"Up from the grave"

The Chancel Choir of First United Methodist Church invites the community to Easter morning services on Sunday, April 7. The choir, under the direction of Betty Womble, is presenting the musical "Up From The Grave" by Joe E. Parks.

The musical celebrates the resurrection of Christ through traditional Easter music such as "Alleluia! Alleluia!" by Beethoven and the words of St. Francis of Assisi in "Make Me An Instrument of Your Peace." In addition, Joe E. Parks has arranged other Easter selections and has written many new pieces for the musical.

The story begins just after the death of Jesus, and continues through the discovery of the empty tomb, to his appearance to Mary

and later to the disciples. Even Thomas is convinced of Jesus' resurrection after he sees the marks of the nails in Jesus' hands.

In the words of the author, it is Jesus' resurrection that gives us the victory. "Because He is alive He is different from and superior to any other religious teacher of person. All of the other religious leaders have died and they remain buried in their tombs. Jesus died and was buried; but thank God, He has come UP FROM THE GRAVE and He still lives!"

Several choir members will be featured during the performance. Lynanne Maize will sing a solo in "They Have Taken the Lord". Trudie Schneider is joined by Kent Guthrie for a duet in the selection "Go Tell the World". Eulalia

Blankenship and Sheryl Meek will be performing a duet in "My Lord and My God".

Rev. Lane Boyd will share his Easter message during the services.

Assisting the choir with the narration are Miss Gerri Maize and Mr. Elbre "Frosty" Hickerson. Mr. Terry Schneider will be operating the sound equipment. Wilma Clark and Sheryl Meek have been the rehearsal accompanists.

Betty Womble and the choir invites everyone out for the 11:00 a.m. Easter Sunday services at the First United Methodist at 407 South Haney in Spearman. And if you can't attend in person, you are invited to listen to the services at 11:00 a.m. on KRDF-FM 98.

Where else but in the Texas Panhandle can you have 70 plus degrees one day and snow the following night? Snow began falling Friday night in Spearman and fell most of the day Saturday. About two inches of snow had accumulated Saturday morning but most of it melted as it fell the rest of the day.

A hard freeze Sunday morning took care of apricot and peach trees that were in full bloom. Most of the cherry trees had not bloomed.

WHAT IS A TAX RENDITION?

This public service message from the State Property Tax Board, local taxing authorities and this newspaper explains the process.

A rendition is a report a taxpayer makes which lists the taxable property he owned or managed and controlled on January 1, 1985. A rendition also gives a taxpayer the opportunity to record his own opinion of what the value of his property should be.

Not every taxpayer has to file a rendition, but there are important reasons why a taxpayer may wish to do so.

Renditions must be filed: (1) for all tangible personal property used to produce income; or (2) on any other taxable property if required by the chief appraiser.

Renditions may be filed by any taxpayer who wishes to preserve certain valuable rights.

Even if you aren't required to prepare and file a rendition on your property, there are several good reasons why you should do so:

- By filing a rendition, you have placed on record your own opinion of your property's value.
- You create a responsibility on the part of the chief appraiser and the appraisal review board to notify you if they intend to increase the value of your property by any amount over the value you rendered. Further, you have the right to protest to the appraisal review board either the increase in value or any other decision affecting the taxability of your property.
- You place your correct mailing address on record, thus ensuring receipt of tax bills. If your tax bill goes to an old or wrong address, you may be liable for penalty and interest if your taxes are paid late.

Besides a rendition, you may also file a special form called a "report of decreased value," if the value of your property decreased during the preceding tax year for any reason other than normal depreciation. The appraisal office will inspect the property to verify any reported change in appraised value and its cause.

You should file renditions and other property reports with the county appraisal district office any time from January 1 through April 30. The appraisal district has rendition forms available for various types of property, as well as other property report forms.

Your appraisal district can also give you a free copy of the Taxpayers' Rights, Remedies, Responsibilities pamphlet which explains exemptions, appeal rights, and other details of the local property tax system in Texas. Or contact the State Property Tax Board in Austin.

¿QUE ES UNA RENDICION?

