Home Needed For Exchange Student

A ten-month experience in international relations without leaving town—that is what the American Field Service is offering some Spearman family.

The Spearman Chapter of AFS is searching for a family that will host an overseas student for the coming school year. The youngster will live with the family selected and attend classes at Spearman High School.

Felma Evans, Spearman Chapter president, has stressed that the main requirement for an AFS host family is the parents' concern for and interest in young people. Aside from food costs and possibly some small incidental expenses, the host family incurs no debt in hosting a student.

The local chapter raises an annual fee—which when supplemented by whatever contributions the student can afford—covers AFS

program expenses. AFS extends a monthly tax deduction for their visiting student.

While many families participating in the AFS program include those with high school students, this is not necessary. Any family is eligible to serve as host and all interested are urged to contact Felma Evans at 2526 during working hours or at 3109 in the evenings.

Mrs. Evans will be glad to visit with anyone and supply more information about the program. The student would arrive during the summer and be in Spearman for the 1975-76 school term.

Area FB Meeting Held Here

A meeting of area Farm Bureau Committee Chairmen was held Monday, January 13th from 1:00 to 4:00 in the Library Club Room.

An insurance representative from Amarillo headed the insurance portion of the program.

Approximately 25 persons were present from the following counties: Lipscomb, Ochiltree, Hansford, Sherman, Dallam, Moore and Hutchison.

Be sure and attend Junior High Basketball Tournament this weekend!!

City Election Date Set

The City Council had a lengthy session Monday night as they considered an agenda with some 20 items.

Jim Blair, a member of Perdue, Brannon & Blair, tax attorneys, was present to discuss the workings of the delinquent tax roll. The Council approved the hiring of the firm for the collection of delinquent taxes on the tax roll. The firm will get 15% of whatever collections they make.

The discussion of the Utilities Study by L. D. Burns and Bob Davis was tabled for a special meeting next Monday evening, January 20, because of the length of the report and the many other items on the agenda.

Tommy Gumfory, attorney for Duane Thornburg, was present concerning two junked cars which were removed by the city with the wrong person's consent. A settlement was reached as Thornburg has left town owing a utility bill to the city, and it was agreed to deduct the utility bill from the \$350 Thornburg was seeking for the cars.

The addition and/or correction to January 14, 1974 minutes died for lack of a motion.

The committee on the Fire Department presented their report, and the council agreed to pay firemen \$3.00 for a fire, \$3.00 for each hour they are present after the fire call and they will be paid \$3.00 per hour for 2 hours of training per month.

The date for the city election was set. The election will be Saturday, April 5. Terms will expire for councilmen J. K. Hicks, Dan Desimore, and Alton Ellsworth.

The Community Development Block Grant Program was discussed and the Council instructed Assistant City Manager Mark Neff to work on details of the program and see if a grant would be available.

The Council endorsed the technical advisory service of T.M.L. and the Public Administration Service Co.

A report was given on the Manpower Grants. The federal government would pay 88% of the cost of a professional fireman, but as yet only one man has been interviewed for the position.

Monthly reports from the Fire Department, ambulance, Municipal Court, police and animal control were heard.

The cash position of the city is improving and all bills have been paid except a few being held up until some merchandise can be returned.

The city has engaged Mr. McMorris of Amarillo, consulting engineer and Mr. Wayne Brown, CPA of Pampa, to represent the city before the Railroad Commission on

A meeting earlier Monday evening with Mr. Balan, President of High Plains and Mr. Wilson, Vice-president, resulted in no compromise on either the city's position or that of the gas company.

In their city news this week, Manager Ed Thompson said the gas pressure was very low Monday morning when the temperature reached near zero. The city will have representatives at the meeting of the Peryton City Council Monday night. General

Telephone Company is scheduled to meet with Peryton officials concerning the telephone rate there.

The manager of General Telephone Company was in Spearman Monday concerning some of the problems we have been having with the telephones in recent months. City Manager, Thompson, said this was the first time the telephone company has admitted that there is something wrong with the service here.

Living Costs Outpace Incomes Locally

To what extent have rising living costs and bigger taxes offset or wiped out the income gains that Hansford County workers have obtained in the last few years?

Where does the average local family stand today in the nip-and-tuck race between mounting costs and rising wages?

For a while, most families in the area were able to keep ahead of the game because their incomes were going up more rapidly than their living costs.

In three of the last five years, however, the reverse has been the case. The erosion of income was most pronounced in the past year, according to the Bureau of Labor Statistics.

Nationally, it reports, although weekly earnings rose about 7 percent, on average, consumer prices surged by nearly 12 percent. As a result, there was a loss of close to 5 percent in net spendable income in the year.

A study by the Tax Foundation, a non-profit research organization, shows how inflation and higher taxes have been putting the squeeze on the family pocketbook.

In Hansford County, on the basis of its figures, pay increases of less than 34 percent in the last five years fell short of giving the average family the purchasing power it had with its smaller 1969 income.

As a result, local families that had an income of \$7,500 in 1969, would have to be earning approximately \$10,200 at this time to have the same purchasing power that they had then.

Those whose incomes were \$10,000 previously would require close to \$13,750 now to stay even. Families that were earning \$12,500 five years ago would need about \$17,300 to balance out.

