THE SPEARMAN REPORTER, SPEARMAN, TEXAS 79081

THURSDAY, SEPTEMBER 18, 1975

Chamber Of Commerce Breakfast Great!

(Bulletin No. 3)
A pickup truck was on fire at crazy corners in Spearman at 9:15 a.m. Wednesday morning. Captain Littlejohn of the Spearman Fire Department extinguished the blaze.

FIRE CHIEF James Brown and Tommy Jack Bruce crank up "big red" as the fire department answered a call on North Endicott at 9:45 p.m. last night. The city council has asked Brown to resign this week but the chief refused to do so. It was rumored that all of the firemen also would have left with the chief!

DEPUTY CHARLES MARTIN pauses during mouth to mouth resuscitation for a heart patient last night. The victim passed out in front of a burning house on North Endicott and fireman Hoyt Biles and Deputy Martin literally brought the woman back to life! She was resting well after arriving at the hospital last night!

Wreck Takes Life Of Ronnie Coates

Ronald Gene Coates, 22, of Chico, Texas, formerly of Spearman, was killed in a head-on collision three miles west of Decatur, Texas at 9:00 P.M.

September 10, 1975. Funeral services were at 2:00 P.M. in the Hawkins Funeral Home Chapel in Bridgeport, Texas with Rev. Joe Tims officiating. Burial was in Moore's Memorial Garden in Arlington, Texas. Ronald Coates was born August 4, 1953 in Borger, Texas and was a member of the New York Ave. Baptist Church in Arlington. Survivors include his wife Dianne, and daughter Rhonda (age 4), father and mother, W. D. and Ruth Coates of Tyler, Texas; sisters, Carolyn McLeod of Spearman and Barbara Goodknight of Pampa, Texas; Brothers Duane Coates of Davidson, Oklahoma, Donny Coates of Eules, Texas, and Billy Coates of Decatur, Texas; and Grandmother, Ruth Coates of Shamrock, Texas.

Lions Club Plans Broom Sale

ANNUAL SPEARMAN LIONS CLUB BROOM SALE DUTY ROSTER: MISSION: SELL; SELL; SELL; \$2,000.00 is a reasonable goal for sales in this period of almost double-digit inflation; this year's sale will be a success ONLY with the aid and assistance of every able-bodied or glib-tongued Lion. Each AGGRESSIVE LION IN CHARGE A. L. I. C., needs to contact those who will be working with him to insure that they know that we need their help and when to start selling. GOVERNOR'S NOTE: Sales tax will be collected on all sales; this year's price list has this ready-figured for us non-accountant Lions.

POST OFFICE: 1. 7:30 - 8:30, Russell Pogue, A. L. I. C., Cecil Biggers, Earl Goodheart; 2. 8:30 - 10:00, Russell Pogue, A. L. I. C., Eugene Yarbrough, J. A. Gibner; 3. 10:00 - 11:30, Billy Miller, A. L. I. C., H. O. Abbott, Ab Abston; 11:30 - 1:00 P.M., Jack Oakes, A. L. I. C., Burton Schubert, Lee Phillips; 5. 1:00 - 2:30 P.M., Troy Sloan, A. L. I. C., Chuck Rigdon, R. L. Kleeberger; 6. 2:30 - 5:00 P.M., Oscar Donnell, A. L. I. C., Rick Kirk, Everett Tracy. CONCEPT OF OPERATION: At 5:00 P.M., every Lion will be working their street. Lion Chapman and Steger will be at the Post Office. Each group will work their

The Mires boys, Leo and Clark, were Master of Ceremonies at the first Chamber of Commerce breakfast in Spearman Tuesday morning. The breakfast was held at 6:30 a.m. at the county barn. The Chamber of Commerce women, Jaycees, and a group of the younger men and women cooked scrambled eggs, bacon, and biscuits, plus fried "taters" for the breakfast. Musical entertainment or "breakfast music" was provided by the Burrell family. Mrs. Dick Countiss sang several songs, and was "terrific" as she entertained the audience. She was accompanied by Mrs. Wilma Clark.

The sponsors of the breakfast, The First State Bank were introduced to the audience, and Clay and Peyton thanked everyone for turning out. Clay said he didn't know the bank was sponsoring the breakfast, but he was glad that this many turned out!

One of the highlights of the morning's entertainment was a song by the "Hansford Cowboy" known as the Rhinestone Cowboy, alias the "Shamrock Slim Cowboy" who is none other than our own Kent Guthrie! Kent sang the "Hansford Cowboy" to the tune of Rhinestone Cowboy! Mary Brock won the first \$25.00 that was given away, and turned around and donated the money to the pie eating contest!

R. L. Uptergrove, Paul Hazelwood, and H. O. Abbott were selected to throw darts at the dart board. Abbott won \$15, Hazelwood \$10, and Uptergrove \$5. Hazelwood missed the board and hit the building the first throw and was allowed a second practice shot!

L. L. Anthony won the \$25.00 membership award. One of the surprise awards was the \$5 bills that were stuck under 3 chairs at the breakfast. These were won by Ed Gamer, Karen Countiss and Peyton Gibner.

The attendance award was given to the Lions Club and the Masons, who tied with 16 members each in attendance at the breakfast!

Linda Crawford discussed the pie eating contest, Brother Pogue urged everyone to buy a broom this Thursday at the broom sale, and Candy Boxwell discussed the big dance for Cystic Fibrosis to be held this Saturday night in Spearman!

This newspaper joins in congratulating the First State Bank, and the Chamber of Commerce, and especially Mrs. Roy Biles and all of the men and women who made this fantastic breakfast possible! It is wonderful to "belong to a community with so much community spirit."

Newsman Attend City Council Meet

Newsman from Amarillo descended on Spearman Monday night to attend the city council meeting. The newsmen were apparently tipped to be on hand for some fireworks at the city council meeting. However, nothing happened, other than an "executive" session that the council had called.

It was thought that Alderman Roscoe Nelson was forced to resign as someone was going to file a restraining order on him for serving on the city council, when he had moved to the country. Alderman Nelson contacted two lawyers and after discussing the situation decided to resign from the council.

When Nelson's resignation was presented to the council, two members voted to accept it, and Jim Nicholson and James Jackson abstained. The resignation was accepted. Roscoe has served on the city council since April 1972, and was re-elected for a second term in 1974. He has served as

city would pave and assess property owners for the cost. The council did not accept either proposal but authorized city manager Thompson to arrange a public hearing with property owners and the Golden Circle Development at a later date.

The council voted to pass through costs on water and gas to residents of the Crawford Addition. James Brown informed one of our newsmen that he was asked in the executive session to resign as fire chief of Spearman. Brown said he would not resign, as he was elected by the volunteer firemen and so would continue as chief of the fire department.

BULLETIN: Fire Chief James Brown and his fire department answered a fire call at 9:45 p. m. last night. The fire was a residence on North Endicott. One woman had a heart-attack and firemen and deputies kept her alive until ambulances carried her to the hospital where she is reported in good condition This morning.

Fiddles With Best

Wes Nivens of Spearman and two other Texans walked off with the top prizes in the annual San Juan County Fair's Fiddlers Contest held Saturday, September 6th at McGee Park in Farmington, New Mexico. First place was taken by Dick Barrett of Pottaboro, Texas, Bill King of Shamrock came in second and Wes Nivens took third place.

Friday, September 5th, there were nineteen entries in the Championship Fiddlers contest. Wes was fourth place in the semi-finals. Saturday there were eight finalists in the Grand Championship with Wes coming in for third place under the National Champion.

August 29th and 30th Wes entered the Socorro County New Mexico State Champion Fiddlers Contest and came in second with Junior Daugherty of

Las Cruces, New Mexico. August 16th he entered the Texas State Fiddlers Contest held in Amarillo at the Texas Cow Punchers Arena and took second place. Sunday, September 21st he has the privilege of being one of three judges chosen from the state to judge the fiddlers contest at the Lubbock County Fair. The Contest is being sponsored by the Texas Old Fiddlers Association.

Lewis Carnes Undergoes Surgery

Lewis Carnes was admitted to St. Anthony's Hospital in Amarillo September 13th for exploratory surgery. Other surgery was performed this week at the hospital there.

Carnes is a longtime employee of the City of Spearman.

(EDITOR'S NOTE): Bob McVey of Perryton was taking pictures at the City Council meeting Tuesday night. Pictures will be on Channel VII. McVey is a stringer for Channel VII and join with several TV men in attending open session at the City Council.

Change In Jr. High Football Games

There has been a change in the football schedule for the Junior High teams for Thursday night, Sept. 18. The seventh grade will play Guymon here instead of the 8th grade as had been previously scheduled.

(BULLETIN) The new Mayor pro tem for Spearman is Alton Ellsworth.

There will be an organizational meeting of Cub Scouts at the Junior High Cafeteria at 7:30 p.m. Tuesday, September 23, 1975.

All boys, and parents of boys interested in becoming Cub Scouts are urged to attend this meeting. Refreshments will be served. All Cub Scouts presently in Pack 178 are invited to attend.