Este anuncio de servicio público de parte de la Oficina Estatal de Impuestos sobre la Propiedad (State Property Tax Board), los gobiernos locales y este periódico explica el proceso de las rendiciones.

La rendition es un informe de parte del propietario acerca de la propiedad bajo su control sujeta a los impuestos desde el 1º de enero del año en curso. También de esta manera el contribuyente puede registrar su opinión en cuanto al valor de su propiedad.

Aunque no se requiere rendition en todos los casos, hay ventajas por las cuales usted debería hacerla.

Se requiere rendiciones para (1) toda propiedad de bienes muebles tangibles (tangible personal property) que se utiliza en la producción de ingreso y (2) propiedad de bienes raíces (real property) exigida de parte del evaluador principal.

Se permite rendition de cualquier contribuyente quien quiera proteger ciertos derechos importantes.

Aunque no se requiere una rendition en cuanto a su propiedad, hay varias ventajas por las cuales debería hacerla:

- Al hacer una rendition, usted registra su opinión acerca del valor de su propiedad.
- Usted crea la responsabilidad de parte del evaluador principal y la junta de revisión de valuación (appraisal review board) para que le notifiquen si ellos tienen la intención de aumentar el valor de su propiedad sobre el valor que usted estimó.
- Usted establece su domicilio correcto, lo cual asegura el recibo de sus cuentas de impuestos. Incluso si su cuenta de impuestos se envía a un domicilio erróneo, usted será responsable de la multa e interés que acompañan un pago tarde.

Además, usted puede registrar un informe especial, el cual se llama informe de valor reducido, si acaso el valor de su propiedad disminuye por motivos fuera de la depreciación normal. El distrito de valuación (appraisal district) inspeccionará la propiedad para verificar tanto el cambio del valor registrado como su origen y características.

Las rendiciones y otros informes de propiedad deberían registrarse con la oficina del distrito de valuación de su condado entre el 1º de enero y el 30 de abril.

Los formularios de rendition para los diferentes tipos de propiedades y esos para registrar propiedades se encuentran disponibles en la oficina del distrito de valuación. Su distrito de valuación ofrece copias gratuitas del folleto, Los Derechos, los Remedios y las Responsabilidades del Contribuyente a los Impuestos, el cual explica las exenciones, los derechos de protesta y otros detalles del sistema de impuestos sobre la propiedad en Texas. También puede ponerse en contacto con la Oficina Estatal de Impuestos sobre la Propiedad.

NWTH School of Nursing Graduation-Homecoming

In celebrating 61 years of educational excellence, the Northwest Texas Hospital School of Nursing has planned many activities for its all-school homecoming and graduation of its class of 1985.

Commencement exercises for the last class to graduate from the School will be May 17 at 7:00 p.m. at the Amarillo Civic Center Auditorium. All NWTH School of Nursing graduates and those returning for homecoming activities are urged to attend graduation exercises in full dress uniform. A special invitation is extended to all registered nurses in the Panhandle area.

The program for the evening will include recognition of past classes and a review of the school's 61-year history. A reception will be held in the Civic Center courtyard following the commencement exercises.

Homecoming events and class reunion activities are headquartered at the Hilton Hotel in Amarillo. The first get-together for NWTH

graduates and friends of the school will be a brunch on May 17 from 9-11 a.m. at the Hilton featuring a style show.

Time has been allowed for the afternoons of May 17 and 18 for the class reunions. Some classes will hold reunions at the Hilton. Others plan to meet in homes of members living in Amarillo.

Functions planned for Saturday, May 18, include an open house at the new Northwest Texas Hospital from 9 - 11 a.m. featuring a continental breakfast and a tour of the hospital and the School of Nursing. A wagon ride and cowboy breakfast at the Tom Christian Ranch is scheduled from 7:30 - 11 a.m. Transportation will be provided.

The two-day celebration will conclude with a banquet at 7 p.m. at the Hilton on the 18th of May.

All inquiries regarding registration and fees for various activities should be directed to Barry King or Norma Graham at the NWTH

Spearman City Council

Two years ago I was elected on a pledge to serve the people of Spearman on the City Council.

