

Romanians March Against Hungary

Allies Fight Way Into Paris

Americans Streak Along The Seine

LONDON, Aug. 24 (AP)—Gen. Eisenhower's headquarters disclosed today that Allied troops were fighting their way into Paris, large sections of which are held by the French forces of the interior.

Fall of the city is expected momentarily, but so far as Allied headquarters is concerned it has not yet been liberated. Gen. Charles De Gaulle and the commander of the French forces of the interior, Lt. Gen. Joseph Pierre Koenig, had announced early yesterday that the capital was liberated.

Armada Smashes Dozen Targets In Germany

LONDON, Aug. 24 (AP)—A vast armada of 2,300 American planes smashed a dozen targets in Germany and on the Czech border today while the RAF bombed and strafed a Nazi "Dunkergue" attempt from the great port of Le Havre at the mouth of the Seine, only a few miles beyond advancing Allied lines.

The attacks in Germany by 1,300 heavy bombers and 1,000 fighters constituted one of the greatest assaults ever mounted by United States air forces.

Targets included synthetic oil plants at Merseburg, Misberg and Ruhlant in Germany, and Brux on the Czech-Slovak border. Also bombed were an oil refinery at Freitla near Dresden; two airplane plants at Brunswick; German air force stations at Kollada near Hannover; and Langenhagen near Merseburg; a radio factory at Mielmar and other industrial targets at Kiel.

As American armor slashed 25 miles down the Seine in new lightning advances, the hurried Germans put out a big fleet of light service warships and other vessels from the threatened port on the Seine estuary.

For eight solid hours, RAF coastal command planes in relays bombarded the flotilla, sinking and damaging an undetermined number of ships. Many were set afire.

The air forces announced late today that 50 German warplanes were destroyed in operations from British and French bases yesterday and that in the first 70 days of the invasion, 3,641 German planes had been destroyed in the air and on the ground.

FDR Salutes French And Allied Leaders

WASHINGTON, Aug. 24 (AP)—President Roosevelt, asserting that "we rejoice with the gallant French people at the liberation of Paris," today saluted the French and Allied commanders who made possible "this brilliant presage of total victory."

In a statement issued at the White House Mr. Roosevelt said: "The joy that entered the hearts of all civilized men and women at the news of the liberation of Paris can only be measured by the gloom which settled there one June day four years ago when German troops occupied the French capital."

"Through the rising tide of Allied successes that patch of gloom remained and has only today been dispelled. For Paris is a precious symbol of that civilization which it was the aim of Hitler and his armed hordes to destroy."

"We rejoice with the gallant French people at the liberation of their capital and join in the chorus of congratulations to the commanders and fighting men, French and Allied, who have made possible this brilliant presage of total victory."

These possibilities grow out of an Associated Press survey which indicates that more than 2,000,000 men and women in the armed forces have applied for absentee ballots and that, by the most conservative estimates of state electors, the election is likely to be decisive in most of the 11 states which do not immediately tabulate it, and the 11—including Pennsylvania with 36, California with 22 and Missouri with 15—have a combined electoral vote of 118.

Wiry, bronzed men with tight fitting levi's over cowboy boots, shirts draped over broad, powerful shoulders and curled short brim hats more or less shading weathered faces sat on the curb in front of the Settles hotel today and waited for the ninth annual Big Spring rodeo to get underway at 8 p. m. today.

These were but a part of the many contestants who will try their skill and luck in four- shows set for tonight, Friday and Saturday nights and Sunday afternoon. At noon there had been more than 80 of them to register, including

Mobile Columns Only 20 Miles From Rhone

By GEORGE TUCKER ROME, Aug. 24 (AP)—American mobile columns have captured Salon, 25 miles northwest of liberated Marseille, and are only 20 miles from Arles and the Rhone river, headquarters announced today as French troops mopped up dwindling enemy pockets in Toulon, great naval base of southern France.

Arles is at the south end of France's Rhone river highway. The Allied headquarters communique made no reference to the situation at Grenoble, industrial city 140 miles from the Mediterranean whose fall yesterday placed the Allied troops less than 240 miles from a junction with Gen. Eisenhower's forces in the north.

(A dispatch from Geneva said today American troops had arrived at the Swiss frontier. These troops presumably advanced from Grenoble, 75 miles south of Geneva.)

(The Swiss radio said American troops had reached Anancy in a swift 51-mile advance northeast of Grenoble, while other forces fanning out from Grenoble were reported within 15 miles of Lyon.)

(French Patriots are in control of the Lyon area, 240 miles southwest of Paris, according to the Algiers radio.)

There was no report yet of how much damage had been done to Marseille, normally a busy industrial city.

As long ago as Wednesday noon the French and Americans had slammed into the city's outskirts after overwhelming the suburbs of Mont Du Paradis, Carquieranne and Mont Des Oiseaux.

An Algiers broadcast said Bordeaux, big port on the south Atlantic coast, had been captured by a combined force of Americans driving south from the Loire and French Maquis who had marched north from the Spanish border.

Patch's Seventh army, continuing its lightning pace northwest past captured Marseille, drove into the Rhone valley, capturing Salon, only 20 miles from Arles at the mouth of the river.

French Patriots were reported in control of the entire Lyon region, the great southern metropolis on the Rhone in southern France, and at Perpignan, just north of the Spanish border on the Gulf of Lion.

The Americans who reached the Swiss frontier presumably were the force which took Grenoble. This force apparently was headed for a junction with Patton's army and a joint attack on the German's west Wall.

Evidence from Romania that Hitler's Europe is beginning to collapse on political as well as military fronts gave new impetus today to British insistence at the Dumbarton Oaks conference for early decisions on postwar world security organization.

Sir Alexander Cadogan, chief of the British delegation, has taken the lead in urging that at least a part of the security organization should be set up soon to span the gap between the end of the European war—which he says may come sooner than expected—and the formal creation of a new international league to preserve peace.

The British view, it was learned, is in line with the feeling in some quarters of the American delegation that the British-Russian-American-Chinese pledge made at Moscow to cooperate in the enforcement of peace after the war should now be given some specific and organized form.

This has raised speculation in diplomatic circles here that the spade-work of the Dumbarton Oaks talks might be followed relatively quickly by a meeting of President Roosevelt, Prime Minister Churchill and Premier Stalin to confirm and set in action three-power cooperation in the European area in the immediate postwar period.

Americans Make New Stabs Into Bonin Islands

Japanese Premier Declares Danger Of Allied Landings

By J. B. KRUEGER Associated Press War Editor

New American stabs into the Bonins 600 miles below Tokyo gave point today to Japanese Premier Koiso's warning to his people that "the enemy is watching for an opportunity to land on our homeland."

Japan, he said, faces an "unprecedentedly grave national crisis."

Radio Tokyo said Liberators bombed Chichi Jima Thursday (Tokyo time). Two days before, Adm. Chester Nimitz announced, Liberators sunk two cargo vessels and set a third afire off Chichi Jima, principal fortress in the Bonin Island defenses guarding Japan.

He asked too for improved air raid defenses, no doubt in recollection of recent Superfortress attacks on the home islands. American bombers, Tokyo radio quoted him as saying, last night, were certain to increase their blows.

Gen. Douglas MacArthur contributed to this gloomy enemy appraisal with successful attacks on six ships south of the Philippines. Mindanao was hit for the tenth time by MacArthur's raiders and big fires were kindled in the island's main city of Davao. Hal-mahera island 300 miles south was bombed again.

The bitter bloodletting centering on Hengyang for control of the Hankow-Canton railway continued without sign of approaching decision. The Chinese halted two enemy thrusts and strove to halt another Japanese attempt to get rolling down the unconquered 170-mile gap in the railway.

In an interview yesterday with the post, Jones said that "anybody who says the state supreme court held that the May convention had exclusive authority to nominate electors either can't read English or is failing to tell the truth."

"All the court held was that in the absence of explicit statutes, the party could determine its nominating methods and the court concluded the statutes did not explicitly require nomination of electors by direct primaries."

Jones said he believed the September convention would have the power and authority to name electors who would vote for Roosevelt and Truman. He said Roosevelt forces have at least 643 out of a possible 1,401 votes and should be able to control the convention, which will nominate and certify the party's candidates.

HOUSTON, Aug. 24 (AP)—The democratic convention at Dallas Sept. 12 can legally nullify the work of the May state convention, says Herman Jones, Austin attorney and state chairman of the pro-Roosevelt forces.

The May convention named presidential electors and instructed them not to vote for the party nominee but for some other democrat if certain Texas demands were not met.

In an interview yesterday with the post, Jones said that "anybody who says the state supreme court held that the May convention had exclusive authority to nominate electors either can't read English or is failing to tell the truth."

"All the court held was that in the absence of explicit statutes, the party could determine its nominating methods and the court concluded the statutes did not explicitly require nomination of electors by direct primaries."

War News Gives Force To Views At Security Meet

WASHINGTON, Aug. 24 (AP)—Evidence from Romania that Hitler's Europe is beginning to collapse on political as well as military fronts gave new impetus today to British insistence at the Dumbarton Oaks conference for early decisions on postwar world security organization.

Sir Alexander Cadogan, chief of the British delegation, has taken the lead in urging that at least a part of the security organization should be set up soon to span the gap between the end of the European war—which he says may come sooner than expected—and the formal creation of a new international league to preserve peace.

The British view, it was learned, is in line with the feeling in some quarters of the American delegation that the British-Russian-American-Chinese pledge made at Moscow to cooperate in the enforcement of peace after the war should now be given some specific and organized form.

This has raised speculation in diplomatic circles here that the spade-work of the Dumbarton Oaks talks might be followed relatively quickly by a meeting of President Roosevelt, Prime Minister Churchill and Premier Stalin to confirm and set in action three-power cooperation in the European area in the immediate postwar period.

The present plan is to delay forming a permanent peace agency until all smaller nations have had opportunity to make suggestions and offer criticisms of the proposals to be evolved here.

HOUSTON, Aug. 24 (AP)—The democratic convention at Dallas Sept. 12 can legally nullify the work of the May state convention, says Herman Jones, Austin attorney and state chairman of the pro-Roosevelt forces.

