Lynx open season here Friday night

"Funsies" of pre-season practice and scrimmage are over—from here on out, the Spearman Lynx will be playing for "keeps."

Friday night at 7:30 in Lynx Stadium, the Angry Purple will kickoff the 1983 gridiron season with a "revenge" game against their arch-rival, arch-nemesis Stratford Elks.

The Lynx go into the game with the bitter memory of last year's game with Stratford still festering—when the Elks snatched apparent victory away from Spearman in the final seconds.

That game was decided when the quarterback passed laterally to a halfback near the sideline, who in turn threw a TD pass to an end in the end zone to turn the game around 19-13.

There should be no extra incentives needed to fire up either team. The game is always a tough, spirited one. The Elks are reported to have one of their best teams in years—and they are a traditional class AA powerhouse. They will be seeking to prove their rating as one of Panhandle's top AA outfits is no fluke and hope to make the Lynx their first "notch" on an undefeated season.

As for the Lynx, "revenge" for last year's last minute loss is only one motive that has the Spearman team fired up for the traditional grid battle. They will also be seeking to snap a long-running Stratford victory skein that stretches back to

1977, when the Lynx last beat the Elks. That year, the last under Head Coach Athletic Director Greg Sherwood, the Lynx socked it to the Elks, 34-14 and went on to their first undefeated regular season before finally falling to Childress in the playoffs.

The Lynx will also be out to improve on their disappointing 4-6 mark of last year, when they were severely hobbled by injuries.

Most of the "experts" who predict such things have rated Stratford a solid favorite to beat the Lynx Friday night, based on Stratford's returning seven defensive and five offensive starters from last year's district champs, plus the school's winning tradition.

Last Friday, the Elks hosted a sophomore or junior squad representing the mighty, defending New Mexico Class 5-A state champion Clovis team. Although this was only a small part of the huge Clovis team, the visitors were expected to solidly beat the Elks. Instead the Elks racked up a 4-1 victory.

But the Lynx will be conceding nothing to anybody this year, as they proved in last week's pre-season tuneup when they shutdown White Deer's "fast break" offense for a solid 2 touchdowns to none victory.

Head Coach Athletic Director Larry Lanier expects the Lynx to be competitive all season long although some experts say the Spearman squad, laden with junior talent, is a year away. He said he expects the

Lynx to be in the thick of the 1-3A district race—this year.

And there is reason for optimism. The Lynx will field a forward wall that is one of the heaviest, and most talented in the Top 'O Texas. In all, the Lynx have seven starters back, including tackle Mark Guthrie and guard-linebacker Darl Farris, both honorable mention All-District performers last year.

They are joined in the "monster" line by returning starting tackle David Turner, returning strong end Steve Burke and center Billy Ray Haden, all weighing 200 pounds or more.

Highly respected quarterback Ross Donahue, a respected field general and excellent passer, leads the Lynx attack. A Soph last year, Donahue soon won starting honors and is expected to be one of the best in the area at quarterback this year.

Running backs Byron Sutterfield and Julio Vasquez, both juniors provide speed and running punch. Vasquez and Sutterfield have run exceptionally well in scrimmages, and the passing combination of Donahue to end Mac McLain has turned in glittering performances, particularly last Friday against White Deer.

Lanier expects the Lynx to be in good physical shape for Friday's clash with the Elks, barring any last minute injuries or illnesses.

is a need for hurrying on the project, and the bank agreed to pay the sum proposed by the construction firm.

The council did some last minute adjustment to the proposed city budget for fiscal year 1983-84 during a final workshop session.

They decided by consensus to lop the \$18,390 for painting a water tower off the proposed budget, delaying for another year the painting of water towers.

Although they could not formally adopt the budget during the workshop—adoption must come after another public hearing and during a session where it is an agenda item—the aldermen generally agreed the new budget was at this time balanced and would require neither a hike in the utility rates nor a hike in the current tax rate of 72 cents per \$100 valuation.

The brunt of the cost for purchasing the bank building for a new city hall will not come out of the proposed budget for 1983-84 but rather out of the next fiscal year's Murray said after the meeting.

Possibly a big help in meeting that expense when it comes due will be a new CD deposit for the city at First State Bank. Murray bought the CD for City of Spearman with the \$107,138.29 the city received in insurance for fire damage of the old city hall. The CD will draw 10.25 per cent interest, compounded, according to Murray. It will be due Feb. 21, he said, and "we plan to renew it at that time."

He said that if the city hall is sold at a fair price, then this will also greatly help toward purchase of the new city hall from the bank.

He said that a couple of key players who had been out with the flu are expected to be ready to play. He expects a good, hard fought game, and has the Lynx working hard on pass defense, their weakest point to date, in anticipation of a strong passing attack by Stratford led by senior quarterback Kent Holman, one of 1-AA's top passers last year. Back to provide a potent running attack for the Elks are Sammy Gomez, the district's rushing champ for the past two years, and Albert Olivias, a big ground gainer for Stratford last year.

End David Naugle and swift Brett Cummings, who was earmarked for starting quarterback last year but moved away for a few months and was ineligible for varsity football, are expected to be excellent receivers. Defensive standouts include Holdman and his brother Brent, all-district nose-guard Albert Olivias and tackle Richard Lloyd.

Fans should see an exciting game matching the Lynx stonewall rushing defense against the star Elk running backs, and an aerial duel between Donahue and Holman.

Andy Snowden

Memorial services for Andy Snowden were held Tuesday at 10 A.M. in the church at Gibtown, Tex. Mr. Snowden passed away August 28 following a lengthy illness.

The Snowden family lived in Spearman for many years, and were members of the First Baptist Church.

Andy was born June 24, 1903 at Elk City, Okla. to parents Theophilus & Julia Belle Snowden.

His survivors include the wife, Alma, of the home and three children: Mary Joy, James and Clara Bell. The family receives mail at Box 180, Poolville, Tx. 76076.

