

United War Fund Drive Opens October 10

Max Discount Offered For Early Checks

All Bodies Give 3 Per Cent In October Except County

Enjoying time is here and all divisions in the county are busy for the collection of taxes today, Oct. 2.

The City of Spearman, Spearman Independent School District and the State of Texas are offering a 3 per cent discount for taxes paid in October.

Discounts will be 2 per cent in November and 1 per cent in December. Taxes may be paid up to 10 days without penalty or interest.

A discount is being given on Hansford County taxes. To get the state discount, it will be necessary to pay county and poll taxes. Taxes may be paid in two payments, if desired; one by Nov. 30, and the second by June 30, without discount or penalty. Already there have been many queries about taxes. The county has already taken some payments, but receipts cannot be dated until Oct. 1.

For requests for information, the collector believes that tax payments will be unusually heavy this fall.

More Rainfall Needed To Aid Wheat Pasture

Hansford County's virtual one-drought was not broken, but slightly dented with the arrival of a much of moisture recorded Oct. 23. Weatherman Fred Brandt is not at all satisfied with the wet moisture, and a hundred thousand other Texans join him in asking for more moisture needed to aid wheat pasture. There is perhaps a half hundred Hansford wheat producers who would like to see their cattle and early wheat month if a two inch rain would fall to insure wheat pasture the immediate future.

Farmers report that wheat is coming along in fairly good shape, but the rainfall is needed to get it in shape for pasture.

Temperature reports for the week by Fred Brandt, weather observer, follow:

Grain Bins To Be Sold For Storage Grain

Farmers who have grain sorghum to harvest and do not have place to store the grain can now buy 3000 bushel bins for \$25.00 from Commodity Credit Corporation. Due to the low market price of grain sorghum you can well afford to buy a bin for your grain and get a government loan of 95 cents per bushel for No. 1 better grain sorghum. These bins are constructed of 12 in. tongue and groove Douglas fir and they have shingle roofs. These bins must be ordered in lots of six, so anyone interested in buying bins please contact the AA office now as it will take two or three weeks to get the bins after they are ordered.

First Football Game Of Season Scheduled For Friday, 3:00 P. M.

Hansford citizens will have their first opportunity to see six-man football this year when the Morse team tackle the Gruver team at 3:00 p. m. Friday afternoon at 3:00 p. m. Morse team managers and coach announce the team is interested in playing any team within reasonable distance on return basis. Call J. Copeland at Equity, Morse, or write Supt. Bland, Morse High School.

Last week the Morse High School team beat the Exies 18 to 0.

Tom Allen transacted business in Frederick, Okla., the past week.

Hansford County Joins Nation Wide Campaign To Provide Clothing To War Torn Europe

Mrs. George Buzzard is chairman of the United Nations Relief Rehabilitation committee of Hansford county. Other members of the committee are Mrs. Bastion and Mrs. Fred Hoskins. The committee is joining a nation-wide drive to be staged next week for clothing for people of all nations. The drive is sponsored by all American churches of all faiths. Ministers of Spearman will announce details of the drive in all services next Sunday.

Mrs. Buzzard asks that all people of Hansford county check the instructions relative to clothing that is printed below, and arrange to bring such clothing to the Home Demonstration club rooms Wednesday, Thursday and Friday of next week. If anyone in the county has clothing they cannot bring to the H. D. rooms they are asked to phone any of the three members of the Hansford committee, and arrangements will be made to come after the clothing.

KIND OF CLOTHING

The appeal is for good substantial clothing, used and new, for both winter and summer wear. Needed most are all types of infants' garments, particularly knit goods, men's and boys' overcoats, topcoats, suits, coats, jackets, shirts, all types of work clothes, including overalls, coveralls, sweaters, underwear, robes, pajamas; women's and girls' overcoats, jackets, skirts, sweaters dresses, undergarments, aprons, jumpers, smocks, robes, nightwear; and in the line of bedding, blankets, afghans, sheets pillow cases, and quilts.

