Three Essentials of Success

Back of your success in money matters are these three essentials.

A bank balance at your command to accept opportunities for a larger success.

A bank acquaintance which means the co-operation of officers in your plans, with the benefit of their time and experience.

A bank credit, the result of your bank balance and acquaintance, places at your command additional capital to carry out sound plans.

First National Bank of SPEARMAN

PLAYING THE SAVINGS GAME FOR "KEEPS"

The savings game is the greatest game on earth, because it's the safest game—everybody wins in it.

This picture shows one corner in the District Headquarters of the Government Savings Division at Dallas, Texas, where, daily from 8:30 a. m. to 5 p. m. six Certificate experts are busy getting \$25, \$100 and \$1000 Registered Treasury Savings Certificates ready for savers who have formed the habit of sending their orders direct to Dallas every month for a Certificate. This does not include the immense amount saved by persons getting Registered Treasury Savings Certificates direct from their home town postmaster every month.

The purchase of \$100 Certificate is equivalent to receiving and safely investing interest on a capital of \$15,000.00 at 8 per cent for a whole month. The investment in a \$25 Certificate is equal to the safe investment of a whole month's interest on \$3,750.00 at 8 per cent.

Opportunity Knocks

at your door when you have accumulated a bank account, even tho it be small.

A small beginning often leads to a big ending.

The man who banks his money and takes care of it, is the man who is in position to take advantage of opportunities which lead to success.

Guaranty State Bank

SPEARMAN, TEX.

MEETINGS CLOSED SUNDAY

The series of evangelistic meetings held in Spearman by P. C. Nelson and the Morton Sisters, closed Sunday night, tho the Morton Sisters remained here all of this week assisting with the work of getting the congregation at the Union church on a working foundation. On last Saturday afternoon the new converts were taken to the Palo Duro north of Spearman and baptized. We failed to learn the exact number of new converts and professions, but sixty-six were baptized that day. We understand an all day meeting and another baptizing will be held next Sunday. The Morton Sisters go from here to Perryton to begin a meeting and Evangelist Nelson went to Euid, Oklahoma.

Clay Gibner of the First National bank, returned Sunday from south Texas, where he spent several days with relatives.

Wm. Livingston, who has spent the past four months in Spearman at the home of his son, J. C. Livingston, left Thursday morning for Taloga, Oklahoma.

BEE LINE MEETING WAS CALLED OFF

A telegram from the Woodward Chamber of Commerce received late Tuesday morning announced the postponement of the Bee Line Highway Association meeting that was to have been held here Wednesday night. In as much as the citizens had been anticipating their coming and were preparing to give our visitors from along the new highway a warm reception, the disappointment felt when the word was received was pretty keen. Arrangement had progressed far enough to occasion considerable loss to local members unless the meeting was held, so immediately the reception committee made plans to carry on the good roads spirit so recently manifested here and hold a good roads meeting of our own.

The Bee Line meeting will be held here, according to the telegram received, about the middle of June.—Stratford Star.

The Spearman delegation was ready to start to Stratford to attend this meeting when the news came from Woodward that it had been called off on account of the delegates of that town wishing to go to Gage to witness the shooting of an oil well.

H. E. James and family went up to Liberal Sunday afternoon, returning Monday.

Jack Thomas transacted business at Booker and Perryton the front end of the week.

W. S. Christian, sheriff of Hutchinson county, was in the city on official business Thursday.

John Lyon of Denton, accompanied by Mrs. J. W. McCleskey and son Howard of Dalhart, arrived Tuesday for a visit with their brother and sister, P. A. Lyon and Mrs. A. F. Barkley.

Last Saturday I left a black Velour Coat with fur collar in the car, while attending preaching. It was missing when I started home. Will finder please leave at Reporter Office and notify Retah Roper.

Mr. and Mrs. J. C. McSpadden returned Saturday from Dallas, where they spent the past three weeks with relatives and friends. He says Hansford county looks better to him than any section of the state he visited.

