

War Fund Campaign To Begin Monday

Must Produce Ration Book 3 To Get No. 4 One Person May Sign Up For Family, Is Information Given

Registration in Hansford county for War Ration Book 4 will be Friday and Saturday, Oct. 22 and 23, only. Spearman will register at the school building.

Consumers were advised by the county war price and rationing board to take their War Ration Book III with them when they go Oct. 21 to 23 to register for the new War Ration Book IV.

No new ration books are to be issued consumers who don't produce the No. 3 book. Housewives, or any other member of the family, may sign up for the entire family group at this registration as they did at registrations for Nos. 1 and 2 books.

The No. 3 book was issued last summer by mail, but the new one will be issued at school houses by teachers and other volunteer workers "who have proved their ability to do the job quickly and efficiently."

Teachers and other workers, receiving instructions on the issuance, have been advised that consumers are to apply for the books at their nearest school house. The book will be distributed to all persons except members of the armed forces who are substituted or who are members of officers' messes, persons confined to institutions and persons who have resided less than 60 days in the United States.

War Ration Book IV, which will last approximately two years, combines point and unit stamps. It has eight pages containing a total of 384 stamps, printed on safety paper in blue, red, green and black inks.

Under arrangements made with the post office department, finders of lost ration books may now drop them in the mail without prepaying postage or enclosing them in envelopes.

The books will be returned to the person whose name and address appear on the cover, on payment of a five cent postage-due charge. It is felt that this procedure will appreciably increase the percentage of lost books returned.

Another Good Group Renew For Reporter

Many Subscriptions Sent To Boys Now In Military Service

Ben F. Gillispie, U.S. Navy, care postmaster, San Francisco, gift of his father, Walter Gillispie, Walter Gillispie, Spearman, Everett Vanderburg, Spearman, S. Sgt. Mural Bacon, care postmaster, Seattle, Wash., gift of his parents, Mr. and Mrs. Leonard Bacon, Gruver.

During the past week the Spearman Reporter has received 20 subscriptions. Seven of this group went to the boys in service, some being in the Pacific area and others in the Atlantic and Mediterranean war zones.

The interest of relatives in sending The Reporter as goodwill gestures to the boys in service is most commendable. Our list is increasing every week and many are going to the boys in service.

In Ochiltree county the National War Fund chest includes an appropriation to send the paper to the boys in service. The Reporter did not ask for these extra funds for this county, depending upon the interest of friends and relatives. However, the method adopted in the adjoining county assures 100 per cent mailing to the boys in service.

Oklahoma, Iowa and Texas are represented in this week's list of subscriptions in addition to those going overseas. These are subscriptions that were received last week by The Reporter.

Some papers are announcing that they will send only one notice to persons whose subscriptions expire. During the past week the newspaper at Guyton made that announcement in line with others.

The Reporter is endeavoring to limit its notices to one because of the shortage of help to take the time for additional notices. If you want The Reporter to continue, you can attend to the renewal with the first as well as a second or third notice.

Mrs. J. H. Buchanan has been instructed to take your name off the mailing list, if you do not attend to the renewal promptly. When this is done, people come in and want to renew beginning with papers that have been missed. Often it is impossible to provide the back issues, so you had better keep up to date.

Remember, The Reporter is \$2 a year in Hansford and adjoining counties; \$2.50 a year elsewhere. Nothing makes a more desirable gift for a birthday, anniversary or Christmas gift than a Reporter subscription.

Gruver Boy, 9, Killed Jumping From Truck Operated By Father

Kempton Seals, nine-year-old son of Mr. and Mrs. D. D. Seals of Gruver, was fatally injured Thursday, Oct. 14, while jumping from a slowly moving truck which his father was driving, a rear wheel passing over his hips and abdomen. He was rushed to the hospital in Perryton, but died Friday afternoon.

Mr. Seals and family had resided in and near Gruver for the past three years going there from Winters, Texas, and was engaged in the trucking business. Kempton is survived by his parents and one sister, Gaither Lee, 6 years old, and two younger brothers, Bobby and Jerry.

Services were held at the Gruver Baptist church with Rev. Hubert Hughes in charge and Rev. I. E. Biggs assisting. His classmates of the third grade were honorary pallbearers and flower girls. Interment was made in the Gruver cemetery Sunday, Oct. 17, at 3 o'clock.

Shriners Trying To Get Names Of Crippled Children

Khiva Temple of Amarillo, is anxious to obtain the names and addresses of parents of every crippled child in the forty Panhandle counties comprising Khiva Temple's jurisdiction. After this has been done, the temple will offer the free services of Shrine hospitals to all of these parents so that the children concerned may have an opportunity to grow up well and strong.

Since Shrine hospitals for crippled children were built, more than 86,000 patients have been treated. Today many of these boys and girls have grown up to be normal men and women. They may be found in every branch of the military service and in various useful civilian occupations.

This year, Khiva Temple is a leader in crippled children's work. Khiva Temple has contributed more than \$15,000 to the million dollars required annually to operate Shrine hospitals.

The 183 new Shriners created last spring are making a survey of the forty Panhandle counties, comprising Khiva Temple's jurisdiction with the hope that they can offer the services of the Shrine hospitals to the parents of all of these children.

As a citizen interested in the welfare of children unfortunate enough to be crippled, Khiva Temple's new members request that you fill in and mail the following form listing every crippled child under fourteen years of age.

