Hugger or traditional style with decorative brass-finish housing, 3-speed pull chain control and reversible rotation. Comes complete with hardware for easy do-it-yourself installation.

Here's how it works!

In warm weather, normal rotation circulates cool air.

In cold weather, reverse rotation forces down warm air from ceiling.

Lynx Chorale in Colorado Springs

U. S. Air Force chapel, Colorado, Springs. Plaque was won at Pikes Peak Festival!

This last Thursday night at midnight following the Spring Concert, which was very good, the members of Chorale who were down to 25 due to conflicts in ineligibility, left for Colorado Springs to attend the Pike's Peak Festival. After driving all night, we arrived in Colorado Springs at 6:00 a.m. Colorado Time and check in with the hotel then we went to the I-Hop for breakfast.

Immediately following breakfast, we headed back to the Clarion Hotel for official check-in. After we got our luggage into our rooms, we loaded up for the cheyenne Mountain Zoo. This was a great experience. Many members found themselves identifying with the locals, including the director. After the Zoo, we went downtown to eat lunch and then to head over to the Pike's Peak Cog Railway for a scenic trip up the mountain. On the way to the tour sight it began to rain and drizzle. When we boarded the train. The entire tour took approximately three hours to go up and down the Mountain. Our tour was rushed just a little due to the snow storm on the summit.

We returned to the bus afterwards and headed to the Hotel for supper because of the rain, we were unable to see Seven Falls so we decided to go ice skating instead. It was great fun. Mr. Miller and Mr. Friemel joined in the fun and enjoyed everyone else falling and biting the ice. We returned to the hotel and crashed (went to bed).

Saturday was a fun-filled day with the Royal Gorge tour to begin with. Afterwards we shopped in Manitou Springs, went into the cave of the winds, and was part of a big bash hosted by the Festival organizers at the Flying "W" Ranch. All Festival participants were in attendance.

Sunday was the Big day and the reason for our trip. After having breakfast, we left for the United States Air Force Academy where we were to sing in the Cadet Chapel for both the Catholic and Protestant Services. This was a truly wonderful experience which won't be forgotten for a long time by Chorale. They sang at the 9:00 Catholic and 11:00 Protestant Services and

received an ovation from the Catholic Congregation. This was a most magnificent building and treat for the students.

When the services had ended, we loaded up and headed back to the hotel for the Festival competition. The Girls Choir and Chorale sang for three judges and did quite well. Our Accompanist, Anne Sheets, was outstanding and a life-saver.

That night at the Awards Banquet, we ate supper and received our ratings based on the performance of that day. The Girls Choir won a silver trophy and Chorale won a silver trophy, there were only two other silvers given that night and nothing more. The Festival director told me later that in all the years this Festival has been run, only 11% of approximately 50,000 participants had received what we received. Silver was the code for outstanding. Both choirs received three straight outstanding marks plus rave reviews on their performance especially with only 25 members present.

Monday we checked out and headed for Denver to see the U. S. Mint and Shop at the 16th street mall. We returned to Spearman Monday at midnight.

Our sponsors were Mr. and Mrs. Eddy Clemmons, Mr. and Mrs. Ken Friemel, Miss Geri Maize. Our thanks go to these great people who gave of their time to attend this trip. Thank you for your time and support. My personal thanks to Mr. Friemel for driving the more fun part of the trip between Raton NM and Denver. My thanks to Anne Sheets for an outstanding job accompanying on the piano. And finally my thanks to Chorale for not only doing such a beautiful job at both services at the Cadet Chapel and the Festival Contest, but also, for doing an excellent job at representing Spearman High School, Lynx Chorale, Spearman Town, and yourselves. A very special thanks to the Chorale Seniors for their leadership and their dedication to the Lynx Chorale. We will miss you.

Although it is over, the tour was a

great success not only in performance but also in fun and a great learning experience. A good time was had by all.

4-H'ers Heading For State Roundup

Left to right: Mark Allen, Keith Clark, Lynette Williams, Lance Harnish, and Bonnie Jarvis. Not pictured Anne Marie Jarvis.

Six 4-H'ers from Hansford County will be taking part in the 1986 State 4-H Roundup, June 9-11, at Texas A&M University.

The county's 4-H members will be among some 1,600 from across Texas taking part in a host of activities, says Karen Babitzke with the Texas Agricultural Extension Service, The Texas A&M University System.

Those participating from Hansford County, Mark Allen in Farm & Ranch Management, Keith Clark and Lance Harnish in Cooperative, Lynette Williams in Citizenship in Action, Bonnie Jarvis in Companion Animals and Anne Marie Jarvis in Horse.