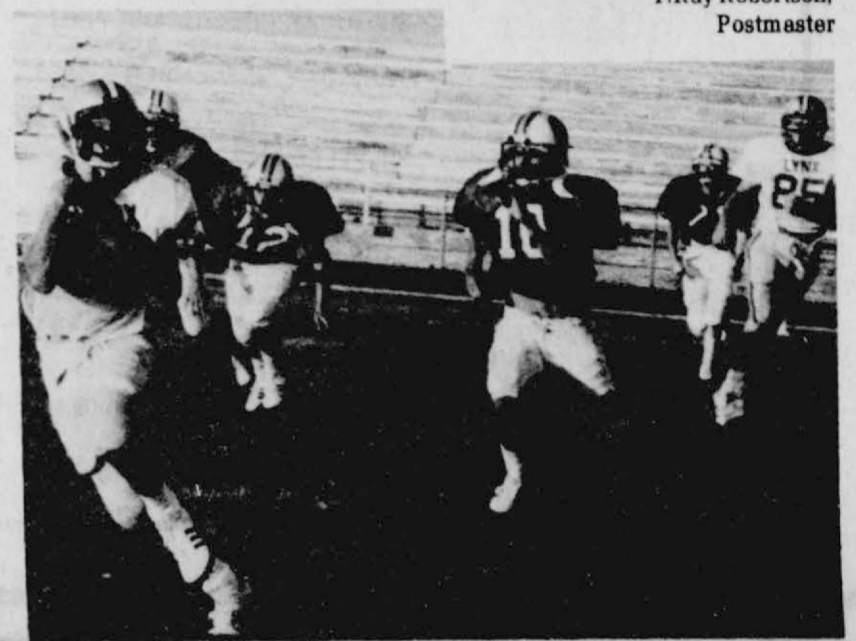

Kenneth Twane Friemel, 23, died Tuesday. Services will be held at 10 a.m. Thursday in the Church of Christ with Gaylord Cook officiating. Graveside services will be held at the Claude Cemetery at 2 p.m. Thursday.

Twane was born in Canyon. He moved to Canyon five years ago to attend West Texas State University. He was a member of the WT varsity football team from 1978-1982. Twane graduated from Spearman High School in 1978.

He is survived by his parents, Mr. and Mrs. Kenneth Friemel; two sisters, Shelley and Stephanie of the home; his grandmother Lena Bel Newton of Groom; Grandparents Mr. and Mrs. Ted Friemel of Groom; and Great-grandfather E.J. Friemel of UMBARGER.

Palbearers will be Perry Allred, Tommy Bennett, Tracy Vernon, Chris Benard, Beau Patterson, Mark Stewart, Ron Mayo and Jay Witt.

The family requests that memorials be made to High Plains Childrens Home in Spearman or Amarillo.

Lynx receiver Mac McLain [80] gathers in a pass from quarterback Ross Donahue and springs away on a long gainer for Spearman in

The Spearman Post Office will be closed Monday, September 5, in observance of Labor Day.

As Labor Day is a widely observed holiday, there will be no in-coming or out-going mail service.

T.Ray Robertson,
Postmaster

Friday's scrimmage victory over White Deer. Earlier in the scrimmage Donahue hit McLain with an 18-yard TD pass.

First State Bank wins state championship

Sherry, Larry and Paulette

On Friday afternoon, August 26, 1983, the First State Bank Panhandle Armadillo Racing team left for the Texas state finals which were held Saturday afternoon, August 28, 1983, in Burleson, Texas. The team consisted of Larry Trospen, team captain, Sherry Dement, Paulette Laxson and Jamie Bulls. The Texas state finals narrowed down the five fastest qualifying teams with the First State Bank leading by three one-hundredths of a second. The toughest competition was from New Caney, a small town near Houston.

The Texas state finals were held in conjunction with the annual Burleson Muscular Dystrophy jamboree. The proceeds from the Texas State Championship Tournament

went to the Jerry Lewis Muscular Dystrophy Association. The race was televised locally on cable network.

The winning team was decided by the average time of three qualifying races. First State Bank's average time was 5.24 with New Caney coming in second with a 5.46. Jamie Bulls and Larry Collums, from New Caney, tied for the fastest individual time which was 4.67. Sherry Dement was second with a 4.69. The prize money received by Jamie Bulls and Larry Collums was donated to Muscular Dystrophy.

Sam Reeves, the inventor of the mechanical armadillo, presented each member of the winning team with a beautiful trophy.

City Hall for sale

By unanimous vote, city councilmen authorized City Manager Jim Murray to take bids for the sale of the old city hall during a special session of the council in the conference room of B&B Farm Industries Monday.

The councilmen also accepted a proposal from a Dumas firm for relocation of 187 feet of sewer main along property where First State Bank will build its new facility, the cost of the sewer relocation to be borne by the bank.

And the council decided to trim \$18,390 for painting a water tower from the proposed city budget, which will allow the budget for the coming fiscal year to be balanced without raises in the tax or utility rates, Murray said.

On a motion by Councilman Ed Garner, second by Councilman Bob Pearson, the alderman voted to authorize Murray to take bids from firms or persons wanting to buy the old city hall, fire station, police department complex.

The motion specified that the property to be sold includes the former municipal offices, the old fire station bays and the present police department, with the proviso that the police department is to remain in its present location until the city can move into the First State Bank building. The city recently entered into agreement to purchase the present bank building for a new city hall for \$350,000 and the bank plans to build an ultra-modern facility,

which it plans to move into by Dec. 31, 1984.

The property to be sold includes the 2,290 square foot former city hall, gutted by fire, the 1,862 square foot former fire station, also fire damaged, and the 750 square foot police department, undamaged by flames, for a total of 4,902 square feet of floor space.

Also included would be the land behind the building is on, but very little more. Not included would be the water tower, water dock and property they are on, located behind the old city hall.

Also stipulated was that the bids will be opened on Sept. 26 at 2 p.m. with Murray to take the bids before the council for decision on Sept. 27 at 8 p.m. The council reserved the right to reject all bids.

On motion by Pearson, second by Garner, the councilmen voted to accept the proposal from L&M Construction Co. of Dumas for relocation of the 187 feet of sewer main along N.E. Court for \$4,998.50. The project would also cost an engineers fee of 12 per cent of the contract price.

First State Bank has agreed to pay the relocation price and the engineer's fee, and will give the city a new easement for the new sewer line, as part of the old line easement will be abandoned.

The city accepted the L&M proposal without taking bids because items under \$5,000 do not absolutely require bids, there

Foreign exchange student brings program for Rotary Club

Patricia "Patty" Bove, foreign exchange student from Sao Paulo, Brazil, presented an extremely interesting program about Brazil, its people, culture, commerce and industry, at the noon meeting of Spearman Rotary Club Monday.

Miss Bove is a Rotary International sponsored exchange student currently attending Pampa High School. She will return to her native Brazil and her home town of Sao Paulo in January.

She noted that many people think of Brazil as being an extremely hot, humid place, yet Sao Paulo, the nation's capital and largest city, the climate is ideal and the temperature varies between 65 and 80 degrees. Her home town is over 1,000 miles south of the equator, and as most of South America is east of the United

States, there is five hours (Greenwich time) difference between Sao Paulo and Spearman time.

Patty had no trouble making herself understood to the Rotarians. She speaks English fluently. In high school in Brazil she studied "British" English, and does have a problem conversing in English—in "British" English that is, she revealed.