Arts & Crafts Guild News

"Farm" Defined

At last and through research by the United States Department of Agriculture assisted by the Census Bureau, no one needs fumble anymore to define a "farm" nor to be confused concerning the meaning of the term, "Farming".

The two bureaus have at last agreed on a new definition to better describe the farming industry: "Any establishment from which \$1,000 or more of agricultural products is sold or would normally be sold". This in contrast to the previous designation: "A

farm is a place under 19 acres selling \$250.00 in farm products or over 10 acres selling \$50.00 or more of farm products".

While you are circling your society calendar, place a reminder for a bridal shower Tuesday, September 23, honoring the Roger Ayres (nee Beth Sheets of Spearman) with guests to call at the home of the Kenneth Irwins at 510 Garrett, Gruver between the hours of 3:30 P.M. to 5:00 P.M. --(Spearmanites, note this time and place, please!).

Rotary Club News

Joe Sanden of the Texas Department of Public Safety presented the program for the Rotary Club September 15.

Last week Denise Blackburn and Mary McIntyre gave a very entertaining program on their visit to Alaska this last summer.

Last week 23 people were present, 16 members and 7 guests. Guests were Bob McCarters, Bob Bradshaw, Amarillo; Gilbert Mize, Perryton; Don Mills, Nancy Blackburn, Denise Blackburn and Mary McIntyre, Spearman.

Ed Gamer attended Rotary in Canadian Tuesday, September 9.

John R. Collard attended Harrisburg Rotary Club in Gulf Gate Shopping Center in Houston, September 8.

WHAT ROTARY DOES FOR YOU:

Rotary brings you once a week into close contact with a cross section of the Community's life. Rotary gives you the view point of many men.

Rotary gives you the opportunities to be of service to others.

Rotary means good fellowship of the kind stimulated by friendship. Rotary increases your

knowledge of your fellowmen and by knowledge of others you come to know yourself better.

Rotary takes your mind off yourself and that's a good thing. Isn't it? From Spokes New York, NY.

Community service means those things that a Rotarian does, either as an individual or with others which demonstrates his thoughtfulness and helpfulness to others in the community, such as taking on active personal interest in his community and its people. Taking an interest in youth; promoting goodwill between his towns and the surrounding community's.

GROW OR DIE:

One of the major problems in Rotary is building membership in existing Clubs. There is a lack of enthusiasm and all too much apathy in many of our Clubs. We must bring in new members who will participate in our Rotary programs and projects.

FROM THE SPEARMAN REPORTER SEPTEMBER 19, 1975:

Spearman Lynx open season 3 P. M. Friday.

Coach Elmer Gunn and his Lynx football players open the 1975-76 football season today at 3 P. M. when they play the Shattuck, Oklahoma High School team on the local gridiron North of

the tracks.

Coach Gunn will enter the contest under some handicap, one of his star players, A. J. Curtis being on the sick list. This will make it necessary to change up the backfield. At press time we did not have the starting line up.

The Spearman Rotary Club met Monday, September 15th at Martin's Steak Garden with President, Roy Bulls presiding over the meeting.

Joe Sanden and John Sims of the Texas Department of Public Safety presented the program with a talk and film on Drunken Drivers. Guests present at the meeting were Mel Marshall, Windell Gibson, Arthur Waite, and Steve Cross, all of Borger and Joe Sanden, John Sims and Floyd Close all of Spearman.

Members present were Carrie Marie Berry, pianist; Roy Bulls, President; Junior Lusby, Vice President; John R. Collard, Ed Gamer, Peyton Gibson, Jim Nicholson, Don Windorfer, Jack McWhirter, Don Hergert, Pete Fisher, John Hutchinson, Coy Palmer, Ed Thompson, J. L. Brock, E. J. Copeland and Mark Neff.

Next meeting will be September 22nd at Martin's Steak Garden.

Ladies Partnership Golf Tourney Held

The Hansford Ladies Partnership Golf Tournament was held September 11, 1975 at the local golf course.

In the championship flight Anne Sanden and Pat Pechenpaugh were in first place with 73 and Mary Jane Wilkerson and Sue Vestal were second with a score of 74.

In the first flight Marcella McBryde and Aida Mits were 1st and Sharon Wilson and Yvonne Pittman were second. In the second flight

Alma Lee McMahan and Mildred Gore won first and Juanita Logsdon and Bill Barkley won second.

Mary Jane Wilkerson had the longest drive, Nelda Stacy had the closest pin and Ruth and Linda Crawford got the bogey prize.

The Ladies enjoyed luncheon at Martin's Steak Garden.

A trundle bed is one which rolls out from under a larger bed.

Get Ready For Pie-Eating Contest

Those wishing to enter the Pie-Eating Contest sponsored by the Hansford County Historical Survey

Committee for the county museum Saturday, September 27, need to be getting sponsors for \$2.00

per pie eaten. Entries must be in to Mary Lou Wysong at the Spearman Chamber of Commerce or Linda Crawford in Gruver by September 24 to be eligible for trophies awarded for the most pies eaten and most money raised in four age categories.

Entry forms are available at all Hansford County Schools and several area businesses.

Anyone wishing to donate 8-inch cream pies to this money raising effort are urged to contact Mary Lou Wysong or Linda Crawford. Money raised from the contest will go to repair the museum building.

Greg Wilson will be attending Texas A & I at Kingsville, Texas this year.

B & B Farm Industries, Inc. in Spearman has been selected as your Certified Crop Care Center.

It wouldn't be the same...

The time was . . . when Tuesday was ironing day just as sure as the laundry was washed and hung out to dry on Monday. (Weather permitting, of course.) Imagine yourself today over the old fashioned smoothing iron, heated on the wood burning stove, ironing for your family . . . and in a home without air conditioning. Electricity and modern fabrics have changed all that, though. Electric washers and dryers do the laundry, rain or shine. And usually when clothes come from the dryer they need little or no ironing. Even when they do need it . . . modern electric irons help you do the chore with the convenience of choosing the proper heat for any fabric. Homes, industries and educational facilities depend upon electricity and more of it is used than ever before. When you flip a dial to press your son's favorite shirt, we want to make certain the electricity you need will be there.

COMMUNITY PUBLIC SERVICE COMPANY
Your Electric Light & Power Company

An Equal Opportunity Employer

C. Ralph Blodgett

In recognition of professionalism as a supplier of farm services C. Ralph Blodgett of B & B Farm Industries, Inc. has been named as a member of the new Certified Crop Care network.

Crop Care is a unique concept in farm supply service, especially designed for you, the progressive farm businessman.

Management takes time. Time to plan. Time to think. Time to make decisions. Good management also takes professional help and advice when and where it is needed.

Your Crop Care dealer offers these services, designed to give you the kind of professional help you need to better manage your cropping programs:

1 Complete, accurate, soil testing service. Your Certified Crop Care dealer will assist you in obtaining soil samples and will send them for you to a leading soil analysis laboratory. The laboratory soil analysis and computerized fertilizer recommendations will be reviewed with you and an application plan developed.

2 Plant analysis. Your Crop Care dealer will help you take samples, and handle all details of the tests. He will provide you the printed report analysis along with expert interpretation. This service pinpoints deficiencies in uptake of plant food nutrients.

3 One-source responsibility for your farm chemicals. Your Certified Crop Care dealer offers weed and pest control programs, as well as fertilization of your crop land. Your Crop Care dealer is qualified to render a complete range of services . . . from planting to harvest.

Your Certified Crop Care dealer pledges to offer farmers:

- Products and services best suited for maximum, efficient crop production under local growing conditions.
- Sound counsel on crop production, based on soil test and plant analysis services.
- Product application equipment and services that fit customer needs.
- A staff of professional people with the experience, knowledge and capability to relate to local grower requirements.
- A progressive retail business dedicated to building and maintaining high standards in quality of products and services.

4 Professional counsel. Your Crop Care dealer is well informed on all matters associated with efficient and profitable crop production. He is a most valuable source of

information about successful farming ideas used in the area. And he can draw on the experiences and techniques of other Crop Care dealers, too.

5 Skilled, professional application. As a part of his total Crop Care service, your dealer offers custom application of fertilizer and other farm chemicals. Application may be made by one of your Crop Care dealer crews: Or he may arrange for application by a qualified applicator.

The services your Crop Care dealer offers are designed to help you get maximum yield; and to free up your time to do what you do best:

Manage. Your Certified Crop Care dealer can provide professional advice and services to help you do it better.

Remember, you get Certified Crop Care Center services **only** where you see this sign:

farmer has got to be able to export a good bit of this grain production. The U. S. demands just cannot absorb this much production.

There appears to be a shortage of grains in several foreign countries and this has caused the world-wide grain prices to remain at fairly high levels.

Cattlemen across the nation are suffering from poor market prices brought on mainly by excessive numbers of calves. And they can remedy the situation only by culling their cow herds and reducing the number of replacement heifers.

