ALL IN READINESS FOR BENEFIT GAME TO BE STAGED FRI.

Coch Elmer Gunn announces all is ready for one of the best games of the year when the 1936 Spearman Lynx team play a group of players including the Seniors of this year and a few ex-Lynx players. Both teams have been practicing for the past ten days and Coach Gunn feels sure that a very enjoyable contest will be staged. The game will be called at 3 p. m. Friday, May 17th. Proceeds of the game will go in a fund to send the 1936 players on their mountain training trip in August. Admission prices are only 10c and 25c.

Revival Services At Perryton Next Week

A series of revival services will be conducted at the Church of Christ at Perryton beginning Sunday, May 19th. W. V. Murry, former minister of the Spearman church will do the preaching. All day services with dinner on the grounds are planned for June 2.

Commissioners To Sit As Board Of Equalization Soon

Members of the Hansford County Commissioners court are checking the rendition sheets of the county this week and when this work is completed the Court will sit as an equalization board for the county. Those who desire to make any change in their renditions will meet with the Court during the next few days.

Baccalaureate Sunday May 19, Commencement Exercises To Be Held Thursday Night May 23

Spearman school patrons are prepared to turn all activities over to the students of Spearman during the coming week, with the Baccalaureate services to be held at the High School Auditorium Sunday evening, May 19th, and the Commencement program scheduled for Tuesday evening, May 23.

This year for the first time the Commencement program will be conducted entirely by the graduating class, and no out-of-town speaker has been selected to deliver an address. This procedure has proven very successful and beneficial in many of the larger schools of the state. It gives an excellent program and good training to the young graduates who are stepping out of school to take their places in the world.

The entire program for the closing week of school activities, together with the honor students and class roll follow:

HANSFORD MAY GET \$36,000. TAX REFUND FROM STATE GOV.

The story printed below was clipped from the Moore County News at Dumas. Up until press time the Governor had not signed the bill, but Moore County officials have the assurance that the bill will be signed. The bill as passed by the state legislature is for the purpose of augmenting any Federal Erosion program that may be inaugurated in the near future and will not interfere in any way with producers taking advantage of any erosion provision that the Federal Government will offer this section of the country. To Hansford county this means an initial fund of approximately \$36,000 annually for two years for use in the battle against soil erosion. The Commissioners court will have full control of the fund and any additional funds that might be derived for this purpose that the Federal Government might allow the court.

Can Levy for Program

Senator Small explained that commissioners' courts are empowered under the law, to assess non-resident land owners up to 15 cents an acre for funds with which to fight soil erosion and to use 20 per cent of automobile license fees for the same purpose. The funds could be used by the county courts in almost any manner deemed advisable for rehabilitating farm lands or in taking erosion. The county courts also are empowered to create special districts for borrowing funds for the erosion program from the federal government.

Judge Noel McDade received notice last Saturday from Senator Small that he had succeeded in getting the Panhandle 10-county soil erosion bill through the Senate with the inclusion of section 12 which was struck out from the bill passed by the House.

House Concurs Action

The bill was then sent to the House for concurrence and a wire to Judge McDade from Representative B. L. Rogers stated that the House had passed the same bill with the remission included by a vote of 82 to 23.

Means \$39,000 to Moore

This bill was then sent to Governor Allred for his signature which when attached to the bill will mean \$39,000 tax remission to Moore County and the setting up of the County Commissioners Court as an authority to administer the program and have the power to control all expenditures, also to act as an agency to receive any donations, grants or loans from the federal government to carry on this agricultural recovery work.

\$450,000 Total

Besides Moore County, the passing of this bill would mean full remission of state ad valorem taxes for two years to the counties of Dallam, Sherman, Hansford, Ochiltree, Hartley, Oldham and Deaf Smith, and 50 per cent remission to Parmer and Castro Counties. It is estimated that this would amount to a total of \$450,000 which would be handled in each county by their local commissioners as the controlling body.

Worked To Get It

This idea originated with Judge McDade of Dumas and he called a meeting of County Judges from a number of counties to meet in Dumas several weeks ago to try to get sufficient backing to get prompt action in the passage of a bill of this kind in the Texas Legislature. Little was accomplished at this meeting because of too many conflicting ideas being presented for discussion, however at the next meeting in Amarillo a clearer understanding of the movement was worked out and a resolution sent to the State Senators and Congressmen asking them to prepare the bill and present it for emergency passage. This was done with the result that the bill was passed by the House with the tax remission clause struck out which was the background or motivating clause which made the bill operative and without it the whole movement was practically worthless.

