

SPEARMAN SCHOOLS WILL OPEN SEPTEMBER 11TH.

HANSFORD WHEAT GROWERS FORMING UNIT COMMITTEES

Under the direction of County Agent Frank Wendt, Hansford county is rapidly completing the organization for handling wheat allotments in this section.

Today, Precinct No. 1, Gruver, Pest House, Morse and New Hope have completed the organizations that will supervise applications for allotments and other incidental matters connected with the allotment in their communities.

Following committees were elected in the communities as indicated: Precinct No. 1, (Spearman), R. W. Converse, chairman, R. C. Bennett and Jess Edwards, committeemen.

Gruver, Hayden Hart, chairman, T. K. Winters and Homer Cluck, committeemen.

Pest House (Gruver), Harley chairman, I. W. Ayres, committeemen.

Morse, Walter Gillispie, chairman, Womble and Dan, committeemen.

New Hope, Charlie Sealey, chairman, E. Alexander and J. W. Ayres, committeemen.

Applications will be completed on Monday, Thursday and Friday week.

Coach And Players Return To Training

Elmer Gunn and his team returned Tuesday from a two week training camp in the Rocky Mountains near the Cimarron Valley. Lynx will be considerably better this year, and will have a good team of boys, having had last year's players. Coach Gunn's worries consist of building an entire new team, but it is believed that the Lynx will be a threat to any opponent that they meet. These new boys may prove themselves more powerful than the boys of last year.

For the past several years Spearman has had a team that any town would be proud to host of and it is this writer's opinion that the new 1933-34 team will be equally as good.

WARNING

Warning the parties who took get from shooting gallery, please return to D. M. Jones and trouble.

Powell of Dalhart and Dr. performed tonsil operation on the following: Spearman Iron Wednesday of this week: an Ellsworth, George Lee Maize, Bill Miller, Jr. Anona, Margret and Ella Mae Hull.

V. LOFTIN RETURNS TO SPEARMAN MONDAY

Rev. A. F. Loftin, pastor of the First Baptist Church of this city returned to Spearman Monday from Texoma where he completed a most successful two-weeks revival there Sunday evening.

During his absence Rev. Langston of Texoma was scheduled to preach Sunday August 27th, but the rain prevented his getting here. Ex-Supt. A. H. Wilcox made a talk Sunday morning to the congregation.

KIMBALL KLIPPINGS

Again we have been blessed with a good rain. Feed crops are looking more promising.

Mr. and Mrs. B. S. Horry returned to their home in Wichita Falls Wednesday, after having visited relatives here for the past weeks.

Miss Emma Reeves was a caller in this vicinity Tuesday in preparation for school, which will begin September 11th.

A family picnic was enjoyed on Saturday evening when a number of families held a picnic on Wolf Creek. A good time. Those present were: Mr. and Mrs. S. Horry of Wichita Falls, Mrs. Milton Strickland, Mr. and Mrs. Claude, Connie, and Odie; Mr. and Mrs. N. K. Carr, Nellie K. Carr, and both and Elmer Oold and Edith Lucile; and H. L. Willis and Jake Vernon visitors in Spearman.

Miss Chester Hughes

A. & M. COLLEGE EXTENSION DEPARTMENT GIVES COMPLETE INFORMATION TO HANSFORD COUNTY ON WHEAT ALLOTMENTS

College Station, Sept. 7.—The wheat farmer who signs a contract with the Government to reduce his acreage for 1934 and 1935 is paid for his co-operation in the form of a cash premium on that part of his crop used for human consumption in the United States, Extension Service officials at Texas A. & M. College explain. It is an effort, they say, to give the farmer a price of 54 per cent of his crop sufficient to make it equal the pre-war purchasing power of wheat. For the 1933 crop, growers who sign contracts are promised 28 to 30 cents per bushel less local administrative costs for 54 per cent of their average production for the 1930, 1931, 1932. This production is adjusted up or down to put it in line with the county five year average for the period 1928-32.

If John Doe produced an average of 1000 bushels during the years 1930-32 and lived in county where the county five year average production was the same as the three year average production, he would be awarded on signing his contract a farm allotment of 540 bushels of wheat. On this amount he would be paid such benefits as the Secretary of Agriculture might announce each year of the three years the contract runs. For 1933 this figure was set at 30 cents per bushel when the wheat processing tax was levied. Out of this might be deducted as much as 2 cents per bushel to promote exports of American wheat, and out of this would be deducted a small amount to pay the cost of applying the plan in the county. John would be paid 20 cents per bushel this fall on the 540 bushel allotment, and the remaining amount about June 1st next.

If John's wheat blew out last spring he would receive the payments just the same. If he fulfills his contract in good faith the government will pay him his benefits of his allotted 540 bushels each of the three years 1933, 1934 and 1935. If he fails to carry out his contract it will be cancelled and all advances paid John will be collected.

In return for his benefits, which may vary from year to year but which will always be calculated to bring the price to the allotted bushels up to pre-war purchasing power, known as parity, John contracts to reduce his wheat acreage as much below his three-year average acreage as the Secretary of Agriculture directs, but never more than 20 per cent. This fall he will have to reduce 15 per cent. Suppose he averaged 100 acres in 1930-32, he will be called upon to reduce down to 85 acres. He might reduce still further but he would have to agree to sow enough wheat to produce his allotted 540 bushels assuming average yields. In this case his average yield was 10 bushels per acre, hence he would have to sow at least 54 acres but would not be allowed to sow more than 85 acres.

John is a tenant he will have to get his landlord to sign the contract with him, and the two will share in the benefits in the same proportion as they share in the crop. If he is moving to another farm this fall he will still get his benefits on the land he farmed last year if he signs a contract with his landlord before leaving. The new tenant will have to assume the contract for the remaining two years. If John moves to a new farm where the landlord and tenant have signed a contract he will continue to participate in

the benefits. The contract follows the farm and binds all parties for the life of the contract, whether they be new tenants or new owners.