The Extension Service is cooperating with the American National Cattlemen's Association in urging producers to reduce the size of the cow herd and thus bring about a more favorable beef supply-demand situation for all concerned.

Due to the overload of beef cows, late summer

and fall culling will be doubly important this year. First of all, culling will take the pressure off fall pastures and reduce herd maintenance costs during the coming winter months. Secondly, supplies of other meats, particularly pork and poultry, are down at this time, so there is a ready outlet for the increased beef supply that would result from heavy cow culling.

Cow slaughter is currently heavy and was 47 percent more during the first half of 1975 than the same period a year ago. If this pace continues through the remainder of this year, the nation's cow herd on January 1, 1976 may be down by almost one million head from January 1, 1975. Heifer retention for cow herd replacements are also down about 7 percent from a year earlier.

I believe that if cow slaughter continues at a heavy rate for the rest of the year and into 1976

and if heifer holding is not excessive, the total cow herd may get back in line with population and income growth by 1977. The adjustment in cattle numbers must come about if prices to cattlemen are to improve. This adjustment can be orderly if cattlemen make the decision to act now. On the other hand, the current disastrous situation can be extended over a prolonged period if cattlemen take a "wait and see" attitude.

In addition to a more stable beef supply and price situation, reducing beef cow herds will also help producers improve herd quality by eliminating poor producers, reduce feed and other costs by eliminating "boarder" cows, and increase the flexibility of their operations.

It is suggested that cowmen reduce cow numbers to maintain a cash flow. A cow-calf operator could cull more cows and retain some calves. Then, during

the next year, he would have the flexibility of putting the heifers back into his breeding herd if conditions warrant. Some consideration also might be given to backgrounding the yearlings for an additional period if costs are not excessive.

The American National Cattlemen's Association advises cattlemen to give close consideration to culling their cow herds. Beef cattle and livestock marketing specialists with the Extension Service can provide additional information on possible changes in herd management to help remedy the current crisis cattlemen are facing.

Questions Answered About Day Care Ctr.

Many questions have been asked about the operation of Kiddie World, Inc. Two of the most frequently asked are: "Why does the Day Care Center have to be licensed and why is it better for a Day Care Center to be a Non-Profit Organization?"

1. The State of Texas has certain laws requiring that all child care facilities be licensed. A Licensing Representative called on Kiddie World to begin licensing. The regulations are explicit and cover such important areas of child care as: Space Requirements--- Staff-Child Ratio--- Restroom Facilities--- Nutrition---Educational Experiences (which are really of utmost importance)---Staff Training---and Compliance with Local Fire and Health Codes. These regulations are

usually observed at home and parents think little about them.

2. All Non-Profit Day Care Centers qualify for aid from the government. There are programs which cover the cost of food, Manpower Training Program (which pays salaries of four employees of Kiddie World), and services of other organizations such as The Texas Panhandle Community Action Corporation, and the Office of Early Childhood Development. These organizations employ people who work with Day Care Centers to upgrade the services rendered, by advising staff members in the fields of administration curriculum, and offer medical personnel who aid in the field of health.

Many private enterprise Day Care Centers are being forced to close their doors because of inflation and the new, more strict Minimum Standards for Day Care Centers. Private Enterprise Day Care Cen-

ters do not qualify for these supplementary programs.

Also, a Non-Profit Day Care Center offers the opportunity for the whole community to become involved in the operation of its Day Care Center. The community can take part in the development of the potential of its Day Care Center. The community can take part in the development of the potential of its future leaders and citizens.

We have a very good child care center with a competent staff which allows a mother or father to perform better with less absenteeism. The parents can trust the center to care for their child's educational, nutritional, and social needs while they are working.

The parents can be assured that in the event of an accident or illness he or she will be notified immediately and that a trained staff is there to administer assistance while professional help is being contacted.

Studies show women who have quality child care for their children are more productive - have less absenteeism and this is one of the reasons for a decrease in employee turn over.

Benefits for businesses who contribute to the child care center:

1. Any donation is a tax deduction.
2. This is highly visible Public Relations Project.
3. Donations to the child care center create good employee relations.
4. There are many educational and health benefits for young children which effect the children directly and the families indirectly in many positive ways.
5. This is an opportunity for business to reverse the task of re-educating adults and start participating in a more sound course of quality education in the beginning.

Fact: From the Office of Early Childhood Development in the State of Texas there are 400,000 preschool age children whose parents work.

There are only enough licensed child care centers to accommodate 100,000 of these children.

Fact: In Texas 32,000 children under 6 are left to care for themselves while their parent-parents work. An additional 33,000 may not be receiving care while their parents work.

Fact: 75,000 Texas pre-schoolers eat no breakfast.

Texas falls behind 42 other states in the amount it pays to a welfare family of 4. Texas rates 20th in the nation in money spent in welfare for children.

Fact: In 1960---there were 31,000 children who didn't see a doctor once a year concerning child abuse.

Last year 700 children were killed by parents or guardian in the United States.

Another 60,000 cases of child abuse were reported, and the number of unreported cases is hard to estimate.

Dr. William Abraham of Arizona State says "The first few years of a child's life are as vital as any period in his life for the development of the intelligence is developed by the time a child is 4 or 5 years old".

FPC To Present John Bayless In Recital

John Bayless, Borger's outstanding pianist, will open the musical season at Frank Phillips College with a recital at 8:00 P.M., September 25, in the FPC Fine Arts Auditorium. He will be the first guest artist of a series of fine arts programs planned to benefit the piano fund of the college music department.

The Borger Federated Music Club awarded his scholarships for three consecutive years enabling him to attend two summer sessions of the Aspen School of Music where he came to the attention of the renowned teacher, Adele Marcus. This led to a scholarship to study with her at the Juilliard School of Music in New York where he is beginning this fall his fourth year of work with Miss Marcus. Last December he was featured soloist with the Amarillo Symphony after winning the 1973 National Artist Auditions and for which he was awarded the Virginia Estes Latson award of \$1,000.

Bayless will play a concert of classical, romantic, and early 20th century music composed by Beethoven, Schumann, Chopin, Scriabin, and Rachmaninoff. Everyone who enjoys the classics for the piano is urged to attend and enjoy the performance of this fine young musician.

Tickets, at \$5 each, may be purchased at First National Bank or Panhandle Bank & Trust, both of Borger, or at the door the evening of the recital. Advanced reservations may be made by calling the college Bookstore, telephone 274-5311, extension 25.

City Sales Tax Allocation

City Sales and use tax allocation for the period ending 8-29-74 according to Bob Bullock, Comptroller of Public Accounts was \$7,088.02. Tax for the City of Gruver for the same period was \$2,267.16.

Nelle's News

by Nelle Evans

Stretch and Sew of Amarillo will be teaching a course in Gruber if we can get enough people to enroll. Classes will be from 10-12 and 1-3 on Fridays October 3, 10, 17 and 24 at the Church of Christ Fellowship Hall in Gruber. Cost is \$25 and you must give to me or Glenda Renner by Monday, September 22nd. This is the basic 8 knit class. You need not bring your sewing machines. If demand is adequate a baby sitter will be provided. If desired you may bring lunch as there is a kitchen there. If you are interested or have questions call Glenda or me.

And while we're on the subject of sewing take advantage of one of these new fairs to learn the latest home sewing techniques, fall fashion trends and/or updating of wardrobes.

Tuesday, September 23 - Borger - Bunavista Community Center, 3 miles West of Borger on Hwy 136. Program repeated at 1:30 p.m. and 7 p.m. Geraldine Mayes, Hutchinson County Extension Agent will be in charge.

Wednesday, September 24 - Pampa in the M. K. Brown Civic Auditorium. Program repeated at 10 a.m. and 2 p.m. Elaine Houston, Gray County Extension Agent will be in charge.

Thursday, September 25 - Booker, Booker American Legion Hall, program at 2 p.m. Jimmie Lou Walmscott, Lipscomb County Extension Agent in charge. Each two-hour program will include: "Fusing the New Shape in Fashion" by Rebecca Tilzer, home economist with the Pellon Corporation, New York City. Easy and Time saving sewing techniques for achieving a professional looking garment will be demonstrated. Emphasis will be given to the use of interfacing and fustibles.

"Use and Care of Today's Sewing Machine" by Jennie Crouch, home economist with the White Sewing Machine Company, Cleveland, Ohio. Solutions for common sewing machine problems such as skipped stitches will be explained. Creative ideas for making maximum use of the sewing machine will also be shown.

"Mini Recycling" by Becky Culp, Area Clothing Specialist with the Texas Agricultural Extension Service, Amarillo. Practical, fashionable suggestions for quick and easy ways to update wardrobes through accessorizing, mixing and matching garments and home sewing will be demonstrated.

Exhibits by local merchants or Extension clubs will also be included. Now the last of the mixes recipes we promised you.

