

### Long Holiday Records 19 Violent Deaths

Fire, Shooting On Sunday Boost Violence Toll

A long Thanksgiving holiday recorded at least 19 violent deaths in Texas.

One person was shot to death and another died in a flame-swept house Sunday to boost the total.

The fatalities by days:  
 Wednesday—five.  
 Thursday—three.  
 Friday—one.  
 Saturday—eight.  
 Sunday—two.

A woman doctor, Elizabeth Withrow, 39, died Sunday when flames swept her Corsicana home.

Mrs. Mary Ann Kyler, 20, of Dallas was shot to death Sunday when a German-made pistol went off while she was lying on a bed with her 17-month-old son.

The young mother and her husband, Ned, were visiting his mother in Fort Worth.

A justice of the peace was withholding a verdict further investigation.

Robert Tucker, 24, Texas A. & M. College student of Whiteface, Texas, was shot to death Sunday night in a Houston suburb while in the company of the estranged wife of Donald Eugene McGowan, 27. He was charged with murder in the death.

Junior high school student Vernon Lee Durdin was killed accidentally Saturday, his 14th birthday anniversary, while hunting with his father along the San Jacinto river near Conroe, near Houston.

Cab driver Victor V. Hayes, 45, was shot to death Saturday in a Houston apartment. Mrs. Baggett, 35, Houston, was charged with murder.

In a traffic accident Saturday night near Weslaco, Mrs. W. N. Simmonson, 20, wife of an Army recruiting sergeant at Weslaco, was killed when a car left the highway and struck a tree.

Mrs. Emmett L. Smith, 40, of Raymondville, was killed instantly and two men were injured in an automobile accident north of Taha Saturday night.

Three Negro children died Saturday near Vernon when flames destroyed their home.

### Harriman Renews Price Curb Plea

WASHINGTON, Dec. 1. (AP)—Secretary of Commerce Harriman told Congress today that a general freeze of prices and wages might be necessary in the future unless authority is granted now for selective price and wage controls and rationing.

Renewing the Administration's plea for "stand by" power to put on economic controls, Harriman told the House banking committee: "Adequate advance preparation makes for fairness. I believe that it is advisable to start developing a program now rather than to risk the need of hasty action later when the only feasible course might be to put on the brakes by some type of general freeze on prices and wages and then to proceed to correct the individual inequities as rapidly as possible."

### None Hurt When Plane Hits Bridge

WASHINGTON, Dec. 1. (AP)—A Navy torpedo bomber today crashed into one of Washington's busiest bridges during a busy hour—and no one was seriously injured.

The plane—which the Navy said it believes was piloted by Lt. S. T. Biting—almost cleared the bridge. But one wing caught, and the plane looped across the bridge which spans the Anacostia river just above its juncture with the Potomac.

Witnesses said it was obvious that the plane was in trouble, and that hence traffic had stopped. Otherwise, the plane might have smashed into two lanes of traffic.

### Mayor Says Search For Arsonists Futile

LOGANVILLE, Ga., Dec. 1. (AP)—The search for persons responsible for the burning of 40 Negro schools and churches in this north Georgia community during the past month has been futile, Mayor C. H. Byrd said today, despite a \$100 reward offered by the city.

Loganville is about 20 miles east of Atlanta, and is in Walton county where mobsters lynched two Negro men and their wives on July 25, 1946. Federal, state and local authorities joined in an investigation of the brutal slayings, but the case has never been solved.

### FOG STOPS BRITONS

LONDON, Dec. 1. (AP)—A patchy, cold fog overlay most of the British Isles today, stopping air services, delaying trains as much as an hour and trapping motorists who attempted to use the last drops of their withdrawn gasoline ration on weekend trips.

## Seven Perish, Ten Hurt In Fiery Crash

### Alaska Airlines Transport Overshoots Runway, Hits Car

SEATTLE, Dec. 1. (AP)—Seven persons are dead and 10 others critically injured today following fiery crash in which a four-engine Alaska Airlines transport overshoot a runway yesterday at the Seattle-Tacoma airport and smashed a pissing automobile.

Twenty-six of the 28 aboard the big plane scrambled from door and emergency exits or were pulled from the flames by rescuers. All, however, were seared by the gasoline-fed flames that flashed through the fuselage. Four of the rescued died later.

The latest casualty was the plane's stewardess, Miss Reba Monk of Santa Monica, Calif., who was credited by survivors with having led many of the passengers to safety.

The other dead are:  
 Fred Smith, Tacoma, Wash., who died eight hours after the crash.  
 Leslie Howe, 33, Seattle and Spokane, Wash., a carpenter, died in the hospital.  
 Ole Ring, Anchorage, Alaska, died of burns and injuries.  
 Mrs. Virginia Sittsworth, 33, Tacoma, entertainer known professionally as Virginia Grafton.  
 Gordon Johnson, 21-month-old son of Mr. and Mrs. J. E. Johnson, Palmer, Alaska.  
 Mrs. Pearl Stella Jones, 43, Seattle, blind woman trapped in the car which the big transport smashed as it careened off the field onto the intersection of the Des Moines, Wash., highway and 158th St.

## Dormitory Fire Kills Six In Philadelphia

PHILADELPHIA, Dec. 1. (AP)—Flames whipped through a dormitory for homeless men early today, leaving six known dead, 10 believed missing and at least 38 injured—many of them employed as street corner Santa Clauses.

Some of the victims were killed or injured in leaping from their quarters in the second and third floors of the Volunteers of America Inc., as firemen—hampered by sub-freezing weather that turned the water from the hoses to ice against the building walls—fought vainly to prevent them from jumping.

Thirty men were listed as treated at three hospitals where doctors described a number of them as in critical condition.

Assistant superintendent of Police Thomas P. Burns said that several hours after the blaze was brought under control 51 men had been accounted for, including the six bodies that had been removed to the city morgue.

This left 16 or more still missing from among the 61 or more believed by Night Watchman William Patterson to have been in the building.

The blaze was first discovered by Patterson at 12:40 a. m. (Eastern Standard Time) and he ran through the first and second floors shouting the alarm.

## Texas Masons Meet At Waco

WACO, Dec. 1. (AP)—Texas Masons gathered here today for the annual meeting of the Texas grand lodge. Delegates began arriving yesterday, with their ranks dominated by members of the York rite bodies. They came early for the opening sessions of the grand chapter and grand council. These bodies were to transact the business of the annual meetings today and tomorrow. It was planned that with election and installation of new officers, dedication of the site of the new Masonic grand lodge temple would come on Tuesday afternoon. This ceremony, starting at 4:45 p. m., would give opportunity for attendance by both York and Scottish rite members, the latter arriving Tuesday ready for opening of the grand lodge sessions on Wednesday.

Grand Master Bruce Brannon of Commerce, was to preside at the dedication ceremony and to deliver the address from the Masonic standpoint.

## Truman To Fly To Key West

WASHINGTON, Dec. 1. (AP)—President Truman will leave by plane at 8 a. m. (EST) Wednesday for Key West, Fla., where he will rest prior to speaking Saturday at dedication of Everglades national park.

Presidential Press Secretary Charles G. Ross said he thinks the President will speak 10 to 15 minutes beginning about 2:30 p. m. (EST). The ceremony will be held at Everglades City, Fla.

Ross said it is definite that President Truman will not submit his message to the special session of Congress on long range Marshall Plan aid to Europe until after his return to Washington next Monday.

Mr. Truman will fly Wednesday to Boca Chica airport and motor to the Navy submarine base at Key West where he will make his quarters at the commandant's house.

He will leave the same airport early Saturday for Naples, Fla., and drive to Everglades City, a distance of about 35 miles. He will return to Key West Saturday night.

The President will fly in the "Sacred Cow," the C-54 he used before acquiring the "Independence," a DC-6 which is undergoing modification.

## Texas Has Mild Weather Today

December made a mild entrance into Texas today, with warmer temperatures reported from border to border. Cloudiness was general.

Only one point reported below-freezing temperatures today—Texarkana had 31 degrees. Laredo was warmest this morning with a minimum of 56.

Hottest spot in Texas yesterday was Brownsville with 74 degrees.

Cloudiness is expected to continue tomorrow, with a few scattered showers in the south portion of east Texas. Warmer weather is predicted for all of Texas except the Panhandle and South Plains.

## Seek Lost Plane

FRANKFURT, Germany, Dec. 1. (AP)—More than 100 planes roved European skies today without finding a trace of a United States Air Force transport plane which disappeared with 21 persons aboard Friday en route from Pisa, Italy, to Frankfurt.

## GOVERNMENT DEFIED

### Paris Subway Is Halted By Strikes

PARIS, Dec. 1. (AP)—Strikes halted the Paris subway today and leaders of the communist-dominated General Confederation of Labor defied the government's anti-strike legislation. CGT leaders summoned all workers "to action," asserting they would refuse to negotiate further toward ending the nationwide walkouts if the legislation was enacted in the national assembly.

Subways halted shortly after noon, when electric power was shut off by strikers. Gas pressure was reported at "danger levels" in the capital and service was reported stopped at Nice, Marseille and Cannes.

The assembly, which last night approved a call of 80,000 men to the colors to combat the creeping paralysis induced by the strikes, became such a well of tumult that it suspended for two hours its consideration of the strike law. Neither the chairman nor speakers could be heard.

With thousands stranded by the subway shutdown, Paris was plagued also by a strike at all six gas companies serving the suburbs. The concern furnishing gas to Paris proper continued service, although the pressure was reported only half normal.

Police and motorized armed forces opened roads in northern France to struck coal mines, but few miners appeared to be returning to work. Fights erupted at LeVain when 700 miners tried, apparently without success, to return to work.