The May convention named presidential electors and instructed them not to vote for the party nominee but for some other democrat if certain Texas demands were not met.

In an interview yesterday with the post, Jones said that "anybody who says the state supreme court held that the May convention had exclusive authority to nominate electors either can't read English or is failing to tell the truth."

Yugoslavia, Greece In Position For Quick Liberation

By WADE WERNER LONDON, Aug. 24 (AP)—Bucharest dispatches today reported Romanian troops marching against Hungary in swift succession to Romania's sudden change of sides in the war in an about-face which direly threatened Germany throughout the Balkans.

Germany, stunned, called the new Romanian government a "communist regime," reported rioting in the rich oil and wheat kingdom and appealed to Romanian troops "not to take orders from the traitor king x x x but to remain faithful to the German ally who sheds her blood for the defense of Romania."

At 7:55 a. m., however, a Bucharest dispatch relayed by the Swiss radio said Romanian troops "started a march into Transylvania last night."

Transylvania is the mountainous province, half of which Hitler took from Romania and handed to Hungary in the Vienna dictate of 1940.

Romania and Hungary have been at swords edge ever since with large proportions of their armed forces drawn up at the Hitlerian boundary of 1940. Frequent border clashes have been reported. Diplomats of both the Balkan countries have uttered inflammatory remarks, even the deposed Romanian dictator, Marshal Antonescu, who was reported to have fled to a German sanctuary.

Hungary, occupied by Germany and gravely threatened by the Romanian invasion allowing Russian troops to reach her frontiers, abolished all political parties, apparently in fear of intrigue which might take that German-occupied country from the war.

Bucharest broadcast said Romania in fact had turned belligerent and there were reports of spreading fighting in the rich oil and wheat kingdom between Romanian and German troops.

Bulgaria, already outflanked in the south by Turkey's severance of relations with Germany, now was periled from the north as well and in an entirely untenable position.

Yugoslavia and Greece, where Patriot armies has waged long and bitter guerrilla war against the Nazi yoke, were in positions for quick liberation.

Russian armies driving swiftly toward the heart of Romania signaled the punch which finally blew down the house of cards which deposed Premier-Marshall Antonescu had built in Romania.

The Germans were plainly in panic as the Balkan crackup seemed to be repeating the history of 1918 when the collapse of Bulgaria shocked the Kaiser's generals into a quick plea for peace.

Berlin announced the formation of a "Romanian National government" but it was not clear whether this regime or King Mihai's government controlled Bucharest. Nor was it clear who controlled the Bucharest radio, which announced a curfew from 8 p. m. to 5 a. m. and ordered all civil officials to report for duty.

Even before Romania's announced acceptance of armistice terms, reports reaching London told of German troop withdrawals from southern Greece in apparent preparation for a large scale contraction of their lines in southeastern Europe.

Wilson Leaves WPB; Chief Tells Of Testimony

WASHINGTON, Aug. 24 (AP)—The White House today announced the resignation of Charles E. Wilson as executive vice chairman of the War Production Board.

In a letter of resignation to the president, Wilson said differences among subordinates on the War Production Board had resulted in unfair attacks upon him. Stories that he is opposed to reconversion, Wilson said, were "in my opinion inspired by subordinate officials of the board, connected with the personal staff of Mr. Nelson."

The reference was to Donald M. Nelson, WPB chairman, who conferred at length with President Roosevelt about two hours before Wilson's resignation was announced.

Wilson said he has encountered "unfair attacks and criticisms." "Mr. Nelson has disclaimed any responsibility for these attacks," Wilson's letter of resignation continued, "asserting that they were made without his knowledge or approval x x x he has also repeatedly acknowledged that the staff and I have been fully cooperative in reconversion."

President Roosevelt in accepting the resignation said he did so "with reluctance" and spoke highly of Wilson's work in war production.

WASHINGTON, Aug. 24 (AP)—WPB Chairman Donald M. Nelson was disclosed today to have told senatorial investigators that Lt. Gen. Brehon Somervell complained of manpower shortages on the eve of a recent cutback in airplane production that released thousands of workers for other jobs.

Although acknowledging the need of men to meet expanded requirements of specialized items, Nelson said in his testimony last week before the senate war investigating committee that virtually all critical munitions programs "are being met."

He added that the remaining problems would not be solved by letting loose a blunderbuss against the whole manpower situation or by general edicts and broad limitations on the use of labor."

Testifying the airplane cutback would solve the manpower situation in the forging industry completely, the War Production chief said the army had anticipated the cutback for three months.

He added that when Somervell, chief of the army's services of supply, was talking with War Mobilizer James F. Byrnes "about the great shortage of manpower, and so forth, I told General Somervell, 'you have an airplane cut-back coming soon, probably next week.'"

Asked by Senator Ferguson (R-Mich) how he reconciled the manpower shortage statement and the subsequent cutback announcement, Nelson replied: "We just don't, sir."

Release of the testimony also disclosed a statement from Nelson that he is not kept informed as to military reserves at the front.

While his testimony was being made available on Capitol Hill, Nelson spent an hour with President Roosevelt in a farewell conference before his departure on a special mission to China.

Nelson's side of his row with the army was released by the senate war investigating committee as the aftermath of earlier publication of testimony by Maj. Gen. Lucius D. Clay, army material director, placing primary blame on manpower shortages for big deficits in heavy ammunition and other items.

Nelson's side of his row with the army was released by the senate war investigating committee as the aftermath of earlier publication of testimony by Maj. Gen. Lucius D. Clay, army material director, placing primary blame on manpower shortages for big deficits in heavy ammunition and other items.

Reds Sweep Toward Heart Of Oil, Wheat Kingdom

MOSCOW, Aug. 24 (AP)—Captives reported hostilities spreading between the troops of Germany and Romania today while two great Russian army groups swept toward the heart of the oil and wheat kingdom in drives apparently aimed at trapping any Nazis still in their path.

Companion offensives in south and north Poland continued apace. Troops which seized Debica were declared overrunning hundreds of German war factories.

150 of them in Debica alone. Red Star said the Lwow-Krakow railroad bristled with German war plants of all kinds. The advance moved within 177 miles of Tarnow. Further north, Russian columns were within 35 miles of Krawow and 75 of German Silesia itself.

Northeast of Warsaw, the Red army drove within five miles of the important communications hub of Lomza, 20 miles below the East Prussian frontier. In an offensive gradually splitting German armies defending that rich province and Warsaw.

Captured Romanians said the Germans had trained their guns on them, seeking to block their retreat in some places. Many Romanian units were reported raked by machinegun fire.

The Russian advance continued uninterrupted toward the Danube basin and Galati Gap. At midnight, Soviet troops had galloped within 167 miles of Bucharest and 140 of the Ploesti oil center, and less than 50 from the mouth of the Danube—a principal transport artery for Hitler. Tighina, Cetatea-Alba and Vaslui all fell in Bessarabia.

Juveniles Will Be Sent To Schools

Two juveniles will be transferred to state training schools following county court action revoking parole of one and sentencing another.

A 16-year-old girl was charged with delinquency in a case stating she was a transient, had refused to stay with her parents and her parents had refused to come to her assistance and she had been guilty of actions constituting delinquency. She was sentenced to the state girls' training school at Gatesville for an indeterminate period.

Parole was revoked in action filed Thursday in the case of a juvenile who had been sentenced March 18, 1943, and was paroled Jan. 1, 1944.

Rip - Snortin' Good Time Forecast For Rodeo Tonight

By JOE PICKLE Wiry, bronzed men with tight fitting levi's over cowboy boots, shirts draped over broad, powerful shoulders and curled short brim hats more or less shading weathered faces sat on the curb in front of the Settles hotel today and waited for the ninth annual Big Spring rodeo to get underway at 8 p. m. today.

These were but a part of the many contestants who will try their skill and luck in four- shows set for tonight, Friday and Saturday nights and Sunday afternoon. At noon there had been more than 80 of them to register, including

23 sponsors, and Darrell Douglas, Charlie Read and Lou Baker were just beginning to do business.

At the rodeo grounds everything was ready for some fast action. The stock was in good shape, the stands in good repair and the grounds well settled.

It was emphasized that the water being used to sprinkle the parking area and the arena all comes from a source independent of the city supply and is water not suited for human consumption.

Increasing number of real cowhands all advertised the show, a final reminder was in store when a parade is to be organized at 6 p. m. at 4th and Bell streets under direction of Jake Douglass. All rodeo contestants, sponsors and any person who can secure a mount are urged to participate.

In addition, there will be a section for decorated bikes with prizes for winners.

The parade goes up Third street directly to Johnson and then turns south on the way to the rodeo grounds at the east end of Eleventh Place. Participants must have numbers or tickets to enter the grounds.

Sponsors list, headed by Louise Ann Bennett, hostess sponsor, included Mrs. Judy Hays, ZT ranch; Snyder; Mrs. Wayne McCabe, Colorado City; Hollis Holt, NH ranch, Big Lake; Mary Harris, Odessa; Carolyn Cox, Midland; Jessie Myers, Hamlin; Leemore Fugus, Stamford; Juanita White, Lazy S Bar ranch, Lamesa; Bidley White, Circle Bar ranch;

Mrs. Sally Taylor, Stacey; Ifa Jo Nix, Center Point rodeo; Ora Quigg, SZ ranch, Rocksprings; Lucy Jean Coates, Lazy J ranch, Big Lake; Mrs. Ted Powers,

Onza; Blanche Althizer, Del Rio; Jean Murphy, Bar U ranch, Big Lake; Mrs. Maurine Rice, Cauble ranch; Jeanne Dickerson, Wesson ranch; Mrs. Punk Snyder, Melvin; Billie Louise Hinson, Lampasas; Thena May Farr, Farr ranch, Mertzon; Fannie Lee Jones, Lamesa.

Mrs. M. H. Bennett, Mrs. Charles Creighton and Mrs. M. M. Edwards are heading up a round of entertainments complementing the pretty contestants.

