New Superintendent named for Spearman I.S.D.

Larry Gene Butler

Dr. Tom Latta, President of the Spearman I.S.D. announced this week that Larry Gene Butler of Clyde, Tex. has been named as the new Superintendent of Schools for Spearman to replace James Cunningham, who is retiring.

Larry Gene Butler will take over his duties of Superintendent in July of 1985.

The new superintendents family includes his wife, Paula, and two sons, Bradley, 9, who is in the 4th grade and Corey, 7, who is in the 1st grade.

The educational professional training of the new superintendent began when he graduated from Hamlin in 1964. In 1966 he received his A.A. Degree from Cisco Jr. College. In 1972 he received his B.S. Degree from McMurry College in Abilene, Tex. Also in 1972, he received his Masters Degree in Education from Sul Ross State at Alpine, Tex. He did additional post graduate work at Lamar University in Beaumont, Tex. and Abilene Christian College at Abilene, Texas.

His teaching and administrative experience began at Hamlin, Tex., where he was a teacher and coach from 1969 to 1971. He became a graduate assistant at Sul Ross University at Alpine, Tex. from 1971 to 1972. He moved to Monahans I.S.D. and taught the 1972-73 year. In 1973, he was appointed as principal of Hamlin I.S.D. and served to 1979. He was appointed Assistant Superintendent at Vidor I.S.D., Vidor, Tex. and served 1979 to 1982. In 1982 he was

appointed as Superintendent of Clyde I.S.D. and will serve there till July, 1985, when he and his family will move to Spearman.

Professional affiliations include the American Association of School Administrators, Texas Association of School Administrators (Committee Appointment), Association of Supervision and Curriculum Development, Phi Delta Kappa, and Texas Association of Community Schools (Committee Appointment and Appointment to Executive Board beginning August 1, 1984.)

Ross Donahue is All-State Quarterback

Ross Donahue

Ross Donahue was selected as All-State, Class AA, 2nd team quarterback by the Texas Sports Writers Association.

This year Ross has also been named All-District, Class 1-AA; Team Captain; Honorable Mention defensive end 1-AA. He has also been selected three times by Amarillo Globe News as Player of the Week. He had 1642 yards in passing; 29 touchdowns, 19 which were passing and 10 rushing; 47% completion ratio, and he helped the team win the co-championship in District 1AA with Panhandle, who eventually played in the state championship game in Class AA. He was starting quarterback for three years. Lance Lahnert, Sports Writer of Globe News stated Ross was "one of the best quarterbacks the Panhandle has produced for

many years".

Ross was All-District in 1983-84 Basketball in District 1-AAA and was voted MVP of the District last year. He will surely be selected on the All-District Basketball Team this year in 1-AA.

He also won district last year in tennis singles and in doubles with Mark Pearson and just missed going to State in tennis doubles, as they were eliminated from Region by the eventual State Champions.

To finalize, Ross will surely have an opportunity to continue his athletics in college in whichever sport he chooses.

Coach Larry Lanier stated "Ross is the first All-State Football player that I've coached in my six years as head coach!"

Services held for Mary Brown

Mary Lois Brown, 64, died Thursday, January 17, 1985 at St. Francis Hospital in Wichita, Kansas. Mary lived in Spearman for the last 14 years, moving to Greensburg, Kansas 4 1/2 months ago. She was born April 20, 1920 in Pratt, Kansas, and married G.I. (Dude) Brown, Jan. 4, 1942 at Trousdale, Kansas.

Zielke of Dalhart, TX; and 14 grandchildren.

P.D.W.A. Dam Issue Passes

The cities of Dumas, Sunray and Stinnett overwhelmingly approved a proposition to join the Palo Duro Water Authority.

As we go to press we learn that Dumas carried by a vote of 518 for and 112 against the PDWA. On

the taxation issue, 465 voted for and 143 against in Dumas.

Sunray also voted for both propositions but the results of the election in Sunray were not available at press time.

Fugitive of the Week

PASADENA, Texas -- Edward Harold Bell has been running from the law for the past five years.

Bell, now 45 years old, is wanted for Failure to Appear in Court on Charges of Murder and four counts of Indecency with a Child.

This week, Bell has been selected as the first fugitive to be featured as Texas Most Wanted. A \$1,000 reward is being offered by the Texas Crime Stoppers Advisory Council for information leading to Bell's capture.

A former diesel mechanic, construction worker and pharmaceutical salesman, Bell was originally apprehended August 24, 1978, just a short time after he allegedly

shot and killed Larry Dean Dickens, 26, of Pasadena.

Police reports indicated Dickens was at his mother's house and saw a man exposing himself to children in the neighborhood. Dickens, who was the father of a young daughter, went outside and grabbed the keys to the suspect's truck in an effort to detain him for police.

It was a brave act that cost him his life.

The suspect pulled out a pistol and began shooting at Dickens, who staggered into the garage of his mother's home and collapsed on the floor with his wounds. Witnesses say the offender then pulled a rifle out of his truck, walked into the garage and -- ignoring pleas from Dickens' mother that his life be spared -- shot the young man in the head at close range.

A short time later, police apprehended Edward Harold Bell.

Bell is described as a white male, 5'11", 220 pounds, with brown hair and hazel eyes. He forfeited a \$125,000 bond when he failed to appear in court on January 8, 1979, to stand trial.

Anyone with information about Bell's whereabouts is asked to call the Texas Crime Stoppers program. Callers do not have to reveal their identities.

Texas Most Wanted is a weekly cooperative effort between Crime Stoppers and the Department of Public Safety and is designed to enlist the support of citizens in determining the location of dangerous fugitives.

Cash rewards are also offered on a regular basis for information leading to the capture of other wanted felons.

3.4 million veterans will share in dividend

The 3.4 million veterans who have kept their GI life insurance policies in force will share in an annual dividend distribution that, for the year 1985, will total a record \$798.8 million.

Administrator of Veterans Affairs Harry N. Walters said the record high dividend was made possible because of lower death rates among policyholders and high interest earnings on the insurance funds' investment.

No application for the annual dividend is needed, Walters stressed. Each policyholder will receive the dividend in the month of the anniversary date of the individual policy. Payments will be made in the manner selected previously by the policyholder. Choices range from cash to the purchase of paid-up insurance.

Government life insurance has been issued through various periods starting January 1, 1919, through May 2, 1966, to veterans of World Wars I and II and the Korean Conflict. The only VA-administered program now open to new issues is Service Disabled Veterans Insurance. It is available, without dividends, to veterans with service on or after April 25, 1951, who have a service-connected disability.

Not affected by the dividend payout are Vietnam Era veterans and post-Vietnam Era veterans who fall under different life insurance programs. They are the Servicemen's Group Life Insurance, the Veterans Mortgage Life Insurance, and the Veterans Group Life Insurance. These are group programs that do not pay individual dividends.