Judge McDade then immediately got busy and presented this miscarriage of the purported bill to Senator Small with the request that he work for the inclusion of the remission clause in the bill when it received action of the Senate. He sent letters, wires and phone calls showing the necessity

GRUVER SCHOOLS CLOSE FRIDAY, MAY TWENTY FOURTH

The Gruver School closes Friday, May 24. The Baccalaureate Sermon will be preached May 19 at the Community Church. The grade school exercises will be held Wednesday evening, May 22, while the commencement exercises will be Thursday evening, May 23 in the high school auditorium.

Grain Growers Attend Meeting at Amarillo

Manager Frank Cheney of the Spearman Grain Growers, Inc., Directors W. C. Williams, R. V. Converse, E. C. Greene, R. C. Bennett and Carl Hutchinson attended a stockholders meeting of the Texas Grain Growers Inc., held at Amarillo Tuesday of this week.

Commissioners Court Secure Right-of-Way For Highway 88 West

Members of the Commissioners Court of Hansford County spent Monday signing up land owners who gave right-of-way for extending the Highway 88 West from Gruver to the Sherman County line. The county will open up a road thru the new highway right-of-way, and if the state will accept the designation the highway will be worked with relief labor.

HANSFORD COUNTY WHEAT PRODUCERS CONTROL ASSO- CIATION ELECTION MAY 25

Every man or woman who is a party to contract or farms wheat as landlord, tenant or partner, is entitled to vote. The question is do you want the Department of Agriculture to continue with production control and distribution of benefit payments from the processing tax, or do you want Eastern interests to influence legislation that will end the processing taxes and deprive us of the benefits derived from the tariff on wheat.

Remember and vote Saturday, May 25 at the court house. Vote 100 per cent.

Election will be held by Jess Edwards, R. C. Bennett and R. V. Converse, precinct committee.

Russell's store making drastic reductions in DRESSES this week. You can get the Spring and summer dress you want at very reasonable price.

of the inclusion of this clause and pointed out that without the remission clause it was worse than nothing as it made it look as if this drouth stricken area was receiving assistance when as a matter of fact it was the recipient of a bunch of joker legislation amounting to absolutely nothing.

Since receiving notice of the passing of this bill Judge McDade while on a trip to Washington, D. C. to work in favor of the processing tax, will also call on the Secretary of Agriculture, Wallace and other heads of Department in an effort to get the federal government to make a grant to this cause of an equal amount or possibly with the state showing this cooperation they could be prevailed upon to include this in the category of the federal government matching 70 per cent federal to 30 per cent of state funds.

Further he will try to make arrangements for a federal loan to this agency to get it under operation immediately. Also Judge McDade is going to try to take up this \$1 an acre crop production loan problem which he heretofore received a telegram from Congressman Marvin Jones telling him that it has been passed, but somehow has failed to materialize.

He states that unless funds are available by June 15th that chances of a row crop will be lost and that if funds are not available for the fall wheat crop that this country will face a tremendous and irreparable loss.

Judge McDade seems to be fighting these battles with pretty nearly a lone hand and keeping steadily at it, but he seems to be getting nearer and nearer to attaining the results desired.—The Moore County News.

Rainfall which began late in the afternoon Sunday May 12th and continued with mists, showers and drizzling moisture Sunday night, Monday, Tuesday and up to Wednesday noon amounted to one and a half inches to two and a half inches over the county. The heaviest rainfall fell East and northeast of Spearman with reports coming in that from 2 to 3 inches of the precious moisture had fallen during the three days cloudy and rainy weather.

To the west of Spearman and the northwest the rainfall was very limited, with from .16 of an inch up to .72 of an inch reported. The rain evidently played out just beyond the west city limits of Spearman, as C. J. Todd of the irrigation farm reports less than a half inch during the three days.

Sufficient moisture to insure the growing of feed and row crops in the east section of the county brings new hope to those who will be busy the next few weeks preparing their land and planting field seed.

Reports from Amarillo, Clarendon, Pampa, Childress and cities south and east of Hansford county indicate the rainfall has been general over a large area.

CONE MOVED TO NEW LOCATION IN TIRE SHOP BLDG.