MAKE YOUR OWN MIXES

BISCUIT MIX
8 cups flour
4 tsp. salt
1/4 cup Baking Powder
1 cup shortening
Sift and measure the flour. Add salt and baking powder to flour and sift together. Use a pastry blender, or two knives, and cut in the fat until the mixture is like corn meal. For buttermilk biscuits, use 2 teaspoons of soda and 1 tablespoon of baking powder instead of the 1/4 cup of baking powder in the Biscuit Mix recipe. Biscuit mix can be used for biscuits, dumplings, short cake, waffles, pancakes and other quick breads.

TO USE: Add about 3/4 cup of milk to 2 cups of mix. Stir about 20 strokes until a soft dough is formed. Turn on a lightly floured board and knead lightly about 15 strokes. Roll out and cut. Bake on an ungreased baking sheet at 475 F. for 10 to 12 min.

VARIATIONS:
Cheese Biscuits - Add 1/3 to 1/2 cup of grated cheese to 2 cups of mix.
Orange Biscuits - Add 2 tablespoons of grated orange rind to 2 cups of mix.

BUTTERSCOTCH - Pecan Biscuits - Bake in muffin tins. Grease each muffin tin lightly. In each tin put 1 teaspoon of butter, 1 teaspoon of brown sugar, and 1 teaspoon of chopped pecans. Cut out biscuit and place in muffin tin over the mixture. Bake at 425 F.

Pin Wheel Biscuits - Make dough and roll out

in rectangular shape. Spread the dough with a mixture of brown sugar, butter, and cinnamon. (Cooked meat can also be used in the roll.) Roll up like a jelly roll. Cut in one-half inch slices. Bake like biscuits.

To use for waffles or pancakes: Pancakes from Biscuit Mix
2 cups biscuit mix
2 eggs beaten
2 T. melted shortening or cooking oil
1 cup milk
Combine eggs, shortening and milk. Add to the mix and blend in well.

CORNBREAD MIX
8 cups corn meal (or 7 cups corn meal and 1 cup flour)
1/2 cup sugar (if desired)
3 Tablespoons Baking Powder
4 teaspoons salt
1/2 cup shortening
Sift and measure corn meal (and flour if used). Add baking powder, salt, (and sugar if used) to meal and sift together.

Cut in shortening until it is fine grained. Store in a covered container in a cool place. If you use buttermilk, add 2 teaspoons of soda to this recipe and use only half as much baking powder. If you want to cook the corn bread in a waffle iron, use 1 cup of shortening instead of 1/2 cup.

TO USE: Add 1 egg and 1/2 cup milk for each cup of mix. Stir until well mixed. Pour into greased muffin tin, stick pans, or a flat pan. Bake at 400 F. for 25 to 30 minutes.

PASTRY & COOKIE MIX
6 cups flour
1 tablespoon salt
2 cups shortening
Sift and measure flour. Add salt to flour and sift into large bowl. Cut in fat until the pieces are the size of a pea.

TO USE FOR PIE CRUST: For a 9-inch pie, single crust, use 1 1/2 cups of mix. Blend in about 2 to 3 tablespoons of cold

water. Add the water by the teaspoon, mixing gently with a fork. When all particles are moistened press into a cake. Then roll out. For double crust, use 2 cups of mix and about 3 to 4 tablespoons of water.

You can also make various kinds of cookies from the pastry mix. Some of them are given here.

RICH BROWNIES
Stir together: 1 1/2 cups pastry mix
1 1/2 cups sugar
1/2 teaspoon baking powder
Add: 3 eggs
2 1/2 squares Melted chocolate
1 teaspoon vanilla
ADD: 1/2 cup chopped nuts.

Stir vigorously. Pour into a 10" x 10" x 2" pan that has been rubbed with shortening. Bake at 375 F. for 25 to 30 minutes. Cut into 1 1/2 to 2-inch squares while still hot.

SUGAR COOKIES
Stir together:
2 cups pastry mix
3/4 cup sugar
1/2 teaspoon soda

ADD: 1 egg
1 teaspoon vanilla
Blend well. Shape dough into 1-inch balls. Place balls 3 inches apart on cookie sheet. Flatten the balls by pressing with a fork or with the bottom of a small glass, or shape the dough into a roll, wrap in wax paper, chill, then slice. Bake at 375 F. for 10 to 12 minutes. Cool on a baking sheet for 2 or 3 minutes before removing.

For variations add 1/2 cup raisins, chopped dates, coconut, or nuts.

CHOCOLATE CHIPS
Stir together:
1 1/2 cups pastry mix
3/4 cup sugar
1/2 teaspoon soda
Add:
1 egg
1 teaspoon hot water
1/2 teaspoon vanilla
Add: 1 (6 oz.) pkg. chocolate chips.

Stir vigorously and blend well before chips are added. After chips are added, stir just enough to mix. Drop from teaspoon onto baking sheet. Bake at 375 F. for

10 to 12 minutes. Cool on a baking sheet for 2 or 3 minutes before removing.

This recipe makes four dozen 2-inch cookies.

GINGERBREAD MIX
8 cups flour
2 1/2 teaspoons soda
4 teaspoons salt
4 Tablespoons cinnamon
1 1/2 cups shortening
2 cups sugar
2 tablespoons baking powder
2 tablespoons ginger
1 teaspoon cloves

Sift and measure flour. Sift dry ingredients together twice. Cut in the shortening until the mixture looks like coarse meal. Store in a tightly covered container in a cool place. This makes about 12 cups of mix.

TO USE: Measure 3 cups of mix in a bowl. In another bowl measure 3/4 cup of molasses and one well-beaten egg. Beat with a rotary beater until well mixed. Then add 3/4 cup of boiling water. Pour mixture into the dry ingredients and

mix well. Pour into an 8" x 10" x 2" greased pan. Bake at 350 F. for 45 minutes.

INSTANT HOT CHOCOLATE MIX
2 lb. 12 1/2 oz. box non fat dry milk
1/2 lb. powdered sugar
6 oz. jar non-dairy creamer
2 lb. box instant chocolate mix
Mix together well. Store in covered container. To serve combine 1/3 cup mix with 2/3 cup hot water.

Hospital News
Patients in Hansford Hospital are Clarence Pettit, Ricky Yanke, Dena Rogan and sons, Dub Harnen, Pam Villareal, Deans May Douglas, Sue Sterling, Buddy Standerfer, Donna Messer and Horton Prater.

Dismissed were Forrest Lacey, Bertie Lewis, Rodney Schroder, Rosetta Tindell and L. V. Cook.

FARM AND RANCH NEWS

By Joe Van Zandt

The USDA, September 11, Crop Report forecast U. S., 1975 Grain Sorghum production at 785,475 bushels which is an increase of 25 percent over the 628,081 bushels produced last year. The 1975 corn production is forecast at 5,687,248 bushels, an increase of over 22 percent above the 4,651,167 bushels produced in 1974.

The latest estimate for 1975 wheat production is set at 2,136,334 bushels an increase of 19 percent above the 1,793,322 bushels last year.

With these large crops, I certainly hope the government and the labor unions can settle their little dispute about allowing grain exports. The U. S.

Our Heritage of Faith
notes from Faith Lutheran Church

Starting September 24th at 8:00 there will be a class taught by Intern Bruce Loewenhausen on the Holy Spirit, the traditional Lutheran position, and the contemporary scene, which for some Lutherans is the Neo-Pentecostal position. The objective for the class is to obtain a deeper knowledge of the work of the Holy Spirit and a respect for differing opinions. September 27th is the day slated for the Panhandle Conference Church Convention at Slaton. There will be a sharing sessions on important world functions such as, United Mission Appeal and world hunger. There will also be election of some officers. All church council members are voting delegates. The time is from 10:00 to 4:00. Sunday September 28th at 6:30 the Luther League will meet at the Intern's house for an informal gathering to share ideas and concerns with one another, and also to get to know each other better. Again as always if you have no home of worship we invite you to come and share a hour of praise and fellowship with the Lord of us all. 9:30 is the morning worship and 10:30 is the Sunday School hour.

Ferrell's Enjoys Colorado Trip

September 4th, Mr. and Mrs. Eldon Ferrell left for Antonito, Colorado and took a thrilling ride over an old narrow gauge mountain range with spectacular color scenery on the Cumbres and Toltec Scenic Railroad. Astride the Colorado-New Mexico border where the golden aspens prevail, the Cumbres and Toltec is an authentic old timer, built more than 90 years ago as the San Juan extension of the Denver and Rio Grande and rescued from oblivion in 1970 through a joint purchase by the states of Colorado and New Mexico. The Toltec train operates weekends and a few week days from May 27th through October 15th. All tours over the 84 mile route between Antonito, Colorado and Chama, New Mexico are round trip, one way by train and one way by motor coach. The eighteen open windowed coaches pulled by the little antique locomotives are made from boxcars built in 1904, giving photographers plenty of elbow room and unobstructed vistas of mountain foliage and the snowy peaks of the Rockies. On the way up to 10,015 feet, Cumbres Pass from Antonito, the train travels across landmarks bearing such names as Whiplash, Big Horn, Phantom Curve, Toltec Gorge and Tangle Foot Curve. On the west bound descent, it passes a crag of famous Windy Point and over the Lobato Tressel towering 100 feet above the clear waters of Wolf Creek. Little wonder that Lucius Beebe once called it one of the most awesomely spectacular examples of mountain railroading in North America. The Ferrells also went to Durango, Colorado to take a trip to Yesterday on the Narrow Gauge Silverton. They went from Durango to Silverton. The 45 mile trip may be taken on this scenic and historical train, which operates on a daily schedule from May 24th through September 28th each year.