STRATFORD MEN HERE WEDNESDAY

A party of Stratford business men composed of Messrs. W. T. Martin, vice president of the Bee Line Highway for Sherman county; L. M. Price, president of the First State Bank and president of the Stratford Chamber of Commerce; Arthur Ross, cashier of the Sherman County National bank; A. W. Reccins, pastor Baptist church; G. L. Taylor of the Taylor Motor Company and secretary of the Chamber of Commerce; F. W. Newby merchant; R. E. Kessie, editor of the Stratford Star, and F. E. Ingham, good roads booster and general good-fellow, came to Spearman Wednesday to see about the route of the Bee Line highway from here to their town. A meeting was held at the Hale Drug Company building, and the matter was threshed out to the satisfaction of all concerned. The route of the Bee Line from here to Stratford will be marked within the next few days and the road is in fine shape. About 15 miles in Hansford county is yet to be graded, but is the best ungraded road in the country. S. B. Hale will see that the markers are put up in Hansford county and W. T. Martin of Stratford has charge of this work in Sherman county. Spearman was glad to have the Stratford delegation here. They were a body of fine fellows; fair and honorable in their demands and willing to go more than half way, if necessary, to put anything for the good of the Bee Line across. Come again Stratford.

OIL NEWS

A rotary rig has been placed at the Gulf No. 1 well, the gas cut off and an effort will be made to put it on down to the oil sands. This is the mammoth gasser brought in at a depth of 2400 feet and is located on the Carson and Hutchinson county line, 13 miles from Plemons.

J. M. Sanford has let a contract to a big concern to put down a well on section 76 block 46, in the southwest part of Hutchinson county.

Operations at the Coble-Heywood will be resumed within 15 days. This will be glad news to many oil fans throughout this section, who have always bet high on this venture. W. Scott Heywood has worked long and faithfully on this gigantic proposition and his many friends sincerely hope that he will eventually win out.

Born, to Mr. and Mrs. Edgar Archer, on Tuesday, May 24, a fine boy.

R. J. McCaslin of the Panhandle Lumber Company, visited Amarillo the first of the week.

J. L. Nesbitt of the Moline Plow Company of Texas, spent a couple of days in Spearman this week. Mr. Nesbitt says the prospects for a bountiful crop are a little brighter in Hansford county than elsewhere.

H. L. A. J. and Ed Wilbanks, Hiram C. Clower, Ralph T. Bucy, Joe Davis, Merl Jackson and Bill Lowe went to Oklahoma City the first of the week and we understand each of them will drive back a brand new automobile.

W. G. Burnstater and wife came from Alva Wednesday to take a look at the crop on their fine farm in the Blodgett community. They are well pleased with the outlook and expect to come out in this section to make their home some of these days.

CITY ELECTION HELD TUESDAY

Considerable interest was manifested in Tuesday's city election, which is a good, healthy sign for the town. When people take an interest in the conduct of the affairs of a town it is pretty sure bet that that town is going to move forward. It is the "don't care" type of town that never gets any where. Seventy-one votes were polled in the election and the following city officers were elected: Mayor, H. E. James. Marshal, Edgar L. Byrd. Councilmen: Fred W. Brandt, R. L. McClellan, R. W. Massey, M. C. Head and B. V. Andrews.

These officers are all competent, wide awake, progressive men, and Spearman is to be congratulated on having such men at the head of her city government. Under their administration the town is bound to move forward. This, our first administration, is destined to be a period of conservative progressiveness.

Mr. and Mrs. R. L. McClellan went to Amarillo Thursday, where they will spend a couple of days with relatives and friends. Mr. McClellan will attend the meeting of the Panhandle-Plains Chamber of Commerce there to day.

E. M. Hicks is this week moving the stock of shell hardware he brought here from Follett back to that town.

T. P. Tackett has closed out his stock of groceries and will operate a meat and hamburger market at the old stand.

Druggist S. B. Hale and Fred Hill visited Canadian Tuesday, returning Wednesday. They report being caught in a fierce rain storm on the road.

Mrs. Horace Hays returned Friday of last week from Liberal where she spent the past three weeks in a hospital, undergoing a very successful operation for appendicitis while away.