Cone Brothers Radiator and Welding and Brake Lining Shop has moved from its former location to the building recently occupied by the Allen Tire Shop. In addition to doing their regular line of radiator repair, welding and brake lining the Cone Brothers plan to carry on an up-to-date service station. They have stocked the Sinclair line of gas and oils and will soon stock tires, batteries, etc.

REOPEN SOIL EROSION PROGRAM ALLOWING 10c PER ACRE TO PRODUCERS

By permission of the Government the wind erosion program, allowing producers 10c per acre for listing their land, was reopened Tuesday of this week. The original allowance for Hansford county lacked some \$8,000 of being exhausted at the time the program was abruptly closed. When the funds appropriated have been exhausted the program will be closed.

LIVELY INTEREST AMONG FARMERS ON REFERENDUM

Wheat farmers of Hansford county are taking a lively interest in the wheat referendum to be held May 25th. However it should be pointed out here that eligible voters are not compelled to wait until May 25 but may vote with their local committees or at the county agent's office any time prior to the 25th. Ballots are in the hands of all committeemen at this time. It is absolutely necessary that farmers vote on this question. A light vote, even though it carries, will not express to government officials in a conclusive way that the farmers want this program to continue. Every bonafide wheat grower, contract signer, and non-signer is eligible to vote and should exercise his rights on this question.

Meetings will be held at the following school houses prior to May 25, at which a discussion of the past and future program will be had with interested farmers. Oslo—Friday, May 17, 2 p. m. Gruver, Sat. May 18, 2 p. m. Kimball, Monday, May 20, 2 p. m. Spearman, Tues., May 21, 2 p. m.

Morse Schools Close With Band Concert Tuesday, May 14th

The Morse school is closing its activities for this year with a band concert directed by M. C. Riemschneider and assisted by a quartet from Goodwell, Oklahoma, on Tuesday evening. The seventh grade commencement will be on Wednesday evening. The class will give a playlet and Principal W. A. Gillispie will address the class. The Senior Commencement will be on Thursday evening when Mrs. Roger R. Fife of Morse will address the Senior class. The Seniors are developing the theme, "Our School Trains for the Wise Use of Leisure Time." All honors will be awarded on Thursday evening.

Lynxette Basketball Girls Will Stage Pie Supper Friday Night

Lynxette Basketball Girls will stage a pie supper Friday night, May 17 in the school auditorium, for the benefit of the sweater fund.

All girls and women in the community are urged to come and bring pies. Any and all kinds of pies. The boys and men are also urged to come and buy the pies or all the pies.

The girls are depending on this event to buy basketball sweaters. Don't fail them. Be there at 8 o'clock.

SIXTR B REPORT

We surely will be glad when school is out.

In writing class we have been making little books for our little cousin.

Our room surely did like the rain especially as it happened on Mother's Day.

We are very sorry to lose Mary Haun, who has moved to New Mexico.

George Cox came to our room from Waka. We are very glad to have him.

We were very glad to have June Reed come to visit our room Wednesday, May 15th, 1935.

ASSEMBLY NOTES

Tuesday morning the student body was surprised with a one act play presented in chapel by the freshmen.

The story of the play was that one young man, desiring to get married so that he could obtain a job open for a married man, was telling his friend about all the girls he could have for the asking, as he described each one, she appeared and sang a short sketch of songs. All were different types of girls, but very desirable. While the boys were meditating on which girl to choose, the girls all came marching out on the arms of their grooms, to the strains of "Here Comes The Bride."

After the brides and grooms had departed the young man said that he was a bachelor by choice and nothing could make him change his mind.

P. T. A. CLOSES A SUCCESSFUL YEAR

Tuesday afternoon a goodly number of parents and teachers met in the high school auditorium for the last meeting of the year. This being music month, the primary department under the direction of Miss Garrison presented six very excellent musical numbers. This program was especially enjoyed since the P. T. A. has been urging for several years that we have a music teacher in the grade school, and they feel that the little folk have profited a lot by Miss Garrison's instruction. Another entertainment feature was a one act play presented by the freshmen.

Reports from the various committees showed that each had active and that much good has been accomplished. Outstanding projects for the year was the donation of 65 volumes of books to the high school library and the hot lunch project which has been greatly appreciated by the entire school.

MAJOR BATON HAS ENTERTAINMENT FOR MOTHER

The closing meeting of the Major Baton was held in the music studio on May 14, and the following program was heard:

Welcome, Ruth Wilbanks; America, Club; Junior Pledge, Club; Musical America, Geraldine Boland; Three Mother's Day Poems, Dorothy Jo Benton; "Roses of Picardy," Gertrude Barkley, Alma Johnson, Elsie Reed; Two vocal solos, Doris Kirk.