Centerpiece of the rodeo will be calf roping, steer riding, steer wrestling (bulldogging), bron-

ustin' and calf belling, with added attractions consisting of the antics of John Lindsey, clown, the educated horse of Darrell Garrett, Sterling City, possibly an exhibition by Clyde Burke, Comanche, Okla., one of the best ropers in the world, and a quadrille by the mounted team from Center Point, and of course, the colorful grand entry parade. General admission is \$1.20 with grandstands an additional 30 cents, all including tax. Enlisted men and children are admitted at half price.

Centerpiece of the rodeo will be calf roping, steer riding, steer wrestling (bulldogging), bron-

Social Calendar Of Events For Week

WEDNESDAY

DOS POR OCHO club will have its regular meeting in the home of Mrs. R. F. Blumh at 5:30 p. m.

FRIDAY

WOODMEN CIRCLE meets at 8 p. m. in the WOW hall for regular session.
DORCAS CLASS of the First Baptist church plans to meet at 9:30 a. m. in the home of Mrs. C. E. Courson, 810 11th Place.

Mrs. Marshall Honored At Tea And Shower Here

Mrs. Satterwhite Entertains With Party In Her Home

Mrs. Arnold Marshall was honored with a shower and tea Wednesday evening in the home of Mrs. R. E. Satterwhite.

The serving table, in the backyard, was covered with a lace cloth and the centerpiece was a crystal bowl filled with vari-colored petunias. Other flowers were in the entertaining rooms.

Mrs. A. J. Haines presided at the punch bowl. Mrs. Satterwhite, Mrs. Marshall, her sister, Mrs. J. R. Sims and Mrs. R. W. Thompson received guests. Others in the house party were Mrs. Clyde Johnston, Mrs. Bert Shive, Mrs. J. D. O'Barr, Mrs. J. D. Jones and Maxine Waldrop and Maxine Moore.

On the guest list were Mrs. Jack Smith, Mrs. Knox Chadd, Mrs. H. O. Grant, Mrs. F. Nugent, Mrs. Don Johnson, Mrs. Pat Stacy, Mrs. Jones, Mrs. P. D. O'Brien, Mrs. Fred McGowan, Mrs. V. H. Flewellen, Mrs. W. S. Satterwhite, Mrs. H. N. Robinson, Mrs. Hayes Stripling, Mrs. V. A. Whittington, Alma Borders, Mrs. A. V. Karcher, Mrs. Bruce Frazier, Mrs. H. D. Norris, Mrs. Albert Smith, Mrs. Wallace Cataldo, Mrs. Bernard Lamun, Mrs. H. Clyde Smith, Mrs. Clyde E. Thomas, Mrs. Howard Salisbury, Mrs. Wayne Gound, Mrs. John Davis, Mrs. Robert Hill, Mrs. J. H. Greene, Mrs. Charles T. White, Billie Frances Shaffer, Mrs. Avis M. Dodrill, Mrs. C. E. Shive, Mrs. C. M. Watson, Edith Gay, Mrs. L. R. Mundt.

Mrs. T. J. Walker, Mrs. H. G. Keaton, Mrs. H. F. Williamson, Roberta Gay, Mrs. C. E. Talbot, Mrs. M. A. Cook, Mrs. W. J. McAdams, Mrs. Burgess Dixon, Mrs. Horace Garrett, Mrs. J. C. Waits, Mrs. Clyde Waits, Mrs. M. E. Cooley, Mrs. Edmund Finck, Mrs. G. W. Chown, Mrs. J. L. Hudson, Mrs. J. W. Anderson, Mrs. N. W. McCleskey, Mrs. W. D. McDonald, Mrs. Velva Glass, Mrs. W. A. Laswell and Mrs. J. Edwin Wade.

Activities at the USO

THURSDAY

Games and dancing.
FRIDAY
Volunteer desk hostesses.
9:00—General activities.

SATURDAY

7:00-9:00—Canteen open, free cookies and iced tea furnished.
9:00-11:00—Record letters in recording room.

Bingo winners at the USO Wednesday evening were Pvt. J. A. Bush of Omaha, Neb., Mrs. Albert Foiden of Pulaski, Va., Sgt. George Brown of East Providence, R. I., Mrs. Don Sealy of Cosnovia, N. Y., Mrs. Phil Salvores of Salem, Mass., Mrs. Ivan Gerby of Moundville, W. Va., Nita Chapman, Mildred Fortson. Winner of the free long distance telephone call home was S-Sgt. Ivan Gerby of Moundville, W. Va.

HAPPY BABIES NEEDN'T CRY

(Prepared by the Staff of the Child Study Association of America, Inc.)

AP Features Mothers used to be told never to pick up their babies when they cried. To let them "cry it out" was supposed to be "good discipline" and to keep them from being spoiled. But it didn't work out that way.

We know that if babies cry for any length of time, there is good reason for it. They are cold or wet or hungry or the diapers are too tight. Sometimes as they get older, they may cry because they are just lonesome or uneasy. The main thing is to make them comfortable and the crying will usually take care of itself.

If your baby is ordinarily healthy and happy you can let him cry for ten or fifteen minutes after you have put him back again—in the hope that

he will go to sleep. If he cries longer than this, it is far better to pick him up than to let him yell for an hour, work himself into a tantrum or vomit his supper.

Even the old argument that babies need to cry to exercise their bodies and their lungs isn't sound. They try out their lungs when they gurgle and make funny noises too, and they can get plenty of exercise waving their arms and legs and wriggling their bodies.

Healthy, happy babies don't have to cry for any length of time. If your child cries during the night, go to him and see if he needs anything. If he seems to need only the comfort of having you near him stay with him until he is quiet.

Don't take him into your bed so that you can get some peace. It won't really give you peace and is not good for your child either. You want to help him to sleep alone. If it is at all possible have him sleep in a separate room as soon as you can. It will be better for all of you.

Herbert A. Moore, S 1/C, who has been serving in Hawaii for the past two and one-half months, is receiving treatment in a naval hospital there for a stomach ailment. A letter was received recently from his wife, Mrs. H. A. Moore of Big Spring, stating that he was improving. Moore served as a fireman at AAFBS before joining the navy in March.

"One Man Army Of Anzio" Just Jittery Bridegroom When Wedding Bells Ring

RED HILL, Pa., Aug. 24 (AP)—Wedding bells did what the enemy couldn't—shake the steel nerves of the "one man army of Anzio."

It took just ten minutes to turn Pfc. Alton W. Knappenberger, congressional medal of honor winner for holding off two German companies and mowing down 60 Nazis, into a jittery bridegroom.

Maybe it was the marriage license clerk at Norristown who first noticed the change for he asked the "army" to speak louder.

That's when the 20-year-old veteran—his childhood sweetheart, 16-year-old Ruth Eickhoff, by his side—admitted he was "more scared than I ever was."

However, everyone smiled when he hurried into St. Paul's Lutheran church; fumbled in his pockets and then dashed off again, leaving his bride-to-be to explain.

He had forgotten to bring the marriage license.

It wasn't long before the "army" was back, with the license. The ceremony started.

It was over in 10 minutes. By that time the "army" had steadied down to the point where he was almost as calm as his young bride.

The honeymoon trip will have to be postponed until after the war because the "army" expected to return to service soon.

Charges Filed Against Eight Army Selectees

EMPORIA, Kans., Aug. 24 (AP)—E. E. Steerman, Lyon county attorney, has filed charges of assault and battery against eight selectees who allegedly spent part of their time on an induction trip giving impromptu haircuts to six other selectees, said to have been conscientious objectors.

The incident occurred Aug. 16 while 35 men were being taken by bus to an induction center at Fort Leavenworth.

In 1943 an inscribed strip indicated existence of a king of the world 2,500 years ago, was discovered in Palestine.

OUTDOOR GIRL: She's dressed for come-what-may in the newest fad of the younger horsey set—tailored "jodkins" of gray flannel, complete with knee patches and adjustable belt.

ON HUNGER STRIKE

WICHITA, Kans., Aug. 24 (AP)—Walter Ray Severns, 35-year-old house painter awaiting his second trial on murder charges in the slaying of his eight-year-old niece, has gone on a hunger strike, Sheriff Keith E. Moore said today.

Severns has been eating only fruit juices, Moore said, and his weight has fallen from 185 to 120 pounds.

Seasoning Recipe Is Good For Fish

By CHARLOTTE ADAMS

Marine Good For Fish Too

Broiled Flounder
Oven Brown Potatoes
Buttered Zucchini
Sliced Tomatoes on Leaf Lettuce
Bread and Butter
Green Apple Pie

(Recipes Serve Four)

Broiled Flounder
4 thick fillets of flounder
Juice of 1 lemon
1-2 teaspoon dried mustard
1 teaspoon minced onion
1 teaspoon minced parsley
1-4 teaspoon salt
Cayenne pepper
4 tablespoons cooking oil (or margarine)

Marinate the fillets for about a half hour in a mixture of the lemon juice, mustard, onion, parsley, salt and pepper. Roll the fillets in the crumbs mixed with the cooking oil (or melted margarine) and broil under low heat until cooked through and a golden brown (about 20 minutes). Serve on a hot platter garnished with lemon wedges and parsley.

Mr. and Mrs. P. L. Myers and children of Houston are here visiting his brother, Mr. and Mrs. J. A. Myers.

The Census Bureau pictures the average American father in the United States as 44 years old, married, living with his wife and with one or two children, resident of a city of 2,500 population or over and working in private or non-emergency work.

HOW TO RUIN DRESSES AND LOSE FRIENDS

IT'S tragic how some girls lose their friends and ruin their dresses because of perspiration odor and stains. And there's no excuse for it. It's easy to save dresses, it's easy to save friends.

Use Arid, the new cream deodorant that helps keep your armpits dry and removes the odor from perspiration. Arid is safe and dependable for these five reasons:

1. Arid does not irritate skin. Does not rot dresses or men's shirts.
2. Prevents under-arm odor. Helps stop perspiration safely.
3. A pure, white, antiseptic, stainless vanishing cream.
4. No waiting to dry. Can be used right after shaving.
5. Awarded Approval Seal of American Institute of Laundering—harmless to fabric. Use Arid regularly.

Arid is the largest selling deodorant. Sold at all stores selling toilet goods—39¢ and 59¢ a jar. (Pat. Reg.)

