

White Baptist waltzes into white house!

Jimmy Carter waltzed into the White House at 3 a.m. Texas time, Wednesday! The official reading came as the results of the race were announced. It was a heart-breaker for Ford, who has done a great job as our president. In other local races, the only real contest, besides the Carter-Ford race, was the Daisy Moore-Bob Close race. The Bible-totin', scripture-quotin' lady lost to Close by approximately 2,000 votes. Both of these people were very popular in the area and are both fine Christians!

Of course, Hansford County went Republican in about every race. This came as a big surprise throughout the entire farmbelt! The farmer stuck by Ford, as the price of wheat plummeted to 2.43 Tuesday morning! This was a mystery to the experts who thought that the farmbelt needed more help than any part of the

country and would sure vote for Carter!

On the local front, interest in the entire state was centered around the hospital election ballot. Mark White declared the ballot illegal. UPI called one of the local judges and asked him if the hospital issue had been taken off of the ballot; the issue was never on the big ballot, but was printed on a separate ballot, which was put in the vault after Mark White called!

The Commissioners Court will meet sometime in the near future and set a new date for the election!

A record turn-out was recorded in Hansford County, as the beautiful weather was perfect for election day!

Notice: Be sure and check the B, and B, Farm Ind. page for complete results.

Mrs. Bernard Barnes, and election judge Kenneth Evans prepare for the election, at the courthouse! Judge Evans reported a total of near 550 voting in the courthouse box! These were typical of the fine people who made it possible to have the biggest election in the county's history.

Hospital board election declared void!

Word was received on the eve of the election Monday that the hospital election, to decide whether the Board members be appointed or elected by the people, was declared void. According to Judge Lee, Rle 201-B, of the Texas Election Code, states that only the general election can be held on the second Tuesday of November. This would be the General Election and a special election can't be held.

It seems that KGNC called to Spearman and stated that Amarillo had run into the same problem, and that the election was declared illegal.

A campaign to call people to vote FOR the issue was organized by Cecil Biggers, and large ads were purchased in the Sunday paper to inform the public to be sure and vote on the hospital issue. We at the newspaper regret that the election was not held, but it is the law. Mr. Biggers stated that the best he could interpret the law, the quickest possible time that the election could be rescheduled would be the third Saturday in January! Your newspaper wishes to thank everyone who bought advertisements in the Sunday paper and took a stand for the issue. We remind those who are against the issue that they can also purchase space in the local papers to explain their side of the issue! We do appreciate people who will take a stand and buy the space to back it up!

Spearman River Road HERE

The River Road High School football game will be played at Lynx Stadium, next Friday night, 7:30 p.m., according to Supt. of Schools James Cunningham! The game was changed to Spearman because of the fact that the new field at River Road is not finished and all of the Amarillo fields and Buffalo Bowl are being used next Friday. Supt. Cunningham went ahead to say that season ticket holders

can pick up their reserved seats at the business office, beginning Monday morning when they will go on sale!

This is a big break for the Lynx, especially the 16 Seniors who thought that they were playing their last game in Lynx Stadium Friday night! Once again, we want to remind everyone the River Road-Spearman game will be played at beautiful Lynx Stadium this Friday nite, kick-off 7:30 p.m.

There will be entertainment as well as the speaker, and the highlight of the evening will be the naming of the "Outstanding Conservation Farmer" of Hansford County.

Robb Will Be Revival Evangelist

ing the two years and eight months of his pastoral leadership at St. Luke's, more than 800 members were received, attendance at worship and Church School increased dramatically, and financial support of all the causes of Methodism was generous...."

Mr. Robb is chairman of Good News - a national organization of United Methodists for Scriptural Christianity - which Billy Graham says, "... represents one of the encouraging signs for the church fulfilling its evangelistic mission, under the Bible's authority and the leadership of the Holy Spirit...."

Journalism is a primary interest to Mr. Robb. As executive secretary of the Ed

Robb Evangelistic Association, he publishes "Challenge to Evangelism Today," a quarterly religious publication with a circulation of 15,000. He has also authored three books and had articles appear in several national magazines, including Christianity Today, Good News, and The Herald.

In 1972 Asbury Theological Seminary conferred an honorary doctor of divinity degree on Mr. Robb. Mr. Robb is the father of five children, with a son and son-in-law in the United Methodist ministry. He lives a simple lifestyle with his wife on their family farm near Marshall, in the piney woods of east Texas.

"It is time we evangelical Christians set an example by the simplicity of our lifestyles," Mr. Robb stated.

"We must become aware of our responsibilities toward this planet and its people. Our consumer-mad society is quickly depleting earth's resources. We are polluting our streams. We are poisoning our air. We are disfiguring our environment.

"In the name of commercialism we may be destroying God's earth!" Mr. Robb warns.