For retired people in the local area who are living on fixed incomes and for

the unemployed, the going is especially tough. It is difficult, also, for working men who have to provide for their families alone. That situation is less common than it was at one time, however, because married women

have been entering the labor force in growing number, producing second incomes.

Over 29 percent of the married women in Hansford County are now holding down jobs, the latest figures indicate.

Coin Auction Planned

The Chamber of Commerce has scheduled the date for the Hansford County Commemorative Coin Auction.

The auction will be held on January 26 at 3:00 p.m. in the County Barn. Ed Dear will be the auctioneer.

The first ten numbered sets of coins will be sold at this time. There are three different sets; the four-coin set consisting of a gold, silver, brushed silver and bronze coin; the three-coin set, consisting of silver, brushed silver and bronze coin; and the two-coin set, consisting of a brushed silver and bronze coin.

Isetts To Speak At FGBMFI Meet

The featured speaker of the Full Gospel Business Men's Fellowship International meeting scheduled for Monday, January 20 at 8 p.m. in the HD Clubroom in Spearman, will be Philip and Lu Nell Isetts of Berger.

Philip holds the B.A. and M.A. from the University of Texas and is a Ph.D. candidate in ancient history at Harvard University, where he studied for five post-graduate years. In addition to seven years of college teaching, he has eight years professional editorial experience on some of the nation's largest newspapers.

His conversion at the age of 18 was followed by years of seeking a deeper relationship with God. This quest led him to receive the Holy Spirit Baptism in 1971. At this time the Lord met him in a truly remarkable way, and that experience appears in Don Basham's book, "The Miracle of Tongues".

While living in El Paso, he and his wife originated the Christian newspaper, "Beautiful Feet", and he served as its first editor.

He is presently employed by the City of Berger Fire Department.

Lu Nell Isetts was born in 1934, reborn in 1942, and baptized in the Holy Spirit in 1965. In addition to being a home-

maker and mother of six, she holds a bachelor's degree in psychology from The University of Texas at El Paso. While living in El Paso she taught an interdenominational Bible class, did marriage counseling, taught high school psychology, and was co-ordinator of the Christian newspaper "Beautiful Feet". Her first book "Jonathan, Oh, Jonathan" appeared in 1974. A second book, "Color Me Legitimate" is now with the publisher.

Veterans

Nearly 2.3 million veterans and survivors will receive 12 percent increases in their monthly Veterans Administration checks and 6,537 severely disabled Cold War veterans will be eligible for \$3,300 automobile grants as a result of two bills signed recently by the President.

These increases are in addition to the increased G.I. Bill education allowances that became law December 3, VA Administrator Richard L. Roudebush pointed out.

The 12 percent increase applies to pensions for veterans who have become disabled from non-service-connected causes and to their widows and children.

Increased also were payments to dependent parents of veterans who died or were totally and permanently disabled from service-connected causes. The payments, called pension and dependency and indemnity compensation, were last increased on January 1, 1974, by 10 percent.

This year's 12 percent increase is effective January 1, 1975, and it will be reflected for the first time in checks received February 1.

The other measure, signed by the President December 22, broadens eligibility for automobile grants to include veterans who suffered loss or loss of use of one or both hands or one or both feet or blindness due to military service between World War II and the Korean Conflict.

The amount of the grant was raised from \$2,800 to \$3,300 for veterans who have suffered such injuries since the beginning of World War II. Necessary adaptive equipment is furnished also.

Costs for the two new measures, combined with costs of the increased education benefits, will total nearly a billion dollars for the remainder of the current fiscal year, it was estimated.

Tax Deadlines In January

Although the mention of tax usually brings to mind that square on the calendar marked April 15, the month of January contains three very important tax deadlines which will affect many taxpayers in North Texas.

Employers are reminded that the deadline to give employees their 1974 W-2 forms is Friday, January 31, 1975. Adherence to this date is important because of the delay in filing individual income tax returns that can be caused by late W-2 forms.

January 31 is also the deadline for reporting social security and withheld income taxes for the calendar quarter ended December 31, 1974. If employers make timely deposits of the full amount of tax due, ten additional days are allowed to file the return.

Employers who received a pre-addressed form 941, "Employer's Quarterly Federal Tax Return," should use this form to report their tax liability. Other employers can obtain blank forms from their local IRS office.

The last day of January is also the last day to report and pay any balance of Federal Unemployment Tax not over \$100.00 for 1974, using form 940. If the balance of tax due is over \$100.00, the employer must make a deposit with FTD form 508. Employers depositing the full amount of tax on time will then have until February 11, 1975, to file the accompanying return.

BITS OF THIS AND THAT

By Nita Stewart
Mrs. Martin telephoned me Friday afternoon to ask me if I knew any baby sitters. Seems the First Presbyterian Church is in need of someone to take care of their nursery on Sunday mornings for church and Sunday school. It would be for a couple of hours each Sunday. Verla Hendrix did take care of it until she broke her hip and at present, with the bad weather, she doesn't want to take a chance of falling and injuring herself again, so if anyone would like to help out the Presbyterian Church and take care of their nursery, give Mrs. David Martin a call or telephone the church. I told Mrs. Martin about one person, but I'm not sure she could do it as she's working part time at Pioneer Manor. So let's get busy and help out the church with their nursery.

Sorry to hear Jack Whitson is now in Hansford Hospital. We pray Jack will be well soon.