After the program our sponsor, Miss Maize announced our next year's sponsor, who will be Mrs. Bill Hutton. We are very glad to have Mrs. Hutton as our sponsor-elect, and we are sure will serve well. We have enjoyed having Miss Maize work with us this year.

The guests present were: Mrs. H. L. Wilbanks, Mrs. G. N. Reed, Mrs. Benton, Mrs. Main, Mrs. Perrin Lyon, Mrs. Bill Hutton, Mrs. Kirk, Miss Lawrence, Mrs. Meek, Mrs. P. M. Maize, Mrs. Word and Miss Lucile Maize.

SENIOR NOTES

Our invitations have come and have been posted to friends. The diplomas have arrived. We are certain of graduating now, but there was a time not long since when we were not so certain. It was at the Junior-Senior banquet that our fears were allayed. Kelly asked Prof. Word, at the banquet table if he would pass the nuts. Prof. Word said thoughtfully, "Yes, but there are a few I should flunk." So after all our fears we proudly say "Veni, Veni, Veni!"

These final exams hold no terror for us. Our fear of exams has never been so great as we have pretended. This dread talk is propaganda to prevent our teachers giving too severe exams. No teacher wants to be responsible for a stroke of apoplexy in one so young.

We are practicing on the programs for commencement. As a Senior privilege along with some gum chewing in study hall, we shall have a week of vacation before school closes.

And now, we have come to write the final chapter in the Senior notes for this year. It has been great fun writing these articles and Look Who's Here columns for the Lynx News. I hope the students have taken the articles in the same spirit of fun in which they were intended. Mr. Miller deserves a medal for printing all these notes with their "Barbaric yawn" as Walt Whitman said, I missed writing only one copy during the school year (I was out of town on prep day). Still the critics rave of Shakespeare. Is there no justice?

To all those students and teachers who so generously gave me news items, I sincerely say, thank you.

I wish to acknowledge the use of many items from Will Rogers, Elmer Gunn, Don Marquis, Ed Wynne, and one Mr. Bill Shakespeare without their knowledge or consent.

I hear the Recessional. I must write "Finis" and reluctantly close the book of High School

LOOK WHO'S HERE

(Censor, stay way from my door) "Listen, my classmates, and you shall hear The inside story of our sponsor, dear."

It is none other than James Elmer Gunn, himself in person. While a kindergartener, being a perfect gentleman, he loved his teacher. Yes, she was a blond. He has never departed from this early training. In college he played half-back in football and way back in English. He is the man with the stop watch in typing class who makes the typists have the jitters. In Public Speaking we learned to "Go down to the Sea" in a bass instead of boats. Perhaps his greatest talent is as a chaperone at Senior picnics and parties. He eats weiners like a veteran. He also does card tricks. Remember his whistling solo while calling the roll the first day when we were noisy Juniors?

The football boys say his fame rests on the laurels of winning teams in football he has made for 2 years. He has upheld the tradition of losing no game to Perryton. But we contend his greatest fame rests on being sponsor for the Senior class of S. H. S. '35. We know only too descriptive adjectives, rotten and swell. The first one is out. Mr. Gunn certainly has been one swell sponsor for us this year. Let's give him a big hand!

SEVENTH GRADE NEWS

We are working hard on our program for next Tuesday night. We want everyone to come and we feel that they will enjoy it.

We are taking the Comprehensive Achievement Tests for Texas seventh grade this week. These tests are given on every subject. We have written some original stories in script this week. Some of them are real good.

HOME ECONOMICS PLAY SCHOOL KIDS

In connection with our Child Guidance Unit the Home Economics I class is conducting a play school for pre-school children, Monday, Wednesday and Friday afternoons of this week. Those enrolled Monday were: Melvin Roy Mizar, Anita Burgess, Verna Lee Gibner, Donald Lou DeArmond, Sonny Howell, Charlene and Sonny Boy Chambers, Annie Ruth McCarty, Joan Hoskins and Mary Jean Hitt. We enjoy having these children and thank their mothers for bringing them. We also thank Mrs. Tuttle for allowing us the use of some of the primary school equipment. Frances Hoskins and Maxine Allen are proving to be very able directors of the play school.