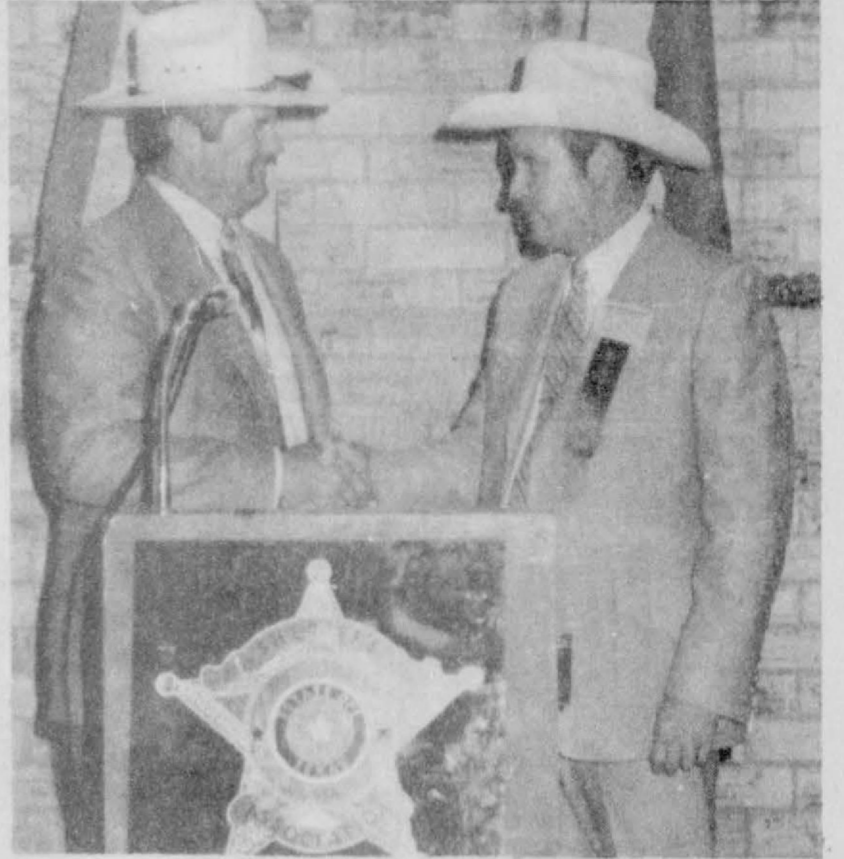

Activities the first day will include registration and the State 4-H Food Show. The food show will continue the second day along with career workshops and the State 4-H Project Show. Thirty-nine contests will be conducted the third day, with an awards assembly winding up the three day event.

The opening assembly for Roundup will begin at 7 p.m. June 10 with the recognition of more than 100 outstanding 4-H members who will receive scholarships totaling almost \$700,000 through the Texas 4-H Youth Development Foundation. Two 4-H alumni and four long-time supporters of the 4-H program also will be recognized with special awards from the 4-H Foundation, says Karen.

Hospital

Patients in the Hansford Hospital are: Grace Benet, Cindy Barnes and Buck Tucker.

Dismissals were: Charles Little, James Umphers, R.L. McFarlin, Robert Stayton and Buster Schott.

SHERIFF R. L. McFarlin President Texas Sheriff's

Spearman residents were jolted by a bolt of lightning Monday of this week that was probably the loudest in the history of our town! Editor Miller reported that the jolt almost shut his car down, and it did blow the radio off the air. But, the worst story from the lightning came from the courthouse! Sheriff McFarlin was walking in the door of his office, which is located just below the large transmitting tower for the sheffif's radios. The bolt of lightning hit the courthouse, and literally burned the new gold badge on the sheriffs chest, as it exited his body. McFarlin said he saw all kinds of yellow and blue lights as the jolt went through his body! As we said the jolt burned the new gold star on the sheriff's chest, and he was rushed to the hospital to be sure he wasn't badly burned. Needless to say, the gold star does "really" conduct electricity and he may have to go back to his old brass star!

Wonderful GRADS

We wish you many happy tomorrows as we congratulate you on this important day.

Palo Duro Cowboy Camp Meeting

What better time than our Sesquicentennial year to mark the first Palo Duro Cowboy Camp Meeting. It will be held June 12-15, 1 1/2 miles east of Gruver at the rodeo arena. This is a Christian Experience you won't want to miss. We will be camping outdoors and eating family style with all the meals provided. There is no charge for participation, however, donations will be greatly appreciated.

The camp will open Thursday evening with supper and worship service led by Dennis McKinley, Fort Worth, Tx, and Wayne Stockstill, Upland, CA. Dennis, a PRCA calf roper, is involved with street ministry in Fort Worth and helped with the opening of church services in Billy Bob's. Wayne has had lots of experience preaching at cowboy camp meetings and will attend every meeting scheduled this summer. Paul Biggs, Bartle-

sville, OK, will lead the music. If you play an instrument be sure and bring it. God says, "Sing praises to the Lord."

Many activities are planned for the whole family. There will be a rodeo for the kids with a greased pig contest, calf dressing, calf scramble, stick horse races, a clown contest, and more. There will be a hayride and lots of singing around the campfire; something for everyone! and of course the main event... team roping. Go-round winners will receive Bibles donated by the Community Bible Church. Silver buckles donated by Walco will go to the average winners. The only entry fee is to attend the evening meeting. But even if you don't rope, bring your horses 'cause we've got other activities planned.

The purpose of Christian Cowboy Camp Meetings is to promote the cause of Christ and spread the

Word of God. Everyone is welcome, regardless of denomination.

The campsite is in the country and facilities are limited. Everyone is responsible for their own tents or campers and equipment. Water and electricity will be furnished. Rules for the camp will be posted.

