

# What Farmers Think Of The AAA Program

By request of the state agricultural committeeman, Bill Deck of Spearman, we are reprinting the information below regarding the AAA. We call your attention to the fact that the argument in this article quotes cotton thru and no other crop, Mr. Deck says the same logic that applies to cotton applies to wheat.

To understand fully the farmers attitude on the triple A, we must view the conditions the farmers were in just before the triple A was put into existence in 1932. Just after Mr. Roosevelt became president in March, 32, every bank in the United States was closed. Large business failures were daily occurrences. The old Ship of State was rocking to and fro in the most tempestuous sea upon which she had ever sailed. Many of us could not tell whether she was coming in or going out, or whether she had been stripped of her rigging and was fixed to take one long plunge to the bottom of the mighty sea.

Every agricultural commodity and especially cotton, had been steadily and continuously falling in price since Mr. Collidge's Sec. of Agriculture Jardine, in Sept. 1927, came out in a public statement that cotton was too high. It had gone from better than 23c per pound in 27 to 4 and one half cents per pound in the fall of 32. The gross income from cotton and cottonseed fell from a billion and a half dollars to less than 500 million for the crop year of '32'.

Oats were selling as low as ten cents per bushel; corn 15, and wheat 25c; and yet the farmer was paying the same price for his implements; the same rate of interest, and the same rate of taxes that he had paid in war time. When the triple A was put into effect in 1932, it made no difference whether the farmer owned outright 1,000 acres of land or was a tenant on the halves, he was worse than broke. He could not pay the money he owed for making his crop in 1932, and for more than two years he had not made enough money to pay his taxes, or living expenses not to mention interest on the indebtedness on his land, and in many cases, foreclosures were prevented by physical force.

His children were hungry and without clothes; his credit gone. The banker did not want to see a farmer, even if he owned his own land, his barns full of feed and his lots full of fat stock. There was no market, no price for his land or anything he raised or grew upon it. He did not know which way to turn.

He had made bountiful crops since 1929, and when July, 1933 came, his prospects for a cotton crop were most flattering, and he faced a surplus of cotton in the U. S. at that time of more than 13,000,000 bales; and if he should make another big crop there would be no market for it.

History fails to record a gloomier time or sadder outlook for the farmer in this country than when Roosevelt in July '33' told us if we would plow up some of our cotton we would be paid for it. We could not believe that the President would hand anything to the farmers, for it had never before been done. We could not understand it, but the farmers had reached his limit; his back was to the wall; it was his only hope—it was the hope of all the South.

We fell in line and did what we were told to do and plowed under more than ten and one half million acres of growing cotton. We received for the first time in history of the world what we afterwards learned to call a bonus and in addition we afterwards received our cotton in the fall of '33' from ten cents to ten cents per

price for cotton, plus the processing tax is to insist that the farmer must accept less than that to which he is entitled. The purpose of the AAA was to give equal purchasing power to enable him to exchange his products for the same quantity of goods he could exchange them for in 1909-14.

Every year, the farmer has been receiving a smaller share of the national income and in Feb. 33' in the last days of Hoover's administration, the exchange value of the farmers products for industrial goods had fallen to 50 per cent of their pre-war average. This processing tax had nothing to do with the ills of the textile industry. The tax on a work shirt was about three cents and eight cents on a pair of overalls, and the processing tax had nothing to do with textile exports. The amounts of the tax was refunded on all goods exported and on all goods imported into this country from foreign countries, the amount of the tax, plus the tariff was added to the cost of the goods. And it was in no way responsible for the increase of Japanese textile in this country.

The plain and unvarnished truth is that the manufacturing centers of the East, and the large cotton firms of the South wanted cheap cotton at the expense of the southern farmers. They had been riding on this banded back since the early organization of our government. They had grown rich and powerful under the protective tariff, and they could not bear the idea of the plain farmer of the South to raise cotton and share the prosperity of our country. "In any language this means they were a bunch of crooks and couldn't take it."

Yes, the farmers are for the AAA. They know it did more than any other thing, to pull them out of the worst depression this country has ever seen, a depression of which no act of theirs was responsible; a depression that is a disgrace and a blot upon our history; that time will not erase

was passed, the Supreme Court of these United States declared it unconstitutional; but when the members of the court changed they declared the law allright. We cotton farmers feel that the triple A is just as constitutional as the tariff; that it is a gross injustice for us to have to sell our cotton in an open market and buy everything we use in a protected market. We feel that there is no more virtue in manufacturing plows, hats and shoes than there is in raising cotton. We are willing to sell our cotton in an open market, if the government will allow us to buy in an open market. That would be fair this fight will continue until agriculture has the same chance that other commodities have.

Ever since the infant lips of history began to lip the deeds of men the farmers have been the shock absorbers of civilization. President Roosevelt's Agricultural Adjustment Act was the first time in the history of civilization that there had been an attempt to put agriculture on an equal footing with the manufacturing interests.