Search Underway For Rural Hero

Bond Sales Near Goal

The search is underway for Texas' rural hero of 1974. The Rural Heroism Award, sponsored by the Texas Farm and Ranch Safety Council, is presented annually to some deserving person who has performed an act of exceptional bravery during a time of crisis, according to Ben Bullard, Council vice president and assistant safety director for the Texas Farm Bureau. All entries must be submitted by February 15, to the Rural Heroism Award Committee, Texas Farm and Ranch Safety Council, P. O. Box 489, Waco, Texas, 76703, according to Bullard. The heroic act or deed must have occurred in Texas during 1974 and must be related to farming or ranching operations. Nominations should include a written account of the incident and the names of all persons involved. Newspaper clippings and pictures should also accompany the nomination, if available. The award will be presented March 2 at the annual meeting of the Texas Safety Association at the Shamrock-Hilton Hotel in Houston. Last year's winner was E. W. McMichael of Hooks in northeast Texas who attempted, in vain, to save the life of the pilot of a crop-dusting airplane which had crashed.

TEEN TOPICS

To win teenagers back to dental care, a psychoanalyst suggests that the "buddy system" be encouraged for office visits and that they be treated as adults. Using technical words makes teens and adults feel inferior, the analyst points out. Also, because "teenagers feel invincible about the future, any warnings about the consequences of neglecting their teeth will only go unheeded." *****

Nelle's News

By HD Agent Nelle Evans
This is the time of year we are making plans for the Extension Program for July 1975 thru June 1976. If you have any suggestions please let us know. This includes home demonstration club programs as well as others. We want these programs to be what you want. It is hoped that some historical programs will be included. These can include workshops and special activities as well as lecture type programs. Be sure to let us know what suggestions you have. All Extension programs are for anyone who is interested regardless of race, sex, color, creed, age or national origin. Do take advantage of what Extension has to offer for you. Money is a much discussed subject these days. The current economic situation gives families with pre-adolescent and teenage children opportunities to teach something that people need very much as they grow up--an understanding of family money and spending. Too often, children reach adulthood with little or no knowledge about what happens in the financial area of the family. Without this learning period, young adults are poorly prepared to begin life on their own. Young adults say they never had the chance to learn much about family money, how to budget or how to plan financially for the future. These individuals seldom knew where much of the money went, or came from, as they were growing up. In discussions of this type, a family can talk about where the family money goes, what is included in the budget or, simply, what it costs to live. Children can learn a great deal by joining their parents in frequent talks about what choices are made and why. And the children can be persuaded to contribute their ideas also. The key to family discussions about money is a positive cooperative attitude from each family member. These talks can be a learning period for pre-adolescent and teenage children if the discussions are conducted in an atmosphere of sharing concern and understanding, rather than a lecture from one person to another about carelessness with money. As a starter, find a time when every family member can be available for a half-hour to one hour. Ask each person how he thinks the family can cooperate to combat inflation--what ideas, plans or sacrifices the family could use. Give each person the opportunity to present ideas without other family members challenging or ridiculing. When each person has had a chance to speak, then the family can begin exploring the possibilities and effects of each suggestion. This procedure provides opportunities for increasing understanding of family finances and budgets--as well as understanding and mutual respect among family members. It also helps all family members realize what it costs for regular expenses. If youngsters are included in family money discussions they will be more willing to do without some unnecessary items. *****

Produce More - Protect More

In 1975, more than ever before, farmers and ranchers will work their land with one eye on the nation's economy and the other on its ecology. They are being asked to Produce more wheat, corn, grain sorghum and other agricultural products needed by the American people. Protect more of the American land to keep it green and fertile for the next year - and the next generation. The demand for food means that millions of acres of land formerly in grass or in set-aside programs will go into crops this year. At the same time, present cropland will be used more intensively. The farmer, the number one guardian of the nation's natural resources, has a responsibility to use his soil wisely - and he knows it. Armed with improvements in seed, agricultural equipment, tillage methods and conservation techniques, he can confidently expect to meet the greater demand for food without damaging the land. To help him, the U. S. Dept. of Agriculture offers these recommendations: 1. Farm all land under a conservation plan. 2. Plan the right crops in the right soil. 3. Use effective soil and water conservation techniques. 4. Consider some form of minimum tillage or no-till. 5. Keep steep land or other areas highly susceptible to wind or water erosion covered by grass or trees. Technical help in establishing sound conservation practices is available from USDA's Soil Conservation Service (SCS) through almost 3,000 soil conservation district offices. In the coming year, SCS, along with other specialists in the U.S. Department of Agriculture, will give top priority to help farmers and ranchers increase production without damaging resources.

SPORTS ROUNDUP

7TH GRADE WINS 32-9

Coach Dan Truelove and his 7th grade team were hosts to the Phillips 7th grade team at Lynx gym Monday evening at 5:00 p.m. The Lynx won the basketball contest by a lopsided 32-9 count behind the fantastic shooting of "Killer" Kyle Beedy. Beedy netted 13 points in the game, followed by Doug Hohertz with 6 points. Others on the team who scored were James Pierce 2, Joe Mobley 4, Martin Rinker 2, Kelly Mahoney 2, Kermil Mahoney 1; team members for this outstanding Jr. High school team include Chris Bodey,

Alvin Byers, Dayton Edwards, Greg Hazelwood, Mike Kizzlar, Alfred Avila, Kevin Townsend.