Miss Ethel Deakin left last Saturday for Emporia, Kansas, where she will attend the summer session of K. S. N. Miss Deakin has taught higher mathematics and the seventh grade in the Spearman school during the past term.

J. T. Woodson of the J. I. Case Plow Works Company, is here this week assisting Mr. Jordan, the local agent, with the demonstration of the Wallis tractor. Mr. Woodson's territory is in Louisiana but he was sent to the plains country as a special representative to introduce the Wallis.

"Hello everybody. Am on my way to South America. Will sail June 2nd. Regards to all." The Reporter received the above brief note from Jim Williams, the young man who drove a truck for the Coble-Heywood Oil Syndicate, hauling supplies from Spearman to the well last winter. Jim has many friends in this section who wish him well, even should he go to Germany, but they predict that he will soon be back in the good old U. S. A.

W. B. Hart, upper Palo Duro ranchman was here Wednesday looking after business matters. Mr. Hart informs the Reporter that he is well acquainted with Dr. Holmes, the dentist who is coming to Spearman on next Monday, June 6, and says he is a splendid citizen and a good dentist. This will be a good opportunity for the people of Spearman and vicinity to have dental work done.

EVANGELIST NELSON THANKS SPEARMAN PEOPLE

Dear People of Spearman and vicinity:

By the kindness of your editor I am permitted to express, or rather try to express my appreciation of the uniform courtesy and the splendid cooperation and the remarkable generosity of the Spearman people. In all of my ministry of 32 years, and in all my travels east and west, north and south, I never found more friendly, more open-hearted and whole-souled people. It would have been a pleasure to work here and rejoice in the good fellowship without one cent of remuneration. However, the generous offering you have given me will enable me to meet the expenses of family, and certain obligations, and also to help some of the many needy people I meet everywhere. The opportunities to do good far exceed my resources. I accept your gift in the name of the Lord, whose I am and whom I serve, and pray His special blessing upon every giver. I appreciate the offering all the more because nobody was urged to give a cent, and with these gifts I feel sure I have also, what is worth much more, the love and good wishes of the donors.

In some respects this is the most remarkable campaign I have ever conducted. Considering the population of the town and country, I never saw such throngs of people. They came from everywhere within a circle of one hundred miles, and a few came much farther. The testimonies I believe surpassed anything I ever heard. Conviction was deeper and more nearly universal than I ever saw it before. A holy hush is over the whole country. "SURELY GOD IS IN THIS PLACE."

Already my heart-beats quicken at the thought of the second annual camp meeting at Spearman, next May. I trust it may please the Lord to send me back here, and with a clearer, stronger message, and a stronger faith and enlarged vision. I ask the prayers of all for the work before me. God bless you all, and cause His face to shine upon you. The Lord be gracious unto you and lift up His countenance upon you and give you peace.

With thanks and praise to Our Lord who planned the meeting, and poured out the abundant shower of

WHEAT GROWERS' ATTENTION

A meeting of wheat growers and laborers of the Spearman country will be held at the Arcade Theater building in Spearman on Saturday, June 4, 1921, beginning at 1:00 p. m., for the purpose of discussing the wage scale for the coming harvest season. Every wheat grower in the country should be present, as this is a matter of great importance to all. But this meet is not alone for the wheat grower. The laborers—harvest hands—are asked to be present and take a part in the proceedings. The idea is to arrive at an agreement on the wage proposition which will be satisfactory to both the harvest hand and the grain grower. Don't forget the date and be on hand.

blessing, and led us from victory to victory, and with all good will to all the people of Spearman, and the country round about, I subscribe myself,

Most cordially yours in His name, P. C. NELSON.

GOOD BRAKES OF BIG IMPORTANCE

They Are One of Most Excellent Forms of Guarding Against All Kinds of Accidents.

METHOD OF CURBING ENGINE

Emergency or Hand Brake Primarily is to Hold Car When Standing and Secondarily to Use if Other Brake Gives Way.

By H. CLIFFORD BROKAW,
Technical Director West Side Y. M. C. A. Automobile Schools, New York City.