It was the first time in the history of the United States that any administration has had the nerve and courage really to try to do something for the people; who labor in the fields from sun to sun. It was the first time in history that the farmers had been given a plan of insurance against the misfortunes that can and do happen to growing cotton crops. It insured payments and returns from the sale of exemption certificates if he failed to make a crop. It raised the price of cotton in less than two years from five cents to more than twelve cents; and other agricultural products followed. It struck through agriculture the shackles of slavery and poverty and for the first time in history put God fearing men and workers on an equal with profit hogging manufacturers. But these profiteers are not satisfied with ruining the farmer, now they are putting out propaganda that this life giving plan increases foreign market. Let me remind you that foreign market was increasing long before the AAA ever came into existence. Foreign production has increased since 1891 at the rate of 150,000 bales annually. The increase in the United States has been about 1000,900 bales annually.

Russia increased her products rapidly from 1928 to 1931, although prices were declining. As far back as 1915, Russia produced 1,500,000 bales, and her recent increase has been a return to previous production. In Brazil, cotton acreage has increased in the face of a world slump. The low price of coffee was the cause that contributed to Brazil increasing her cotton acreage.

For the last 50 years, the acreage of cotton in foreign countries has risen and fallen as the price increased or declined, regardless of crop control in this country, and it is utterly false that the crop control in America in the last two years has brought foreign production into the picture.

Many people in this country and a few of them live in the South—object to the agricultural adjustment plan on account of the processing tax and say it was ruining our foreign market and was making it impossible for our manufacturers to sell their manufactured goods abroad. This is utterly false. The processing tax was nothing more than a farmers tariff. It was a compensation in part and only in part for the duties that sheltered industry all these years.

When the processing tax came off, the tariff should have come off. To say that the textile industry cannot pay the world's

price for cotton, plus the processing tax is to insist that the farmer must accept less than that to which he is entitled. The purpose of the AAA was to give equal purchasing power to enable him to exchange his products for the same quantity of goods he could exchange them for in 1909-14.

Every year, the farmer has been receiving a smaller share of the national income and in Feb. 33' in the last days of Hoover's administration, the exchange value of the farmers products for industrial goods had fallen to 50 per cent of their pre-war average. CHRISTIAN SCIENCE

"Mind" is the subject of the Lesson-Sermon which will be read in all Churches of Christ Scientist, on Sunday Feb. 23.

The Golden text is "The fear of the Lord is the beginning of wisdom; and the knowledge of the holy understanding"

Among the citations which comprise the lesson-sermon is the following taken from the Bible: "Great is our Lord, and of great power; his understanding is infinite."

The Lesson-Sermon includes al-

so the following from the Christian Science book, Science and Health key to the Scriptures by Mary Baker Eddy: "There is one Mind, because there is one God; and if there is no other Mind and no other sin would be possible, then one Mind can have but one God, and one Mind is infinite."

Mrs. W. L. Van Hook, wife of Spearman, who in Pampa, was visiting in Spearman last week.

THE AUTHORITY OF THE SUPREME COURT. Although most people believe in the final authority of the Supreme Court, there probably has never been a decision that has caused as much adverse comment in recent years as that invalidating the AAA. Many people believe that nothing has ever been done contrary to the Federal constitution. But a glance through history shows that several tremendous programs, probably contrary to the Constitution have been carried out. Constitutional lawyers say that there was a question whether President George Washington had authority to make war on the Pennsylvania whiskey rebels. But it was necessary to stop illicit whiskey production, to show the proper regard for the government. President Thomas Jefferson cheerfully admitted that it was unconstitutional to make the Louisiana Purchase, but held it was necessary in behalf of the Nation's safety and protection. President Andrew Jackson told the Supreme Court to enforce its decision when it held that settlers had possession of land to which they had no constitutional right. As the Supreme Court did not have an army, nothing was done to enforce the decision. The great Civil War president Abraham Lincoln, and his cabinet knew that his Emancipation Proclamation was unconstitutional. President Teddy Roosevelt held that the American people and not the courts should determine their own fundamental policies. When President Grant could not get a constitutional interpretation to suit him, he added two members to the Supreme Court. And to come down to a problem nearer to our day eminent lawyers here have held that President Herbert Hoover violated the constitution in granting a moratorium on war debts to England and France, Italy and other nations. As the AAA was declared unconstitutional by a vote of 6-3, it was evident there was serious division in the Supreme Court on this issue. So unpopular has this decision been, it is evident that Congress is going to work out an appropriate substitute so that agriculture conditions will not return to the depressing days of 31 and 33. D. M. Warren Panhandle Herald. SHIPS PRIZE BUTTER. Falfurrias in South Texas first achieved national recognition on the fine quality of butter it ships in vast quantities throughout the nation. Its annual Fourth of July rodeo this year is dedicated to the Texas Centennial observance. 20,000 OIL DERRICKS. More than 20,000 derricks surmount that many wells in the great East Texas oil field which is eight miles wide and 60 miles long. The field one of the most interesting industrial sights in North America, will attract thousands of guests this year. STOP ITCH QUICK! FOR MONEY BACK. The Man Who Knows. Whether the Remedy You are taking for Headaches, Neuralgia or Rheumatism Pain is SAFE is Your Doctor. Ask Him. Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations. BEFORE you take any preparation you don't know all about or the relief of headaches; or the pains of rheumatism, neuralgia or rheumatism, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin. We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, they hurt the heart. And the discovery of Bayer Aspirin largely changed medical practice. Countless thousands of people who have taken Bayer Aspirin and out without ill effects have proved that the medical profession is right in recommending it. Remember this: Genuine Bayer Aspirin is rated among the most reliable of all medicines for the relief of headaches and all common pains, and safe for the average person to take regularly. You can get real Bayer Aspirin at any drug store—simply by asking for it by the name Bayer Aspirin. But always say BAYER ASPIRIN when you buy. Bayer Aspirin.

