Hard times and dry years always find the prudent farmer, with more than one source of income. The wheat farmer might make a crop and he might not. The man who is successful is the man who takes the safe and surer method, and has

Civics Class Boosters

Our school grounds needed something to beautify them, and as civic improvement is a part of our civics course we, the civics class, decided to plant some trees around the campus. After some time we found two cars in which to make the trip and Friday twelve of us, chaperoned by our teacher Miss Nannie Holland, went to the Canadian river after some cottonwood trees, as we all thought they are the best for this plains country. We went by the Adobe Walls and stopped for a short time to explore that historic place. We then went on to a little creek where we found crystal clear water and an ideal place for a picnic, so we stopped for lunch. We kindled a campfire and all enjoyed broiling their bacon for dinner. We spread our lunch in the shade of a large tree and ate it in true picnic style. After lunch we went on toward the river for our trees and succeeded in finding some fine ones. One of the boys was fortunate enough to see a deer, but we girls looked for it for some time but were not so fortunate. We got fourteen trees for our campus and started home. On our return trip we had the usual number of punctures

and break-downs and got "stuck" in the mud for good measure. Finally we reached home. Tired? Yes, but we certainly had a happy day, close to nature. Saturday we set our trees out and hope that within a few years we will have a shady walk for our campus.

Baptist Meetings

Rev. Hand, the district missionary of this diocese, and Mr. Pergodish, a student at the Baptist Seminary of Fort Worth, were here Sunday evening and Monday to hold services. A good crowd attended each of the three services which were held. Rev. Hand is known for his good works and his faithful service in our Lord's work, and Brother Pergodish has established himself in the hearts and lives of the people of Spearman by his wonderful faith in the Lord. He is a Russian student and has only been studying in the Seminary for two years, but he has proven himself

a very intelligent student. He likes our great free country the more, since he realizes how very much more enlightened the people here are than in Russia. Yet he is longing for the time when he will go back to his own native land and spread the gospel there. Mr. Pergodish is a good singer and furthermore, some know him to be a good violinist, as he plays in the orchestra and band of the seminary. Much good resulted from the holding of these services. The ladies prepared a very delicious dinner for the crowd Sunday after the morning service at the M. E. church. Everyone enjoyed themselves. Bro. Pergodish goes back to the seminary with the good will and friendship of the people of Spearman. May our Lord bless him for the good work he may do for the millions of starving Russians who have never heard the gospel. —Contributed

The Clique

What is the clique? 'Tis those who attend
All of the meetings, on whom we depend,
They never are absent unless they are sick—
These are the ones that always "get by."

The ones who are never behind with their dues,
Who come to the meetings and have their own views,
They'll serve on committees and never say "Die."
The "Clique" are the ones that always "get by."

We all should be proud of members like these—
You can call them "The Clique" or whatever you please,
They never attempt any duties to shirk—
These are "The Clique" that do the most work.

But there are some people who always find fault,
And most of this kind are not worth their salt,
They like to start trouble, seldom will stick;
But they always put all the work on "The Clique."

D-C-D HIGHWAY CONVENTION

The General Convention of the D-C-D Highway Association will be held in Canadian on April 26-27-28. Every person living along this route should be vitally interested in this convention. The trunk line highways through the country have been one of the great factors in developing the country traversed by them. The various towns along this route will be well represented in the convention and Canadian sends word to us to come down with a good delegation and assist in making this convention one of the greatest ever held along this route. Plans will be formulated to extend this route on north and west to Portland, Oregon. This highway is fully marked and the organization is perfected through to Galveston, Texas, and there is no reason why the D-C-D should not be one of the greatest automobile trunk lines in the western part of the United States. People along the D-C-D highway are more interested in this route than ever before. The D-C-D highway means more to the towns and the country through which it passes than ever before. Let us show our interest in this great organization by sending a strong delegation from Spearman to the Canadian convention. Let us cooperate and each of us be one of the delegation to help put Spearman on the map. At a meeting to be held at the Hale Drug Company building on Saturday night, April 22, 1922, definite plans for the trip to Canadian will be formulated and let each of us come out and assist with the good work.

Don't wait for someone to give you an invitation to attend the meeting.