Coach of this fine group is Dan Truelove, and the managers are Ray Ortega and Kerry McMullan.

The 7th grade boys are looking forward to the big 7th and 8th grade tournament in Spearman this week-end. See tournament page for their first game of the tournament.

MOORE'S MANGLERS MAUL BLACKBIRDS!

Coach Ed Moore's Manglers mauled the Phillips Blackbirds at Lynx gym Monday evening, setting

a new scoring record as they raced by the visitors 80-21. Everyone in the Jr. high school got in the scoring column, except Principals Alan A Ford and Eddie Clemmons, and they were on the sidelines "yelling" for their boys.

"Zane the Train" Newton lead the scoring with 23 points, followed by Scott Sherwood with 10 points. The scoring for the rest of Moore's Manglers were as follows: David Ortega 4, Scott Martin 4, Sam Boone 4, Joel Jackson 4, Hector Trevino 6, Billy Sells 6, Pat McKay 2, James Whitaker 2, Stinson Gibner 2, Kevin Lewis 2, John Reneau, Altonza Garza 2, Tony Truelove 5, Danny Dear, Chuck Eaton 2, Roger Riggs 2, Carey Bridges, Todd Brock, Joey Avila. Manager for the great 8th grade team is Robert Hagerman.

Coach Ed Moore used all of his players in the high scoring victory, finally running the Blackbirds down. The 8th grade will be big favorites to win the tournament at Spearman this week-end.

SPEARMAN B GIRLS WIN IN BEAVER TOURNAMENT!

The Spearman B girls won the consolation bracket championship trophy at the Beaver varsity tournament over the week-end. The B girls defeated Hooker 39-25 in the consolation final.

Glenda Cook lead all scorers with 16 points. Glenda hit 4 out of 8 free throws for a 50% F.T. average in the final game. Margie Cage scored 9 points, hitting 3 out of 4 free throws for a 75% FT average. L. Kunselman made 5 pts., hitting 3 out of 4 free throws for a 75% FT average. Denise Ware tallied 4 pts., Kelli Simpson 3, and Carrie Clark 2, to round out the scoring for the Lynxettes in this game.

Coach Lewis and his B girls were never in trouble with Hooker, leading them 9-4 at the end of the first quarter; 21-9, 28-16, and finally winning 39-25.

SPEARMAN DEFEATS HOOKER 68-51!

Coach Bones Simpson and his Lynx crew won the third place game against Hooker 68-51 Saturday evening. The game was a part of the beaver tournament. Sensational "Roger the Dodger" Jones hit 20 points to lead the Lynx scoring, followed by Roger Brown with 16, Willie Porter 14, Terril Brummett 12, David McMullan 5 and Tim Harper 1 point.

The Lynx lead 21-12, 38-22, 50-36, and 68-51. Jerry Brown was high for Hooker with 22, Brian Husey 10, David Steele

4, Mack Schroeder 6, Bsten Raulin 7, and Steve Haddock 2.

For many fans, this was the first time that they had ever seen the Beaver Super Pit and it was quite a thrill to sit in over-stuffed chairs and watch the game while you munched on a hot dog, and drank hot coffee. Many fans came away from the Beaver Super Pit wishing that their schools had some soft seats and accommodations for the fans who attend the games.

LYNXETTES LOSE CHAMPIONSHIP!

Coach Ralph Newton and his "Newettes" lost to the Laverne, Oklahoma girls 53-41. In the finals of the Beaver Invitational Tournament at Beaver Saturday night, Michelle Schumann lead the Lynxettes in scoring with 22 points, Carla Harper had 10, Janyth Lackey 8, and Lesli Alexander had 1 point.

The Lynxettes actually made a "game of it" the first half but the tall and talented Laverne girls were just "too tall" for the shorter Lynxettes.

Crush cookies with rolling pin and leave crumbs on board. Take biscuits and flatten out like pancake on crumbs, turning over once so crumbs are on both sides. Fill centers of flat biscuits with the glazed fruit and pull

ONE WAY IS: Use weather stripping and caulking to seal cracks and prevent heat loss. A cold draft indicates that your home is losing heat which wastes electricity and costs you money so check all windows and doors for air leaks. During the day open the draperies and let the sun shine in. At night, close them to help keep the warm air in. When the fireplace is not in use make sure the damper is tightly closed. An open damper allows the warm air in the room to rise up the flue and escape to the outside. Remember, electricity is valuable - use it wisely.

Lynx-Lynxettes Win Opening District Games At Dalhart!!

The Spearman basketball varsity teams made a record-setting clean sweep of it at Dalhart Tuesday night, as they served notice that they were ready and waiting for District action this year.

The Lynxettes smothered the Wolverines 64-33, behind the red-hot shooting of Miss Lackey, who netted a fantastic 32 points. Miss Schumann hit 15, Miss Harper 15, and Miss McAdams 2, to round out the scoring for the Lynxettes. Others seeing action Tuesday night were Abbott, Gressett, Wheeler, Papay, and Alexander.

Scoring by quarters went

as follows: 25-11, 35-20, 47-23, and 64-33. The Lynxettes will ementain the Phillips girls at Spearman gym Friday evening in the most important district game of the year for the Lynxettes: the Phillips team will feature the famous Jill Rankin, who set a scoring record at Duncanville this year.