The 61,751 holders of United States Government Life Insurance (USGLI

with file numbers prefixed by K) will receive an average dividend of \$248 out of a total distribution of \$15.3 million. These policies were issued mainly during World War I.

Some 2.8 million World War II veterans, who kept their National Service Life Insurance (NSLI prefixed with V) in force will receive an average \$142 dividend on Modified Life Plan policies, \$332 on other permanent plan policies and \$116 on term policies. The total dividend distribution on these policies is \$688.2 million.

The newer Veterans Special Life Insurance (VSLI, prefixed with RS and W) will pay out a total of \$65.8 million to 352,748 policyholders. The average payment to W term policyholders will be \$73, the RS term will receive \$113, and the W permanent plan \$217.

The Veterans Reopened Insurance (VRI) program will pay \$28.6 million to the 145,200 holders of J, JR and JS policies with J policyholders receiving about \$183, JR \$287, and JS \$469.

Dividends for individuals covered under each program will differ according to age, plan selected, and length of time the policy has been in force.

Cost-effective tuition policy needed

With state appropriations to Texas public colleges and universities soaring, and tuition rates remaining constant, students in Texas and around the nation have enjoyed the benefits of a heavily subsidized education. A more realistic, cost-effective tuition policy is needed to avoid drastic cuts in education services according to the Texas Research League.

A study by the Austin-based public policy research group reveals that tuition collected in 1983 covered less

than 2% of the \$2.4 billion appropriated by the legislature for higher education support. Tuition and fees in Texas public universities are the lowest of any state in the nation in virtually every category.

The League also points out that the median income of families with a student in college was \$31,739 (1982 figures), well above the median income for all families. This suggests that a substantial part of the college population has sufficient financial resources to pay a larger share of the cost of their education.

However, with higher tuition rates, many students will require additional financial aid in order for them to pursue a college education. Thus a two-tiered approach to tuition rates--charging a higher rate to those with the ability to pay and using some of those increased revenues for additional loans or grants to those in need--is one of several solutions to the tuition dilemma.

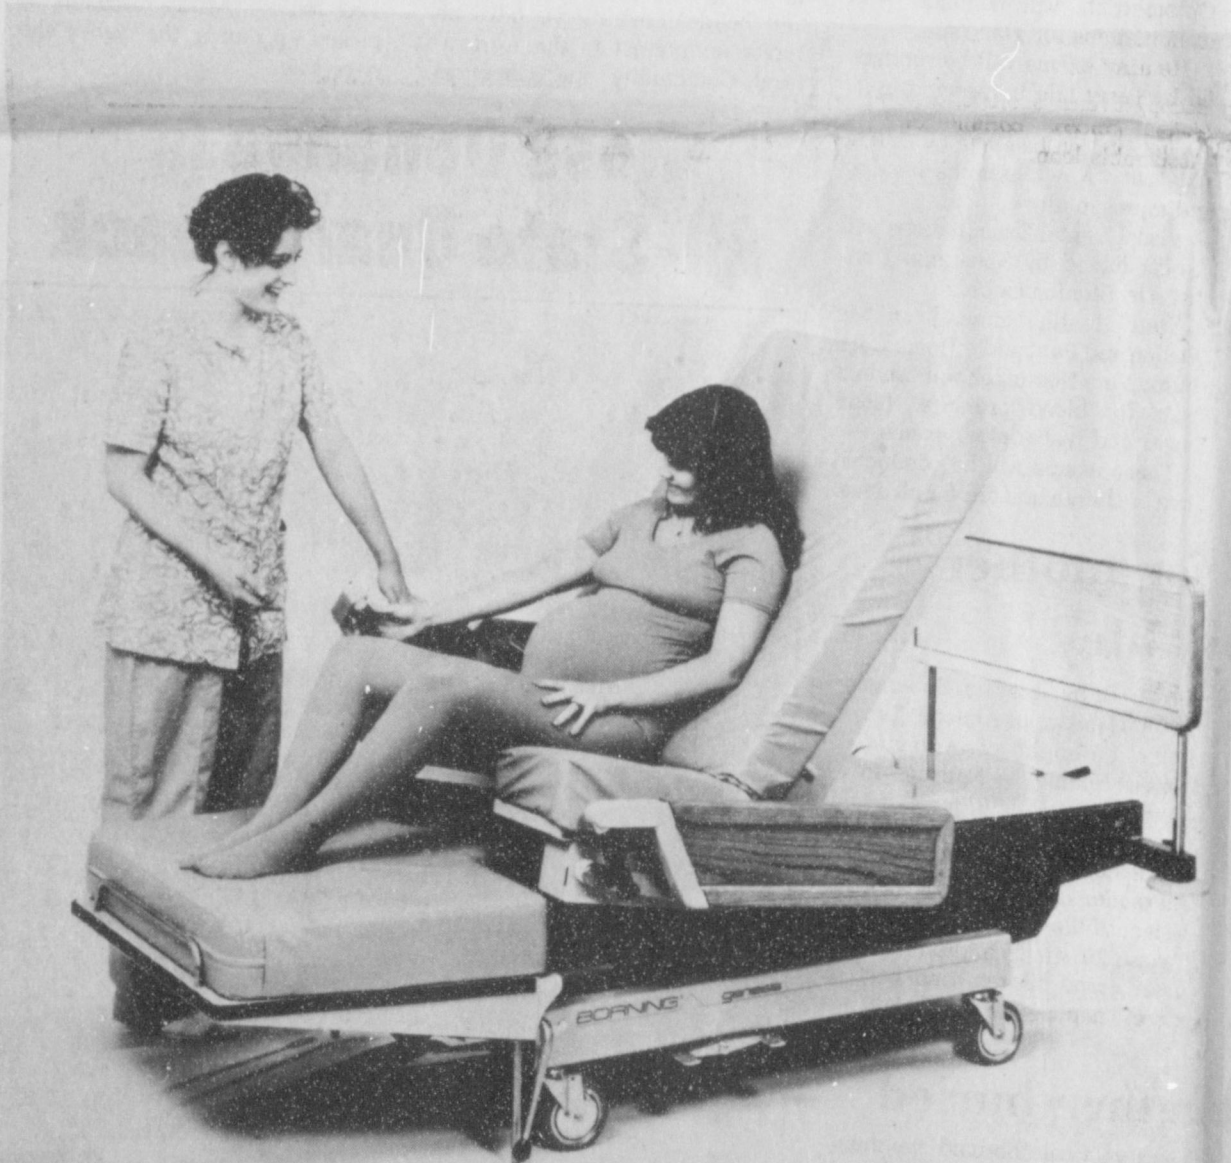

Other remedies include charging higher tuition for graduate than for undergraduate study, and higher

rates for students attending UT and TAMU, since those universities offer a richer variety of courses than other public universities.