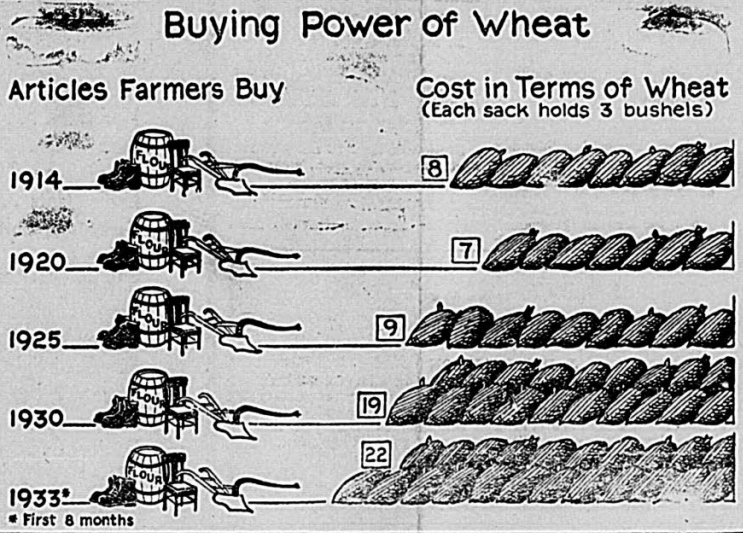

The administration of the plan will be in hands of wheat production control associations to be organized as soon as county agents with the aid of temporary campaign committees have explained the plan. Every man who signs an application for a contract will have one vote in electing a community allotment committee, the chairman of which will be a member of the board of directors of the county wheat production control association. Acting through the county allotment committee composed of board members, the new farmer association will work out all the farm allotments, sign contracts, inspect farms, and generally administer the affairs of the wheat allotment plan in their own interests and in accordance with provisions of the government.

County educational campaigns are now beginning in most of the 131 Texas counties growing the wheat, and every grower in the state is to be given an opportunity to sign a contract if he wishes.

Landlord - Tenant Relationship
Questions about Landlord - tenant relationship in the domestic allotment plan for wheat seem to be the most troublesome to growers, judging by inquiries received at Extension Service headquarters and by county agents.

Two guiding principles help to explain most such questions, students of the plan state. In the first place the contract follows the farm and not the farmer, and in the second place the right to share in benefits depends upon having a vested interest in the crop.

Farmers sign up land and not tenants, but in signing up the

GIVING wheat the same buying power that it had in the period before the World War is the goal of the Agricultural Adjustment Administration. This chart shows how big the problem is. In 1914 8 sacks of wheat would buy a pair of shoes, a barrel of flour, a chair, and a plow.

In 1925 it took 9 sacks of wheat to buy the same set of articles. In 1930 it took 19 sacks of wheat and early in 1933 it took 22 sacks of wheat. The cause of the low buying power is too great a supply. To remedy the situation, the Agricultural Adjustment Administration has begun a campaign asking farmers to reduce

their acreage for the 1931 and 1935 crops so that the return from a bushel of wheat will be once more what it was in the pre-war period, in its power to buy the goods which farmers need. The goal of the wheat administration is the 1914 basis, on which 8 sacks of wheat would buy the bill of goods pictured here.

land they obligate themselves and all who come after them in the farming of that land for the duration of the contract. If a tenant and landlord sign now, both share in the 1933 payments, but if tenant moves away the new tenant must assume the contract for the remaining two years and the landlord is responsible to see that this is done.

The landlord in no case can receive more than his customary share of the benefits. If tenant has already moved away and cannot be found the landlord may sign the contract and hold his new tenants to it, but he cannot get more than one-third (if that is his usual rental) of the 1933 payments. The departed tenant, later hearing of the contract, may file claim for his portion of the 1933 payments. If he fails to do so the two-thirds coming to him is simply never paid.

If a landlord has several tenants part of whom sign contracts with him and part do not, he cannot allow those who do not sign to increase their wheat acreage above what was for the three-year average 1930-32, or above 1933, whichever is larger.

If a landlord rents for cash he cannot share in the benefits, but must sign the contract with tenant.

If a succeeding tenant next year or the following year should break the contract, all advances made previously are collectable by the Government, and the landlord and not the 1933 tenant is liable for the 1933 payments. When a tenant legally severs his connections with the land he is released from all contract obligations, and the same is true of a landlord who sells. The contract binds the new tenant or new owner, however.

with the Agricultural Adjustment Administration to reduce their wheat acreage for 1934 and 1935. are expected to retire from any and all kinds of cash crops only that part of their reduced acreage known as the "contracted acreage", Extension Service officials declare. Reduction is based on the three-year average acreage of 1930-31-32, and not on last year's acreage, which may have been higher or lower. This reduction from the three year average is known as the contracted acreage.

A farmer may have increased his acreage from 1930 onward until he grew 60 acres in 1933 yet his three year average may have been only 40 acres. Since a 15 per cent cut has been ordered he could not sow more than 34 acres this fall and the difference between this figure and 40 acres would be his "contracted acreage, or six acres. On this six acres he could plant nothing in the way of a cash crop. He really reduces down from 60 acres last year to 34 acres next year, a total of 26 acres, but on 20 acres of this he can do as he pleases except not to sow wheat. He is only prohibited from the free use of six acres his "contracted acreage."

On the other hand a farmer may have been reducing acreage through this period and while his three year average acreage might have been 40 acres, last year he might only have grown 30 acres. Again his contracted acreage would be six acres. He might increase his acreage four acres from 30 acres to 34 acres, but he would nevertheless have to take six acres from other crops and retire them from the production of cash crops.

Approved practices in the use of contracted acres in the wheat allotment contracts as given by the Agricultural Adjustment Administration are: 1. permit

ground to lie unplanted, 2. practice summer fallowing, 3. plant to permanent pasture, but land so planted is not eligible as contracted acreage during the second year if used for pasture or hay, 4. plant to hay crops, but such land will not count as contracted acreage the second year when hay is cut, 5. practice weed control, 6. plant forest trees or windbreaks, or 7. plant soil improvement crops.

The Adjustment Factor

In the domestic allotment plan for the relief of wheat growers, each grower figures his allotment bushels on which premiums will be paid in 1933, 34, 35 by adjusting his three year average and taking 54 per cent of this sum, the Extension Service at A. & M. college explains. The state and county allotments are 54 per cent of the five year production, but the Administration believed it would be difficult for farmers to obtain records or even accurately remember their production back five years. Hence farmers started with a three year average production as a base. To make the sum of these individual farm allotments fit the county allotment it is necessary to adjust each farm allotment to the county five year average.

This adjustment has been computed for each county by the administration, and every county in Texas has been given its adjustment factor. They range from about 60 to about 140 per cent. Every farmer in a county must multiply his three year average production by this county factor unless permitted by county allotment committee to do otherwise. The factor, it may be of interest to know, was computed by dividing the county five year average production by its three year average production. Hence counties where production has been increasing have adjustment factors of less than 100 per cent and every farmer is given an allotment less than his three year average multiplied by 54 per cent. Counties where production has been decreasing have adjustment factors of more than 100 per cent and every farmer is given an allotment higher than his 3 year average multiplied by 54 per cent.

