

# Among The Neighbors

Coyotes on the Gibner ranch near the Palo Duro creek felt, no doubt, that a new dimension had been added to their home on the range Saturday night. The eerie "Methodist Coyote Call" emanating from the top of the trees about three in the morning was actually members of the M.Y.F. trying to call up some coyotes. The results were not made public.

The occasion was the Planning retreat. Upon arriving Saturday, the young people set up camp, and did some exploring before a weiner roast. The planning session was followed by a twilight Communion Service. This was especially impressive in the outdoor environment. The campers slept out and fortunately the weather was good all night. The next morning after a hunger-buster breakfast, they returned to town in time to attend church. Sponsors were Mr. and Mrs. Steve Poole, assisted by daughters, Christine and Shauna; and Mr. and Mrs. Frank Edwards, assisted by Jocelyn. Members at tending were: Julia Latta, Jana Pittman, Rhonda Mathews, Kevin Nelson, Allen Mires, Allen Gardiner, Christa Sims, Carson Womble, Connie Woolley, Jennifer Reimer, and Tim Stedje.

Six week old Joseph Nolan delighted his grandmother, Mrs. Matilda Entekin, with a recent visit. His parents, Brent and Emily Nolan, of Rowlett, Texas brought him for his first visit. He is their first child. During their visit Mrs. Entekin, Edith and Barry Eddleman and the Nolans had an enjoyable day in Amarillo with a picnic. They were joined by Mrs. Entekin's daughter Jane McFarland, who is the dental hygienist lecturer for Amarillo College. Also joining them were Crystal and Jeff ward and their daughter, Lindsey.

Mr. and Mrs. Herb Miller enjoyed the company of their daughter and husband, Mr. and Mrs. Walter Hunt of Dallas. They were here several days last week.

Clay Gibner and Ab Abston drove to Amarillo Sunday to check on Woodrow Gibner who was in the hospital there. Woodrow and Mrs. Gibner are back at home at this writing and are pleased to report that Woodrow is responding to medication and will not require surgery.

Mrs. Rhoda Overton had a very pleasant week visit last week in the home of her daughter, Nancy and Norman Thompson. They live on a ranch near Utopia, Texas, and Rhoda was very proud of their lovely new home.

Mr. and Mrs. Steve Poole and daughters drove to El Paso last Friday to return her nephew, Toby Parker, who had been visiting here. Mrs. Poole's mother, Betty and husband Charles Riley of Amarillo accompanied them. Saturday was an interesting day. Spent in Juarez, Mexico, and Sunday was very active with three-wheeling-some-what warm, but fun.

Mrs. Ora Lee Blackburn returned

early Monday morning from a two months stay in Kenai, Alaska.

Mrs. Blackburn was a guest in the home of her daughter, Elaine Cassnum and family. Kenai is on the Kenai Peninsula, about 200 miles south of Anchorage. Mrs. Blackburn reports that the two months passed quickly with fishing, sight-seeing, picking wild berries. The highlight was a trip to Mount McKinley State Park-the splendor of the scenery and the fascination of the wild life-bears, moose, caribou. The long flight to and from Alaska was uneventful, but tiring.

Friends of Elaine will be interested to know that she now has one grandchild-daughter of her son, Billy Ed. Billy Ed lives in Kenai and is in the construction business. Daughter, Julia and Melissa are both teachers in Anchorage and Kenai.

Some neighbors are writing a note to Colberts in Amarillo expressing appreciation for the page ad, stating that Colberts will observe Sunday by closing.

To report locals, call 659-3468.

# Lodge Entertainment Planned

The Entertainment Committee of the Spearman Moose Lodge has made plans for the membership and their guest through September. There will be another meeting to make the October and November plans.

September 14, there will be a dance featuring "Chuck Carrico and the Rhythm Riders" from Darrouzett, Texas. This band has played previously and was enjoyed by many. The dance will begin at 9:00 P.M. until 1:00 A.M. Everyone is urged to attend.

A Domino Tournament is scheduled also this month. There will be lessons given by the Women of the Moose to those who are not sure how to play on Sept. 20, 1985 at the Lodge. The tournament dates are September 28 at 8:00 P.M. and the finals will be September 29 at 2:00 P.M. There will

be a \$1.00 entrance fee. The WOTM will provide snacks during this tournament and this should prove to be entertaining to many members of the community.

The proceeds for the activities of the Moose Lodge will be used back into

the community and to help support the Mooseheart and Moosehaven homes in Illinois. This is a childrens home and nursing home totally sponsored by the Moose Lodges all across the United States. Your support of the local lodge is greatly appreciated.

# Annual arts & craft show scheduled

The Spearman Study Club will host their fifth annual Antique, Collectables, Arts and Crafts Show and Sale on September 21st and 22nd, 1985. The show will be held at the Spearman High School Cafeteria. All persons interested in purchasing a booth for this show should contact Trudie Schneider,

659-3691 or Linda Close, 659-3097, (After 6:00 p.m.). Center spaces will rent for \$20.00 a table and wall spaces for \$25.00. No admission fee will be charged. Refreshments will be available. The address of the Spearman High School is: 402 E. 11th Street, Spearman, Texas.

the services the district must provide, by setting requirements a resident must meet in order to qualify for services, and by determining any other relevant provisions necessary for providing health care to residents.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to regulate the provision of health care by hospital districts."

proprations Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

### PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

### PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes. The proposed amendment will appear on the ballot as follows: "The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

### PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions. The proposed amendment will appear on the ballot as follows: "The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

### PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment, and would provide that reapportionment

will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

### PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for:

- (1) the abolition of the office of county treasurer in Andrews County and El Paso County;
- (2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitucion que apareceran en la boleta el dia 5 de noviembre de 1985. Si usted no ha recibido una copia de los informes en español, podra obtener una gratis por llamar al 1/800/553/9802 o por escribir al Secretario de Estado, P.O. Box 12887, Austin, Texas 78711.

## PUBLIC NOTICE

### BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS

#### GENERAL ELECTION

#### NOVEMBER 5, 1985

### PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalinization, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

### PROPOSITION NO. 2 ON THE BALLOT

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

### PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

### PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

### PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 29 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

THE STATE OF TEXAS,  
COUNTY OF HANSFORD

KNOW ALL MEN BY THESE PRESENTS THAT

Whereas, on the 20th day of July 1982, Darrell Sawyer, Pampa, Texas, Lessee, executed and delivered to Hansford Implement Co., Spearman, Texas, a certain John Deere Lease Agreement which was subsequently assigned to John Deere Leasing Company, Lessor, and thereon leased the following described property, to wit:

1-JD 4840 Tractor, s/n 15093  
The Lessee of this John Deere Lease Agreement has defaulted in compliance with the terms of said Agreement. John Deere Leasing Company, the owner and holder of said Lease Agreement on account thereof, is offering said property for sale in accordance with the default terms of said Lease Agreement. John Deere Leasing Company reserves the right to bid.

Now, therefore, notice is hereby given that on the 20th day of September 1985 at 10:30 a.m. of said date, John Deere Leasing Company will offer for sale at Hansford Implement Co., Spearman, Texas, to the highest bidder the above described property.

Conditions and Terms of Sale: All items will be sold "as-is" and in their present condition. NO GUARANTEE OR WARRANTY OF ANY NATURE, EITHER EXPRESSED OR IMPLIED, is made. Any statement of description is for identification only and not a warranty or representation. All goods are subject to redemption prior to sale. The terms of the sale are cash. The high bidder must submit certified funds (Bank money order or cashier's check) for the full purchase price at the time of the sale. All bids must be submitted in person; all sales are for cash and are final. Individual buyers may be required to pay any applicable sales tax on the sales (purchase) price.

To determine the highest bidder, the seller will take bids in bulk on all items of equipment, sell same conditionally as an aggregate unit, and shall then sell each piece of property as a single unit and then aggregate all unit prices to determine whether final sale shall be accepted on the individual bids or on the unit (bulk) bid.

Additional information concerning the security interest held by John Deere Leasing Company in the above described collateral may be obtained from:

JOHN DEERE COMPANY  
FINANCIAL SERVICES DEPT.  
P. O. BOX 20598  
DALLAS, TEXAS 75220

Witness our hands this 30th day of August 1985.

**Vernon's Thespians  
present "Amadeus"**

Galveston's young Ball High Thespians took their own rendition of "Amadeus" to the Texas University Interscholastic League One-Act Play competitions in March and April.

They also presented their play at the Houston Symphony's Summer Festival show "Amadeus" featuring the music of Mozart and starring F. Murray Abraham, who won a Best Actor Oscar for his portrayal of Salieri in the movie

version of the Peter Shaffer play. Scott Vernon, Ball High Director, is a native of Spearman, a graduate of Texas Tech and an alumnus of the University of Houston Shakespeare Festival.

Vernon is the son of Mr. and Mrs. J.P. Vernon of Spearman. Vernon and wife Mollie, incidentally comprise the only competing husband-wife combo in the league. Mollie, a dramatic arts teacher at

**Meet**

County Commissioners met Monday, Sept. 9 in regular session.

Commissioners approved the minutes of the last meeting, heard the treasurers report, and ordered bills paid.

They approved the Hansford Appraisal District request to stagger terms of appointees of the board, so board members terms will not expire all at once, giving continuity to the board.

They accepted bids on a mowing machine from Hansford Implement in the amount of \$7,971.56, Precinct 3.

The tax rate was set for 1986 at \$.24.74, up slightly over 1985 tax rate.

Commissioners authorized the judge to advertise for a new telephone system for the courthouse.