I have tried during my tenure, to represent all of the taxpayers and citizens of the town:

- As an independent thinker voting my convictions
- As a conservative but reasonable person
- Believing in the rights of all citizens
- Believing government should serve and protect all citizens alike
- Willing to cast my vote and voice my opinion in the minority
- Willing to listen and weigh all opinions, suggestions, complaints, comments, requests and local input, then casting my vote based on my own judgement as to the fairness and practical application of the matter

If you agree with my efforts and actions while serving on the City Council and feel Spearman is a good community, but can be a better community with continued effort and involvement, please vote and support me in the City Election, April 6th.

Clement seeks voter's support

Joe Clement has authorized this newspaper to announce his candidacy for school board trustee of the Spearman Independent School District in the election April 8.

Joe is a lifetime resident of this area and a graduate of Spearman High School. He is the father of two students in the Spearman schools and has a continuing interest in maintaining our standard of having one of the finest school systems in Texas.

Clement stated "Excellence in education includes a broad and well rounded spectrum of activities. Every student should be given the opportunity to excel in their various interests and encouraged to expand their horizons of interest. Our extracurricular activities should provide our students with an equal opportunity to compete and excel in their chosen endeavors".

Clement is involved in family farming, and states that he would be ever mindful of efficient management of our tax dollars so as to extract maximum educational benefits from tax dollars available.

He feels that an effective school board member must provide effective leadership representing the wishes and philosophy of the community. He would sincerely appreciate your vote in the School Board Election April 6th.

1. WHAT IS P.A.K.P.A.?

Panhandle-Area Kidney Patients Auxilliary is a non-profit charitable organization dedicated to providing direct patient services to the kidney dialysis and transplant patients of the Texas Panhandle and surrounding areas of New Mexico and Oklahoma who come to Amarillo for treatment.

2. WHO WILL BENEFIT FROM DONATIONS PROVIDED BY P.A.K.P.A.?

Currently there are approximately 150 to 200 individuals living in the 26 counties of the Texas Panhandle and surrounding areas of Oklahoma and New Mexico. Those who are dialysis patients must travel to/from Amarillo three times per week for didney dialysis treatments for the rest of their lives. Those who have had kidney transplants must make many trips to/from the transplant hospital in Dallas for routine and sometimes emergency care. Kidney dialysis patients who have their dialysis machines located in their homes must make at least one monthly trip to/from Amarillo for routine care and follow-up. Each of these individuals face financial hardships due to their illnesses and help is sometimes needed by them.

3. HOW IS P.A.K.P.A. ORGANIZED?

Panhandle-Area Kidney Patients Auxilliary is governed by a volunteer board of directors who live in various areas of the Texas Panhandle, thus giving the board a broad base of influence.

Approximately 95¢ of every dollar donated will be directed toward the provision of services to patients suffering from End-Stage Kidney Disease, while five cents will be used for operational expenses. There are no paid employees; this is a totally volunteer organization.

4. HOW CAN I HELP SUPPORT THE ACTIVITIES OF THIS ORGANIZATION?

Your generous support of P.A.K.P.A. is encouraged. Donations are being accepted from individuals, companies, corporations and civic groups. Many people prefer to make a memorial donation in lieu of flowers. Some folks are glad to find out about a charitable organization which directs its donations to direct patient service instead of to operational expenses which involve salaries and office upkeep.

FOR FURTHER INFORMATION, OR TO MAKE A DONATION, PLEASE CONTACT:
Pat Burdette, C.S.W., * Panhandle Area Kidney Patients Auxilliary, 5920

**Straight Answers
to Your Questions**

Q: When are ladders unsafe?

A: You have probably heard it before—but more serious accidents take place in the home than most anywhere else. Some of these accidents can be blamed on carelessness with the common ladder. Obviously, falls are responsible for a number of accidents, but you should take great care to be sure you and your ladder do not come in contact with the electrical wiring. Once a ladder contacts a powerline, it becomes energized, and a severe electrical shock can occur. Be sure to keep all television and radio antennas away from powerlines too. Electricity provides many conveniences in our homes, but practice safety to avoid accidents.