Everyone is urged to come out and watch the Lynxettes in this important conference game.

The Spearman Lynx unleashed their best offense of the year as they smashed the Dalhart Wolves 72-35, with Willie Porter burning the backboard all night,

for an incredible 28 points. Harer hit 2 points, Harper 2, Jones 12, Brown 6, Brummett 20, and Wilson 2 to round out the scoring for the Lynx.

Scoring by quarters was 16-12, 34-18, 56-25, 72-35. One of the most unusual incidents of the game Tuesday night was the fact that the two teams took a combined total of 3 free throws, only 1 free throw was made, and it by Dalhart. This was the best-played game on the part of both teams we have seen all year.

The Lynx will also play at Lynx Gym Friday evening as they meet

arch rival Phillips in the game of the week. Plan to attend the games this Friday evening. This will be only the second time this season that the Lynx have played in their home gym.

SCHOOL BOARD MEETING

The Spearman School Board met in regular session at the school house Monday evening. Highlight of the

evening was the discussion on the new football stadium and remodeling the old R. High school building and cafeteria. The architect and contractor was not present at the meeting Monday night, but they plan to be back in Spearman for a special meeting this next Monday night; purpose of the meetings is to trim off approximately \$90,000 on the entire remodeling and stadium building project.

School Board officials noted that it might be possible to change the dressing rooms and buildings underneath the stadium and probably save the necessary amount. Most everyone was in agreement that nothing be changed on the school building project.

Unemployment Assistance Available

Jobless workers who are not eligible for unemployment compensation may possibly qualify for a new type of benefit, Special Unemployment Assistance (SUA), according to Henry Rothell, administrator of the Texas Employment Commission.

The new unemployment assistance measure is authorized under the Special Employment Assistance Act of 1974 which President Gerald Ford signed into law December 31.

Special Unemployment Assistance makes unemployment benefits possible for persons such as domestics, agricultural workers, employees of city and county governments, and various other workers currently ineligible for unemployment compensation.

In Texas, SUA claimants can receive a maximum of \$63 per week for as long as 26 weeks, Rothell said. SUA payments will be made entirely from Federal funds and paid in accordance with the general provisions of the Texas Unemployment Compensation Act.

"Workers who have insufficient earnings in covered employment to be eligible for unemployment compensation under any State or Federal law," Rothell said, "may qualify for SUA if they present evidence of employment and earnings during the 52 weeks prior to filing their claim which would be sufficient to qualify for unemployment insurance if the work had been in covered employment."

An SUA claim may be filed at the nearest TEC local office or itinerant service point in the state. When a worker goes to an office to file a claim, he should take his Social Security card and a list of names and addresses of all employers for whom he worked during the most recent 52 weeks, along with documentary proof of work and earnings, the TEC administrator said.

Frozen foods that have thawed may be refrozen safely if they still contain ice crystals or if they are still cold—about 40 degrees F.—and have been held no longer than one or two days at refrigerator temperature after thawing.

Hansford Shrine Club will meet January 16th at 7:30 at Martin's Steak Gardens.

Are you having a bellyache or having a heart attack?

Wondering whether a pain in the upper abdomen is the beginning of a heart attack or just acute indigestion can cause a fatal delay, says the American Heart Association.

Reducing the deadly delay of decision time is the aim of a public education campaign now under way in our region and others. It's working, too, because surveys before and after a mass media campaign began in one mid-west area showed that the average time from onset of symptoms to starting to the hospital dropped from 13-3/4 hours to 7-3/5 hours.

Even the lower average, however, exceeds the critical four hours right after a heart attack, the period in which a third to a half of all heart attack deaths occur.

The Heart Association says heart pain in the abdomen may be accompanied by nausea or vomiting, making it easy to confuse a heart attack with indigestion. The upper abdominal pain of heart attack usually is at the fork of the ribs and may actually overlap the lower chest, a physician said.

Heart pain also can be in the center of the chest, arms, jaws, neck or back, according to the Heart Association. It can be accompanied in all, or any, of these areas by nausea, vomiting, sweating or shortness of breath.

A survey of 91 heart patients at one hospital in the area where the education program reached an estimated one million people showed that up to 25 percent attributed their response to the news media. But the repeated newspaper, radio and TV messages very probably influenced many additional people to seek help even when they had only a vague memory of the actual content of the message. This subliminal response, familiar to any advertiser, could often be detected during interviews several days after the attack.

That's why the project uses repetition -- to let patients accumulate a store of knowledge which will provide an automatic response to early warning symptoms: "when you see a red light, you stop".

Media impact is indicated in the following account. A woman, 50, arrived at a hospital emergency room at 3:00 a.m. She had pain in the upper abdomen and behind the breast bone, extending into the back. A doctor said her pain sounded more like gallstone colic than heart attack pain. "But, doctor," said her husband, "this pain was exactly like one kind of heart attack pain described in last evening's newspaper."

Sure enough, her half-hour episode of pain, with sweating, nausea and vomiting did turn out to be an early warning sign of heart attack.

More importantly, she escaped without having the full development of a heart attack -- which is what the Early Warning Signs Program is all about. "Early attention can mean pre-

vention".

These escapes from full disabling or fatal effects of a heart attack often occur when patients seek prompt medical aid instead of trying to judge whether they're having a heart attack or just bellyaching.