Mrs. Collard Entertains

Honoring her friend Miss Laura Andrews, whose approaching marriage to Carl D. Kirkpatrick has been announced, Mrs. J. R. Collard was hostess to a crowd of Spearman ladies on Saturday afternoon, April 15. The well prepared luncheon was a feature of the afternoon's entertainment, tho the guests enjoyed every moment of the time in various ways. Those present were: Mesdames Frank Andrews, Lyman J. Hillhouse, Louie Coate, Roy Womble, Keesee Nesbitt, W. E. Bradford, R. W. Morton, Floyd Wilbanks, G. P. Gibner, Zoro B. Hirtle, H. L. Wilbanke, F. W. Brandt, F. W. Maize, Chas. Endicott, John L. Hays, A. F. Barkley, H. E. James, H. P. Bailey, M. C. Head, P. A. Lyon, P. M. Maize, J. S. Caldwell, B. M. Maize, W. L. Russell, C. B. Riley, Virgil Wilbanks, W. A. Clark, and Misses Laura Andrews, Faye Wilbanks and Nannie Holland.

I. O. O. F. Hall Completed

The workmen have about completed the construction of the I. O. O. F. hall in Spearman and it is a splendid looking building. In order to cut down the cost of construction several enthusiastic members of this popular order voluntarily donated several days' work on this structure. Among those who thus helped along the good cause was Frank Dresser, who says he "worked like the devil," and if anyone doubts this statement, good and sufficient evidence can be produced on short notice.

WHEAT MEN SHOULD GET BUSY

A group of Kansas City grain dealers have filed complaint with the Interstate Commerce Commission alleging discrimination against Kansas City in rates on grain and grain products from Panhandle points. The territory specifically mentioned includes the Panhandle of Texas and eastern New Mexico and the rates involved from this territory to Galveston and other Gulf ports and also to other Texas points, Texarkana, etc.

In view of the fact that the rail roads have always claimed that the rates on grain from the Panhandle to the Gulf are entirely too low, this will undoubtedly be a fight for a large increase in our grain rates. In other words, the carriers will contend for the Kansas City basis to Galveston, which, under present figures will mean an increase of 12 1/2 cents per cwt. on wheat and 11 1/2 cents on kafir and maize, at Panhandle common points. At other points it will be more.

There never of the District serious proposition does us nor one more threatening to the prosperity of this section and it will be necessary for the entire Panhandle and Plains region to bring all its sources of defense into action, and the expense will be large.

The Panhandle Plains Chamber of Commerce was organized for just such situations as this. In all probability it will have to employ counsel and devote all the energy of the traffic department to defending this action. The P. P. Chamber of Commerce needs the cooperation financially and otherwise, of every citizen of the southwest. Our wheat crop is our main money crop, and the proceeds from this crop must be protected from every angle. At the mass meeting to be held next Saturday night the matter of Hansford county's part of this expense should be settled.

Hansford county should not take a back seat and let her neighbors fight her battles. Wheat raisers; business men, awake, arise.

Fitting Up a Picture Show

S. B. Hale is having the rear of his brick business house on Main street fitted up for a moving picture show building. The drug stock has been moved to the front, the partition moved several feet forward and the rear now makes a fine show room. Mr. Hale informs us that the seats, machine and all picture show prerequisites have been purchased and will arrive in a few days and Spearman will again have the movies. The town has been without a show place since the disastrous fire of March 8.

May others follow this worthy example.

Milk Cows and Prosperity

Recent figures compiled by the Western office of the U. S. Dairy Division comparing agricultural districts thru bank deposits, show that banks in dairy centers in the same states carry a much larger deposit per capita than do the banks located in towns of other agricultural districts where dairying is not practiced. The deposits of banks in six towns in the dairy centers were compared with those of an equal number of towns in other farming district. The results show that the dairy towns have an average population of 13,443 with an average deposit of \$17,325,140, or a deposit of \$1,288 78 per capita. The figures of the six grain towns are, average population 21,420, bank deposits, \$10,360,280, or a deposit of \$478.99 per capita. The towns selected by the Government for carrying on this investigation were representative ones of the agricultural industry of their respective districts in the same states.

Diversified Farming

J. W. Coleman was in from his north Hutchinson county ranch Saturday. Doc is not putting out any calamitous howl about a bad winter and dry year; nor has he any other troubles. He does not depend wholly upon a wheat crop, but he has good calves, good colts, hogs, chickens, milk, butter and eggs for sale. The wheat crop is merely a side line. However when he needs a little extra change he brings in another load of wheat. Doc is still selling 1921 wheat. When a farmer has several dependable sources of income he is not compelled to rush his wheat to market and take what the speculators are willing to pay for it. A wheat farmer should be able to market his wheat when he has time to haul it to his elevator and when the price is to his liking.