Any farmer, however, who finds that his allotment will be larger if his actual five year production is adjusted by the county factor, may apply to his county allotment committee for the privilege of doing so. In other words, in a county of increasing production a farmer who has held steady or even decreased his production need not be penalized if he can convince his county committee of the justice of his case. Every time one farmer is allowed larger allotment, however, it means that the rest of the allotments will have to be reduced to that extent.

An entire county may, if the majority of the board of directors of the wheat production control association so decide, figure all individual farm allotments on the five year production record and omit the use of the adjustment factor. The county allotment committee would have to request permission to do this from the Agricultural Adjustment Association. In counties where much new wheat land has been recently opened up such a move would give the old time wheat growers larger allotments and would reduce the allotments of farmers who had grown wheat four years and less.

The Spearman schools will open Monday, September 11th, after the general assembly in the auditorium at 9:30. The students will then report to their class rooms for registration and enrollment.

The fourteen teachers composing the 1933-34 faculty are exceptionally fine men and women, conscientious workers and outstanding educators. Spearman folk are to be congratulated on having the privilege of working with these people the coming year.

No new teachers have been added to the faculty, with the exception of J. T. Morris, who is Grammar School Principal. The other members of the faculty corps are: A. H. Word, Superintendent, W. R. Finley, High School Principal, Mrs. J. C. Tuttle, Primary Principal, Miss Verma Lawrence, Wilma Peerna Crittenden, Lucile Maize, S. H. Hames, W. H. Gandy, Clellan, Lester McLaughlin, Coach J. E. Gunn.

SELECT FOURTEEN TEACHERS AS THE 1933-34 STAFF

County Court Here Thursday Morning

County Judge J. H. Broadhead, officially opened the Fall term of county court in Spearman on Monday, September 7th, at which one case came up for trial only to be continued until the next term of court in December. The case was between the City of Spearman and the Panhandle Construction Company.

MORE RAIN FALLS HERE SUNDAY

Spearman and vicinity again visited with rain Sunday. The rain was heavy and fell in the afternoon. The amount was being 7.0 inches. The rain in August was officially being 5.76, and with this additional 7.0 makes a total of 12.76 inches. The rain far exceeded this all places reporting as much as 1.00 inches in one rain. The amount Farnsworth had had more rain fall than in this section.

BLODGETT NEWS

The ice cream social home of Mr. and Mrs. Saturday was well variety of games was a very enjoyable time. The Economy Club home of Mrs. L. W. Tuesday afternoon. A quilted and a comfort pack, delicious watermelon feast, enjoyed by everyone.

Mr. and Mrs. E. S. F. Brainerd, E. H. Brainerd and Eddie, motored to Shattuck Friday morning where E. S. F. Brainerd had his tonsils removed. He is progressing nicely.

Mr. and Mrs. Alex Hale of Amarillo visited in the home of Mrs. Hale Sunday. Mrs. Hale before her recent marriage was Hazel Lowry. She will her duties as teacher returned to school on Monday afternoon.

Mr. and Mrs. C. I. and boys were Sunday guests in the home of Mrs. Will Deck.

Mr. and Mrs. J. E. family were Sunday in the home of Mr. E. Prutsman.

Mr. and Mrs. L. girls were Sunday home of Mr. and Mrs. James P. end guest in the home of Mrs. C. Sanders of Spearman. Most everyone around country were Perryton Saturday.

We had a good rain Sunday night which is reported to be 1.50 inches.

LIONS TAME CUBS

Five cub Lions from Spearman and a half dozen cubs from Perryton trod the rough and rugged road of the Lion Tamer, Tuesday evening at the American Legion Hall, when some twenty five Lions from Perryton, assisted by an equal number of Spearman Lions, initiated the cubs into the full fellowship of the Spearman and Perryton Lion clubs.

The main event was prefaced with an appetizing banquet and a short musical program. Two of the candidates for initiation, Wiloughby Sparks and Slim Windom were responsible for the musical program which drew hearty applause.

Aside from a short battle in which the Tailwister completely subdued an unruly Lion (O. G. Collins), and a free for all fight between Lion Judge Broadhead and known Mahatma Gandhi, in the person of Perryton Lion Bob Schindler started the unsophisticated cubs on their journey with a few well chosen words of advice. Each candidate was photoed, finger printed and then led to the throne of the Lion Tamer, allegedly Daniel of the Bible fame. Here the candidates came into the temporary possession of the shoes (allegedly worn by the famous Bible character, Daniel. None of the eleven candidates who tried out the shoes were able to gain possession, by virtue of their conduct while wearing the relics. The enactment of the famous William Tell scene in which cubs attempted to live up to the marksmanship of that mythical character, proved their aim "punk". In many cases the cubs even shot themselves when aiming at an apple on the head of a lion.

Following from Perryton were Perryton, Ed Woods, R. C. H. B. Kent, J. D. D. Wood, Curly Willis, Dwane Roberts, Vance Appel, W. B. La Masters, Irving Buchanan, Max Bayler, R. B. Yoakley, H. C. Sanford, Roy Prewitt, Bob Schindler and H. W. York. Candidates for initiation from Perryton were: Claude May, Max W. Boye, Dr. Manual Wood, Burlis Yorke, F. F. Dodson and Representative B. L. Rogers of Farnsworth.

Spearman candidates for initiation were: Bill Burman, "Slim" Windom, Wiloughby Sparks, Jack Hancock and W. C. Bryan.

Spearman schools' former Superintendent, A. H. Wilcox and children, George and Elvora, accompanied by Mrs. A. F. Loftin and daughter Wren arrived in Spearman on Wednesday last week from Stephenville. Mrs. Loftin and Wren have been visiting in the Wilcox home for several weeks. Mr. Wilcox is a head of the John Tarleton College in Stephenville.

MICOU NEWS

Mr. and Mrs. R. C. Bennett were called to Buffalo, Oklahoma Sunday by the death of Mr. Bennett's brother-in-law, Mr. Sam Young. They were accompanied by Mrs. F. K. Banister.

Elvora Close spent Sunday Sunday night with Dorcilla Clark.

J. E. Ward of Pampa, is visiting in the home of his son, Ben Ward.

Mr. and Mrs. Ed Howerton and family are moving to the Garner place this week.

Craig Davidson spent several days of this week with Donny Clark.

TREAT YOU SEED
Seed Wheat, Rye and Winter Barley. Recleaning, grading and treating seed wheat. Copper Carbonate, Cresan, Yellow Corn Bran, Mill Run, Flour, Corn Meal, Corn Meal, Meat Scrap, Salt.