Canadian River Crossing Now Is Easy Drive

Crossing of the Canadian river at the Berger bridge has been an easy task lately. The Hutchinson county highway department is keeping the river bed dragged and one can cross in a car in about three minutes.

Some of the heaviest loaded trucks take over routes, but many good sized loads now are going across the bed.

National Unity Problems Told At Lions Club

The Lions club has one of its most enjoyable programs Tuesday noon when Mrs. J. E. Eldridge gave an informative address on national unity and the part Christianity plays in it.

Her talk was based on a book being studied by women of the Methodist church. Much time had been devoted to preparation of the talk, which was well received by the Lions.

Reverend Eldridge urged Lions to read the magazine every month and recommended a program every quarter on international relations.

Hansford Hopes To Raise \$2,150 Within 1 Week

Letters Will Be Mailed Asking For Liberal Assistance

Kick-off time is almost here for the \$2,150 campaign for the Hansford County War Chest in connection with the United War Chest of Texas and the National War Fund. The campaign begins officially Monday, Oct. 25 and closes on Nov. 5.

Judge A. F. Barkley is county chairman and he is getting ready to get the campaign going in high this week-end. His office at the court house is a busy place, as workers are addressing letters to residents and non-resident property owners asking for contributions.

The letter has an enclosure about the war fund, a special letter of appeal for the Hansford county quota, a return envelope and a souvenir check to be filled out.

If the people respond to this campaign for the 17 affiliated organizations enabling them to give for everything in one gift as he believes they will, the quota should be reached in a week, Judge Barkley said.

Judge Barkley held a meeting with his committee and workers Monday night. They included C. A. Gibner, special gifts chairman; Bruce Sheets, treasurer, and Fred Hoskins, publicity director.

The return envelopes are to be sent to Sheets, the county treasurer for the fund.

If the people respond to the suggestion of taking as many per cent of the quota as possible, the campaign should end in a hurry, it is believed. One per cent is \$21.50, but it is believed that contributions of as high as 5 per cent will be made.

The state chairman, George A. Butler of Houston, has suggested that persons with salary income only contribute two days pay to the fund. That will be the plan in the large cities with big payrolls.

Business people have shown much interest in the campaign and want to get contributions from as many individuals as possible. The public is especially invited to read the many advertisements of merchants and business firms sponsored in this week's Reporter.

The Texas campaign slogan is, "Sure, I'll take a Texan's Share." When the people do that, Judge Barkley said he knew Hansford county would go over the top in this World War II task.

Red Cross Group Attends Meeting Held At Amarillo

Officials and members of the Hansford County Chapter of the American Red Cross attending the regional conference on Friday of last week were:

R. L. McClellan, chapter chairman; H. L. Bond, chairman of Junior Red Cross; Mrs. J. E. Womble, chairman nursing service; P. A. Lyon, chairman home service; Mrs. P. A. Lyon, executive secretary; Miss Roseann Porter and Miss June Tucker, Junior Red Cross members.

Valuable information and instructions on how to conduct the Red Cross work was received by those in attendance. The main phases of the work featured at the conference were the Junior Red Cross, home service and the nursing service. The junior members were treated to a trip through the Amarillo air base hospital in the afternoon.

Mr. and Mrs. Paul Buchanan and little daughter, Mary Louise of Pine Bluff, Ark., are here visiting their parents, Mr. and Mrs. A. P. Wallin, and Mr. and Mrs. J. H. Buchanan. Paul is a chemist in a federal arsenal at Pine Bluff. Mrs. Donald J. Tipton returned with them on her way home from Conn., where she had been visiting her husband, First Sgt. D. J. Tipton, who is leaving for overseas service soon. Mrs. Tipton was before her marriage in July, Ruth Buchanan, and will visit for some time with her parents.

KICK-OFF TIME FOR WAR FUND

Monday, Oct. 25, is kick-off time for the Hansford County War Fund. A rich county like old Hansford should have no difficulty in raising \$2,150 for the War Chest.

All of the money raised in Hansford county goes to the national campaign. This is one of the few counties that has no local activities to be deducted from the proceeds.

Many counties have set up budgets of \$2 to \$4 per inhabitant, but Hansford county folks will be asked to give only about 75 cents each on the average. However, small contributions can never put over any worthwhile project.

So, Hansford county should give on the basis that the citizens have been blessed materially. Dozens of persons can give 1 per cent or \$21.50 of the amount needed; others can give several times that. Some persons may not be able to give over 50 cents or a dollar. The big thing is for everyone to be liberal in proportion to his or her ability.

Fill out your souvenir check immediately and mail it to the treasurer; let's see if Hansford county can put over the campaign within a week's time.

The Reporter has had to leave out some news the past two weeks because our advertising support was sufficient only to print four page papers. We are developing our news department so much that we need a six page paper as a minimum to give proper coverage of Hansford county news. It will be a fine thing when we can get our business coming in steady so that this can be done.

Boys in military service are asked to write The Reporter. Give us an insight into your work and the country where you are stationed. The censor will take care of your writing information that should not be printed. So, boys, get busy and write us. The Reporter would like to have letters addressed directly to the paper.