Preacher, journalist, church leader, farmer. But, most of all, Mr. Robb wants to be known simply as "a sinner saved by grace."

Mrs. Davis To Celebrate 100th Birthday

Mrs. Hettie Davis will be honored with a reception Saturday, November 6, from 3:00 until 4:30 p.m. in the Fellowship Hall of the First Christian Church on the occasion of her 100th birthday.

Hettie Gertrude Bryan was born November 6, 1876 in Ashley County, Arkansas. She was the third of 7 children and the only one still living.

She was married to Walter Davis when she was 18 years old. They had seven children, Vivian, deceased; James William of Spearman; Cornelia Phillips of Denver; Zella Close of California; Willard Davis of Spearman, and Eileen Mack of Amarillo.

Mrs. Davis has a total of 45 grandchildren, great grandchildren and great great grandchildren.

Mrs. Davis is still able to take care of herself. She still makes quilts and until two or three years ago, always had a garden which she tended to herself.

She lived alone until about a year and a half ago when Mrs. Edna Hays came to stay with her.

Gwen Smith, one of Mrs. Davis' granddaughters, said that in the last general election in 1972, Mrs. Davis told election officials she would be

back in four years to cast her vote, and so she was on Tuesday.

Mrs. Davis has received two birthday cards from President and Mrs. Gerald Ford.

She has been a resident of Spearman since she was 45

years old and is undoubtedly the oldest person in Hansford County.

The family of Mrs. Davis cordially invites you to visit with her Saturday and help celebrate this her 100th birthday.

Rev. Ed Robb, evangelist, will be conducting revival services at the First United Methodist Church here, Sunday, Nov. 14 through Thursday, Nov. 18.

Sunday services will be at the regular hours and services will be held at 7 a.m., 10 a.m., for women, and 7:30 p.m. Monday through Thursday.

Milk, coffee, juice and doughnuts will be served at the morning service in Fellowship Hall.

Rev. and Mrs. Gene Moore will be the singers for the revival.

A youth rally will be held Saturday, Nov. 13 at 7:30 with Rev. Steve Harper, evangelist.

Rev. H. O. Abbott, Jr., pastor, and the members of the local church cordially invite one and all to these revival services.

Edmund W. Robb is an approved evangelist in the United Methodist Church. After almost three years as pastor of the 2,200 member St. Luke's Church of Lubbock, Texas, Mr. Robb returned to the work of full-time evangelism this past September.

Mr. Robb is foremost a preacher. United Methodist Bishop Alsie Carleton recently declared, "As pastor of St. Luke's, Dr. Robb demonstrated the fact that people today are hungry for positive, Bibli-

cal preaching."

"There is no substitute for preaching," according to Mr. Robb. "One reason for our nation's moral breakdown is our current lack of vital, prophetic preaching," insists Mr. Robb.

Mr. Robb's preaching ministry has carried him to 40 states and 39 countries. He has frequently traveled abroad preaching the Good News of Jesus Christ in such countries as Brazil, Chile, India, Japan and Indonesia. Asked why he bothers to preach in dirty villages in India or freezing outdoor weather in southern Chile, Mr. Robb quickly answers, "Why should any person be privileged to hear the gospel more than once, until all have heard it?"

Since the beginning of his ministry in 1947, Mr. Robb has had keen interest in "the church beyond the local church." In 1966 he participated in the World Congress on Evangelism (Berlin, West Germany); and in 1974 he was an official participant in the International Congress on World Evangelization (Lausanne, Switzerland).

But Mr. Robb has never neglected the local "body of Christ." He effectively pastored churches for over 20 years. And according to Bishop Alsie Carleton, "Dur-

Special Youth Rally Set

There will be a Special Youth Rally on Saturday, November 13, at the First United Methodist Church in Spearman. The main service will begin at 7:30 p.m. with everyone that is young at heart welcome.

The special speaker of the evening will be Rev. Steve Harper of Borger, Texas. Steve Harper is a graduate of Haskell High School where he was Salutatorian of his class. He graduated Summa Cum Laude from McMurry College in Abilene and then went to Seminary at Asbury Theological Seminary where he graduated with honors.

Rev. Steve Harper has been preaching since he was 15 years of age. In that time he has spoken nearly 3,000 times in all types of ministries and settings. Steve has served as Youth Director in Hamlin, as student pastor in Weinert, as youth evangelist with the Ed Robb Association, as pastor in Kentucky, as pastor of the Roby United Methodist Church and presently is pastor of the Wesley United Methodist Church in Borger, Texas. He has published one book, "Prayer Ministry in the Local Church" (Baker). Steve's wife is named Jeannie and they have two children, John and Katrina.

Everyone is invited to come for this special service.