There will be lots of fun and great Christian fellowship. Don't miss this blessing! For further information contact Keith or Merry Bateman, Box 511, Gruver, Tx. Telephone 806-733-2129 or 2252.

Picture drawing included, caption: "Christian Fellowship, cowboy style."

There is nothing new save that which has been forgotten.
-MME. Bertin.

We share the joys of this graduation with all our friends.

Karen's Kozy Korner

Money may not be "the root of all evil," but it evidently is the root of much family stress.

In one 1985 study, researchers found that the number one worry of 660 families from various income brackets was money, finances or budgeting. A 1984 Gallup Survey also showed that 65 percent of a nationally representative sample was worried about having enough to pay bills at least some of the time.

Of course, some families have cause to worry about the very real economic problems they face because of unemployment, a family farm debt crisis or reduced financial status as a single parent or retiree.

But other financially stable families seem to worry about money too. Why? Some financial experts point to the fact that even though income levels are at an all time high, and inflation is relatively low, family purchasing power eroded during the 1970's. Even we have seen a modest increase in real purchasing power recently, many families feel they can "never get ahead."

Psychologists have also observed that

in our society each generation expects a higher standard of living than the generation before. When this expectation cannot be met, stress sets in.

Many families simply do not know how to manage their money so they can meet their expectations. Often, they learn to budget by trial and error -- if at all.

Budgetless families frequently don't have money set aside for inevitable emergencies like a broken washing machine or a medical bill.

They may overuse credit and spend a significant part of their income on finance charges. No matter what size the income, trying to stretch it to meet all the demands of the family gets to be a trial.

Yet there are many resources available, right here in our community, to help families learn important money management skills.

Educational Programs conducted by the Texas Agricultural Extension service serve people of all ages, regardless of social economic level, race, color, sex, religion, handicap or national origin.

TSTI To Offer Feedmill And Elevator technology Course

In an effort to provide competent, trained professionals to the cattle feeding and grain elevator industries, Texas State Technical Institute (TSTI) will offer a Feedmill and Elevator Technology course.

The course, set to begin September 8, was developed by TSTI at the urging of the cattle feeding and grain industries because of difficulty in finding trained people to operate feedyard feedmills and grain elevators, according to Charlie Ball, executive vice president of the Texas Cattle Feeders Association.

"More than 23% of all fed cattle in the nation (6 million head) are produced in Texas and the neighboring states of Oklahoma and New Mexico," Ball says. "With the concentration of cattle feeding in the Texas Panhandle and surrounding states, there is a need for highly skilled feedmill operators."

"Feedyards process a tremendous amount of grain daily, requiring skilled, well trained people," continues Ball. "But there presently is no structured training program for feedmill and grain elevator operators. Thus, we asked TSTI to initiate this course."

Ball points out, since TSTI is a vocational school, many others beside recent high school graduates may be interested in the course. "With the recent financial difficulty many area farmers have experienced," he says, "there's a potential pool of people who already have many of the mechanical skills needed to become a feedmill or grain elevator operator."

The course will train students in the operation of feedmill and grain handling equipment, dust control techniques and hazards, electrical/electronic weighing controls, hydraulic and pneumatic systems and advanced trouble-shooting, according to Jim Lutes, course instructor and program coordinator at TSTI. Coursework will include training in equipment maintenance, electrical systems, welding and mechanics as well as industrial management and computer operation. Lutes says.

Two training options will be offered, he says. One is a certificate program lasting four quarters or 12 months. The other option, which will allow students to obtain an Associate of Applied Science degree, will last six quarters or 18 months.

More information on the Feedmill

and Elevator Technology course can be obtained from Lutes at Texas State Technical Institute in Amarillo, telephone (806) 335-2316.

"Daddy, can I have \$40,000 for college?"

What will your answer be...
The time to start planning is now!

If you are looking for ways to finance your child's college education, then you need to talk to the Integrated Resources Equity Corporation specialists. We have the knowledge and expertise to help you choose the most suitable investments toward achieving your financial goals.

Integrated Resources

No ruling on PCB site until further testing

By Rowdy McBee
Staffwriter

The Environmental Protection Agency will not rule on the proposed PCB dumpsite on the Texas-Oklahoma border 13 miles south of Guymon, until further testing on dust control, clay around the monofill and protection for the water is done.

American Natural Resources Company, a subsidiary of Coastal Corp., applied for a monofill to dispose of PCB, but has been met with opposition from residents in the area.

"The testing will probably not be done for another six months, so it will be in the fall when they decide," stated CAPP (Citizens Against Poisonous Pollutants) member Barbara Stavlo.

"We have visited with the state attorney general of Texas and there may possibly be a suit filed against the E.P.A.," quoted Stavlo.

The suit would concern the fact Texas agencies have no authority to decide on the issue.
Dr. Thomas Hale, director of Pediatric Clinical Pharmacology at the Texas Tech University Health Sciences Center said if the PCBs are deposi-

ted here, we can expect them in our environment for the rest of our lives.