Hunters by the score forth early Friday morning serve the opening of the dove season, which was September 1st. Bag limit this year is 25 per day. A feature of the law governing the shooting of dove is that no hunter is allowed to shoot across the road. This is aimed as a means of protecting possible shooting of travelers on the highways.

Local hunters state that dove are quite plentiful here this year.

Mr. and Mrs. Linn Pack are rejoicing over the arrival of a pound baby girl born on September 4th. The young daughter was named "Daisy".

International Sunday School Lesson By DR. J. E. NUNN

Lesson For September 17 General Topic—Solomon, A King Worshipping God. Scripture Lesson—1 Kings 8:1-11.

1 Then Solomon assembled the elders of Israel, and all the heads of the tribes, the princes of the fathers' houses of the children of Israel, unto king Solomon in Jerusalem, to bring up the ark of the covenant of Jehovah out of the city of David, which is Zion.

2 And all the men of Israel assembled themselves unto King Solomon at the feast, in the month Ethanim, which is the seventh month.

3 And all the elders of Israel and the priests took up the ark of Jehovah, and the tent of meeting, and all the holy vessels that were in the Tent; even these did the priests and the Levites bring up.

4 And king Solomon said—All the congregation of Israel, that were assembled unto him, were with him before the ark, sacrificing sheep and oxen, that could not be counted nor numbered for multitude.

5 And the priests brought in the ark of the covenant of Jehovah into its place, into the oracle of the house, to the most holy place, even under the wings of the cherubim.

6 And the cherubim spread forth their wings over the place of the ark, and the cherubim of the ark and the staves were so long that the ends of the staves were seen from the holy place before the oracle; but they were not seen without; and there they remained unto this day.

7 And there was nothing in the ark save the two tables of stone which Moses put there at Horeb, when Jehovah made a covenant with the children of Israel, when they came out of the land of Egypt.

8 And it came to pass, when the priests were come out of the holy place, that the cloud filled the house of Jehovah.

9 So that the priests could not stand to minister by reason of the cloud; for the glory of Jehovah filled the house of Jehovah.

10. Text:—Enter into his sanctuary, O ye sons of Israel, and thanksgiving, and in praise of his courts with praise.—Ps. 100:4.

Time:—Birth of Solomon, B. C. 1041. Solomon becomes king, B. C. 1022. Death of Solomon, B. C. 983.

Place:—Jerusalem. INTRODUCTION The two books of Kings relate the history of Israel from the close of David's reign to the Babylonian captivity. The Greek translation (the Septuagint) is the two books of Samuel and the two Books of Kings as one work, with four divisions. There is really no reason for dividing First and Second Kings. The history is continuous, and I Kings stops in the middle of the reign of Ahaziah. In the Hebrew manuscript I Kings and II Kings are treated as a single book. The names of Kings are anonymous. The time when they were written is left as uncertain as the names of writers. The Books of Chronicles treat in part the same history as the Books of Kings, but are evidently a later work and carry the history farther. The Books of Kings are full of records rich in teachings for our own day. By no means the least of these is the story of the great King Solomon, with which I Kings begins.

strong therefore, and show thyself a man." He bade him follow the Lord in all his ways, and he pointed out his enemies and his friends. With this David, the great king, died, after a reign of forty years, seven years over Judah in Hebron and thirty-three over all Israel with Jerusalem as capital.

Solomon's Dream In Gibeon 1 King 3:4-15.

In a dream Solomon heard the Lord asking what boon he should bestow upon the king. Solomon's reply was first an expression of humility; he was but as a little child in comparison with the tremendous task laid upon him; and third, a petition for wisdom, that he might be able to rule the people in the right way. This choice pleased the Lord and he answered that because he had asked for wisdom instead of riches or a long life or the life of his enemies, he would bestow upon him the wisdom for which he asked, and exceeding great riches and honor in addition, and also, if he should walk in God's way, his life should be prolonged. The choice of Solomon has ever since stood before the youth of the world, like the fabled choice of Hercules, as a model of what a young man should seek at the outset of his life.

The Wisdom Of Solomon

We are at once given a specimen of Solomon's wisdom in the judgment of cases, the famous plea of the two women both claiming the same babe; whereupon the king ordered the child cut in two and half given to each, and the true mother was discerned to be the one who was horrified and begged the king to give the child to the false claimant rather than kill it. Later (1 Kings 4:29-34) we are told that Solomon was the wisest of all men, so that pilgrims came from distant lands to consult him and hear him. He is said to have spoken three thousand proverbs (we have many of them in the Book of Proverbs) and written a thousand and five songs (among them Ecclesiastes and the song of Solomon); also Ps. 72 is attributed to him.

Solomon's Temple

It was David's earnest desire to build in Jerusalem a great temple to Jehovah, to take the place of the Tent which through so many centuries, mended over and over, had served as the presence-chamber of the Most High. But this honorable ambition of his was denied by the Lord because he was a man of war, and God's house should be built by a man of peace; but he was consoled by the divine promise that his successor should be allowed to erect the sacred edifice. Accordingly, Solomon made the building of the temple one of his chief aims. The temple he built was accounted one of the seven wonders of the ancient world. In building it he had the efficient aid of his royal friend Hiram King of Tyre, who from the glorious forests of Mt. Lebanon furnished the cedar and fir which formed so great a part of the house of God. Begun in the fourth year of his reign, it occupied seven years in building.

The Site Of The Temple

On the crest of Mount Moriah, where Abraham offered Isaac and David saw the destroying angel above Araunah's threshing-floor, the Temple was built. The top of the mount being too small for the purpose, it was built upon all sides so as to form a level quadrangle of perhaps a dozen acres.

The Construction Of The Temple

In the building of the Temple, 160,000 workmen were employed. The time required was seven and a half years, being finished in the eleventh year of Solomon's reign. The cost of the Temple was well nigh incalculable, for the gold and silver alone accumulated by David are at the lowest reckoned to have amounted to \$2,450,000,000.

The Book Of Ecclesiastes Having experienced the most of the best earth could give of

Why you only help to plow and cultivate this ground, and I alone must cut, shock and husk corn while you look over the fence and he-haw at me. All fall and most of the winter the whole family, from granny to the baby, pick cotton to help raise money to pay taxes and buy a new set of harness and pay interest on the mortgage on you, you honor cuss. And what do you care about the mortgage on your tough hide? Not a darn! You low down rascal, I even do the worrying about the mortgage on your tough ungrateful hide.