All newspapermen rejoice in the promotion of Wes Izzard of the Amarillo News-Globe to the exalted position of Editor-in-chief, taking over the full responsibility of the editorial department. He is fully capable and has a background of almost 20 years in the Panhandle. However, Wes is already planning on running away for a try as a foreign correspondent in the European war zone. His articles will be awaited with interest, should he be able to make the trip.

A GAME OF TAG—WITH DEATH

Through the long night the helmsmen of the merchant marine guide their ships through treacherous seas, facing sudden death or days adrift. In the ports of two hemispheres, United Seamen's Service, a member agency of the National War Fund, operates rest centers, hotels and clubs for merchant seamen.

O. P. A. Employees Buy War Bonds

The following memorandum was received by the local O. P. A. office from the district office of Price Administration of Lubbock.

You will be interested to know that paid employees of OPA in Region V have exceeded their third war loan quota 29.59 per cent. The OPA employees in the Lubbock district have exceeded their quota 89 per cent.

We believe this is a record we may point to with pride. Each and everyone of you are to be congratulated upon the contribution made.

These bonds were accredited to the local county quotas, but were reported to the district office merely as a check on the part of the OPA employees in the third war bond drive.

Bennie Briley who has been out in New Mexico for sometime working for a telephone company is home for a few days. Briley is in the Naval Reserve and will be leaving soon.

R. V. Converse Says . . .

After so long a time it has come to light that the administration in Washington, or the fellow who is advising the administration as far as OPA is concerned the being the chief advisor planned the break in the cattle market for the sole purpose of forcing the beef producers to dispose of at least one-fifth of the cattle on hand. If you think this statement might be my opinion, just try to buy a little feed wheat for the purpose of finishing cattle, and you will not be able to get it under the new order that has been issued, which prohibits the sale of feed wheat for feeding cattle.

This chief advisor, who is using such men as Jones, Bowles and others to front for him, seems to be really running the show as far as OPA is concerned. He is a college professor and never had any business experience. By tying up the protein foods and shipping cotton seed cake to the northern dairy farmer and shipping bean cake to the south the cattleman contributes to the rail traffic, also the dairy farmer in the north pays freight.

This way of handling the situation increases the costs and makes the cowman disgusted and he sells his cattle. The feeder does not wish to lose money, so he stays out of the market and the bulk of cattle going to town, are being killed and the unfinished meat, tough as it may be, is going to our boys who are fighting to preserve our freedom. If it were not serious, it would be a huge joke.

According to a statement put out by the First National Bank of Boston, there is a group of people who wish to saddle onto us a condition that would make "the federal government not only the senior partner of business, but the initiator and director of our economic affairs." It commences to look like we had elected the same group to high offices too long.

There is being some criticism of the first lady for the trip she made to Australia and other places in the South Pacific by plane. It is reported that she had a bomber all fitted up with a bedroom and other conveniences and made the trip perhaps with a bomber escort and at a time when we are told that gas is scarce to the point of rationing. After she had made the long trip over there, it is reported that General MacArthur advised her "she would be

more of a bother than a pleasure," if she included New Guinea on her itinerary. No wonder our gas coupon values were cut.

It looks like some of the boys are bound to have everything on the ration list by 1944, and I am wondering if they are expecting to ration the votes of the Republican party. If they do not, it will be surprising how many states will go Republican. We must win the war, but do we have to make fools of ourselves while doing it?

Yours,
R. V. CONVERSE.

How Much is Your Thanks Worth?

THANKS...to the Chinese, who never had much, but who at least had the guts to stand up to the Japs for seven long years.

Thanks...to the Norwegians, who lost their country but never surrendered themselves.

Thanks...to the Russians, who gave their lives and homes and burned their factories and fields to turn Hitler's dream of conquest into a nightmare of defeat.

Thanks to the British, who might have given up but didn't...to the Yugoslavs, who still fight in the hills...thanks to all the freedom-loving people in the world who gave us time to gather our strength.

Make your thanks to all of these really mean something...by giving generously to the National War Fund through our own community war fund.

Seventeen war relief agencies have banded together in this great work to make the thanks of America mean something both abroad and at home and wherever our men fight on land or sea.

For we owe thanks, too, to the young men of America who gave up careers and good jobs to do the job that has to be done...and to those who cheerfully saw their lives turned upside down so that their men could fight and build ships and turn out tanks and planes and guns, all day and all night.

Because the National War Fund is combined with our local united campaign, you are being asked to give only once, this year, for all the agencies represented by it. So add up all you would have given to each, and then double the total! There's no better way to show your gratitude.

What The Folks In Service Are Doing

A/C G. S. (Ted) Stewart has completed primary training at Ottumaw, Iowa. His mother Mrs. W. E. Davis, received a card Oct. 15th that he was on his way to Pensacola, Fla., for advanced training.

Mrs. Davis received a letter from her son, Robert L. Stewart, S. 2/C, somewhere in the South Pacific. "I'm still on old 28 and riding the waves, thank God. Don't know much to write. Everything I do except take a shower is a military secret, but tell everybody hello and to write to me."

Cpl. Floyd Sheets, U. S. Hospital Corps, Vancouver, Wash., son of Mr. and Mrs. Claude Sheets, is home on 15 day furlough, the first he has had since he entered the service more than a year ago. He was called home by the illness of his wife, who had an appendicitis operation Saturday at Newman Hospital in Shattuck, Okla.