Better have good brakes on your car than an engine. If you have to choose between the two, for the brakes are the best form of accident insurance you can have. This indicates the relative importance of the two car features. You might have the highest type of engine with unlimited power under the hood, but if you haven't also some means of curbing your high stepper and tethering it at will you are in for it. "Whoa" won't stop it either. You might better be driving an untamed broncho of the plains. The engine will get you there, it is true, but if there be no means of stopping you may go too eternally far.

The car has two sets of brakes—emphasizing the importance—and occasionally a car has more. The emergency or hand brake consists of a brake band operating within a drum on each rear wheel, connected by rods and levers to the hand lever, which has a ratchet and pawl so that it may be locked in position. This brake primarily is to hold the car when standing and secondarily to use in running if the other brake gives way or for alternating on long hills.

Operation of Foot Brake.

The foot brake, called running or service brake, is operated by a pedal, with a spring to release it when pressure on the pedal is removed, and is connected by other rods and levers to brake bands operating on the outside of the rear wheel drums, or occasionally upon a separate drum on the propeller shaft. The latter gives greater breaking power, because of the rear axle gearing leverage back of the brake, and the second drum helps prevent overheating on long hills. But this type brake does put a severe strain on the rear axle gears.

Both brakes should be kept in such condition that either will stop the car quickly. Do not let one set remain out of order just because you know the other is all right. The other might go bad just when needed.

Brake bands are lined with non-burning friction material, usually an asbestos fabric, fastened to the steel bands by copper rivets, the heads of which are counter-sunk deep into the lining, to keep the heads from contact with the drum. If the lining is allowed to wear thin the copper rivet heads score the drum into shallow grooves, lessening the braking power. Such must be turned true on a lathe if they are to be worth much for braking purposes.

Renew Brake Lining.

Equally important is the renewal of the brake lining before it is worn thin enough to expose the rivets to friction. Better have this done at the service station. It is a particular and tedious job. It is possible, however, to get the right size linings and proper rivets at almost any supply house. Remove the brake bands, punch out the old rivets, noticing how they were put in, and go to it. Remember that the rivet heads must be countersunk deep into the lining and every rivet set up tight. It requires patience but can be done by the novice.

The brake lining is one place where lubrication is not desirable, but every other place on the brake and linkage where there is motion should be lubricated regularly according to the man-

ufacturer's instruction chart, and be cleaned likewise. There is considerable wear to the clevises and pins; they may be renewed for a few cents and should not be allowed to wear to the danger point; besides, worn linkage rattles.

Uncle Walt's Story
Walt Mason

BALED MUSIC

"THERE'S going to be a great concert at the opera house tonight," said the retired merchant, "and if you'll go along with me, I'll pay your way and buy you five cents' worth of peanuts. I'm sure nothing could be more liberal than that."

"You'll break yourself up in business if you go around wasting your substance in that fashion," replied the hotel keeper. But you will have to hunt up another victim. Since I bought a phonograph and a bunch of records I have quit going to concerts. There's nothing but vanity and vexation of spirit about an entertainment of that kind. It's advertised to start at a certain hour, say eight o'clock, and you are credulous enough to think that the specifications will be lived up to. You break a lame strap to get there in time, and when you arrive, at ten minutes to eight, you find you're the first one there. You sit around, waiting for an hour or two, and people walk on your feet and sit down on your hat and make things unpleasant as possible.

"By the time the curtain goes up, you are wishing you had possessed sense enough to stay at home. But, being there, and having paid for the privilege, you determine to hold your nose and sit through it." "The entertainment usually is opened by a talker. The man who makes a few remarks always looms up at such entertainments, and should be taken to jail for obtaining money under false pretenses. When he has said all that he can think of, the artists begin to dish up the music. It may be elegant music—it usually is. But you can't enjoy it in comfort, for the gentleman with the large splay foot, in the seat directly behind you, persists in beating time with that organ until he drives you frantic. If you turn around and dot him in the eye, you will be ejected from the building.

"Then you will find that the woman with a shrill, carrying voice, who has heard better singers, sits right in front of you, and she keeps on talking in a maddening way. The last concert I attended had a fine contralto who sang some stem-winding songs of the kind we all like. But the woman with the shrill voice was right in front of me, and I could hear her saying: 'Really, you should hear Margaret Keyes or Christine Miller sing that selection; this woman is impossible as a vocalist.'"