Miss Bove said she came to Pampa and soon learned to speak Texan, and her good humor, spiced with "Uh-huhs," and Texas drawl made her a hit with the Rotarians. But she said she had a problem when she recently called home and tried to talk in English to her father, a lawyer and Rotarian who also is fluent in British English.

But he could not understand her

Texan-ese and she had trouble with his British, so they had to converse in Portuguese, the language of Brazil.

As for her studies at Pampa High School, she has found them no problem at all. At PHS she takes six subjects. In her high school in Brazil, she took 17. While there are four years of high school here, in Sao Paulo there are only three.

She noted that the predominant religion is Catholic, and that the rate of exchange is about 500 notes to our dollar. While they have coins similar to United States coins, they are used very little, Miss Bove related.

Carson County Square House Museum date rescheduled

Carson County Square House Museum, Panhandle, Tx. 18th Annual Museum Day and Barbecue Saturday, September 17, 1983.

Special Exhibits: (open all day at Museum) - Western and Wildlife sculpture by Veryl Goodnight (grand niece of Charles Goodnight).

Cowboy Art by Robert "Shoofly" Shufelt.

The Edward Marshall Boehm (pronounced "Beam") Collection of Porcelain Sculpture.

Program: (2 p.m. at Panhandle High School)

Panhandle High School Band

Speaker: T. Boone Pickens, Mesa Petroleum "Education--A Key to the Future"

Barbeque: (4:30 - 7 p.m. at the Carson County Agricultural Building).

Barbecue dinner all-volunteer donated, prepared and served.

Minimum Donation to the Museum: \$7.50 for adults; \$4.00 for children under 12.

All exhibits and events (except the Barbecue) are free and open to the public.

NOTICE

Due to circumstances beyond our control the Square House Museum's Annual Museum Day must be postponed until November 12.

We will inform you of program changes as they occur.

Thank you for your consideration.

Bodey, Robertson receive Bachelor degrees

During summer commencement ceremonies, more than 300 West Texas University students have been awarded master's and bachelor's degrees.

The 336 candidates for graduation at the Amarillo Civic Center Auditorium.

Master's degrees were awarded to 122 students in agriculture, business administration, business education, education, music, professional accounting, arts and science.

Receiving bachelor's degrees were 214 students who

completed degree requirements in agriculture, arts and sciences, applied arts and sciences, general studies, medical technology, business administration, education, business education, fine arts, music, music education and nursing.

Graduates from Spearman are Jon M. Bodey, Bachelor of Science in physical education, 723 Cotter Dr.; and Tamberla Robertson, Bachelor of Science in recreation, 609 S. Bernice.

HEAR YE, HEAR YE.

HANSFORD-HUTCHINSON FARMERS UNION

will hold a

REGULAR COUNTY MEETING

THURSDAY, SEPTEMBER 1, 1983

at

7:30 A.M.

CATTLEMAN'S RESTAURANT
SPEARMAN

The officers of Hansford-Hutchinson Farmers Union would like to invite and encourage you to attend this breakfast meeting. Discussion will center on action at recent Executive Board meetings, and a report on the progress of the TFU Building Committee. We will also be discussing the election of new officers and directors for the upcoming year.

Please make every effort to attend this important meeting and help support your local county organization.

Have you been by the Museum lately? If not, you should drive by. All the old underground utility lines have been removed, trenches for the foundations of the depot have been completed. Preston and Archie Smith will be pouring cement in a few days. All in all, things are moving smoothly.

If you have not sent us your donation, will you please do so. Send it to the Museum, 30 S. Townsend, Spearman, Texas 79081 or Rubyjo Wilbanks, P.O. Box 532, Spearman, Texas 79081. It is only by this means that the work can be completed and the depot, donated by the Santa Fe Railway, moved to its new location on the museum grounds. Much needed space will then be available and the citizens of Hansford County will be proud of the part they played in making this possible.

RUESEWALD

Seed Cleaning Service

for

"On The Farm Seed Processing"

Self Contained Certified Mobile Equipment

Certified by the Texas Department of Agriculture to Process Any Class of Seed.

Cleaned — Treated — Bagged or Bulk At Your Storage Location

SCREEN & AIR PRECISION GRADERS — WILL SEPARATE JOINT GRASS & OTHER IMPURITIES FROM YOUR WHEAT SEED.

- Certified growers
- Aid farmers in production of certified seed
- Competitive prices
- Personalized bags
- Experienced operators
- Interstate service

RUESEWALD SEED CLEANING SERVICE can cut any farmer's seed cost with the portable seed cleaning rig he designed.

A farmer himself, Ruesewald had two goals in mind when he designed his 54-foot long rigs — they must be completely portable and offer farmers storage facilities and seed companies a turn-key job at any location.

Any size seed can be cleaned by Ruesewald. For all

seeds a screen and air cleaning process is used. For precision finishing work a precision grader is used on small grains and a spiral separator on soybeans. Small seeds are not a problem. "We've done bahia grass and clover," Ruesewald says.

Accidental mixtures of grains such as beans and corn or oats and wheat can be separated.

The portable rig automatically treats, sacks and labels seven bushels per minute.

VIRGINIA WHITE
BROKER

If anyone is planning on making a scrapbook
for the boys or anyone else during the 1983-84
school year of sports related activities or other
such materials, plan ahead by getting your
newspaper issues of the event on the date the
paper is printed and put out in the stands. It
will be greatly appreciated as it depletes our
file copies and takes time to find them for you if
you wait 3 or 4 months after publishing.

Thank you,
The Staff

4. Where may this statement be found?

Answers to Bible Verse

1. The Apostle Paul.
2. The Christians located at Corinth, Greece.
3. In Macedonia.
4. II Corinthians 4:8,9.

The day has eyes; the night has ears.

-David Ferguson.

Sheriff's deputies nab aliens

Sheriff's deputies have been busy here arresting illegal aliens and checking to see if theft ring elsewhere busts have turned up any locally stolen farm equipment.

Sheriff R.L. McFarlin said that deputies arrested five illegal aliens about 10 p.m. Sunday night at a place on Snider Street. The aliens were arrested for public intoxication and disorderly conduct as well as being illegal aliens, McFarlin said, but the intoxicated-disorderly charges were not pursued because the aliens were turned over instead to the Border Patrol Monday.

On Saturday, another illegal alien had been picked up, and Jamie Villegas, 19, of El Paso was arrested on a charge of public intoxication and disorderly conduct. Villegas was later released after paying a fine of \$100.

On Friday, Guadalupe Marrillo, 34, was arrested by Trooper Borland, the Texas DPS driver's license officer, McFarlin said, on charges of presenting a false document in trying to obtain a driver's license. Marrillo was later turned over to the Border Patrol.

