PRIMARY ELECTION PASSED OFF QUIETLY

Heavy Vote Polled and Run-off Will Be Necessary in Sheriff, Clerk and Assessor Races.

The democratic primary election held throughout Hansford county Saturday, July 26, brought out a full vote, despite the busy season. There was considerable interest manifested in the several races for county offices, but everything passed off orderly and in a proper manner. Barton carried this county for governor, receiving five votes more than Felix Robertson, Lynch Davidson ran third. Will Edwards carried this county by a tremendous majority for lieutenant governor. Reese Tatum of Dalhart carried the county over Hal C. Randolph of Amarillo for Associate Justice, and C. H. Walker ran ahead of E. C. Gray for representative. C. W. King defeated A. E. Townsend for county judge. For county and district clerk, Sid Powers and Jesse E. Womble will try again on August 23. Alvino Richardson and H. L. Wilbanks will make the race in the runoff for sheriff and tax collector. Mrs. J. H. Buchanan defeated Mary Sparks for county treasurer. Mrs. Bessie Cator and Bob Thompson will be in the runoff for tax assessor.

J. G. B. Sparks, precinct No. 1; C. C. Beck, precinct No. 2; Paul Higgs, precinct No. 3; Homer Cluck, precinct No. 4; are the nominees for commissioner.

The Reporter received a telegram from C. H. Walker of Dalhart late Thursday afternoon stating that Gray of Higgins had received the nomination for representative. This cannot be definitely decided until the official count is made by the county executive committee. Randolph is running far ahead of Tatum for associate justice over the district.

A telegram received this Friday morning from Lynch Davidson headquarters in Dallas, states that an official count will be required to determine whether Davidson or Ferguson will be in the run-off with Felix Robertson for governor.

Will C. Edwards and Barry Miller will be in the run-off for lieutenant governor. The race for attorney-general will be between Moody and Ward.

Following is the vote received in Hansford county by the several candidates for state and county offices. The vote of candidates who had no opponent is not given:

For United States Senator: Fred W. Davis 125; Morris Sheppard 251; John F. Maddox 0.
For Governor: T. W. (Whit) Davidson, 50; Felix D. Robertson, 127; George W. Dixon, 5; Thomas D. Barton, 132; W. E. Pope, 5; V. A. Collins, 5; Miriam A. Ferguson, 14; Lynch Davidson, 45; Joe Burket, 30.

For Lieutenant Governor: Barry Miller, 105; Will C. Edwards, 223; John D. McCall, 17; Wallace Malone, 47.

For Attorney General: Dan Moody, 126; Edward B. Ward, 102; J. M. Melson, 45; John C. Walls, 94; For Comptroller: Tom Bell, 111; Don F. Smith, 22; Pat Moulden, 29; A. J. Smith, 40; S. H. Terrell, 80; O. D. Baker, 67.

For Commissioner of Agriculture: Robert E. Sparkman, 222; George B. Terrell, 145.

Mrs. J. D. Sheets and son Olin, of Canadian, passed through Spearman Wednesday enroute to Campo, Colorado, where they will attend the big rodeo to be staged there on August 1 and 2.

COLONIAL HOME NEARING COMPLETION

Contractors are Putting Finishing Touches on Modern Residence—Completed by August 15.