About the only time I am your better is on election day, for I can vote and you can't. And after election I realize that I was fully as great a jackass as your papa. Verily, I am prone to wonder if politics were made for men or jackasses, or to make jackasses of men. And that isn't all, Bill. When you're dead that's the end of you. Put me? The parson tells me that when I die I gotta go to hell forever. That is, Bill, if I don't do just as he says - end most of what he says keeps me from getting any kick out of life.

Tell me, William, considering those things, how can you keep a straight face and look so dumb and solemn?" Exchange

Mr. and Mrs. Bill Phillips of Tulsa were Saturday night and Sunday guests in the home of her sister, Mr. and Mrs. L. W. Austin. Miss Helen Austin returned home with them, where she plans to enter school.

Mr. and Mrs. G. A. Gregory of Pampa were guests in the home of her sister, Mr. and Mrs. Clyde Harbour, Saturday night and Sunday.

Mrs. A. L. Noble returned home recently from Amarillo after several days visit with her sister.

wealth, knowledge, power, and pleasure, Solomon, in his declining years, here recorded the lesson of his life. Under the designation of "The Preacher," he summoned men to hear his verdict upon human experience. "Vanity of vanities; all in vanity." Yet this seemingly pessimistic conclusion is reached as the result of human folly and not of divine providence. The point is that, apart from God, nothing satisfies, hence man, to be happy, must come into harmony with God. In the enforcement of this general theme the author writes many useful maxims and practical exhortations.

Dedication Of The Temple 1 Kings 8:10-63

The true act of dedication was in Solomon's prayer—one of the greatest prayers in the Bible. "Prayer is not request only, it is fellowship, communion, identification with God; it is the soul pouring itself out just as it will in all the tender compulsion of love, asking God for blessings, praying God for mercies, committing itself to God in view of all the mystery and peril of the future."—Joseph Parker. Solomon's prayer was all this, for himself and for his people. After prayer comes sacrifice, and Solomon dedicated great offerings of beasts in hallowing the Lord's house. Our idea of dedication is very different from his in form but the same in essentials. Giving must be a part of true worship. Doing must follow praying. Our religion is an empty sham if it does not empty the purses for the promotion of the Lord's work. The dedication of the Temple culminated in the Shekinah glory that enveloped the sacred courts, vs. 10, 11.

When the would-be holdup man in the street, who the police believe, may be George Kelly, associate of Harvey Bailey, attempted to steal the automobile of Mrs. P. G. Prather (top), of Meade, Kan., he caught a tartar, for Mrs. Prather subdued him with a croquet mallet until police arrived. Apparently the man was too surprised to use the automatic pistol he brandished.

SPEED, PEP GO INTO WORKOUT

'WIN ONE' SLOGAN OF TEAM FOR SEASON SOON TO OPEN

Coaches were smiling today at Berger high. They were still thinking of that hot scrimmage the boys staged Monday. More speed, pep, and enthusiasm was put into the play than ever before.

If the boys continue to improve as they have in the past three weeks, we'll be ready for Spearman on the 29th," said Coach A. S. Acker.

The boys taking part in the scrimmage last Monday were: Squad A: James Howard and Cornelius Kendrick, ends; Buck Dunaway and Glen Ayling, guard; Elsworth Jones and Pete Frances, tackles. In the backfield were Rolla West, John Shaw, John Stratton, and Edward White. Benny Adams was at center.

Squad B: Albert Webber and Buster West, ends; Arnot Chivers and Bob Hubby at guard; J. W. Benson and Ray Gaiser, tackles. In the backfield were Joe Hull, Bazil Trotter, Merl Dalton and Royce Berlin. Luman Gaddis was at center.

Ether Hanna, Joe Dene Probst, and Benny Stevenson were not permitted to play on account of minor injuries.

Squad A was on the defense all afternoon. Jones and Francis at tackle were showing plenty of drive and using their weight and strength to advantage. Dunaway and Ayling were showing good guard. Howard and Kendrick showed considerable improvement and fight at end, often tackling the opposition from behind the line. The boys in the backfield were taking hold of their positions in a way that was pleasing to the coach.

Squad B was showing plenty of power and drive with the ball. Acker won't have to look very far for some good reserves, and as yet no member of A squad has his position clinched.

The rest of the squad are working out under direction of Coach McDonnell and J. C. Knowles, with the junior high boys and will go to Pampa next Friday for a game. The regulars are under direction of Acker and O. R. Goode. The team this year has adopted the slogan "Win One."

The schedule is as follows: Spearman, here, Sept. 29. Panhandle, here, Oct. 7. Plainview, here, Oct. 13. Lubbock, here, Oct. 20. Open date, Oct. 27. Open date, Nov. 3. Open date, Nov. 11. Amarillo, here, Nov. 18. Pampa, at Pampa, Nov. 25. Thanksgiving.

Mr. and Mrs. E. F. S. Brainard returned home Friday from Canadian.

All the farmers are busy plowing and sowing wheat. The weeds are certainly beginning to look like shade trees in some places, and would make a good habitat for cougars and the like.

Mr. and Mrs. Bill Hughes and Mrs. Vera and family were Friday.

Entries in the Twenty-first Century Club Yard and Garden test will be judged Friday Saturday of this week, according to information from Mr. Harry Campfield, who is in charge of registration. Appropriate prizes will be awarded to the winners of the two contests.

Today the following have registered as contestants in the groups heading their names: Entries for Garden Contest Mrs. J. E. Womble, Mrs. J. E. Gerber, Mrs. E. C. Womble, Mrs. Ernest Wilbanks, Mrs. A. G. Brandt, Mrs. Fred Linn and Mrs. Charles Chambers.

Entries for Yard Contest Mrs. H. A. Nichols, Mrs. Fred Hoskins, Mrs. Clay Glibner, Mrs. Robert E. Meek, Mrs. P. A. Lyon, Mrs. Floyd Hays, Mrs. Roy Maples and Mrs. Marion Glover.

NEWSPAPER IS SET AT BORGER DAILY HERALD NEWS OFFICE THIS WEEK

Due to the fact that the Linotype at the Spearman Reporter Office was out of commission, while a portion of the machinery was shipped away for repair, the Reporter news was set at Borger.

Several regular features such as the "Cat's Eye," "Don't Name It" and editorials, are omitted this week in deference to time required in setting the paper.

This fact also accounts for a few associated press stories carried, which were borrowed from the Borger Daily Herald.