Lt. Edna A. Bassel, A. N. C., is now in England. Word was received by her parents Oct. 13, the first in six weeks. She writes that it is a beautiful country, and that she would not miss this chance of service for anything. She asked for some rayon or cotton hose as one can't buy them in England.

Lewis C. Harbour, S/1/c, Mounted Beach Patrol, South Port, No. Ca. is home on a 10-day furlough visiting his parents, Mr. and Mrs. T. I. Harbour. His wife, who has been in South Port for some time, is here with him.

Pvt. George Cator, son of Mrs. B. O. Cator of Morse, who is stationed in Australia in the cavalry, writes home of the nice time he enjoys on his 15-day furlough taking in places like races, rodeos, and dances, and he thinks it is a great country.

He is the member of a Flying Fortress Force, which has the task of ready crew trained by the Second Army all four-engine bomber crews for overseas duty. Jones is the son of Mr. and Mrs. Roy N. VOICE OF THE PEOPLE

Throughout occupied Europe the voices of freedom loving people still speak out against Hitler. Above: a collection of French underground papers and a unique balloon method of distribution. Below: a Norwegian underground newspaper office as described by eyewitness accounts. Relief for these embattled people as soon as their countries are freed is one of the objectives of some of the United Nations agencies in the National War Fund.

Men of Mercy...

THESE were great Americans. They are gone...but through you their power is still great. You have some of these portraits in your purse or in your billfold. They hold the power to spread compassion and comfort throughout the world.

There are children to be clothed in Russia...broken spirits to be mended in Greece...prisoners to be cheered and comforted in barbed-wire enclosures.

There are needy neighbors right here at home to be helped—many of them indirect casualties of this war.

There are torpedoed seamen to be warmed and fed on the docks.

There are wounded lying on the plains of China who need medical supplies.

Take some of these bills from your pocket now. Then

send as many of them as you can afford on an errand of great mercy...for war relief through the National War Fund.

When you give this month, to our community's war fund, you also give to the National War Fund. You give ONCE for ALL the agencies. Your gift is divided in many ways...in proportion to the need! Some will go to relieve distress and sustain the morale of our allies. Some will go to provide the comforts and pleasures of home for our own troops, through the USO.

WAC's Wanting 50 Recruits From Plains

Lieut. Emma A. Yunka, WAC recruiting officer for this county came to Spearman Thursday to give us first-hand information about the WAC all-states recruiting campaign.

This all-states campaign began on Monday, Sept. 27, and will last 70 days, until December 7. Every state in the union will compete against the other states in getting more WAC's than they. Texas has long led the nation in the war effort, and Lieut. Emma A. Yunka has a bet on that Texas will be on top in this campaign too. All war casualties in Texas—7,224, will be replaced by the new WAC volunteers. The quota for the counties covered by the Pampa recruiting office (Hansford, Ochiltree, Wheeler, Gray, Lipscomb, Roberts, Hemphill, Hutchinson) is 50 girls to step into the shoes of the boys who died for us on the battlefronts of the world.

The first volunteers who successfully passed their tests will be sent to Austin, the state capital, on October 18, to be sworn in by Gov. Coke R. Stevenson.

The Moon is Down...

THERE are dark nights in Norway. Nights when Nazi sentries feel uneasy at their posts.

It is not what they hear that disturbs them. It is what they do not hear. The deep silence behind a bush. The stealthy quiet around the corner of a house. The terrible hush in the blackness all around them.

For the Norwegians lost their country without ever surrendering themselves. They wait now in the night to strike back at their oppressors.

If they ever had really given in, there would be no need of the thousands of Nazi troops now in Norway. They could have been

sent to the Russian front. Or Tunisia. But they couldn't be spared.

They can't be spared in Holland either. Or Poland or France or Yugoslavia or Belgium. In China, tens of thousands of Jap troops must also remain. And Axis troops will have to remain in countless countries so long as the "conquered" people have the stamina to resist.

You can help support *this army already in Europe*—by your contribution to the National War Fund, which you make through our community's own war fund.

For this year, the agencies that can do this job have banded together to make the collec-

tion and distribution of funds simpler, cheaper and more effective. Their job is threefold. To keep our fighting allies in the fight. To provide friendly help for our men in the armed services. And to relieve distress where it is found here on the home front.

Because all these agencies are now banded together, you are being asked to contribute only *once* for all of them. Because you are being asked to give only *once*, you are also being asked to give *generously*. Add up all you would have given to each of these agencies throughout the year, and then *double the total!* It is one of the most important contributions you can make to victory!

KRAUT RECIPES
By Charlotte Tompkins

There will be a shortage of fruit during the next twelve months. In many homes, fresh vegetables will be short during the winter or part of the winter. This should merit our best use of all foods that are good sources of Vitamin C. This immediately reminds us of canned tomatoes and sauerkraut.

Sauerkraut Tomato Cocktail
Mix tomato juice in equal parts with sauerkraut juice. Chill and serve in small glasses.

Sauerkraut and Beet Salad
Cut 6 cold cooked beets into fine slices or small cubes and mix them with three cups of sauerkraut. Chop a large white onion fine and sprinkle over the top of the salad. Serve with either mayonnaise or cooked dressing.

Sauerkraut and Carrot Salad
1c grated raw carrots
1c sauerkraut
1/2c nut meats
1/2c salad dressing.