McFarlin said Hansford deputies

were sent to Hereford to check and see if any Hansford area farm equipment had been recovered in a major theft ring "bust" that netted some \$300,000 or more in allegedly stolen farm equipment.

The Sheriff said that none of the recovered equipment appeared to be equipment that had been stolen in Hansford County.

He said that someone from his department will also go to Tulsa to check and see if local farm equipment has been recovered in a big theft "bust" there.

It is never a bad day that hath a good night.

Safety issued in Labor Day weekend

AUSTIN--The Texas Department of Public Safety has estimated as many as 51 persons will be killed in traffic accidents during the Labor Day holiday. The estimate includes traffic deaths which may occur on urban streets and rural highways.

Colonel Jim Adams, DPS director, says Texas has about 14 per cent fewer fatal accidents now than at the same time during 1982.

"We are hopeful the trend will continue downward for the remainder of the year. However holiday weekends always seem to bring higher death tolls than do other times of the year," Adams said.

The DPS reported 50 deaths during Labor Day last year. However, the inclusion of subsequent deaths due to traffic injuries received during the 78-hour period raised the full count to 57.

"During the 1982 holiday, 27 people were killed in accidents where DWI or speed was a contributing factor. This represented close to half of all the fatalities which occurred during that particular holiday," said Adams.

The DPS director called for sober driving, use of seat belts and a reduction in speed.

"We know alcohol contributes to about half of our traffic deaths, so it is obvious that a driver should not drink and drive. Also, we can prove the lifesaving effects of seat belt usage and our statistics show that slower speeds enhance one's chances for survival if an accident occurs," said Adams.

The DPS said the most recent holiday, July 4th, was one of the most deadly recorded in the past decade.

"We had 55 persons killed during the Fourth of July and some are still seriously injured

and will probably die before the year is over. This makes that holiday the deadliest 78-hour holiday since 1970," he said.

Mike Synar, Rep. (D-Okla.) on defense department hazardous waste disposal:

"The Pentagon seems to care little about what happens to the waste once they leave a military installation..."

Alice Rivlin, Congressional Budget Office chief:

"If Congress does not implement the budget resolution, then there will be continuing deficits in the range of \$200 billion for the next several years..."

Easiest
A writer says there are ten ways to avoiding success. The easiest and most pleasant way, no doubt, is to avoid work.

-Journal, Atlanta.

Usually
Conscience is that still, small voice that warns us--but doesn't stop us.

-Gospo.

NOTES--- COMMENTS

Goodness is not a compassion.

Kindness has never yet done anyone serious harm.

Noisy people wonder why anyone desires to be quiet.

As a general rule in life, one gets about what one pays for.

Can you distinguish between the talk of your community and the truth?

There are usually two sides to every strike--and both of them wrong.

Life's rewards cannot always be demonstrated by living examples.

Money multiplies the power of man for either better or worse.

There are many ways in which people try to have their cake and eat it, too.

A question which defies an intelligent answer is: "How are things in Washington?"

No government can permanently exist unless it is dedicated to principles that are eternal.

Life would be more simple if more people were willing to be just themselves.

Human progress can be boiled down to the mastery of emotions by men and women.

The truth is what every good citizen should search for in all questions. It's often not easy to find.

Driving power without direction is useless but it makes a lot of noise and results in some motion.

Modern education hasn't persuaded the younger generation that "early to bed" is good sense.

The man who admits a foolish act now and then is to be trusted. The "wise guy" who is never wrong should be left alone.

Between now and election day the candidates will be courting the favor of special groups and there's no telling what will be promised.

Many women fail to find satisfaction in life because they don't devote their energies to being good homemakers and mothers.

A breakdown in the field is a surprise you don't need.

We take the difficulty out of breakdowns or on-the-farm tire changeovers. We expect to earn our way with good solid service to you and we want you to keep our number handy.

Every FLATOUT On-Farm Tire Service unit is equipped to handle the job with compressors, hydraulic hoists, tanks, working lights, hoses, regulators and much more. All of it ready to "turn to" on your job wherever the flatout fleet units are capable of reaching.

We have a trained staff who know their business and how to handle your needs. They'll be ready when you need them.

We also carry the finest line of tires, batteries and automotive accessories for agricultural use.

When you need help, bank on your FLATOUT On-Farm Tire Service to get you up and going again.

COOP
Standing together. Standing strong.

When you need help flatout, your Double Circle Co-op is the place to call.

7th Annual Gray County 4-H Youth Rodeo results

The 7th Annual Gray County 4-H Youth Rodeo was completed August 20 with a total of 280 contestants. These youth were in competition for a total of 66 belt buckles which were awarded to the top winners. A total of 48 ribbons and 2 trophies were awarded to the top Pee Wee winners.

All-around award buckles were given to the top contestant in each age group. These winners were:

Age 9-11: Monte Harris - Amarillo, Texas; age 12-14: Leslie Leggett - Pampa, Texas; age 15-18: **Hadley Reed - Spearman, Texas.**

Trophies were given to the top contestant in each Pee Wee age group. These winners were:

6 and under: Angel Harris - McLean, Texas; and age 7-8: **Matt Eakin, Spearman, Texas.**

The event winners were as follows in the 9-11 age group:

Calf riding:
1. Dwayne Evans - Canadian, Texas; 2. Daniel Harris - McLean, Texas; and 3. **Mark Eakin - Spearman, Texas.**

Barrel Racing:
1. **Mark Eakin - Spearman, Texas;** 2. Keziah Rucker - Pampa, Texas; and 3. Misty Dunlap - Woodward, Okla.

The event winners were as follows in the 15-18 age group:

Bareback bronc riding:
1. **Hadley Reed - Spearman, Texas;** 2. Steve Dyess - Stratford, Texas; and 3. Lee Lowrey - Pampa, Texas.

Ribbon Roping:
1. **Hadley Reed - Spearman, Texas;** 2. Lee Lowrey - Pampa, Texas; and 3. Randy Martin - Wheeler, Texas.

Winner in the team roping held on Saturday afternoon were:

1. Cody Foster - Memphis, Texas and Brad Brashears - Shamrock, Texas; 2. Lee Lowrey - Pampa, Texas; and **Hadley Reed - Spearman, Texas;** and 3. Wendell Shults - Pampa, Texas and Shawn Whately - Pampa, Texas.

The event winners were as follows in the 7 and 8 Pee Wee age group:

Pole Bending:
1. **Matt Eakin - Spearman, Texas;** 2. Heath Mitchell -

Wheeler, Texas; and 3. Wes Advent - Jerrick, Texas.

