## Hansford 1985 Gross Sales \$74,558.008

Despite the recent downturn in the oil and gas economy, Hansford County received some very welcome positive news recently from a report released by Texas Comptroller Bob Bullock. The report showed the county's gross sales for 1985 increased by 9.32 percent over 1984.

Though the percent of increase was not substantial in terms of sheer volume, it did indicate a far more stable economy than many believed. 1986 figures however, are not included in the report.

Hansford County fared better than all area counties. The only area county showing a net increase was Hansford County.

The only other area county showing a net increase was Ochiltree County, which included the town of Perryton, with an increase of 1 percent.

All other area counties showed a decline in gross sales. The most severe decline came in Hemphill County, which included Canadian, with a drop in gross sales of 10.1 percent.

Other area counties experiencing declines in gross sales in 1985 compared to 1984 included; Lipscomb County with a drop of 8.31 percent, Moore County (which included Dumas) with a 5.64 decline, and Hutchinson (Borger) which was down 4.15 percent.

The State of Texas also fared better than its neighboring oil and gas states in gross sales for 1985. Texas had an increase of 1.02 percent over 1984.

The State of Texas also experienced a good year in gross sales for 1985 with an increase of 1.02 percent over 1984.

Neighboring Louisiana, despite major problems in the oil and gas field, had an outstanding increase in gross sales of 16.18 percent, but Oklahoma was feeling the effects of the slumping energy field with a 12.23 percent decrease in gross sales. New Mexico, which depends heavily on gas sales, was down 12.25 percent.

Hansford County's gross sales by quarters are as follows: 1st qtr \$12,268,201  
2nd qtr \$18,226,863  
3rd qtr \$16,183,625  
4th qtr \$27,879,319  
1985 Total \$74,558,008  
1984 Total \$67,612,902

## Authorities urge caution when using fireworks

Spearman and Hansford County law enforcement officials want to have a safe and joyous Fourth of July.

That is why they are issuing this warning: when shooting fireworks use extreme caution, don't be reckless, play under the supervision of a responsible adult, and stay within the law.

It is illegal to use fireworks within the City limits of Spearman which are more than 2 inches long, a Roman Candle with more than 15 balls, or Sky Rockets containing more than 6 ounces of filler.

While it is not illegal to use fireworks within the confines of the county, celebrators must stay within the law. No longer permissible in the State of Texas are Cherry bombs or M-80s because of their destructive power.

Fireworks are also dangerous. Just a couple of years ago a young lady got a Roman Candle ball down her blouse. There have also been split fingers, minor burns, the whole range of injuries.

Also, destruction to property is a major concern. Some years are worse than others, but a number of fires are always caused by fireworks.

When property damage occurs, the responsible party may face legal charges of criminal mischief, or reckless conduct if personal injury results. Both are felonies, punishable with \$5,000 fines and two year prison terms.

The probability of Civil Suit also exist to the extent of damage. Should a building, home, or producing field be

involved, the damages could be quite extensive, perhaps more than \$100,000.

Should death result, depending on the recklessness or intent of the actor, the charge could be manslaughter.

It is unlawful for anyone to sell fireworks to children under 10 years of age, or to intoxicated or irresponsible persons.

It is also illegal to discharge fireworks within a car, or to throw them from a car. Violations of the State fireworks of law can result in a fine of not more than \$1,000 or imprisonment of not more than one year or both.

Fireworks may not be sold before June 24 or after July 4.

Permissible fireworks in the state of Texas include:

Ten ball Roman Candles, not to exceed 20 grams.

Helicopter tupe rockets, not to exceed 20 grams.

Cylindrical fountains, not to exceed 75 grams.

Cone fountains, not to exceed 50 grams

Wheels, not to exceed 60 grams with any number of divers.

illuminating torches and colored fire in any form, not to exceed 100 grams.

Sparklers and dipped sticks, not to exceed 100 grams.

Mines and shells of which the motor is an integral part, except those designed to produce a noise, not to exceed 40 grams.

Whistles without report, not to exceed 40 grams.

This 4th of July, we proudly present CURTIS'S COBRAS,

One of the many fine Little League Baseball teams in the area--  
-After all, America is Baseball, Apple Pies, and Hot Dogs---

# Thanks to Our Mae Wins! 18-Year-Old Men

As we celebrate the 210th anniversary of the birth of our great nation, it is easy to recall those whose names are recorded in the annals of history. However, there are many unsung heroes deserving our recognition and thanks who have namelessly contributed to the strength of the United States of America.