Jim Edwards was in the city Tuesday afternoon, looking after business matters.

Bill Walker has just returned from a trip to Amarillo and other points south and west. He reports a very pleasant trip.

The Spearman Gun Club

It was our pleasure to be present at a recent "shoot" held by the Spearman Gun Club. In a former issue we stated that after the members of this club had practiced up until they begun to have an idea that they could really shoot, we intended to go out and show them how to break clay pigeons in a strictly professional way. This we intended to do Tuesday afternoon, but after missing eight or eleven targets we discovered that our gun barrel was crooked and we had gotten hold of a box of bad shells. The professionalism will be pulled at a later date. The club is shooting regularly now and some of the members are really making good records. One of the later scores was:

Daddy's Evening Fairy Tale

MARY GRAHAM BONNER

BEARS

"A good many of the different animals from India have wanted to tell their stories lately," said Daddy. "They have all been animals who have since been brought to the zoo to live."

"Now the Bears should tell their stories."

"Not the Bears who live in this country, nor the Polar bears from far in the North, but the Bears from India also want their stories known."

"Shall I talk first?" asked the Sloth Bear.

"You've talked before," said the Malay Sun Bear. "They know your story."

"Let me tell it again," said the Sloth Bear, "for there may be some who didn't hear of what I had to say the first time."

"Oh, very well," said the Malay Sun Bear. "It is not because I want to hear it but because I don't feel like talking now."

"I'll talk later when I feel more like it. At present I want to rest."

"I suppose you don't answer me any more angrily than you do because you

"Queer Looking Candy Things."

feel sleepy, for it surely isn't because you feel friendly that you answer me so mildly."

"I don't feel pleasant and I don't intend to," said the Malay Sun Bear. "I would kill you if I got the chance."

"I'm mighty glad you won't get the chance," said the Sloth Bear. But the Malay Sun Bear had gone to sleep so he didn't answer.

"Ah, now I have an excellent chance to tell my story," said the Sloth Bear.

"Of course, ~~you~~ ~~also~~ ~~known~~ ~~as~~ ~~the~~ ~~LOOKER~~ ~~the~~ ~~FACTORY~~ ~~you~~ ~~can~~ ~~guess~~ ~~why~~ ~~I~~ ~~have~~ ~~long~~ ~~lips~~ ~~Yes~~ ~~that~~ ~~is~~ ~~the~~ ~~answer~~."

"Ah, such fine long lips as I have. I suck in my food through my fine long lips, just as children who come to the zoo suck queer looking candy things that come on sticks."

"I don't mean that the children come on sticks! No, I don't mean that."

"But the candy comes on sticks. That is what I mean! I have long lips, though, and the children haven't. They don't suck because it is the best way to get their candy but merely because it lasts longer that way than any other way."

"I am quite a curious looking creature. My hair is very, very long."

"My claws are terrifically long. I can't think of a long enough word to use to describe my claws. Surely long claws should have long words to describe them."

"My nose and mouth are light in color and the rest of me is very dark."

"I do not complain here in the zoo. I do not mind it now that it is cold and the snow is on the ground and the water outside freezes into ice."

"I do not complain! The climate I came from is very different, but I do not talk about my home climate all the time the way I've heard some creatures do."

"Here, here," said the Malay Sun Bear, waking up from his nap, "have you been talking all this time?"

"You've been asleep," said the Long-Lipped or Sloth Bear.

"Even if I have," said the Malay Sun Bear, "you shouldn't have talked so long."

"You had no business to talk as you did. You're a queer creature and I can tell you I hate you. I hate the keeper too. I hate everyone. I am just as cross as cross can be."

"If I had my way about it I'd not have any world at all. I'd bite every one in the world and myself too. I don't like myself, not a bit of it!"

"I don't see how you can be happy with yourself when you are so cross," said the Sloth Bear. "And I've seen you bite your black hair out as if you hated it too."

"I hate everything," said the Malay Sun Bear, "and that is the sort of a creature I am."

"I don't even care if no one is interested in my story, for I hate everyone, you see."

Thedford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficiency of Thedford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught

D-C-D General Convention

W. A. Palmer, Secretary and General Manager of the D-C-D Highway Association, has returned from a trip over the Highway as far as Houston and found a great interest in the forth coming convention of the Association which is to be held at Canadian, Texas on April 26-27-28. Advice has been received by mail from a large number of towns on the system regarding delegations to the Convention. A conservative estimate places the number of delegates and visitors at between four and five hundred. Some towns will bring as many as twenty cars. There will be visiting bands from Guymon and Elk City and perhaps Childress. Governor Neff of Texas, Captain J. D. Fauntleroy, State Highway Engineer, R. M. Hubbard of New Boston, Texas, Chairman of the State Highway Commission of Texas, Comptroller L. A. Smith of Austin and Highway Commissioners McCrory and Martin will be present.

