IKE (No. 10 Fisherman) KLUTTS In Business

Ike (No. 10 Fisherman) Klutts has gone and went against the best advice of one of his best friends, Will J. Miller. He opened a domino parlour and recreation room in the building formerly occupied by the Platt Pharmacy. Ike is one Spearman citizen that just can't learn by experience. One time before he went into the same kind of business in Spearman and all he got out of it was about 10 hours of playing each day. He gets to thinking that he is a good snooker and pool player and he ups and contests such brilliant players as Hix Wilbanks and Will J. Miller, and when the days work is done he just about breaks even. Most anybody in Spearman can beat Ike playing dominos and he is silly enough to open up a business that won't profit him a thin dime. This writer used to spend several hours each week playing snooker and to his own knowledge he never paid Ike more than two bits in two months.

Its a break for most of the public. We can go play Ike and let him pay the bills. I'm really in favor of making up a donation to pay the rent, cause Ike can't possibly break even with only three pool tables.

WINS BUT LOSES

Walter Wilmeth and Lee McClellan have the satisfaction of receiving a half page advertisement free of all charges. At last these two gentlemen have won in the semi-annual deal between them and the Spearman Reporter. For the past several years, the two gentlemen have waited until they thought they just simply had to have moisture and suggested a deal whereby they would pay for a half page advertisement if it rained within a certain time. This time the deal was made early in September. This was one of those first times. Both Wilmeth and McClellan declare they would much rather pay for a half page advertisement, and receive the one inch rainfall.

Lost—Jack, pipewrench, magnito, Reward \$3.00, return to Reporter office.

Lynx Team Suffer Second Defeat

Fighting with the old traditional spirit, but outclassed in nearly every department of the game, Spearman's Lynx team suffered the second defeat of the season when the Stinnett football team defeated them 19 to 0 Friday afternoon Sept. 29th. Local fans noted a real improvement in the local team despite the fact that one of the best players will be out of the lineup for the remainder of the season. The Lynx threatened several times during the game and the lopsided score was largely the result of fumbles at critical stages of the contest. The visitors from Stinnett proved a big surprise since they brought over a much better trained team than the Canadian aggregation that defeated the Lynx in the opening game of the season.

FIRST CHRISTIAN CHURCH

Sunday School 10:00
Church services 11:00
Senior C. E. 7:00
Mid-week service, Wed. 8:00
Junior C. E. Thurs. 4:00

Now that fall is almost here it is necessary that we start making arrangements for our winters work in the Church. The program has been organized so that every person can find his place.

In going over the program as outlined we will find that the service Sunday evening has been given to the work of the Senior Christian Endeavor and instead of having the regular Church services service on this same evening they will be held on Wednesday evening everybody is invited to attend. This arrangement will give sufficient time to each. We are hoping that this program will be successfully carried out and it depends on the attendance and full cooperation of every member and person interested in the Christian Church.

THE CHURCH OF GOD

"Zion, arise, break forth in songs of everlasting joy To God's eternal praise belongs Who doth thy foe destroy. Thou Church of God, Awake! Awake! For light beams from on high; From earth and dust thy garments shake, thy glory's drawing nigh.

"To raise thee high above the earth, God will his power comply; He'll turn thy mourning into mirth, thy sorrows into joy. In shining robes thyself array, Put on thy garments pure; Thy King shall lead thee in the way That's Holy, Safe and Sure!"

"Cash And Carry" Plan Less Likely To Cause War

By Marvin Jones

The "cash and carry" plan now under consideration by the Congress is much less likely to involve America in war than if we continue under the present act.

Under the present law, only actual implements of war are subject to the embargo. We can ship steel, oil, brass, cotton, nitrates and many other materials that go into making implements of war, and our own ships can carry these materials.

Practically all of these materials have been declared contraband of war by both England and Germany, and as such are subject to sinking by either side. And yet, with the law the way it stands at present, our ships can transport these materials and thus be targets for torpedoes.

Only recently three vessels of neutral nations, two from Sweden and one from Finland, carrying wood pulp and cellulose were sunk. American ships are subject to the same attack.

The "cash and carry" plan now under consideration provides that none of the material listed by any warring nation as contraband can be carried by an American ship to belligerent on either side. The title of ownership must be transferred in this country and the articles must be carried in the ships owned by the belligerents themselves. This will remove the dangers of the present law.

The sentiment in Congress is overwhelmingly in favor of keeping our country out of war. Most thinking Americans want us to

Long Time No See Him

C. W. Petit has as a guest the past week his nephew, Herbert E. Roberts, an old man of Albany Texas. Mr. Petit stated that this visit from his nephew marked the first time they had seen each other since 1876. According to our figures this makes 63 years and neither one of the men look that old. Mr. Petit said his nephew was 8 years old when he saw him last and he wouldn't say how old he was at the time.