Whatever solution is chosen to address the funding problem for Texas colleges and universities, an overall tuition policy related to cost is more desirable than a tax increase which would impact more heavily

A Birthing Bed demonstration was given on January 16th at Hansford Hospital by Dick Bledsoe, representative of the Borning Company. This demonstration was for the purpose of viewing and demonstrating this unit to the people of Hansford County. Donations for the bed can be made at the First State Bank of Spearman, Account Number 17-025-9 or to Box 737, Spearman, Tex. For more information, call Carol Stavlo, R.N. at 659-2535, ext. 39 or Carol Fletcher, R.N. at 659-3761 [work] or 659-3172 [home].

Comfort and reassurance keys to Hansford Hospital OB program

It looks like a regular bed with tasteful, flocked sheets and oak headboard. In reality, it is a sophisticated birthing chair, specifically designed to handle all obstetric requirements of both normal and complicated childbirth. It is the Borning Genesis, produced by The Borning Corporation of Spokane, Wash.

The birthing room provides a medically-safe environment for birth. In contrast to the standard system of transferring from a labor room to a delivery room and recovery room, the birthing room allows the family to remain together in one room throughout childbirth. This is an important part of family-centered care, which focuses not only on the mother's medical needs, but on the emotional and social well-

being of the entire family unit. Reducing stress helps the mother to cope with labor, and allows greater family participation in the birth.

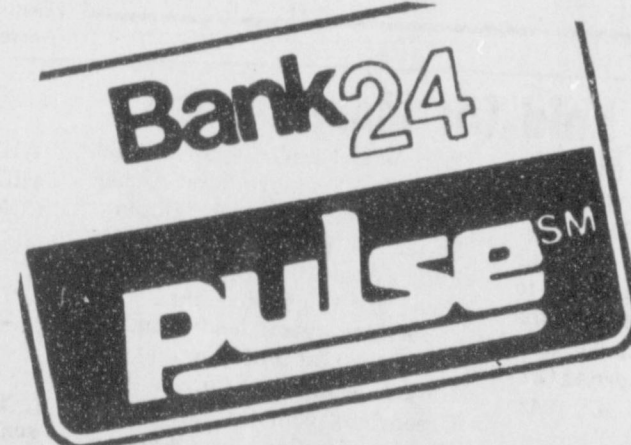

The bed also helps the mother because she can change its shape to produce the most comfortable positions. Because the bed forms a birth chair, she can see her baby being born, and use the sitting position which makes birth easier. The baby and mother remain together in the bed during the bonding period, when the parents get acquainted with their new baby.

Birthing rooms have become very popular with parents who want safe, quality maternity care in a peaceful, caring environment. It is particularly appreciated by mothers who are at increased risk,

we are already concerned about possible complications. Recognizing the special benefit of the birthing room's reassuring environment to these mothers. The Borning Genesis, which has all the capabilities of a delivery table for anesthesia, forceps deliver and all obstetric procedures. Now even high-risk mothers are able to enjoy the supportive atmosphere of the birthing room, from which previously they were almost always excluded.

For more information about the new birthing alternatives of today call Carol Stavlo at 659-2535 or Carol Fletcher at: 659-3761 (work) or 659-3172 (home).

Drug Use and Abuse: What Can We Do?

One possibility is teaching our elementary school children the art of saying "no".

Monday, January 28, at 7:30 P.M. in the Elementary/Jr. High Cafeteria, the Spearman PTA will present a videotape introducing McGruff's "Take A Bite Out Of Crime" Elementary School Puppet Program. McGruff is the famous spokesdog featured in radio, television and newspaper ads nationwide.

The puppet program grew out of a serious desire to teach children (kindergarten through sixth grade) safety and crime prevention in the classroom. Some of the subjects McGruff discusses are:

- Stranger Danger
- Drug Abuse
- Alcohol Abuse
- Child Molestation

- Child Abuse
- Traffic Safety
- What To Do In An Emergency
- Fire Safety

- Respect for Authority
- Bicycle, Roller Skate, and Skateboard Safety

Texen's War on Drugs, Lions Club War on Drugs, local PTA's, law enforcement agencies, schools and many other concerned organizations are working to implement this program in elementary school throughout the nation.

New research shows wet roads can cause trucks to hydroplane

COLLEGE STATION — Test track research at Texas A&M University has revealed that big truck tires can hydroplane on wet roads, creating potentially dangerous control problems.

The discovery explodes a myth widely held by engineers for the past 20 years that truck tires do not hydroplane. When a tire hydroplanes, it rides up on a thin film of water, losing contact with the pavement, much like the action of a water skier.

The results of the test done by the Texas Transportation Institute could have significant impact on reducing traffic accidents involving unloaded 18-wheelers on wet roadways, said Dr. Don L. Ivey, TTI associate

director.

Ivey, a veteran transportation researcher, made the discovery after the idea was suggested to him by Walter B. Horne, a retired NASA engineer and scientist and foremost authority on pneumatic tire hydroplaning.

"Horne said he had written a paper predicting that truck tires in an extremely low load condition will hydroplane at highway speeds and explained why this should occur," Ivey said.

The Federal Reserve System, the central banking system of the U.S., was established Dec. 23, 1913, by Congress to give the nation an elastic currency and to improve supervision of banking. The World Almanac notes. Today the system's primary function is to foster a flow of credit and money that will facilitate orderly economic growth, a stable dollar, and a long-run balance of international payments.

Louis Prang engraved the first American Christmas cards in 1874, for export to England. Such cards were not sold in the U.S. until 1875. Prang's earliest cards depicted non-Christmas subjects such as roses, robins perched on tree branches with icicles, and even

"pin-up" girls, rather than today's familiar scenes of the nativity, Christmas trees, holly and mistletoe, The World Almanac notes.

"FILING SHORT FORM NOT SIMPLE," SAYS H & R BLOCK

Two different short forms and new deductions make short form filing more complicated this year.

You may not be eligible or it may not be to your advantage to file one of the two short forms. The short forms, including the new 1040EZ, can only be used by taxpayers meeting certain strict requirements. You are limited in deductions on the short forms. Using the wrong form could cost you money, or even mean an audit.

You will have peace of mind in

knowing H & R Block's personal, courteous, and competent service is yours... at a very reasonable price. One Day Service is also available for your convenience at any H & R Block office.

H & R Block's tax preparers are trained to know which of the forms - 1040EZ, 1040A, 1040 - gives you the maximum tax advantage for your individual requirements.