HEART ATTACK EARLY WARNING SIGN CAN BE PAIN IN THE NECK (OR JAW)

Toothache or heart attack?

Heart attack or just a pain in the neck?

These conflicting symptoms are being spotlighted in a heart attack early warning signs public education project in the Panhandle area.

Pain from actual or threatened heart attack may occur only in the neck or jaws and be confused with dental trouble or neuralgia, according to the Physicians' Advisory Committee for the project, which was developed in an

18-county area by a state affiliate of the American Heart Association.

Neck and jaw pain is very common in heart attack, according to Dr. Willis Hurst, of Atlanta, Georgia, 1971-72 President of the American Heart Association. Dr. Hurst was cardiologist consultant when former President Lyndon Johnson suffered a heart attack.

Countless thousands of people in the United States have had their teeth pulled or have died of a heart attack. Dr. Hurst said, thinking that pain in the jaw was due to bad teeth.

A survey of 91 heart patients admitted to a hospital cardiovascular intensive care unit in the 18-county area during five months after the educational campaign began showed that up to 25 percent attributed their response to the news media.

Examples of such media response were unearthed in

another survey, 30 days after the campaign began. One patient was a man, 55, who had gone directly to a doctor's office after reading the first newspaper story. He described three episodes of pain in the center of the chest at night with sweating and with pain extending into the neck, jaws, and both arms.

How did he happen to visit a doctor?

"Two of these spells came after we had barbeque for supper and we wondered if they could be due to indigestion. The third spell happened just before the Sunday newspaper story which described it just like I acted," he said.

He added that he thought it was peculiar that his jaws hurt, since he had false teeth.

Other easily-learned warning symptoms may be a pressure, fullness, squeezing or aching in the chest, arms, back or upper abdomen.

Groves Family Spend Christmas In Mexico

Mr. and Mrs. Harold Groves and children, Leslie Ann, Dean, Mylinda and Kelly and Mrs. Groves' mother Dorothy Rouch of Lakeville, Indiana left December 21 for Mexico. Their first stop was at Mexico City where they stayed until December 26.

On Sunday morning, December 22 they attended the Folklore Ballet which portrays the history of Mexico in ballet. At noon they went to a Flea Market where many antiques were displayed along the street. They saw over 60 trunks, which Dorothy Mae took pictures of for her new book.

In the evening they went to the bull fights. Monday they visited the cathedral, national palace, Chapultepec castle and park, Lomas residential section, the flower market and University City. That evening they went to the parks where there were thousands and thousands of balloons for sale.

Tuesday they toured the Sun and Moon Pyramids of Teotihuacan, Temple of Quetzalcoatl, Cactus Century demonstrations, Acollman ex-monastery, and the Shrine of Guadalupe. On Wednesday, Christmas Day, they visited Cuernavaca, Cortez Palace, Cathedral, and in Texco the Santa Prisca Church and many silver shops. Texco is a beautiful village. The Groves' party ate Christmas dinner in 80 degree weather, in an open air restaurant overlooking the village.

After spending 5 days in Mexico City they went to Guadalajara where they stayed at the El Lapatio Hotel. The hotel complex was on a hill overlooking the city. Their first evening there Patsy Gates' sister-in-law Mrs. Wayne White, took us to craft shops and then to their home. The Whites are Baptist Missionaries there. They have the Gethsemane Baptist Church.

They attended prayer meeting at the church Thursday evening and church services Sunday morning and then to a fellowship at the Mexican-American hospital next to the church.

Friday, December 27 they toured the city for several hours ending up at Tbaquepaque, a small village where they shipped two trunks home.

On Saturday they went to the little Indian village of Tonala, east of Guadalajara, known for its terracotta pottery and to the Mercado Libertad, a huge public market.

After church on Sunday they went to a flea market, the Baratillo Market, where they found one can buy all parts for old treadle sewing machines, sad irons, cream jars and milk cans, granite ware items etc. So many items Americans consider collector's items can be bought any place in Guadalajara. They saw glass being hand blown, pottery being made, and cloth being woven.

They especially enjoyed the Mexican cuisine in Guadalajara. There are many fine restaurants, small sidewalk cafes, offering a variety of continental and Mexican specialties.

The day before New Year's the Groves went with another couple to the mountains. The couple were Mr. and Mrs. Lee Baggle Anthony, medical missionaries to many Indian villages around Guadalajara. The couple have a daughter Donna, 6 years old. The group spent several hours driving up the mountains to reach the snow-covered peak where a beautiful view of the country could be seen. They visited the village of Colima, a beautiful quiet town. Colima has two squares just 3 blocks apart with several water falls.

They left Mexico in 89 degree weather to arrive in Amarillo the same day with snow falling. The airplane was late leaving Guadalajara so they missed connections in

San Antonio and Dallas but finally arrived in Spearman just in time to get the children back to school January 2.

Harold and Dorothy Mae will be co-hosts with Dr. Roy Blizzard for the Israel tour February 18-March 3. They are anxious for people in the area to attend the study tour.

There is enough time to obtain passports and get ready to go. This is the Groves' third tour in the past 10 months to Israel and their first to Turkey. Anyone interested in the tour may contact the Groves at Box 536, Spearman, or Dr. Roy Blizzard, Box 1502, Austin, Tex. 78767.