The beautiful colonial home of Mr. and Mrs. W. L. Russell, in south Spearman, is nearing completion. Beck and French are the contractors and builders on this job and they have certainly done a splendid piece of work. When completed this will be one of the most convenient and altogether satisfactory homes in the Spearman country. It faces the east and upon entering we see a beautiful colonial entrance and pergola. In the living room are the built in book cases and fireplace and a large chandelier. The dining room is of medium size, with double French doors leading into the living room. The breakfast room in a very cozy little nook with built-in table and seats, and a very handy broom closet. The kitchen has the wall case built in the north side. Back of the kitchen is a glazed porch which has one opening, going outside, a door going to the basement and a door going into the mistress' private bedroom. The walls are painted in pink, which has a beautiful effect. Leading from the bedroom is a small hall in which we find built-in linen closets and an opening in the floor for the pipeless furnace. This hallway leads into the small bedroom and bathroom. Here is a built in medicine cabinet and all the complete fixtures for the bath, which are of the most modern type. Out of the bath room we enter the guest's bed room, which has large windows and medium sized clothes closets. This room leads back into the living room through a single French door. The floors throughout the entire building are of hardwood, and all the wood work is finished in ivory enamel. It is a real job from the front door to the basement, and Mr. and Mrs. Russell are justly proud of their new home.

Dr. Powell, the eye, ear, nose and throat specialist, will be at Hale Drug store in Spearman on Wednesday afternoon and evening, August 20, Glasses fitted; tonsils and adenoids removed. I will be here every two weeks. 14t2.

J. E. Hill, general manager of the Panhandle Lumber Company, and Edward Burran, came from Amarillo Thursday to look after business of the company here. Mr. Hill went to Perryton Thursday night, and will visit all the yards on the Spearman branch. Mr. Burran spent Thursday night here with his parents, Mr. and Mrs. R. E. Burran, and will overtake Mr. Hill today.

SUCCESSFUL FARMING

The future of our country depends upon the success of the farmer and stockman.

The experience of other localities situated similar to ours is, that diversification along these lines brings in a greater net revenue than the following of a one crop system.

The farmers and stockmen in those localities are making a success of diversified farming and stock raising. With a few hogs, chickens and milk cows an energetic farmer can pay his living expenses.

A diversified crop system will surely prove to be a success in this country as it has in others. Let us give this a fair test this year and prove its merits.

G. BERT DAVIS CO. DRAWS GOOD CROWDS

Big Tent Show is Attracting Large Crowds Every Night—Entertainment is Above the Average.

The G. Bert Davis Company is showing to good houses every night, at their big tent, on the vacant lots near the Palo Duro hotel in Spearman. They are putting on good shows and the crowds are well pleased with the entertainment. This company is considerably above the average road show, and their work is much better than is usually put on by a traveling troupe. Monday night they played "Which One Shall I Marry." Tuesday night they gave "Scrambled Wives." On Wednesday night their offering was "Why Wives Go Wrong." and Thursday night they played "The Angel of Poverty Row." Tonight they will play "The Flaming Cross," an historical story of the Klan. They have a strong program for Saturday afternoon and finish their week's work here Saturday night with a wild and woolly western play. The G. Bert Davis Company made good in Spearman.

CONCERT PARTY IN FAVORITE SONGS

Trianon Company at Chautauqua.

The Trianon Concert Party has been produced under the masterly direction of Ellsworth Gilbert, who is well known to patrons of the Sterling circuit.

The Trianon Concert Party is really a mixed quartet with piano accompaniment. It is composed of five artists, who have been selected particularly for their individual ability as soloists and the quality of their work in ensemble singing.

There will be solos, duets and quartet arrangement of a very carefully selected program of wide range and variety.

The singing company of last year made a very decided impression; and the Trianon Concert Party will be a company of the same calibre with a program built along the same line.

This organization has appeared before, and received the most enthusiastic praise from audiences in big cities over the country.

Spearman's Six Big Elevators are Running Over Time These Days Wheat Haulers are Busy Men.

The wheat crop of the Spearman country is being rushed through the six big elevators at Spearman at a rapid rate these days. Wheat haulers are bringing in the golden grain as fast as the big threshing rigs can turn it out. A big per cent of the wheat is being sold on the spot, though a few farmers are holding for the better price which they believe is coming. Wheat is selling today at \$1.06. About two hundred car loads have been shipped from this point.