**LAND
PRODUCTIVITY
VALUATION**

**MAY LOWER
YOUR PROPERTY TAXES**

The Texas Property Tax Code provides a form of tax relief for farmers and ranchers. If you qualify, your agricultural land will be taxed on its productive value rather than its market value. Productivity valuation may lower the 1985 taxes on your agricultural or open-space land.

If your land has never received open-space (1-d-1) valuation, or if your land has been receiving agricultural (1-d) valuation, you must apply to the appraisal district office before May 1 this year to get tax relief for 1985.

If your land received open-space (1-d-1) valuation in 1984, you will not need to reapply for 1985 unless required by the chief appraiser. Remember, however, that the law requires annual applications for agricultural (1-d) valuation.

Ag-Use valuation can bring tax relief

Is the land you own being used for agricultural purposes? If it is, then you may be eligible for tax relief on that property.

According to Alice Peddy, chief appraiser of the Hansford County Appraisal District, landowners can apply for special lower valuation of their land based on what it will produce rather than what it would sell for in the open market.

Landowners should apply before May 1 this year for any property to receive agricultural-use valuation, or for open-space land valuation of any property that did not receive that type of appraisal in 1984. Applications made after May 1 and until the appraisal records are approved are subject to penalty for late filing.

Mrs. Peddy said that the legal basis for special land appraisal is in the Texas Constitution in Art. 8, Secs. 1-d and 1-d-1. "The two types of land and valuation are commonly called ag-use or 1-d and open-space or 1-d-1," she added.

"The requirements for application and for qualification of both the land and the owner are different for the two types of appraisal," Mrs. Peddy said.

For 1-d ag-use valuation, the owner must apply to the chief appraiser each year. The land must be owned by a "natural person," not a corporation, partnership, agency or organization; the land must have been devoted exclusively to agricultural use for at least three years before the year application is first made; and the agricultural business conducted on the land must be the owner's primary occupation and source of income.

Also, the chief appraiser must determine that the landowner qualifies and must approve the application. The owner has to file a sworn statement each year he applies, attesting to the land's agricultural use.

For the other type of land valuation, 1-d-1 open-space, the land may be owned by and individual, corporation or partnership, and the agricultural business need not be the principal business of the owner. Agricultural and timber lands and ecological laboratories are eligible for 1-d-1 appraisal.

However, the land must be

involved in qualifying agricultural use to the degree of intensity generally accepted in the area; it must have been devoted principally to a qualifying use for at least five of the preceding seven years; and, again, the chief appraiser must approve the application.

Once the chief appraiser approves an application for 1-d-1 valuation, the landowner need not apply again as long as the land qualifies, unless the chief appraiser requests another application to confirm current qualifications.

Mrs. Peddy also pointed out the possibility for a "rollback tax" under either form of special land valuation. This liability for additional tax is created under 1-d valuation either by sale of the land or by additional tax is created under 1-d valuation either by sale of the land or by a change in use of the land. The rollback extends back to the three tax years prior to the year in which the changes or sale occurs.

Under 1-d-1, a rollback is triggered only by a change in use to a nonagricultural purpose that would not qualify for productivity valuation. Taxes are recaptured for the five years preceding the year of the change.

The additional tax is measured, Mrs. Peddy said, by the difference between taxes paid under productivity valuation provisions and the taxes that would have been paid if the land had been put on the tax roll at market value.

Mrs. Peddy noted that owners of agriculture lands located in more than one appraisal district must apply for productivity valuation with each district. Failure to do so could result in one or more taxing units taxing the land on its full market value.

More information and application forms are available from the appraisal district office. Personnel there will be able to assist landowners with the information necessary to determine if their property qualifies for the special valuation. The office is located at 709 West 7th, Spearman, Texas and open Monday through Friday from 8:30 a.m. - 5:00 p.m.

Texas Aggie Muster planned

Former students and friends of Texas A&M University will assemble in Borger April 21st for the annual Texas Aggie Muster. The Muster activities will begin at 2:00 p.m. with a luncheon to be held at the Prime Rib Restaurant in Borger. The luncheon will be followed by the Muster ceremony and a program. All former students, their families, and friends of Texas A&M University are invited to attend.