Barrel race:
1. Kim Taylor - Canadian, Texas; 2. Heath Mitchell - Wheeler, Texas; and 3. **Matt Eakin - Spearman, Texas.**

Flag race:
1. **Matt Eakin, Spearman, Texas;** 2. Colby Wheeler - Stratford, Texas; and 3. Heath Mitchell, Wheeler, Texas.

Cub Scout Fall Roundup

Cub Scout Pack 578 of Spearman will have its annual fall roundup next Tuesday night, Sept. 6 from 6:30 to 7:30 p.m. at the First United Methodist Church.

Cub Scouting is open to any boy who is eight years of age or who has completed the second grade. There are a lot of fun things to do in Cub Scouting along with learning experiences. We invite all new boys along with their mother or dad to "come join in the fun" and grow with us.

Candlelight ceremony unites couple

MRS. KYLE BEEDY

Miss Shelley Hinton became the bride of Mr. Kyle Beedy in a candlelight ceremony, Saturday evening, August 25, 1983, at seven-thirty o'clock at the First Baptist Church in Gruver.

The bride is the daughter of Mr. and Mrs. Howard Hinton of Dumas, formerly of Gruver. Parents of the groom are Mr. and Mrs. Bradford Beedy of Spearman.

Stephanie Kirby, sister of the bride, registered the guests. Her dress of soft blue was complimented by a corsage of ivory roses. The registry table in the foyer, was covered by a pink cloth with white lace overlay and a bouquet of pink and ivory roses, daisies and gladiolas. Guests were presented wedding scrolls by Jay Worst, cousin of the bride. He wore a classic black tuxedo with an

ivory boutoniere.

The couple pledged their vows before an archway and candelabra entwined with greenery and shades of pink and ivory flowers. At each side of the archway were baskets of ivy. The altar railing, centered by the unity candle, was covered with fern and baby's breath. An arrangement of votive candles, greenery and daisies was placed in each window of the church. The aisles were decorated by greenery, baby's breath, daisies and ivory bows.

Music for the ceremony was performed by Eddie Gail Martin, organist; Cody Myers, trumpeter; Charlotte and Travis Angel, vocalists; and Carol Pack, pianist, who accompanied the vocalists and trumpeter for their numbers. Selections included the prelude and traditional processional and recessional music by Eddie Gail Martin; Cody Myers, "Always"; "You Are So Beautiful"; and "Homecoming"; Charlotte Angel, soloist, "Because"; Travis Angel, soloist, "Wedding Prayer"; Charlotte and Travis Angel, duet, "Wedding Song"; "My Treasure"; and "Whither Thou Goest."

The officiating ministers were Dennis Townsend of Abilene and Reverend Larry Miller of Gruver. The vows pledged by Shelley and Kyle were of their own composition and were heard for the first time by each other during the ceremony.

The bride, given in marriage by her father, wore a gown of candlelight Duchess satin and imported Chantilly lace, fashioned with a sheer drop-shouldered yoke which was outlined with applique satin leaves. The gown featured a closely fitted bodice that was overlaid with lace and formed a slender center point at the

front waistline. Tiny self fabric buttons accented the back and wrist closures of the dress. Her long sheer lace sleeves ended in points over the hands. The skirt was designed with lace applique to satin in points that graduated in length to the back. The satin skirt fell to floor length in front, swept to back fullness and extended into a graceful cathedral train.

Shelley wore a candlelight, cathedral length veil of illusion which fell from a halo wreath of silk flowers accented with seed pearls. She carried a cascade bouquet of ivory roses, orchids, gardenias, stephanotis and baby's breath.

Shelley carried out the bridal tradition of "something old", her wedding dress which belonged to the groom's mother; "something new", a gift of a strand of pearls from her parents; "something borrowed", her grandmother's wedding ring; "something blue", her garter; "a sixpence in her shoe" a gift from Alma Gruver.

The bride was attended by her sister, Starria Myers of Dimmitt, who served as matron of honor and Callie Barkley of Gruver who served as maid of honor. Christy Brock of Dallas, Julie Jones and Kayla Allaway, both of Lubbock served as bridal attendants. Gowned alike, they wore floor length dresses of periwinkle blue, fashioned of chiffon with softly bloused bodices, short, full, shirred sleeves with self-fabric contour belt. Each attendant wore a strand of pearls to accent the jewel neckline. They carried nosegays of an orchid, and gardenia, encircled by baby's breath and pink and ivory roses.

The candlelighters were Cindy Barkley of Gruver, and Jeff Worst of Carrollton, cousin of the bride. Cindy wore a ruffled, off the shoulder, pink, tea-length dress. A corsage of daisies accented the waistline of her tiered skirt. Jeff wore a black tuxedo with ivory boutoniere.

Kristin Beedy, niece of the groom, who scattered ivory and pink rose petals from a white basket, wore a white dress styled with a gathered, ruffled skirt, which fell from a yoke embroidered with periwinkle blue bow and spring flowers. The skirt, sleeves and yoke were enhanced by periwinkle blue ribbons and bows.

The ring bearer, Blake Beedy, nephew of the groom, wore a black tuxedo and carried a white satin and lace pillow.

The groom was attired in a black, full dress tuxedo designed by Pierre Cardin, ivory tuxedo shirt with a boutoniere of stephanotis and an ivory rose.

Todd Brock of Dallas served the groom as best man. Groomsmen were Scott Beedy of Borger, brother of the groom, Jeff Beedy of Spearman, brother of the groom, Greg Gilbert and Pryor Blackwell, both of Lubbock.

Chosen as ushers were

Kerry Abernathy of Idlewild, Calif., Mark and Todd Beedy of Floydada, cousins of the groom, and Johnny Hinton of Gruver, brother of the bride.

The groomsmen and ushers wore classic black tuxedos, complimented by black satin cummerbunds, bow-ties, ivory tuxedo shirts and pink rose boutonieres.

The mother of the bride wore a floor length gown of dusty pink, slightly gathered waistline accented by a self fabric cummerbund. The bodice was semi-fitted with ruffles at the neck and wrists.

Mrs. Beedy, mother of the groom, chose a dress of soft plum, with a chiffon overlay, flowing embroidered and beaded cape, elbow length sleeves and gently gathered floor length skirt. Both mothers wore ivory orchid corsages.

Following the ceremony a reception was held in the Fellowship Hall of the church. Against a back-drop of white lattice panels and greenery, Tracy Bevil of Gruver, Lisa Wade of Tulsa and Jeannie McClellan of Spearman served at the bride's table. The table was covered with a white floor length cloth overlaid with white lace and edged with a garland of baby's breath and fern. The silver centerpiece rested on a mirror which reflected the arrangement of tapers, ivory and pink roses, daisies, and gladiola. The all-white beautifully decorated tiered wedding cake was topped with a miniature bride and groom.

