## MAKING THE BANKS SAFE

Every bank account of \$2,500 or less in the United States, except of course, those in banks which have not been reopened because of unsoundness, is now insured against loss to the depositor. How this will work out for the banks is as yet uncertain. Some people think it will make bankers careless with other people's money, since they have the nation-wide insurance fund to fall back on in case they make mistakes. Our idea is that it, among other things, will make banks a great deal more careful than many of them were up to a year ago. When ten thousand out of thirty thousand banks fail or temporarily have to close down because they have been involved, directly or indirectly, in careless or risky use of their deposits there isn't much to brag about in the matter of careful banking in the past.

We believe that the banks of the nation, generally speaking, are in a sounder position than they have been in many years. We know that there no risk to any small depositor now in placing his money in any bank which the Government allows to stay open. We think there is still a good deal to be done before the banking system of the United States can function in all respects as efficiently as it ought to. There are still too many small banks, insufficiently capitalized to meet the needs of their communities. We do not believe there are many deliberate crooks in control of banks any longer, but we are not sure that every set of bank officials is as competent and filled with the sense of responsibility as they ought to be.

What has shaken public confidence in banks and bankers is not only the thousands of failures of small banks, but the shocking disclosures in the Senate Committee investigation, of the way in which the heads of some of the big banks enriched themselves at the expense of the public. We realize that a sound banking system is essential to the conduct of business, and we do not think that bankers generally are in good position to protest against being regulated and restricted.

## THAT HOMESTEAD EXEMPTION

It will be recalled that the people voted an Amendment to the Constitution two years ago to exempt homesteads from state taxes up to the value of \$3,000. At the time estimates of the amount of the exemption varied from four to six million dollars. We have had one year of the exemption and here are the facts as disclosed by the tax rolls:

The total assessed value of the counties for 1933 was \$3,764,139,512, leaving the amount of property represented by homesteads amounting to \$566,022,061. Applying the State tax rate of 77c on the \$100 would show an exemption of \$4,358,369 gross.

Many counties by reason of low values of property, were forced to raise the tax rate in order to take care of the interest and sinking fund on bonds, hence, the actual exemptions will be much smaller than the above figures.

## TAXATION AND HOMESTEAD EXEMPTION

When people voted a homestead amendment exempting homesteads up to \$3,000 taxable value, from State taxes, they naturally thought they were going to get a considerable reduction in their taxes, but it is just the same old story over and over—you cannot support a government as expensive as the State and local governments are in Texas, especially by paying interest on bonds and expect to reduce taxation to any appreciable extent in one way without having to make up the deficit in another. This is exemplified in the homestead amendment above referred to, and the best evidence of the fact that it has not reduced taxes to any great extent and in many counties not at all, is in comparison of your 1933 tax receipt with your 1932 on the same property and same values and let those figures tell the story. The facts told by these figures are you cannot reduce taxes unless you eliminate the expense that the taxes are used for. We have already noticed a forecast that some candidates for the Legislature will likely advocate the homestead should be exempt from State and local taxation. Any man that advocates such exemptions in the fact of our bonded indebtedness is more to be pitied than censured, unless of course, he has in mind a complete repudiation of all debts.

## UNUSUAL FACTS REVEALED—by "Movie Spotlight"

Englewood Enterprise: It is seldom the people an opportunity to grow winter gardens in Van with such success as they have had this winter. er have flower lovers enjoyed their flower yards the winter months as they have up to now. Be or not, some of the housewives here in prospero Van Zandt (that's what we call it during prod times) are plucking flowers from their yards gathering things for the dinner table out of gardens

The California climate seems to have come to while the Hebrides climate has gone to California Hebrides climate is very changeable, and cold rain waves and tidal waves all over the place. Texas winter vegetables have flourished and flowers frolicked for a full year. Santa Claus tonished and delighted when he came down from Polar igloo to favor the children of this state with rarest gifts. He went through Texas with his and his suspenders down, sometimes using his whiskers to wipe the perspiration from his brow weather wasn't hot, only just right, but Santa having left his headquarters during an Arctic blizzard felt the change. If he went back home without a coat on his coat we fear he took influenza. If Santa Claus no doubt has told him "I told you so" and over again. At any rate, this Texas winter favored Texans almost as much as the recent winter when it allowed a \$3,000 tax exemption on vegetable stands. Texas tables have groaned under the weight of fresh vegetables, right out of the garden, crisp and crisp as new money. We have a wonderful winter in this Texas, with nothing at all to vex us.

## THOSE UNPRODUCTIVE FARMS

We have been greatly interested in Professor Tugwell's exposition of the program for taking unproductive land out of use. Professor Tugwell, as Secretary of Agriculture and a trained economist, looks forward to a time when all land on which it is difficult or impossible to make a living through agriculture will be taken over by the Government or converted into parks and forests, or else reserved solely to residential purposes for those who have no other sources of income.

A long step has been taken in that direction, but immensely more needs to be done if this beneficent program is to be carried out in its completeness. It is something which can be done in a hurry. A full program of reclamation would seem to us to be about as soon as it could be accomplished. For, regardless of whether they make a living on it or not, most farmers feel a deep attachment to the land on which they have labored and will consent to move or be moved only under the severest sort of pressure.

The farmers who will farm the productive land will be mainly those who now own those farms and their descendants. Possibly there is still some unproductive cultural land that can be brought into efficient production through irrigation, but there is hardly any land to settle all the present occupants of bad farms. Professor Tugwell reports that only 10 per cent of the American farm which are classified as unproductive produce only 2 per cent of the marketable crop.

We wonder whether Mr. Tugwell and the other eminent economists and statisticians concerned with the account whatever of the human factors involved in farming are looking on farming as a commercial enterprise, whereas to probably the majority of farmers it is a mode of living, with cash crops of secondary importance. We think that before the whole scheme of agriculture can be changed there must be some alterations in human nature.