The majority leaders of the labor confederation, which is supporting the strikes which left 2,000,000 or more Frenchmen idle, issued a statement saying blanket increases of 1,125 to 1,500 francs (about \$9.50 to \$12) a month had been demanded effective today, but that the government had countered by proposing to increase the franc (about \$2.40) for November only.

## Aiken Claims Support For GOP Shake-Up

### Wants End To Reactionary Control Of Party

WASHINGTON, Dec. 1. (AP)—Senator Aiken (R-Vt.) claimed support among rank and file Republicans today for his proposal that the party "free itself from reactionary control" and appeal "to farmers, labor and housewives."

The New England lawmaker told a reporter he has received much mail since his demand last week that GOP National Chairman Carroll Reece resign as part of a "top to bottom" party shake-up.

"The only complaints I had were from Democrats," the gray-haired former Vermont governor said. "They gave me the devil, saying that if the Republicans kept Mr. Reece in there, they could retain the presidency and regain control of Congress."

Aiken said he has not talked with Reece and does not plan to do so. "But, he added, 'I may have a statement later if things don't change. I want to see the Republican party win in 1948 but to do that we must have broader individual management in the national party and more constructive legislation in Congress.'"

Aiken said his remarks were not aimed at Senator Taft of Ohio, chairman of the Senate's Republican policy committee and an avowed candidate for his party's presidential nomination.

Meanwhile it was learned that Taft and Senator Flanders (R-Vt.) have exchanged friendly letters as an aftermath to their disagreement at a recent conference of Senate Republicans.

## Texas Masons Meet At Waco

WACO, Dec. 1. (AP)—Texas Masons gathered here today for the annual meeting of the Texas grand lodge. Delegates began arriving yesterday, with their ranks dominated by members of the York rite bodies. They came early for the opening sessions of the grand chapter and grand council. These bodies were to transact the business of the annual meetings today and tomorrow. It was planned that with election and installation of new officers, dedication of the site of the new Masonic grand lodge temple would come on Tuesday afternoon. This ceremony, starting at 4:45 p. m., would give opportunity for attendance by both York and Scottish rite members, the latter arriving Tuesday ready for opening of the grand lodge sessions on Wednesday.

Grand Master Bruce Brannon of Commerce, was to preside at the dedication ceremony and to deliver the address from the Masonic standpoint.

## Chest Drive Is Inching Forward

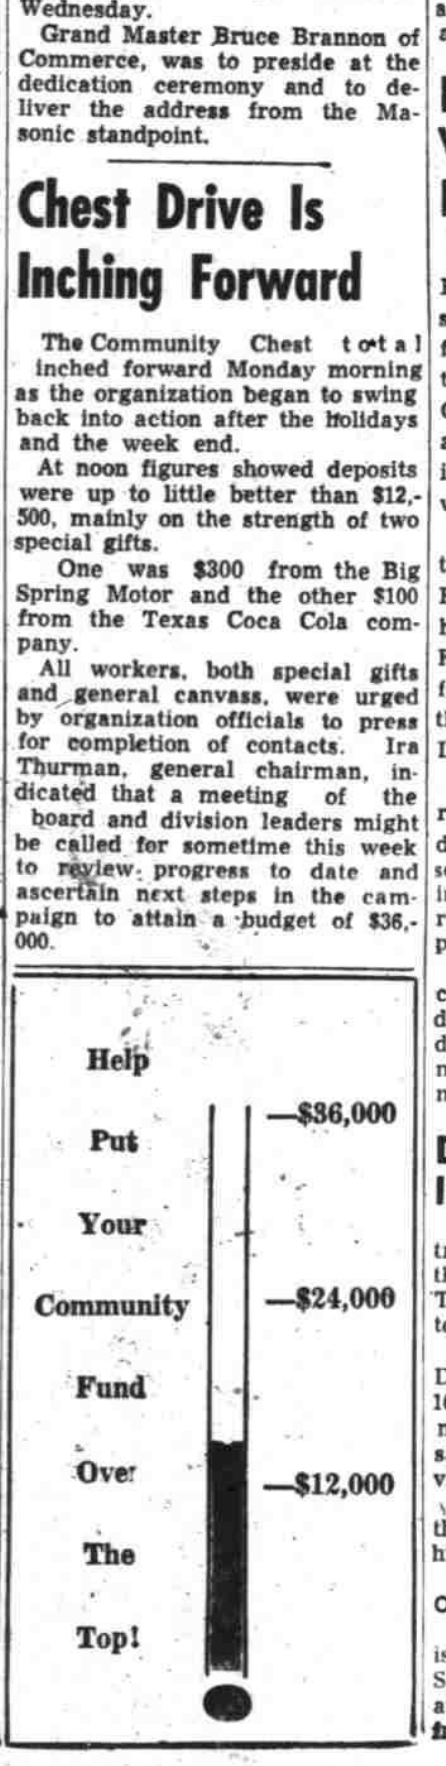

The Community Chest total inched forward Monday morning as the organization began to swing back into action after the holidays and the week end.

At noon figures showed deposits were up to little better than \$12,500, mainly on the strength of two special gifts.

One was \$300 from the Big Spring Motor and the other \$100 from the Texas Coca Cola company.

All workers, both special gifts and general canvass, were urged by organization officials to press for completion of contacts. Ira Thurman, general chairman, indicated that a meeting of the board and division leaders might be called for sometime this week to review progress to date and ascertain next steps in the campaign to attain a budget of \$36,000.

## Help Put Your Community Fund Over The Top!

# Aid Bill Expected To Reach Truman Soon

## Martin Sees House Passage By Dec. 13

WASHINGTON, Dec. 1. (AP)—Speaker Martin (R-Mass.) said after a meeting of House Republican leaders today that emergency foreign-aid legislation should be on President Truman's desk by the end of next week.

There is a possibility, Martin told reporters, that the House will start debate this week and complete action on the legislation by the middle of next week.

Martin said the conference of Republican leaders made no decisions concerning details of the legislation, leaving that to the foreign affairs committee.

The foreign affairs committee voted tentatively last week to trim to \$489,000,000 the \$597,000,000 that President Truman asked for winter relief for France, Italy and Austria. Then it voted to add \$60,000,000 for China.

As yet, the committee has not formally voted to send any bill to the House floor.

The Republican conference included the steering committee, which shapes party policy in the House, and Republican members of the foreign affairs committee.

In the Senate, a vote appeared near on a \$597,000,000 bill.

As a preliminary step to a later decision on exactly how much actual cash should be provided, Senator Edwin C. Johnson (D-Colo.) asked the appropriations committee to determine whether a \$232,000,000 "checking account" against American food supplies is left over from foreign aid Congress voted last spring.

Johnson wrote Chairman Bridges (R-NH) asking the appropriations committee to look into reports that only about \$100,000,000 of the \$332,000,000 (million) made available in May has been spent thus far in aiding Italy, Austria, Greece and Trieste.

Two of those countries, Italy and Austria, would share in the relief to be provided under the stop-gap measure which leaders hoped the Senate would approve by nightfall without major changes.

Johnson told a reporter he wants assurances that it will not be too severe a strain on American supplies to pile almost \$600,000,000 in purchases of food, fuel and clothing on top of buying already being done for the earlier relief program.

"If only \$100,000,000 has been spent," he said, "the rest represents a checking account on our dwindling supply of grain and other food. If we pile \$600,000,000 more on that now, I want to know what is going to happen."

President Truman's report to Congress a week ago on the spring relief fund showed that \$72,000,000 in supplies actually had been shipped on Sept. 30, with an additional \$130,000,000 in the process of being purchased.

## Minority Walk-Out Is Plaguing U. N.

NEW YORK, Dec. 1. (AP)—The angry walk-out of the six Arab delegations from the United Nations assembly in protest against passage of the Palestine partition plan opened a new chapter today in the bitter majority-minority battles in the U. N.

It was the fourth time in the 11-week assembly that a defeated minority had attacked the victory of a majority and had refused to be bound by it.

The other three occasions involved the Russian group, which declined to accept majority decisions creating the "little assembly" committee, the Balkans watchdog commission and the Korean independence commission.

The Arabs indicated their walk-out was meant only for the Palestine case, but spokesmen said yesterday they must await final instructions from their home governments as to how far their protest was to be carried.

Meanwhile, Arab opposition to the assembly-approved plan to create separate Arabic and Jewish nations in Palestine became violent in the middle east. Syrian demonstrators stoned the United States legation in Damascus.

The partition plan, sponsored by the United States and Russia, was approved by a 33 to 13 vote of the assembly late Saturday. Ten nations abstained and Siam was absent.

It was the only time the U. S. and Russia had worked together on an important matter in the entire assembly.

## Famed Film Producer Dies In Hollywood

HOLLYWOOD, Dec. 1. (AP)—Death has taken Ernest Lubitsch, the producer whose deft handling of moton picture situations made the term "the Lubitsch touch" synonymous with sophistication in the film industry.

Lubitsch, 55, who elevated many a player to stardom and enhanced the reputation of many another who had gained Ernest Lubitsch fame before coming under his aegis, died yesterday after suffering a heart attack.

He had been ill for several years, and collapsed in his bathroom, where he was found by his manservant, Otto Werner. A fire department puller squad failed in an effort to resuscitate him.

Lubitsch, born in Berlin, came to the stage at 19 as the protégé of the late Max Reinhardt. Attaining some success as an actor, he then became a producer-writer. He entered motion pictures about 1915, when the industry still was in its infancy.

## Bidault Favors A Western Germany If Parley Fails

LONDON, Dec. 1. (AP)—French Foreign Minister Georges Bidault said today that if the London conference of foreign ministers fails to agree on a unified peace for Germany, his government favors a merger with British and American zones to establish a unified western Germany.

Bidault, who is going to Paris tonight for conferences with French government leaders, stated his position at a meeting with French reporters shortly before the foreign ministers council opened the second week of its sessions at Lancaster house.