"Then a man with a hectic voice and a name that he imported without paying duty on it, stood up and whined like a doggone zebra, and we were expected to believe that he was singing a Neapolitan song. I never heard anything that filed my nerves the way that voice did. It recalled the halcyon days when my father used to sharpen a bucksaw with a rasp. Well, when he finished his first number, the applause was frantic, and he reared up and did it all over again. Then the applause was louder than ever, and he whined something else. They kept that blamed pirate there for half an

hour, and I don't know when I suffered so much.

"The hall was overheated, and I was jammed in the middle of a row of seats so I couldn't get out without climbing over a number of ladies and gentlemen. We were kept there for three hours, and when I got out I swore by my Sunday hat I'd never go to another public concert.

"Next day I bought a phonograph and a lot of records of the kind I like, and now I enjoy my music. I start it when I get ready, and quit when I am tired. No punk singers are encored. No Windy Jims introduce the singers with a few pertinent remarks. If a singer displeases me, I stop the machine and throw the record into the alley. You'd better tear up your concert ticket and come and hear my music mill."

NOTICE

The State of Texas
To the sheriff of any constable of Hansford County, Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the county of Hansford, State of Texas, and you shall cause said notice to be printed for a period of Twenty days preceding the next regular term of county court of Hansford County, Texas, to be held at the court house thereof on the second Monday in June, 1921, same being the 13th day thereof, as follows:

To all person interested in the estate of S. R. Spivey, deceased: J. H. Spivey, administrator of the estate of S. R. Spivey, deceased, having filed in the court of Hansford County, Texas, his final account, and petition for distribution of the estate remaining on hand, in the said estate of S. R. Spivey, deceased, which will be heard by our said county court on the 2nd Monday in June 1921, being the 13th day of June, 1921, at the court house of said county in the town of Hansford, Texas, at which time all persons interested in said estate may appear and contest said account and petition for distribution, if they see proper.

Herein fail not, put have you before the said court, this writ, with your return thereon, showing how you have executed the same.
Given under my hand and seal of office, this 14th day of May, 1921.

**Ideal in Name—
Ideal in Performance**

Over 20,000 owners of Rumely Ideal separators know what genuine threshing satisfaction really is.

For they are using the most scientifically designed machine obtainable—the one with over 80 years of manufacturing experience back of it—the one with a well-earned reputation for fast, clean threshing.

It takes all varieties of grain in any condition—headed or bundled, long straw or short, wet or dry, in good weather or bad. And it puts all the grain where you want it—in the wagon—not in the stack.

Vibration is eliminated by a perfectly counterbalanced cylinder which has the effect of relieving the bearings of wear and keeping the shafts in proper alignment.

And, instead of having to stop the Ideal and crawl into and under it to make adjustments and do the oiling, you do this work from the outside while the machine is running.

We can offer you five sizes: 22x36, 28x44, 28x48, 32x52 and 36x60—all standard in design, all possessing large capacity and thorough cleaning.

And remember we also handle the famous OilPull tractor.

BIG INTEREST IN MEETING

Make the Cow Your Partner Is Slogan Here.

"Make the Cow Your Partner." That is the popular slogan of the day in this community.

The indications are that a big crowd will attend the community meeting to be held at Spearman on Saturday June 25th for the purpose of discussing the ways and means of making this one of the leading dairy communities in the south.

Farmers and business men alike realize that dairy communities the country over are always prosperous communities and all are determined that Texas shall play its part in the great movement now sweeping the South.

H. S. Mobley, who will be sent here by the Agriculture Extension Department of the International Harvester Company to assist in conducting the meeting is, perhaps, the one man in this county best qualified to discuss this matter with us because he has had years of experience as a successful southern dairy farmer who is familiar with southern conditions and who sees the South's great opportunities.

A recent issue of the National Magazine had this to say about Mr. Mobley. "Mr. Mobley is a direct, convincing speaker and has the gift of holding his hearers' interest from beginning to end. His purpose, first, last and all the time, is to help the farmer, not to show the farmer how to run his farm but to offer him the benefit of practical knowledge and long personal experience."