Europe is facing the sixth and probably the most devastating winter of the war. Throughout the battle-torn liberated areas and in lands soon to be delivered by the United Nations, there exists a tragic scarcity of clothing of all kinds, for people of all ages. The demands of the armed forces and essential civilian needs dispose of any hope that new garments will be produced for these distressed people either in the United States or in their own countries. The imperative, immoderate need is 15,000,000 pounds of usable garments either used or new. While the liberation of Europe proceeds, the United Nations Relief and Rehabilitation Administration must have this basic reservoir of clothing available for countries or areas where the need is greatest.

More than 20,000,000 men, women, and children in Europe have been made homeless by the war. A vast proportion of these civilians have lost all their possessions, including clothes. Clothing standards have declined much more drastically than have dietary levels. During the winter of 1943-44, cold probably caused as much suffering and as many deaths as did hunger. The winter of 1944-45 will be even worse unless help is forthcoming from America.

Dr. and Mrs. Stout of Ft. Worth visited over the week-end with Mrs. Stout's sister and family, Mr. and Mrs. Roy Wilmetth.

Farmers And Business Mens Association Organized At Gruver September 21, 1944, For Post-War Activities In N.W. Hansford

Last Thursday a large group of farmers and business men met in the office of the Gruver Lumber Co. The purpose of the meeting was to discuss ways and means of bringing about improvements in Gruver and surrounding territory. Kelly Garret was elected as temporary chairman. There was much discussion of the possibility of erecting a hotel in Gruver, something that is badly needed. Also the possibility of paving part of the Gruver streets. Other matters of interest were also under discussion. Finally it was decided that a permanent organization was the most needful thing at the moment. Accordingly the "Farmers and Businessmens Association" was born. Gay Fletcher was elected president, Autra Ward vice president, Arthur Evans secretary, and Ted McClellan treasurer. After the election of officers, discussion took more definite form. Dan Shrader agreed that he would call an election for mayor and councilmen in the very near future. It was decided that a banquet would be held Friday, Oct. 20th, in order to interest new members and follow up plans already made. The following committees were then appointed by the president. Hotel committee, Kelly Garret, Gay Fletcher, Frank Fleck, Harley Alexander, and J. C. Harris. Paving committee: Arthur Evans, Gay Fletcher, Orville Walker and P. H. Westfield. Membership: Dan Shrader, Herbert Hughes, Coy Holt, Fred Womble, and J. Gruver. The meeting adjourned subject to call by the president.

October 8-14 Is Fire Prevention Week In Texas

AUSTIN—Gov. Coke Stevenson has formally proclaimed Oct. 8 to 14 as "Fire Prevention Week" in Texas.

Citing the urgent necessity for preventing fires during time of war, Gov. Stevenson said: "The production of materials essential to the prosecution of the war by our nation is taxing the capacity of industrial plants, and curtailment of production because of fire becomes a menace to our own safety."

The governor called upon Texas citizens and various local organizations to emphasize the danger of fire and to encourage fire prevention.

Commenting on Fire Prevention Week, Marvin Hall, state fire insurance commissioner, suggested that every Texan accept individual responsibility in adopting fire prevention measures at home and at work.

"According to the official proclamation," Hall said, "Fire Prevention Week has special significance this year. The defense of factories, farms and homes against destruction by accidental fires is essential to the war production program and conservation of vital resources.

"There is another reason why we must devote more attention to preventing fires. We are now receiving dividends of lower insurance rates—the result of preventing fires. In order to keep the low fire insurance rates now in effect, it will be necessary for us to prevent fires in the future."

"Can you afford a fire loss in your home, or can you afford to be without employment if your business or place of employment goes up in flames?" asks Marvin Hall, state fire commissioner.

Special Issue Of Reporter Planned For Next Week

Next week's Spearman Reporter will be a special issue featuring some of the benefits that are given Service men of the nation, as result of our annual drive to raise funds for the United War Fund. A few pictures will be carried, and some special advertising that have been mailed this newspaper by the national organization.