Singers For Revival

Rev. and Mrs. Gene Moore will be the special singers for the Revival at the First United Methodist Church of Spearman on November 14-18. This fine couple will be bringing special music for the services and leading in the congregational singing. The local church choir, under the direction of Mrs. Dick Countiss, will also be singing and bringing special music. Everyone will want to come and hear all of this great singing.

Both Gene and Bobbie Moore are graduates of Be-

thany (Oklahoma) Nazarene College. They have two children at home, Susan and Jonathan, and one son Timothy Gene in heaven. They have served in the pastorate at the United Methodist Church in Hamlin, Texas and at Polk St. United Methodist Church in Amarillo as minister of evangelism. They were with the Ed Robb Evangelistic Association for a number of years.

Everyone is invited to come for the Revival Services where Gene and Bobbie will be singing from November 14-18.

GAME NUMBER NINE

Real high were the Lynx
 Against the Panthers last week;
 Muddy weather didn't slow, the
 Purple Pride's winning steak.
 Another shutout,
 Goes onto the record page;
 Each week the Lynx improve,
 Purple Pride's coming of age.
 After eight full weeks,
 Six wins in a row;
 The Angry Purple gets to host,

River Road from Amarillo.
 In their first district race,
 Varsity action for the first year;
 Except here is the Lynx,
 River Road cannot cheer.
 Real pride have the Lynx,
 Our hats off to the 'Hats';
 Add another victory notch,
 Defeat those Wildcats.

Commodities Market

Workshop Set

Panhandle State University will offer a workshop in understanding the commodities market beginning on Tuesday, November 16 at 6:30 p.m. in 321 Hamilton Hall on the campus at Panhandle State University. Enrollment may be completed on this date. The workshop will last from 6:30 to 10:00 p.m. for four consecutive Tuesday evenings; November 16, November 23, November 30, and December 7. The enrollment fee for the workshop will be \$13, and one semester hour of undergraduate credit will be given upon completion of the workshop.

Mr. Hack Miller, who is presently associated with Master's Commodities Inc. in Guyton, will be the instructor for this workshop. Mr. Miller is well qualified in the commodities field, holding a B.S. degree from Oklahoma City University in Business Administration and having had 16 years of experience in the commodities field.

The workshop will include a general understanding of the commodities market and will cover various aspects of hedging and speculation such as when to hedge, how much to hedge, and when the market is at a premium level to hedge. Particular emphasis will be given to those commodities of specific interest to farmers and ranchers in this area such as cattle, swine, corn, and wheat.

All persons that are interested in learning more about the commodities market are encouraged to enroll in this workshop. Further information may be obtained by contacting Mr. Clarence Hammers, Panhandle State University, Goodwell, Oklahoma, telephone (405) 349-2611, Ext. 241.

Community Food & Nutrition Grant Approved

Governor Dolph Briscoe announced approval of a \$25,000 Communities Services Administration grant to Texas Panhandle Community Action Corporation in Amarillo.

The grant is for Community Food and Nutrition, and is effective retroactively to Oct. 1, 1976. It is funded under Title II of the Head Start, Economic Opportunity, and Community Partnership Act of 1974.

Through this program, Texas Panhandle Community Action Corporation is expanding a Food Stamp Outreach capacity in each of 25 Panhandle counties; expanding the Meals-on-Wheels program to at least 250 elderly low-income citizens; establishing a food voucher program to assist

Women, Infants and Children (WIC), senior citizens, and manpower enrollees on an emergency basis; and meeting emergency feeding needs of 150 households.

Grant processing and program liaison are through the Economic Opportunity Division of the Texas Department of Community Affairs.

Three Students In All Region Choir

Members of the Spearman Junior High School choir were among the 410 students from area schools that auditioned for the Junior High All-Region Choir at Austin Junior High School in Amarillo on October 23.

They were judged individually on musicianship, intonation, notes, diction and dynamics. Then the top 128 were chosen to perform in the 1976 Junior High All-Region Choir in Pampa, November 6.

There will be no admission fee for the concert. Seventeen members of the Spearman choir auditioned and three qualified for the All-Region Choir. They were Tamera Scroggs, daughter of Mr. and Mrs. Ted N. Scroggs, Joe McBride, son of Mr. and Mrs. Bill McBride, and Sherry Greene, daughter of Mr. and Mrs. James Greene.

Travis Angel is the choir director for junior high and high school.

Rotary Club News

The Spearman Rotary Club met Monday, Nov. 1, at Martin's Steak Garden.

President, Junior Lusby presided over the meeting.

Linda Davis, Home Economist for the Community Public Service Company in Perryton, gave the program with a slide presentation on "Energy Efficiency in the Home". She told how modern insulation helped to conserve energy and hold down fuel bills.

Mack McCormack reported on a Rotary meeting he and Junior Lusby attended in Plainview.

Junior Lusby announced

Don Hergert is in Hi Plains Hospital in Amarillo for a back operation.