BYPU PARTY

The Intermediate BYPU entertained with a lawn party on Tuesday night. Games were played and a good time was had by all. avoid becoming involved in any foreign conflict.

There is no such thing as winning a modern war. All people who take part in it lose.

The Americas are comparatively new. There are old feuds and boundry disputes in the old world which a resort to arms will hardly settle.

I believe it is important that we maintain in a torn world one strong nation where the democratic ideals of mankind will not be forgotten.

If our country should be invaded at any time, of course every patriotic citizen will fight.

If war of defense should become necessary, every able-bodied citizen should be subject to call. There should be no exemptions.

Capital should be subject to call. Excessive profits should never be allowed again. The best assurance of peace is to take the profits out of war.

Let us keep America at peace.

FIRE PREVENTION WEEK IS OCT. 9-16

Spearman citizens need not go any further than their own insurance agent to realize how much good the educational campaign of "Fire Prevention" week has accomplished. For the past 10 to 15 years this National week has been observed in our schools with various degrees of emphasis placed on the simple rules that will help make more effective the prevention of fire.

Today the Spearman property owner enjoys the most reasonable fire insurance rate he has ever paid—and a portion of this is due to the improvements and education in combating and preventing fires.

Spearman's first disastrous fire occurred March 8, 1922 when the entire East side of main street at that time except the First State Bank building and the Spearman Hardware were destroyed by fire. The business houses destroyed by the fire included the McLain Building (a real estate office.) Sid Clark's Barber Shop, Henry Crawford Hotel, a theatre, cafe and Raney real estate office.

Spearman's 2nd fire came Sunday Aug. 27, 1922 just after the town had enjoyed a hot primary election. That evening the Hale Drug Store and the Spearman Reporter building burned to the ground. On March 24 1924 the Hillhouse Drug and Blakes Dry Goods store burned to the ground. The only other fire of any size in Spearman was when the Hart Grain elevator burned in 1933.

In both the 1922 and 1924 fires very little fire fighting equipment was available. Water was used from the railroad water tank and from barrels hauled to Spearman.

At the present time Spearman has modern fire fighting equipment, and due to the education of the past few years property owners are very cautious in doing everything possible to prevent fires.

Spearman's first school building burned to the ground May 23, 1923.

SOUR NOTES FROM THE SPEARMAN HIGH SCHOOL BAND

—J. E. Gerber Jr. Here and There Say, how do you like those white gloves? Aren't they the snazz.

One of the old band members is staging a comeback. Anona Hull is tickling the ivories on an accordion. This makes two new instruments in our band. "Hitler" Smith is playing a baritone saxophone. And, oh yes, "Obob Pete" Russell is playing her oboe all the time now. I ask you, have we got a band or have we? Spearman will shine at the National Contest.

I was elected band reporter, but I didn't know that you had to be a shakedown artist to boot. If some body doesn't do something or kick in some news pretty quick, this column will be on the rocks with simply a "Hello and Goodby."

Mr Rattan has been romping on the Freshmen about their practice. Margaret Hull says, "He can't do that to us", so she ups and practices over the weekend.

Buck added another instrument to her list. She now toots an accordion. A little rough in spots, but it will do.

I suppose the most of you heard the jam session at the school Monday after school. To enjoy it you would have had to be there. A few of the high-lights of this party was to see Drummer Willie Miller fake a cornet, Bass Horn Schnell blow a baritone, Trombone Vernon beat the bass drum and cymbals, sax Gerber play the snare drum and use the drum foot pedal on a wooden box. Cornet Linn played the part of director and box bass drum holder-downer. The climax of the show came from Chick Porter, who beat the snare with one stick and read a funny book at the same time. The audience was none other than ex-band member Howard Perry and a few of his old cronies.

Well, I guess it is about time to play "Home, Sweet Home."

TALE Lights

Too bad that school is so dull, Doris Jean.

Say—Just who is this Senior girl who is going into the pig business?

Have you heard Vance's new theme song? They say it is "Jau-nita."

Why did a Senior boy remove the lovers knob from his steering wheel?

Flash A certain Sophomore is robbing the cradle at Gruver.

Why did Jackson wait for the bus Saturday night? Did those Quail boys have you worried A.L.

Who was that Sophomore who dated five girls so successfully Monday night?

Delmar, who was that damsel Saturday night?

CHAPEL LAST FRIDAY

Friday morning, the students of Spearman high had a pep rally in the auditorium. The rally was conducted by the Senior class, Henry Horn in charge. First the band played John Phillip Sousa's "Washington Post March" and then the "Little Giant March". Mr Platt and the two football captains, Howard Perry and Roy Reed were asked to make talks. The whole school then joined in on the pep yells and the school songs.