#### Sunday School Lesson

FOR JANUARY 28th  
General Topics:  
STANDARDS OF THE KINGDOM  
Scripture Lesson:—  
Matt. 5:1-12; 43-48.

1. And seeing the multitudes, he went up into the mountain, and he had sat down, his disciples came unto him.  
2. And he opened his mouth, and taught them, saying,  
3. Blessed are the poor in spirit, for their is the kingdom of heaven.  
4. Blessed are they that mourn, for they shall be comforted.  
5. Blessed are the meek; for they shall inherit the earth.  
6. Blessed are they that hunger and thirst after righteousness, for they shall be filled.  
7. Blessed are the merciful; for they shall obtain mercy.  
8. Blessed are the pure in heart; for they shall see God.  
9. Blessed are the peacemakers; for they shall be called sons of God.  
10. Blessed are they that have been persecuted for righteousness sake; for theirs is the kingdom of heaven.

11. Blessed are ye when men shall persecute you, and shall say all manner of evil against you falsely, for my sake.  
12. Rejoice and be exceeding glad; for great is your reward in heaven, for so persecuted they the prophets that were before you.  
13. Ye have heard that it was said, Thou shalt love thy neighbor, and hate thine enemy:  
14. But I say unto you, love your enemies, and pray for them that persecute you;  
15. That ye may be sons of your Father who is in heaven; for he maketh his sun to rise on the just and the unjust, and sendeth his rain upon the just and the unjust.  
16. For if ye love them that love you, what reward have ye? do not even the publicans the same?  
17. And if ye salute your brethren only, what do ye more than others? do not even the heathen the same?  
18. Ye therefore shall be perfect, as your heavenly Father is perfect.  
19. Golden Text:—Blessed are the merciful; for they shall see God.—Matt. 5:8.  
20. Midsummer of A. D. the second year of Christ's ministry.—The Horns of Hattin, a west of the Sea of Galilee.  
21. Parallel Passages:—The "Sermon on the Plain," Luke 6:20-49.

**INTRODUCTION**  
The Sermon on the Mount is the moral law of the kingdom of God, or in other words it occurs in the New Testament the which in the Old Testament is called by the Ten Commandments.—Bishop Charles Gore, a great discourse occupies the chapters of Matthew, and are to study the chapters on successive Sundays. St. Augustine first gave it the name "The Sermon on the Mount," and called it "The Magna Carta of the Kingdom of God." It is named "The Manifesto of the King." Jesus may well be called the King of the Kingdom of God, and the entire discourse is delivered at this time, and portions of it at other times. Every sermon preaching once is a preaching often and in many forms. The sermon on the Mount is logically constructed and it stands a unified and a great discourse. "Chesterton somewhere that on the first line you feel that it turns upside down, but the more you read it you find it turns everything right side up." "The main moral text in the word 'Christian' is the Sermon on the Mount."—R. E. Stanley Jones, in "The Mount of the Beatitudes."

The traditional "Mount of the Beatitudes" is Kurn Hattin, or Hattin, a two peaked about sixty feet high near the west coast of the Sea of Galilee, two or three miles from the sea and seven miles west of Capernaum. Between the two peaks is a level large enough for a considerable audience, Luke's "plain." We think of Jesus as going up a slight eminence to one side, from that pulpit addressing through Luke 6:12 tells us Christ had spent the preceding night in solitary prayer, doubt that he might be divinely led in the selection of his twelve disciples, which immediately preceded the Sermon on the Mount. The sermon was addressed particularly to the Twelve, and then to all assembled.  
1. "Blessed are they that mourn," v. 4.  
2. "Everyone shrinks from sorrow first and needs to learn its sadness in the school of Christ. It is not only a great Christian, but it is a practical, common-sense truth, the sorrow is necessary for the making of character and the perfecting of life."—Rev. T. Arthur Bailey, "For shall be comforted." "Comfort" is from the Latin words, "com," strong, and "con," together; "made strong together." "Christian comfort means the strength that comes from fellowship with Christ. "The promise

in the first Beatitudes involves coming to Christ, that in the second Beatitudes involves abiding in Christ.—Rev. Howard Agnew Johnson, D. D.

"Hunger and Thirst After Righteousness," v. 6.  
"Blessed are they that hunger and thirst after righteousness; for they shall be filled." This Beatitudes "shows us a man ravenous with hunger, parched and panting for food and drink, then we are among the blessed of the Lord."—Principal W. B. Selbie. "Always pursuing yet always attaining; always hungry, yet always drinking—that is God's immortal programme for immortal souls."—Rev. Frederick F. Shannon, D. D. "To hunger and thirst after a thing is to feel that you need it, you desire it, you must have it. That is the 'I want' of life. But if we are to be happy and if life is to be satisfied, Jesus tells us that we must hunger and thirst after righteousness. Desire and duty must blend. Blessed are they in whose heart the two voices say the same thing."—Rev. Percy C. Ainsworth.  
"Blessed Are the Merciful," v. 7.  
"Christ did not mean that a man was to be merciful for the sake of obtaining mercy from God, but that if he were merciful, he would as a necessary result, obtain mercy. Mercy is the reward of mercy. Those who give mercy become more and more merciful. "Serene and happy lives the man who has learned to think well of his friend and of the world he lives in, who is not looking for faults or offenses of his fellows, whose mind instinctively takes a generous and a gentle view, and whose heart is forever overflowing in the little tenderness which make life gracious and beautiful. The source of happiness is to others, that man is happy himself."—Rev. R. H. Fisher, D. D.