BASKETBALL GAME

Friday night Plemons came to Morse and the boys and girls played basketball. The Morse boys won over Plemons boys by a large score, and the Morse girls lost by a few points. The Morse boys who played on the basketball team in high school for the last time Friday night were John Gillispie, Mentus Lieb and Bub Durham. These three boys will graduate this year. The Morse girls who will graduate this year and will play on the high school team no more are Dorothy Anne Coker, Ina Ryan and Joyce Womble.

BLODGETT NEWS

Mr. and Mrs. Mearl Beck were transacting business in Spearman Monday morning. Ralph Blodgett was a Sunday night guest of Richard Holton. Mr. and Mrs. A. D. Reed, Margaret Alline and Mrs. James Reed attended the Will Rogers show in Spearman Sunday. Dan Archer was a caller in the Blodgett home Monday morning. Mrs. Ralph Blodgett, Mrs. Mearl Beck, Harvey Morse, Ralph Blodgett and Mrs. J. M. Blodgett attended the Will Rogers show. Ralph Blodgett accompanied the Spearman debating team to Borger Tuesday evening. Ed Beck spent Wednesday night with his brother, Mearl. A. D. Reed and Margaret Alline were transacting business in Spearman Wednesday. Mrs. Ed Beck and baby returned home Saturday. Mrs. W. Y. Williams is spending the week with her daughter, Mrs. Ed Beck. Among the Saturday shoppers in Spearman were: Mrs. B. F. Monroe and family, Earl Church and family, E. S. Uptergrove and family, Mrs. Mearl Beck and Mrs. Ralph Blodgett, Mrs. J. M. Blodgett and Mr. and Mrs. John King and children. Owing to the cold weather Monday there was no club meeting at the J. F. Simm home. Mr. and Mrs. Church and son Max, Mrs. Ruth Nitschke and Mrs. W. M. Deck were present, however, and were served refreshments of cake, salad, pumpkin pie with whipped cream, and cocoa by the hostess. The club will meet again Monday, February 24, with Mrs. Simm to attend to some special business. Mr. and Mrs. Earl Church and Max were callers in the Blodgett home Monday evening.

MORSE NEWS

By JOYCE WOMBLE Y. P. A. Party Joyce Womble entertained Saturday night with a party for the members of the Young Peoples' Association and other young people of the community. H. Seary, James Speer, John Gillispie, Fred and Bruce Womble, Desmond and Stanley Kelley, Wilson, Carson and Willard McCloy, Ira Harbour, Mr. and Mrs. Sid Board, Mr. Mack Dortch, Mr. and Mrs. A. J. Womble and the hos-

GRUVER NEWS

GIRL KILLED IN CAR WRECK

Friday night, Miss Marjorie Langston of Guymon was killed instantly when a blow-out forced the car in which she was riding into a concrete bridge north of Guymon. The young man companion escaped with several injuries.

Marjorie Langston is the 18 year old daughter of James B. Langston, Guymon real estate man. She was a prominent member of the senior class of the Guymon high school.

Miss Langston is the eldest daughter of the late W. N. Fletcher and Mrs. Fletcher. She lived in Gruver with her grandparents and attended school here one year.

Funeral services were held Monday afternoon at 2 o'clock from the Guymon Methodist church with burial in the family plot in the Guymon cemetery.

Miss Langston is survived by her father and step mother, Mr. and Mrs. J. B. Langston, a brother, Jimmie, all of Guymon, two grandparents, Mrs. Langston of Florida and Mrs. W. N. Fletcher of Gruver and a number of other relatives and a host of friends.

Wednesday evening, Mrs. S. E. Dillow received word that her sister who lived at San Antonio had been seriously hurt in a car accident. Mrs. Dillow left Thursday morning for San Antonio, however word was received by Mr. Dillow the same day of the death of the sister.

Junior League accompanied by Mrs. D. L. McClellan and Mrs. Paul Reynolds, attended the show at Spearman Saturday.

SEW AND SO CLUB

Thursday, February 13, the Sew and So club met with Alice Turner. The day was spent quilting and embroidering. One quilt and several tea towels were finished.

A nice dinner was enjoyed by fifteen members of the club and one guest, Mrs. Sherman Holt.

The next meeting will be with Alene Henderson, February 20.

WAS HOUSTON'S HOME

When gallant Sam Houston retired to private life he selected a beautiful site within the present city limits of Huntsville for his home, spending the rest of his life there. Thousands of persons will visit the old home stead during this year.