"Mobley is a farmer of the most practical as well as most progressive type. He is himself practicing on his own southern farm the things he advocates in his talks to farmers. He has made a scientific study of soils and crops and everything pertaining to farming, and has put the knowledge into actual practice."

Don't forget the date. Be present. Admission will be free.

The International Harvester Company have taken this matter up with the Santa Fe railway company, and the latter has made arrangements to send a man along with Mr. Mobley. So, we are assured of two good speakers at the meeting on Saturday, June 25.

MOST WOMEN ARE OBSTINATE

**POWER FARMING
DEMONSTRATION**

on Thursday, June 9,

at some suitable place
near

SPEARMAN

We are going to show you how much the Fordson will plow, how well it will plow, what the fuel consumption per acre will be—how well it handles every kind of work.

Instead of talking about the Fordson, we prefer to let you see with your own eyes just what the Fordson can do.

For the benefit of present and future Fordson owners, we will have a Fordson tractor disassembled on the ground. Factory representatives who will be with us on that date, will explain the mechanism, care, upkeep and repairing of Fordsons.

**We Want Everyone Who is Interested to
be With Us on This Day**

LIVE STOCK SALES A SPECIALTY

STOP! Look and Listen

This rain in the Panhandle is great! But we recommend to our customers that we not forget quickly the last few weeks, and conserve our resources and get on stable ground. We believe in the wisdom of making permanent improvements rather than continual expanding of affairs. What we need on the farm is to make provisions for more Chickens, Turkeys, Milk Cows, Brood Sows and Windmill Gardens.

SCHOOL DAYS

SAVES AND BUYS HOME WITH SAVINGS STAMPS

"There is no place like your own home!" So thought one of the reporters of The Dallas Morning News. From this thought grew the desire to get ahead, to have a home. The picture shows the result. It also shows what Uncle Sam's 45 Savings Stamps and 425 Registered Treasury Savings Certificates, which bear good four per cent interest compounded quarterly at maturity, will do for anyone who wants to get ahead. War Savings Stamps and Registered Treasury Savings Certificates, bought at the postoffice every pay day, made it possible for this reporter to save and purchase this home, now worth twice the purchase price. "I could not have saved the money except for Uncle Sam and W. S. S.," he says. Thrift and Savings Stamps and 425, 1100 and 1000 Registered Treasury Savings Certificates are readily obtainable at our postoffice here.

Farm Wanted

I want a farm to work on shares, owner to furnish equipment. Can use either tractor or teams. See me at Spearman telephone office. 254. D. F. (Mike) MASSET.

Mr. Farmer

How about that bread for harvest and threshing? We bake good, pure, sanitary, wholesome bread and sell it much cheaper than you can afford to bake it yourself. Come in and engage your bread now so we will know how much it's going to take. Otherwise we might not have enough for you.

We handle everything in the bakery line.

CITY BAKERY,
Phone 23, Spearman.
Reynolds Brothers, Props.

ICE ICE ICE

Have just received a car load. Send your order or come and get it before it melts. I will deliver ice only in the forenoon.

M. C. HEAD.

F. C. Summerall has purchased the Little dray line and it is now being operated by H. A. Ray, who will have charge of same until harvest.

A social meeting of the Ladies' Missionary Society was held at the hospitable home of Mrs. H. P. Bailey in south Spearman on Wednesday afternoon. About thirty-two members of this enthusiastic organization attended this meeting and all report a most pleasant and profitable afternoon. Miss Johnnie Reeves, who recently arrived in Spearman to make her home, entertained with several splendid piano selections which were highly enjoyed. Refreshments were served.

MARY

Among the hundreds of popular "movie" stars there is one who is known as the "world's sweetheart." She is Mary-Mary Pickford-Fairbanks—and she is known to practically every man, woman and child in this country and in all others.

"What's in a Name?"

By MILDRED MARSHALL
Facts about your name, its history, meaning; whence it was derived, significance your lucky day and lucky jewel.

SADIE.