The Aggie Muster dates back to the mid-1860's and has been held annually since. During wars, the Aggies mustered in foxholes, on the battlefield, aboard ships, in airplanes, and in hospitals. During World War II, a Muster was held on Corregidor Island shortly before the Japanese captured the island.

Every Muster ceremony is the same. The Texas Aggies pay their respect to their nation, the state of Texas, their University, and to those who are absent, because of death, since the last Muster. When the names of the honored dead are called from the Muster Roll, a friend answers, "Here". More than 500 Musters will be held around the world this year on April 21st, wherever Texas A&M former students live and work.

Anyone wishing information about the Muster may call the officers of the High Plains A&M Club at 273-6036 or 878-2240.

Scholarship offered

The Anadarko Basin Section of the Society of Petroleum Engineers (SPE) is offering a scholarship to interested high school seniors or college undergraduates planning on pursuing a degree in Geological or Petroleum Engineering. To qualify, the applicant must be a resident of one of the counties included in the Anadarko Basin Section, and have a scholastic grade point average of B or above. Details are available in many local high school counselor's offices or can be obtained by contacting Brian Powers at (316) 624-6241 Ext. 347. The deadline for applicants is April 20, 1985, and the scholarship recipient will be notified by May 1 1985.

Organization against forced school consolidation

Spokesmen for Texans for Local Control of Public Education Wednesday urged members of the House Public Education Committee to approve a proposed constitutional amendment to prohibit forced consolidation of Texas' school districts.

"On paper, consolidation may be better, but in long term reality, it is not better -- educationally or economically," said Joe Atkinson, member of the board of trustees of Hunt Independent School District and secretary of TLCPE.

Atkinson said that TLCPE, a statewide organization of more than 600 members including more than 200 school districts, strongly supports the proposed amendment, House Joint Resolution 33, sponsored by Rep. Bill Haley, D-Center. He added that advocates of consolidation overlook that in small school districts, such as Hunt ISD, the school is the focal point of the community.

"The community calendar is fringed around school," he said. "It is the foundation of our community on which all activities are based. If the foundation is taken away the heart of our community will be gone."

Dr. Eli Douglas, superintendent of Garland Independent School District and president of TLCP, said that most consolidation movements have been directed toward small, rural school districts, but that opposition to consolidation is shared by school districts of all sizes and geographic location.

Douglas said that research shows that small districts generally have smaller pupil-teacher ratios, greater student retention rates, greater levels of student satisfaction, higher opportunities for student participation in school-related activities, a higher degree of individual attention toward students, and a much larger percentage of students who hold positions of importance and responsibility.

To God: a note of thanks

By Mrs. E.A. Greever

Friends, in previous articles, we have learned or should have of what is required that these mortal bodies put on immortality. In other words, that we will be given eternal life and this has been beyond doubt that we repent with a godly sorrow and all sins we have committed have been forgiven and the nature to sin has been washed by the blood shed by God's Beloved Son. And now I want to thank God that his Son suffered for what we need in these mortal bodies while we wait for that eternal blessing. In Isa. 53:5, we read-By his stripes we are healed. In Peter 2:24 by his stripes we were healed.

At the last supper Jesus had with his Apostles he took the bread, broke it and said, "Take, eat, this is my body." He took the cup and gave thanks and gave it to them saying, "Drink ye, all of it. For this is my blood, which is shed for many for the remission of sins." Matt. 26:26-27-28.

This, the sacrament as we speak of it. In Cor. 11:29-30, we read, "For he that eateth and drinketh unworthily eateth and drinketh damnation to himself, not discerning the Lord's body. For this cause many are weak and sickly among you and many sleep. Here let us be reminded by the written word found in the Old Testament that healing and health are promised by being obedient to God.