His report stated, "Because our environment here in the Panhandle is considered rather stable, due to limited rainfall, once PCBs are introduced we can expect to spend our lives, and that of our children living with persistent and increasing quantities of the ultrastable compounds in our body tissues."

"By a process of biomagnification, we should expect that our body burden of PCBs will continue to increase. Science does not know the final result of life-long exposure to these compounds, but experience suggests that the organ systems most sensitive to PCB poisoning are our reproductive organs and the liver. Once introduced into the human body, only extreme fasting will reduce the body burden of PCBs, and then only to a limited degree."

CAPP has now almost 2500 members in its organization. The committee is preparing to send out its first newsletter in June.

Funeral Services

Ray Carter Ingle Jr.

Ray Carter Ingle Jr., 60, of 3447 Amherst, died Tuesday.

Graveside services were at 10:30 a.m. Saturday in Shattuck Memorial Cemetery in Shattuck, Okla., with the Rev. Marvin Garrison, pastor of First Christian Church in Shattuck, officiating. Arrangements were by Mason Funeral Home of Shattuck.

Mr Ingle was born and reared in Shattuck. He attended Oklahoma State University before entering the Navy. He moved to Amarillo three years ago from Spearman.

Survivors include two daughters, Helen Mills of Walsh, Colo., and Anna Ingle of Denver; his stepmother, Emily Ingle of Shattuck; two sisters, Vivian Morgan of Shattuck and Jean Kirken-dall of Akron, Ohio.

Memorials may be to Cookson Hills Christian Ministry, c/o Mason Funeral Home, P.O. Box 699, Shattuck, Okla., 73858.

Roberta Janzen Rose, 53, died Mon.

Services was held 2 p.m. Wednesday in Union Church in Spearman with the Rev. Steve Rogers, pastor, and the Rev. Jacob Regier, retired pastor, officiating. Burial will be in Ochiltree Cemetery by Boxwell Brothers Funeral FHome.

She was born in Ochiltree County. She was graduated from Perryton High School in 1949. She moved to Perryton in 1985 from Melbourne, Fla. She attended Union Church.

Survivors include two daughters, Roxanne Sawyer of Nassau, the Bahamas, and Jan Groves of Orlando, Fla.; a son, Vaden Earnest of Scott Air Force Base, Ill.; her parents, Mr. and Mrs. Sam of Janzen of Perryton; three brothers, Robert Janzen of Spearman, Gail Janzen of Perryton, and Earnest Janzen of Denver, Colo.; a sister, Avis Reid of Perryton; and three granddaughters.

Thelma B. Scott, 72, died Saturday. Services were at 11 a.m. Wednesday in First United Methodist Church with the Rev. Lane Boyd, pastor, officiating. Graveside services were at 3 p.m. in Graceland Cemetery in Meade, Kan. local arrangements are by Boxwell Brothers Funeral Home.

Mrs. Scott died Saturday. Survivors include two daughters, two sons, a brother, 12 grandchildren and 13 great-grandchildren.

Mrs. Scott, born in Mountain View, Mo., was a 27-year Spearman resident. She was married to Preston Scott in 1932 at Meade, Kan. He died in 1977. She was a member of First United Methodist Church and Order of Eastern Star. She was a former board member of Golden Spread Senior Citizens Center.

"All-Around Students"

Julie Jones

Julie Jones and Thad Reid were recently selected by the administrators and teachers of Spearman High School as "ALL AROUND STUDENTS". This honor is a reflection of their achievements in academics as well as extra-curricular activities.

In Julie's years at SHS she has been a very busy girl. She participated in Varsity Track as a Freshman. She has played basketball all four years. This year she was Captain of the Varsity Basketball team that won Bi-District and went to the Area Playoffs. Julie was also their Homecoming Queen. Coach John Roller awarded her the "Fighting Heart Award" at the Athletic Banquet recently.

As a Sophomore she won the Home Economics II Award. She lettered in Academics her Junior year. She won the Rotary Youth Leadership Award for 1985 and attended their leadership camp near Taos, New Mexico. She was selected for "Who's Who Among

American High School Students" and is a member of the National Honor Society.

Julie enjoyed being a Cheerleader for SHS this past year. Earlier in the year she was chosen as "Miss SHS" by the high school students.

At the Awards Assembly she was recognized as Senior Honor Student as she tied for sixth place in her graduating class. She won the Presidents Academic Fitness Award and the UIL Scholar Award as well as the "ALL AROUND STUDENT".

At Morse First Baptist Church she is an active member and enjoys their Youth Group. Next fall she will attend Texas Tech University where she plans to study Business.

Julie is the daughter of Donnie and Jeannie Jones of Morse. Her grandmother is Opal Jones of the Hansford Manor. She is also the granddaughter of Ira and Loree Harbour.

Thad Reid

Thad Reid was recently selected by the administrators and teachers of Spearman High School as "ALL AROUND STUDENT" along with Julie Jones.

Four years of academic and athletic accomplishments will be completed for Thad Reid as a 1986 graduating student of Spearman High School on May 30.

He has been a Student Council member for two years serving as President this past year. As a Sophomore, he was inducted into the Mary Hartman Chapter of the National Honor Society and has served this year as NHS President.