From the days of the first permanent settlement in Jamestown, through the American Revolution, the War of 1812, the American Civil War, both World Wars and most recently, Vietnam, men have borne arms to fight the common foe when occasion demanded.

During peace and during war, committed men have maintained the military strength so vital to the strength of the nation. Today we are blessed with

peace and are fortunate to celebrate more than 13 years of draft-free existence. However, we must be prepared to bolster the all volunteer armed forces in the event of a national emergency.

Since Selective Service registration was reinstated in 1980, more than 16 million men have added their names to the list of those eligible to serve their country in a time of need.

As we take time to celebrate this national day of pride and rejoice in the unveiling of the refurbished Statue of Liberty, let us also take the time to celebrate the commitment of the 18-year-old men who take five minutes of their time to register with Selective Service and thereby continue our efforts to keep America the "land of the free and home of the brave."

Mae Wofford

Mae Wofford of Panhandle Travel Service in Spearman received word today that a thesis she had submitted to the Institute of Certified Travel Agents had received high marks. Mrs. Wofford has been attending classes in Amarillo since October 1983 preparing to become certified as a Travel Consultant. She spent almost four months preparing the thesis which was "STEPS TO ESTABLISH A PROGRAM OF MOTOR COACH TOURS FOR SENIOR CITIZENS". The letter she received today stated in part that "Your travel resource paper is among the best submitted in the past year. We would like to offer it to the trade press for publishing in full or in part, including an excerpt in our newsletter."

Mrs. Wofford has been in the travel business since July of 1980, and has operated Panhandle Travel Service in the Pittman-Shieldknight Building in Spearman since February 1984. Panhandle Travel Service is affiliated with First Bank and Trust in Perryton and Booker. In addition to operating the travel service she escorts tours for senior citizens.

"I feel quite honored and pleased with the recognition the Institute has given me by publishing this paper. This helps make the long hours spent on it more worth while", according to Mae. Mae expects to receive her CTC (Certified Travel Consultant) certificate within the next four or five weeks.

## July 4

Richard Henry Lee of Virginia offered a resolution in the Continental Congress in 1776, which was to have worldwide repercussions for centuries thereafter. The resolution stated that, "these United Colonies are, and of right ought to be, free and independent." This resolution was adopted by The Congress on July 2, 1776.

Interestingly, Congress adopted another resolution on the 4th explaining its reasons for declaring independence and justifying

the action. This is the resolution which we now celebrate on the 4th. This resolution was drafted by Thomas Jefferson, chairman of the committee, Benjamin Franklin, John Adams, Roger Sherman and Robert Livingston. A mass meeting in Philadelphia in Independence Square celebrated the declarations on July 8,

1776 -- and heard them read by John Nixon. General George Washington, on the 9th, included the declaration in general orders to the army, stating:

"The several brigades are to be drawn up this evening on their respective parades at six o'clock, when the declaration of Congress, showing the grounds and reasons for this measure, is to be read in an audible voice. The general hopes this important event will serve as fresh incentive to every officer and soldier to act with fidelity and courage, as knowing now that the peace and safety of his country depends, under God, solely on the success of our arms..."

The declaration is now recognized by scholars as one of the humanitarian documents for all time.

### LAND VALUE DECLINES

WASHINGTON -- Farmland values, which showed back-to-back annual declines of 12 percent the last two years, probably will keep sliding the remainder of 1986 but at a slower rate, the Agriculture Department said recently.

### MAYORS MAKE APPEAL

SAN JUAN, PUERTO RICO - A U.S. Conference of Mayors committee urged Congress to retain the income tax deduction for local sales taxes and called for a constitutional amendment to protect local tax sources.

## State Franchise Tax For County

State Comptroller Bob Bullock said Friday checks totaling \$1.1 million were sent in a special allocation of the state franchise tax on banks to 245 cities, school districts and other special districts.

Bullock said the special allocation reflected final adjustments of the new tax as it involved some 1,976 banks and 2,119 local taxing jurisdictions.

The first allocation from the new tax on banks was made in August, and checks totaling \$61.6 million were sent to 1,996 local taxing units.

Most of the taxing units--1,715--were unaffected by the special allocation. Of the remaining jurisdictions affected, money was shifted from some taxing units and reallocated to others.

