all thought that Uncle Sam or our company or someone would take care of us after we retired. That's not so likely anymore. Besides, inflation soon eats up those retirement plans. Don't forget the dollar you had just 7 years ago is only worth 50¢ today.

Beginning January 1, 1982, you can set up your own tax-deferred retirement plan -- even if you participate in a company plan, too. You can put up to \$4,000 in it annually if you and your spouse both work, and it's fully insured just like the rest of our accounts. Remember, a \$2,000 annual contribution assuming it earned 12% interest, would amount to 1 million dollars in just 35 years. You may even be able to set up an IRA today for last year, contribute \$1,500 and deduct it from last year's taxable income, providing you do it soon.

Don't put yourself in a position where you're still working for your money after you should have retired. Have your money already working for you so you can retire by starting today, with an IRA at Homestead. Lots of financial institutions will offer them, but look out for unnecessary fees and lack of experience. We charge no fees and we've been setting up IRA's for years.

Talk to your tax accountant or call any of our experts at Homestead.

Senator Bill Sarpalius Reports

TOUGH NEW CRIME LAWS

AUSTIN - We have been talking a lot about what we need to do to solve the crime problem in this state, but we haven't talked very much about what we did last session. Here's a look at some crime laws we passed during the last session of the Legislature.

We added elderly people to the list of people protected by the laws protecting children. Now, assault on an elderly person carries a stiffer penalty, like child abuse.

We created a new crime, theft by bomb threat. A person who extorts money by using a bomb threat now faces 20 years in prison.

Punishment is a valid goal of law enforcement, but it really doesn't help the victim much. We wanted to do something for the victim, so we now allow judges to require juvenile offenders to make restitution to their victims. Also, judges can require victims to do charity work.

Before the last session, Texas was the only state that did not allow prosecutors to use oral confessions in a criminal trial. We changed that, although there is a provision in the law that the confessions must be recorded.

Many people have long contended that wholesale dealing in pornography was a function of organized crime. The Legislature agreed last session, and increased the penalty for wholesale dealing in pornography from 10 years to 20 years in prison.

For years, the only legal wiretaps in Texas were those ordered by federal judges and manned by federal officers. We gave local officers the power to ask state judges for wiretaps last session, in an attempt to control drug traffic. Because of criticism from civil liberties groups, we put strict safeguards on the issuance of warrants for the taps, and on use of the taps after the warrant is issued.

In an effort to stop crime before it starts, we raised the liability for parents for the malicious acts of their children from \$5,000 to \$15,000. We hope this will make parents more responsible in supervising their children. Even if it doesn't, someone has to pay for the malicious acts of children.

We also passed other crime laws during the last session, but we hope this will give you an idea of what we are doing to stop crime. We are trying, but we need your help. We not only need your support, but we also need your ideas. Write us and tell us what we should do next to fight criminals. Write to Senator Bill Sarpalius, P.O. Box 12068, Austin, Texas 78711.

Metric?

President Reagan has proposed to halt funding of the 7-year-old Metric Board, an independent agency working to educate the public in metric numbers. The two million dollar cost of the board was part of the voluntary effort of recent years to convert from inches, pounds, etc., to the metric system.

Already many large corporations and producers have converted. Many use both systems on labels and parts. Some still stick with the old English-American system (which the English abandoned when they entered the European Common Market).

Opponents of the president's proposal to stop funding of the voluntary effort say this will delay conversion. The Reagan Administration says the board has done its job and familiarized Americans with the metric system and that conversion will now continue as the market place and the people dictate.

Whatever the result in Congress in 1982, the U.S. conversion is well underway. General Motors, for instance, will complete its total conversion in another year. But for some small businesses, conversion is a real problem and a financial one. And all agree conversion should be voluntary, not mandatory.

Money isn't especially important when you have more than you need.

The hardest job is the one that you put off until the last minute.

PSU Beef Bull Sale

Oklahoma Panhandle State University beef bull testing program held its performance tested sale on Tuesday, February 23, 1982 at the testing facilities on the university farm. Sixty-eight bulls sold consisting of 3 Charolais, 26 Herefords, 12 Polled Herefords and 27 Angus. The top selling bull consigned by CC Ranch of Elsmere, NB was purchased by Harman & Son, Inc. of Longdale, OK for \$3,000. The second high selling bull brought \$2,150 and was purchased by Dale Naiman of Leoti, KS. This bull was consigned to the test by Phil Light of Turpin, OK. Three bulls bringing \$2,000 each were consigned by CC Ranch; Duane Jenkins, Higgins, TX; and Phil Light. The purchasers were Harman & Sons, Inc., Roger Green of Elk City, OK, and Lowell Hankins of Rock-

springs, TX. Next high selling bull was consigned by Andrew's Herefords of Olney, TX and purchased by Travis Hepler, Freedom, OK; for \$1,700. Bringing \$1,625 was a Charolais bull purchased by Lee Allen Mosley of Leedey, OK. This bull was consigned by John Williams, Boise City, OK. Panhandle State University was the consignor of the next high selling bull. This bull brought \$1,600 and was purchased by Roger Green. Bringing \$1,500 were the last three bulls in the top selling section of the sale. These bulls were consigned by Phil Light; his bull being purchased by Roger Green. Thomason Herefords of Alva, OK consigned the other two bulls and they were purchased by Earnest Campbell of Guymon, OK and Robert Andrews. The average on 68 head was \$941. Averages on breeds were as follows: three Charolais at \$1,242; Herefords at \$883; 12 Polled Herefords at \$1,083; and 27 Angus at \$902. Volume buyers at this years sale were Pat Patterson of Spearman, Tx; and Emmett LeFors of Pampa, TX each purchasing 6 head. Purchasing 4 head each were Travis Hepler of Freedom, OK and Bill Howse of Wichita, KS.

Texas Student Aid Applications

FROM: TEXAS ASSOCIATION OF STUDENT FINANCIAL AID ADMINISTRATORS TO: STUDENTS WHO WANT TO APPLY FOR FINANCIAL AID As Federal funds begin to dwindle, it is important that a student applying for funds fill out the correct forms as early as legally possible. There are some real potential problems with incorrect applications for aid. It is therefore imperative that the student contact the school he or she is applying to and ask which are the correct forms for financial aid applicants. May I encourage you to do this as soon as possible.

Local Boxing Clubs Successful at Liberal

The Spearman-YMCA Boxing Club and the Gruver Boxing Club all did a magnificent job at the Liberal Boxing Meet this past weekend--February 26 and 27, Friday and Saturday, with the finals played on Saturday. There was lots of action at the Meet with the 1st Place winners being awarded the 1st Place Trophy and 2nd Place winners awarded a Boxing Glove Hat Pin.

On Friday, February 26, there were a few Spearman-YMCA Boxers that were defeated. In the 65 lb. Division, Eugene Brown of the Spearman-YMCA Boxing Club lost to Jonathan Sloan of the Guymon Club.

In the 70 lb. Division, those fighting were Will Black of the Spearman-YMCA Club and Steve Elliott of Hugoton. It was a tough match, and Will lost to Elliott of Hugoton.

Another tough match was in the 80 lb. Division with Tony Herndon of the Spearman-YMCA Boxing Club and Daniel Hawk of Lakin. Tony lost the match--Hawk of Lakin was the winner.