Meanwhile it was authoritatively reported that Russia had turned down today a French proposal for settling the issue of German assets in Austria, which is the chief barrier of completion of an Austrian peace treaty here.

The French plan has been under consideration by a committee of deputy foreign ministers who are due to report to the Big Four tomorrow. Action by the deputies may not necessarily be final.

## December Traffic Is Called Deadly

AUSTIN, Dec. 1. (AP)—December traffic is three times more deadly than that of any other month, the Texas Safety association warned today.

If last year's accident record for December is repeated this month, 162 persons will be killed in motor mishaps before Christmas. The safety association offered this advice:

Window shop all you want from the sidewalk, but never from behind the wheel of a car.

OBSEVING ANNIVERSARY  
 NANKING, Dec. 1. (AP)—Generalissimo and Madame Chiang Kai-Shek observed their 20th wedding anniversary today, entertaining 30 friends at an official dinner.

## LESS FOR MORE

### Santa's Generosity May Be Tempered By High Prices

WASHINGTON, Dec. 1. (AP)—Christmas buying will ring up new records on the cash register, but the government believes Santa Claus' generosity will be tempered by high prices.

Some officials predict his pack won't be as full as it was last Christmas.

At the commerce department, which keeps tabs on all retail sales, experts think November, and December buying will match the gain shown in October when merchants took in a record-breaking \$10,025,000,000, of 13 per cent more than in October.

At the Federal Reserve board, which watches department store business, officials forecast the Christmas trade will run from \$5 to 10 per cent higher than last year.

But such a gain, the reserve men note, would mean an actual drop in the number of items sold because price rises have more than absorbed the higher rate of buying.

Total sales for the three-month holiday season will top \$30,000,000,000 (billion) if the optimism of Federal statisticians and their informants in the retail trade is justified. Last year's added up to \$28,279,000,000 (billion), for October, November and December.

Other unofficial government reports on the third peacetime Christmas indicate:

It is a good to your wife year. Household appliance sales will top last year both in numbers sold and in dollar value. More washers, refrigerators, ironers, vacuum cleaners, high-quality radios and other "reconversion" goods will be offered and bought.

Toys are abundant, varied and of good quality. Some department stores didn't buy enough last spring because the government forecasts of a recession this fall. But when business kept surging a rush of re-ordering began in September.

The lower-priced lines of goods which disappeared during the war are back. At higher prices, of course, but at least the buyer has a choice. Suits and shirts, even white ones, are to be had. Nylon stockings, which many stores had to ration last Christmas, apparently will be offered freely despite difficulties arising from a new style trend to darker shades. In fact, stocking sales have been down in recent months.

Expensive jewelry and luxury goods won't sell as well as last year—not with food prices what they are. But "junk jewelry" won't sell as well, either. More buyers are insisting on quality.

There will be shortages, of course. If your taste in gifts runs to expensive things, better ask Santa for a fur coat or a cabin cruiser instead of an automobile. Some brands of washing machines and certain of the high-grade cabinet radios also are still shy.

NEW MANAGER OF TEXAS PRISON SYSTEM — O. E. Ellis, manager of the Shelby County Penal Farm at Memphis, Tenn., was named general manager of the Texas Prison System to succeed Maj. D. W. Stokes. Ellis is shown above as he departed from Memphis en route to Tyler, Texas. (AP Photo).

## Discussions Set On School Dispute

AUSTIN, Dec. 1. (AP)—The State Board of Control planned to resume hearing at 1:30 p. m. today into student demands at the state school for the deaf for the removal of the school's Superintendent Roger M. Powell.

The hearing began last Tuesday, after a student strike the day before. With students away for the Thanksgiving holidays, the hearing was recessed until today.

The most recent in a long series of student flare-ups at the school immediately followed events on Nov. 23 when five students were returned to the campus by Supt. Powell after they had left to go to a movie without permission.

## Jury Dismissed

Jury for the opening session of 70th district court, which was to have begun this morning, was dismissed until 10 a. m. Wednesday by Judge Cecil Collings.

A suit for damages filed by the National Auto and Casualty Insurance company against R. W. Byrd was continued until that time.

## AAF FIELD REACTIVATED

WASHINGTON, Dec. 1. (AP)—The Air Force announced today that Goodfellow field at San Angelo will be reactivated, as a flying training station.

# Urban Advantages Is Butane Benefit

Rural families no longer need envy the conveniences of the urban dweller, thanks to a chemical phenomenon which makes possible the advantages of gas to farm and ranch homesteads.

Steadily, new "plants" are being installed at rural homes throughout this area to be serviced by the Smith Butane company, headquartered at the city limits on the Lamesa highway.

The fuel being delivered by Smith Butane now is unusually effective. Combined expertly with the correct amount of propane, the liquefied gas yields an increasingly higher output. Over a year's time,

the cost is approximately the same as that for natural gas.

Smith Butane operates three delivery trucks which cover Howard county, parts of Mitchell, Glasscock, Dawson and Martin counties. In addition the company maintains one large transport which shuttles adequate supplies of the fuel here for handling by delivery trucks.

Route men make regular rounds. Knowing the capacity of various plants (tanks) and the customary rate of withdrawal, they are able to always keep ahead of demand. In event of unseasonably cold weather, the rate of calls is accelerated. Tanks contain gauges which indicate when supply is running low, and in such event, emergency deliveries are made so that none will be without ample supply of butane.

Smith also has a stock of butane appliances, including space heaters, hot water heaters, and the famous Tappan range.

## Color Harmonies

Try color harmonies and contrasts in your early flowering beds. These are particularly effective in bulb varieties planted in clusters. Ample supplies and timely tips on planting arrangements are available at Caroline's Flowers, 1810 Gregg.

**JOE SHIVERS**  
ARGOS, Ind. (UP)—The local fire chief was in a dilemma when the alarm sounded at night and he couldn't find his shoes. He ran to the place and tackled it barefooted. It was a chilly fall night and he shivered. His name—Joe Shivers.

# Day And Night Service Is Aid By Clark Motor

Twenty-hour automotive service is proffered by the Clark Motor company, 215 East Third street, dealers in Plymouth and DeSoto automobiles.

A mechanic can be found on duty at Clark's any hour of the day or night, where emergency cases are a specialty. Phillips 66 gasoline and oil are sold by the concern.

Bear wheel alignment can be accomplished at Clark's. Expert washing and greasing jobs are handled with speed and at little expense.

Clark's is one of the distributors in this section for General tires and tubes. Orders for automobile castings can ordinarily be filled immediately by the establishment. Automobile owners with faulty batteries can eliminate their problems by buying the Exide batteries, guaranteed to give the maximum in service.

An increasing supply of automobile accessories, including heaters, radios, seat covers, etc., is being made available to the customer through Clark's.

Business telephone number of the concern, one of Big Spring's best known and most completely equipped automotive plants, is 1856.

The first recorded vessel built in this country was the "Virginia," which was a 30-ton ship launched in 1607 on the Kennebec River in Maine.

## Flexible Fuel

Butane is a liquefied gas that is handled much like gasoline but which burns like natural gas. This is because butane returns to gaseous state as pressure is released. Thus, it may be trucked and put into storage tanks anywhere, making it an ideally flexible fuel for heat, cooking, hot-water and refrigeration. It also is used widely for industrial purposes, among them operation of stationary power units. Smith Butane, Lamesa highway, can explain its many uses and make arrangements for service.

## Auto Accessories

Persons seeking automobile accessories for the winter months can find a stock of quality items at the Phillips Tire Co., 211 East Third street. The firm handles only the products of well-known, proven manufacturers.

## Parking Lot Service

Clark Motor company maintains a parking line at 402 Runnels street for the convenience of the down-town shopper and the overnight visitor in Big Spring. The lot carries insurance protection for its clients against fire, theft, etc.

# BATTERIES "TAILOR-MADE" FOR WEST TEXAS SOLD HERE BY PHILLIPS TIRE

Zermac batteries, which are designed to give superior performance in West Texas, are now being featured by the Phillips Tire Co., 211 East Third street, as the approach of cold weather signals the necessity of dependable power for automobiles.

Made by the Zermac Battery Manufacturing Co. of Lubbock, the products are advertised as "Tailor Made" for West Texas weather. All materials used are selected for quality and durability characteristics, insuring top performance under the extreme weather changes in West Texas and the Southwest.

Since extreme, dry heat and extreme dry cold are notable enemies of batteries and both of these conditions are encountered each year by West Texas motorists, the construction of Zermac batteries

is such that all types of weather are provided for.

The Phillips Tire Co. now has a liberal stock of Zermac batteries on hand, and the company is prepared to make immediate installation on purchases.

Phillips also is keeping a good stock of all types of US Royal tires and tubes, including tractor tires. The tire repair facilities also are available for dependable repair work.

## Many Unions Sign Anti-Red Affidavit

WASHINGTON, Dec. 1. (UP)—Half of the national unions in the CIO and two-thirds of the national unions in the FL have filed non-communist affidavits with the National Labor Relations board.

That was announced by the board this past week.

At the same time, General Counsel Robert N. Denham announced that nearly 30 per cent of the various affidavit forms submitted by unions to the NLRB were faulty in some way.

# A Price Has To Be Paid For Peace

An organization which calls itself "The Midland, Texas, Committee for Economic Sanity in Government" has published advertising which says in part: "If the Marshall Plan means rationing and regimentation, let's forget it and return to the Washington Plan." The "Washington Plan," this advertisement says, "did not squander our wealth in a futile effort to buy foreign American dollars."

The Midland committee's message has had prompt notice from Sen. W. Lee O'Daniel, and the group wins his high praise for being the first committee "to wake up to the fact that our nation is being sold down the river by a gang of New Deal professional politicians. x x x There is little that can be done here to stop the skulduggery of giving away the people's resources to foreign nations and further regimentation of our people."