STUDENTS TO LEAVE FOR COLLEGE SOON

Many of the young people will be leaving Spearman for the various colleges soon, where they will attend school. Misses Lois Bailey and Mary Wilbanks will attend Tech at Lubbock, as well as Roy Wilmetts. Misses Ada Marie and Mattie Easley plan to enter W. T. S. T. C. at Canyon. R. B. and Dan Archer also will attend W. T. S. T. C. Al Reed left last Friday for Dallas where he will attend the Southern Methodist University. W. R. Greever and John Walker will soon leave for school at Canyon. Miss Merle Baggerly will be a student at W. T. S. T. C. at Canyon.

LIONS WILL ATTEND DISTRICT MEETING AT PERRYTON

Some twelve members of the Spearman Lions club will attend a district meeting of the organization to be held at Perryton Tuesday evening September 19.

This was learned at the regular meeting of the club Tuesday noon, when 12 volunteered to make the trip. Spearman Lions will have a part on the program furnishing several numbers.

Will Hold Cattlemen's Reunion and Hereford Sale at Canadian, Tex.

The Northwest Panhandle Feeders Association have definitely set October 6, for the 3rd annual auction sale of high grade Panhandle feeder calves at 10:00 a. m. at Canadian.

Following that sale the Northwest Panhandle Hereford Breeders Association will show twenty head of registered Hereford bulls to be sold at auction. Following their annual custom they will have a big barbecue, chuck wagon dinner and Cattlemen's reunion. Last year the Association entertained over three thousand visitors and feeder buyers.

LOCAL DRUG STORE A SHINY PLACE

The Old Corner Drug Store is certainly a bright spot in Spearman since a new coat of paint has been added to the front and a pretty linoleum laid on the floor, which materially adds to the attractiveness of the interior.

Mr. Tumlinson, owner and proprietor of the store is a veteran pharmacist and contends that "EVERYTHING IN DRUGS" is just one word when speaking of his store.

of Mr. and Mrs. R. V. Converse. Mr. L. W. Austin was a Perryton visitor the past week.

Stanley Garnett returned home recently from South Texas.

Mrs. J. M. Blodgett and Mrs. Deta Blodgett and Ralph were visitors in the John F. Sims home Sunday afternoon.

Mrs. John Kenney and children visited her mother, Mrs. Blodgett, Friday.

Miss Gladys Williams returned home Saturday after a week's visit with Mrs. M.

MOSEVELT G. O. P. BEING BLAMED FOR FAILURE IN FARM RELIEF

HOOVERITES IN JOBS DISLIKED

PITTMAN SAID TO BE AMONG LEADERS OF REVOLT

WASHINGTON, Sept. 13 (AP)—Patronage, that trouble zone of politics produced in the capital today rumbles of democratic unrest that resounded even above the intensity of President Roosevelt's recovery drive.

A group of party stalwarts in the senate was reported to have sponsored a round-robin to the chief executive asking jobs for old-line democrats. These senators protested the appointment of Republicans—particularly by Secretary Ickes, Wallace and Perkins.

At the other end of the capitol Speaker Henry T. Rainey blamed the "old republican set-up" in the farm credit administration for failure to give the farmers "adequate" mortgage relief.

The senatorial round-robin could not be located. But among its signers was a report that a letter on the same subject had gone to the White House from Senator Key Pittman of Nevada, the senate's president pro-tempore and foreign relations committee chairman.

This communication further was reported to say that the three cabinet officers "have resented my approaches." It was said to observe also:

"If a democrat is named for office, it involves political corruption. If a republican is named, in their minds, it is an indication of high-minded non-partisanship."

Rainey, who dictated a statement upon returning to his office yesterday, said "every key man in the old republican organization has been retained" by the credit administration.

"I am not insisting on a democratic set-up," the speaker said. "But I am protesting against republican control."

He named Paul Bestor, farm loan commissioner under President Hoover, as the man through whom Eugene Meyer, former governor of the Federal Reserve board, "pulls the wheels" in dispensing agricultural credit.

Farm credit officials said Bestor had stayed on without pay to aid Henry Morgenthau, Jr., governor of the administration.

STANTON CASE PUT TO TRIAL

TULIA, Tex., Sept. 13 (AP)—State testimony was in order today at the murder trial of Ed "Perchmouth" Stanton, accused of killing Sheriff John C. Moseley of Swisher county.

The officer was shot to death in front of a filling station here last January when he tried to question occupants of an automobile he pursued across town.

A jury composed of eleven farmers and a bookkeeper was completed and the introduction of state testimony began late yesterday. Jack Ward, night operator of the filling station in front of which the sheriff was shot, told of a dozen shots being fired. He said he saw only one man in the party suspected or killing the officer.

Rubber Aprons Given Free At Local Store

Burrans Brothers have secured a special deal with the White Swan Coffee Distributors which enables them to give away free an extra heavy rubber apron at their store Saturday, to everyone purchasing a two pound jar of coffee at 70c. Also with the one pound jar selling at 35c they will give one free package of fruit Gela-line Desert. A company representative of the coffee company plans to be at the store in the afternoon to give a demonstration of the coffee.

BLODGETT NEWS

Alex Hale of Amarillo visited Mrs. Hale Monday night.

Mr. Jake and Clayton escaped serious injury Sunday night coming from Higgins, Texas with a load of wheat. They missed the turn north of Homer Davis' and run off into a deep ditch. The truck was damaged considerably.

W. Y. Williams who has been ill for some time had the misfortune of falling off the porch recently, which injured his ankle. He has been unable to

Mr. and M
THRIFTY

Found at Spearman Stores
Friday and Saturday

Below they Relate the
Story of their Visit to
the Various Places

Thrifty Oil and Gas is the fuel that will take you there and back with the least possible wear and tear on your motor. The new way to spell thrifty is

Conoco

Conoco Service Station No. 1
Jack Hancock, Mgr.

Mr. and Mrs. Thrifty did not pass up the New System, as it sounded so much like the "New Deal." Sure Nuff, they found that Mr. and Mrs. Holton had a store full of groceries that they were selling at attractive prices—and their home fed meats can't be beat at any price—much less the thrifty prices they sell for in Spearman.

New System

And did they have a real thrifty bargain at the Texas-Louisiana Power & Light Company. All through the month of September they are selling an automatic Sunbeam iron, allowing customers \$1.00 for old irons, and selling for 95c down and 50c per month.

Texas-Louisiana Power & Light Co.

Over at the Magnolia Station No. 1, with R. D. Chamberlain and Earl Riley operating, all the Thrifty families are welcomed. When it comes to thrifty R. D. and Earl claim Magnolia can't be beat—and they sell Thrifty tires and tubes to thrifty people—with sudden service.