Our Heritage of Faith

notes from Faith Lutheran Church

The Southern District of The American Lutheran Church will have a Pastor's Retreat at Texas Lutheran College, Seguin, Texas from January 21-23. Pastor Andersen plans to attend these meetings. Confirmation class for January 21 will not be held for one week only.

Monday evening, January 27, the men of Faith Lutheran will host the men's team from Hooker, St. John's Lutheran, in dart ball. Spearman has a 2 won, 7 lost record at this point, but is getting better with each set of games. We hope to improve on that record as Hooker comes to Faith. The game is at 8:00 p.m. in the Parish Hall of the Faith Church.

Faith Lutheran will have the Sunday afternoon devotions at the Pioneer Manor during February. On the first Sunday, the Luther League will meet at the church at 2:00 p.m., then go with Pastor to the Manor at 3:00 p.m. We hope many others from the congregation will take the opportunity to be at the Manor on Sunday afternoons from 3:00 to 3:30.

The Annual Meeting for the congregation will be today, January 16, beginning at 7:30. Election of officers for the church council and adoption of the 1975 budget are two main items of business.

John Hillabolt, music instructor at Northwestern, Alva, Oklahoma, will present an organ recital at Oslo Lutheran this Sunday, January 19 at 3:00 p.m. There is no charge for the concert, although there will be an opportunity to leave a gift if you wish. A reception will follow the concert.

If you have no church home or are seeking, we invite you to worship with us at Faith Lutheran each Sunday. Morning Worship is at 9:30 with Sunday School for all at 10:30. Junior Choir practices at 11:15.

Drive at a steady speed, accelerating and slowing gradually. Especially avoid "jack-rabbit" starts--they really waste gasoline.

When baking, resist the temptation to peek! A 20 percent heat loss occurs each time you open the oven door. This wastes energy--and increases baking time too.

FARM AND RANCH NEWS

By Joe Van Zandt

As we get started on the new year of 1975 I think just about everyone is wondering what it will bring for each of us. Will grain prices continue to decline, will cattle prices flounder around and even go lower, will farm and living expenses continue their upward climb? Or, some morning will we wake up and everything will start going in the right direction for each of us and this big, bad dream will be over?

I have the following outlook on the beef cattle situation from Ed Uvacek, Extension Livestock Marketing Specialist. I know many of you doubt everything some "Specialists" says. But, you tax-payer paid for his outlook and maybe it will give you some food for thought.

"Despite heavy slaughter of cows toward the end of last year, the U.S. breeding herd is expected to be up another 2 to 3 million head on January 1, 1975. This represents a 16% increase over the 1970 level. The result will probably be greater slaughter of cows, calves and even fed cattle in the new year. At this point, we are expecting commercial cattle slaughter to be close to 42 million head."

"Continued pressure on feeder calf prices will exist throughout most of 1975. Some strength may

develop into the spring months as feeder supplies lessen and as slaughter cattle prices improve. The summer and fall, however, may show a repeat of the disastrous prices felt last year. The only factors which could improve the situation and even look slightly probable are: a record large grain crop, sharply reduced exports of grain, or a complete turnaround in the feedlot returns from losses to profits."

"Choice fed cattle prices for the first half of 1975 should be rising into the spring with some weakness during the second quarter as more fed cattle are marketed and calf and yearling slaughter increases. Just so you can have a choice of forecasts, however, the following provides both mine as well as the USDA's. For Amarillo choice fed steers 9-1100 lbs. I forecast for the January-March period price to range in the \$42-\$44 range and during April-June in the \$43-\$45 range. USDA's forecast for Omaha choice fed steers to range in the \$43-\$45 during January-March and \$44-\$46 during April-June."

Nonagenarian Honored

Gruver's nonagenarian Mrs. Juliet Boyd attained her 94th birthday Sunday, January 5, with a fitting observance being held at the Fellowship Hall of the First Christian Church of Gruver where many of her family and friends were gathered in her honor.

This outstanding Gruver citizen who has brought so much cheer and beauty

to our community through her lovely flower gardens year after year and through her delightful personality is a member of the First Christian Church as well as being one of the leading members of the Gruver Gay Nineties group which has an exclusive membership for those who have attained the venerable age of ninety.

She was born in Clebourne, Paul Westerfields with guests to call between the hours of 3:00 to 4:30 P.M. She has made her home at the corner of 4th and Richardson for many years following the death of her husband in 1938 and is a firm believer in "brightening the corner where you are" by her beautiful flowers and generous spirit.

Women of the First Christian Church were responsible for the delightful Sunday afternoon affair. Presiding at the serving table were Mrs. Cecil Ralston and Mrs. Roy Edwards. The table, laid with netover greenery, was centered with an arrangement of white and blue posies which was a gift from the Friday wedding of Marsha Wallin and Buddy Lowe. A beautiful birthday cake with pink and yellow flowers and inscribed with Happy 94th Birthday highlighted the table.

Young People Enjoy Skiing

A group of young people from Hansford County enjoyed a week of snow skiing this past week. They left Monday, January 6th to go to Angel Fire, New Mexico. While there they received plenty of snow to make the skiing excellent. Those going on the trip were Mr. and Mrs. Tim Barkley, Mr. and Mrs. Craig Schumann, Mr. and Mrs. Ronnie Lusby, Mr. and Mrs. Lynn Carriere, Dave Barkley, Victor Schumann, Vickie Davis, Carol Booth, Sueleen Womble, Amy Renner, Johnnie Scribner, Dwight Gillespie, Neal Williams and Jim Burke.