Nobody wants to see the nation's resources given away, and if Senator O'Daniel or the Midland committee, or anybody

else is pitching the Marshall Plan on that basis, then they have twisted its meaning. The Marshall Plan, as we understand its fundamentals, is to enable some European countries to overcome starvation and put themselves back into shape to do business among themselves and with the rest of the world, including the United States.

Hungry people are desperate people; and when they are hungry enough, they may be desperate enough to swap liberty, their own peace—and the peace of the world—for a dictator's piece of bread. If this country can salvage what is left of a war-ridden Europe and bring about some stability in this world by making available millions for European credit, it seems that these millions will be returned many-fold.

The Marshall plan undertakes to do this. It is a price that must be paid for peace. We haven't heard a proposal, from any quarter that suggests that peace can be purchased any more cheaply.

# Not The Time To Change Basic Law

Texas needs a new Constitution in the belief of a good number of people, and not all of them give the same reasons why the present Constitution should be replaced by a "streamlined modern" document. Some say there is too much in the Constitution, others want additional things inserted, though they, too would have some of the provisions now in it left out.

The Constitution is perhaps too bulky, and has too many provisions. That is because it was made at the end of a period of government under carpetbag rule, when anything was done that the agents of the Federal Government wanted to do, much of it detrimental to the good and welfare of the individual citizen. When the State was allowed to go back into the Union, and elect its own officials, the makers of the Constitution inserted provisions that were intended to prevent continuance or resump-

tion of the measures that had been followed for ten years.

If a constitutional convention were assembled today it would be very much like the assembly of the United Nations, in that there would be so much difference of demands that it is doubtful anything could be accomplished. There would be sections argued for, even if not inserted, intended to meet conditions of today that are temporary, just as some of the sections of the present Constitution were put in to meet a need of that time, which did not continue.

This is no time to make a Constitution, while the world is in turmoil, profiteers and interests are influential and special groups are able to get what they demand if they speak loud and long enough. Whether there will ever be a more settled condition is not yet answered. Until it is, and that condition arrives, the State will be best served under its present basic law.

The Nation Today—James Marlow—

# Presidential Veto Explained

WASHINGTON, (P)—Here are answers to some questions about the government which may have stumped you.

The story will deal with the veto, what it is and what can be done about it. When both Houses of Congress pass a measure it is sent to the President for him to sign into law, or let become law, or veto.

The word veto is from Latin and means "I forbid." When a congressional measure reaches the President, he says: 1. Sign it. Then it is law. 2. If for some reason he doesn't want to appear to approve it by signing it, but still doesn't want to kill it, he can do this: He can hold it for 10 days without taking action. At the end of the 10 days, Sundays excepted, it becomes law without his signature if Congress is in session.

3. Veto it. He doesn't write "veto" on it. He merely sends it back to Congress with a message giving his reason for refusing to sign it.

The measure is thus killed unless both Houses of Congress re-pass it over the veto by a two-thirds vote.

Then it becomes law without having to go back to the President again.

But there's a kind of veto—called a pocket veto—which the President can use to kill a bill and Congress can't over-ride him on this.

The pocket veto works like this: Under the Constitution the President is allowed 10 days, Sundays excepted, in which to give his approval after receiving a measure passed by Congress. If Congress adjourns within

those 10 days—and if the President wants to kill the bill—he lets it go unsigned. That kills it. Why?

Because he doesn't have to send it back to Congress with a veto. There's no Congress there to receive the message or act on the veto.

(As noted above, this only works when Congress adjourns within the 10 days after the President has received the measure.)

If Congress was in session for those 10 days after the President received the measure and he did not sign it, it would become law.

But can the President veto any measure sent him by Congress? Can he even veto a declaration of war by both Houses of Congress? The answer is yes to both questions.

Affairs Of The World—DeWitt MacKenzie

# Privation Helps French Reds

French communists are receiving the support of a powerful but evil ally in their attempt to bring about the downfall of the hard-pressed government, and this ally is harsh privation, due to a serious shortage of many necessities of life.

Of course there are cases in France where, if you have the money, you can buy most anything you want, and the farmers in general are better off for food than are their town cousins. There also are black markets in which loose consciences can find necessities and even luxuries. But for the man-in-the-street these are harsh days.

The rank and file in Paris and other cities are suffering a scarcity of bread, butter, milk, meat, flour—and most other things. Parisians are trying to cook on gas-stoves which are virtually without pressure because of the gas-workers' strike.

Equally bad, there is a terrible shortage of coal, due to the miners' strike—and already temperatures below freezing are warning of approaching winter. Not only is much of the country shivering but industry is gravely affected. Minister of Production Robert Lacoste says if the coal strike continues, many electric plants in Paris will be forced to close. Speaking in general of the several coal strikes France has experienced this year, Lacoste declares:

"This is progressive paralysis of French economy. It will be very difficult to repair the wrong already done."

There you have the picture as the Bolsheviks press their attack. This brings the harassed cabinet up against the truism that the peoples of all countries generally blame the government when things affecting their way of life go wrong. And of course the Reds are using the hardships as propaganda to try to stir the citizens to anger.

In Hollywood—Bob Thomas

# Ex-GI Stars Have Tough Time

HOLLYWOOD, (P)—Most movie heroes who left the screen to fight for Uncle Sam have had a tough time in regaining their film prominence.

This conclusion is evident upon looking at the postwar records of various veterans. The vehicle chosen for Clark Gable's return to the screen was a notable flop. His second film was only a middling success and many observers declared he "was miscast in it."

Jimmy Stewart's first postwar film still hasn't shown a profit and his second is far from a success. Robert Taylor has been seen in only one film since he got out of the Navy, and it was no world-beater. Nor was there much distinction in the returning movies for Gene Kelly, Wayne Morris, George Montgomery, Ronald Reagan, and others.

A reason for all this was offered recently by a well known actress. She told me:

"The trouble is that the studios don't realize that men like Gable and Stewart and Taylor have changed. They are put into the same roles, but they are not the same men."

"They have been gone three or four years and they have become more mature. And I believe, better actors."

Gable, Stewart, Taylor and others are reported to have more suitable vehicles in the offing, ones which measure up better to their new stature. And some of the male film favorites of the wartime variety, who shall be nameless, are reported to be falling fast in public fancy.

So that rosy postwar world may pan out for some Hollywood veterans after all.

Business Snaps Back

AKRON, O. (U.P.)—The rubber-band business is snapping back to pre-war level. According to B. F. Goodrich estimates, about 23 quadrillion, 800 trillion bands of assorted sizes will be turned out in this country this year. (A quadrillion is a million billion.) That represents about 1,750 ton of raw rubber, for on the average a pound of rubber yields 6,800 bands.

TOO NEIGHBORLY MAKOTI, N. D. (UP)—Richard Geisen, farmer, refused to sign a complaint after 20 masked men assaulted him and damaged property on his farm in a midnight raid. Geisen said he would take no legal action against the attackers because "they are my neighbors."

Grows Fruit Salad

ARAPAHOE, Neb. (U.P.)—Three year ago a small Grimes Golden apple tree was broken in the yard surrounding the J. P. Patten home. As an experiment, Mrs. Patten grafted a branch of the apple tree onto a limb of a nearby pear tree. This fall the grafted limb produced 30 small yellow apples. On the opposite limb were 15 perfectly formed pears.

It Could Happen

FORT WAYNE, Ind. (U.P.)—Everyone laughed when George Spiro explained how he got his black eye. "New variation on the running-into-a-door story," his friends said. Spiro got his black eye when he was feeding his baby and the child jabbed a spoon into his dad's eye.

UNDER THE GUN

ANTEPEO, N. D. (UP)—Anton Erbstoesser, 27, claims to have been the youngest commissioned postmaster in the United States when he was appointed here. Erbstoesser got his commission Nov. 17, 1941. The day he was 21 years old. A postmaster by law must be at least 21.

Hal Boyle's Notebook

# Army Records Bared

NEW YORK, (P)—If the Army has any skeletons in its closet, the public now can view them. Gen. Dwight Eisenhower says so. His recent order unveils all Army historical records except those containing secrets essential to national security, regardless of whether the records may embarrass the top brass.

There probably will be no tidal wave of Ex-G.I.'s descending upon the Pentagon to dig out the dirt—if any—but historians in time probably will uncover much that will interest the men that fought the battles of the Second World War.

It is axiomatic in war that the closer you get to the front the less you know about the whole picture. A newspaper reader in Omaha knew more about what was going on than an infantryman fighting a house-by-house through Aachen.

The "Dogfaces," back in civilian life, still would like to have a lot of answers to questions that bothered them then and which the Army records ought to be able to clear up now.

Those who fought in Tunisia, for example, are still puzzled over the mysterious disappearance of the African cavalry.

They waded ashore carrying in their back pockets a little blue book in which the war department assured them that Africa had a hot, dry climate. For six months it rained, snowed, froze, thawed, snowed and rained. If there was a dry place between Casablanca and Tunis it was the war's best held military secret.

Then, when the victory was won and the last German sealed up in prisoner camps or swimming toward Italy, the sun suddenly came out—and there was the promised hot, dry African climate. But where had it been hibernating for half a year?

A second mystery the dough-foots would like solved is what happened to the warm sunny climate which another Army handbook said positively—no fooling this time—they would find in Italy.

All they found from Salerno to Anzio and beyond were bitter winds, chilling frost, and mountains even wetter, colder and rockier than those of north Tunisia. By then the foot soldiers were so used to sloping forward from trudging uphill that they practically fell on their faces when they hit an occasional patch of level ground.

A third weather mystery is how did the French mud through which American troops fought in 1918 manage to get so much deeper in only 6 years. To thousands of veterans of the "Battle of the Bulge," who fought through their third straight winter without adequate warm clothing, the main question is:

"Why wasn't somebody in Washington assigned to inform the Army's supply branch that the seasons in Europe change on about the same schedule as they do in America?"