NOTICE OF INTENTION TO CONDUCT WEATHER MODIFICATION OPERATIONS IN THE STATE OF TEXAS

Date of the first of three weekly publications of this Notice: 1/17/85

1. Notice is hereby given that Irving P. Krick, Inc. of Texas, 748 Vella Road, Palm Springs, California 92264, has filed an application with the Texas Department of Water Resources for a State permit to conduct weather modification operations to change or attempt to change the natural development of clouds for the purpose, objective, period, and by the method summarized hereinbelow.
2. Irving P. Krick, Inc. of Texas has a valid Texas weather modification license that was issued in 1972 and renewed each subsequent year, most recently on October 9, 1984.
3. The purpose of the weather operation is to increase rainfall to affect and benefit rangeland and agricultural interests of the client. The period of the permit is for one year from about March 1, 1985, with options for continuation of the program during similar periods beginning March 1, of 1986, 1987 and 1988.
4. The proposed weather modification operation is to be conducted for and on behalf of the Hitch Agri-Business, Inc., P.O. Box 1308, Guymon, Oklahoma 73942, for the Hitch Ranch area in Texas County, Oklahoma.
5. The proposed weather modification operation is to be carried out in both an "operational area" and a "target area" to cause the intended effects to occur only in the target area. The operational area is that area described by the Texas counties of Valliam, Hansford, Moore, Ochiltree and Sherman, and the Oklahoma counties of Cimarron and Texas.
6. The area to be affected by the proposed weather modification operation is the target area. The target area is that area described as that portion of Texas County, Oklahoma that is within the rectangular area bounded on the east by a 12 mile north-south line which extends from the State line through Hitchland, Oklahoma to State Highway No. 3, then to a point 7 miles west along the highway, then 12 miles due south to the State line, then 7 miles east along the State line to the origin.
7. The methods and materials to be used in conducting this operation are summarized herein: a licensed cloud-seeding meteorologist/technologist will use standard meteorological analyses, forecast techniques, observations, and plume dispersion models to initiate the release of the seeding particles, silver iodide crystals, from a network of ground-based generators at a time calculated to affect the formation of cumulonimbus clouds.
8. The Texas Water Commission shall, if requested by at least 25 persons, hold a public hearing in the area where the operation is to be conducted prior to the issuance of a permit. No public hearing will be held on this application unless a request for a hearing is made within 30 days of the date of the first publication of this Notice. Requests for a hearing should be made in writing to the Office of General Counsel, Texas Department of Water Resources, P.O. Box 13087, Capitol Station, Austin, Texas 78711. Telephone (512) 475-7836.
9. Requests for further information about the proposed weather modification operation should be made to the Weather and Climate Section, Texas Department of Water Resources, same mailing address as above. Telephone (512) 475-6318.

Spearman Members Attend Tri City Porcelain Art Club Meeting

Four members of the Tri-City Porcelain Art Club from Spearman met at La Dee's Collectibles in Borger Saturday, January 19 for their regular monthly meeting.

After the business meeting, the members enjoyed a short demonstration on painting bisque eggs given by Mrs. Roy McDowell of Fritch. Many lovely, handpainted eggs were on display. Methods of placing patterns on eggs were demonstrated and the use of enamel on bisque was discussed.

Mrs. Veta Allaway of Gruver displayed a beautiful plate showing the result of using lacquer over

gold on hand painted china, and discussed methods used in achieving the finished piece.

Following these discussions members enjoyed a luncheon served by hostesses Mrs. Waymon Edwards and Mrs. J.W. Pipkin of Spearman.

Present were: Mrs. Jerry Blankenship and Mrs. E.T. Waller of Stinnett, Mrs. Clara McDowell and Mrs. Jacob Flick of Fritch, Mrs. Veta Allaway of Gruver, Mrs. Harlan Getman of Borger, Mrs. Willard Davis and Mrs. Joe Traylor and the hostesses of Spearman.

Farm Bureau Leadership Conference Jan. 27-29

AUSTIN -- More than 700 state and county Farm Bureau leaders will meet here Jan. 27-29 for the annual Texas Farm Bureau Leadership Conference.

Registration will begin Sunday, Jan. 27, at the Hilton.

Gov. Mark White is scheduled to give an address to the legislative dinner, Jan. 29, at the Hilton. State officials and legislators are invited for the event. S.M. True, TFB president, will outline the farm organization's legislative objectives at that session.

Rep. Stan Schlueter of Killeen, chairman of the House Ways and Means Committee, will speak at the Tuesday luncheon. Monday dinner speaker will be Vaughn Gray, Austin, executive vice president, Southwest Food Industry Association.

True will open the meeting Monday at 10:30 a.m. with a talk on 1985 goals of the organization. Warren Newberry, TFB executive director, will outline the purpose of the conference at that session.

Farm Bureau leaders invited to attend the conference include county Farm Bureau presidents, the chairmen of the commodity, state affairs, membership and young farmer and rancher committees, along with the 16-member TFB Water Study Committee and the newly-formed TFB Farm Labor Committee which will hold its initial meeting.

As charged by the TFB Board, the water committee will present a preliminary report of its water study during the Monday luncheon. TFB State Director John Baker of Temple is the committee chairman.

County leaders from 13 state commodity divisions will participate in the conference. Those divisions include beef cattle, cotton, dairy, feed grains, peanuts, pecans, rice, sheep & goats, soybeans, wheat, poultry, forestry and hay and forage.

The 14th commodity division, citrus, will not meet at this time. There are 202 county Farm Bureaus in Texas which have at least one commodity represented in a state division.

The state and county Farm Bureau leaders will tour the State Capitol on Tuesday, Jan. 29, and visit with their respective legislators.

The county FB presidents will meet during the conference to review the legal and corporate structure of the county and state Farm Bureaus. Part of the session will involve training of presidents as spokesmen and leaders of their respective counties.

The legislative (state affairs) committee will be briefed on the TFB's program for participating in the 69th session of the Texas Legislature. TFB's state legislative priorities for 1985 include water, property and sales taxes, farm labor, education, agricultural appropriations and highways.

TFB's national congressional goals involve a new farm program, reducing the federal deficit, tax reform, immigration reform, trade expansion and consolidation of farm credit boards.

The membership committees will meet during the conference to plan for maintaining and recruiting members.

Mr. Crum is a retired farmer and rancher, and Mrs. Crum was a school teacher for 25 years, and is a real estate broker. Friends are invited to attend the special occasion, and the couple requests that friendship be your only gift.

STRATEGIES

A financial game plan for retirement.

DEVELOPING A PLAN

There is an important way you can help your financial strategy now and at retirement time.

It's with an IRA. Individual Retirement Account from First National Bank in Perryton.

You can help now because it's the biggest tax break ever. Every wage earner can subtract up to \$2,000 yearly from your gross annual income with an IRA. Married couples with a non-working spouse may deduct up to \$2,250 or when both work up to \$4,000.