It Would Be A Good Joke On Rev. Bastion

Preacher C. F. Bastion reported to this office Monday morning that he had lost his pocketbook. He declares that he took out the pig skin at the Post Office and bought fifteen dollars worth of stamps... which is a lot of stamps for a preacher to buy... that he went to the Santa Fe station, and did not have a purse. The absent-minded preacher believes he had fourteen dollars left in the purse. Of course he did have his ration books and cards, dues paid to the pastoral association, several identification cards and other personal items in the purse... Rather expect he will have his purse back in his possession before this item gets in print... but in case you have the purse, suggest you slip an extra five dollar bill in it so we can prove that he REALLY is absent minded. That will be a good joke to play on him.

Home On Furlough

M. O. M. 3-c ROBERT L. STEWART

Machinst Officers Mate, Robert L. Stewart, son of Mrs. W. E. Davis, is in Spearman this week, spending his first furlough received after more than two years in the service and seventeen months overseas duty. Robert received his boot training at Great Lakes, Ill., and advance training at San Francisco. He helped condition and place in service the A. P. C. (coastal transport) to which he was assigned as a crew member. He has enjoyed several advancements in rank during his tour of duty. Stewart was active in the Guadalcanal and Solomon Island Pacific battle fronts. He also was active in the occupation of New Georgia and Bougainville Islands in the Pacific.

Mr. and Mrs. John Allen and family of Guymon visited relatives in Spearman over the week-end.

Bruce Sheets Is Treasurer Of Campaign

C. A. Gibner Special Gifts Campaign And Hoskins

Hansford County's special gifts campaign near \$3000.00. The fund, to be used for recreation for our service men will be held on Friday, Oct. 10, according to the man Judge A. F. Barkley stated this week. The national quota was two hundred and fifty million dollars. Most cities and incorporated towns of the nation are combining the regular war fund quota with their local community chest drive and collecting sufficient funds to operate for another year. In the case of Hansford County only three hundred dollars of the entire quota will be used in this county. This sum will be used for the benefit of the county library, which is used by all the citizens of the county.

Committees for all communities in the county will be announced next week, Chairman Barkley said. He announced that Bruce Sheets will be secretary-treasurer of the local campaign with C. A. Gibner as chairman of the special gifts committee and Fred Hoskins publicity chairman.

Commenting on the general support to the drive, Judge Barkley said: "This war will not be over until every American abroad has been brought home. Until that time comes, none of us on the home front can afford to reduce our support of the war program."

"Above all, we should remember that 'cease firing' does not mean cease giving. Even if Germany surrenders, we still have the Japs to beat, and we must continue full support of our fighting men and our Allies. This means that this year, more than ever before, we must support the war-related agencies of the National War Fund."

We had a fine crowd from our Church at the District Convention, held at Pampa, Texas, Sept. 18. Those in attendance were: Mr. and Mrs. Carl Hull and daughter, Ellen Carol; Mrs. Floyd Hull; Mr. and Mrs. Vesper P. Hill; Mrs. H. L. Wilbanks; Jean Hill; Floydian Crawford; Rosanna Porter; Gwendolyn Davis; Pat Becker; Gerald Briley and Minister and Mrs. C. F. Bastion.

The Women's Council had a fine meeting Wednesday, Sept. 20, at the Church. Group Three was in charge of the program. Mrs. Bert Briley was elected to the office of president for the year. They voted to hold a meeting each Wednesday afternoon.

There have been nine additions to the Church the last five weeks. We welcome them and hope they will enjoy the fellowship and work and help build the Cause of Christ in this community.

He pointed out that even the end of the war with Germany would not automatically free all Americans being held in European prisoner-of-war camps. "Our men in enemy camps may not be freed for months after the peace is signed. Experience in the last war showed up that exchange of prisoners often extends over a long period, and during that time we certainly must continue the full services of Prisoner of War Aid, the National War Fund agency which sends books, athletic equipment, study courses and many other supplies to our men behind the enemy barbed wire.

"We know too that our troops in Europe cannot be returned for many months after the surrender of Germany. With actual fighting at an end, they will need more than ever before the morale-sustaining services of such agencies as USO, which provides rest centers and sends USO-Camp Shows into every war theater. These shows also must go without interruption to our troops in the Pacific."

The F. H. T. of the third year
 class met last Wednesday. We dis-
 cussed having a Candlelight Cer-
 emony to initiate the new ones be-
 longing to the F. H. T. We decided
 to have it on Wednesday, the
 fourth of October.