Try delicious BLUE BONNET today!

See how your folks enjoy it! That delicate, country-fresh flavor just hits the spot. And what a satisfaction to know BLUE BONNET is so good for them—fully as nutritious as the costliest table-spread! Every tempting pound contains 3,300 Food-Energy units—9,000 units of precious Vitamin A. Yes, Fleischmann's BLUE BONNET is a real food for growing children, busy war workers, everybody!

Yet this fine spread costs so little, takes so few red points. (And remember, that leaves you more to use for meat!) Hurry, get pure, fresh BLUE BONNET today. You'll see how delicious a really good margarine can be!

H. C. HOOSER

In my campaign for county attorney, I have run a clean race free from mud-slinging. It is true I own some small acreage at Sand Springs and that I have to travel in an old Chevrolet, since I do not own an airplane, but I submit that living in the country is certainly no disqualification for office.

It is true that my wife manages an abstract company, but the small per centage returns she earns by hard work certainly has no bearing on my ability to serve you as county attorney.

It is true that I have tried to serve during the war as a member of the selective service board, but I resigned many months before announcing for office and many months before the holder of the office resigned. It is no personal qualification to me that both my boys volunteered for military service, one being a bomber gunner and the other fighting the Japs and expect to stay until the war is finished.

It is true that I have practiced law for 16 years and I am proud of my profession. I submit that experience in practice should entitle me to consideration at your hands for the office of county attorney. I believe I can and I know I will serve you honestly and fairly. I appeal to you not to be deluded by desperate, last minute allegations by anyone who is "happy but nervous" over the outcome. With your help, support and kind words in my behalf, I shall remain confident of the people's decision.

FOR COUNTY ATTORNEY

Sugar Helps Hold Shape Of Fruits

Whatever its effect on the human form may be, sugar does help hold the shape of cooked fruit by making the tissues more firm—a point to remember in home can-

ning as well as in making jams and preserves this summer. In making fruit preserves, for example, the soft more tender fruits like berries, cherries and peaches hold their shape better if they stand overnight in sugar before being cooked. Though the fruit loses juice and shrinks somewhat as it stands in sugar, it becomes more firm and is less likely to cook to pieces. Another way of holding the shape of fruit in preserves is to cook it in thick sugar syrup.

Fruits that are naturally very firm, like Keffler pears and quinces, on the other hand, may be hard and tough by the action of sugar. So when these fruits are made into preserves, they are steamed or cooked in water before the sugar is added, or they are cooked in thick syrup.

The toughening or hardening effect of sugar on seeds and skins must also affect the making of jams and marmalades. In making plum or gooseberry jam, the fruit is cooked in a little water until the skins are tender before the sugar is added. Blackberries and black raspberries are crushed and brought slowly to boiling before adding the sugar to help keep the seeds from hardening, or the fruit is cooked a few minutes and then the seeds are sieved out.

Fruit canned without sugar will keep from spoiling, but does not hold its shape well.

Steps Advised To Curb Weevil Attack

By RHEBA MERLE BOYLES County HD Agent

This is the time of year when weevils invade cereals and other foods on the pantry shelves.

Cereal products, or dried peas and beans as the case may be, should be heated to about 140 degrees F. for about 20 minutes. Then they should be stored in hot dry cans or jars. Friction-top cans similar to syrup buckets are excellent for storing food, which are commonly attacked by weevils.

If the grains, peas, or beans are to be saved for seed as well as eating, it is better to use highlite, rotenone dust or lime. Complete directions may be found in a pamphlet, MS-547 which can be obtained from county home demonstration and agricultural agents.

By the utilization of waste liquor from sulphite pulp mills, a high test alcohol can be manufactured.

ARMY BEANS—A civilian worker from Table Grove, Ill., Fay Dupre, displays green beans and yellow wax beans from Camp Ellis, Ill., 220-acre garden which supplies vegetables, saves \$1,000 a week on camp food bill.

Proposed Organization Offers World No Magic Formula For Easing Struggle

By OVID MARTIN WASHINGTON, Aug. 24 (AP)—

The proposed international food and agriculture organization offers the world no magic formula for

easing mankind's struggle for food and clothing.

No group is more aware of this than its author—the interim commission of the United Nations Food Conference which met at Hot Springs, Va., last year. The conference directed the commission to draft plans for a postwar world food agency to help all nations eliminate hunger within their borders and to improve conditions for farmers.

Winter Pasture Plantings Are Urged By Agent

There seems to be many reasons for planting winter pastures this year. Range livestock feed will be all gone unless it rains during the next 30 days to start grass. It will be short at best. There will be less cotton seed meal than last year. Plenty of small grain pasture would relieve both of these shortages.

Stocker cattle are apt to be in poor demand, and low priced for some time. Small grain pasture may be the means of carrying over a part of them, until the grass gets good again.

Formerly, the only grain used in Howard county for winter pasture was wheat. However, in recent years more and more farmers have sown barley for pasture, and find that it provides nearly twice as much pasture in winter as wheat.

While about a bushel per acre should be sown in September, it costs less per bushel than wheat and works out at about the same price per acre for seeding. If a stand is secured in September, barley will have to be grazed down before danger of a hard freeze. Early planted and heavily grazed barley is not so apt to winter kill as late planted barley.

Fields that are not weedy do not need to be plowed for small grain. In fact they do better on a firm seed bed. Fields where maize is harvested with a combine can be easily put in shape for planting. If planted in September the stubble should be plowed up, to keep sucker feed from sapping the ground.

Small grain is not a profitable crop to grow for grain, but most years it will pay, in pasturage, for more than it costs to plant.

Cull Hens, Spend Feed On Producers

County Agent

This is a good time to cull your hens; and get rid of those that will not lay any more for a long time. You can then afford to feed the ones you have left and increase your egg production during the period of higher egg prices. Then too, you may need more room in your houses for pullets that are coming in laying.

It is not difficult to pick out the hens that have quit laying for the season by their combs being shrunken. If they are getting green feed their shanks and beaks are becoming yellow, because they are not using the yellow pigment to make egg yolks.

There may also be some grey eyed hens. If so these should be sold also, because they are apt to go down with leucosis, or range paralysis.

Since it is necessary to catch the hens to cull them, a coop with a door in the end placed at the creep where the hens go out of the hen house will have lots of trouble, and prevent a lot of disturbance in catching them.

Speakers Tell Of Scout Camp

W. D. Berry and Elra Phillips gave the Lions club a word picture Wednesday of Philmont Boy Scout ranch in northern New Mexico and told how 210 youngsters from the eastern end of the Buffalo Trail council went through a camping program.

Senior scout programs were described by Berry, who was with a group of older boys in their trek to a crater lake atop one of the peaks in the Cimarron Canyon area and other scenic spots nestled in virgin territory of the 200-section ranch given Boy Scouts of America by Waite Phillips, wealthy Oklahoma oilman.

Phillips touched briefly on the camping activities for boys from 12 to 15 and said that the problem of advancement was complicated by an apparent lack of ample leadership at home. He urged club members to take time to participate in the scouting program and thus to better train boys. "Give your time," he said, "and help raise boys that will make America great."

Jack Y. Smith urged members to attend the rodeo and to help in

Enroll In Course

Enrollment cards can now be had at the county agents office. Although you can listen to the garden lessons if you happen to tune in, you will find it much to your advantage to enroll so that outlines and literature can be sent to you at the start of the school next week. The enrollment is without charge.

Col. Olson To Command Blackland Army Field

WACO, Aug. 24 (AP) — Col. Jergen B. Olson, who has commanded the basic flying school at Garden City, Kas., is to be the new commanding officer of Blackland Army Airfield here. Lt. Col. Fred H. Bounds, Blackland's commanding officer, has announced. Olson will assume his duties soon, said Bounds.

every way to make it a success. Jake Douglass urged any person "who can stay on the top side of a horse" to enter the parades Thursday, Friday and Saturday evenings.

Recipe for a Perfect Marriage

Dee and Jane Cuppers celebrated their Golden Wedding Anniversary last Saturday. Having so many friends, it seemed like half the town stopped in that evening to pay their respects.

Little Ida Moffat brought a home-made poem to read, called Love Enduring. Bert Childers added "Silver Threads Among the Gold." Will Dudley made a speech and proposed a toast.

And as I watched that toast—Dee with his glass of beer, Jane with her buttermilk—I thought to myself: There's a recipe for

happy marriage. Two folks with different tastes—no doubt an honest fault or two—who through the years have learned to live in tolerance and understanding.

From where I sit, Dee and Jane are a mighty good example to young married people of today—an example of how moderation, tolerance and understanding can build lasting happiness and solid homes.

Joe Marsh

School Board Makes Preliminary Study

Members of the Big Spring Independent School district board of trustees Tuesday evening made a preliminary study looking toward the formulation of a tentative budget.

At the same time, they set Sept. 6 as the date for a public hearing on the instrument which they hoped to draft soon.

The board also acted to raise the tuition for elementary grades from \$4 to \$5 per month for transfers from districts where their grades are taught. This increase also would apply to "unders."

Veterans Get Job And Loan Help Under The GI Bill Of Rights

Editor's Note: Following is second in a series of three dispatches outlining benefits under the "G. I. Bill of Rights."

By EDWARD C. EISENHART
WASHINGTON (UP)—Congress created a Veterans' Placement Service Board in the "G. I. Bill of Rights" to carry out its "intent and purpose that there shall be an effective job counseling and employment placement service for veterans . . . so as to provide for them the maximum of job opportunity in the field of gainful employment."

The Board, composed of Veterans' Administrator Brig. Gen. Frank T. Hines as chairman, the Selective Service director and the Federal Security administrator, determines policy so that honorably discharged servicemen and women of World War II can secure jobs through the United States Employment Service.

Each state has a veterans' employment representative of the USES, a veteran himself, attached to the staff of the state's own public employment service.

In co-operation with the state's staff, the representative is responsible for "supervision of the registration of veterans in local employment offices for suitable types of employment and for placement of veterans in employment."

He also is directed to assist in securing and maintaining current information as to various types of available employment in public works and private industry and business, promote the interest of employers in employing veterans and maintain contact with employers' and veterans' organizations "with a view of keeping employers advised of opportunities for employment."