**HOSPITAL**

Patients in Hansford Hospital are: Everett Sullins, Lira Langston, Stacy Connelly, Lemy Russell, Alice Fry and Concepcion Alard. Dismissed were: Raymond Sparks, L.S.Hand, Rusty Hazelwood, Beth Fox, J.W.Gibner, Cora Orvial, Tex Hargrove, Tom Hargrove and Joyce Noble.

# The State Fair of Texas

The State Fair of Texas is once again preparing for its annual run, complete with a Lone Star-sized array of entertainment, sports, livestock and creative events.

The 1985 State Fair opens at noon on Thursday, Oct. 3, and runs through Sunday, Oct. 20. It has a theme of "Something New for You."

In addition to its usual assortment of favorites, such as evening parades, an outdoor ice show, a three-ring circus, fireworks displays, fashion shows, Midway rides and exhibits, this year's State Fair boasts an impressive line-up of special events and new attractions.

Literally and figuratively topping the list of new items at the 1985 Fair will be the "Texas Star," currently under construction and expected to be the tallest ferris wheel in North America. At 212 feet it will be the same height as a 20-story building. More than 15,000 red, white and blue light bulbs will be attached to the framework of the ferris wheel and will be used to present a spectacular computerized light show.

The Great American High Dive Team will give several performances each day at a specially-built diving platform and pool near the Grand Avenue gate, and "Starship 3," a helicopter acrobatics act will perform daily over the Lagoon.

The national touring company of the Broadway hit musical "42nd Street" will perform Oct. 1-20 in the Music Hall at the Fair Park. Dolores Gray and Barry Nelson will star in this song-and-dance-filled show based on the extravagant movie musicals of the Depression era.

The annual State Fair Rodeo, set for Oct. 18-20 with two shows daily, will attract top competitors from the Professional Rodeo Cowboys association tour, and the Cotton Bowl World Class Championship Wrestling on Sunday, Oct. 6, will pit the Von Erichs against a variety of opponents.

Football games in the Cotton Bowl during the Fair will include the Texas-Oklahoma classic on Saturday, Oct. 12, the Grambling versus Prairie View game on Saturday, Oct. 5, and a Dallas Independent School District triple-header on Friday, Oct. 18.

The Rodeo, "42nd Street," the wrestling competition and the football games require separate tickets. Football tickets must be arranged through the schools involved, while tickets to the other three events are sold by Rainbow Ticketmaster. For Rainbow Ticketmaster information, call (214) 787-2000 or (Dallas-Fort Worth metro) 787-1500. When purchased in advance, tickets for these events

include admission to the Fair.

Other attractions, except Midway rides, are free upon admission to the Fair. Admission is \$4 for adults, \$1 for children aged 5 to 11, and free for children under five each day and for senior citizens each Tuesday.

Additional activities include outdoor concerts by George Strait, the Judds, Little Joey La Familia and an assortment of other performers. The annual Parade of Champions, an all-day competition to determine the best high school bands in Texas, will be held on Saturday, Oct. 19.

The Fair's Creative Arts Department expects record participation in its wide range of food and hobby contests, including two new food contests. They "One Potato, Two Potato," which uses potatoes in entrees, side dishes or desserts, and "Stuff Yourself," which concentrates on beef, pork or poultry dressings.

Livestock events will be featured daily, with competition categories ranging from various breeds of cattle and horses to goats, rabbits, sheep, swine, pigeons, donkeys, mules and sheep dogs.

Several of the museums located on the grounds of the Fair will have special exhibits. They include "The Robot Exhibit: History, Fantasy and Reality" and "Halley's Comet: The Long-Haired Visitor" at The Science Place; "A Centennial History of the Dallas Morning News" at the Hall of State, and "East Africa: Its Land, People and Wildlife" at the Museum of Natural History.

Exhibit buildings at the Fair offer thousands of square feet of educational and commercial displays. An exhibit by Armour in the Food Pavilion of the Tower Building will feature Daniel and the Dixie Diggers, an animated band, and the Automobile Show will give Fair-goers their first looks at the 1986 models.

One new convenience for persons attending the Fair this year will be DART bus service from several Park and Ride facilities around Dallas County. Buses will follow regular schedules and charge \$4 for a round trip. Information on DART bus schedules is available at 979-1111. Parking on the Fair grounds is \$3 for those who prefer to drive.

The gates of the Fair grounds will open at 7 a.m. and close at midnight each day. Buildings are open from 10 a.m., and most museums are open from 10 a.m. to 5 p.m.

## Family farmer chief returns

The president of the Texas Farmers Union returned in late August from a strategy session on the 1985 Farm Bill, and predicted that Congress will start work immediately on farm legislation when the Congress reconvenes in early September.

"The National Farmers Union Board of Directors met in Denver last week, and issued a statement that calls upon Congress to adopt farm legislation that will allow farmers to at least have a shot at 'break-even' prices, instead of current 'shutdown' prices," said Joe Rankin, cotton farmer from Ralls, and the president of the Texas Farmers Union.

"The NFU Board (made up of Farmers Union leaders from across the country) noted that without improved farm income, the entire Farm Credit System and other ag related lending institutions are in danger of failing," continued Rankin.

"The price that farmers are receiving this season for the major commodities that are grown here in Texas are so low (30-50% lower than in 1981 in some cases) that many can't service their debt, much less the other factors that make up 'cost of production'—management costs, and return on investment."

The Texas family farmer group, in hope of convincing Texas Congress-

men to vote for legislation that would give farmers the right to vote in referenda on whether to control production, will be traveling to Washington, D.C. during the month of September. The Denver strategy session was to coordinate policy position for the national group of family farmers and ranchers, many of whom will be traveling to D.C. to participate in the "Fly-In".

Rankin, who will be leading the Texas delegation, has solid hopes for the success of the September effort. "Leaders of the Texas Farmers Union, other ag organizations, and many individual farmers have been visiting with Texas Congressmen through the month of August, and we have made some impact," said Rankin.

"What we must continue to impress upon Congress is that the promise of exports bailing farmers out of the depression that we are in is a pipe dream. The current administration wants us to export more at lower prices. But if we produce more, the price only goes down farther. We must make an effort to reduce the tremendous over-supply of raw commodities in this country—through referendum and mandatory controls of supply."

## New Sorghum board meets, sets assessment rate

The recently expanded Texas Grain Sorghum Producers Board has set the Texas grain sorghum checkoff assessment at eight-tenths (.8) cent per hundredweight. The assessment will be collected on grain when it is purchased from producers by elevators, livestock feeders, seed companies and others. ASCS will collect the assessment on grain which enters the government loan program.

Processors will be notified by letter of the effective date of the assessment. Grain which has been sold or placed in the government loan prior to that notification will not be subject to the assessment. Producers who do not wish to participate in the checkoff will have their money refunded upon their written request, accompanied by proof that the assessment was paid.

The statewide sorghum checkoff was established in a recent referendum to expand the Texas High Plains program which has existed in twenty nine counties of the Panhandle since 1969. In the recent election, the state's sorghum producers named seven directors to fill positions on a fifteen-member board.

The board held its first meeting in

Lubbock on August 23-24. New directors who were sworn in at the meeting are: James Dyer, Weslaco; J.W. Bauer, Refugio; Howard Salge, Skidmore; Richard H. Perry, Robstown; Weldon Shelton, Lamesa; Albert Scheele, Lockney; and Dennis Anthony, Friona.

In order to have better representation of all sorghum producers of the state, the board named six representatives from areas which do not have directors. Nominees from those regions who received the highest number of votes were appointed as representatives. The representatives will attend all meetings, speak for the producers of their region, serve on committees and relate the decisions and policies of the board to the region they represent. They are Mark

## Texas Water Commission

"A new era" for Texas water has been proclaimed by the chief executive of the state water agency.

Larry R. Soward, executive director of the Texas Water Commission, has told each owner of a wastewater discharge permit in Texas that he is prepared to uniformly enforce all provisions of state law which pertain to water quality matters.

In a letter which reached each of the permit holders this week, Soward said that he is "firmly committed to take whatever actions are necessary or appropriate to actively and aggressively enforce all rules, standards, orders, permits, licenses and laws under the jurisdiction of the Texas Water Commission."

Similar letters will be sent to owners of permits to withdraw water from the state's lakes and streams and to owners of permits to dispose of hazardous wastes.

"It is a new era in Texas," Soward said in explaining his letter. "Enforcement is going to be at the forefront of our efforts. We want everyone to know that we mean business."

On Sept. 1, the Texas Water Commission assumed enforcement responsibilities relating to the protection of the state's waters. Those responsibilities had been under the

jurisdiction of the Texas Department of Water Resources, which was abolished by the 1985 Legislature.

The Legislature also gave increased enforcement powers to the Water Commission. Hearings are now mandatory for permit holders who have been out of compliance with their permits for over four months. The Water Commission has been given increased power to levy administrative fines and civil penalties.

Soward called upon the holders of the permits to do their share to help him improve and maintain good water quality in Texas. He told the permit holders that he plans to be fair and uniform in the administration of the new responsibilities, but cautioned that he will not hesitate to fully use "whatever powers are available to me."

Soward assumed his duties Sept. 1, but has served as acting executive director since July 3. His new executive staff has already assumed its responsibilities for water quality in the state.

Paul Hopkins is Chairman of the Texas Water Commission and Ralph Roming is a member of the three-person citizen Commission. Gov. Mark White on Wednesday appointed John Houchins of Houston as the third Commissioner.

### GOLDEN GLEAMS

The highest possible stage in moral culture is when we recognize that we ought to control our thoughts.

—Charles Darwin.

Thought precedes action as lightning does thunder.

—Heinrich Heine.

Every thought is something in itself—the false as well as the true. The false are simply weeds that we can't use in our housekeeping.

—G.C. Lichtenberg.