Kathleen Adair resigned as our
 secretary, so in our meeting we
 elected Bodil Blackburn.

The F. H. T. decided to have
 year books, and therefore we
 elected an editor and two assis-
 tants. The editor is Estelle Terry

IN SERVICE ARE DOING WHAT THE BOYS

Pvt. Paul Hazelwood, radio technician, AAF, Amarillo, was home over the week-end. He will be in training at the Amarillo Field for the next 10 weeks.
Sgt. and Mrs. Robt. Neilson of Amarillo are visiting relatives in Spearman over the week-end.
S-Sgt. Hugh Hazelwood from Camp Bowie, Texas, left Tuesday after a week's visit with his mother and other relatives. Hugh is on the list to leave for overseas soon.

FRANCE, Sept. 19, from Lt. Edna A. Bassel: "Well, here I am in the gayest city in the world. I'll tell you all about it when I get home. Some of the women are really beautiful and well-dressed except for shoes and hose. They are nice and friendly and marvel at the speed we have made getting here. We have not been too busy here and expect to move out into another country soon. I have enjoyed the historical part of Paris and Versailles. We

have not received any mail in some time as the gasoline and rationing is very critical over here. It's very rainy and cold here. We hope to have a stove in our tent when we get to Germany. We are also getting tired of the rations here, but I can still barter for a few eggs and vegetables. I will be glad to move on, though. I mailed a package today and hope it gets there by Xmas.

S-Sgt. Murl Bacon of Marfa, Texas, who is spending a 15-day furlough in Spearman and Gruver, has been transferred to Ft. Myers, Virginia, as a gunnery instructor. He is the son of Mr. and Mrs. L. C. Bacon of Gruver.

Cpl. and Mrs. Richard Shedick were visiting over the week-end with relatives.

SPEARMAN SOLDIER CITED BY GENERAL DE GAULLE

We are glad to print this official notice, and take this opportunity to apologize to Mr. Holton, Sr. Met him on the streets Sunday and told him we had an important citation about Richard. It scared him bad.

WITH A 12TH AAF B-26 MAURAUER BOMBER GROUP.—Staff Sgt. Richard E. Holton from Spearman, Texas, and his AAF B-26 Maurauder group in the Mediterranean theater have been cited by Gen. Charles De Gaulle and the Provisional French Government.

The citation was for outstanding achievement during April, May and June when 12th Air Force Maurauders flew important missions over Italy, many of them in direct support of the French forces.

As president of the French Government and chief of the French Army, General DeGaulle awarded the Croix de Guerre with Palma to the group commander. The citation attributed the highly successful precision attacks in the face of enemy opposition to flight discipline, skill of combat crews, and superior technique of command.
Col. Eugene B. Fletcher, the group commander, from San Diego, Calif., said, "The success of our air crews during that three months period was a direct result of fine work, and hard work, by the maintenance and administrative sections. As always, the ground personnel played a vital part in combat operations."

During this period when his group flew 2000 sorties and dropped over 3000 tons of bombs for a loss of only six planes, Sgt. Holton served in a Maurauder technical supply section. He has been overseas two years.

The one and reliable Grandpa, known far and wide in the Army as "Pop," to you Master Sgt. Turk Hudson, is in the county visiting in the home of Orville Walker.

Turk is one of the boys that just wouldn't listen to logic or reason and had enough gab to talk Army officials into letting him enlist in the Air Corps. Old Turk had lots of intestinal stamina, and he grabbed all the training the wicked could throw his way. He started out at Sheppard Field, Wichita Falls, Texas. Turk started his specialized training at San Mornicle, Calif., took a big dose of gunnery at Ft. Myers, Fla., first phase training at Boise, Idaho, other phase training at Fresno, Calif. Turk graduated a master gunner for duty on a B-24, sailed from the States in January and made his first mission over enemy territory in Italy and the Mediterranean area in April of this year. He completed his fiftieth mission in July and sailed back to the States.