The Legislature in 1984 brought banks under the franchise tax for the

first time and allocated receipts from the tax to cities, counties, school districts and other local taxing units where the banks are located.

Banks are taxed at the same rate as other Texas corporations. Previously, bank stocks were subject to local property taxes. The Legislature exempted the stocks from property taxes, substituting the new bank franchise tax. Collections are prorated among local taxing units based on their tax rates.

Hansford County's Franchise tax for 1985 total to date \$13,524.88

Hansford County Hospital District's 1985 payments to date total \$5,561.23. Spearman ISD payments total 15,890.82.

Gruver ISD payments equal \$5,068.97

## The Dahlia Flower Club

Sada Hoskins was hostess to the Dahlia Flower Club, June 30, 1986.

Sammie Bishop, President, opened the meeting with the Pledge of Allegiance.

After a short business meeting the program was given by Karen Babitske. Karen told the story of the history of "Fajitas" in Texas and how to make them. The beef skirts were grilled over

mesquite coals and each member had their own choice of condiments. Delicious!

Refreshments were enjoyed by Karen Babitski, Myrna Biggers, Sammie Bishop, Marjorie Curtis, Cleo Denman, Mabel Edwards, Sada Hoskins, Hazel Loftin, Hollie Riley, Ora Sanders, Margaret Shedeck, Jewel Turner, Ruth Mary Whitson and guest Altha Groves.

## Hansford county 1 percent local tax is up 6.49%

State Comptroller Bob Bullock Friday sent checks totaling \$54.5 million in local tax payments to the 1,017 cities that levy the one percent local sales tax.

Houston received the largest check--\$8.5 million--bringing 1986 payments to 73.4 million, down 4 percent from last year. Dallas' payment of \$6.8 million, down 5 percent from 1985, brought the yearly total for the city to \$53 million.

San Antonio's check for \$3.3 million brought payments this year to \$28.5 million, up 3 percent. Austin received \$2.6 million, pushing total payments for 1986 to \$21.2 million, down 3 percent from last year.

Fort Worth's payment was \$2.2 million bringing the 1986 total to \$17.7 million, up 7 percent over last year. El

Paso received a check for \$1.5 million, bringing total checks this year to \$11.2 million, up 8 percent.

Bullock also sent checks totaling \$25.1 million to the state's six Metropolitan Transit Authorities. Dallas' DART check was \$9.9 million, bringing total payments this year to \$80.8 million. Houston's MTA payment was \$9.6 million for a 1986 total of \$85.1 million. Austin's Capitol Metro received a \$2.7 million check for a yearly total of \$21.1 million. VIA in San Antonio received \$1.8 million, increasing payments this year to \$15.6 million. Fort Worth's MTA check was for \$521,808 for a total of \$4.2 million this year. Corpus Christi's MTA received a check for \$489,553 bringing total payments for the year to \$2.1 million.

June checks represent taxes collected on sales made in April and reported to the comptroller by May 20.

Hansford County's 1986 payments to date total \$121,859.93. By comparison, 1985 payments to date equal \$114,434.61. This is a 6.49 percent change.

### FEATURING

Our Special Attraction this year will feature Jerry Wayne and Judy Olson. The Olson's will be appearing during each rodeo performance with Jerry based inside his barrel during the bull riding event, and with both of them together along with a trio of talented horses. Colorful and professional, they both have plenty of experience as told by the number of years they have been performing before audiences.

Hotwire will play for the dance on Friday night and Jana Jae will be performing on Saturday night. Dances will be held in the Clyde Carruth Pavilion with an extra large dance floor. Plenty of seats available.

# Congressman Beau Boulter at Union Church

Sunday, July 6th, has been declared, "God Bless America Day" at Union Church Pastor Steve Rogers extends an invitation to the public to come spend the day with us.

Congressman Boulter will be speaking in the morning service at 10:45 a.m. Congressman Boulter says, "This is my home. My stake in our future is the same as yours. For working men and women, families...children and seniors...and for all who share a vision

for a better America, let's make sure our best days lie ahead."

There will be a noon luncheon at which time you will have the opportunity to visit with Congressman Boulter and have him answer any questions. At 5:30 p.m. we will meet at the Swimming Pool Park and enjoy a picnic lunch together followed by a Patriotic Rally at 6:30 p.m. with fellowship and recreation following.

## Management for profit seminar

A two day MANAGEMENT FOR PROFIT SEMINAR will be held on July 10th and 11th at the county EXPO Center in Perryton, Texas, from 8:00 A.M. to 5:00 P.M.