The Army historical records which explain that one perhaps also will give a really satisfactory answer as to why the Army ran out of gasoline and shells in 1944 as it reached the Siegfried line, thus delaying war's end through another winter.

The men who most deserve that explanation are under crosses.

Washington Merry-Go-Round—Draw Pearson

# Europe Bends Ear To Senators

WASHINGTON, (P)—Members of the Senate appropriations committee just returned from Europe, inspected the Dachau concentration camp with its gruesome gas chambers and other instruments of death.

Afterward they went into a courtroom where a number of Dachau hangmen, were on trial. Committee Chairman Styles Bridges of New Hampshire asked a guard what the charges were against the prisoners.

He noticed two of the Nazis listening with interest as the guard said briefly that they were former SS troopers. Gestapo members and executioners. Bridges then asked the guard to point out the two hangmen. Immediately the two Nazis who had been listening shot their hands up, and with broad grins, identified themselves to the Senator.

It wasn't only the Nazis who used English, however. In English, the Pope later told the appropriations committee during a visit at Castel Gandolfo on All Saints Day, that "I think I have met half of the American Congress this summer." Payoff was the visit of the nine Senators to the docks of Piraeus, near Athens. There they inspected a group of ten American fishing boats sent to Greece by UNRRA, but never used by the underfed Greeks because—the Senators were told—Greek fishing magnates refused to permit competitive boats to leave the docks regardless of how much their countrymen needed food.

A crowd of Greeks gathered at the Senate groups inspected the boats. Finally, one ragged Greek pushed his way forward and, in broken English, asked: "Are you Americans?"

When the senators nodded, the Greek inquired: "What are you going to do? First you sail these boats over here—now did you come to sail them back?"

Texas Today—Jack Rutledge

# Champ Nail Driver Is Texan

Gentlemen of distinction: East Texas claims the world's "champ nail driver. He's Walter Morris of Lufkin, who pounded 1,200 six-penny nails in 19 minutes. Runner-up William Taylor handled 700 nails in the same time.

Taylor, former champion, wants his crown back and has challenged Morris to a return match in Baltimore.

Winston Montgomery of Texarkana is an expert on spaghetti. Jimmy Jamison, a restaurant man, asked him for his recipe.

Montgomery said, "You cook it until it's about done and... How can you tell when it's about done?" Jamison interrupted: "Take a few strands and throw them against the wall. If they stick, it's ready," Montgomery said.

He glanced at his wife and quickly added: "Well, it worked once, anyway."

The Athens Liars club is so active that almost any story coming out of that territory should be checked and double-checked. This is one we didn't double-check:

A new pastor asked some boys where the postoffice was. They told him. He frowned at their

pastime—playing marbles. "Come to church Sunday," he said, "and I'll show you how to get to heaven."

"How can you tell us how to get to heaven if you can't even find your way to the postoffice?" one boy asked.

While you're figuring up an answer to that one, here's the story of a Texas Christian University student who gets \$337,000 pay every month.

It Happened Back In...

FIVE YEARS AGO Mrs. Escal Compton honors son, Benny, with birthday party; Mrs. Wayne Gound entertains relatives over week end; VFW Auxiliary sponsors dance for enlisted men and wives.

TEN YEARS AGO Ritz theatre has toy matinee; Christmas story to be offered by Music Study club; city in holiday attire for opening of Christmas shopping season.

FIFTEEN YEARS AGO Mrs. Fred Keating hosts to luncheon club at Settles; Wesley Memorial Methodist church entertains husbands at party; Mrs. Homer Wright hosts to Cactus club.

# WORD-A-DAY

By BACH CONDOLE (kon-dol) verb TO EXPRESS SORROW OR SYMPATHY OVER ANOTHER'S MISFORTUNE

KNUTSON ON TAFT Brusque Harold Knutson, a power in the House and rock-of-Gibraltar Republican, was sitting at a cluttered dinner table in the House cafeteria, dissecting Senator Bob Taft to California Republican.

"He made a lousy speech in San Francisco," snorted the gentleman from Minnesota. "Then went to Seattle and made a lousier one."

"I'll tell you," he continued, "Taft is smart but he's got no character!"

U. S. GOAT SCENERY When Republican Senator Styles Bridges of New Hampshire was touring Europe with the appropriations committee, he asked Austria's Foreign Minister Karl Gruber, how the Russian-occupied zone in Austria compared with the U. S.-British zone.

"Well, it's like this," replied Gruber. "Russia got the great agricultural lands, the key industrial cities and the oil fields."

"What did the Americans and the British get?" asked Bridges. "Oh, they got the scenery."

Note—The U. S.-British occupation zone takes in most of the beauty spots, including the Austrian Alps and the vacation resorts, but is mainly non-productive.

EXIT DEMO LEADER You can write it down that Gael Sullivan won't remain on much longer as executive director of the Democratic national committee.

Sullivan stayed on as party director reluctantly after Senator Howard McGrath succeeded Hannegan as chairman of the Democratic national committee. Though McGrath and Sullivan grew up together in Rhode Island, however, they haven't

clicked at the national committee.

For one thing, McGrath has embraced such Tories as Joseph Shouse, one of the original Liberty Leaguers, who Roosevelt would never let come anywhere near policy matters.

Best guess is that McGrath will soon be left alone to steer the Democratic ship of state for a while the later.

UNSCATHED HIROHITO By unofficial messenger, the Emperor of Japan has sent his personal thanks to Senator Elbert Thomas of Utah for saving the imperial palace from being bombed during the war.

The hitherto untold story on Tokyo bombings is that President Roosevelt was urged by certain generals to order the bombing of the emperor's palace. So he called on Senator Thomas, once a Mormon missionary to Japan, for advice.

Thomas recommended strongly against the bombing. He argued that the Japanese people would be embittered and no military advantage gained.

"The palace will not be bombed," Roosevelt promised. After the war this story eventually got back to Emperor Hirohito, who asked an American to deliver the Emperor's deep appreciation to the Senator from Utah.

# Herald Radio Log

These Schedules are furnished by the Radio Stations, which are responsible for their accuracy.

Where To Tune In: KBST, ABC-TSN, 1490 KC; WBAP-WFAA, NBS, 830 KC; KRLD, CBS, 1090 KC.

# Cage Clinic To Be Wound Up With HSU-Tech Tilt Tuesday

## Banquet Slated This Evening

A hundred or more coaches and members of the Big Spring Athletic association put on the feed bag at the Settles hotel this evening as Clarence Fox sets his fine table for the visiting gentry at the Big Spring Basketball Coaching school. Starting time is 7:30 o'clock or thereabouts.

The mentors, many of whom were here last year when Fox staged his first cage clinic, have been hard at it all day learning the fundamentals of the hardwood game as taught by Polk Robison and Wesley Bradshaw, coaches at Texas Tech and Hardin-Simmons university, respectively.

All day Tuesday, they'll get more of the same. Tonight, however, they relax, eat their fill of barbecue and listen to a discourse on the hoop game, with perhaps a little football thrown in, as delivered by Mike Brumbelow, assistant grid mentor at Mississippi university.

Brumbelow, who lives part-time in Midland, is just back from Fort Worth where he witnessed the Saturday grid thriller between Southern Methodist and Texas Christian. He may be inclined to talk more on that classic than on basketball. But whatever develops, his remarks will be welcomed. Brumbelow has the reputation for being an arresting speaker.

The two-day school will be gloriously climaxed Tuesday night with a basketball game at the high school gymnasium between the Tech and HSU squads. The public is invited to sit in on that one, which begins at 8 o'clock. Admission price is \$1 and patrons had best buy their ducaits in advance. A sellout looms.

## Denton Eleven To Salad Bowl

PHOENIX, Ariz., Dec. 1. (AP)—North Texas State Teachers college of Denton, Texas, will meet the University of Nevada in the first annual Salad Bowl football game here New Year's Day.

The Lone Star conference champion was named to the bowl last night.

North Texas' Eagles have 10 victories against one defeat this year. Their only loss was to Arkansas of the Southwest conference.

# SMU, TEXAS LAND THREE MEN EACH ON ALL-SOUTHWEST 11

By HAROLD V. RATLIFF

DALLAS, Dec. 1. (AP)—Champion Southern Methodist and runner-up Texas, as should be, placed the most men on the All-Southwest Conference football team. Each landed three and four of those selections were unanimous.

Arkansas came up with only one-bounding Clyde Scott—but he was the fifth unanimous choice among coaches, scouts and sports writers.

Seven members of the team were selected easily. They just stood out enough that there was no question of their making the All-Star outfit. These players were:

Max Bumgardner, Texas, end; Dick Harris, Texas, tackle; J. W. Magee, Rice, guard; Joe Watson, Rice, center; and Bobby Layne, Texas; Doak Walker, Southern Methodist, and Scott, backs. Bumgardner, Harris, Layne, Walker and Scott were unanimous picks.

The other four spots were filled by close margins. Sid Halliday, the blond pass-catching, fierce-tackling Southern Methodist star, edged big James Williams of Rice for the other end position.

Jim Winkler, huge Texas Aggie tackle, came in just a little ahead of Weldon Edwards of Texas Christian, for the other forward job.

Earl Cook of Southern Methodist barely beat out Theron Roberts of Arkansas and Charles (Chuck) Stone of Baylor for the other guard position.

Pete Stout, the line-ramming high-scoring fullback of Texas Christian, got the fourth backfield spot. Dick McKissack, brilliant Southern Methodist fullback, was very close.