A LUCKY ACCIDENT

On Saturday, July 26, as a party composed of Mrs. Frank Dacus, and daughters, Misses Winnie and Della, and little grandson Joe McCrory; Miss Ruby Little and Mrs. Allen King were coming to Spearman from Canyon in a Ford car driven by Burl McCrory, the car turned turtle on a sharp corner north of the river on the Dumas-Amarillo road. It was fortunate that none of the party was hurt seriously. Mrs. Dacus was holding her little grandson in her arms, but neither was hurt. The windshield, top, fenders and steering wheel of the car were damaged considerably but assistance was near at hand and the Ford was soon set upright and the party proceeded on their way, arriving here very little behind time.

SUICIDE ATTRIBUTED TO BANK FAILURE

Last Thursday morning the people of this section were shocked to learn of the suicide of Jim Johnson, pioneer citizen and ranchman of Wheeler County. Mr. Johnson was found early on Thursday morning in the milkhouse of his brother, Jap Johnson, near Mobeetie.

He had hanged himself with a window cord which he is thought to have carried in his pocket for some time. His suicide is thought to have been brought on by financial difficulties attending the bank failure in Miami some months ago.

He was buried at Mobeetie Saturday morning, a large number of people attending the funeral.—Wheeler News-Review.

WEDDING BELLS

Miss Chlora McKinney and Mr. Cecil M. Noel were married at the home of Judge and Mrs. Townsend, Monday the 28th at high noon. This estimable couple were from Pampa, and stole a march on their friends by coming to Spearman. Mr. Noel owns land north-east of this city and came to look after the harvesting of his crop.

Miss Lois Mathis and Mr. Clyde Gaither were united in marriage by Judge Townsend at the court house in Hansford Wednesday afternoon at four o'clock. Those present to witness the tying of the nuptial knot were: Mrs. Mathis, Gladys and Charles, mother, sister and brother of the bride, Mr. and Mrs. Alvino Richardson, Mrs. Buchanan, and Mrs. Townsend. Mrs. Gaither is the eldest daughter of Mr. and Mrs. Joe Mathis who live on a farm six miles south-west of Spearman, and is well known and loved by her friends. Mr. Gaither is a steady young farmer of the community and the young couple will move onto a farm after visiting his people in Oklahoma.

TRI-STATE FAIR

Amarillo, July 31.—Amarillo during the last two weeks has dug into its jeans for about \$15,000 additional money for Tri-State Exposition buildings and several structures will be erected during August. It is planned to have everything in shape and the grounds cleared before Sept. 22, the opening date.

At present, the agricultural building, 240x50 feet, is virtually completed; work on the grandstand has been finished and the race track is being put in shape; driveways have been laid throughout the grounds and trees and shrubbery are in fine condition.

Of the buildings yet to be erected, the livestock building is most important. Present plans provide for four wings, extending from a central arena in which judging will be done and sales made. Seats for more than 1,000 persons will be provided at this arena.

Poultry, and in fact all lines of farm exhibits will be handsomely provided for, as advance information is that the exhibits will be more numerous than any ever gathered in the Panhandle. Thirty county agricultural exhibits are expected, as against 21 last year.

WHEAT PRICES FORCED TO NEW HIGH LEVELS

Wheat prices were forced to new high levels during the week ending July 26 by continued unfavorable crop news, principally from the Canadian spring wheat area, according to the weekly grain market review by the United States Department of Agriculture.

Continued dry weather with only occasional showers throughout the spring wheat area in Canada was very unfavorable to the growth of the crop and it is unofficially estimated that this year's crop will be only about one-half as large as last year's usually large crop. It is still too early, however, to determine definitely the outcome of the crop and weather conditions will continue to be a factor during the next few weeks. Latest reports concerning the world's wheat crop covering about 75 per cent of the Northern Hemisphere indicate a reduction of about 375,000,000 bushels in this year's crop. The carryover on July 1 was between 50,000,000 and 60,000,000 bushels larger than last year and the higher prices will tend to reduce consumption below that of last year.