Finally, he is to assist in improving working conditions and the "advancement of employment of veterans."

To assist discharged servicemen and women who serve for at least 90 days after Sept. 16, 1940, the G. I. Bill establishes a procedure under which government guaranteed financial loans of up to \$2,000 may be secured for the purchase or construction of homes or the purchase of business property, farms and farm equipment.

Does Not Advance Cash

First of all, the federal government merely guarantees the loan; it does not advance the cash. An eligible veteran, after securing a loan through his local banker, loan association or other money lender, may apply to the Veterans' Administration for the guarantee, not to exceed 50 per cent of the loan, provided it will be used for one or more of the above-stated purposes.

The application must be made within two years following the veteran's release or discharge or within two years after the termination of the war, whichever is later. In no event can it be made more than five years after the war's termination.

Excess Farming

Within these restrictions loan uses for which at least a partial government guarantee can be secured are: "in purchasing residential property or in constructing a dwelling on unimproved property owned by (the veteran) to be occupied as his or her home . . . in purchasing any land, buildings, livestock, equipment, machinery, or implements, or in repairing, altering, or improving any buildings or equipment, to be used in farming operations conducted by the applicant . . . in purchasing any business, land, buildings, supplies, equipment, machinery, or tools, to be used by the applicant."

Advices Employers

He also is directed to assist in securing and maintaining current information as to various types of available employment in public works and private industry and business, promote the interest of employers in employing veterans and maintain contact with employers' and veterans' organizations "with a view of keeping employers advised of opportunities for employment."

Changes In Hospital Staffs Announced

AUSTIN, Aug. 23 (UP)—Three changes in superintendents of state hospitals were announced today by Control Board Chairman Weaver Baker.

Dr. Bruce Allison, formerly assistant superintendent of the Wichita Falls state hospital, becomes superintendent of the Abilene state hospital Sept. 1 in succession to Dr. M. A. Beckman, resigned.

Dr. Roy Cameron Sloan, assistant superintendent of Terrell state hospital, becomes superintendent of that institution Sept. 15 in succession to Dr. William Thomas, retired.

FDR Orders Seizure In Pennsylvania

WASHINGTON, Aug. 23 (UP)—President Roosevelt today ordered government seizure of the Philadelphia and Reading Coal and Iron company in the state of Pennsylvania because of "strikes, threatened strikes and other labor disturbances."

Dr. David McCullough, assistant superintendent of the Sanatorium State Tubercular Hospital, becomes superintendent of the Kerrville State Tubercular Hospital for negroes, effective Sept. 1, in succession to Dr. H. V. Swaye who resigned to enter private practice.

PAYS FINE OF \$50

DEL MONTE REPORTS ON CANNED FRUIT AND VEGETABLE PROSPECTS

To our Millions of Customer Friends and the Thousands of Grocers Who Serve Them

Ever since the war started, Del Monte has tried to interpret the canned fruit and vegetable picture in a way that would help our many friends and customers adjust themselves to wartime shortages.

As the largest canner of fruits and vegetables in America, we feel it is our responsibility again to make clear how prospects look to us—why today's situation exists—and what everyone can do to make the best of it.

single can or jar. And rightly—for what good American would deny a serviceman first call on the food he needs?

The canned fruit situation has one bright spot. A bumper crop of apricots produced a good supply for civilians—despite manpower shortages and larger government requirements.

But the pear crop is short—meaning considerably fewer canned pears for us at home. We will have less canned pineapple on our tables, too.

There are two big "ifs" in this year's sizable peach crop—weather and manpower. A hot spell could ripen peaches so fast that we couldn't find enough workers to handle them. With Uncle Sam needing more than last year it looks (even with good weather) like definitely fewer peaches for the home front.

Fruit cocktail? Canners hope to "put up" even more than last year. But quotas for our fighters have grown still faster. Again, this means less at your grocer's.

So, it should be clear that there simply can't be a fruit pack big enough to leave a normal supply of fruit for civilians, after increased military needs are met.

Big Crops Don't Always Mean Big Packs for Civilians

The farmers of this country are doing a great job. Peas are a good example. The acreage of green peas sown for processing in 1944 is estimated at 48% more than the five year pre-war average.

Many people feel news like this means our canned food troubles are over. This isn't true.

One reason is the weather. We had a late spring with rains and floods. Planting was late and replanting was crowded into a few short weeks.

Complicating our problem was the shortage of experienced workers.

Peas must be canned at one certain stage in their development to produce a quality pack. This year, the pea crop matured much faster than usual—and we started our Del Monte pea operations with a staff of regular field and cannery workers 30% below normal.

One thing that saved the day for us on peas was the patriotic help of hundreds of citizens of DeKalb and Rochelle, Illinois; Sleepy Eye and Wells, Minnesota; Arlington, Wisconsin; Ogden, Smithfield and Spanish Fork, Utah; Franklin, Idaho; and Toppenish, Washington. Among them were housewives, office workers, public officials—many of whom had never set foot in a cannery before.

With everybody pulling together, we were able to can 50% more than our average pre-war pack. But military needs have grown.

Last year, every member of the industry turned over to the government 20% of its pack of canned peas. This year, the government will require double that amount. So despite all the fine news about crops and packs, there probably will be fewer canned peas for civilians.

The harvest of green beans and corn is not completed. Weather is always a tremendous hazard with any vegetable crop. It looks today as if there would be plenty of string beans. There is some danger that continued dry weather will affect the corn crop. But even if it doesn't the best we can hope for is a civilian supply of corn somewhat less than last year's.

Tomatoes are only beginning to ripen. Present prospects are for a pack as large as last year's. But the amount going into civilian distribution will be considerably less.

In short, the vegetable outlook is not promising.

What About the Outlook on Canned Fruit?

Canned fruit is one of the most popular foods with the armed forces. The government is reserving the equivalent of better than two-thirds of the pack—a material increase over last year's requirements.

This entire amount must be set aside for the armed forces before civilians can get a

Count on Your Fair Share of Del Monte

Whatever amounts of Del Monte are finally available, however, you can depend on this—

We are doing everything we can to see that you can get your share of them.

Ever since the war started, we have apportioned Del Monte Foods to Del Monte distributors in every section of the country, on a fair and square basis.

Furthermore, we are spreading out our Del Monte deliveries throughout the year. This means that you can hope to find several varieties of Del Monte Fruits and Vegetables on your grocer's shelves at most times.

So look for and ask for Del Monte Foods. You have a right to your share, and your chances of getting some Del Monte Product to answer your purpose are good.

Use Del Monte's wide variety, too. Switching and swapping within the Del Monte line is one of the best answers to wartime shortages, because it is the best way to be sure of quality and flavor.

Other Ways to Help

If you live near a food processing plant, you can help produce a bigger pack yourself by working there part or full time. Check with the U. S. Employment Service or your nearest plant. You can see by this report how much your help is still needed.

And do continue to be patient with your grocer. Understand his problems. Remember that the better-known brands are the first to be taken from his shelves.

Try to help ease his load by such thoughtfulness as shopping early in the day and early in the week.

Neither America's food producers nor America's grocers can win the battle of the food front alone. Your intelligent cooperation with the industry, your grocer and your government is very important.

It's a big responsibility. But we have yet to see the problem that is too big for American women. Especially when it means their families will be better fed.

Two More Japanese Generals Killed

NEW YORK, Aug. 23 (AP)—The Japanese ministry of war announced today in a Tokyo broadcast that two more Japanese generals had met death "in line of duty abroad," the office of war information said.

Maj. Gen. Genkichi Shima died Aug. 6 and Maj. Gen. Genzo Minakami died Aug. 8, the ministry said in announcing their posthumous promotions to the rank of lieutenant general.

The ministry did not disclose where the generals had met their death nor under what circumstances.

Public Records

Warranty Deeds
Lee Singletary and wife to B. F. and Linnie Tubb, lot 10, block 15, Boydston addition; \$1,520.
J. T. Thornton and wife to Clyde Johnston, two parcels out of lot 4, block 93, original townsite; \$4,200.

Building Permits
Miguel Pineda to add to house at 401 NW 8th, cost \$175.
W. E. Randall to make room of porch at 1002 W. 2nd, cost \$150.
Jose Canas to make addition to house at 701 NW 8th, cost \$150.
J. C. Hodges to move house to outside city limits, cost \$875.
Mrs. E. E. Reagan to re-roof house at 304 Young, cost \$40.

Correspondent Watches 30 Women Have Heads Shaved By Frenchmen

By HAL BOYLE
CHARTRES, France, Aug. 16 (Delayed) — These episodes of the French shearing the hair off their women is a manifestation of mob spirit which is spectacularly supported by many elements of the French nation, but there are also many people who deplore the incidents.

by women submitted to head shavings because they were afraid of the jeering, yelling mob behind them. Afterward they were led in shame through the streets.

Finnish Minister Heads For Helsinki

STOCKHOLM, Aug. 24 (AP) — The Finnish minister to Sweden, G. A. Gripenberg, suddenly departed by air today for Helsinki in a journey obviously connected with efforts to get Finland out of the war.

Reliable quarters said, however, that "as far as we know, the Finnish government has made no attempt directly to contact Moscow up to Thursday morning."

It was Gripenberg's second trip to Helsinki in two weeks.

Opinion here was that Romania's exit from the war might hasten action by Baron Mannerheim, president and marshal of Finland.

Finnish sources said the old leader had been "clearing the decks" for an armistice. Reactionaries, Germans and the former Finnish minister to the United States Hjalmar Procopce were reported taking advantage of inactivity by pushing a "go slow" propaganda campaign regarding peace.

Girl Scout Day Camp Concluded

Picnics followed by skits and an impressive camp fire ceremony Thursday night in City park concluded the Girl Scout day camp which has been conducted two days weekly during August, with approximately 100 girls attending.

An audience of parents and friends of the girls witnessed the program, in the amphitheatre in the park. A flag ceremony opened the program, after which Mrs. H. W. Smith, director of the camp, introduced camp officials.