Turk had to do some fancy arguing to get across but he was ready to come back to the good old U.S.A. after his fiftieth mission. He is candid to say that he would not take a million dollars for his experience or give a farthing (that's uptown English for a half penny) for any more foreign service.

Turk will report back to Lincoln, Neb., for assignment to a job of instructor in a school in America.

The first public library in New York City was established in 1697.

Gruver News

A number of Gruver boys who are in service have been here visiting this week. Sgt. Bill Fleck, son of Mr. and Mrs. Frank Fleck; Sgt. Merle Bacon, who has seen service in the Aleutians, has been in school in Amarillo for several weeks. He is now enjoying a well earned furlough. When he leaves here he will report to Florida.

Sgt. Turk Hudson who has just returned from Bomber Service in Italy is visiting Mr. and Mrs. Orville Walker. Turk has made his home in Gruver for many years. He is a veteran of many missions over Italy. Like all overseas boys, he does not have too much to say. But it was plenty tough, and Turk acquitted himself well.

The faculty at the Gruver Schools is now completed with the addition of Miss Elizabeth Spivey as High School History teacher. The school year has started well, and it looks as though we will have a good school year.

Mrs. Ted McClellan and Miss Rosalie Hughes were visitors in Shattuck, Okla., Monday. Mrs. McClellan visited the clinic for a physical check up.

Ed. Vernon went to Liberal Sunday on account of his health. Ed. has not been well lately, and decided he had better see the doctor. Grover Taylor went with him to drive the car.

Oslo News

The countryside here is fast taking on the aspect of a dry fall. However there is still enough time for a good fall rain.

Gus Olsen and Marvin played the part of delivery men last

Thursday when they brought several baskets of peaches to the market committee of the Home Demonstration agent. The peaches came from Colorado and are very nice.

Mr. and Mrs. Gordon Stedje went to Amarillo last Friday afternoon. They came home on Sunday after spending that day at the home of Mrs. Stedje's parents, Mr. and Mrs. John Spivey, near Gruver.

Marvin Olsen drove his father's truck to Berger last Thursday to have it overhauled.

Pastor and Mrs. Hjortholm were dinner guests last Saturday evening of Miss Elsie Swenson and Mrs. Lewis Johnson at Mrs. Johnson's home in Guymon.

The program committee of the Oslo Luther League met at the home of Mr. and Mrs. Jack Christofferson last Sunday evening to

program for the meeting to be held next Sunday.

Several from here saw "The White Cliffs of Dover" at the theater in Guymon last Sunday afternoon.

The Oscar Dahl family visited with Mr. and Mrs. Ted TeBeest at their home here last Sunday.

Eyestrain Picks Its Victims YOUNG!

ONE school child in five, on the average, has defective vision. Four college students in ten are victims of eye troubles. Accustomed for centuries to outdoor living, mankind has never adjusted eyes to indoor lighting.

Fortunately science is bringing sunlight indoors. And the science of seeing is teaching us how to use indoor light with least danger of eyestrain. Here are four simple rules for eyesight conservation it will pay every family to follow:

- 1 Do all reading, studying, sewing or game-playing close to a good light source, preferably a modern reading lamp.
- 2 Avoid shadows. Make sure you have good light directly on your book or work. Shadows strain eyes.
- 3 Avoid glare from bare bulbs. Don't sit facing the light. Glare strains eyes.
- 4 Have eyes examined regularly. If eyes are defective, vision can be greatly helped with proper glasses.

When the war is over, we are all going to have Better Light for Better Sight. In the meantime, let's conserve both eyesight and light. Take care of your eyes, but don't waste light.

DON'T GIVE UNCLE SAM AN EXTRA BURDEN PREVENT FIRE

Uncle Sam has enough to do these days without fighting fire. Don't be the person whose little act of carelessness will cost millions of dollars of property up in smoke. Help fight for victory by preventing fire. A little caution will go a long, long way.

NOTE THESE VITAL FACTS

More than 800 fighter planes could be built with the number of man-hours used yearly fighting fires. Man causes 90% of all U.S. forest fire... pure and simple carelessness on the part of the average American citizen. About 215,000 five-room homes could be built with the amount of timber that is killed by U.S. forest fires yearly.