The Ferrells also visited Mr. and Mrs. Elmer Ferrell at Cheyenne Wells, Colorado and with Mrs. Yvonne Ferrell at Lakin, Kansas before returning home September 11th. Buddy Dossett, son of Mr. and Mrs. L. T. Dossett of Spearman, is attending Texas Tech School of Law in Lubbock.

Bridge Club

The Pinochle Club met Saturday, September 13th in the home of Mr. and Mrs. J. E. Taylor for their first meeting this fall. A delicious supper was enjoyed by guests, Mr. and Mrs. Gordon Cummings of Spearman and Mr. and Mrs. Wesley Brinkley of Liberal and by members, Mr. and Mrs. Burton Schubert, Mr. and Mrs. Fendorf Schubert, Mr. and Mrs. Earl Goodheart and host, Mr. and Mrs. J. E. Taylor. Next meeting will be October 4th in the home of Mr. and Mrs. Earl Goodheart.

Mr. and Mrs. Jimmy Greene hosted a bridge party for their club Saturday evening, September 13th. High was won by Mr. and Mrs. Cliff McGarraugh, low was won by Mr. and Mrs. Edwin Pearcey and the traveling prize was won by Tizzy McGarraugh. Delicious refreshments were served by the Greens to members, Mr. and Mrs. Roy Flowers, Mr. and Mrs. Cliff McGarraugh, Mr. and Mrs. Edwin Pearcey, Mr. and Mrs. Ted Godfrey and Mr. and Mrs. Albert Clark. Next meeting will be October 10th in the home of Mr. and Mrs. Roy Flowers.

The Blue Monday Bridge Club met Monday, September 15th in the home of Mrs. Deta Blodgett. High score was won by Mrs. Sam Graves. Election of officers for 1975-76 was held. Officers are: President Mrs. L. S. McLain and Secretary-Treasurer Mrs. Vester Hill. Delicious refreshments were served by Mrs. Blodgett to members, Mesdames: F. J. Dally, Bill Gandy, Pope Gibner, Sam Graves, Vester Hill, Major Lackey, L. S. McLain and Willie Setz. Next meeting will be September 29th in the home of Mrs. F. J. Dally.

Missionary Team At Union Church

The Norman Parrish Missionary team from Guatemala City, Guatemala will be at the Union Church at the regular 11 a.m., Sunday morning service, Sept. 21, according to the pastor, Rev. Archie Burrell. Rev. Burrell extends a cordial invitation to all to attend.

HD CLUB NEWS

The Holt Home Demonstration Club met Tuesday, September 9th in the home of Mrs. Major Lackey. President, Mrs. Jon Jarvis presided over the meeting. New year books were passed out and filled in an program were assigned. Dues were paid for the year. Delicious refreshments were served by Mrs. Lackey to three visitors and prospective members, Mrs. Monty Harbour, Mrs. Randy Holt and Mrs. Deanna Guthrie and to members, Mesdames: Mike Holt, Doyle Jackson, Nolan Holt, Jon Jarvis, Britt Jarvis, Fred Holt, Lloyd Poole, O. C. Holt, Richard Kirk, Raymond Kirk and Wallace Bemer. Next meeting will be September 23rd in the home of Mrs. Wallace Bemer.

The Spearman Home Demonstration Club met Friday, September 12th in the home of Mrs. B. J. Gamett. President, Mrs. Frank Davis presided over the meeting.

Roll Call was answered to "Why I Joined Home Demonstration Club". Home Demonstration Agent, Nelle Evans gave the program on the "History and Purpose of Home Demonstration Work". The 1975-76 recommendations were read and approved.

Mrs. Davis announced her resignation as President and Miss Altha Groves was voted in as President. Mrs. W. H. Tarbox was elected secretary and publicity chairman. Year books were paid for.

Following the business meeting, a white elephant auction was held. Refreshments of cake and punch were served by Mrs. Gamett to members, Mesdames: Virgil Hull, A. D. Reed, Richard Shedeck, W. H. Tarbox, Frank Davis, Altha Groves and Agent Nelle Evans.

Next meeting will be September 26th in the home of Mrs. Virgil Hull with a report being given on the T.H.D.A. Convention.

Mrs. Hudson Gives Program

XI Zeta Upsilon met Thursday, September 11th in the home of Mrs. Dick Countiss with Mrs. Cloyd Windom as co-hostess. The meeting was opened with the club ritual. President, Mrs. Roy Bulls presided over the meeting. The Chamber of Commerce breakfast was announced for Tuesday, September 16th.

It was decided to furnish brownies for the Cystic Fibrosis Dance-a-Thon, Saturday, September 20th. Mrs. Harold Hudson of Perryton presented the program with a talk, slides and maps of her trip to Russia.

Members present were Mesdames: Roy Bulls, Ray Martin, Bobby Archer, Dick Countiss, Jim Davis, Ed Dear, Tom Erter, Don Floyd, Kent Guthrie, Pat Jackson, Tom Latta, R. E. Lee, Roy McClellan, Don McLain, Russell Townsend, Joe T. Venneman, Eldon Vernon and Cloyd Windom. Next meeting will be September 25th in the home of Mrs. Eldon Vernon with Mrs. Jim Nicholson as co-hostess.

Hoskins Family Visits Here

Visiting last week in the home of Mrs. F. J. Hoskins were her daughters, Mr. and Mrs. Howard Long of London, England; Mrs. Dave Thompson of Friona; Mr. and Mrs. J. D. Hester of Textline; Mr. and Mrs. Johnny Lee and Mr. and Mrs. Dick Kilgore, all of Spearman and her grandson, Mr. and Mrs. Jock Lee and Kara and her granddaughter, Jhonette Lee, all of Spearman. The Howard Longs visited here Monday through Saturday before continuing on their vacation trip. Tuesday, the family had dinner at Mrs. Hoskins and they had a family dinner Wednesday at Martin's Steak Garden.

Visitors Here In Shaull Home

Sunday visitors in the home of Mrs. Mae Shaull were four of her daughters who had not been together in 23 years. They were Mr. and Mrs. Wayne Hines and daughter Linda from Ft. Stockton, Texas; Mr. and Mrs. Junior Durnihoo of Waka; Mr. and Mrs. Laurence Murray of Sulphur Springs, Arkansas. Also present were a grandson Pete Coates of Perryton, another grandson and family, Mr. and Mrs. Johnnie Durnihoo and daughters, Christie and Shelly, and a great granddaughter Kathy Coates was also present. All were sorry that their brother Billy Newingham wasn't with them for the reunion.

Auxiliary Plans Operation Christmas Greeting

The Hospital Auxiliary met September 15 at 8 p.m. in the hospitality room of the First State Bank with President Edith Smith presiding over the meeting. The treasurer's report was given by Buena Lyon. The Auxiliary will be having Christmas Greeting Card Operation again in this year to provide more equipment for the OB room at Hansford Hospital. The Auxiliary hopes that each of you will greet your friends at Christmas time through this worthy cause and you may do so by contacting Helen Etter at Spearman or Ruth Crawford at Gruver or any member of the Auxiliary. The group decided to have a luncheon again

this year to make decorations and then decorate the hospital. Attending were Buena Lyon, Elsie Mathews, Martha Shield, Joanna Kleeberger, Linda Sanden, Mary Brown, Charlene McClellan, Josephine Evans, Joy McCormack, Helen Etter, Ruth Crawford, Rosa Lee Butt, Edith Smith and new members Rita Holmes, Gertrude Jones, Rita Curtis and Judy Hergert.

Mr. and Mrs. Aaron Love returned Sunday from a week vacation trip to Manes, Missouri where they visited in the home of their son, Mr. and Mrs. Ronnie Love and family.

You are cordially invited to a pink and blue shower honoring Mrs. Dave Clements Saturday, September 20 from 7 to 9 p.m. in the hospitality room of the First State Bank No invitations being sent 43S-2tc

Lynx Meet Sunray Cats In Big Game There Friday

GAME NUMBER THREE

By a lopsided score,
At the expense of the 'cats'
The record is evened up.
Thanks to all the 'Hats'.
Each Lynx deserves a star,
Riding on his helmet;

The win they all earned,
Hope they get better yet.
Enter now game number three

Bobcats over at Sunray
Our 'Bunch' will be there,
Bet they're ready to play.
Cut out your mistakes,
And give it your all:
The victory shall be yours,
Spearman Lynx football.