Chop the kraut slightly or cut some of the longer shreds. Mix all ingredients and serve on lettuce leaf. The carrots give an attractive color. The addition of chopped cucumber pickle or green pepper adds to both appearance and flavor.

Sauerkraut Perfection Salad.
2c sauerkraut
1c boiling water
1/2t paprika
Juice 1/2 lemon
1 pk. lemon gelatine powder (1 T) 1/4 salt.

Dissolve gelatin in 2T cold water. Then stir into boiling water. When cool add kraut, salt, paprika, and lemon juice. Fill individual molds or put in flat pans and chill.

CAMPBELL TAILOR SHOP

John Berry

America's "Best-run War" gives birth to a New Idea!

THIS has frequently been called "America's best-run war." And it is.

After a shaky start and the first few stunning setbacks, the crescendo of production, the achievements of the military, and the steady determination of the people have been pretty close to miraculous.

In keeping with this "best-run" handling of all war problems, a new idea has been born, the new National War Fund. This new idea brings unity to the inescapable giving of funds, to the confusing multiplicity of necessary war agencies.

With the world in flames and in tears, the demands on generous American hearts have been infinite. When the fires of London are so thick the fire hoses run dry...when a Chinese mother has to watch her baby die for want of a simple drug...when Greeks by the hundreds drop dead in the street from starvation...when a home-town "war-

orphaned" kid hardly through playing with dolls starts playing with fire...decent Americans cannot close their eyes or turn their backs.

These mass tragedies, these war-made horrors, stirred kind people to action. Committees were formed to provide aid for the suffering, and of course these committees needed money to carry on their good and vital work.

Now, in order to eliminate confusion, seventeen of these groups have been combined into the National War Fund. You give to this one Fund and you have given to all these seventeen agencies.

The National War Fund is officially endorsed by the President. It has the backing of the Government as an improvement over the old confusing way of raising money. It permits you to budget your wartime giving more easily. It makes sense.

This unified Fund does not intrude upon the

autonomy of any of these agencies. The USO, China Relief, British War Relief and all the others will be left under their present efficient and experienced direction. They will be freed from the task of raising money, and have time to devote full time to their good works; and you will not have to dig down so often that your pocket becomes frayed at the edges.

The money you give will do good round the world. It will also do good right in your own neighborhood for we have combined the appeal of the National War Fund with that of our local agencies. Part of your contribution will be used for the families of men in the service, for the children of parents in war work, for the social services needed to keep a community at war healthy, safe and efficient.

Give, generously, today. Add up your total gifts...then double it!

The fourth and fifth grades have received their workbooks and have been working in them. They are enjoying them very much. In art class they have been mixing colors. In music they have been studying the different notes and listening to records. We find it interesting.

The sixth and seventh grades had a party for Everett Garrison Tuesday afternoon. Some of their mothers served refresh-

The eighth grade had their picnic and had a enjoyable time. Our school started on Sept. 13 and we're beginning to believe it is an unlucky day. Since school has begun we have had quite an number of accidents. The High School all seem to have their heads turned towards athletic activities. Planning games and such like have taken hold of us.

The Morse Baptist Church had a social last night. Almost all of the students went to it. We had a very nice time. We sang songs and had some special numbers. The games were directed by Miss Opal Wood, Morse High School principal. We had several games, then we had Bible quiz, which turned out to be quite a lot of fun. The Brotherhood served refreshments. It was rather funny to see them waiting on the tables with their cook's hats on. All in all we had a grand time and are looking forward to our next social.

Jens Pederson, a schoolmate of David Kuntson who lives near Gruver, spent the week-end with him last week.

Mrs. Emil Knutson and her daughters, Louise and Amy Arlene, went to Amarillo after school last Friday and returned the next day.

Pastor and Mrs. Hjortholm visited with Mrs. Betsy Stavlo last Saturday afternoon at the home of her son, Arthur, where she is staying until he gets everything moved to the new home near Sunray. Since Friday was Mrs. Stavlo's birthday, they had the pleasure of sharing in her birthday

cake. Lloyd Stavlo, her son, a private in the infantry who was wounded in a battle in the Mediterranean area, wrote her a letter which arrived shortly before her birthday. This was taken as an indication that he is getting along well.

Pastor and Mrs. Hjortholm called at the Elvin Stavlo home on their way home from Gruver last Saturday.

The program committee of the Luther league of the Oslo church, consisting of Mrs. Jack Christofferson, Louise Knutson and Pastor Tjortholm met at the parsonage last Sunday afternoon to plan for the meeting of the Luther league next Sunday. This will be a special meeting in commemoration of the centennial anniversary of the synod to which the Oslo church belongs. Amy Arlene and Ruth Bredesen visited at the parsonage at the same time.

Mr. and Mrs. Jack Christofferson drove to Borger last Tuesday. Mrs. Alexander, Mrs. H. C. Hjortholm and Betsy Dahl went to Amarillo last Tuesday.

(From Last Week)

Much of the wheat here is still staying green while the long expected rain tarries.

Louise, Amy, David and Kathryn Knutson were Sunday dinner guests of Mr. and Mrs. Jack Christofferson at their home here last Sunday.

Miss Marie Stedje spent Saturday and Sunday at her home here. She returned to Borger Sunday afternoon.