CONTINENTAL AGAIN PROVES ITS FAITH IN NEWSPAPER ADS

During 1936 Continental Oil Company will spend nearly 75 per cent of its total consumer advertising appropriation for newspaper space, it was announced here today by Wesley I. Nunn, advertising manager.

Nunn also stated that the Reporter has been selected to carry Conoco advertising this year, and that his company has again approved one of the largest sales promotion budgets in its history.

"Continental's faith in the dividend earning power of newspaper advertising is founded upon sales increases directly traceable to this medium," said Nunn.

"Last year, for example, there was a marked improvement in Company earnings, despite excessive gasoline taxes and other adverse factors. Sales of Conoco Germ Processed Motor Oil also reached an all-time high.

"Business is definitely on the upgrade. And we are confident that aggressive newspaper advertising, quality products and a high standard of service will make this the most outstanding year in our history."

And It Was Accomplished So Done

Dear Bill: I note from the paper that initiation of the Club be Monday of this week. How I wish that I could be you and the boys for the time. I had thought some of them to attend but since with my banker it is quite evident that I can not very so.

I am therefore going to that in the initiation you my interests are well taken. In other words just of them a little more of you have to offer and that they are thoroughly "bed" with Lionism in the cal sense of the word.

I am still the honorable tant in Cotton Adjustment Lamb County but still "Crippled" A has been the of the program I generally viate this title to the f.

Ass in Cot Adj. which much more appropriate. There is no news of I believe it is generally when writing to the home paper to say that you paper and we can do this reservation. Kindest regards to all. C. J. H.

Feed Them Early

Begin now to give those chicks a chance to grow husky and strong. Feed them Texcream All-Mash Chick Starter and when they turn feed into bone muscle.

Watch how rapidly their downy little bodies can develop in husky broilers and sturdy pullets, ready for market or laying pens.

ARE YOU GOING TO PLOW UP YOUR LAND NOT IN CULTIVATION, AND CORRECT LAND THAT HAS BEGUN TO BLOW...

Whether you use a lister or a chisle, or any of the accepted methods to combat soil erosion, you will want the most efficient fuel available. We insist you cannot purchase better fuel than you can secure at the Consumers Sales Corp. Gas, Oil, Lubricants—the best that the market affords at live and let live prices.

JUST BECAUSE UNCLE SAM IS GOING TO HELP YOU OUT IN THIS FIGHT AGAINST NATURE—

You need not spend more than is absolutely necessary. We believe you can purchase fuel here to cover the work designated in order to receive the Federal grant up to 15c per acre—and have a small sum left to apply on repairs for your machinery.

Consumers Sales Co.

Stomach Gas

One dose of ADLERIKA quickly relieves gas bloating, cleans out BOTH upper and lower bowels, allows you to eat and sleep good. Quick, thorough action yet gentle and entirely safe.

ADLERIKA SPEARMAN DRUG CO.

IT WORKED FOR ME

Women should take only liquid laxatives

MORE people could feel fine, be fit and regular, if they would only follow the rule of doctors and hospitals in relieving constipation.

Never take any laxative that is harsh in action. Or one, the dose of which can't be exactly measured. Doctors know the danger if this rule is violated. They use a liquid laxative, and keep reducing the dose until the bowels need no help at all.

Reduced dosage is the secret of aiding Nature in restoring regularity. You must use a little less laxative each time, and that's why it should be a liquid like Syrup Pepsin.

Ask your druggist for a bottle of Dr. Caldwell's Syrup Pepsin, and if it doesn't give you absolute relief, if it isn't a joy and comfort in the way it overcomes any sluggishness or biliousness, your money back.

**HOLT NEWS**

at this time. Mrs. R. C. Stewart and son Dwayne were Thursday guests of Mrs. Dan Jackson. Messers Dan Burleson and M. C. Scott made a business trip to Pampa Thursday. Misses Mona and Georgia Burleson are spending this week with their aunt and uncle, Mr. and Mrs. Otto Crawford, in Spearman.

**Assistants Appointed To Aid County Agents In Soil Conservation**

Another definite step in the nation's campaign to prevent further damage from wind erosion in the Texas Panhandle and reclaim much of the land laid waste within the past four years has been taken here, according to announcement yesterday by Parka D. Hanna, district agricultural agent with headquarters at College Station. This new move provides the appointment of assistant county agents for soil conservation work in each of the nine counties within the emergency wind-eroded area of the Panhandle. It also provides for the appointment of an assistant district agricultural agent to Mr. Hanna, with headquarters in Amarillo. **Four Counties Sign** Deaf Smith, Hartley, Moore, and Sherman counties have already signed agreements and the Texas Extension Service has appointed assistants. These assistants, together with the assistant district agent, will be on the job as soon as their appointments are approved in Washington. Names of these men are being withheld pending confirmation of their appointment. This added move to combat the wind erosion problem in the Panhandle is fostered by the Texas Extension Service in co-operation with the U. S. Soil Conservation Service and the various counties within this recently-created emergency district. **Full-Time Job** It is expected that the other five counties, Dallam, Oldham, Hansford, Ochiltree and Lipscomb will avail themselves of this service within the near future. These assistant county agents, Mr. Hanna explained, will devote their full time, under supervision of their regular agents, to soil and moisture conservation and proper land use methods, not only in the present emergency, but throughout the year. It is generally understood in Washington that after this year no further grants will be made for emergency wind erosion work. Therefore, it is of the utmost importance that a permanent program be carried out by farmers to prevent the recurrence of soil damage by wind.—Amarillo Daily News. County Judge J. H. Broadhurst stated Wednesday that Hansford county had discussed employing an assistant county agent, but had not made any definite plans up to date.