Deut. 7:15 says, and The Lord will take away from thee all sickness and will put none of the evil diseases of Egypt which thou knowest upon thee, but will lay them upon all them that hate thee. Friend if you are really hungry along this line or any other need it will bless you to read the entire 28th chapter of Deut. It would fill too much space in the Reporter for me to write all of it. Rich promises are ours if we will obey God. Jer. 17:14. Heal me, O Lord, and I shall be healed. Save me, and I shall be saved, for thou art my praise. Psalms 103:3-4. Bless the Lord, O my soul, and forget not all his benefits. Who forgiveth all thine iniquities, who healeth all thy diseases. The Bible declares by the mouth of two or three witnesses shall every word be established (made firm or sure) Mat 18:16.

Friends it is impossible for you or me to read Matt.-Mark-Luke and John and not know Jesus healed all that came to him, it made no difference what the trouble was, unless we are as of some we are told about in the word. Eyes to see and not see, ears to hear and not hear. He also took our infirmities (that really come as the years are added) Isa. 53:4 also Matt 8:17. Now let us hear again what Jesus told the two disciples of John the Baptist who were sent to ask him if he was the one to come or should they look for another. Jesus answered, and said unto them, Go and show John again, these things which ye do hear and see. The blind receive their sight and the lame walk, the lepers are cleansed and the deaf hear, the dead are raised up and the poor have the gospel preached unto them, and blessed is he whosoever shall not be offended in me. (Who believes).

How can we be healed in 1985? If anyone comes to the Lord and expects to receive, we must have faith, and the Bible tells us faith cometh by hearing and hearing by the word of God. For commandments or for promises what God says will be or can be. He has promised anything we ask in his name he will do. In James 5th chapters 13-16 we read "Is any among you afflicted? Let him pray. Is any merry? Let him sing psalms. Is any sick among you? Let him call for the elders of the church and let them pray over him anointing him with oil in the name of the Lord. And the prayer of faith shall save the sick and the Lord shall raise him up and if he has committed sins they shall be forgiven him. Confess your faults one to another and pray one for another that ye may be healed. The effectual fervent prayer of a righteous man availeth much."

The stripes Jesus bore heals in 1985.

The blood Jesus shed saves in 1985.

Thank you God: What you have done for others you will do for us.

"A friend I've Found". One verse and a chorus following.

A friend I've found
who bore my grief
From sin and pain he bought relief
So I'll lift high
this wonderful friend
His name is Jesus on him I depend

Chorus

The deaf can hear
the lame can walk
The blind can see
the dumb can talk
All sins forgiven all diseases healed
O come to him I now appeal

Many years ago aside from one member of the E.A. Greever family and two of his sisters had food poisoning. He, the son W.R., the two sisters and one or two others were in the Hansford Hospital deathly sick. Dr. Kleeberger said to me, "Are you sick?" I replied, "I certainly am, but since 1919 the Lord has been my physician." I could never forget his kind reply, O.K. At this time the church had met for the evening service which proved to be a real prayer meeting. All lives were spared. Thank God.

The conclusion of this message: Beloved I wish above all things thou mayest prosper and be in health, even as they soul prospereth. 3rd John verse 2.

DECORATIVE TILES ADD CREATIVITY

Decorative tiles are showing up in what were once considered unconventional places. They are no longer to be found only on counters and back splashes or baths and showers.

Using decorative tiles for baseboards is different yet highly practical too. Insets on cabinet doors to match counter tiles also make a nice effect. Other new uses for tiles include lining door facings, outlining windows and covering fire boxes. With the popularity of houseplants, ceramic tiles are also a natural waterproof way to cover window seats and tables.

Ceramic tiles may be used in a single pattern or a combination of patterns which create a new art form. There are now full wall patterns creating a scenic or floral effect which are adjustable according to wall size. The scope of your creativity is really the only limit on using tiles.

Our proximity to Mexico makes Mexican hand-painted tiles a

Southwest favorite. The tiles are handmade and hand painted and are often a bit out of square and slightly pillowed or warped. Mexican tiles are reasonably priced and can be installed by homeowners themselves.

The greatest producers of ceramic tiles are the Italians. Their tiles are usually 8 by 8 inches and vary from the strictly machine-made to the more expensive, decorative hand-painted variety. Most of the Italian tiles can be used for floors as well as counters and walls. The floor tiles are rated by the manufacturers as to the toughness of their glazes - residential, light commercial and heavy commercial.