Magnolia No. 1 Service Station

Of course Mr. and Mrs. Thrifty drive "the most Economical car on the market, and although it is getting a little battered and worn looking it still runs a mileage chart like the Democratic election return in Texas." The Chevrolet may have to be traded in for a new model soon, because Mr. and Mrs. Thrifty want all the latest improvements.

McClellan Chev. Co. Inc.

Mr. and Mrs. Thrifty appreciate saving every penny possible, but they are not willing to sacrifice personal appearance for a few paucity pennies. At Floyd Hayes Barber Shop and the Beauty Shop housed in the same building they find they can purchase "appearance" very thriftily.

Hays Barber Shop

Mr. and Mrs. Thrifty found Champlin Oil and Gas at the Jimmie Davis Service Station, and at such prices they decided this excellent motor fuel branded this station as a REAL THRIFT station. And the tires and tubes they found at this station was an additional cause for Jimmie's station to be classified as Thrifty. Jimmie also handles radios and radio supplies that are so proven in value that they named them the Thrift brand.

Jimmie Davis

At Consumers Sales Company the Thrifty couple encountered the acme of thrift. Here the Marathon Gas and Oil, Firestone Tires and Tubes and other auto accessories were of proven thrift, and most assuredly the Thrifty family will always enjoy any visit they may make to this station, as well as profit from purchases they make.

Consumers Sales Company

THRIFT being our name we found our namesake in home furnishings located at the Main Furniture Store. Here the store was full of attractive furniture and home furnishings, with a host of labor saving devices for the home. See this store for gasoline irons, Haag Washing Machines and new mattresses.

Main Furniture Store

Womble Hardware Company where Mr. and Mrs. Thrifty originally bought their John Deere Tractor, grain drill and Harvester Combine, was one of the stores visited in the Spearman tour. They just went in to renew friendship with Al and Ed, since their equipment did not need repair, and they said it was good for a great many more seasons.

Womble Hdwe.

At Merritt's Store Mr. and Mrs. Thrifty find a store full of new fall merchandise, and the prices do not indicate this merchandise was purchased since the recent advance in merchandise. Mr. Merritt admits that the bulk of his new fall merchandise was purchased before the advance in prices.

MERRITT'S

With winter coming on, naturally Mr. and Mrs. Thrifty use the Phillips "66" gasoline and lubricating oils. They want a gas that "starts like a shot," and gives the maximum of mileage. "Slim" always greases their car because "Slim" has a chart that shows every possible place on a car to be greased, and "Slim" uses 6 different kinds of lubrication in greasing a car.

Phillips Service Station

Was Mr. and Mrs. Thrifty delighted when they reached the Foxworth-Galbraith Lumber Company? I'll say they were. They needed paint for their home, wall paper, repairs for their barn and outhouses, and did they really learn what thrift means—THEY DID.

Foxworth-Galbraith Lumber Company

Mr. and Mrs. Thrifty could not pass up the Spearman Equity Exchange in their tour—it was the idea of thrift that started the Spearman Equity Exchange—and it is thrift that is keeping the customers buying at the Spearman Equity Exchange.

Spearman Equity Exchange

Mr. and Mrs. Thrifty were pleased with their visit to the Baker Hotel where they enjoyed talking with Mr. Baker the proprietor, who always has a smile for everyone and one feels better after talking with him. They also found that his hotel is a welcome home of many travellers who spend nights in Spearman, where they enjoy a good night's rest in a clean well kept modern hotel.

Baker Hotel

Mr. and Mrs. Thrifty have always visited McClellan Grain Co. on their tours of the city. They sell their grain at harvest, buy Dempster grain drills, Case implements and tractors and combines and DeLaval cream separators there.

R. L. McClellan Grain Company

Here at this office Mr. and Mrs. Thrifty were met by the pleasant personnel, and soon found out that thrifty insurance and abstracts could be obtained because the reputation of the company is behind each and every transaction.

Hansford Abstract Company

Crossing from Hansford Abstract the Thrifty couple next visited the Fred Brandt Store. Here a store full of real quality merchandise of groceries and Dry Goods greeted them. A customer is always treated with courtesy at this store, and Mr. and Mrs. Thrifty certainly enjoyed their visit.

F. W. Brandt & Co.

When it comes to real quality in cleaning and pressing, very reasonable prices that compare favorably with those adopted by the cleaners all over the state of Texas, anyone who joins the thrifty family will not fail to include Campbell's Tailor Shop in their tour of Spearman.

Campbell's Tailor Shop

Everyone knows that Baggerly Grocery sells for less. This is a statement that has been proven time after time, and Mr. and Mrs. Thrifty find out they can often save from \$2 to \$3 per month by trading at Baggerly's Grocery.

Baggerly Grocery

Over at Spark's Confectionery there is not a question of doubt but what the Thrifty man about town, the school child and the mothers and fathers can get the class of merchandise they like at prices that are thrifty.

Sparks Confectionery

Naturally Mr. and Mrs. Thrifty did not pass up the Hale Drug Store, the pioneer in the city. They found county in their Thrifty stores in Spearman they found a clean, inviting store equipped with a full stock of Drugs and Drug Store merchandise. The store personnel was courteous and attentive, and their visit to this oldest of Spearman stores was greatly enjoyed.

Hale Drug Co.

—And do the thrifty shop find a happy home at the Spearman Drug—I'm telling you. Do. Most everything you could ever think of and vicariously never meets with the store that "We are a drug store should be in a drug store. The find it August was officially in Store. \$5.76, and with it."

Spearman D

No one interested in the groceries and meat the most fastidious would not want in groceries, fresh tables, meats and fish at Mr. Store—and at prices that man Grouchy Thrifty would be about.

Bryan G

Mr. and Mrs. Thrifty own and operate a wheat farm, and in visiting the Spearman Hardware Store they found they could save on so many items for the farm they decided to make it headquarters for their stay in Spearman.

Spearman Hardware

At the end of the day Mrs. Thrifty decided they would just spend the night in Spearman, where good accommodations are available. They found that the Hotel has recently been up by Mrs. Edith in the experienced in hotels of Spearman, and who claimed everyone around would be always a Spearman price would be reasonable.

Sunday School 9:45 A.
 Mrs. Kirk, Superintendent.
 Morning Worship 11 A. M., sub-
 ject, "Do I Need the Baptism of
 the Holy Spirit?"
 Christ Ambassadors, 7 P. M.—
 Mr. Omas, Gatter, Speaker, with
 Evangelistic Service 8 P. M.
 Subject, "Some Reasons Why
 Jesus Christ Is Coming Back."
 There will be a baptismal ser-
 vice Sunday, time and place to be
 announced.

Tuesday night is the regular
 weekly Prayer and Praise Ser-
 vice at 8 P. M.