PROTECT YOUR INVESTMENT

Of course, at the First National Bank in Perryton your IRA is protected up to \$100,000 by the FDIC. And, we charge no maintenance fee.

REACH YOUR GOAL

Then an IRA helps you later because your money draws interest at the highest rates available until you start making withdrawals at retirement. It is remarkable how much momentum an IRA can gather as you head towards retirement. If you start before 30 it can accumulate more than a million dollars.

Houston Rodeo Entertainment Lineup

HOUSTON, Jan. 3, 1985

Go Texas Days were kicked off tonight when the Houston Livestock Show and Rodeo announced its 16-star rodeo entertainment line-up for the 1985 Show, which runs February 20 through March 3.

"We're especially excited about this year's star entertainment because of two Houston rodeo firsts," said show president Dr. Joseph T. Ainsworth. "Continental Airlines, a long-time show supporter, will be our first corporate sponsor when they join with us in presenting the Oak Ridge Boys at both matinee and evening performances Sunday, March 3."

Ainsworth said that in addition to sponsoring the Oak Ridge Boys live performance, Continental Airlines will also be a major sponsor of the Show's television special.

"This substantial contribution greatly enhances our charitable programs that benefit young people," said Ainsworth.

The Houston Livestock Show presently has 885 students in school on show sponsored scholarships with a commitment of more than \$1.8 million.

Ainsworth also announced the Show's first full-length, two-hour concert following uninterrupted

rodeo action. Superstar Willie Nelson will perform Monday night, February 25, after the rodeo is over. That night's regular priced rodeo ticket allows admission to both events.

In addition to Willie Nelson and the Oak Ridge Boys, other star entertainers will be Billy Ocean, Wednesday, Feb. 20; the Judds,

Thursday, Feb. 21; George Strait, Friday, Feb. 22; Ronnie Millsap, Saturday, Feb. 23, matinee performance only; Charley Pride, Saturday, Feb. 23, evening performance only; Exile, Sunday, Feb. 24, matinee performance

only; Janie Fricke, Sunday, Feb. 24, evening performance only; Ricky Skaggs, Tuesday, Feb. 26; Jose Luis Rodriguez, "El Puma", Wednesday, Feb. 27; Conway Twitty, Thursday, Feb. 28; David Frizzell and Shelly West, Friday, March 1; Lee Greenwood, Saturday, March 2, matinee performance only; and, Larry Gatlin and the Gatlin Brothers Band, Saturday, March 2, evening performance only.

Seven of these stars will also appear in the 1985 Houston Livestock Show and rodeo television special to air in the spring and summer. The Oak Ridge Boys will

host the show, which will feature George Strait, Larry Gatlin and the Gatlin Brothers Band, Charley Pride, Lee Greenwood, Conway Twitty and Janie Fricke.

City council member Eleanor Tinsley also presented the mayor's proclamation of Go Texas Days. Go Texas Weekend activities begin Feb. 16 with the big rodeo parade in downtown Houston.

Rodeo performances begin Feb. 20 in the Astrodome. All evening performances are at 7:45 p.m., with Saturday matinees at 11 a.m. and Sunday matinees at 1 p.m. Ticket prices are \$4.00 and \$8.50 and are on sale at all Ticketmaster and Tiketron locations and the Astrodome. All activities conclude March 3.

You are cordially invited to a Bridal Shower in honor of Alicia Ochoa Bride-elect of Paul Lopez, Jr.

J V Lynxettes Shake Rattlers and Roll

The J.V. Lynxettes took an early lead against Stinnett Friday. Score at the end of the first quarter was Spearman 16 - Stinnett 6. By half time, the Lynxettes had extended their lead to 28 to 12. The Lynxettes held Stinnett to only two points during the third quarter, while adding 25 points to their own score to lead 43 to 14. Final score of the game was Spearman 49 - Stinnett 23.

Individual scoring (F.G., F.T., F.T.P.): Mary Lou Baker (6-2-3-14); Donda Pool (4-1-2-9); Jennifer Yarbrough (2-3-4-7); Shari Vernon (2-1-5-5); Tammy Nollner (1-2-5-4); Cindy Womble (2-0-0-4); Amy Runyan (2-0-3-4); Lynnette Dial (0-2-1-2); and Crista Urban (0-0-1-0).

A Centerpiece

We think someone North of here must have opened the gate and let all this mass of cold air plunge down upon us. The temperature kept dropping all day Saturday, Saturday night, and also on Sunday it was miserable with temperatures hovering near the zero mark. However, we were the fortunate ones for it was much worse in many places.

The volunteer ladies are getting blocks started for the Sesquicentennial quilt. This will be a very unique quilt as it will represent scenes from early Hansford County and the Golden Spread. Anyone who might be interested and have a creative mind we would appreciate your cooperation.

The craft day is always on Thursday with a covered dish dinner at the noon hour. Last week we were designing and making pot holders with help from Dorothy Longley. A good number of persons turned out and we accomplished a great deal. These will be used as a project for our Spring Bazaar.

On Tuesday evening, we at the center, will be having games, Dominoes, etc. We hope you remember to come. Bring snacks, desserts, sandwiches, or anything you can too. Hope to see you the 22nd.

Let us not forget the "Health Fair" to be held Friday, January 25, from 9:00 am until 4:00 pm at the Golden Spread Center, 14 S. Haney. This is a "Free Clinic" for all ages. Doug Steger, Spearman Optometrist, will conduct eye examinations for Glaucoma. Jerry Lile, professional hearing aid representative, will be here. Please call 659-3866 for appointments between the hours of 10 am to 4 pm. Visual Dental examinations will be conducted by Spearman Dentist, Dr. Stanton Cobb.

We will also have State Health Nurse, Joan McClellan and Panhandle Home Care Nurse, Vera Domingez, for blood sugars and blood pressures. Jimmy Bryan, Respiratory Therapist from Amarillo will do the respiratory tests.

Do come in, this will be a fine time to have all these checks done at once. OK? OK!

Servitors will host Volleyball Tournament

Servitors club will host a Volleyball Tournament March 28-30. Divisions will include Men's Power Ball, Women's Power Ball and Recreational Volleyball. Interested players should get their teams together soon and be ready to enter the tournament.

Servitors held their monthly meeting January 17 in the home of Peggy Winegamer. Twenty-four members toured the Station Master House Museum. In the business meeting, a donation was made to the museum. Plans were begun for the volleyball tournament.

The next meeting of Servitors will be February 21 in the home of Terry Womble with Brenda Shieldknight and Margy Schoenhals as hostesses.

Bake Sale

There will be a Bake Sale Saturday, January 26th at the Ideal Food Store, Thriftway Grocery, and at Gordon's Drug. The Bake Sale will start at 9:00 a.m. and the proceeds will go toward the purchase of a birthing bed for Hansford Hospital.