The Spearman Lynx and the Sunray Bobcats will meet at the Bobcat stadium Friday night, in a game that could be one of the better games in the state of Texas. The undefeated, un-scored on Bobcats will play a Lynx team that has always had a hard time beating the Bobcats. In fact, last year the Bobcats were

one of the few teams in the state that gave the Lynx a game of it, the local team finally scoring in the last minutes of the game to win. The Sunray team will be small and fast again in this year. Quarterback Hunnicutt No. 10, weighs in at 160 lbs., and he is one of the big reasons the Bobcats will be so tough to handle Friday

night. Others in the backfield include Moore at 150, Barton at 140, Powell at 170, Vasquez at 155, Reed at 154 and Clark at 150. Although the backfield is small, they literally ran the "pans" off of the big Lynx line that were state finalists last year. The offensive and defensive line of the Bobcats, includes Shoulders at 185 a tackle; Lackey center at 155; Saterfield guard at 150; Stone guard at 146; Keith guard at 160; Langley tackle at 174; Lusk guard at 150; Curtis tackle at 210; Keasler tackle at 170; Sema tackle at 160; Dugan end at 153; Morton end at 144;

Robnett end at 167 and Trussell end at 165. Sunray defeated Texhoma by 2 touchdowns in their opener and smashed Vega 33-0 last Friday night. Coach Buddy Sharp and his Bobcats have not been scored on, and boast a great defense as well as a good offense. On the other hand, the Lynx have several boys back on the team that were nursing injuries the opening week, and the team should be much stronger from "here on in" according to most of the local fans. The entire Lynx offense and defense looked good against Canadian Friday night. Newton carried 9

times for a 4.4 average, a total of 40 yards. Morris carried 19 times for 145 yards and a 7.6 average. I think Coach Sherwood is going to succeed in making an outstanding back out of Morris. Acher carried 1 time for 2 yards and a 2 yard average. Steele carried 4 times for 2 yards. Fox led all ball carriers Friday night in his best performance of his career with 3 carries, for a total of 41 yards, and two of these carries were for 13 yard touchdowns. He averaged 13.7 rushing. Fox also caught a sensational 35 yard pass

from Sherwood. Sherwood carried 3 times for 11 yards, a 3.7 average per carry. Jackson carried 2 times for 4 yards a 2 yard per carrying average. Other stars Friday night included passing yardage, with Conegys catching 3 passes for 46 yards and Fox 1 for 35 yards. Passing Steele attempted 13 passes and completed 3, had none intercepted for 46 yards. Sherwood threw 3 passes, completed 1 for 35 yards and had none intercepted. Scoring Friday night included Newton 6 points; Hargis 6 points; Morris 6 points; Steele 6 points; Fox 15 points (2 touchdowns and kicked 3 extra points). Beedy 1 P.A.T.

(caught a pass for 3 pts.). Kickoff returns, Fox one return for 21 yards. Point returns, Fox 1 for 0 yards; Beedy 1 for 1 yard. Morris 1 punt return for -4 yards. Punt Newton kicked 4 times for 109 yards a 27.3 average. Newton shows great promise as a punter, runner, and just about everything else that he is supposed to do on the field! Defensively last week, it would be impossible to pick an outstanding defensive player. It might be said that some of the "old hands" from last year lead the defensive charge, and along with some of the new troops played a fantastic game, as the score indicated

when they "shut out" the Wildcats. The Lynx will get a real test on defense Friday night, as the Bobcats have scored several touchdowns already this year! We want to thank the band and the pep squad for their "spirit" that they put into the ball games. Vic Kyler and his crew is doing one fine job this year, and we will have special pictures of them for the paper next week. Not only did we leave the band out of the parade in Amarillo, but we have had real bad luck making pictures of them so far. But, like the Lynx, we start rather slow, and hope that we can make up for it next week!

PUBLIC NOTICE

SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS (S.J.R. NO. 11)

SPECIAL ELECTION NOVEMBER 4, 1975

PROPOSITION NO. 1 ON THE BALLOT

Revising the separation of powers, legislative and executive provisions of the Texas Constitution. Article II, Separation of Powers, is amended to:

Provide that the powers of government of the State of Texas are divided among three distinct branches: legislative, executive, and judicial. Except as otherwise authorized by the constitution, members of one branch may not exercise any power properly attached to either of the others.

Article III, The Legislature, is amended to:

Continue the present structure of the legislature consisting of a senate with 31 members and a house of representatives with 150 members. The present organization and procedure of the legislature are continued except that the provision allowing closed executive sessions of the senate is omitted. Provisions on the conflict of interest of members of the legislature are continued, as is the governor's power to veto bills or line items in appropriation bills. The article provides for single-member senatorial, representative, and congressional districts. A compensation commission is created to recommend the compensation and allowances to be received by members of the legislature. The legislative compensation, set by law, may not exceed this recommendation and does not take effect until after an intervening general election. The article provides for annual sessions of 140 days in odd-numbered years and 90 days in even-numbered years, and a veto session of 15 days upon request of three-fifths of the membership of each house. The legislature may meet in organizational sessions prior to the convening of the legislature in regular sessions.

Article IV, The Executive, is amended to:

Continue the present status of the governor and all other statewide officers, and include the commissioner of agriculture as an executive department officer. The governor is limited to two consecutive terms. The governor is authorized to designate chairmen of state boards, and to remove gubernatorial appointees to state agencies for cause unless the removal is vetoed by the senate. The article mandates the legislature to provide a new governor-elect an appropriation to organize an office prior to inauguration, and permits the legislature to grant powers of fiscal control to the governor. All governmental agencies, with several exceptions, have a life of not more than ten years unless extended by the legislature, and, at the regular session held in odd-numbered years, the governor shall submit to the legislature a report on the organization and

efficiency of the executive branch.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the SEPARATION OF POWERS, LEGISLATIVE, AND EXECUTIVE PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective January 1, 1976, except Article III, Section 5, which becomes effective January 1, 1981.

PROPOSITION NO. 2 ON THE BALLOT

Revising the judiciary provisions of the Texas Constitution. Article V, The Judiciary is amended to:

Establish a unified judicial system consisting of the supreme court, court of appeals, district courts, and circuit courts. Existing county courts and county judges are continued until otherwise provided by law. All judges (except municipal judges), district attorneys and district clerks must be elected by the people. The supreme court and the court of criminal appeals are merged into a single court of last resort, and this supreme court is authorized to provide for efficient administration of the judicial system and to balance case loads. Individual rights for a trial by jury and appeal by the accused are continued. The state is granted the right to appeal in criminal cases in limited circumstances, and the legislature is permitted to establish methods of appeal to the courts from decisions of state agencies.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the JUDICIARY PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 3 ON THE BALLOT

Revising the voting and election provisions of the Texas Constitution. Article VI, Voter Qualifications and Elections, is amended to:

Provide for registration and qualifications for voting including voter residency requirements to be established by law. A citizen of the United States who is at least 18 years of age and who meets the registration and residence requirements provided by law is a qualified voter unless the person has been convicted of a felony and for that felony is incarcerated, on parole, or on probation, or unless the person is mentally incompetent as determined by a court. Voting by the people in all elections must be by secret ballot, and the legislature shall provide by law for residence, registration, and absentee voting

requirements, for the administration of elections, and for the protection of the electoral process. The general election for state and county officers is to be held in even-numbered years on a date prescribed by law.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the VOTING AND ELECTION PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 4 ON THE BALLOT

Revising the education provisions of the Texas Constitution. Article VII, Education, is amended to:

Provide that the Permanent and Available School Funds and the county public school funds are continued for the support of the free public schools. The State Board of Education is retained and the Permanent and Available University Funds are continued for the benefit of The University of Texas and Texas A&M Systems. A new Higher Education Fund for Texas is established for the benefit of colleges and universities outside The University of Texas and Texas A&M Systems. The state ad valorem tax of ten cents on \$100 valuation is continued as the source of revenue for the Fund. The ten cent higher education tax may be changed by law within the ten cent maximum. The legislature may allocate by law a portion of the Higher Education Fund to certain state vocational and technical institutes. The article provides that the public education system must furnish each individual an equal educational opportunity, but a school district may provide local enrichment of educational programs exceeding the level provided by the state consistent with general law. Authority to issue Permanent University Bonds is continued but the bonds may not exceed 30% of the Permanent University Fund.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the EDUCATION PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective September 1, 1976, except Article VII, Section 9, which becomes effective January 1, 1979.