The following schedule is carried out:

- 1:45-1:50—Remove and hang up wraps.
- 1:50-2:15—Free Play.
- 2:15-2:20—Rest.
- 2:20-2:25—Toilet.
- 2:25-2:30—Wash.
- 2:30-2:40—Orange juice.
- 2:40-3:10—Free play, stories, or games.
- 3:10-3:15—Put away toys and get ready to go home.

International Sunday School Lesson

By DR. J. E. NUNN

Sunday School Lesson, May 19.

General Topic:—

BAPTISM.

Scripture Lesson:—

Matt. 28:19, 20; Acts 8:26-39.

Matt. 28:19, 20; Acts 8:26-39.

Go ye therefore, and make disciples of all the nations, baptizing them into the name of the Father and of the Son and of the Holy Spirit.

20. Teaching them to observe all things whatsoever I command you; and lo, I am with you always even unto the end of the world.

Acts 8:26. But an Angel of the Lord spake unto Phillip, saying, Arise, and go toward the south

unto the way that goeth down from Jerusalem unto Gaza; for the same is desert.

27. And he arose and went; and behold, a man of Ethiopia, a eunuch of great authority under Candace, queen of the Ethiopians, who was over all her treasure, who had come to Jerusalem to worship.

28. And he was returning and sitting in his chariot, and was reading the prophet Isaiah.

29. And the Spirit said unto Phillip, Go near, and join thyself to this chariot.

30. And Phillip ran to him, and heard him reading Isaiah the prophet, and said, Understandest thou what thou readest?

31. And he said, How can I, except some one shall guide me? And he besought Phillip to come up and sit with him.

32. Now the passages of the scripture which he was reading was this: He was led as a sheep to the slaughter; and as a lamb before his shearer is dumb, so he openeth not his mouth.

33. In his humiliation his judgment was taken away; his generation who shall declare? for his life is taken from the earth.

34. And the eunuch answered Phillip, and said, I pray thee, of whom speakest the prophet this? of himself, or of some other?

35. And Phillip opened his mouth, beginning from this scripture, preached unto him Jesus.

36. And as they went on the way, they came unto a certain water, and the eunuch saith, Behold here is water; what doth hinder me to be baptized?

38. And he commandeth the chariot to stand still; and they both went down into the water, both Phillip and the eunuch; and he was baptized.

39. And when they came up out of the water, the Spirit of the Lord caught away Phillip; and the eunuch saw him no more, for he went on his way rejoicing.

Golden Text:— Go ye therefore, and make disciples of all the nations, baptizing them into the name of the Father and of the Son and of the Holy Spirit.

Matt. 28:19.

— INTRODUCTION

"We do not recognize a variety of sacraments. Our Lord ordained only two, but they are exceedingly precious and significant.

Baptism, like the Fourth of July, the Passover, the Lord's supper, is a historical monument. It witnesses to the world that Jesus died and rose again. In celebrating it we show forth the Lord's death as truly as in the celebration of the supper. But it is more than a historical monument. It is also a pictorial expression of doctrine. Into it are woven all the essentials truths of the Christian scheme. A. H. Strong.

BAPTISM COMMANDED

Go ye therefore, and make disciples of all nations, baptizing them into the name of the father and of the Son and of the Holy Spirit. The ordinance of baptism

is commanded in the Great Commission which is the Magna Charta of the Christian churches to this day and to the end of the world.

CHRIST IN THE COMMISSION

NOTE seven things:

1. Christ gave the Commission to an audience of his disciples probably numbering nearly six hundred.

2. Christ embodied in the Commission his program for the conquest of the world.

3. Christ based the Commission on his earthwide, age-long, and heaven-high authority.

4. Christ contemplated in the Commission the personal participation of all his disciples: "Go ye!"

5. Christ specified in the Commission the field of work: "All nations."

6. Christ defined the Commission the word to be done: First, "make disciples" thus winning them to Christ; second, "baptizing them," and thus uniting them in the work and worship of the Lord; third, "teaching" and thus leading them into complete and continual obedience to Christ.

7. Christ crowned the Commission with the promise of his personal and perpetual presence unto the consummation of the age.

BAPTISM IN THE COMMISSION

Concerning the place of baptism as defined in the Great Commission we note:

1. It is definitely commanded by him who claimed all authority in heaven and on earth.

2. It is to be administered by those who hearing Christ's call and heeding his Commission go out among the nations to enlighten and evangelize the world.