PLAY ACREAGE UP--Flax acreage is increasing in Texas due to the improving price situation. If the present price of about \$8 per bushel holds, flax acreage may replace cotton in a 10 to 12-county area, around Corpus Christi. This would mean a crop of more than 200,000 acres compared with about 35,000 acres last season. Plantings this season may reach about 75,000 acres and production should total about 900,000 bushels. Flax is hardy and aggressive and requires little special attention or special equipment. It works in well with a rotation program of cotton and sorghum.

Imperial Potentate of Shrine To Visit Amarillo

U. C. Sterquell Jr., Potentate of Khiva Shrine Temple in Amarillo, announced the upcoming official visit to Khiva Temple of Amarillo by the ruling head of the Shrine of North America. The Imperial Potentate is Jack M. Streight, O. C. of New Westminster, British Columbia, Canada.

Imperial Potentate Streight is scheduled to arrive in Amarillo at 11:00 AM January 13th. During his visit, he will inspect the facilities and review the work of Khiva Temple, meet with Past Potentates, visit Cal Farley's Boy's Ranch, conduct a news conference, visit civic dignitaries and dine members of Khiva Temple and their ladies. Upon the conclusion of his visit, the Imperial Potentate of nearly one million Shriners will continue his visits to others

of the 178 Shrine Temples within his jurisdiction. Imperial Potentate Jack M. Streight, O. C. of New Westminster, B. C., a member of Gizeh Temple of Vancouver, B. C. is the leader of the nearly one million-member Shriners of North America fraternal and philanthropic organization that operates 22 Shriners Hospitals for Crippled and Burned Children. He is the fourth Canadian to head the 102-year-old order and the first since 1961.

The high-ranking Shrine officer is a native of New Westminster. He was graduated from the University of British Columbia and attended Osgood Hall Law School in Toronto. He was called to the bar in 1934, after which he started his own law firm. Imperial Sr Streight was appointed Official Adminis-

by press, radio and television.

The Indians of Nanimo honored him and initiated him as Chief Hul-I-Tun of the Snenemuhev tribe of British Columbia.

He is a Past Master of King Solomon Masonic Lodge, a member of both the York and Scottish Rites, a Royal Ark Mariner, a member of Zarthan Council #7, of which he is Super Excellent Master, the Cabir, director of Victoria Court #100, Order of Jespers, emeritus member of the Royal Order of Jespers, the Canadian Phil Delta Theta, a member of the Elks and the Westminster Club, and the Order of Quetzalcoatl. He holds the honorary degree of the DeMolay Legion of Honor.

In 1955 he was Potentate of Gizeh Temple of Vancouver, B. C. He is an emeritus member of the Shrine's Imperial Council, governing body, since being elected Imperial Captain of the Guard in July 1966 in San Francisco. He has served on most of the Imperial Council's important international committees, including Jurisprudence and Laws, Investments, Public Relations, Board of Trustees of Shriners Hospitals, and is a member of the boards of governors of the Winnipeg, Spokane, Portland, Honolulu and San Francisco units of Shriners Hospitals for Crippled Children. His hobby is salmon fishing.

The Shrine leader is married to Isabel Bews, B.A. and B.H. Sc. They have two daughters, Barbara Streight and Jean Blackman, and a grandson, Michael.

Cline-Blankenship Vows Exchanged

In a charming candlelight service in late December wedding vows were exchanged by Miss Dana Louene Cline of Arlington, Texas, and Mr. Mac Blankenship of Guymon, Oklahoma, at the country home of the bride's parents, Mr. and Mrs. Hootie Cline in Gruver. Parents of the groom are Mr. and Mrs. Curt Blankenship of Guymon.

The 7:30 P.M. double ring ceremony was read December 28 by the Reverend John Denton, pastor of the Gruver First Baptist Church, before an altar arrangement of heart-shaped candelabra intertwined with Tropicana roses and white doves. Memory candles in a brass base completed the ceremony area. Strains of traditional wedding music accented the atmosphere and "True Love" was heard during the ceremony.

Attending the bride as her maid of honor was her sister Denise and attending the groom as best man was Bryan Brock of Bartlesville, Oklahoma. Aunt of the

bride Darlene Cooper of San Diego, California, was the candlelighter and Kim Chuck, cousin of the bride from Gruver, served as usher.

The beautiful bride chose to wear her mother's wedding gown of heavy white bridal satin designed with a basque waist. The bodice featured a Chantilly lace ruffle which outlined the net illusion scoop neckline and long fitted sleeves fastened at the wrists with self-covered buttons. The full gathered skirt swept into a graceful chapel train. A circlet of satin roses held the fingertip veil of bridal illusion edged in lace. She carried a shower bouquet of Tropicana rose buds, baby's breath, and apricot satin streamers with lovers knots.

Her maid of honor was gowned in an apricot peau de soi designed with a shawl collar accented with a delicate tracery of embroidered apricot flowers and greenery. She carried a nosegay corsage of apricot Tropicana rose buds and apricot satin ribbons. Miss Cooper wore

Mr. and Mrs. Mac Blankenship, nee Dana Cline, pictured against the background of the heart-shaped candelabra which accented the wedding scene for the lovely home wedding.