The seminar will be taught by ranch and farm management specialists Blake L. (Skipper) Duncan and Gary R. Briggs. It is designed specifically for agricultural producers and will expose the participants to many management principles which they can use in their own businesses.

"Because agriculture has emphasized increased production and technology over basic management, many producers have little understanding of how to analyze their business practices or to project where they are going," said Duncan. "They are losing money

and overlooking significant profit opportunities."

"This seminar will help the producer to achieve control over his business," said Duncan.

Instructor Skipper Duncan owns and Operates Duan Ranch near San Angelo, Texas. He is also a professional ranch management consultant, specializing in improving business management in agriculture. Gary Briggs is a former agriculture lender with broad experience in both agriculture credit and range and resource management.

Pre-registration will be held at First National Bank, Perryton National Bank or the Production Credit Association office. Cost for the course is \$150 for the sixteen hour seminar.

## Among The Neighbors

Ann Sanders underwent major surgery last Saturday in St. Anthony's hospital in Amarillo. Rue, who is staying in Amarillo, reports that she is showing good signs of recovery.

A vacation that was everything a vacation should be was the nearly one month's trip of Mr. and Mrs. James Cook. They visited his sister in Yuma, Arizona, then visited two sisters in the San Francisco area. They took the coastal highway thru the Red Woods and Oregon to Camino Island, Washington. They returned home by Idaho, Montana, Wyoming and Colorado.

Willis and Idella Randall enjoyed a weeks vacation in Casper, Wyoming with their daughter, Betty and Larry Evans and children. They returned by Mount Rushmore and Rapid City South Dakota. They were pleased that all was well at Nursanickel Motel which they manage.

The home of Ora Lee Blackburn was the center of activity the past week. Her niece, Donna and Bobbie Smith of Towanda, Kansas are guests. Also granddaughters, Jobie Blackburn from Brownwood, Anna Hutchison from Borger and Adrian Blackburn, Spearman are here. All three of the girls have just finished camps of tennis, basketball and cheer leading. Adrian is with her grandmother while her mother is in school at Canyon and her father is out of town.

Mr. and Mrs. Owen Pendergraft had a pleasant week-end, entertaining old friends. Mr. and Mrs. Tom Gray from Ulysses, Kansas were their guests.

Mr. and Mrs. Carroll Harper are exercising their grand parental privilege of bragging after they attended the Prospect Steer Show in Amarillo Saturday. Their grandson, Lee Bob Harper, of Gruver, won the Grand Champion shorthorn; placed in the Chianina and Simmental breeds. He led in Junior showmanship until right at the last.

District Judge J.E. Blackburn is in Lubbock this week, assisting with a court over-load in the district.

Sybil Miller, Kathleen Sutton, Rubijo Wilbanks and Virginia Cates spent the week-end in Santa Fe, New Mexico.

King of Spearman.

The Larry Bowens came from Lubbock to pick up the children and visited her people also, the Murrell Dowdys.

Terry and John King, the Bowens daughter, have moved to Ozark, Missouri where he is employed by the Ford Motor Company.

On Sunday the Bowens hosted a cook out for the John Kings, Larry Bowens, Albert Avilas, Jerry Newell and Gaye Bowen.

After four years of living in Berlin, Germany, Captain Jim and Gina Rodgers have returned to the States. They will be stationed at Fort Benning, Georgia for six months, then at Fort Carson, Colorado. Gina is the daughter of Mr. and Mrs. Dwight Hutchison who have twice visited them in Germany.

Mr. and Mrs. Joe Hutchison and Mr. and Mrs. John Hutchison hosted the first family re-union of the Carl Hutchison family in the home of the John Hutchisons, on June 28.

Those present were: Mr. and Mrs. John Hutchison, Jeff and Allen, Mr. and Mrs. Dwight Hutchison, Gina Rodgers, Ft. Benning, Georgia; Rebecca Duncan, Karsen, Katherine, Roscoe, Texas; Cynthia and Tom Sullivan, Ben and Jim, of Waco. Mr. and Mrs. Craig Hutchison-Susan Ownbey, Sarah and Kim of Vinita, Oklahoma, Robbie and Lisa Popejoy, Susanne and Sally, Amarillo; Chester and Jennifer.