"The Peacemakers—Sons of God," v. 9.  
"Blessed are the Peacemakers; for they shall be called the sons of God." Let us remember how the "herald angels" at Bethlehem sang of "peace on earth." These sons of God were not, it must be noticed, the Peace-Lovers or the Peace-Talkers; they were the Peace-Makers, the constructive agents of tranquillity, the efficient contributors to security, the "mediators of peace." The Peace-Makers are not merely peaceable; they are committed to a continuous and creative task."—Prof. Francis G. Peabody.  
"The Order of the Sons of God! Some of the titles which people invent for themselves are very high sounding, but they are not necessarily true. But if God calls us sons, we may be sure that it is neither fancy nor flattery, but that there is good reason for it. That reason is that those who are so called are really like himself."—Rev. Will Reason.  
"Reproaches 'For Christ's Sake' v. 11.  
"Reproaches are no blessing of course, unless they are spoken falsely, and persecution in itself brings no beatitude, but only when it is incurred in the service of Christ. "This is the key phrase which locks up the whole list of Beatitudes: 'For Christ's sake.' It is this that transmutes poverty of spirit into heavenly humility, that brings comfort to the mourning, and glorious riches to the meek, and plenty to those that hunger and thirst after righteousness. I is this that has been the spring of mercy in the merciful, of peace in the peace and heart, and it is this and this only that makes it a glory to endure the scoffs and revilings and persecutions of men."—Prof. Benjamin B. Warfield.  
"Ye Are the Light of the World" v. 14-16.  
Having set before his hearers a portrait of the Christian, our Lord bade them not to conceal it, but to illustrate it before all men, not for their own glory, but for God's. They are to be "the light of the world," but a light lit from above.  
"Am at Perfection, v. 48  
"Ye therefore shall be perfect, as your heavenly Father is perfect." The Authorized Version had the imperative, "Be ye perfect" but this is the future (compare Matt. 1:21) with the force of command. The absolute perfection of God is not attainable, but to man's capacity and condition is.—Prof. W. W. Slater.  
In these hopeful words of the Master we hear sounded the keynote of the harmonious anthem which shall usher in the dawn of the second creation. The end of this royal law is man's perfection, completeness and entirety."

**Guaranteed Treatment For Tender Stomach**  
Dr. Emil's Adla Tablets bring relief from stomach pains between meals due to acidity, indigestion, and heartburn. If not your money is refunded.—Hale Drug Co.

**Science says Today use a LIQUID Laxative**  
If you want to GET RID of Constipation worries—  
Any hospital offers evidence of the harm done by harsh laxatives that drain the system, weaken the bowel muscles, and in some cases even affect the liver and kidneys.  
A doctor will tell you that the unwise choice of laxatives is a common cause of chronic constipation.  
Fortunately, the public is fast returning to the use of laxatives in liquid form.  
A properly prepared liquid laxative brings a perfect movement. There is no discomfort at the time and no weakness after. You don't have to take "a double dose" a day or two later.  
In buying any laxative, always read the label. Not the claims, but the contents. If it contains one doubtful drug, don't take it.  
Dr. Caldwell's Syrup Pepsin is a prescriptional preparation in which there are no mineral drugs. Its ingredients are on the label. By using it, you avoid danger of bowel strain. You can keep the bowels regular, and comfortable; you can make constipated spells as rare as colds.  
This test has proved to many men and women that their trouble was not "weak bowels," but strong cathartics.  
First, Select a good liquid laxative. 2. Take the dose you find is suited to your system. 3. Gradually reduce the dose until bowels are moving regularly without any need of stimulation.  
Syrup pepsin has the highest standing among liquid laxatives, and is the one generally used. It contains senna, a natural laxative which is perfectly safe for the youngest child. Your druggist has Dr. Caldwell's Syrup Pepsin.

**Now We Don't Have to Go Out!**  
Allotment checks are being received. Use a part of this money to have a telephone in your home. Think of how much comfort it will be when rain, wind, sleet and snow make traveling bad. And always the telephone is ready to bring help in time of sickness or accident to family or valuable stock.

### "President's Ball" To Be Staged at Perryton On Wednesday, Jan. 30

Special to The Reporter: Perryton, Texas, Jan. 23.—Perryton is joining with more than five thousand other cities and towns throughout the United States on the evening of January 30, in staging "Birthday Balls" honoring the anniversary of President Roosevelt's 52nd birthday. The parties are being held here, staged by the Young Democrats of Ochiltree county, the entire net proceeds to go to the national endowment of the Warm Springs, Georgia, Foundation for the treatment of infantile paralysis.

One of the Perryton parties will be in the form of a "President's Birthday Ball," to be held at Donley Hall. Music for the affair will be furnished by a ten piece colored orchestra from Amarillo. Dutch Campbell and his Rhythm Boys. Donley Hall has one of the largest dance floors in the Panhandle, with 7,000 square feet of hardwood floor, assuring plenty of room for everyone.  
A separate party in the form of a "President's Banquet" is being held at the Hotel Perryton Coffee Shop at 7:30 o'clock in the evening. A suitable program will be held for those attending, concluded with the radio broadcast of the President's own party, featuring the greatest array of radio talent ever assembled, followed by an expression from President Roosevelt, over a national radio hookup.  
Perryton invites citizens from all neighboring communities where birthday parties are not being held, to join with them in the observance of the greatest occasion. Ticket sales for the ball are being handled in Spearman by Bruce Sheets. Anyone wishing them can obtain them at \$1.00 per couple for the banquet or ball.

**SPEER ON COMMITTEE**  
Canyon, Jan. 9.—Supt. J. B. Speer of Morse has been asked to serve on the Committee on Nominations and Elections for the Northwest Texas Educational Conference, which will hold its meeting in Canyon during the month of March.