When were the Spearman-YMCA Club members going to start winning--that seemed to be their middle name. Well, before anyone could figure it out, Lee Villarreal of the Spearman-YMCA Boxing Club fought J.J. Buckholz of Lakin. It was in the 50 lb. Division, and Lee won the match. Since there was not a competitor for Lee on Saturday night, he was awarded the 1st Place Trophy since he did defeat Buckholz of Lakin.

In the 55 lb. Division, Chad Riggins of the Spearman-YMCA Boxing Club just had too many powerful blows in the first round against Marty Martinez of Dodge, that the Referee Stopped the Contest--Chad won by "RSC".

There was one exhibition match, between Kevin Knox of

the Spearman-YMCA Boxing Club and Mickey Easley of Liberal in the 90 lb. Division.

In the final match of the night, Temp Sheppard of the Spearman-YMCA Boxing Club fought in a tough match against Steve Golden of Lakin in the 75 lb. Division, with Golden winning.

Now, there weren't any Gruver Boxing Club members fighting on Friday, but they did on Saturday. They are a good fighters, also.

To start the finals--the winner being the 1st Place winner and the Loser being the 2nd Place winner--1st Place received a trophy and 2nd Place received a boxing glove hat pin. To start off the night, in the 40 lb. Division, Cass Lasater went up against Stuart Riggins, both from the Spearman-YMCA Boxing Club. It was a tough contest, but Cass came out on top.

In the 45 lb. Division, Dee Mayfield went up against Matt Eakin, both of the Spearman-YMCA Boxing Club. Both Dee and Matt are capable of flattening their opponents, but this time it was a tough match, and Dee won the match.

In the 48 lb. Division, Matt Archer of the Spearman Boxing Club went up against a tough Jason Martinez of Garden City. Matt played his heart out and won the match.

One of Gruver's best--Marshall Cator--proved to Tommy Elliott of Lakin just why he is going to the State Meet at Fort Worth. Marshall won by a TKO.

In one of the 55 lb. Division, Richard Garcia of Guymon went up against Chad Riggins of the Spearman-YMCA Club and defeated him. In the other 55 lb. Division match, Mark Eakin of the Spearman-YMCA Club beat Nolan Brever of Liberal.

In the 65 lb. Division, Bubbie Elliott of Lakin fought

against Edward Mayfield of the Spearman-YMCA Boxing Club. Edward fought really well, but Elliott of Lakin won the match.

Marshall Cator of the Gruver Boxing Club, fought once again, this time against Jose Garcia of Liberal. If there had been any doubts in anyone's mind, including Garcia's, why Marshall was considered one of the best boxers in his weight division in Texas, then those two fights on Saturday night, proved otherwise.

In the 160 lb. Division, Ron German of Liberal went up against Durward Cator of the Gruver Boxing Club. This was in the 160 lb. Division, remember, both of these fellows played an excellent match, and as far as German is concerned he proved to Durward that he, too is State-bound. German won the match.

The next Boxing Meet will be at Tulia on March 19 and 20. These Spearman-YMCA and Gruver Boxing Club members make Hansford County look like the "Sugar Ray Leonard" kind of land--winning all or mostly all the time!!!

Financial Aid Available For College

Financial aid is available to you from a variety of sources to help you meet post secondary education costs. To receive any type of aid, you must make application to the proper source or sources and meet all deadlines which are imposed.

Financial aid may be in the form of a grant, a loan, a scholarship or a job. Many college financial aid officers will assist you with a package which may contain a combination of the above.

Most financial aid is handled by the financial aid office of the college, therefore, an application for financial aid must be filed with the financial aid director. Certain aid is based solely on need, therefore requirements must be looked at very carefully. Most colleges require that the (FAF) Financial Aid Form, be filed with the appropriate company to qualify for some scholarships. All colleges require that the form be filed in order to qualify for any type of federal financial aid. The guaranteed student loan through the bank does not require these forms. The FAF form is available in the counselors office.

CHECK THE FOLLOWING SOURCES FOR POSSIBLE SCHOLARSHIPS:

- Local organizations
- Company where your parent is employed
- COLLEGE Financial aid director
- Department heads (art, music, athletics, ag, etc.)
- Clubs (look at the catalog)
- Basic Education Opportunity Grant (Federal)
- Nursing Schools
- Veterans Administration
- SOURCES FOR LOANS: Guaranteed student loan-bank
- National Defense Student Loan (Apply through the college financial aid office)
- Texas Student loan (Apply through the college financial aid office)

Aid is also available through College Work-Study QUESTION? WHEN SHOULD I FILL OUT AN APPLICATION?

Check the college catalog for deadline dates. Fill out and mail the FAF after January 1.

County Government All Right

COLLEGE STATION--There are a lot of things that are good about county government, according to a professor who spends much of his time studying and teaching about the subject. The problem is that county officials are too modest and don't involve the news media enough in telling about the many good things they are doing.

That opinion came from Dr. Willard B. Stouffer, professor of political science at Southwest Texas State University, during an address at the recent 24th annual County Judges and Commissioners Conference here.

Stouffer outlined seven major points that he said were "right" about county government:

1. County government is run by patient, dedicated and dependable people.
2. County government in Texas works.
3. It adapts to changing situations and conditions.
4. County government is run by professionals who take their jobs seriously.
5. County government is flexible to deal with issues and situations according to the needs of people.
6. It offers a wide range of services depending on needs and capabilities.
7. County government is only beginning to realize its vast potential. It must learn to deal with such

major issues as urban sprawl and new federalism in the years ahead.

As far as letting the public know about the good things that county government is involved in, Stouffer urged judges and commissioners to work closely with local newspapers and other media to report to the public about the valuable services they are performing.

"We have not been doing a good job in telling people about county government," Stouffer said. "We need to show people that county government works. It's especially important to help young people understand county government. County officials are often so modest and polite that all the good things that are going on are a secret."

Stouffer also downplayed the recent concern about the indictment of several county officials over the state. "When less than 4 percent of elected officials are indicted, we don't need to get hysterical," he emphasized. "We have no business judging a whole barrel of apples just because a few of them are bad."

The annual conference for county judges and commissioners was sponsored by the V.G. Young Institute of County Government of the Texas Agricultural Extension Service, a part of the Texas A&M University System.

Blockbuster Entertainment At Houston Stock Show

The Houston Livestock Show and Rodeo today announced that Larry Gatlin and the Gatlin Brothers Band, Mel Tillis and Dottie West will perform at the 50th Anniversary Show on March 5 and 6 to replace Dolly Parton, who had cancelled her appearance due to illness.

In announcing the blockbuster entertainment package, Show Assistant General Manager and spokesman Leroy Shafer praised these superstar entertainers for their cooperation and willingness to help Houston's greatest civic event.

"The feeling these fine stars have for our Show is phenomenal," he commented. "Larry Gatlin and his brothers, Rudy and Steve, all had planned the time following their performance here tonight as a break from their hectic touring schedule. They had personal and family commitments, involving extensive traveling plans out of the United States."

"Yet, when they learned of our situation caused by Miss Parton's forced cancellation, they volunteered to forego their schedules--just to help out our Show. They had absolutely no hesitation in breaking commitments that were important to them, all because of the belief they have in the Houston Livestock Show and Rodeo and our programs benefitting young people."