Mr. and Mrs. Arlan Winegarner and family, Mr. and Mrs. Norlan Winegarner and family, and Verlin Winegarner attended funeral services on Monday, June 30. Their grandmother, Mrs. Ester Bryan of Springfield, Colorado died on Friday June 27 after a lengthy illness.

## Youth Street Dance

The third annual Street Dance for youth will be held on Spearman's Main Street, Friday, July 4th from 9:00 p.m. to 1:00 a.m. The event is sponsored by the Spearman Chemical People with funds going towards projects designed for youth in the prevention of alcohol and drug abuse. The celebration and dance is open to High School and College ages and will include music by Z-93's Amachrom free soft drinks and lots of fun. Our City Manager, City Police Department, County Sheriff's Office, area merchants and concerned parents all work together to bring about this annual event. Youth look forward to having a Great July 4th Celebration!!!

## EATING OUT

By Rose Hughes

TOO many new restaurants today are the result of two or three friends without past experience thinking they can make big money in this business.

THEY think they can bamboozle the public with fine decor and an arty arrangement of servings. The dishes include a few unusual items - maybe a walnut here or there, a cashew nut, or a few slices of avocado, mango or mandarin.

## Gettysburg

The most fateful battle in the history of the nation might have been Gettysburg. Here, on July 1, 1863, began a three-day struggle that ended General Robert E. Lee's best chance to force Washington to agree to independence for the South.

General Lee, probably the greatest field strategist to emerge from the war, greatly admired on both sides (he had freed his slaves before the war and like many distinguished southerners fought the war because he believed in a state's right to secede from the Union), had invaded Union territory once before, in 1862.

But in a bloody battle at Antietam, Maryland, the result of the capture of General Lee's campaign plans by enterprising Union soldiers, Lee had been turned back. Since the U.S. Navy commanded the seas, and its blockade was slowly starving the South, the Confederacy's only chance was to strike hard enough to force Lincoln to agree to independence for the eleven southern states.

(Lincoln and others had prevented Maryland from seceding only through the arrest of members of the state legislature.)

Gathering about 73,000 men (President Jefferson Davis refused him two more divisions then stationed in the Carolinas which

Lee said would mean success), Lee started north in June of 1863 from the mountains of Virginia, moving west and north of the national capital, which was thrown into near panic.

He had just won one of his great victories at Chancellorsville. But there, too, he had lost Stonewall Jackson. At first, he planned to cross the Susquehanna at Harrisburg, and march on Philadelphia. He changed his plans when he learned the Army of the Potomac was in Maryland.

Lee was disappointed that more families didn't rush to join the Stars and Bars as he moved north, and he met a determined force when he collided with General George Meade's army of about 82,000 defenders, unexpectedly, at Gettysburg.

Both sides rushed in reinforcements and for three days the contest continued, at great loss of life. On the third day, Lee ordered the famous charge of Pickett's brigade, decimated by fierce artillery fire and accurate, determined rifle fire.

Meade had proved himself the ablest Union commander in the east. The North rejoiced, rightly so. The South brooded about what might have been -- had Stonewall Jackson lived to be at Gettysburg.

## In Fashion

Popular about forty years ago, the button-front jumpsuit is back on the fashion scene.

These cool, colorful cotton jumpsuits are comfortable whether worn at home, shopping or on vacation.

Shoes should be chosen for one's costume, for comfort, as well as color. Boots are seen with the new western styles. Flats or sandals are teamed with beach wear.

### Texas Department of Public Safety

As many as 45 persons may die in traffic accidents in Texas during the long July 4 holiday period, according to an estimate by the Texas Department of Public Safety.

"The mixture of lower gasoline prices and increased travel this summer could prove to be deadly over the July 4 holiday," said Colonel Jim Adams, director of the DPS. "In addition to these factors, travel during the holiday will be made hazardous by the continuing problems of drunken driving and excessive speed."

Last year, 25 persons died as a result of traffic mishaps during the July 4 holiday, but because of the day of the week on which July 4 fell, the holiday period was only 30 hours. This year, the period will be 78 hours, from 6 p.m. Thursday, July 3 to midnight on Sunday July 6.

Of the traffic fatalities during the July 4, 1985 period, 72 percent occurred in accidents involving excessive speed or drinking.

As in years past, in an effort to hold down the number of holiday traffic deaths, the DPS will conduct "Operation Holiday," in which additional troopers from the Department's uniformed services will be placed on Texas highways for heightened traffic law enforcement and to assist motorists.