Cash prices generally followed the trend of the future market. The movement of new wheat continued of large volume but local showers in some sections of the west stopped threshing. Some of the new wheat was also damaged by the rain and a few cars of damp and damaged wheat were received at Wichita, Hutchinson and other central western markets.

The higher prices have not brought out as much wheat as was expected and farmers were reported to be storing their wheat and holding for about \$1.25 per bushel net. Mills were active buyers and all offerings were readily absorbed at the various markets. Exports sales totaling about 1,000,000 bushels were reported but export bids generally were below a working basis, as foreign buyers were reluctant to follow the sharp advance in prices.

The Corn future markets held firm throughout the week but the higher prices brought out larger offering from country points and receipts were larger at several of the central western markets. While there was sufficient demand to absorb the large offerings the cash market developed a slightly weaker tone.

More favorable weather caused improved crops prospects in the corn belt and farmers were disposed to market their corn more freely.

Mills were active buyers of the white grades and feeders and shippers took the yellow grades. Pacific Coast buyers took most of the offerings at Omaha. Hog prices advanced to new high levels during the week, but hog feeders were reported to be buying sparingly.

There were no new developments in the oats market during the week but the market followed that of other grains. There was a fairly active demand at most of the markets which was sufficient to absorb the limited receipts. The movement of new oats had not become general and buyers were awaiting a larger movement to accumulate stocks. Prices at the close of the week were practically the same as at the close of the previous week.

The barley market was rather slow because of a dull cash demand. The choice grades of barley were in fair demand but the lower grades were very dull and some concessions in price were necessary to sell them. September barley at Minneapolis closed on Friday at 72 cents and cash prices range from 62 cents to 70 cents in that market. New barley for August shipment was quoted at 83 cents at Milwaukee.

YES, WHY NOT?

In a conversation with a county commissioner recently in regard to the Commissioners' Court publishing reports as required by law, the excuse was given that the court could not afford to spend money for this purpose. We fail to see where this is good argument. Money is spent for other things, and as long as it is the law, it should be enforced. If the publishing of reports in order to let the public know what is being done with the tax money is something that ought not to be done, let's see that the law is repealed. But if this is a good law, and many think that the public is entitled to know what is being done, then the more publicity the better. It might be a good idea to ask your favorite candidate for his views on the matter before the primary.

To the above from the pen of Bro. Landers, we might add, that in a nearby county the commissioners court refused to make some publications as required by law, and the editor proceeded to threaten them with mandamus action to see that they did enforce the statutes. Whose money is it after all, which is used to make public reports such as the treasurer's quarterly report—which hasn't been published in Gray county since Heck was a purp?

The following is only one of the laws requiring county reports to be published, and it will be noted that the statute says what is to be published, when it is to be published and where to get the money to pay for it:

Art. 1404. Annual Financial Statements of Counties.—It shall be the duty of said (county) clerk, immediately after the first regular term of the Commissioners' Court in each year, to publish for one time in some weekly newspaper published in this county, an exhibit showing the

aggregate amount paid out of each aggregate amount received and the fund for the four preceding quarters, and the balance to the credit or debit of each fund; also the amount of indebtedness of said county, with their respective dates of accrual, and to whom and for what due, also the amount of the debit or credit of each officer or other persons with whom an account is kept. The cost for publishing the same shall be paid by order of the Commissioners' Court out of the general fund of the county.—McLean News.

PURE BRED HOGS MAKE GREAT RECORD

A shipment of five carloads consisting of 375 head of Duroc Jersey hogs received on the Denver, Colorado market on June 17th sold straight without a dock of any kind for \$7.05 per cwt. which was the extreme top for the day and 15 cents above any other hogs. The hogs were bred, fed and marketed by the Duroc Livestock Co., and sold to Armour & Co. The usual feature of this transaction is the fact that it was one of the largest shipments ever made by one grower in one day especially where there was not a single hog in the lot cut out or docked.