"And, to top off their magnificent gesture as artists, they are demonstrating their feelings for the Show by donating \$10,000 of their fee to the Houston Livestock Show and Rodeo Scholarship Fund. Truly, they are superstars!" Shafer said.

Shafer also had high praise for Mel Tillis and Dottie West, calling them "true friends of the Show, true professionals and entertainers of the very highest caliber. Their offers of cooperation and their willingness to make schedule changes to accommodate the Show for the three performances on March 5 and 6 are amazing. Their expressions of helpfulness to the Show are deeply

appreciated by everyone here and by the thousands of rodeo fans who are in for the single biggest entertainment package the Houston Livestock Show and Rodeo has ever brought together for any single performance!"

The Gatlins, Tillis and Miss West each will appear at the Friday, March 5 evening performance, and at both the matinee and evening performances set for Saturday, March 6.

Shafer also explained that any rodeo fan wishing to exchange or obtain refunds on tickets purchased at Ticketmaster outlets or the Astrodome box office was "welcome to do so. We do ask that ticketholders return their tickets to the outlet where they were purchased, just as a matter of mutual convenience."

Chili Dinner Set For Max Sherman

State Attorney General candidate Max Sherman of Amarillo will go home Friday, March 5, for an appreciation chili dinner in his honor at the school he attended when he lived in Phillips, Texas.

The Phillips Alumni Association is helping coordinate the nine-county banquet with the help of Berger area supporters of Sherman's first bid for state-wide office.

The dinner will be at 7:30 p.m. at the Phillips School. Tickets are \$25 for adults and \$10 for students and may be obtained in advance from banks in the nine county seats or by calling 273-3154 or 274-4948.

Supporters hope more than 300 friends of Sherman will attend the banquet from Hutchinson, Dallam, Sherman, Hansford, Lipscomb, Hemphill, Ochiltree, Hartley and

Carl Archer Campaign Coordinator For Mark White

ubernatorial candidate, Attorney General Mark White has announced that Carl Archer of Spearman will be the Campaign Coordinator for the Mark White for Governor Campaign in Hansford County. "I am pleased and grateful to have Carl on board with me," said White. "It's going to be a long race, and we are going to win it, because we have people with the experience and dedication of Carl Archer on our team. We want to make sure the voters of Hansford County know what we have to say and that they are organized for this campaign. Carl and my other supporters in Hansford County

are going to see that this organization works and works well."

"We have excellent statewide campaign organization and that organization will be responsible for getting our message across to every Texan in all 254 counties," White added.

"Our latest poll, released February 19, shows that I am the front runner in this race. This is a clear signal to our campaign that if we work with resolve and determination, it will ensure the primary victory in May and a decisive victory in the November general election. I am confident we will win," said White.

Selective Service Registration Forms At Post Offices

The U.S. Postal Service today reminded young men born in 1960 and later years that post offices nationwide are continuing to offer forms for Selective Service registration.

Selective Service officials have announced that men who should have registered prior to January 8 may do so until February 28, 1982 without fear of prosecution because of a grace period in effect through the end of February.

The registration forms are available at any post office and require name, address, telephone number, social security number and date of birth. Some form of personal identification--such as a driver's license or birth certificate--must also be presented for inspection at the time of registration. Selective Service officials said.

The registration requirement applies to all young men born in 1960 and later years. Men born in 1960, 1961, 1962 and 1963 should have registered previously. Those born in 1964

should register this year within a period beginning 30 days before and ending 30 days after their 18th birthday, the Selective Service said.

For further information, call the Selective Service System in Washington, D.C. at (202) 724-0790.

Regional History Fair To Be April 1'

Trade and Industry in History is the theme for the 1982 Regional History Fair to be held on April 17 at the Panhandle-Plains Historical Museum, Canyon, in celebration of National History Day. This year's second annual Regional History Fair will represent 27 counties in the Panhandle region, according to Suzanne Hewitt, Director of Education at the Museum and regional chairman of the Fair. Assisting her is co-chairman Nan Arthur, education department volunteer.

Students in grades six through eight, the junior division, and grades nine through twelve, the senior division, may enter. There are six contest categories, including individual projects; group projects with a limit of five students; and individual historical papers. Other categories consist of individual performance; group performance; and media presentations (group or individual).

More specifically, projects such as charts, displays, reliefs, or historical papers can be entered. Other projects that may be entered include fictional accounts and poetry, reconstructions, models, explanatory texts with photographic displays, and live presentations. Media entries may consist of slide-type, motion picture or video tape. Each student may enter in one category.

Out-of-town judges will evaluate projects on the basis of historical quality, quality of

presentation, and adherence to theme and rules. Trophy ribbons and school plaques will be awarded to winners. Projects will be placed on display for public viewing April 18 through April 23 at the Museum.

Winners in the Regional Fair will compete in San Antonio at the State History Fair on May 1 against winners from twenty other Regional Fairs conducted state-wide. The state competition will be held at the Institute for Texas Cultures. Winners of the State Fair will go on to compete in the National finals at the University of Maryland-College Park in June.

Four hundred area students participated in the 1981 Regional History Fair, Hewitt said. It was one of the largest history fairs in the state. The competition is made possible through a grant from the National Endowment for the Humanities, which provides funds to purchase awards and certificates.

"Because of the success of last year's History Fair, the NEH increase the amount of grant money for this particular Regional Fair," Hewitt said. She expects about the same number of students to participate in this year's Fair as last year's.

There is no registration fee to enter. Registration forms, student and teacher guide manuals, and other information may be obtained by contacting Suzanne Hewitt at the Museum in Canyon.

RECIPE

By Sarah Anne Sheridan

Sweet & Sour Pork Chops

- 4 pork chops, 1/4 inch thick
- 2 T butter or margarine
- 1/4 c chopped onion
- 4 c chopped green pepper
- 1 13 1/2 oz. can pineapple chunks, undrained
- 1 T cornstarch
- 2 T catchup
- 2 T vinegar
- 2 T soy sauce

This recipe takes about one hour to prepare: Brown chops on both sides over medium heat in a skillet. Cover; cook over low heat 30 minutes. About 15 minutes before meat is done, saute onion and green pepper in butter in medium saucepan until tender; add syrup drained from pineapple. Add cornstarch to last 3 ingredients. Stir into syrup mixture; ok, stirring, until thickened. Add pineapple; heat. Cook 15 minutes or until fork tender.

Makes 4 servings.

Copernicus

March 4 is generally accepted as the birthday anniversary of Nicholas Copernicus, the Polish astronomer and father of modern astronomy. Born in 1473, his historic discovery was published in 1543--seventy years later.

The revolutionary principle in that discovery was that the sun, not the earth, is the center of our solar system. Copernicus concluded it was the center of the entire space system. That, of course, was not correct.

But he was the first to see that the earth revolved around the sun, not the reverse. This discovery had enormous implications for the future of astronomy, transportation and scientific research.

Copernicus' discovery showed the way to Johannes Kepler, two centuries later, who expanded on the theme and laid down the foundations upon which modern astronomy is based.

POPE & HUMAN RIGHTS

LAGOS, NIGERIA -- Pope John Paul II declared recently that human rights must be respected in his Polish homeland and chastised major powers that worry more about inflation and arms than poverty in the Third World.