All-Conference Selections:

Pos.	Player	Team	Wgt.	Year	Home Town
E	Max Bumgardner	Texas	187	Senior	Wichita Falls, Texas
E	Sid Halliday	SMU	195	Senior	Dallas, Texas
T	Dick Harris	Texas	212	Junior	Wichita Falls, Texas
T	Jim Winkler	Texas A&M	225	Junior	Temple, Texas
T	J. W. Magee	Rice	220	Senior	Robstown, Texas
G	Earl Cook	SMU	217	Senior	Dallas, Texas
C	Joe Watson	Rice	223	Soph	Temple, Texas
B	Bobby Layne	Texas	197	Senior	Dallas, Texas
B	Doak Walker	SMU	163	Soph	Dallas, Texas
B	Clyde Scott	Arkansas	165	Junior	Smackover, Ark.
B	Pete Stout	TCU	200	Junior	Throckmorton, Texas

Position	THIRD TEAM
END	Eugene Canada, Arkansas
END	Morris Bailey, TCU
TACKLE	John Hamberger, SMU
TACKLE	Harold Kilman, TCU
GUARD	Joe Maglioli, Texas
GUARD	Odele Statutenberger A&M
CENTER	Joel Williams, Texas
BACK	Carl Russ, Rice
BACK	Aubrey Fowler, Arkansas
BACK	Jim Canady, Texas
BACK	Stan Hollmig, A&M

## LOOKING 'EM OVER

With TOMMY HART

You might say Wesley Bradshaw, the Hardin-Simmons basketball coach who came over to help Clarence Fox with his coaching school this week, is living on borrowed time.

Wes, while serving as basketball mentor at Athens high school for the 1926-27 season, departed his duties briefly during January of the latter year to visit with some old friends at his alma mater, Baylor. While there, he was asked to make a trip with the Bear cagers to the University of Texas.

The team was to make the expedition by bus and Bradshaw gladly accepted the invite. At Round Rock, a speeding train struck the carrier and killed ten members of the squads. Bradshaw was seriously injured and spent several weeks in a hospital.

Wesley shoved on to Sherman after his recovery and Jimmy Kitts moved into his shoes, the same Kitts that was later to be head football coach at Rice Institute. The Athens team later won the national prep school championship and Bradshaw is given much credit for developing the club. He had the future stars as freshmen.

One of the standouts on Bradshaw's Cowboy aggregation this season is Bill Braselton, a guard, who gave the Big Spring high school team fits as a player for Abilene high school a couple of seasons back.

Wesley will take his Waddies on a tour of the mid-west after they leave here. The team will meet Oklahoma City university in Oklahoma, Bradley college in Peoria, Ill., Loras college in Dubuque, Iowa, and Northeast State Teachers in Missouri.

HSU's new gymnasium, the Rose fieldhouse, will be completed shortly. Some 2,000 persons can be accommodated for basketball games there. Boxing tournaments will probably be staged in the gym, perhaps the next Golden Gloves tournament that takes place in Abilene.

A high school tournament will be played there sometime this month. Our Town's Johnny Meale has made tentative plans to take the Big Springers there.

Jack Martin, co-captain of Bradshaw's team this year, was a member of the state championship cage team in 1939-40 while at Burkett high school. During the war, he played service ball in Okinawa.

Al Vincent, who skipped the Dallas baseball Rebels in last season's Texas league race, may wind up as the Beaumont pilot in '48. Al makes his home in

**DANCE**  
VFW HALL  
EVERY WEDNESDAY and SATURDAY NIGHTS  
MUSIC BY JIM KING and His BLUEBONNET BOYS

**COWBOY FORWARD**—Glen Burroughs, a 6' 1" sophomore forward with the Hardin-Simmons university Cowboys, is expected to be one of the big guns of the Cowboys' 1947-48 hardwood attack. A letterman holder over from last season, Burroughs, with previous experience at Valera, Texas high school and John Tarleton Junior college, is expected to give considerable aid to the Cowboys in their game here Tuesday night against Texas Tech.

## Ponies, Steers And Christians Have Bowl Dates

The Southwest Conference championship was neatly packaged and tagged "Southern Methodist" today as all but three teams waited for next year.

A wild 19-19 tie with Texas Christian last week gave the undefeated Mustangs the title. They finished a half-game ahead of Texas.

Three of the seven conference teams have Bowl dates New Year's Day.

Southern Methodist plays undefeated, untied Penn State in the Cotton at Dallas; Texas plays Alabama in the Sugar at New Orleans, and Texas Christian meets Mississippi in the Delta at Memphis, Tenn.

Texas finished the year with nine victories and one defeat when it blasted Texas A&M, 32-13, Thanksgiving Day.

Arkansas, co-champion and Cotton Bowl representative, landed in sixth place in the standings this time with one victory, one tie and four losses.

Rice, the other co-champion and an Orange Bowl contestant last season, finished third in the loop on a 34-6 win over Baylor last week to end with a four-two-nothing record in conference play.

Baylor, which won only one conference game, finished last, while Texas Christian held down fourth place on two wins, three losses and a tie.

All-America Doak Walker, who kept the Mustangs undefeated by setting up the final touchdown in the last moments of play, topped individual scorers with 87 points.

The three touchdowns he scored against Southern Methodist boosted Pete Stout into second place with 54 points.

Coach Matty Bell said Southern Methodist would rest until Dec. 10 before resuming workouts.

The University of Texas will not practice until Dec. 8 and Texas Christian will wait until Dec. 15.

## SMU Lone Team Without Loss

Except for one game the Texas college football campaign is at an end with Southern Methodist the only undefeated team. The Methodists, however, were tied.

Hardin-Simmons plays Arizona State of Tempe at Tempe Saturday in the last game of the season.

North Texas State finished second to Southern Methodist with 10 victories and one loss, while Texas had nine wins and one defeat.

The standings of leading Texas college teams:

Team	W	L	T	Pts.	Opp.
SMU	10	0	1	161	77
N. Texas	10	1	0	250	64
Texas	9	1	0	265	67
Texas A. & M.	8	2	0	222	59
E. Texas State	8	2	0	222	59
McMurry	7	2	1	139	93
East Texas	3	0	27	88	88
Hardin-Simmons	6	3	0	210	87
ACC	6	3	0	242	96

## Sixth Baseball Loop In Texas Is Organized

LAKE CHARLES, La., Dec. 1. (AP)—Texas' sixth baseball league—the La-TeX—had officially been organized as a Class D circuit today.

Three Texas cities, Port Arthur, Orange and Galveston, are in the loop, along with Lake Charles, Crowley and Opelousas, La.

At an organization meeting yesterday, E. R. Kaufman, Lake Charles, was elected president of the league and Mayo Wells, managing editor of the Port Arthur News, was elected vice-president.

The clubs voted to post a franchise fee of \$30 each and filed application to the National Association of Baseball for recognition as a Class D league.

Texas' other baseball leagues are the Texas, Big State, Lone Star, West Texas-New Mexico, and Longhorn.

Representatives from each town participating in the league arrangements were:

J. Cullen Browning, editor of Orange Leader, Orange, Tex.; A. A. Nelson, business man, Lake

## Strickland Makes Start Against Cyclone Burns

Two lads who depend on speed—and more speed—to see them through have it in tonight's feature attraction at the Big Spring Athletic club.

They are Cyclone Bobby Burns, Miami, Fla., and Gorgous George Strickland of Cleveland, Ohio.

Burns slipped quite a surprise package to the fans last week when he pummeled Al Szaaz last week. First off, the customers had been led to expect Bobby Burns, the Helena Round-Man.

They weren't too disappointed when the Floridan popped into the ring and said he owned the same name. The faithful-became most friendly and hospitable when Burns proceeded to give Szaaz a going-over.

Strickland is reportedly quite a boy. He is handicapped by lack of experience but more than makes up for that deficiency with his stamina, his power, and his willingness to mix it with the opposition.

The 8:15 o'clock opener finds Olan Boynton of Amarillo in action against villainous Gene Blackley, Abilene.

The fur may fly in that one.

Charles, La.; Socs Vratiss, owner of radio station KLOE, Port Arthur, Tex.; Montie Loving, owner of Loving Rice Mill, Crowley, La.; R. L. Fredricksen and Hank Doty, railroad men, Opelousas, La.; and Victor A. Micheletti, Galveston, Tex.

It was voted to limit membership to clubs within the boundaries of the first six clubs in the event of an increase.

The group will meet in Lake Charles at a date to be set by President Kaufman and after the Evangeline league has announced its schedule for 1948.

The La-TeX league schedule is to be patterned similarly to the Evangeline league in order to prevent playing conflicts and with the prospective plan of a post season playoff between the two loops.

**GEORGE STRICKLAND**  
... Faces Burns

Eugene is a ring pirate, if there ever was one. Boynton sticks close to the rules but may stray if Blackley decides to rough him up.

It looks like an interesting evening.

# OWNERS LIKE THE KAISER and the FRAZER!

## THEY WRITE FROM EVERYWHERE PRAISING PERFORMANCE, RIDE AND SERVICE

The Kaiser and the Frazer have been tried out in hundreds of millions of miles of motoring, by more than 115,000 owners. The verdict of these critical buyers is overwhelmingly favorable. Their experience adds up to such enthusiastic endorsement that more than half the sales we make result from owner recommendations!

### These Voluntary Statements Are Typical of Thousands

**All Around Satisfaction**—"I purchased the first Frazer car sold in our town. It is the best automobile I have ever owned or driven—and that takes in a goodly number."—From a Hamilton, Mont., Farmer.

**Effortless Driving**—"I have never experienced such performance and effortless driving as I have since I became the owner of a Kaiser—wonderful to handle in traffic."—From a San Marcos, Cal., State Forester.

**The Best Ride of All**—"I have driven my Frazer 8,247 miles. On a recent 2,780-mile trip through Canada I averaged 26.6 miles to the gallon. I have owned and operated many different makes of cars over a period of a great many years and never until I bought my Frazer have I owned a car that was so economical and I can truthfully say that this car gives the best ride of any automobile I have ever owned."—From a Cranston, R. I., Physician.