In telling how these hogs were raised and fed J. A. Gilbert, of the Duroc Livestock Company says

"This company maintains about 200 head of sows and 120 boars in the herd. The sires are registered, pure bred Durocs while the dams are pure bred of the same breed though not recorded. The pigs were farrowed at the breeding ranch located three miles from the city limits of Denver at which place they were raised to about sixty pounds, immunized against cholera and then transferred to the feeding plant near Haxton where they were finished for market.

The feed at the breeding ranch and corn with alfalfa hay fed in racks. A mineral mixture was before the hogs at all times. One feature about the feeding of these animals is that they never at any time during their lives received any "slop" or wet feed. The age of the pigs was approximately 7 to 8 months and the average weight 224 pounds. This is a gain of about one pound a day per head and as the whole lot was uniform in type and finish there was not a variation of five pounds in any of the hogs."

This is a concrete example proving the superior uniformity of pure bred hogs in conformation, quality and finish which is demanded if top prices are to be realized at the market. It also shows the ability of pure bred hogs to grow rapidly and attain market weights at an early age which are important factors in growing pork at a profit.

PLAY FULL OF THRILLS

"Dangerous People" Fast Comedy Drama—At Chautauquas.

Here is a play which has mystery a plenty, fun in every line, and action from start to finish.

"Dangerous People" has to do with the loss of a big sum of money from a city bank. The crook who stole it endeavors to return it, and another crook attempts to get it. An honest man has it for a while, endeavoring to make his wife think that he is really a crook.

The situation that develops in three speedy acts tumble over one another and revolve in a whirlwind of fun and mystery up to the very last minute of the play.

"Dangerous People" is in line with the other splendid comedies that have been produced on the Sterling Circuit in the past several years. The cast is adequate in every respect, and metropolitan in character.

PUBLIC NOTICE

On all crossings of Public Highways, or public laid out roads in Hansford county, the Commissioners Court will, at the expense of the County, construct and maintain proper crossings over the graded ditches. All private crossings must be made and maintained by private individuals.

Under the statutes, the filling up of any drainage ditches along the highways or graded roads, is considered an obstruction of the public highways, and persons guilty of obstruction of public highways are subject to a heavy fine.

It is therefore ordered by the Commissioners Court, that the county judge see to it, that the law prohibiting the filling up of the ditches along any graded roads of Hansford county be enforced.

It is further ordered by the Commissioners court, that the general public be notified the driving over the graded roads and bridges of Hansford county, with heavy Tractors or Engines with lugs on the wheels, is a great detriment to the highways, and that a continuance of this practice is positively forbidden.

By order of the Commissioners Court, at its regular session on the 14th day of July, 1924.

A. E. TOWNSEND,
County Judge.

NOTICE

Sealed bids will be received by the Trustees of the Spearman Independent School District, E. C. Womble, Secretary, until 6 o'clock p. m., on the 11th day of August a. d., 1924, for transporting pupils to and from the Spearman High School upon three different routes established by said Board; and for information regarding such routes see the above named Secretary. Said Board reserves the right to reject any and all bids.

Sick Headache

"I have used Black-Draught when needed for the past 25 years," says Mrs. Emma Grimes, of Forbes, Mo. "I began taking it for a bad case of constipation. I would get constipated and feel just miserable—sluggish, tired, a bad taste in my mouth, . . . and soon my head would begin hurting and I would have a severe sick headache. I don't know just who started me to taking

Theford's

BLACK-DRAUGHT

but it did the work. It just seemed to cleanse the liver. Very soon I felt like new. When I found Black-Draught so easy to take and easy-acting, I began to use it in time and would not have sick headaches."

Constipation causes the system to re-absorb poisons that may cause great pain and much danger to your health. Take Theford's Black-Draught. It will stimulate the liver and help to drive out the poisons.