Sesquicentennial Committee to meet

The Hansford Sesquicentennial Committee will meet Friday, Jan. 25 for a noon luncheon at the El Vaquero in Gruver. Plans will be discussed and committees appointed for the various activities planned to celebrate 1986.

Panhandle Choir to begin rehearsals

The Panhandle Chorale, under the direction of John G. Slawson, will begin rehearsals for their spring production, "The Creation" by Franz Joseph Haydn, on Thursday, January 24 at 7:30 p.m. in room 205, Hughes-Strong Hall, on the campus of Panhandle State University, Goodwell, Oklahoma. Rehearsals are scheduled each Thursday evening throughout the semester and will

culminate with a performance of the work in late April.

Anyone interested in singing in the Panhandle Chorale should either come to the first rehearsal or contact the conductor, John Slawson, at PSU, (405) 349-2611 EXT. 260, for more information. There are no auditions for membership in the chorus. Vocal scores for "The Creation" will be provided at the first rehearsal.

To God "A note of thanks"

The burdens of life may be many. The frowns of the world may be cold, but God's love, mercy and grace, with that love Christ had in giving His life blood to cover the sins we have committed and cleansing the sin nature with which we were born: makes us a new creature in Christ Jesus! Such marvelous grace.

Gerald Ford to speak at WT

WTSU--Gerald R. Ford, the thirty-eighth President of the United States, has agreed to speak for the inauguration of Dr. Ed Roach as seventh president of West Texas State University on February 9.

President Ford visited the campus of West Texas State in April of 1976. His return at this time will highlight an already impressive investiture ceremony scheduled to begin at 2:00 p.m. in Amarillo's Civic Center Auditorium on Saturday, February 9.

"Enthusiasm on campus is running high since the announcement of President Ford's selection," said Lila Vars, director of development and internal chair of the

inauguration committee. "The presence of a speaker of such national prominence throws a spotlight on West Texas State University at a most opportune time, when we're celebrating both a proud heritage of 75 years and a new beginning under the leadership of Dr. Roach."

T. Boone Pickens, chairman of the WTSU Board of Regents, said, "I'm very pleased that President Ford is coming to West Texas State. President Ford and I have visited together in the past, and I know he shares the concerns we have for WTSU and for the future of higher education in our nation."

Delta Kappa Gamma Meets

The Eta Alpha Chapter of the Delta Kappa Gamma Society held its January meeting at the First National Bank of Perryton on Saturday, January 19.

Donita Fiskin presented a devotional expressing the idea of children being the poetry of life.

The treasurer reported that the Christmas auction brought in \$750.50. This money is used for the grants-in-aid program directed at promoting women in the field of education. Graduating high school senior girls are selected who plan to major in education.

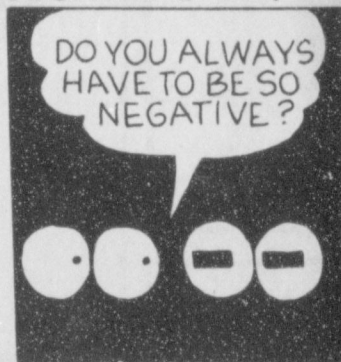

Rita Castle led a lovely ceremony recognizing the twenty-second birthday of Eta Alpha.

Wanda Scott collected money for the World Fellowship according to the birthdays of members.

Nadine Crum presented the program concerning foreign languages in the school curriculum. Rita Castle, Ester Santos and Margaret Langford served on a panel to discuss the programs and facilities available in the schools and communities. Hostesses for the day were Flora Champion, Huberta Stubblefield, Karen Bennett, and Leona Bechtold of Perryton. Others attending from Perryton were Myrna Bell, Darlene Day, Ruth Hannon, Jeanelle Street, Ruby Unruh, Mint Wilson, Juanita Brownlee and Violet Igo.

Attending from Spearman were Minnie Weaver, Dorothy Roden, and Wilma Clark. Also attending were Charmaine Robertson, Vesta Newman, Ruth Schoenhals and Fern Webster of Darrouzett; Aleeyne Kirksey and Irene Hollister of Booker and Barbara Burrus of Lipscomb.

Stinnett voters okay plan to join Palo Duro authority

By David Johnson
NEWS-HERALD CITY EDITOR

In what was considered a "great" turnout, Stinnett voters Saturday overwhelmingly approved a proposition to join the Palo Duro Water Authority.

The 340 citizens who voted also set the minimum and maximum tax the Authority can levy at 1 cent and 6 cents, respectively.

The proposition to make Stinnett a member of the Authority passed by a vote of 326 to 22.

Voters cast 298 ballots in favor of setting the tax limits and 32 against the proposition.

Immediately after the polls closed at 7 p.m., Stinnett Mayor Ron Griffin said, "I'm extremely pleased and I think it will ensure that we will have water for generations to come. I really figured it would pass, but I didn't know it would be by that much of a margin."

Both propositions had to pass in order for Stinnett to become a member of the Authority.

The Authority's victory came to no surprise to other city officials in Stinnett, who said last week the lack of controversy in this issue indicated most people were in favor of the idea.

Ten of Stinnett's 1,500 registered voters cast absentee ballots prior to the election.

Stinnett's membership in the Authority means the city will have permanent rights to buy a portion of the water supplied by a lake the Authority plans to build 9 1/2 miles north of Spearman.

Spearman and Gruver are already members of the Authority. Sunray, Cactus, Dumas and Perroyon have yet to vote on joining.

These towns were offered the first chance to become members because they will be the closest towns to the lake.

If any of these towns turn down their chance to join, the Authority will make the offer to other cities, such as Canyon, Lubbock or Stratford, which already have asked for water from the proposed lake.

Prior to the election, city officials in Stinnett strongly urged citizens to vote in favor of joining the Authority. They said the two wells that supply Stinnett water from the Ogallala Aquifer will run dry in 10 to 15 years because the level of water in the aquifer is dropping.

They told voters Saturday's election would be their only chance to find another source of water for Stinnett.

During a town meeting held Tuesday to discuss the issue, Stinnett City Councilman Buck Formby said, "I don't think we can afford to turn it down. This is a once in a lifetime chance."

City Manager Bruce Titus summed up the feelings of the mayor

and councilmen when he said, "We think in the next 10 or 15 years we're going to be desperate for water or we're going to run out of water. This (election) is the only chance you'll ever have to get a new water supply."

None of the citizens of Stinnett voiced public opposition to the Authority's plans. Several did, however, raise questions about the amount of taxes they would have to pay as a result of being a member of the Authority and how much their water bills would rise when the lake began supplying water.

Authority General Manager Johnnie Lee told them a tax of 1 cent or 1 1/2 cents per \$100 in assessed property valuation would be needed to pay off bonds that will be sold to pay for constructing a dam, water purification facility and distribution system.