## Howard Hill in concert here

Sept. 15, 1981—a landmark occasion in the life of Howard Hill. After years on the road as one of our nations foremost concert pianists, Howard gave his life and his talents to our Savior and Lord Jesus Christ.

Having begun his concert career at the early age of four, Howard has appeared on concert stages, television, and radio throughout the world. Today, he still maintains a concert-filled schedule; however with one main exception—he now has a message of his personal experience with the Lord.

Shortly after his conversion in 1981, tremendous opportunities of ministry

became available to Howard. He **Made A Change**, the first Christian album recorded by Howard, featured not only his amazing skills at the piano, but his gifts as a composer and vocalist. Within a year of this release, Howard was contracted by Word Records, the largest sacred recording company in the world. As a result of this relationship, Howard's next recording **Cornerstone**, received rave reviews nationwide. Also released was a piano book with arrangements of songs from the album.

From the hand-clapping, foot-stomping gospel favorites to the beautiful sacred hymns, Howard's versatility in musical styles combined with his personable warmth has won the hearts of audiences of all ages. The priority, however, is worship, as is seen by the many decisions that have been made during his concerts.

As one of Howard's original songs states, "I'll still tell the world of Jesus, until I hear those trumpets sound," that's exactly what he intends to do. Audiences and critics seem to agree—he's well on his way while "telling the world of Jesus," to becoming one of the most influential Christian artists of our time.

Howard Hill will be appearing in concert at First Baptist Church in Spearman on Monday, September 16, at 7:30 p.m. The public is cordially invited to attend this special event. A love offering will be taken.

## Aggies win season opener

The Panhandle State University Aggies traveled to Stephenville, Texas to meet and defeat the Tarleton State University Texans, September 7, 1985. Amidst numerous pre-season injuries and the loss of the Aggies key quarterback, due to an injury, they still pulled off their opener with a victory.

The Aggies were led by Sophomore Quarterback, Mike Whittler who scored the Aggies only touchdown of the evening on a 7 yard run. Keith Beddingfield, kicker, added 2 field goals for 6 points and that was it as far as scoring for the evening. The Aggies knew the offense had a lot of work to do and relied heavily on the Nationally ranked defense. Defensive stand-outs for the game were Butch McGhee who had 6 unassisted tackles, the defense were, Robert Edge who intercepted a pass on the 1 yard line, stopping a Texan drive and Keith Hendrix who also made a key interception.

Offensively, the Aggies relied on ALL American Senior Tailback Ray Williams, who was slow to start in the game due to an injury. Ray Williams rushed for 59 yards on 12 carries and had a pass receiving catch for 28 yards. Also on offense, Sophomore Full back, Keff Bolden aided the Aggies with 127 net yards on 12 carries. Punting for the Aggies was David Caffey, a Junior Transfer from SWOSU with 273 total yards on 7 punts.

"The Texans were a tough team and we knew there could be no letting down. It was a continuous defensive battle and we came up on top. We had a lot of mistakes and know what we need to work on for the upcoming game against Sul Ross State. They will be tough, and we need to be ready. Our kids work hard and you can always expect the first hame of the season to be a little rough," stated Head Coach, Jim Phillips. The Aggies will play their first home game this upcoming Saturday, September 14, 1985 against the Sul Ross State University Lobos at Carl Wooten Field. Game time is set for 7:30 p.m.

Everyone is happy when everyone is making money.

## Cancer & Chemotherapy workshop

The W.T.S.U. School of Nursing Department of Continuing Education along with Ochiltree General Hospital in Perryton will sponsor a continuing education workshop, "Cancer and Chemotherapy", in the Community Room of the First National Bank, 201 South Main, in Perryton, on Monday, September 23, 1985, from 8 p.m. - 9 p.m. The content will be presented by Diane Ash, RN, MN, C.S. This workshop is opened to RNs, LVNs, nursing students, nurse assistants, and allied health personnel.

This workshop will provide an overview of the cancer problem by identifying major malignancies, disease treatment, and common side effects. The categories of anti-cancer drugs with nursing assessment and interventions of major side-effects will be discussed

in detail.

Diane Ash, RN, MN, C.S., is currently the Nursing Coordinator of the Don and Sybil Harrington Cancer Center in Amarillo. She is also an instructor in oncology nursing at WTSU. She obtained a masters of nursing from the University of California at Los Angeles. Her BSN was earned at Baylor University in Waco. She holds current A.N.A. certification as a Clinical Specialist in Medical-Surgical Nursing and is an Oncology Clinical Nurse Specialist as well. In addition to teaching in the graduate program at the University of Oregon at Portland, she has worked as an oncology nurse at the G. C. Morton Cancer Research Center in Dallas and the UCLA Medical Center in Los Angeles. The Texas Nurses Association has

approved this offering for 3 contact hours for RNs enrolled in their CEARP Program.

The registration fee is \$20 for health care workers and \$10 for students. Written preregistration is recommended. The deadline for preregistration is Wednesday, September 18, 1985. Reservation may be made by calling 806-856-2441 or mailing your name, address, and telephone number along with your check to: Continuing Education, School of Nursing, W. T. Box 532, Canyon, Tx. 79016. Payment must accompany registration to guarantee enrollment; however, calling will enable this office to prepare a packet in the participant's name and to estimate attendance.

## Cattleman's Livestock without adequate bond

WASHINGTON, Sept. 11.— The U.S. Department of Agriculture has charged Jay Rippy, Inc., operator of Cattleman's Livestock Commission Co., an auction market at Dalhart, Tx., with doing business without an adequate bond.

A USDA official said the firm draws livestock consignments from the northern Texas Panhandle, the Oklahoma Panhandle, northeastern New Mexico, southeastern Colorado, and southwestern Kansas. B. H. (Bill) Jones, head of USDA's Packers and Stockyards Administration, said Rippy, Inc. was

notified it would be necessary to increase its bond coverage from \$100,000 to \$150,000 in order to legally continue its selling agency and livestock dealer business.

Jones said the firm has continued its livestock operations without filing the required increase despite the official warning.

Rippy, Inc. has a right to a hearing on the federal administrative charges filed by USDA under authority of the Packers and Stockyards Act.

If the charges are proven, the firm will be placed under a cease and desist order, similar to a per-

manent injunction. Its registration to do business as a selling agency and livestock dealer could also be suspended until it files the required bond increase and it could be ordered to pay a civil penalty.

The P&S Act is an antitrust, fair trade practice and payment protection law. It is designed to maintain integrity in the marketing of livestock, poultry and meat, and economic law and order in the marketplace.

## Jimmy Alexander at Union Church

Jimmy Alexander will be ministering the word of God at Union Church, September, 15th. Jimmy will be ministering in the Sunday Morning Service at 10:45 a.m. and the Sunday Evening Service at 6:30 p.m.

Jimmy Alexander is a graduate of Rhema Bible Training Center and ordained by Buddy Harrison, Pastor of Faith Christian Fellowship in Tulsa, Oklahoma. Jimmy has pastored two Faith Christian Fellowship Churches, one in Alamosa, Colorado and one in Bridgeport, Ohio. Jimmy is currently an evangelist and has affiliated with Grace Fellowship, Tulsa, Oklahoma, Bob Yandian, Pastor.

God has called Jimmy to minister unity to the body of Christ and to minister healing to hurting couples by sharing the Biblical guidelines set up by God. The answer to the rising divorce rate is treating the problem

before it becomes fatal.

Pastor Steve and members of the Union Church invite you to come hear the word of God and worship with us. God is truly worthy to be Praise! Nursery provided

There has never been anything cuter than your child.

How many real friends do you think you have?

Happiness is a state of mind—try to remember that when worried.

Money multiplies the power of man, either for better or for worse.

## Our roots are firmly planted right in your own back yard!

For years, the Terra Seed Company has been a valuable part of farming communities throughout the country. As quality producers of certified seed, and by offering a wide variety of seed products, we've become like a member of the family at planting time... doing our part to bring you the best wheat seed yet.

### Our roots go deep!

Your wheat crop needs a good strong root system to assure its survival. One that goes deep in search of food resources and won't leave the plant high and dry. Terra Seed Company's roots are deeply embedded in its over 30 year history in the seed business. And now the roots grow stronger with the backing of Terra International so you

know your seed is coming from a tried and true friend who will stand by you at planting time.

### Breaking new ground.

Our roots are firmly planted in quality production of clean certified seed. By continually searching for the sturdiest, high yielding wheat strains, we make sure we're offering you the best seed available. It's our goal and our promise to continue producing new types of seed to increase the harvest of today's farmer.

### Consistency

When you plant your wheat fields you're putting your livelihood into the ground, so you have to make sure

that what comes up is a consistently healthy high yielding wheat crop. Terra Seed Company has always offered the highest quality wheat seed available to make sure your fields produce a great crop year after year.

The Spearman Lions Club will host a slow pitch tournament this Saturday. Members and players attending the tournament are from Perryton, Gruver, Morse and Spearman. The first two games will start at 10:00 A. M. on Saturday morning. Two fields will be used for the double-elimination tournament. Games will be played behind the YMCA building, and at the YMCA field near the Little League Park.