### Why Get Up Nights? LAX THE BLADDER WITH JUNIPER OIL, BUCHU, ETC.

Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUCKETS, the bladder laxative, also containing Buchu leaves, etc. Works on the bladder similar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep.—Hale Drug Company.

**Why Liquid Laxatives are Back in Favor**  
The public is fast returning to the use of liquid laxatives. People have learned that the properly prepared liquid laxative will bring a perfect movement without any discomfort at the time, or after.  
The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. A child is easily given the right dose. And mild liquid laxatives do not irritate the kidneys.  
Doctors are generally agreed that senna is the best laxative for everybody. Senna is a natural laxative. It does not drain the system like the cathartics that leave you so thirsty. Dr. Caldwell's Syrup Pepsin is a liquid laxative which relies on senna for its laxative action. It has the average person's bowels as regular as clockwork in a few weeks' time.  
You can always get Dr. Caldwell's Syrup Pepsin at any drugstore, ready for use. Member N. R. A.

MORSE NEWS

Rev. G. E. Tyson, Methodist pastor of Gruver, filled his regular appointment here Sunday morning. His sermon, the text of which was "The Use of Opportunities," was especially good. At Sunday's regular meeting of the Young People's Association, several interesting numbers were presented with Hazel Gay in charge of the meeting. Having disposed of their two-wheeled vehicles, M. C. Reimenschneider and Stanley Kelly are now sporting automobiles of uncertain vintage. The men's town team defeated Stinnett here Wednesday 26-12 in an easy victory. The Boy Scouts met Thursday evening, practiced signaling, and played games. Mr. and Mrs. Charlie White and family moved into the E. B. Miller house Monday. Bub Durham, Jack Noe, Fred Copple, Woodrow Forester and Desmond Kelly were in Berger on Sunday evening. The school board met Tuesday evening. Citizens of this community residing in Hutchinson county were laid off one week, but will resume work next Tuesday. Horace Tompkins returned on Wednesday from Fort Worth, where he has been for several months.

PRINGLE NEWS

Leisure time says Supt. Shulky of Berger is first of the cardinal principles in education, in his address on "Wise Use of Leisure" at the Pringle Parent-Teacher meeting on Friday evening, Jan. 19th. A person who dissipates his time cannot promote health. Improper leisure wrecks homes. Boys and girls need to be able to discriminate between pleasure that degrades or upholds. The purpose is not to fill up idle hours, but to build up. School, church and community agencies unite the home. At school the pupil is taught by the teacher to enjoy nature, art and music appreciation, also athletics. Church has responsibilities for leisure time of young folks. No education is complete until character is developed. School cannot assume all responsibilities. Parents must "be pals to their children" and win their confidence. A normal child craves so-

cial activities. A parent must furnish good books, scrap-books and socials in the home for a child's leisure hours. The community should prepare a meeting place for young folks as well as adults to gather and enjoy proper entertainment. Different individuals have different disposition and need different entertainment. Mrs. Hugh Cyphers of Berger, District Chairman of the Parent Education gave a short talk on parent education and highly praised the Pringle unit for having a Father's Study Club. The play "Sauce for the Gossins" put on by the pupils of the English Classes was enjoyed by all. The play pertained to the use of better English in preference to slang. Miss Esteline Harris, English teacher directed the play. The Executive Board of the Pringle Parent-Teacher Association met Thursday afternoon January 18 with eleven members present. A first aid kit was purchased for the school, also two play balls and one ball bat to be used for practice in the interscholastic league work. It was voted to buy pictures for picture memory.

THIS WEEK IN WASHINGTON

By spending a few thousand millions less than the United States spent for the Great War, President Roosevelt hopes and expects to re-establish the economic balance and at the same time to establish a "planned social-economic order" which will insure the nation against future booms as well as future depressions and make a recurrence of widespread distress, financial loss and general unemployment impossible. That is, in essence, what is behind the budget which he submitted to Congress. When he laid figures before the Senate and House of Representatives which contemplate the borrowing by the United States of another ten billions of dollars in the next year, and a half, the size of the sum proposed to be spent to carry out the purposes of the New Deal staggered those who were not prepared for it. It set the computers to work to figure out what would be the size of the National debt when this money shall have been borrowed. And the total, any way it is figured, comes to nearly 32 billions of dollars.

OTHER VIEW OF DEBTS

To owe 32 thousand millions is incomprehensible to the average person. Few people, even great financiers, can think in such terms. Only a government, and a very strong government, can even contemplate it. But governments do not think of government as something to pay interest on. So what a debt will cost, if the interest is figured as high as 3 per cent, will be less than a thousand million a year, or only about a third of the ordinary expenses of the government. And, when it is looked that way, and the return thought is kept in mind that a great deal of the money that has been borrowed so far, and that it is proposed to borrow, to make up the grand total of the public debt of 32 billions, has been and will be lent to farmers, home-owners, municipalities, states and banks, and will come back in time, from those sources, it doesn't seem so much like something to worry about. Even Senator Reed of Pennsylvania, who is certainly no friend of the New Deal, admits that the burden proposed does not seem excessive. It is barely half of the British public debt, which is borne by fewer than half as many people. It is ten billion dollars less than the United States spent during and after the Great War, for war purposes, not counting the money we lent to our Allies.

For Constructive Purposes The high new American national debt was in 1919, when Uncle Sam owed almost 26 billions. Eleven billions of that has been paid off in the past fourteen years. As the Treasury figures it, the proposed 32 billions of debt will figure out at only about \$250 per head for the entire population, so the cost of carrying it, at 3 per cent, will be about \$7.50 a year for every man, woman and child in the United States. And naturally, it is strongly believed that it will improve everybody's economical condition by a great deal more than to have this huge volume of money put into use, to employ labor, purchase materials, and improve the physical condition of the nation. The money raised for war was expended, thrown away, wasted. This money will be used for constructive, not destructive purposes.