Additionally, the Department will conduct its "Operation Motorcade" effort, in which periodic releases will be

made throughout the holiday to keep the public informed about the number of traffic deaths occurring across the state.

"The philosophy behind this program is to make the public aware of the dangers of holiday travel and what motorists can't do to make their time spent on the highways safer," Adams said.

This will be the first July 4 period since the new Texas safety belt law went on the books. Last year, 82 percent of those killed in traffic accidents during the holiday period had not been restrained, either by a safety belt or child safety seat.

"The message in that safety belt statistic is clear," Adams said. "The chances of being seriously injured or killed in a traffic accident are greatly reduced by wearing a safety belt and using a child safety seat for children under four years of age."

Adams said the two restraint laws, coupled with increased awareness of the dangers of drinking while driving, are contributing to an overall decrease in Texas traffic fatalities.

"Preliminary figures indicate the number of traffic deaths statewide was down 1.6 percent in the first quarter of this year compared with the first quarter of 1985," Adams said. "We hope that trend will not be reversed this July 4 period with a number of senseless tragedies."

## Cora Queener Completes Study At Institute

Cora Queener, Executive Vice-President of the Spearman Chamber of Commerce, recently completed a week's Institute for Organization Management at Southern Methodist University. Over 300 voluntary organization executives from all over the country participated in this professional development program.

The SMU Institute is one of six annual, one-week sessions sponsored by the Center for Leadership Development, a division of the National Chamber Foundation at leading universities throughout the country. Other universities that host Institutes are Notre Dame, University of Georgia, San Jose State University, University of Colorado, and the University of Delaware.

During the five-day session, participants spent 27 classroom hours in the

Institute course of study, which is designed to assist voluntary organization executives improve the knowledge and skills necessary to enhance the effectiveness of their organization. The Institute curriculum includes coursework in management philosophy, interpersonal processes, government, law and organization structure; as well as in more contemporary issues such as economic and environmental concerns. Each participant may attend progressive levels of the program throughout his/her professional career.

University professors chosen to serve as faculty are distinguished authorities in their fields. Additional courses are led by top-level Chamber knowledge and experience.

### Crack

A new and highly disturbing drug is now making its appearance in increasing numbers of U.S. cities and towns. Its street name is Crack.

Crack appears to be white soap and is, in fact, cocaine. It is smoked and makes a cracking sound when it burns -- thus the name. The most fearsome thing about it is that it's highly addictive, and thus it can ruin young lives (or old) in a short time.

One can buy enough Crack to get high for ten or twenty dollars

in many cities and towns for ten or fifteen dollars. The high lasts only for ten or fifteen minutes. Then the sucker-user feels the need for more.

City drug rehabilitation centers are now treating a new wave of addicts -- Crack addicts. One is constantly amazed at the number of fools who risk their happiness, wealth and health by starting to use drugs.

Crack is a fine one to stay away from, as are the others.

### July, 1986

*The linden, in the fervors of July,  
Hums with a louder concert.*  
-Bryant.

July ushers in the second half of the calendar year. It was formerly the first month of the federal fiscal year and still has this importance in much of the business world.

July was named for Julius Caesar, a change from its former name of Quintilis, changed on the order of Mark Antony. It was the month in which Caesar was born.

For Americans, July is an especially historic month. Our independence is celebrated on the Fourth, of course, and the Battle of Gettysburg was fought during

the first three days of July in 1863.

Three of our Presidents were born in July: Gerald R. Ford, John Quincy Adams and Calvin Coolidge. The first admiral in the U.S. Navy, David G. Farragut, was born July 5, 1801. The Republican Party was founded July 6, 1854, at Jackson, Michigan.

One largely forgotten, though relatively recent day, is July 10. On that day in 1943, the Allies invaded Europe for the first time in World War II. General Dwight Eisenhower led an amphibious invasion of Sicily.

July, the first full month of summer, is the month of vacations, holidays, swimming, boating, and outdoor pleasures.

### Weather

Monday, the Spearman area fell victim to one of the worst storms of the season. The storm caused much damage northeast of Spearman. A small tornado struck Spearman Cattle Feeders Mobil Yard.

Ten cattle were struck dead by lightning and 38,000 more were without water.

Jimmy Greene's farm suffered damages including a blown over tree and haystack of 3,000 bales, and irrigation pip which blew "all over the place".

While Spearman received 1/2" rain, else where in the county 4" of rain were received.