28th National Pilgrimage To Lourdes

Faith and hope are the two main ingredients of the National Rosary Pilgrimage for the Sick and Handicapped which leaves New York for Lourdes, France, September 18 and returns September 26.

This will be the 28th Annual Pilgrimage and its Spiritual Director will be Father Joseph P. Allen, O.P. of the Dominican House of Studies at Catholic University here in Washington, D.C.

Pilgrims will leave by charter flight September 18 from John F. Kennedy Airport arriving the next day, September 19 in Lourdes. On September 20, Mass will be offered at the Grotto of the Apparitions. The Sick will be taken to the baths each day. For those who are able to participate, the Way of the Cross, Procession of the Blessed Sacrament, the Daily Blessing of the Sick and Solemn Benediction will take place. Each evening there will be a Candlelight Procession.

Other highlights of the Pilgrimage include visits to the Holy Mill where Saint Bernadette was born, the Locarde Mill, residence of her parents after 1864, the "Cachot" formerly a jail and where she lived at the time of the Apparitions, the Hospital and Chapel where Saint Bernadette received her

First Holy Communion and the Parish Church, containing the Baptismal Font at which the Saint of Lourdes was baptized.

The pilgrims return to New York on September 26 after a farewell Mass at the Grotto in Lourdes. Trained medical personnel, doctors and nurses, will accompany the Sick and Handicapped and will be available throughout the Pilgrimage.

All-inclusive cost will be \$898.00 based on a 370 passenger DC 10 charter flight, Pan American World Airways. The rate includes air transportation, hotels based on two person occupancy of room with bath, all meals, sightseeing as specified in the itinerary, meetings, transfers, tips and portage.

The Pilgrimage is operated by the Catholic Travel Office here on a non-profit basis. Its President, Sir John Hodgson, K.H.S., who founded the pilgrimage, points out that the individual pilgrim cost 28 years ago was \$695.00, yet today, despite high inflation and airline spiraling fuel costs, it is only \$898.00. For further information, write Sir John Hodgson, K.H.S., Catholic Travel Office, Suite 520, 1019 19th Street, N.W., Washington, D.C. 20036, Telephone number (202) 293-2277.

The Alamo

On the sixth of March in 1836, Mexican General Santa Anna committed an error which made certain the independence of Texas. Texans had proclaimed a revolution (with an eye on later admission to the United States) and Mexican soldiers were seeking to put down the insurrection. The Mexican Government had a good legal case.

General Santa Anna arrived before the Texas-manned mission, which had been converted into a fort, with several thousand troops. It was ten days before he assaulted it. During this time he bombarded the Texans but failed to breach the fort's walls. During this time, also, thirty-two volunteers arrived to bolster the defenses.

On the 6th of March, the Mexicans attacked in overwhelming force. The Texans and other U.S. defenders turned them back. The Mexicans attacked again and were repulsed a second time. But Santa Anna persisted and his third wave of attackers overran the fort. Only five defenders were taken alive, one of them being David Crockett. Santa Anna ordered them executed.

This cold-blooded murder infuriated Texans and U.S. residents everywhere. Six weeks later a revenge-minded force of Texans and others met Santa Anna in the battle of San Jacinto, sweeping his forces from the field to the cry of "Remember the Alamo," and winning independence for Texas.

FANCY THAT!

In Brazil, people spend almost half of their disposable income on food. To feed the average family in India, workers must spend 64 percent of their income. In the U.S., we buy a variety of foods, with only 15 cents of every dollar of a family's income.

For a typical American worker, one hour's work will buy two pounds of steak and two dozen oranges. By contrast, it takes one full day of work in Japan to earn enough money to buy the same amount of food.

Compared with people in other countries, Americans can buy much more food for their money. Food is still one of our best bargains, thanks in part, to crop protection chemicals. If you'd like a speaker to talk about the role these beneficial chemicals play in making our country's agricultural system more efficient and productive, contact Margaret Melady, Straight Talk About Chemicals, Public Affairs Department, Stauffer Chemical Company, Westport, CT 06881.

Deadline For History Stories

Odds are high there will never be another History Book in our County after the completion of our Volume II.

The time and effort necessary for a group to complete a book is GREAT. Therefore, it is doubtful another group will again undertake such a task on our lifetime.

There are still a few days to get in your family story. Response has been good. We will have a very nice Volume II. We have collected 250,000 words in this first section alone. If your story is not in yet, please hurry.

We will accept stories until

we complete the book work and re-typing on the stories that are in now. When we complete these stories, this section will close, and your family record will not be passed down through time if it is not in our possession at that time.

HURRY!! This is the last chance to get your story in FREE OF CHARGE.

Please, consider how many books you might need before it is too late. As you know Volume I is sold out and no more copies are available. If you have Volume I, you need to get Volume II as a sequel.

Transpetco I Changes Operators

The Management Committee of Transpetco I voted unanimously at a recent meeting for Dorchester Enhanced Recovery Company to replace RGS as operator of its CO2 enhanced recovery operations in Hutchinson, Hansford and Ochiltree Counties according to an announcement made by W.A. Stanberry, Manager of the project.

There will be no change in operating personnel or other local aspects of the operations and there has been no change in the ownership of the Joint Venture which is comprised of

Cominco American, Halliburton Resource Management, RGS, Dorchester Enhanced Recovery Company, Enhanced Energy Resources, Inc., and Eagleton Engineering. The announced change is for internal business reasons by mutual and unanimous agreement.

Mr. Dana Stokes, President of the newly founded Dorchester Enhanced Recovery Company of Dallas, Texas, will replace W.A. Stanberry of RGS, Shreveport, Louisiana, as Project Manager on the effective date of the change which is set for September 1, 1982.

PSU Beef Bull Sale

Oklahoma Panhandle State University beef bull testing program held its performance tested sale on Tuesday, February 23, 1982 at the testing facilities on the university farm.

Sixty-eight bulls sold consisting of 3 Charolais, 26 Herefords, 12 Polled Herefords and 27 Angus. The top selling bull consigned by CC Ranch of Elsmere, NB was purchased by Hartman & Son, Inc. of Longdale, OK for \$3,000. The second high selling bull brought \$2150 and was purchased by Dale Naiman of Leoti, KS. This bull was consigned to the test by Phil Light of Turpin, OK. Three bulls bringing \$2,000 each were consigned by CC Ranch; Duane Jenkins, Higgins, TX; and Phil Light. The purchasers were Harman & Sons, Inc., Roger Green of Elk City, OK, and Lowell Hankins of Rocksprings, TX. Next high selling bull was consigned by Andrew's Herefords of Olney, TX and purchased by Travis Hepner, Freedom, OK; for \$1,700. Bringing \$1625 was a charolais bull purchased by Lee Allen Mosley of Leedey, OK. This bull was consigned by John Williams, Boise City, OK. Panhandle State University was the consignor of the next high selling bull. This bull brought \$1600 and was purchased by Roger Green. Bring-

ing \$1500 were the last three bulls in the top selling section of the sale. These bulls were consigned by Phil Light; his bull being purchased by Roger Green. Thomason Herefords of Alva, OK consigned the other two bulls and they were purchased by Earnest Campbell of Guymon, OK and Robert Andrews.