The groom's table, laid with a floor length brown cloth and cream lace overlay, was centered by a large candlestick with daisies, fern and baby's breath surrounding the single

ivory candle. Becky Beedy of Borger and Michelle Beedy of Spearman, sisters-in-law of the groom, served German chocolate cake, chocolate kisses and coffee to the guests. A silver coffee service completed the decor. Reception party assistants were Rosemary McKee, Patsy Bevil, Lee Bradford, Faye Harris, Melba Rasor and Lucille Schad.

Guests were presented ivory rice bags tied with periwinkle blue ribbon by Britni Beedy, niece of the groom, and Jay Worst, cousin of the bride.

The new Mrs. Kyle Beedy chose as her traveling ensemble a white and lilac striped dress with white accessories. Shelley is a graduate of Gruver High School and will receive her degree in fashion merchandising from Texas Tech this December. She was a member of Delta Gamma Social Sorority and Rho Lambda Honorary Fraternity.

Kyle will be attending Texas Tech this fall where he is majoring in petroleum engineering. He is a member of Phi Delta Fraternity and the Petroleum Engineering Society.

After a wedding trip to Hawaii, Mr. and Mrs. Kyle Beedy will reside at 3705A, 53rd Street, Lubbock, Texas,

79413.

Special guests for the festivities were Mr. and Mrs. John Worst of Sunray, grandparents of the bride; Mr. and Mrs. John Mark Worst, Jeff and Jay of Carrollton, aunt and uncle of the bride; Mr. and Mrs. Lew Bruni of Stratford and Mr. and Mrs. Bill Beedy of Floydada, grandparents of the groom.

Other out-of-town guests included Mrs. R.C. Porter, Anita and Eddy Clemmons, Valerie Hagerman, Mr. and Mrs. Bob Collier, Roger and Elaine Odegaard, Shelly Cook, Stacey Cook, Jim and Kay Vernon and Shari, Jeanie McClellan, Gina Davis, Jamie Bulls, Craig Schuman, Melodie Derrick, Mary Alice Gibner, Lea Ann Gibner, Marsha Pipkin, Holly and Mika, Reverend and Mrs. Lane Boyd and Chris, Mr. and Mrs. R.L. McClellan, Allen and Andrea Mires, Eschol and Eulalia Blankenship, Bobbie Novak, Cinda Novak, J.L. and Mary Brock, Mr. and Mrs. Jeff Beedy, Britni and Blake, James Whitaker, Jon Garnett, Terry and Deanne Latham, Nellie and Jana Buchanan, of Spearman; Kim and Stephanie Brock of Borger; Mr. and Mrs. Ed Wheeler of Dumas; Mrs. Malooly, Mr. and Mrs. Jody Bradford, Janna Foster, Kari Watson, Mr. and Mrs. Jimmie Vernon, Dr. and Mrs. David Murrah, Lisa Wade, Julie Jones, Kayla Allaway, Jill Havens of Lubbock; Loyd Looper of Goodwell, Okla.; Julie Sledge of Dallas; Iona Jones and Pauline Blake of Guyton, Okla.; Carla Bryant, Mr. and Mrs. Mark Ramirez, Kevin Allaway of Amarillo, Frankie Sims, Debra and Ryan Cornelison of Pampa, Kerry Abernathy of Idlewild, Calif.; Stephanie Kirby of Ben Lomond, Calif.; Lisa Johnson of Elkhart, Okla.; Randy and Carlen Beedy of Claude; Mr. and Mrs. Mike Monden and family of Stinnett, Steve and Tanya Pemberton, Beverly and Kenneth Pemberton, Joy and Sue Smith of Stratford, Kathy Reid of Morse, Button and Judy Beedy of Floydada.

Even young children have definite preferences about what they wear. So when it comes time to put together that all-important nursery school or kindergarten wardrobe, consider their ideas as well as your own.

There are a number of factors that researchers tell us children age 3 to 5 consider important about clothing. For one, children like bright colors, particularly red. It's one of the most visible and first-seen aspects of clothing for children.

They also like to feel clothing and they have a special fondness for warm, furry garments or slick, shiny surfaces. Although clothing in these textures may not be practical or available, you can usually find trimming for children's clothing in textures they like.

Decorative details such as animals or unique designs are also favorites.

Children like often-worn clothes because they feel secure in them. This can be a source of frustration for parents, as some children keep selecting the same familiar items, even though they're worn out or unattractive.

Children also like to dress as their friends do. At the ages of three or four, children are aware of sex differences, so they may want to dress like their father, older brother or sister.

When children do like new clothing, it is usually because of the attention it brings. At very young ages, they are not always aware of difference among purchased, home-made, or hand-me-down clothing. When the clothes are new to them, they are "new."

As expected, parents have a different view of their children's clothing. Their major interest is durability. After that parents consider cost, comfort, ease of care, color, the child's attitude and finally, attractiveness.

Obviously, most young children are not aware of factors like durability, cost or ease of care.

But it is possible to combine the preferences of both parent and child when it comes to shopping for children's clothing. If you are aware of the child's needs and wants, it can be possible to combine preferences into a wardrobe that you both can enjoy.

Lynx whitewash White Deer Friday

Tuning up for their traditional season opener against the Stratford Elks, the Spearman Lynx whitewashed White Deer 2 touchdowns to none in a final pre-season scrimmage Friday night on the Bucks' home field.

In their two series of 20 plays each, the Lynx first string offense rolled methodically downfield, short of a first down just once, to score both times while a bristling "Angry Purple" defense almost completely shutdown the Bucks' running game and stopped White Deer's potent passing attack when it had to in order to preserve the shutout.

In the opening 20-play series of the controlled scrimmage, the Lynx drove the 70 yards from their own 30 for a touchdown in 19 plays, the TD coming on a beautifully executed pass play from quarterback Ross Donahue to wide receiver Mac McLain, one play short of Spearman having to turn the ball over and play defense.

McLain caught the ball going away over his shoulder just short of the right goalline marker, and angled across the end zone "coffin corner" for the touchdown.

The only other varsity score of the night came on the second Lynx first string offensive series after the Bucks' first string offense was shutout in its 20-play series, and neither second string varsity squad could make much headway against the other.

Again the Lynx TD came on a sustained 70-yard drive where White Deer was unable to stop them short of the necessary first downs, Spearman successfully keeping the ball from being moved back to the Lynx 30.

But the going was not easy. Alternating a bruising, steady running attack with two big pass plays, the Lynx rolled to the Buck five yard line where Donahue kept the drive alive on fourth and a long one by sneaking right up the middle to a first down on the three.

Again the Bucks were almost equal to the occasion as they stopped three running plays short of the goal, and again it was Donahue who salvaged the touchdown as he plowed across the goal behind the powerful blocking lunge of the Spearman offensive line.