# Need Volunteers

I'd intended telling you that a couple of us little old ladies at the Panhandle Crisis Center would be glad to mow the yard at the Shelter, but it's hard to do with out teeth. Could anyone see that we get a good lawnmower?

Then the Executive Board said they didn't want to let us run any such risk as playing with a lawnmower, so they decided to hire that little job.

But there is another major problem: **WE NEED MORE VOLUNTEERS!** Recently four of us were visiting together about the work of the PCC, and one after another of us admitted that we hadn't really wanted to get involved with it, but one thing or another led us into it. And now we wouldn't trade out for anything!

This could happen to you! The work isn't all that hard, and its rewards are tremendous. A recent resident of the Shelter typed a page-long, single-spaced letter thanking us for her experiences with us. She enclosed a two-page-long, single-spaced story of her progress to and in our Shelter, which she gave full permission to us to use in any way we thought best. So here it is, condensed of course:

When the volunteer picked her up at the police station, one of her first comments was, "This is the fifth time I've gone back to him. Why do I do that?" You want so much to believe him when he says he has changed. That he will change further, and that he really wants you to come back.

Other reasons showed up in the course of her story: she felt she had no skills, that she had no value either in the eyes of herself or of anyone else, so she could not ever be self-sufficient; that there was no place for her to go.

She'd even had a stay in a shelter in another state, but it offered nothing more than a temporary safehouse. On another occasion in that same state, she turned to the police after her husband had threatened her with a butcher knife (she had the prick of it on

her skin under her dress), and had threatened more to come to herself and to their little daughter. The police said that they had not seen him attack her, so there was nothing they could do.

"Could she please go to jail? Being out on the street in the early morning was terrifying. He might find her."

No, you can't go to jail. You haven't broken the law.

"Do you mean that if I broke a store window, you would take me to jail?"

Yes, you could go to jail then. So she sneaked back home to the same old situation. Then she encountered the Police Department her in Perryton. At once they told her about the PCC here, and got her permission to call us. Once in the shelter, she received help with lawyers, etc., who were patient with her inability to absorb it all in one sitting, because, as she said, "When you're upset you can't take it all in." She received medical and dental care from sympathetic doctors. And she received competent counseling, both as an individual and in support groups, that helped her to know, for the first time, that she CAN learn to hold a job; that she CAN become self-sufficient; that she IS a person of worth.

A whole new world opened to her. I wish there were room here to give her entire letter and story in her own words, rather than this condensed version of it.

We are most excited over the male clients who have come to us for help in overcoming their tendency to violence. Remember when we first began to tell you that we view the batterers not as villains but as themselves victims?

Anyone who really wants to, can learn to change his/her patterns of repressing expressing anger. And his/her attitude toward him/herself.

And we are here to help. By the way, does anyone have a four-drawer locked file he/she wants to unload on us? We have just the spot for it!

# Texas Expansion

Farm Plan Corporation, an independent financial subsidiary of Deere & Company, has announced the rollout of its credit service to the entire southern states region.

Already available in 29 states, Farm Plan allows customers to make credit purchases of supplies, parts and services from local, participating merchants. Similar to a consumer credit card, Farm Plan compiles a monthly statement of purchases from all participating merchants, then allows Customers the option of immediate or extended payment. Participating merchants benefit by being able to eliminate accounts receivable and associated bookkeeping chores.

Farm Plan expansion into the southern area is part of a national rollout including Texas and Oklahoma.

The most common types of dealerships that offer Farm Plan credit to customers are: co-ops, implement dealers, feed mills, veterinarians, bulk fuel jobbers and building material dealers.

# Americans & South Africa

Almost every evening the commercial networks vie with one another to see which can devote more time to the racial crisis in South Africa. Newspapers headline that strife daily.

It's the hope of many protesters, reformers and moralists in the West, to bring enough pressure on the government in South Africa to force change. If they force revolution, that will also be acceptable to many.

But has outside pressure on South Africa succeeded in recent weeks? And, even more important for Americans, is it realistic to expect the government in Pretoria to inaugurate one-person, one-vote at this stage?

The United States didn't do it for almost a hundred years after the Civil War, when blacks were still a very primitive people. In South Africa, perhaps fifteen million of that country's sixteen million blacks are still quite primitive.

Should we listen to moralists, reformers and revolutionaries who say we can force the government in South Africa to end discrimination by applying economic pressure? Maybe. But probably this won't work in the years immediately ahead.