**Safety**—"For comfort and safety, I am convinced—after 10,000 miles—that no other car in any price range can compare with my Kaiser."—From a Mayfield, Ky., Sgt.

**No Fatigue**—"Driving my Frazer an average of 15 hours a day, I made the run from New York to San Francisco in 5 1/2 days without the slightest fatigue. The road stability of the car is remarkable. Total absence of vibration. Absolute steadiness of the wheel."—From a Belgian Diplomat.

**Service Accessibility**—"I bought my Kaiser as I was sold on its workmanship, design and performance. Have just completed a 5,500-mile vacation trip and I like the lubrication layout and the way you can get at the engine. All parts that might need repair are more accessible than in any other car. These words are not only mine but those of service station attendants in many localities."—From a Peoria, Ill., Factory Supervisor.

**Comfort**—"After averaging 420 miles a day for 17 straight days on a round trip to California by way of Florida with my wife and three children, none of us were travel-fatigued when we got home. The Frazer is really a great car."—From a Trenton, Mich., Businessman.

**Good Service**—"A product is only as good as the service in back of it. My Kaiser has been well serviced everywhere, from the start, and I am perfectly satisfied."—From a Providence, R. I., Motor Vehicle Inspector.

**Performance**—"If any of your prospects want performance figures, here are a few: I just finished a 4,000-mile trip in my Frazer averaging above 20 miles per gallon at between 60 and 70 miles per hour. The car will hit 100 miles per hour anytime and will do 70 miles per hour in second gear. I can truthfully say that my car performs as well as its gets older."—From a Laurel, Md., Businessman.

**Roominess**—"Friends who ride in my Kaiser are amazed at its roominess and at the smoothness of the ride."—From a Milwaukee, Wis., Retired Businessman.

**Styling**—"Our new Frazer has the more-expensive-car performance and styling and the less-expensive-car economy."—From a Hamilton, Ohio, Engineer.

**Excellent Treatment**—"We were on the list for 8 months when we took delivery of our Kaiser. In this day of 'under-the-table' deals, and 'accessories-or-else' policies, it is refreshing to report the excellent treatment we have had from your dealer."—From a Peaslee, N. J., Businessman.

**Most Satisfactory**—"I want to thank you for selling me a Frazer. It is the most satisfactory car I have ever driven—and I have owned several different makes of cars in both the low-priced and the high-priced lines."—From a Boston, Mass., Insurance Executive.

YOU PAY THE REGULAR PRICE • NO TRADE-IN NECESSARY • HONEST ALLOWANCE ON YOUR OLD CAR • CALL ON YOUR KAISER-FRAZER DEALER AND TAKE A RIDE!

# No Money Down--Lay-Away Your Christmas Gift At Nathan's

## JACK AND JUDY

**DICKIE DARE**

WASS, ON HIS WAY TO RESCUE DAN, RUNS ACROSS A GIRL BUSH PLOT--NRECKED, BUT DECIDEDLY, NO NRECK!

NO WONDER YOU GOT LOST, POOCH! THIS IS THE WAY TO TOWN, FOLLOW ME!

YOU INSIST YOU'RE RIGHT? MAY, YOU GO YOUR WAY AND I'LL GO MINE, BUT I'LL GET TO HOT COFFEE BEFORE YOU!

BUT HE STILL INSISTS ON GOING THAT WAY!!

HEY, POOCH NAIT! YOU GO YOUR WAY AND I'LL GO YOUR WAY! YOU LOOK TOO DARN SMART TO BE LOST!

S'OME DISTANCE AWAY, WE SEE A PEACEFUL GLADE AND A LOG HALF COVERED BY SNOW--

HEY, POOCH! IT'S HIGH TIME!

BUT, THAT ISN'T A LOG! THAT'S DAN!

LET'S ASK MOTHER IF WE CAN BUILD A SNOWMAN

MAY WE GO OUT AND PLAY IN THE SNOW, MOM?

WHY DOESN'T ANYBODY EVER BUILD A SNOW DOG?

RUN ALONG, CHILDREN. IF I WEREN'T BUSY I'D GO WITH YOU

# MEAD'S fine BREAD

**BUZ SAWYER**

OUR PLANS ARE COMPLETE. WE ARE READY. WE WILL SEIZE THE OIL WELLS--EVERYTHING!

WELL, HERE WE GO, SWEENEY.

FROM SALVADURAS, IN THE HOT TROPICS, COME RUMBLINGS OF A REVOLUTION.

FRONTIER OIL OFFICIALS, WITH \$50,000,000 AT STAKE, ARE WORRIED. THEY'VE HEARD THAT A CACHE OF ARMS IS HIDDEN IN THE GOAT ISLANDS OFF FORTUGAL, AWAITING SHIPMENT TO REBEL FORCES IN SALVADURAS.

SO THEY SEND ACE TROUBLE-SHOOTER BUZ SAWYER TO INVESTIGATE.

JACK AND JUDY WATCH THE SWIRLING SNOWFLAKES

OH, JACK, DOESN'T THE SNOW MAKE EVERYTHING LOOK CLEAN AND FRESH!

IT CERTAINLY DOES, JUDY. SEE HOW PRETTY THE TREES ARE, TOO

# Choose From Nathan's Larger Selection Of Watches

**OKIE DOAKS**

LET OKAY'S REQUEST QUEEN MELISSA HAS TURNED A COPPER LAMP TO GOLD--

DID YOU SEE HOW SHE DID IT?

SURE! SHE JUST TOUCHED IT!

ZOWIE! YOUR POWER OF MAGIC COMPARES WITH YOUR GREAT BEAUTY, YOU SAID YOUR MAJESTY!

NOTHING COMPARES WITH MY GREAT BEAUTY, YOU SAID!

BUT WON'T YOU TELL ME WHAT IS NEEDED TO PERFORM THIS TRICK SOME CAN CHANGE COPPER MONEY TO GOLD?

SURE, I'LL TELL YOU KING CORNY--

...YOU NEED TO BE THE SEVENTH DAUGHTER OF A SEVENTH DAUGHTER! I GUESS THAT LET'S YOU OUT!

**PATSY**

WHILE HER LOVER CASBAH IS HELD CAPTIVE BY ENEMIES, RITA POTEETO FEARS THAT SHE TOO WILL SUFFER A SIMILAR FATE... MAYBE WORSE!

POOR CASBAH!... GUMBA WEEL GET HEEM... AND ZEN ME... BUT WAIT! ZAIR MAY BE ONE CHANCE... IF ZAIR EEZ TIME

# Credit At Nathan's Jewelers In 3 Minutes

**SCORCHY SMITH**

SCORCHY LEARNS THAT DR. JACOB HAS QUIETLY FLOWN INTO THE COUNTRY TO PROSPECT FOR MINERALS SUITABLE FOR ATOMIC RESEARCH. JILL GETS JITTERY WHEN NO RADIO MESSAGE COMES FROM HER FATHER. SCORCHY AND MAD HATTER DECIDE TO DO SOMETHING ABOUT IT.

WELL, SCORCH, I'VE ALWAYS HUNTED FOR IT--NOW WE'VE GOT TOO MUCH OF IT... ELBOW ROOM!

MEANWHILE... AT A WHARF SHANTY

WHAT EEZ ZE BEEG IDEA GUMBA? YOU STILL CARRY ZE GRUDGE BECAUSE I ONCE TRY TO HAVE YOU RUB OUT

YOU GUESSED IT, CASBAH

MUST BE A MEAN STREAK IN ME... BUT I HAVE A BAD HABIT OF GETTING EVEN WITH BIG YOKELS WHO KICK ME AROUND!

# MEAD'S fine CAKES

**SNUFFY SMITH**

VORE OL' PLAYMATE OF FOTY YEARS AGO CRAVES TO SEE YE, BLUNDERBUSS

WHAT IS TH' VARMINT?

SUT TATTERSALL!! HOW DAST YE ROUST ME FROM MY NOONDAY NAP!!?

I SWOW, BLUNDERBUSS!! YE HAIN'T CHANGED A DINGDONG BIT!!

WHO COOKED THIS CHOW-- SNUFFY'S COUSIN?

**Report Cards Keep Students' Feet On Ground**

Returned from a busy Thanksgiving holiday season, high school pupils were jolted back to reality Monday with issuance of report cards covering the second six weeks of work.

Part of the elementary report cards went out before the holiday, but in cases where this was not possible, patrons were asked to be expecting them today or Tuesday.

The task of reporting on high school work involves more reports normally than in the elementary grades, hence the delay until Monday on issuing reports.

W. L. Reed, high school principal, and Dean Bennett, supervisor of elementary education, urged parents to inspect, sign and return the report cards as soon as possible.

**BSSH Activities Hit Temporary Lull**

Student activities at high school struck a lull Monday, but it was only temporary.

Before long there will be a round of pre-Christmas functions looking toward recess of the schools at the close of classes on Dec. 13. Holiday's this year will be slightly longer than normal, schools reopening on Jan. 5.

On the sports front, football boys checked in uniforms for the year, and basketball players were issued equipment.

**RETURNS HERE**

F. W. Bettie returned Sunday from El Paso, where he visited his son, Albert Bettie, and family during the Thanksgiving weekend.

**This Home-Mixed Cough Syrup Is Most Effective**

Cough medicines usually contain a large quantity of plain syrup—a good ingredient, but one which you can easily make at home. Take 2 cups of granulated sugar and 1 cup of water, and stir a few moments until dissolved. Or use corn syrup or liquid honey, instead of sugar syrup.

Then get from any drug store 2 1/2 ounces of Pinex, pour it into a pint bottle, and fill up with your syrup. This gives you a full pint of wonderful medicine for coughs due to colds. It makes a real saving because it gives you about four times as much for your money. Never spoils. Tastes fine.