Together with these people we expect to have a very successful and enjoyable senior year.

The senior rings were received about the second week of school. A new order was sent last week for the persons who wanted rings but didn't order our invitations.

The class decided to have our pictures made by the Perry Studio of Perryton. Some of the class had their pictures made Tuesday when Mr Perry was here making pictures; the other of the class will go to Perryton Saturday and have theirs made.

The class had been so busy the room mothers our sponsor and the class decided we needed to have a picnic.

Last Monday evening the members of the class our sponsor and room mothers and some of the teachers and parents enjoyed a picnic at Steele's ranch. There was plenty to eat and everyone reported a great time.

FRESHMAN

The Freshman class has elected the following officers for the year. President Bobby Morton, vice president Patricia Hutton, secretary Wilbur Fulbright, reporter Howard Kelly and sponsor Miss Frazier. Our room mothers are Mrs Frank Hardin and Mrs Edgar Womble. We are indeed pleased with these selections.

We have 42 in our class this year and are very glad to have the new pupils from the other schools.

WHY AIN'T THEY A LAW? LYNX STAFF

Resolve: Proclamation: Or What Not: There should be a law against all beggars, no matter what kind.

There is a certain fellow in our fair city who prompts me to write this. His name is Moe. Moe never worked a day in his life. He begs for his food and shelter. He secures his food by begging, yet he never says a word. People have gotten so used to him that they all know what he wants. The nerve of that guy! He even goes so far as to claim a certain spot in the park in which to sleep both night and day. That Moe was adopted when he was small, by a rich family. That was years ago, but it didn't help any. He lay around the house so much that his adopters soon got tired of it. When they turned him loose on the public to shift for himself, everyone nearly went wild, especially the children, for Moe is a pet 'possum who lives in the park under the old chestnut tree near the east wall.

I suppose the aforementioned law could be modified a little.

Samplings

Old Bill—Sammie Morris To look at Old Bill is to visualize shady swamps, corn fields with fodder in the shock, and rocky pine-clad hills that hedge them in from the mountains. This picture is called to mind for Bill has for years spent the greater part of his time in such regions.

His sad, misty eyes are growing dim, and we know that his hearing is bad; but like a sensitive old man, he answers a call with stately dignity as through he could hear even a quiet whisper.

The scars that mar his grizzled muzzle show evidence of many victorious battles with wild animals of the woods. As he finally rises from his place on the sunny porch, we notice that his legs are stiff and we know that it pains him to move; yet we can recall the days when Old Bill was young and active—the leader of one of the finest packs of hunting dogs in the whole country. The nose that once could hold the coldest trail is worthless now for even had it not lost its acute ability to scent, Old Bill just could not follow the hard trail that he would climb hunting from canebriake to mountain top.

Yes, Old Bill is worthless in a sense of the word; his hunting days are over for certain. But to think of Bill in another way makes him a truer companion than ever. All his clever puppy traits are gone and he has grown to love the one man who raised him and to portray with great pride a thoroughbred of his noble race. For these and many other reasons, we will keep him until some day when we find he has joined his old pack in the Happy Hunting Grounds that he must be dreaming of there in the sun.

R. V. CONVERSE SAYS "And they lay wait for their own blood; they lurk privily for their own lives. So are the ways of everyone that is greedy of gain; which taketh away the life of the owners thereof." Pro. 1:18-19.

The sentiment is freely expressed that we should throw the whole neutrality idea out the window and say to England and France that they can buy all the supplies they need and pay for them if they want to or have credit or just come and get what they want if they will keep the European issues from involving us to the extent that we will have to send any boys to the front over there. Public opinion is a fickle thing at times.

It looks like all this peace talk on the part of Hitler was just a stall for time to complete some more fortifications or to let the concrete ripen further in the line already built, soft concrete is no better than dirt to withstand jars or bombardment and the reports have been current that the German fortifications are not withstanding the test very well so the idea has been advanced that Germany should violate the neutrality of Switzerland and attack France from that direction or try coming through Belgium again. However, the Belgians gave a good account of themselves twenty years ago and there may be some Germans who remember that far back.

Governor O'Daniel is still hoping that there will be some way to go on paying the aged the deserved benefits. But with no provisions made by the last legislature it is putting the Governor and his aids in a tight place, to take care of the states obligations to the aged, all of which is building O'Daniel's support for another term as Governor. It is very common to hear the remark that the legislature tried to ruin O'Daniel and I will vote for him again. But I will not vote for a

NEWS ITEMS

The attendance of those other than the members of the Brotherhood of the Oslo church last Friday evening when the 'March of Faith' film was shown was somewhat smaller than had been expected. The cold weather hindered some from coming. Those who came enjoyed the pictures. The film gives one an accurate idea of how the NLCA started and how the work in its four departments of Education, Charities, Home and Foreign Missions is being carried out at the present time. The showing of this film provided a good start for the Brotherhood program for the ensuing year since the project to be studied is 'Know Your Church.'