On Friday night at 8 P. M., the
 pastor is giving a series of pro-
 phetical studies in the book of
 Revelation. We believe that this
 book of Revelation is being un-
 folded before our eyes and many
 things which are transpiring in
 these days are occurring because
 we are living in the last days and
 God's word is being fulfilled. We
 give you a cordial invitation to
 worship with us and to enjoy these
 services.

William A. Cox, Pastor.

CARD OF THANKS
 By this means we desire to ex-
 press our deep and sincere thanks
 to those who were so kind and
 helpful to us during the illness of
 our dear wife and mother. Espe-
 cially to those who ministered
 in any way—the floral offering—
 the services—the sympathy ex-
 pressed and to all who helped to
 make our load lighter, we sincerely
 thank you. May the same kind
 and ministering friends be yours
 if there should ever come to you
 a similar sorrow.
 E. B. Dodson.
 Lora Anne Dodson.

By
 Wm. A.
 Wilbanks

The launching and christening
 of the "May-Float" last Friday
 night was very exciting to W. L.
 Davis, Monroe Buchanan, Bill Bur-
 ran and the Cat's Eye. The "May-
 Float" is a home made boat that
 we had been days building, and
 got it ready last Friday evening
 with a fresh coat of paint and
 everything except oars. We car-
 ried along a 2x2 about 12 feet
 long that we used to push the boat
 along in the water.

The lake was about a half mile
 wide and is about one mile West
 and half a mile South of Seitz's
 farm home. On this evening a ter-
 rific wind had been and was blow-
 ing out of the South and the lake
 was rough with high waves that
 white-capped occasionally.

We pulled the boat out in the
 water at the South end and took
 our positions. Captain Davis hol-
 lered "Heave Ho!" and Bill Bur-
 ran in the rear with the aid of the
 oars pushed the boat forward
 and we were headed for the mid-
 dle of the lake. After Bill had
 pushed the boat about 300 yards

at of a plaintiff its assignable
 ten at if which should be a first
 lien upon the mitude
 ough for the our boat was
 being battered by the angry waves,
 we being able to navigate in
 either direction.

It was before we noticed
 that the dangers in the bottom
 of the boat was coming into wa-
 ter, which continued to rise. It was
 not long before the boat flipped a
 little water on the left side and
 the passengers and crew quickly
 moved to the right side of the
 boat, which proved to be the
 wrong thing to do. The last word
 I remember hearing just before
 we went down was from Oil Dav-
 is, saying, "Keep Cool Boys! Keep
 Cool!" Well we didn't have any
 trouble in keeping cool after we
 were in the water as it was just
 a few degrees above freezing.

Bill lost his Sunday shoes in the
 lake. Mr. Davis had some \$200.00
 worth of checks in his pocket that
 got wet and I had my best Sun-
 day suit on. After an hour of
 swimming and tugging at the
 boat we got in water where we
 could touch the bottom and then
 it was easy to pull it to shore.

We have tried our boat since
 and it doesn't leak a drop. All it
 needed was a good swelling. P. A.
 Lyon, Fred Brandt and Eugene
 Richardson are others that have
 just completed the building of a
 boat, and Mr. Brandt yesterday
 challenged the crew of the "May-
 Float" for a race. They haven't
 named their boat yet but are con-
 sidering several names.

C. L. Cecil was called to Tulsa,
 Oklahoma early this week to be
 at the bedside of his father, W.
 J. Cecil, who is seriously ill.

ment of said street, been
 part thereof abutting said
 and to the plaintiff's heirs,
 that tugged at the world's heav-
 strings for 20 years, is now the
 sweetest picture story ever told.
 If you want to smile, laugh and
 cry, see "Peg O' My Heart" at
 the Ellis Theatre at Perryton,
 Sunday, Monday and Tuesday,
 September 24, 25 and 26.

Marion Davies, as a poor Irish
 emigrant girl, inheriting a fortune
 in England, arrives wide-eyed and
 innocent at her baronial estate.

Her manners are mimicked and
 her brogue corrected. Onslow
 Stevens finds her amusing and
 tries to entertain himself.

She retorts with all the devas-
 tating directness of the Irish,
 "The back of my hand to you,
 spalpeen!"

It's the kind of picture the
 world needs today and its lovely
 romance will captivate you.

Baggerly Grocery

months of the
 present have its judge-
 ment for debt, damages and cost
 and that the same be done to
 be a lien upon the books down all Bible
 for a preacher says is no good, it
 ble says the same thing.

Is It Right or Wrong

**What Is Denominationalism?
 What Are Its Teachings?
 For What Does It Contend?**

Are all denominations branches of the Church
 that Christ established?
 Is the Church that Christ established a Denomina-
 tion?

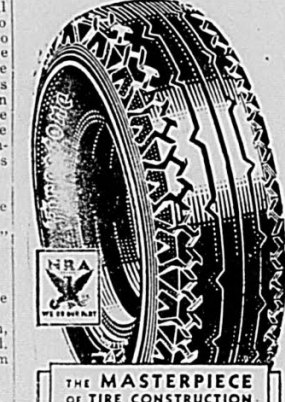

Hear this subject discussed in two SERMONS at
 the CHURCH OF CHRIST, Sunday, September 24
 at 11 a. m. and 8 p. m.

THIS IS TWO SERMONS YOU CANNOT AFFORD
 TO MISS HEARING.

Firestone SPARK PLUGS
 Everyone knows that old
 worn Spark Plugs waste gas-
 oline and cause Power loss—
 Firestone engineers have de-
 veloped new processes of
 manufacture and construc-
 tion advantages that assure
 a hotter spark—greater
 power and more de-
 pendable service. Made
 in Firestone Spark
 Plug Factory. Spark
 Plugs tested FREE.

SPEARMAN TEXAS

SEPTEMBER SPECIAL

\$1.00

For Your Old Iron

in exchange for a
 new Hotpoint, Sunbeam
 or Westinghouse
AUTOMATIC IRON

DON'T put up with an old iron that
 has a broken handle, a rickety plug
 or that requires constant watching. Bring
 it to our office and get an allowance of
 \$1.00 on a new Hotpoint, Sunbeam or
 Westinghouse automatic iron.
 With an automatic iron, constant
 plugging in and out is eliminated. You
 simply set the control for the heat you

want and the iron maintains the correct
 temperature automatically. This feature
 plus lighter weight and smooth finish
 makes the automatic iron the a-
 use. Get yours today while this
 offer is in effect. Only \$4.95
 less \$1.00 for your old iron.

Only 95¢ down, 50¢ month