The average on 68 head was \$941. Averages on breeds were as follows: three Charolais at \$1242; 26 Herefords at \$883; 12 Polled Herefords at \$1083; and 27 Angus at \$902.

Volume buyers at this years sale were Pat Patterson of Spearman, TX; and Emmett LeFors of Pampa, TX each purchasing 6 head. Purchasing 4 head each were Travis Hepner of Freedom, OK and Bill Howse of Wichita, KS.

TV COMMENTARY

By Bente Christensen

IN Masterpiece Theater-- probably the best long-running series of productions on television, the Public Broadcasting Service sets a tone the commercial networks don't match. Thus it's disturbing to learn that the BBC is signing up with U.S. commercial TV.

THAT won't doom Masterpiece Theater, because some of its best offerings were done by British companies without BBC guidance, but it might make it more difficult for PBS to keep the high-quality series going all year. The last one, *The Flame Trees of Thika* was beautifully done. The current series, on Lord Nelson, is well done.

NBC sports has come up with a superior twist in televising golf. CBS, which has long been known for its golf coverage, should follow suit. NBC projects small pictures of all competitors on the screen, with their final scores beside the "mug shot."

ABC's *Strike Force* is getting better. A recent hour-long show relating, it seemed, to the Manson killings, was first-rate stuff. That kind of television is needed today, to expose the absurdity of various cults to glib young people.

ROBERT Stack, who endeared himself to millions as Elliot Ness in the famed *Untouchables* series, nar-

rated by Walter Winchell and based on true stories, is both a good actor and appealing.

THUS the success of *Strike Force*, which began slowly, is no surprise. Amusingly, Stack fights crime with a team including a woman, a black and a Hispanic. That's the only way one can catch criminals today on TV!

THE latest actors' salute to themselves took place in New York, and gullible wire services distributed reams of copy to the media about the non-event, which was called a salute to show business. What that actually means is that the entertainment types are again saluting themselves, which they do about two hundred times a year.

MAJOR DISASTER DUE WASHINGTON -- The East and Gulf Coasts are due for a major natural disaster, according to Neil Frank, the nation's chief hurricane fore-caster.

REBATES A FLOP

DETROIT -- U.S. auto companies said recently the industry-wide rebates now in effect have been a flop so far, and General Motors announced it was laying off 6,100 workers indefinitely. The five domestic car producers reported daily sales for the first 10 days of February were at their lowest level in 21 years.

FREIGHTER EXPLOSION

KALAMA, WASH. -- A flaming 600-foot freighter filled with wheat was beached recently on the Columbia River while doctors treated six people injured in the spectacular fire that was burning out of control.

WASHINGTON --

The winter that cost Americans an extra \$1.4 billion to keep warm in January brought more mudslides and floods to parts of the rainy Pacific Northwest recently while much of the nation enjoyed a thaw.

Toland & Holocaust

John Toland, one of the nation's best historians, recently addressed the subject of the extermination of Jews in Germany before and during World War II, and films about that tragedy in the U.S.

Writing in *TV Guide*, Toland says many of the films are inaccurate but that some are quite well done, and that Americans should be reminded that not only Jews but other races and religions have been ruthlessly persecuted.

Toland lists the Russians, Poles, Greeks, Gypsies and Yugoslavs in World War II (in addition to Jews), the Americans in World War I, the Ukrainians (millions murdered by the Russians), etc. In reminding us of these historic tragedies, TV renders a service.

It can also be said, in this connection, that the Jews have the longest history of persecution of anyone. They have been expelled, ghettoed, murdered and persecuted for hundreds and hundreds of years, in country after country. Hitler exterminated from four to six million of them, as the leader of the most cultured nation in the world.

It would be worthwhile for some of the documentaries on the Holocaust to carefully examine the reason for all this collective resentment and hatred over the centuries. The best way to avoid blood baths and persecution, or mere discrimination, in the future, might be to reduce the cause of resentment, if possible.

Challenged!

A man, returning home in the small hours of the night found a burglar jimmying the lock on his front door. Thinking quickly, the man whispered to the prowler, "I'll open the door if you go in first."

Reasonable

Husband--My dear, the seed you ordered won't flower until the second summer.

Wife--Oh, that's quite all right. I ordered them from last year's catalogue.

Flattered

"This robbery was carried out very cleverly," said the judge.

"Come now, judge, no flattery, please," replied the blushing prisoner.

Wrong Advice

The worried patient was visiting his doctor for a checkup.

Said the doctor: "Do you smile at your troubles as I advised?"

The patient replied: "Yes, and the boss warned me three times to wipe that silly grin off my face and get to work."

It Depends

"I'm a dollar short on my pay check this week," the employee complained.

"We overpaid you a dollar last week and you didn't say a thing," his boss reminded him.

"One mistake I can overlook. But a second is inexcusable."

Tiger Manager Says Detroit Will Be In Pennant Race Again In '82

By Sparky Anderson

LAKELAND, FLA. -- There's no experience like the experience gained from a pennant race.

Our guys learned that first hand last year and they'll be better players for it.

We play in baseball's toughest division and we're going to take the East Division race right down to the wire again.

We've improved in a couple of areas which fans will see right away. Chet Lemon and Larry Herndon give us the righthanded hitting we missed last year. The defense we've added to the outfield will make us one of the best all-around fielding teams in the league.

Chet Lemon is no stranger to Tiger fans. Everyone knows him from his days with the White Sox. He's one of the better outfielders in our league. He can run and he's going to hit for some power.

Everyone in the league is going to be surprised by Larry Herndon. He's ready to blossom as a real star. He's a complete player and gives us a dependable leadoff hitter.

Our other outfielder has the chance to be a great one. Kirk Gibson showed everyone last year what to expect in the

future. If he continues to develop the way he should, there's no limit to his potential. With the extra righthanded bat in the lineup, it'll be even tougher to pitch to Gibson this year.

Up the middle, our infield is as strong as any in baseball. Alan Trammell and Lou Whitaker are one of the slickest double play combinations anywhere.

Behind the plate, Lance Parrish is just about ready to become that dominant force everyone's waited for. Down the stretch last year, Parrish and Gibson were the leaders when it counted most.

Roger Craig did a super job with the pitching staff last year. The improvement over the previous season was the difference of night and day. I think our young pitchers will continue to improve.

Jack Morris and Dan Petry make up one of the strongest one-two punches in our league. With Milt Wilcox, whose injured finger seems okay, that's the foundation of a pretty strong starting staff.

Last year Kevin Saucier blossomed as an excellent short reliever. I expect him to continue to improve.

With our defense and some added speed, the Tigers of 1982 are going to be a very exciting team, competitive right to the end.

Media Slant

Conditioned to bigger and bigger welfare spending and more and more social idealism for decades, most of the working press is guilty of, at times, adopting the cliches of big brother government and the liberal spenders.

A good example was a recent television news program involving Harry Ellis, the economics editor of the respected *Christian Science Monitor*. Ellis was speaking on the PBS program *Washington Week In Review*, probably the best single news program on TV today.

Discussing proposed cuts in the growth of welfare and other social aid programs, Ellis continued to say that those being "punished" were the poorer classes. One understands how he meant his words. But such language inflames and alienates ignorant and gullible people, who assume, as a result, they are being wronged.