Mack McCormack reported the Rotary Club had netted \$136.47 from the booth at the Halloween Carnival.

The Board of Directors, consisting of Junior Lusby, Ed Garner, John Hutchison and Jim Brown, met and planned a club assembly, separate from their regular meeting to be held Saturday, November 20, at 7:30 p.m. Location of the assembly will be announced at a later date.

Guests present were Dave Harmony of Borger, D. E. Wirsdorfer of Tacoma, Washington, Joe Chambers of Pampa, Ken Bergquist of Guymon, Oklahoma, Bill Konegi of Bloomington, Ill., Linda Davis

of Perryton, C. D. Riggins of Perryton, Roscoe Nelson and Gary Herron of Spearman.

Members present were Carrie Marie Berry, Larry Murphy, Roy Bulls, E. J. Peggy's Pointers

Your jack-o'-lantern can be the springboard for good things from the kitchen. To cook the pumpkin, remove all seeds and membrane and use a knife to remove the outer skin. Cut into one-inch cubes and cook until tender in a small amount of water. Drain the water and mash the pumpkin.

Pumpkin muffins, fancy pumpkin pie and pumpkin freeze can all be made with your own fresh pumpkin or with canned pumpkin. And don't forget to roast the seeds for a delicious snack.

Pumpkin Muffins: 1/2 cup vegetable oil, 1-1/4 cups sugar, 2 eggs, 1/2 tsp. ground cinnamon, 1/3 cup water, 1/2 tsp. ground nutmeg, 1 cup cooked pumpkin, 1/2 cup chopped nuts, 1-2/3 cups sifted self-rising flour, 1/2 cup raisins.

Preheat oven to 350 degrees F.

Grease and flour muffin tins. In a large bowl, stir together oil, eggs, water and pumpkin. Sift together flour, sugar, cinnamon and nutmeg. Add dry ingredients to first mixture and beat until dry ingredients are moistened thoroughly. Fold in nuts and raisins. Pour into muffin tins and bake for about 30 to 35 minutes at 350 degrees F. Yields 1-1/2 large muffins.

Fancy Pumpkin Pie: 3 eggs, well beaten, 1-3/4 cups canned pumpkin, 3/4 cup sugar, 1 cup evaporated milk, 1/4 tsp. ginger, 1/2 cup water, 3/4 tsp. cinnamon, 1 9-inch unbaked pie shell, 3/4 tsp. nutmeg, 1 cup whipping cream, 1/2 tsp. salt, 1 banana, sliced.

Mix well-beaten eggs, sugar, spice, salt and pumpkin together. Add milk and water, stirring until smooth. Pour into pie shell. Bake at 425 degrees F. for 45 to 55 minutes or until mixture is firm and crust well browned. Before serving, spoon whipped cream in a circle on pie and arrange slices of banana in the whipped cream. Yield: One 9-inch pie.

Pumpkin Freeze: 1 tsp. cornstarch, 3/4 cup cooked or canned pumpkin, 3/4 cup sugar, 2 egg whites, stiffly beaten, 1/2 tsp. cinnamon, 1/2 cup heavy cream, whipped, 1/4 tsp. ginger, 8 tart shells or 1 9-inch pie shell, baked and cooled, 2 egg yolks,

slightly beaten, 1 cup milk. Mix cornstarch, sugar, cinnamon and ginger. Stir in egg yolks and milk. Cook over hot water in double boiler until thickened, stirring constantly. Add pumpkin. Freeze until firm. Break into chunks. Beat until smooth with a rotary beater. Fold in egg whites, whipped cream and nuts. Pour into small tart shells or one pie shell. Freeze until firm. Garnish with some whipped cream if desired. Serves 8.

Roasted Pumpkin Seeds: Preheat oven to 375 degrees F. Put seeds in a pan with a little butter. Place in hot oven and toast until golden brown. When toasted, shake and rub lightly to remove husks. Salt lightly.

A five-pound pumpkin will yield about six cups of cooked, mashed pumpkin which can be used in all of the recipes included. Pumpkin can be frozen for later use.

How to freeze pumpkin: Wash, cut into small pieces, remove seeds and peel. Cook until soft in boiling water, pressure cooker or oven. Mash pulp or put through sieve. Cool by placing pan containing pumpkin over chopped ice and stir pumpkin occasionally. Package and freeze immediately.

Junior Troop #65 met Thursday, October 28, in the Girl Scout House with leader, Mrs. Tom Jarvis.

The girls worked on their pet badges.

Election of officers for November was held. Officers are President-Stephanie Hayes, Vice President-Lee Barnes, Secretary-Ann Barnes, and Treasurer-Michelle Wright.

Refreshments of cupcakes and Hawaiian punch were served by Joanna Jarvis to members, Kelly Groves, Michelle Wright, Stephanie Hayes, Cristie Black, Jeanne Laird, Lee Barnes, and Ann Barnes.