CITATION BY PUBLICATION

The State of Texas,
To the Sheriff of any Constable of Hansford county—Greeting:
You are hereby commanded to summon J. A. Hines, who is a non-resident of the State, to appear at the next regular term of the District Court of Hansford county, Texas, to be held at the court house thereof in Hansford, on the fourth Monday in November 1924 being November 24th, 1924, then and there to answer a petition filed in said court on July 9th, 1924, in a suit number 292 on the docket thereof, wherein Nora Hines is plaintiff and J. A. Hines is defendant; the cause of action being as follows:

Plaintiff alleges that she has been an actual, bona fide inhabitant of Texas for twelve months and has resided in Hansford county for six months next preceding the filing of this suit, and defendant is a non-resident of Texas. That on or about December 24th, 1916, plaintiff and defendant were legally married at Gentry, Arkansas. That soon thereafter defendant began a course of unkind, harsh and cruel treatment toward plaintiff, which continued until they separated, about July 9th, 1920. That in May of 1917, defendant got mad and used rough and abusive language toward plaintiff. That in about January 1918, he cursed plaintiff and her children, and called her and them names, such as bitch and other opprobrious names, and threatened plaintiff with a razor. That defendant would not work and forced plaintiff to make the living. She had to pick berries

and apples, and take in sewing and washing and do other kinds of work to support herself and defendant.

This plaintiff had some children by a former marriage and defendant would curse and abuse them and whip them. That defendant quarreled at plaintiff at many other times. That plaintiff has at all times treated defendant with kindness and forbearance and gave him no cause to mistreat her.

You are further commanded to so summon said defendant by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county; but if there be no newspaper published therein, then in the nearest county wherein a newspaper is published.

Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness, Keesee C. Richardson, Clerk of the District Court of Hansford county, Texas.

Given under my hand and seal of said court in Hansford, Texas this 9th day of July 1924.

KEESEEE C. RICHARDSON,
Clerk of the District Court of Hansford county, Texas. (Seal.)
Issued this 9th day of July, 1924.

CITATION BY PUBLICATION

The State of Texas,
To the Sheriff or any Constable of Hutchinson county, Greeting:

You are hereby commanded to summon Annie Stephens, Perry M. Stephens, J. D. Wright, S. E. Wright, J. E. Wright, Rachel L. Frazier, J. U. Frazier, W. A. Chisum, Birdie Chisum, W. A. Jordan, Fannie Jordan, R. F. Cannon, Maggie Cannon, Daws Wright, T. F. Wright, Tom Wright, D. B. Wright, Dave Wright, Annie West, Pink P. West, J. Y. Wright, Willie Wright, D. W. Wright, and the unknown heirs and legal representatives of each and all of such named persons, by making publication of this citation once in each week for four consecutive weeks, previous to the return date hereof in some newspaper, published in your County, if there be a newspaper published therein, but if not then in the nearest County where a newspaper is published, to appear at the next regular term of District Court of Hutchinson county, Texas, to be held at the court house thereof in the town of Plemons, on the 1st Monday in October, a. d. 1924, and the same being the 6th day of October, a. d. 1924, then and there to answer a petition filed in said Court on the 22nd day of July, a. d. 1924, in a suit numbered on the docket of said Court number 564, wherein E. B. Johnson, Neil R. Johnson, Graham B. Johnson and Montford T. Johnson are plaintiffs, and Annie Stephens, Perry M. Stephens, J. D. Wright, S. E. Wright, J. E. Wright, Rachel L. Frazier, J. U. Frazier, W. A. Chisum, Birdie Chisum, W. A. Jordan, Fannie Jordan, R. F. Cannon, Maggie Cannon, Daws Wright, T. F. Wright, Tom Wright, D. B. Wright, Dave Wright,

Annie West, Pink P. West, J. Y. Wright, Willie Wright, D. W. Wright, and the unknown heirs and legal representatives of each and all of such named persons, are defendants; said petition alleging that on June 1, 1924, plaintiffs were lawfully seized and possessed of Surveys number 72 and 74 in block 46, H. & T. C. Ry. Co. original grantee, located in Hutchinson county, Texas; that on said date defendants and each of them entered upon said land and ejected plaintiff therefrom and withheld the possession thereof. Plaintiffs further allege a chain of title from the State of Texas to themselves, through various deeds and that they are the owners and entitled to the possession of said land.