**Old Timers Attention! Let's Get Information About Hansford Brands**

Dear Mr. Miller: I am writing to ask you to help me gather information for the Cattle Brand Exhibit of the Texas Centennial Exposition. Since last July, along with my work as head of the Department of History and Anthropology at Texas Technological College, Lubbock, I have been gathering data for this exhibit, and am now on leave of absence for the purpose of setting up the display. Before going further I need to know more about brands that have been used in certain sections of the state. I am wondering if you would help me get this need before your readers. I should like to have citizens from every section of the state suggest brands for display. If they will write to me direct I will give their suggestions careful consideration and include as many designs in the exhibit as space will allow. I desire particularly to learn about brands of long ago, but more recent brands are also wanted. It would be of great help to me, also to have a list of people from you who are familiar with cattle brands. Can you furnish me such a list? I am enclosing a blank with the hope that you can and will. I should like to write to such citizens for their suggestions. May I thank you in advance for your time and consideration. Very sincerely yours, GUS L. FORD. **Editors Note:**—The writer is holding up sending in the list of names until subscribers give all the available information. If you know of an old time cattle brand let the editor of this paper have the information to forward to Mr. Ford. **MILLION DOLLAR MUSEUM** The million dollar Texas memorial museum to be constructed on the Texas University campus as a Centennial year project will be one of the great museums of the world when it is opened at a later date this year. Both Federal and State funds have financed this building.

DON'T NAME IT

By MOWBET BELL

Speaking ahead of time, let everyone plan to attend the Invitation basketball tournament to be staged at the high school gym Feb. 28 and 29. I'm guaranteeing you that you will enjoy every game.

The Spearman Lion Club is sponsoring the ticket sale for the tournament. Be prepared to buy a season ticket when the boys come round with them.

Coach Gunn and Morris expect to have 6 to 10 teams each for boys and girls for the tournament. There will not be any set-ups in this tournament, well matched teams.

We note the fact that more interest has been manifested in basketball this year than any of the four seasons this writer has lived in Spearman. I believe that the cause is embodied in the fact that Spearman has played some of the toughest competition this year that we have ever contacted in the past. Both the boys and girls have excellent teams, and they have played against the best that can be found in this section of the Panhandle.

One good thing about this tournament will be the game between the Perryton boys and our Lynx team. I will have a chance to find out which is the best team, you know I was such a poor sport that I claimed the last game for Spearman when the referee gave it to Perryton.

A little late to say anything about it, and it sure is not appropriate weather this morning (Monday) 5 above, to discuss such a thing, but Billy Jarvis little brother Woodville, caught a string of fish as long as from here to Burl's Cafe, the last day of the season fishing at Eagle Nest lake. Woodville said his line was freezing so much that he had to quit casting and nigger fish, but still he caught them.

And another local citizen joins the rank of those truthful fishermen. It is hardly worth repeating, if it had not come from Lloyd Campbell. Evidently he has been associating with Bill Russell and Bill Whitson, too much lately anyway here it is.

"pitched out a plug of tobacco in a mountain stream, anybody knows that even a fish has to come up out of the water to spit and I knocked em cold with a baseball bat when they came up to expectorate.

Say if you have not been listening in on the radio to Robert Burns, on program with Bing Crosby, you had better try a sample. While you could not exactly rate Mr. Burns of Ark. as an out and out liar, he has a way of telling the truth that makes it difficult to believe.

Speaking of radio, this week a certain coffee that is alleged to be perfect to the last liquid measurement, is presenting Capt. Henry, Molasses, January, The West-erners, Lannie Ross, Conrad Teabone, and a supporting cast in a Texas Centennial program, Thursday at 8 p. m. I'm thinking this coffee company and business soci-ates that make possible this national advertisement for Texas, but to tell em the truth I'm terribly disappointed in the pictures they sent me of the Captain, the two colored folks and the Westerners. Capt. Henry looks like a softie, the niggers don't look near as rural as I had them pictured, and the Westerners ain't even bow-legged, bet they never rode any-thing except a merry go round.

I'm sure glad the publicity department didn't send me a picture of Lannie, Mary Lou, Teabone and Aunt Jammie, who appear on the same program. If Lannie turned to be fat and forty, Teabone grey and grizzle, Mary Lou, slim and silly and Aunt Jammie didn't show any evidence of having eaten that heavy timbered constructed cabin syrup (syrup to us Texans). I simply could not enjoy that eight o'clock program every Thursday night.

It is the FIRST NATIONAL BANK SPEARMAN, located at the corner of the State of Texas, handling its affairs. All notes and other creditors are notified to present their claims and other claims against the bank for payment.