The town of Canadian will be handsomely decorated. Business houses will be decorated inside and out. The people of Canadian are preparing to take care of all delegates and rooms will be furnished for everyone present. The Convention will open Wednesday night, run through Thursday and Friday night and close Friday noon. Governor Neff and party will come by automobile from Childress and arrive in Canadian at five-thirty p. m. Wednesday, April 26th. The Governor will speak at ten a. m. Thursday morning. Thursday night will be "Stunt" night and some unique entertainment is being prepared.

Was Going Down Hill Fast from Stomach Trouble and Could Hardly Stay on Job. Like a New Man Since Taking Tanlac.

"I feel I had a narrow escape and I am strong for Tanlac now," said J. C. McDaniell, well known railroad man, 2204 Staples St., Houston, Texas. "For three or four years I had chronic stomach trouble and was going down hill all the time. I was habitually constipated and suffered with terrific spells of headaches day and night. My work was heavy and while I didn't feel equal to it I managed to keep going by force of will, but I was despondent and discouraged all the time.

"Tanalac has done more for me far more than I expected. I haven't a trace of stomach trouble or indigestion now, never feel the need of laxative any more and, in fact, I feel like a new man.

DISTRICT COURT

Judge Ewing and Attorney Pickens were present Monday to open the regular spring term of District court for Hansford County. The grand jury was empanelled and put to work. They remained in session until Tuesday evening. The petit jury dismissed Tuesday at noon. No criminal cases were tried. C. C. Ault, under bond for appearance before the grand jury, was sick and could not come to Spearman. Several civil cases were continued for the term and two divorces were granted.

The county seat election contest case was dismissed.

The grand jury returned six bills of indictment, one of which was against Henry Bushman, who was arrested several weeks ago when found in possession of a still, and four against Frank Wells, charged with writing bad checks.

J. A. Stirratt, Perryton photographer, was in Spearman a few moments Tuesday afternoon, being enroute to his home from Amarillo.

Bob Thom, Lyman J. Hillhouse, Louie Coate, Frank Andrews, P. A. Lyon and Maynard McLain attended a masonic meeting at Perryton Saturday night.

Claud McCoy, a representative of the State Banking Department of Oklahoma, spent several days in Spearman this week. Mr. McCoy is a former resident of this section, he being the son of Dr. McCoy, well known throughout Hansford and Hutchinson counties.

Mrs. Lyman J. Hillhouse and Mrs. W. L. Russell went to Liberal last Sunday where the latter will visit with her parents, Mr. and Mrs. Bert Allen, and Mrs. Hillhouse will entrain for Hooker for a visit with her parents, Mr. and Mrs. J. W. Hamilton. Justice and Billy Jr. went along also, to look after their mothers.

H. B. Simpson and Mrs. Pearl Ellis were married at the parsonage in Spearman on Saturday, April 15, Rev. Z. B. Pirtle officiating. The happy couple were residents of the west side of this county but this week are moving to Canadian, where they will make their home. The Reporter extends congratulations.

On last Saturday night, April 9, quite a crowd of Spearman young folks were happily entertained at the home of Mr. and Mrs. Roy Womble out south of town, by Miss Ruth Spencer. Those present were Misses Cecille Dowdy, Mildred McLean, Faye Walker, Mary Lee Nichols, Allene McMurry and Messrs. C. W. Carson Jr., R. S. Thom, R. C. Pirtle, Thos. E. Pirtle, E. W. Keith and Lindsey Davis. Progressive Fourty-two furnished much amusement for the crowd and a delicious salad course luncheon was served.

Mr. and Mrs. E. C. Spivey were in from the Lakeside community last Saturday, shopping and looking after business. Mr. Spivey is well pleased with the interest recently displayed by Hansford county farmers in the raising of good hogs. Spivey has for a number of years had a herd of Big Bone Poland Chinas and he says the only trouble he has experienced is in showing people the vast difference in the pure bred and the scrub stock. But when a man is once converted to the pure bred idea he will not allow a scrub to come on his place. Mr. Spivey has one of the best herds of hogs in the country, and is making them pay.