The scrimmage opened with the Lynx moving from their own 30. Three running plays netted eight yards, then running back Julio Vasquez kept the Lynx momentum rolling, when on fourth and two, he bulled through the Buck line and second and third efforted his way to a first on the Lynx 43.

Highlighted by a four-yard gain by Byron Sutterfield on an off-tackle slant, the Lynx were not able to gain 10 yards in the next four plays and for the only time that night, the Bucks stopped the Lynx short, and forced them to start over from the Spearman 30.

This left the Lynx 70 yards away from a score and only 12 plays remaining in the 20-play series in which to make a touchdown. They made it in 11.

Sutterfield gained three up the middle. McLain made a diving catch of a Donahue pass for a first at the 43. Another pass moved the ball to the White Deer 48, for another first down.

Sutterfield battered to the 45, Ricky Lopez broke to the 39, and on fourth and one, Sutterfield gained another first down, moving the ball to the White Deer 37.

Two plays later, Vasquez broke on one on a pitchsweep left to the 18, and from there Donahue drilled the touchdown pass to McLain.

The second Spearman TD march started with Vasquez gaining four, Lopez 3, then it was Vasquez again carrying off tackle then cutting back, gaining to the Spearman 43 for a first.

Lopez banged through for two yards. On second down, a Donahue sideline pass sailed right through McLain's hands, but on the next play, the junior end made up for it.

Angling deep across the middle, McLain saw Donahue's pass was low, so he turned and made a falling comeback for another Lynx first at the White Deer 25.

A White Deer defender broke through and nailed Sutterfield for a

loss just as he took the handoff, but Vasquez took a quick pitch left to the 23.

With a third and seven at that point, Donahue tossed a quick pass to big 6-3, end Steve Burke, who dropped back behind the k line on a screen play. The 205-pound junior end followed his screen blocks until they played out then high kneeed his way through two or three would be tacklers before being brought down at the White Deer 13.

Vasquez carried three straight times to the five, setting up the crucial fourth and one situation solved by Donahue's keeper to the three. Three running touchdown sneak.

The Spearman Lynx not only won the scrimmage against White Deer Friday two touchdowns to zip, they also dominated the statistics.

The Lynx also racked up 10 first downs to five for the Bucks. The first string Lynx rushed for 66 yards, and quarterback Ross Donahue completed five of eight passes for 78 yards, one an 18-yard TD strike to Mac McLain.

The second string Lynx added 12 yards more on the ground.

Meanwhile, the big Lynx "stonewall" line limited the White Deer first string to 53 yards rushing and the second string Lynx. So the Lynx outrushed the Bucks 78 yards to 66.

Only in the air did the Bucks gain more yardage, as they racked up 120 via the air route, but it took quarterback Will Brown 19 throws, only four of them completed to do it. The Lynx intercepted him once.

Lynx head coach athletic director Larry Lanier said of the scrimmage, "We did much better this week. Our players showed a lot more enthusiasm."

"I feel like they did a good job adjusting to the odd White Deer [fast break] offense, and offensively our passing game was much improved."

He said the Lynx needed to work to perfect some of their "blocking schemes" particularly their concentration in holding blocks longer and work on pass defense.

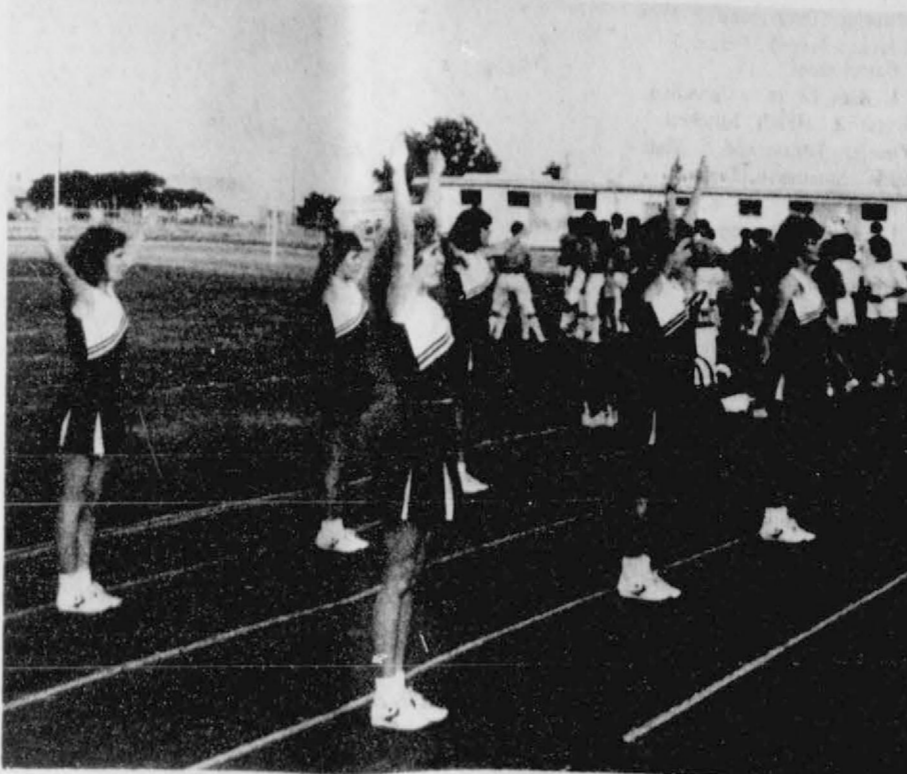

The Spearman Lynx Junior Varsity and the White Deer Buck JV locked into a fierce defensive duel that finally saw the Bucks come off with a 2-1 edge in touchdowns in the pre-season scrimmage before the varsity scrimmage Friday evening in White Deer.

At first, the Lynx JV's had trouble adjusting to the White Deer special, a "fast break offense" that races from the huddle and quick snaps the ball. But once the adjustment was made, the Spearman junior varsity played solid defense.

Both White Deer touchdowns came on big plays, a long pass and a long run, as the Lynx JV stopped their more sustained drives.

The Lynx JV's touchdown came on a 30-yard pass and run play from quarterback Allan Mires to split end Bob Cook, similar to their play the previous Friday in the Guymon scrimmage. Cook took the pass at about the 15 yard line and dashed the rest of the way for the touchdown which culminated a 70-yard scoring drive.

Jessie Lozano and David Cazarez, a pair of hard running freshman backs, were the rushing leaders for the Spearman JV.

Lynx pep squad cheer the Lynx Friday at White Deer

Lot of Crust

A business man thought his staff was lazy, so he pinned up the following notice:

"Bread is the staff of life, but that is no reason why the life of our staff should be one continual loaf."