Setting Up Nights. You suffer from Getting Up Nights, youness, Leg Pains, Swollen Joints, Stiffness, Headaches, Loss of Appetite, Irritable Bowels, Bladder troubles, etc. The Doctor's guaranteed prescription (in 15 minutes) must bring new vitality to your system. Guaranteed. System is only 3c a dose at drugstore.

SPEARMAN MUSIC CLUB AT HOSKINS HOME

Mrs. Fred J. Hoskins was hostess to the members of the Spearman Music Club Tuesday afternoon, February 18. Mrs. G. L. Boykin had announced some time back to the members of the music club that she would present a free scholarship of music to some worthy child, and at this meeting a special committee presented the award, known as the Edna Boykin scholarship, and the person chosen for the award was Frank Cheney, Jr.

At this time the president, Mrs. R. E. Lee appointed the outstanding committees for the year 1938-39. They are as follows: Year book, Mrs. G. L. Boykin, Mrs. Lewis Meers and Mrs. Fred Hoskins; Social, Mrs. F. J. Daily, Mrs. Robert Douglas and Mrs. W. J. Miller; Librarian, Mrs. H. P. Bailey; Choral Club chairman, Mrs. A. F. Loftin; Junior sponsor, Mrs. Jake Clifton; Publicity, Mrs. Bill Hutton. Roll call was answered on interesting musical items from France. The following program was rendered: Soldiers Chorus, given by Mrs. Bailey, Miller, Lawrence, Hoskins and Lee. Story of Faust, Mrs. H. P. Bailey; Vocal Solo, "Lovely Flowers I Pray," sung by Mrs. Robert Douglas.

BAPTIST CIRCLES

The three circles of the Baptist church met at the church Wednesday at ten o'clock for the study book, "Who Is My Neighbor." The lesson was presented by Mrs. A. F. Loftin, with general discussion of the chapters by members. The first chapter was taken up and the circles were dismissed with benediction by Mrs. C. E. Hutchison, after which we adjourned to the long table for lunch, prepared by members.

Those present for lunch were: Messrs. C. E. Hutchison, A. F. Loftin, F. J. Cheney, W. L. Meek, and Mesdames A. F. Loftin, W. M. Glover, Bess Gerber, H. B. Towe, J. L. Edwards, Fred Hoskins, C. E. Hutchison, F. H. Cone, Hubert Reed, W. L. Meek, F. J. Cheney, Rex Sanders, W. A. Van Cleave, H. H. Stevens and Miss Altha Groves. The three circles will meet separate next week and have their regular lessons.

PRINGLE P. T. A. OBSERVE FOUNDERS DAY

The anniversary of the founding of the National Congress of Parents and Teachers in Washington, D. C. in 1897 occurs on Feb. 17, but will be observed by the Pringle unit February 21. Mrs. Huch Cypher of Bogert, who is historian of District No. 8 of Texas Congress, will speak on the achievements of the organization, and ideals and inspirations of the founders.

A Founders Day Parent will be presented, songs will be rendered by pupils. Mrs. Claud Weatherford will give the messages from the National and State presidents. Recreation will be in charge of Mrs. Jim Claybrook. Refreshments will be supervised by Mrs. R. F. Groves and Mrs. C. P. Burns.

LESSONS GIVEN

Will give lesson in painting and piano for room and board. Write Miss Orioll Fisher 317 Fillmore—Amarillo, Texas.

Mrs. Ed Close is home now from the Shattuck hospital and is doing nicely.

Baggerly Grocery

MRS. BESS GERBER IS HOSTESS TO FLOWER CLUB

The Snapdragon Flower and Bird club met at the home of Mrs. Bess Gerber Monday afternoon Feb. 17, with ten members answering the roll call with items of interest pertaining to Indians and their habits. At this time the book The Taos Indians we have been studying was finished. The lesson was in charge of and presented by Mrs. Earl Riley, and was very interesting. Mrs. McNabb appointed committees for the coming year, the field committee is composed of Mrs. Earl Riley, C. B. Riley, and Bess Gerber. Park committee Mrs. Klutts, Hattie Maize, and F. H. Cone, Exchange, Mrs. Maize H. H. Crooks, and Cone, Exhibit Bessie Riley, A. F. Hardin and Clara Buzzard. The bird and flower show committee will be appointed at a later date. At the close of the meeting the hostess served a light refreshment to Mrs. Clara Buzzard, Bessie Klutts, Hollie Riley, Fay Klutts, Hattie Maize, W. S. McNabb, F. H. Cone, Ofa Sanders, A. F. Hardin and the hostess Bess Gerber. We adjourned to meet Monday March 2, with Mrs. Hattie Maize.

DAHLIA FLOWER CLUB

The Dahlia Flower Club will meet Monday, February 24, 3:30 p. m. in the home of Mrs. Jess Wombles. This first meeting will be a general discussion on various topics. Roll call: "February garden suggestion or queries." We are urging every member to be present. We want to extend a cordial welcome to our new members; namely Mesdames Hitchcock, L. S. McClellan, Cheney and Cone. The year-books will be ready for distribution at this meeting. Plan to attend.