Plaintiffs further plead specifically that they have had and held possession of said tract of land, under color of title from the State of Texas, with peaceable and continuous and adverse possession for a period of more than three years, and that he has likewise held such possession for a period of more than five years, paying taxes thereon and that they likewise have had peaceable, and adverse possession for more than ten years, enjoying and using the same so as to mature title under the three years, five years, and ten years statutes of limitation.

Plaintiffs pray for title and possession of said lands, and that their title be quieted and that any and all claims, interest or estate in said land, had or claimed by defendants, be divested out of them and invested in plaintiffs.

Herein fail not, but have you then and there before said court, this writ, with your return thereon, showing how you have executed the same.

Witness, M. E. McCormick, Clerk of the District Court of Hutchinson county, Texas.

Given under my hand and seal of said court in the town of Plemons, this 23rd day of July, 1924 (Seal.) M. E. McCORMICK,
Clerk of the District Court of Hutchinson county, Texas.

Why hamper your work with worn out farm implements

Your farm profits vary according to varying conditions. When work drags—when bad weather sets in before plowing, planting, harvesting, threshing, etc., are done—then loss often occurs. But when modern farm implements are used the work becomes easy, less hired help is required, the work is completed during brief spells of favorable weather, bigger profits are realized. Discard your old, worn out implements and use modern kinds. We will gladly demonstrate the leading, standard brands we handle.

ON NIAGARA'S BRINK

Only two men, so far as we know, have ever passed a night virtually on the brink of the Horseshoe Fall of Niagara. Those men, says a writer in the Wide World Magazine, are Gustave F. Lofberg and James H. Harris, who were employed as dredgers. On an afternoon in August, 1923, their scow broke its cable, and they were at the mercy of the swift current above the falls. There seemed to be no hope for them. Down they swept, and then suddenly the heavy scow ran aground almost on the brink!

The minds of the watchers on shore, says that writer, worked like lightning. They quickly decided on a line and a breeches buoy as a method of rescue. The Coast Guard station at the mouth of the Niagara River, fifteen miles or so distant, was immediately called on the telephone, and Capt. A. D. Nelson and his crew were asked to come to the rescue.

It was about three o'clock when the scow broke adrift; at a quarter past four Captain Nelson and a squad of men started for Niagara Falls in a big army motor truck. They carried with them the life-line cannon and other necessary apparatus. The question that agitated every mind was whether the fierce current would lick the scow away before the men could be saved? It was a race between the river and the rescuers.

When Captain Nelson and his men arrived they quickly set up the life-line cannon on the shore east of the power house. The captain sighted it and fired. High out over the river the projectile hurtled. It made a remarkable flight and then settled

directly over the scow.

Lofberg and Harris grabbed the small line as it fell and at a signal began drawing it in. Attached to the shore end was a heavier rope, but the two men had a hard time hauling it across the swift current. Though those on shore helped all they could, it took two hours to get the rope over. Then those on shore carried the end up on top of the power house and made it secure.

As the work progressed night came on, and big searchlights were brought into play. For a time the rescuers kept at their task, but after a while they reluctantly agreed that their efforts must cease until daylight.

Out on the scow Lofberg and Harris were seen to lie down to rest, if rest were possible for men aboard a stranded scow that at any minute might be picked up on a rising flood and tumbled over the brink of Niagara. It was a night of awful suspense, not only for the poor fellows on the scow and the men engaged in their rescue but for the thousands of men, women and children who had lingered on the scene.