### Repair & replacement seat belts offered at cost

Texas Automobile Dealers Association Many Texas franchised new car and truck dealers will be offering repair and replacement of safety belts at cost during September and October and most can supply oversized motorists with belt extensions at no cost. "Texas will be the second largest state to have a mandatory safety belt law in effect," said Gene Fondren, president of the Texas Automobile Dealers Association. "It is important that we make it as easy as possible for Texans to comply with the law, so we have joined with the manufacturers in offering this program." The cost for parts and labor varies from dealer to dealer and manufacturer to manufacturer, but Fondren said

an example of the commitment by the factories is the cost reduction make by Volkswagen, which cut its cost for replacement belts almost 75 percent. Meanwhile, the General Motors corp., which has accumulated over the years about 6400 part numbers for safety belts, designed a "universal" lap belt, lap-shoulder belt and retractable lap-shoulder belt, and the cost is relatively low. "While most dealers do not normally stock safety belt replacement units, the manufacturers have assured us that in most cases the part can be shipped to the dealerships in 24 to 72 hours," Fondren said. "We want to make this as simple and as inexpensive as possible. Also, to help those motorists who

might be too large for a safety belt, most manufacturers provide safety belt extenders either at low cost or at no charge.

Some dealers may have safety belt extenders in stock while others may need to order the part because of the varying policies of the different manufacturers, Fondren said. In those cases where the part must be ordered, the extender can be shipped in a day to a week, he said.

"We believe strongly in the life-saving aspects of safety belts and we want to see the law succeed in Texas. That is why we are doing all that we can to encourage drivers and passenger to comply with the law," Fondren said. "Wearing a safety belt is a habit we can all get into, and it's a habit that could save our lives some day."

Fondren urged car and truck owners to check the condition of their belts. Some motorists suspect that their belts do not work because they are able to move freely.

"That is not necessarily true," Fondren said. "The safety belts in many of the newer models operate on a pendulum system. They are car sensitive, which means the belts lock when the car slows too quickly.

"But don't leave anything to chance," Fondren continued. "Look at the webbing. Test the lock. Check the retractors. If everything does not seem perfect, go by a dealership and have the safety belt checked. You never know when you might need them."

## Greyhounds drop opener to Stratford

The Gruver Greyhounds lost to the Stratford Elks Friday night, 15-7. Neither team could score in the first half, but Gruver came back in the third period to score. The touchdown came on a 36 yard run by Lloyd Cator, who had 64 yards rushing on 16 carries for the night.

The Elks came back and took the ensuing kickoff and marched 65 yards to pay dirt. The Elks ran for the conversion, to give them an 8-7 lead.

Actually the Greyhounds played well for their opening game against the AA Elks. The Greyhounds will host the Spearman Lynx on their homecoming game this Friday.

## Lady Moose Meet

The regular business meeting for the Women of the Moose was held August 19, 1985 at the Lodge. The meeting was called to order by Senior Regent Georgia Swink. The minutes of the Board Meeting and the last Installation Meeting were read. The Treasurer, Rae Butler gave the financials. With no additions or corrections, they stood approved as read.

The order of business was discussion on the Domino Tournament planned by the Entertainment Committee. This tournament will be held Sept. 28, beginning at 8:00 P.M. and the finals will be held Sunday afternoon at 2:00 P.M. at the Lodge. All members and their guests are urged to participate. The WOTM will furnish snacks during the tournament. Lessons on playing will be sponsored by the WOTM on Friday, Sept. 20 at the Lodge.

A motion was made and seconded to make a donation to the Aaron Love Fund at the First State Bank on Motion carried.

The ballot was favorable to make application to the Home Chapter to transfer Betty Love's application to an affiliated member instead of Chapter O member.

The Women of the Moose will be the Chair Persons for the Cystic Fibrosis Campaign. This will be effective from now until November 15, 1985. Decision was made to paint cans and place around town in businesses and not have the door to door campaign. Rae Butler was elected to contact many of the businesses to get an okay for placement of the donation cans.

Discussion on having a brunch for the membership of the WOTM and new prospective members. This discussion was tabled to a later date.

Assignment of who was to bring snacks for the next two weeks was the next order of business. The WOTM have been furnishing snacks of different varieties for the late afternoons and evenings on Wednesday, Thursday, and Fridays. The consensus was to continue this effort for various reasons.

With no further business, the meeting was adjourned.

The installation meeting for the WOTM was held September 9, 1985 at the Lodge. With no one to install at this meeting, the meeting consisted of business only.

The participation at the County Fair was the main order of business. The WOTM will again have their booth with baked potatoes. The booth will be set up and begin sales Friday at 5:00 and Saturday from 11:00 a.m. until all is sold. Decision was made on the toppings to have but no price was set until we see what size potatoes are available.

The membership decided to continue with the snacks on the original Wednesday, Thursday, and Friday nights. Assignments were taken through the end of September.

An announcement of the dance scheduled for September 14 at the Lodge for the members and their guests. Plans for this were made by the Entertainment Committee. Also, mention was made of plans for a Halloween Party at the Lodge. Details to follow. Final plans for the snacks at the Domino Tournament were made.

With no further business, the closing prayer was offered and the meeting adjourned.

### TV COMMENTARY

By Bente Christensen

PBS's new Sherlock Holmes series is great stuff and Jeremy Brett begins to grow on viewers, as the famous sleuth.

LIKEABLE Vincent Price, who hosts the Mystery series which is airing the Thames productions, says he thinks Brett is a better Holmes than any of his predecessors--and he named a few.

THE surprise was that Price left out the name of Basil Rathbone--millions of Holmes fans' all-time favorite. Admittedly, Rathbone was caught up in war fever and fervor and made a few ridiculous, propaganda films in updated versions of Holmes' career. But he was so good, one can

forgive him this lapse, or patriotism.

SPEAKING OF PBS, it's strong Saturday night lineup when the network offers Sherlock Holmes, Nature and Nova in succession. That beats the country ham served by commercial networks (or the dancing routines).

ON cable, there's good children's fare from National Geographic. A three-hour Sunday regular feature offers various clean, adventure programs for children.

THIS might be the way for cable television to go--with parents' help--in catering to children with wholesome specials.

## Hospital sponsor "Child Abuse" workshop

Hansford County Hospital will sponsor a continuing education workshop entitled "Child Abuse: Assessment and Intervention" in the Dining Room of Hansford Manor, 707 South Roland, in Spearman on Monday, September 16, 1985, from 6 p.m. to 9 p.m. This workshop, presented by West Texas State University School of Nursing Continuing Education Program, is aimed at RNs, LVNs, nursing students, allied health professionals, all levels of EMS personnel, teachers, law enforcement personnel, child care workers, clergy, and any interested persons in the community.

This program will focus on various aspects of child abuse, including

types of abuse, methods of assessment, characteristics of abusers and victims, and social and legal interventions.

Camille Davis, RN, MSN, is a former instructor of pediatrics at WTSU School of Nursing. She is a graduate of Amarillo College (A. D. N.) and WTSU (B.S.N. and M.S. N.). She is also engaged in doctoral study. In addition to currently practicing part-time at Northwest Texas Hospital on the Pediatric Unit, Camille has worked at St. Anthony's Hospital, Kilgore Children's Psychiatric Hospital. She has also taught parenting classes for three years to unwed teenage mothers at Catholic Family Services in Amarillo. She is well-

versed in working with families involving child abuse.

The Texas Nurses' Association has approved this offering for 3 contact hours for RNs enrolled in their CEARP Program.

The Texas Department of Health has approved this offering for 3 contact hours in Category 1 for all levels of EMS training.

Preregistration is recommended. Reservations may be made by calling 806-656-2441 or mailing your name, address and telephone number to: Continuing Education, School of Nursing, W.T. Box 532, Canyon, Texas 79016.

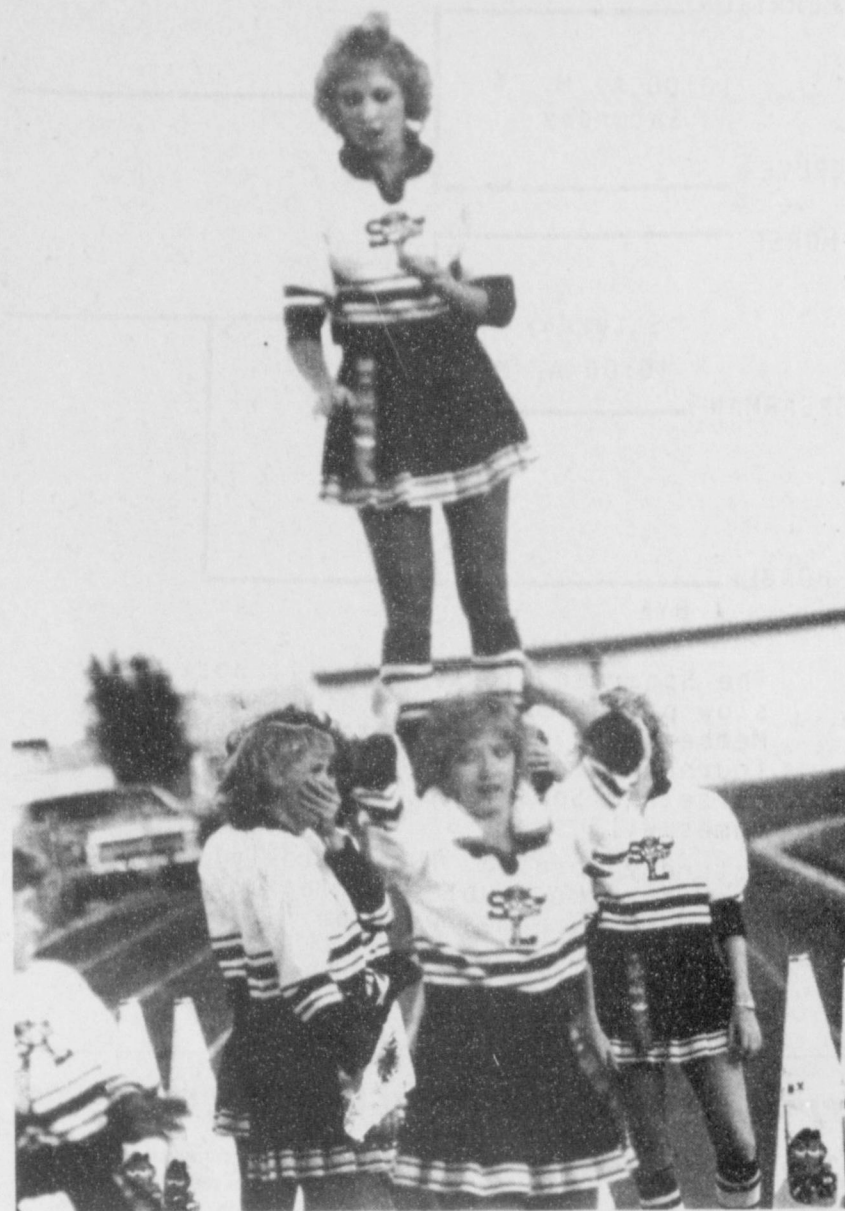

Additional information may be obtained by contacting Carol Stavlo, RN, Inservice Education

Director, Hansford County Hospital, at 806-659-2535.