The six units who had maintained camps presented skits. The Fairies presented a dance and sang "The Queen of the Fairies." They were dressed as fairies and carried wands. The Indians came out in their feathers and war paint, singing a war song and other songs, including one entitled "Kickapoo Village," the name they gave their camp. Girls from the Jungle Home camp wore head-dresses representing trees and various animals and enacted a story in which they accompanied a small girl in quest of their fortune. The Texas Rangers presented a play, with part of the group representing Rangers and the remainder, Indians, with the Rangers taking the land from the Indians but ending by smoking the peace pipe and singing songs.

The Ozark Hill-billies camp girls, dressed in varied costumes to represent Hill-billies, presented a wedding, folk dancing, songs and jokes. Senior girls from Star Haven camp presented a skit representing camp life, opening with tennis, presenting imitations of counselors, and closing with "Swingin on a Star."

The scouts then marched to a camp fire, forming a circle and singing, dropping bundles of twigs on the fire and making wishes, and closing with taps.

Prior to the program, each unit had met for a picnic.

The skits were directed by the camp leaders, as follows: Star Haven, Mrs. H. H. Rutherford and Mrs. Max Johnson; Ozark Hill-billies, Mrs. M. S. Toops and Lera Joyce Hale; Jungle Home, Mrs. Ervin Daniel and Mrs. M. E. Boatman; Texas Rangers, Mrs. J. C. Douglass, Jr., Dorothy Purser and Jean Cornelson; Fairies, Mrs. J. C. Roberts and Mrs. Robert Fairlee; Kickapoo village, Mrs. M. A. Cook and Jean Conley. Other camp officials included Mrs. Cecil Penick, nature study counselor; Mrs. Dan Conley and Mrs. C. Bowling, arts and crafts instructor; Mrs. Fred Schmidt, director of songs and dances; Gloria Strom and Champe Phillips, archery instructors; Mrs. David Moody, assistant camp director; Mrs. C. A. Horton, camp nurse, and Billie Jean Younger, assistant in the camp office. Mrs. Schmidt directed the camp fire program.

Mrs. V. A. Whittington was introduced as new commissioner of the Big Spring Girl Scout council.

Although official word has not been received, Charlene Kee has learned through friends that her husband, Lt. Charles L. (Happy) Kee, is missing in action.

She had become apprehensive when she did not hear from him over a reasonable period of time and contacted the wife of an officer who was in the same barracks with him and who had formerly flown with the bomber pilot.

Mrs. Kee learned that he was missing, possibly since Aug. 9 and was given the impression that there was a good possibility he was either a prisoner of war or had been taken in hand by the French.

Last letter Mrs. Kee had from her husband was written on Aug. 8, a note in which he apologized for its terseness because he was all but exhausted. Lt. Kee had been based in England.

Solons To Discuss Policy On Disposal Of Surplus Goods

WASHINGTON, Aug. 24 (AP) — Republican senators were called into a conference today to discuss party policy on surplus war goods disposal. Its outcome was expected largely to decide the fate of the pending bill to set up an eight-member policy board rather than the house-approved plan for a single administrator.

GOP members of the senate military committee joined Democrats in supporting the board idea, but some other republicans, notably Senator Taft (R-Ohio), have strongly advocated disposal machinery headed by one man.

Senator Johnson (D-Colo.), co-author of the senate bill, said plans were to start voting on amendments today and he predicted the bill might reach a final ballot by nightfall.

Taft told reporters he still favored the single administrator control of surplus disposal, arguing that it wasn't until war production was placed under one head, WPB Chief Donald Nelson, that conflicts in authority were eliminated and production speeded up. But he added: "We may be able to reach some compromise."

D. Duncan Speaks At Kiwanis Meeting

Progress of the oil industry, and more particularly that of the drilling industry, during the 85 years since the first oil well was drilled in the United States at Titus, Penn. was traced in a talk before the Kiwanis club Thursday by Dave Duncan, drilling contractor.

Duncan pointed to contrast between crude tools and power which sent the first well down 60 feet and those employed today. Instead of 60 feet, the deepest oil test today is well past 15,000 feet near Ft. Stockton, he said. Horse and manual power gave way to mechanical power and in turn the standard rig was perfected. One of the biggest strides in rapid and particularly in deep drilling was the development of rotary equipment which literally bores into the earth's crust.

Walter Reed, high school principal, was introduced as a new member of the club. Guests for the day were Bill Dawes, Murph Thorp, Jr., Fay Harding, Roy Compton and Sam Lowe. Cy Bishop was in charge of the program.

GERMANS ESCAPE

DALLAS, Aug. 24 (AP) — The Federal Bureau of Investigation said two German prisoners of war, Eberhard Wetling, 21, and Bruno Leibetseder, about 20, escaped from the compound at Camp Howze, near Gainesville, late last night.

Joe Lang Here To Make Further Study Of Supply

Joe Lang of the US Geological Survey is back in Big Spring for a further study of the water supply being developed for the city in north central Glasscock county.

He had a prominent role in the search which subsequently led to the location of an apparently copious supply 21 miles to the south, although the heaviest production is coming from formations different than those picked up in test wells several months ago.

Wells already tested indicate a heavy supply, considerably in excess of the line capacity, he believed. Production will have to determine their long range capacities, he added.

George Taylor, well contractor, has rat holes down on all eight wells but he has been unable to complete two tests because of heavy water flow and only Wednesday picked up circulation in a third well. E. L. Dalton of Dalton & Cullum, pipeliners, was in town to check on progress of crews, which have been laying little less than four-fifths of a mile of 16-inch main per day.

Livestock

FORT WORTH, Aug. 24 (AP) — Cattle 4,200, calves 1,700, unchanged; common to medium steers and yearlings 11.00-12.50; butcher and beef cows ranged 6.25 - 9.00; fat slaughter calves 7.25 - 12.50; stocker calves and yearlings 7.00 - 10.00.
Hogs 1,400, unchanged; hogs were active with the top of 14.55 paid for good and choice 180-240 lb. butchers; heavy butchers and packing sows turned at mostly 13.80. Good and choice 150-175 lb. butchers brought 13.75 - 14.35.
Sheep 6,500, unchanged; spring lambs 9.00 - 13.50; shorn lambs and yearlings 8.00 - 10.00; slaughter ewes 2.50 - 5.00.

Two Weeks Ago Butts Was In Pacific; Today He Is In Big Spring On Leave

A couple of weeks ago Pfc. James Y. (Mickey) Butts, USMC, was aboard an aircraft carrier in the Pacific.

Today he is home on leave for a visit with his mother, Mrs. Violet Butts, and friends. While his visit was somewhat of a surprise for his mother, Mickey had one himself when in came his brother, Lt. Joe Lindley Butts, from San Antonio. Lt. Butts was accompanied by his wife.

The carrier to which Pfc. Butts was assigned in anti-aircraft gunnery has been around many scenes of action in the Pacific and at one time was within 440 miles of Tokyo.

"We cruised around between the Bonin Islands and Japan all one afternoon," said Pfc. Butts. "and boy I was glad when we got out of there. They never would come out and didn't send out any heavy bombers."

The task force of which his ship is a part was in on the pounding of Saipan, the last attack on Yap and shelled other islands in that area.

His job is not exactly good for the nerves, for his battery works on attacking Jap craft which gets inside long range ack-ack. "When they are in eyesight, which is when we go to work, they're just a wee bit too close for comfort," he said.

Once the Japs launched a torpedo at the ship but a sharp turn by the carrier, plus a swerve by the fish caused the missile to go wide. "A most happy combination," mused Mickey.

Election Scene Quiet

The election scene remained quiet Thursday in Howard county as the second democratic primary neared.

Voting on the brief ballot listing 10 candidates will be conducted from 8 a. m. to 7 p. m. Saturday in the 15 precincts in the county. A total of 109 absentee ballots were cast before the deadline.

Cubs Threaten To Make Life's Work Out Of Losing To Cardinals

By JACK HAND
Associated Press Sports Writer
It's no disgrace to lose to the St. Louis Cardinals this year but the Chicago Cubs threaten to make a life's work out of the habit.

After bowing 11 times in a row when they were lowly cellarites, the Bruins tangled with the Red Birds last night for the first time since they attained their lofty but unsteady perch in the first division.

The result was the same. Never in the history of the major leagues has one team swept an entire season series from a rival. The New York Yankees of 1927 came the closest when they slaughtered the St. Louis Browns 21 times before bowing 6-2 on Sept. 11 in their last meeting of the year.

In 1937 Pittsburgh trampled Cincinnati by a 21-1 margin in total games and earlier in 1939 the Chicago Cubs themselves slaughtered Boston in similar fashion.

Charley Grimm's Cubs have 23 more chances to keep their names out of the record books as the only club to go through an entire season without beating all of their rivals at least once.

The Cooper boys teamed up on Chicago last night, Morton coasting to his 18th win 11-1, and Walker driving in three runs with three singles and his 9th home run.

St. Louis hit a new season high with a winning percentage of .750 by their latest success. The entire American league was idle yesterday with all the other Nationals.

Savage Pitches 268 Strikeouts In 27 Games

Bobby Savage, ace softballer from Big Spring, was recently cited for his 268 strikeouts in 27 games at Norman, Okla., where he is stationed with the navy.

With a record comparable to any hurler in that section, Biondy Savage has captured 21 triumphs of 27 starts and included in his winning string are the 1943 Oklahoma champions and the Navy Zoomers.

Including two pair of perfect games in 17 of Savage's 21 wins, he has allowed two hits or less. With 268 strikeouts in 27 games, he has averaged very close to ten whiffs per seven inning tilt.

He is the son of Mr. and Mrs. A. C. Savage.

Togs that look well, wear well for the school-going young man. See our new fall selection of Suits and other furnishings.

IT'S A BUM DECISION—Johnny Hopp, Jr., doesn't like the way his daddy, Centerfielder Johnny Hopp of the Cardinals, "called the play" in this instance and he files the only kind of protest he knows. But it was a good one; Junior won. He's one month old. (AP Wirephoto).

McSpaden, Nelson Play For Keeps In Rich All-American Tourney

By L. E. SKELEY
CHICAGO, Aug. 24 (AP)—It was Harold (Jug) McSpaden and Byron Nelson—golf's biggest money winners—against the field today as they started playing for keeps in the rich \$42,500 all-American tournaments.