Daylight on the morning of August 7 saw everyone alert. The scow still lay where it had run aground, though it might move at any moment. Quickly all the lines were cleared, and after a little delay the breeches buoy was sent out to the castaways. Lofberg helped his companion into the buoy, and before long he landed safe on the roof of the power house. Again the buoy was sent out over the rapids; when it reached the scow Lofberg climbed into it. Only a few minutes were required to land him on the roof, and then a great cheer went up from the watching crowds.

THE MAN WHO QUILTS

The man who quits has a brain and a hand

As good as the next, but he lacks the sand

That would make him stick with a courage stout

To whatever he tackles and fight it out.

He starts with a rush and a solemn vow

That he'll soon be showing the others how;

Then something new strikes his roving eye,

And his task is left bye and bye and bye.

No man is beaten 'till he gives in;

Hard luck can't stand for a cheerful grin;

The man who fails needs a better excuse

Than the quitter's whining, "What's the use?"

For the man who quits lets his chances slip

Just because he's too lazy to keep his grip.

The man who sticks goes a head with a shout,

While the man who quits joins the "Down and out."

—Baptist Breeze.

RIGHT WHERE YOU ARE!

By James Edward Hungerfodd

Right where you are, if you'll git up and git.

And hustle and rustle and do,

And put your heart in it, and never say "quit"—

There's plenty of good things for you!

The prizes are waiting right there to be got—

You'll find them wherever you are—

By proving if you're a "go-getter" or not,

A "flash in the pan" or a star!

The croakers are cooing about the hard times,

And how things are hopelessly "punk."

They're mourning the shortage of nickles and dimes—

But that sort of "junk" is the "bunk."

And while they are buzzing about "biz" being bad,

The wise ones are hopping about

And copping the prizes right there to be had

And putting old Hard Times to rout!

It's always hard times if you're thinking that way,

And prospects are gloomy and blue,

But while the sun's shining, if you will "make hay,"

You'll get what's coming to you.

Don't let Hard Times floor you and steal your good "rep,"

Don't dream about green fields afar;

We know you're a winner—now show us some "pep!"

Make good on the job where you are!

IS THE NEWSPAPER MAN A LIAR?

If the average newspaper man is a liar, he generally lies to protect his community. If a boy goes out in the world and gets in bad the home newspaper says he was a good boy until he got away into bad company. If the town tightwad, who huzzed his pennies in life, dies, the newspaper throws a mantle over him and says he hated usefulness and that his hate for useless spending made him overcareful in his investments and charities. If the town gossip dies, he carefully avoids referring to her outstanding weakness, and tells how she visited the sick and afflicted and winds up by saying she was a good neighbor. If the home team goes away from home and gets the daylight whipped out of them, the home editor tells the unsuspecting public that the team was all second string players. The editor isn't a liar from choice. The truth struggles in his manly breast the same as it does in the village preacher, but the pride of his community and the fear of the irate subscriber makes him a trembling rabbit and he lies to save the local pride of the town. Still, it is a great life, if you don't weaken.—News-Democrat.

Mrs. J. C. Livingston and the children left Wednesday morning for Abilene, Oklahoma, where they will visit indefinitely with her parents.

Let's Get Down to Brass Tacks

How many farm implements have you, Mr. Farmer? When new, how much did they cost you? If we told you that we could save you half their cost, would you be interested?

It has been proved beyond a doubt that implements which are left in the open last half as long as those which are protected. And, so, by lasting twice as long, the implement which has been sheltered from the elements costs only half as much in the long run as the implement which has been left in the open.

Again, what is your total investment? Would it be worth while to make a small investment that would save you half that amount?

You have money in your harvest Implements, are you going to save them?

If you are interested, we will be glad to give you free estimates and to furnish plans for an implement shed that will meet your requirements. A phone call will bring you a man who can give you real facts.