A tax of 1 1/2 cents would mean property owners would be taxed an extra \$1.50 each year if their property was assessed at \$10,000.

But Lee had to explain that when voters cast ballots Saturday, they would be voting not only on whether or not they wanted to join the Authority, but they would be asked to set the minimum and maximum taxes that can be levied by the Authority at 1 cent and 6 cents, respectively.

Lee assured citizens the Authority's tax would not be as high as 6 cents. He said the Authority's taxing limits are established by the

State of Texas and the state requires the limits to appear on ballots and be voted upon. He also said all members of the Authority would be taxed at the same rate.

City officials told citizens Tuesday night that water bills would someday rise in Stinnett if the city began receiving water from the lake, but they did not know how much the rates would rise.

Final construction plans will be made when the Authority knows who all of its members will be. Then, cities are expected to know more about future water rates.

Lee said Tuesday that if Stinnett approved the two propositions in Saturday's election, another election would be held in Stinnett in approximately six months so voters could approve the sale of bonds to fund construction of the lake.

If any member cities do not approve the bond election, they will not be allowed to receive water from the lake and will be asked to withdraw their memberships to the Authority, Lee said. If that happens, other towns will be offered a chance to join.

Lee has maintained Stinnett would not have to build new storage tanks or purifications system to accommodate their new water source, because all water distributed from the lake will be treated at a plant near the reservoir and enter Stinnett's existing storage tanks ready to drink.

Varsity Lynxettes Win Conference Game

The Varsity Lynxettes played Stinnett a very exciting game Friday. The Lynxettes were behind one point at the end of the first quarter with a score of 13-12, but led three points at half time with a score of 25-22. At the end of the third quarter, Spearman led 34 to 30. The fourth quarter was very exciting, with each team either leading or tying the score. The Lynxettes took the lead and held it in the last few seconds of the game, winning 47 to 45.

Individual scoring (F.G., F.T., F., T.P.): Jill McLain (6-3-2-15); Cayla Eaton (2-6-1-10); Carrie Guthrie (3-3-3-9); Shannon Jenkins (3-3-3-9); Tiki Jackson (0-2-4-2); Julie Jones (1-0-0-2); Michelle Savage (0-0-0-0); and Ceria Vela (0-0-0-0).

Mock Joins Sunrise

Marc Mock, joins the Sunrise Oilfield Supply Company Sales Force as Field Salesman for the Hays, Kansas Store. Mock, comes to Sunrise with an impressive fifteen year background in the oilfield supply industry. Originally a northwest Kansas resident, Mock moves back to the area from Oklahoma City. "Mock is pleased to be back in the Hays area and will strengthen our Northwest Kansas sales team", states Dick Delano, Sunrise President. "His experience in the oilpatch is well founded and we're proud to have him with us".

The Wichita based oilfield supply business started operations in 1980 and presently serves the oilfield from their store locations in Booker, TX; Garden City, Great Bend, Hays, Medicine Lodge, Ness City, Pratt and Sitka, KS; and Guyton, OK. Sales offices are located in Amarillo, TX; Denver, CO; and Oklahoma City, OK. Headquarters are at 104 S. Broadway, Suite 1400, Wichita, KS 67202. The toll free number is 1-800-362-1187.

Wawaka Talk

By Mary-Ann Hooper

It seems that my youthful critics found my last column less than expected. Perhaps even Issac Newton had only one brilliant idea and that may have bounced off his head accidentally. Perhaps Johnny Appleseed only planted apple trees accidentally. He might have had strawberry jam and when he ate an apple kept getting the seeds on his fingers. In trying to shake them off, threw appleseeds around. After all folks, a man who is pictured wearing a pan for a hat can't be all that bright. So, maybe I'll only be brilliant once. Maybe I'll never be brilliant, but if I get even one young person to read, I will have redeemed myself.

School News

Ball Scores for the Plemons Tournament went as follows: Thursday, Jan. 17, '85: Girls-Phillips 26, Waka 19. Those students scoring for Waka were--Ruby Ochoa 6 pts.; Jenny Burger 5 pts.; Jamie Collinsworth 4 pts.; Chris Adams 2 pts.; and Cindy Salinas 1 pt.

Boys-Phillips 22, Waka 33: Boys scoring for Waka were--Cory Ramsey 4 pts.; Scotty Thornton 10 pts.; and Jerold Blan 19 pts. Friday, Jan. 18, '85--Game went as follows--Boys-Pringle Morse 33, Waka 22. Students scoring for Waka were--Jerold Blan 10 pts.; Cory Ramsey 9 pts.; and Ruby Ochoa 3 pts.

Saturday games went: Girls played for consolation--Plemons 19, Waka 4. Ruby Ochoa scored 4 pts. Boys played for 3rd place--Waka 34, Spring Creek 12. Students scoring for Waka were: Jerold 19 pts.; Cory 9 pts.; Scotty 4 pts.; and Ruby 2 pts.

In case you hadn't noticed, our teams were mixed players in some instances. This was due in part to our great teaching methods. I'm really proud of our teachers. They have gone back to the basics and if a child didn't work up to their potential, they didn't make the grades. The teachers seemed to care more about the students than they did the extra hour they would have had after school if everyone had passed "every" course. In Waka, if a child doesn't pass "every" class he/she doesn't get to participate in other things. This gives the students incentive to work harder. However, sometimes they have to be reminded. You can bet that the next six weeks those grades are much improved. I, for one, appreciate the extra effort of the whole school system.

Church News

The Sunday message for the Waka Church of the Brethren was "The Twenty Five Greatest Words in the English Language". It is the first of ten related messages. A reading by Hans Christian Anderson entitled "The World's Most Beautiful Rose" was read by Vicki Gurley. Acolyte for the service was Ruby Ochoa. The hymns were "How Great Thou Art", "Open My Eyes, That I May See" and "There's A Wideness In God's Mercy".

Visitors were S.G. and Ruth Hoover of Missouri. S.G. is moderator of the Messiah Church of the Brethren in Kansas City. Ruth is the younger sister of Maude Stump and Bertha Leicht.

The time for the Micah Mission has been set for 6:30 P.M., Sunday, January 27. What is the "Micah Mission?" It is the training of leaders in Africa, front-line health care in the Sudan and reaching out to special needs in the U.S.A. It is making the desert bloom, planting new congregations and the breaking down of the walls of separation.

Gossip or News?

Audrey Leighnor had eye surgery in Amarillo this past week and is home and doing nicely. She's even up to piano lesson starting Monday. They are doing wonders with eye surgery these days.

Larry McCree, who had surgery in Spearman Thursday, was ready to come home Monday. He says

he was ready earlier but couldn't get any cooperation from the dr.