That is the way the President, the Treasury and the Administration generally look at the program, but beyond the matter of dollars, the Administration is looking ahead to the more abundant life, which is the avowed aim of the New Deal, and which it is hoped to bring about by Federal aid in the next two or three years. The New Deal Aims As it defines itself through day-to-day developments, the aim of the New Deal is neither outright Socialism nor a return to uncontrolled capitalism. It is rather controlled capitalism. Controlled in that it is conceived to be the duty of the government, not to prevent business from making profits, but to keep the accumulation of those profits from becoming a menace to the ordinary citizen, at whose welfare the whole program is aimed. The purpose is to give every citizen more security in his employment, shorter working hours to earn the necessities of life, protection against exploitation by those who would swindle him out of his earnings, government work to turn to for employment if there is no chance to work for private employers, retirement on a pension after a given age or years of service, whether for public or private employers, controlled living costs, and an opportunity for independence on a self-sustaining rural home of his own if that is what he seeks. There is no thought of guaranteeing to every citizen a "chicken in the pot" or two cars—or even one car—in every garage. There is a definite thought that poverty can be greatly reduced, and that it is entirely for those who are able and willing to work. Those are the objectives, now made clear, to which President Roosevelt is looking in his plans for immense Congressional appropriations and spendings. And there is no question that he has his overwhelming party majority in Congress with him. The President's plans will be carried out. Whether they will work out or not depends upon many factors concerning which it is difficult or impossible to make sure predictions. But there is a strong belief here that the economic corner has been turned, that business is definitely on the upturn and that as prosperity increases more and more people will find themselves falling into accord with the ideas of the New Deal. What is tending to hold back recovery in its completeness just now is the remaining uncertainty over the monetary situation. It can be set down for a fact that there will be no paper-money inflation, except as there was such inflation during the war by the creation of Federal Reserve notes against borrowing on Liberty bonds. There will be a revaluation of the gold dollar, and it looks now as if it would be at half its old gold value. And along side of that there will be some provision about silver in the money system. Those things will be settled speedily, to clear the decks for the borrowing of the first installment of the new debt, and to encourage private capital to loosen up. Mr. and Mrs. Elmer Bennett are rejoicing over the arrival of a fine 7-14 pound baby girl born Friday, January 19th. The young lady has been christened Paula Fern.

30,000 Yards Of Cellophane Drape

More than 30,000 yards of cellophane went into the making of the fast stepping chorus national House. The screen musical comedy was to the Lyric Sunday and Tuesday. The chorus appears in of Peggy Hopkins Joyce, Fields, Rudy Valle, and George Burns, and George Sari Maritza, Col. Stoop, Budd, Cab Calloway and Chester, Baby Rose Marie, or stage, screen and radio. The more than 18 miles of cellophane in which the girls were draped would be enough to wrap a season of cigarettes. The reason of such a large quantity of every girl had to have a new costume every day, of the fact that a dress wear was enough to drape cellophane gown. Cameramen and recorders had their troubles with the costumes. Cameramen found reflected too much light, and days figuring out what to do. Sound recorders reported the cracking of the cellophane. The girls moved sound microphones like a mad, and they too had long hours solving the problem. Worst of all, from the standpoint, was the fact that could not smoke through "International House" the most lavish musical comedies. Mrs. Jess Riley returns home in West Spearman Tuesday after having spent a few months working at Oklahoma.

# THE LYNX NEWS

Published Weekly News Of The Students By The Students.

## FIRST GRADE

Students are enjoying this winter weather we are having. We have been making some posters and Eskimo booklets. We wish it would snow so we could be in season. Some of us have read six or seven readers, and we are now trying to write independently. We have had several visitors and they are always glad to see our parents visit us. We are looking forward to the coming of our Red Cross Nurse, and are trying so hard to keep so she won't find too many ears. It is awfully hard to clean our ears all day in this country. Hope she comes in the morning.

## SECOND GRADE

At the beginning of the second year of our school term finds the second grade class progressing. Last week we began reading the fifth second grade reader. We have also begun writing the letters. Several of our class are planning to enter declamation in the scholastic Meet. They have read their readings and are working hard on them.

## THIRD GRADE

The third grade has begun the year right, and are all working very hard. They have some new readers and in their number work have begun the six times table this week. They have also made their thrift posters and scenes this month. They have had two new pupils Christmas, Juanita Sanchez and Shirley Smith. Wanda Zell is in school again after a absence. Several of the boys in the third grade last year: Mrs. Fred Lusk and other: Mrs. Garner.

## FOURTH GRADE

Students have had several absences, illness the past three but all are just about well and ready to go to studying again. First Graders have been enjoying about the Eskimo and are in the North. The Thirds have been interested very about thrift. They have had Mrs. Hall, Mrs. and Mrs. Thorne to visit during the holidays.

## FIFTH GRADE

All passed their examinations, at least most of them. We are all looking forward to our report cards. We have a new pupil, Virgil. We are very glad to have our class.

## SIXTH GRADE

Students are very glad that our mid-terms are over. Quite a few improved, but of course if we did not. We are looking forward to our report cards. We are all preparing for the scholastic League Meet, and are hoping that our preparation will not be in vain. Boys' baseball practice is to break up now on account of the weather. Some of the boys are hard to get on the track and also the baseball team.

## SEVENTH GRADE NEWS

Students are very proud to have a chance to play baseball with. They are glad that we have finished mid-term examinations. Hazelwood has been absent from school for several days out of illness. We shall be glad when she returns to school. We are starting our civics class and hope it will be a success. We are studying the place of geography.