Next meeting will be Nov. 4 in the Scout House.

Lease a floodlight ...you could Lessen your Losses

If your unlighted business property is a likely nighttime target for property or liability losses due to vandals, burglars or accidents, you should check into the low cost protection of leased floodlighting. For just pennies a night you can have mercury vapor or Metal Halide floodlighting directed on your property. Property which is well lit discourages vandals, burglars and helps prevent accidents. Community Public Service Company will install and maintain the floodlight for a reasonable rate per month. For complete information on leased floodlighting, call Community Public Service Company.

THANKSGIVING DINNER
THURSDAY, NOV. 18
UNION CHURCH

You Name It!

Last weekend was the biggest weekend in Panhandle football history. The Red Raiders from Texas Tech demolished the Texas Longhorns at Raider Stadium 30-28! The game was a thriller! Instead of going to Lubbock, where I thought the Raiders would win by two or three touchdowns, I stopped at Canyon and watched the Buffaloes demolish McKeesee College 30-25. I was listening to the Tech game, and watching the Canyon game, and I was in a state of shock by the time both games were over! The Buffaloes and their homecoming crowd were treated to a real treat for Halloween, and every time the Raiders scored, the loud speaker came on at Buffalo Bowl and 99 percent of the WT fans were yelling for Tech! I sure did appreciate Darrel Royal and his Longhorns for taking their licking like men! They about had us Red Raider fans whipped and some of the Raider fans offered to sell their seats for \$50 right after the half! The same thing happened at Canyon! Several of the fans started out the last two minutes, just before the Buffaloes grabbed a fumble, and with 19 seconds left in the game, went in for the winning touchdown! I never miss Homecoming at

WT, Panhandle State, or Lubbock if I can help it! And the band at West Texas State was unreal, it was so good! They marched at halftime, and the theme of their marching was "energy"! It was extremely clever, and I had as much fun as some of the exes attending the game!

And speaking of Texas Tech, I enjoyed reading Harold Hudson's column this week. The column read as follows--"Jesus Christ and John Wayne may have only one thing in common; they top the list of all time favorite heroes of Texas Tech students. The University Daily last week ran a campus poll on heroes and Jesus Christ emerged in the top spot. Following, in order of popularity, were: 2. John Wayne; 3. Abe Lincoln; 4. John F. Kennedy; 5. Dad; 6. Robert Redford; 7. Jimmy Carter; 8. George Washington; 9. Thomas Jefferson; 10. Richard Nixon; and 11. Mom!

This is quite thrilling to your writer, that the Tech campus puts Jesus ahead of all persons, living or dead, as their number one hero! It is possibly the best news that has come from any campus this year! Hang in there Raiders, and keep your eyes on Jesus, and you just might be No. 1 in several polls!

HD Club News

On Tuesday, Oct. 19, ten members of the Old Hansford Home Demonstration Club met at the Stationmaster's House Museum for a tour, under the guidance of Mrs. J. L. Pierce. They were Mmes. Mary Brown, Louella Howter, Ethel Byers, Charolette Vanderburg, Tot Rosenbaum, Anna Rosenbaum, Anna Belle Parrish, Susan Delk, Mae Floyd, and Rosalie Regier.

Their guests were Sammie Bishop and Evelyn Wells. Each lady brought a handmade item to donate to the Museum's Gift Shop. Some of the ladies also bought items from the Gift Shop.

This is the second project the Old Hansford Home Demonstration Club has had to aid the museum. Last year they donated \$100.00 from the proceeds of their Country Store.

Members, Mary Brown and Susan Delk also work at the Museum one afternoon a month from 2:00 until 5:00.

Discovery Center Is Dedicated

At 4:45 P.M. Thursday, October 28, the Don Harrington Discovery Center on the Amarillo Medical Center was officially dedicated by Senator Max Sherman of the 31st District. The Honorable William P. Hobby, Lieutenant Governor of the State of Texas who was to have made the dedication was unable to land because of weather conditions. Named for a pioneer developer of the High Plains Gas and Oil Fields, the Science Center has already served thousands of school children of

the Panhandle. Equipment for the eco-sphere and beautification of the Discovery Center site were donated by Mrs. Don Harrington, as a memorial to her husband. Mrs. Harrington participated in the official dedication by unveiling a portrait of her husband, which will hang in the lobby of the Center. Don Harrington, who died in 1975, also gave seed money which enabled the Amarillo Foundation for Health and Science Education, Inc., with

its Board of 100 directors, to develop a 1973 campaign for donations to bring new educational processes for the High Plains school children. Senator Sherman's dedicatory address followed a welcome from Mayor John Drummond, an expression of gratitude from the school children of the Panhandle by Mrs. Charles Schmidt, President of the Amarillo School Board, and an invocation by the Reverend Robert S. Kinney, Rector of St. Andrews Episcopal Church.