SPEARMAN GIRL MAKES HONOR ROLL AT SCHOOL

Wren Loftin of Spearman, student in John Tarleton College, is listed on both the first semester and third six week preliminary period honor rolls, according to announcement made this week by C. S. Wilkins, registrar.

MARY MARTHA

Eleven members of the Mary Martha Missionary society of the Methodist church met at the home of Mrs. Robert Douglas Wednesday afternoon at three o'clock. The lesson was taken from the study book, That Other America, and was given by Mrs. Jake Clifton with general discussion of those present. Devotional was given by Mrs. Pope Gibner. The lesson finished, the hostess served lovely refreshments to those present.

TWENTIETH CENTURY CLUB WITH MRS. GILLISPIE

Mrs. Sam Gillispie was hostess to members of the Twentieth Century club Thursday afternoon with thirteen members present. The lesson topic was "Preservation of Wild Animals and Birds." A program for preservation of wild animals and birds, Mrs. H. E. Campfield; Preservation of wild flowers, Mrs. W. H. Gandy; The Story of the Cactus family, Mrs. Fred Hoskins. The lesson finished the hostess served delightful refreshments to the following: Mesdames J. H. Buchanan, H. E. Campfield, R. V. Converse, F. J. Daily, Robert Douglas, W. R. Finley, Fred Hoskins, Delon Kirk, P. A. Lyon, W. J. Miller, Paul Roach, J. C. Tuttle and W. H. Gandy.

BELLE BENNETT SOCIETY MET WITH MRS. CAMPFIELD

The Belle Bennett missionary society met Wed. in the home of Mrs. H. E. Campfield. The home study, Toward a Christian America, was led by Mrs. Bishop. Spiritual cultivation was presented by Mrs. Hitchcock. Ladies present were Mesdames, Hilea, guest; Sid Clark, Hitchcock, W. R. Finley, Lyon, Bishop, L. W. Mathews, Bergance, R. L. McClellan, H. P. Bailly, G. P. Gibner, J. L. Redus, and the hostess Mrs. H. E. Campfield.

BAPTIST CHURCH

Your presence Sunday morning in the Sunday school and preaching service will prove a blessing to some one. "Be thou a blessing and I will bless thee." Remember Sunday school at 10 a. m. Preaching at 11 a. m. BTU at 6:30 p. m. Preaching at 7:30 p. m.

Request comes through one of the Holt community folk that all Holt community folk shall be in services Sunday afternoon by 2:30 p. m. We are to have some special music. Our spring revival is to begin on Sunday the 19th day of April. Every member of the church should begin now to get ready to attend every service of the meeting. Be much in prayer. "Ye have not because ye ask not."

WAKA P. T. A. OBSERVE FOUNDERS DAY

A very interesting talk on "The Greatest Thing in the World," was given by Rev. Sibley of Perryton. The Spearman Choral club, directed by Miss Virginia King, entertained with several selections. Two violin numbers by Mrs. G. L. Boykin, accompanied by Mrs. Fred J. Daily, also a vocal duet by Mrs. A. F. Loftin and Mrs. R. E. Lee, all of Spearman were greatly enjoyed by all. Mrs. T. E. Miller gave a very interesting talk on "How Are We Meeting the Challenge Laid Down by Our Founders?" Other numbers on the program were: song by the school children, reading, J. J. Keim, reading, Curtis Parker, reading, Elenor Jenrich; also an instrumental trio by Mr. and Mrs. D. W. Hart and Mrs. F. C. Ashley. At the close of the program the candles of the Founder's Day birthday cake were lighted with a birthday ceremony. Then the cake was cut and the pieces sold, the proceeds to be used as a birthday offering.

At the close of this ceremony delicious refreshments were served and a delightful social hour was spent.

LOCAL PEOPLE ASKED TO HELP IN COLLECTING DATA FOR HISTORICAL RECORDS

An erroneous impression has gone through the Panhandle in regard to the Federal Writer's Project. Most people seem to feel that this movement is to collect history alone. A guide book has many phases; points of archeological interest, literary achievements, homes of famous people, local customs, flora and fauna, weather conditions peculiar to the territory, and many others. The time for finding this material is limited and the workers are few; so an appeal is made to the public spirited people in various counties to offer their services in the collecting of data. We want to know not only Who's Who in the Panhandle, but also What's What and Where's Where. The so interested in one fact that a department of Washington was fuller treatment of a matter was requested. This was the introduction of cotton into the Panhandle by Henry Taylor, whose children planted the wolly beans, that came about some fine eggs sent up from Ft. Worth. This indication that there is nothing that may be considered unimportant in gathering such material. If you will help, please notify Mrs. S. M. Hale, Local Supervisor, or Laura Hammer Area Supervisor, 438 Amarillo Building, WPA.

Miss Lillie Hazelwood returned home the first of last week after spending several weeks visiting friends at Bovina.

Mr. and Mrs. Ging and family of Perryton were attending the show and visiting friends in Spearman Sunday.

Mrs. D. W. Hazelwood has been quite ill the past two weeks, but at this writing she is much better.