SPORTS ROUNDUP

By HUGH FULLERTON, Jr.
NEW YORK, Aug. 24 (AP)—Coach Howie Odell of Yale says he likes all the football rules changes adopted by the eastern group except allowing the Bous to run with recovered fumbles. . . . Howie thinks that leaves too much to chance and the better team might lose. . . . Isn't that what started most of the recent rules trouble? The coaches didn't want to take chances on losing through a fumble or a run-back off a kickoff and eliminated a lot of the thrills the cash customers want.

Shorts And Shells
Five faculty members and one advance student at Michigan State College have been assigned the enjoyable task of deciding whether hatchery-raised brook trout taste as good as wild ones—by eating both kinds for lunch. . . . Bob Gormley of the Philadelphia Americans, one of the best soccer forwards in the country, recently suffered a triple fracture of a leg while sliding in a softball game, just a softie, eh? . . . Roosevelt Raceway has named one of its fall stakes for the Gahagan brothers, Tom, Will and George. The racers likely would set a track record if they let the Gahagans set the pace.

Confidence Note
When the St. Louis Browns were trailing early in a recent game and a new pitcher was warming up, Umpire Bill McGowan remarked to First-Baseman George McQuinn: "You're doing all right, even if you lose three out of four here." . . . McQuinn snorted: "Lose three out of four? We'll not lose this ball game." . . . And the Browns didn't.

Service Dept.
Corp. Eddy Storey, instructor in combat swimming at Camp Lejeune, N. C., is doubly a hero to his marine pupils. Eddy was cited for bravery on Guadalcanal, and he confesses he passed up a movie contract to play opposite curvaceous Esther Williams. . . . Lieut. (jg.) Forrest Vashevski, ex-blocking back, will be an usher at Lieut. Tommy Harmon's wedding. Still running interference!

Waco Team Ties Camp Hulen For Leadership

HOUSTON, Aug. 24 (AP)—Waco Army Airfield tied Camp Hulen for Houston Post tournament leadership by trouncing the marine electricians of Houston, 11-1 last night with the game being called at the end of the sixth because of the 10-run rule. Walter Lanfranconi of the Chicago Cubs displayed fine form as he whiffed nine electricians. The only run he permitted came after a bad throw. The electric infield fizzed too much for Amaglo Ramos, stocky sidarm righthander from Austin who pitched good ball. He was hit solidly at times, particularly by Lt. C. Buster Mills. Most of the Waco runs were unearned as Ramos' mates erred seven times. Mills got two triples and a single to collect the \$50 war bond given by Mrs. Frances Meyer, mother of Waco's L. D. Meyer, to the Waco player amassing the most hits.

2nd NO-HIT, NO-RUN GAME

CORSICANA, Aug. 24 (AP)—Charles Smith, 17-year-old pitcher for Corsicana's Dr. Pepper softball club, hurled his second no-hit, no-run game of the season last night in blanking the Blackland Army Air Field team of Waco 5-0.

Man Fatally Burned In Dallas Accident

DALLAS, Aug. 24—A man tentatively identified as W. O. Anglin of Dallas was fatally burned and a street car operator critically burned here early today in the collision of a trailer truck and the street car. A mass of flames flared up after the collision. Anglin was an occupant of the truck. H. N. French, 34, operator of the street car, was taken to a hospital whose attendants said he suffered first, second and third degree burns over 85 per cent of his body.

Promotion Of Patch Confirmed By Senate

WASHINGTON, Aug. 24 (AP)—The senate yesterday confirmed the promotion of Maj. Gen. Alexander M. Patch Jr., to the temporary rank of lieutenant general. He was elevated to his new rank at a session in which the senate also confirmed promotions of ten officers to major general and 28 to brigadier general. Colonels confirmed as brigadier generals included these Texans: Alvin R. Lueddecke, El Dorado; Homer L. Sanders, Henderson; and Edward N. Backus, Brownsville.

Victim Identified

ORANGE, Aug. 24 (AP)—Deputy Sheriff Louis York identified a woman whose body was found here yesterday as Miss Wynona Holden, 27, of Covington, La. J. P. Swain, justice of the peace, said the woman had been strangled to death. Marks, believed to be fingerprints, were on the victim's throat. York said the woman formerly was employed at a road house east of Orange, in Louisiana.

BLOWS OFFSET

BATON ROUGE, La., Aug. 24 (AP)—Standout passing by freshman tailback Y. A. Tittle of Marshall, in practice yesterday offset blows to Louisiana State's football machine in the loss to the army of fullback Joe Nagata and guard James Lewis. LSU's opening game is Sept. 30 against Alabama here.

Texas Champ Will Meet Buddy Garcia

GALVESTON, Aug. 24 (AP)—Proctor Heinholt, Texas lightweight champion, meets Buddy Garcia in a six-round bout here Friday night as part of a card headlined by a 10-round scrap between Jack Marshall of Dallas and Jimmy Carolla, heavyweights. Heinholt's title, which he won a couple of weeks ago from Jimmy Brentz, will not be at stake.

Bobo Turns Detective

PHILADELPHIA, Aug. 24 (AP)—Bobo Newsom, Philadelphia Athletics' hurler, turned detective. Bobo hid in a garage to learn why his car mileage was increasing without him driving. He caught a culprit about to move the auto and turned him over to police.

Station Guards Nose Out A's With 6-4 Score In Last Inning

They started out well but faltered and fell. That about tells the story on Section A's bid to clinch a place in the play-off finals of the Big Spring Bomber School softball league Wednesday evening when the Station Guards nosed

out the A's, 6-4, in the last inning. Section A had won the first game of a three-game series.

The Bombers of Section F stormed their way to the finals by overwhelming Maintenance & Supply, 13-0. The A's and Guards have it out under the lights at 8:30 p. m. Friday at the city park to see who meets the Bombers for the title.

Ray Szymaniak walked, Frank Timko was safe on an error and John Millard punched out a single to load the bases in the first when Flynn Dunham stepped to the plate for the A's. He poked out a long single, scoring two runs and Millard scored on Gunter's long fly.

John Harrell, guard twirler, tightened up and allowed the A's no more hits. The Guards, however, managed to hit Larry Fenning, the A's chunker, in every frame until he was relieved in the sixth when Dunham took over with the A's trailing 3-4. In the sixth the A's managed a run on walks to knot the score, but in the first half of the seventh, Hamilton of the Guards singled to send one of two men home and set the stage for the other to score on a passed ball. Dunham whiffed the next two but the game was lost.

There never was a close moment from the outset of the Bombers' conquest. Elmer Henderson collected a homer and a double, Adolf Conner had a homer and Tennessee Hudson slammed a double.

Score by innings: Guards 011 011 2-6 8 1 Section A 300 001 0-4 2 2 Fenning, Dunham and Durham; Harrell and Johnson.

Bombers 220 503 1-13 12 0 M. & S. 000 000 0-0 3 0 Mullins and Henderson; Brede-meyer and Lee. Umpire, Carresco.

Governor Favors Compact Assembly

AUSTIN, Aug. 24 (AP)—Governor Coke R. Stevenson declared today he favored creation of a compact commission instead of an international treaty for division of waters between the United States and Mexico.

The governor added that a proposed treaty awaiting ratification of the senate, could not be as flexibly administered as a simple act of congress setting up a compact commission for administration of water distribution agreements.

He joined with Charles Clark, chairman of the state water board, who declared recently that an international treaty would not give to the state a proper voice in distribution of public waters.

The proposed treaty affects the Rio Grande and the Colorado and Tijuana rivers.

Spirits Of GOP Lifted With News

ALBANY, N. Y., Aug. 24 (AP)—Prospect that the European war may end before American voters choose their next president provided an undisguised lift in the spirits of Gov. Thomas E. Dewey's supporters today although democrats generally were inclined to discount the effect on the Nov. 7 election.

The republican presidential nominee was silent about the political reaction that might come with defeat of Germany, but some of his friends expressed the belief the New York governor's chances would be enhanced by developments that might offset the democratic plea for retention of President Roosevelt as commander in chief.

Favors Legislation Retaining Powers

AUSTIN, Aug. 24 (AP)—Chairman O. P. Lockhart of the state board of insurance commissioners advocates federal legislation which will keep for the states regulatory powers over insurance companies.

Lockhart in a formal statement said also that approval of such legislation should be followed by submission of a constitutional amendment by which the people could decide whether federal or state government should regulate insurance.

He was referring to a decision by the supreme court of the United States which held that insurance is commerce and is subject to regulation by the federal government.

Why is WASTE PAPER Vital War Material?

● Paper makes bomb bands, camouflage nets, supply parachutes . . .

● And also first aid kits, blood plasma containers . . .

● Paper can be a LIFE SAVER for a SOLDIER or a nuisance for you!

● So SAVE IT BUNDLE IT UP TURN IT IN! Do It Regularly!

U. S. Victory WASTE PAPER Campaign

GI'S IN SOFT HATS—Pvt. Anthony Gonzales (left) of Hackensack, N. J., and Pfc. Joseph Drago of Westbury, N. J., battle-dressed but cheerful, try on a couple of civilian hats found after the battle which freed St. Lo, France.

Thomason Commended By Gov. Stevenson

AUSTIN, Aug. 24 (AP)—The late Colonel John W. Thomason, Jr., was characterized today by Gov. Coke R. Stevenson as one of "the great Texans of his day."

Stevenson so described him in naming Thomason's friend, Lt. Col. Paul L. Wakefield of the state selective service office, to serve as Texas' representative when the destroyer U. S. S. John Thomason is launched at San Francisco sometime in September.

Thomason, author and marine corps colonel, died in San Diego, March 12. Thomason's Texas home was in Huntsville. His

widow, who lives at Arlington, Va., will christen the vessel to be named in his honor.

When the U. S. S. John Thomason goes into service, along with it will go a complete set of Thomason's works, to be donated to the library by Col. Wakefield. Among these books are "Fix Bayonets," "Lone Star Preacher" and "Gone to Texas."