John V. Denko, M.D., Chairman of the Amarillo Foundation for Health and Science Education, Inc., closed the brief ceremony with an expression of gratitude from the foundation to Mrs. Harrington. The Center, valued at approximately \$1.3 million dollars, was opened for school classes in January of 1976. In the remaining four months of the school year, more than 16,000 school children were in

attendance with approximately 40 percent from schools other than Amarillo. Staffing and operational expenses of the Center are furnished by the Amarillo Independent School District, with small fees charged to other school districts using the facility. The Harringtons, who have maintained a home at 1600 Polk Street since the 'Thirties' have given consistently to community projects of the city.

Texas Medical Association
1801 North Lamar Austin Texas 78701

A recent study shows parents are most likely to abuse male infants, children under age 6, illegitimate children and females age 12 and older. The same study also points out high-risk families. "A fairly high rate of unemployment and an extremely high rate of marital disorder characterized abusing families," said William Friedrich, a researcher at The University of Texas School of Public Health. About 65 percent of the abused children in the study did not have both natural parents living with them. The study appears in the October issue of *TEXAS MEDICINE*, the Texas Medical Association's monthly journal.

shows that parents of any age, race, educational or economic category abused children. A large percentage seem to be repeat offenders. About 85 percent of the children reportedly abused had been in similar incidents previously. "A parent who was himself abused, social isolation, unrealistic expectations of the infant, inability to use or seek help and a personality best described as deeply unlikable" profile a potential child abuser, an article in the *JOURNAL OF THE AMERICAN MEDICAL ASSOCIATION* states. Parents demonstrating two or three of these characteristics who have or will have young children should be offered help before abuse occurs, said the article's

author, David Chadwick, M.C., of San Diego, Cal. The first step in getting someone help is reporting abuse. Texas law requires anyone who suspects child abuse or neglect to report it to the proper authorities. A person can call the child abuse hotline number, 1-800-292-5400, free of charge and report a potential or suspected case. People can call the nearest welfare office or law enforcement authorities as well. The Texas welfare department says "as long as your report is made in good faith, you are protected by law from damage suits". A report also can be made anonymously. The law says someone can be prosecuted for not reporting a suspected case. The information is relayed to the nearest child welfare office and a worker investigates the report. After investigation, parents may get counseling if needed. If a child's safety depends on it, he may

be placed in another home at least temporarily. Welfare department figures for 1973 show there were about 4,000 reports and more than 2,500 confirmed child abuse cases. There were 104 recorded deaths from child abuse. Friedrich's article says there may be as many as 500,000 abuse cases in the U.S. every year. Texas child abuse reports have increased but Friedrich said that child abuse reports show only a small part of the problem that includes emotional abuse and intentional neglect. Dr. Chadwick said "more support needs to go into identification and care of the high-risk patient who has not yet abused an infant."

Farm Income Stable

The USDA Outlook and Situation Board has released the impression that farm income for 1976 will be similar to 1975 levels. Strong consumer demand is absorbing higher output at prices above a year ago and signs point to a record flow of cash receipts from livestock products. Increases, however, in gross receipts will be mostly offset by rising costs of inputs according to the report. Interesting is the picture of the comparison of expenses and income during the past three years: Gross farm income, 101.5 (1975), 99.5 (1974), 98.9 (1973); Farm production expenses, 75.5 (1975), 72.9 (1974), 65.3 (1973); Net Farm Income, 26.0 (1975), 26.6 (1974), 33.6 (1973). (Sums are in billions of dollars)

Inflation Hits Texas Highway Construction

AMARILLO--Inflation has handed Texas a backlog of about \$12 billion in needed highway projects and slightly less than \$2 billion to meet it in the next 20 years, Charles E. Simons, a member of the State Highway and Public Transportation Commission, said here today.

"And I defy anyone here to buy \$12 worth of groceries with a \$2 bill," he added.

Simons addressed the Texas County Judges and Commissioners Association meeting. The Commissioner referred to a year-long study of the department and the Texas highway program recently completed by the department and an internationally known consulting firm, McKinsey & Company, Inc.

"I know of no study that was done with greater competence or objectivity than this one," he said. The study has stirred public interest in the plight of the State Department of Highways and Public Transportation.

But he added that several questions have arisen since as a result of the wide public interest it has stimulated. One of the points was the matter of why the highway program needed dedicated sources of funding, Simons said.

There are several reasons, he said.

"First, dedication of funds allows the department to plan and carry out work on the highway system in a rational and orderly pattern." He added that, because of delays occasioned by red tape and required environmental, social, and economics studies, lead times have increased drastically.

"Thus, we need assurance that the money will be ready after the plans have been reviewed and re-reviewed and re-reviewed, ad infinitum," Simons said.