What all Americans who live on U.S. welfare must keep in mind is that other Americans are maintaining them. The determining question, in the end, must be whether the other Americans can afford to continue the charity and welfare. Housing subsidies, rent subsidies, college student food stamps even for the rich, unemployment checks, food stamps for increasing millions, fuel bill supplements for those fortunate enough to get on the federal payee list, make-work jobs, Medicaid, etc., are all justified--if the nation can afford it. If there is not enough money, these growing programs cannot be allowed to continue to grow.

No one is being punished, if the rest of the nation can't support them. There may be hardship cases and they deserve sympathy and compassion--and financial aid when the government has the money. But the federal government isn't a money machine with a golden press. The charity and welfare Americans receive comes from tax-paying fellow Americans.

If they can't continue to increase the dole, for all these good causes, no one is being punished. It's just a case of the money not being there, and of the government having borrowed too much too long, so that continued overspending will bankrupt the economy and end the high American living standard for all.

Comment On Sports

GOLF * * * *

By Pete Fritchie

WASHINGTON, D. C. -- The golf world is wondering whether Tom Watson, until last year, for four years running the game's best, is over the hill. It appeared for a few days at the recent Hawaiian Open that Watson was set to take charge.

He began the last day of the tournament only two strokes off the pace. A sizzling round would have won him the \$58,000 first prize. But he skied to 76--as millions watching on TV saw.

Is this to be, then, another year when a young golfer takes over as number one--as Bill Rogers did last year? Might it be young Bobby Clampett, as some

say? Clampett is only 21 and though confident and self-assured, the former Brigham Young star with that beauty-parlor hairdo isn't experienced.

Levi Simpson, Rogers or some of the others with slightly more experience seem the likely comers. Watson isn't necessarily out of it, though 1981 was a grim year for the Missourian. One

gets the feeling he's determined to come back in 1982. His wild-shots in the fourth round of the Hawaiian Open probably reflected a decision to gamble and go all-out for a spectacular finish, which that time he didn't pull off.

Public School Week-March 1

This year, Texas Public Schools Week will include something for everyone -- students, parents, teachers, school patrons and community leaders, according to superintendent James Cunningham.

The annual Texas Public Schools Week will mark the 128th anniversary of the public school system in Texas and the local schools -- elementary through high school -- will be open for public visitation.

The open house schedule will be:

- Elementary Schools
- March 2nd - 7:00 - 9:00 P.M.
- Middle Schools
- March 2nd - 7:00 - 9:00 P.M.
- High Schools
- March 2nd - 6:00 - 7:30 P.M.

The schools will also be open during the regular school hours of 8:00 A.M. to 4:00 P.M. for Public Schools Week visitors.

Parents are not only encouraged to visit the schools, they

are invited to have lunch with the children and to visit the classrooms.

"More and more, we are coming to realize that the key to America's future lies in our schools," Cunningham said. "We need useful, educated citizens to meet the challenge of the future. We want to stress the importance of citizen participation in Texas Public Schools Week."

"Public Schools Week is one way citizens can all participate in our local education system. It's our responsibility, as citizens of this community, to see that our schools maintain the highest educational level and that quality education is maintained for all students," Cunningham said.

Those wanting more information about Texas Public Schools Week activities may contact the Superintendents office at 659-3233.

Well Known Authors & Lecturers' Film Series Being Shown Here

Dr. and Mrs. Tim LaHaye, who have authored numerous books, many of which have sold from over 500,000 to more than a million, and who have presented FAMILY LIFE SEMINARS around the world, have now begun to put the content of their seminars on film. This will make the seminars readily available anywhere.

The first series of four films, called THE SPIRIT CONTROLLED TEMPERAMENT outlines the LaHayes' approach to human behaviour. They believe people have different basic temperaments which determine how they act. Each kind of temperament has its weaknesses and strengths. As people recognize both, they are in a position to alter the areas which may present problems to themselves, their families, friends, or fellow workers.

This outstanding film series will be shown at the **Union Church** located at 31 S. Endicott at 7:30 on the following dates: 3/3, 3/10 and 3/17. The public is invited. A Nursery provided for Birth through 2. Children's Activities for ages 3 through 6.

New Films Available At Library

The following films will be available at Hansford County Library through March 25.

- FLASH THE TEENAGE OTTER:** 48 min. Color. S.W. Media. All ages. Shows the life style the otter and a typical set of rolling adventures in the life of Flash, a prime example of the most engaging comedian Nature's family.
- IT MUST BE LOVE 'CAUSE I FEEL SO DUMB:** 29 min. Color. Learning Corporation of America. Jr. High--Adult. This film captures the awkwardness of adolescent first love in a warm and witty manner. A thirteen year old loner, a pretty cheerleader, and a quiet young girl convey the entire scene from painful rejection to acceptance.
- WHERE THE WILD THINGS ARE:** 8 min. Color. Weston Woods. Primary. The book by Maurice Sendak is transformed into a delightful film for children.

Percy & Israel

Senator Charles Percy (R-Ill), chairman of the Senate Foreign Relations Committee, has issued a warning on the danger of a new war because of hatred in the Middle East--and "objectionable" Israeli policies there.

Percy is not the first chairman of the Senate Foreign Relations Committee to speak out against aggressive Israeli policy. That's usually a no-no for U.S. politicians because of the power and influence of the Jewish-Israeli lobby in this country. One who did was former chairman of the same committee, William Fulbright of Arkansas, and he lost his seat in the Senate, this having helped stir opposition to him.

Percy told a National Press Club audience recently that Israel cannot any longer expect Washington to continue to defy world opinion defending "questionable and objectionable" Israeli actions and policies. He was, of course, referring to Israel's annexation of the Golan Heights.

The Illinois Senator said such actions seriously harm U.S. relations with all the Arab world and that Israel cannot expect the U.S. to isolate itself from the rest of the world following expansionist Israeli policies.

This is straight talk and needed straight talk, and is probably the only way the nation can avoid a nuclear war in the Middle East and bring about a permanent peace settlement there. Percy does his country, and Israel, a service, by pointing out the truth with admirable candor, even at the risk of making political enemies at home.

Too long have senators and congressmen rubber-stamped every Israeli action and policy--and signed any petition sent to the Hill by the Israeli ambassador, whether or not it inflamed the Arab world and the non-aligned world. Unless U.S. policy is even handed, the nation is on the road to a devastating war, and perhaps a world war. This is unnecessary. Percy is doing his part to prevent it.

1982's Economic Question

The most important question facing government officials and taxpayers today is how to restore vitality to the U.S. economy and end the recession. The chorus of protest with which Republicans and Democrats greeted President Reagan's proposal for another huge federal deficit, and more after that, shows a majority in Congress feels inflation is the greatest threat to the American economy and the American way of life.

Liberal Democrats, minority group leaders and others argue that unemployment is the greatest threat. They believe the supply of money must be enlarged and that make-work jobs created to reduce unemployment.

Which approach is used will go a long way to determine the health of this country for years to come. And while reducing unemployment is vitally important, it's nevertheless true that the root cause of today's crisis is inflation. For more than a decade, soaring inflation has undermined the American standard of living (It's no longer the world's highest but about sixth highest.)

It has weakened the dollar badly, hiked the price of everything excessively, and put many U.S. companies out of business, since the cost of production rose too much. (The automobile industry is the most evident example.) This has caused widespread unemployment.