PROPOSITION NO. 5 ON THE BALLOT

Revising the finance provisions of the Texas Constitution. Article VIII, Finance, is amended to:

Provide that state taxes may be levied and collected only by general law and to prohibit any state ad valorem tax on real property or tangible personal property except the tax provided for in Article VII and a

tax of two cents on the \$100 assessed valuation to provide funds for the State Building Fund. Provides that all real property and tangible personal property must be taxed equally and uniformly in proportion to market value. Existing exemptions from ad valorem taxation are continued. The present deduction of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. The legislature shall establish separate formulas for appraising land to promote the preservation of open-space land devoted to farm or ranch purposes and may establish separate formulas for appraising land to promote the preservation of forest land devoted to timber production. The \$3000 exemption from state ad valorem taxation for residential homesteads is continued and the legislature by law may increase this amount. A separate \$3000 exemption from ad valorem taxation by political subdivisions is provided for the residential homestead of persons at least 65 years of age and the political subdivision may increase this amount. The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, non-profit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. An assessment voted by marine food or agricultural producers on their product sales is not a tax if provision is made for the individual producer to receive a refund of the assessment when the producer does not desire to be assessed.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective on September 1, 1976.

PROPOSITION NO. 7 ON THE BALLOT

Revising the general provisions of the Texas Constitution. Article X, General Provisions, is amended to:

Provide the basic requirements relating to public officeholders such as the official oath and residency requirements. The provision defining the separate and community property of spouses is retained, and the protection of a homestead from forced sale is continued. The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. A private corporation may not be chartered except under general law, and no bank may engage in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued. The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to con-

tribute more than 10%. A policy that the quality of the environment of the State of Texas is to be protected is established, and the legislature is required to implement and enforce this policy. No state funds may be used to remove surface water from the river basin of origin if the surface water is necessary to supply the reasonably foreseeable water requirements of the basin for the ensuing 50 years, unless the removal of water is sufficiently replaced to the point of removal from outside the state or is on a temporary, interim basis. The seaward beaches of the Gulf of Mexico and coastal submerged lands belonging to the state are held by the state in perpetual trust for the people, and subject to reasonable limitations prescribed by law, the public has the free and unrestricted right of use and benefit of the beaches. The provision is continued that, except as otherwise provided by law, a rate of interest in excess of ten percent a year is usurious, and that if a contract does not specify a rate of interest, the rate under the contract may not exceed six percent a year. Discrimination against handicapped persons is prohibited, and a goal of the state is established to provide every resident access to adequate, comprehensive health care.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the GENERAL PROVISIONS OF THE TEXAS CONSTITUTION."

effective January 1, 1979.

PROPOSITION NO. 6 ON THE BALLOT

Revising the local government provisions of the Texas Constitution. Article IX, Local Government, is amended to:

Provide that the counties that exist on the date of adoption of the local government article and that county boundaries may be changed if approved by a majority of the qualified voters in each affected county who vote on the question. Counties may be merged or county seats relocated if approved by two-thirds of the qualified voters in each affected county who vote on the question. The present elected constitutional county offices are retained and four year terms of office are provided. The voters of a county may create additional offices, eliminate offices, or combine the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective on September 1, 1976.

PROPOSITION NO. 8 ON THE BALLOT

Revising the mode of amending provisions of the Texas Constitution. The proposed article will be the last article of the constitution. If only Proposition No. 8 is adopted, the article will replace Article XVII of the present constitution. If other propositions are adopted, the article will be appropriately renumbered to remain the last article of the constitution. If all propositions are adopted, the article will be Article XI, Article XVII, Mode of Amending the Constitution of the State, is amended to:

Establish a procedure for constitutional amendments requiring a two-thirds vote of each house of the legislature and majority approval by the voters. The calling of a limited or unlimited constitutional convention with voter approval is provided. The question of whether to call a constitutional convention must be submitted to the people every 30 years.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the MODE OF AMENDING PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective September 1, 1976.

Dance A Little Help A Child

Saturday night's not just alright for dancin'-- it's GREAT! And THIS Saturday, September 20, is when the "Fabulous 50's" Dance-a-Thon will have the rockin' and rollin' from 8 p.m. until midnight at the Community Building. All your favorite artists will be there, too--Elvis, the Platters, Buddy Holly, the Everly Brothers, to name a few. If you haven't picked up a sponsor for yet, it's not too late. They're still available at any of the following locations: TG&Y, Dairy Queen, Gordon Drug, Spearman Drug, and the Junior High and High School principals' offices. Pick one up and contact everyone you can think of-- friends, neighbors, relatives, businesspersons, clubs and organizations-- to pledge any amount for each hour you dance. There are plenty of people who haven't pledged themselves as sponsors yet. When you have completed your sponsor form, keep it until Saturday night. Then, come to the Dance-a-Thon with your form at 7:00 p.m. to register and receive your number. Gift certificates from Gordon and Spearman Drug Stores will be given to the persons who raise the most money and who have the most sponsors. If, for some reason, you don't feel you can get sponsors, you are still welcome at the Dance-a-Thon. There is no set admission fee for spectators or unsponsored dancers. We will admit you for whatever amount you feel you can contribute to help in the fight against children's lung diseases. Dancing will cost unsponsored dancers. We will admit you for whatever amount you feel you can contribute to help in the fight against children's lung diseases. Dancing will cost unsponsored persons 10¢ per dance. Dress in your favorite 50's garb and come on over. YOU DON'T HAVE TO HAVE A DATE! Come with some friends and choose partners at the Dance. The Gift Box, Masad's, Cates' Men and Boys' Wear and Baker's Department Store have donated prizes to be awarded to the male and female with the best 50's costumes and the winner of a short 50's dance contest. Of course, you don't have to dance 50's style. Any dance you know is perfectly suitable. The point is to raise a lot of money for these children with Cystic Fibrosis and have a great time in the process. There will be tons of great homemade refreshments to nibble throughout the Dance-a-Thon and particularly

during intermissions. Several concerned organizations are donating cookies, brownies and sandwiches to be sold to those attending. And, Thriftway is furnishing the old-fashioned lemonade to refresh the thirsty dancers and spectators. The entire Dance-a-Thon will be carried live on KBMF-FM. Those who can not attend the Dance-a-Thon can still enjoy the fun. There will be a phone number to call for those who have not already donated money to the Cystic Fibrosis Foundation. This will give everyone a chance to participate in the effort to prolong the precious lives jeopardized by Cystic Fibrosis. All proceeds of the Dance-a-Thon will go to support care, research, and education programs for children suffering lung-damaging diseases. The most serious of these, Cystic Fibrosis, is the number one genetic killer of children. Cystic Fibrosis affects one out of every 1,500 infants born each year and occurs when a child inherits two genes for the disease, one from each parent. The parents don't have the disease but they are among 10 million carriers of the gene for Cystic Fibrosis. Although incurable, Cystic Fibrosis can be effectively treated. Diagnosis and treatment of Cystic Fibrosis and other children's lung-damaging diseases are provided by more than 100 Cystic Fibrosis Centers across the country supported by the Cystic Fibrosis Foundation. Six of these centers are in Texas. When the Foundation was founded in 1955, most children with Cystic Fibrosis didn't reach school age. Now more than 50 percent of those with the disease live past the age of 18. And many of the treatment procedures developed for Cystic Fibrosis also help children with other lung-damaging diseases. All individuals, especially parents, should know the signs of lung-damaging diseases. Knowing these signs can lead to early diagnosis and treatment of the disease. Especially with Cystic Fibrosis, early treatment can help prolong a child's life. Signs of lung-damaging diseases are recurrent wheezing, persistent coughing with excessive mucus, pneumonia more than once, excessive appetite with poor weight gain and clubbing or enlargement of finger tips. Other signs that are peculiar to Cystic Fibrosis are a salty taste of the skin, penicillin and bulky diarrhea and nasal polyps.

Women's Division C of C Meeting

The Women's Division of the Chamber of Commerce met Monday, September 15th in the Library Club Room.

Mrs. Vance Snider presided over the meeting in the absence of the president.

The Women's Division agreed to help the Arts and Crafts Guild with their annual Arts and Crafts show.

October 11th was set for a stamp shower for Kiddie World.

Anyone wishing to donate trading stamps may do so by contacting Mrs. Travis Davis, President of the Division at 659-2313 or

by contacting Mrs. Sam Wyson at the Chamber of Commerce.

The nominating committee was appointed with Mrs. Ronnie Schaefer as chairman.

Those present at the meeting were guests, Mrs. Virgil Floyd and Mrs. F. J. Hopkins and members, Mesdames: L. F. Hand, Belle Crawford, Vance Snider, John Sutterfield, Celestine Thompson, Jim McLain, Sam Wyson, R. E. Lee, Russell Townsend, E. J. Callaway, Jr., and Dorothy Roden.

Next meeting will be October 20th at the Library Building.

The word salary, comes from "salarium" meaning salt money, since Roman soldiers received part of their pay in salt.

DEPS Investigated 5 Accidents

The Texas Highway Patrol investigated five accidents on rural highways in Hansford County during the month of August, 1975, according to Sergeant C. E. Henderson, Highway Patrol supervisor of this area.

These crashes resulted in three persons killed and three persons injured.

The rural traffic accident summary for this county during the first eight months of 1975 shows a total of 29 accidents resulting in no persons killed and 20 persons injured.