Also, with assured income, he said, the department can schedule jobs more efficiently and can spread work loads over an extended time.

The Commissioner said the backlog of work represents projects the commission had every reason to believe they would be able to fulfill in the light of conditions that existed at the time.

He noted that for most of the post-World War II era, growth in vehicle ownership and usage has been sufficient to offset the effects of inflation. But in the early 1970's inflation hit the double-digit range and the program began falling behind.

Simons said the department began early to start tightening belts, decreasing the work force and effecting other economics. At the same time, federal bureaucratic delays put worthy projects further and further back as lead time necessary to get a project underway stretched from about two years to eight years.

"Thus the backlog grew and the department and the commission were powerless to do anything about it," he said.

Now, the department has re-evaluated systems and projects all over the state. The study made specific recommendations on individual projects, including the elimination of many in the backlog.

"At this point," Simons said, "these still are recommendations. They are under careful scrutiny and the future of hundreds of projects depends on a simple five-letter word -- m-o-n-e-y."

School Picks Ford, Here

In a mock presidential election, held by the speech and drama classes of Spearman High School, polls were open from 8:30 a.m. to 2 p.m. 83 percent of the student body voted. At 2:30 the results were announced:
POPULAR VOTE: Ford-189; Carter-87.
WRITE-INS: Reagan-44;

Wallace-1; Alice Cooper-1.
According to the electoral college, composed of 6th period speech students, Ford had it 5 to 2. The voting booths were constructed by the students from refrigerator crates with newspaper covering and red, white and blue streamers. The High School precinct was in room 107!

County Agent's Report

Farmers buying certified seed to plant their 1977 crop should pay particular attention to the labels on the seed bag--there's been a change.

"Certified seed sold after January 1 next year must bear two labels--one certifying the variety and the other indicating a number of seed quality factors," points out Dr. Robert B. Metzger, cotton specialist for the Texas Agricultural Extension Service.

Whereas in the past, seed was certified for both variety and quality factors, the certification now pertains only to the genetic identity of the seed. However, since the Texas seed law still requires that seed quality information be truthfully stated, an analysis label must also accompany all certified seed, explains Metzger.

"The analysis label will tell the farmer such things as purity, inert matter, other crop seed, weed seed, noxious weed seed and germination," notes the Texas A&M University System specialist. "The fact that the seed is certified has nothing to do with these particular factors."

Metzger explains the new certification labeling this way. "Take cottonseed, for example. TAMCOT SP37 sold as certified seed must bear a label (blue in color) that indicates that the seed is indeed the SP37 variety. The certification label will show net weight, kind and variety and who produced the seed, but nothing on quality factors. A second label on the seed bag will list the various quality factors mentioned above and will tell the farmer the percentage that the seed contains, such as the percent of weed seed."

"The main thing for farmers to remember when buying certified seed for the 1977 crop is to look at both labels on the seed bag," emphasizes Metzger. "Both labels must be checked to get the complete story on the seed."

The change in seed certification standards in Texas came about recently in an effort to assure a more dependable supply of certified seed and to give seedmen more flexibility in producing seed for different markets, explains the specialist. The change also establishes uniformity with the Federal Seed Act and encourages international seed trade.

Seed that is certified for genetic identity has been produced and processed under standards and procedures established by the Texas Seed and Plant Board and enforced by the Texas Department of Agriculture to assure that the variety is as represented by the certification label accompanying the seed. That's the blue label.

The other label on the seed bag gives specific information on various quality factors that farmers need to know in selecting their seed.

"All the information that farmers need is on the two seed bag labels," contends Metzger. "It's just a matter of reading both labels to determine if the seed meets their requirements."

43rd Annual Meeting Of Texas Farm Bureau Set

FORT WORTH -- About 1,500 farmers and ranchers are expected to attend the 43rd annual meeting of the Texas Farm Bureau here Dec. 5-8.

General sessions will be in the Tarrant County Convention Center with some conferences scheduled for the Sheraton Hotel.

Policies to guide the state's largest farm organization next year and recommendations on national policies will be adopted during the final two days of the convention. Delegates will also elect a president and directors. More than 1,100 voting delegates, representing 190,000 member families in 210 organized county Farm Bureaus, will participate in the business session. The number of voting delegates from a county is based on the total number of member families in the county.

Another highlight of the meeting will be an address by TFB President Carrol Chaloupka and a guest speaker yet to be announced.

Events for young people in Farm Bureau will include a queen contest, talent find and discussion meet.

Recognition awards will be interspersed throughout the convention. Counties will be honored for outstanding achievements in membership, public relations and safety. A meritorious service award will be presented to an individual, not yet announced.

The convention will get under way with registration beginning at 2 p.m. in the Sheraton Hotel. Registration will continue Monday morning in the Convention Center.