The Reuben TeBeest family attended the dedication ceremonies at Liberal on Thursday of last week when the New Army Air Field was dedicated.

We wish to extend our sympathy to the Stavlo family. Mrs. Betsy Stavlo has been informed that her son, Loyd, a private in the infantry, was quite seriously wounded during the battle for Sicily. We trust that he will make a rapid recovery.

A number of the friends of Mrs. Lewis Johnson, who lives in Gruver, gathered at her home here last Saturday to celebrate her birthday with her. Not being able to be present at that time, Pastor and Mrs. Hjortholm called on her

last Saturday afternoon at home. In spite of her age, Mrs. Johnson is very active both mentally and physically.

Again we have seen that girls in our community are helping to solve the manpower problem. Doris and Betsy Dahl, daughters of Mr. and Mrs. John O. Dahl have redecorated their home on the inside and also painted the outside.

Ruth Bredesen, who is employed by Mrs. Emil Knutson, spent Sunday with her sister and brother-in-law, Mr. and Mrs. Jack Christofferson.

Miss Selma Dahl spent Sunday at her home here this week.

Wartime Lighting Suggestions
HOW TO GET MORE LIGHT FROM YOUR PRESENT EQUIPMENT

Shade Bare Bulbs

Glare from bare bulbs wastes light by making the pupils of the eye contract—like facing bright headlights at night. When contracted the pupils admit less light, hence make seeing more difficult. Reflected glare is just as harmful as direct glare, causing squinting and blinking which indicate eyestrain. The cure is to equip bare bulbs with shades or diffusing bowls to break up harsh direct rays of light...provide restful, eye-easy illumination.

OTHER WAYS TO CONSERVE LIGHT

1. Remove and clean lamp bulb and lamp bowls regularly. Dry thoroughly before using again.
2. Keep shade linings light. Clean or brush regularly. Repaint or reline dark-colored paper or parchment shades.
3. Sit close enough to the lamp to get all the help it can give your eyes.
4. Avoid direct glare from lamp bulbs by using shades deep enough and wide enough.
5. Arrange furniture so one lamp can serve two people. But be sure lamp is not too far way from either person.
6. Turn off lamps not in use. Lamp bulbs use critical materials...Make them last longer.

The young bride placed the turkey carefully on the table for Thanksgiving dinner. "This, my dear," she exclaimed, "is my first roast turkey." Her husband looked at it with admiration. "Marvelous, darling," he said. "And how wonderful you've stuffed it!"

"Stuffed it?" she asked. "Why dearest, this one wasn't hollow."

Snooper

Norma Jo, you should pick more desolate roads when your father is in town? By the way, where did everyone disappear to? What did Betty Jo have to be afraid of?

We hear that there were a couple of beautiful stag lines at the dance Saturday night. Were the girls that bashful?

Doris H. seems to rate pretty high with a certain boy. Careful, Doris, another person has eyes for him, it seems.

Retha June, you should be more careful with your love letters. Were they meant to be public? Oh yes, you should be less abundant with your tears when your boy friend displeases you.

Estelle, you shouldn't show your emotions for a certain senior boy. He might know anyway.

Who were the ex-seniors you were with Sunday night June Edwards and Mary Francis Schroeder. Don't you think you are a shade young?

Why turn down the handsome sophomore, Dorothy Hester. Boy, what a moon Saturday night or would you know, Flynn. By the way, how long is that highway?

Say, Wilma Mahaffey did you enjoy yourself Thursday night riding around in a certain little black Ford?

June Edwards, why did you give a certain junior girl dirty looks Saturday night at the dance?

Betty Lee Davis, you should be more careful about your language on Saturday nights.

SENIOR NEWS

By Grace Lee Lawson

We seniors selected our invitations and diplomas Thursday and found some very pretty ones. We had some trouble picking out the prettiest ones, but we were all well satisfied.

We had our six weeks tests last week and from the reports this week, we are feeling better about the whole deal.

We are proud of the several seniors in the high school orchestra. We enjoyed their music in assembly last Friday, and hope to hear more from them soon. Good work, keep it up.

JUNIOR NEWS

Barbara Jean Daily

Well, six weeks tests are a thing of the past and a sixth of our school year is gone. If they all pass that quickly, summer will be here in no time.

The ring salesman the juniors have been looking for, came the

other day and we selected our ring pattern. Rosanne Porter and W. C. Davis were elected as a committee of two to choose three or four patterns for the class to choose from. All juniors are urged to bring their three dollars down payment so we can get our order sent off.

FRESHMAN NEWS

Helen Holt

The freshman class enjoyed a party Friday night. We played several games and later were served lovely refreshments. Most of the class was present, but we greatly regret the absence of those unable to come.

We have taken all our examinations and are getting along fine. There may be a few probably a lot of gray-haired freshmen by the end of the year, but we still have hopes.

Rosanne Porter

Nearly all the band members came through the test with flying colors. Only seven have not met their requirements yet. Everyone in the grade band passed.

County Makes Fine Record In Bond Sales

Hansford county reported \$182,345.75 of E bonds in the Third War Loan up to Oct. 2 through the Federal Reserve Bank at Dallas, according to a letter received recently by D. D. Moore, war finance chairman, from C. M. Smith of Plainview, regional manager.