### Roper on duty in West Germany

Army Spec. 4 William R. Roper, son of Louida A. Giblin and stepson of Jack R. Giblin of Morse, Texas, has arrived for duty in West Germany.

Roper, a vehicle mechanic with the 82nd Engineer Battalion, was previously assigned at Fort Sill, Oklahoma. He is a 1983 graduate of Stinnett High School, Texas.

Spearman high school cheerleaders perform at the White Deer & Spearman game.

## Statewide water task force plans water support

San Antonio Mayor Henry Cisneros, President of the Texas Municipal League, today announced the formation of a statewide task force of local officials to promote passage of a new Texas Water Plan at the Constitutional Amendments election this fall. The plan, which was adopted by the 1985 State Legislature, will be submitted for voter approval on the November 5 general election ballot.

Composed of mayors throughout the state, the task force will be chaired by Alan Henry, the Mayor of Lubbock.

According to Cisneros, the mission of the 69-member TML task force will be to disseminate information describing the state's severe water-related problems and urge voters to approve the two-part plan that will appear as Amendments 1 and 2 on the November ballot. Amendment 1 would authorize the state to issue up to \$980 million in bonds to finance the construction of water supply, wastewater treatment and flood-control projects. The second amendment would change the Texas Constitution to permit the state to make available \$200 million in low-interest loan funds to farmers for the purchase of water-efficient irrigation equipment.

Cisneros said that members of the task force will serve as the core of a much larger network of local officials who will blanket the entire state. Task force members will recruit local officials in neighboring cities and those persons, in turn, will solicit support from citizens in their own communities.

The goal of the TML network, Cisneros said, will be to enlist the active support of local citizen groups in a campaign to persuade voters of the urgency of approving the new water plan.

"Our grass-roots efforts will concentrate on fostering large voter turn-outs in areas that have sup-

ported past water plans," Cisneros noted. "At the same time, we will need to overcome voter perceptions in areas that have historically rejected those plans because of fears that state funding for reservoirs, sewerage facilities, floodways and other projects might benefit other regions more than their own.

"Legislators who framed the 1985 water plan were highly sensitive to these regional perceptions," Cisneros said, "which is why they designed it in a manner that assures that no one area of the state would receive the lion's share of state funding at the expense of another."

In fact, Cisneros pointed out, "the 1985 plan is carefully balanced to assure that state financial aid is it is for other areas of the state."

targetted to the full spectrum of critical water resource needs—ranging from severe flooding along the Gulf Coast, to water distribution deficiencies in Central Texas and sewerage overloads in the Dallas-Fort Worth Metroplex." Thus, Cisneros asserted, the new proposal is not, by any means, a "West Texas" plan. Rather, "it is a fair and equitable plan that will benefit all Texans alike."

According to Mayor Alan Henry, who will chair the TML panel, the recently organized mayors network will work closely with the water committee appointed by Governor Mark White earlier this summer. In addition to other activities, he said, Municipal League task force members would be involved in arranging media presentations at the local level, making appearances before citizen groups, and organizing get-out-the-vote drives on election day.

Special efforts would be focused on Houston, Henry said, since that city's contested mayoral race is expected to generate a large voter turnout, perhaps much as 40 percent of the November 5 state-

wide vote. "Since a majority of Houston voters have opposed state water plans proposed in the past,"

Henry said, "obviously we will need to convince Houstonians that the new plan is as good for them as

Referring to the fact that Texas voters had rejected all of the state water plans submitted during the past 20 years, Henry surmised that the 1985 proposal could be "one of our final opportunities" to arrest the further deterioration of Texas' bleak water situation.

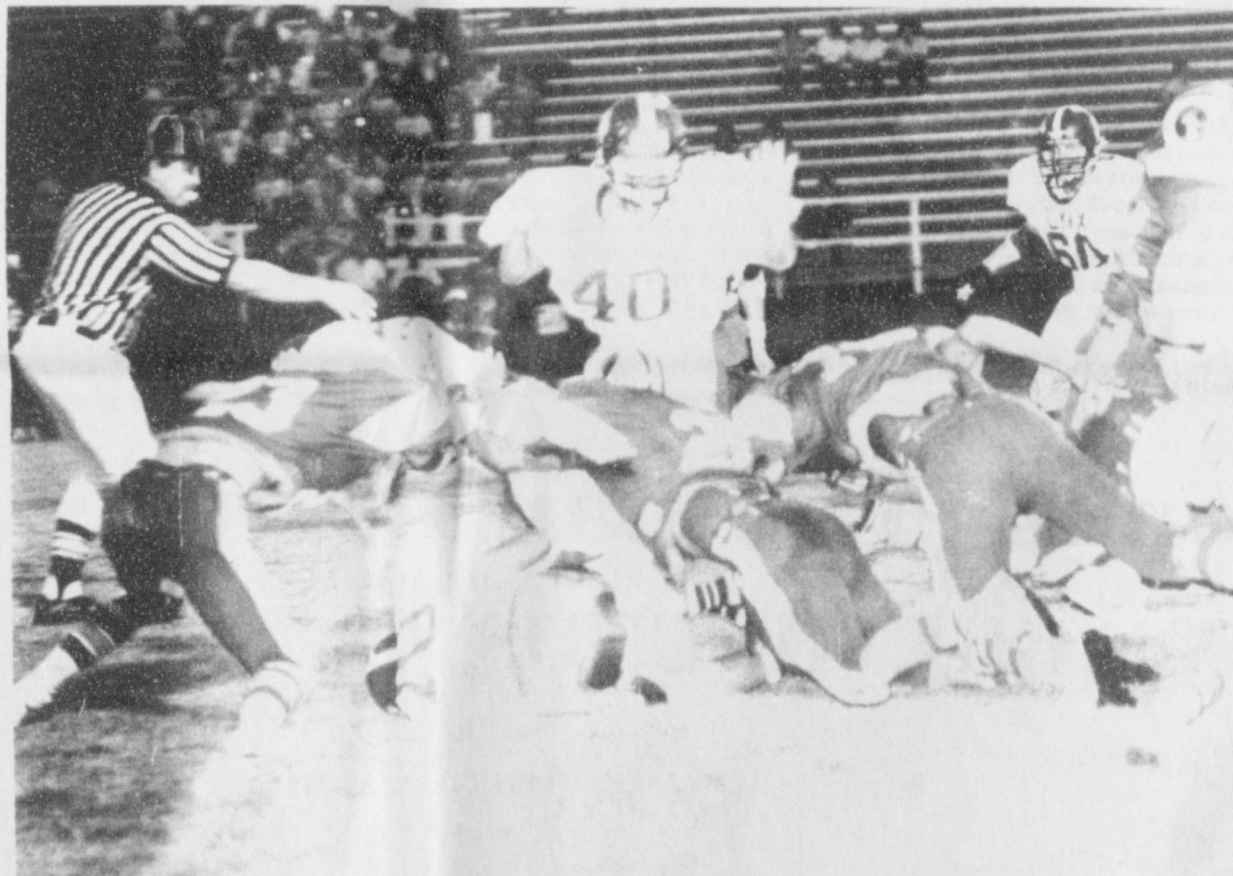

"Report after authoritative report, punctuated by periodic droughts and other water-related emergencies, has repeatedly warned us that our water problems will balloon to crisis proportions unless remedial actions are taken soon," Henry said. "Having deferred adoption of

a comprehensive state water plan, the day of reckoning is fast approaching.

"In sum," Henry said, "It would be no exaggeration to say that rejection of Amendments 1 and 2 on November 5 will put the future wellbeing of the entire state at risk.

"It is well known that Texas is running out of oil, and that the transition to alternative economic resources will be painful," Henry noted. "But there is no alternative to water. Without water, there can be no economic resources—and no people," he said. "It's that simple."

On the TML Water Task Force is Spearman's Mayor, C. Ralph Blodgett along with 68 Mayors from other cities around the state.

No. 60 Tim Willis and No. 40 Carl Urban blocking during the Spearman-White Deer ball game

### Career Fair 85 seminar

AMARILLO—Career Fair 85, a two-day jobs seminar will be Sept. 20-21 at the Amarillo Hilton Inn.

Texas State Technical Institute, in conjunction with the Golden Spread Chapter of the Data Processing Management Association (DPMA), is sponsoring the Regional Data Processing Career Fair.

Employee recruiters from numerous companies throughout the state will conduct interviews both days.

TSTI computer science technology instructors will present seminars on "Creating Winning Resumes," "Psyche for Success" and "Survival Skills for the Interview." They will also have an Apple Macintosh with Laserwriter available to produce resumes for a \$5 fee.

"The fair is open to individuals in computer-related fields who are looking either for their first job or for career advancement," said Dave Johnson, computer science instructor at TSTI.