A vesper service and discussion meet will be held Sunday evening in the Sheraton Hotel and will be followed by talent find competition in the Convention Center theater. Representatives will be elected in both the talent find and discussion meet to participate in those events at the American Farm Bureau Federation convention in January in Hawaii.

The Monday morning general session, which features speeches by TFB President and a guest speaker, will also include the annual report of the TFBT Secretary-Treasurer, Reed Lang of Rio Hondo.

A ladies' luncheon and fashion show are scheduled for

noon Monday at the Sheraton Hotel.

Eleven special conferences will be held in the Sheraton Hotel that afternoon. These include Livestock and Animal Health, Community Services, Cotton, Wheat and Feed Grains, Rice, Farm Bureau Services, Peanuts and Oilseeds, Research and Education, Farm Labor, Natural Resources, and Dairy.

The annual queen's contest will be that evening in the Convention Center theater with 12 District winners competing. District caucuses will be held prior to the convening of the business session at 10 a.m. that day. Warren Newberry, executive director for the TFB, will make his administrative report at the beginning of the business session which will be held in the Convention Center theater.

The voting session will convene Wednesday morning and will continue until all proposed resolutions have

been disposed of. Final order of business will be election of directors from even-numbered districts and the president.

Following adjournment, the TFB Board of Directors will meet to select a vice president and a secretary-treasurer.

Music Students Attend Symphony

Music students from Spearman Elementary and Junior High Schools made a bus trip to Panhandle State University at Goodwell, Oklahoma on Wednesday, Oct. 27. They attended a concert given by the Oklahoma Symphony Orchestra. The music was from the classics and was all centered around the carnival or circus theme. The conductor made explanations and demonstrations which pleased the children greatly.

Due to the bad weather, the side trip to No Man's Land Museum was cancelled.

Making the trip and enjoying sack lunches on the bus were Mrs. Blackburn and her fourth grade class; Mrs. Whitson and her fourth grade class; Mrs. Steele and her fourth grade class; Fifth Grade Choir; Sixth Grade Choir; Mrs. Barbara Patterson, fourth grade aide; Principals Allen Alford and G. W. Robinson; School Counsellor Claude Newell; and Mrs. Wilma Clark, Elementary-Junior High Music teacher.

4-H Meeting Scheduled

The next meeting of the Spearman 4-H Club has been scheduled for November 11 at 7:00 p.m. at the Spearman County Show Barn. We strongly encourage each and every 4-H member to attend this meeting if at all possible. Business session, Veterinary program and recreation will be enjoyed by all. Parents and youth are invited.

If there are any individuals between the ages of 9 - 19 interested in becoming a 4-H member, we encourage you to attend our meeting and enroll in one of our programs. All programs and information of the TAEX are available to everyone without regard to color, race, religion, sex, age, or national origin.

County Agent News

Frost has occurred in most parts of Hansford County, and this could lead to prussic acid poisoning in livestock grazing certain pasture grasses and forages, points out Jim Kuykendall, county agent with the Texas Agricultural Extension Service.

Although many plants contain the toxic material that causes poisoning, those causing the highest mortality in livestock when grazed after they have been frozen and wilted are Johnson and Sudan grasses and sorghum or hybrids of these.

The most dangerous time as far as the grazing of these plants is concerned is following frost when the plant material begins to wilt. Livestock should not be allowed access to the wilted material until it has dried completely. This usually takes three or four days of good sunlight. New plant growth usually becomes non-toxic and can be grazed within 10 days to two weeks following a rain.

As far as prussic acid poisoning is concerned, the poison acts rapidly and can kill animals within minutes. In most acute cases, animals become affected within 10-15 minutes after eating toxic material and can die in two to three minutes. Symptoms may include a brief period of stimulation followed by depression and paralysis. Signs of colic may be present. Stupor (loss of sensibility), difficult breathing and frequent convulsions may result. Death is caused by suffocation since oxygen remains in the blood and is not exchanged to the tissues. This also causes the blood to appear bright red.

To prevent prussic acid poisoning in livestock, Kuykendall outlines these steps:

1. Allow plant material affected by frost to dry thoroughly before grazing. This may require a week or more of good sunlight.
2. Feed animals hay or a supplement before turning them in on plants that may

contain prussic acid. Animals that are not hungry will not be affected as seriously by toxic material since their intake will be limited.

3. Remove all animals from the pasture if one in the herd shows any signs of poisoning.
4. Call a veterinarian immediately if an animal appears to be poisoned. An antidote to treat affected animals is highly efficient if given early. This product is available from veterinarians.

5. Have suspect plant material checked by the Texas Veterinary Medical Diagnostic Laboratories at College Station or Amarillo. Local veterinarians will be happy to submit samples for you.

The overall key to preventing prussic acid poisoning in livestock is to be aware of plant materials that may cause poisoning and then to keep cattle from grazing such plants until a safe period has passed, points out Kuykendall.