Matter Of Opinion

One Woman--Her husband was a judge, wasn't he?
Another--Everyone thought so until he married her.

One Thing Needful

Butcher--"round steak, madam?"
Bride--"The shape doesn't interest me, so long as its tender."

U.S. GETS TIGERS

MOSCOW -- Rare Siberian tiger triplets are headed for the United States in a new round of animal-swapping between the superpowers. The Soviets will get a sea lion for starters.

UP & DOWN

DETROIT -- Used car prices went up 13.2 percent in 1982 to an average of \$4,773 per vehicle, but the total number of used cars sold was the lowest since 1976, a Hertz Corp. study showed recently.

Elections expected in Chile before 1990.

Economist warns of unmanageable world debt.

Study predicts decline in U.S. share of coal market.

YMCA NEWS

Registration for Fall classes at the Hansford County YMCA will begin this week, August 29 through September 2. The Y is located at 501 S. Hazelwood. Classes are being offered in several different interest groups and most classes run for 12 weeks.

A major emphasis in this Fall's programming is Health Enhancement. There are fitness classes for men, women, and Co-ed. The Co-ed classes will emphasize health education as well as exercise. Participants will learn about cardiovascular risk factors, high blood pressure, nutrition, exercising in different climates, heart rate monitoring, and many other important areas related to fitness. Fitness classes are being offered at a variety of times during the day to meet the needs of most people.

Also being offered at the Y this Fall will be special interest classes. These classes will include racquetball lessons, country/western dance lessons, square dance lessons, and life skills management. Life Skills Management will deal with time management and handling stress. Programs for children will include

flag football/soccer & boxing. Children may also sign up for racquetball lessons and participate in a racquetball tournament and/or run later in the fall.

The Y will also be providing other sport activities this Fall. There will be leagues in both tennis and racquetball. Also as in the past the Y will sponsor a women's volleyball league. In the month of November there will be a racquetball tournament for both adults and kids. On Thanksgiving Day there will be a 5KM run for all interested participants. Information and registration for these special activities may also be obtained at the Y this week.

Finally the Y will be starting two "Clubs" this fall. One will be for people interested in bicycle touring. Club rides will be held each Saturday starting Sept. 17 from in front of the Y at 9 a.m. Those interested in this activity should have a 10 speed bike. The other club will be the Runner's club. This group is just in the "talking" stage. Anyone interested in this group should contact the Y.

For more information you may call the Y at 9-2591 or drop by anytime between 8:30 a.m. and 10:00 p.m.

Football Alert

Every year several high school and college football players collapse and die from heatstroke during summer football practices.

Dr. Al Paolone of Temple University (Philadelphia) estimates the number of deaths during football practice due to heatstroke at 50 over the past fifteen years.

Intense heat and humidity--plentiful this summer--produce a risky weather condition in which to carry on demanding physical exercise.

Especially threatened are boys who have not been strenuously exercising in summer suddenly beginning maximum exertion on an open field. The danger lies in not seeing that the body has plenty of fluid all day, a condition which can be deadly, Dr. Paolone warns.

Also, coaches make a serious mistake in putting very big boys through the same intense drilling as, for example, smaller backs.

Separate programs are demanded for big boys in the interest of health and safety, the doctor says. And if boys lose more than four percent of their weight over a period of days, care should be observed. Dehydration can occur over a period of days.

Fast Food Light

The Center for Science in the Public Interest reports that fast foods, so popular in this country, are too often loaded with fat and salt. Both are thought to increase one's chances of heart disease and cancer.

As reported in "Today," the worst items to eat, if one is concerned about calories and salt, are Wendy's Triple Cheeseburger--612 fat calories, 1848 milligrams of sodium; Kentucky Fried Chicken's Extra Crispy (it has more fat than the regular) Dark Dinner--483 fat calories, 1480 mg. of sodium.

Burger King's Whopper--324 fat calories, 990 mg. sodium; Pizza Hut's Super Supreme Pizza--234 fat calories, 1500 mg. sodium, in two slices; and McDonald's Fish sandwich--225 fat calories, 780 mg. sodium.

Advice: use salad bars and avoid dressing or use little. Drink fruit juices rather than sweet soda or milkshakes. Corn on the cob is a low calorie order--just 27 grams of fat and 11 mg. of sodium. Eat baked potatoes, when possible. A recommended pizza is Pizza Hut's Thick and Chewy Cheese Pizza--just 23 fat calories and moderate sodium.

The Hispanic Decade

Currently much is being heard about the decade of the eighties being the "Hispanic decade."

Hispanics plan to accumulate enough economic power to have their way, in changing things, in this country, it is being asserted.

All Americans support Hispanic efforts to erase job discrimination, discrimination in every form and to assure to all equal freedom and justice under the nation's laws.

But there are serious questions raised by Hispanic efforts to organize separate, duplicate national organizations. Other alien groups which came to this country have desired to be assimilated into society, to become Americans, to become part of the composite makeup of American citizenry.

Separateness, or divisiveness, can be carried too far, and it can divide and weaken a nation. Anyone familiar with the results of the divisiveness and paralysis in France prior to World War II, or with present-day problems in Italy and certain other countries, will feel anxiety over a trend in that direction in this country.

Hispanics in all Latin countries to the south have yet to build a stable, powerful democracy of their own. This historical record would not seem to justify an effort to build a separate Hispanic culture and nation within a nation in the United States. And there are today more than twenty million Hispanics now enjoying U.S. citizenship (and millions of others here illegally).

There are legitimate concerns about a massive migration into this country by those who demand two-language schools and courts, who organize separate but duplicate national organizations, who may or may not appreciate freedom of religion.

Most Americans hope Hispanics will, like emigrants to America before them, yearn firstly to become good Americans, to learn the country's language, its history, its traditions and its freedoms.

After that, cultural divisions are to be enjoyed and remembered. But the historical success of our great melting pot nation rests on the desire of alien arrivals to become Americans, and this should continue to be their primary consideration.

ABOUT YOUR

HOME

By April Rhodes

If you are planning to bring plants and shrubs indoors they should be potted so that they will have time to get established before being moved inside.

Before relining cabinets with fresh paper, wax shelves so paper will not stick when something is spilled.

No need to throw out left over biscuits or rolls. Split them in half, butter, sprinkle with grated cheese and brown under the broiler.

Place fruit pies on your stove burner a few seconds before placing in the oven. The extra heat will give you a more evenly baked pie.

SPECIAL HORSE SALE

THUR./FRI., SEPT. 15 & 16, 1983

Registered Horses Sell Thurs., Sept. 15, 1 pm
Grade Horses Sell Fri., Sept. 16, 1 pm
Catalog deadline September 1