It is good to keep this in mind as Washington struggles to curb inflation and restore order and stability to the American way of life and the American standard of living. All sympathize with those out of work. But unemployment is unfortunately necessary if unions are to come to the bargaining table in a cooperative and constructive mood, which they are now doing.

Some unemployment and hardship is necessary if the anti-inflation effort is to succeed and if production costs don't continue to escalate. Politicians don't say this but many of them know it. The availability of labor holds costs down and the fear of losing one's job, and perhaps not being able to find another, aids productivity.

Currently, inflation in this country is well below 10 percent for the first time in years. Unemployment may rise to nine percent before the economy turns the corner and resumes growth but the battle is being won. All of us have compassion for the unemployed (only a part of whom actually can't find work if they look hard enough--many won't take tough or menial jobs) but inflation is the cause of our present problem, inflation and overspending which produced it.

Checking inflation is the primary goal. President Reagan probably erred in proposing large deficits and Congress seems likely to correct his course. But he is right in realizing that inflation is the number-one enemy of the people, and not unemployment, as painful as that is to many as a cure.

WILL PROSECUTE

Attorney General William French Smith, faced with 800,000 young men who have failed to register for the draft, said recently the Justice Department will prosecute "as many as we can" starting in March.

OZONE & CROPS

More than tripling earlier estimates, the government said recently that ozone pollution is stealing billions of dollars worth of crops annually from the nation's farmlands. Ozone is a pollutant formed when hydrocarbons from spent fuels react with the sun's rays.

PRODUCTION PLUNGES

The nation's industrial output plunged 3 percent in January, matching the biggest decline in seven years and providing convincing evidence that the recession is deepening, new government figures indicated recently.

JAPAN & DEFENSE

Shortly after Congress approved an increase of \$28.4 billion in U.S. military spending for 1982, Japan announced plans to raise its defense budget by \$827 million. The Defense Department issued a statement saying that Japan's 1982 defense plans were "an important first step toward obtaining meaningful self-defense capacity."

STRONG MILITARILY

President Reagan vowed recently that Israel will keep its military advantage in the Middle East, but said the United States also must strengthen ties with other countries in the region.

Doctor Talk

Harold B. Ligon, MD

Whenever we see a patient for the first time in the office, and it's finally established that he has hypertension (after 2 or 3 elevated blood pressure readings on different occasions), we then set about to establish control of the disease. It's seldom that hypertension is of the type that can be cured, so management is highly indicated and vitally important. And, strangely enough, management isn't aimed at immediate good health; rather, it's aimed at long term health by reducing the battering and havoc high blood pressure can wreak over the years on the target organs, i.e., the heart, blood vessels, brain, kidneys, and eyes.

Often the new hypertensive patient is overweight--he usually has a family history of hypertension, cardiovascular disease, or even overweightness. Many smoke to excess. Likewise, many think that conditions of stress and anxiety tension states are a cause. Not necessarily so!

Anyway, after having established that the patient's hypertension is not of the curable type (surgery, etc.), we first try to restore his or her high blood pressure to normal levels by advising dietary restriction, lowering of blood fats, stopping tobacco, and weight reduction. Some efforts at a slower, less frenzied pace and life style may help, too.

It's highly desirable for a patient to achieve normal blood pressure without having to take medication. He may succeed if he loses a significant amount of weight, cuts down on cholesterol and triglycerides, and slashes his salt (sodium) intake severely. This last requirement of salt restriction is a sneaky one. Often people who add absolutely no salt to their diet aren't aware of the sodium they're getting in their food.

We'll discuss some of these sodium pitfalls next.

PARENTHOOD GUIDEBOOK

By Nancy Moore Thurmond (author, *Mother's Medicine*, Pub. by Wm. Macrow, N.Y.)

To the small child, touching and playing with his genital organs has no sexual significance in the grown-up

sense of the word "sex." Babies have to discover their genitals just as they discover their fingers, toes, ears, and everything within easy reach. A baby, through exploring, learns about his body.

Sometimes the child may handle the genital area merely because he has an itching sensation there or has to go to the bathroom. As the child grows older, his curiosity about this area will grow, largely because it is almost always covered. However, it is regarded by the preschool child only as part of the excretory system.

A little girl may begin to notice the difference between herself and her brother before she is two. She may wonder why he has certain equipment that she does not. The same realization will soon dawn on a boy and he may ask similar questions. By answering "birds and bees" questions simply and matter-of-factly, you can satisfy the child and his natural curiosity.

Once his queries are answered in plain English, truthfully, without beating around the bush, he will turn his attention to something else.

STAMPS AND STORIES

By Stanley James

The thirst for education has always been present in the American spirit. Long

before one-room school houses there were stories of fire-side learning in the home.

All Americans today, however, can attend public schools because dedicated men and women had the foresight to know the social and economic well-being of our nation depends on educated people.

Schools have always been in the midst of preparing Americans for the future. Symbolic of this is the use of schoolhouses for community gatherings, two meetings and voting precincts, as well as spelling bees, sporting

events and dances.

In times of emergency, school buildings have been used for Red Cross purposes, Selective Service functions, relief programs and similar activities.

The U.S. Postal Service recognized the contribution of American schools in laying the foundations for our future by issuing in 1979 a 30-cent stamp in the Americana Series. The stamp features Morris Township School Number 2, near Devil Lake, North Dakota. The school was in use from 1894-1960 and today serves as the Morris Township Hall.

Junior stock show set for March 19-20

The Gruver Ag Barn will be the setting for the 1982 Hansford County Junior Livestock Show March 19-20.

That is the word from Hansford County Agriculture Agent Jim Smith.

Joe Ed Wise, Levelland, will judge sheep and steer entries while Jim McManable, Happy,

has been named swine judge. Entry cards will go out in the mail Monday. Both 4-H and FFA young people will participate.

Friday, March 19, lambs and swine will be judged. Saturday morning will be occupied with steer judging.

The traditional sale of animals at the annual event will be conducted Saturday night.

A complete agenda will be published closer to show time. Meanwhile, persons with questions regarding any aspect of the show should get in touch with Ag Agent Smith.

TAX TIPS '82

A Record Savings

By Henry W. Bloch, President H & R Block, Inc.

It is always surprising that the same cost-conscious consumer who would be meticulous in comparing the price of beef roasts or new furniture can be casual about tax filing and record-keeping.

This is especially notable when you consider that the amount of money to be lost—or gained—is much more significant.

The Economic Recovery Tax Act of 1981 promises some relief to all taxpayers, regardless of income level. However, it still will pay to become tax-wise, whether that means learning what the new laws hold for you, or simply taking advantage of tax breaks previously available.

Make use of retirement savings. The IRS allows you currently to put aside \$1,500 into an individual retirement account (IRA) for yourself, or \$1,750 where an account was opened for a working and non-working spouse. For the next year, you'll be able to stock away \$2,000 for yourself, or up to \$2,250 where a non-employed spouse is included whether or not your employer covers you with a separate pension plan.

For two-career couples, each can have their own IRA, with a deduction of \$2,000 each for a total of \$4,000 a year. Essentially, this provides an available tax shelter for your savings, as well as encouraging set-aside for retirement. But don't forget that valuable deduction at tax time.