The rural traffic accident

summary for the 60 counties of the Lubbock Department of Public Safety Region for August, 1975, shows a total of 596 accidents resulting in 16 persons killed and 292 persons injured as compared to August, 1974 with 542 accidents resulting in 30 persons killed and 314 persons injured. This was 54 more accidents 14 less killed, and 22 less injured in 1975 at the same period of time.

The 16 traffic deaths for the month of August, 1975, occurred in the following counties: three in Castro; two each in Potter, Wheeler, Hale, and Palo Pinto; and one each in Archer, Parker, Yoakum, Hardeman, Wilbarger.

Buffaloes To Meet Lamar

CANYON---The saying in the southeast portion of Texas is that Lamar "kicked" West Texas State in the two schools' intrastate football battle a year ago in Canyon.

Actually, it was Jabo Leonard who kicked the Buffs, as it was his three long field goals that gave the Cardinals their 9-7 win.

Now the Buffaloes have the opportunity to do some leg exercises of their own Saturday night (Sept. 13) when they meet Lamar in Beaumont's Cardinal Stadium. Game time is 7:30 p.m., CDT, with the broadcast on the Shamrock Network with Warren Hasse set to begin at 7:15.

In seven games with

Pass the biscuits Pappy Anthony.... L. L. Anthony was head of the biscuit brigade at the Chamber breakfast Tuesday morning. L. L. won the \$25.00 membership certificate at the breakfast, and his biscuits were delicious.

The Southland Conference Cards, the Maroon has won four with the last win coming at Saturday's game site in 1973 (13-0). That however, is the only win WT has had in Beaumont, losing two other contests.

It could be a different story this time around.

Coach Gene Mayfield admits to having the best team in his five seasons at Canyon, while Lamar lost seven starters from a defensive unit that was ranked 11th in the nation last year.

Offensively, though, the Cardinals could be better with experienced

quarterbacks David Silvas and Bobby Flores the main headlines.

West Texas State, which opened the season last Saturday (Sept. 6) at Wichita State, also boasts of an explosive offense (led by quarterback Tully Blanchard, tackle Jeff Lloyd and a covey of fleet halfbacks) and a rock-hard defense (speakeaded by pre-season all-MVC picks

Larry Spear at line-backer, Floyd Jones at tackle, John Ayers at end, and Michael Kelson at strong safety.)

The game will mark the end of West Texas' season-opening road trip. The Buffs open their home schedule on Sept. 20 in an important Missouri Valley Conference game with league title favorite Tulsa.

Getting started in a career means getting started for life. Start with a good plan. And a good planner.

A professional.

T. R. Shirleys Celebrate Their Golden Anniversary

Mr. and Mrs. Turner R. Shirley of Perryton are observing their golden wedding anniversary. The former Pearl V. McDaniel and Turner R. Shirley were married at Plainview, Texas on September 12, 1925. They were former residents of Spearman and have lived in Perryton for many years.

The Shirleys have one daughter, Mrs. Leo Shuler of Perryton, and a granddaughter, Pamela Dawn Shuler.

Mr. and Mrs. Shirley are members of the First Baptist Church of Perryton where he has served for many years as a deacon.

Mr. and Mrs. Shuler and Pamela honored the Shirleys with an anniversary dinner at the INNOvation in Perryton after which Mr. and Mrs. Shirley left on a trip to different points in Texas.

Highway Transportation Week Proclaimed

AUSTIN -- Governor Dolph Briscoe today signed an official memorandum proclaiming September 21-27 as Highway and Transportation Week in Texas.

By that action, Texas joins with the other 49 states in a national observance, the theme of which will be "Transportation, America's Lifelines."

"Transportation services and facilities are vital to the social and economic well-being of all citizens and their institutions in the State of Texas," the memorandum noted.

"Maintenance and development of transportation facilities we no possess and which we plan in the future provide the framework for our ultimate and continuing progress," it continued.

The governor noted that the new State Department of Highways and Public Transportation -- a merger of two state agencies -- faced "great challenges... for providing good transportation to the people of Texas."

"Highways and public transportation are essential elements of the transportation network which serves the needs of all the people," he said.

The 64th Legislature merged the Mass Transportation Commission and the Texas Highway Department to form a new agency charged with responsibility for developing a comprehensive total transportation program.

Governor Briscoe called on all citizens to "observe the week with appropriate recognition that Transportation, indeed, serves as America's Lifelines."

Special events are planned throughout Texas during Highway and Transportation Week.

"Shamrock Slim" better known as the Hansford Cowboy was one of the star performers at the Chamber of Commerce breakfast held at the county barn Tuesday morning at 6:30 a. m.

Spearman band outstanding

Lion S. J. Hall entered the Lions Club float in the big Amarillo parade last Monday morning. It was beautiful, and he is pictured above with the Spearman band twirlers who were also present at the parade. The Spearman band looked terrific, and we are sorry that we left them out of our parade entrants in last Thursdays paper. We will make a special effort to get pictures of the band at Sunray this Friday. Vic Kyler and his troops have improved so much, it is "unreal."

Spearman Music Club Meets

The Spearman Music Club, members of State and National Federated Music Clubs met Tuesday, September 9th at 7:30 P.M. in the Home Demonstration Club Room for their first meeting this fall. The Club Collect read, roll call was taken and minutes of the previous meeting were read and approved. President, Mrs. Paul Reimer presided over the meeting. Mrs. James Dunnihoo was elected as the new treasurer. Discussion was held on using the scholarship fund for someone in music therapy. The club went over their new year books. Hostesses, Mrs. Carl Kunselman and Mrs. Paul Reimer served refreshments to Associate Members, Mrs. F. J. Largent, Mrs. R. E. Lee and Mrs. C. A. Kleeberger and to members, Mesdames: James Dunnihoo, Fred Groves, Dean Leighor, Phil Sanders, Rue Sanden, Omar Sutton, Tom Sutton, Russell Townsend and J. D. Wilbanks. Next meeting will be September 23rd in the Home Demonstration Club Room.

Mrs. Lucy Mundy Visits Here

Mrs. Lucy Mundy of Radford, Virginia visited friends in Spearman Friday through Sunday. The ladies of the First Christian Church, where Mr. and Mrs. Mundy attended church during his life time and while she lived here, hosted a tea Friday afternoon from 4:00 till 6:00 P.M. in Lucy's honor. She left Sunday to visit her deceased husband Ed's sister and husband, Mr. and Mrs. R. K. Parsley and other relatives in Pampa. She will take the plane in Amarillo Tuesday morning to fly to Roanoke, Virginia, where her daughter and husband, Mr. and Mrs. Myrl Guy Jones will pick her up.

On this trip she also visited a nephew, Mr. and Mrs. Bob Rardin in Bolingbrook, Illinois and a brother Mr. and Mrs. W. E. Rardin near Parliston, South Dakota and also her son, Mr. and Mrs. Lester Mundy and family in Victor, Colorado before coming to Spearman.

Eastern Star Has Meeting

Spearman Chapter #721 O.E.S. met for a called meeting on Monday, September 15th in the Hansford Lodge Hall. Fay Palmer, Worthy Matron and Coy Palmer, Worthy Patron presided at the special meeting called for the purpose of initiation. Initiated into our order were Mary Hutton and Betty Perry, both of Spearman. The initiation ceremony was lovely and impressive with all officers performing their stations beautifully. We are ver honored to welcome these two lovely women into our order.

Out of town guests included Mr. and Mrs. Bamey Boyd and Mr. and Mrs. Glen Cogdill of Borger Chapter #81; June Kinky, Esther Cook, Ama Powers and Violet Igon of Perryton Chapter #161.

Other guests included Mrs. Doris Ellison of Spearman, a member of Goldenrod Chapter #326 Omaha, Nebraska and Mrs. Ruth Bitters of Perryton, a member of Shidler, Oklahoma Chapter. Refreshments of cake and punch were served by Wanda Brown and Millie Craig to thirty-one present.

Social Security Rep Schedule

A field representative of the social security administration will be at the Courthouse in Spearman on Thursday from 10 to 11:30 a.m. on October 9, 23, Nov. 13 and Dec. 11.

He will help you on any matters relating to social security, supplementary security income or Medicare.

You can also obtain service by going to the local social security office at 1541 North Hobart Street, Pampa, or by telephoning 689-3381 (area code 806). The office is open 8:30 a.m. to 4:45 p.m. Monday thru Friday (except national holidays).

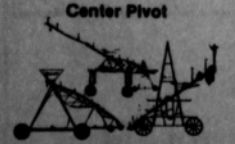

A representative is available to explain the provisions of the Social Security Act and answer questions at meetings of farm groups, unions, and other interested organizations. There are no charges for any of these services of the Social Security Administration.

QUICKY QUIZ ANSWER
A great deal of water pollution is natural pollution. For example, the Brazos River carries tons of salt into the Gulf of Mexico every day.

ON WATER QUALITY
Much water pollution is caused by nature, without any help at all from man. True; False. (Choose one and check your answer on page —)

QUICKY QUIZ ANSWER
A great deal of water pollution is natural pollution. For example, the Brazos River carries tons of salt into the Gulf of Mexico every day.