Beautiful decorative tiles are also produced in Holland, Portugal and Spain. They are an old art form that is finding new expression in contemporary American homes.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion, handicap or national origin.

Property renditions due May 1

Alice Peddy, chief appraiser for Hansford County Appraisal District, reminds district residents that property renditions must be in the appraisal office before May 1.

A rendition lists taxable property on a special form available at the appraisal office, and can include the owner's opinion of the property's value. Anyone who on January 1 owns or manages tangible personal property used to produce income must render that property for taxation. Examples of personal property which must be rendered are business inventories, office furniture and fixtures and business vehicles.

Property owners must file renditions with the chief appraiser of the county appraisal district in which the property is located. The chief appraiser may also require a person to render any other taxable property that he owns or manages, by delivering written notice of the rendition requirement and an appropriate rendition form.

Although Texas law doesn't require the average property owner to render a home or personal property not used to produce income, anyone may voluntarily file a rendition with the appraisal district.

Rendition is a means for the taxpayer to record his opinion of his property's value. By rendering the property, the owner also gains the advantage of being sure he'll get notice if a higher value is placed on the property by the appraisal office, allowing the owner time to protest the value to the appraisal review board.

Any taxpayer who believes that his property's value has decreased during the preceding tax year, for any reason other than normal depreciation, may make a "report of decreased value" to the chief

appraiser. This report describes the property and states the nature and cause of the decrease.

Forms for renditions and the report of decreased value may be obtained from the Hansford County Appraisal District office. Anyone filing a rendition or report must include all the information requested on the form, and it must be signed by the property owner or authorized agent.

When rendering property, it is not necessary to state a market value for it, Mrs. Peddy said. She also said that renditions and property reports are confidential and not open to public inspection.

The forms should be filed with Mrs. Peddy before May 1 at the appraisal district office, 709 West 7th, Spearman. For more information, call 659-5575 or 733-5139.

Vereran's tax exemption

Are you a veteran with a service-connected disability? Are you the surviving spouse or minor child of a deceased disabled veteran, or of someone killed on active duty?

A person who fits any one or more of these descriptions may be eligible for a property tax exemption of \$1,500 to \$3,000, according to Alice Peddy, chief appraiser of the Hansford County Appraisal District.

"Anyone who has not received this kind of exemption before has to apply by May 1 with the appraisal office to get the exemption for this tax year," Mrs. Peddy said. "However, if you received the exemption in 1984, you do not need to reapply in 1985."

The exemption can be deducted from the value of any one piece of property which the applicant designates, such as a home or car or any other property the applicant owned on January 1.

Those listed by Mrs. Peddy as eligible to qualify for the exemption are:

- a disabled veteran;
- a surviving spouse of a deceased disabled veteran, as long as the spouse remains unmarried;
- a surviving minor child of a deceased disabled veteran, if the veteran's spouse does not survive the veteran and if the child is both under 18 and unmarried;
- a surviving spouse of a person who was killed while on active duty, whether the spouse is remarried or not at the time of the application;
- a surviving minor child of a

person who was killed on active duty, if the child is both under 18 and unmarried.

In order to qualify, a person must be a Texas resident. The amount of the exemption, Mrs. Peddy said, is based on the percentage of the veteran's disability. An individual may be entitled to an exemption ranging from \$1,500 to \$3,000 from the value of any property owned on January 1 of the tax year.

Mrs. Peddy emphasized that the exemption no longer has to be filed for annually. Persons who received the exemption in 1984 are not required by law to reapply in 1985.

However, an applicant must file before May 1 if no previous exemption form is on record, or if the chief appraiser requests an application to confirm current qualifications.

On the application, the individual must designate the single piece of property which will receive the exemption and may have to present documents stating the percentage of service-connected disability. Such documents are provided by the Veterans Administration or by the branch of the armed services in which the veteran served. Depending on the applicant, proof of marriage, death or age may also be required.

To obtain for the disabled veterans' and survivors' exemption or for more information about specific qualifications, Mrs. Peddy urges taxpayers to contact the appraisal office at 709 West 7th Spearman, Texas phone 659-5575 or 733-5139.