TROOPS MAY HELP PHILADELPHIA, Aug. 24 (AP)

—The army may send troops into Philadelphia to relieve a critical shortage of freight car unloaders. War manpower officials said the situation had been created by stevedoring companies luring the unloaders away with higher wages.

Shipyard Walkout Continues Today

PROVIDENCE, R. I., Aug. 24 (AP)—A walkout of 7,650 Kaiser shipyard boilermakers continued today despite a war labor board directive that the men return to work, and a telegram from the union's international president that the stoppage was "unauthorized" and "against my wishes."

Some of the hoisting engineers, members of another AFL union hitherto unaffected by the dispute that began with the discharge of four boilermakers union members, refused to pass through a picket line.

A management spokesman said that only 200 of the 1,750 boiler makers normally employed on the "graveyard" shift had checked in, and that many of them left within a few minutes.

Group To Frame Bill Permitting Wage Hike

AUSTIN, Aug. 24 (AP)—A joint legislative committee meets here Aug. 28 to begin framing a bill which would permit salary increases for teachers and larger administrative expense allowances for rural schools.

Senator G. C. Morris of Greenville, chairman, said it was proposed that the annual salaries for teachers with college degrees be increased from \$900 to \$1,350. A schedule of raises for non-degree teachers also will be considered.

Committeemen also propose to increase the \$180 per year per teacher administrative expense allowance to \$250.

Governor Coke R. Stevenson has announced he will recommend salary teacher increases, perhaps

on an emergency basis so that the next legislature which meets in January can immediately consider such legislation.

If a salary increase bill is approved finally it could be made retroactive for the school year which begins in September.

From 1875 to 1898 Japan had 658 earthquakes.

DIES AT HOME REED CITY, Mich. Aug. 24 (AP)—Former State Rep. Miles M. Callaghan, who in his 78th year was awaiting sentence for graft in the Michigan Legislature, died at his home here yesterday after a stroke.

Once Upon A Time—

There Were Four Military Cops Who Spent One Day In Paradise

By HAL BOYLE
MONT ST. MICHAEL, France, Aug. 11 (Delayed) (AP) — Once upon a time there were four military cops who spent one day in Paradise.

There were no dusty roads to police, no stragglers to round up, no speeders, no Doughboys to bawl out for forgetting to wear a r legging or helmets and no truck drivers to yell at for tying up traffic as they asked their way to some unpronounceable French town nobody ever heard of.

For in this 24-hour MP's Shangri-La there was only one narrow

cobble-stoned street and no military vehicles of any kind moving along it.

This brief policeman's heaven was Mont St. Michel, one of the world's foremost tourist centers in peacetime and, in war, one of those pleasant little islands of peace amid raging battles.

The four MP's didn't know what they were getting into when the corps provost marshal assigned them to guard a tiny village on a granite promontory connected with the shore only by a long and narrow causeway.

But, like any other tourists, they gasped as they drove along the causeway. They saw a splendid church perched atop a sheer rock with its time-worn spire rising 400 feet above the sea like a child's dream of a camelot.

Driving up to the entrance, through great 13th century stone walls which once withstood a 22-year siege by the British, the four cops climbed out of their jeep and stuck up the familiar old army sign:

"Off limits to all troop."

They strolled a few feet up the historic grand rue, answering the waves of friendly villagers until they came to the hotel Poulard where they registered.

They washed up—they couldn't take a bath because of the shortage of water on the island—and after leaving one man on guard at the gate to turn back military wayfarers, they explored Mont St. Michel from basement to turret, with the help of a young French guide whose only fee was a couple of cigarettes.

They stuffed themselves on Mont's famous gastronomic delicacy—flaming omelette—veal, fresh bread and butter, fried potatoes and dessert tarts. And in the dusk, they sat like kings at ease on the terrace overlooking the sea while they puffed on cigars and sipped wine and cognac.

Bright and early the next morning, up drove a fifth military policeman with word that their commander wanted them to return. He had decided that Mont St. Michel needed no policing. The four transients climbed sadly in to their jeep and waved wistfully to the villagers as they drove away.

Their furlough in paradise was over.

Italians Sought

HOUSTON, Aug. 23 (AP)—Federal Bureau of Investigation agents in Texas and Louisiana today were searching for four escaped Italian former prisoners of war who disappeared yesterday at Claiborne, La., in an army jeep.

D. K. Brown, special agent in charge of the FBI office in Houston, announced.

He said the hood of the jeep car bore the number 201436, and that the Italians are believed wearing uniforms with the word "Italy" on the arm.

and sister, Mrs. C. B. Donaghey. Mr. and Mrs. W. A. Robinson and family of Tarzan spent Sunday with her sister, Mrs. Albert Anderson and family.

Mr. and Mrs. Lee Henry and son of Westbrook visited Sunday afternoon with her parents, Rev. and Mrs. R. A. Brown.

The revival closed Sunday at the Missionary Baptist church. There were five additions to the church; four by baptism and one by letter.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 18 million tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up at night. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function persists, it is a serious matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of top and energy, swelling, puffiness under the eyes, headache and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 18 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Matthews Named To Help With Program
COLLEGE STATION, Aug. 24 (AP)-- Joe L. Matthews, former extension worker recently released from the army, has been named assistant in agricultural planning to develop a veteran's aid program which the Texas A. and M. extension service proposes.

The service, announcing Matthews' appointment, said the program would be in cooperation with the agricultural advisory councils in each county. Matthews, former county agent for Pecos, Reeves, Ward, Dawson, and Presidio counties, served in 1940 as assistant in agricultural planning on the service's headquarters staff.

The Hawaiian Islands were formed by lava shooting up from a crack in the bottom of the ocean, three miles down.

O'Daniel Says Oil Firms Will Buy Pipelines For 10 Cents On Dollar

WASHINGTON, Aug. 24 (AP)—Senator W. Lee O'Daniel (D-Tex) says that major oil companies will buy \$140,000,000 worth of government - built Texas - East Coast pipelines at 10 cents on the dollar, adding that such a sale is a foregone conclusion.

He said yesterday in an interview—referring to the \$77,000,000 "Big Inch" and the \$66,000,000 "Little Inch" conduits—that "they were never needed in the war effort."

"They were shoved through under the guise of an emergency with the deliberate intention of their being turned over to the big oil companies after the war to be used for transporting natural gas to the east," O'Daniel declared.

He asserted he saw little chance that the oil pipeline provision written into the house surplus property disposal bill, pending now in the senate, would hinder sale of the two lines to private oil companies.

That provision would require a six-month period after agreement on purchase terms before the pipeline sale could become effective. Congress could use that time to investigate the impending transaction and pass legislation blocking the sale if it so desired.

Asked whether he thought buyers of the pipelines might be able to acquire them for as low as 50 cents on the dollar, O'Daniel replied:

"I'd say 10 cents on the dollar. Who else is in the market for them but the major oil companies? And they will all get together on the price."

The Texan declared the oil transportation problem during the early months of the war could have been solved by putting the steel used in the lines into the building of more tankers.

Flanagan Develops Soil And Water Conservation Plans

E. W. Flanagan, who operates a ranch 12 miles southeast of Big Spring, is developing soil and water conservation plans on his seven and one-half section ranch this week. Soil Conservation Service technicians are assisting in the planning. Mr. Flanagan is very interested in improving the distribution of live stock watering units over the ranch. He has recently completed construction of two stock tanks which have already been filled by recent local rains. He is now drilling some wells to further increase his water supply.

A 2,000 yard tank was staked for construction by Soil Conservation Service technicians on H. G. Keaton's ranch Tuesday. Mr. Keaton, who is a prominent farmer and rancher of Howard and Martin counties, is a district co-operator and realizes the value of soil and water conservation.

"Conserving all the rain that falls is of particular importance in a dry year like 1944," observed a Soil Conservation Service technician of the Big Spring office. He further commented that, "Advantages of terraces and contour tillage are now clearly illustrated by comparing the differences in growth and general appearance of cotton and grain sorghum crops on adjoining terraced and non-terraced fields. Since farmers and ranchers realize that moisture is a very precious thing in this area, every practical method of saving it should be established."

Abilene Plans For West Texas Fair Sept. 1-9

ABILENE — "Forty Acres and Nine Days of Entertainment and Attractions" is what Abilene has to offer this area, Sept. 1-9 in presentation of the 1944 West Texas fair.

Features include the annual Texas Palomino Horse show, Quarter Horse races, Quarter Horse show, Hereford, Sheep and Goat, Registered Jersey and Swine shows, educational and military exhibits, a Bill Hames midway, and supper club dancing each evening to the music of Eddie Oliver's 19-piece band direct from a year at Chicago's smart Edgewater Beach hotel.

More than \$3,000 is offered in livestock premiums and horse show prizes. Indications are for a record entry list in many divisions.

Purses for the free Quarter Horse races, the afternoons of Sept. 7, 8 and 9, total \$1,000.

Palominos, western horses, a pioneer section featuring old-time vehicles and costumes with \$50 in prizes to three winners, military units and other features will prove the fair an opening day. This will be a downtown parade at 5 p. m. on Sept. 1.

The Palomino show, with awards to include 15 handsome trophies and more than \$800 in war bonds and stamps, is slated Friday and Saturday nights, Sunday afternoon and Monday night, Sept. 1-4, free to the public. All other grandstand events, including horse racing, also are free.

On the night of Sept. 5, the Taylor County Sheriff's Posse will stage a show and stunt night, featuring cutting horse and goat milking events for members, plus a girls' hoop race event.

On Sept. 6, the evening grandstand program will be Funatics, an all-soldier show from the army service forces training center, Camp Barkeley. This show is slated to play overseas hospitals soon.

Response to appeals from the health chairmen of the various P. T. A. units that parents have physical checks of youngsters entering school for the first time has been generally good. Ann Fisher, health nurse for the Big Spring - Howard county health unit said Thursday.

Each health chairman was to have distributed blanks to parents of beginners, but in some cases the task was not complete, Mrs. Fisher said. In such cases, parents may secure the physical examination slips at the health office.

These are filled out in duplicate and constitute a record not only for the parent but for the P. T. A. health chairmen. With the opening of school only little more than a week away, parents are urged to have the examination of children made as rapidly as possible.