The Ladies' Aid of the Oslo Church met last Thursday afternoon with Mrs Emil Knutson. The topic 'The Christian Home and Its Sons' was discussed by Mrs C. Johnson, Mrs H. Moen, Mrs Reuben TeBeest, and Mrs Emil Knutson. A delicious lunch was served after the program Mrs Elmer Bass and little son were visitors at this meeting.

Mrs Emil Knutson and Leona Betsy and Doris Dahl and Miss McCall attended the initiation of new members by the home Ec. Club of Gruver High School last Friday evening. Doris Dahl and Leona were initiated into the club.

Miss Selma Dahl came home last Sunday for a short visit with Mary Alice and Anne McClellan who live at Gruver, visited with their schoolmate Leona Knutson after school last Thursday. They stayed over night and returned to school on the bus in the morning.

Clifford Stedje came home from Goodwell last Friday evening to show the pictures at the Oslo Brotherhood meeting. Besides showing the March of Faith

film he showed two reels which depicted the school activities at PAMC. These films show that we have a very good school at Goodwell. Some of the boys and girls here are taking advantage of the opportunities which are offered them there. Clifford returned to Goodwell on Saturday evening.

Eddie Stavlo who stays with his brother Arthur who lives west of Gruver is taking instruction preparatory to confirmation.

Oslo community is proud of its boys and girls who are away at college. Those attending college this year are: Genevive and Marcella Olsen at Clifton Junior College, Billy Johnson at Lubbock, Joel Stavlo at St. Olaf College, Northfield, Minn. Harold Stavlo at Clifton, and Clifford Stedje at PAMC. We hope that all of them will have a good year and that they will not forget us here in Oslo.

Rev and Mrs H. C. Mjortholm attended the dedication of the new dormitories at PAMC last Monday afternoon.

GRUVER NEWS

All seems to be quiet on the Gruver front. Everybody is staying at home and waiting for the rain that Old Tack said was coming last month. A few farmers are sowing wheat in the dry ground and hoping for the best; others are waiting for a rain, and they too are hoping for the best. Mr and Mrs Jim McRee and family from Secora, New Mexico are visiting their parents Mr and Mrs Fred McRee.

Mr Oscar Gross and Orville Walker left early Monday morning for Denver, Colorado; they returned Tuesday afternoon bringing with them Mr Gross's son who has been away at school.

The Gruver Community is all happy to have Don Gross back with us. He is one of our most popular young men and everyone hopes he is here to stay.

The Gruver Greyhounds played a great game of football last Saturday against a much heavier team from Booker. It was a hard fought game from start to finish but the Gruver greyhounds won 6-0. Early in the game Rusty Ogil ran almost the length of the field for a touchdown. His long run was made possible by the superb blocking of his teammates. Gruver News almost lost the game for them. He made a

Congress is in session and the spellbounders are in full swing. The question of the hour is American Neutrality and how to keep out of war. Of course there are two sides to the question but this writer cannot possibly see how we can remain neutral and at the same time make it possible for one side to get all the armaments they need, knowing that the other side cannot avail themselves of the privilege. There is not one particle of difference between this war and all the other European wars since Otto, the Great of Germany was crowned Emperor of Rome of the Holy Empire. We of America are not the least bit interested in the re-establishment of that Empire. Let's forget the war in Europe and take up the war against depression in the United States.

The Church of Christ Sunday School will meet at 3pm. There will be preaching following the Sunday School by Brother Graves, minister of the Church of Christ at Spearman, Texas.

There was a fine attendance at Sunday School last Sunday morning, 105 being present. The Superintendent, Gay Fletcher is hopeful that even a larger number will be in their places next Sunday. The B.T.U. will meet at 7pm. The Director, Ward Spivey is pleased with the way the work is starting out. Our B.T.U. study course is in full swing and will close Friday night. There will be preaching by the pastor at both the morning and evening services.

CHRISTIAN ENDEAVOR

Young people we have much to look forward to for several things are at hand. We must make great progress this winter. We have Sunday evening set aside especially for our own work. Wouldn't it be great to have a C. E. group of 50 members working for the greatest cause in the world, for Jesus. We can have this very thing, but things like this don't "just happen." The first event is at hand now is the C. E. Rally at Perryton Tuesday evening. This is going to be a great event and we are invited to have the largest delegation. Let's not turn down such an invitation. In the very near future we are wanting a formal banquet, of course in the distant future we are looking to the Conference of the summer. We have many, many, things to look forward to. Let's keep our eyes open.