Last summer, it was Thad's privilege to be a delegate to Boys State in Austin and in the fall a Chemical People representative to the Texan's War On Drugs in Austin.

Academic honors include, Elementary Analysis, Free Enterprise, Art and Computer Science. As a Sophomore he received the Algebra II award; as a Junior the Bookkeeping award. Also, he received the 1986 UIL Scholarship Award and the 1986 Presidential Academic Fitness Award. Thad is graduating with a 93.609 GPA placing him as Salutatorian of the 1986 graduating seniors.

The Most Valuable Player Award was presented to Thad at the annual SHS Athletic Banquet as a member of the Lynx Varsity Basketball team.

In the fall, he will attend Wayland Baptist University in Plainview pursuing a degree in Accounting. His parents are David and Robbie Reid. His grandparents are Robin and Leota Giblin of Morse.

Spearman Lions plan 10K run on June 7

The Spearman Lions Club will hold a sanctioned 10K run in Spearman on June 7, beginning at 8:30 a.m.

The 10K run is a TAC certified course by the Amarillo YMCA Running Club.

All runners will receive a Lion T-Shirt, along with trophies, plaques and ribbons for the winners.

Awards will be given for first, second, and third place winners in male and female divisions. A special plaque will go to the Lions Club member who is first to cross the finish line.

There is also a one mile Fun Run for which there is no entry fee. Ribbons will be given to all participants.

The fee for the 10K run is \$6 in advance and after May 30 it will increase to \$8. Entries may be sent to the Spearman Lions Club, Box 161, Spearman, Texas 79081.

The 10K Run is part of the Hansford County Roundup celebration.

Registration for the run begins at 7 a.m. on June 7 and will close at 8 a.m. The 10K Run starts at 8:30 a.m. and the Fun Run at 8:35 a.m.

You are Cordially Invited to a shower Honoring

Pringle-Morse Eighth Grade Graduation

Kelly McCloy

Gannon Harris +

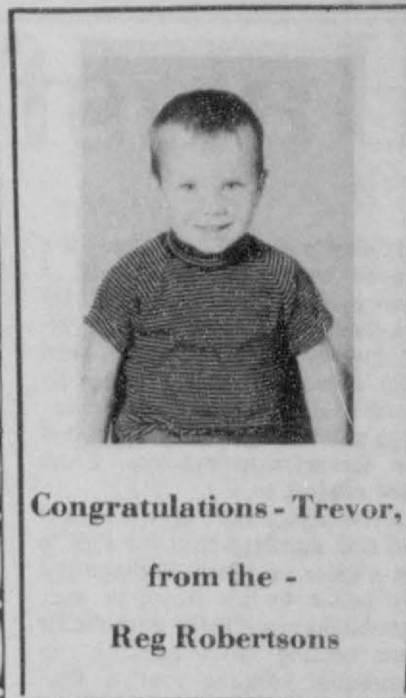

Greg Packard

Delwin Russell +

Irma Gamboa

Congratulations - Trevor,
from the -
Reg Robertsons

The Pringle-Morse school district will hold Eighth Grade Graduation Exercises, May 29, 1986, at 8:00 P.M. in the school auditorium.

Valedictorian, Kelly McCloy and Salutatorian, Gannon Harris will be the featured speakers. Board President, Allen McCloy will present the classmembers with their certificates of graduation.

Classmembers are: Kelly McCloy, daughter of Allen and Karen McCloy. Gannon Harris, son of Roy and Rhema Dell Harris. Greg Packard, son of Albert and Thelma Ward. Delwin Russell, son of Raymond and Debra Russell. Irma Gamboa, niece of Jesus and Sofia Moreno.

The class will be honored at a reception following the graduation ceremony. The reception will be given by the eighth grade parents.

Among The Neighbors

The Bob Meeks will long remember this eventful week. Their son, Gregg and Dina Joy were married Friday evening. The ceremony was in Tulia at the home of the bride and others attending were: Mr. and Mrs. Robert Driscoll, Mr. and Mrs. Ray Martin, Mr. and Mrs. Scot Martin and Garrett, Mr. and Mrs. Ray Gressett and Jeff, Mary Ann Martin, Mrs. Jane Meek, Mr. and Mrs. Rick Driscoll and family of Sunray, Mr. and Mrs. Steve Trafton of Amarillo and Wayne Meek who served as Best Man.

Wayne Meek, a student at TSTI, is recovering from facial and hand lacerations. On May 18 in Amarillo, he was the driver of the car that was first sideswiped and then struck by a drunken driver. Wayne was standing to the left of his car when it was struck

from the right side, hurling him to the pavement. Three men who had stopped to assist were struck and killed.

The Meeks are very thankful and grateful for Wayne's narrow escape and for all the concern shown.

Spearman folk having access to the Waco Tribune Herald have been impressed recently by the coverage given to Susan and Richard Tracy in connection with the Brazos River Festival. One issue carried a picture of Susan who was the Chairman of the Festival Committee, with supervision over 3,000 volunteers. This festival is listed as one of the biggest and most lavish for the Texas Sesquicentennial. Richard is Vice-President of the Historic Waco Foundation and was the host of the Cooper House, owned by the Cooper Foundation and the Herald refers to him as a "delightful gentleman" The Tracys are quite involved with civic and church work in Waco. Susan is a member of the Junior League.