Smith wrote that it was figured the county would sell \$178,900 of E bonds. The county also exceeded its quotas in other types

of securities. "It is, of course, needless to say that I am happy over this wonderful job," Smith wrote. It shows that you and the committee worked diligently and that your people responded. I think you could well afford to put your record in this drive against any in the state—as a matter of fact, any county in the country."

Some reports have come to Moore that Ochiltree county is complaining that Hansford got a lot of bond sales out of the county.

Moore denies this allegation and said that all bond sales were made to individuals in the county, to non-resident property owners and to some of the corporations that operate in the county.

The corporations include the Santa Fe Railway for \$10,000; Foxworth-Galbraith Lumber Co., Community Public Service Co., and Southwestern Associated Telephone Co. for \$2,000 each.

"We believe that Hansford county can surpass Ochiltree county any time in war bond sales," said Moore.

ELLA MAE HULL WEDS CHESTER BARNES

Miss Ella Mae Hull, daughter of Mr. and Mrs. Virgil Hull, and Chester Barnes, son of Mr. and Mrs. B. L. (Bud) Barnes of Perryton, were married at 2:30 p. m. Saturday, Oct. 16, at the Baptist parsonage. The ceremony was performed by Rev. Mathew Doyel.

Mrs. Barnes graduated from Spearman high school in 1943 and Mr. Barnes from Perryton high school in 1943. The groom is engaged in farming with his father and the couple will make their home with his parents for a time. Their home is 18 miles east of Spearman.

The couple was attended by Mr. and Mrs. Robert Novak. The bride wore a medium blue suit with black accessories.

"Aim for the heart and head"

The following is paragraph (f) from a captured order issued by the headquarters, 125th German Infantry Regiment regarding mass executions.

(F) *The execution is to be carried out in a very regimental manner with an officer in charge. Two to four men are to be detailed for each man to be shot. Aim for the heart and head. After the volley the officer responsible will, on orders from the attending medical officer, fire a final shot into the body of each with a regulation pistol. Death is to be certified by the medical officer.*

Read it again. And again, until you have it memorized by heart. But don't shiver there in the security of your comfortable home. Borrow a cup of courage from this band of patriots who fell in graves... unmarked on their native heath, somewhere in Yugoslavia.

For their deeds they paid with their lives. Deeds which helped to bring victory to their allies in the desert there, across the Mediterranean. For their guerrilla warfare tied up Nazi hordes, Italian divisions and all their fighting equipment and supplies that otherwise might have been ferried across to stem the rising tide of defeat.

But what keeps men like these—and their compatriots from Norway to China—fighting on? Your generosity helps. Your spare dollars buy the aid that keeps their fighting hearts pumping!

Call it charity if you dare. Better to call it your war job. And this job is on three fronts. For your dollars must maintain the morale of our own men—wherever they may fight. They must be used to help our allies—to keep them in the fight. Nor can they forget the needy here at home. Social agencies on the home front have, among their vital tasks, those of keeping up morale and keeping down divorce, desertion, broken homes and child neglect. Over-taxed hospital facilities must be reinforced by com-

munity home nursing programs. The stabilizing influence of essential recreational services is more important than ever.

Because today's job is a three-front job for your dollars, the seventeen American war agencies have banded together into the National War Fund—and joined with our local agencies in a single united campaign. They are asking you to give only *once* this time—instead of coming to you *separately* throughout the year.

This way, it is easier for you. It assures maximum effective use of the contributions you give—for *one* and all.

And because you will be asked to give but *once*... we ask you to give unstintingly for victory. Give *in one sum* the contributions you would normally make for these causes in a year. And then ask yourself *if* that is enough to pay for your share of the victory.

Honestly now... is it enough? You're right, brother! *Doubling* your contribution this year would be a good beginning.

How's it Back Home?

Send him a real slice of home through the USO—one of the 17 major war relief agencies that have banded together with our own community agencies this year to bolster morale and relieve distress on the battle front, among the civilian victims of war and here at home. Just one contribution this year helps all of these. Make it big. Make it **now**.

Albert Jacobs Writes About Texas To New York City Trip

By PVT. ALBERT J. JACOBS
Friday, Oct. 1—We got our shipping orders at noon and was told to be ready by 8:15 a. m. on Saturday. The rest of the afternoon was spent packing and saying goodbye to the fellows going some place else. About 7 p. m. I went to see my brother who had been moved to a replacement center at Camp Fannin. We had another good visit and tried to call home, but it was impossible due to connections. I hated to say good bye to Ledru, but it won't

be long now before we are home again as the war will be over soon.
Saturday, Oct. 2—Today makes my fourth month in the army! We got up at our usual time (5:15), finished packing and also finished turning in our equipment. Captain Fitzpatrick, our company commander, called us all together and gave us a farewell speech. At 8:15 a. m. we went to the assembly area where they separated the different groups and got ready to ship at 10 a. m. We ate our final meal at Camp Fan-

nin, and everyone was thrilled because we were at last shipping. I hated to leave, but figured I would enjoy my stay in New York City because it would be another experience in my life to be remembered. We left for the depot at 11 a. m. and were assigned to our cars. We left camp at 12 noon to begin our long journey. We found our seats and got everything arranged by the time we had gone through Tyler. The three other fellows in our seats were C. E. Jones from Tulsa, Okla.; Bill Johnson from New Orleans, and Charles Mister from Newark, N. J. This was my second trip on the train, but really seemed like the first because I didn't know which end was up. We traveled down to Waco where the boys going to California switched to another train. By the way this was a troop train, which is a train with no civilians except those connected