Should we really expect the five million whites who built the present-day country of South Africa, often there before blacks in many areas, to relinquish control to a primitive majority com-

posed of almost 300 tribes? If we Americans required from 1865, when the slaves were freed, to the 1950's, even with the federal government generally sympathetic to equal rights for all, should we expect a minority of whites to turn themselves out of power, giving control to a population as primitive as were U.S. blacks sixty or seventy years ago?

No one can really argue the moral points or the desirable goal or the idealistic solution. That would be pure democracy, one vote for one citizen, etc.

But sensible, realistic people can see that to expect the white regime in South Africa to give up control of that country, at this stage of its evolutionary development, is expecting too much. Pressure from the West may produce civil war earlier and, therefore, a solution earlier.

But it also may produce an awful bloodletting and set back the calendar of progress. It's a good and timely question now whether massive bloodshed can be avoided. There is at present no passive resistance leader of the stature of a Gandhi on the scene.

And the white regime is prepared to fight all-out for its survival, and is largely self-sufficient. The U.S. media, then, probably misleads Americans into expecting too much, with its daily concentration on and condemnation of, South Africa.

# To God a note of Thanks

By: Mrs. E.A. Greever

Friends, I will commence the message this week by writing the first verse of the Epistle of Jude.

"Jude, the servant of Jesus Christ and brother of James to them that are sanctified by God the Father and preserved in Jesus Christ and called" in this one chapter He Ex-horts us to build up ourselves on our most Holy faith praying in the Holy Gost to keep

ourselves in the love of God looking for the mercy of our Lord Jesus Christ unto eternal life, verses 20-21 and in verses 24-25 we read now unto him that is able to keep you from falling and to present you faultless before the presence of His glory with exceeding joy, to the only wise God our Savior be glory and majesty dominion and power both now and ever. Amen.

Now why is He giving us this information? Answer-a warning of what happened in Old Testament times as an example of what would be our doom if we failed to hold fast our experience in God, and in verse 14, we read and Enoch also the seventh from Adam prophesied of these sayings. "Behold the Lord cometh with ten thousands of His saints to execute judgment upon all and to convince all that are ungodly among them of all their ungodly deeds which they have ungodly committed and of all their hard speeches which ungodly sinners have spoken against Him. Deut. 33:2; In verse 17 of Jude we read, Beloved remember the words of the Apostles of the Lord Jesus Christ who told you there would be mockers in the last time who would walk after their own ungodly lusts, and in 11 Tim. chapter 3, we find these word, This know also that

in the last days (and 1986 we are in the very last days of 2 of Gods 1000 year perilous time shall come for men shall be lovers of their own selves, covetous boasters, proud blasphemers, disobedient to parents unthankful, unholly, with natural affection, truce breakers, false accusers, incontent, fierce despisers of them that are good traitors, heady high minded lovers of pleasure more than lovers of God having a form of godliness but denying the power thereof (The power to make new creatures of we mortal people making holy and righteous) and our warning advice from such turn away. Verse 7, ever learning and never able to come to the knowledge of the truth. From verse 10 and through out the remainder of 11 Tim. Chapter Three Paul gives instructions to Timothy for all of us that to live godly in Christ Jesus we may expect persecution that evil men and seducers would wax worse and worse deceiving and being deceived but by holding fast to our holy life in God we can by Him be furnished unto all good works. (In all He would have us do.)

Now we will refresh our mind with this Rev. 3:11; Behold I come quickly hold fast that which thou hast that no man (deceiver) take thy crown. Rev. 2:25; But that which ye have already hold fast till I come. In 1 Cor chapter 15 that great resurrection message we read in verse 58 the close of the chapter. Therefore my beloved brethren be ye sted fast unmoveable always abounding in the work of the Lord forasmuch as ye know that your labour is not in vain in the Lord. O thank you God for your rich promise to all of us who are striving to do your perfect will.

# Harrison Completes Training

Navy Seaman Recruit Robert S. Harrison, son of Shirley Collins of Stinnett, TX, has completed recruit training at Recruit Training Command, Great Lakes, IL.

During Harrison's eight-week training cycle, he studied general military subjects designed to prepare him for further academic and on-the-job training in one of the Navy's 85 basic fields.

Harrison's studies included seamanship, close order drill, Naval history and first aid. Personnel who complete this course of instruction are eligible for three hours of college credit in Physical Education and Hygiene.

A 1985 graduate of Stinnett High School, he joined the Navy in September 1985.