3. It is to be submitted to by those who turning from sin and trusting in the Saviour become disciples of Christ.

4. It anticipates the perpetual presence of the Lord with the individual Christian all his days and with the body of believers till the end of the age. "Lo, I am with you always, even to the end of the world."—Matt. 28:20.

A BIBLE EXAMPLE OF BAPTISM.

Acts 8:26-39

"They both went down into the water, both Phillip and the eunuch; and he was baptized him. And when they came up out of the water, the Spirit of the Lord caught away Phillip; and the eunuch saw him no more, for he went on his way rejoicing."—Acts 8:38, 39.

The story of Phillip and the Ethiopian presents a thrilling picture of the baptism of a distinguished convert to the Christian faith.

The Candidate For Baptism

Note several things about the candidate for baptism:

He searched the Scriptures for himself.

He inquired of Phillip as to the meaning of the prophecy he read.

He attentively heard and joyfully accepted the truth that was preached unto him.

He desired to be baptized at once.

He made his profession of faith.

He was baptized.

He went on his way rejoicing.

The Administration of Baptism

Acts 8:28, 39

Brief and simple but richly significant is the divine record of this administration of the ordinance:

1. Phillip and the Ethiopian alighted from the chariot in which they were riding and conversing, when they reached "a certain water."

2. Then they both went down into the water, both Phillip and the eunuch."

3. There "he baptized him."

4. Then in a few moments, "they came up out of the water" and were separated from each other.

That was an example of New Testament baptism.

Important Points About Baptism

"In the first place, we are all agreed that baptism is an ordinance of Christ. He recognized John's baptism as from heaven. He submitted to it himself in the waters of the river Jordan. He baptized through his disciples, as during his early ministry in Judea. He enjoined it upon his followers, as in the Great Commission given on the mountain in Galilee."

"In the second place, we all agree that baptism is the ordinance which introduces the believer into the visible church. This is clear from the commands given us in the Great Commission. And it is evident also from the practice of the apostolic churches, as at Pentecost when the multitude of believers was baptized into the fellowship of the church at Jerusalem."

"In the third place, we are all agreed that baptism symbolizes the death of Christ for sin and his resurrection in power; and that it also sets forth graphically the believer's death to sin and resurrection to newness of life in Christ."

"In the fourth place, we are all agreed that baptism precedes the Supper. This is exhibited in the participants of the Supper when it was instituted by Christ with only the eleven disciples present in the Upper Room."

"In the fifth place, we are all agreed that immersion is baptism. Many say that something else will do as well, but none will declare that immersion is not baptism. It is the coin that is current in all denominations."

ANOTHER INSULT TO THE PANHANDLE

JHON McCARTY, IN THE DALHART TEXAN

Another impractical, publicity seeking brain trusting professor has stepped in where he has no business and made a suggestion which Panhandle citizens emphatically resent. We refer to the recent AP. interview granted Walter B. Pitkin, professor of Journalism, Columbia University, who has advanced the idea of removing about 110,000 farm families from the Great Plains area to the Atlantic Seaboard and South Texas. His idea is an insult to this plains country an dits citizenship. Professor Pitkin beyond any doubt is an excellent and successful teacher and writer and a great swivel chair farmer but our sincere hope is that he keeps his nose out of our business.

A good many of our best citizens here formerly farmed in South Texas and left there to come here because this country was so far superior to that region from a health and farming standpoint. Most of the damage from soil erosion in this region was caused by farmers who moved here from supposedly favored regions and didn't know how to farmland or didn't care. Those who live here recognize the drought cycle as only a temporary matter and they prefer to live in this high climatic energy zone among the purest strain of Anglo Saxon people on earth. Finally our citizens feel that present conditions have served to remove tenderfoots and has left the strongest possible strain of citizenship in the Panhandle. They don't want to leave and they don't want any white-collared advice from some Eastern professor who doesn't know this Plains area and its problems.

As founder and on behalf of the Last Man Club in this region wherein our citizens have pledged themselves to be the Last Man to leave this country, I want to express our deepest regrets and resentment at such a suggestion as made by Professor Pitkin. And as a lifelong Democrat of Texas I want to say that the true Democrats of the Panhandle deplore this unwise plan and this disgraceful publicity as advocated by Professor Pitkin and any of his colleagues, be they Democrats, New Dealers or Communist. We yield to no section in our Democracy and in our love for our own country but we feel that perhaps things have gone a bit too far when such a plan is proposed for the Rural Re-Settlement Administration or to the Texas Industrial survey of which Professor Pitkin is serving a professional adviser. As a man who has pledged himself to this region always and who came here from the lowlands of South Texas in a covered wagon I deeply resent the implied insinuations against our Plains country and charge they were based on ignorance of this region and its true status as a livestock and agricultural empire. Neither can we see any bright prospects in competing with the negro tenantry of the South Atlantic Seaboard.