Dual-incomes should be figured carefully. Whether it's the situation of a taxpayer holding two or more jobs, or a dual-career household, it will pay to consider filing strategy extremely carefully.

Would you benefit by income averaging, especially where your spouse has recently taken on a job? Are you having the right amount of FICA withheld? (Regardless of income, the top amount of FICA any taxpayer should owe is \$1,975.05 for this year, and you won't get a refund unless you file for it.) The so-called "marriage penalty"

You may be able to save money the next time you pay your taxes.

is seeing some relief for tax year 1982, but that won't change the need for solid tax planning.

Watch new tax breaks when buying or selling your home. Among the many changes brought about by the 1981 tax legislation are those concerning the purchase or sale of your home. One important change lengthens the period (currently 18 months) during which a person can save on taxes by re-investing proceeds into a new home of equal or greater value. Now, you'll get 24 months—good news for those bogged down on the current real estate market. The once-in-a-lifetime exclusion for home sales by persons 55 or over has been raised by \$25,000, to \$125,000, also good news to older people selling their principal residence.

If you need help, get it. There's a good reason that more than half of all Americans now seek help with their taxes. It's hard to be a once-a-year tax expert, and that is especially true with many upcoming tax law changes.

You're almost certain to benefit from trained assistance if: 1) you have bought or sold a home, 2) your income level has changed appreciably, 3) you have investments income, 4) you have gotten divorced or became separated, 5) you have made a long-distance move to a new job or have been seeking employment, and in many other common lifestyle or income situations.

So if it looks as though you'd benefit from help, get it. Don't be penny-wise and pound-foolish.

For free information on what the new tax laws mean to you, write c/o "Tax Tips," H & R Block, Inc., 4410 Main Street, Kansas City, Mo. 64111.

THE SHAPE OF TOMORROW

PIONEER 10: THE FARTHEST OUT SPACECRAFT

In this artist's sketch, Pioneer 10 passes within 82,000 miles of Jupiter in 1973. Pioneer 10 has now reached a point in space between Uranus and Neptune's orbit.

It's no exaggeration to describe Pioneer 10 as a far out spacecraft.

The fact is that Pioneer 10, built by TRW Inc. for NASA, has traveled twice as far from the Sun as any other spacecraft.

Last July Pioneer 10 reached a distance of 25 Astronomical Units from the Sun — equivalent to 2.3 billion miles, or 92,000 trips around the Earth's equator.

Designed for a 30-month service life, Pioneer 10 is still working within specifications and still returning scientific data more than nine years after its launch.

Indeed, Pioneer 10 is so far out that its radio signals require three and a half hours to reach Earth. Three

times a week the big dish antenna at the Goldstone Deep Space Network in California's Mojave Desert rotates toward Pioneer 10 to receive the radio signals. And Spanish and Australian tracking stations tune in four to five times weekly.

In the early 1990s Pioneer 10 will make more history: It will become the first spacecraft to reach the edge of the solar system and cross the boundary into interstellar space. It's headed for the star Aldebaran, which marks the eye of the Taurus the Bull constellation. But Aldebaran, at its current position 68 light years from Earth, won't be reached by Pioneer 10 (even at its 30,000 miles per hour speed) for more than 2 million years.

WASHINGTON NOTES

HARD TIMES

The president of the Common Market complained recently to President Reagan that high U.S. interest rates, long a concern among the allies, were complicating European efforts to solve their own economic woes.

SOME B-52'S RETIRED

The Air Force announced a series of proposed moves recently involving the retirement of three squadrons of B-52 bombers, equipping later models with cruise missiles and B-52 conversions at bases around the country.

Oliver Nugent (Mickey Rooney) calls on old flame Eleanor Matine (Lori March) in "One of the Boys," to air Saturday, March 13 on NBC.

Mickey Rooney, Ann Miller and Jose Ferrer (l. to r.) are three of the stars in "Night of 100 Stars," to air Monday, March 8 on ABC.

Actors Fund tribute: 'Night of 100 Stars'

By Debra Morgenstern Katz

The evening opened with the Rockettes, in outfits of blazing red and glittering silver, high-kicking across the stage of Radio City Music Hall. Then the march of Hollywood began.

George Burns, cigar in hand, sang "I Wish I Was 18 Again." A quipped and fringed Liza Minnelli jumped down from the top of a white piano to belt out "New York, New York" — and was joined minutes later by six New York Yankees, swinging their baseball bats. Christopher Cross strummed his guitar and sang while Dudley Moore accompanied him on piano.

The "Night of 100 Stars" will air Monday, March 8 on ABC. It is a tribute to and benefit for the 100-year-old Actors' Fund of America, which through the years has helped members of the profession — singers, dancers, actors, stagehands, ticket-takers — who were needy, with money, food, even shoes.

But for the show, all was glamorous, beginning with the star-studded red carpet that stretched along Avenue of the Americas from the Music Hall at 50th Street to the N.Y. Hilton at 53rd, where a midnight supper ball with the stars took place afterward.

Inside the Music Hall, the show played on.

After short film clips of their most memorable roles, Hollywood's legends appeared for resounding ovations: Lillian Gish, Myrna Loy, Gregory Peck, Bette Davis (who got the first standing ovation of the evening), James Cagney, Gene Kelly, Ginger Rogers, Paul Newman, Helen Hayes, Jimmy Stewart.

Miss Piggy, one of the non-human members of the show, sang a duet with opera star

George Burns

Placido Domingo. Rick Springfield sang, as did Lena Horne, Harry Belafonte, Sammy Davis Jr. and Ben Vereen. Alan King told jokes, as did Robin Williams, David Letterman, Steve Allen and Dick Cavett.

In tribute to Valentine's Day, famous couples of the screen were reunited: Warren Beatty and Diane Keaton, Brooke Shields and Christopher Atkins, Van Johnson and June Allyson, Anthony Perkins and Janet Leigh, among others.

Beautiful women of television (Victoria Principal), of dance (Judith Jamison), of film (Brooke Shields) and of music (Cher) paraded the designs of famous fashion designers. And America's favorite prime-time actors, from Priscilla Barnes to Larry Hagman, paraded across the stage as well.

A Broadway medley brought out stars of the stage from Carol Channing and Mary Martin to Lucie Arnaz and Lauren Bacall, each singing a line or two of her most famous song.

And the night ended, as it began, with the Rockettes, this time leading men along with them — Richard Chamberlain, Robert De Niro, Al Pacino, Peter Falk, Lee Strasberg, Burt Lancaster and others — into another high-kicking routine.

Throughout the evening a large cake with 100 candles on it was wheeled onto the stage as a star retold the events of the past century, decade by decade. The narrators: Princess Grace of Monaco, Elizabeth Taylor, Peter Ustinov, Jane Fonda, Ed Asner, Colleen Dewhurst, Helen Hayes, James Earl Jones, Jason Robards.

The point of it was that the Actors' Fund has survived the turmoil and triumph of a century. The night's festivities were an attempt to raise nearly 2 million for the fund, to build an extended care facility for actors near the existing Retirement Residence in Englewood, New Jersey.

At one point in the evening, magician Doug Henning performed the saw-a-woman-in-half trick, mystifying the audience with his magic. But if the cheers from the throngs of people lining the streets around the Music Hall were any indication, the real magic was the unprecedented collection of stars gathered in Radio City that evening.