## SOPHOMORES

The sophomores are certainly glad we are through with our mid-term examinations. This morning we found out what we made. Some were rather surprised at the grades they made, but the majority passed on them. We are very sorry to lose Lattie Pearl Karr and Alma Johnson from our room. They are going to the Junior room. We are glad to have Vyla Howard back in school. She has been visiting her sister at Roswell, New Mexico.

## JUNIOR NEWS

The mid-term examinations are over, and a look of relief has passed over the faces of most of the juniors. Most of the tests were safely passed, and we feel that perhaps all of the hard study was not all in vain. We have decided to study much harder the next semester in order to make good seniors next year. The juniors are looking forward to a great many of the activities that we expect to take part in the last semester.

## LYNXETTES LOSE TO PERRYTON TEAM

The Lynxettes and Rangerettes met on Tuesday night on the Spearman court for the season's battle. The Spearman girls lost by a score of 7 to 10. The two teams were evenly matched and both seemed determined to win. At the half the score was 5 to 3, but in the last half the Rangerettes scored three points ahead of the Spearman girls. The final score was 7 to 10 in favor of Perryton. The teams will meet again on Tuesday night, January 23.

## LYNX WIN OVER PERRYTON RANGERS

Tuesday night, January 16 the Lynx downed the Rangers by a score of 25-19.

The Lynx sprang into a lead as soon as the whistle blew, and held it through the entire game. Both sides scored constantly, but the Lynx lead at the half 14-10. The second half, as well as the first, was full of thrills. Perryton did not have as much luck with their shots as Spearman did.

The game ended with a score of 19-25 in favor of the Lynx. Fred Holt was high point man with 12 points. This was a conference game.

The Lynx played in the Canadian Tournament on Friday and Saturday, Jan. 26-27.

## LYNX DEFEAT MORSE

On Friday night the Lynx played the Morse club at Morse. The Lynx played hard but could not hit the basket very well. The score at first quarter was 4-0 in favor of the Lynx. The next quarter they ran up a score of 20-2, then Mr. Gunn started to

dent thereto, and March 10, 1931, said City determined to pave, grade, and improve certain streets within its corporate limits including Davis Street, especially that portion abutting Lot One, Block Eighteen, in said City, according to plans and specifications therefor filed and adopted, and on April 7, 1931, entered into a contract with Plaintiff to make said improvement according to same at unit prices. In said contract it was agreed that City would set a date for hearing and give proper notice thereof to all parties of interest, owners or interested in the property, especially such lot, and that at said hearing it would be determined whether or not the proposed assessable costs would be not greater than the enhanced value, and if not greater, to assess the owner and persons interested therein personally for the same and place said costs as first lien upon the property; that the said costs would be payable in five equal annual payments providing for eight per cent annual interest, for accelerated maturity,

and reasonable attorney's fees if incurred, all of which should be a lien and debt; the first installment due one year from acceptance, and the whole evidence by a certificate as provided by statute and that the certificate should be prima facie evidence of the legality of all proceedings. That such notice was given and the hearing had on the 25th of April, 1931, at which it was determined that the assessable costs and lien against the owner of the lot mentioned would be the sum of \$190.62, and the assessment duly levied; that thereafter the plaintiff completed its contract according to plan and specifications, which was accepted by the City in said City and a certificate issued on August 19, 1931, in said sum of \$190.62, with all conditions as provided for. That the first and second installments are past due, as well as interest, and wholly unpaid, and plaintiff has elected to mature the whole, has placed same with attorney for collection, and has caused suit to be instituted, and \$75.00 as reasonable fee for

its prosecution. Plaintiff says that either Nelson W. Willard or John L. Taylor or their heirs or legal representatives was the owner of the lot at time of said determination to pay, that it is not able to say which, but the said Willard claims Taylor is the owner under him.

Plaintiff prays for judgment for its debts, damages and costs, the same being a judgment against the owner of said lot at said time; that such be decreed a lien on the lot, and lien foreclosed and sold to satisfy plaintiff's judgment.

Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

**WE DO OUR PART**

**Work Smile Spend**

We are rounding out a year on a National Recovery program which brought much actual relief to many thousands of unemployed and destitute citizens, as compared to one year ago, National conditions are greatly improved. A national offensive which had the support of an overwhelming majority of our citizens, attained many very satisfactory objectives—What we really did was to go vigorously to work on the job of Recovery—Now let's finish that job—There are hundreds of thousands of the unemployed of a year ago who are at work today—that means that the channels of commerce and industry are slowly but surely being opened again—When the wheels of industry turn, jobs are created; payrolls increase; and there's a large market for commodities of all kinds—Every citizen who wants to help finish the job of bringing about Recovery—and better times—does his bit best when he WORKS, SMILES and SPENDS.

## Take Advantage of Our BARGAIN RATES

—The Spearman Reporter is making a bid for your patronage in the form of Subscriptions. The publication has been very lenient in the past in the matter of subscriptions, and have carried many of the subscribers over a period of several months and even years. Conditions are such at this time that the management of this publication finds it impossible to carry subscribers who do not pay their subscription at the expiration date. We regret very much that we are not in a position to extend this courtesy further.

—Payment of your subscription promptly will enable the management of the paper to produce a representative publication, and insure all readers of receiving a paper that covers the field thoroughly.

OUR BARGAIN RATE OF

**\$1.50** per  
year

—Now in effect is the lowest price you will have an opportunity to purchase this publication during 1934. Cost of production has gone up more than 20 per cent in the newspaper business and we confidentially predict that county-seat newspapers all over the nation will have to increase their subscription rate before the end of the year. Several national magazines and weeklies have announced increased prices in subscription. The small weeklies will have to fall in line.