"Individuals may either 'drop in' on the ongoing interviews or attend the entire career fair, which would be especially helpful for individuals seeking their first job."

The free fair will begin at 9:30 a.m. each day. TSTI will host a hospitality suite for recruiters, DPMA members and fair participants from 5 to 7 p.m. Sept. 20.

## To God a note of Thanks

Mrs. E.A. Greever

Friends today we are going to study about books, and first it would be good for us to read the entire twelfth chap. of Ecc. written by the wise man of his day Solomon the son of David. In this chapter he tells us we will turn to dust as it was and the spirit to God who gave it and admonish us by these words in verses 12 and 13. Of making many books there is no end and much study is a weariness of the flesh. Let us hear the conclusion of the whole matter.

Fear God and keep his commandments for this is the whole duty of man and in verse 14 we are told the reason and if God wills next week we will study verse 14. (And I will remember as a child I was real tired of books when in school.) Among the many books we find on shelves here and there we may find One The Holy Bible that every one of us should really study, and this book informs us it is forever settled in heaven, and in second Peter 1:20-21 we read knowing this first that no prophecy of the scriptures is of any private interpretation. For the prophecy came not in old time by the will of man but holy men of God spake as they were moved by the Holy Ghost. In John chapter 4 we read where Jesus told a woman God is a spirit and they that worship him must worship him in spirit and in truth. She said to Jesus I know that Messias cometh which is called Christ when he is come he will tell us all things. Jesus saith unto her I that speak unto thee am he. During his short ministry on earth the disciples were made clean by the words he taught them and that the whole world could know of him he went back to the Father and asked he send the Holy Ghost stopped evangelism and commanded them to tarry until they received (He) the Holy Ghost in their life Acts second chapter and told

them to teach all people what he had taught them, and friends we are told in the word when he the Holy Ghost comes in he will not speak of him self but will testify of Jesus and bring all things to our remembrance that he had told them, and would show them things to come. A man named Nicodemus a ruler of the Jews told Jesus he knew no man could do the miracles he did except God be with him. Jesus answered and said unto him Verily, verily I say unto thee Except a man be born again he cannot see the kingdom of God. John 3:3 and in verse 6 we read That which is born of the flesh is flesh and that which is born of the Spirit is spirit and verse 7 reads Marvel not that I said unto thee Ye must be born again. So as in the natural conception then birth.

Spiritual conception. Repentance Spiritual birth. A surrendered like to Gods will. The work of God salvation and sanctification, made a new creature in Christ Jesus. In 1 Peter 1:23 Being born again not of corruptible seed but of incorruptible by the word of God which liveth and abideth forever. Jesus the word that was made flesh and dwelt among us. Thanks be unto your holy name for your blood shed at Calvary making us pure clean and holy.

Thank you God for your holy word that tells us how to have health as we dwell in these mortal bodies of how we must live to be pleasing to you and with a hope of eternal life and I pray hungry hearts who have never repented and started with Jesus on the narrow road may give heed to your loving call and that all of us who have been born of the Spirit may daily live worthy of your many blessings for we have no promise of tomorrow for Jesus sake. Amen.

With the beginning of the school year, many youngsters will be staying home alone after school while parents are at work.

Once parents have decided their child is mature enough to stay alone, it's their responsibility to teach safety habits.

Even children who have stayed by themselves in past school years probably need to review safety precautions.

Have at least one home fire drill to be sure there are two escape routes. Instruct children that they must not try to put out a fire, but should get out of the house immediately and go to a neighbor's to get help in calling the fire department.

Review phone procedures and have emergency numbers visible and attached to phone or wall. Have the child check-in by phone with a parent or other responsible adult at a set time each day. Make sure the youngster has other numbers to call if they get lonely.

Make sure that children know to keep doors locked and not admit anyone.

Teach children to keep keys out of sight at school or when walking down the street. Never write names and addresses on keys. It's a simple matter to replace lost keys, rather than giving access to your home.

Have nutritious snacks within

easy reach of children.

Have a first aid kit available and instruct your child on using it.

Encourage your youngsters to spend their time in a variety of activities including reading, playing games, exercising, doing homework or chores and watching television.

Establish basic home safety rules about using the stove, microwave or other appliances, and climbing on furniture or ladders. Teach them to never play with matches, guns or sharp knives.

Designate a set area, such as a fenced back yard, where the child is allowed to play. Set as a rule that friends are not allowed to come over and play until parents return home.

In all safety talks, emphasize what children can do to protect themselves, rather than the bad things that might happen to a person.

A calm, matter-of-fact approach to this new responsibility can help children mature and develop a sense of personal security and safety.

EDUCATIONAL PROGRAMS CONDUCTED BY THE TEXAS AGRICULTURAL EXTENSION SERVICE SERVE PEOPLE OF ALL AGES REGARDLESS OF SOCIO-ECONOMIC LEVEL, RACE, COLOR, SEX, RELIGION, HANDICAP OR NATIONAL ORIGIN.

## Dahlia Flower Club Meets

The Dahlia Flower Club met on Sept. 9th in the home of hostess Ora Sanders. The meeting was called to order by president Nelle Evans with the Pledge of Allegiance to the flag; followed by the minutes of the previous meeting read by secretary Sada Hoskins, the treasurer's report, read by Nellie Albrecht.

Roll call was answered by "A Memory from School".

The program "Forcing amaryllis into winter bloom" was presented by Jewel Turner.

The meeting was adjourned and floweres were judged. Louise Archer won first place with an arrangement of fall asters and Jewel Turner first with a gloriosa

daisy specimen.

Delicious refreshments were served by the hostess to members: Nellie Albrecht, Louise Archer, Sammie Bishop, Deta Blodgett, Marjorie Curtis, Cleo Denman, Mable Edwards, Nelle Evans, Sada Hoskins, Hollie Riley, Margaret Shedeck, Jewel Turner and Ruth Mary Whitson.

The next meeting will be Sept. 23 in the home of Margaret Shedeck.

# The smartest investment you can make is right under your roof.

Home improvements are very good investments. What's your home improvement idea? A remodeled family room, a new fireplace or heating system...? Why wait to make needed improvements when a Home Improvement Loan from First National Bank can make it happen this fall.

We can help finance your big idea right from the beginning. Just put together your plans, select a building contractor and talk with us right away. Before you begin actual construction work. We'll show you some ways to make your home more enjoyable to live in while getting financing you can live with.

Home Improvement Loans from First National Bank. See Roy Lynn Stollings.

We're the bank you call First.

## Congressman Beau Boulter Reports from Washington

### BACK TO THE BUDGET BATTLE

Summer is almost over, and after a month long stay in the 13th District, I am headed back to Washington to begin the final four months of the 1985 legislative session. This past month — through eleven town meetings, over 30 speeches, and stops in almost every one of our 37 counties — I have gotten a very clear picture of your concerns. I am now well prepared to return to the Capitol and again, represent those opinions.

You have told me, without a doubt, that the number one concern of my constituency is our national deficit. I was honored to have been chosen as part of the 26 member House/Senate Budget Conference Committee, and found that my position on the conference offered me a unique opportunity to represent the people of the 13th District. And I have enjoyed talking with you about that process, sharing some of the frustrations that were involved with trying to reform the way our government spends your money, and discussing the final outcome. That outcome — a budget that *does* reduce our deficit by about \$40 billion — is at least a beginning in our fight to balance the books.

As always, there is more to be done. My chief objectives, once back in Washington, will be to push for the kinds of structural reforms in our federal government that will eliminate waste, fraud, and inefficiency. Approximately two years ago, the President commissioned a group of efficiency experts from private enterprise to look at the government, and determine where there was waste, and how it could be eliminated. This group — known as the Grace Commission — came up with 2,478 recommendations that could save up to \$424 billion over three years, which they presented to

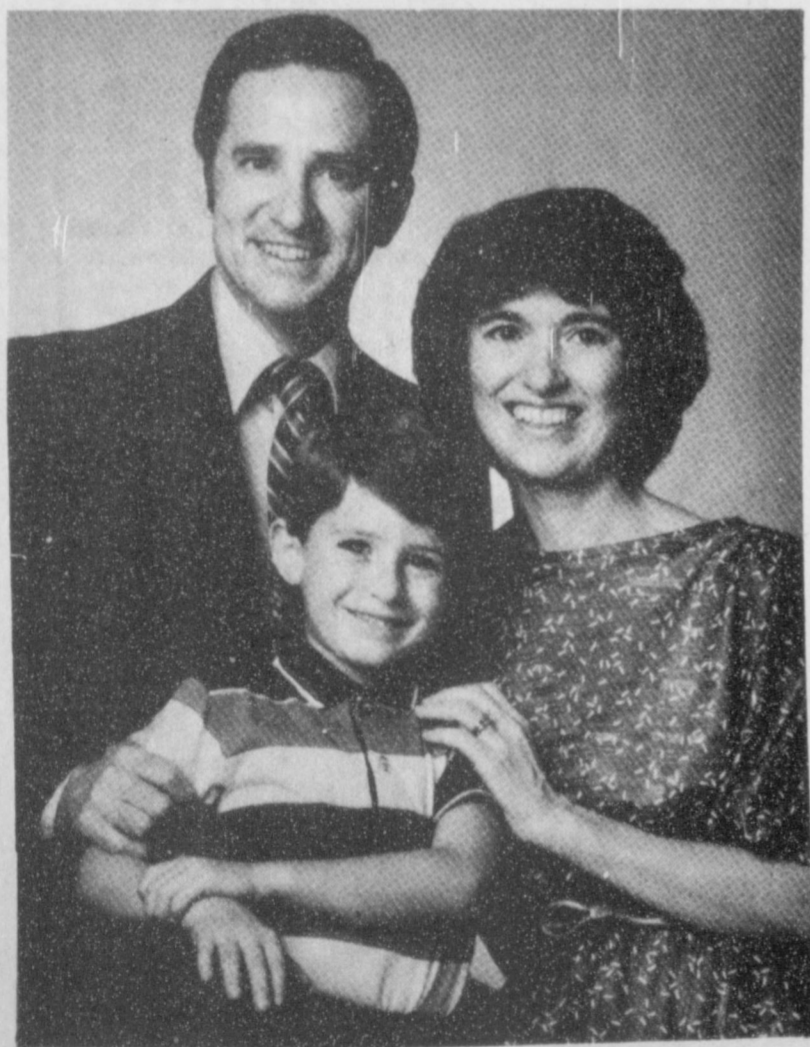

the President. When I got to Washington last January, I fully expected to find a group of Congressmen working to implement many of those recommendations. I was disappointed to find that there was no such organized group, and decided to found one myself. The Grace Caucus, which is a bipartisan group of over 80 Congressmen, is designed to study the Grace Commission suggestions, determine which ones are practical, and develop legislative initiatives to enact them. Now, I must always make very clear that we do not agree across-the-board with all of the 2,478 recommendations made. But, considering possible savings in the billions of dollars, we feel that these recommendations should at least be looked at carefully.