Barbara Fight received her Student Cap Friday night at Frank Phillips College. She is a vocational nursing student and will graduate in August. Congratulations to Barbara. Barbara is the daughter of Gordon and Mary Ann Kirby of Waka.

Birthday's Celebrated

On Monday Maude Stump became a Senior citizen. She reached 90 years of age. Several events were planned to help celebrate with her in her achievement. First, on Sunday morning during the regular services the Women's Fellowship surprised Maude with a card shower. Second, Monday morning the Home demonstration club met at Alvin Buschman's. Bev Burger made cake and they had a card shower for Miss Maude. Third, Monday night, a family celebration was held in the home of Maude's nephew and his wife in Farnsworth. The dinner was held in the home of Cecil and Margaret Mary Leicht. Present were: S.G. and Ruth Hoover, Bertha Leicht, David and Billie Burger, Faye Jean and Eldon Gurley, Richard and Beverly Burger along with Jenny, Cindy, and Susan, Mr. and Mrs. Milo Horner and Maude. Maude pretended to be surprised but Bertha told me this morning that she think's Maude caught on earlier.

Lori Hooper, celebrated her 10th birthday January 20, 1985 with a party at the Waka Church Fellowship Hall. The birthday colors were red and white with a heart motif. The cake was strawberry with white cream cheese frosting and was decorated with a red heart containing 10 candles and was edged with red and had Lori written in red frosting. There was strawberry pop and strawberry ice cream. The serving table had a heart decorated table cloth with matching cups, plates and napkins. The candy cups were filled with heart shaped candies. Each girl attending received barrettes in Waka colors of blue and white.

The present table was decorated with a heart centerpiece and displayed all her family presents labeled according to family member and other presents were placed on the table to be unwrapped later.

Those attending were the honoree, Lori Anne, and Cindy and Susan Burger, Sarah Whetstone, Erin Wiebe, Paula and Jamie Collinsworth, Charlene and Melanie McCree, and Amy Blan. Also attending were her parents, Wayne and Mary-Ann Hooper, and brother, Payne. Lori's grandparents, Parvin and Lenora Hooper, of Perryton, dropped in for a few minutes.

Prizes were given to Jamie Collinsworth for winning "Pin the Tail on the Donkey", Sarah Whet-

stone for "Musical Chairs" and Melanie McCree for the door prize. They also played "Hot Potato", "Simon Says" and "Hide 'n' Seek". Amy Blan received a locket for assisting with games and Payne Hooper received hunting gloves for assisting, also.

Gulf Refund Application

The U.S. Department of Energy has announced a deadline extension until March 31, 1985 for receiving refund applications from resellers, retailers, and consumers of Gulf Oil Corporation petroleum products purchased from August 19, 1973 through January 31, 1976.

Applications will be accepted beyond the previously announced deadline provided they are post-marked by March 31.

Purchasers of Gulf Oil Corporation petroleum products either from Gulf directly or from a firm that sold Gulf products during the above period may be eligible for a refund.

Refunds would be paid from funds obtained by the Department

Colombian village assisted by Texas A&M students

The 500 residents of Amaga, a tiny village in Colombia, South America have taken the first steps toward becoming self-sufficient as the result of a program begun last year by Texas A&M students who raised \$25,000 for the Christian Children's Fund to assist the impoverished village.

The project is helping to feed the 107 children of Amaga and develop an agricultural training program so that the villagers can help themselves. The idea developed two years ago when Texas A&M's Corps of Cadets adopted five children through CCF and Texas A&M English professor Robert Scott Kellner took it a step further.

of Energy from the Gulf Oil Corporation as a result of a consent order.

The amount of refunds will be based on the volume of purchases. Because refunds are paid at the rate of \$1.22 per 1,000 gallons, however, small consumers may not find it worthwhile to file applications. Different application requirements apply to the different types of applicants.

Complete information on how to apply for a refund may be obtained by contacting:

Small banks have nothing to fear from deregulation

COLLEGE STATION — Doom-sayers are warning that America's small banks won't survive in the wake of banking deregulation, but two Texas A&M University finance professors say many of the fears are

overblown.

Dr. James Kolari and Dr. Donald Fraser of Texas A&M's College of Business Administration studied bank performance from 1964 to 1983 and found small banks performed as well as large banks. The study was funded and published by the Small Business Administration (SBA).

J.W. Buchanan appointed to 3 committees

AUSTIN -- State Representative J.W. Buchanan, D-Dumas, has been appointed to three committees in the House for the 69th session of the Texas Legislature.

He is a member of the Natural Resources and House Administration Committees and he will serve as the Vice Chairman for the Committee on County Affairs.

This will be Representative Buchanan's third appointment to the Natural Resources Committee and his second appointment to the Committees on County Affairs and House Administration.

Representative Buchanan's office will also be mailing out a questionnaire soon to all the registered voters in his district. It will contain several questions regarding matters of interest to his constituents which will come up for consideration during the 69th session of the Legislature. Your response is vital as it will inform Representative Buchanan of the feelings of the people he represents.

HOSPITAL

Patients in Hansford Hospital are: Chip Martin, Jimmy Bonham, Salvador Luciano, Brenda Vera & son, Grace Bennett, Limmie Russell, Jimmy Collier, Anna Arreola and Pete Bayless.

Dismissed were: Opal Beck, Martha Coffman, Kylie Snider, Kenneth McCree and Kimberly Rea.

Letters to the Editor

January 5, 1985

I recently visited with Judge McClellan as part of my duties as the new director of the Perryton Family Service Center. He recommended that I send you a copy of an article that appeared in the Perryton Herald recently.

We also discussed plans for a new counselor, who our agency is now in the process of hiring. The funds for this additional counselor were provided by the four counties served by the Perryton Family Service Center; Hansford, Hemphill, Ochiltree, and Lipscomb. This new counselor's duties will be primarily to serve the four counties with general adult mental health services.

Plans are for this new counselor to be located in an office in Spearman (probably in the courthouse) at least one day a week. Other days will be spent making services more accessible by being located in the other counties other week days. Hopefully this will make our services more accessible to your readers. We anticipate hiring this person within the next 60 days. I will send you an announcement at the time these new services are begun.

I hope that our agency can serve your county and town in the best way possible. Thank you for your continued support of the Family Service Center.

Sincerely,
Mark Fannin, M.S.

As a scleroderma patient who has suffered alone for too many years with a disease that few people have ever even heard of, I am attempting to locate others who suffer from scleroderma (systemic sclerosis).

My New Year's resolution is to correspond with as many scleroderma patients as possible. Doctors tell me there are 300,000 of us. Perhaps your readers can assist me in locating others like myself. I can be reached at 21 Brennan Street, #21, Watsonville, CA 95076.

Thank You,