This is actually a surprisingly effective, quick-acting cough relief. Swiftly, you feel it taking hold. It loosens the phlegm, soothes the irritated membranes and makes breathing easy. You've never seen anything better for quick and pleasing results. Pinex is a special compound of proven ingredients, in concentrated form, a most reliable soothing agent for throat and bronchial irritations. Money refunded if it doesn't please you every way.

**Pinex Is Dependable!**

# Parade Details Are Virtually Complete

Details of formation and marching order for the Big Spring Christmas parade, scheduled for 3 p. m. Thursday, were virtually completed this morning at a meeting of section leaders called by Matt Harrington, parade director.

Heads of the seven units went over final plans at the session, with Chief of Police W. D. Green, whose force will direct traffic, sitting in on the conference.

The sections will group themselves individually on Nolan and intersecting streets between Fourth and Seventh. Leaders are E. P. Driver for Section I; Bob Hodges, Section II; Ray Griffin, Section III; Bill Cox, Section IV; Bill Horne, Section V; Don Burke, Section VI; Lloyd Wooten, Section VII.

Each section will be composed of Jean Gros balloon figures and local parade entries, and the high school bands listed for competition in the event will be assigned to various units.

The climax will be the giant balloon train, which has been assigned to the last section.

A color guard, to be formed by the American Legion, the Veterans of Foreign Wars and the Boy Scouts, will front the procession, headed only by a state highway patrol escort.

Once all sections have joined in the march, the parade is expected to extend for well over a mile of city streets.

# C-C Receives Parade Report

Emphasis on the size and colorfulness of the Christmas shopping season parade—scheduled to move promptly at 3 p. m. here Thursday—was given in reports to the chamber of commerce directors Monday noon at the Settles.

Bill Horne, reporting for the junior chamber of commerce, said that all details were shaping up for the seven-section, 50-unit parade which will include a large number of big inflated storybook characters; several high school bands, floats, etc. Frank Campbell reminded that there would be a concert by picked members from high school bands at 7:30 p. m. Thursday at the city auditorium under direction of D. O. Wiley, Texas Tech band director.

The board reiterated its offer to sell a quarter of a block of vacant property at W. 2nd and Scurry streets; this time to entertain propositions on all or parts according to a plat and price schedule the committee in charge might propose.

Directors unanimously voted to proceed with plans for development of roads and facilities to and for the original Big Spring site. A letter from Southwestern Bell Telephone company, calling attention to plans to enlarge the building, was ready. J. H. Greene, manager, asked suggestions for drafting objectives for U. S. 80 Highway association, an organization to promote tourist traffic along that route. Greene also lauded the junior chamber of commerce emphatically for its enterprise and cooperation in community projects.

Chairmen of three committees were announced by President K. H. McGibbon. He listed R. W. Whipkey as chairman of the committee to press for state hospital enlargement; G. H. Hayward, chairman of a committee for warehouse and office facilities; and Doug Orme as chairman of the annual meeting. The hold-over directors, said McGibbon, would constitute the committee on nominations for new officers.

# Puppets Tell Children Of Dental Health

First of an estimated 2,000 elementary school children in Big Spring had visual lessons in dental health Monday morning with presentation of the state health department puppet show, "Good Teeth."

Two shows were held at the municipal auditorium at 9 a. m. and 11 a. m. and the third and final for city elementary students was slated for 2 p. m.

Tuesday at 11 a. m. rural elementary pupils will be at the auditorium for a special showing.

Among those accompanying the show from Austin are Jean Martens and Barbara Hewes.

The exhibit, part of the state health department's touring educational units, is designed to show the importance of care for dental health.

Schedule for local schools was split to take into consideration double-day sessions and to permit pupils to get a closer view of the show, which is being presented in co-operation with the Big Spring-Howard county division of the Midland-Ector-Howard counties health unit.

# St. Mary's Wins

**PORT ARTHUR, Dec. 1.**—St. Mary's of Port Arthur used a 23-7 victory over Jesuit of Dallas yesterday to win the mythical state Catholic football championship.

The Rams started scoring five minutes after the game started and had little trouble with the Dallas eleven.

# Weather Forecast

**Dept. of Commerce Weather Bureau**

**EAST TEXAS:** Considerable cloudiness this afternoon, tonight and Tuesday; occasional rain in extreme south portion tonight and in south portion Wednesday. Warmer tonight and in east and south portions Tuesday. Moderate easterly winds on the coast.

**WEST TEXAS:** Partly cloudy this afternoon, tonight and Tuesday; warmer tonight except in the Panhandle and on the South Plains.

**BIG SPRING AND VICINITY:** Partly cloudy this afternoon, tonight, and Tuesday; warmer Tuesday.

High today 66, low tonight 58, high tomorrow 68.

Highest temperature this date, 79, in 1917; lowest this date, 17, in 1918; maximum rainfall this date, 1.06, in 1931.

**TEMPERATURES**

**LIVESTOCK**

**WORTH, Dec. 1.** (AP)—CATTLE: 4,000; calves 3,700; active; fully steady to strong; good and choice fed steers and yearlings 12.00-13.00; medium and um kinds 14.00-22.00; good beef cows 15.00-18.00; common to medium 13.00-15.00; canners and cutters mostly 9.00-13.00; bulls 11.00-18.00; good and choice fat steers 18.00-24.00; common to medium 13.00-18.00; cull calves 10.00-13.00; stocker steers, yearlings and calves mostly 15.00-21.00; stocker cows 11.00-14.00.

**HOGS** 1,400; butchers opened steady to strong; later sales 25-30 cents higher; some mostly 25-30 cents up; mix 50¢ up; top 25.25; good and choice 200-300 lb. butchers 25.75-26.25; good and choice 160-190 lb. 25.00-26.00; some 24.00-25.00; stocker pigs mostly 16.00-20.00; few heavy pigs to 21.00.

**SHEEP** 6,500; fat lambs steady to strong; some sales 50 cents higher; other classes mostly steady; medium and good fat lambs 20.00-23.00; medium and good yearlings 18.00-18.00; good fat ewes 9.00; cull to medium ewes 5.00-8.00; medium and good ewes 17.00-19.00.

**COTTON**

**NEW YORK, Dec. 1.** (AP)—Cotton futures at noon were \$1.00 to \$1.90 a bale higher than the previous close. Dec. 25.50, March 33.85 and May 35.54.

**WALL STREET**

**NEW YORK, Dec. 1.** (AP)—Midwest stock prices were mostly higher, but market leaders faltered after a rather quiet start. Fractional plus signs were a shade in the majority near midday.

A little bidding here and there was attributed to the belief that the list may have been overbid in the past week and was due for a technical comeback. Selling for income tax purposes still was a drag on trends but switching operations served as a partial offset. Most customers held aloof to await congressional anti-inflation developments and a clearer view of foreign situations.

# Legion Committee Favors Probe On School Textbooks

**AUSTIN, Dec. 1.**—The steering committee of the Texas department of the American Legion was on record today as favoring an investigation of the methods of selecting textbooks for public school children.

Another resolution adopted after a two-day session of the chairman of the legion's 10 key committees recommended legislation requiring district judges who sentence girls to the state training school at Gainesville, first visit the institution personally.

Judge Drew Clifton of Ft. Worth, chairman of the child welfare committee, recommended the resolution requiring judges to visit the Gainesville school.

The investigation of the public school textbook procedure was advocated by the Americanism committee headed by Lamar Zively of Temple.

The department foreign relations committee headed by George E. B. Peddy of Houston presented a resolution which recommended "that unless and until Russia changed her attitude towards America and western Europe and agreed to final peace treaties with Germany and Austria, no further sale or shipment of goods be permitted and that all goods now on order or in the process of manufacture be diverted for utilization to western Europe for the Marshall plan."

A statewide conference will be held in Austin in January to arouse interest in the passage by the current Congress of a universal training bill. The meeting will be held under the auspices of the American Legion national defense committee headed by Herman G. Nami of San Antonio.

The Legion policy group, headed by George S. Berry of Lubbock, went on record to establish five more training programs for cities under 10,000 population similar to the legion sponsored plan now in effect in Burnet. This committee is headed by Bertram E. Giesecke of Austin.

The group also made plans for doubling the Legion's junior baseball program and for enlarging the boy scout's activities. It was also decided to hold a sons of the Legion encampment in connection with the next department convention to be held in Corpus Christi next September.

# Lamesa Youths Are Theft Suspects

Three Lamesa youths who reportedly commandeered a car from the owner in Lamesa Saturday were picked up here later in the day and were confined to the county jail pending the arrival of Dawson county authorities.

The machine belonged to J. G. Jordan of Lamesa, who said the youths' names were Billy Briggs, Edward Hughes and Arnold E. Morelan.

Lamesa authorities said they would be charged with car theft.

# Heater Damaged

A hot water heater at the Q. Q. Elliott residence, 1407 Rannels, was damaged slightly by fire at 7:30 p. m. Sunday, firemen reported. Exact cause of the blaze was not determined.

**ARRIVE AT HAIFA**

**JERUSALEM, Dec. 1.**—The British Transport Ocean Vigour arrived at Haifa Friday, carrying 1,420 certified Jewish immigrants from Cyprus detention camp, including more than 500 children. A baby was born just as the ship docked.

# New Scholarship Is Established At Tech

Impressed by the vast natural resources of the South Plains and soil conservation research being carried on at Texas Tech, John K. McKee, president of the Continental National Bank and Trust company of New York, has established a Tech scholarship.

The scholarship honors C. M. Malone, Houston banker, who, with college officials, will determine the recipient of the \$500 award for some deserving person to study soil conservation for the semester years of 1948-49. McKee was among the 150 of the nation's leading business men on a tour through the South Plains area recently.