Georgie Marie Thompson was absent from school Monday on account of illness.

PRINGLE HOME DEMONSTRATION CLUB MEETS WITH MRS. FORESTER

The Pringle home demonstration club met February 12, 1938, at the home of Mrs. Ralph Forester. Roll call answered by "How I teach my child to care for his clothing." Each member was urged to make an entry of canned meat at the Fat Stock show in Amarillo, March 9. Mrs. McNutt reported on a letter received from Mrs. S. J. Logan, who is spending the winter in Alabama. Mrs. Logan wrote her mother had died in January. The following committees were appointed: Educational, Mrs. M. W. McCloy, Mrs. S. H. Chisum, Mrs. Chas. Burns. Recreational—Mrs. R. Forester, Mrs. M. L. Chisum, Mrs. M. Bentley.

Expansion—Mrs. R. C. Chisum, Mrs. Roy Holton, Mrs. M. Schlaise. Yearbook and Membership—Mrs. M. L. Chisum, Mrs. A. L. Parks, Mrs. Chas. King. Finance—Mrs. C. E. Lieb, Mrs. L. C. Henderson, Mrs. Raymond Jarvis.

Program—Mrs. Ralph Forester, Mrs. K. R. McNutt, Mrs. Sidney Board.

Exhibit—Mrs. Jack Johnson, Mrs. K. R. McNutt, Mrs. R. Jarvis. Council Delegates—Mrs. R. E. Maddox, and Mrs. Jack Johnson. Miss Chance explained the importance of each member making the cooperators goals. Miss Chance gave an interesting demonstration on "Storage of Clothing," showing a modern closet with shelves and spaces for all articles also an imitation cedar chest. A simple rack for shoes can be easily made, an example was shown. Hat stands can be bought at little cost or made. The most useful piece in a clothes closet is a rod to hang clothes and plenty of hangers. Hampers for soiled clothes are much better than tight bags. The next meeting will be February 26.

"SAFETY FIRST" TO BE AT PRINGLE HIGH SCHOOL

"Safety First" a three act comedy has a story of sustained interest, is to be given by the Pringle P. T. A. Friday Feb. 28.

This play is one of the best ever presented to people in this section of the country. Starts at 7:30. Mr. Charles King has directed the play. The cast of characters are as follows: Jack Montgomery, Tab Wombles; Jerry Arnold, Cheta Lieb; Mr. McNutt, W. Rae; Elmer Flannel, Maurice Bentley; Abou Ben Mocha, Bennie Bentley, Mable Montgomery, Mrs. Wombles; Virginia Bridger, Mrs. Helen Bentley; Mr. Barrington - Bridger, Mrs. Mary Burns; Zuleika, Mrs. Eunice Bentley; Mary O'Finerty, Mrs. Anne Lou R. Deering.

Special music by the Morse High school band will be one of the many features of the evening, and 1-2 hours. Admission Adults 25c and children 10c.

HOLT HOME DEMONSTRATION CLUB REPORT

The Holt home demonstration club met Friday afternoon in the home of Mrs. Major Lackey. After a business meeting the roll was called and each member answered with a rule that she has taught her children to do. After the lesson and meeting a splendid demonstration was given by Miss Lucile Chance, home demonstration agent. She gave a demonstration on different kinds of clothes protectors, hat racks, shoe bags, cedar chests, shoe racks, a cabinet of drawers for a closet and many other things which every one enjoyed. Miss Chance gave the price of each article and where she got all of them. At the close of the afternoon refreshments of sandwiches, punch, cookies and candy hearts with the valentine decorations, was served to the following: Mrs. P. H. Jameson, Mrs. M. C. Scott, Miss Ethyl Murphy, Mrs. Johnnie Lackey,

Mrs. Major Lackey and Miss Lucille Chance. The next meeting will be in the home of Mrs. P. H. Jameson.

NEW CLUB ORGANIZED FOR STUDY GROUP

The members of the newly organized Altrurian Club met at the home of Mrs. Bess Gerber Friday afternoon at three o'clock. The meeting was a business meeting, and was called for the purpose of selecting a motto, an aim, for the new club. The program for the

remainder of the year was outlined and Mrs. Ada McLain was appointed chairman of the program committee. The following officers for the club were elected President, Mrs. W. A. Cone, Sec. Mrs. Rex Sanders, Historian, Mrs. Bess Gerber, Treasurer, Mrs. Eagle Moore, Parliamentarian Mrs. F. J. Cheney. At the close of the meeting the hostess served a light refreshment to those present, after which we adjourned to meet Feb. 28 with Mrs. Cone. All members are urged to be present.

Wind Erosion

To properly prevent wind erosion you must have proper farming equipment.

We invite your attention to our New Case Three-Row Lister enclosed OIL Bath Power Lift. Just the machine for chiseling or ing land to prevent blowing.

New accuracy, new sturdiness and new ease of handling place the Case listers in a class by themselves, far ahead of ordinary design. Typical of the many outstanding features are the enclosed power lifts operating in oil baths. Practically all steel construction with heavier wheels, axles, frame and stronger working throughout, provide brute strength for long, hard service.