Richard's mother, Mrs. Everett Tracy spent two weeks in Waco caring for their two young children while Susan and Richard were occupied with the festival. Mr. Tracy joined them for several days.

Susan is the daughter of Mr. and Mrs. Charles Brillhart and the granddaughter of Mrs. Hazel Jackson.

Mrs. Earline Chambers, of Lubbock, formerly of Spearman left Tuesday after several days here during the Memorial Day holiday. She has been a guest of Mrs. Ruth Shaver. On Sunday evening, Mrs. Maylynn Schubert had a group of old friends in to visit with Earline. Those enjoying ice cream and cake with her were: Jane Meek, Darline Howell, Adalyn Bar., Myrtle DeArmond, Ruth Shaver, Rosalie Butt and Helen Fisher.

Mr. and Mrs. Delbert Allen returned from witnessing the high school graduation of her granddaughter, Shannon Vernon, at Amber, Oklahoma on Thursday night. The Allens visited in Hydro with an ex-Spearman resident, Mrs.

Thelma Fletcher. Also they visited with Murphy Allen and family in Elk City.

Mrs. Maxine Banister, of Amarillo, is spending a few days with the Allens here over Memorial Day.

The Long Memorial week-end passed quickly for Ruth Hill as she enjoyed a two day visit with her sister. Lena Wade Phillips drove over from Canyon to share the week-end.

Mrs. Nova Bair of Amarillo is spending some time here over the Memorial Day holidays with Mrs. Maylynn Schubert.

Valerie and Leon Hagerman, of Plainview, were guests of his mother, Mrs. Lucile Hagerman, over the week-end. Leon is a math teacher and coach with Greg Sherwood and Valerie is Secretary in a law firm.

Mrs. Linda Close is pleased to report that her father, Mr. Frank Rogers, is now at home in Waka. He is recuperating at home following surgery in St. Anthony's hospital in Amarillo. Mrs. Close had been going to Amarillo to be with him for several days.

Suzanne and Neal Howell of Morse attended the funeral of her grandmother, Mrs. Estella Thuet in Vega on Monday. Mrs. Elva Jean Dixon and her mother, Mrs. Pearl Dixon, also attended.

Mrs. Blanche Greene and Mr. and Mrs. Jim Eakin and boys attended the high school graduation ceremonies at Amber, Oklahoma last Thursday. Shannon Vernon, daughter of Mr. and Mrs. Eldon Vernon graduated. She is the granddaughter of Mrs. Greene. She plans to enter O. U. in the fall.

Mr. and Mrs. T. C. Kitchens returned Friday from a three weeks absence from home. They visited at Broken Arrow, Oklahoma for about a week with their daughter and family, the Burton Williams. Then they spent the next ten days in the Eureka Springs, Arkansas area where they enjoyed the Passion Play and other events and scenes which the area is developing. The Kitchens were lavish in their praise of these exhibitions. The Williams joined them on two week-ends and on the return trip, the Kitchens spent a few days more at Broken Arrow.

The Average Billing Plan
When You'd Rather NOT
Be Surprised!

Sometimes the amount of your monthly electric bill can come as a big surprise to you. Having to pay a larger bill than usual may put a strain on your household budget. The Average Billing Plan can help you stay on budget. When you qualify for the Average Billing Plan, you know you will pay approximately the same amount each month all year long, so you can plan your budget...and stay on it!

Your budget planning can be a lot easier with the Average Billing Plan, so call our office today for all the details.

We're here to help you get the most benefit from your electric service.

Hansford pair win REA-D.C. Trip!

(Editor's Note: What follows is a speech made by Pam Doty, a Gruver High School senior and the daughter of Mr. and Mrs. Gary Doty. Pam was one of the two local high school students selected by North Plains Electric Cooperative to go to Washington, D.C. as part of the Government-in-Action Youth Tour contest.)

A few nights ago I crawled out of bed and stumbled thru the dark to get a glass of water. Perhaps you can relate to this if you've ever stumbled around in the dark rather than turning on a light. I can remember tripping over a stool that someone left in the middle of the floor and stubbing my toe. It would have been much simpler just to flip on a light, but I didn't want to wake anyone. Now that I think back I realize I probably disturbed more people with my noise.

Stumbling around in the dark reminded me of stories my Grandparents used to tell me. Back then, it wasn't so easy to have light. My Grandparents didn't live in the city so they did not have electricity. They lived in a rural community similar to where I live now. I live 20 miles from any nearby town, and sometimes I wonder what my life would be like today without Rural Electrification — the Light of a New Era.

Think back with me for just a minute to what the world was like before electricity. In the beginning, the very beginning, God said, "Let there be Light." God made this light day. The plight of our farm families made men and women old before their time. Daily chores like milking the cows, keeping the milk cool, harvest and the unending labors of thousands of men and women.

Often farmers had to stumble around in the dark or finish their chores by the flickering, dependable light of the lantern. They spent many cold winters in front of a coal or wood stove, and without electricity, even boiling water was a chore. Then there was the dreaded washday.