Another strong tool in the fight against waste and inefficiency would be the Presidential line item veto. If our President had the ability to go through spending bills, line-by-line, and determine what was fat and what was muscle, we would be winning more battles in our deficit war. I am an original cosponsor of legislation that would give the President that power, and in a survey I did of the 13th District, over 75 percent of you agreed with me.

Finally, another major initiative that I will be working for as we return to session, is the passage of a balanced budget constitutional amendment. Again, I have cosponsored legislation seeking passage of this amendment, which has the support of over 80% of the voters in the 13th District.

I plan to come back to the district as often as possible during the next four months. In the meantime, however, I hope that you will keep me informed, through letters and phone calls, of your views and opinions on the issues of importance to all of us.

## Cooley's to minister here

The Cooleys (Haskell, JoLee, and Cason) present a gospel music program called "A Time For Refreshing." They present gospel music vocally and instrumentally. This family's "style" of music is easy listening and is designed to be enjoyed by young and old. In 1981, at the age of 2, Cason began singing with his mom and dad. He always delights the audience with his renditions.

Several albums on which Haskell is pianist have been nominated for Grammy Awards by the National Academy of Recording Arts and Sciences. The Gospel Music Association and the Singing News Fan Awards have honored him by nominating him as Best Gospel Musician. JoLee's bass guitar playing complements Haskell's piano playing. Most of the songs they sing and

play are written by themselves and regularly make the radio stations' playlists throughout the nation. One of their compositions, "I'll Sail Away Home," was on the top-forty gospel charts for almost two years.

The Cooleys' full-time music ministry takes them throughout the United States and portions of Canada.

Be at Apostolic Faith in Spearman on Friday night Sept. 13. Everyone welcomed

Pastor Lealand Grimmer

Errors often arise when you try to prove that you were right.

A good meal often changes an individual's entire viewpoint on life and its problems.

## Tax Hike?

The compromise deficit reduction program worked out between Senate Republicans and the White House recently is reason for hope. But it's expecting much to expect this package of spending cuts to survive passage through Congress intact.

The package calls for a reduction in the deficit of over \$50 billion the first fiscal year (beginning Oct. 1) and \$300 billion over three years. If such cuts are enacted, new tax revenues might not be needed.

If, however, Congress reduces the amount of proposed deficit reduction, it will be forced to find additional revenue from new taxes—to combine with whatever spending cuts are enacted—to get the country's financial house in order.

An import tax is a suggestion gaining support. There are other taxes Congress could increase, as a means of gaining revenue without increasing income taxes.

The "must" for this first session of the 99th Congress is to get the federal budget and deficit under control. This is the year to do it—when there are no elections. Little hope can be held out for increasing revenues in 1986, an election year.

Thus the record of the 99th Congress, the test as to whether it meets its responsibility to the nation, will be in the next four months. Voters in every state should make it clear to their elected representatives they understand this situation—and expect responsible behavior.

## Women's Political Caucus

The National Women's Political Caucus, meeting recently in Atlanta, refused to seat a Louisiana delegation because that state unit had not ratified a bylaw supporting sexual and reproductive freedom for women.

Sexual freedom refers to lesbians, and the decision to refuse to seat the Louisiana delegation was made on the recommendation of the national group's "Lesbian Caucus."

In other words, the National Women's Political Caucus combined the issues of women's rights on reproduction (abortion) and lesbianism. That would seem a mistake.

Many Americans who believe in abortion don't agree encouragement should be given to lesbians. That issue hurt the Democratic Party in the 1984 presidential election.

The obvious effort of Democratic candidates to court homosexuals alienated many voters. Walter Mondale's keynote

speech at a national homo gathering cost him "he-man" support, also female support.

The National Women's Political Caucus pressured Mondale in 1984 to name a woman as his running mate. Mondale did so and nevertheless lost most of the female vote.

What this shows is that most American women are not behind the far-liberal, high-profile activists who lead political pressure groups claiming to speak for American women.

No male political caucus claims to represent men, and none could do so. Neither can any organized group of women represent American women en masse.

One would suspect, from such actions as encouragement of lesbianism, that much of the leadership in activist female political groups is pretty far removed from the thinking of the average American woman.

## WASHINGTON REPORT

Tax Reform Stalled For Summer? Two-Changes Set- Reagan Delays Push-

WASHINGTON, D.C. -- Rising opposition to several provisions in the Reagan tax reform program, and public apprehension, have stalled tax reform for the summer.

President Reagan has decided to postpone his PR campaign in behalf of the administration's reform package until September. Also, he has agreed to some changes in his proposals.

A proposal designed to alleviate the marriage penalty worries middle-income families with two incomes and will likely be changed.

Also, the White House has reportedly agreed to retain today's child care credit, rather than make this a deduction.

There is disagreement on Capitol Hill about the claim the Reagan tax reform package is revenue-neutral.

This estimate was based on a five-year growth projector.

Some House members say the Reagan tax reform package will cost the Treasury much more than \$11 billion over a five year period—the Reagan estimate. If this estimate is wrong, new taxes are likely to be demanded by Democrats in the House.

The president is standing firm in his insistence that the new tax package end exemptions for state and local taxes, increasing personal exemptions to compensate.

The White House is now concentrating on deficit reduction—the new budget. Mr. Reagan is intent on keeping the current budget battle and tax reform separate legislative battles.