with the train such as porter, conductor, engineer, etc. There were two cars designated on the train which were dummy cars, but they were just cars where the army cooks prepared food. We ate our first meal about 5:30 p. m., and believe me, we were plenty hungry as it had been seven and a half hours since our last meal. We cut cards to see who slept in the top bunk. Jones and I won so naturally we took the lower so we could see the towns as we passed through. I thought I would have trouble sleeping as it was the first time I had tried it, but found after you get used to the train moving back and forth, I went right to sleep. We traveled through Fort Worth, on to El Reno, Enid (there was a large mill burning)—and I thought of not being so far from home), and finally arrived in Wichita Kan.

Sunday, Oct. 3—While in Wichita I thought of Harold Graves, Slim Windom, Perry Potter, and Ella Faye, but we weren't allowed to get off the train. Now we ate at regular times—7:30, 12:30 and 5:30. We started out playing rummy which we did most of the day. We traveled up through Topeka, and stopped at Kansas City to refuel. We traveled on to Moberly, Mo., to change engines. There the American Legion came down and gave us doughnuts, cookies, magazines, and cigarettes. They were really nice, and didn't know how much we appreciated it.

Monday, Oct. 4—When we woke up this morning we were about 30 miles from Chicago. We shaved and got all fixed up to see things there. We were really disappoint-

ed because from what we saw everything was dirty and dingy because they burn coal there mostly. Last night we passed through St. Louis and Springfield, Ill. Again we played rummy all day and traveled through Indiana, Ohio, and had just gone to bed when we reached Pittsburgh. Also we saw Lake Michigan and it looked plenty big to me.
Tuesday, Oct. 5—Last night we traveled to Philadelphia and up through New Jersey. We dressed in O. D. uniforms this morning as the weather cooler, and I think they are much better than sun-tans. We arrived in Jersey City about 5:15 a. m. and after two or three miles we went thru a tunnel which is built under the Hudson river, but you couldn't tell any difference. We arrived in New York City at 6 a. m. at the Pennsylvania station and there were plenty of people around.

I rode on an escalator (which is a stairway that moves and all you have to do is to step on the first step and it takes you on up.) Another thing that was new to me — they brought some trucks down for us and we started on our trip to Fordham University. First we saw the Empire State building; then we drove around by the harbor on the Hudson river and saw the Normandie in her dry dock; also eight other freighter ships sitting out in the harbor. We saw plenty of big buildings and several other pretty places. I guess I will see several other things before I leave. We finally arrived at Fordham University which is located in the Bronx as they call it. A S. T. S. students here and we really have a swell set-up. We get up at 6:30 eat at 2 in the cafeteria, go to classes till 5, eat at 6, off till 8 and study from 8 to 10. Every weekend we get from 3 p. m. Saturday off till 8 p. m. Sunday, which I will spend seeing sights. Our officers and non-commissioned officers are really swell, and don't seem like the ones we were used to at all. We also get to wear an insignia and a braid on our caps. I think I will enjoy my stay at New York City a lot.
Pvt. Albert J. Jacobs, 38344725 Co. B, 3208 S. C. S. U.—A.S.T.S. Fordham University, Fordham, (58) New York.

THANKS EVERYBODY FOR BOND SUPPORT

Editor The Reporter:
Your contribution to the success of the Third War Loan drive is fully appreciated. I want to thank you not only officially but as a fellow-Texan and as a fellow-volunteer in a vital work that required a lot of personal effort and took many hours away from our regular businesses in these exceedingly trying times.

Please convey my thanks to all of your business associates who worked with you. It was the outstanding public information job done by the newspaper, radio, theatrical and outdoor advertising industries in Texas which enabled

Texas again to be at the top among states that excelled in bonds sold to individuals — a thing essential to winning victory on the battle front today and on the financial front when our boys come home.
Sincerely yours,
NATHAN ADAMS,
State Chairman

Remember Me?

I'M THE GUY who looked at you from a USO poster a little over a year ago. You probably dug deep for a lot of other things that year, too...for British War Relief, United China Relief, and so on. Well, this year it's going to be simpler for you. Because this year, seventeen war relief agencies have banded together into one great big campaign—the National War Fund. This time you are only asked to give ONCE for all seventeen.

And take it from me, as one who ought to know, that contribution you're going to make dance floor and some decent girls to give us out here a little reminder of what it's still like back there.

You remember, don't you?

You probably dug deep for a lot of other things that year, too...for British War Relief, United China Relief, and so on. Well, this year it's going to be simpler for you. Because this year, seventeen war relief agencies have banded together into one great big campaign—the National War Fund. This time you are only asked to give ONCE for all seventeen.

And take it from me, as one who ought to know, that contribution you're going to make is one of the greatest things you can do to bring about victory. Not just because part of it's going to USO to do wonders for the morale of the fellows under arms, but because a good deal of it is going to help relieve distress at home through local agencies—as well as abroad, to help keep our allies in the fight.

So when you're asked to give to the united campaign of the National War Fund and our community's own war fund this month, remember me. Every dollar you give helps me out in countless ways, and does its bit to bring me home sooner.