So many conveniences taken for granted now in America were unknown to our pioneers — not just vacuum cleaners and washing machines but also indoor plumbing which requires an electric pump. Now the outhouse has become a monument of our pioneers rather than a necessity. It seems we are so accustomed to the comfort and convenience electricity gives our lives, that most of us, including myself, think electricity is essential. I remember waking up one morning to find we had no electricity as a result of a storm we had had the previous night. I panicked! "Mom, I can't go to school without rolling my hair." Thank goodness the electricity came back on in time for me to fix my hair because, to be honest, I don't think my mother would have stood for that excuse.

Shortly after Thomas Edison built the first central electric station in 1882, electricity began to light up the streets and homes in cities and drive the engines of industry. Rural America was becoming the primitive backwash of a society that was undergoing rapid industrialization. While rural electrification may have been technically possible, according to most people involved in the electric power industry of the time, it was far from being economically feasible. As America moved into the second decade of the 20th century, rural electrification was still nonexistent. But finally on May 11, 1935, President Roosevelt established the REA — the Rural Electrification Administration. The early intent of the REA was to establish "an orderly program of loans," to provide incentive for power companies to extend service to rural areas. Because of the REA, rural America began to move aggressively to provide electric service for themselves. They learned quickly though that they could not take on this prodigious task one at a time. They needed to link themselves together, to collect their individual strengths into an effective unity — a cooperative.

The first U.S. cooperative was organized by Benjamin Franklin

known. North Plains Electric Cooperative was granted a charter in May of 1944 with our present President Ira Harbour and J.H. Kershaw, as charter members. It serves 5,025 meters with 3,390 miles of electric line. Today, almost everyone in rural America has access to central electric service.

Rural Electrification has become the Light of a New Era. It is the electric light that keeps me from stubbing my toe in the dark, but that is just one of the many services of electricity. It also provides us with the power to operate computers, charge electric fences, and enjoy microwave ovens. Many of the services electricity gives us are simply luxuries like the current craze of personal tanning beds. Other services are necessities in the form of sophisticated medical equipment that can be operated at home. And some allow us to extend further relations to other countries by going VIA satellite.

We can all rest assured that our lives will be made easier by the continued advancements in technology because of rural electrification. And I can be confident knowing that just because I don't live in the city, I am not being cheated out of electrical luxuries. When you turn on that light tonight to keep from stubbing your toe, remembers the Light of our New Era — Rural Electrification.

Thank You!

(Editor's Note: What follows is a speech made by Mark Garnett, a Spearman High School junior and the son of Mr. and Mrs. J.M. Garnett. Mark won a trip to Washington, D.C. as part of the Government-in-Action Youth Tour contest from the North Plains Electric Cooperative Inc.)

Rural Electrification... The Light of a New Era

The story is told of a young man climbing in some rugged, high mountain peaks. He came across an eagle's nest. The nest contained several eggs. He took one and gently carried it back to his home. There he put it with several eggs an old hen was setting over. In due time all of the eggs were hatched and there came forth the eaglet with the baby chicks. He scratched in the barnyard for his food like chickens do. Although he grew to full size, he still never flew. The young man watched the process with great interest. He wanted the eagle to fly. So one day he took the eagle up on top of his house and said, "Thou art an eagle, fly." But the eagle just flew down to the barnyard and commenced scratching like the chickens. A few days later, long after sunlight, the young lad took the eagle to a lofty crag high among the mountain peaks. Then, as the first streaks of sunlight burst over the mountain range, he said, "Thou art an eagle, fly." The eagle began to stretch its wings; its eye caught a shaft of sunlight; a sensation swept through it from wing tip to wing tip. The fresh, cool air, the smell of pine trees, and an exhilaration it had never known coursed through the great bird. Its wings spread wider; power swept through its entire frame. It began to lift off the arm of the young man. Soon it was lifting and soaring hundreds of feet above the high peaks. It lifted higher and higher and soared farther and farther into the endless sky. It saw more in an instant than its earthbound chicken companions saw in a lifetime. From that time forth the eagle was never more content to be a barnyard fowl.

As the eagle soared he discovered the light of a new era for himself. So it is true for rural electrification. In the 1930s, only one out of every ten American farms had electricity. Then, in 1935, the rural electrification program was established. Rural electric cooperatives, with loans from the Rural Electrification Administration constructed the systems that brought light to most of rural America. Today, almost anyone in rural America has access to central station electric service, and America's 1,000 nonprofit, consumer-owned rural electric

a reliable supply of electric power for life in rural America.

The eaglet was a fledgling and while young did not know his potential — likewise, the REC and more importantly our own North Plains Electric Cooperative had to grow and realize its potential and possibility for service and growth. Today NPEC provides an efficient, economical way to meet the common needs of the people of the Panhandle.

Few moments in life can be compared with that magic day when — for the first time — rural America reached up and pulled the metal chain on a single-drop socket hanging from the ceiling and the room flooded with light.

Only those who lived without electricity for years can understand. Trying to read, to study, to do homework in the dim yellow glow of kerosene lamps was difficult and eye straining. Even with advanced Aladdin lamps or carbide lights were weak compared with "electric lights".