**NEIGHBORHOOD CRIME WATCH**

**IF I DON'T CALL THE POLICE MY NEIGHBOR WILL**

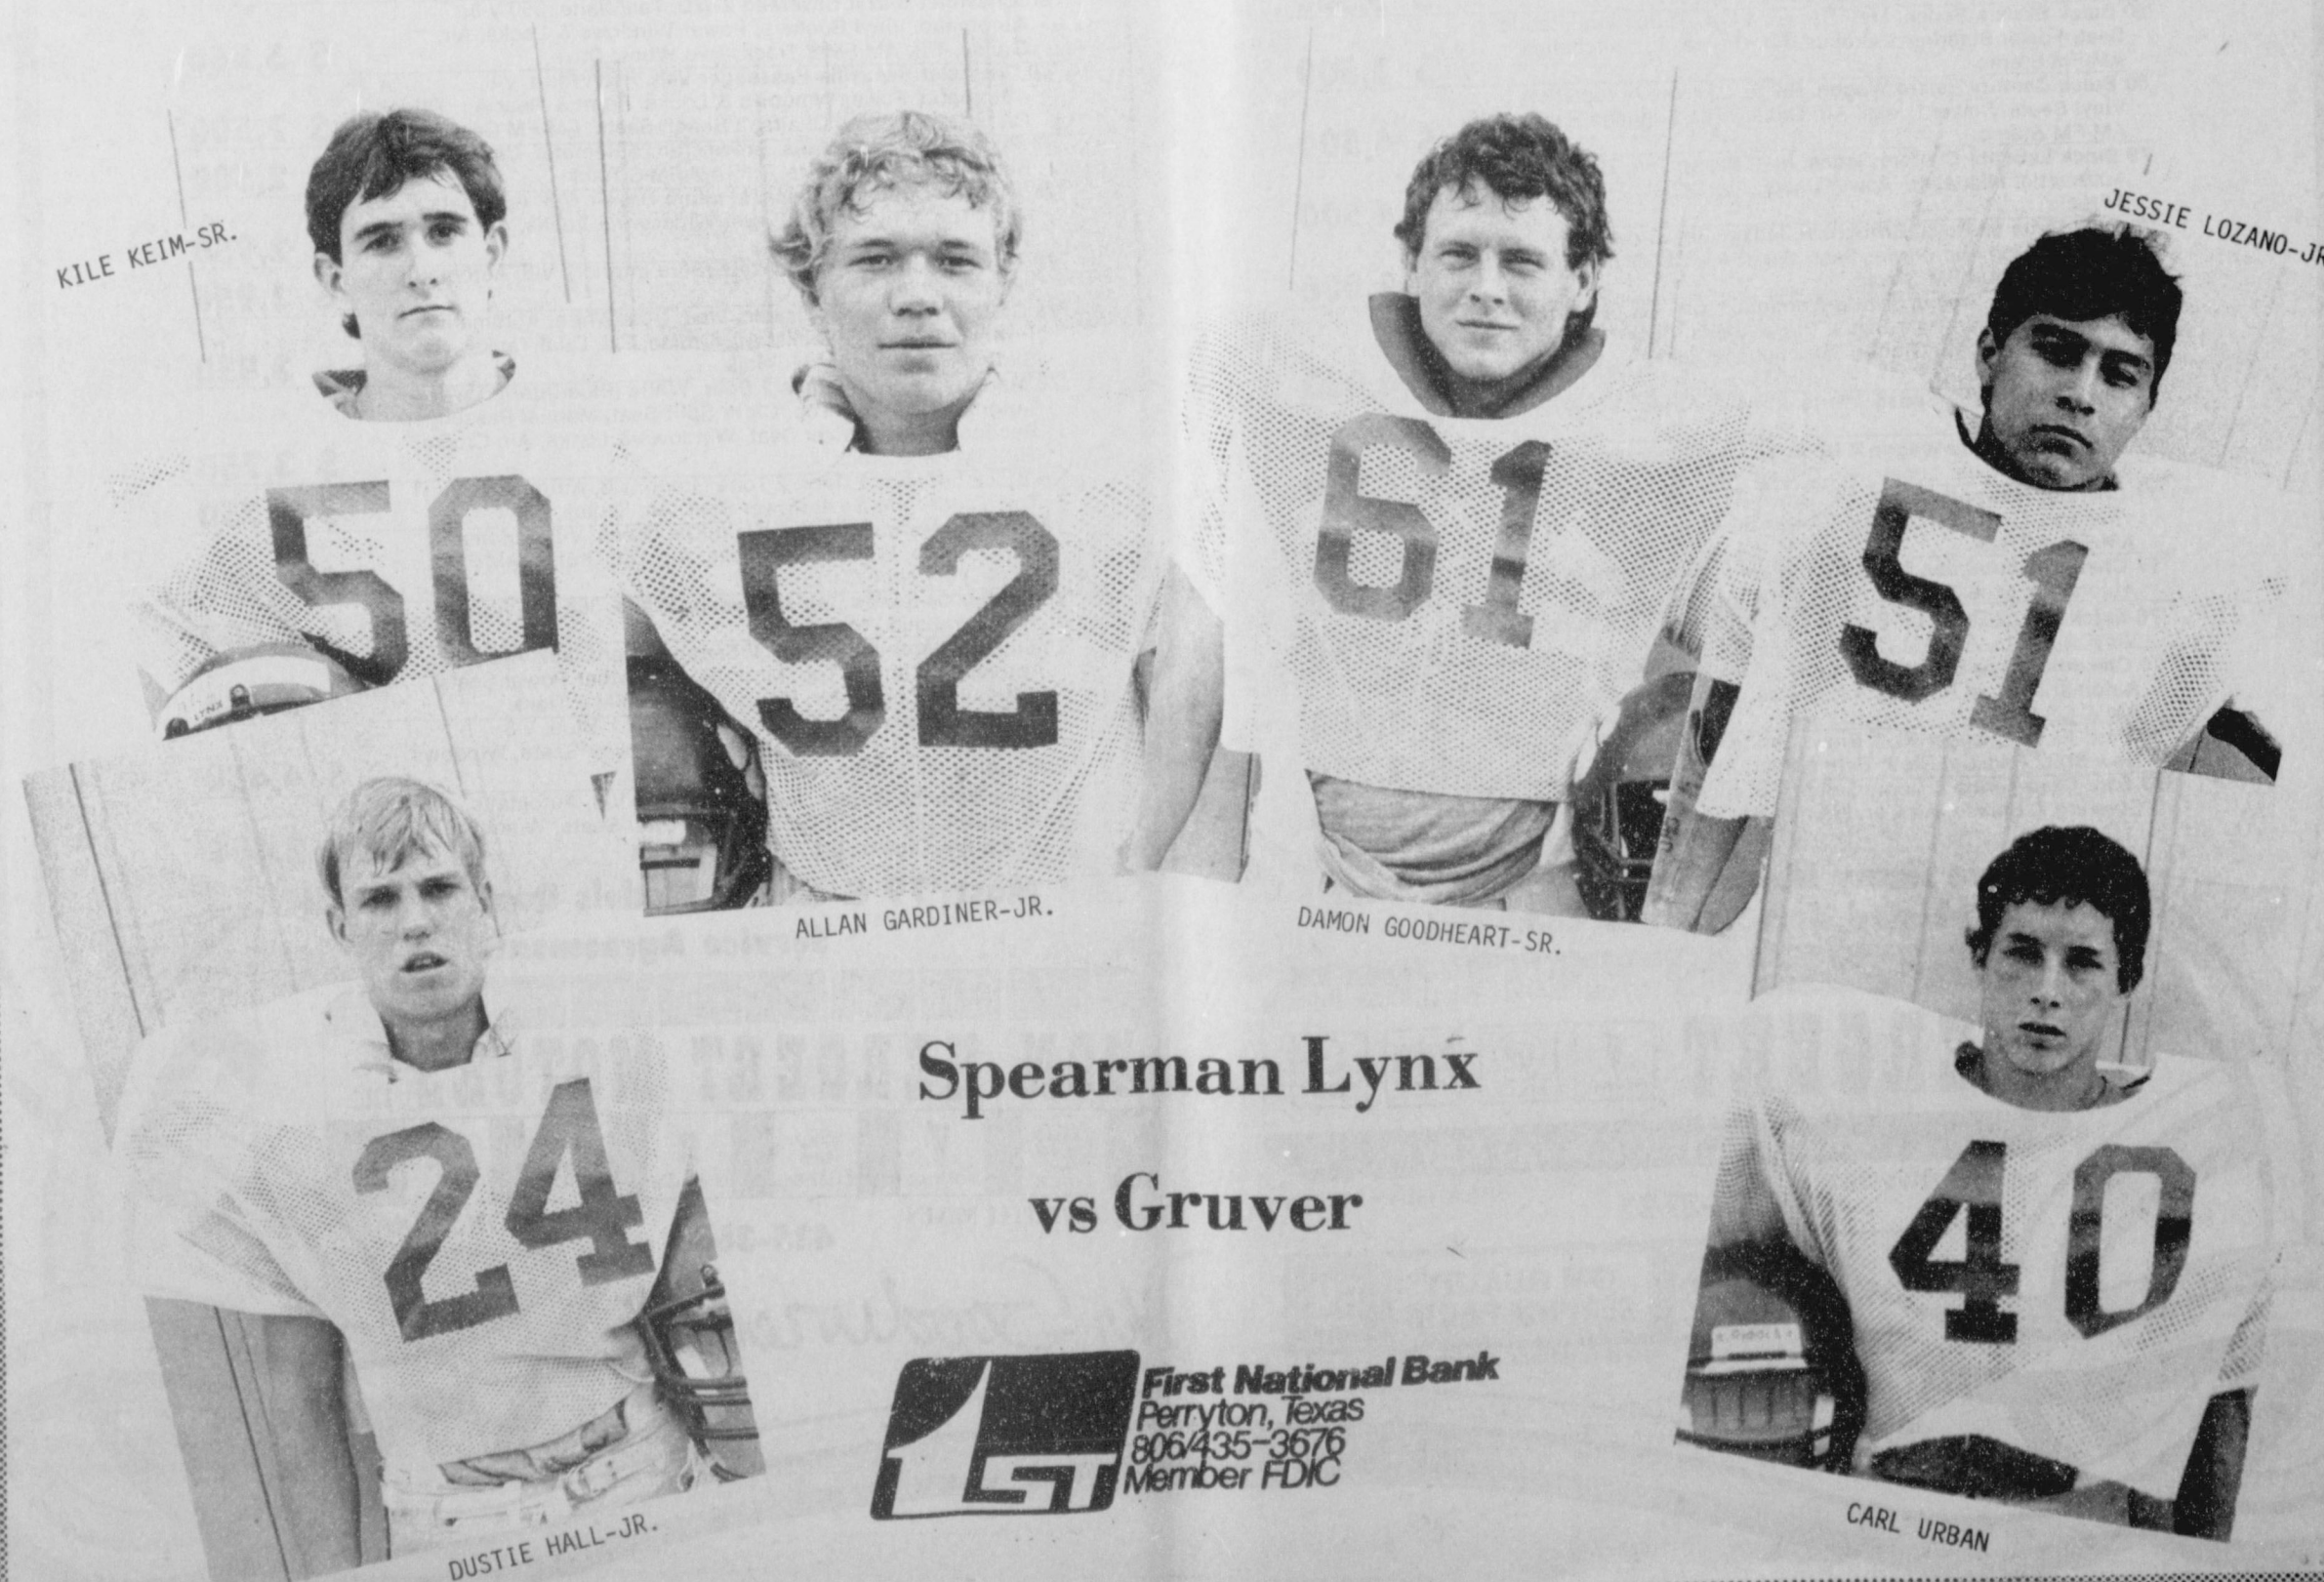

The Spearman Rotary Club had its second Crime Watch organizational meeting Thursday night September 5. There were numerous topics discussed and a total of seventy three people present. The people present enjoyed a program presented by John Bradshaw, the area Crime Prevention Specialist from Amarillo, Texas. Mr. Bradshaw's program covered several topics including three criminal scams which are operating in the Texas Panhandle at the present time. Those present also voted on the Crime Watch sign to be used by the City of Spearman. The sign pictured was the one which has been announced in the newspaper announcing the Crime Watch meetings. There were not representatives from every block in Spearman and the Rotary Club is asking for volunteers from the various neighborhoods to act as directors for their neighborhood. The Rotary Club will be paying for the Crime Watch signs which will be placed at the city limits of Spearman they will also pay for the bumper

stickers to be placed in the neighborhood residents windows if the resident desires. This is a highly effective program and the Rotary Club encourages all residents to get involved and participate in this program making Spearman a safer place to live.