THE quaint name of Sadie, lately spelled Sadye, has its origin with Sarah. It comes from a Hebrew verb meaning to fight or rule, and hence came to signify "princess." The first record of the use of Sarah or Sara belongs to Bible history where the wife of Abraham was so called.

Sadie came into existence through the Irish—unless one came to believe that she is only an Americanization of one of Sarah's many diminutives. But for the sake of etymological exactness, it is nice to believe that the Irish Sadhbh was the real forerunner of Sadie.

But between the time of Abraham's wife and the appearance of the Irish version of her name, Sarah had been adopted by other countries and had won great popularity. In England Sara Beauchamp gave it vogue in the reign of Edward I and Sarotta de Moulton, who lived in a former reign, was also supposed to possess a name which was another and favorite form of Sarah.

The French preferred Sara without the "h" and it still continues in great vogue there. They have another form, Sarotte, which is also popular. Ireland's Sadhbh and America's Sadie are apparently the only other existing forms.

Sadie has a curious talismanic gem—malachite. If it is engraved with an image of the sun, it will bring her peace, freedom from danger and disease, and sound sleep. It is particularly lucky for children, and it is said that a piece of malachite tied to a child's cradle will protect it from dangers throughout later life. Saturday is Sadie's lucky day and 7 her lucky number.

A LINE O' CHEER

By John Kendrick Bangs.

HOW FARES THE LEAF?

HOW fares the leaf that you turned o'er
When glad New Year first showed her face?
Today what seems to be the score
No mortal hand can e'er erase?

'Tis withered? And your promise fair
Hath gone to glimmer with the days,
And many a blot hath fallen there
Through lapses into former ways?

Ah well—too bad. And yet Time's tree
Holds leaves abundant to your hand,
And if this one shall withered be
A fresher waits for your command.

Notice of Sheriff's Sale of Personal Property

The State of Texas, County of Hansford:

By virtue of an execution issued out of the Honorable County Court of Hansford county, Texas, on the 26th day of May, a. d. 1921, in the case of C. D. Little et al., vs. Fred N. Lundy, No. 27, and to me as sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for sheriff's sales, on the 11th day of June a. d. 1921, at the farm of J. F. Edwards, about 12 miles southwest from Spearman, Hansford county, Texas, the following described property to-wit:

One span of sorrel mares, weight 1200 pounds, age about 8 years.
One sorrel mare colt, one year old.
One set leather harness with bridle.

Two low-wheeled wagons.
One cook shack.
One Bain wagon and water tank.
One J. I. Case threshing machine with belts.

One J. I. Case steam engine.
Levied on as the property of Fred N. Lundy to satisfy a judgment amounting to \$414.50, with 10 per cent damages for delay and 6 per cent per annum and costs of suit.
Given under my hand this 26th day of May, a. d. 1921.

H. L. WILBANKS,
Sheriff Hansford county, Texas

Notice For Bids

Sealed bids will be received by the school board of school district No. 8, Hansford county, Texas, for the erection of one 2-room school building. Bids will be open at 2:00 p. m., June 2nd, 1921, at the residence of R. E. Brooks. Plans and specifications may be seen at the office of the Spearman Equity Exchange in Spearman or may be secured from the architect, E. S. James of Texhoma, Okla. The school board has the right to reject any or all bids. Bids on the work and material combined or on either will be received.

Reduction in Price of Auto Tires and Tubes

A reduction of about 20 per cent on a part of our line, brings tires and tubes down to pre-war prices. We have had notice of a reduction on some of our line, but we are reducing our entire line about 20 per cent from present list price. We are selling 30x3 tires guaranteed on 6,000 mile adjustment basis for \$11.50; 30x3 1.2 non-skid, at \$16.00; 30x3 tubes \$2.10; 30x3 1.2 tubes at \$2.45. All other sizes with the same reduction. When in need of tires and tubes we will be glad to figure with you.

Yours for business,
R. W. MORTON.

Bob Thom arrived from Booker and Perryton Thursday to take his old position with the First National bank of Spearman. Elmo McGiellan recently resigned a position with this institution to look after his farming operations and Bob, who is sort of a utility man, was transferred back to this bank.