My grandpa says that those who were born into the electric age in rural areas can't possibly imagine the drabness, the dullness, that marked life on the Farm without electricity.

No hot water unless you heated it on a wood stove.

No refrigerators. No icemakers. No air conditioners. Countless "no's".

The wait for electricity was almost unbearable. As I recall the story of a young boy, who sat on the roof of his farm garage in Texas for hours, each day for weeks, watching the distant crews as they "set" the light poles and strung the wire. He thought they would never reach their farm. Finally the house was wired with singledrop sockets and bulbs in each room. No other electric appliance was then affordable. Finally, finally, finally came the day when the meter was installed and the final connection made. A magic moment — Few thrills since have matched it.

Last year REA celebrated its 50th anniversary. A birthday to be pleased with, as we all reminisce about its many achievements and realize what an important aspect it plays in all of our lives.

This month of May, 42 years ago, our own NPEC received its charter and the magic of lights came to the Panhandle of Texas.

NP provides the back bone for the farmer so he can feed the world. Employees and the Board of Directors should give themselves a pat on the back as we all realize the profitability and energy of our own electric cooperative. Around the country many REC are financially in trouble and do not have the backing or appreciation of its members. In the Panhandle this is not so. NP is financially doing well. One of the best managed and run cooperative in the entire country.

I took a phone survey of just my county and found that the people realized who supplied their electricity. They are very aware of Mr. Ira Harbour and his many years of service on the NP board — including the fact that he was a Charter Director. These rural cooperative members are also aware of who to call when there are no "magic" lights.

As rural people and members of North Plains we are entering a new era — one with more light — as we put the North Plains energy to even better use. Farming has had to become more innovative, efficient and updated. Among the advances our cooperative brings the use of the computer into the farm home to help each of us "see" where we stand, and where we need to be going to make a profit and grow.

I believe that like the eagle who found his wings and soared. The REA and most importantly North Plains Electric Cooperative will continue to soar and meet the challenges that are to come. So, as we celebrate another year of service and progress with our cooperative I want to thank North Plains, its board of directors and its manager Pat McAllister on behalf of all its members for a job well done and for providing us with

WAITING TO GO ON — These six high school students waited in the board room Tuesday night for their turn to speak before members of the North Plains Electric Coop. The winning boy and girl were sent to Washington, D.C. on an expense paid trip. The contestants are Pamela Doty, Gruver; Jay Garnett, Spearman; Sharon Hannon, Perryton; Kristine Akers, Follett; Phoebie Scates, Follett; and Mark Garnett, Spearman. Pamela and Mark were the winning contestants.

Hansford pair win

Pamela Doty, a Gruver High School senior and the daughter of Mr. and Mrs. Gary Doty; and Mark Garnett, a Spearman High School junior and the son of Mr. and Mrs. J.M. Garnett were the winners of the rural electrification speech contest Tuesday night, and were awarded expense paid trips to Washington, D.C.

North Plains Electric Cooperative, Inc., sponsors the trips each year for one boy and one girl as part of the Government-in-Action Youth Tour contest.

The pair will leave for Washington June 11, and will return June 24.

Kristie Akers, Follett, daughter of Mr. and Mrs. Robert Akers; and Jay Garnett, a freshman and the brother of this year's winner, were chosen as alternates.

Others competing in the contest were Sharon Hannon, a freshman from Perryton High School and the

daughter of Mr. and Mrs. David Feil; and Phoebie Scates, a Follett High School senior and the daughter of Mr. and Mrs. John Scates. Phoebie is the sister of last year's winner, Perma Scates.

The Hansford County pair will tour the capitol of Texas and the Lyndon Baines Johnson Memorial Library before meeting with the governor of Texas on June 12; all this in conjunction with the Texas Sesquicentennial.

On June 13, they will visit — along with other Texas teens chosen for the trip — a generating coop in Waco; and on the 14th will begin their three day trip to Washington, D.C.

Included in the capitol itinerary are a meeting with President Ronald Reagan and with a meeting with Congressman Beau Boulter; and tours of the Smithsonian, the Jefferson and Lincoln Memorials, the memorials to the fighting men

of Viet Nam and Iwo Jima campaigns, the Bureau of Printing and Mount Vernon. Students will also be given the opportunity to watch a theatre production at the Kennedy Center, and will include more tours to places like the Library of Congress and the Supreme Court building.

SENIORS

To each of our graduating seniors, Congratulations.

Bible School

"We're geared up for adventure at First Christian Church!" said Rev. Martin Foster. "We're planning an all-new Vacation Bible School, and we're really excited about the theme this year. The church will be turned into Sonlight Mountain, which is a wonderful place your family can come to discover how Jesus shows us God's wisdom." Rev. Martin Foster added that the camping theme will help create an atmosphere of fun and adventure while featuring life-related Bible study, creative crafts, fun games, lively songs and planned recreation. "We want everyone to explore the paths which lead to God's wisdom as they share the experience of working, playing, learning and loving together," the Reverend concluded.

The Vacation Bible School begins June 2 and continues through June 6. Classes are held at 29 S. Bernice from 9:00 am - 11:30 am. For information call 659-2036.