Professor Pitkin should realize the Plains region is in the High Climatic Energy zone with the most ideal health and climatic conditions. He should realize this country is capable of producing fifty to one hundred million bushels of wheat annually, that it bids fair to rival Iowa and the Midwest as a corn, hog and cattle feeding empire and that it is a region conducive to the highest type of living and thinking. It is almost entirely devoid of malaria, ignorance, chills, inertia, fevers and such ailments common to South Texas and the Atlantic Seaboard states. He should realize that its citizens wouldn't swap one acre of this land for ten anywhere else and that the only discomforts they ever experienced is an occasional drought and in the past year some rather bad dust-storms blowing in here from mid-western states.

Surely a University Professor, a writer and a farmer of the reputation of Professor Pitkin would know better than to issue a statement and a regrettable insult against one of the best regions in the United States. We like the professor in his own field of writing and public speaking but this is one time he led with his chin against the greatest group of fighting citizens the nation has ever known.

Mr. Pitkin we resent the insult, we employ your ignorance and we challenge your ability and your theories about the Plains country. We invite you to make an honest investigation.

As Carl Hinton, Amarillo Chamber of Commerce secretary, recently told President Roosevelt:

"Our people don't want to leave this country. They don't believe they can find a better place to live."

WHAT IS "AMERICANISM"

We hear on all sides many discussions as to exactly what is meant by the word "Americanism." What, precisely, is this American spirit and tradition which, some complain, is vanishing under the strain of economic distress?

It seems to us a very simple matter. The American tradition is the tradition of individual liberty. The American spirit is the force that impels every American to pursue his own chosen course to the limit of his ability. Under any genuine definition of Americanism every individual is free to travel as far and as fast in any direction as he chooses or is able to go.

By that definition of Americanism no man is bound for life or for longer than he pleases to any group, class or party. Once he so binds himself he is sacrificing his inborn American right of individual choice, whether he affiliates with a political party such as the Communists, which dictates to each of its members just how they shall act under any conditions, or with a labor organization which denies him the right to work at whatever job he pleases, or with any other class or group short of the whole nation. One cannot admit even to himself that he is limited by anything but his own ability and an essential respect for the rights and liberties of others, and be true to the American tradition.

We have no idea how many people have sacrificed their independence for fancied security; the temptation has been great, but we fancy fewer have succumbed to it than is generally believed. We think the old American spirit of personal liberty of thought and action still survives and, in the long run, will continue to rule America.

COUGHING, WEAK AND THIN AFTER FLU

"I nearly died from 'flu' last October, and it left me with a terrible cough.

I saw Milks Emulsion advertised and started using it. It helped me right from the start. I had no appetite and my stomach was in bad shape. But 12 bottles have straightened me out entirely. I eat anything without distress, my cough is gone and I have gained back my strength and flesh."—Emma Withers, Box 50, Belmont, N. C.

Milks Emulsion restores healthy, natural bowel action. Milks Emulsion is strongly recommended to those whose sickness has weakened. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Wonderful for weak, sickly children. You are urged to try Milks Emulsion. Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. Wasted Food Dollars

The Penalty of Poor Refrigeration

According to the U. S. Government, food spoilage wastes one dollar of every ten that the average family spends for food. This appalling waste is largely the result of improper refrigeration . . . of temperatures too high to prevent the growth of the tiny micro-organisms that cause decay.

50 Degrees . . . The Danger Line

Science has proven that 50 degrees is the danger line in food preservation. Above 50 degrees, micro-organisms multiply and foods become tainted. Below 50 degrees, the spread of micro-organisms is retarded and foods remain fresh and wholesome.

Use Ice or Electricity . . . But Refrigerate Adequately

Modern refrigerators—both ice and electric—maintain temperatures below the 50 degree level. They assure you proper food preservation at low cost. If your present means of refrigeration fails to provide the temperatures prescribed by science, see the modern ice and electric refrigerators on display at your dealer's or in our office. Prices are low and terms moderate.