—The management of this paper has determined to publish a representative 8 page publication in the future, and to the extent that we will have to receive a certain revenue from subscription, we are demanding that you PAY UP NOW.

**Spearman Delegation  
Fail To Secure Camp  
Site For Encampment**

A delegation from Spearman representing the Baptist church of this city and various civic organizations, was unsuccessful in their attempt to persuade directors of the Canadian Baptist Encampment to meet at N. T. N. Park, Hansford county. The delegation presented the petition of all Hansford county at an open meeting held for the purpose of selecting a camp site, at Miami Tuesday night of this week.

The delegation was headed by W. A. F. Loftin, Rex Sanders and Fred Hoskins and many other members of the local Baptist church. A car load of business men headed by Judge J. H. Padhurst, O. L. Collins and Sam Hilsiepe presented the appeal of the local Lions Club and Chamber of Commerce for locating the encampment in this county.

In the first vote the association directors registered a tie, and second vote gave the encampment to Miami.

Local church members are very hopeful that the encampment may be moved to this section of the county in the future after the church members have tried out the Miami location, several features of the Hansford location in this county, while nearly all the buildings and tabernacles will be available without extra expense encampment. Ideal facilities are made this an ideal place to hold the same to be constructed in Miami would the executive board make Miami their permanent location.

**YNY BASKETEERS

## Are You Giving Your Home Town Merchant a New Deal?

Over a period of more than three years the merchants in small cities and towns of this nation have faced the most trying problems of any classification or profession. Starting the depression period with a stock of merchandise to take care of a demand that has steadily decreased, these merchants have faced a market that was as unstable as the prices of farm products. There has never been a precedent for them to judge in the past, and survival of the respective business concerns depended wholly upon buying close and quick turn-over. Many of the merchants in this county were not able to survive, and others in the face of cheap merchandise, distress merchandise, and rather unfair merchandising, have lost some of their surplus and personal savings.

These merchants have not been able to carry a complete stock in some instances, and have not been able to meet the prices of competition where distress merchandise and cheap quality have prevailed. They are in the same boat with the farmer who has lost his labor and seed in planting wheat crops that did not grow.

Many merchants have lost a portion of their trade that has been attracted to adjoining cities, where PRICE has been the main and only drawing card. In their behalf, it can be said that they have faced their loss without grumbling, and without complaint. In Spearman, merchants have not censured individuals who were attracted away from this city for cheaper merchandise, because they know and have known that citizens of this county have been so hard pressed financially that quality was secondary to price.

Now that readjustment is being worked out throughout the nation, the time has come to think hard and carefully before you pass up your home town merchant. Stocks have been replenished on the same market that the big city stores buy their merchandise. The distress merchandise that flooded the country for the past few years has been absorbed, and most merchandising is on an equal footing at the present. Manufac-

turers are very careful in extending credit and fewer failures in business have been reported during the past few months.

The day is dawning for the small town merchant. He can step into the market with a very clean stock in his store and buy perfectly new merchandise that he can and will sell you at a SAVING. We make this assertion on the basis of overhead in the small cities and towns of our nation. Merchandising in our smaller units of population has come to the point where the smallest possible handling charge has been worked out. Survival has depended wholly upon strict economy, and merchants in Spearman can sell you any merchandise that is bought on this year's market at as economical a price as you can secure anywhere within traveling distance.

In the face of these facts, this publication is asking the readers to check carefully before sending money away from Spearman.

The management of this publication knows the basic facts contained in this advertisement are correct. If you can secure standard merchandise cheaper by traveling from 30 to 50 miles, than you can purchase in Spearman, then merchants in Spearman are attempting to make excess profits. If this be true, this newspaper is wholly in sympathy with the customer, and are ready to take their part. At present we are convinced that Spearman merchants are the victims of circumstances and that they should be given every opportunity to sell Hansford county people their merchandise before a purchase is made outside of this city.

This publication is anxious to secure any data that would prove or disprove the basic facts embodied in this advertisement, and will treat such information confidential. If you as a reader can secure better prices on standard merchandise at any other city than you can in Spearman, the management of this paper would greatly appreciate checking your information for confirmation.

{ This is the first of a series of advertisements contributed by the Spearman Reporter, designed to cause the readers to THINK before they spend Hansford County money out of Hansford County. }

# CHURCHES

## METHODIST CHURCH

Services as usual Sunday. Sunday School at 10 and preaching at 11 o'clock a. m. Leagues at 6 and 6:45 p. m. Evening worship at 7:30. A special service for all and especially for the middle age and youth, at this hour. The subject will be: "Religion for this Day." This is a subject that should concern every person. We urge all, both old and young to attend all services Sunday.

Last Sunday was a fine day in many ways. We were glad to have several new faces in our congregation and we want you to attend Sunday services. The finances being carried on through the Sunday School and church services by the "card and envelope" system is on the increase each Sunday. This is the scriptural way—bringing in your offerings each Sunday. A few more Sundays like the last and the budget of the church will be solved. We hope every member will enter into this fine system of financing. It will surprise you what you have done when you come to the end of the year—if you bring your offerings weekly.

We extend to every visitor, stranger and member an urgent invitation to worship with us Sunday.

H. A. Nichols, Pastor.

## Church of Christ

Program for the week beginning Sunday, January 28th. Lord's Day Bible Class 10 a. m. Preaching Service 11 a. m. Young Peoples Bible Class at 6:30 p. m. Evening Preaching Service at 7:15 p. m.

Mid-Week Bible Class 7:30. "The Working Man" will be the subject that Brother Murry will discuss in our hearing at the morning service next Lord's Day, starting at eleven o'clock. Let's all be on time for the Bible classes starting at ten o'clock so that this important phase of the work can be completed before time for the preaching service. We are getting off to a good start in the year's work. Let's not become slack in our duty as Christians.

The lesson to be studied by the Young Peoples Bible Class Sunday evening is, "The Christian Walk." All the young people are cordially invited to attend these lessons. They are taken directly from the Bible, and are of a nature that will interest as well as instruct you in the teachings of the Bible. We are especially anxious to have more young people of high school age and older, in this class. Come and be with us next Sunday at 6:30. The public is invited to attend all the services conducted by the Church of Christ.

## Assembly of God

The Assembly of God wishes to invite you to come and hear Evangelist Helen Mann, who is back with us for a short period of revival services. Everybody will remember Sister Mann, who came to Spearman last summer with her gospel tabernacle and evangelist party, at which time the whole community was stirred. Godward. Mrs. Mann's message is presented under inspiration and with simplicity. Some sinners have already been converted and backsliders reclaimed. Several hungry hearted Christians who desire to go through with God are seeking the baptism of the Holy Ghost. Come, hear the old-time gospel of Jesus Christ and be convinced of your need and get converted, or saved, from your sins, as what you need for time and eternity is salvation through the blood of Jesus Christ. Services each night at 7:30 o'clock.

The usual order of services on next Lord's Day, beginning with Sunday School at 9:45 a. m. Special music and other interesting features at each service. You are cordially welcome.

William A. Cox, Minister.

## BENNETT MISSIONARY

The regular meeting of the Bennett Missionary Society was held at the home of Mrs. Walter Wilmeth Wednesday afternoon of this week.

A very interesting lesson from the Study Book was held with Mesdames J. L. Redus, G. P. Gibner, E. C. Womble, A. F. Barkley and E. L. McClellan on the program.

Mrs. H. A. Nichols read a very interesting paper on "Spiritual Cultivation".

The next meeting of the organization will be held next Wednesday afternoon at the home of Mrs. H. A. Nichols, at which time a joint meeting will be held with the Mary-Martha Circle of the Missionary Society.

## MRS. W. L. RUSSELL LEAVES FOR MARKET

Mrs. W. L. Russell will leave for Dallas, Texas, Sunday where she will make purchases for the Russell store for Spring Merchandise.

—WANTED: A saddle pony for school boy, for keep, or would buy.—See Robert Stewart on Route A, 13 miles South of Spearman.

## BAPTIST CHURCH

"To God Be the Glory!" for the fine crowds and most excellent spirit that prevailed our congregation the last two Sundays. A week ago last Sunday night we had three additions for baptism; last Sunday night four happy conversions and additions for baptism—71st two Sunday nights.

**SALT! SALT! SALT!** "Ye are the Salt!" "They shall be salted with fire." "It is a covenant of salt." In literature, ancient and modern, common salt has prominent place. It was regarded by some nations not only as precious, but sacred. In some nations the word for "truth" means "intruce to salt." With some other nations cakes of salt are used today for money. Salt is often mentioned in the Bible. Christ said, "Ye are the salt of the earth." Just what did he mean by that?

**SUNDAY SCHOOL** 129 on time to be counted last Sunday. That does not take in those who came in late. Look at it "129." Help make it 150. The two new classes started off well last Sunday. The men, with Mr. Hoskins as teacher, named themselves the "Young Business Men's Bible Class" and they are inviting you to join them Sunday. The class with Mrs. Collins as teacher, have not named themselves yet—expect to do so Sunday. If you are a young married woman and not already in Sunday School you are wanted in that class.

T. E. Johnson has been elected "change" for the Sunday School. His duties will be to make change for the students.

**B. T. S.** 65 in five unions last Sunday evening. The Junior Union grew so large that it was wise to divide (that is one way to multiply by dividing) that Union.

## CANADIAN BAPTIST ENCAMPMENT RELOCATED

For some ten years this Encampment has been using Anvil Park out from Canadian. Last year the owner of the park notified the officers of the Encampment that after the year 1934 they would have to hunt other quarters. This being true a committee was appointed to find a suitable place. The two places making the strongest pull for the Encampment were Miami and Spearman, Miami won. We are Baptist. We believe in "majority rule." We are going to practice what we preach and help make the Encampment larger and better than ever before. Thus endeth the chapter.

## Junior B. Y. P. U. At Hoskins Home

Mrs. Fred Hoskins was the genial hostess for the 35 members of the Junior B. Y. P. U. who attended a party at the Hoskins home Friday evening of last week. Games and contests were featured on the program, followed by appetizing refreshments of coco and cakes.

Mrs. Charles Hutchinson, Mrs. A. F. Loftin and Mr. and Mrs. Hendricks of Gruver were joint hostesses at the party.

## LION CLUB WILL PLAY SCOUTS IN BASKETBALL SOON

again try to defeat the Scouters seted the Lion club Tuesday noon the Boy Scout organization, prepared as a result of a challenge from Scout Archer, the Lions will in Basketball. The challenge was issued for Thursday of this week, but was amended so as to allow Lion members some time for practice before the contest, and the date will be set by Lion Captain Bill McClellan and the Scouters. A small admission price will be charged this year, the funds to go to the scout organization.

In addition to the discussion on basketball the Lions were entertained by former Bos Lion Bill McClellan who gave a humorous reading "Sam's Letter". The program for next Tuesday noon is to be under the supervision of the club Sweetheart, Mrs. A. H. Word.

## Twentieth Century Club Meets With Mrs. Lyon

Members of the Twentieth Century Study Club met at the home of Mrs. P. A. Lyon last Thursday afternoon for the regular meeting of the organization. The lesson for the afternoon consisted of a book review on "A Lantern in Our Hand." Seventeen of the 19 members of the club were present and enjoyed the interesting lesson. The club will meet in their next meeting with Mrs. Robert Douglas.
